Gray And Hutchinson Increase Panhandle Production

CALL MADE FOR BEST FARM PRODUCTS

COOPERATION NECESSARY TO GET RESULTS

No Paid Men Will Gather Exhibits For Fair

PROF. LESTER CITES RULES

Tri-State Exposition Offers Prizes Of \$50 to \$300

An urgent request for people of Gray county to save their best farm products for the exhibit to be shown at the Amarillo Tri-state Exposition was made today by J. L. Lester, chairman of the agricultural committee of the Pampa Chamber of Commerce.

Prof. Lester's article follows: Several days ago it was announced through the press that Gray county could have an exhibit at the Tri-state Exposition in Amarillo September 11 to 17, inclusive.

Twenty-two prizes, ranging from \$50 to \$300, are offered the county winners at this exposition.

Gray county will go into the contest to win a prize. And she can win if each of her citizens will do his part. Therefore Gray county is making a call upon her loyal citizens to see to it that her interests at the Tri-State Exposition do not suffer.

No Paid Men

The county is not paying men to go around over the county and collect this exhibit. But it is expected that each of her citizens will do his duty in assembling the various units of the exhibit. The following suggestions are offered for consideration in submitting materials for the Gray county booth. If each of us does his full duty the exhibit should be a thing to inspire pride.

It is necessary to know what products are required and how they should be presented. There are various divisions in an exhibit.

1. Corn, or grain sorghums, or both.
2. Cotton or wheat, or both.
3. Oats, barley, or ribbon cane, or all of them.
4. Peanuts or cowpeas, or both.
5. Annual forage crops, including sweet sorghums, darso, or other forage crops grown for forage.
6. Fruits characteristic of the county, native or cultivated.
7. Vegetables, including potatoes.
8. Other crops, eight exhibits: one each of Bermuda or other tame grasses, broom corn, rye, speltz, edible nuts, buckwheat, popcorn, three pounds of honey, or other products not included in other divisions.

Division Rules

With reference to Division 1, only one of the following may be submitted, to be scored on the basis of 200 points: (a) Grain sorghums, which shall include black hull and white hull kafir, red and white milo, fetaria, hygeria, reed and shock kafir, Red hull and black hull kafir and red and white milo shall be considered different varieties. (b) Either may be shown: corn—ten samples of ten ears each, and four samples of 50 ears each of not less than two or more than four varieties, or grain sorghums—ten samples of ten heads each, and four samples of 50 heads of not less than two or more than four varieties, or (c) both may be shown: corn—five samples of

(See EXHIBIT—Page 5, Column 1)

Carson County to Let Road Contract Sept. 8 On Amarillo Highway

Carson county commissioners September 8 will let a contract for bridging and draining the west portion of Highway No. 33, on the Amarillo road from the county line about a mile west of Kingsmill. There is about 17 miles involved.

The east portion of this road, about 20 miles, is now being graded and drained. Of this, the first three miles from the west end will be finished within a month, enabling the old Amarillo road from Pampa to Amarillo to be used while the remainder of the contract is being completed.

Contracts for the actual paving likely will be let in the spring. Pampa special road district voters will determine September 10 whether Pampa will be connected with this paving on the Amarillo road.

The only point not thoroughly understood with reference to the proposed Pampa paving appears to be the way the paving leaves the Clarendon road on the south. Approaching the city on the section line slightly south of the intersection of Cuyler

and Barnes streets. Traffic would leave this paving and come through Pampa over Cuyler street. The street between the end of the city paving and the hard-surfaced highway would be maintained by the city.

The notice of the road bond election defines the south portion as follows:

"Highway No. 88, otherwise known as Clarendon Highway, from a point where said boundary intersects the Southern boundary line of said road district, the same being the Northeast corner of Survey 146 in Block B-2 of the lands originally granted to the H. & G. N. Ry. Co., four miles North to a point, the point being the Northeast corner of Survey 109 in Block No. 3 of the lands originally granted to the I. & G. N. Ry. Co. in said county; thence leaving said Clarendon Highway one mile East with the Northernly boundary line of Survey 108 in said Block 3; thence due North with the section lines to the City of Pampa, said road being about 9-1/2 miles in length."

TORRID ZONE SILENT ON FLIER

Redfern Overdue at Brazilian Goal, But Wife and Flight Chairman Believe Him Safe, Despite Storm Danger

(By The Associated Press.)

BRUNSWICK, Ga., Aug. 27.—The Andees or the Caribbean sea, whose depths vie in profundity with the altitudes of nearby peaks, tonight had not revealed the presence of Brunswick's flying musician.

More than 42 hours had passed early tonight since Paul Redfern took off in the monoplane, Port of Brunswick. Silence surrounded the passage of the lone young man who abandoned the music of the violin for that of the airplane motor. He was "due" in Rio de Janeiro, Brazil at 2:46 p. m. today, Eastern standard time.

The flier's young wife shared with the chairman of the flight committee the idea that Redfern is safe in Brazil, probably down some place where no communications are available but both are worried.

BRUNSWICK, Ga., Aug. 27. (AP)—With the blackness of a moonless night behind him, Paul Redfern today sped his monoplane through its second consecutive dawn and onward to the goal of his solitary flight to Brazil, unless some whim of nature or mechanics has stopped him short in the tropic region out of touch with the eagerly waiting world.

The scarcity of news was not translated into alarm, however, for the course Redfern laid out carried him over virtually a trackless sea and land. His original schedule called for his arrival at Rio de Janeiro early Saturday afternoon, or at Parnambuco near noon if his fuel supply prove not enough to carry him further south in his attempt for endurance and long-distance records.

Detroit Is Of Harbor Grace, Newfoundland, Aug. 27 (AP)—The monoplane, Fride of Detroit, hopped off for Croydon, England, at 5:14 o'clock this morning.

This Stinson Detroit, which carries William Brock and Edward Schlie, Detroit business men, is off

on the first leg of their attempt to set a new record for a trip around the world.

They arrived yesterday from Old Orchard, Me., and refueled the plane preparatory for the start today. They took advantage of the splendid weather, which had attended the flight so far.

The record of 28 days for globe girdling, which the fliers hope to break, was set last year by Edwards Evans and Linton Wells, who used ships and trains as well as airplanes.

The distance between Harbor Grace and Croydon, near London, is 2,350 miles.

MIAMI, Fla., Aug. 27. (AP)—Word of a severe tropical storm, which raged in the vicinity of the great Abasco Bahama Thursday afternoon during the hours that Paul Redfern was due to have passed over that area in his Brunswick to Brazil flight, was brought here late today by Robert Moore, a seaplane pilot, who expressed the belief that the flier would either be forced down by the gale or driven off his course toward mid-ocean.

JONES WINS!

Bobby Repeats Third Time—Beats Evans 8 and 7

(By The Associated Press.)

MINNEAPOLIS, Aug. 27.—Bobby Jones, Atlanta star, won the amateur golf championship for the third time late today when he defeated Chick Evans, of Chicago, 8 and 7, in the 36 hole finals in the National tournament.

A son was born to Mr. and Mrs. Joe Sneathen Saturday morning. Although the infant weighed only 2-1/2 pounds at birth, the physician believes it has a fair chance to live.

SEVERAL BIG WELLS BRING UP AVERAGES

Area Total Sent To 102,212 Barrels This Week

MOORE FIGURES SHOWS GAIN

McIlroy and Paramount Pools Help In Come-Back

With Gray, Hutchinson, and Moore counties staging production come-backs, the Panhandle field halted its toboggan slide this week and made a substantial recovery. Production showed a total gain of 2,364 barrels, to which Gray county contributed 634 barrels, Hutchinson 1,875 barrels, Moore 134 barrels, and Wheeler 98 barrels.

Carson county showed a loss of 377 barrels, in spite of a new well.

Hutchinson's coming to life was the big factor of the week, for that area had been declining steadily for many weeks. Eight new wells were chiefly responsible, however. The new oil shoved the Panhandle total average up to 102,212 barrels from 1,357 wells, compared to 99,848 barrels from 1,354 wells for last week. Several wells were killed during the week.

Roxana Petroleum corporation's No. 1 Cockrell, in section 3, block B-3, of D. S. & E. survey, in the McIlroy pool of southeastern Hutchinson, now making 2,000 barrels a day and which averaged 1,724 barrels for the week, and Alamosa Oil company's No. 1 Sanford, in section 83, block 46, of the H. & T. C. survey, in the Paramount-Sanford pool of southwestern Hutchinson, were the wells which helped to stage the come-back. The latter well averaged 523 barrels a day. The two totaled an average of 2,247 barrels for the week, and Gray and Moore counties accounted for most of the remainder of the gain.

Production report by counties: Carson—159 wells, one new; 9,557 barrels, average 60.1 for loss of 377 barrels.

Gray—152 wells, one new; 10,461 barrels, 68.8 average for gain of 634 barrels.

Hutchinson—1,005 wells, eight new; 80,341 barrels, 79.9 average for a gain of 1,875 barrels.

Moore—3 wells, 185 barrels, 61.6 average for gain of 134 barrels.

Potter—1 well, 35 barrels, no gain.

Wheeler—37 wells, 1,633 barrels, 75.3 average, for gain of 98 barrels.

Two More Murders In Gamblers' War

(By The Associated Press.)

DETROIT, Aug. 27.—Murder of a man and woman whose bodies were found last night in an automobile near the downtown district today was definitely credited by police to another episode in the gamblers' war.

The bodies were identified as those of Lester McCall, a gambler, and his wife, Clara.

An eight-pound baby girl was born to Mr. and Mrs. Will White Friday morning. Mr. White is employed on the Daily News as a linotype operator.

Rubber In Cactus

Dr. John C. Wichmann of Los Angeles, chemist-inventor, is reported to have discovered a process of successfully extracting rubber from cactus. Millions of pounds of rubber substitute can be produced from the cactus now growing in the United States, he says. Dr. Wichmann is shown cutting a cactus lobe from which the gummy juice is extracted.

COTTON PRICES UPWARD AGAIN

\$3 Raise Follows New Report On Poor Crops

(By The Associated Press.)

NEW YORK, Aug. 27.—Cotton prices experienced another sensational advance today, rising about \$3 to \$3.50 a bale above Friday's close upon further unfavorable reports relative to the crop situation.

NEW ORLEANS, Aug. 27. (AP)—The cotton market soared to new heights for the season today on general buying induced by a highly unfavorable crop.

October cotton crossed the 22c line to 22.27 and December cotton traded at 22.53.

Hawaiian Search Near End; Another Soon For Redfern

(By The Associated Press.)

WASHINGTON, Aug. 27.—New plans for searching for the missing Dole fliers were announced today by Admiral Jackson.

These plans call for a return to California of the craft that will reach Honolulu Monday by a new route.

This will terminate the search except for vessels now searching Hawaiian waters.

MIAMI, Fla., Aug. 27.—Preparations are being made here today to send three seaplanes to the Bahamas in search for Paul Redfern, who hopped off Thursday from Georgia for South America.

FISHER COUNTY OFFICERS SHOT DURING ARREST

Three Men and Woman Escape After the Shooting

ALLEGED COTTON THEFTS CITED

One Draws Gun, and And Kills Both Men

(By The Associated Press.)

ABILENE, Aug. 27.—Sheriff Bob Smith and Jake Owens, deputy, of Fisher county, were killed in a shooting affray near Roby this afternoon, officers have been advised.

The two officers had three men and a woman under arrest in connection with the theft of a bale of cotton. One of the men drew a gun and fired, killing both the men.

It is reported that the four escaped in an automobile.

Sheriff Bob Smith reported killed in Fisher county, was a cousin of O. T. Smith, Gray county deputy.

Kill to Get Payroll

NEW YORK, Aug. 27. (AP)—Robbers today boldly murdered Judson Pratt, construction superintendent, as he sat in his automobile in broad daylight, and fled with a \$5,000 payroll he was carrying.

Americans Reported Besieged In Mexico Near Amparo Mine

(By The Associated Press.)

WASHINGTON, Aug. 27.—Reported besieging of 13 Americans and 11 British subjects in their homes near the American-owned Amparo Mining company in the state of Jalisco, Mexico, prompted the state department today to instruct the American embassy at Mexico City to keep the matter of adequate protection for Americans well before the Mexican government.

While President Calles reported that dispatches have instructed military authorities to protect the mine, company officials notified Joseph Satterwhite, American consul, that no Mexican troops had arrived on the scene.

AMERICAN MINES IN MEXICO REDUCE WORK

MEXICO CITY, Aug. 27. (AP)—Troops have been sent to protect American mining interests, authorities declare.

Numerous mining companies have suspended or reduced operations because of low silver prices.

All Officers To Wear Uniforms

AUSTIN, Aug. 27. (AP)—City speeding ordinances which vary from the state law as to rate of speed or amount of fine cannot be enforced legally, the attorney-general's department ruled today. The attorney-general also ruled that all officers, whether city or county, who make arrests must wear uniforms prescribed in the new state law.

International Sunday School Lesson

BY DR. J. E. NUNN

General Topic: Nathan leads David to Repentance.

Scripture Lesson: 2 Sam. 12: 1-10, 13.

1. And Jehovah sent Nathan unto David. And he came unto him, and said unto him, There were two men in one city; the one rich, and the other poor.

2. The rich man had exceeding many flocks and herds;

3. But the poor man had nothing, save one little ewe lamb, which he had bought and nourished up; and it grew up together with him, and with his children; it did eat of his own morsel, and drank of his own cup, and lay in his bosom, and was unto him as a daughter.

4. And there came a traveller unto the rich man, and he spared to take of his own flock, and of his own herd, to dress for the way faring man that was come unto him, but took the poor man's lamb, and dressed it for the man that was come to him.

5. And David's anger was greatly kindled against the man; and he said to Nathan, As Jehovah liveth, the man that hath done this is worthy to die; because he had no pity.

7. And Nathan said to David, Thou art the man. Thus saith Jehovah the God of Israel, I anointed thee king over Israel, and I delivered thee out of the hand of Saul;

8. And I gave thee thy master's house, and thy master's wives into thy bosom, and gave thee the house of Israel and of Judah; and if that had been too little, I would have added unto thee such and such things.

9. Wherefore hast thou despised the word of Jehovah, to do that which is evil in his sight? thou hast smitten Uriah the Hittite with the sword, and hast taken his wife to be thy wife, and hast slain with the sword the children of Ammon.

10. Now therefore the sword shall never depart from thy house, because thou hast despised me, and hast taken the wife of Uriah the Hittite to be thy wife.

13. And David said unto Nathan, I have sinned against Jehovah. And Nathan said unto David, Jehovah also hath put away thy sin; thou shalt not die.

white light of Jesus and his gospel had not yet dawned upon the world. Considering which facts it is remarkable, and should put our civilization to shame, that the story has as much significance and warning to us as it has. Wherefore let him (The Modern Christian) that thinketh he standeth, take heed lest he fall."

Parable of the Prophet Nathan vs 1-4 "The parable does not extend to the deeper elements in David's sin, the king's impurity, his adulterous act, and the king's cynical disregard of human life, his virtual murder of the hapless husband; it has only to do with the outrageous injustice in the act, the savage abuse of power, the tyranny of the strong over the weak, the inhuman selfishness of the wretched deed."

"Thou Art the Man" v 7.

"And Nathan said to David, Thou art the man." Like the ash of a fiery sword those terrible words pierced David's soul, and he could never forget them. Ever since they have been used to carry swift conviction to self-deceiving sinners. Every preacher, every teacher, every earnest Christian should be bold to use these words in the rebuke of evil, darting them home to individual consciences. Nathan was a brave man thus to deal with a powerful king. "The consciousness that they were God's messengers inspired the prophets with fearless courage. Samuel rebuked Saul for his disobedience; the prophet from Judah reproved Jeroboam for his idolatry; Elijah pronounced sentence on Ahab for his murder of Naboth; John the Baptist condemned Herod for his adultery."

Retribution v. 10 "Now therefore the sword shall never depart from thy house." The sword which David had used in murder was turned against his own sons, three of whom died violent deaths that were connected with David's sin. Ammon followed his father's lustful example and shamefully treated his own sister, whereupon his brother, Absalom followed David's example of murder and had his servants kill Ammon (2 Sam. 13:28-29). Absalom rebelled against David and was slain by Joab, (2 Sam.

18:14). Adonijah, another son, rebelled and was executed (1 Kings 2:26). All this in addition to the death of Bathsheba's son, and every death a sword-thrust into David's heart.

Sin Leads to Death

Though David himself was not to die because of his sin, Nathan prophesied that his son and Bathsheba's, the child of their sin, should not live. This came about, though the agonized father prayed and fasted through the child's sickness, and lay all night upon the earth. The baby boy died for his father's sin, and David went to God's house and worshipped, breaking his seven-days fast. "I shall go to him," David said, "but he will not return to me." The story is a powerful illustration that "sin, when it is finished, bringeth forth death."

David's Penitential Psalm

One of the clearest proofs of David's repentance is the wonderful Fifty-first Psalm, which, as its title tells us, was written after Nathan had rebuked him for his sin with Bathsheba. No finer expression of sorrow for sin and trust in God's forgiving mercy is to be found in all literature. David's sin was ever before him. His was a broken and a contrite heart. He realized that he had sinned against the holy God. He knew that God alone could purify him, wash away the stains of his iniquity, create in him a clean heart, and restore to him the joy of salvation. So with all his soul he prayed that God would hide his face from his sins and blot out all his iniquities.

Introduction

"The Bible is very honest. Almost dangerously so, we sometimes think. Yet if it is God's word, how could it help being thus ingenious! No modern realistic novel paints things in black and white the way it does. Its characters are never whitewashed. If there is anything bad in even its greatest, holiest heroes of faith, it is sure to come out in the narrative. And this is so because the Bible is a book of warning as well as a book of comfort and inspiration; it shows what sin can do as well as how men may be saved from sin. There is damnation in its pages as well as redemption; hell as well as heaven. (Comp. 1 Cor. 10:11,12)."

David's Sin. 2 Sam. Chap. 11

It is abusing God's word to try to palliate the heinousness of David's sinfulness here. We fairly shudder at the blackness of it. In a deliberate and shameful fashion he broke three of the outstanding Ten Commandments. In studying this lesson we should again be reminded that that was a different age from ours; their customs, sentiments and morals were not ours; and especially, the pure,

Outfitters to the Whole Family

Heilmann In Sight Of Fourth Batting Championship

PIRATE BATS BEST YANKS Amarillo Manager In Upper Ten Now In Western

(By The Associated Press.)
CHICAGO, Aug. 27.—Harry Heilmann, Detroit veteran, is well on his way to his fourth batting championship of the American League. He has today the only .400 average among the major league regulars, gained during Detroit's record breaking winning streak of thirteen victories in a row.

Starting with 1921, Heilmann has won the title with his bat every other year, and his efforts to repeat this year seems due to win the reward. He passed the .394 of Al Simmons of the Athletics in figures compiled today including Wednesday's games. Heilmann's gain in per centage this week was 21 points. The day the Yankees broke the Tiger's winning streak, Wednesday, Harry had a perfect day at bat, four times up, four singles.

Instead of the home run twins, Ruth and Gehrig, it was Tony Lazzeri that broke up that game with a mighty drive which cleared off the crowded sacks. That was Tony's 16th homer of the season, while Ruth that day had 40 and Gehrig 39.

Moore Third in Hurling
Dutch Reuther and Waite Hoyt, who have dominated the American League pitching list for some time, were joined today by Wilcy Moore, Manager Higgins' latest find. Moore stands third in the number of games ranked only by the veteran relief flingers, Cliff Marberry and Lefty Grove, but Moore's percentage is far higher than those two veterans, with 14 wins and six losses.

Ted Lyons still stands out as the leader in games won, with nineteen victories for a second division club. Hoyt has 17 wins.

George Sisler, still hovering just below the first ten in batting honors, continues in front in base stealing, his weekly theft raising his total now to 24.

Leading hitters of the American League are: Heilmann, Detroit, .400; Simmons, Philadelphia, .394; Gehrig, New York, .379; Ruth, New York, .367; Speaker, Washington, .354; Fothergill, Detroit, .348; Meusel, New York, .347; Schang, St. Louis, .347; Cobb, Philadelphia, .346; Goslin, Washington, .341.

Hornsby is Climbing
Having failed to crack the Pittsburgh monopoly of National league batting honors, Frankie Frisch dropped back to his rival, Rogers Hornsby, a chance. Hornsby today is but one point back of Clyde Barabart, the low man of the three Pirates at the top of the column, while Frisch dropped six points to fifth place.

Brother Lloyd Waner, growing more accustomed to the atmosphere up around the top moved up from eighth place to sixth in the list of the first ten, so it may not be long until the "three musketeers" become a quartet. Lloyd is only twelve points back of Barnhart.

Three in one day shot Hack Wilson's home run record up on a par with the 23 mark set by Cy Williams some time back, and since unchanged Hornsby has gathered two this week in his drive to recapture the National League batting crown he wore for six straight years. Rogers now has 22 homers.

His slump at bat gave Frisch fewer opportunities for base stealing, but his total of 23 is still nine better than Hendrick's of Brooklyn. Kiki Cuyler, who used to hold the base stealing honors is now third with a mere 19.

Meadows at Top
Lee "Specs" Meadows is back in first place among the National League pitchers but his partner, Carmen Hill, is down in sixth rank. Benton of the Giants got bumped in his start this week, and dropped back to second. The Cardinal Veterans, Jess Haines and Grover Alexander come next, but Charlie Root of the faltering Cubs tops them all in victories with 23.

With half of the first ten hitters in the league wearing Pirate uniforms, it is no wonder that Pittsburgh has the best team batting mark in the majors today, .305. Even the slugging Yankees are four points below in the team figures, with .282.

Leading National League batters: P. Waner, Pittsburgh, .384; Harris, Pittsburgh, .363; Barnhart, Pittsburgh, .353; Hornsby, New York, .352; Frisch, St. Louis, .347; Stephenson, Chicago, .342; L. Waner, Pittsburgh, .341; Harper, New York, .338; Traynor, Pittsburgh,

Flynn Explains a Punch

"Don't want any of Gene Tunney's punches landing here," says Leo P. Flynn to his heavyweight entry, Jack Dempsey, the ex-champion, who is training at Lincoln Fields now for his coming fight. "Because if they do that will be your finish," adds Leo P. Dempsey is working to avoid such punches.

.331; Hendrick, Brooklyn, .329.
Guyon Ousts Kelly

The Colonels having at last climbed out of the cellar, Guyon made his bow today as the first of the Louisville club to break into the leading ten batters of the American association in many months. The first ten have coasted along for several weeks now without change in their makeup, but Kelly, the Toledo fly chaser, was ousted by Guyon in figures compiled today including Wednesday's games.

Reb Russell, the former White Sox flinger now patrolling the outer garden for Indianapolis, refuses to crack and his hold on first place is firmer than ever today. Oscar Orwell, another purchase of Connie Mack from the association, clings to second place in the batting list, but two points back of Russell.

The Millers' home run twins, Earl Smith and Frank Emmer, while well back of the pace set by Ruth and Gehrig of the Yankees, are making things lively for the association pitchers. Emmer drove out four this week and Smith two.

Three Teams Tried
While the lead of the Mudhens has been whittled down to bring Kansas City and Milwaukee within striking distance, the two latter teams have been improving with the hickory until all three are now tied in team batting at .314. The Miller were largely responsible for whittling down the Toledo lead, and Kelly's squad has also passed the .300 mark in team batting.

Still in his batting slump, in tenth place in the circuit, Dewitt Lebourveau is gradually gaining on Bruno Haas in base stealing and is now but two behind Haas' mark of 23.

Besides his second place in the batting column, Orwell is runner up for pitching honors, too. Palmero, the Hens Cuban flinger, is on top today with a mark of 11 wins and only three defeats, while Orwell's score is now thirteen and four.

Leading hitters in the American association: Russell, Indianapolis, .393; Orwell, Milwaukee, .391; Grimes, Toledo, .382; Kirkham, Columbus, .376; Veach, Toledo, .368; Hauser, Kansas City, .362; Riconda, Milwaukee, .358; Guyon, Louisville, .357; Duncan, Minneapolis, .350; Lebourveau, Toledo, .349.

Langford Still High
A genuine .400 average is in the making in the Western league if Langford, the Des Moines star clown, can increase his pace a bit. He lacks only two points today of the charmed figures, in averages compiled today including Wednesday's games.

Pete Casey, who has pinch hit twice since he was beamed early in the season, tried it again this week without success and his .400 average is fast fading. The Oilers' star slugger had a .425 average when the accident put him on the bench but it has shrunk now to .402.

Two home runs and three stolen bases were added to the record of the flashy Joe Rabbit of Omaha this week, and Joe moved up from around ninth place to seventh in the list of the leading ten hitters. No one is even close to his stolen base total of 42, but Rabbit is still far short of

Ty Cobb's record of 96 for one season.

Kelly in Upper Ten
Tenth place in the batting honor roll changed hands today, J. Kelly of Amarillo ousting one of the Oilers Kress. It is the first change in that lineup for several weeks.

Munson of Tulsa failed to increase his string of homers, but his mark of 29 is just ten better than the total of the Tulsa first sacker, Sturdy.

George Blasholder, the league's leading twirler, broke even in his two starts this week, and this showed him down to fourth place in the percentage column. Black, the Oilers' other star, also broke even, but his total of 11 wins and two defeats is by far the best in the circuit.

Leading hitters of the Western League are: Langford, Des Moines, .393; Comorosky, Wichita, .394; Munson, Tulsa, .384; Bennett, Tulsa, .381; Sturdy, Tulsa, .365; Cunningham, Des Moines, .358; Rabbit, Omaha, .349; Reagan, Denver, .348; Compton, Denver, .345; J. Kelly, Amarillo, .340.

SMOKED 40,000 CIGARETTES

NEW YORK—When New York transit companies imported strikebreakers in preparation for a subway strike, they agreed to furnish not only bed and board but also cigarettes. The last was a costly item. The strike failed to materialize and the strikebreakers stayed but three days—but in that time they smoked 40,000 company fags.

Good Fights To Open New Bowl On West Foster

Offering one of the classiest arrays of fistic talent that has yet been seen at the Pampa Athletic club, and with their new bowl on West Foster avenue at the end of the pavement ready for tomorrow night, the management has arranged to accommodate a huge crowd. In the feature event of the evening, Walter Varner, the Pampa boy with 72 knockouts to his credit, will meet the stylish favorite, Freddie Whittington, of Tulsa.

These two boys are favorites of the ring. Mrs. Alice Branch, society editor of the Breckenridge American says in a story about Varner:

"One of the fighters was a Mexican Vincent Aguilar, while his opponent was a fighter by the name of Walter Varner who is a regular Rudolph Valentino for looks. He came into the ring in a good looking dressing gown and all the women cheered him.

"Rusty" Cahill and Speedy Snow will battle in the semi-final. As all fans know, when Cahill is in the ring there is going to be a fight.

Frankie Farrell, who held Chief Gonzales to two draws, will meet a boy by the name of Allison, who says he is going to lick Farrell.

Borger and Roxana are going to send large followings over to the match.

SPORT TALK

The fight card tomorrow night should be the best yet put on by the club in Pampa. They have moved the bowl north of the tracks and can accommodate about 1,500 fans. Varner and Whittington are two of the best and should put up a real exhibition. Fans from Borger and Roxana are coming.

The Grays are planning for their big games over the holiday. The opposing team will be either Lubbock, Lone Wolf or Erick. The American Legion is planning a big and varied program for the holiday attraction, and baseball is just a part of it.

The Amarillo Texans couldn't hold a seven-run lead Friday and lost another to the Larks. The Texans left for Oklahoma City after the game and will have to play ball to beat that club, which has just finished splitting a series with Tulsa.

Detroit and Washington are both slipping in the American league and Philadelphia is climbing. The Athletics are just one and one-half games

behind the tigers for second place. Pittsburgh took a dive into third place Friday and the St. Louis Cardinals took their place as a threat to the Cubs. The Lowly Boston Braves took the Pirates into camp, 6 to 4.

NOTHING BUT

It isn't just luck. Our Used Cars are so consistently good because we handle NOTHING BUT.

Telephone 100, all departments

AVIATORIAL—Dalhart and Perryton have taken definite steps toward establishing airports for commercial fliers. These cities are either on or near to air routes being established between Tulsa, Oklahoma City, Denver, Wichita, Amarillo and other points.

Pampa is not directly on a commercial route, but the city has a more important relation to commercial flying in that as an oil center it will furnish an ever increasing amount of business.

In a survey of the airway facilities in the United States the department of commerce finds that there are 864 airports and intermediate landing fields. During the last year more than 50 new airports have been established, and twice that number of cities have set aside funds or have begun plans for modern airports.

The present 864 fields include 207 municipal ones, 163 commercial and private airports, 124 department of commerce intermediate fields, and 81 army, navy and national guard fields, one treasury and one agriculture field.

Scores of cities are voting bonds to establish well lighted and marked airports.

FACTS—The modern business world bases its investments and activities on facts. The town booster with his general statements gets no audience from the busy executives.

The New Pampa is not recorded in the census reports, the geographies, the atlases, the statistical tables, the industrial guides, the market tables, the population figures, the maps and other references which are now in use by individuals and industries throughout the nation.

Even the Texas Almanac for 1927 gives Pampa's population as only 967, based upon the census of 1920. This is a

It Won't Be Long Now

handicap which must be borne by every city of recent or rapid growth.

However, there are some things which can be done to overcome the drawback. One is to imply definitely in advertising of all kinds that The New Pampa is a modern city of substantial population.

Another need is for a thorough industrial survey and a canvass of essential factors in civic life. The publisher of a very important commercial guide has called upon the Daily News to give detailed facts about Pampa and this trade territory.

The Daily News, of course, is making a hasty survey in order to furnish estimates which will reflect credit upon the city and yet be conservatively accurate.

Pampa desires industries, yet there are not enough certain facts to make the kind of argument most effective in the council rooms of directors of big companies.

Scientists are studying the pituitary glands of whales for the purpose of curing obesity. Sounds like a fish story.—The San Francisco Bulletin.

Malone Ambulance Service, Phone 181.

WASHINGTON LETTER

BY RODNEY DUTCHER, NEA Service Writer.

WASHINGTON. — Every application for a government ear are tested by an apparatus must undergo a thorough physical examination by a physician authorized by the Department of Commerce.

Pilots who are licensed to carry passengers are put through an especially stiff test.

Eyesight is the first thing tested and the "flight surgeon" in charge of the examination starts off, just like your oculist, with a series of letters of graduated size on the wall.

The Howard-Dolman depth perception apparatus is next trotted out, with an idea of testing the ability of the applicant to judge his distance from the ground while landing. The depth perception apparatus consists of a board with one post fixed in its center and a movable post operating in a runway.

Goggles are then put on the applicant with a red glass over one eye and nothing over the other, to test his ocular muscle balance. He must then wiggle his eyes as directed—pointing them up and down from the nose—to demonstrate his control over them.

He is then tested for color blindness and for ocular dilation, after which a perimeter determines his range of vision, which is measured on a chart marked off in degrees when he can see a light moved up from one side.

vestigated. The applicant is asked to repeat phrases whispered on the other side of the room. Tuning forks are used and the powers of the middle ear are tested by an apparatus which blows air through the Eustachian tubes, while the applicant makes a noise like a crow. This test, according to pilots, is the most painful of the tests.

Nose, throat, teeth, tonsils, sinuses, pulse rate, blood pressure, arteries, veins, lungs and other matters are subsequently tested as part of a thorough general examination. The physician looks carefully for the symptoms of diseases which might disqualify the applicant.

MOMN POP Dream On By TAYLOR

Hear Brabham, Sunday, Methodist Church

MORNING THEME—"IDLERS"
EVENING THEME—"THE NARROWNESS OF THE CHURCH ON DANCING"

CHURCHES

Presbyterian Church
Sunday school convenes at 10 a. m.
Public worship is at 11 a. m.
A congregational meeting will be held at the close of the morning service, and every Presbyterian in the community is asked to attend.
Others are cordially invited, and are assured a hearty welcome.
W. M. BAKER, Minister in Charge.

Church of Christ
Services are held at the corner of Francis avenue and Warren street, six blocks east of the high school.
Bible study, 9:45 a. m.
Preaching, 11 a. m.
Communion, 11:45 a. m.
Preaching, 3:30 p. m.
Preaching, 8 p. m.

Evangelist T. L. Gray of Kansas City will preach. We invite all to attend these services, and especially urge all members of the Church of Christ in Pampa to be present at the 3:30 o'clock service.

Methodist Church
The revival meeting, as announced, will begin at the Methodist church Sunday morning.
A male quartet from the Moody Bible Institute has been secured to help in this campaign. These boys are wonderful singers. If you love music, you cannot afford to miss a single service. The pastor will do the preaching.

The theme for Sunday morning is "Pay Day."
In the evening the subject will be "The Narrowness of the Church on Dancing."
Is it right or is it wrong? If it is right let's throw the doors of our churches open and invite it in. If it is wrong let's stamp it out. Every dance hall operator in the city is invited to hear this discussion Sunday night.

Every father and mother is especially urged to be present.
Come early to be sure of a seat. Everybody is welcome.

Christian Church
The minister will be in the pulpit at both services Sunday. The evening service will begin at 8:15 and the three young people's meetings at 7 o'clock.

The Bible Study meets promptly at 10 o'clock. The school is departmentalized throughout and has classes for all members of the family. The Men's class meets at 10 o'clock in the Crescent theatre.
Strangers and visitors to the city are cordially invited to all services. A welcome awaits you.
James Todd, Jr., Minister.

First Baptist Church
Sunday school, 9:45 a. m.
Sermon, 11 a. m.
Morning subject, "The Most Important Question of the Day."
B. Y. P. U.'s, 7:15 p. m.
Sermon, 8:15 p. m.
Evening Subject, "Second Coming of Christ," second sermon.

We rejoice in the attendance in Sunday school, and preaching services. Last Sunday we had the largest crowds that we have ever preached to in Pampa, and feel if we had additional auditorium room we would have many more in the services, many are turned away at every service on Sunday on account of room.

There were seven additions to the church Sunday, and we are expecting many more to come in with us, so if you are not in church elsewhere come with us, and if you haven't a church home, we would be glad for you to make the First Baptist church your home.
D. H. TRUHITTE, Pastor.

Canyon Professor Leaves To Sail For the Continent

CANYON, Aug. 27.—Prof. Frank R. Phillips, head of the agriculture department of the West Texas State Teachers college, left this week for New York where he will sail for Europe to make a study of agricultural and dairying conditions along the coast.

Phillips will study shorthorn cattle in England, co-operative marketing in Denmark, dairy farming in the Netherlands and Belgium and the history of the Jersey stock on the Isle of Jersey.

Mr. Phillips is a world war veteran and will spend a few days in Paris during the American Legion convention there.

LEVINES BUY LATEST MARKET OFFERINGS

Mr. and Mrs. Morris Levine and daughter, Dorris Mae, have returned from the east where Mr. Levine has been buying merchandise for the People's store.

Mr. Levine reports that the leading materials in ladies' dresses displayed at the Southwestern style show at St. Louis were crepe back satin, georgettes and flat crepes. The predominating colors as were shown at the style show are black, rust, tan and beige. Most of the dresses were cut with a bias effect with circular bottom.

LOCOMOTIVE KILLS WEEDS
FORT SMITH, Ark.—The Fort Smith and Western railway has perfected a locomotive here which rids the tracks of weeds and grass. Steam from the boiler is forced through tubes at the front of the engine, spraying down on the track.

Have you tried a want ad?

Episcopal Services
Episcopal services will be held at the old Schneider hotel this evening at 7:30 o'clock. Dr. Hall Pierce will preach.

RENEW fall garments

Fall brings with it a lot of social activities that places quite a strenuous demand on clothes. But our Cleaning Service will put your wardrobe in proper shape.

COUNTY JOBS HARD SAYS FREEHOLDER NEWARK, N. J. (AP)—County

politics must not be made a playground or a training school for women seeking to embark on a political career, warns Mrs. Elizabeth A. Har-

ris, a member of the board of Freeholders of Essex county. The jobs are too hard and exacting for that, she contends, holding

that for county politics, a woman candidate should be a person of mature judgement, preferably married, and "she must have courage."

TRUE MILK BREAD

To Our Friends and Customers:

"From Canadian to Amarillo; from Borger even unto the country beyond Jericho . . ." Due to an unavoidable delay to a shipment of wrappers we will be unable to furnish you our good TRUE MILK BREAD in the familiar wrapper. Stock wrappers will be used for the next two weeks. Ask your grocer for TRUE MILK BREAD and you will be sure to get the same excellent product that has merited your confidence from the first.

SOCIETY

Mrs. C. C. Cook Hostess At Bridge

Mrs. C. C. Cook charmingly entertained at her home Friday evening. Bridge was the favorite pastime. Mrs. E. W. Combs made high score. A delicious ice course was served to the following: Mr. and Mrs. Lynn Boyd, Mr. and Mrs. Siler Faulkner, Mr. and Mrs. Edwin Vicars, Mr. and Mrs. Marion Howard, Mr. and Mrs. C. P. Buckler, Mr. and Mrs. J. M. Dodson, Mr. and Mrs. Henry Thut, Dr. and Mrs. A. R. Sawyer, Mr. and Mrs. W. M. Lewright, and Mr. and Mrs. E. W. Combs of Wichita Falls.

Win One Class Has Line Party

The Win One Sunday school class of the Christian church had a line party to the homes of the members of the class to get acquainted with the location of the houses. The class consists of about 20 members. Refreshments were served at each house.

Menus for the Family

BREAKFAST—Sliced peaches, cereal, cream, corned beef hash, crisp toast, milk, coffee.

LUNCHEON—Potato and parsley soup, graham bread and butter sandwiches, frozen cheese salad, coconut wafers, lemonade.

DINNER—Breaded veal cutlets, tomato sauce, scalloped potatoes and onions, beet and lettuce salad, honeydew melon with lemon ice, milk, coffee.

If the lemon ice is not convenient to provide, serve sections of lemon with the melon. Be sure the fruit is very cold before serving.

Frozen Cheese Salad
One and one-half cups cottage cheese, 1 cup whipping cream, 1/2 egg bar-de-duc currants, 1/2 teaspoon salt, chilled lettuce, French dressing.

Add jam and salt to the cheese. Fold in cream whipped until stiff. Turn into a mold and pack in ice and salt. Let stand four hours. Turn out of mold, cut in slices and arrange on a bed of lettuce. Pour over French dressing made of a little sweet cream and serve at once.

The dressing should not be really sweet but the sharpness of the lemon should be tempered.

PLAY LEADER WANTS MORE FAIRY TALES

CHICAGO (AP)—Childhood as a separate period is passing, believes Miss Josephine Blackstock, playground director of Oak Park. "Imitating their sophisticated elders, children are being robbed of their heritage of imagination," she says. She advocates that children be taught more out-door dramatics and told more fairy tales.

HELPS ARMY HUSBAND WRITE MYSTERY STORY

SAN FRANCISCO (AP)—Helen Berger, author of "Judy's Man," has divulged her real status as Mrs. R. S. Bamberger, wife of Colonel Bamberger, U. S. A. This is the name she signs to a mystery story to be released in the autumn under the title "Who Killed Coralie?" In the writing of this newer book she has collaborated with the colonel. Encouraged by the success of his first work, her husband plans to write his second alone. Colonel and Mrs. Bamberger will spend three years in Honolulu. He will be adjutant general there, and Mrs. Bamberger will write stories with Hawaiian settings.

LONDON EDUCATION FOR GREEK PRINCESS

LONDON (AP)—One of the most popular of visiting princesses with the American colony here this summer is Princess Marina, younger daughter of Prince and Princess Nicholas of Greece, who, with her elder sister, Princess Paul of Servia, has been attending numerous dances and other social events. Princess Marina is just over twenty and speaks English perfectly. She has come to London to finish her education. She lives with Princess Paul. The latter's husband is an artist with a studio in Chelsea. Clarence Davis was called to Dallas on business Saturday.

SOCIAL NEWS

By MRS. J. M. SMITH, Jr. PHONE 72

Mrs. Walter E. Davis is visiting at Graham and other places in Young county.

Mr. and Mrs. A. M. Burlison visited in Spearman Saturday.

Mrs. W. M. Castleberry is ill with the flu.

Frank Davis was a business visitor in Spearman Saturday.

Mr. and Mrs. Bonnie Rose, who are now in Colorado Springs, Colo., are expected to return home tomorrow.

R. W. Hisky made a business trip through Roxana, Skelly, and Kingsmill Friday.

Mr. and Mrs. Halney of Waco are visiting at the home of Mr. and Mrs. R. C. Campbell.

Professor Fisher, new principal of the local high school, arrived in Pampa yesterday.

Mrs. E. W. Combs of Wichita Falls is the guest of Mrs. Lynn Boyd.

The Altar society met with Mrs. P. J. McNamara Wednesday. Twenty members were present. After the business meeting refreshments were served. The next meeting will be held at the home of Mrs. H. G. Myers.

Miss Betty Reynolds will leave for Lubbock today.

Gordon Bain is visiting friends and relatives in Clarendon.

Jack Patterson is reported as being ill.

Mr. and Mrs. Joe Smith and daughter Phyllis, and J. M. Smith, Sr., have returned from New Mexico where they spent their vacation.

Dr. Ellif has returned from Pyote.

Miss Ruth Ann Mitchell and her mother and Jack Hunter motored to Miami Friday.

The Rev. J. S. Bone has returned to Miami after spending several days with his daughter, Mrs. D. S. Shepard.

Tom Morris, who has been in the government hospital at San Antonio during the past two weeks, is reported greatly improved.

Mack Graham was in Amarillo on business Saturday.

Mrs. L. O. McMillan has as her guests her mother, sister, and brother of Pauls Valley, Okla.

Miss Nina Lee Bankston, who has been visiting Miss Leta Gillham, returned to her home in Greenville Saturday.

Mrs. Jim White and daughter were in White Deer Saturday.

G. C. Malone returned Friday from Hillsboro where he attended the funeral of his father.

A. H. Doucette was in McLean on business Saturday.

Mr. and Mrs. J. L. Lester and daughter, Retha, returned Friday from Fort Worth and Wichita Falls. They visited Mrs. Macie Lester, who is attending college at Wichita Falls. Mr. Lester says the crops through that district are poor, and he believes the Panhandle has the best crops in the state.

PORTUGUESE GIRL STUDIES AVIATION

LISBON (AP)—Portugal is the latest country to present to the world a "first woman aviator."

"Other women become doctors, lawyers and professors, why shouldn't I be an aviator?" asks Miss Marie de Lourdes de Sa Teixeira, 19 year old daughter of a Portuguese army officer and her country's pioneer aviator. She has matriculated at the Military Aviation School.

CHICAGO FLYING CLUB ALLOWS WOMEN TO JOIN

CHICAGO (AP)—Women have a big future in aviation, in the opinion of Mrs. E. Lewis Campbell, president of the Women's Flying Club of Chicago.

An auxiliary of the Chicago Flying Club, the organization has fifteen women members.

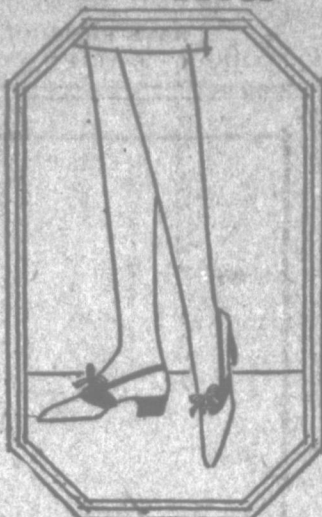

Mrs. Campbell believes women pilots will be in demand in the advertising field. Several women's clothing firms, she has learned, contemplate advertising their merchandise by sky-writing and other ways in which airplanes can be utilized.

Women who would be pilots have a "real lot of nerve," she says.

"It's no fad with them. They are trying for government flying licenses, and it won't be long until they get them."

Johnny Mack Brown, almost an "unknown" from a picture standpoint but a headlined in the football field, is playing the male lead opposite Marion Davies in "The Fair Co-Ed."

Low Heel

This shoe illustrates the new inner curved heel and the effect of the high arch with low-heeled shoes. Beige kid is bordered and saddled with black.

Fay Wray will have the feminine lead opposite Adolphe Menjou in his next picture.

Amusements

News of the Movies
Billie Dove, Richard Barthelmess, H. B. Warner, and most of the "wings" and "Patent Leather Kid" players are in New York to see the release of their pictures.

Reginald Denny is on his way to this country after spending a time in New York.

Will Rogers, Louise Fazenda, Ann York, Douglas Fairbanks, Jr., Sam Hardy, Mack Swain, and George Marion are in Washington to film scenes of "A Texas Steer." Rogers has the role of a Texas cattleman elected to Congress.

Thomas Meighan and George Ade are conferring at the former's home at Great Neck, L. I., on a new screen story.

PARTICULAR WOMEN

are finding they can have just what they want in dressmaking and millinery.

Many Hazards and Difficult One Shot Holes Make Play Trying On Minnikahda Course for Champs

(By The Associated Press.)
MINNEAPOLIS, Minn., Aug. 27.—Tight trapping, water hazards, and dangerous woods bordering several fairways make accurate shooting essential to a good card at the Minnikahda Club course, when the national amateur golf championship tournament is being held.

Par, for the 6,669-yard course is 72—55 out and 37 in. Since Chick Evans won the last national amateur championship played at Minnikahda, in 1916, the course has been lengthened 300 yards and numerous hazards have been added.

Following is a hole-by-hole description of the course:

No. 1—Yards 326-Par 4—An easy get away. Large bunker and huge mounds to the left. Large bunker to the right and steep bank dropping down on right side of fairway. Rough on both sides of fairway. Green surrounded by sandstraps and bunkers on all sides.

No. 2—Yards 444-Par 4—Out of bounds and rough to the right. Large bunker and sandstraps and rough on the left. Elevated green guarded by bunkers on all sides. Narrow openings in front. Beautiful undulating green.

No. 3—Yards 141-Par 3—A very difficult one shot hole. Deep ravine and creek between tee and green. Long grass directly in front of the green. Green on top of knoll sloping in all directions. Sandstraps at the right and grassy hollow back of green. Out of bounds at the right of green. Tee shot must be played perfectly or serious trouble results.

No. 4—Yards 524-Par 5—Rolling hilly fairway. Rough and out of bounds to the right. Series of sandstraps and rough to the left. Large bunker to the left on face of hill guarding second shot. Green surrounded by sandstraps and grassy hollows on all four sides. Almost impossible to get home in two on account of difficult second shot.

No. 5—Yards 309-Par 4—Enormous bunker and woods to the right. Deep rough to the left. Small sloping elevated green guarded by dangerous bunkers at the right and left and in front and deep grassy hollow at the back. Narrow opening in front.

No. 6—Yards 196-Par 3—One hundred sixty-five yard carry over lake. Green surrounded by mounds and deep rough.

No. 7—Yards 445-Par 4—Dogleg hole. Accurate tee shot required to avoid woods and out of bounds to the right and mounds, woods and deep rough to the left. Elevated green guarded by bunkers on right and left and deep rough back of the green. A par 4 on this hole is well earned.

No. 8—Yards 232-Par 3—The

most difficult one shot hole on the course. Deep ditch and rough to the left. Woods and rough to the right. Small tight green surrounded by dangerous bunkers and long grass. Opening in front only 16 yards wide. Background of green timber.

No. 9—Yards 512-Par 4—A dogleg hole with woods and out of bounds to the right, dangerous bunkers and woods to the left. First half of fairway level with the tee. Second half, up hill all the way to the elevated green. Dangerous bunkers at the right and left and back to the green. It requires two terrific line shots to reach the green.

No. 10—Yards 419-Par 4—Elevated tee with a drive down hill. Sandstraps and woods to the right and left. Large bunkers on the front of the hill to the right and left of the second shot. Steep green sloping to the front and left.

No. 11—Yards 177-Par 3—A fine one shot hole. Enormous bunkers guarding front of green on the right and left. Grassy hollow at the right back and sandstraps at the left and back of green.

No. 12—Yards 384-Par 4—Rolling hilly fairway. Second shot up hill and blind. Large bunkers and rough to the right and left. Deep bunkers guarding the green on face of the hill to the right and left. Green slopes sharply to the left. Second shot must be accurately placed. One of the hardest birdies on the course.

No. 13—Yards 547-Par 5—Rolling fairway with bunkers and rough to the right and left to catch the tee shot. A long second shot required to carry the creek running across the fairway and an almost impossible second shot to get home in two. Double terraced green guarded by sandstraps at sides and back. Birdie four on this hole means perfect golf.

No. 14—Yards 473-Par 5—Sandstraps and rough to the right and left all along the fairway. Two large bunkers on front of steep hill right and left to catch second shot. Sandstrap and mounds at sides and back of green.

No. 15—Yards 386-Par 4—Beautiful dogleg hole. Series of traps and bunkers to the right and deep bunkers and rough to the left. Large elevated green with the front protected by side traps and the sides and back by deep dangerous bunkers.

No. 16—Yards 419-Par 4—New elevated tee 50 yards back of old tee. Slight dogleg very difficult tee shot as fairway is very narrow and large bunkers, traps, mounds and rough guard both sides of the course. Elevated green severely trapped by deep bunkers and grassy hollows on all four sides.

No. 17—Yards 347-Par 4—Woods, sandstraps and out of bounds to the

left, diagonal bunker running out into the course at the left. Large sandstraps and deep rough to the right. High terraced undulating island green surrounded on all sides by trouble. Out of bounds at the back. Accurate second shot required.

No. 18—Yards 373-Par 4—Rolling fairway with traps and bunkers to the left and deep bunkers and rough to the right. Road crosses fairway diagonally in front of the green. Enormous bunkers at the left and back of the green and trees and deep rough at the right of the green. Second shot played short or over is in serious trouble. This is a very beautiful hole with Lake Calhoun in the background.

BIG WESTERN FARMER
SIOUX CITY, Iowa — August Klindt is the largest farmer in South Dakota—in stature. He is 7 feet 2 inches tall and weighs 385 pounds. Klindt is 28 years of age. He has turned down many side-show offers.

Mr. and Mrs. G. A. Hagerly, who are visiting in Michigan, visited the Buick factory at Flint, Mich., Monday.

Helen Doran
Motherless little Helen Doran, 12 years old, has waited eagerly for news of her "big sister," Mildred, lost in the Pacific during the Dole flight from San Francisco to Honolulu. Mildred was helping Helen to plan her career.

Asks Workmen's Compensation For Arm Broken In Ring Battle

(By The Associated Press.)
CHESTER, Conn.—A tree beside the porch of State Senator Wilbur A. Brothwell bears twenty varieties of apples. Pomologists of the state doubt if it has an equal example in grafting.

The apple tree bears Baldwins, Rhode Island greenings, Roxbury russets, Golden russets, Peck's pleasants, German beaux, Red Astrachans, Golden Sweets, Northern Spies, Pumpkin Seeds, and a dozen more obscure varieties.

COLLEGE OR CULTURE

MADISON, Wis.—University of Wisconsin officials say cultural courses in college are more popular. They report that enrollment in the special courses of commerce, engineering, and agriculture has been decreasing.

CIRCUS PARADE LOST

BOSTON — Boston's crooked streets have bewildered countless visitors, but it wasn't until this summer that a circus parade ever got "lost" in them. Hundreds of children and their adult escorts were massed along one of the principal thoroughfares through which the procession was due to pass, but it never came.

PROF. OTTO SCHICK

Already known in Pampa as a thorough music teacher and musical director. Twenty-five years experience.

Teaches Violin, Clarinet, Saxophone, Trumpet, Cello and Piano. Only advanced students accepted for Piano.

Make appointments for open time before opening of school.

EXHIBIT

ten ears each and two samples of 50 ears each of not less than two or more than four varieties, and grain sorghums—five samples of ten heads each and two samples of 50 heads each of not less than two or more than four varieties.

Referring to Division 2, the following information is of value:

Several Choices
 Only one of the three following is to be exhibited and will be scored on the basis of 200 points.

Either may be shown: Cotton—four samples of 20 open bolls each any variety, or wheat—four bundles and four gallon samples, any varieties, or cotton two samples of 20 open bolls each, any variety; and wheat—two bundles and two gallon samples, any variety.

Regarding Division 3, the following information is submitted: Only one of the four following is to be exhibited and will be scored on the basis of 75 points: Two bundles and two gallon samples of either, or one bundle and one gallon sample of each, or 20 stalks, of ribbon cane, or one bundle and one gallon sample

of either oats or barley.

Vines Are Needed
 In Division 4, 50 points are possible. Material consists of two gallon samples and two vines of either or one gallon sample and one vine of each.

In Division 5, 50 points are possible on five bundles of different varieties or darso or other annual crops grown for forage. Darso shown as forage should not have the fodder removed from the stalk.

In Division 6, it is important to note the following: Seventy-five points are possible on: Five plates of five specimens each of different varieties or kinds and five quart jars of different varieties or kinds, or ten quart jars of not less than five kinds. Not more than two varieties of any kind of fruit may be exhibited where only canned fruits are shown. Ten plates of five specimens each of not less than five varieties or kinds. All fruits under one inch in diameter and grapes not canned must be shown in 3-pound baskets.

Division 7 has 75 possible points on vegetables. It includes ten varieties or kinds in quantities designated as (1) Sheaf samples, to be at least three inches and not greater than 5 inches at the center of the bond; and (2) bales 8 by 10 by 16 inches, or standard commercial bales.

Division 8 relates to other crops, and has 100 points as the scoring basis.

Division 9 includes alfalfa, sweet clover, velvet beans, and sweet potatoes, graded upon a basis of 75 points.

Small Bales Required
 There may be eight exhibits in Division 8, and this relative agricultural value, as well as the quality of the products shown, will be considered in judging. Bermuda or other grasses must be in bales 8 by 10 by 16 inches.

In Division 9, however, exhibits of either, or two each of alfalfa shown in bundles of one to the exhibit or velvet beans shown in vines of one to the exhibit, or sweet potatoes in exhibits of one peck each.

I wish to say, as chairman of the agricultural committee, that there will be no paid men to gather up the county exhibits, but we are depending upon the loyalty of our citizens to do their part. Let each collect and save the very best of any product listed above, in the quantity and

City Officials Will Occupy New Hall Monday; Jail Cells Modern, Fire Trucks House

Monday had been designated as moving day at the new city hall. Workmen will have the interior work finished early Monday, it is expected, and the offices will be occupied.

The fire department moved into its new quarters last night and is quite proud of them. They include a lounge room, shower and locker room and enough space for the three trucks. A large rack will be built at the rear of the truck room for surplus hose. Adequate preparations have been made so that the trucks can be washed, cleaned and repaired while in the new quarters.

The first office on Russell street in the new building will be occupied by C. O. Busby, city tax assessor and collector. Mr. Busby formerly had his office in the First National bank building, but now that he has become a salaried city official, his office will be in the city hall.

C. H. Fisher, city secretary, will occupy the second office, where the city's business transactions will be looked after.

The city waterworks will occupy the third office and will be in charge of Miss Cassie Ledrick.

In the rear of the building is a large room which will be used for a council chamber where the city fathers will meet to transact the heavy business of a city. This room will also be used as the mayor's court room.

The other room in the building will be for the police department which includes the city marshal, John V. Andrews and city officers H. C. Cottrell and J. I. Downs.

Opening off the police department is the new three room jail, which is a great improvement over the former hovel. The cells will be used, one for negroes, one for women prisoners and the other for white men. The cells are well amount designated, and we will send out word later just when and where these products are to be assembled.

Begin now to save the very best you have.

HINTS FOR FARM and HOME by THE DEPARTMENT OF AGRICULTURE

Systematic control of grazing, giving the opportunity for applying research findings in the National forests has increased their productivity by 25 per cent. At the same time the regulation of grazing on the ranges has improved the condition of the livestock where it has been applied. On the other hand overgrazing is continuing on the 186,000,000 acres of unappropriated and unreserved public lands together with a large acreage of intermingled State and Private lands which cannot now legally be controlled. This overgrazing has caused such deterioration that these unregulated ranges are producing only one-half of the forage they could produce, and livestock production is greatly restricted as a result.

The quality of timber depends largely upon the density of the stand. High quality timber to a great proportion of its height free from limbs, the cause of knots, it is tall, and does not decrease rapidly in diameter from the butt to the top of the last log. In a dense stand of timber there is among the individual trees a considerable competition for sunlight, with the result that height growth is increased. Trees in crowded stands therefore are usually taller than those in thin stands of the same age.

When trees become so crowded that sunlight does not reach the lower branches, these soon die, become brittle, and fall off or are broken off by the wind, snow or other agencies. Further, in dense stands the diameters of trees do not decrease rapidly between the butts and tops and the reverse is true of uncovered trees. For best results in timber growing in farm woods or elsewhere the trees should be crowded so that the crown or top of each tree may be in contact with its nearest neighbor.

The Gray county booth at the fair. The county will be able to make a creditable showing at the fair, as various sections of the county have good produce to be entered in the

Kingsbery Heads Tennis Club—City Tourney Announced

Carol Kingsbery has been elected president of the Pampa Tennis club, now completely organized. Kingsbery is singles champion of the club.

Two other members McAllister and Hinkle, with Kingsbery compose the board of directors. McAllister is also secretary and treasurer. Hinkle has been the executive of the organization since it was formed.

The club has two courts on property furnished by courtesy of the White Deer Land company, and has cash on hand amounting to \$28.45.

Registration will begin tomorrow at the Daily News office for the all-city tournament. "Singles" will be played off first, beginning Wednesday afternoon. All who expect to enter must do so by Wednesday noon, and all will draw for places Wednesday afternoon. Any player in the city may enter, and there are no fees.

The club will reserve one court each afternoon for non-club men who wish to practice.

County Will Give \$250 Toward Cost of County Exhibit

Gray county commissioners will give \$250 for the exhibit of Gray county at the Tri-State fair in Amarillo September 11 to 17. The commissioners met Friday afternoon at LeFors in a called meeting.

The money donated by the county will be used to build and decorate

IF YOU KNEW SKELLYTOWN?

—or could see this building, thriving, booming town today, the chances are you would pack up your belongings, throw your family into your "Jitney" and step on the gas to Skellytown. People may be leaving other field towns but they are coming into Skellytown. Buildings are being moved here daily, merchants in nearby oil towns are making arrangements to remove lock, stock and barrel to Skellytown. We are not going to say Skellytown will be another Borger or Tulsa, as we do not know, but we do feel that you cannot view the amount of building now in progress and see the people, teams, wagns, trucks, graders, house movers, carpenters, contractors and others at work here without becoming imbued with the "Spirit of Skellytown." In fact, those who foresaw the possibilities of Skellytown were so impressed with its future, the following names were immediately suggested for the streets:

LINDBERGH ROOSEVELT BYRD CHAMBERLIN

Hence the "Spirit of Skellytown" while not actually pertaining to the air, we would not be surprised to see prices soar and some flying skyrocket profits made, and express the hope the "Spirit of Skellytown" will mean to the investor in townsite property what Lindbergh, Chamberlin and Byrd signify to the world at this time, if such be possible.

SKELLYTOWN NOW HAS UNDER CONSTRUCTION

- 1—Panhandle Power and Light company putting in all utilities.
- 2—Cabot Carbon Black Plant, estimated to employ 150 men besides their families.
- 3—The Skelly Gasoline — reputed to become one of the largest in the world.
- 4—The \$37,000 Santa Fe Depot and Terminal to cover the needs of the adjacent oil field, for which Skellytown is the present terminus and will be concentration and shipping point for a large amount of oil field supplies, cattle, wheat and other farm products.

SKELLYTOWN HAS NOW

16-Room Two-Story Hotel, Postoffice, Modern Drug Store, Filling Station, Confectionery, Restaurant, Grocery and other businesses are being moved here just as fast as the house-movers can get to them. The School Board has selected Block 30 for the school, which will open at the beginning of the fall term.

GROUND FLOOR OPENING

Skellytown will not have its formal opening until the first regular train is run into the town, when a real entertainment is planned. However, we are now offering a pre-opening sale of lots from \$75.00 up with nominal down payments and balance in six months, and if you want to "get in" before the Big Sale comes off, we suggest that you come out to Skellytown at once and make your selection. Drive to White Deer, then north 10 miles, following the Santa Fe tracks into Skellytown.
