

# Pampa Daily News

VOL. 1. NO. 89.

PAMPA, GRAY COUNTY, TEXAS, TUESDAY EVENING, JUNE 21, 1927.

PRICE FIVE CENTS.

## CITY CHARTER IS CONTEMPLATED

### HOSPITAL TO BE OPENED TO PUBLIC SUNDAY

Invitation Extended To All To Visit Big Institution

### MORE CAPITAL BADLY NEEDED

Stockholders Get Report, and Will Meet Again Friday

Pampa Hospital, Inc., will be opened for public inspection next Sunday, and visitors are requested to attend either this formal opening or inspect the big institution thereafter at the hours of 2 to 4, or 7 to 8 p. m. daily.

At a meeting of the stockholders last night, the financial report was submitted and the session was continued to Friday evening, when final disposition of the problems will be made. New capital is urgently needed, and other stockholders will be interested this week if possible.

The report shows cash received of \$44,063.24, all paid out, and bills payable amounting to \$25,544.77. There is \$1,600 worth of furniture in the local depot which cannot be taken out until funds are available, and another furniture order of \$6,000 is delayed at the factory pending raising of additional capital.

The corporation must have more than \$95,000 additional stock before the institution may be paid out and properly equipped. The stockholders Friday will attempt to arrive at a solution of the financial problem.

Since opening for emergency cases, the hospital has had 31 patients, 15 of whom had operations. There are now 11 cases in the institution. The hospital is open to all patients and all accredited physicians. The manager, Mrs. Beverley Barker, is a nurse-executive of wide professional experience, and she is assisted by nine trained nurses.

Patients are coming from Borger, Roxana and other points in the Pampa oil field and the oil companies favor Pampa's hospital with most of their cases—both of employees and families of employees.

### 2 Bandits Wounded By Justice of Peace

(By The Associated Press.)  
PITTSBURGH, June 21.—In a gun battle today with three automobile bandits, Albert Lorch, justice of the peace of Allison Park, shot and wounded two highwaymen.

A third bandit escaped. The battle resulted when Lorch was notified that the bandits had slugged a gasoline station attendant at Butler and escaped with \$200.

The men fired upon Lorch when he attempted to stop their car.

### Follow Mom 'N Pop In The Daily News

Are you reading the Daily News new comic strip, "Mom 'N Pop"?

News readers are getting much interested in the newly married couple, Ken and Dot, and their schemes to get money out of the wife's parents.

This feature appears in Pampa's own daily, just as it does in hundreds of other daily publications over the country. Subscribe now and follow Ken and Dot in their humorous experiences—also, "Out Our Way," the editorial cartoon, and the best features obtainable.

And don't forget that the bargain-day rates are in effect now, but will close July 1. Hundreds have taken advantage of the \$3 rate per year for the daily by mail, or \$4 by carrier, in Pampa. What about yourself?

### Naval Conference Asks Experts To Study Proposals

(By The Associated Press.)  
GENEVA, June 21.—The executive committee of the tri-partite naval conference decided today to convene a meeting of technical experts of Great Britain, the United States and Japan.

The experts were instructed to exchange views and to reach an agreement on the existing status of three navies, and to begin a study of three sets of proposals placed before the conference yesterday with a view to clarification of their real purpose.

### Amarillo Man Assails Chicago Board of Trade

(By The Associated Press.)  
CHICAGO, Ill., June 21.—L. Gough of Amarillo, president of the Texas Wheat Growers' association, speaking today at the American Institute of Cooperation, assailed the Chicago Board of Trade as having the grain farmer absolutely at its mercy.

"It is the height of folly to talk about farm relief and not eliminate the cause," he said. "The Chicago Board of Trade is dominant and the exchange has power absolutely to fix the price of every bushel of wheat," he added.

### Scott Barcus To Attend Executives' Meeting In Sherman

Scott Barcus, manager of the local Chamber of Commerce, will leave tonight for Sherman to attend the twenty-first annual convention of the Texas Commercial Executives' association, June 23 to 25.

The meeting will deal with the farm situation, the labor question, manufacturing, industries, finances and business. The meeting is a get-together and of an instructive nature.

### MRS. BLAIR WITH HUSBAND IN SHOOTING

Mrs. Blair, rather than Mrs. Parker, was with her husband, Charlie Blair, when he was shot and killed at Roxana, it is revealed in an investigation of the affair.

That Mrs. Blair was slightly injured by pieces of a bullet is reported from Roxana, but the wounds are not regarded as serious. Blair's body is still resting at the local undertaking rooms, and burial instructions have not been received.

An investigation was made by the Carson county grand jury yesterday, and the district attorney believes an indictment against Parker will be returned during the day.

### Rains Again Are General In Texas Many Reports Show

(By The Associated Press.)  
DALLAS, June 21.—Reports received here today indicate that a general rain fell in Texas last night. Many dispatches said the moisture would be of great help to farmers and ranchmen.

Pampa was visited by a light rain, possibly half an inch, last night, and this, following the heavy rains of the week-end, combine to give a substantial moisture in this district.

Wheat harvest is delayed on account of muddy fields, and the highways have been very rough, but sunshine today is rapidly drying the ground. Range conditions are improving rapidly.

E. W. Hardin, president of the Amarillo Hardware company, was in Pampa Monday.

### SOUTH DAKOTA GREETES A PRESIDENT

South Dakota got its first peek at a president when the special train bearing President and Mrs. Coolidge to the "summer White House" at Rapid City passed through the state. And South Dakota came, from near and far to see. The upper picture shows the crowd that gathered at Huron, S. D., with the President and Mrs. Coolidge (indicated by arrow) on the rear platform greeting them. At the right are President Coolidge and Gov. W. J. Bulow of South Dakota motoring through the streets of Pierre, state capital, during a short stop there.

### MOODY MISSES TEXAS SPECIAL

But Governor Regains Train Enroute To St. Louis

(By The Associated Press.)  
ST. LOUIS, June 21.—The delegation of 150 Texas boosters came here today and were guests of the St. Louis Chamber of Commerce. The plans are to depart for Chicago tonight.

(By The Associated Press.)  
KANSAS CITY, June 21.—Governor Moody spent early hours of this morning in regaining leadership of the Lone Star State good will special train, which left here shortly after midnight without him.

The governor arrived at the station in time to catch a westbound train for St. Louis at midnight. He explained that he was delayed when the automobile in which he was riding to the station developed a flat tire.

The train arrived in Kansas City at noon yesterday, and was met by airplanes, seven of which flew in T-formation as an escort. The trippers were taken uptown, then to the Country club, where a luncheon was served. After the luncheon, the 125 delegates sought their own entertainment, but met for a dinner at 7:30 p. m., at which governors of Texas, Kansas and Missouri were on the program, as well as Mayor Beach of Kansas City, Mo., Mayor Don C. McCombs of Kansas City, Kan. Four hundred commercial and professional men, leaders of several states gathered at the Hotel Muehlbach for the occasion.

Judge Cato Sells of Fort Worth was toastmaster, and Texan speakers included Clarence Owsley, Dr. W. W. Splawn, F. M. Law, S. P. Brooks, Dr. E. H. Sellards, Cullen F. Thomas, Dr. A. B. Cox and Tom H. Etheridge Jr.

The party is spending the day in St. Louis, and tomorrow will go to Chicago for a two-day stay.

Governor Moody is riding in the newspaper men's car, and also in this car is B. E. Finley of Pampa and John E. Hill of Amarillo.

### GALVESTON MAN KILLED

(By The Associated Press.)  
GALVESTON, June 21.—Chris Stein, 45 years old, died in a hospital here today following a shooting affray.

Police are holding a negro maid in connection with the affair.

Miss Lillian Deaton, nurse at the office of Drs. Cole and Purviance, who has been ill in the hospital, is recovering nicely.

### BORGER MAN MAY DIE HERE OF TERRIBLE BURNS RECEIVED IN CARBON BLACK PLANT BLAST

A gas explosion at the carbon black plant near Borger Saturday probably fatally burned Marion Chauncey, an employe at the plant.

Gas in one of the carbon houses had been extinguished in some unknown manner and the doors were opened to let the fumes out before anyone entered. But not all the gas escaped. Chauncey and two other workers entered the house to remedy the defect. Whether the explosion was caused by a lighted match or in some other way is not known. It occurred just after the men entered. Chauncey, in the lead, was enveloped in flames and before his comrades could drag him from the building and extinguish the flames was terribly burned from his head to his feet.

He was rushed to the Borger emergency hospital and then transferred to the Pampa hospital. Doctors today say his condition is such that he may recover. His parents arrived here yesterday from Breckenridge.

### Leg of Driver Fractured As Team Becomes Frightened

When the team he was driving became unmanageable yesterday and ran away, William Edwards was thrown from the wagon fracturing his left leg.

Edwards is employed by the Morris teaming company and was returning home from delivering a load of gravel when the accident happened. He is in the new hospital.

### Final Selection Of C. of C. Cast Is Being Made

The first reading of the play, "Rosetime," being sponsored by the Chamber of Commerce, was made last night in the auditorium of the high school.

The cast was enthusiastic over the play and Miss Mary B. Brent, instructor from the Wayne P. Sewell production company, is well pleased with the cast chosen by the local committee. Miss Brent has produced shows in nearly every state in the union and says she has never had a cast more suited to the parts.

Rehearsal of the choruses commenced this afternoon and regular rehearsals will be held from now until the play is given next Monday and Tuesday evenings in the high school auditorium. Tickets will go on sale Thursday at several local stores, also by members of the cast.

### Thirteen Cars Are Burned As Freight Train Is Derailed

(By The Associated Press.)  
MUSKOGEE, June 21.—Thirteen freight cars, two of them loaded with oil and one with gasoline, burned when a Katy freight train was derailed last night near Wells, Okla.

Derailment, road officials said, was caused by a falling arch bar, and sparks thrown off when the bar hit the rails is believed to have ignited crude oil.

### Three Are Killed, Four Hurt, As Car Overturns

(By The Associated Press.)  
KENNEDY, June 21.—Three persons were killed and four others hurt badly when their car overturned on a highway near Green's Station today.

The dead are E. H. Henke, manager of the Beeville Lumber company; Mrs. Hedwig Jones and her 7-year-old daughter, Peggy.

The injured are Oliver and Clara Henke, Mrs. E. H. Henke, who was driving the car and Mrs. E. Henke.

### SEEK STRONG BREATHS

HITCHCOCK, June 21, (AP)—Officers here are looking for a band of thieves with strong breaths. The farm of G. M. O'Brien was robbed of more than 1,000 pounds of white onions. Footprints in the onion beds indicated both men and women were in the marauding band.

### OFFICERS TO ENFORCE CAR LICENSE LAWS

Officers will immediately commence enforcing the law in regard to one license plate on cars and also missing car lights. All vehicles must have two front lights and a rear light. A warning will be given to offending drivers, and then a fine will be imposed.

### OLYMPIC MEDAL STRUCK

AMSTERDAM, June 21, (AP)—Queen Wilhelmina has ordered a new Olympic Games medal struck. It will be presented to all participants in the 1928 Olympic Games. The design is by the noted Dutch sculptor, J. C. Wienecke.

More than 12,000 athletes are now expected to take part in the games.

Mr. Underwood of the Underwood Motor company is in Oklahoma City on business and will return today.

### COMMISSION OF 15 WILL DRAW BIG DOCUMENT

Council Selection Is Final Step Toward New Work

EFFORTS WILL START AT ONCE

Special Election Will Be Called To Vote On Provisions

A commission of 15 men was appointed last night by the city council to draft a charter for Pampa.

The men have been notified to meet and resolve themselves into a working body at the earliest possible date. They will elect a chairman and secretary and proceed to draw up the charter provisions.

After the charter is prepared, it will be placed before the voters in a special election. The commission is composed of the following men:

F. T. Mason, C. C. Cook, W. B. Sausbury, Lynn Boyd, T. D. Hobart, J. M. Dodson, M. K. Brown, Ike Lewis, J. E. Murfee Jr., Scott Barcus, P. C. Ledrick, T. H. Lane, A. A. Tieman, B. E. Finley, F. C. Cary.

This list composes, for the most part, a group suggested by a committee of members of the Chamber of Commerce appointed by the city council. The action grew out of a job dinner last week of members of the council and directors of the Chamber of Commerce.

The need for a city charter has been felt for some time, on account of the growing business of the city.

The paving ordinance for the additional nine and one half blocks of paving, and of an ordinance empowering Baker Sausbury to have direction of the police department, were passed by the city council at its regular meeting last night.

The council adjourned when the rain came up, but called a special session for 2 p. m. today.

### BEER QUARANTINED

WICHITA FALLS, June 21, (AP)—A smallpox quarantine sign on the door failed to stop Wichita Falls officers from raiding a beer garden. Two customers were found unconscious, but were not from the dreaded malady. Three alleged operators of the place were jailed.

### LEFT TWO CHICKENS

LAREDO, June 21, (AP)—Whether this thief has a distaste for chicken or refuses to see a family go hungry was not disclosed, but he ransacked a Laredo resident, taking most everything in sight and in exchange left two chickens.

### Troops On Guard As Negro Fiend Goes To Trial

(By The Associated Press.)  
JACKSON, Miss., June 21.—All newspaper men were ordered from the Hinds county court room today by Judge Potter just before the case of Walter Burley, negro, confessed slayer of two white women, was called.

Burley entered a plea of guilty, but the court refused to accept it and a jury was speedily chosen.

The courthouse was surrounded by barbed wire entanglements and guarded by 600 national guardsmen armed with machine guns to prevent any possible mob violence.

### FLYING WEATHER BALD

NEW YORK, June 21, (AP)—A take-off for France by the monoplane, America, will be impossible either tonight or tomorrow, James Kimball, weather meteorologist, announced today.

Pampa Daily News

Published every evening except Saturday, and on Sunday morning by the Pampa Daily News Publishing Company, Inc., at 155 West Foster avenue.

The only newspaper adequately covering Pampa and Gray county events and the Pampa oil field.

Telephone 100, all departments

BRITAIN'S OUTCRY WAS NOT ALL IT APPEARED

Great Britain and Russia are not mutual admirers, to say the least, and strained trade relations are undesirable but apparently unavoidable.

But Great Britain's recent uproar about purported finding of secret state documents in the Soviet legation quarters did not mislead many people, who know that spying is carried on in peace time by every nation, and ways are found to remunerate persons who can furnish inside information about activities of other governments.

The American government lays claim to virtue along these lines, and doubtless its higher officials could recite interesting facts about many nations if they desired.

The information which nations get about each other does little harm, and possibly does a great deal of good.

GOOD WILL TOUR WORTHY OF TITLE

To judge by reports of the trip, the All-Texas Good Will tour is being well managed by real Texas boosters and is little short of a sensation.

The results of such an effort are not to be measured in terms of immediate results, but the general publicity and good will created will be quietly at work in the minds of people along the route for many years.

It is interesting, and somewhat amusing, to read of the attitude of Detroit on the one hand and of the trippers on the other. With Kansas City giving a big free banquet, free rides over the city, and offering an airplane reception for the party, Detroit's Chamber of Commerce got everlasting ill will for that city in sending a telegram asking how many Texans wished banquet plates at a dollar each and auto rides at the same price.

Quite appropriately, Detroit was scratched from the itinerary, and the delegates must have done so quite vigorously. Although Detroit merely fail-

Al Kissed Him!

WASHINGTON LETTER

BY RODNEY DUTCHER
NEA Service Writer.

WASHINGTON. — Where President Coolidge goes to church probably is his own business, but the character of the spiritual guidance he receives surely should be of interest to his people.

The Coolidges of a Sunday go to hear the Rev. Dr. Jason Noble Pierce. When the Lindberghs had to sit through Sunday service with the Coolidges it was noticeable that the Rev. Dr. Pierce ran heavily to platitudes rather than to any strong, forceful ideas of his own.

The theme of the Pierce sermon was that a person's character is always revealed by his speech. The sermon was sprinkled with such startling epigrams as "What is so wonderful as a little child?" and "No word is quite so sweet in our vocabulary as da-da or ma-ma."

It is perhaps to the clergyman's credit, however, that he indulged in no sticky sentimentality over the distinguished guests. The services of the First Congregational church, of which Pierce is the shepherd, have been held in the Metropolitan movie theatre since the church building was condemned as unsafe.

It is most distressing that the theatre owners cannot be prevailed upon regularly to cover up their advertising posters on the facade of the theatre or in the lobby. When the

ed to catch the spirit of the thing and followed a logical course, things are just not done that way west of Chicago and the Texans will spend two days in the Illinois metropolis, instead of one.

You have to treat a tripper with gloves, a glad smile, and plenty of ballyhoo. But Detroit sent a telegram.

Lindberghs went to church with the Coolidges, for instance, the theatre had just opened for a week of Marie Prevost in "Getting Gertie's Garter." Whether anyone entered on this particular Sabbath on the assumption that "Getting Gertie's Garter" was the sermon subject is not definitely known. The title was all over the place.

At any rate, the lobby was full of lithographs ballyhooing Gertie's Garter. A colored photo of Marie Prevost, in a sheer shimmy, with Marie's legs and much else exposed, was displayed prominently to the distinguished worshipers as they entered and left, although two huge lithographs showing even more, on the outside, had been tactfully covered with American flags.

PRESS FORUM

From the Atlanta Journal:

Now we face the sunset. We have seen a young Viking strike through Atlantic mists and wrest the secrets of sunrise from their dim abode. The monarch is left untamed, save only the Pacific. What an amusing visionary, once upon a time, was Jules Verne. Yet what have we left to accomplish, even of the tremendous feats that he conceived as fiction, the most incredible sort of fiction then. We have sailed the ocean without touching it; we have probed its green depths and come up to tell of the wonders hidden there; we have soared to altitudes undreamed, and descended to depths unimagined. As yet, no one has visited the moon. That is a hint to adventurous souls who may be weeping for new worlds to conquer. We face, just now, to the west, where a pot of gold awaits the first air voyager to hop successfully across the Pacific. But none can doubt that the days are sparsely numbered between now and achievement of that feat. There is nothing left to fly to, it seems, but the moon.

Imperialism cannot endure. Soon there will be nobody small enough to pick on.—The Santa Barbara Daily News.

A Georgia university has installed a hive of bees in the library, presumably thus achieving an ambition to have the insects disturb as few students as possible.—The Nashville Banner.

Mussolini is putting his power to the supreme test. He has undertaken to curb the reckless motorist.—The Charleston Evening Post.

TWINKLES

The nearest thing to a municipal bathing beach for the kiddies was formed by Sunday's rain, and the youngsters had a great time splashing about on the West Foster paving base.

The Texas constitution reserves the right of the state to be divided into five parts, but the thing just did not work out that way.

An Oklahoma bill was introduced recently to prevent calling anything under three inches in diameter a biscuit. But the customers don't need any such suggestion on calling 'em.

The Turks have the long-dress idea down to a practical custom; in case of rain a woman removes one of the many garments and converts it into an umbrella.

E. W. Howe, honest sage, admits he owes Lindbergh a million dollars—on a derisive offer he made 20 years ago in scoffing at the idea of a trans-Atlantic flight.

Success seldom needs an explanation.

Pampa, you should notice, is hitting on all six, 12, or what have you?

This, declares a trade journal, is a wireless age. Except, of course in politics.—The Wall Street Journal.

"Being a good sport" is the term introduced by the winners so the losers would stop making them feel like giving the winnings back.—The Fort Worth Record-Telegram.

FOR RENT

Nice Cozy Cottages, 8 blocks south and two west of Cuyler street railroad crossing. Some as low as \$15 per month.

LATHAM COTTAGES

Sommerville and Albert Sts.

NEWS JABS

Air progress being what it is, it is doubtless only a matter of months before someone comes through with a work entitled, "Around the World on Nine Sandwiches."—The Detroit News.

The girls who may be setting out to capture our flyer-ambassador should realize that he would not always be content with a couple of sandwiches.—The Terre Haute Star.

Dr. C. G. Abbott of the Smithsonian Institute says there are 30 billion stars. This, of course, is an estimate and he may be astray a billion or two, either way.—The Toronto Daily Star.

Inside Information on Tires

We find out which tires are the best by looking inside of a lot of them—all kinds—brought in for repairs. And here's the inside information we get—Goodrich Silvertowns are our first choice for sturdy strength—long life—real mileage at low cost.

## SPORT TALK

The Oilers are thinking of taking on the Grays for the city championship to see who will be the first team. By the way the Oilers are travelling and the way the Grays are slipping, it should be a good game.

When it comes to making errors, Johnnie Weeks is in a class by himself. He is not satisfied with one but makes it two in a row. That's just like "Hook" Shaw and his three. Shaw played some fine ball in center field, making three sensational catches. Hunter was also in the limelight in picking flies off the wall.

Sherrod, catcher for the Oilers, can swat a ball with the best of them. He had a homer to his credit yesterday. Ray was the batting champion of the day, though.

### PLAY GOLF 14 HOURS

EDINBURGH, June 21. (AP)—Bruce Sutherland, an Edinburgh physical culture expert, played 14 hours non-stop golf at the Merchants of Edinburgh club. During this time he played eight rounds and on three holes, a total of 147 holes, on one of the most hilly courses in Scotland. Relays of opponents and caddies accompanied him. His average score was 86.

### WINS ENGLISH MARATHON

LONDON, June 21. (AP)—S. S. Ferris, of the Royal Air Force, brought victory to England in the annual open marathon race from Windsor to London, a distance of 26 miles, 385 yards. Ferris made the distance in two hours and 40 minutes. This is the third time he has proved successful in this event. S. Natale (Italy), and J. Marien (Belgium), the long distant champions of their respective countries, were second and third.

### DEGREES IN SWIMMING

NEW YORK, June 21. (AP)—A swimming school in the city advertises itself as the "only school to give a certificate, or 'degree' showing that the 'graduate' is a full fledged swimmer." Skeptics are waiting, with ghoulish expectation, a body to be found in the river with a certificate in the clothing.

### SEEKS MOTOR BOAT RECORD

LONDON, June 21. (AP)—Major H. O. D. Segrave, who broke all records for speed in an automobile at the Daytona, Fla., beach, has announced his intention of trying this summer to smash all records of the speediest motor boats. He is now devoting himself to motor boat construction in London.

An international motor boat race is being arranged for late in July, on the Thames, from Greenwich to Kew Gardens, returning to Waterloo bridge.

### WEEK-END FISHERMEN

NEW YORK, June 21. (AP)—Disciples of Isaaq Walton suffer little by the restrictions of residence in the world's largest city.

Hundreds of boats, from skiffs to craft with a capacity of 200 or more, leave the docks every day and the heft to the banks is general Saturdays and Sundays.

Weakfish and flounders are the favorite quarry but ling, pike and other salt fish are taken in numbers. An entirely different type, of course, is the trout fisherman, also noted in numbers at week-ends, headed for the less accessible streams of the suburbs and nearby Jersey.

### KANSAS TOWN CALLS

HALT ON OIL WELLS  
OXFORD, Kan., June 21. (AP)—Because it appeared probable this town might have to move to make way for oil rigs, the city council has passed an ordinance limiting drilling to one well in each city block. All property owners in the block shall receive a pro-rated royalty in the event of production, according to their holdings in square feet.

Soon after oil was found here a feverish boom developed in town—lot oil leases and virtually every square inch of the city, except the streets and other public property, was placed under lease. The opera house was torn down and an oil well started in the former basement.

When plans developed to tear down other buildings and to sink numerous wells in front yards, the city stepped in and called a halt.

### WITH THE STARS

Jack Pickford is enroute east to sail for Paris. Lillian Gish is finishing "The Wind" adapted from Dorothy Scarborough's famous West Texas novel with a setting about Sweetwater.

## When Armour Caught Cooper In National Open

Here's the final climax of the 1927 national open—Tommy Armour, Washington, D. C., pro, sinking a nine-foot putt on the 18th hole to give him a score of 301 and a tie with Harry Cooper, Los Angeles, pro, for the biggest prize in golfdom. Note the gallery watching Armour. Armour and Cooper played the tie off the following day. (Note wire news for winner.)

## Texas University Baseball Stars Make Good On Big League Teams

(By The Associated Press.)

AUSTIN, June 21.—The university of Texas, the chief rival of the University of Alabama in producing baseball players, has thirteen of its former students playing the national game under the jurisdiction of Kennesaw Mountain Landis. Incidentally, the only time these two schools have met on the diamond was on April 29, 1922, and the Texas Longhorns defeated the Alabama nine, 5 to 3.

The 13 ex-students of the university in professional baseball circles are: Bib Falk of the Chicago White Sox, Neal Baker of the Philadelphia Athletics, Heinie Baumgarten of the Brooklyn Dodgers, Heinie Odom of Oklahoma City of the Western league, Howard Fitzgerald of the Wichita Falls Spudders, Horace Kibble of the Fort Worth Cats, Roy Moore of the Shreveport Sports, Bob Harris of the San Antonio Bears, Leslie Cox of the Petersburg team of the Virginia League, Chester Fortier of the Corsicana Oilers, Albert Leisner of the Tyler Trojans, and Dewey Smalley and George Halbert of the Palestine Pals.

### Falk Is Greatest

Just as Rip Collins of Austin is the greatest baseball star produced by A. and M. College, Bib Falk, also of Austin, is the leading diamond celebrity produced by the University of Texas. Falk, who is hitting in fifth place in the batting order of the Chicago White Sox and is one of the main reasons for the phenomenal success of Ray Schalk's team this year, left the campus in 1920 to join the Sox and he made good immediately. It is a long way from Congress avenue in Austin to State Street in Chicago, but Bib negotiated the distance in non-stop fashion. Falk played on the Longhorn football and baseball teams in 1919 and 1920. He was an all-Southwestern tackle on the football team and the leading hitter and pitcher on the baseball nine. Uncle Billy Disch, the Longhorn coach of many years and of many opinions, says that Falk is the greatest pitcher the University has had during the seventeen years that he has been coach. Falk got his chance to stick at Chicago in 1920

when Joe Jackson was implicated in the Black Sox Scandal, and he has held down Jackson's place ever since.

In 1924 the late Christy Mathewson selected Falk as the greatest left-fielder in baseball, and twice in the past three years he has finished among the first ten hitters of the American league.

### New Stars

Neal Baker an Heinie Baumgarten, the other two ex-Longhorns in the big show, were on the 1927 team and have joined their clubs in the past few days. Baker was generally regarded as the most valuable player in the Southwestern conference this year, and set a pitching precedent by winning twelve conference games. Baumgarten was the conference's leading hitter. Baker is said to have received a bonus of \$2,500 for signing with the Athletics and Uncle Wilbart Robinson of Brooklyn gave Baumgarten \$1,000 to sign a contract.

Heinie Odom, who was declared ineligible for further collegiate competition in 1925 by Dr. R. A. Penick, has played with the New York Yanks and the St. Louis Browns. Recently he was sold to Oklahoma City of the Western league. He is an infielder.

### Great Texas Leaguer

Howard Fitzgerald of Wichita Falls, who recently was given a traveling bag by admiring friends in Spudderville, is regarded as one of the greatest outfielders in Texas league history, and this year he has batted above .340 consistently. He holds the unique record of having seven trials in big leagues since leaving school in 1921. The Philadelphia Athletics, Chicago Cubs, and Boston Red Sox have owned him at various times.

Horace Kibble, who left the University of Texas in June of 1925, has played with the Boston Braves and with Providence of the Eastern League. This year he was bought by the Fort Worth Cats, but in April he had the misfortune to break a leg. He recently returned to the Cat line-up. Billy Disch regards him as one of the best prospects he ever coached. Kibble has a Bachelor of Arts degree. Roy Moore, who was a student at

South Atlantic league as first baseman, and became the home run king of the loop. His sensational long distance clouting attracted the attention of the Shreveport owners, who drafted him during the winter. He has continued his heavy hitting in the Texas league, and it is not unlikely he will win his way back to select company, not as a pitcher, but as a first baseman.

### Harris With Bears

Bob Harris, another member of the 1927 champion Longhorns, recently joined the San Antonio Bears, and has fielded and batted in a highly satisfactory manner. He seems to have won a regular berth.

Declared ineligible in the spring for failure to pass four courses, Leslie Cox, whom Bill Disch regarded as one of the best righthanders he has developed, joined the Palestine team of the Texas Association. His pitching soon had the big league sports on his trail, with the result that he was sold to the White Sox. This spring he was released on option to Petersburg of the Virginia league, and he has the best record of any hurler in the League. He is expected to be recalled by the Sox in August.

Chester Fortier, who left the university in 1920, has played with Houston, Syracuse, Fort Smith, Austin, and Corsicana. He acted as manager of the Corsicana team several weeks ago after Leslie Nunmaker was released.

## Texans Lose To Omaha—Tracy Is Not To Resign

OMAHA, June 21.—McGrew held Amarillo to six scattered hits here yesterday, got a couple of timely blows himself, and licked the Texans without much assistance.

The score was 5 to 2. Connelly hit a home run for the Texans. President Tracy of the Amarillo club, under a new arrangement, will retain his position, although he had been asked to resign by the club owners.

The box score

### 23-BUSHEL WHEAT

CANYON, June 20.—Wheat harvest is going rapidly forward in Randall county. The best record to date has been made on the farm of Frank Culp where the wheat is making 23 bushels to the acre. This was on summer fallowed land. Wheat in the Jowell community about fifteen miles south of Canyon is averaging 10 to 15 bushels an acre. Wheat in the southeast corner of Randall County is averaging about 13 bushels per acre. Only a small acreage has been cut so far.

**VULCANIZE!**

Yes, Sir. If you had that cut vulcanized you would never have been bothered with a blow-out. Vulcanizing will save you the cost of a new tube or casing.

## Announcement to Foot Sufferers

The public at large is not aware of the great prevalence of foot troubles. It will be surprising to many to learn that the feet of seven persons out of every ten are abnormal.

To relieve and eliminate the cause of foot troubles requires a certain knowledge of foot anatomy and a study of the conditions which produce so much suffering and misery in this part of the body.

In this community there are many persons whose feet ache and pain and give them an endless lot of trouble. These people will be glad to learn that

**DAVID E. CECIL**  
OF KEES & THOMAS

has just completed a special course of training with the American School of Podiatry of Chicago. This school was founded by Dr. Wm. M. Scholl, the eminent foot authority, and teaches his world-wide Method of Foot Correction.

If you are having trouble with your feet—weak and broken-down arches, weak ankles, cramped toes, callouses, corns, bunions or if your feet perspire excessively, ache, pain and get "all tired out"—you are invited to drop in and see our Podiatrist. A Free Demonstration of

**Dr. Scholl's**  
**Foot Comfort Appliances**

will quickly convince you that foot troubles are absolutely unnecessary and that foot comfort awaits you at this store.

We have also made shoe fitting a specialty. If you are having trouble in getting shoes that combine style and comfort, let us show you how well and satisfactory we can serve you.

**GREAT DAY FOR FIRST BAPTIST CHURCH**  
Sunday was a great day with the First Baptist church. There was a large crowd present Sunday morning to greet the new pastor, Rev. D. H. Truhitte. He brought us a great message on the subject, "The Soul Life of Pampa."

There were 13 additions to the church. Rev. Truhitte pointed out the needs of the local church, and said that he wanted to cooperate in every way possible with the other churches and other organizations of the city.

"My desire is to help hold up the standard of Christianity and make Pampa a better place in which to live," he said.

Rev. Truhitte will leave this week for Ooliton, Okla., to finish his work there, and will move to Pampa within the next few days.—Reporter.

**TO PROTECT CHILDREN**  
MOSCOW, June 21. (AP) — The Commissariat of Education is organizing a special "children militia," whose duty, besides endeavoring to control the "bezprizorni," or homeless waifs, will be to protect children against excessive physical punishment by parents and to see that they receive proper education.

Joe Chitwood of Berger is in the city today on business.

**CO-EDS CAN EAT CHEAPLY, COLLEGE DIETITIANS LEARN**

(By The Associated Press.)  
ITACA, N. Y., June 21.—The high cost of living need hold no terror for the modern college girl. A class studying foods at the New York State College of Home Economics at Cornell university found that she can feed herself on \$2.50 a week.

This cost figure was declared the smallest sum which would supply the 2,200 calories required by a girl of average size carrying on every-day college studies and activities. In order to do it, however, she must be her own cook and literally know her vegetables. She must also know the cheapest produce markets.

No mention is made of the free meals she may have, so it is expected that the ultra-economical copd following this "food prescription" will have 21, meals at her regular eating place.

Students who planned the week's menus first kept records of the way they spent their time. Then they computed the calories such energy required each day. They added food necessary to furnish protein, phosphorus, iron, vitamins and iodine.

Twelve years ago a student at Cornell declared he could live for 87 cents a day. His diet, however, was not approved by the authorities in home economics. Besides food was much cheaper then.

Here is a list of the food consumed on the low cost in a week:  
Four eggs; five meat servings, one being liver and one salt water fish; a daily pint of milk; one-half pound of potatoes; one serving of whole cereal as breakfast food; four table-spoonful of refined cereals or flour to thicken sauces and puddings; one and half ounces of sugar, part molasses; five thick slices of whole wheat bread; two and one-half ounces of fat, one-half of which was butter; one serving of fruit; and one teaspoonful of codliver oil.

The allowance for protein and iron in this diet is a health minimum. That for calcium and phosphorus, the college says, is a little above the minimum.

**Miss Crawford Gives Party**

Miss Elizabeth Crawford of Amarillo, who is visiting her grandparents, Mr. and Mrs. J. S. Wynne, entertained a few of her friends Monday afternoon at the Wynne home. Indoor games of various kinds were played and punch along with ice cream and cake were served throughout the afternoon.

Those enjoying were Francis Finles, Virginia Rose, Dorothy Dodd, Theo Post, Georgia Thut, Marjorie Buckler, Mary Ellen Cook, Christine Cook, Louise Walstad, Floy Stannard, Josephine Lewis, Dorothy Doucette, and Elizabeth Crawford.

Dr. and Mrs. A. R. Webb have returned from a trip to New Mexico.

**NOTICE**  
An ordinance creating a Police Department and providing for the maintenance thereof with the compensation to be paid to policemen and the costs to be charged defendants in criminal cases on conviction and providing that the costs heretofore paid to arresting officers are to be paid in to the City treasury. And providing a penalty.

Be it ordained by the City Council of the City of Pampa.

That there shall be and there is hereby created a police department of the City of Pampa, Texas, which shall be composed, regulated and controlled as follows, to-wit:

1. The duly elected and qualified and appointed police commissioner, or member of the City Council serving in that capacity, by whatever name called, shall be the head of the police department, and shall be responsible to the council, in whom the final authority shall rest, for the control, regulation, action and behavior for same at all times.

2. He shall appoint a chief of police, subject to the action of the whole council in meeting assembled. Provided that if there is no police commissioner the whole council or its duly authorized representative shall act as such police commissioner, if he be a member of the council, and if he be not a member of the council, then and in that event the chief of police shall be responsible for the conduct of the department the same as the police Commissioner would.

3. There shall be appointed a chief of police and such other officers as may be deemed necessary or proper, who shall hold their offices upon good behavior from month to month, subject to the wish and will of the police commissioner who shall have authority to hire and discharge any policeman or police chief for cause at any time.

4. Said chief of police shall receive no fees of office, but a stated salary to be fixed by the City Council in the sum of \$165.00 per month, which is hereby fixed. The other officers shall receive no fees of office but a stated salary which is hereby fixed at the sum of \$150.00 per month.

5. The fees heretofore paid to arresting officers shall no longer be paid to policemen working on a salary, but shall be taxed against the defendant upon conviction in the several sums authorized by the revised statutes, and said fees shall be paid into the city treasury.

6. Any person who shall violate any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and shall be fined in any sum not over \$100.

F. F. REID, Mayor.  
C. H. FISHER, City Secretary.

**SOCIAL NEWS** { Phone 72 Mornings

C. S. Wortham, an attorney here, returned Sunday from New Mexico, where he has been transacting business.

Mrs. G. W. Triplett and son W. J., of Amarillo are here visiting Mr. and Mrs. Roy Mills. Mrs. Triplett is Mrs. Mill's mother.

Miss Pauline McKean returned to Canyon Monday after spending the week-end here with her brother, Dr. McKean.

Mr. and Mrs. Ben Renshaw returned Sunday evening from a week's vacation in Hennesey, Okla.

**NON-DRINKERS' WINE**  
BUCHAREST, June 21. (AP)—Scofflaws among the Lipovan tribes of the Bucovina and Bessarabian sections of Rumania have a peculiar way of breaking their prohibition laws. In their sect of the old Russian church the drinking of alcoholic liquor is forbidden. The thirsty Lipovans do not drink. They "eat" their liquor with a spoon instead of putting their lips to the glass.
