

# Pampa Daily News

VOL. 1. NO. 59.

PAMPA, GRAY COUNTY, TEXAS, TUESDAY EVENING, MAY 17, 1927.

PRICE FIVE CENTS.

## HAYNIE IS W. T. C. C. PRESIDENT

### FEE SYSTEM IS ABOLISHED ENTIRELY HERE

Mayor and Attorney Will Be Placed On Salaries

### CITY OFFICER IS RELEASED

Committee Appointed To Work Out Schedules

The last vestige of the fee system in Pampa city government disappeared last night in action taken by the city council.

On motion of L. N. McCullough, seconded by Tom Rose, "all city fee officers" were placed upon a salary basis. The vote was unanimous, with all councilmen present except Mayor F. P. Reid, who is in Wichita Falls. Baker Saulsbury was mayor pro-tem, acting as presiding officer.

The council order includes the mayor and city attorney, in addition to the peace officers and city secretary, who already had been included in the salary proposals. After a lengthy discussion, a committee composed of Councilmen Lewis, Murfee and Rose was appointed to submit a salary schedule for city officers at the next meeting.

The fee system was condemned by F. A. Cary, city attorney, who said it not only was wrong in principle, but was unfair to the city under certain conditions and unfair to officers in quiet periods. He also expressed the opinion that the fee system is unconstitutional.

The law enforcement situation was discussed at length in relation to the presence of many county officers in the city. It was stated that the city entered an agreement with the county commissioners to use the county cells in the local jail for five years, and bear the operating and maintenance expense during that time. There are about a dozen officers working in this vicinity.

In view of this large number of officers, the council decided to release Joe Godwin, only city officer except the city marshal. Godwin's services will be discontinued June 1.

### Detective Killed Trying To Shoot Bandits In Cafe

(By The Associated Press.)  
NEW YORK, May 17.—A detective was killed and another wounded today in a pistol battle when three armed men attempted to hold up a restaurant where the detectives were dining.

Policemen later found a man shot below the heart and arrested him as one of the hold-up men.

Detective Morris Borkin was killed.

### Steeplejack Thrills Onlookers with Capers

Much interest is being aroused by the antics of steeplejack M. A. Taylor of Hoisington, Kan., who is at work on top of the standpipe.

Capering around the top with a pall in his hand, Taylor seems at home, 130 feet in the air, which is the height of the standpipe. The interior is being scraped and painted, and the outside painted. It is expected to finish the inside work tomorrow.

### Shoots Justice Of Peace, Kills Self

(By The Associated Press.)  
CLAY CENTER, Kans., May 17.—Frank Newton, justice of the peace, was shot to death in his office here today by Fred Petty, who committed suicide.

It is believed Petty was suffering from mental trouble.

### Council To Grade And Drain Streets In Near Future

"What needs attention more than our streets?"

The speaker was City Councilman Baker Saulsbury, who, although designated as police commissioner, is much interested in grading and draining city thoroughfares.

Why spend money for less needed projects, it was asked, and allow the streets to become detrimental to local business?

Councilman McCullough placed a motion to have the street and alley committee, with the assistance of the city engineer, outline a program of street betterment and maintenance. It is desired to place a heavy grader on the streets, properly crown them, then use the small motor grader for daily conditioning. Drainage was declared to be a great necessity, including proper placing of the dirt being hauled from paving operations.

It was pointed out how faulty grades are causing water to stand in front of business buildings, and, in some instances, on side walks.

### Offsets To Big Saunders Well To Be Started Soon

Flowing steadily at 140 barrels an hour, the Gulf Production company's No. 1 on the J. M. Saunders property, section 40 block 3, which came in Sunday afternoon for about 5,000 barrels the first 24 hours, has diminished very little since that time.

Three offsets will probably be commenced immediately; by the Empire Gas and Fuel company on the east, the Roxana company on the south and a diagonal offset by the Prairie Oil and Gas company. These activities extend the Pampa field approximately five miles into unproven territory.

It has been conceded by experts that the real Pampa pool has not fully been discovered. Wells in the Wilcox field have been making from 100 to 1,500 barrels a day. The heavy production of the new Gulf well will cause wildcat drilling, according to oil men.

### Rev. Todd Will Address Juniors and Seniors At Banquet

One of the feature events in the week's activities of the Pampa high school will be the junior-senior banquet at the new Schneider hotel to night at 8 o'clock.

The table will be set for 110 students and guests and will be decorated in the class colors. In the absence of Dr. J. A. Hill, of Canyon, the Rev. Jas. Todd, Jr., will deliver the address of the evening.

Commencement exercises will be in the school auditorium Thursday evening, when Congressman Marvin Jones will be present.

### Man and Stenographer Found Dead In Auto Near Her Home

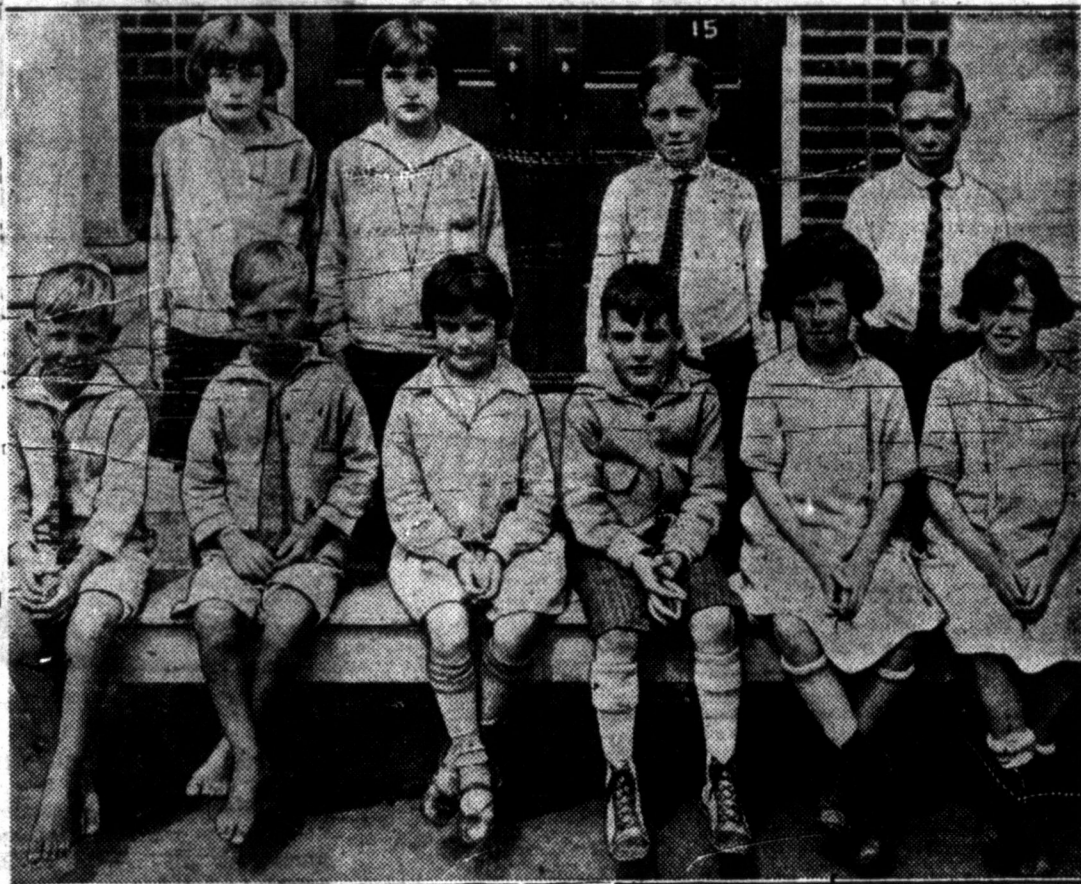

(By The Associated Press.)  
LON ANGELES, May 17.—George Powell, Jr., vice-president and secretary of a discount corporation, and Margie Pike, 24 years old, were found shot to death in front of the woman's residence here today.

Miss Pike was Powell's stenographer.

### Lufkin Senator Would Tax Liquor Dollar a Pint

(By The Associated Press.)  
AUSTIN, May 17.—A resolution asking Governor Moody to allow submission of a measure seeking to tax prescription whiskey at a dollar a pint was introduced by Senator Fairchild of Lufkin in the Senate today. It was ruled out of order.

### Houston Has a School of Twins

Five sets of twins attend a single school in Houston, Texas. Two sets of twins are girls, two sets are boys, and but one set is a boy and a girl.

Standing, left to right they are: Clara and Sarah Osborne; Edmund and Edwin Gregory. Seated, left to right, Marvin and Marice Westerfield; Louise and Edward Davies; and Wilda and Wilma Harvey.

### FLOOD RELIEF FUNDS ASKED

#### Lions, Rotarians and C. of C. Members In Drive

A swift campaign to raise \$500 for Mississippi valley flood relief has been launched by the Pampa Lions club, which has asked the assistance of the Rotary club and Chamber of Commerce in the city-wide drive.

Three committees of two men each will devote most of their time Thursday and Friday, and will try to raise the quota in that time. Each team will raise slightly less than \$170.

The Lions team is composed of F. A. Peek, who has been made chairman of the drive, and M. A. Turner. The other teams are being selected.

It is intended that this fund, known as the Pampa Flood Relief fund, shall be the city's official gift to the destitute flood victims, who now number hundreds of thousands.

According to Herbert Hoover's figures, damage already have reached a total of \$250,000,000. The hundreds of thousands who have been forced to flee from inundated farms cannot raise a crop this year and more than a year must elapse before income from a season is received.

Suffering is and will continue to be great, and a nation-wide call for help has been issued by President Coolidge. Most cities already have raised a relief fund.

White Deer last week sent in a check for nearly \$500.

Pampa will be asked to do her share Thursday and Friday.

### Coolidge Put To Bed With Cold

(By The Associated Press.)  
WASHINGTON, May 17.—President Coolidge was put to bed by his physician yesterday, suffering from a cold.

He returned to his desk today, and plans to deliver an address before the American Medical association tonight.

### CONTEST BEEF WILL BE SOLD THIS WEEK

The baby beef used by Younger Brothers in their guessing contest will be quartered and on sale the latter part of this week. The numerous guessers will have a chance to sample the veal.

### Heated Session Results When City Council Discusses Plans For Collection of Garbage Here

City sanitation occupied the attention of the city council for more than two hours last night.

It was moved by Mason and seconded by Rose that a long ordinance regulating toilets and sewage be adopted. This ordinance, to be published soon, provides for regular inspection, penalties for failure to comply with its provisions, and outlines the steps necessary to build and maintain privies. All those within 200 feet of the sewer lines must be connected if such is physically possible.

A motion placed by Murfee and Lewis resulted in the ordering of removal of the city pound to city property west of the present dump grounds. The water superintendent was instructed to extend a water line to the pound.

Councilmen Lewis, in reporting for the committee on sanitation, urged city management of garbage removal. This resulted in a long discussion, marked with somewhat heated exchange with J. M. Carlisle, who has a contract with the city to remove all garbage. Carlisle charged that he is not being given protection from competition, and is operating at a loss. He asked six weeks ago to be released from his contract, having in mind, he said, another proposition. This release was not given, and now he has withdrawn the request. Breaking of the contract on grounds of failure to give satisfactory service was suggested by the council, and Carlisle mentioned "recourse by law."

The committee was asked to continue its work and at the next meeting submit, with the help of the city attorney, a means of assessing charges for garbage hauling and suggest the best manner of making collections.

It was stated that while the council weeks ago had ordered removal of hogs from the dump grounds, no action had been taken and the dead animals are not being properly burned. City Marshall John Andrews was instructed to investigate the reported quarantine and have the hogs removed if any method can be devised to do so. No further discussion was made of the proposal to purchase an incinerator as suggested by Dr. Von Brunow, county health officer.

PARIS—Robbery is severely punished in France because the French in distrusting banks, carry large sums or secrete them at home.

### Town Is Swept Away By Another Big Levee Break

(By The Associated Press.)

BATON ROUGE, May 17.—Reports that the main levee at Melville, La., on the west bank of the Atchafalaya river, 130 miles northwest of New Orleans, broke today and that residents were forced to flee have been received here.

The information came from a telephone operator, who stated that everything in the town was destroyed.

Confidence was expressed that no lives were lost, as the thousand inhabitants had sought refuge on levees.

So swiftly did waters come that few persons had an opportunity to save even precious personal belongings in their flight to safety.

Property was abandoned in efforts to save lives.

WASHINGTON, May 17. (AP)—After receiving a report from Secretary Hoover containing definite information and a program for relief and rehabilitation of the Mississippi valley, it was reiterated by White House authorities today that President Coolidge sees no need for a special session of Congress to handle the situation.

ALEXANDRIA, May 17. (AP)—The Texas and Pacific bridge between Morrow and Palmetto washed out last night, rescue trains from going today.

### Post Office To Be Closed

A post office closure has been announced given June 18 at the application blanks at the post office, and by June 8.

Temporary clerks file applications. A classifier will be sent from Dallas to take charge of it.

RETURN FROM CON  
Mr. and Mrs. W. L. have returned from Cincinnati. Mr. Woodward attended the of the National Gas association.

### REID RETAINED AS OFFICER IN ORGANIZATION

Lively Scenes Mark Activities of Second Day

### ABILENE, FORT WORTH STRONG

Flood Relief Subject Of National C. of C. Officer

WICHITA FALLS, May 17.—Mayor F. P. Reid of Pampa today was re-elected as one of the vice-presidents of the West Texas Chamber of Commerce.

(By The Associated Press.)

WICHITA FALLS, May 17.—R. W. Haynie, Abilene attorney, was elected president of the West Texas Chamber of Commerce here today.

Haynie's election followed a morning session devoted mostly to addresses, one of which was delivered by R. R. Ellis, Memphis, Tenn., vice president of the United State Chamber of Commerce.

In the course of his talk Ellis discussed Mississippi flood condition and the likely effect upon the nation.

Selection of next year's convention city was on the program for this afternoon, with Abilene and Fort Worth making strong bids for the meeting.

Miss Eula May McKnight of Amarillo, Miss Ollie Bell Collins of Floydada, and Miss Katherine Marshall of Quanah were North Plains girls who went into the finals today in the Home Town speaking contest.

Excellence of convention events and displays, rather than record-breaking attendance, marked this year's meeting.

### Daily News Has New Manager Today

Phillip Pond arrived in Pampa yesterday to succeed W. E. Lowe as manager of the Pampa Daily News.

He comes from Borger, where he has been in the advertising department of the Daily Herald since that paper was established. He was employed on Kansas and Missouri papers before going to Borger. Mrs. Pond will join him here within a few days.

Mr. Lowe has not yet announced his plans for the future.

Maryland Free State  
BALTIMORE—Repeal of archaic laws by the legislature of this state renders it legal now for bartenders in Maryland—if bartenders there be—to serve more than crackers, cheese and pretzels for free lunch.

There is now no law against the counterfeiting of beer checks, no law to prevent a horse-car driver from working as long as he likes and no law to restrain a tollgate keeper from holding up a funeral procession.

A woman in New York built a home for her fiancé, but refused to deed half of it to him.

AROUND THE WORLD

The world has always been a hard thing to conquer. First it took centuries for ships to successfully circumnavigate it. Then globe trotters of all kinds began trying to set records. The airplane recently came into use.

But the other night another new record was set. At the close of a brilliant Journalism Week at the University of Missouri, a telegraphic and cable message was sent around the world in eight minutes. Think of it. Within this short space of time the whole world became kin, knowing what the other was thinking almost before the words died from the echo of the speakers. South South America was circled by telegraph and cable in four minutes.

This means, in a news gathering sense, that an event anywhere is but a few minutes away. A crime in South Africa is as easily "covered" for a newspaper edition as a Chicago murder.

The result? Is it not likely that intimate knowledge, spread into every port and city reached by mail, wire, or radio, will bring about a common feeling of world fellowship, and accomplish more than statesmen could do in centuries? It is hard to hate an acquaintance. Understanding wipes out prejudice.

Before long, events in distant continents will be shown in pictures within a few minutes of their occurrence, and perhaps, in the near future, in moving pictures. The newspaper of the future is apt to have a movie studio in connection.

PRO AND CON

Beneath the rah, rah stuff at the West Texas Chamber of Commerce convention may be heard rumblings of dissent and justifiable complaints.

It seems probable that the conventions will become of more than routine significance and hat tossing. While the troubles arising may cause a rift in the general good will, the ultimate result may be gratifying.

Fort Worth recently secured the repeal of the common point rate revision, giving Fort Worth and Dallas wholesalers an advantage over those of West Texas. The pre-convention prestige of the cow town disappeared almost instantaneously as the rate decision was injected into the race for the next meeting.

Ordinarily the major Texas cities would not fear unorganized opposition, but the big convention provides an open forum and a gathering of like-minded delegates — with results not very pleasing to those under fire.

Fort West Texas issues are

Being a Writer, It's Up to the Babe to Explain

WASHINGTON LETTER

BY RODNEY DUTCHER  
NEA Service Writer.

WASHINGTON.—Any reputation Washington may have for neighborliness is likely to be shattered one of these days by a sanguine battle between the War Department and those people "across the street"—the National Council for Prevention of War, which is housed on Seventeenth street opposite the State, War and Navy building.

They're not neighborly at all.

Battling between these forces is unofficial, of course, and physical conflict is only a possibility in which the peace-makers would have a hard time. But the people of the War Department refer to the National Council crowd as pacifists and the National Council yells back "militarists!"

The army officers hint that there is a strong red tinge "across the street," and the peace missionaries think their neighbors are a bunch of swashbucklers.

Frederick J. Libby, the salaried executive secretary of the council, insists that the council moved into its offices "across the street" by merest chance, but you can't persuade the army folks of that and every time an officer gazes out a window on the Seventeenth street side he is filled with disgust or perhaps with anger at the big sign "across the street" and the evidences of activity within.

The army, while it may admit that it has no strong evidence linking the organization with Moscow, believes that the council seeks to have this country scrap its army and navy as an object lesson to the rest of the world. This charge was put directly to Mr. Libby by your correspondent.

"You won't find anything in anything we have said or written," replied Libby's secretary. "And about 600,000 pieces of mail since the first of

the army of presentation and with the Women or the Women's society, both of which were re- with the coun- by said, they antly peaceful.

aims, he added, ve world organ- peace, a world- on of armament onal agreement, wide education for

PRESS FORUM

Unprecedented prosperity for 207 Americans, 132 more than last year—as shown by income tax returns citizens with an income of a million dollars or more, is the subject upon which many of the nation's fancy writers are now painting pretty pictures for all to admire.

Of course this is all bunk. The returns by no means show that prosperity for 132 — or 207—is a well distributed prosperity and that is the thing that we are all most interested in.

It is a fact that a fraction of 1 per cent pays 95 per cent of the income tax. Therefore, if only a fraction of 1 per cent makes the greater part of the profits, that obviously means that our alleged prosperity is not a well distributed or a healthy prosperity.

We don't know the names of the fortunate 207. We will hazard a guess, however, that not a few of them enjoyed the privilege of extorting millions from the consuming millions through the tariff. It is also possible under this scheme of things that the 82 per cent "paid their tax" direct to the fortunate 207.

And, as long as we are in the guessing mood, we will take one more fling. That is the list of the fortunate 207 who are now enjoying "unprecedented prosperity" you could not find one farmer or agriculturist's name. And Wall Street wonders why agriculture did not accept the veto of the McNary-Haugen farm relief bill with better grace.—Altus Times-Democrat.

TWINKLES

We fear those who speak of "strident West Texas" do not put enough emphasis upon the "stride."

There is little chance of the W. T. C. C. getting together on the "common point."

Civic progress: The city council last night agreed that Pampa's streets are too rough.

It's our guess that Europeans who fly across the country don't wish to stay long.

Jazz is affecting architecture, besides causing several buildings to collapse.

While sort of an armistice is in force on Seventeenth street, the military is prosecuting the war in the field, Libby says, through activities of local reserve officers and a new group known as the Military Intelligence association.

Cherry Blossom Time Dulled by Mourning

TOKYO, Japan, May 19. (AP).—The gaiety that usually attends cherry blossom time in Japan was somewhat curtailed this year on account of mourning for the late emperor.

Police forbade parades of factory girls, singing, music, open air speeches, dancing or parades of floats, hard drinking, or the wearing of ridiculous costumes.

Notwithstanding the numerous don'ts all of Tokyo's parks were crowded with Japanese who viewed with delight the blossoms of more than 85,000 cherry trees.

King's Plate Draws Fine Toronto Field

TORONTO, Ont.—The King's Plate, 68th renewal of the historic mile and an eighth opening day feature at the Woodbine track, May 21, has drawn one of the finest fields of thoroughbreds ever raised in the province of Ontario.

Among the 40 candidates for the \$15,000 added purse are J. P. White's filly Listerine, R. H. New's Troutlet and Taurus, J. C. Fletcher's Lazibones, W. Allan's Matchmaker and Gay Parisian of the Seagram Stable, which saddled the winner last year in Haplit.

The King's Plate was raised to \$15,000 added last season when the provincial tax on the track was reduced from \$7,500 to \$5,000 daily.

Olympiad to Feature Deaf, Dumb Athletes

AMSTERDAM, Holland—"Silent Sports" are to form part of next year's Olympiad here.

Special contests have been arranged between deaf and dumb athletes of various countries. Five hundred deaf mutes of ten European countries have already entered.

Events will include track and field sports, swimming, cycling, football, tennis, marksmanship and pentathlon events. Deaf and dumb women will compete in swimming and tennis.

German deaf mute "turners" will give special gymnastic displays, and Premier Mussolini has granted a state subsidy to the Italian organization of "silent sportsmen."

Visitors In London Shop By Airplane

LONDON—Special shopping trips to Paris by airplane have been inaugurated by the trans-channel airways companies, among the first passengers being Miss Matilda Houghton, daughter of the American Ambassador.

Miss Houghton, who is to be married soon to Chandler P. Anderson of New York, went to Paris to purchase her trousseau, accompanied by Mrs. Houghton, who was making her first flight.

Texas Capitol Is Largest Statehouse

(By The Associated Press.)

AUSTIN—The Texas capitol building continues to claim the record as the largest statehouse in the United States and the seventh largest building in the world.

Counting the statue on top, the building is 7 feet taller than the National capitol at Washington, although the latter is larger.

The Texas capitol covers three acres, has 18 acres of floor space, and is a ninth of a mile across the long way, 566 1/2 feet to be exact. It is 288 feet and 10 inches across the other way. There are 258 rooms, 900 windows and 500 doors. The height is 317 feet from the grade line to the top of the statue on the dome.

Started in 1882, the building was completed for dedication May 16, 1888, at a cost of 3,000,000 acres of public land now worth about \$60-

000,000. Red granite from the immense quarries of Burnet county was brought over 75 miles of railroad.

The capitol is shaped like a Greek cross, fronting south, with projecting center and flanks, having a rotunda and dome at the intersection of the main corridors.

Texans Finally Break Tie To Win 11-Inning Game

AMARILLO, May 17.—A listless ball game came to life late in yesterday's encounter here, and went eleven innings, or until Wells singled sharply with Connelly on base. The score was 7 to 6.

Table with columns: Team, G, W, L, Pct. Rows include Western League (Tulsa, Wichita, Omaha, Amarillo, Des Moines, Denver, Okla. City, Lincoln) and Texas Valley League (Wichita Falls, San Antonio, Houston, Waco, Beaumont, Fort Worth, Dallas, Shreveport).

Table with columns: Player, AB, R, H, PO, A, E. Rows include Amarillo players (Swanboro, Connelly, Kelly, Gunther, Smith, Wells, Mondino, Ramsey) and Lincoln players (Stolen base, Schultz, Sacrifice hits, Smith, Kelly, Gunther, Swanboro, McNamara, Rader, Three-base hit, Kuehl, Double plays, Rader unassisted, Gunther was sent to first and Smith home, when Lorbeer interfered with batter. Hit and run, off Wilson 7 and 5 in 4-3 innings; off Swartz 8 and 5 in 5 1-3 innings; off Marty 9 and 1 in 4 1-3 innings; off Hodge 4 and 1 in 2 innings. Base on balls, off Swartz 1, Ramsey 3, Wilson 2, Marty 3, Hodge 1. Winning pitcher, Ramsey. Losing pitcher Hodge. Left on bases, Amarillo 12, Lincoln 11. Time, 2:51. Umpires, Berger and Mattson.

Second Missourian Is Decathlon Champ

WARRENSBURG, Mo.—In Vernon Kennedy, Missouri has given to college athletics the second national decathlon champion in seven years. Kennedy, Central Missouri State Teachers college sophomore, who won the decathlon at the Penn Relays this year, shares his honors with Brutus Hamilton of the University of Missouri, who won the national decathlon and pentathlon titles in 1920. Both came from small towns—Hamilton from Harrisonville, Mo., and Kennedy from Mendon—and both were star football linemen. Kennedy was discovered and groomed by Coach Tad Reid.

Sets World's Claim To Basket Scoring

WEST YORK, Pa.—Miss Helen Myers was to the girls' high school basketball team here last season what the famous "four horsemen" were to the 1925 Notre Dame football machine.

Five hundred and three points in 14 games is her record and on which she bases her claim to the world's high individual scoring record. She was 35 percent of her team's offensive power, with 226 field goals and 51 foul goals. Her team scored 622 against the opposition's 390.

- FOR RENT—Five room cottage all conveniences, modern, 1-2 blocks west of Cuyler on Kingsmill. 43-4fc

SPORT TALK

The Oilers got their signals mixed Sunday afternoon. Half the team went to Wheeler and the other half to White Deer with the result, no game.

The Grays go to Borger Sunday for a return game and still hope to show the Borger team that they are not as good as they think. There will be several changes in the local line-up.

Borger has a sneaking suspicion that the tottering Grays will be easy picking Sunday and figure on making a good showing at home. Well, maybe.

Managers Gober, Pace, and Gibson are in favor of forming a league and a meeting will be called next week to talk the matter over. It has been suggested that Borger, Amarillo, Lubbock, Shamrock, and Pampa form the league.

The meeting will probably be held in Amarillo and representatives from all teams interested will be invited to be present. If the home club can resurrect an umpires outfit they will be all set to enter the league.

Well, fans, one of the boys got a position but he had to hunt it himself. How about some of the others getting a position from some business house.

Harry Snodgrass coming to the Crescent May 23 and 24. Hear and see him play. (57-6tc)

## Children's Program Very Enjoyable

The Children's program given under the auspices of the P.-T. A. at the High School auditorium Monday night by the different grades was very good. More than a hundred people were turned away as there was not even standing room for them. About \$150 was taken in, and this money will go to the P.-T. A. fund.

Special mention should be given to the children of the South Side, as they were trained and drilled without the music.

The Japanese pageant was very pretty and showed skillful training. In fact, every number on the program was excellent. The costumes worn by each child were very colorful and attractive.

Mrs. Anna Daniels had charge of this program and with her untiring efforts made it a success. Music was furnished by the Chamber of Commerce band.

The following program was presented.

- May Pole Dance, first grade.
- Japanese Pageant, first grade.
- Opening of Spring, third grade.
- Reading, Frances Campbell.
- Dance, third grade.
- A Baby Show, second grade.
- The Shoemakers, second grade.
- Folk Dance, second grade.
- The Doll Shop, third grade.
- My Shadow and Duet, third grade.
- A May Garden, second, third and fourth grades.
- A Japanese Drill and Chorus, fourth grade.
- Chinese Drill, fourth grade.
- Indian Pageant, expression class.
- Musical Pageant, music class.
- Minuet and Good-Bye Song, fourth grade.

**MANY RUSSIANS IDLE**  
MOSCOW—A recent report to the Labor Commissariat is that there are 1,289,000 unemployed in Russia. The flocking of peasants to the cities is blamed.

## Surprise Party Given for Guest

Gray and Jimmie Fisher of Chicago, the honored guest, Sam Patrick, and the host and hostess, Mr. and Mrs. W. H. Lang.

## Amusements

**THE DARK ANGEL**  
"She rides like a Texas cowboy!" That was the relieved expression of the entire George Fitzmaurice company while on location filming fox hunt scenes for "The Dark Angel," a picturization of the famous stage play by H. B. Trevelyan, which First National will offer at the Crescent theatre next Wednesday under the auspices of the American Legion for the Children's Welfare fund.

Vilma Banky, the beautiful Budapest star recently imported by Samuel Goldwyn, plays the leading role opposite Ronald Colman.

The scenario, as prepared by Frances Marion, required some skilful riding at the hunt on the part of Miss Banky—not only sensational hedge and water jumps but a dangerous fall as well.

Miss Banky's ability as a rider was entirely an unknown quality to her director. She had been told of the impending hunt and appeared nonchalant regarding its hazards. Fitzmaurice admits that he had some misgivings on the subject.

When the time came for her performance, however, she surprised the entire assemblage, which included the pick of southern California's expert riders. Sitting a fractious mount which reared dangerously with her, she brought him to his feet gracefully without losing her pretty smile. The dangerous jumps and finally the fall she negotiated with all the sang froid of Tom Mix himself.

She was questioned regarding her amazing ability as a horsewoman and explained that riding is practically the only outdoor recreation indulged in by Hungarian ladies and that she has ever been perfectly at home in the saddle.

**SOMEWHERE IN SONORA**  
A daring act of heroism—and the more daring because in spite of the clicking cameras that recorded it, it was real—was performed by Ken Maynard, cowboy star, during the screening of "Somewhere in Sonora," his latest First National production made by Charles R. Rogers, which comes to the Rex Theatre here next Saturday.

Unfortunately, it was one of those happenings which are generally used in fiction and rarely believed unless seen. Yet fifty members of the company testify to its happening.

Al Rogell was directing a scene in one of Mexico's canyons. The action required Kathleen Collins, the leading lady, and Yvonne Howell, to be driving in a buckboard led by two horses, who were supposed to run away. The horses, frightened at the action, instead of doing a "make-believe" runaway, started on an actual one and went tearing down the canyon, alongside of which was a yawning chasm several thousand feet deep.

Ken Maynard, star of "Somewhere in Sonora," immediately hopped on Tarzan, his horse, and tore after the runaway team. He effected a rescue such as has never been seen on the screen, for the buckboard was beginning to lean over towards the chasm by the time he caught up with it and grabbed the flying reins in his hands. He jumped from Tarzan to the nearest horse in a manner similar to stunts he had done before. The difference was that prior to this incident they had been "stunts" and here the lives of both girls depended upon his doing it successfully.

## Her Family of 45 Changes Each Year

LAWRENCE, Kans.—Mothers who believe one or two difficult to manage might take lessons from Mrs. Annie Pillsbury Young, fraternity "house mother" to 45 young men attending the University of Kansas and 250 older alumni who are living in all sections of the country.

Her family changes annually as the members complete their college work. The "house mother" idea started at the Jayhawk school 25 years ago and has spread to schools in other sections of the middle west, where fraternities are an integral part of campus life.

## Women's Clubs Solve Business Problems

WASHINGTON, D. C.—Problems which grandmother never dreamed of are besetting the women of today, according to Mrs. George Thomas Palmer, of Springfield, Ill., who as director of a committee of the General Federation of Women's Clubs on family finance and education in investments, has established a department of business transactions for women. Mrs. Palmer is also president of the Women's Club of Springfield.

Her department does not attempt to train women for business careers, but helps them to solve everyday business problems. At regular meetings they discuss such questions as wills, legal status of women in their state, laws governing her property, and many others.

## Duchess Suffers From Big Crowds

MELBOURNE, Australia — The Duchess of York is suffering from the "psychological effects of too many crowds," who have been greeting the royal pair in their Australian tour, it has been decided by medical specialists.

After a fishing trip to New Zealand during which she caught rainbow trout transplanted from California mountain streams, the duchess had tonsillitis. Physicians prescribed rest after her arrival here. For four months the Duke and Duchess have been attending several functions daily, but from now until their departure next month for home, the number of receptions will be curtailed in order to relieve the "crowd strain" which has affected her nervous system.

Three Gold Bond Stamps paid for each suit hanger brought us. Service Tailors, Kingsmill avenue. (55-6tc)

## Lindbergh

Here is Pilot Charles A. Lindbergh, "Lucky" Lindbergh, who is putting his fortune, his life and a tiny Ryan monoplane against the mighty Atlantic ocean in an attempt to fly from New York to Paris. Flying from San Diego to New York with one stop at St. Louis, the young pilot waited only for the clearing of the weather to hop off.

**SCHOOL MONEY EXPECTED**  
Bonds for erecting new school buildings in Pampa have been approved, and the money will be transferred here immediately, and erection of the south side school will be the first undertaking.

It has been suggested to add an auditorium to the building on the south side. This matter will be discussed at a later date by the board.

Hoover estimates a \$250,000,000 loss from flood damage to date.

## Home Chief Interest Of Poet Politician

ALAMOSA, Colo.—Poet, political leader of women and director of the activities of the Colorado federation of women's clubs, Mrs. Millie Velhagen boasts that no variety of interests can make her neglect her home.

Mrs. Velhagen served four years as president of the board of education of Alamosa, and is head of the state republican club for women. She is a member of the Poetry Society of Great Britain.

## Cotton Production In 1926 Was 17,911,000 Bales of 500 Pounds

(By The Associated Press.)  
WASHINGTON, May 17.—Revised cotton estimates announced today by the department of agriculture placed 1926 production at 17,911,000 bales of 500 pounds each. The gross area of cultivation on June 25 was 48,730 acres. The area picked was 47,087,000 acres, with a lint cotton yield of \$1.9 pounds.

## Pasteur Institute To Manufacture Its Antitoxins Soon

(By The Associated Press.)  
Austin, May 17.—The pasteur institute at the State Insane hospital here will be combined with the pure food and drug laboratory under an arrangement contemplated by the state health department.

This action is contained in the biennial report already approved by the Senate. It will now go to the House for approval.

The department wants to manufacture rabies serum and other antitoxins for shipment to patients.

## Ireland Picks First Woman Surveyor

DUBLIN—The first woman to shoulder a surveyor's transit with the sanction of the Irish Land Commission is Iris Cummins, who has unique ideas about suitable work for women.

Miss Cummins was the first woman to take an engineering degree from the University of Dublin, soon after war was declared. Her bachelor's degree in her pocket, she donned overalls and began punching the time clock in the Rosyth dockyards.

## REX THEATRE SENDS A BIG FLOOD RELIEF FUND

Roy Sinor, manager of the Rex theatre, recently sent a money order for \$100 to the Flood Relief headquarters at Oklahoma City. This was proceeds of a special entertainment, given by the Rex and Crescent theatres, plus 50 per cent of the proceeds of Wednesday's performance at the Rex theatre.

This amount is more than any theatre, in a city of this size, has given to the fund up to this time.
