

Amateur Bank Robbers Pull Comedy of Errors

MICROFILM SERVICE & SALES CO.
BOX 5000
DALLAS, TEXAS 75205

MILWAUKEE, Wis. (UPI)—It was just like a two-reel comedy but nobody passed out Academy Awards. Everyone was too busy laughing.

The participants were two bumbling bandits, a pet monkey, a pair of little girls and police from four towns in a cops-and-robbers chase Monday that wound up in a maternity ward.

Today, the bandits were behind bars, the monkey was being cared for by the Humane

Society, the little girls were put in a home for dependent children and the police were still writing their reports.

The comedy of errors started when a man entered the suburban Brookfield National Bank Monday, pushed a cardboard portfolio at a woman bank teller and said "give me everything." She gave him \$1,900.

David Reddemann, cashier at the bank, raced outside, saw a red panel truck driving off at high speed. Reddemann, got in

his own car and gave chase.

Change Vehicles

Two blocks away the bandits halted the truck, jumped into a parked car and sped away again. The money was blowing all over the ground.

Reddemann followed the car onto the freeway system leading to Milwaukee. When Reddemann saw a state patrol officer, he pulled alongside the bandits' car and sideswiped it to the shoulder.

The officer had stopped ear-

lier to check a stalled dump truck. He didn't know whether to believe the suspects' story of "he hit us" or Reddemann's shout that they had just robbed a bank.

The officer believed Reddemann's story when one of the bandits whipped out a gun and disarmed him.

Reddemann and the patrolman, Ronald W. Stock, were forced into the getaway car which also contained two small girls and a monkey.

Talk was the only weapon Stock had, and he used it well, persuading the robbers they were liable to be charged with kidnaping. When they reached a shopping center, the two hostages were shoved from the car.

Heard Reports

Meanwhile, motel owner Fran Burany heard the first radio reports of the robbery and remembered that some customers who checked out earlier in the day behaved in an unusual

manner. A woman who was with the men was later taken to a Milwaukee Hospital's maternity ward.

Police went to the hospital and arrested two men. They were identified as Harry Shinn, 21, Costa Mesa, Calif., and Frank Michel, 21, Orange County, Calif. The two were charged in federal warrants with bank robbery.

The two men were at the hospital to see the woman Shinn said was his wife. Au-

thorities said the two little girls—Melody, 5, and Cynthia, 3—were the woman's by a previous marriage.

Milwaukee police said about \$500 was found in possession of the woman at the hospital and that the hospital bill apparently had been paid with the bank money.

Another \$433 was found in possession of the suspects when they were searched, police said.

"It is error alone which needs the support of the government. Truth can stand by itself."

Recodification of City Laws Recommended

Recommendation that Pampa's city ordinances be recodified and brought up to date was made by City Atty. Bob Gordon at today's city commission meeting.

The recommendation came after City Manager Harold Schmitzer read a memorandum from City Tax Assessor - Collector Aubrey Jones recommending repeal of eight ordinances covering city licenses and the re-writing of four others.

"These cover only a segment of the changes which need to be made," Gordon said, "and I recommend that there be a complete recodification of all city ordinances."

The requests made by the tax collector cover legislation that directly affects the city-tax-office.

"Many of these ordinances," Jones said when interviewed after the meeting, "were passed back in 1928, 1930 and 1932. They were good at that time and in agreement with state laws."

"Since then, in many cases, the state laws have been amended and our ordinances now are in conflict, with the result that we have city ordinances on the books calling for penalties on matters now exempted by state law."

The tax collector went on to say that Pampa has ordinances in the books which are no longer adequate and which are almost impossible to enforce.

In his memo to the city attorney, Tax Collector Jones stated: "I will be happy to present in writing, if necessary, and upon short notice, reasons in detail for my recommendations. Greatest of these perhaps would be the fact that we have attempted more than once to get something done concerning these ordinances with no success. We who try to work with them month after month are convinced that action is far overdue."

It is understood that the city attorney plans to study the matter and that the recodification plan will be taken up at a later meeting of the city commission.

The commissioners voted to ask the city attorney to prepare legislation to amend Pampa's traffic ordinance to include 25 newly installed "stop" and 29 new "yield" signs and to extend several through thoroughfares both east-west and north-south for better traffic control from one side of the city to the other.

The action was taken at the request of City Engineer Harold Foreman and on the recommendation of the City Traffic Commission.

Extension of the following thoroughfares was approved: Fraser, Eighteenth St. east to city limits, Perryton Pkwy. north to city limits, North Crest Rd. north to city limits, Eighteenth St. west to city limits, N. Hobart from Perryton Pkwy. to Twenty-Third St., and N. Dwight St. from Gwendolyn to Alcock St.

Mayor H. R. Thompson told the commission he was concerned about the dangerous traffic situation on N. Hobart St. around the Coronado Shopping Center.

There was a brief discussion of the possibility that left turns be banned at Hobart St. exits from the shopping center and north on Alcock St.

(See LAWS, Page 3)

Mexican Train Driver Hunted

VILLAHERMOSA, Mexico (UPI)—Orders were out to federal police throughout Mexico today to hunt for a railroad engineer authorities believe caused a train wreck that took at least 31 lives.

Federal authorities said the engineer, who ran off after the wreck, was asleep at the controls.

His freight train plowed into a freight and passenger train standing in the station at Tacotalpa, a small village in southeastern Mexico about 50 miles from Villahermosa, the capital of the state of Tabasco.

There were reports that the number of dead totaled more than 40, but state officials listed the toll as 21.

"I was saved by a miracle," said one survivor. "It was horrible. It seemed as if we had stopped at Tacotalpa only about 10 minutes. A tremendous bump threw me against the wall. I fell under part of a broken seat. I saw pieces of bodies dropping around me."

A temporary morgue was set up in the little railroad station and the rain-washed gutters around it were stained crimson with blood.

Release of 22 Politicians Held In South Viet Nam Expected

Biracial Union Rejects Offer; Starts Boycott

ATLANTA (UPI)—A striking biracial union, backed by Negro leader Martin Luther King Jr., Monday began a campaign for a worldwide boycott of Scripto pens, pencils and cigarette lighters.

King has vigorously supported the strike against Scripto, Inc., to back up claims the company practices wage discrimination against Negro workers. King, however, refused comment Monday on a second Scripto offer which the union flatly rejected.

But a spokesman for the Conference (SCLC), which King heads, said letters and telegrams would be sent throughout the world urging support of a "patronage withdrawal" from the company which has plants in Canada, England, Australia and Mexico.

Scripto's latest offer was an across-the-board hike of four cents per hour for all employees.

Local 754 of the International Chemical Workers Union rejected this offer just as it had an earlier one calling for a four-cent-an-hour increase for skilled workers and a two-cent-an-hour increase for unskilled employees.

The union claimed the first offer was unfair to about 700 unskilled Negro workers at the Atlanta plant. It claimed Monday's offer was unfair to about 200 skilled workers, only several of whom are Negroes.

LEADERSHIP AWARD — Pete Erwin, physical education and health teacher at Pampa High School, was the recipient of the 1964 "Physical Fitness Leadership" award presented today by the Pampa Jaycees. Erwin is shown receiving the award from George Smith, left, director of the Pampa Youth Center.

Young Turks Yield To American Pressure

SAIGON, South Viet Nam (UPI)—South Viet Nam's young generals, who dissolved the High National Council Sunday and arrested 22 politicians, appeared today to have yielded in the face of strong American pressure.

Although there was no official confirmation, reliable sources said Prime Minister Tran Van Huong has informed families of the arrested legislators to expect their release as early as Wednesday.

These sources said the release of the High National Councilors would mean that a final compromise has been worked out between the South Vietnamese government, the American Embassy and the "young Turk" generals.

American Ambassador Maxwell D. Taylor was reported earlier to have told the South Vietnamese, including the gen-

erals, that the U.S. would suspend aid unless the council was reinstated.

Holds No Meetings

As evidence of this strong U.S. attitude, Taylor held no meetings at all with any Vietnamese today, according to an embassy spokesman.

Taylor brought back a presidential promise of more economic and military aid for Viet Nam's anti-Communist war effort when he returned here from Washington three weeks ago.

But American representatives said today that the new aid package was drawn up with the understanding that South Viet Nam would have a stable government. The United States could not consider it stable when a handful of generals could dissolve its legislature and arrest its members.

Erwin Receives Jaycee Award

Pete Erwin, physical education and health instructor at Pampa High School, was named as the 1964 recipient of the "Physical Fitness Leadership" award today.

Erwin was presented a plaque during the Pampa Junior Chamber of Commerce luncheon held at noon in the First Methodist Church.

George Smith, chairman of the selection committee for the Jaycee, said Erwin was chosen on the basis of his work in the high school physical education program, summer youth fitness programs and the physical fitness programs at the Pampa Youth Center.

In making the presentation today, Smith said, "The Pampa High School physical education program, under the direction of Pete Erwin, is rated as one of the best of any school in this area."

End of Bracero Agreement To Help U.S. Farm Workers

JOHNSON CITY, Tex. (UPI)—Labor Secretary W. Willard Wirtz said Monday it is "reasonable to expect" that 200,000 American farm workers will be found to replace the Mexicans who leave the labor market when the Bracero agreement expires at the end of the month.

"It will take a very real effort on the part of growers and employment services, but I do feel that many domestic farm workers can be found," Wirtz told a news conference.

Wirtz met the press after a talk with President Johnson at the LBJ ranch, the President's headquarters for the holidays.

The Bracero labor agreement with Mexico expires Dec. 31. Under the plan, 200,000 Mexican nationals entered the United States each year and worked in fields at wages from 60 cents to \$1 an hour.

"Real interest" Wirtz said Johnson "expressed a very real interest" in the labor change by growers who had counted on Braceros.

"He certainly wants to see this transition accomplished without any serious difficulties for the growers."

House Hunting A Problem for Members Of Evicted Cuban Refugee Family of El

NEW ORLEANS (UPI)—Clarence Jackson stood in the rain Monday night, guarding his family's belongings piled on the sidewalk. Jackson, his pregnant wife and their nine children had been evicted earlier in the day.

Jackson, 52, held up the injured hand which has left him jobless and commented on the harsh world he found four days from Christmas.

"I've had it hard before, but never like this. The man told us he'd rather have the house empty than do business the way I tried to pay him."

Deputy sheriffs dumped the Jackson's household things on the walk. The possessions will be stored at a center for Cuban refugees.

Jackson had just learned that he and his two older sons would be sheltered for the night at

House Hunting A Problem for Members Of Evicted Cuban Refugee Family of El

Ozanam Inn, a Roman Catholic haven for homeless men. His wife and the seven younger children were taken in by the Salvation Army.

Jackson and his family were evicted for not paying the rent, although he said he tried to pay some of it last week and was refused by his landlord, who went through with court eviction procedures.

A sympathetic neighbor confirmed that there were attempts to pay at least part of the rent. Robert Hopkins said he personally offered to pay it through mid-December.

Jackson produced a crumpled "rent book," which showed a half month payment of \$35 on Nov. 12.

Msgr. Charles Plaque, pastor of Our Lady of Good Counsel Catholic Church in a tough

working-class neighborhood known as the Irish Channel, said house hunting for the Jacksons had become almost a community project.

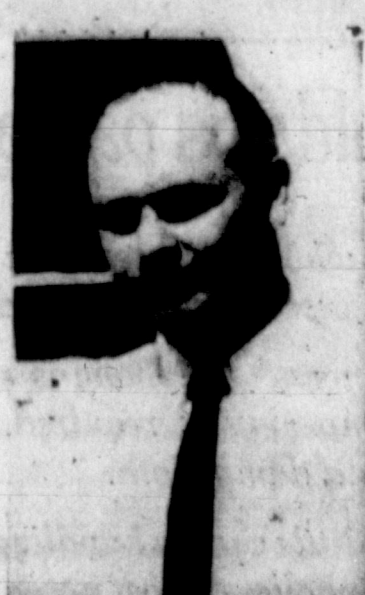

"But it's so hard to find a place with all those children," he said.

Hopkins said he tried to contact Mayor Victor Schiro, but could not reach him personally, and received little help from his staff.

Later, Schiro's staff said if Jackson or his wife would come to City Hall today, they would be offered financial help, and an effort would be made to get the family back into public housing.

A call Monday night to the real estate office of the Jackson's former landlord was answered with a recorded message.

Eural Ramsey Accepts Job As Pampa Football Coach

EURAL RAMSEY named head coach

Eural Ramsey accepted the post of new head football coach at Pampa High School today. The long-time Harvester backfield coach replaced Otis Holladay, who resigned several weeks ago.

Superintendent of Schools Jack Edmondson said that the School Board met in executive session last night and accepted the recommendation of the school officials (Edmondson, PHS principal Cameron Marsh, athletic director Weldon Trice) that Ramsey be named the new head coach.

Ramsey this morning accepted a two-year contract, effective Jan. 18, for \$8,750 a year, the same sum given to Holladay when he became coach in 1962.

Ramsey has been a coach in the Pampa school system since 1954, with the exception of one year spent as head coach at Shamrock. He is the first head coach to be named from inside the Pampa system in 10 years.

Ramsey said today that he felt real fortunate in being able to get the job and asked to publicly express his appreciation to the Board and the Administration.

"I feel there is a real chal-

Bank Bandit's Truck Found

PATERSON, N.J. (UPI)—The getaway car used by a gang of bandits who ambushed a bank truck at a church rectory and escaped with \$514,000 was found Monday night only a short distance from the robbery scene, police said today.

The car, a 1964 Chevrolet, had been stolen from its owner several days ago. First descriptions of the getaway car had said it was a Buick.

Reynolds Schedules Meet To Head Off Dock Strike

GALVESTON, Tex. (UPI) — An assistant secretary of labor was ordered to join deadlocked negotiations between shippers and longshoremen's union leaders today to prevent a threatened dock strike that could tie up the nation's Gulf and Atlantic seaports.

James J. Reynolds was meeting with both sides to discourage a Gulf Coast walkout by the International Longshoremen's Association (ILA).

The meeting was scheduled for 1 p.m., CST. Union leaders say that if the Gulf Coast locals strike, the Atlantic locals would be obliged to join the walkout.

Fire Won't Hurt Neiman-Marcus Stock Holders

DALLAS (UPI) — Neiman-Marcus, the Dallas emporium where the oilman with everything could order a monogrammed airplane or a roll of gold barbed wire, expects hearty profits this year, despite the fire that gutted part of the store Saturday.

Store president Stanley Marcus said the company, which has a suburban branch in Dallas and stores in Houston and Fort Worth, was having a banner sales year. He predicted earnings of \$2 a share on the firm's 600,000 outstanding shares of stock.

Insurance, he said, would pay the store's estimated profits for the period that the Dallas branch is shuttered for cleanup.

"It makes it possible for Neiman-Marcus to come through as sound financially as when the fire struck," Marcus said.

Neiman-Marcus stock dropped \$4 a share on the stock market over the weekend, from \$20 Friday to \$16 Monday, then struggled back up to \$17.50 at the end of the day Monday.

McNamara, Chiefs Go Over Budget Items With Johnson

JOHNSON CITY, Tex. (UPI) — President Johnson today gave the nation's military leaders a chance to make a last stand in defense of spending for items he might cut from next year's budget.

Defense Secretary Robert S. McNamara and members of the Joint Chiefs of Staff were scheduled to meet with Johnson

at the LBJ Ranch for a final look at military items to be included in the fiscal 1966 budget Johnson will send Congress next month.

The defense budget, which is running this year at \$49.8 billion, constitutes more than half of over-all government spending. McNamara announced last month that he expects to remain below the \$50 billion mark in his proposals for the new fiscal year, which starts next July 1.

Today's session offered McNamara and the military chiefs an opportunity to urge approval of projects they consider essential, but which Budget Bureau Director Kermit Gordon has recommended be cut as part of Johnson's drive to keep federal spending under \$100 billion next year.

Johnson and Gordon took part in similar sessions at the ranch Monday with Interior Secretary Stewart L. Udall, Labor Secretary W. Willard Wirtz, retiring Commerce Secretary Luther H. Hodges and Commerce Secretary-to-be John T. Connor.

Later today, Johnson will hold talks with Treasury Secretary Douglas Dillon, Najeeb F. Halaby, administrator of the Federal Aviation Agency, and James E. Webb, head of the National Aeronautics and Space Administration.

It was expected the discussion with Dillon would center more around prospective revenues than spending, with the likelihood of final decisions on how far to go in cutting excise taxes next year.

Pampa Girl Listed OK After Wreck

A 16-year-old Pampa girl was listed in good condition today at Highland General Hospital following injuries received last night in a two-car collision.

Pat Dalton, daughter of Mr. and Mrs. Paul W. Dalton, 1024 S. Christy, received severe head lacerations when she was thrown into the windshield of her late model foreign automobile.

Driver of the other vehicle was Jennifer Turner, 18, of 1125 S. Christy.

Investigating officers said the auto driven by Miss Dalton rammed into the rear of the car driven by Miss Turner on Decatur street near the Pampa Harvester Fieldhouse.

Arrest of Boy Solves Theft

Pampa police cleared up the theft of a coat, purse, ear phones, and necklace yesterday with the apprehension of a 9-year-old boy.

Mrs. Gerald Chase, 1100 Christy, reported to police that someone had taken the items from a storage shed in the rear of her house.

A neighborhood youngster was questioned later in the day by police and admitted taking the items.

Another youngster was implicated in the theft by the 9-year-old, but is out-of-town vacationing with his parents.

Residents Asked Not to Put Yule Tree With Trash

Christmas still is three days away and residents probably are not giving too much thought yet to discarding their Christmas trees.

Public Works Director R. B. Cooke today sent out his annual reminder to householders that when they do decide to throw out the yule tree, don't jam it down in the trash container.

"Save the container for the trash," Cooke said, "and just lay the Christmas tree on the ground beside it."

The works director says this will make the task much easier for sanitation department employees who make the trash collection.

Laws

(Continued from Page 1) northbound traffic on Hobart. No action was taken.

The commission authorized the city attorney to draw up an ordinance establishing 30-minute parking on three meters in front of the Pampa News Stand, 114 N. Russell. The meters currently have a 2-hour limit.

Commissioners unanimously approved a motion to pay city policemen overtime for appearances as trial witnesses in corporation court on their days off.

A fee of \$3 per half-day was set with a maximum of \$6 a day.

City Attorney Gordon also told commissioners he had been considering a plan for a city ordinance establishing court costs in addition to fines in corporation court.

City Commissioner L. P. Fort filed a request with the commission to place on the agenda for next week's meeting consideration of his plan to adopt a summer water rate for Pampa during the months of June, July and August.

A motion was approved to complete a real estate deal for the purchase of 320 acres of land northeast of the city limits from J. O. McCoy at a cost of \$68,600.

The land, located in the north one-half of Sec. 76, Blk. 3 of the I&GN Survey in Gray County, will be the site of the first phase of the city's new sewage treatment plant.

Second reading was given to an ordinance calling for commercial and residential zoning of property recently annexed to the city.

Worthless Check Charge Brings Fine

Mrs. Nancy Westover, 1002 E. Francis, was fined \$5 and court costs and sentenced to one day in jail yesterday in Gray County Court.

Mrs. Westover was sentenced by Judge Bill Craig after she pleaded guilty to charges of swindling with worthless check.

Light Damage

Light damage was reported to the hood of a 1956 Chevrolet yesterday as the result of a small engine fire.

A flooded carburetor was blamed on the blaze. The auto was owned by W. E. Pool and was parked at 705 N. Christy.

Bracero

(Continued From Page 1) new wage floors with minimums from \$1.15 in Arkansas to \$1.40 in California. The scale in use now ranges from 60 cents in Arkansas to \$1 in California.

Most Texas farmers said they cannot find local workers willing to work as cheaply as the Mexican nationals did.

The standards announced by Wirtz Saturday mean that American growers could continue using Braceros next year, even after the program expires.

Union Backing

U.S. unions gave strong support to the new standards, which operate on the theory that foreign workers should not compete in the domestic market for jobs at lower wage scales.

If, despite the new wage levels, American farmers cannot get U.S. laborers to take the jobs, they can apply for foreign workers under current immigration laws. But they must pay all transportation costs for the foreign workers.

HAGERTY SILVER FOAM

Say goodbye to tiresome silver polishing — forever!

Holiday Togs for Little Girls

FOR TINY TOTS — Even the smallest member of the family likes to dress in fine holiday style. These colorful costumes will add a bright touch to the season's festivities. Navy knit top (left) is appliqued with an old-fashioned red choo-choo. White roll-over collar and cuffs are trimmed in red and blue. Red ankle pants are in wide corduroy. High-yoked white rayon challis pinafore (right) is frosted with lace and worn over a Christmas red, no-iron cotton dress with pearl-button bodice trim.

PSA Al Chapter Enjoys Yuletide Party

Mrs. J. B. Woodington was hostess to a Christmas party of Alpha Lambda Chapter of Phi Sigma Alpha Dec. 15 at 7:30 p.m. with Mrs. Marvin Jones serving as co-hostess.

Each member brought food for a needy family of Pampa that the chapter is helping for Christmas.

A candlelight ceremony, using ten different colored candles, depicting the "Lord's Prayer" was presented by Mrs. Woodington. The white candle represented "Our Father," blue candle, "Who art in heaven," green candle, "Hallowed be Thy name," purple candle, "Thy kingdom come," brown candle, "Thy will be done, on earth as

Bride-Elect Is Shower Honoree

McLEAN (Spl) — Miss Margie Ruth Railsback, bride-elect of Dale Lynn Garner, was honored recently with a miscellaneous shower in the parlor of the Methodist Church.

The bride's chosen colors of red and white were carried out in the decorations.

Mrs. Alta June Shaller presided at the bridal table which was covered with a white linen cloth, and centered with an all-white centerpiece flanked by white tapers. Red napkins and red ribbon streamers enlivened with "Margie and Dale Lynn" completed the table decorations.

Refreshments of punch, bridal cookies, mints and nuts were served.

Mrs. Sinclair Armstrong was at the guest registry.

Red and white floral arrangements were used on the mantel and the registration table.

The honoree, her mother, Mrs. J. J. Railsback, and the prospective bridegroom's grandfather, Mrs. J. B. Castleberry of Amarillo were presented corsages by the hostesses.

Hostesses were Mames, Sinclair Armstrong, Lucille Gething, Lavern Carter, Mary Ann Rice, Alta June Shaller, Lorena Bailey, Vera Fowers, Mary Tom Riley, Ruth Magee, Geneva Mann, Genella Wilderson and Misses Donna Sue Graham, Lea Bidwell and Ruby Bidwell.

Guess what's showing in the men's shoe field for fall and winter: High heels. This is what the National Shoe Retailers Association reports. These are shoes with heels just a few lifts higher than the conventional, and are influenced by shoes worn by the Beatles.

Class Party Held In Worrell Home

Members and guests of Fellowship Class of First Baptist Church met recently in the home of Dr. and Mrs. T. J. Worrell, 1707 Christine, for the annual Christmas party.

The Worrell home was attractively decorated in keeping with the Christmas season.

The group sang Christmas carols and played games of 42.

Refreshments of pie and coffee were served to Mmes. and Mmes. W. V. Estes, Elmer Milton, R. L. McDonald, Homer Taylor, Dr. and Mrs. T. J. Worrell; Mmes. Maude Schulkey and T. V. Lane; Miss Eloise Lane and Messrs. C. V. Forsman, LeRoy Thornburg Jr., and the class teacher, T. B. Solomon.

Mothers Honored By Cadette Troop

Cadette Girl Scout Troop 14 met recently in Southwestern Public Service Building for a tea and gift exchange.

The girls of the troop have just completed a series of five cooking lessons and prepared the refreshments of punch, cookies, nuts and mints.

Mothers of troop members were special guests at the tea. Troop leaders are Mrs. E. A. McLennon and Mrs. James Silcott.

Troop members attending, with their mothers present, were Toni McLennon, Lisbeth Silcott, Cheryl Lynch, Joyce Ernest, Ramona Tyrell, Karen McKendree, Debbie McKendree, Lynn Young, Mary Flowers, Kathi Jones, Paula Hulsey, Velma Horton, Pam Bailey, Debbie Sheehan, Judy Cox and Sherry Love.

Art and Civic Club Has Christmas Party

LEFORS (Spl) — The annual Christmas party for members of Art and Civic Club was held recently in the Civic Center.

The Civic Center was decorated in colors of pink and silver carrying out the theme of "Songs of Christmas."

Dining tables were covered in white and centered with poinsettias flanked by square candles. The head table featured white poinsettias with blinking center lights. Place cards were topped by miniature pink santas and santa pins as favors for guests and members. Traditional Christmas music quietly played in the background.

Following dinner, a short business meeting was held with president, Mrs. Ray Chastain, in charge. Gifts were exchanged and the evening completed with table games.

Attending were Messrs. and Mmes. R. H. Barron, F. W. Blackwell, Ray Chastain, Dean King, Howard Marlar, Merray Stroud, Ed. Clemmons, R. W. Beck, Jerrel Julian, Al Corcoran, Bud Cumberledge, Bill McBee, Paul Walden, G. N. Mounser, Keith Geisler, Tad Gustin, Babe Hall and Floyd Hines.

Wrap head lettuce in aluminum foil for longer storage.

57TH
YEAR

Dear Abby... Prod Teenage Sons Only On Important Matters

DEAR ABBY: Do you think a mother should have any say about how her 16-year-old son wears his hair?

HIS MOTHER
DEAR MOTHER: Mothers, it seems, are constantly criticizing their teen-aged sons about something. They would be wise to save their prodding for more important things, such as integrity, cleanliness and insisting that their sons give their best efforts to their studies. When a boy expresses his rebellion in an off-beat and perhaps freakish hair style, if his hair is clean, skip it, Mother.

him for bridge week - ends, camping trips and parties? Everyone knows we are still married, yet they treat him as though he were a gay bachelor. Are they not condoning his actions by inviting him? My lawyer tells me as long as he pays the bills there is nothing I can do but wait. Is this fair? What do you suggest?

ALONE
DEAR ALONE: There is rarely "fairness" in the personal tragedy of divorce. Listen to your lawyer. And find interests of your own.

DEAR ABBY: Everyone I ask tells me something different and by now I am dizzy. Maybe you or one of your readers can help me decide. Should we sell our house? We've lived here 26 years and my husband and I are all alone now, having just married off our youngest daughter. My husband says we should keep the house so that when the children come to visit us with their children we will have room for them. He says that after living in a 14-room house we will never be happy in an apartment. I say if the children want to visit us, we can rent them an apartment in the same building or somewhere near us. The steps in this house are too much for me, we don't need a yard any more and it's hard to keep up. A big house is a lot of hard work to keep clean. It's expensive and, besides, now that the children are gone, it's lonesome. Any ideas?

NOT GETTING ANY YOUNGER
DEAR NOT GETTING ANY YOUNGER: (And who is?) This is one decision you and your husband must make for yourselves. I say, do whatever is easier for you.

DEAR ABBY: After 22 years of marriage my husband has left me. I have consulted marriage counselors, ministers, friends and relatives. In short, I've tried everything, but he still refuses to come home. He simply said he had been "thinking about it" for a long time, and he packed and left. As far as I know, he hasn't started any legal proceedings. I will not start them, and I told him that if he did, I would fight him. People refer to our "separation." Technically we are not "separated." We are still legally married, only he left me. Why do respectable people invite him over for dinner, and entertain

Troubled? Write to Abby, Box 69700, Los Angeles, Calif. For a personal reply, enclose a stamped, self-addressed envelope.

For Abby's booklet, "How To Have a Lovely Wedding," send 50 cents to Abby, Box 69700, Los Angeles, Calif.

Discarding the liquid in canned foods causes a loss of as much as one-third of the water-soluble vitamins and minerals, report nutritionists at the U.S. Department of Agriculture.

Some said the U.S. paid and encouraged the rebels.

Foreign Commentary

By PHIL NEWSOM
UPI Foreign News Analyst

The expressions of joy throughout Latin America over President Johnson's announcement that he would re-negotiate the Panama Canal treaty reflected a condition which has been hurtful not only to U.S. Panama relations but to U.S. relations throughout the hemisphere.

For the United States' stiff refusal to renegotiate the 1903 treaty and its rights in perpetuity over the canal generally was taken as evidence of a by-gone diplomacy among free nations—of a large nation impressing its will upon a weaker one.

For the Panamanians it was a matter both of emotions and money, and twice in four years it spilled over in bloody violence.

Through the years, the overriding U.S. concern was the canal's strategic value and the obvious fact that the Panamanians neither could operate the canal nor defend it.

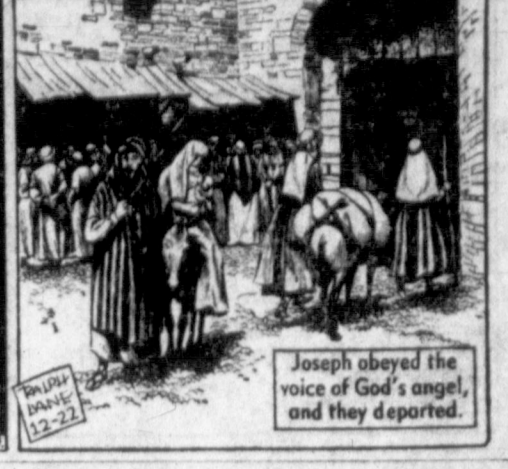

Reduced Class Status
For the Panamanians it stood as a lasting symbol of a violation of their sovereignty and a status which reduced them to second-class citizens.

The 1903 treaty itself came about as a result of a none too glorious episode in U.S. history. After failure of a French attempt to build the canal, Colombia, which held Panama as a province granted right to the United States but the Colombian senate delayed ratification.

In November, 1903, Panama revolted and U.S. warships prevented Colombian troops from reaching Panama to put down the revolt. Some said the U.S. paid and encouraged the rebels.

The First Christmas

But the Angel of the Lord who had announced Christ's birth was well aware of what Herod had in mind, for wickedness cannot be concealed from an angel.

Bank Publication Predicts Drop in Gross National Production for 1965

A 1965 gross national product of about \$656 billion — going above \$660 billion if a push is provided by Federal fiscal policy — is foreseen by The Morgan Guaranty Survey in its December issue, just released.

In a year-end look at the national economy, the bank publication notes that "the available propellants for a sustained, rapid ascent are less impressive now than they were" a year ago. It estimates that "on the evidence now visible" the increase in GNP in 1965 would not exceed \$33 billion, compared with the rise of \$39 billion expected to be achieved in the current calendar year.

If fiscal policy, working mainly through cuts in excise tax rates, furnishes a thrust "on the order of \$6 billion," however, the Survey article sees "a GNP total for next year above \$660 billion and a real growth rate of approaching 4.5 per cent." The anticipated "real" growth without a fiscal boost is about 3.5 per cent.

The probable performance of the economy in 1965 without fiscal stimulus, the article states, "is likely to be accompanied by a climb in the number of unemployed. The labor force is in a sharply expanding phase, and next year may well bring in several hundred thousand more new job seekers than will be needed to turn out a gross national product of \$656 billion." More than 32 million youths will reach their 18th birthday every year for the rest of this decade, the article points out, "as the babies of the boom that followed the end of World War II grow up. These impending big additions to the labor force are one reason why, despite the continuing deficit in the Federal cash budget, the hunt is on for a way of giving new fiscal stimulus to the economy."

economic expansion, the Morgan Guaranty monthly review says, and therefore "fiscal measures clearly will have to furnish whatever extra push is to be given the economy through in-lay of the layer of excise taxes that created demand." The article continues: "Under the watchful eye of inflation-conscious monetary authorities, it would seem safe to try in fiscal 1966 a boost on the order of \$6 billion, mainly by compromising deep cuts in the layer of excise taxes that created demand." The article continues: "It is pointed out that this would approximately offset the annual increase in Federal tax receipts which results from the rise in gross national product. The bite of a copperhead rarely is fatal.

Harvester 'Thieves' Steal Tilt From Rangers, 71-51

By JEFF COHANE
News Sports Editor
WANTED FOR HIGHWAY ROBBERY BY THE PERRYTON RANGERS — A trio of thieves named Curlee, Lewis and McWilliams, who robbed the Rangers blind last night in Harvester Gym for a 71-51 Pampa victory.

went wild in the closing minutes of the first quarter and opening and closing minutes of the second frame to put the game out of reach of the visiting Sheriffs. The rest of the game was a parade from foul line to foul line as the two teams committed an awesome total of 51 personal fouls.

Perryton led in the opening seconds on a free throw by Mike Mitchell, but that was the only lead they ever held as Davy McDaniel and Roper Roper were taking the boards away while Lewis hit long.

Indiana Wins With Pair of Mirror Twins

By United Press International
Undefeated Indiana has bewildered seven opponents this season and you could say the Hoosiers had them seeing double.

Nebraska came up with a 24-point performance by Nate Branch to defeat California, 87-80, in a game riddled with 52 fouls.

The game Rangers cut the edge to eight, but with 25 seconds to go, McWilliams tipped in a rebound and 10 seconds later Curlee committed highbinder once more. Mike O'Brien cut the streak with a bucket at the buzzer, but Pampa had a 40-26 margin.

Wolverines Return To First Place

NEW YORK (UPI)—Pre-season favorite Michigan is back at the top of the United Press International major college basketball ratings today after a one week absence.

Bradley snapped Oklahoma's three game winning streak, 83-75, as Eddie Jackson pumped in 22 points. Bradley never relinquished the lead during the second period and won its sixth game in seven starts.

The third quarter was rather dull as both sides got into foul trouble. Pampa kept the lead easily on the outside shooting of Lewis and Curlee, to 55-42 going into the final frame.

HARVESTER OF THE WEEK — Ron Curlee was named Harvester of the Week for his outstanding play in the last three games, scoring a total of 38 points and being one of the "chief thieves" for the ball-hawking Big Green.

Texas Tech and the University of Texas defeated their non-conference basketball opponents Monday night, but Texas Christian had a sad second stanza and bowed to little Centenary.

Warriors Whip Spearman, Lynx

By MIKE MCHONE
News Sports Correspondent
MIAMI — The Miami Warriors downed Spearman last night with a hot fourth quarter, 44-41, but the Warriorettes dropped a tough one to the tall and talented Spearman girls, 46-39.

hot in the third frame and pushed it out of reach at 39-30. Patches had 28 points, Sue 21, Phyllis 17.

StErs Move Ahead

Texas used the shooting of Larry Franks and Mickey White to defeat Howard Payne 93-74. The Yellowjackets held a short-lived early lead over Texas, but the Steers moved ahead quickly, leading 43-29 at halftime.

UCLA Looking

LOS ANGELES (UPI)—UCLA Athletic Director J. D. Morgan was looking for a football coach and Bill Barnes was looking for a job today but both decided to wait until after the holidays to step up their quest.

UCLA Monday accepted Barnes resignation as head football coach with the university expressing the usual "regrets" that a change was to be made.

Game on Ice

With half a minute to go and Tech in a seven-point lead, the game went on ice Colorado scored its last two points at the final buzzer.

The FBI and Pressure

Recently, there's been a headlined clash between Martin Luther King, the redoubtable "Civil Rights" protagonist, and J. Edgar Hoover, chief of the FBI.

At the bottom of the dispute lies a basic question as to the role the FBI should play in American affairs. Mr. King has expressed disapproval of the FBI and its head, in relation to racial disorders that have darkened the face of this nation for more than a decade.

Mr. Hoover has resisted nearly all efforts to convert the FBI into a national police agency. He has headed the FBI for 40 years and during this time has confined the massive power of the bureau to violations of federal law and the collection and classification of data relating to criminal activities.

In 1962 when the late President Kennedy was clamping down on the steel industry, the FBI became, in fact, a national police force.

Not only did FBI agents swarm into the business offices of steel firms, reporters were routed out of bed in the middle of the night by the dread "knock on the door" so typical of the Gestapo and the OGPU under Hitler and Stalin.

If the FBI were converted into a national police agency, our private opinions might very well come under federal scrutiny with arrests and prosecutions following in the wake of some whim or fear expressed by whoever happened to be chief executive at the moment.

History does not deal kindly with police states. And at the moment, there is only a narrow margin between the FBI as an investigative bureau and the FBI as an agency of regimentation, thought control and intimidation.

To convert the FBI into the kind of police arm for which Martin Luther King asks would cost billions. Even now, the agency will soon have a \$60 million headquarters building in Washington. It operates on a budget of more than \$150 million annually. It has more than 14,000 employees, 6,000 of whom are agents and 8,000 of whom

are clerks and records personnel. Were it to become the national agency of stark police powers demanded, it would probably have to be trebled or quadrupled in size. It would put a crimp in all local and state wide policing activities.

Let us quote Mr. Hoover: "It is a great misfortune that the zealous of pressure groups always think with their emotions — seldom with reason. They have no compunction in carping, lying and exaggerating with the fiercest passions, spearheaded at times by communists and moral degenerates. The cry 'liberty' when they really mean license. Justice has nothing to do with expediency. It has nothing to do with temporary standards. We cannot and will not permit the FBI to be used to superimpose the aims of those who would sacrifice the very foundations on which our government rests."

"I take humble pride in emphatically stating that, as long as I am director of the FBI, it will continue to maintain its high and impartial standards of investigation, despite the hostile opinions of its detractors."

"Furthermore, the FBI will continue to be objective in its investigations and will stay within the bounds of its authorized jurisdiction regardless of pressure groups which seek to use the FBI to attain their own selfish aims to the detriment of the people as a whole."

These are, in the main, fine words. But the fact is that the FBI's function can be expanded through legislative act. And when the inevitable retirement of Mr. Hoover occurs, another and possibly less scrupulous bureau chief will be installed.

Here in lies the peril always to appear when any agency of government is created. It may function for awhile as was originally intended. But with the passing of time and the shifting of personnel, ambitious men find their way into these agencies. When this happens, the nation itself suffers.

We do not know when it will happen, but the day will surely come when the FBI will have powers it does not have now.

"So what's so wrong with fiscal irresponsibility... it's been good to you, hasn't it?"

What Ails Europe's Kids These Days?

Backstage Washington

Castro Regime in Cuba Kept Functioning By Trade with U. S. Allies, Despite 'Blockade'

ROBERT ALLEN PAUL SCOTT

WASHINGTON — A steadily mounting volume of trade with Western countries is now largely responsible for keeping Communist-ruled Cuba economically afloat.

But for the large shipments of food, cattle, poultry, oil, machinery, spare parts, motor and other transportation equipment, textiles, medical and veterinarian supplies from NATO allies, most of them heavy beneficiaries of billions in U. S. aid, the dissenation - rent Castro regime would be in dire political and economic straits.

It's the flood of profitable Western imports that is powerfully enabling the Reds to maintain their iron-fisted police state.

The Soviet bloc, with growing signs of strains and reluctance, is pouring some \$500 million a year in plants and goods into the mismanaged and disordered Caribbean satellite. This is a massive economic infusion. But it's the swelling traffic in Western "business" that is primarily averting outright chaos and stark want and hunger.

But for this crucial factor, Russia, Czechoslovakia, Hungary and the others would either have to greatly expand their help, which obviously would create serious difficulties in their own countries, or wash their hands of the bumbling Castro cabal — whose incompetence, blunders and stupidities have brought Cuban agricultural and industrial production to an all-time low. It has consistently sagged lower every year since Castro has been in power.

This was admitted by former Labor Minister Martinez Sanchez in a televised discussion in Havana a few weeks before his recent "attempted suicide."

The Nation's Press

THE GROWING TAX BITE (Christian Economics)
According to the Tax Foundation of New York, State and local government spending for education jumped from \$8 billion in 1962 to \$21 billion in 1962. Not many believe that the quality of the product has improved in proportion to the 167 per cent increase in cost.

Eight cabinet departments and more than a dozen other agencies conduct or support Federal health programs. A whole galaxy of new programs involving heavy government expenditures have been proposed. Many of these are in conjunction with the attack on poverty. If this cluster of new programs is approved, the current level of expenditures of government may be only a beginning.

Increased taxation is a rough measure of our onward rush toward socialism. Collecting money from responsible people and distributing it to less responsible, or irresponsible people, tends to destroy the initiative and the effort of both classes. When some learn that they are to be despoiled and others find that they can live without much effort, the foundation of a free society crumbles. Respect for private property and the hope of reward for effort have been at the basis of every free civilization that has developed on this earth.

We continue to desert these principles we slide farther and farther into authoritarian government with the low standards of living and slavery that always accompany it.

Johnson invoked it for what amounted to wholesale excursions. No major beneficiary of U. S. aid was hit. Only five were penalized, and they already were getting little or no aid — Britain, France, Yugoslavia, Morocco, Spain.

Western trade with Cuba is being transported in vessels of foreign aid countries. Tankers and freighters flying the Greek flag are particularly numerous. Russia is Cuba's chief market, accounting for more than one third of its exports in 1963 and an estimated same amount this year. Red China is second with around 20 per cent.

CUBAN FLASHES — A revealing indication of how tightly food is now rationed in Cuba is an announcement that authorization for "special medical diets" must be renewed every 48 hours. A chief item on these diets is milk, which is in extremely short supply. The Oriente Agricultural Council has issued orders for organizing 500 brigades of "volunteer cane cutters" to harvest the sugar crop in that province. The edict also indicated that another 300 brigades may be formed if the first draft is deemed inadequate. Nickel production at the giant Nicaro plant built by the U. S. on the northwestern coast of Cuba during World War II is continuing to decline. Virtually all the plant's output is going to the Soviet bloc, but shipments are far behind commitments.

23 Male & Female Help 23
MERRY CHRISTMAS
Editor: Friday, December 25, people all over the United States and much of the entire world will celebrate the birth of Jesus Christ. Many of us accept him as the literal son of God, Saviour and Redeemer of the world. It is altogether fitting and proper that we should celebrate the generally accepted birth date of our Lord and Saviour. Here in the United States with its unlimited religious freedom to worship, how, where, or what we may, we should by all means count our blessings and renew our personal acquaintance with the bronzed country journeyman of nineteen centuries ago. But as I look about at the bright gaudy garb that has come to represent Christmas, my heart continually asks the question: "Where is Christ represented in our modern day Christmas?" In vain my eyes search for the humble spirit that was so typical of the Galilean. On every side I see the gaudy bright baubles of commercialism with its loud voice and ill manners. I see bright glittering superficial smiles that hide empty, cold hearts. I see great crowds of people furiously fitting about in gleaming chromed-automobiles with loud angry horns and smelly exhaust trailing their rear. Within the fancy glass enclosed commercial houses I hear soft seductive music filtering through a bedlam of frantic, rushing people whose faces show more hysteria than serenity. I see bright lights and gay apparel and all the shining glitter of scarlet, crimson, cerise, vermilion, pink and coral, each competing for the almighty dollar. But nowhere do I see the humility of my Saviour. In vain do my eyes look for one sweet moment of peace on earth, good will toward all men reflected in the faces of those souls who scurry about in a frenetic frenzy clutching and grasping at materialism. I watch those poor souls stagger out of the carnival atmosphere of the glass-enclosed trade houses, their arms piled high with packages. I look into their faces and I see exhaustion, not joy. I see the old never-ending quest of mankind trying to feed spiritual hunger with material possessions. Always it is the same. Their faces are strained, their eyes bright with eagerness. They rush and run. They seek and they do not find. They eat and they are not filled. By our noise, chaos and carnival-like activities we have drowned out the true spirit and reason for celebrating the birth of our Lord and Saviour. But because we, by our frenzied noisy actions, have shut out the reality of our Saviour in the Christmas season, let us be not deceived. I bear humble testimony that I have found my saviour still just as much alive and ready to respond to my plea, as he did to these in ages past. I have not found him in the frantic commercialism of the trade world, but on my knees in the secret solitude of prayer. "Seek and ye shall find, ask and it shall be given unto you." So said the Saviour over nineteen hundred years ago, and dear friends, that promise is still good during the Christmas season of 1964. Good citizen be not too proud to bend your knees and bow before him whom we celebrate. You, too, can recapture the true spirit of Christmas. Slow down, old world, and seek Him who loves all mankind, and have a real Christmas in 1964. James Waldrop 401 Doucette Pampa, Texas

TWO LAUNCHINGS

VANDENBERG AFB, Calif. (UPI) — A secret satellite and a space probe employing a Scout combination rocket were launched from this base Monday, the Air Force reported.

The secret satellite was hurled toward polar orbit by a Thor-Agena booster about noon PST. About eight hours later the space probe was launched, presumably to gather information on the earth's upper atmosphere.

No further information on either launching was available under current Defense Department policy.

Gemini Poses Less Problem

HOUSTON (UPI)—High speed movies of a Gemini test firing that fizzled make the rocket's failure "less of a problem" than it looked like at first.

But a spokesman for the federal space agency admitted Monday that "a little luck" will be required to get the rocket shot off from Cape Kennedy in January. Even if it succeeds, it will be 17 months behind schedule.

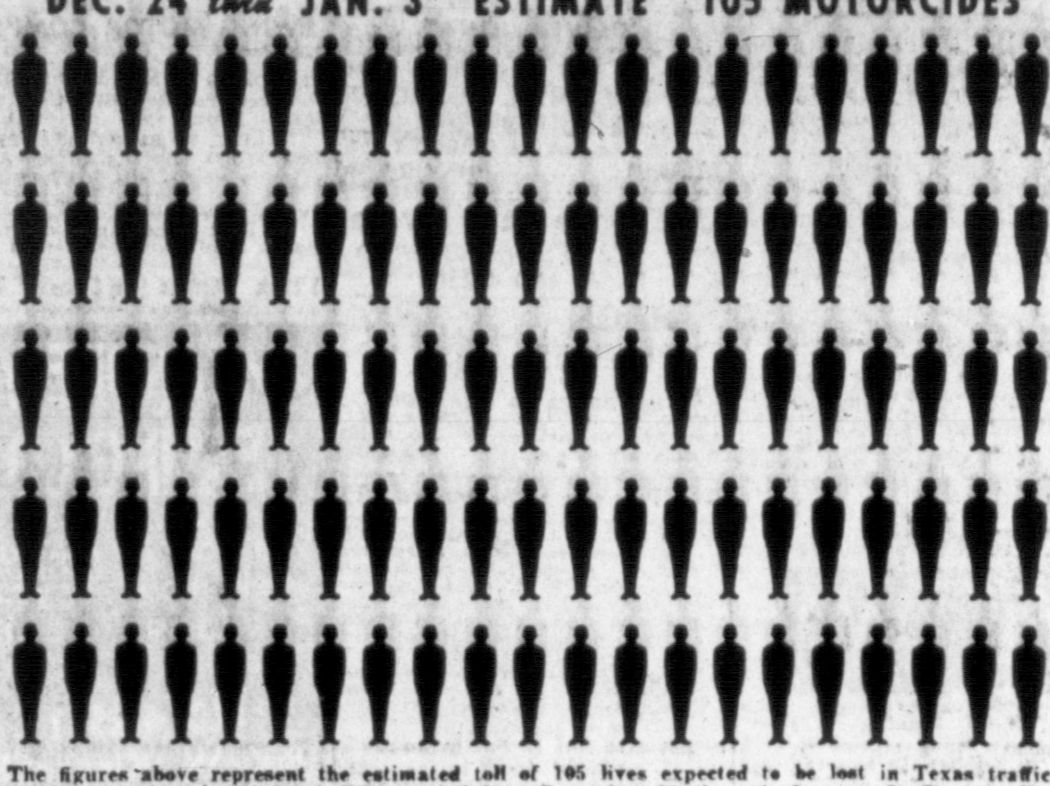

Scientists have to send the 7,000-pound capsule and a Titan-2 booster rocket on a crucial, 2,150-mile "up and down" flight before America launches two men on the orbital mission that will open the second-generation Gemini program.

Informed sources say the manned flight probably will not be tried before May—two years after L. Gordon Cooper Jr., made his 22.9-orbit Mercury voyage, the last American orbital mission.

Toward the end of the Civil War the Confederate dollar was worth two cents in gold.

OPERATION "DEATHWATCH"

DEC. 24 thru JAN. 3 ESTIMATE 105 MOTORCIDES

The figures above represent the estimated toll of 105 lives expected to be lost in Texas traffic accidents during the 11-day holiday period from December 24 through January 3. During this period, the Texas Department of Public Safety will tabulate these tragedies as they occur, and make periodic releases in an effort to focus public attention on the added dangers of holiday travel. A special appeal has been issued to Texans to do their part in proving the estimate is too high.

Court Plea Due

WEST LOS ANGELES, Calif. (UPI) — Actress Anna Kashfi was scheduled to enter a plea today in Municipal Court to charges she slapped a policeman during a wild hotel melee.

She specifically was charged with three counts of battery and one count of disturbing the peace.

Miss Kashfi, 30, was arrested Dec. 7 after she assertedly slapped Sgt. Ed Hull when he tried to calm her down as she ran screaming through the Bel Air Sands Hotel.

Moments before the incident, Miss Kashfi had surrendered custody of her son, Christian Devi, 6, to her ex-husband, Marlon Brando, who had a court order.

Police said Miss Kashfi also struck bystanders in the hotel. Her arraignment had been scheduled Dec. 10, but her attorney, Albert Pearson, obtained a continuance.

The Civil Service Act providing for competitive examinations for government positions was passed in 1883.
