Pampa Family Beaten, Father Shot in Head

By RON CROSS

Five members of a Pampa ranch family of seven were in hospitals in Pampa and Amarillo today, and the father, the victim of a self-inflicted gunshot wound in the head.

The father, Jerry Thomas, and a daughter, Joan, 10, were both listed in critical condition in St. Anthony's Hospital in Amarillo.

The man's wife, Pat, another daughter, Jeanne, 11, and a son, Robert, 14, were all listed in fair condition in Highland General Hospital.

They, including the 10-year-old girl, apparently had been beaten about the head with a hammer.

Gray County Sheriff Rufe Jordan said this morning that the investigation was incomplete but he had pieced together the following story.

The Thomases live on a ranch about 1 1/2 miles southwest of Pampa, off highway 70. At about 5:40 a.m. today, Sheriff Jordan said he received a call that Thomas had shot himself and savagely beaten his wife, daughters and one of his three sons.

The sheriff said the incident occurred apparently about 5:15 this morning when Thomas, for no reason that can be found as yet, struck his wife with the hammer, then went to a back bedroom where he beat both his daughters about the head with the hammer.

Jordan said apparently the man then went upstairs where his three sons slept, struck the youngest in the head, turned, started to hit another of the boys, missed, and then shot himself in the head with a .22 caliber pistol.

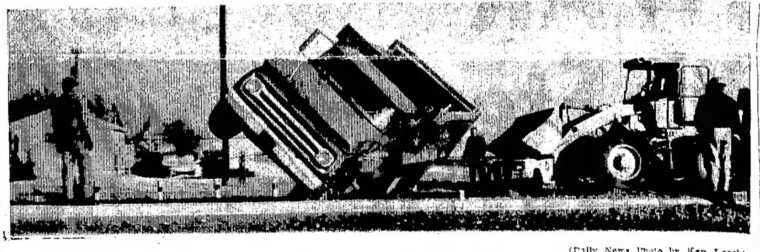

Jordan said the two boys, who were not injured, told of seeing their father come up the stairs and say something in his hand they thought at first was a flyswatter.

Greg was sleeping with another brother, who is 17-years-old. Pillows and sheets in all three bedrooms were covered with blood.

Hospital attendants at Highland General said the mother, daughter Jeanne and son, Robert, had head injuries.

Attendants at St. Anthony's said Thomas and his daughter had arrived at the hospital after being transferred from Highland General about 11 a.m. but that neither had yet been taken to surgery.

Jordan said he, deputy D. L. Day and Texas Ranger Bill Battan still were investigating the incident.

RIGHTING A WRONG — Workman used a front-loading tractor and two wheels Wednesday afternoon. The truck, driven by Phillip M. Lang of 108 S. Sumner, overturned when it failed to make the turn at the junction of Loop 10 back on its four wheels Wednesday afternoon. The truck, driven by Phillip M. Lang of 108 S. Only One Survives Great Lake Tragedy

HARBOR BEACH, Mich. (UPI) — Coast Guard ships plowed through blinding snow today in a search for the last of 28 men killed when their ship broke in two in a howling gale on Lake Huron and sank without sending a distress signal.

The only survivor, a father of four who hated the water, told how he stayed alive by burrowing beneath the bodies of his captain, first mate and second mate during a macabre 26-hour ride on a pumpon raft. He was rescued by a helicopter.

The ship, a 600-foot ore carrier named the Daniel J. Morrell, buckled under the brunt of 60 mile per hour winds and 20-foot waves early Tuesday. But no one knew about the tragedy until another freighter spotted a body at mid-day Wednesday, nearly 36 hours after the ship went down.

The frozen, heaving body was clad in a lifejacket bearing the inscription "Daniel J. Morrell," a name which foretold the Lakes' grimmest disaster since the freighter Carl D. Bradley carried 33 men to their death in Lake Michigan Nov. 18, 1958.

Even bodies were recovered, some plucked from the icy waters, others washed ashore on the snow covered beaches. A shoreline in hopes the lake had given up more of its victims.

Four Coast Guard boats crisscrossed the choppy waters 18 miles north of this summer resort town when the Bethlehem Steel Co. ship vanished in the worst lakes storm in a decade. Several planes were in the air and four helicopters stood by for use if the snow abated.

The temperature dropped to 28 during the night. A low near zero was expected tonight.

Airplanes and helicopters poised to take off at dawn and join the hunt.

But no one held out hope that more survivors would be found.

Most of the crewmen apparently jumped in the 34-degree water with their life jackets on, perhaps unaware that no one knew they were in trouble and no help was en route.

Speck Competent To Stand Trial

CHICAGO (UPI) — Richard Speck is mentally competent to stand trial on charges of murdering eight young nurses.

The ruling was returned on orders by a jury Wednesday.

Criminal Court Judge Herbert C. Paschen overrode the objections of public defender Gerald W. Getty and ordered the seven men and five women to return the verdict. Paschen said he would consider a change of venue motion in a hearing today.

Getty, who objected to the hearing in the first place, again raised a dissenting voice Wednesday when Paschen told the jury "The preponderance and the greater weight of evidence—of all the eminent doctors who testified—shows that Richard Franklin Speck is competent to stand trial."

'Bugging' Cases Being Reviewed In Washington

WASHINGTON (UPI) — The Justice Department is reviewing all its past and present cases to determine whether anyone's constitutional rights have been violated by illegal use of electronic "bugging" devices to gather evidence.

The department disclosed the sweeping review Wednesday in a supplemental memorandum to the Supreme Court on a New York income tax evasion case.

It asked the high court to overturn the conviction of Joseph F. Schipani because it had used evidence against him which was gathered from bugging operations.

Schipani was convicted of evading federal income taxes from 1956 through 1960 and was sentenced to three years imprisonment and a \$12,500 fine. The department admitted, however, that he was convicted on evidence picked up by the FBI when it bugged a business establishment in search of evidence against organized crime.

"Recognizing its obligation not to use evidence obtained in violation of a defendant's protected right in any criminal prosecution, the department has initiated a program to discover prior instances in which this may have occurred" the memorandum said.

A spokesman said the effect of the review was to reopen all Justice Department convictions for possible violation of constitutional rights. He noted, however, that electronic bugging began only a few years ago.

The spokesman said the review did not have much to do with wiretaps as such because stringent restrictions had been placed on their use by the courts some time ago.

If it comes from a hardware store we have it. Lewis Hardware. (Adv.)

Viet 'Kill' Ratio Is Now 4 to 1

SAIGON (UPI) — More than 800 American servicemen were killed or wounded in Viet Nam last week, U.S. military spokesmen reported today. Many of the casualties were sustained in fighting along the Cambodian border in the largest ground operation of the war.

Spokesmen said 143 U.S. servicemen were killed in combat during the week and another 709 were wounded in action. The new casualty figures raised to 6,049 the number of Americans killed in Viet Nam.

The majority of servicemen killed last week were engaged in Operation Attleboro in the Communist stronghold of war zone C near Cambodia, about 65 miles northwest of Saigon. The operation officially ended last week.

The spokesman reported however that in the same period it was estimated North Vietnamese and Viet Cong forces had killed 3,422 soldiers killed. Much of the toll was attributed to the same campaign.

U.S. officials said that the American death toll, combined with a weekly report of 150 South Vietnamese soldiers killed, gave allied forces a favorable "kill" ratio of 4.3 to 1 over the Communists.

Meanwhile, spokesmen reported earlier today that another 64 Communist troops were killed Wednesday by U.S. 1st Infantry Division troops who rushed to the aid of an American patrol. No GI casualties were sustained in the encounter, officials said.

Spokesmen said 10 of the enemy "soldiers were slain singlehandedly by an Army colonel who manned a machine gun aboard his helicopter and raked a force of about 20 guerrillas trapped in a field.

Meanwhile, U.S. B52 bombers from Guam took the air again today to pound a suspected enemy troop concentration 27 miles northwest of Saigon with heavy explosives.

In all 414 combat missions were flown over the south, spokesmen reported, while bad weather limited U.S. pilots to 38 missions against North Viet Nam.

Spokesmen said the U.S. casualty toll for last week was one of the highest of the past two months. The highest total ever reported was 867 casualties—including 142 killed in action—during the week ended Sept. 24. The highest weekly U.S. death toll reported was 248, during fighting in the Ia Drang Valley a year ago.

In addition to those killed and wounded, officials said two U.S. servicemen were missing in action last week. It was possible the men were captured by Communists, spokesmen said.

Johnson Begins Third Day Of Budget Planning

AUSTIN, Tex. (UPI) — President Johnson worked today on a fiscal 1968 budget that could go as high as a record \$140 billion because of soaring Viet Nam costs and high interest rates.

The way his fiscal experts are reading economic weather varies the current spending budget could also zoom to an unprecedented \$130 billion.

The Chief Executive planned to put in his third straight working day at his plush, teakwood-paneled office in the federal building in Austin.

He looks lanned and has lost some weight while recuperating from his recent throat and abdominal surgery.

Johnson recently told friends "The most difficult thing I have anywhere is peace—and the next most difficult thing I have is the budget."

As he juggles the revenue and deficit figures, Johnson is holding off a decision on an enemy troop concentration 27 miles northwest of Saigon with heavy explosives.

Experts however emphasize the possibility that Johnson may present Congress with a whopping \$140 billion budget in January is "speculative."

He was pondering the current spending figures that may run between \$127 billion and \$130 billion in the 1967 fiscal year. This compares with the presidential budget estimate last January of \$112.8 billion.

The big difference in current spending estimates is due to an expected new outlay of \$10 billion more for the Viet Nam fighting and \$5 billion in higher interest rates the Treasury will have to shell out.

Johnson's economic experts predict revenues—which have been expected to total \$117 billion—may shoot up to \$117 billion or more because of the heated economy.

Berkeley Brawl Sets Student Strike Threat

BERKELEY, Calif. (UPI) — The University of California faced the threat of a student strike today as the result of a wild brawl between club-swinging police and demonstrators protesting the presence of Navy recruiters on campus.

Nine persons, only three of them students, were arrested Wednesday in the fracas which erupted in the basement of the big student union building.

Among those taken into custody in the latest sit-in were bushy-haired Mario Savio, the firebrand orator who directed the 1964 demonstration, and Jerry Rubin, who attracted national attention last summer when he appeared in a Revolutionary War uniform at a Washington hearing of the House Un-American Activities Committee.

When Savio was released on bail early today, he returned to the student union building and appealed to 3,500 persons who were staging a sit-in in the Pauley ballroom to stay away from this morning's classes.

The 23-year-old Savio, a former UC student, was recently rebuffed by the head of regents in his bid for re-admission.

His audience, representing less than 13 per cent of the campus enrollment of 27,500, then voted by a show of hands to unanimously stage a boycott.

Savio, then called an end to the ballroom sit-in and the crowd dispersed in an orderly manner.

The clash broke out when nearly 100 sheriff's deputies, Berkeley police and campus officers entered the building to

Britain Makes Final Attempt At Settlement

SALISBURY, Rhodesia (UPI) — Prime Minister Ian Smith slipped out of Salisbury at dawn Thursday bound for a meeting with British Prime Minister Harold Wilson to make one last effort to settle the Rhodesian independence dispute.

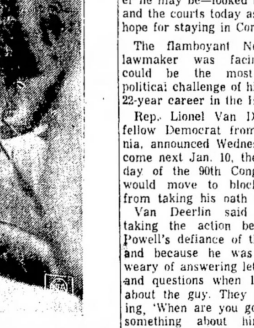

Sources said the meeting between Smith and Wilson, probably to take place in Malta, was arranged Wednesday during a 45-minute visit Smith had with an envoy sent here by the British prime minister.

(In London, Wilson confirmed earlier today that he would meet with Smith "at an agreed rendezvous" to discuss the independence issue. He said he planned to leave London later today.)

Leaving at daybreak with Smith aboard a Royal Air Force plane were British Governor Sir Humphrey Gibbs, envoy Sir Maurice James, Rhodesian Chief Justice Hugh Beadie and several of Smith's aides.

Surviving Quint — A 75 percent blood transfusion has given new hope for the 1 pound, 12 ounce Aranson quintuplet.

SURVIVING QUINT — A 75 percent blood transfusion has given new hope for the 1 pound, 12 ounce Aranson quintuplet. First-born Roni Sue underwent the transfusion Wednesday as doctors attempted to ward off the effects of jaundice. Another transfusion may be performed today.

MIGHT END CAREER Powell Facing Serious Challenge

WASHINGTON (UPI) — Rep. Adam Clayton Powell—wherever he may be booked to testify and the courts today as his best hope for staying in Congress.

The flamboyant New York lawmaker was facing what could be the most serious political challenge of his stormy 22-year career in the House.

Rep. Lionel Van Deerlin, a fellow Democrat from California, announced Wednesday that come next Jan. 10, the opening day of the 90th Congress, he would move to block Powell from taking his oath of office.

Van Deerlin said he was taking the action because of Powell's defiance of the courts and because he was "getting weary of answering letters here and questions when I'm home about the guy. They keep saying, 'When are you going to do something about him?'"

His 434 colleagues voted to deny him his seat, he would find himself in a sort of political limbo.

For 31-2 years Powell has. As a representative-elect he's been waging a legal battle to win an overwhelming victory

Royal Welcome Set For Santa

Bands, floats, pets of every size and description, decorated bicycles, the young and the young-at-heart will be on hand to welcome Santa Claus to Pampa tomorrow afternoon, when he makes an appearance in the Santa Day parade.

Pre-school age children are invited to visit with Santa between 2 p.m. and 3 p.m. in the Green County Courthouse. Following the parade he will talk with schoolage children at the Santa House in Coronado Center.

Parade participants are asked to meet at Craven and S. Cuyler st. at 3:30 p.m. where Charles K. Webster, Jaycee parade master, will assign positions in the parade.

Dr. John Dantron, school superintendent, has announced that schools will be dismissed at 3 p.m.

The parade is scheduled to begin at 4 p.m. starting from Craven and S. Cuyler, north on Cuyler to Francis, West St. and Hobart to the Coronado Shopping Center.

Dinner Honoring Rep. Rogers Set

A delegation of Pampa Democrats will attend an appreciation dinner for Congressman Walter Rogers at 6:30 p.m. next Wednesday at the Amarillo Country Club.

The dinner is being given in honor of Rogers and the many years of devoted service he has given as U. S. Representative from the 18th Congressional District.

Rogers will end his term as congressman from the district on Dec. 31. He withdrew from the congressional race after his unopposed nomination for the office in the May primaries.

Rogers stated at the time he was withdrawing to enter the private practice of law.

He will be succeeded in the 18th Congressional District seat by Bob Price of Pampa who was elected last Nov. 8 over Dee Miller of Amarillo.

Persons desiring tickets for the appreciation dinner Wednesday night may obtain them at 35 each by calling Wiley Reynolds at MO 4-7811 or Buster Carter, MO 4-3251.

Commissioners Consider Bids On New Trucks

In the absence of County Judge Bill Craig, Joe Clark was appointed presiding judge for the county commissioners meeting today in the courthouse.

Commissioners, still in session at the 7:30 hour, were expected to award a contract to the lowest bidder on the purchase of five new one-half ton pickup trucks and two new two-ton trucks; three pickups for Pct. 1; one pickup and two trucks for Pct. 2 and one pickup truck for Pct. 3.

Approval of monthly salaries was also on the commissioners' agenda.

ALEXANDER L. DUNN

Dunn Named To Post at Cabot

F. D. Heckman, general manager of Cabot Engineering Co., announced the appointment of Alexander L. Dunn as manager of construction effective today.

Born in Capetown, South Africa, Dunn completed his secondary education at Durban Technical High School. He then attended Natal Technical College and Royal Technical College of Glasgow, Scotland, graduating with a mechanical engineering degree. He joined Cabot last July after 32 years of experience in the fields of engineering, maintenance, and construction, with assignments in India, England, British West Indies, Venezuela, Canada, and the United States. The Duns reside at 2016 Mary Ellen.

Also effective December 1, A. C. Enloe was promoted to general superintendent of construction. A Cabot employee since 1942, Enloe has been with Cabot Engineering Co. since it was organized in 1950.

Paul Rittenhouse, who has had a long and colorful career with Cabot as construction manager, is officially retiring Feb. 28, 1967, but he is in charge of construction at Cabot Colombiana, Cartagena, Colombia, and has agreed to work until it is completed.

Kirk Black of Fort Worth spoke on pleasure boats at the weekly meeting of the Pampa Rotary Club yesterday in the Coronado Inn.

A boat designer, Black specializes in custom designed craft. He showed several films as well as still pictures of boats and their designs.

Roi Ogden was in charge of the program.

Price To Set Up Cotton Committee

CHILDRESS (Sp1) — Congressman-elect Bob Price of Pampa announced yesterday he is in the process of forming a committee to advise him on the needs of the cotton farmer.

"I will be needing advice from people who are presently engaged in cotton farming if I am to do the best job possible for the people of the district," Price told members of the Childress Rotary Club at noon yesterday.

The newly-elected 18th District representative noted that Childress County is one of the largest cotton producing counties in the district. "For this reason I hope to have a resident from this county on my cotton advisory committee," Price stated.

"From my discussions with those involved with cotton I know that many are now losing money — and some face an even worse disaster," he added. "I am looking forward to working with all those interested in cotton production to see that the best possible conditions exist for growing this most important commodity," Price concluded.

This district includes Gray, Carson and Roberts Counties. Walker's family, which includes his wife and three children, plan to move to Pampa early next year.

Nation, Price Attend Meet In Amarillo

Mayor Jim Nation of Pampa and other Panhandle mayors, U. S. Rep. Bob Price, state legislators and area civic and business leaders were in Amarillo today attending a briefing session on civic developments and activities.

Amarillo mayor F. V. Wallace was the principal speaker at a luncheon in the Holiday Inn West, discussing topics including population of the Texas Panhandle with regard to hospital facilities and future financial needs.

Other speakers included Dr. A. B. Martin, president of Amarillo College; Dr. James Cornette, president of West Texas State University; Emmett Johnson, executive director of the Amarillo Area Foundation, and Miss Louise Evans of the Amarillo Globe-News.

Luncheon guests made a bus tour during the afternoon and were to attend a dinner tonight at the Amarillo Country Club.

Grand Jury Finds Youth Innocent

WHEELER — A no bill was returned Wednesday by Wheeler County Grand Jury on Riley Bradstreet, Wheeler, on a murder with malice charge.

Bradstreet has been accused of the death of Dale Satterfield, 50, Amarillo, on Oct. 23. Bradstreet had maintained the shooting was accidental and the result of a quickdraw contest.

The defendant did receive a five-year probation sentence on a charge of receiving and concealing stolen property.

District Judge Lewis M. Goodrich sentenced three other men, indicted by the grand jury Monday.

Service Center Grand Opening Scheduled Today

A complete car care center, Buckingham Auto Service Center, will celebrate its grand opening today at its new location, 1800 N. Hobart.

Filbert Bread Is Homey Yule Gift

FILBERT CHERRY BREAD—a welcome Christmas gift.

By GAYNOR MADDOX
Newspaper Enterprise Assn.

something different this year? A home-baked loaf of Filbert Cherry Bread, for example. Especially when nuts and cherries

give it an extra fillip.
FILBERT CHERRY BREAD
(Makes two 9-inch loaves)

2½ cups warm (105-115 de-

- grees) water
- 2 packages active dry yeast
- ¼ cup all-vegetable shortening
- 1 tablespoon salt
- ¼ cup sugar
- 6 cups sifted all-purpose flour
- ½ teaspoon each: cinnamon, nutmeg
- 1 cup toasted chopped filberts (about 4 ozs.)
- 1 jar (4 ozs.) glace cherries, chopped
- ¼ cup seedless raisins.

In large mixing bowl, sprinkle yeast over warm water; stir until dissolved. Add shortening, salt, sugar and 3 cups flour. Beat 2 minutes with electric mixer or 300-hand strokes. Stir in remaining flour and spices. Beat by hand until smooth; stir in filberts, cherries, raisins.

up turkeys — in quarters or pieces such as drumsticks, wings and breasts — or in such thick and serve forms as sliced turkey-frozen in gravy and aluminum tray packed frozen roasts with or without dressing.

Eugene Brown, marketing specialist for a distributing agency and Norbert Turkey Growers Assn., quoted one Detroit retailer as saying he expected Thanksgiving sales of boned turkey rolls and roasts at his chain this year to be twice as great as total turkey sales by his firm since its founding.

The turkey specialists also said that the cost of holiday birds is expected to remain about the same as last year instead of following the current upward trend of food prices.

Cooking tips from the growers:
—For a well-browned, crisp-skinned bird, use a shallow, uncovered roasting pan and a rack high enough to let the underside of the turkey brown.
—In planning cooking time, remember that a whole stuffed turkey continues to cook for up to 45 minutes after it is removed from the oven, and its internal temperature in that time rises from seven to 11 degrees.
—Turkey will carve better and easier if it is allowed to set in a warm spot for about 20 minutes after it comes from the oven.
Sage Stuffing
Sage cornbread stuffing for turkey is easy to make. This recipe from the test kitchens of the American Spice Trade Assn. makes enough stuffing for a 15-pound bird.
Soften ¼ cup of instant minced onion in ¼ cup of water and saute in ¼ cup of butter or margarine until limp. Remove from heat. Add 7 cups of toasted bread cubes, measured after toasting, 1 quart of toasted cornbread crumbs, ½ cup of celery flakes, ¼ cup of parsley flakes, 3 teaspoons each of salt and ground sage, ½ teaspoon of ground black pepper, two beaten eggs, ½ cup of melted butter or margarine and ¾ to 1 cup of turkey stock or 1 chicken bouillon cube dissolved in 1 cup of hot water. Toss lightly but thoroughly. Spoon into crop and body cavities of bird, close openings with skewers and lardings. Bake, using your favorite method of roasting turkey.

Food Buying Guide

The following guide to the nation's food shopping buys for this coming weekend was prepared by the U.S. Department of Interior and Agriculture for United Press International.

WASHINGTON (UPI) —The holiday food abundance continues. Pork and beef stand out as the red meats in best supply. Also, broiler-fryers are plentiful and reasonably priced complements to the meat list, according to the Consumer and Marketing Service.

Steaks and roast cuts and ground beef are the major items in beef.
The list of pork plentiful starts with bacon, then Boston butt cuts, chops, hams, and finally spareribs.

Vegetables in good supply in most areas, are: green beans, cabbage, carrots, cauliflower, celery, lettuce, onions, potatoes and squash.
Ages heads the plentiful fruit's list with grapefruit, grapes, oranges, avocados, and tangerines as additional items.
Nationally canned salmon is a good fish buy.

A teaspoon of lemon juice in the water in which rice is cooked helps to whiten and fluff the rice.

Save on Vegetables In Seasonal Supply

By GAYNOR MADDOX
Newspaper Enterprise Assn.
To continue to enjoy gourmet dishes despite rising food costs, buy sharp. For example, keep your menus flexible and use only those fresh vegetables that are in plentiful supply the days you shop. They will be lower in price than produce not in abundance at the moment. Right now, according to a Washington Association, your plentiful vegetables include among others, broccoli, cauliflower, mushrooms, eggplant, Idaho potatoes, spinach and sweet potatoes.

Cover and cook 20 minutes or until tender. Drain if necessary. Sauté bread crumbs in butter until light brown. Add lemon juice, paprika and black pepper. Sprinkle over hot cauliflower on serving dish. 6 servings.

FRESH BROCCOLI-WITH BROWN BUTTERNUT SAUCE
3 tablespoon melted butter or margarine
2 tablespoons chopped butternuts or other nuts
1-16 teaspoon ground nutmeg

1-16 teaspoon ground allspice (optional)
1 bunch (1½ lbs.) hot cooked broccoli
Salt and ground black pepper to taste
Combine melted butter or margarine and chopped butternuts. Sauté until butter is lightly browned. Add spices. Pour over hot cooked broccoli. Season with salt and ground black pepper to taste. Six servings.

To remove stains from rubber sink or tub mats, rub them briskly with rubbing alcohol, rinse thoroughly and scrub with a cleansing powder. Rinse.

4 THE PAMPA DAILY NEWS THURSDAY, DECEMBER 1, 1966 50TH YEAR

COOK'S TOUR

By JEANNE LESEM, UPI Food Editor

NEW YORK (UPI) — You can stop boning up on the art of carving turkeys for the holidays.

While plenty of whole birds still are around for traditionalists, about one-third of the total crop being marketed this year for home consumption is in forms that are easier to carve and serve.

Spokesmen for the turkey industry expect the trend to processed products to continue and the record consumption to increase still more as the number of new processed products

grows. This year's turkey crop of almost 116 million birds is the highest in United States history.

These facts and forecasts were revealed by the National Turkey Federation (NTF) and the Poultry and Egg National Board (PENB) at their annual pre-holiday meeting here for food editors and extension, school and public service representatives.

They said that about 28 percent of the turkeys sold for home consumption are either boned, cooked rolls or boned raw roasts. Another five to seven percent is marketed as cut-

Aid in Saving Money

By GAYNOR MADDOX
Newspaper Enterprise Assn.
Q—Can you give me any hints on how to save money on food and still feed my family well?

A—Here are a few from retailers we talked with. The supplies of fresh fruits and vegetables change continually, with lowered prices usually going together with increased supplies. To save on the food bill, shift among choices.

—The consumer who wants Boston lettuce and Boston lettuce only on the week that it is costly compared with Romaine is spending extra money for a fixed preference.

—Large sizes of fruits and vegetables are more costly than regular or small sizes but are not superior in flavor.

—Or take meat. Right now pork is in relatively short supply and expensive, but broilers are not. To serve economical meals, use broilers more often.

—Sometimes the type of packaging makes a difference in cost. For example, sliced Swiss cheese in vacuum pack costs more than the regular store nonvacuum wrap. In one local store surveyed, Swiss cheese in an 8-ounce vacuum pack retailed for 53 cents or \$1.06 per pound compared with the same size package of identical cheese in store wrap at 93 cents per pound.

Time Out for Family Fun and Games

By AILEEN SNODDY
Newspaper Enterprise Assn.
NEW YORK (NEA) — Here's food for thought the next time the family grabs a 20-minute dinner and each member rushes off to his individual pursuits.
The family would be more closely knit and happier, according to a psychiatrist, if they would sit down after dinner and play a game for half an hour.
Dr. Frank Caprio of Washington, D.C., says he and his wife of 24 years always have taken "time out for recreation" with their two sons.
In stressing his point this marriage counselor and author of 17 books paraphrases, "The family that plays together stays together."

INTENSE FACES show celebrities enjoy importance of being earnest about game playing. Racing the clock to form the longest word in the shortest possible time are (left to right) Todd Everett, Candy Jones, David Burns and Ruta Lee.

Dear Abby... It's Time for Boy To Make a Change

DEAR ABBY: I've just had another scene with my husband over our 4-year-old son, and I am at my wits' end.
My son likes to play with dolls. He can spend hours in the doll house playing with doll clothes and doll dishes. This annoys his father no end. Other adults have made some rather unkind remarks about it, too.
Personally, I see nothing wrong with it. Why is it when a little girl plays with cowboy guns and climbs trees everyone calls her a cute little tomboy, but when a boy plays with dolls they say he's queer? Please answer as I am pretty shook.
MOM
DEAR MOM: It's easier to get a little girl down from a tree than it is to get a boy out of a doll house. Encourage your son to play with toys for little boys.
DEAR ABBY: My steady boy friend and I are practically engaged, but one thing bothers me. He still writes to an old girl friend of his back in Sioux City, Ia. He showed me her picture once, and she looks like a movie star.
He claims there is nothing between them any more and the only reason he still corresponds with her is because she keeps him up on all the home town news. What do you advise?

JEALOUS
DEAR JEALOUS: Buy him a subscription to the Sioux City Journal and Tribune for Christmas.
DEAR ABBY: I am sure other wives of traveling men have the same problem. When my husband is out of town he will sometimes get a long distance call. The operator asks, "Is Mr. So and So home?"
I say, "No, he isn't."
She asks, "When do you expect him?"
I say, "Not until next Friday."
She asks, "Where can he be reached?"
I reply, "I don't know. He's on the road now."
Well, Abby, as you can see, it could be someone fighting around the corner, or very near here just trying to find out if I'm alone and how long I will be alone. With the crime rate rising, shouldn't something be done about this? Maybe someone at the telephone company has the answer.
LONE WIFE
DEAR LONE: When someone calls for your husband and he is out of the city, you need only ask, without revealing that he is out of town, "Who is calling Mr. So and So, please?" If you don't recognize the name, say "If your party will leave his name and operator's number, I will have Mr. So and So return the call." That way you disclose no information whatsoever.
CONFIDENTIAL TO "HAVE REGRETS": Tell her you're sorry you told her secret. Strange how we can learn how to talk in 2 years, but sometimes it takes a lifetime to learn how to be quiet.

Caprio was in New York to help introduce a new clocked word game and found his head spinning, he said, between the commercial world and his medical duties. The assignment came in the midst of his testimony at the medical jury considering the Whitman shootings. He feels that teens who get into trouble don't spend much time game playing but it is up to their parents to start the ball rolling.
"A father, for example," he says, "should take time to play word and board games with his daughters."
It is also a healthy trend, Caprio adds, "to switch from just toys to game-playing after a child is 9 or 10...get away from the infantile to thinking games."
Many children, of course, enjoy more complicated games at an earlier age. Since this is true, Caprio says, "Don't worry about a child being frustrated by losing. It is important that a child learns to lose gracefully within the family. Never throw a game just because you are playing with a child. They are shrewd and this does more harm than good. Healthy competitiveness can be good."
In spite of the school sportsmanship mottoes of "how you played the game," Caprio in-

And another serious Caprio comment on the value of games: "It is an antidote for boredom in an era of greatly increased leisure. A person who is playing is thinking about something other than himself. With today's frustrations, games are distraction therapy."
Sleepwear for women is going frankly feminine after the past few years of kinky fashions. Manufacturers are stressing gently gored long shifts in delicate colors with long icing.

Astrological Forecast
By CARROLL RIGHTER

FOR FRIDAY, DEC. 2
GENERAL TENDENCIES: You have one of those rare days when the Sun shines upon most everyone. Both the beneficent Venus and Jupiter are making excellent aspects in the heavens and are able to have a very happy time. Think out a big course under which to get in the future and how you can happen all over the world. ACTION.
ARIES: (Mar. 21 to Apr. 19) — You are highly inspired. See at least one and should go ahead with those important plans on your mind. Pals are very amenable to suggestion where arrangement is concerned. Make this a fine, productive day and evening.
TAURUS: (Apr. 20 to May 20) — Long conversations with authorities as well as every adult member of your clan helps you to reach important decisions right now. Have a more positive attitude. Then you get the correct results.
GEMINI: (May 21 to June 21) — Your best benefits come today from association with your nearest and dearest. You feel well lined up more successfully. Get along. Jobless seeking more precisely. Then you enjoy them far more.
MOON CHILDREN: (June 22 to July 21) — Show associates that you will combine forces with them toward a successful business, etc. You have excellent prospects. As a result will be that those big plans to work satisfactorily.
CANCER: (July 22 to Aug. 23) — You can arrange matters that are appropriate in your mind with greater ease. You should do so without hesitation. Production can be excellent and you are very efficient. See your associates more than ever.
LEO: (Aug. 24 to Sept. 23) — Be far from out of question you need, you can be very expressive in right circles later, same as cancer. You will get very efficient to use your intuition properly as well. Be sure you are prepared.
LIBRA: (Sept. 24 to Oct. 23) — You desire to get into the 21st century and realize that a friend is also a great right hand. Do keep busy. Plans are well set. A friend gives right directives. Steer straight and you get proper results.
SCORPIO: (Oct. 24 to Nov. 21) — Big wins will give you backing and then you can accomplish what you wish and the respect and cooperation of others and especially key persons. Your image can improve commensurate with the interest of fact you give it. Be more active.
SAGITTARIUS: (Nov. 22 to Dec. 21) — You can establish far better conditions around you if you look into new outlets, put fine ideas to work. You want to get to the top, and this can be reached by using right methods. Be wise, ethical.
CAPRICORN: (Dec. 22 to Jan. 20) — Do whatever will bring you respect and kindly words from those with whom you have daily contact. Cooperate with others who will understand your requirements. They also give you any-backing you may need.
AQUARIUS: (Jan. 21 to Feb. 19) — Step out with associates to new sites and see what it is they have in mind for the future that will improve your position, as well as theirs. Show real enthusiasm. Then you get truly excellent results.
PISCES: (Feb. 20 to Mar. 20) — Your desire for achievement is great now and you can make great inroads toward cherished aims. Don't waste any time. Plan your work with others immediately. Then full speed ahead. Take it easy tonight.

THE LANCERS — These three young men who call themselves the Lancers Trio will perform Friday evening at 7:30 in the Immanuel Temple Church, 801 East Campbell, where they will sing religious and gospel songs.

Approximately 90 per cent of Canada's 19.6 million persons live within 200 miles of the U.S. border.

WARNING
SPELHURST, England (UPI) — Mrs. Sheila Moon, who operates a riding school is putting L (for learner) plates on horses to warn motorists against inexperienced riders.

Youngsters in Salvation Army youth groups are busy planning Christmas pageants and parties, rehearsing for Christmas concerts. The Salvation Army's extensive year-round activity program for youngsters stress wholesome recreation and character development.

The Lighter Side

By DICK WEST
WASHINGTON (UPI)—Tansy Ragwort. Now there's a name to conjure with.
By me, it's an ideal name for a movie starlet. One with a Southern accent.
"The South shall rise again," featuring Tansy Ragwort in her first starring role. Now playing at your neighborhood theater.
On the other hand, a friend of mine thinks the name more suitable for a burlesque queen. He sees it on the marquee in capital letters.
Tansy Ragwort—the only bubble dancer who makes her bubbles with low-sudsing detergents.
"Tansy, child, the Ragwort name has always stood for something here in Buttermilk Springs. And you are dragging it through the mud."
No Flower
Actually, alas, the name is being wasted. As I have just learned from an Agriculture Department press release, Tansy Ragwort is a toxic weed prevalent on the West Coast.
The department reports that efforts are being made to control the weed, which is dangerous to livestock, in another nature's way. Which may be the hard way. Rather than spray tansy ragwort with a weed-killer, the department has released 4,000 European seed flies in California and Oregon. An additional 9,000 flies will be released next year.
These insects like to lay their eggs in the lower buds of tansy ragwort plants. Then, when the eggs hatch, "the larvae feed on the seeds, consuming many and making most of the other incapable of germination." Get the picture?
Several years ago the cinnabar moth was introduced as an anti-tansy ragwort measure. But it didn't work too well. Cinnabar moths feed on the leaves. Unfortunately, tansy ragwort grows faster than cinnabar moths can defoliate it. The department hopes European seed flies will be more effective. If so, I think I can foresee what is going to happen.

Highlights and Sidelights

By VERN SANFORD

Texas Press Association
AUSTIN, Tex. — Gov. John Connally has released his budget proposals for public health agencies, mental health and retardation and for the Youth Council.

Recommendations for public health and tuberculosis control include salary adjustments so that top-flight personnel might be attracted; funds to raise salaries to conform with the general pay raise for state employees; money to assure enforcement of food and drug laws; funds to implement the Air Pollution Control Board program; funds to expand the State Health Department building in Austin; and a fund to train personnel to staff public health facilities and tuberculosis control and treatment centers.

Mental health and retardation recommendations include funds to expand the state's efforts to assist local communities through grants in aid and contract treatment services; \$700,000 for cost and planning staff for community centers for two years; \$400,000 to set up a training fund to be used for in-service training and short courses; and \$134,000 to establish and staff new community half-way houses.

Connally's budget also calls for an additional facility for girls for the Texas Youth Council, a director of research to make program evaluations and six additional parole officers.

Total budget figures are Health Department, \$19,994,688 in 1968 and \$16,139,826 in 1969; Mental Health and Mental Retardation, \$85,193,947 and \$69,396,446; Texas Youth Council, \$14,438,640 and \$9,182,118.

Connally's combined budget for the three agencies from the general revenue fund calls for exemptions of \$119,532,065 in 1968 and \$95,119,290 in 1969, compared with expenditures of \$64,298,815 in 1965 and \$71,823,95 in 1966.

ENROLLMENTS UP — Texas' 55 state-supported colleges and universities enrolled 248,711 regular students this fall, representing an increase of 22,300 students — or about 10 per cent — over last fall.

Biggest gainers, percentage-wise, were Stephen F. Austin, Nacogdoches (18.7 per cent); Southwest Texas State, San Marcos (17.3 per cent); and West Texas State, Canyon (15.6 per cent).

Big growth in junior colleges was noted at Henderson County, Athens; Texas Southmost, Brownsville; Panola, Casthage; and South Plains, Levelland.

The 1966 enrollment figure approximately doubles the number of students in the college and university system 10 years ago.

SEGREGATION DECLINING — Segregation in Texas schools is on the way out.

All but four of Texas' 1,303 school districts have filed intentions to comply with the 1964 Civil Rights Act with the U.S. Office of Education, says the Texas Education Agency.

Out of 283,426 Negro students enrolled in state schools, a total of 84,575 are in substantially integrated schools.

Of the 1,875,352 white pupils tabulated, 718,537 were on integrated campuses, and an additional 401,497 were on campuses having a small percentage of Negroes. There were 504 on campuses having a predominantly Negro enrollment.

"Of the 754,814 white pupils on campuses without Negro pupils, 285,231 resided in school districts having no Negro pupils," the report said.

Major sanction against a district failing to comply with the Civil Rights Act is the loss of funds under the Elementary and Secondary Education Act, which this year totals a little more than \$66,000,000 for Texas schools.

RETAIL SALES UP — Texas' retail sales surged upward five per cent during October, mainly because of a 16 per cent increase in the area of new cars, according to a report by the University of Texas Bureau of Business Research.

October durable-goods sales totaled \$514,000,000, up \$71,000,000 over September. Strongest increase was in the area of new car sales, showing a 25 per cent increase, but still two per cent short of the October 1965 gain.

SCREW-WORM ERADICATION — Airplanes dropped 263,425 sterile screw-worm flies during October to fight Texas' screw-worm infestation. So says a joint report by the U.S. Department of Agriculture's Animal-Health Division and the Texas Animal Health Commission.

This includes drops over Mexico of 199,724,000; Arizona, 74,164,000; New Mexico, 20,790,000 and California, 7,680,000 during the same period.

Mexico was the leader in the number of laboratory-confirmed cases, with 2,135. But Texas' epidemic put it far ahead with 715 cases. Arizona had 120, New Mexico 36 and California 9.

Texas' epidemic seems to be tapering off, as a spokesman for the commission said the number of cases is now down to four or five per day. Before the infestation, the number was normally three or four per week, and during the epidemic's height, that jumped to over 190 cases one week.

MED FLY ERADICATED — First infestation of the Mediterranean Fruit fly has been officially eradicated, according to Agriculture Commissioner John C. White.

Lifting of quarantine ended the six-months' fight which saw 12,000 acres of land sprayed with pesticides 16 times in the Rio Grande Valley.

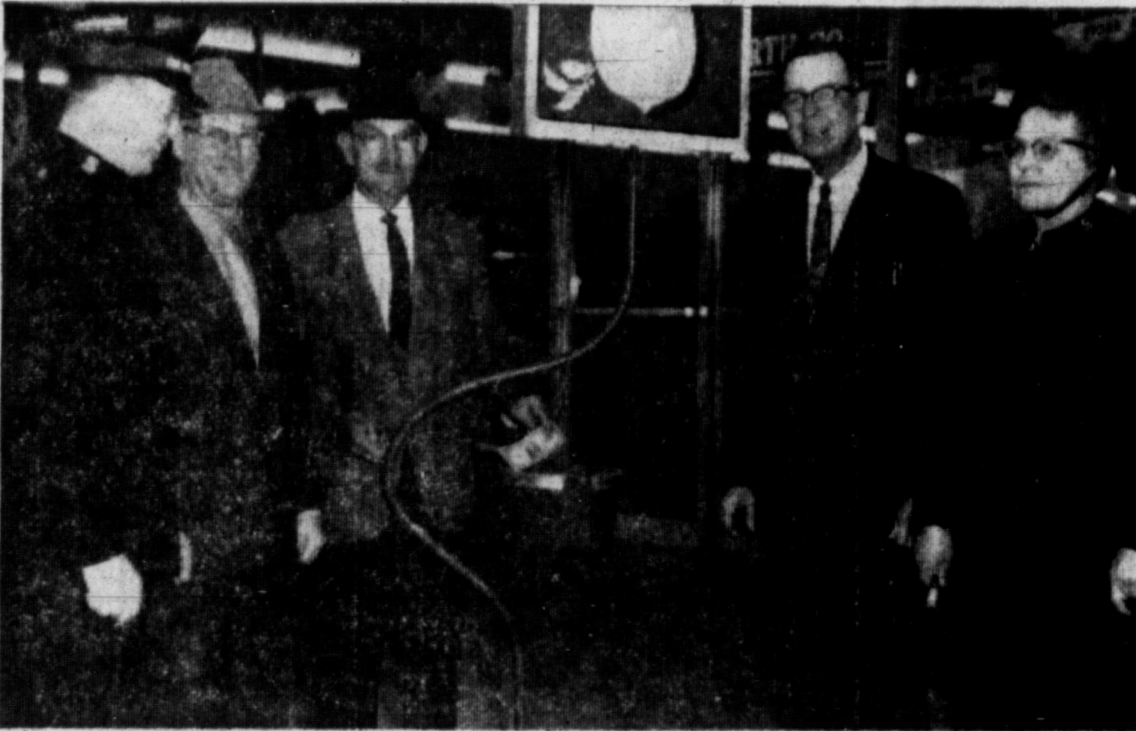

Fly traps will be maintained in the citrus growing area as a precaution, but U.S. Department of Agriculture and Mexican quarantine authorities removed the restrictions simultaneously with Texas. Quarantine had restricted movement of unfumigated fruit from Brownsville area.

HOSPITAL GRANTS — State Board of Health will meet on December 11-12 to decide how to allocate the \$17,300,000 in federal Hill-Buton grants among the 80 Texas health facilities which applied for over \$43,000,000.

This federal appropriation is slightly above the \$16,900,000 allocated to Texas for 1966 grants. These federal grants will be matched with local money for health modernization and expansion programs. Total cost of the improvements sought in the applications is \$104,917,000. Since the amount requested is so much more than the amount available, the health board will have to sift through the applications and recommend the most pressing ones for acceptance.

Old Christmas carols bring new hopes to patients in hospitals and nursing homes visited by The Salvation Army. Through its League of Mercy, The Salvation Army annually visits more than 3 million individuals in over 10,000 institutions throughout the country.

Read The News Classified Ads

KETTLES ON! — A familiar scene on Pampa streets from now through Christmas eve will be the traditional Salvation Army kettle with blue-uniformed Salvation Army personnel urging passersby to drop in coins and dollars that will bring a share of holiday cheer to lonely and needy neighbors. Making the first donations to the army's annual Christmas appeal are, from the left, J. Kirk Duncan, Frank M. Culbertson and Charles B. Cook, flanked by Captain Robert J. Tritton and Mrs. Tom Southard, kettle worker.

Wall Street Chatter

NEW YORK (UPI) — The Wright Advisory Reports says although it does not foresee anything more serious in 1967 than a slowdown in the growth of the economy, it feels that "defensive" and "growth" stocks have become trader's favorites and does not advise bucking this trend. The firm says most cyclical issues, with some exceptions, have been avoided in the recent climb from the October lows and that concentration on issues least affected by an economic slowdown and with good earnings potential should be stressed.

Bache & Co. says President Johnson's announcement of a \$3 billion cutback in federal spending did not clear up one of the basic problems facing Wall Street—the possibility of a tax hike. The company feels this uncertainty will continue to restrain the list in the otherwise buoyant month of December and that narrow price fluctuations probably will extend into late next month when a favorable seasonal pattern will take hold.

Stanley Heller & Co. says that despite the rash of unfavorable economic statistics, the market has reacted well and confidence appears to have improved although centered on issues last likely to be affected by a slowdown in the economy.

New Groom Scout Program Set Up

GROOM (Spl) — The Scout program in Groom has just been reorganized with Mr. Jake Lacy as Scoutmaster. Doan Hanna and Rusty Pipin are assistant Scoutmasters. Methodists are sponsoring the troop. Scout meetings are held on Tuesday nights from 7 to 8:30 in the home of Mr. Lacy, until the scout house can be vacated. Enrollment in the scout program includes 30 boys.

TELEPHONE CALL SMELL A RAT

NAERPIOE, Ninland (UPI) — Police are looking for a thief with thick gloves and a sense of humor. The culprit broke into a milk farm, stole 20 minks of the valuable black cross breed and left in their place 20 bony, badly kept and worthless hides.

Television in Review

By RICK DU BROW

United Press International HOLLYWOOD (UPI)—Some years ago I was assigned to do detailed research for Paris Match magazine for a story the French publication was planning on Marilyn Monroe. Most of the research, as I recall, was to concern her dreadful childhood, and when the teletype operator here finally sent off the thousands on words, he walked over to my desk, visibly shaken.

"I never realized she had it so bad," he said. I hadn't realized it either until going about the point-by-point fact-gathering, and while typing up the notes I had been shaken, despite my lack of enthusiasm for Miss Monroe as a performer.

To Mr. and Mrs. James Minick, Miami, on the birth of a girl at 10:03 a. m., weighing 8 lbs. 3 ozs.

Foreign News Commentary

By PHIL NEWSOM

UPI Foreign News Analyst in Cairo, a jowled and heavy-lidded man whose sports shirt hung outside his trousers, arose to address 5,000 cheering students gathered on Cairo's modernist university campus.

He promised new Arab commando raids on Israel. He would be set up in Cairo to train young Palestinians to fight the Israeli armed forces, in addition to the 10,000 who already have undergone training in the Gaza strip and others in the process in Red China, Syria and Iraq.

No one, least of all the Israelis, was inclined to doubt him.

The man was 58-year-old Ahmad Asaad Shukairy, chairman of the Palestine Liberation Organization, implacable foe of Israel with an equal hatred for a fellow-Arab, young King Hussein of Jordan.

Shukairy, an Arab nationalist, holds passports from the United Arab Republic, Syria, Saudi Arabia, Iraq and Algeria. At one time he headed the Syrian delegation to the United Nations. At another, he served as head of the U.N. delegation from Saudi Arabia.

With the feuding of the Palestine Liberation Organization in May, 1964, he became its chairman and spokesman for nearly 1.5 million Palestine Arab refugees dedicated to the destruction of Israel.

His hatred for Hussein stems from Hussein's refusal to let the liberation army operate from inside Jordan's borders.

And in recent days, as Hussein has fought to retain his throne, Shukairy has joined the voices of the Syrian and Unit. Arab Republic radios in support of Jordanian demonstrators seeking Hussein's overthrow.

If war is to come to the Middle East, it will be a tragedy of miscalculation. When on Nov. 13, the Israelis struck in force across the Jordanian border in retaliation for Arab commando raids against her own territory, she unleashed a reaction which obviously her leaders had not foreseen.

Where the documentary often stood out was in its unspoken, visual editorial comments. As an example, there were scenes illustrating the sheer embar-

Letters To Santa Claus

Dear Santa:
Please bring me a \$3.99 Combat Carrier with 8 tanks and jeep and truck. I would also like Johnny West Saddle "Flame" in a corral and a jeep. Thank you.

No Country Club Playing for Boston Red Sox

PITTSBURGH (UPI)—Some people already are feeling sorry for Dick Williams because they believe in no time at all he'll think he's head pro at the Boston Red Sox Country Club. Those who believe that don't know Dick Williams.

They're in for quite a shock and so are any of the Red Sox who are coming to play—play around, that is, instead of play ball.

Anyone anyone tries pulling that country club gag on Williams, Boston's new 37-year-

old, stocky, crew-cut manager stops the line of conversation with:

"Listen, I know all about it. I played with the Red Sox two years in 1963 and 1964. I know practically all the players and they know me. They also know this, chance means everything in the world to me. When I was given this job I was told I'd have full reign. No matter what else, I intend to have the respect of the players. I'll run as tight a ship as I have to."

Those who know Dick Wil-

liams know he's not talking merely to hear himself. The one player in particular knows that and he's one Williams managed at Toronto last season.

This player, a pitcher, felt the Boston organization was treating him shabbily and that he should have been promoted to the Red Sox but he didn't. To show his piety, he walked up to Williams and informed him he didn't intend to participate in the International League playoffs with Columbus.

"Your contract calls for the

whole year and that includes these playoffs," Williams calmly told the player. "I can't tell you what to do, but I'll tell you this much, you're suspended if you leave."

The pitcher pursued the matter further and when he asked why he hadn't gone up to the Red Sox, Williams frankly told him he hadn't recommended him as a major leaguer. One word led to another and suddenly from out of nowhere, the pitcher punched Williams in the eye.

"I let him swing first," says the new Red Sox pilot. "The whole thing was over pretty quickly. I wound up on top."

There are those who feel youthful, home run hitting Tony Conigliaro could become Williams' greatest problem but Williams doesn't believe it for a minute and he thinks he knows Conigliaro because he roomed with him when the outfielder first came up with Boston two years ago.

"Tony has matured quite a bit," says Williams. "I know this, he's turned into a man and he's a helluva fine ball player. Everyone here at these baseball meetings wants him. No one's going to get him."

Williams' overall approach to the business of managing is basic.

"I expect everyone to run the ball out," he says. "I don't think that's asking too much. Physical errors are normal. They'll happen to anyone. Mental errors are something

else. They shouldn't be tolerated. After all, ball players are getting paid real good. For the money they get, I expect them to think."

As a player, Williams put in 14 seasons in the majors and was obtained on four different occasions by Paul Richards, who knows a good thing when he sees one.

The only manager I want to be like is Dick Williams," he says.

Right there, he's the only one of his kind.

Miners Get Jump On Rest of Top 10 With Game Tonight

United Press International

Defending NCAA champion Texas Western Thursday night gets the jump on "that West Coast team" it expects to challenge for the national championship when the Miners entertain Sam Houston on the opening night of the 1966-67 major college basketball season.

Texas Western, No. 2 in the Board of Coaches pre-season ratings behind Lew Alcindor and his precocious sophomore playmates at UCLA, is one of four teams ranked among the top 10 to see action Thursday.

UCLA, which doesn't expect to be outjumped for the rest

of the season with the 7-foot-1 Alcindor a center, opens its schedule on Saturday night.

Texas Western, which finished third in the final ratings last year behind Kentucky and Duke after compiling a 23-1 record in regular season play, returns five of its top seven players from the squad which whipped Kentucky 72-65 in the NCAA final.

The returnees include quicksilver guard Bobby Joe Hill, who sparked the Miners' upset of Kentucky with several spectacular steals and heady quarterbacking, and David (Big D) Lattin, an awesome brute of

a rebounder at 6-foot-7, 240 pounds. Also on hand again are 6-8 forward-center Nevil Shed, 6-5 forward Willie Cager and 5-5 Willie Worsley, the remarkable little guy who can dunk the ball. Phil Harris, a 6-10 sophomore, is the top reserve.

One thing in TW's favor, of course, is Coach Don Haskins' uncompromising, man-to-man defense which hounded such good clubs as Cincinnati, Kansas, Utah, New Mexico and Iowa not to mention Kentucky, into submission last season.

Sam Houston which finished third in the Lone Star Conference a year ago with a 16-10 mark, is merely an appetizer for the Miners who don't hit the main course on their schedule until Dec. 10 when they visit Southern Methodist, the Southern Conference favorite. New Mexico, Kansas and Wichita successively.

HIGH FLYER — Rick Foster, a senior Pampa through four games, Rick, 6'1, is averaging just over 15 points per contest. Pampa plays Dumas in the Top O' Texas Tournament tonight.

Harvesters Tackle Dumas in ToT Meet

By RON CROSS
Sports Editor

Elk City, Okla. and Burk Burnett tip off night action this evening in the 12th annual Top O' Texas Invitational basketball tournament in Pampa Fieldhouse.

The Elks and Eagles play at 7 p.m., and Pampa opens defense of the tournament crown at 8:30 p.m. against Dumas.

This afternoon Borger and Childress got the tournament rolling with a 3 p.m. game and Channing and Canyon played a 4:30 p.m. contest.

Two games will be played Friday afternoon and two Friday night and two Saturday afternoon and Saturday night.

Borger went into its contest with the Bobcats with a 2-1 record while Childress was 0-1, losing a Tuesday night opener to Wichita Falls Ryder.

Channing, the co-favorite with Pampa, boosted a 6-0 mark while Canyon was 0-1 having fallen to Borger Tuesday night.

The Elks play their first game of the season against Burk Burnett who has bowled over three straight opponents.

Elk City has one of the smallest players in the tournament but one of the best scorers in the Sooner state in 5'8 guard Sammy DeSpain, who averaged 19.4 points per game last season.

The Harvesters have never lost a game in the Top O' Texas affair and are rated to repeat as tournament champions again this year.

In the past the tournament has been a four-team, holiday meet but this year four more teams were added and the playing dates set earlier in the month.

Pampa brings a perfect 4-0 mark into the game tonight while Dumas comes in at 2-1 and appears to be improving every game.

The Demons returned nine lettermen and four starters from the 1965-66 club.

Three of the starters are just getting into basketball shape most consistent scorer with 88 having just ended the gridiron points, an average of 22 per contest while junior center Bob Pampa is the hottest scoring Lang, voted Harvester-of-the-team in the tournament and has Week is next with 65 points, an not yet played at home. The average of 16.1 per contest and Harvesters are averaging 77.2 Rick Foster has an 15.0 per points per contest and have give-game average and senior Steve en up an average of only 83.0 Williams is averaging 12.2 points per contest.

Super Bowl Problems Next for NFL Owners

NEW YORK (UPI)—National Football League owners having settled their realignment problems for the next two seasons, today turned to the super bowl, player draft and television rights issues at their special meeting.

The owners decided Wednesday that the league's 16 teams would be divided into four, four-team divisions—the Central, Coastal, Capitol and Federal.

Western Conference

The makeup of the new divisions:

Coastal Division—Baltimore, Los Angeles, San Francisco and Atlanta.

Central Division—Green Bay, Chicago, Detroit and Minnesota.

Eastern Conference

Cleveland, Pittsburgh and New York.

Capitol Division—Dallas, Philadelphia, Washington and New Orleans.

In the post-season playoffs that will take three weeks, the Coastal and Central division champions will play for the Western Conference title and the Federal and Capitol division

titlists will play for the Eastern Conference championships.

The two conference champions will meet for the NFL championship and that winner will play the AFL titlist.

The new schedules won't be drawn up until next spring.

League owners said the question of this season's super bowl would be thrown open for discussion Thursday with a decision expected on the time and place of the game either late Thursday or Friday.

Although the new four-team division is rather complicated, it was made even more so by a compromise which will see New Orleans switch with New York and become a part of the Cleveland-Pittsburgh-St. Louis group in 1968. The Giants will then move into the Capitol Division with Philadelphia, Washington and Dallas.

BENECK RETIRES

ROME (UPI)—Daniela Benneck, considered Italy's greatest woman swimmer, said Wednesday she was retiring from active sports.

Bucks Eye Class A Bout With Sonora

By A STAFF WRITER

WHITE DEER — With everyone reported in good physical condition White Deer continued preparations today for a defense that can halt high-scoring Sonora.

The Bucks and Broncos tangle at 7:30 p.m. Saturday in Snyder in the state class A quarter-finals.

Passing is Sonora's best offensive threat and last week the Bucks got a taste of some good passing from Spur, whom they defeated, 48-30.

11; Bucks' coach Sherill Bottoms believes Sonora might be a bit easier to defend against since they average passing about every three of four downs.

"Spur had a more rounded attack, they could run and throw and do both pretty good," Bottoms said, adding, "Sonora is more of a passing team and doesn't do much running."

The No. 3 rated team in the state has seen quarterback Larry Cook pass 127 times and complete 61 for 1,280 yards and 17 touchdowns. He has had only two intercepted.

But the Bucks will try to do something about that and more than likely will.

White Deer had given up only 20 points prior to the Spur contest, boosting one of the best defensive teams in the state.

The Bucks still have given up only an average of 4.5 points per game and didn't seem at all shaken from the 30-point barrage thrown at them by Spur.

Sonora has averaged giving up 9 points per contest and must be facing the potent team they will see this season.

White Deer has a slew of backs and linemen that could play for anybody and have totaled 420 points in their 11 games, an average of 38 per game.

No defense has been able to stop the running of Vernon Marlar, John Paul Guinn, Randy Elliott or Gary Smith. If somebody gets hurt Bottoms can always put guard Gary Smith in the backfield or a host of others.

Guinn, playing his first full season as a quarterback has scored 70 points and last week decided he'd pass a little and completed four of four.

Halfback Elliott shook off a series of injuries and other problems and played like he did last year, scoring three times.

Fullback Smith and tailback Marlar continued to eat up the yardage with both scoring a touchdown each.

Marlar, almost a cinch all-state back ran his season point total, to 96 and Smith, injured most of the season ran his to 42.

Both teams enter the contest with 11-0 marks.

Shocks Play In Tourney

Defending champion Pampa opened defense of its tournament championship at 4:30 p.m. today in the annual Phillips B Invitational cage tournament.

The Shockers, coached by former Harvester Bill Brown, played Dumas at 4:30 p.m. A victory would pit them against the Perryton-Borger winner at 7 p.m. Friday while a loss would see them play the loser of the same game.

Pampa entered tournament play with a perfect 4-0 mark having beaten Hereford, Wichita Falls, Quanah and Perryton.

The Shockers are averaging 72.3 points per game and are averaging giving up only 51 points per contest. Jim Hollis has been the leading scorer with 24.1 average while Mike Sublett has a 18.7 average.

Rick's Playing for a Winner

When Rick Goodwin was a high school star in Pampa most of his thoughts were taken up on wanting to play on a winning football team.

This never happened to Rick in high school where the Harvesters finished 4-6 in both his junior and senior years.

But Ol' Rick decided he'd play college football with a team that had a tradition of winning and landed at the University of Oklahoma.

Now everybody knows not many schools have more of a winning tradition than the U of O. But Rick might have thought he was something of a jinx when the Sooners finished 'on-ly' 6-3-1 in 1964 in his freshman year and fell to a unbelievable 3-7 the following year.

But the old jinx is gone this season and when the Sooners meet Oklahoma State's Cowboys Saturday the Sooners can finish no worse than 6-4 and have a better than even chance of winding up with a glossy 7-3 mark.

However it turns out, Rick will have played on his first winning football team.

It hasn't been a completely happy year however, despite the stunning upset of Sugar Bowl bound Nebraska on Thanksgiving Day, for Rick.

The 20-year-old junior has had a frustrating year to say the least, despite the fact that he

reasoned, because, as he put it, "We lose three of our four offensive guards and that's put quite a load on new guys coming up. I was looking pretty good on both offense and defense before I got hurt so they may shift me."

Rick has mixed emotions about any shift for defense is his first love. "I like to go get that bell carrier," he says, adding, "But to play I'll play wherever they want me to."

Having played against the nation's No. 1 college football what does he think about the fighting Irish?

"That game really shocked us. We didn't know they were that good, but they were and it didn't take us long to find it out."

The most disappointing losses? "Well, of course, all of 'em are disappointing, but either the Colorado or Missouri game. If there's a chance I might play offense next season," he would win either one or both we

could have tied for the conference championship. Our defense went bad against Colorado and our offense against Missouri."

After upsetting the Nation's No. 4 ranked team, Nebraska, will it be hard to get 'up' for Oklahoma State?

"Not at all, the 190 - pounder said quickly, last year they beat us for the first time in 20 years. We'll be thinking about Saturday. Everybody's ready and wanting to go."

When you see No. 61 trot out on the field for the Sooners just remember there goes a Harvest-

er. In exchange, the Senators received southpaw reliever Darold Knowles and cash in the second inter-league deal of the winter baseball meetings.

Lock, who is now 30, joined the Senators July 11, 1962, in a trade with the Yankees for Dale Long. He batted .233 hit 16 homers and drove in 48 runs for Washington this year. Knowles, 24, showed a 6-5 record and a 3.6 earned run average in 69 games for the Phillies.

With the addition of Knowles, the Senators now are top heavy in the bullpen with righthanders Ronnie Kline and Casey Cox and southpaw Dick Lines as well.

The Panna Daily News

A Watchful Newspaper
EVER STRIVING FOR THE TOP OF TEXAS
TO BE AN EVEN BETTER PLACE TO LIVE

The Panna News is dedicated to furnishing information to our readers so that they can better promote and preserve their own freedom and encourage others to see its blessing. Only when man is free to control himself and all he produces, can he develop to his utmost capabilities.

We believe that freedom is a gift from God and not a political grant from government. Freedom is neither license nor anarchy. It is control and sovereignty of oneself no more, no less. It is thus consistent with the Human Relations Commandments, the Golden Rule and the Declaration of Independence.

Kennedy Death Mystery Lingers

Don Oakley, of Newspaper Enterprise Association reports now that the third anniversary of the assassination of President Kennedy has passed, perhaps the controversy over the tragic event may be permitted to retreat back into the inside pages of the newspapers and the book review sections of magazines.

The theorizing and question-raising and evidence-examining can be expected to continue, however, and to surge up anew each November. The assassination of a president is not a minor occurrence, and when it is surrounded, as this one is, by so many doubts and possibilities and unanswered questions, it leaves a mark on the public consciousness that takes decades to erase.

From the time the Warren Commission published its report 10 months after the assassination, both its procedures and many of its findings have been under attack by various writers.

The commission has been charged with having begun with a theory — that Lee Harvey Oswald acted alone and unaided — and of having searched for only those facts which would support the theory. It has been charged with giving great weight to certain evidence and testimony and dismissing other evidence and testimony that cast doubt on the theory.

Ironic Twist of a Helping Hand

A student drop-out problem of a different sort is becoming a major concern to a number of governments.

The students are foreign nationals in the United States, an increasing number of whom, mostly from underdeveloped countries, are electing not to return home after completing their studies. They are, in effect, dropping out of the intellectual and economic life of their native lands just when they have become most valuable.

The Unsung Heroes

We think of courage largely in terms of the spectacular — heroism on the battlefield, at sea, in the dramatic rescue, during moments of disaster.

Cannel At Bay

By Ward Cannel

Deck the Halls With Jolly Books — NEW YORK (NEA) — Right after Thanksgiving, as everybody knows, comes the holiday of Christmas Shopping.

Today's article covers unusual gifts from the book department.

To our way of thinking, there is nothing more unusual than the books being published today.

GENERAL I Wonder Who's Kiesinger Now: A rollicking, heart-warming account about the old Third Reich and the jolly little band of guys and gals who started the Fourth.

Writing Magazine Stories That Sell: By Lynda Bird Johnson. Everything you need to know to become a successful freelance writer in today's competitive market.

No He Did: By the editors of Life magazine as told to each other. An inquiry into modern methods and techniques for making hay while the sun shines.

101 Things to Do With Topics: By William "Bill" Moyers. Wonderful, easy-to-prepare dishes based on official Washington recipes, including the famous Pedernales Quiche.

Human Sexual Response Below the Equator: The second volume in the continuing series. New titles already under way: "Human Sexual Response in New Jersey"; and "Human Sexual Response in March."

Coming Round the Bend: Hundreds of witty, amusing and often hilarious anecdotes about celebrities who have been institutionalized with mutual disorders.

Valley of the Dolls by X: A tense and gripping novel that reveals for the first time the passions and appetites of the Washington press corps as seen through the eyes of a fading but still competent White House secretary.

Backstage Washington

Katzenbach and FBI Chief Take Opposite Sides in U. S. - Soviet Consular Proposal

WASHINGTON — Undersecretary of State Nicholas Katzenbach is apparently a glutton for punishment.

Under the agreement, the only recourse the U.S. would have in the event a Russian spy was apprehended would be to deport him.

Under the agreement, the only recourse the U.S. would have in the event a Russian spy was apprehended would be to deport him.

Under the agreement, the only recourse the U.S. would have in the event a Russian spy was apprehended would be to deport him.

Under the agreement, the only recourse the U.S. would have in the event a Russian spy was apprehended would be to deport him.

Under the agreement, the only recourse the U.S. would have in the event a Russian spy was apprehended would be to deport him.

Hunt for Truth

BY H. L. HUNT

A PRESIDENT'S ADVISERS

In our country the people elect the nation's President, but they do not elect his advisers.

These advisers, if they are not conscious of the threat to freedom today or if they are active on the side of the anti-freedom forces, are in a position to do great harm to America.

For years the despoilers of freedom have been dedicated to upholding the Soviet Union.

What can be said with certainty is that freedom's cause has not been gaining.

GOP PREVIEW — A possible early test of strength between the two leading Republican presidential hopefuls is shaping up in the Senate.

A thought for the day — British statesman Benjamin Disraeli said: "Man is not the creature of circumstances. Circumstances are the creatures of man."

Civilian Draft, Is It Coming?

(Human Events) Administration forces are expected to push for legislation next year which would eventually lead to compulsory governmental service for everyone out of high school.

LBJ is reportedly an avid supporter of the plan. In a little noticed talk at the University of Kentucky last year, the President promised to "search for new ways" through which "every young man will have the opportunity—and feel the obligation—to give at least a few years of his or her life to service of others in this nation and this world."

On May 18, Defense Secretary Robert McNamara, speaking in Ottawa, lofted a trial balloon when he proposed a move toward universal service "by asking every young person in the United States to give one or two years of service to his country—whether in one of the military services, in the Peace Corps, or in some volunteer developmental work at home or abroad."

LBJ is moving right along with this controversial project. He has asked his special National Advisory Commission on Selective Service, headed by Bobby Kennedy's friend, Burke Marshall, to come up with a report in January on proposals which would "encourage" young men to serve in the government in fields other than just the military.

Propagandists for this idea insist the "Great Society" has no intention of making such service mandatory, but the Marshall Commission and its supporters are considering methods which come close to compelling young men and women to work for their government.

The Doctor Says:

By DR. WAYNE BRANDSTADT
Dizziness in Walking May Have Variety of Causes
Q—I get so dizzy when I walk I have to hold on to something to keep from falling. What would cause this?
A—Dizziness may be caused by anemia, getting up too suddenly from lying down, Meniere's disease and tumors at the base of the brain.

Q—I black out when I get up from a reclining position or after bending over. Is this serious? What should be done about it?
A—This is usually due to vasomotor instability of the nervous system that controls the caliber of your blood vessels.

Q—Ever since my child was born 19 years ago I have had a milky discharge from my breasts. Will this lead to cancer?
A—Judging by the number of similar letters I get, this may occur after any pregnancy.

Between the Bookends

WHICH WORLD DO WE WANT?
An excellent new series of film-strips may help to define the nature of the "struggle" that we keep hearing so much about these days.

The fifth section consists of four lessons in economics. It identifies private property, the profit motive and the free market as the three basic principles of capitalism.

The sixth section comprises a review and a plea for the viewer to become a more active citizen.

Customer — The price of these shoes seems high. Wasn't there something said about a movement to have it reduced?
Clerk — Yes, but it's not on foot yet.

Mr. Little—I want to make you rich.
Mr. Long—Leave your recipe with me and I'll look it over later. Just now I'm engaged in closing up a little deal by which I expect to make \$7.50 in real money.

Wit and Whimsy

Card of Thanks
NAZARIA MELENDEZ SOTO
We wish to thank all of our friends for their many deeds of kindness during our recent bereavement. Special thanks to all the medical staff at Highland General Hospital, the pallbearers and Duesent Funeral Home and those who sent floral offerings.
