HI-PLAINS EYE BANK — Joe Tooley, outgoing president from Pampa, congratulates Claude Nelson of Dalhart, after Nelson was named as new president of Hi-Plains Eye Bank, Inc. during the group's annual meeting and installation of officers here last night. (See story, page 3.)

Troops Sweep Into Viet Cong Territory

SAIGON (UPI)—U.S. 1st Infantry Division troops sweeping previously unchallenged Viet Cong territory Saturday turned back an estimated 450 Communist troops in heavy fighting that left 196 enemy dead on the battlefield.

The fighting 55 miles north of Saigon in "War Zone D" cost the Americans 31 killed and 113 wounded.

Artillery and air strikes aided the "Big Red One" troopers in the fighting against Communists believed to be from the Viet Cong's 271st Regiment.

A four-engine U.S. military transport plane bringing American servicemen back to the Vietnam battlefield from vacation crashed Saturday night at An Khe in the Central Highlands, killing 28 of the 49 persons aboard.

Military spokesmen in Saigon placed the toll at 28 but reports from An Khe, headquarters of the U. S. 1st Air Cavalry

Division 230 miles north of the capital, said 35 persons were killed and at least 13 rushed to hospitals.

U.S. military spokesmen also reported that U.S. 101st Airborne Division paratroopers 320 miles northeast of Saigon battled an estimated 400 to 600 Viet Cong in a seven-hour battle. Only eight Communists were known killed.

In air action, U.S. Air Force Dragonships and pilots flying night "Skyspot" radar strikes Friday killed 48 North Vietnamese regulars 11 miles west-northwest of the Marine airbase at Da Nang. Other U.S. pilots Friday flew 111 missions over the north itself.

A cloud cover restricted most of the raids to the area just north of the Demilitarized Zone (DMZ) border but some of the pilots managed to get as far north as the Bac Giang thermal power plant, 23 miles northeast of Hanoi.

One plane, an Air Force F105 Thunderchief, was shot down Friday but its pilot was rescued. It was the 596th U.S. plane lost over North Vietnam. The plane which crashed at An Khe Saturday night was a C130 transport with 42 passengers and a crew of seven. It crashed on takeoff, tipping forward and exploding into flames.

It had left Saigon's Tan Son Nhut Airport, dropped off passengers at Pleiku and then landed at An Khe. It crashed while taking off for coastal Qui Nhon.

Celanese, Cabot Listed Among Top 500 Corporations

Celanese and Cabot corporations, both with plants in Pampa, were listed among the top 500 largest United States industrial corporations for 1966. The listing appeared in Fortune's 13th annual directory of the largest corporations, published Friday.

Celanese was ranked 77th, with sales of \$1,019,912,000. Assets were listed at \$1,685,328,000 with a net income of \$66,702,000. In 1965 Celanese was ranked 78th.

Cabot ranked 434th in 1965, slipped to 451st in 1966, according to Fortune. Sales were listed at \$197,292,000. Net income was reported at \$12,197,000.

Celanese has headquarters in New York, and Cabot in Boston.

SATELLITE LAUNCHED
VANDENBERG AFB, Calif. (UPI)—A secret satellite was launched Friday, atop a Thor-Agena booster combination on an undisclosed mission. The satellite was launched at 4:36 p.m. CDT by an Air Force-industry team. Under current Defense Department policy, no additional details were released.

3 Years of Testing Develops Weapon

TOKYO (UPI)—Communist China announced early Sunday it has successfully exploded its first hydrogen bomb less than three years after Peking's entry into the nuclear age.

A Peking Radio broadcast said "the successful experiment of a hydrogen bomb" took place Saturday in the air over western China and demonstrated "a new stage in the development of nuclear weapons."

The announcement coincided with the visit in New York of Soviet Premier Alexei Kosygin, whose nation has been involved in bitter ideological controversy with Red China.

It indicated Communist China's development of nuclear weapons was progressing more rapidly than many western experts originally expected.

Both official Peking Radio and the New China News Agency reported the Peking government's sixth nuclear experiment in two years and eight months—and its first hydrogen bomb test.

The announcement did not give the exact location of the bomb test. It was believed however, the Red Chinese set off the bomb in China's remote western Sinkiang Province, where the Peking government maintains huge nuclear testing facilities.

The official New China Agency report said the "success of this hydrogen bomb test represents another leap in the development of China's nuclear weapons."

"It marks the entry of the development of China's nuclear weapons into an entirely new stage," the Peking agency said. "The Chinese people are proud of this, and the revolutionary people the world over will also take it as a matter of pride."

Peking's claimed feat would put it in the company of the United States, Britain and the Soviet Union—the only three nations which have had the hydrogen bomb. France is currently developing an H-bomb but it is not expected to be ready for several years.

Red China entered the nuclear age on Oct. 16, 1964, with a nuclear test about the size of the U.S. bomb dropped on Hiroshima in 1945—the equivalent of 20,000 tons of TNT.

If it comes from a hardware store we have it. Lewis Edw. (Adv.)

Rain Belts Pampa With Up .90 Inch Average for City

Pampa was hit with a thunder and lightning storm late Friday night that left up to three inches of rain in Pampa and a .90 of an inch average around the city. Areas west of Laketon and Le-fors, both got .50 of an inch, and areas south of Pampa received .80 of an inch. Other areas north of Pampa received up to 2 1/2 inches, and east about an inch. "A slight downpour" fell at the W. F. Taylor farm north of Pampa, but no damage was reported in or around the city.

In east Pampa, about three inches fell on Brunow St. and other gauges measured 1.77 of an inch in downtown Pampa and 2.1 inches in north Pampa, on Christie St.

A cold front that has stalled over the Texas Panhandle and South Plains for more than a week, bringing night after night of turbulence to that section of the state, moved only slightly Saturday. More thunderstorms were in prospect for Northwestern Texas.

Hail, high winds, heavy rains and at least two tornadoes struck West Texas and Eastern New Mexico Friday night and Saturday morning. Hardest hit was Amarillo, where 20 cars were stranded in underpasses by fast rising water.

One woman was trapped in her car for 15 minutes before being rescued. The conditions which caused those heavy thundershowers prevailed again Saturday.

WEATHER
PAMPA AND VICINITY: Clear to partly cloudy with warmer daytime temperatures today and tomorrow. Chance of thundershowers this afternoon and evening. High today, upper-80's. Low tonight low-60's. Southerly winds 10-20 mph. Ten per cent probability of rain this afternoon and tonight.

U.N. Fireworks Due Tomorrow

UNITED NATIONS (UPI)—The General Assembly's emergency session on the Middle East crisis opened Saturday with Soviet Premier Alexei N. Kosygin the only major world leader present for the brief meeting at which the United States and Jordan clashed over the agenda.

Kosygin, the center of attention for millions of New Yorkers and a security force of thousands since his pre-dawn

arrival, did not speak during the 41-minute session.

The start of the assembly was delayed 41 minutes beyond its 8:30 a.m. CDT schedule because Kosygin paid courtesy visits to Secretary General Thant and Assembly President Abdul Rahman Razhwak of Afghanistan after arriving at the U.N. headquarters about 8:20 a.m.

The assembly was called into session at 9:11 a.m. It adjourned at 9:52 a.m. CDT until 9:30 CDT Monday when the fireworks will begin.

The opening session was marked by an exchange between U.S. Ambassador Arthur J. Goldberg and Ambassador Muhammad H. El-Farra over what the assembly was summoned to discuss.

Goldberg took the floor after the usual opening minute for silent prayer or meditation—Kosygin stood with the rest of the delegates—to argue briefly on the agenda for the emergency session.

As transmitted to all 122-member nations by Thant, the worksheet for the meeting included two separate items: —Adoption of the agenda, whose contents was not specified.

—Soviet Foreign Minister Andrei Gromyko's letter requesting the emergency session. Gromyko had asked that the assembly meet for the "liquidation" of Israel's aggression and the immediate withdrawal of Israeli forces from Arab territories to behind the 1949 Palestine armistice lines.

Moscow demanded the General Assembly emergency meeting after failing to get a resolution censuring Israel as an "aggressor" and demanding its surrender of occupied Arab territory through the 15-nation Security Council.

If it comes from a Gunstore we have it. Western Motel. (Adv.)

Cincinnati Is 'Back to Normal' Officials Say

CINCINNATI (UPI)—About 1,000 National Guard troops patrolled this Ohio River city Saturday to prevent new racial disturbances but officials said the city had "returned to normal."

A top police department spokesman said it was hoped the guard would be detached from assignment here beginning Monday.

Although there were no disturbances the past two nights, the guardsmen were kept on duty to "ensure continued peace during the weekend," the spokesman said.

Relative calm also returned to other trouble spots in the nation.

—At Dayton, Ohio, an organization of Negro youths called the "White Hats" helped restore racial peace. Wearing white helmets with the inscription "Youth Patrol—Dayton Police," the youths were doing a "very, very effective job," Col. Clair W. Mertz of the Dayton police said.

—At Lansing, Mich., cooler weather and heavy rains put an end to disturbances in a Negro neighborhood after two nights of violence, and police said it was "real quiet."

—At Warren, Mich., a Detroit suburb, demonstrations ended around the home of a racially mixed couple but a spokesman for the demonstrating group asserted that "when the police leave, we'll start all over again... we'll get them out."

—At St. Petersburg, Fla., a crowd of 50 to 100 Negroes threw rocks and bottles at police who arrested four persons on strong-arm robbery charges. Two fire bombs also were thrown, setting off a minor fire. A police official called the disturbance "not too unusual... hardly more than routine."

—At Jackson, Miss., James H. Meredith said he would return to Hernando, Miss., June 24 and resume his civil rights march which ended abruptly last year when he was shot and wounded from ambush.

NEXT SATURDAY

200 Quarter Horses Entered in Rodeo Association's Show

By WANDA MAE HUFF Staff Writer

About 200 Quarter Horses entered in the Top O' Texas Rodeo Association's Quarter Horse Show here next Saturday will be judged not only on how well they perform, but on how well they meet the breed's conformation standards.

The all-day show will start at 9 a.m. in Recreation Park, east of the city. Dean Ewing of Augusta, Kans., will judge the 14 halter and eight performance classes.

Exhibitor of the high-point, all-around horse of this year's show will receive a framed, hand-tooled leather picture depicting a cowboy and his horse roping a calf. Jim S. Hollingwood of 712 E. 16th St., designed and tooled the picture.

All entries must be registered with the American Quarter Horse Association, which has approved the show.

Entry fee for each of the 14 halter classes is \$7. Ribbons will be awarded in first through sixth places. A cash award of \$10 will be paid to each class winner, and trophies will be awarded to the grand champion stallion, mare and gelding.

Halter classifications are weanling fillies, and colts, foaled in 1967; yearling fillies, colts and

geldings, foaled in 1966; two-year-old fillies, colts and geldings, foaled in 1965; three-year-old fillies, colts and geldings, foaled in 1964 and aged mares, stallions and geldings, foaled in 1963 or before.

The American Quarter Horse

Association's judging handbook explained "among the first thing judges look for in a halter class is the way a horse trans-

fers, and if he meets his breed conformation standards."

Quarter Horse conformation is different from any other breed

of horse, for he has been bred for performance as a working ranch horse, as well as riding, racing, barrel racing and other rodeo type events.

In the Top O' Texas show performance events, riders over 19 years old may enter their horses in western pleasure, junior and senior reining, trail riding, junior and senior cutting, barrel racing and calf roping.

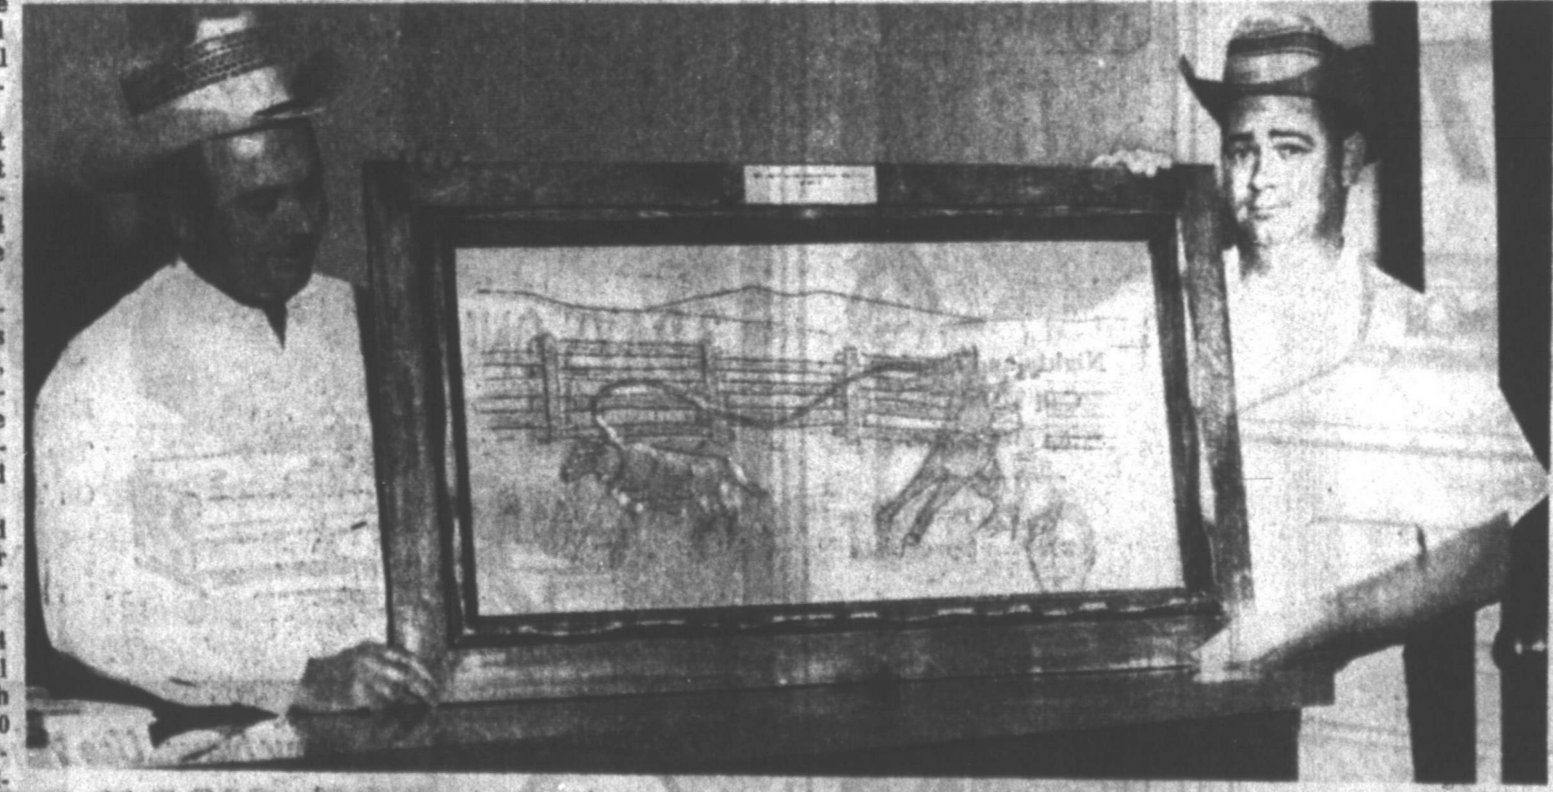

In all performance classes, the first place winner will receive \$10 cash and the jackpot winnings from entry fees. Ribbons will be awarded through six places.

The western pleasure event is primarily a walk, trot, and canter class designed to demonstrate a horse's disposition and his response to changing gait.

Reining events are one of the most exacting patterns a Quarter Horse performs. Each horse follows a prescribed course and is required to demonstrate his efficiency in changing leads, turning, stopping and backing.

Purpose of trail riding events are to measure a horse's ability to perform on the trail by placing obstacles in his path.

Cutting contests try to bring out the cow-sense characteristics of each Quarter Horse. For riders are forbidden by AQHA. (See SHOW, Page 3)

A TOP PRIZE IN QUARTER HORSE SHOW — Jim S. Hollingwood, right, designer and artist of the hand-tooled picture of a cowboy and his horse roping a calf will be awarded to the exhibitor of the best all-around Quarter Horse.

Horse Show, which will start here Saturday at Recreation Park. The hand-tooled picture of a cowboy and his horse roping a calf will be awarded to the exhibitor of the best all-around Quarter Horse.

Spotlighting Servicemen

Madeira Attends Summer Training

Cadet William B. Madeira, 22, whose mother, Mrs. Helen Hogan, lives at 914 N. Somerville, will attend Army Reserve Officers' Training Corps summer camp at Ft. Sill, Okla., with his unit from Sam Houston State College, Huntsville, Tex.

During the encampment, scheduled to begin June 14, he will receive six weeks of training in leadership, rifle marksmanship, physical conditioning and other military subjects.

Upon successful completion of summer camp and graduation from college, he will be commissioned a second lieutenant in the U.S. Army.

Edward M. Culberson

Culberson Now Warrant Officer

Edward M. "Skipper" Culberson, son of Mr. and Mrs. E. M. Culberson, Sr. of 828 E. Malone, has completed officer indoctrination and Communications School at Newport, R.I.

He received his Warrant Officer's commission while stationed at the Great Lakes Naval Training Center in Illinois where he was an instructor in the Electronic School.

Culberson, his wife, Norita, and three sons, Buster, Jeffery and Brian, are currently visiting his parents.

After his leave period is over, he will report for duty at Keflavik, Iceland.

He is a Pampa High School graduate and enlisted in the Navy in 1950.

Walker Training For Paratroopers

Ted Walker, son of Ralph and Corine Walker who live in Dallas and grandson of Mrs. Martha Walker of 744 Scott, has enlisted in the Army Paratroopers.

He is taking his basic training at Fort Polk, La.

Walker is a graduate from W. W. Samuell High School in Dallas.

CLASSIFIED ADS GETS RESULTS

Kenneth E. Hall

Hall Promoted To Navy Seaman

Kenneth E. Hall, son of Mr. and Mrs. Vernon Hall of 2234 Duncan, has been promoted to seaman.

Hall is serving with the Navy aboard the ammunition supply ship Mounta Kea.

Presently, Hall's ship is attached to Task Force 77 which is operating off the coast of Vietnam.

He is a 1964 graduate of Pampa High School and attended West Texas State University.

Broome Finishes General School

Army Major James R. Broome, son of Jesse J. Broome, Lafors, completed the 10-month regular course June 9 at the Army Command and General Staff College, Ft. Leavenworth, Kan.

He was among more than 700 officers from the United States and 43 allied nations who were prepared for duty as commanders and general staff officers in divisions or logistical commands. They received instructions in the function of the general staff at corps and Army levels.

The major received his commission through the Reserve Officers' Training Corps program at West Texas State College in Canyon, where he received his B.S. degree in 1955.

Brown Serving On Kearsarge

Fireman Apprentice Archie R. Brown, USN, son of Mr. and Mrs. Archie R. Brown of 1213 S. Sumner, is in Long Beach, Calif. serving aboard the Pacific fleet support aircraft carrier USS Kearsarge.

The 41,000 ton "flattop" has returned from conducting anti-submarine warfare exercises off the coast of California.

For their performance in the Gulf of Tonkin last year, personnel of the Kearsarge have received more than 400 Air Medals, as well as Silver Stars, Navy Crosses, Distinguished Flying Crosses and Purple Hearts.

Earlier this year, the carrier received the Battle Efficiency "E" Award for scoring the highest number of points, for overall combat readiness, while in competition with other support ships of its class.

The grizzly bear has practically disappeared from most of the United States and remains only in a few areas, such as Yellowstone National Park.

Astrological Forecast

By CAROL R. RIGTER

FOR SUNDAY, JUNE 18

GENERAL TENDENCIES: A day and evening to think deeply upon whatever happens to you personally, about your thought or religion and decide how you can live it better and with less problems and perplexities, realizing that confusion in one's belief negates anything of an effective, consistent nature. Don't force any remote matters.

ARIES: (Mar. 21 to Apr. 19) — If you follow that temptation to cause friction with one you really love, it can lead to real trouble. Let your intuition be tempered by your good judgment. Make payments that insure better for you, avoid worries.

TAURUS: (Apr. 20 to May 20) — Your partners come to you and make demands on this day of leisure that you had best show a diplomatic attitude. Suggest a nice dinner and picnic all. Don't permit a public annoyance to get you down.

GEMINI: (May 21 to June 21) — Being of assistance to others is your best bet, doing whatever is of a charitable nature, both in public and in private. Revisiting your health is also important. Take care you do not get to bed too late.

MOON CHILDREN: (June 22 to July 21) — It is possible to have a very happy day and evening provided you do not bring up anything that will cause you to feel that you are being used. Others will find you more charming and popularly increase.

LEO: (July 22 to Aug. 21) — Some emergency may arise at home which will require your help and attention. Then enjoy the comfort of your own home. Plan the week's activities in p.m. on the 18th.

VIRGO: (Aug. 22 to Sept. 22) — Much study into the spiritual will now show how to increase abundance through right thinking, acting. Step out later in the day to make important visits. Do not neglect one who is ill and without a word of cheer or comfort.

LIBRA: (Sept. 23 to Oct. 23) — If you show practical sense, you find they show you how to have a bigger income. Minimize your expenses and you will be ten times more carefully to what they suggest.

SCORPIO: (Oct. 24 to Nov. 21) — Make your decisions about your future life. Do not be misled by you, but not forgetful of the humanitarian who help those who are shut in.

SAGITTARIUS: (Nov. 22 to Dec. 21) — If you show greater amount of cooperation, you find that quiet arrangements can be made for some get projects in your mind. Others are in a generous mood. Be humanitarian and help those who are shut in.

CAPRICORN: (Dec. 22 to Jan. 20) — Capricorn friends that you know which are helpful and which are detrimental to your career, personal private happiness and well-being, who are coming to you. This could get you into a good deal of trouble.

AQUARIUS: (Jan. 21 to Feb. 19) — A day and evening to think deeply upon whatever happens to you personally, about your thought or religion and decide how you can live it better and with less problems and perplexities, realizing that confusion in one's belief negates anything of an effective, consistent nature. Don't force any remote matters.

PISCES: (Feb. 20 to Mar. 20) — If you take a different stand now with others, you find that you will advance instead of just standing still. Study into whatever is now puzzling to you. Be sure you know what those of different background expect from you.

IF YOUR CHILD IS BORN TODAY... he, or she, will be a very charming young person who has very deep understanding and will comprehend subjects and ideas that are well above the heads of others and can find right answers because of others and can find right answers because of accurate analysis. Show that you do appreciate this quality and don't pay with questions all the time. College is a must.

County Red Cross News

By LIBBY SHOTWELL
Executive Secretary ARC

Our Red Cross Board met Tuesday morning at 7 a.m. in the Coronado Inn with 22 members and guests present. The board voted to meet each second Tuesday morning through out the summer months. Jack Skelly, chapter chairman, urged all of the directors and chairman to go to Plainview, June 20, for the Combined Service Territory meeting, 10 a.m. until 3 p.m. Plans for the coming year will be made at this meeting. The program for the board meeting was given by Mrs. S. O. Linville, Mrs. V. J. Drew, Mrs. Libby Shotwell and Miss Barbara Holt, who all attended the National Convention at Dallas in April this year.

Center Pool and at the City Pool. All places for beginners are taken and a few places for Advanced Beginners and Intermediate and Swimmer classes are still open. We are sorry that we do not have any more openings for beginners.

Adult Beginner and Adult Advanced Beginner class will begin Monday evening at the Youth Center from 6 p.m. to 7 p.m. for \$2.00 each. This class is open to men and women and there is no prerequisite. Bring your suit and towel and you will be registered for these classes. Mrs. Lois Dittmeyer will teach the Advanced Beginner class and Mrs. Doris Reeves will teach the Beginner group. The two dollar charge is so a baby sitter can be hired to take care of children of the parents who take swimming.

Mrs. Forrest Hills will begin a class on Mother and Baby Care at the Highland General Hospital Tuesday evening at 7 p.m. for parents who are expecting their first baby. There is no charge for this course and you will be given information that will make parenthood a joy and pleasure. Remember June 20 at 7 p.m. on the OB Ward at Highland General Hospital. Bring the expectant grandmother too if you desire!

Mrs. Noel Thompson has been working in the Red Cross office with Water Safety records. We have a card on each child, and adult who will be taking lessons this summer with our Red Cross swim program. Miss Pat Ray will be answering the phone each Tuesday morning for the Red Cross. Pat is a Red Cross volunteer who works with the Volunteers on the second and fourth Saturday mornings at Highland General Hospital. A new Volunteer who will be working at the hospital on the second and fourth Saturday afternoons is Miss Glenda Me Nutt. Our girls work at the Convalescence Home as well as at the Hospital.

An invitation to attend the Greater Amarillo Chapter for their annual meeting June 22 in the Galaxie Room, Bank of the Southwest, at 7 p.m. Dinner tickets are \$3.50 per plate, RSVP, by June 19. Anyone who is in there is no prerequisite. Inquire should contact the Red Cross office and reservations will be made for you.

Monday morning our Red Cross sponsored swimming classes will begin at the Youth

Hospitals admitted 475,876 more persons in 1965 than in the previous year.

Gray County History Has Blanks In Origins of Geographical Names

Gray County residents who remember their county history are requested to help the County Historical Survey Committee solve the mystery of origins for several geographical names in this area, according to Tracy Cary, committee chairman.

Cary, who is also president of Pampa Historical and Genealogical Society, said yesterday the society and the committee are working on several projects, including the geographical name origins.

The information will be used in a dictionary of Texas place names to be published by East Texas State University Press.

Dr. Fred Tarpley, English professor at the university, has requested county residents to send him information explaining unknown origins.

He mentioned 10 places which have unknown origins — Cabin Creek, Deerfield, Graham Creek, Grandview School, Grapevine Creek, Heaton, Huselby Creek, Kingsmill, Lake McClellan and Lake McClellan Park.

Dr. Tarpley started his geographical name history five years ago and said he hoped the stories behind naming of communities, creeks and other geographical sites listed can be explained before his book is published.

To send data, mail it to Dr. Fred Tarpley, Department of English, East Texas State University, Commerce, Tex., 72458. "I know the origin of Huselby Creek. It was named after Mark Huselby who operated a store in Mobeetie in the early days," Cary said.

Cary, his committee, and the society are currently working on several projects, including compiling all Gray County official records, making a history of the county, with sketches of pioneer families; developing the Pioneer Cottage in Pampa and putting up historical markers in the county.

Revival To Begin Monday

The Rev. Dan Prescott, pastor of First Southern Baptist Church of Everett, Wash., will preach revival services for Calvary Baptist Church, 824 S. Barnes, at 8 p.m. each night beginning Monday through June 25.

Revival music director will be Zebbie Land, the Pampa church's music director.

Special nights during the week are Sunday school night, Monday; men's night, Tuesday; families, Wednesday; twin-night to "bring another guest whose name begins with the same letters as yours," Thursday; youths, Friday; and senior adults, Saturday, the Rev. Joe Hawn, pastor here, said.

Attendance goal of final services June 25 is 225. After morning services June 25, a barbecue dinner will be served at the church with adult tickets for \$1, youths 50 cents, pre-school and children free.

Firemen Answer 2 Rural Alarms

Pampa firemen at the South Station answered two rural alarms this weekend, one on the Edwin Nelson farm where a tool shed and tractor were burned and another on the Erving Chase farm where a water tank in a trailer house caught fire.

On the Nelson farm, the tool house and tractor were a total loss when lightning struck a building early Saturday morning. The farm is located 18 miles south and two miles east on Highway 70. Fire units were back in service at 2 a.m. Saturday.

On the Chase farm, located 1.6 miles south of city, a hot water tank caught fire causing heavy damage to the space for the tank. Units were out from 3:30 p.m. until 4:05 p.m. Friday.

EXCHANGE OF GOOD-BYS — Mrs. Mack Hiatt, president of the Gray County American Field Service Chapter, watches as, left to right, John Braly, past president of the Pampa High School student body; Werayut "Bill" Yootheringham, exchange student from Thailand; and Larry Franklin, president of the 1967 senior class, exchange good-bys Thursday night at a farewell party given in Bill's honor. He will be leaving Texas later in the month to return home after spending a year here. The party was held at the home of Mr. and Mrs. Eben Warner, 1221 Christine.

Show (Continued From Page 1) rules to rein or signal their horses in cutting livestock out of a herd.

In barrel racing tests, the judge clocks a horse's speed and agility in maneuvering around obstacles.

In calf-roping, a job for almost every ranch horse, the horse must measure the calf's speed and time his approach to give his rider the best and quickest chance to lasso and tie the calf.

Entry fee for the six youth activities is \$1. Youth events, showmanship at halter, western pleasure, pole bending, reining, barrel race and unregistered halter, will start at 7 p.m.

Any horse exhibited by youths must be owned by the contestant showing the horse, or by his father, mother, sister, brother, grandparent, or guardian and must be registered with AQHA. Ribbons will be awarded through six places. The high point youth exhibitor will receive the AQHA all-around trophy. The unregistered halter class winner will receive a trophy.

4-H and Future Farmers of America classes will be western pleasure, reining and halter classes. Halter classes are judged on type, conformation, substance and quality. Show manager this year is L. L. Fisher of Pampa, with Ed Vincent of Lefors as co-chairman.

Hi-Plains Eye Bank Installs New Officers

(See Story, Page 1) Ed Skypala of Hereford, past president of the Hi-Plains Eye Bank, a project of District 2-TI of Lions International, installed new officers of the eye bank organization during the group's annual meeting here last night. Jay Thompson of McLean was honored as the High Plains Eye Bank Inc. director of the year and received a mounted statue of a lion.

New officers of the five-year-old organization, are Claude Nelson of Dalhart, president; Dick Bynum of Amarillo, secretary and treasurer; Steve Messenger of Friona, first vice president; Thompson, second vice president and Barney Wiegand of Amarillo, third vice president. About 50 members of District 2-TI, which includes 62 clubs in the Panhandle area, attended the meeting.

Third year directors' plaques were presented to Bill Gilbert and Al Carr; second year to Joe Tooley, Charlie Cooley, James Thompson and Claude Nelson; first year to Dick Bynum, Gene Lewis, Messenger, Wiegand and George Setliff.

New directors, who serve a three year term, are Jim Darnon and Roy McBride, both of Amarillo.

The Hi-Plains Eye Bank Inc., one of several projects sponsored by the Lions Club of District 2-TI, tries to supply eye trans-

Three Men Jailed In Gray County

Three men were in Gray County jail Saturday in lieu of bonds for aggravated assault, threatening to take a life, and disturbing the peace.

Jerry Hagler of Cordell, Okla., was charged before County Judge S. R. Lenning Jr. Friday with aggravated assault on a three-year-old Pampa child. Bond was set at \$1,500.

Justice of the Peace Ed Anderson arraigned two Pampa men Friday, Don Been of 813 E. Campbell and Richard C. McDowell, 1112 S. Wilcox. Been was charged with seriously threatening to take a life and McDowell with disturbing the peace. Bond on Been was set at \$500 and on McDowell, \$100.

McDowell, step father-in-law of Hagler, was complaining witness in the Hagler case, according to Gray County Sheriff Rufe Jordan.

plants to persons who are blind or have partial vision.

City Manager Jim White Attends Galveston Meet

Pampa's city manager Jim White and city managers from all parts of the state will convene in Galveston today through Tuesday for the annual Spring Meeting of the Texas City Managers' Assn. More than 250 members, wives and guests were expected to register today in the Galvez Hotel, conference headquarters.

The Spring meeting is devoted to problems, methods, techniques, and practices of the management profession.

In the fall city managers' meeting in conjunction with the Texas Municipal League, handle association business including the election of officers.

TCMA president Jack Shelley, city manager of San Antonio, said the opening session is scheduled to begin at 9 a.m. tomorrow, following two breakfast sessions.

Shelley said strong emphasis during the spring meeting would be placed on professional development. Comprehensive panel sessions are programmed on professional development and new approaches to city management.

Among panel topics will be what managers should manage; programs, not projects; leaving tradition behind, and orientation of the new employee.

Auto Crash Near Groom Kills Man

Leo John Fritzcitta, St. Clair Shores, Mich., was killed at 1:30 a.m. Saturday when his car rammed into the back of a wrecker truck driven by Alvin Rupe of Groom.

The accident occurred on a rain-slick highway 13.2 miles west of Alanreed, according to investigating patrolman R. C. Parker of McLean.

Fritzcitta's wife, Mary, and their two children, Roxanna and Leonard, were taken to Groom Hospital with contusions and lacerations of the body and facial injuries. They were reported as being in satisfactory condition last night.

Abraham Gives Report To Pampa Shrine Assn.

State Representative Malouf Abraham told the Members of the Pampa Shrine Association that the people of Texas can expect a tax increase next year when the governor calls the special session of the legislature.

The state's budget for the year ending Sept. 1, was \$1.9 billion with next year's budget marked for \$2.4 billion of spending, he told the Shriners.

He indicated that the only way possible to raise the money for the last year of the coming biennium would be through higher taxes.

First military post to fly the Stars and Stripes was Ft. Schuyler in New York.

Grand Jury Dismissed Until Friday

Gray County grand jury, impaneled by District Judge Granger McIlhany Friday, did not reach a decision on any cases for hearing and will reconvene at 9 a.m. next Friday in 31st Judicial District Courtroom here.

Judge McIlhany appointed N. Dudley Steele, 1901 Dogwood, as jury foreman to preside over hearings on the criminal cases.

The jury is considering one murder case, one fondling case, two driving while intoxicated offenses, two burglaries, six forgeries, one theft by false pretext, three swindling with worthless checks and one destroying property of another.

CONGRESSMAN BOB DOLE

Congressman To Be Speaker For Price Dinner

Congressman Bob Dole of Kansas will be guest speaker for the appreciation dinner planned for Congressman Bob Price at 7:30 p.m. June 24 in the Coronado Inn, according to George Cree Jr., Gray County Republican executive committee chairman.

Cree said dinner tickets are available from the executive members and at the Pampa Chamber of Commerce.

Dole and Price were congressional colleagues in Price's first term as representative from the Texas' 18th District in the recently-concluded 90th session of congress.

First District congressman Dole, from Russell, Kan., began his career in Congress in 1960 and represents a rural 52-county district comprising about one-half the area of Kansas. He presently serves on the House Agriculture Committee and the Government Operations Committee.

At 26, Dole was the youngest representative elected to Kansas legislature from Russell County. He served one term in the state legislature; four terms as Russell county attorney. In 1960, he was elected to the 87th Congress from Kansas' then Sixth District. He was re-elected to the 88th Congress from Kansas' newly reapportioned large First District.

He served 5 1/2 years in World War II as an infantry platoon leader in Italy and was twice wounded and twice decorated for heroic achievement. He was hospitalized 39 months as a result of wounds received in 1945 and was discharged in 1948 as a captain.

He attended public schools in Russell, Kan.; the University of Kansas at Lawrence, and received his AB and LLB degrees from Washburn Municipal University at Topeka.

Emil Jannings was the first movie actor to win an Academy Award, in 1928 for "The Way of All Flesh."

The famous Spanish Armada consisted of 132 ships, 33,000 soldiers and crew members.

Center Wrap-Up

George Smith, Director Pampa Youth and Community Center

TEEN DANCES. Young people, hang on to your hats, for you will never believe this! The Center has been selected to host an international group from England who are top recording stars. Then, a vocal recording group will make their first trip across to the United States and will play here on July 5 from 8:30 to 11:30 p.m. This is the biggest attraction for teens ever to come to Pampa. They will have another band with them to back them up called the Tuesday Club and also we may have the Frantics here.

THEM has had many top records out and to mention a few, Gloria, Here Comes The Knight and Mystic Eyes have been top sellers. You would normally have to pay 4 to 5 dollars for this kind of attraction, but we have arranged to have THEM come through on tour and the admission will be only \$2.00 advanced sales and \$2.50 at the door. Mark this date, July 5, on your calendar and be here.

Other top local bands coming this summer are: July 18, The Tiaras; July 21, The Shanz from Lubbock (\$1.25 for these Columbia Recording stars); July 25, Velasquez Brothers; July 28, The Casuals; Aug. 4 and July 7, Jekyl and the Hydes; July 14, The Cords also Aug. 18; Jerry and the Pacers June 30 and The Rockin Mods Aug. 11.

ADULT SWIM LESSONS: Attention all you adults who work. The Center will teach a beginners and an advanced beginners course starting Monday, June 19 from 6-7 p.m. This is for adults who cannot take the morning lessons. Enrollment will be on the first night with a charge of \$2 per person or free to Center members. No children will be allowed in the building so please do not bring your children.

SWIM LESSONS: There are some swim lessons still available for summer months in all but the beginners classes. The full summer schedule is listed below. The Junior and Senior Lifesaving course will be the only one taught in Pampa. To enroll for this course, please come by the Center and inquire at the front office: June 19-30 - Adv. Beginners and Intermediate at 9 o'clock. Adv. Beg. Swimmers at 10 o'clock. July 3-15 - Adv. Beg. and Adult Beginners at 9 o'clock and Polywogs and Adv. Beg., also Adult Beginners at 10 o'clock. July 17-28 - Adv. Beg. and Intermediates at 9 o'clock. Polywogs, Adv. Beg., and Adult Adv. Beg. at 10 o'clock. July 31-Aug. 11 - Adv. Beginners at 9 o'clock; Intermediates at 10 o'clock; Swimmers at 11 and Jr. and Sr. Lifesaving will be at 9 till 11 o'clock a.m. (\$3 to everyone).

TWIRLING LESSONS: It is still not too late to enroll in the

twirling lessons. These classes will be on Monday, Wednesday and Fridays from 1:30 to 2:30 p.m. There are two divisions of the class. One part for beginners and one for those more advanced.

Miss Peggy Peoples, local high school twirler, is conducting the classes and is very good. You need only be a Center member and purchase a balanced baton to enroll.

CENTER MEMBERSHIPS - The Pampa Youth and Community Centers activities are run through a membership plan. Memberships are available the year round and each membership runs for a full six months or a year according to the purchase. By purchasing memberships you are entitled to swim free of charge, take swim lessons, use the large recreation hall which houses the pool, tables, ping pong tables, jute box and other quiet games and use of the gym where you may play shuffleboard, tumbling, basketball games, volleyball and other more active games.

There are two types of memberships, a family and an individual. The family membership includes all members of the family and costs only \$20 for a year or \$12 for six months. The individual membership is for those 8 years of age or older and sells for \$8 per year or \$5 for six months. Children under 8 must be carried on a family plan.

CALICO CAPERS: The Center has an adult entertainment on Saturday nights as the Calico Capers Square Dance Club meets. If you are interested in square dancing, the Capers would invite you out to visit with them. They meet on Saturdays from 8-11 p.m. They teach square dance lessons and host several big jamborees during the year.

14-Year-Olds With Driver Education May Obtain Driver's License Before Aug. 28

AUSTIN — Col. Homer Garrison, director of the Texas Department of Public Safety, said Saturday that any person age 14 or older who completes driver education successfully and passes the DPS examination before Aug. 28 will be issued a license good until the regular expiration date.

Garrison's comments came in answer to many questions concerning the amendments to the driver license law.

Some changes, Garrison said, would not become effective before January 1, 1968. These include changing the expiration date of the license to coincide with the license holder's birth date and having a color photograph taken to place on the license.

Amateur Fleckman Regains US Open Lead A's Win in 19th, 6-5

Homer Earns Split For Athletics

DETROIT (UPI) — Reserve catcher Dave Duncan led off the 19th inning with a line drive home run to give the Kansas City Athletics a 6-5 victory Saturday night after the Detroit Tigers won the opener of the doubleheader, 7-6 on Bill Heath's ninth-inning bases-loaded single. The double-header took 10 hours from beginning to end and the split dropped the Tigers two games behind the league-leading Chicago White Sox.

Giants 3, Cards 2

SAN FRANCISCO (UPI)—Jack Hiatt hit two doubles and a single and drove in two runs Saturday to back up the steady seven-hit pitching of Joe Gibbon and Frank Linzy and give the San Francisco Giants a 3-2 victory over the St. Louis Cardinals.

The victory snapped a three-game losing streak for the Giants and a three-game winning streak for the Cardinals.

Chisox 1, Yanks 0

CHICAGO (UPI)—Walt Williams' ground rule double to the leftfield corner with two out in the eighth scored Al Wels from third Saturday to give the Chicago White Sox a 1-0 win over the New York Yankees and pitcher Joe Horien his eighth win of the season without a loss.

Cubs 9, Mets 1

NEW YORK (UPI)—Home runs by Billy Williams and Ted Savage backed the five-hit pitching of Rich Nye Saturday and sparked the Chicago Cubs to a 9-1 triumph over the New York Mets.

Bosox 5, Sens 1

WASHINGTON (UPI)—Right-hander Jim Lonborg collected his eighth victory of the season on a fivehitter and Carl Yastrzemski doubled in a pair of third-inning runs Saturday to lead the Boston Red Sox to a 5-1 victory over the Washington Senators.

Bucs 6, Phils 5

PHILADELPHIA (UPI)—Matty Alou hammered out a double and three singles, drove in two runs and scored one Saturday to lead the Pittsburgh Pirates to a 6-5 victory over one-time nemesis Jim Bunning and the Philadelphia Phillies.

Tribe 7, Twins 3

CLEVELAND (UPI)—Leon Wagner belted a three-run homer off reliever Jim Perry to highlight a four-run seventh and give the Cleveland Indians a 7-3 victory over the Minnesota Twins Saturday.

Birds 7, Angels 5

BALTIMORE (UPI)—Frank Robinson's 20th homer of the season capped a three-run first-inning rally and sent the Baltimore Orioles on their way to a 7-5 victory over the California Angels Saturday night.

KOSHRO RECALLED

MINNEAPOLIS-ST. PAUL, Minn. (UPI)—Frank Kostro was recalled by the Minnesota Twins from their Denver farm club Friday as a replacement for ailing third baseman Ron Kostro, who hit .371 at Denver, will be used as an outfielder and pinch-hitter.

BUNNING BACK

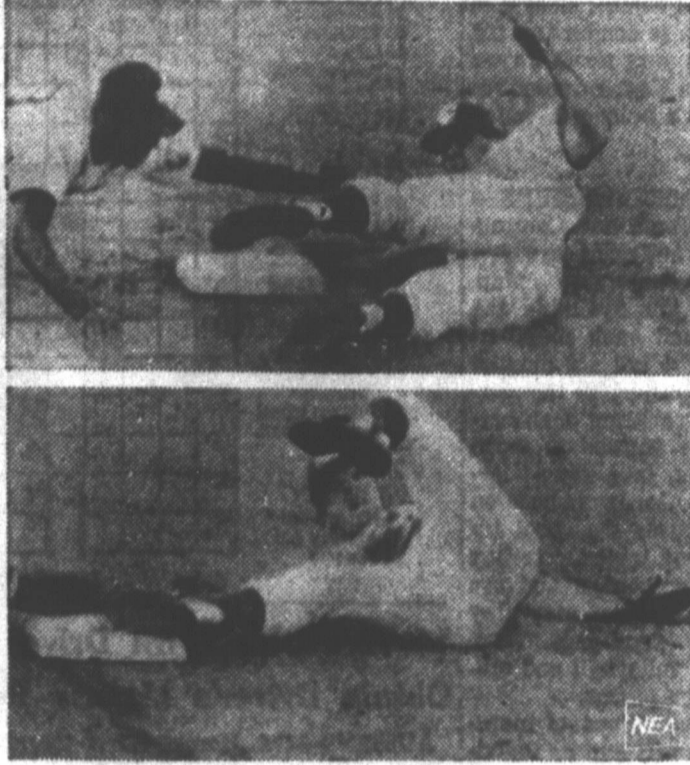

PHILADELPHIA (UPI)—Pitcher Jim Bunning was scheduled to start today for the Philadelphia Phillies against Pittsburgh after being released Friday from a local hospital. The righthander was in the hospital one day for treatment of a bronchial ailment.

COATES SALE

ANAHEIM, Calif. (UPI)—The California Angels sold righthander Jim Coates to their Seattle farm club in the Pacific Coast League and recalled southpaw Clyde Wright and Ken Turner. Wright, who played with the Angels most of last season, has an .83 record and Turner is 3-2.

FINE ART OF SLIDING is demonstrated three different ways by three different players. From left, Don Lock of the Philadelphia Phillies, Ted Savage of the Chicago Cubs and Pete Rose Cincinnati Reds.

The objective was the same but Lock ran into the old stone wall and was out while Savage and Rose reached base safely.

Ken Hebert Does It All

By RON CROSS
Come next June and Ken Hebert will probably be deluged with offers to play professional football and baseball.

But don't be surprised if he turns them all down. Hebert led all collegians in football scoring in 1966 and he is hitting well over .300 for the University of Houston baseball team, but if he had his choice he'd rather be a pro golfer.

"I still haven't broken 40 for nine holes yet, but if I could ever straighten out my drives, I'd be all right. That life those pros lead is really something. They play great golf and dress to match," says the 5'11, 195-pound former Harvester.

Hebert hit .359 for the Cougars during the regular season and wound up their third leading hitter. He tied for second in runs scored with 21, was third in team hits with 34, led his team in doubles, was second in triples, second in home runs with four, third in runs batted in with 16, had

more walks than anybody, 19, struckout more than anybody, 15, and led the club in stolen bases with 14 and put out 5 with 160.

The Cougars made it to the NCAA playoff finals and through the first three games Hebert was 5-16 with one hit in each of the first three games and had scored a run in each contest, he had three runs batted in and two stolen bases.

His bases-loaded single

to win probably accounts for his athletic success at practically every sport he tries.

"Herbie plays hard at everything. He wants to excel and plays to win. He's a great competitor and has ability to go with it," says UH trainer Tom Wilson.

Opposing first basemen have found out the hard way how much Kenny wants to win. He has knocked over three of them this season.

"When I come down that

Burriss and Larry Saicher also excel in football.

Hebert has started at split end for two years after playing quarterback as a freshman. Last season Hebert led the nation in total points scored, 113, on 11 touchdowns, 41 extra points and a pair of field goals. His 38 pass receptions for 800 yards led the team to a record breaking 8-2-0 season.

"It's a shame he didn't make All-America last year, but he'll be a top contender this season," says Houston coach Bill Yeoman. Hebert moves his 195 pounds well on the baseball field, too. He has led the Cougars in stolen bases for the past two seasons. He has 30 thefts in years and also set a record of 29 runs batted in as a sophomore.

"I'd like to play pro ball after graduation, only I don't know which sport, though," Hebert mused.

We've been thinking that maybe Hebert and Randy Matson could form their own team.

Rambling With Red

RON CROSS

against Ohio St. Tuesday tied the score and he eventually scored the winning run.

The 21-year-old first baseman helped his team to an 18-9 regular season record. Hebert's tremendous desire

line, I'm trying to beat out the hit. If the first baseman gets in my way, it's his fault. I know. I play there, too," smiles Hebert.

Hebert and three other baseballers, Tom Paciorek, Bo

Astros Split With Braves

HOUSTON (UPI)—Eddie Mathews led off the ninth inning with his 498th career homer Saturday night to lift the Houston Astros to a 4-3 victory over Atlanta in the nightcap of a day-night doubleheader after the Braves won the 10-inning afternoon game 3-1 on Mack Jones' sacrifice fly.

Tito Francona scored the tie-breaking run on a sacrifice fly by Mack Jones in the 10th inning Saturday to give the Atlanta Braves a 3-1 victory over the Houston Astros behind the nine-hit hurling of four pitchers.

Francona singled to start the winning rally in the first game of the day-night doubleheader, and went to second when Hank Aaron walked.

Maxwell Nabs Jaycee Lead

MILWAUKEE (UPI)—Although chilly winds and a wet course cooled off Susie Maxwell's putting, she managed a one-over-par 73 Saturday that was still good enough to increase her lead to four strokes with one round to go in the \$16,500 Milwaukee Jaycee Open Golf Tournament.

Miss Maxwell's total of 141 kept her three under par for the first 36 holes of the 54-hole event. The tourney ends Sunday on the North Shore Country Club course.

The 25-year-old former Oklahoma State champion started the tournament with a 68 on the way to her second win of the season and a boost-up from her current sixth-place standings in the LPGA earnings this year.

JUST A FOUL BALL but Pampa Rebel catcher Steve Summers walked on the next pitch, stole second and scored to help the Rebels to a 16-0 win over Clarendon in Optmist Club Park Saturday night. Amarillo will be here today for a Legion contest at 3 p.m.

Rebels Topple Clarendon, 16-0

Pampa's American Legion Rebels won their sixth game in eight outings Saturday night in routing Clarendon 16-0 in Optmist Club Park.

The Rebels meet Amarillo at 3 p.m. today in the Park. Amarillo is 5-3 for the season.

Larry Stephens, Larry Turcotte and Alan Woodard paced the Rebel hitting attack with three hits each with Woodard belting a triple and driving in three runs. Stephens was the

Rebels most productive RBI man with four.

Besides Woodard, Alvin Achord, Larry Jones and Gary Molberg had triples.

Achord, Jones and Molberg each had two hits and Molberg drove in three runs.

The Rebels picked up 19 hits with Stephens and Jones adding doubles to their hit totals.

The Rebels jumped off to a 3-0 first inning lead and iced the game with 12 second inning runs and added their insurance tally in the fourth.

George Bailey picked up the shutout for the Rebels limiting Clarendon, who made six errors, to just four hits, walking two and fanning 15 for his second victory in two outings.

Ellis, Winborn Survive in Men's WT Golf

MIDLAND—Pampa's Richard Ellis and Coyle Winborn were set today for the finals in their respective flights in the Men's West Texas Golf Championship.

Ellis, playing in the championship flight, fired a 77 Saturday to go with a 76 Thursday and 72 Friday and 225 total, 14 shots off the pace.

Ellis is playing in his first Men's West Texas Golf Association tournament and attends Texas University on a golf scholarship provided by the Association.

Winborn, playing in the third flight, which is match play, lost Friday to Al Allison of Levland one-up after 20 holes.

But the former Pampa Harvester basketball star came back Saturday to down Murray Sassen of Dumas, two-up.

The top four players in third flight will play medal play today for the championship.

Buster Carter dropped out of the President's flight Saturday after shooting a 77 on Thursday and a 76 Friday for a 143.

Championship flight leader is Bill Holstead of Midland who fired rounds of 69-70-72-211, good for a six strokes lead over John Warren of Midland who had rounds of 71-71-75-217.

One stroke back of that was Ken Newell of Fort Worth, who fired 72-73-73-218 and one back of Newell was John Shackelford of Shamrock with rounds of 73-72-74-219.

John Farquhar of Amarillo shot a 71 to go with rounds of 74-75 and a 220 total.

The 72-hole tournament will be held for the first time at Pampa Country Club in 1968.

Hart Warren, Pampa Country Club Pro, finished fifth individually Wednesday in the pro-am event. Warren fired rounds of 37-38-75, three strokes over par. Joe Collins, pro at North Plains Country Club in Dumas, was the winner with a 71.

BULLETIN

LOS ANGELES — The Cincinnati Reds held a 1-0 lead over the Los Angeles Dodgers in the fifth inning of their contest Saturday night.

A win for Cincinnati would move them to a 2½ game lead over second place St. Louis, a 3-2 loser to the San Francisco Giants earlier Saturday.

Golf's 'Big Three' Trail by One Stroke

By STEVE SNIDER
SPRINGFIELD, N.J. (UPI)—Marty Fleckman, an easy-going 23-year-old amateur from Port Arthur, Tex., outshot the "big three" of professional golf Saturday and rolled into a one stroke lead in the third round of the U.S. Open championship.

Fleckman, first day leader with a three-under-par 67 and the first amateur to lead the field since 1954, hit four of his six birdies on the final nine for a 69 and a 54-hole total of 209, one under par.

That gave the sharp-shooting son of a Texas lumber dealer a one-shot margin over defending champion Billy Casper, Arnold Palmer and Jack Nicklaus, all former Open champions.

Casper, bidding to become the first repeater since Ben Hogan in 1951, blew a three-shot lead with three straight bogeys starting at the 15th. He wound up with a 71 for an even-par 210.

Nicklaus and Palmer each birdied the 18th hole to tie Casper for second place at 210 after a scrambling head and head duel in which those two great stars collected only three birdies between them.

Palmer, leader at the halfway mark Friday, shot a 73 and Nicklaus a 72.

Next came Gardner Dickinson, Mipler Barber, Don January and fledgling pro Deane Beman at 211, well within striking distance of the lead in Sunday's windup.

Dickinson fired a two-under-par 68 with birdies on four of the last five holes at the 7,015-yard Baltusrol Golf Club course.

Barber came in with a 69, January a 70 and Beman a 71. Casper had the third round led within easy reach after knocking in a nine-foot putt to go three under par for the distance at the 14th but then he went into the sort of tailspin that caught Palmer a year ago at San Francisco where Casper won the title.

Meanwhile, Fleckman, who had opened nervously with two straight bogeys, suddenly relaxed and began to pile on the birdies.

Marty birdied the third and added another at the eighth with a 15 footer that gave him a big lift.

As Casper began to fade behind him, Fleckman suddenly burst into the lead with birdies on the 16th and 17th—first with a five iron that dropped two feet from the pin for a birdie putt, then with a wedge to five feet for another.

"My irons did it again," said the recent Houston U. grad, who won the 1965 NCAA championship, made the Walker Cup team this year and reached the semi-finals of the British Amateur championship on his surprise trip abroad.

Fleckman was only an alternate on the Walker Cup team but when Beman decided to turn pro several weeks ago, Marty was named to the team as his replacement.

CHOOSE NAME

PITTSBURGH (UPI)—The American Basketball Association's Pittsburgh entry Tuesday chose the nickname Pipers and signed a three year contract to play home games at the Pittsburgh Civic Arena.

Gabe Rubin, president of the club, picked the name for the team and announced the Pipers will play 39 games in the Civic Arena during the 1967-68 season.

BOLOGNA, Italy (UPI)—Nino Benvenuti has decided to give up his European middleweight title to concentrate on retaining his world middleweight crown in a bout against Emile Griffith in September.

Benvenuti had been scheduled to meet Spanish challenger Luis Follo in mid-July for the European championship.

Hart Quits Lubbock Job

LUBBOCK, Tex. (UPI)—A personnel change involving two West Texas sports writers was announced Sunday by Burlie Pettit, executive sports editor of the Lubbock Avalanche-Journal.

Bill Hart, a member of the paper's staff for over ten years, has resigned to take a similar job in Binghamton, N.Y.

Hart will be replaced by Don Henry, sports editor of the San Angelo Standard Times since 1962.

Hooks & Splices

By MARTIN REEVES
PCC Assistant Pro

The rash of tournaments are completed for a while, and things are getting pretty well back to normal at the Pampa Country Club, with the exception that the wind almost quit blowing one day.

Special congratulations go to Mrs. Carlton (Dottie) Freeman, for her fine effort in winning the Ladies City Championship and also to Mrs. Bob (Kandy) Baker for two good days of golf in her winning of the net division. Over all we had a very fine tournament in every way except the number of entrants.

Twenty-three ladies played in the tournament out of 90 members in the Ladies Golf Association, that's not very good, ladies!

There were several funny incidents in the tournament, but one caught my attention. One young lady hit her ball, of all places, in her electric golf cart. Now this may not seem so bad—but just you try and hit the ball from underneath the steering wheel! Makes you try to guide the shot.

Twenty-one ladies showed up for Thursdays play of the day and were met by old man wind, but they braved their way through it. Remember ladies June 22 is the luncheon for this month, play of the day will be lowest and highest scores on blind holes.

Short Notes — Elmer Wilson went around the course Friday with 10 consecutive one putts, and posted a medal score of 33-38-71. Watch your handicap Elmer!

Dr. Frank Kelley, the Pampa Country Club's medical version of golfs Doug Sanders, came out Thursday afternoon in white slacks and a very colorful and bright orange shirt. It is nice indeed to see sharp color combinations.

Glad to see Mrs. Vernon Watkins out so soon again. She's practicing after the tournament?

Buster Carter was out last Sunday afternoon and fired a superb 69; he's tog tough.

Thurman Fain, former superintendent of purchasing for Celanese, is visiting in Pampa for the weekend. He is now superintendent of supply and distribution in their new Houston plant. Good to see you Mr. Fain.

FORLI RECOVERING

INGLEWOOD, Calif. (UPI)—Argentine-bred Forli did some walking and jogging at Hollywood Park Monday in his second workout since a growth was removed from his foot June 3.

Trainer Charlie Whittingham, expressing satisfaction at the exercises on Sunday and Monday, said he hoped Forli will be able to compete in the \$50,000 added American Handicap on July 4, at Hollywood Park.

Randy to Quit Discus

PROVO, Utah (UPI)—Weightman Randy Matson of Texas A and M, claiming it was getting harder all the time to compete in two events, said Saturday night he planned to concentrate on the shotput in future events.

Matson, who won both the shotput and the discus at the 1967 NCAA meet said he will compete only in the shot in next week's national AAU meet at Bakersfield, Calif.

"It's getting harder to stay up on both events. When you're up for one mentally, you're sometimes down for the other," said the husky Texan who is considered the world's greatest combination shotput and discus thrower.

Matson, when asked if the record heave of last year reached maximum, replied, "It will go farther, but I don't know how much."

He said athletes competing now have better diets, better training facilities and better training programs in the past.

The giant Texan won the shotput crown earlier in the meet and the two triumphs combined with championships in the same two events last year made him the first collegiate in history to win back-to-back shot and discus titles.

Matson's winning throw in Brigham Young University Stadium was 190 ft., 4 in., almost seven feet under his NCAA

record heave of last year. Matson got revenge Friday night for the only defeat he's suffered in the shot, at the hands of Oregon's Neil Steinhauer.

Matson tossed the shot 67-9/16 for a new NCAA record, better than his mark of 67 1/16 of last year. Steinhauer tossed the iron ball on 64-2 to come in a poor second.

Gary Carlson of the University of Southern California was second at 186 ft., 4 in.

Third place went to Bill Staley of Utah State at 185 ft., 2 in. John Martin of Florida followed at 181 ft.

The pole vault was the first event on the closing night of the three-day event which has

attracted 875 athletes from throughout the nation.

Pole vaulter Bob Seagren of USC, miler Jim Ryan of Kansas and sprinter Tommie Smith of San Jose State were favored to win their events, scheduled later in the evening.

USC picked up eight points in the discus to push its team total to 32. Texas A and M, getting all its points from Matson, was second after eight events with 29 points. Brigham Young University and Utah State followed with 14 apiece.

Nebraska's Charles Greene was the star Friday night as he won the 100 yard dash in the time of :09.2. It marked the third straight NCAA title in the 100 for the Nebraska runner.

NO MORE WILL HE THROW the discus. Pampa and Texas A&M's Randy Matson announced Saturday night that he will refrain from throwing the discus at track and field meets, concentrating solely on the shot put.

Clay Trial Slated To Open on Monday

HOUSTON (UPI)—Former heavyweight champion Cassius Clay, battling 1,000 in the ring and .000 in court, goes on trial Monday on a charge of refusing induction into the Army.

The trial, in U. S. District court, is expected to be almost as short as some of Clay's fights. Defense attorney Hayden Covington said he expected it all to be over by Tuesday.

U. S. Dist. Atty Morton Susman said he would make his case in two hours. He plans to call only four witnesses to prove that Clay refused to take the symbolic step forward when he reported for induction April 28.

Clay was stripped of his title when he refused. He said he would not serve in the Army because it is against the principles of his Black Muslim religion. Clay is unbeaten in 28 fights, but has been unsuccessful in every court battle to get reclassified on grounds he is a Muslim minister.

Covington, nationally known for securing deferments for Jehovah's Witnesses as far back as World War II, has called two clerk on the Louisville draft

board to testify about the lack of Negroes on the board.

He also has called Houston attorney Paul Daugherty, chairman of the Selective Service Appeals Board for South Texas, to testify there are no Negroes on this board.

Covington also said he wants Daugherty to testify to the quick handling of Clay's case by the appeals board. Covington processed quickly because of claims Clay's case was processed quickly because of pressure from high-ranking federal official in Washington.

Covington said he would appeal any adverse decision and added that he has won more draft cases on appeal than in lower courts. Clay would remain free while the case goes to the U. S. 5th Circuit Court of Appeals in New Orleans, and, if necessary, to the U. S. Supreme Court.

It may turn into a lot of legal maneuvering because Clay, the inventor of the "Ali Shuffle," boxing's quickest step, refused to take one at the induction center.

Houston Reaches Baseball Finals

OMAHA, Neb. (UPI)—The Stanford Indians and the Arizona State Sun Devils battled Saturday night in the next to last round of the college world series for the right to meet Houston for the championship.

Houston shut out Arizona State 3-0 Friday night and then won a bye into the finals after the three teams left in the double-elimination tournament finished with 3-1 records after five days of play.

The Cougars received brilliant pitching from senior Rick Brewer in dealing Arizona State its first loss. He struck out 11 and gave up only four hits in running his record to 4-0.

Applying the offensive power for the Cougars was big Tom Paclorek, who boomed a double and a triple and figured in all of the scoring for Houston.

The Texans scored once in the second and added two more runs in the fourth.

Held's Travels Finally Over?

HEAD FIRST goes Tommy McCraw, White Sox first baseman, chasing this ball into the stands. Wouldn't it be funny if everybody flipped over his job like Tommy does?

By United Press International
Woodie Held's latest journey has turned into a long-awaited holiday for the 35-year-old utility man, but his former employers in Baltimore aren't too crazy about the souvenirs he gave them.
The veteran infielder-outfielder returned to Baltimore with the Angels Friday night and was instrumental in causing the Orioles a twin defeat as he homered in each game to lead the Angels to a 2-1 and 5-3 sweep of a two-night doubleheader.
Senators Take Doubleheader action, Washington swept a

doubleheader from Boston 1-0 and 4-3, and Cleveland edged Minnesota 2-1 in 10 innings. Rain postponed a two-night doubleheader between Detroit and Kansas City and also washed out a single game between Chicago and New York.
Philadelphia beat Pittsburgh 5-3, Cincinnati edged Los Angeles 3-2, St. Louis topped San Francisco 5-3, Atlanta beat Houston 9-8 in 10 innings and Chicago defeated New York 4-3 in 10 innings in National League games.
Held entered the first game in the third inning after shortstop

Jim Fregosi was injured and ended an 0-for-23 slump with a single in the sixth inning before breaking a 1-1 tie in the ninth with his second homer of the year.
In the nightcap, Held got the Angels a 2-0 lead in the third when he blasted a two-run homer off rookie Bill Billman. Jose Cardenal added a two-run homer later in the contest and California went on to score its fifth straight victory and hand the Orioles their fifth straight loss.
Rojas Wins Sixth
Monnie Rojas was credited with his sixth victory in the

opener for the Angels and rookie Ken Turner, who retired 13 of 14 batters he faced in relief, got credit for his first major league triumph in the nightcap.
Pitcher Bob Priddy's squeeze bunt scored Ken McMullen in the third inning for the only run in the opener and the Senator righthander, with relief help from Dave Baldwin, made the run stand up.
McMullen also scored the winning run in the nightcap as the Senators rallied for four runs in the ninth inning to edge Boston. Casey Cox picked up the victory in relief.

Chuck Hinton's single scored Larry Brown with the winning run as the Indians topped the Twins behind the eight-hit pitching of Luis Tiant. Rod Carew had a homer for the Twins to extend his hitting streak through 15 games.

NATIONAL LEAGUE ROUNDUP

Jackson Gets Untracked

By United Press International
Larry Jackson felt a little lonely before he took the mound for the second time in three days Friday night but when it was all over he was the proudest guy in Philadelphia.
The 36-year-old righthander, who has had trouble getting untracked this season, came back after only one day's rest to pitch the Phillies past the Pittsburgh Pirates 5-3. Jackson had gone five innings on Wednesday night before his regular turn was pushed up by manager Gene Mauch because of ineffectiveness of the entire Philadelphia pitching staff.
No Others Available
Jim Bunning was hospitalized with bronchitis and starters Dick Ellsworth and Rick Wise have been hit hard recently, leaving Jackson as the only pitcher eligible for a starting role.
"I knew I had to go all the way because there was no one out there to come in," Jackson said after setting the heavy-hitting Pirates down on eight hits.
The veteran hurler, who toiled with the Cardinals and Cubs before coming to the Phils in 1966, picked up his first victory at home this year after six defeats.
Chicago nipped New York 4-3 in 10 innings, Atlanta outsluged Houston 9-8 in 10 innings, St. Louis downed San Francisco 5-3 and Cincinnati edged Los Angeles 3-2 in other National League games.
In the American League Washington swept Boston 1-0 and 4-3, California took Balti-

more twice 2-1 and 5-3, while Cleveland defeated Minnesota 2-1. Kansas City at Detroit and New York at Chicago were rained out.
Richie Allen drove in two runs with his eighth homer of the season and a long triple to help Jackson gain his fourth victory in 11 decisions.
Phillips Leads Scoring
Adolfo Phillips provided the Cubs an early 3-0 lead with a three-run homer in the fifth inning and scored the winning run on John Boccabella's sacrifice fly in the 10th.
The Cardinals scored four times in the first inning on two run singles by Mike Shannon and Julian Javier. Ron Willis and Joel Hoerner came on in the late innings to preserve Ray Washburn's third victory in six decisions.
Lee May backed up Mel Queen's four-hit pitching with his fourth home run of the season to keep the Reds in first place. Cincinnati lost the services of Pete Rose with a bruised right shoulder and Leo

Cardenas with a fractured finger.
Atlanta scored an unearned run in the 10th inning on Sonny Jackson's two base error and offset Jim Wynn's seventh homer in his last eight games. Aaron scored the winning run after he reached second on Jackson's error, advanced to third on Felipe Alou's sacrifice fly and came home on Clete Boyer's ground out. Rusty Staub had tied the game with a two out single in the bottom of the ninth.

NO APOLOGIES were necessary when Pirate pitcher Vernon Law let fly at the windows of the Hostetter Building in Pittsburgh's Golden Triangle. He was opening the demolition season on the 64-year-old structure, last to be cleared for Equitable Life Assurance's Gateway Center project that has remade the heart of downtown Pittsburgh. Right, Law, assisted by Gateway General Manager William F. Mueller, autographs the 1,000-pound ball used to continue demolition.

Spurs Halt Amarillo Streak

By United Press International
The cellar-dwellers of the Texas League, the Dallas-Fort Worth Spurs, defeated league-leading Amarillo 5-0 Friday night in a game called by rain in the top of the sixth inning.
Archie Reynolds took the win for the Spurs. Steve Cosgrove let four runs get by him in the first inning to take the loss.
The Arkansas Travelers and the Austin Braves battled twice as long—12 innings. A home-run by the Trav's Joe Hague

in the eighth with bases empty, helped tip the scales.
Another run in the 12th inning clinched the win for Arkansas 5-4. Jerry Robertson won that game.
Albuquerque beat El Paso 7-4 in regulation play that saw both teams collect a home run apiece.
Meonard Corbo of Albuquerque blasted one in the first with two on to set up the victory. Aurelio Rodriguez hit a home-

run in the third with bases empty for the Sun Kings.
Tonight's schedule sees Arkansas at Austin, El Paso at Albuquerque, and Dallas-Fort Worth at Amarillo.

REMEMBER THIS

If you work for a man, in Heaven's name, WORK for him. If he pays you wages which supply you bread and butter, work for him; speak well of him; stand by him and stand by the institution he represents. If put to a pinch, an ounce of loyalty is worth a pound of cleverness. If you must vilify, condemn and eternally disparage... resign your position, and when you are outside, damn to your heart's content, but as long as you are a part of the institution, do not condemn it. If you do that, you are loosening the tendrils that are holding you to the institution, and at the first high wind that comes along, you will be uprooted and blown away, and probably will never know the reason why. — Elbert Hubbard

The Pampa Daily News

Panhandle Water Conservation News

By FELIX W. RYALS

Two years ago Brig. Gen. Richard H. Free, division engineer, U.S. Army southwestern engineer division, that comprises the Texas, Louisiana, Arkansas area, was transferred to Washington, D. C. It was my great pleasure to have known this brilliant young engineering general over a period of years. His leaving the Southwestern Engineering Division was considered to be a great loss especially to the water needy area of Texas. He understood the water needs of Texas as few people do.

Gen. Free was succeeded by Brig. Gen. William T. Bradley. Those who have gotten to know him feel that he has done a remarkable job in assisting the Texas Water Development Board, the Texas Water Commission and the Water Conservation Districts in bringing the needed water to Texas.

On May 24, 1967, Gen. Bradley spoke to the 2,000 plus people who were assembled in Lubbock to form WATER Inc. Those who heard him were deeply impressed with this brilliant young engineer general. He has moved to set up a fine working relationship with the Bureau of Reclamation and Geological Survey to assist state and local levels in doing the needed job. He pulled no punches in laying it on the line as to what must be done. This is what he had to say:

Gen. Bradley's Talk

"Our country is faced with serious and rapidly growing water problems, and your problems on the Plains are certainly among the most complex in the country. Although the nation as a whole has a potential water supply large enough to meet our essential needs for a long time to come, the matter of distribution of this water where and when it is needed gives growing cause for concern. It is gratifying to see a segment of the public, such as yours, showing enough interest in these problems to want to organize and assist in solving some of them.

"The matter of water importations, or trans-basin diversions of water, is receiving increasingly greater attention as we face the complex problems of providing water for the arid West and Southwest. Some of the solutions we hear discussed at meetings such as this are dramatic in their scope.

They would involve transfers of water over long distances, from one section of the west to another and even from Canada to the Southwest, in a reshuffling of the water resources of the western half of our nation. Unprecedented Measures

These would be unprecedented measures. But it's going to take dynamic and dramatic thinking and action to solve some of the complex water problems of the West. It's also going to take hard work and close cooperation among local and state governmental bodies and the various interested federal agencies.

"It is becoming increasingly evident if we are to conserve enough water of acceptable

quality to meet our future water needs, we must obtain a high degree of streamflow regulation throughout the country.

The total storage capacity of all reservoirs in the United States — federal, state, public measures. But it's going to take and private — is some 360-million acre-feet. This seems like a lot, but it is only a little over one-fourth of the average annual runoff to the oceans. Within the next 30 years, it will be necessary to double or perhaps even triple present storage capacity.

Flood Control

"Since passage of the Flood Control Act of 1958, all new Corps projects in Texas have been planned under a concept of developing available dam sites for the most feasible utilization for all purposes. Under the direction of Congress, we have broadened our basic flood control and navigation programs, to permit the facilities that we build for those purposes to be adapted for other purposes, such as water supply for municipalities and industries, irrigation, hydroelectric power, water quality control, recreation and others.

"Today we still build on an individual project basis where such an approach fills special local needs. But we are concentrating more and more on comprehensive development of entire river basins as an effective solution to water needs. And we have recently begun to look at basinwide projects in terms of their potential for fitting into region-wide systems for distribution of water," he said.

Maize Dwarf Virus

Maize Dwarf Virus is expected to cause an estimated loss of \$2 million to Texas corn and grain sorghum crops this year. Crops affected by the virus include field sweet and broom-corn and grain sorghum. R. W. Tolar, virologist at Texas A&M University, found the disease in Texas last year for the first time. It has been reported from many areas in the eastern half of the state.

SUGGESTS CEASEFIRE

WASHINGTON (UPI)—Rep. Frank Horton, R-N.Y., says President Johnson should order a three-day conditional halt to American bombing raids over North Vietnam to coincide with the arrival at the United Nations of Soviet Premier Alexei Kosygin.

"I can think of no better time for the United States to demonstrate its sincerity in wanting peace throughout the world," Horton said in a statement Friday.

He says that after the three days, bombing should be resumed if North Vietnam did not take some "affirmative action.

WHEAT DEMONSTRATION PLOT — Abe Lewis, left, a Pampa area farmer, and Ben Johnson, Gray County extension service worker, inspect Lewis' five-acre wheat field planted as a demonstration crop to test wheat varieties. Located about 5 1/2 miles east of Pampa, the field will be ready for harvest later this month. Johnson is an agricultural extension service agent with Texas A&M University at College Station and is working in Pampa with Gray County Agent Foster Whaley.

Conservation Unit Workers Train Youth

Mike Risinger, 21, of Bula, has been assigned to Pampa as a student trainee in the Gray County Soil Conservation District. He will work mainly with Jack Williams, soil scientist for the Pampa work unit.

Risinger will work partly this summer with Lynn McDaniel, William Sowers and Van Mills, county soil conservationists.

A junior at Texas Technological College, Risinger is the son of Mr. and Mrs. W. C. Risinger of Bula and is majoring in soil at the Tech agronomy department. He will graduate in 1968 and plans to complete his masters in soil study at Texas Tech.

He has worked during the summers on cotton farms near Bula in Bell County, and about 60 miles west of Lubbock.

Risinger also attended West Texas State University his freshman year, and South Plains College in Levelland his sophomore year.

County SCD News

By LYNN McDANIEL
Are you using every drop of irrigation water efficiently?

Proper management of irrigation water depends upon three main factors: Determining when to irrigate, how much water to apply and how to apply it in the most efficient manner. Let's look first at the pre-plant irrigation. It is generally agreed that this is the most important irrigation.

In pre-plant irrigation, we should fill the soil reservoir or root zone. For most soils in our area, the root zone is about six feet deep and each foot holds 1 1/2 to 2 inches of water.

A few years ago a businessman that turned farmer overnight was almost sure to be a failure. This isn't true anymore. As one fellow put it, "We have a different breed of 'cats' in agriculture today." We find farmers and cattlemen going into other successful business ventures just as foreign to them as agriculture is to the average businessman.

Cattle feeding by people who have never been in the agriculture game is being done with much success. For \$20 for each head you feed, some custom feedlots will put you in business. They will do the buying, financing, feeding, handling and selling for you. I know one individual who made \$65,000 in 1965 with nothing more in the game than his money. All the leg work was done by a custom feedlot in this area.

I am told the Kern Land and Cattle Companies hold cattle feeding accounts with school teachers, plumbers and many others with a wide range of vocations. Kern Land is a tremendous ranching cattle feeding and machinery company in California. The newly completed Heaton Cattle Co. Feedlot is backrounding steers for the Kern Land and Cattle Company. The most permanent thing we

Soil which leaves a damp impression on the hand is 75 to 100 per cent full of water, while soil which bails up and remains firm when bounced a few times in the hand is 50 to 75 per cent filled. But if the soil merely crumbles when squeezed, there is a need for moisture.

Agriculturally Speaking

By FOSTER WHALEY

Mr. and Mrs. Ray, who live north of Pampa, dropped by our office to seek help on controlling grasshoppers.

A person should be careful about insecticides he uses today. The old standbys, Aldrin and Dieldrin can only be used under specific conditions.

Malathion is about the only one approved by Food and Drug Administration for use on gardens. Aldrin and Dieldrin can be used in waste areas around a garden providing no livestock will be grazing in the area. Never spray your garden with either Aldrin or Dieldrin.

Tomato Growing

Recently James Little and Glen McConnell called on me to seek information on growing tomatoes under greenhouse conditions and using a water solution as a media in which to grow the plants. The process is called Hydroponic gardening. Apparently there are several successful operations in near-by towns in the Panhandle. I know of one at Claude and Vega that use soil.

On June 26 and 27, Texas A&M University at College Station is sponsoring a short course and conference for Texas Greenhouse and Vegetable Growers. Headquarters will be in the ballroom of the Memorial Student Center ballroom. The thought struck me there might be others who would be interested in attending this short course. Most of the conference topics have to do with growing tomatoes under greenhouse conditions.

Anyone interested should contact our office for registration information.

Agricultural Revolution

The average farmer or businessman does not realize the tremendous revolution taking place in agriculture. Growing tomatoes under greenhouse conditions in a soilless solution is a good example. We have many people who have never been connected with agriculture moving into this field. We have a local tycoon in the cement and oil business that is feeding several head of cattle at one of the local feedlots.

A few years ago a businessman that turned farmer overnight was almost sure to be a failure. This isn't true anymore. As one fellow put it, "We have a different breed of 'cats' in agriculture today." We find farmers and cattlemen going into other successful business ventures just as foreign to them as agriculture is to the average businessman.

Cattle feeding by people who have never been in the agriculture game is being done with much success. For \$20 for each head you feed, some custom feedlots will put you in business. They will do the buying, financing, feeding, handling and selling for you. I know one individual who made \$65,000 in 1965 with nothing more in the game than his money. All the leg work was done by a custom feedlot in this area.

I am told the Kern Land and Cattle Companies hold cattle feeding accounts with school teachers, plumbers and many others with a wide range of vocations. Kern Land is a tremendous ranching cattle feeding and machinery company in California. The newly completed Heaton Cattle Co. Feedlot is backrounding steers for the Kern Land and Cattle Company. The most permanent thing we

have today is change. And things are changing fast. There are those who tell you how rough it is in agriculture today. It is especially rough on those who are operating in the same manner they did five 10 or 15 years ago. But for those farmers who have turned sharp businessmen, the opportunities were never greater in the Texas Panhandle.

Robert Daniels, the farm manager from Scotland in Great Britain said, "Your country is only half developed." Many times an outsider sees us better than we can see ourselves.

Wind Resistance

Be prepared for hurricane or tornadoic winds, advises W. S. Allen Extension agricultural engineer by securely anchoring farm buildings. Good anchorage is essential in preventing damage from high winds he adds.

10 VARIETIES PLANTED

Farmer to Harvest Five-Acre Field of Demonstration Wheat

Abe Lewis' second wheat demonstration crop, planted in cooperation with the Texas A&M University's extension service department, is about ready for harvest.

One of several extension service demonstration plots in Gray County, Lewis' field of irrigated wheat has 10 varieties with eight rows of each variety planted.

Located about 5 miles east of Pampa on Highway 152, Lewis' five-acre demonstration field was planted Oct. 7, 1966, with a seeding rate of 70 pounds per acre.

When the field is ready for harvest, Gray County agent Foster Whaley and assistant agent Ben Johnson will hand harvest each variety in stalks and send the bundles to the Bushland Experiment station.

"The experiment station workers will thresh the wheat out of the stalks and calculate the yield per acre. From the tests, we can determine which variety will withstand freeze better, and which will produce more wheat," Johnson said.

This is the third year Lewis has farmed irrigated wheat. His demonstration plot also has about 100 pounds per acre of anhydrous ammonia fertilizer, Whaley said.

Lewis' field is one of several demonstration plots in progress and planned for Gray County.

D. W. Swain has a field testing fertilizer in cooperation with the personnel of Bushland Experiment Station, Whaley said.

Other plots are planned later for milo hybrids and sudan hybrids.

The extension service workers here, Whaley and Johnson, also work with feed lot managers on beef cattle demonstrations.

Last year on Lewis' irrigated wheat variety test, he planted eight varieties Oct. 7, 1965 at a seeding rate of 54 pounds per acre.

Each plot consisted of eight drill rows spaced 10 inches apart and 200 feet in length. The plot was summer fallowed in 1963 and planted to dryland wheat in the fall, 1963. From his dryland wheat he cut seven bushels per acre in 1964 and has been irrigating since then. The irrigated wheat plot plan-

ted in 1965 was harvested June 16, 1966. There was no hail damage or lodging in any of the eight varieties.

"It is believed the test plot was run under ideal conditions with no unusual conditions encountered for us to doubt the results. After sending a bundle from each variety to Bushland, we found that improved triumph produced the best results," Whaley said.

Improved triumph yielded 52.9 bushels per acre and tested 5 pounds per bushel.

Other varieties tested and yields per acre were D-123 (stur-

dy), 45.8; Scout, 44.1; Cadde, 43.6; Tascosa, 41.5; Kaw, 41.3; Lancer, 4.13 and Warrior 33.8.

Greenhouse Plants
June 26-27 are the dates for the Texas Greenhouse Vegetable Growers annual short course. Dr. John E. Larsen, Extension horticulturist at A&M, says the conference provides a meeting place for the growers to exchange ideas and pick up the latest developments from research as well as unifying their efforts in the expanding industry. The production greenhouse tomatoes will get major attention he added.

CASA DEL NURSING CENTER Menu

The menus of the Casa Del Nursing Center will be published weekly by the administrators; Mr. and Mrs. Robert Turner. We have always served delicious food and invite the public to drop by anytime to inspect our kitchen, dining room and the meals we serve. Meals served 7 A.M., 12 NOON, 5 P.M.

Minnesota's chain of mountains known as the Mesabi Range probably contains more iron ore than any other region in the world.

Wall Street Chatter

NEW YORK (UPI)—Bache & Co. feels that further near term consolidation can be expected before the market makes any attempt to break through the Dow Jones 900 zone.

Mutual fund cash holdings are sufficient, the company feels, to sustain the usual summer rally but growing concern over economic and international conditions is likely to prevent any concerted upside move.

"Thus, an approximate trading range bounded by 840 on the downside and 900-910 on the upside would seem a reasonable expectation over the next several weeks," Bache says.

Hornblower & Weeks, Hemphill, Noyes, believes the

market's recent comeback from an oversold position has helped to establish a significant base in the Dow Jones 830850 range from which a summer assault on the 920 zone may be launched.

John W. Schultz of Wolfe & Co. suggests that current values have been deflated and the trend is likely to continue for many weeks to come. He feels the markets ability to rally from the low of the Middle East war has proven it to be in its strongest overall technical position since the Cuban crisis five years ago.

Bache & Co. believes that although such constructive factors as restoration of the 7 percent investment credit and improved auto sales have moved into the current market picture, still another important stimulus would be required before the market makes an assault on the Dow Jones 900 "resistance" level.

Quebec, in the Canadian province of Quebec, is the only wall city in North America.

There were about 3,000 Jews in the 13 colonies at the time of the Revolutionary War.

IMMUNIZATION SHOTS ARE ALSO FOR ADULTS

Toxoids and vaccines are a must for children. They practically eliminate the dangers of small pox, typhoid, tetanus and others.

But many adults who were vaccinated in their childhood, seem to have forgotten the importance of this protection. Positive prevention does not always last forever and many adults have neglected necessary booster shots. It is important that all adults visit their physicians as soon as possible to get this added protection.

YOUR DOCTOR CAN PHONE US when you need a medicine. Pick up your prescription if shopping nearby, or we will deliver promptly without extra charge. A great many people entrust us with their prescriptions. May we compound and dispense yours?

Doris E. Wilson

Women's Page Editor

ABOUT SIX O'CLOCK Wednesday afternoon, an automobile bearing a Las Vegas license plate pulled up in front of our home . . . and out piled five beloved family members . . . four of whom we hadn't seen in three years . . . and one we had never seen, an adorable two-year-old, golden haired, blue-eyed granddaughter, Debbie Sue . . . who had come the 1,000 miles with her mother, Elaine Beth . . . her two sisters, Angela and Sandra . . . and her brother, Mike . . . their dad, David, will join them here the early part of the week . . . after completing a special assignment for the Atomic Energy Commission in the almost primitive hamlet of Amchitka in the Aleutian Islands . . . then they will be off to visit another set of grandparents in Mt. Carmel, Ill.

MEANWHILE . . . a whole lot of "catching up" has been going on until the wee sma' hours of each morning we've heard candid comments about the celebrities who abound in Glitter City . . . and, according to our daughter from Las Vegas, there are family communities in Funville, like families in every other USA city, who are interested mainly in PTA functions . . . Brownies' Scouts . . . Little League Baseball . . . piano and dancing lessons . . . church services and suppers . . . Bridge Luncheons . . . somehow we had never related these activities to Las Vegas . . . but we were assured they do exist . . . and in numbers approximate to fun-seekers.

Staff Notes

ONE OFTEN hears these days that young-people have too much freedom, too much money and too much leisure time, and that as a result of the above, they have degenerated from the standards of "the good old days."

BUT CHILDREN are supposed to be raised by the examples of the adults that are around to influence them—and it is influence, their environment, that shapes their lives. So don't blame it all on the kids.

AND THOUGH young people may seem different they still have basically the same desires and feelings as their adult counterparts did when they were young. They just have more ways of fulfilling them.

THOUGH KIDS may be "wilder" in these current times, they do have more of an awareness of the world around them. And they are no more "different" than the age in which they live. **Larry Hollis**

WANT TO REALLY "be in"? The clan of Pampa horse race fans who attend the weekend events at LeMesa Park in Raton, N.M., may find themselves just that Sunday as who knows how many California "hippies" converge on the area for their "be-in" scheduled to take place at Raton and nearby Sugarite Canyon, June 20-23.

IT IS probable that a large part of the group will already be there since the area was reportedly being "cased" by hippies as early as May. The purpose of the June "be-in" will be "to commune with nature," according to initial contacts in Raton. **Mike Gerald**

IT ISN'T EVERYDAY that a man has to pinch himself to be sure he is awake, but that's what Felix Ryals of White Deer is doing these days. Felix found out via telephone after the Dumas Dogie Days celebration recently he was named winner of a 1967 gold two-door hardtop F-85.

THE CAR, worth \$2,547 on the market, was presented to Felix this week, complete with title and no taxes due. According to Felix, "it couldn't have come at a better time," since he is planning in July to take a vacation from his job of explaining about water conservation in the Panhandle.

IN EXPLAINING about his telephone call, Felix said he "had a phone call late one night" telling him the Lions Club had named him winner of the new car during the District 2-T convention held along with Dumas Dogie Days events.

LAMENTING THAT "it won't ever happen again," Felix said he was "still pinching myself to make sure I'm not just dreaming this all up."

FELIX IS manager of the Panhandle Underground Water District and the Lions Club, among other things. **Wanda Huff**

TIME MARCHES on. It seems that just yesterday that we were celebrating the Fourth of July and now in less than three weeks the Fourth will be here again.

THE CELEBRATION of today's Fourth of July is unlike that of the first Fourth. Our founding fathers attracted the attention of the world by signing the document which proclaimed the United States a free nation. It was a time of uncertainty for all the signers.

TODAY IS a time of uncertainty also. And this Fourth of July a small group of Americans will more than likely attract world attention but in a different way than our forefathers. We will read of groups of Americans gathering to burn the American flag and proclaim, "Better Red than dead." Our fighting men will be denounced for carrying out our nation's foreign policy.

WITH THIS degeneration of the American spirit, it would be interesting to witness the Fourth of July of 1917 years from now, assuming of course at the present rate there is an America in which to celebrate it. **Ken Leach**

U of T Students Wed In McLean Rites

Mrs. Scott Sutherland Carpenter nee Joyce Beasley

McLEAN—The wedding vows of Miss Joyce Beasley and Scott Sutherland Carpenter were solemnized in a late afternoon ceremony performed Saturday in the Methodist Church by the Rev. Elton Wyatt, pastor. Miss Beasley is the daughter of Mr. and Mrs. Guy Beasley of

McLean. Mr. Carpenter is the son of Mr. and Mrs. Leslie Carpenter of Washington, DC.

BRIDE

Given in marriage by her father, the bride wore a gown of de-lustered satin and Chantilly lace designed with a lace bodice featuring a scalloped neckline and long sleeves which tapered to bridal points over the hands.

The A-line, controlled skirt, was edged around the hemline with re-embroidered lace roses, repeated on the back panel which extended from the waistline into a chapel sweep.

Her finger-tip veil of Silk Illusion was held to a floral coil.

She carried a white catyala orchid arranged with baby yellow roses cascading with white feathered mums atop a satin-covered Bible.

ATTENDANTS

Miss Dorothy Beasley served her sister as maid of honor. Miss Martha Beasley, also sister of the bride and Miss Christy Carpenter of Washington, bridegroom's sister were bridesmaids.

They wore formal Empire gowns of yellow organza over taffeta and carried yellow daisy nosegays.

John Cummings of Washington was best man. Jon Grove also of Washington and John Herron of Dallas, bride's cousin, were groomsmen.

Guests were seated by George Sutherland of Brownwood, Judge John Romberg of Gonzales, T. S. Sutherland, R. Steven Bickerstaff, Glen D. Phillips, all of Austin.

Scott Raines of McLean carried the rings to the bridal pair. Kathy Raines was flower girl.

Altar candles were lighted by Spence Sitter, Kelton Thornton, both of McLean.

Vows were exchanged in a nuptial setting of yellow gladioli and white mums flanked by arch candelabra holding cathedral tapers with a background of Jade Palms and Satul. Pews of honor were designated with bucket palms encircled at the (See BEASLEY, Page 15)

Mrs. Paul Edward Guthrie nee Gayle Merrifield Longley

Longley-Guthrie United In Chapel

The Chapel of the Cross at Tyler Street Methodist Church was the setting Saturday afternoon for the marriage of Miss Gayle Merrifield Longley and Paul Edward Guthrie. The Rev. Harold Raines was the officiant.

The bride, a senior at North Texas State University, is the daughter of Mr. and Mrs. Frank Lloyd Merrifield, 1519 Crockrell Hill Road.

The bridegroom is the son of Mr. and Mrs. Paul Lawrence Guthrie, 1340 Christine. He is a graduate of Texas Western College, where he was a member of Kappa Sigma fraternity.

BRIDE

The bride, who was escorted to the altar by her father, chose a gown of white silk organza delicately etched in a floral and leaf embroidered design veiling a silhouette of pale pink silk taffeta.

A reception was held immediately following the ceremony in the Fellowship Hall of the church. The serving table was draped with a white satin cloth, centered with a silver candelabra holding yellow tapers and encircled with arrangements of daisies.

The three-tiered wedding cake, decorated with yellow roses was served by Mrs. Janet Schmidly. Mrs. Russell Omahundo and Mrs. Fred Moseley assisted at the punch and coffee service. Guests were registered by Miss Elaine Bradley. The bride was graduated from Texas Tech College and taught in the Lubbock area the past year. Mr. Archer was graduated from Texas Tech College this spring with a bachelor of architecture degree. He will be associated with Hollar Architectural Firm of Pampa, where the couple will make their home.

PRE NUPTIAL COURTESIES Mr. and Mrs. Howard Archer entertained with a rehearsal dinner in the Emerald Room of the Holiday Inn of Sherman Friday evening, June 16. Thirty-one members of the wedding party attended.

Pre-nuptial courtesies extended Miss Bradley included a tea given by Mrs. Bentley of Lubbock. A luncheon given May 13, by Mrs. Bill White and Mrs. Fred Moseley of Lubbock; a coffee given May 6 in Lefors with Mrs. R. V. Bull, Mrs. R. N. Mounger, Mrs. Carl Hall, Mrs. Merry Stroud, Mrs. Hernie Sloan, Mrs. Arthur Hammer, Mrs. Ray Chastain, and Mrs. Keith Geisler as hostesses; a shower given in Sherman May 26 with Mrs. Dinmore as hostess; and a luncheon given by Mrs. Jerry Harlan at the Holiday Inn in Sherman on June 17.

Mrs. Michael Howard Archer nee Sandra Bradley

The Pampa Daily News

Couple To Make Home In Pampa Following Nuptials In Sherman

Miss Margaret Satterfield

Couple Tell Nuptial Date

The engagement and approaching marriage of Miss Margaret Sue Satterfield to Jerry Wayne Wright was announced at a tea given Saturday in the home of Mrs. Paul Sauer in Panhandle with Mrs. John C. Adams, Mrs. Harold C. Knapp and Mrs. Frank Robinson as co-hostesses.

The bride-elect is the daughter of Mr. and Mrs. Sewell H. Kammerer of Panhandle. Her fiancé is the son of Mr. and Mrs. Louis J. Wright, 2228 N. Zimmes.

Miss Satterfield's chosen colors of gold and white were used in table decoration and throughout the receiving rooms. Others in the houseparty were Misses Gail McGolough, Kerick Warner, and Adams, Violet Gorzelik and Carolyn Garner.

Miss Satterfield was graduated from Amarillo High School and from Draughon's Business College. She is employed by Marie Foundations and is a former member of Phi Epsilon Beta Chapter of Beta Sigma Phi Sorority.

Mr. Wright was graduated from Central High School, Tulsa, Okla. and Tulsa University, where he was affiliated with Kappa Sigma and Delta Sigma Phi. He is employed by Cabot Corp., Pampa.

Wedding vows will be exchanged on August 12 in an evening ceremony in First Methodist Church, Panhandle.

The wedding vows of Miss Sandra Bradley and Michael Howard Archer were solemnized in an eight o'clock nuptial service performed by Stan Hovatter, minister of education, First Christian Church of Lubbock, assisted by Norman Bantz on Saturday evening in the First Christian Church of Sherman.

Miss Bradley is the daughter of Mr. and Mrs. George Bradley of Sherman. Mr. Archer is the son of Mr. and Mrs. Howard Archer of Lefors.

Double-ring vows were exchanged in a setting of baskets of daisies, greenery, and candle trees holding votive candles.

Miss Brenda Hopper, organist, provided the traditional wedding music and accompanied Mike Bedford as he sang, "Whither Thou Goest."

BRIDE

Given in marriage by her father, the bride wore a gown of imported saki with a bodice of venetian lace, designed with

Miss Mary Goodwin

Mr. and Mrs. James A. Goodwin, 2005 Duncan, announce the engagement and approaching marriage of their daughter, Mary Marie, to Donald David Felton, son of Mr. and Mrs. Lawrence L. Felton of Brainerd, Minn. Miss Goodwin attended Wayland Baptist College. Her fiancé is presently serving in the 461st Squadron of the United States Air Force. The couple will be married July 2 and will make their home in Amarillo for the present.

bell sleeves of lace accentuated by bands of saki. Back interest was formed with a chapel-length train extending from below the shoulders and decorated with lace heart shapes, accented with bows. Her tiered veil of imported illusion extended from a semi-heart shaped cap fashioned of venetian lace. She carried a colonial bouquet of white Marguerite daisies entwined with stephanotis.

ATTENDANTS

Mrs. Vernon Harlan, sister of the bride, was matron of honor. Mrs. Bill White, Mrs. David Samuel, Mrs. Jack Jackson, and Miss Mary Ellen McGauley were bridesmaids. They were dressed identically in floor-length gowns of yellow crepe with lace headresses. Each carried a nosegay of daisies.

Howard Archer, father of the bridegroom, served as best man. Dickie Archer, Fred Moseley, Dwayne Tidwell, and Bill White served as groomsmen. Vernon Harlan and Archie Sanders seated the guests.

Alfrusans Name Delegates To Florida Meeting

Mrs. Dora Dunn and Mrs. Van Vanderberg were named delegates for the Alfrusa Club of Pampa to attend the Alfrusa International Convention to be held in Miami Beach, Fla. in July. Alternates are Mrs. V. L. Hobbs and Mrs. Fidelia Yoder.

The Alfrusans were named at a luncheon meeting of the club held Monday in the Coronado Inn.

Mrs. Georgia Mack, Community Service Committee member, introduced Frank A. Patterson of Patterson Customer Relations and Sales Clinic in Phoenix, Az., who discussed factors for becoming successful in the business world. He was assisted by Mrs. James E. Schaffer.

Mrs. Fidelia Yoder introduced as guests, her brother and his wife, Mr. and Mrs. Harper Frantz of California.

Mrs. Irl Smith, president, announced June 26 will be the annual meeting at which time new officers will be installed.

Patty Sue Gray Repeats Vows With Roy Anderson

CANADIAN — Miss Patty Sue Gray became the bride of Roy Lee Anderson on May 6 at six o'clock in the Cental Baptist Vernon Cline, officiating.

Miss Gray is the daughter of Mr. and Mrs. James E. Gray. Mr. Anderson is the son of Mr. and Mrs. R. L. Anderson, all of Canadian.

The bride wore a floor-length gown of white taffeta fashioned with a lace bodice and long tapered sleeves. The bodice was sprinkled with seed pearls and sequins. Her veil fell from a rhinestone tiara. She carried a crescent bouquet of white carnations.

The vows were spoken before an altar decorated with a satin arch entwined with pink roses and flanked by candelabra. Candelighters were Jessie and Jackie Gray.

The bride was attended by Miss Barbara Mitchell of Spearman as maid-of-honor; Miss Eva Anderson of Canadian and Miss Carol Gray of Spearman, as bridesmaids; and Mrs. Kay Farmer as matron-of-honor.

George Gray served the bridegroom as best man. Groomsman were Roger Walright, C. E. Williams and Son

Maggard. Ushers were Stevie Gray, Ronnie Williams and Joe Gray.

Mrs. W. A. Kessie Jr. played the traditional wedding marches. Mrs. Wilson Crawford sang "The Lord's Prayer".

Following the ceremony, a reception was held at the WCTU building. The four-tiered wedding cake was topped with a miniature bridal pair under an archway decorated with blue flowers and a wedding bell. Mrs. Don (Robert) Maggard served the cake and Larue Whitefield of Spearman, presided over the punch bowl, assisted by Janice and Debbie Sanders and Karen and Janice Lay.

For the wedding trip the bride chose a pink dress and wore a corsage lifted from her bridal bouquet.

Pre-nuptial courtesies included a shower given in the home of Mrs. Woody Ford with Mmes. Wilson Crawford, Wayne Weatherford, G. W. Crozier, Bryan Eckles, Doyle Wall, Woody Ford, Jesse Ellis, Jim Myas, Tom Marshall, Vernon Cline, Maybelle Fish, Karen and Janice Lay, Carolyn and Claudia Murray and Mrs. Don Bagny as hostesses.

Miss Rogena K. Thompson

Betrothal Of Pampans' Granddaughter To Be Held At Announcement Tea Today

The engagement and approaching marriage of Miss Rogena K. Thompson of Minden, La. to Bennie Baston of Eldorado, Ark. will be announced this afternoon at a tea in Minden.

The bride-elect is the daughter of Mrs. Erwin Clay Thompson of Minden, former Pampa resident, and the late Mr. Thompson. She is the grand-

Beasley

(Continued from Page 11)

base with white satin ribbon. Mrs. Frank Rodgers, organist, provided a prelude of classical selections and served as accompanist for Miss Nancy Elick as she sang "Beseech Me Not To Leave Thee."

RECEPTION

At the reception held in the Fellowship Hall of the church, the bride's table was appointed with a floor-length cloth of white lace over yellow centered with an arrangement of yellow tea roses and mums in a silver compote flanked by two three-branched candelabra.

Miss Kay Hall of Alanreed presided at the punch service. Miss Glenda Flewharty, Miss Carol Dornbluth, both of Grand Prairie, served from the four-tiered white wedding cake iced with yellow roses. Mrs. Jimmy Ken of Dallas was guest registrar.

They were assisted by Miss Jan Adams of Pampa, Miss Jean Flowers of McLean, Miss Sharon Adams of Fort Worth.

For a wedding trip to Acapulco, Mexico, the bride traveled in a three-piece white knit suit accented with blue and green and complemented with green accessories. She wore the orchid corsage lifted from her bridal bouquet.

The couple plan to continue with studies at the University of Texas. The bride was graduated from McLean High School. The bridegroom is employed by KLRN-TV as a news writer,

daughter of Mr. and Mrs. J.B. Townsend, 1202 E. Francis. The prospective bridegroom is the son of Mr. and Mrs. Lloyd Chesney Baston of Eldorado, Ark.

Tea hostesses will be friends of the bride-elect, Mrs. Fred Greer, 1009 E. Crislo Drive, entire in the home of Mrs. Greer, 1009 E. Crislo Drive, Minden. The bride-elect's chosen colors of orchid and white will be carried out in party decorations.

Miss Thompson and Mr. Baston plan an August 26 wedding in the first Methodist Church in Minden.

The bride-elect, valedictorian of her Minden High School Senior class, was graduated with a Bachelor of Science degree in chemical engineering from Louisiana Polytechnic in Ruston, La. She will be employed with Shell Oil Co. of Houston. She is a member of Tech Engineers' Association and a student member of the American Institute of Chemical Engineers.

Her fiancé, a graduate of Eldorado High School, was graduated with a Bachelor of Science degree in chemical engineering from Louisiana Polytechnic Institute and will be associated with Union Carbide Co. of Texas City. He is also a member of American Institute of Chemical Engineers and of the Louisiana Technical Engineers Association.

while attending the university. Mr. and Mrs. Leslie Carpenter, parents of the bridegroom, were hosts for a rehearsal party on Friday evening at the Sitter-Hess Ranch, south of McLean.

Pre-nuptial courtesies were given by Mmes. R. T. Dickinson, Marvin Hall, S. A. Cousins, W. P. Flowers, Claude Magee, Cleo Turpin, R. C. Parker, Wheeler Carter, Ernie Fry and Frank Rodgers.

Married Fifty Years Ago In Oklahoma, Pampa Couple Note Golden Anniversary

Mr. and Mrs. J. B. Townsend were honored by family and friends at a Golden Wedding Anniversary reception held Sunday June 11 in their home 1202 E. Francis.

Hosts were their son, Lt. Col. Roger O. Townsend of Atlanta, Ga.; their daughter, Mrs. E. C. Thompson, and granddaughters, Misses Rogena K and Joy Lynn, all of Minden, La.

Guests, received by the honorees, their son and daughter, were registered by Miss Joy Lyn. Mrs. Townsend and Mrs. Thompson wore white split carnation corsages arched with gold bells and ribbon. The senior and junior Townsends wore carnation boutonnieres.

The anniversary table was appointed with a linen cloth edged in handmade lace made over 50 years ago by Mrs. Townsend's sister. Towering, ornate white tapers accented with gold were surrounded by tiny sprays of sedum and gold flowers in a silver tray to form the focal point of the table.

Mrs. Carl Patchin and Mrs. Geo. Neff presided at the punch and coffee service assisted by Mmes. W. F. Taylor, I. K. Doom and Travis Lively Jr. Approximately 150 guests called between the hours of two and five o'clock.

Out-of-town guests were Mr. and Mrs. J. B. Kephart of Lima, Ohio; Mrs. Ted Drozden, of Bellfontain, Ohio; Mrs. Tim Crossfield of Stratford; Mrs. Roy Grable of Waukomis, Okla.; Mrs. Jim Boyle of Amarillo and Mrs. Jimmy Harris, also of Amarillo.

Mr. and Mrs. Townsend were married June 11, 1917 by the Christian minister in Newkirk, Okla. Mrs. Townsend is the former Cecile L. Kephart. She and Mr. Townsend were born and reared in Ohio. In 1927, they were transferred to Pampa, where Mr. Townsend was employed as warehouse manager for Shell Oil Co. They resided on a lease west of town.

In 1929, they built their home at 1202 E. Francis. Both their son and daughter were reared here and were graduated from Pampa High School.

Mr. Townsend retired from Magnolia Oil Co. in January, 1959.

They have always been active in church work and Mrs. Townsend taught in the church

school for years. An active member of the PTA, she served as first president of Woodrow Wilson School and as president of junior and senior high schools and city Council PTA associations. She holds a life membership in the National PTA and has been a member of Civic Culture Study Club for 32 years.

Mr. and Mrs. Townsend have spent their winters in Brownsville for the past seven years.

**Credit Execs
Discuss Loan
Bill In Senate**

Senate Bill 5 was the discussion topic at the Monday meeting of Consumer Credit Executives held in Jim's Steak House. Larry Wall, president, led the discussion of the bill, which is also referred to as the "Truth In Lending Bill" sponsored by Senator Proxmire, (Dem) of Wisconsin.

Members voted approval of discontinuing meetings during the summer and will reconvene the second Monday in September.

Members attending the luncheon were: Maxine Nabors, Jewett Scarbrough, Wynn Veale, Lewis Hackley, Charles Webster and Ken Peoples.

Manners Make Friends

Ruhoer shoes detract from appearance and cause foot and backaches.

Miss Elaine Nealy

Mr. and Mrs. J. E. Nealy of LaMarque announced the betrothal of their daughter, Elaine, to Teddy Phillips, son of Mr. and Mrs. Mitchell Phillips, 2129 Coffee. The wedding is planned for Sept. 1 in the First Baptist Church, LaMarque. The couple attended the University of Texas at Arlington, where they are sophomores. The bride-elect is currently employed in Galveston County Memorial Hospital. Her fiancé is employed this summer in the Research and Development Division of Cabot Corp.

Miss Viva Kay Bailey

Mr. and Mrs. Preston E. Bailey, 608 Sloan, announce the betrothal of their daughter, Viva Kay, to Second Lieutenant Gary W. Coulter of Lackland Air Force Base, San Antonio. He is the son of Mr. and Mrs. Merle Coulter of Erick, Okla. Wedding vows will be solemnized in July in the Central Church of Christ, Pampa. The bride-elect is a 1966 graduate of Pampa High School and is employed by Dr. J. B. Veale Jr. and Dr. M. James Moritz. Her fiancé was graduated from Southwestern State College, Weatherford, Okla. this spring and is serving in the U.S. Air Force in San Antonio.

Miss Gay Lynn Arndt

Mr. and Mrs. Jim Arndt, former Pampans, now making their home in Odessa, are announcing the forthcoming marriage of their daughter, Gay Lynn, to Mike Holcomb, son of Mr. and Mrs. Marvin C. Holcomb, also of Odessa. Wedding vows will be exchanged on Aug. 12 in Westminster Presbyterian Church, Odessa. Miss Arndt was graduated from Pampa High School in 1963 and from North Texas State University this spring with a Bachelor of Science degree in elementary education. Her fiancé, an Odessa High School graduate, is a senior at Texas Technological College. The bride-elect is the granddaughter of Mrs. Eunola Garland, 414 W. Browning.

Theta Rho Honors Told At Meeting

A report of state honors garnered by Theta Rho Girls was given at a recent meeting of the club held in the IOOF Hall E. Foster. The honors were won at the Theta Rho State Assembly held last weekend in Fort Worth.

The degree team won first place in competition; Miss Shari Lawley won first place on the Past Presidents' Charge. Miss Donna Matheny was installed as state inside guardian and Miss Lawley as page to the state vice president for 1968, it was reported.

It was announced the next state meeting will be held in Galveston in 1968 and in Wichita Falls in 1969.

Mrs. Ruth Lawley, adviser, announced that members may receive a Certificate of Perfection from the Assembly on secret work by repeating it word perfect to the club deputy.

Members attending were Joyce Blaylock, Shari Lawley, Jean Johnston, Debbie Bennett, Kim Gilbert, Linda Rodgers, Pam Long and Mrs. Lawley.

Confectioners' sugar formerly was called powdered or powdered sugar.

GREENHAW-COLLUM

Mr. and Mrs. Fred Greenhaw of Lorenzo announce the engagement and approaching marriage of their daughter, Nancy Beth, to Jack D. Collum, son of Mr. and Mrs. V. Collum, 1303 Williston. The couple will exchange wedding vows on Aug. 5 in the First Baptist Church in Petersburg. Miss Greenhaw was graduated from Idalou High School and is employed by First State Bank in Abernathy. Her fiancé was graduated from Pampa High School; attended the University of Texas and is employed by the Texas State Banking Department.

ANDERSON - McCLOUD

Miss Glenda Anderson

SKELLYTOWN — Mr. and Mrs. C. F. Anderson of Cleburne announce the engagement and approaching marriage of their daughter, Glenda, to Jerry A. McCloud, son of Mr. and Mrs. C. D. McCloud of Skellytown. The wedding will be an event of June 30 in Eastern Height's Baptist Church in Cleburne.

Violets From "A to Z" Presented By Society

An African Violet program from "A to Z" was presented by members of the local Violet Society at a dinner meeting held Tuesday evening in Jackson's Cafeteria.

Mrs. Holly Gray, program chairman, introduced the discussions on "the most popular of houseplants." Mrs. Norman Walberg told why "the African Violet is the most popular plant; Mrs. Dan Glaxner discussed "what is required to make an African Violet Bloom."

Mrs. Lee Moore illustrated her talk on "types of blossoms by displaying a tray of 24 different African Violets which had been grown by Mrs. J. E. Carlson.

Mrs. Moore said environment, soil, exposure, season of year, age and condition of plant has

much to do with its coloring of both foliage and lower. "African Violets are not pure colors. We have many shades and tints of blues, purples. We really have no true blue nor purple according to any standard color chart," she said.

Mrs. V. N. Osborn discussed "Decorate in the Home With African Violets; Mrs. Carlson, "Eight Requirements Violets Must Have to Grow"; Mrs. W. A. Greene, "Gifts are Beautiful When They are African Violets."

"History of Violets" was presented by Mrs. A. F. Dirksen, who stated African Violets were first introduced in the United States by Amacost and Ryston, a California florist, more than 40 years ago.

Mrs. Evan Jones read a poem "The Impression of African Violets on Men." Mrs. Charles Glisson discussed "Organic Soil and Near Organic Soil" with the remark that pure organic soil is unsterilized and near organic soil is sterilized.

"The Latest Releases for the New Varieties" was presented by Mrs. Harrison Dismuke; "Timely Tips on African Violets For Shows" and "Tools to Work With" was given by Mrs. Gray. The dining tables were decorated with Violet arrangements by Mrs. Osborn. Varieties of

GS Day Camps End On Friday

The second session of Girl Scout Day Camp concluded successfully Friday under the direction of Mrs. N. G. Kadingo. Other staff members were Mrs. Joe Y. Rogers Jr., business manager; Mrs. W. A. Gipson, nurse and program director for both sessions; Mrs. Wm. J. Felter, Miss Linda Seago was in charge of Papoose.

Unit leaders and assistants were Mmes. Steve Odum, J. R. Newman, Hunky Green, Gene Leigh, E. B. Smith, G. L. Kerk-sieck, Donnie Ray; Misses Prudence Skelly and Ann Barnes. P.A.T.S. (Program - Aide in Training) helping with the units this session were Misses Phoebe Skelly, Barbara Simon, Regine Griffin, Paul Homer, Jeline Leigh, Betty and Ruth Felter, Candy and Margaret Hinkle, Marilyn Mimi Miller, and semi-or aide Mary Margaret McBride.

Approximately 260 registered girls, staff and papoose attended both sessions of Day Camp this year, transported daily to the campsites on buses.

The theme for both sessions of Day Camp this year was "Exploring the World of Nature".

Miami Couple Feted On Wedding Date

MIAMI — Mr. and Mrs. J. A. McLaren of Miami were honored on June 11, at a reception on the occasion of their Golden Wedding Anniversary. The former Miss Mabel Benedict and Mr. McLaren were married June 12, 1917 in the home of the bride's parents, Mr. and Mrs. H. J. Benedict in Herdsfield, N. D.

The reception was held in Fellowship Hall in the First Baptist Church from 3 p.m. to 5 p.m. Mmes. Clyde Taylor, Wayne Maddox, Theo Jenkins, Earl Smyth, Melvin McCuiston, A. E. Locke, C. F. Burnett, Herchel Gill, Ed Talley, H. J. McCuiston, C. T. Locke, Loran Grantham, R. B. Haynes, J. O. Duniven, K. M. Patterson, N. M. Maddox, C. A. Gunn, and Miss Juanita Haynes were hostesses.

Mrs. McLaren was attired in floor-length wedding dress of white China silk, styled with a yoke, square collar and long sleeves with deep cuffs. Her corsage was of gold carnations.

The table, covered with a white satin cloth, was centered with an epergne of gold mums and gold candles. The three tiered cake, baked by Mrs. Duniven, was topped with a golden "50". Crystal and silver appointments were used to serve the cake, mints, nuts, orange and lemon fruit slices and golden punch. The hostesses alternated at the refreshment table.

Miss Haynes provided piano selections during the entertainment.

Mrs. Burnett, presiding at the registration table registered 151 guests.

Out-of-town guests were Messrs. and Mmes. Harold Wright, John T. Locke, P. B. Green, Paul Carmichael, C. V. Ingram, Bob Gordon, Dick Dunham and sons, Rev. and Mrs. Carroll Ray, Mrs. Pat Edmiston, Ray-

African Violets in decorated pots were used for place favors from Mrs. Carlson's Violet Cart.

It was announced the Society will adjourn for the summer months and reconvene on Sept. 12 with a meeting in the home of Mrs. Osborn, 315 N. Stark-weather.

Just what you've always wanted — a disposable dustmop. Its throw-away cleaning pads are made of special material for maximum dirt retrieval and a unique shape for easy use in every area of the home, the manufacturer reports. They are made of non-woven, spun cellulose which picks up not only dirt and dust but hard to get at thread and hairs.

If you are anything except brunette, try lining your eyes with charcoal or with brown. Underlining for day should be nothing more than a dotted-line between your lower lashes.

Area Couple Plan Tour of Europe

GROOM-Dr. and Mrs. John L. Witt left Wednesday by plane for Vienna, Austria, where he will attend an osteopathic orthopedic surgeon's convention. En route they will visit in London for three days.

Following the convention, Dr. and Mrs. Witt plan a tour of Italy, Switzerland, Germany, Belgium and France.

Keep any extension short and straight, suggest beauty experts at Coty. You see? It's time to bury that just-off-the-barge on the Nile look.

Dear Abby

DEAR ABBY: Why do people who write to you say: "Mary is a good Christian woman"? Or "John is a good Christian man"? I am a good woman, too, but I am not a Christian. I'm Jewish. To be a good person, do you have to be Christian?

DEAR JEWISH: No. "Christian" when used to describe the virtues of a person, does not necessarily refer to his religious beliefs, but rather to his way of life. One who lives according to the teachings of Christ, need not be Christian. No Jew should take offense. After all, wasn't Jesus a Jew?

DEAR ABBY: I doubt if there is much that would astonish you, but this might be a first. I've never written to an advice columnist before, but you are my last hope, and I have nothing to lose.

My husband was in the service overseas and I was with him. Nearly two years ago, without my knowledge, he volunteered for civilian duty (AID) in Vietnam.

He quietly departed from our post overseas, leaving me with insufficient funds by any standards. My allotment checks stopped for over 10 weeks, so I remained where he had been stationed, got a job and supported myself. He ignored me completely, and all efforts to reach him failed. After a year I decided to return to the United States and take legal action.

As my husband figured, he was out of my reach. Legal papers sent to the Embassy in Saigon for service on him were not served. In desperation a friend (lawyer in Washington, D.C.) contacted the State department. He received and sent me a copy of a FINAL DIVORCE DECREE, issued in California in January of 1967!

I had never received any notice that I was being divorced. The entire action was done by publication in a California newspaper at a time when I was overseas on my husband's official orders, and my whereabouts well known to my husband.

The lawyers here cannot understand how a senior state department officer can walk out on his wife, get a divorce without her knowledge, and avoid legal action.

I am 45 and have always conducted myself properly. What would you do?

PUZZLED

DEAR PUZZLED: With all due respect to your lawyer friend, I would get another lawyer.

DEAR ABBY: We have been married 15 years, are still in our 30s, and are still in love. But there is one thing bothering me. My husband never wears a necktie. In fact, he doesn't even own one.

No matter where we go, to parties, weddings, funerals, he leaves his dress shirt unbuttoned at the top. It embarrasses me to see his Adam's apple bobbing up and down when he talks.

I have never said anything, hoping he would be uncomfortable being the only one there without a tie, but it doesn't seem to bother him. Is this worth fighting about?

A'S WIFE

DEAR WIFE: Your husband is lucky he hasn't had you on his neck for 15 years. Why fight? Let your husband know that if he doesn't care how he's dressed, you do. Going tie-less shows a lack of respect for the occasion. (Could he have a mental block? Perhaps someone in his family was hanged?)

KKI Conclaves Meet In Arkansas

Pampa's conclaves of Kappa Kappa Iota teachers' society will be represented at the national convention June 18-21 in Hot Springs, Ark. by Mrs. Homer Bowers, Mrs. D. L. Mackie, Mrs. Truett Ross and Mrs. Austin Ruddick.

Registration will begin today at 2:30 pm. in the Arlington Hotel.

The theme for this year's convention "Rooted in the Past, Serving the Present, and Forging the Future" has set the stage for Kappa Kappa Iota, the oldest social and professional sorority for teachers in the United States. Miss Mary Ruth Holleman of Birmingham, Ala. is national president.

The Arkansas conclaves have planned decorations and entertainment around a visit to various countries. On Sunday evening, a bit of Hawaii; at the annual luncheon, a visit to the one and only Paris; at the banquet a trip to exotic India and on the tour, Switzerland will be seen in miniature.

A special feature for the entertainment of delegates will be the Petit Jean Tour. In the park are many scenic aspects such as the National Bridge, Natural Theater and the Growing Rock. Adjoining the park is Winrock Farm, the home of Governor Winthrop Rockefeller.

Another convention feature is the increasing interest shown to the Tag Alongs, husbands and sons who come with members. Plans for the Tag Alongs include fishing, golfing, tours to industrial places and sightseeing in Hot Springs National Park and Ouachita Mountains.

Gamma's Yearbook will be entered in the national contest, which is always of great interest to members. This year's book was made by Mrs. Bowers, a delegate. Delegates to the national convention last year in Birmingham, Ala. placed second in distance traveled and the pressbook won first place.

The convention will close on Wednesday night with a banquet and installation of new officers in the ballroom of Conference Center.

The two conclaves of Kappa Kappa Iota in Pampa have Mrs. Frank Anderson as president of Alpha Iota and Mrs. Roy Sparkman as president of Gamma.

Karen Kotara Feted At Birthday Party

GROOM — Karen Kotara, daughter of Mr. and Mrs. Dennis Kotara, celebrated her third birthday with a party given by her mother in their home southeast of Pampa.

Children attending were Brett Stroope, Jana Carroll, Kathleen, Patricia and Allison Kotara, Kim Kotara, La Donna and Janet Gordon and David Caffee.

Mothers attending were Mmes. Wayne Stroope, Paul Carroll, Ronald Kotara, Wayne Kotara, Jackie Gordon, J. R.

Mrs. Baylog Honored At Pink-Blue Party

GROOM — Neighbors gathered at the N. B. Drive Inn recently to honor Mrs. Bob Baylog with a surprise pink and blue shower.

Those attending were Mmes. Crim Goodlett, Al Rupe, Marie Rogers, Sam Black, Guy Blackwell, B. H. Cooper, Vera Klipens, Tassie Dorsey, Leroy Weatherly and Tanja, and the hostess, Mrs. Nath Helton.

Sending gifts were Mrs. A. D. Neal and Dora Getsy.

Caffee, Sam Kotara and the hostess Mrs. Dennis Kotara.

ENGAGED

Miss Ginger Slagle

The engagement and approaching marriage of Miss Ginger Slagle, daughter of Mrs. R. D. Leimer of Dumas and the late M. W. Slagle, to Michael Hardin is being announced by the bride-elect's mother, Mr. Hardin is the son of Mr. and Mrs. Warren Hardin, 1824 N. Sumner. Wedding vows will be exchanged July 22 in St. John's Lutheran Church, Dumas. Miss Slagle was graduated in 1966 from Dumas High School and is a sophomore at West Texas State University. Mr. Hardin was graduated in 1963 from Pampa High and in 1967 from West Texas State University, where he received a Bachelor of Science degree in pre-dentistry. He plans to attend the University of Texas Dental School in Austin.

The Pampa Daily News

A Watchful Newspaper

EVER STRIVING FOR THE TOP O' TEXAS TO BE AN EVEN BETTER PLACE TO LIVE

The Pampa News is dedicated to furnishing information to our readers so that they can better promote and preserve their own freedom and encourage others to see its blessing. Only when man is free to control himself and all he produces, can he develop to his utmost capabilities.

We believe that freedom is a gift from God and not a political grant from government. Freedom is neither license, nor anarchy. It is control and sovereignty of oneself no more, no less. It is thus consistent with the Human Relations Commandments, the Golden Rule and the Declaration of Independence.

SUNDAY MORNING GRIST

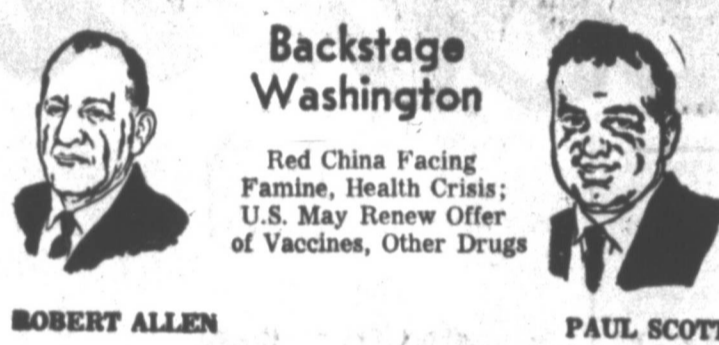

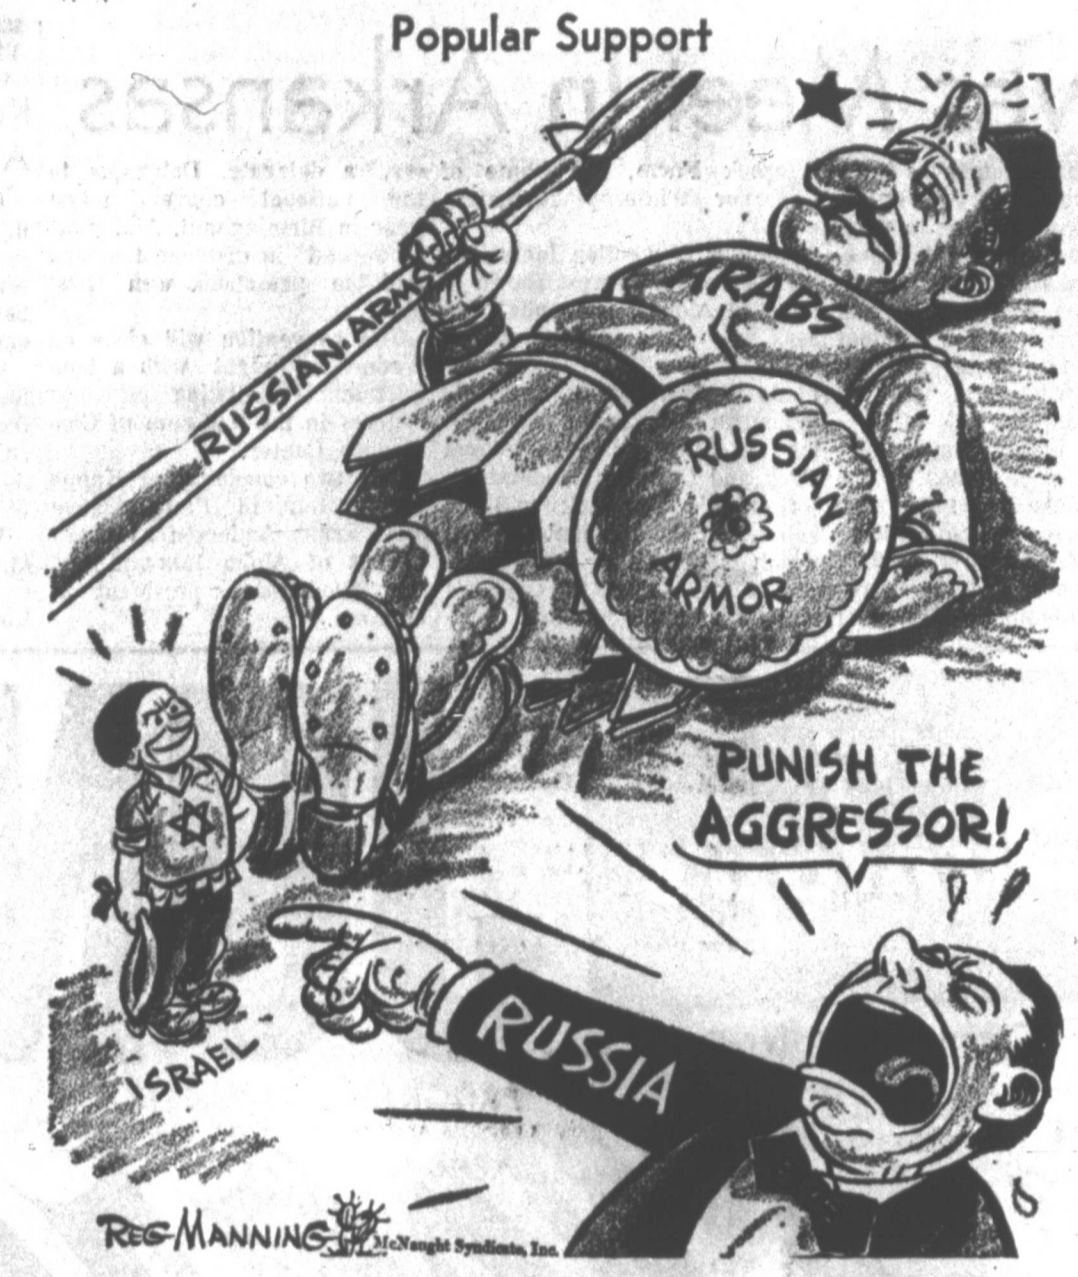

From the Editorial Mill

THE PAMPA school board doesn't have much choice when it meets next Thursday to review those federal "suggestions" and decide what it is going to do about Washington's ultimatum to integrate the district's teaching staff and eliminate the current all-Negro aspects of Carver Elementary school. . . It all boils down to one of those "do it, or else" situations. . . The "or else" in this case, entails loss of \$250,000 worth of federal aid money plus possible prosecution for violation of that portion of the Civil Rights Act which calls for total desegregation of public school teachers and pupils. . . The two agents from the Education Office of the Department of Health, Education and Welfare told school board members here last Monday they were merely making suggestions and "had no authority" to enforce. . . They may have no authority in the strictest sense of the word, but they also let it be known that if their suggestions were not heeded within 15 days, they would recommend immediate withdrawal of all federal aid. . . The clincher on their statement was, "and we haven't lost a case yet". . . How much more authority do you need? . . . Loss of the federal aid would, in itself, be a good thing. . . At least the local school board could run its own business affairs without being dictated to by Washington.

INTEGRATION of the teaching staff, and the desegregating of Carver school is entirely another matter. . . That's the law and has to be followed. . . It's a shame the board can't get rid of the federal aid without violating the law. . . But, when it complies with the law, it still remains saddled with the federal loot and the regulatory power of government that always is attached to it. . . Don't ever get the idea when Washington gives you money that Washington isn't going to run the show. . . The more you accept in the form of federal aid, the more you lose administrative control of your local affairs. . . This goes for a school board, city council or any other body of local government. . . Whenever a local official joins in smoothing the way for an influx of federal tax money he is helping to relinquish the reins of local management. . . He is contributing to the master plan which makes it easy for Washington to say, "you're using our money, we're going to have a say in running your business." . . There are all kinds of super-salesmen sent out from Washington to tell local communities what they are missing if they don't get in on this or that government cookie jar program. . . Many officials fall for it. . . Many local citizens think it should be grabbed up under the "something for nothing" fallacy. . . Take the money, they say—everybody else is taking it. . . They don't stop to analyze the control pitfalls that are inherent with it. . . That all comes later with the impact of realization.

IN ALL the spasm of enthusiasm to get as much money as possible from the never-ending source in Washington, somebody needs to make an attempt to see some of the trees in the forest. . . Too many of us are becoming obsessed with the Let-Washington-Solve-Everything-for-You philosophy. . . It must be that our community has failed somewhere in the past if it now finds it necessary to call on all of the other taxpayers in the U.S. and ask them to donate a quarter of a million dollars every year in order to keep our local schools operating. . . (There are those who will say it is stupid not to take what we can get from them when they probably are taking what they can get from us). . . The only answer we have to that is that two political wrongs do not make a political right. . . If a halt isn't called somewhere—and people all across the nation do not awaken to the fact that cities and towns are losing their self-sufficiency and local control—we'll all be taking orders from the central office on Pennsylvania Ave.—and we don't mean Pampa's Pennsylvania Ave. . . Like we said at the beginning, the school board doesn't have much choice next Thursday—unless it has a rabbit up its sleeve we haven't heard about.

NOW, FOR a change of pace. . . Has anyone noticed things have begun to happen in the police department? . . . Four resignations in three weeks, with three of them in the past week, would indicate somebody is trying to tell somebody something. . . It also gives rise to the question: Will there be more? . . . As this was written the department had only one chief, three tribal warriors and about 15 plain, ordinary, one-feather type braves. . . The chief even came out in the newspapers to see if he could stir up some candidates to fill vacancies on the reservation. . . The department is short an assistant chief, a captain and two lieutenants. . . This was written about two hours ahead of a scheduled pow-wow, war council or something at 4 p.m. Friday in City Hall. . . Last report was that the City Hall Cat was sitting under a table waiting for the tribe to gather. . . One intelligence agent points out that since Mayor Jim Norton had just been made an honorary chief in the Southwest Indian Organization it might have been a good idea to let him sit in on the pow-wow. . . There's an old Indian apothegm which states that the heads of two chiefs are better than one. . . At least that's the smoke signal from a friendly redskin we encountered on the municipal mall. . . And, now—as the principal speaker always says—a final word. . . That word is "resignation," which has at least one more definition than you will find in Webster's unabridged.

ROBERT ALLEN Red China Facing Famine, Health Crisis; U.S. May Renew Offer of Vaccines, Other Drugs PAUL SCOTT

WASHINGTON— Before the end of summer, Communist China will face its worst food shortage and health crisis in a decade.

The hazard of famine and pestilence in the world's most populous country increases each day with the spreading drought in China's five surplus grain producing provinces.

Bordering on the Yangtze River, these parched provinces are Hubei, Anhwei, Kiangsi, Hunan and Chekiang.

Under normal weather conditions, these fertile rice and grain producing areas account for 70 per cent of all food consumed in China's 18 provinces.

In the long history of China, crop failures in these Yangtze river provinces have been followed by country-wide hunger and death for tens of millions from starvation and disease.

Canadian officials returning from the China mainland say the drought is so widespread that the only way Peking can avert a major catastrophe is to begin importing massive shipments of grain and drugs from the West.

If Mao Tse-tung's government waits too long, these officials warn it will face a hunger revolt as bloody as the civil war that brought the Red regime to power in 1949.

This report on China's coming chaos was passed on to President Johnson during his recent visit with Prime Minister Pearson in Canada and resulted in the State Department's offer to send U.S. drugs to Peking.

ARMY IN CONTROL — It also came amid increasing signs that Mao-Tse-tung has begun imposing martial law on the mainland in preparation for the Red Army's taking control of next month's harvest.

This military takeover is believed necessary to keep the restless Chinese peasants from revolting and seizing what remains of the country's small crops. Also, the martial law is needed for the mobilization of students, workers, and Red guards to gather the harvest.

Significantly, Army units controlled by Mao and his followers have begun taking over the transportation and storage facilities needed to move and store the new harvest — tasks usually left to the farm communes.

In the heavily populated Eastern and Southern areas of China where diseases are rampant, the Army has set up emergency medical centers to combat epidemics of German measles, smallpox, and summer flu. The smallpox epidemic already has claimed thousands of lives and is spreading toward Hong Kong, and North Vietnam.

Despite Peking's flat rejection of the first U.S. drug offer, Secretary of State Rusk is again urging President Johnson to renew it through diplomatic channels.

Under Rusk's plan the drugs would be sent to Peking with no strings attached to keep these killer diseases from spreading

Pull Up A Chair

By FRANK JAY MARKEY

Jim Thorpe is generally regarded as the greatest all-round athlete this country has produced. His athletic feats during a 30-year career were legendary. His name is always associated with the Carlisle Indian School in Pennsylvania, which many believed to be a college. Actually it was the first non-reservation Indian boarding school in the nation, opened in 1879 by an army officer and supported by private contributions. The school closed during World War I when the government reclaimed the property for use as a hospital.

Since many of the Indians attending Carlisle, including Thorpe, were college age the school was able to compete with the big colleges in athletic contests and eventually achieved a national reputation. However, as an educational institution it was never much more than a high school.

Today's smile: A politician invited to address a PTA meeting, talked for two hours and finally apologized for having monopolized the program. "I'm sorry I talked so long," he said, "but I didn't look at the clock."

One weary listener in the audience said: "Well, there was a calendar in front of you."

It would seem from perusing the Yellow Pages of the phone directory that law firms and advertising agencies have something in common. Both like to have four or five names in their titles. You can't recall any of the multi-named law firms, and in the advertising field only one comes to mind — Batten, Barton, Durstine & Osborne. But if you pick up the Yellow Pages in any large city and skim through the listings you'll see what we mean.

Thoughts while shaving: A little more than a half century ago Henry Ford created a world wide sensation when he started paying a minimum wage of \$5 per day to all employees, including the janitors. He was acclaimed by the working man as the foremost industrial philanthropist of all-time and was just as roundly roasted by his competitors and other businessmen for starting a wage spiral that would cost them money, too. Well, he started the wage spiral. And, many of today's auto workers and other industrial employees make as much in an hour as the elder Ford paid their fathers for working a full day. It's a different world. . . . The nation's top 10 convention cities are, in order, New York, Chicago, San Francisco, Washington, D. C., Dallas, Miami Beach, New Orleans, Philadelphia, Los Angeles and Boston. There are seasonal variations. During the warm weather conventions are held in the Northeast and the

cold weather finds them in the Southland. Statistics show that about 70 per cent of all business meetings and trade shows are held in the Northeast. . . . Last year 1,000 new motels opened in this country and 100 small hotels closed up. However, the net result was 34,000 additional rooms. . . . A survey reveals today's business executive spends about 60 per cent of his time attending or conducting meetings. The cost in time, salaries, transportation, lodgings, etc., adds up to billions. And the customers pay for it. . . . The Augusta (Ga.) CHRONICLE-HERALD reported in a story: "They enjoy having friends drip in." Maybe their friends are drips, who knows?

Country Editor speaking: "Some people are always busy picking up the beans they have spilled."

The Doctor Says:

By Your Taste or Twinkle Mosquitoes Not Drawn Do mosquitoes find you irresistible? Most people can truly answer yes. According to Dr. Howard Maibach at the University of California, this allure has nothing to do with the twinkle in your eye but there must be a reason for it. Some people who say that mosquitoes never bite them are actually bitten as often as you and I but apparently they don't feel the bite nor do they feel any urge to scratch it.

What does attract mosquitoes is body heat, dull nonreflecting surfaces and moisture, usually in the form of sweat. When water was applied to the skin of nonswearing persons the formerly aloof mosquitoes zoomed in with gusto. Persons with psoriasis are short on perspiration and hence are rarely bitten. You might call this a fringe benefit.

Another study indicated that when a mosquito bites you, it shoots a poison into you to dilate your capillaries. It is the poison, not the bite, that is painful. But here is the pay-off. If it is not disturbed while biting you it will drink until full, then withdraw the poison for future use. Such a bite will not itch.

If you are a prime target for mosquitoes you best protection may be an insect repellent. Oil of citronella, an old stand-by, was more effective in repelling your fellow man than in repelling mosquitoes. Diethyltoluamide (Deet), which also repels ticks, fleas and other blood-sucking insects when applied to the skin and clothing, is one of the best. After it is applied it loses its effectiveness in time through evaporation or being rubbed off by contact with clothing or other objects.

Even more recently a repellent called allethrin has been synthesized. It is nearly 1,000 times more effective than diethyltoluamide. So pick a good repellent and let the mosquitoes feed on birds, mice and other animals. They are said to prefer them to human beings, anyway.

Q—My doctor is giving me Dianabol. What is it for?
A—Methandrostenolone (Dianabol) may be given to help you gain weight, to treat osteoporosis (weakening of the bones) and arthritis, especially in persons who are over 40.

QUESTION: Why are houses and all building so much higher than most every other thing one buys?
ANSWER: The primary reason is that you can't ship a house or a school building or a factory or a store building in. It has to be built locally, so it becomes a natural monopoly. And when the government joins with the labor unions and makes it almost impossible to build a building in most towns without having all union men, and they can strike one trade or another, and the rest will recognize the strike, they push the wages way up, higher than for most anything else — higher than for automobile manufacturers, than for the men who make clothes or furniture or anything that can be shipped in.

Of course, building is a seasonable job in many climates, so that there are some days construction men cannot work. That accounts for part of it; but the main reason that houses and rents are so high is that there's no free trade in building houses, and the cost of a house determines its rent.

It seems that all progress comes from competition in producing and creating material things and ideas, and anything that interferes with a free and natural division of labor runs the price up.

If the automobile manufacturer pays too high a wage, he can't sell his cars against foreign competition. Not so with houses and buildings, because you can't ship a house or a building in or even move it across the state lines any distance.

Fatal diseases are occasionally painless until the terminal stage is reached. The ill person becomes adjusted to his condition and may deny he is even ill. At the cost of his life, he avoids diagnosis which only a qualified adviser can give him. So it is with nations.

Mr. Arnold Toynbee, the eminent British historian, has just returned to Britain from the United States. He has written of his visit much as a doctor diagnoses an ill patient. For one thing, he believes the U.S. people have lost their way. He views the United States as a semi-socialist country in which the public sector of the economy is gaining ground at the expense of the genuinely private sector.

He says, "The American taxpayer, and even the American congressman who vote the tax-money, can no longer keep track of how the money is being spent and what it is being spent on. He no longer believes that the administration is telling him the truth. He is shocked by startling revelations of an official 'hidden hand' spending the taxpayer's money for objectionable purposes. The taxpayer's money has even been used to 'condition' the taxpayer himself. We are witnessing a struggle in America for the American people's soul, and this struggle is fateful for us all."

The national malady that afflicts the United States is not beyond cure. If the people have the will to do it, inflation and super government can still be brought under control.

Jobs are created by capital invested by shareholders and entrepreneurs, and these people have as much right to their profit (return on invested capital) as workers have to their wages. Profits create jobs and make higher wages possible.

It is also a fact that the increasing rate of automation, so strongly protested by the unions, is a direct result of current uneconomic wage rates. However, automation will have the effect of raising the level of each worker's productivity, thereby making it possible to produce more goods at lower prices, raise profits AND wages, and generally improve living standards.

Honest men — with mistaken beliefs — are damaging the chances for attaining private capitalism. Which means that they are damaging themselves.

H. L. Hunt Writes

ELECTORAL COLLEGE NEEDED

When I appeared in mid-May before a Senate committee to urge reform of the Electoral College system of choosing the President and Vice President, I was under the impression that the vast number of Americans who are concerned with this need would accept the direct vote plan in order to get a change. Since then, however, many fine citizens, fearing inroads of centralized government into elections within the state, have said they believe the direct vote plan would be far worse than the present obsolete system.

The Congressional District Plan would reform the Electoral College, not abolish it. And the Electoral College needs to be retained as a basic strength of our Republic.

Under this plan, the political necessity of appealing to pressure groups and well-organized rather than large minorities would be significantly lessened. The District Plan would be more truly representative of intelligent public opinion than the direct vote plan, through which the pressure groups could still prevail and have their way without regard for the public welfare.

Voting irregularities would be diminished as the manipulated vote in the mid-city sections of large metropolises would be increasingly difficult to control. Suburbs, where calmer views may prevail, would often make up a large part of an Electoral College district, and their people's voice would be heard through the District Plan electors in a presidential election.

Attainment of the Congressional District Plan would represent an important victory, one needed to renew the hopes of freedomists. A proposed constitutional amendment to put the plan into effect is now before Congress.

Wit and Whimsy

A learned doctor denies that spring fever is incurable. The trouble, he says, is that it's let it in. A patie o-bhithposswim impossible to find a patient who wants to get well.

One day a friend sent the late Gracie Allen a small, live alligator as a gag. Not knowing what to do with it, she placed it in the bathtub before rushing out to keep a studio appointment. When she returned home, she found a note from her maid: "Dear Miss Allen: Sorry, but I have quit. I don't work in houses where there's an alligator. I'd a tote you this when I took on but I never thought it would ever come up."

Sign in a dry-good window: "Altercation sale. Partners Splitting Up."

HOW TO ADDRESS OUR LAWMAKERS

You may wish to write your senators and representatives in Washington and Austin. Here are their addresses:

SEN. BOB BYRD, 1205 Longworth Bldg., Washington 20, D.C.
SEN. RALPH ABRAHAM, Senate Bldg., Washington 20, D.C.
SEN. JOHN TOWER, Senate Office Bldg., Washington 20, D.C.

REP. MALCOLM ABRAHAM, Canadian, Texas
SEN. CLEAVE HANLON, Canyon Hwy., Amarillo, Texas

WORLD ALMANAC FACTS

The Golden Age of Spanish fish culture lasted an ever 100 years, from 1550 to 1650, says The World Almanac. Called in Spanish El Siglo de Oro, the period produced such famous writers as Cervantes, who wrote "Don Quixote," and Lope de Vega who turned out some 700 dramas. Also during this time, El Greco, Murillo and Velazquez painted their masterpieces and the Jesuit priest, Saurer, wrote his widely read books on law and philosophy.

Admiral Richard Basehart Rides On Top of the Sea Offscreen

By VERNON SCOTT
UPI Hollywood Correspondent
HOLLYWOOD (UPI)—The role of Admiral Nelson in "Voyage To The Bottom of the Sea" has clearly affected Richard Basehart but only to the extent of a little power fishing boat at a local marina.

Seller's Wife Has Two Movies Awaiting Release

By VERNON SCOTT
UPI Hollywood Correspondent
HOLLYWOOD (UPI)—Britt Ekland is a breathtakingly beautiful Swede whose husband is the talented Peter Sellers.

Britt has two movies awaiting release in the country—"The Bobo" and "The Double Man"—both of which are calculated to catapult her to the top rank of screen eminence.

She is one of those rare ones among contemporary actresses: the kind whose physical appearance alone stops a scene cold. At 24 Britt is the universal image of what a Swedish girl should be. Blonde hair tumbles below her shoulders, her skin is as clear as a Scandinavian sky. Her blue eyes are wide-set, her nose tip-tiled and her figure absolutely perfect.

By comparison Garbo and Ingrid Bergman were milkmaids when they first entered movies. Ekland's English is tinged with only a hint of an accent.

She last visited Hollywood under tragic circumstances

enough of the briny on the ABC TV adventure series. But he's also an avid fisherman, catching yellowtail and barracuda off the Southern California coast. When there is more time he lies off the Mexico's Baja California for marlin and swordfish.

A Zanesville, Ohio, boy, Basehart is a landlubber most of the time. His home in Coldwater Canyon (Beverly Hills) is a modern ranch house with a swimming pool and a sweeping view of Los Angeles.

He and his wife of five years, Diana, and daughter Jenna, 3 are surrounded by Mexican paintings, especially favoring Tayamo and Jesus Leus.

The Basehart family is rounded out by three Yorkshire terriers, Peanutte, Molly and Harriam. They are partially responsible for the actor's desire to move to larger quarters.

In addition to the sea and boats Basehart is absorbed with cooking. Out of Diana's earshot he will candidly admit he is more handy in the kitchen than his wife.

"I'm really good at Italian and French dishes — and corned beef and cabbage whenever Diana allows me to cook it," he said.

On weekends Basehart is master of the kitchen, but during the week Diana takes over the galley while her husband is of conquering the bad guys at 20th Century-Fox where his show is filmed.

Each morning little Jenna routs the family from their beds at 5:30, with the trio of York shires yapping at her heels.

Diana fixes breakfast and the head of the house is off for the studio in time to be on the set in naval uniform and make up for the beginning of shooting at 8 a.m.

Invariably Basehart wears the same lightcolored trousers and jacket — no necktie — to work. With the series going into its fourth year Basehart is chafing to return to his first love, feature motion pictures. But they can be squeezed in only when the show is on hiatus for three months a year.

Wary of waiting for the right circumstances and picture, he is negotiating to make his own movie next year.

Like most television stars, Basehart finds his schedule too filled during the week to play host, or guest for that matter, with his friends, most of whom are actors or other show business figures. He can't even find time for tennis anymore.

Often on weekends he and Diana will invite three or four couples to dinner. Richard, naturally, does the cooking.

Basehart has a son, Jack, 15 by a previous marriage who attends school in Switzerland.

They manage to see one another during vacations when the actor isn't tied to his series. Father and son look forward to the day when there will be sufficient time for them both to head out to sea for some exciting fishing with Papa Basehart at the helm.

TV NOTES

NEW YORK (UPI) — Shooting starts in New York June 21 for the new "NYPD" series that will be aired Tuesday nights on ABC beginning in September. Stories will be based on actual cases in the New York Police Department files.

"G-E College Bowl" will be back next season on NBC for its 10th year on television. Through Dec. 30 it will be on Saturday instead of Sunday, but after that it shifts back to 8 p.m.

Lou Johnson, Los Angeles Dodger outfielder who has been out of baseball action because of a broken ankle, will be seen in one of the "Cowboy in Africa" episodes on ABC next fall playing a Swahili nomad.

The summer reruns of "The Monkees" on NBC will have some new background music for certain episodes. This up dating has been done to include some of the newer hits of the musical group, songs that were not available when the series was made.

Landmen Slate Top Speakers for Meet

Government, banking and industry leaders are included in speakers announced for American Association of Petroleum Landmen's Thirteenth Annual meeting.

The June 21-24 Meet at New Orleans' Jung Hotel, will hear Interior's J. Cordell Moore; Beverly Hills, California Investment Consultant J. William Hayes; First National City Bank of New York's Executive Vice President William J. Spencer; and Esso Exploration's vice-president and director Robert Y. Woodul.

J. Cordell Moore, Assistant Secretary of Interior for Mineral Resources will appear Thursday afternoon, June 22, and discuss "Reserves".

Hayes will also speak on Thursday. He will talk on "The Independent Investor Looks at the Oil Industry".

Woodul and Spencer will talk to Friday morning's session. Woodul, a native of Laredo, is manager of the Negotiations Division of Esso Exploration, Inc. He will talk on "Negotiations Abroad".

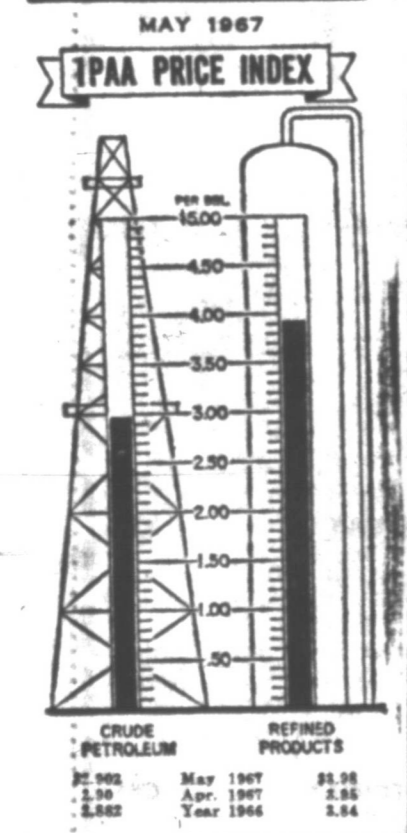

The six hundred wives of petroleum landmen expected at the meeting will be guests of Bateman, Floyd and West Oil Company for a Sherry Party on Wednesday. Thursday, a Creole Brunch will be given for the ladies by the Estate of William G. Helis and Exchange Oil and Gas Co. Friday's ladies program will feature a luncheon

Mining Engineers Schedule Las Vegas Meet in September

NEW YORK — "Minerals, Treasure Trove of the West" will be the theme in Las Vegas, Nev., on Sept. 6-8 at the 1967 Fall Meeting of the Society of Mining Engineers (SME) of the American Institute of Mining, Metallurgical and Petroleum Engineers (AIME). Attendance at the meeting is expected to approach some 2000.

Officially dubbed the 1967 SME Fall Meeting and Exhibition — Rocky Mountain Minerals Conference, the big meeting will examine the critical minerals of the intermountain area as well as exploration, mining, beneficiation, coal and economics.

Of keen interest to all mineral industry engineers, the meeting will feature more than 80 papers and speeches by outstanding engineers and executives of the minerals industry.

Annual crude prices from U. S. Bureau of Mines. Monthly crude prices based on announced adjustments and volume effects.

Refined products in weighted average refinery price of gasoline, kerosene, fuel oil and heavy fuel oils for 8 principal areas calculated from low quotations as reported by Platt's Oilgram Price Service.

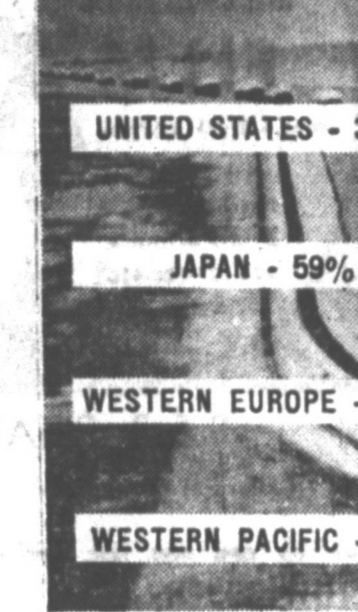

Note: This information reflects the trend in oil prices but not the actual sales realization for producers or refiners.

69TH YEAR

ANTI-WESTERN FEELINGS in the Arab world due to the Mideast fighting may dry up the flow of oil from that area, but Western officials foresee no real crisis.

Arab oil fields supply about one-third of the Free World's oil, but Britain and Western Europe have large reserves that will hold them for some time. Other possible remedies would be to increase shipments from the United States and Latin America.

The U.S., as shown above, gets only a small percentage of total petroleum from the Mideast.

Middle East Crisis Emphasizes Importance of Import Controls

DENVER, Colo. — Only because of mandatory oil import controls has the United States escaped dangerous over-dependence on Middle East oil, the president of the Independent Petroleum Association of America said today.

F. Allen Calvert Jr., Tulsa, Okla., said the volatile Middle East crisis served as a "renewed warning that this country cannot afford — at any price — dependence on remote and insecure petroleum supplies."

"This lesson cannot escape the notice even of those who deplore, as a matter of principle, the necessity to limit oil imports as a means of preserving our domestic petroleum industry and our security as to essential fuels," he said.

Calvert noted that a Washington newspaper "which three months ago was advocating dis-

mantling of the present system of import controls has now acknowledged, in a news analysis, that our dependence on Middle East oil is limited because of that system."

Speaking at a meeting of Colorado-Nebraska independent oil producers, Calvert said the Arab bloc oil producing countries "possess nature's richest storehouse of petroleum reserves, two-thirds of the world's total, but it is obvious that oil is available to us only so long as we do not need it."

"Should we ever adopt an 'open door' policy on oil," he warned, "the Middle East could supply all our requirements and displace the domestic petroleum industry in short order. In that circumstance, our sufficiency in petroleum supplies would be foredoomed," he said.

"Such dependence would put this country in the unfortunate position, now faced by Western Europe, of being subjected to 'blackmail' tactics in any political crisis which occurred in the Arab world."

He declared this country now imports, unnecessarily, 2.5 million barrels daily of oil which

"certainly is 'costly' to our country, resulting in an annual dollar drain of \$1 billion which is a major element in our chronic balance of payments deficit."

"It is true that, as a matter of national policy, we have fortunately and deliberately chosen to give minimum 'protection' to the domestic industry paying the world's largest petroleum wages, and spending more than \$4 billion a year on exploration and development, using high-cost domestic materials and equipment, manufactured and sold by other highly-paid Americans."

Calvert declared that, contrary to some claims, domestic crude oil prices today are four per cent lower than when import controls were imposed, in 1959 and gasoline prices are the same as in 1959 — "only the state and federal taxes are higher."

He said those concerned with "paying a price" to maintain a domestic oil industry capable of meeting emergency U. S. fuel requirements "simply haven't seen any 'high prices' until the day this country becomes a captive consumer of foreign oil."

Israel's Victory Hits De Gaulle

United Press International PARIS (UPI)—Israel's lightning victory over the Arab armies left President Charles de Gaulle's grand design for France as supreme arbiter between Arabs and Jews in a shambles.

When Egypt blockaded the Gulf of Aqaba, France said it was scrapping all past commitments to Israel and would remain neutral.

Paris also imposed a strict embargo on all arms shipments to the Middle East. The move hurt Israel most because its armament is chiefly French.

True to his doctrine that the world should be ruled by the big four—France, Britain, the United States and Russia—De Gaulle from the beginning of the crisis kept calling for a Four-Power conference to settle all Middle Eastern problems.

The French expected the crisis to result at most in a diplomatic or military stalemate. The quick Arab defeat came as a total shock in Paris.

A statesman in the French opinion, would have given France a commanding position. The Americans and the British would have been committed on the side of Israel while Russia stood behind the Arabs.

Card of Thanks

A. L. (SHORTY) MILLER
We wish to thank our neighbors, friends, Rev. Smith, Carmichael, Whaley Funeral Home and to anyone who in any way aided in love and sympathy during the recent loss of our loved one.
Mrs. A. L. Miller and family

THANK YOU

We wish to express our sincere gratitude to our many friends and neighbors who were so kind to us during my recent illness. A special thanks to everyone who sat up with me in the hospital, and to everyone who sent flowers and brought food.
Bobby Helm and family
