

THE WORST HURRICANES

NUMEROUS HURRICANES have touched the eastern and southern coasts of the United States since the turn of the century, but the ones shown above are among the most deadly, in terms of lives and property lost. Their respective tolls in the United States include: (1) Galveston, 6,000 dead, \$30 million damages; (2) Audrey, 390 killed, \$150 million; (3) Florida, 1,836 killed, \$25 million; (4) Diane, 184 killed, \$912,840,000; (5) New England, 600 killed, \$300 million. The Weather Bureau has called this year's Beulah (6) "one of the worst Gulf hurricanes of the century." Though early methods have cut down on loss of life, property loss is still high. Loss to the Texas citrus crop itself has been estimated at \$50 million.

EX-MAYOR FILES PROTEST

City Okays \$2-Million Budget, \$1.72 Tax Rate

Pampa's \$2,020,596 city budget for fiscal 1967-68 and its accompanying \$1.72 tax rate was finalized and approved by the city commission after a one-man public hearing in City Hall this forenoon.

Former Mayor E. C. Sidwell was the only person to appear at the public's opportunity to be heard.

The commission's unanimous approval of the budget was given after Sidwell asked commissioners to give further study to a reduction in the budget.

He said he was concerned because disbursements for the

coming year show an overall increase of 21.09 per cent over the last year and total revenue for the period shows only an increase of 7.65 per cent.

"I am not here to harass anyone," Sidwell said. "I am here hoping to make a contribution to the community."

Sidwell said he didn't think "the public is getting the full story on Pampa's bonded indebtedness."

He pointed out that the bonded indebtedness now is \$6,000,000 with \$225,000 annual interest plus principal payments.

"Any business, and government is business, can cut costs," Sidwell said. "and be-

fore this budget is adopted, I would like to see you give more consideration and reach some semblance of a reduction over the previous year."

The former mayor asked that the city secretary insert in the commission meeting minutes that "I am concerned over City Hall management."

Following Sidwell's statement and departure from the meeting room, Commissioner Hugh Burdette and Mayor Jim Nation commented briefly on the reasons for the increased budget figure.

"The people of Pampa voted for the improvements—the commission had nothing to do with it," Burdette said.

"The public voted the bonds for it," Mayor Nation said, "and there was plenty of notice at the time that the tax rate would have to go up 25 cents to (See BUDGET, Page 3)

Scollay Square Dies at 'Age' 283

BOSTON (UPI)—Scollay Square, the sailor's delight in puritanical Boston, died Monday. It was 283.

The square, a haven to thousands of sailors and soldiers who used Boston as a jump off spot for Europe during World Wars I and II, passed into history when Mayor John F. Collins signed a proclamation renaming the area Government Center, site of the city's new government buildings—federal, state and local.

But the new multistoried halls of bureaucracy never will replace the legendary old Howard burlesque theater, Joe 'n Nemo's hot dog parlor, the tattoo emporiums, arcades, shooting galleries, photo shops and bars that lured the servicemen.

A stone's throw from Boston's waterfront and the Charlestown Navy Yard, Scollay Square drew servicemen like only a honky tonk district can.

Sent to Boston for the last night or three before heading to the war zone, soldiers and sailors went to what one police court judge called "the crossroads of hell."

School Union Talks Resume

NEW YORK (UPI)—Hopes for early settlement of New York City's 16-day-old school strike appeared today to have headed off a call from Mayor John V. Lindsay for binding arbitration.

Negotiations between the city and the union resume at city hall at 10 a.m. today.

State mediation Chief Vincent McDonnell said he hopes for a settlement during the morning or early afternoon.

"We will continue meeting as many hours as necessary until settlement," McDonnell said.

The talks were to resume on a separate basis, with McDonnell meeting first with representatives of the board of education and then with leaders of the United Federation of Teachers (UFT).

Lindsay taped a statement Monday night, calling for binding arbitration to settle the strike and had intended to broadcast it over the city's radio and television stations at 11 p.m.

It was withheld at the last moment, however, apparently because Deputy Mayor Robert Sweet advised the mayor that there appeared to be hope that an early settlement could be reached without the necessity of arbitration.

LEND US YOUR OLD PHOTOS

The Pampa News want to borrow old photos dealing with the early day history of Pampa and Gray County.

Any kind of photo dating back 50 or more years is sought. If you have one or more, call us at MO 4-2525 and we will come by and pick it up or mail it to Photo Editor, Pampa News, Box 2198, Pampa, Texas. All photos will be returned.

Flooding Rio Grande Pours Into Harlingen

\$100,000 Homes Gone

HARLINGEN, Tex. (UPI)—The rampaging Rio Grande, hard-pressed to carry off the greatest concentration of water ever recorded along its length, pushed further into Harlingen today and rolled toward the twin cities of Brownsville, Tex., and Matamoros, Mexico.

To the north, another massive bulge of floodwater from Hurricane Beulah moved down the Nueces River.

The Rio Grande, which broke two diversion dams upstream from Brownsville, continued to pour water into the Arroyo Colorado, which was at a record height in Harlingen. The arroyo flooded suburbs of \$50,000 to

1,000 Refugees Die In Bloody Battle With Reds

HONG KONG (UPI)—Communist Chinese troops machine gunned 1,000 refugees from bloody fighting and turned back 10,000 others trying to flee toward the Hong Kong border, it was reported today.

The British commander of frontier Gurkha guards said although he could not confirm the machine gun reports, his

men had seen soldiers link arms to prevent crowds from crossing the border.

The reports of army troops slaughtering civilian opponents of Communist party Chairman Mao Tse-tung came as the Communist press reported new targets—including powerful Fuhien province Gov. Gen Yeh Fei, who had a series of bedrooms in his palace that would have made "the late King Farouk of Egypt" feel inferior.

In Hong Kong, the right-wing newspaper Sing Tao reported that Tao Chu, disgraced former Chinese Communist party propaganda chief and once No. 4 man in the party hierarchy, tried to escape to Hong Kong in April.

But the plan was discovered at the last minute, the paper said, and Tao tried to kill himself. He apparently failed. It was not known what has happened to him since.

The report came shortly after Radio Peking announced that Mao recently made an inspection tour of some of China's most troubled areas—many of them where Tao had long been chief of the party's central-south bureau. Tao has been the object of a concentrated propaganda attack.

Radio Peking said today that Mao found an "unprecedentedly fine situation" for his cultural revolution. Most experienced analysts in the Hong Kong

Police Probing Victim's Death

By RON CROSS

Pampa police were continuing their investigation and a ruling wasn't expected to be given until Wednesday in the gunshot death of Charles O. Slavens, 51, of 816 N. Nelson.

Slavens, an operator for Skelly Oil Co., died shortly after 10 p.m. Monday in Highland General Hospital where he was taken by Duengel ambulance about 7:50 p.m.

Police were notified of the shooting about 10:20 p.m., according to a Pampa Police report.

Pampa police chief Jim Conner said Slavens apparently was sitting on his bed when he was struck in the left chest, just under the shoulder, by a bullet from a 25-caliber automatic Brescia pistol.

He fell backwards across the bed and across his wife, who had apparently been lying down on the bed, police said.

The bullet exited through Slavens' back, hit a window and came to rest in a book near the bed. Police could not find the

spent shell last night but did find it this morning.

Justice of the Peace and County coroner E. L. Anderson said the bullet went in at a downward angle. He was withholding a verdict until probably Wednesday.

"There are just a few more things we need to know before a ruling can be made. There will be no autopsy," Anderson said.

Cliff Everhart, a neighbor of the Slavens, reportedly called the ambulance.

According to a statement given police by Everhart, who lost his wife about a month ago, he had had dinner with the Slavens.

Everhart said he and the Slavens daughter, Karren Sue, about 17, were downstairs in the house fixing a sliding door. The girl apparently heard the shot and ran upstairs with Everhart behind.

According to the police report the girl heard her mother say, "My God he's been shot."

Everhart then called an ambulance.

Slavens, a veteran of World War II and a prisoner of war, was born in Little Rock, Ark., June 30, 1916.

Besides his daughter, of the home, Slavens is survived by his wife Bonnie; one son, Charles E., stationed with paratroopers in Vietnam; his father, Rev. Olen E. Slavens, Buffalo, Mo.; two sisters, Mrs. Vern Daniels, Pampa; Mrs. Mary A. Bolt, Okinawa; one brother, Don of Los Angeles.

Services are pending at Duengel Funeral Home.

Probe Started Of Col. Young

NEW ORLEANS (UPI)—Gov. John J. McKeithen will meet with representatives of Life magazine later this week to discuss alleged underworld contacts of Col. Aubrey Young, a former aide to the governor.

The magazine said in its latest issue that Young had ties with New Orleans racketeer figure Carlos Marcello.

McKeithen said he could not believe the allegations about Young who was dismissed from the governor's staff several weeks ago for personal reasons.

The governor said he would call for an investigation into the allegations made by Life.

"I would be hearsick if he betrayed the trust I placed in him," McKeithen said of Young.

The magazine said Young had been in frequent telephone contact with Marcello.

The Life article followed two previous stories that crime is flourishing in Louisiana under Marcello's guidance. McKeithen and numerous other state and local officials have denied the charges.

Council To Study Request for Rate In Electric Rates

City commissioners will study a 7.62 per cent electric rate increase request formally presented to the city council at its meeting this forenoon in City Hall.

Gordon Lyons, Pampa district manager for Southwestern Public Service Co., told commissioners his company regretted having to ask for an increase. "It becomes necessary," Lyons said, "because we can no longer absorb the increased labor costs and the increased costs for materials."

The SWPS manager said the rates being sought for Pampa have been approved by some communities already and are being requested in all towns and cities served by the company in Texas and New Mexico.

The proposed rates for residential customers are as follows: 6.50 cents per kWh for first 50 kWh used each month, 4.30 cents per kWh for next 50 kWh used each month, 2.15 cents per kWh for next 50 kWh used each month, 1.70 cents per kWh for all additional kWh used each month.

The proposed rates for commercial users are as follows: 6.50 cents per kWh for first 100 kWh used each month, 4.20 per kWh for next 500 kWh used each month, 2.15 cents per kWh (See RATES, Page 3)

Leathernecks Slaughtered in Bloody Battle of Con Thien

SAIGON (UPI)—North Vietnamese gunners hammered the U.S. Marines' bloody frontier fort at Con Thien with the heaviest bombardment of the war killing or wounding 204 Leathernecks, military spokesmen said today. Marine casualties for the month at the outpost soared well past 1,000.

The stepped up Communist rocket, mortar and artillery attacks against the outpost came as intelligence reports indicated that a fourth North Vietnamese division has moved into the Demilitarized Zone area where dug-in Marines, outnumbered at least five to

one, have been holding back a potential 35,000 man invasion force.

American firepower, the most concentrated in the history of conventional warfare, struck back from land, sea and air. Giant B52 bombers flew four raids. American artillery and 7th fleet warships fired more than 14,000 shells into the buffer zone and just north of it.

The destroyer USS Mansfield knocked a North Vietnamese shore battery out of action during a duel, but not before the Communist gun blew a four-foot hole in the ship's forward stack.

"Shell fragments from the impact penetrated the forward fireroom and a passageway, but no serious material damage was caused," a military communique said. There was no immediate word whether any sailors had been hurt.

The Demilitarized Zone dust-unprecedented in Vietnam, has developed into the largest confrontation of the war.

Despite the heavy American

MECHANICAL MULE of modern warfare delivers a barrel of diesel fuel to the 35th Infantry near Duc Pho, Vietnam. At the reins is Spec. 4 Dennis Besonen of Trout Creek, Mich.

Wall Street Chatter

NEW YORK (UPI)—E.F. Hutton & Co. says market strength at the moment suggests that investors keep a more narrowly based constructive attitude toward the market for the time being.

The Alexander Hamilton Institute notes that the demand for greater selectivity and equities continues strong, despite the administration's tax surcharge proposal. The analyst says investors apparently are convinced that "a strong dose of inflation lies ahead," with market appears to be favorable, without a tax boost.

The Lighter Side

By DICK WEST
 WASHINGTON (UPI)—Because there is so much talk these days about the "credibility gap," we tend to overlook the "credibility gap" which lies at the opposite end of the valley.

Geologists tell us a credibility gap is formed by a stream of false or misleading statements that the public accepts as fact. Its size may be determined mathematically by measuring the distance between the official version and what actually happened.

A credibility gap, on the other hand, is formed by a stream of factual statements that the public finds hard to believe.

A good example of credibility gap-making came last Sunday after the meeting in Los Angeles between Gov. Ronald Reagan of California and Gov. George Romney of Michigan. Politics Moratorium

The two governors, often mentioned as possible rivals for the Republican presidential nomination, said they had a pleasant lunch and conversation, but refrained from discussing politics.

There was instant erosion in the credibility gap. All over America, seismographs registered a great wave of winks and knowing smiles, following by requests to "tell us another."

Even the explanation that Romney is a never-on-Sunday politician failed to close the gap completely.

Such skeptical reaction is regrettable. There are many things governors can talk about beside politics.

We all know what the governor of North Carolina said to the governor of South Carolina. But Romney doesn't drink either. So it may be presumed that the governor of California and the governor of Michigan talked about the weather.

Since my wiretappers don't work on Sunday, I can't reconstruct their conversation. But I imagine it went something like this:

RR: "Good morning, governor."
 GR: "Good morning, governor."
 (There is an awkward pause while each weighs the significance of the other's remark.)
 RR: "What brings you to California, governor?"
 GR: "Oh, just looking around. Nice climate you have here."
 RR: "Yes, California has a favorite sun."

Feathers Give Feminine Look

NEW YORK (UPI)—To fashion designer Arnold Scaasi, the fuss of feathers is the most feminine look in a woman's wardrobe.

Scaasi uses plumage lavishly in his new fall custom clothes collection, which ultimately will find its way into the closets of some of the nation's wealthiest women. The designer showed the collection Monday to the press and some of his New York customers.

Scaasi used ostrich mostly, and only for late day and evening. Tiers of plumes circled short formals from strapless top to hem, bordered long stoles, lined huge capes, or formed entire skirts.

A short formal, done in heavily jeweled gold and silver tones, had white ostrich tiers seven and eight inches wide circling it from top to hem and the ostrich repeated in a silvery stole border.

When Scaasi wearied of feathers, he turned to ruffles or to the most luxurious of brocades and silk prints.

A soft pink chiffon boasted a border of pink ruffles around its strapless top, ruffles around the hem, ruffles in a double row down the back to the floor, and ruffles bordering the matching long rectangular stole.

Speaker Lists Topic For Aitrusa Club

Louise Evans, public affairs director for an Amarillo television station, spoke in the Aitrusa Club meeting Monday in the Coronado Inn Starlight Room.

Her topic "Let Candles Be Brought," deal with the status of women in business. Mrs. Vermell Meador was chairman.

Patterson Family Celebrates Reunion

LEFORS (SPL) — Mr. and Mrs. J. A. Patterson of Lefors celebrated a family reunion recently in Lefors. Their son Delbert is home from a tour of duty in Viet Nam. His family has been spending the past five weeks with the Pattersons.

He has served three tours of duty overseas with the Air Force and is leaving Wednesday with his family for three years duty in Japan. Other children present were Mr. and Mrs. A. W. Shoffit and family of Andrews, and Mr. and Mrs. Richard Pflug and family of Lubbock.

Astrological Forecast

By CARROLL RIGHTER

GENERAL TENDENCIES: You are in for unusually good fortune for some time in what is best for you at present, as long as you keep your close contacts as well as more impersonal associates know what you would like to have from them. A fine day and evening for big practical ideas.

RIES: (Mar. 21 to Apr. 19) — Desire more abundance and harmony in the home. Do whatever will bring cooperation from associates or business affairs. Then you can increase income appreciably.

VIRGO: (Apr. 20 to May 20) — Making calls for either business or personal purposes bring the right results, and you can get shopping done, also, find data you need. Then confer with associates. Get busy doing your end of duties.

GEMINI: (May 21 to June 21) — It is all right to follow through with ingenious ideas, but make sure financial and other important practical matters do not suffer. Contact some business expert who can help you to increase income.

MOON CHILDREN: (June 22 to July 21) — Concentrate on how you can gain your fondest desire so that you can have the happiness you want and deserve. Be set in social affairs with fascinating people. In P.M. Dress very nicely.

LEO: (July 22 to Aug. 21) — Waste time for getting information that has been difficult to acquire in the past. Explain what you have in mind to him and get their assistance. Then all goes very nicely for success. Then all goes very nicely for success. Then all goes very nicely for success.

VIRGO: (Aug. 22 to Sept. 22) — Reaping social debts can bring you much satisfaction and pleasure, give you a chance to meet other interesting people as well. Do things with somewhat of a flair. Gain the approval of good friends.

LIBRA: (Sept. 23 to Oct. 23) — Doing those things that endear you to the public in general is wise, since you get ahead much faster this way. Be sure that you get matters of credit handled early. Live more happily without worry.

SCORPIO: (Oct. 24 to Nov. 23) — You are able to command a far better set of circumstances around you, and should make no time in doing so. Use the direct approach and avoid deviousness for you are into trouble. Live abundantly.

SAGITTARIUS: (Nov. 24 to Dec. 21) — You have certain ideas in mind and can get others to go along with you in them, whether in the business or personal world. Be precise especially in emotional matters. Increase happiness.

CAPRICORN: (Dec. 22 to Jan. 20) — Now that you comprehend the aims and desires of others and do your utmost to assist them to get ahead, you get into some circle, being the most improved. You are very efficient at this.

AQUARIUS: (Jan. 21 to Feb. 18) — If you get into every detail of the whole, you can advance much more quickly now. Stay within your budget in going after new clothing for your wardrobe. Take necessary health treatments.

PISCES: (Feb. 19 to Mar. 20) — You are in a rare mood to be of service to others, and especially associates. Do you take time to practice your finest talents. Then you make headway with them if you contact the right persons.

IF YOUR BIRTHDAY IS BORN TODAY: If you were born today, you are one of those young persons who quickly understands what other people desire in either business or personal life and can find much success in both as a result. The big business person is definitely here, whether male or female, and the career should start very early in life. Be in right outline.

CHRISTMAS CHEER FOR ALL — It is not long until Christmas, and each year the Salvation Army makes a special effort to be sure that the unfortunate, the aged and the forgotten also receive a share of Christmas cheer. Last year hundreds of boys and girls received toys on Christmas morning, who otherwise would have had no Christmas at all, because the people of Pampa gave through the Christmas Cheer Fund of the Salvation Army. This is one of the many Salvation Army programs made possible through the United Fund.

AMBASSADOR RETURNS
BEIRUT (UPI)—Dwight J. Porter, the U.S. ambassador to Lebanon, has returned to his post here following the resumption of diplomatic relations between the two countries. Diplomatic contact, broken off because of the Arab-Israeli war, was resumed Sept. 6.

Salvation Army Is Haven For Persons Desperately in Need

EDITOR'S NOTE — The accompanying article is one of a series in connection with agencies in Pampa's United Fund campaign.

of home life. Last year hundreds of items of furniture were distributed to needy families by the Pampa Salvation Army.

If you should ask a Salvation Army officer what his "business" is, he might very well respond, "People are my business."

New shoes and new clothes are unknown luxuries to really poor families.

Yes, people are his business. Families in desperate circumstances have always turned to the Salvation Army. Boys and girls choose from eleven different recreational and educational activities that meet weekly under trained supervision in addition to summer camping programs and seasonal activities.

Meeting tangible needs often opens the door for counseling by workers who are spiritually motivated and trained in social work techniques. The girl in trouble, frustrated families, the alcoholic, the delinquent child, the aged, and those without hope, all find their way to the Salvation Army.

Whether it is a result of a major disaster of family emergency, many people call the Salvation Army for the necessities

All these people are the "business" of the Salvation Army... all these and many more... any who are troubled, discouraged, or disheartened for officers of the Salvation Army make it their business to bring hope to the despairing and to ease the lot of the less fortunate.

Gray Demos To Hear Bill Martin

State Congressman Bill Martin of Borger will be guest speaker at the first meeting of the fall season for the Gray County Democratic Club. The meeting will be held at 8 p.m. Thursday in the Hospitality Room of Citizens Bank and Trust Co.

Independents' 38th Meeting In October

TULSA, Okla., (SpI) — Four of the nation's most widely known petroleum industry leaders will be featured speakers at the 38th annual meeting of Asso. of America in Houston, Oct. 29-31.

L. R. McBride, president of the club, will preside, and Harold Comer, vice-president, will introduce the congressman.

Speakers include Robert O. Anderson, chairman of the board and chief executive officer of Atlantic Richfield Co.; E. D. Brockert Jr., chairman of the board of directors and chief executive officer of Gulf Corp. Robert G. Dunlop, president, Sun Oil Co. and chairman of the board of directors of the American Petroleum Institute; and F. Allen Calvert Jr., IPAA president and president of Calvert Exploration Co.

Congressman Martin, who received his law degree from the University of Texas in 1962, was elected State Representative of the 83rd District in 1966. He is currently serving on the Oil and Gas, Criminal Jurisprudence, Agriculture, and Public Land and Buildings committees.

Congressman Martin is married and has two children. He has resided in Borger since 1948.

All interested citizens have been invited to attend the meeting.

you'll cheer these early-in-the-week specials!

Foreign Commentary

By LEMMY PINNA
KARACHI (UPI)—Pakistan is a member of the anti-Communist Cento defense alliance. But this week, President Ayub Khan is in Moscow cementing Pakistani-Soviet friendship and undoubtedly seeking Russian arms, aid and diplomatic support.

Almost certainly, Arab states will back Pakistan's membership on the United Nations Security Council later this year. Ayub wants Soviet support in the United Nations as well.

Equally important to Pakistan is the need to gain Russian sympathy for its quarrels with India, especially on the disputed Kashmir territory.

While relations with Russia have improved since the India-Pakistan war in September 1965, Pakistan regards the continued inflow of Soviet arms and military equipment into India as increasing tensions in the subcontinent.

TEXAS HIGHWAY DEPARTMENT CELEBRATES 50th ANNIVERSARY -- Liquid mud in wet weather, iron farrows in dry -- that was the state of most roads when the Texas Highway Department was born 50 years ago. The picture at left shows a "road" in Falls County about 1917. Now, every part of the State is linked by bright ribbons of convenience like those at the interchange of Interstate Highways 45 and 610 in Houston, shown at right. -- Texas Highway Department Photos.

LBJ Taking his Lumps

By MERRIMAN SMITH
UPI-White House Reporter
WASHINGTON—Backstairs at the White House: It goes with saying, to twist a cliché, that the lumps of President Johnson seem to be getting larger.

In fact, the so-called credibility gap seems to have developed an inverse quality or co-fusion factor.

The Rev. Martin Luther King, for example, said recently that while he wants no part of such prominent Republicans as Richard M. Nixon and California's Gov. Ronald Reagan for 1968, he looks with a certain amount of approval on Gov. George Romney of Michigan and Sen. Charles Percy of Illinois.

Yet, the President and his advisers are on fairly firm ground when they say that the legislative record in the field of civil rights under the Great Society administration is unmatched. Here the political equation, as viewed from the Administration, is that Democratic party achievement in the field of civil rights legislation should equate with Negro support now, as well as in 1968.

There are, however, vocal Negro leaders, including King, who so dislike the government's stand on Vietnam that their opposition to Johnson is close to total.

Should there be a break in the war and some sort of peace in Southeast Asia develop before the campaign next fall, these same vocal Negroes whose constituency is difficult to measure can be expected to attack Johnson on other grounds such as political motivation or his southwestern antecedents.

There are some interesting sidelights to this situation. If the newspapers quoted him correctly, Romney on a recent tour of the Chicago slum areas angrily protested that he was "not a politician" in the sense that he was making his inspection trip through metropolitan ghetto areas to improve his political image.

As for the scorn heaped on Johnson from time to time by some Negro speakers for his southern background and ac-

Washington Report

BOB PRICE WITH DISTRICT, TEXAS

The debate continues on the President's proposal for a 10 percent surtax on income. Next to the war in Vietnam and recent riots across the country, nothing has drawn such a vigorous protest from citizens of the Panhandle since I arrived in Washington.

House minority leader Gerald Ford pointed to cuts already made in non-essential Federal spending by Republicans "with the aid of some enlightened, disenchanted Democrats. These cuts add up so far to some \$4 billion. But more, much more, is required," Ford said.

"It will not result, however, until this Administration, with its Democratic majorities in the Congress, responds to the American people's demand that this dreadful pressure on the ever-rising cost of living be removed.

Senator Dirksen recalled that just a year ago this month we were told by the Johnson-Humphrey Administration that what America needed was "a strong dose of self-discipline. To this we replied, as we do now, that to ask self-discipline of labor, to ask self-discipline of the farmer, to ask self-discipline of his Administration to ask self-discipline of the housewife and the consumer was pious and pointless, as it is now — until the President asks self-discipline of his Administration and his own Democratic majorities in the Congress. We were not impressed then. We are not impressed now."

To describe the nation's present economic trend as nightmarish, as several have done, is an understatement. The impact of Federal, state and local taxes has rarely been so great. Interest rates and growing curbs on available credit have seldom been as high or as strong. The jobless rate among the unskilled and minority group workers is dangerously high. The Federal budget deficit anticipated is astronomical. The nation's balance of payments and our growing weakness in the world market-place are ominous. This Administration's fiscal and monetary policies require drastic overhauling. We Republicans in Congress will do everything in our power to bring it about.

As always, the people who are hurt the most by this sky-rocketing cost of living and econom-

ic mismanagement are those who can stand it least — the housewife, the wage-earner, the pensioner, the poor. To the extent that the Republican minority in Congress can do so, we shall put a stop to it.

We are fighting a war on two fronts — one in Vietnam and one here at home. Both have become critical. The Johnson-Humphrey Administration has regularly lambasted those "tired people" who oppose the so-called "Great Society's" multi-billion dollar programs, insisting we spend even more billions for "Great Society" programs and experiments. We cannot. And if to our voices others are needed to swell the chorus of protest, add that of the respected Democratic Chairman of the House Ways and Means Committee, Mr. Mills, who insists, with us, that we cannot have both guns and butter.

To those who believe that "Federal money" will solve our problems, this reminder: there is no such thing as "Federal money". It is your money, no one else's. And if you don't believe that, take another look at your last income tax payment. It is the American people's money, siphoned from every home and hearth, that is being spent for the national security — which is right! IT is more and more of this same money that is being spent for these "Great Society" experiments and adventures — too many of which are wrong!

A New Direction is called for, as it has been for many long months — toward common sense, prudent management, and a decent respect for the opinions and the dollars of the American people.

Dr. Johnson, Dr. Humphrey — a new examination, a new diagnosis of the nation's economic ills are called for. A strong prescription of economy and truth is needed — now.

Therefore, our Question-of-the-Week? Mr. President: The Cost of Living: How Much Longer — How Much Higher?

Bob Price
 Member of Congress

In 1869, the "Black Friday" panic hit Wall Street as a result of an attempt by financiers Jay Gould and James Fisk to corner the gold market.

Holt, Curtis Honored

By a Staff Writer
A 190-pound power runner from Canadian and a 167-pound power hitter from Wheeler have earned honors as this week's Pampa News Lineman and Back-of-The-Week.

Canadian's Johnny Curtis, senior tailback, who leads the area and the Wildcats in scoring claims Back-of-The-Week honors.

Curtis, who coach Dwayne Currie calls his slow but power guy, scored once against Lefors two weeks ago but tallied three

times Friday night against Foltlett. The senior runner, who did not even letter last year, has tallied 24 points and the area scoring lead. He tallied on runs of one, twelve and thirty yards Friday night.

Mike Holt, who is averaging about 41 tackles per contest for the Mustangs is Lineman-of-The-Week.

Holt, who started last year has taken up just where he left off, going both ways as a tackle for Wheeler.

"He's a good steady player,"

of the kind you like to have," says coach J. T. Hill.

Curtis and speedy halfback Gary Purser form a good one-two punch for the Wildcats but coach Currie still isn't satisfied with his offense.

"Our defense is looking pretty good (they've amassed two straight shutouts) but we are still having our problems on offense," Currie said.

The 'Cats caught more trouble Friday night when quarterback Bob Hill hurt his knee and will be out at least a week. Hill missed quite a bit of practice early in the season with mononucleosis.

The 'Cats have had their troubles, starting end Mike Miller has a broken foot and another starter, halfback Jack Schafer moved to Oklahoma. Canadian was also hit by injuries and sickness just before the season opened.

Hill feels his Mustangs are improving every week and looked better against Groom last week. But he's worried about this week's foe, Class AA's Wellington.

"This will be our fourth straight road game and they shouldn't even be on our schedule. We got several boys hurt there last year," the unbeaten coach observed.

The Mustangs will still have last year's area scoring leader Fred Goad doing nothing but kicking extra points.

"I doubt if Fred will play until we start our conference games," Hill said.

Canadian plays their fourth straight Class B team when Vega comes to town Friday while White Deer hosts McLean; Silvertown plays at Lefors and Groom journeys to Clarendon in other games.

Race for Driving Title Slated Sunday

WATKINS GLEN, N.Y. (UPI)—Teammates Denis Hulme and Jack Brabham, the only drivers left in the running for the world driving title, renew their rivalry Sunday in the United States Grand Prix at Watkins Glen, N.Y.

A total of 20 Formula One cars are entered in the international event, which has the largest purse in the history of road racing at \$105,400.

A victory at the Glen would clinch the world driving title for Hulme, who has 43 points compared to 40 for Brabham, the defending world champion. Both will be driving three litre, eight cylinder Brabham-Repos.

Hulme makes a habit of beating his bosses. Driving a McLaren-Chevrolet in the Canadian-American series, Hulme has scored three consecutive victories against team owner Bruce McLaren.

"I figure it makes them want to hire me more when I beat them," said Hulme, a New Zealander.

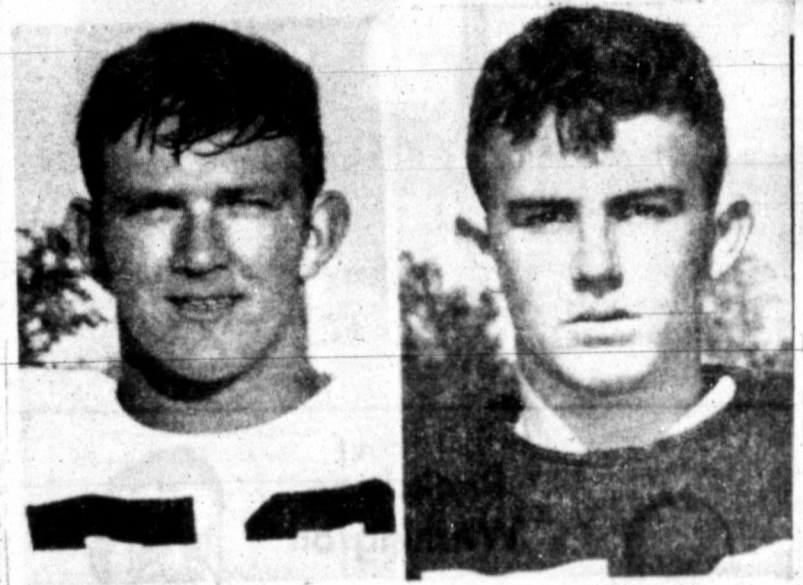

McLaren, winner of the first U.S. Grand Prix at Sebring, Fla. in 1959, will drive his own McLaren-BRM at Watkins Glen. Scot Jim Clark, who won here

England's John Surtees, who won the Italian Grand Prix at Monza three weeks ago, is entered in the Japanese Honda, which was only recently perfected, and Chris Amon of New Zealand will drive the only car entered by the Ferrari team.

Dan Gurney, the only American in the race, has entered his American Eagle. The Costa Mesa, Calif., driver won the Belgium Grand Prix on June 18 for the first victory by an American, car in a championship Grand Prix event.

WHITWORTH LEADING CINCINNATI (UPI)—Kathy Whitworth stretched her lead this week to nearly \$4,000 over second-place Carol Mann in the money winning standings of the Ladies Professional Golf Association.

Miss Whitworth now has \$23,177.50 in official earnings on the tour this year, compared with \$19,342 for Miss Mann.

SPORTS
The Pampa Daily News
60TH YEAR TUESDAY, SEPTEMBER 26, 1967

WHAT MAKES DANNY RUN is an instinctive feel for football, according to the coaches and teammates of Dan Reeves (30) of the Dallas Cowboys. Dan had his best day running the ball as a pro with 114 yards in 18 carries against the Cleveland Browns.

Benvenuti Ready for Griffith Fight

HAINES FALLS, N.Y. (UPI)—The monotone voice droned out orders like a priest intoning a High Mass as middleweight champion Nino Benvenuti and his sparring partners went through their exercises.

"Arms up," said Golinelli, Nino's trainer. "Run, run, relax, breathe."

Golinelli is considered the dictator who constantly hovers over his fighters, but he does get results. And he certainly will have Benvenuti ready for the Griffith Thursday at Shea Stadium.

When he took over as Benvenuti's trainer in 1963, he got a well established fighter

who was on his way up in the first time he ever saw a fighter train for one hour without a pause.

After exercising for 10 minutes, Nino sparred for a half hour against three sparring partners and then finished up by punching brightly colored rubber balls that were thrown at him by Golinelli.

The black-haired 55-year-old Ethiopia and later joined the partisans when Mussolini fell during World War II, suggested the young fighter work out with weights to strengthen his right arm. After three months Francois Dupre Sunday won the \$100,000 Prix Vermelle race at Longchamps.

Casque, who paid \$5.10 to win, scored a length victory over another French horse

trainer also gets up and runs over two miles with Benvenuti every morning.

"Benvenuti submits because boxing is discipline and he knows it," said Golinelli. "It also might be because he knows I work almost as hard as he does."

IRISH VICTORY

NEW YORK (UPI)—Kilkenny, the all-Ireland champion, won hurling's World Cup Sunday by beating the New York select 23-19, in overtime.

Claus Dunne led Kilkenny with nine points while Brendan Kelleher paced New York with six points.
