Geo. W. Briggs, Eastland Civic Leader, Is New C. of C. Manager GRAY COUNTY SEAT ELECTION IS CONTESTED

ARGUMENTS IN PETITION SAME AS INJUNCTION

Old Question Will Head Next Court Docket

SOUTH GRAY PEOPLE CAUSE

Voting Conspiracy at Pampa Is Leading Claim

The recent Gray county seat election was contested in a petition filed today.

The same personalities and arguments which appeared in the injunction hearing are involved in the new petition, which will take precedence over all other suits in the next 84th district court session, June 11.

The petition is signed by D. N. Massey, O. G. Stokely, J. Montgomery and M. D. Bentley. Their attorneys are Reynolds and Heare of Shamrock and A. A. Ledbetter and Sherman White of McLean.

The arguments as to why the election should be set aside are, to summarize:

1. The election was held within five years from the election of March, 1925.
2. Chapter 185, Acts of 40th legislature, passed in 1927, does not authorize the election held on March 8, 1928 as the election held in March of 1927 conclusively settled the question for five years.
3. Notices of the March 9 election were given by the county clerk and posted by him, not by the sheriff.
4. The geographical center of the county was not established by the land commissioner as required by law.
5. Election officers were not sworn before the opening of the polls.
6. Instruction cards were not posted at the polls.
7. Election officers at Pampa knowingly permitted crowds to assemble within 100 feet of the place where the election was held.
8. Election officers at Pampa knowingly permitted more than 1,000 illegal votes, many voters from Wheeler and Potter counties voting at Pampa.
9. Sheriff Graves and his deputies issued poll taxes to people known not to be qualified voters and conspired with other residents of Pampa to swell the poll tax receipts, and making illegal votes possible.
10. No election was held in Precinct 11.
11. The election was illegal and invalid because the notice and other orders did not recite that LeFors is within five miles of the center of the county, and that Pampa was a railroad acting as a common carrier.

Legion to Attend Presbyterian Church and Participate

Services Sunday evening at the Presbyterian church will feature numbers by local and visiting artists and the visit of members of the Legion post.

The Legion quartet will provide several numbers and there will be baritone solo. Mrs. R. A. Webb will play a piano solo. Miss Ruth Abramson of Amarillo will read, and Mrs. A. H. Doucette will render a vocal solo.

The Rev. W. L. Evans, minister, will speak on "Love, Marriage, and Divorce." The service will begin at 8 o'clock.

THE WEATHER

EAST TEXAS: Tonight and Friday generally fair.
WEST TEXAS: Tonight and Friday generally fair; somewhat warmer in the Panhandle.
OKLAHOMA: Tonight and Friday air somewhat colder in northeast portion, with frost.

Pampa Band to Give Its First Concert Friday

Kermit Vickers, local man, and his 25-piece Pampa band will give the first band concert of the season tomorrow night at the Pia-Mor auditorium, commencing at 8 o'clock.

The band is composed of local men who have been working hard to give Pampa another band to equal the former one, which was one of the greatest in the Panhandle.

The program: Washington Post, Sousa, Matinee, Huff, La Paloma, Yradier, Our Director, Bigelow. Special number by Mr. and Mrs. McAnnally.

Pampa Girl on Honor Roll at Teachers College

CANYON, April 12.—Eighty-three students of the West Texas State Teachers college made the honor roll for the Winter quarter. Eighteen of these were men and sixty-five girls. In order to make a place on the honor list, a student must do a high quality of class work and must take part in some kind of student activities.

Those whose names appear on the honor roll are: Oakes, North Dakota Grace Aasen; Clovis, New Mexico Onelia Nettles; Texico, New Mexico Willard Vineyard; Quay, New Mexico Bertha Lee Parker; Tucuman, Nev. Mexico; Parkers, White Deer, Herbert Campbell; Jennie Osborne; Glendon Montie Draper; Berger, Adella Walker; Childress, Thelma Brummett; Ruth Handley; Lockney, Jeff Fowler; Liv Allen; Tahoka, Georgia Slover and Lillie Dell Slover; Portales, New Mexico Imogene Copeland; Suiso Lee Copeland; Vesnoor, Camille Holsager; Miami, Gladys Lowry; Hedley, Myrtle Seales; Groom, Emmett Smith; Dickens, J. MADE COUNTY POULTRY CENTER

Believes Pampa Has Great Future—Gives Impressions

Geo. W. Briggs, well known figure in West Texas, yesterday afternoon was offered the management of the Pampa Chamber of Commerce. He is now manager at Eastland.

Before leaving today, Mr. Briggs indicated that he will accept the proposition and move here by May. He will succeed Scott Barcus, who recently resigned to accept a position with a trust company as representative in this district. Mr. Barcus will remain on duty until the new manager arrives.

Mr. Briggs was one of the organizers of the West Texas Chamber of Commerce, became one of the first directors, and spent several months in the field in its behalf. He served Lubbock as secretary-manager almost ten years, and since the fall of 1923 has been at Eastland, where he took charge during an after-oil slump and helped to bring Eastland county into prominence as the "Egg Basket of Texas." And Eastland, incidentally, is the home of the recently famous Horned Frog.

Wisconsin Graduate

The Eastland man has a long record of achievement, and directors of the local Chamber expressed satisfaction with his willingness to come here. He is a Presbyterian, charter member of Khiva Temple at Amarillo, and an active worker in civic organizations. Both he and Mrs. Briggs are graduates of the University of Wisconsin. Frank Briggs, a brother, is editor of Texas Farm and Ranch. Two sons, Preston, a junior at Texas A. & M., and Burnham, high school senior at Eastland, will spend part of their vacations here.

Asked for a statement, Mr. Briggs wrote the following for the News regarding his impressions of Pampa.

Likes the Plains

"It almost feels like coming home, to get back on the Plains again. The ten years I spent at Lubbock, seems to have innoculated me with something indefinable yet very potent. It may be the altitude, it may be something else but there is a spirit on the Plains that cannot be beaten."

"It looks to me, from what I know of the situation here, that Pampa has a most wonderful opportunity. While much has been done in the past few years, under the leadership of the progressive business men, there is still much to do. The fact of the matter, a city is never finished is always something just ahead that must be done. The day that has nothing to do. I feel that the only thing for the citizenship to do is to perform the last sad rites, and write the obituary."

"However, Pampa doesn't look dead to me. Someone has evidently had a vision, and set out to make that vision a reality. Some very excellent work has been done by someone. You'd wonder wide streets, appeal to the stranger. For the traffic situation in all cities, is a big problem. I see many nice homes, and a city of homes is something to be proud of. I see some beautiful churches in process of erection which shows that the citizens of Pampa are on the right track. I see some very excellent school buildings, another sign of real progress. For the church, the school, and the home are foundation stones of any real city."

"Pampa is to be congratulated on having had a Chamber of Commerce with progressive far-seeing leaders. It is to be congratulated on having a man with the ability of Scott Barcus, during the last year, and now that he is resigning, it is a satisfaction. I am sure to all, that he is to remain as a citizen."

Comments City Manager
"Pampa is also to be congratulated in its city manager, F. M. Gwin. Knowing Gwin as well as I do, and the magnificent work he did at Cross Plains (See GEO. W. BRIGGS, Page 6)

'Mrs. Average Woman'

CINCINNATI PICKS HER, AND HERE SHE IS WITH HER VIEWS ON TOPICS OF THE DAY

CINCINNATI, April 12.—What does the average woman think about the current problems of the day? Well, for one thing, she's considerably better informed about them than the average man. She has her own ideas, and she doesn't say "I don't know" to any of your questions.

Mrs. Jacob Abel is Cincinnati's "average woman" awarded that distinction by a school mothers' club that surveyed the city pretty widely. She is middle-aged, the wife of a bookkeeper, mother of two children. The clubwomen who selected her felt that she typified the average woman—in Cincinnati and elsewhere.

She reads the newspapers and magazines, and thinks about what she reads. Some time ago an "average man," selected in Iowa, betrayed ignorance of such an important affair as the Locarno treaty; but not Mrs. Abel. She knows about things.

Here are a few of this average woman's views on current issues: Nearsightedness: "Well, it does seem bad to have to send our marines down there. But I have always thought we should trust our government to do what is right. Perhaps we will find a way out of this Nicaraguan trouble sooner than we think."

Companionate marriage: "I have just been reading Judge Lindsey's book about it, and I am afraid I do not agree with it, although I think he is right to awaken parents. They must learn that the world has moved since their day."

Prohibition: "Well, that's a hard one. But one thing I do know. Not drinking is much better, much safer, than drinking. What makes people want to drink? Just because they are told not to? Are they all children? Well, I think of my own children when I say I would like to get rid of drinking. They haven't gone with the crowd so far. But maybe I'd better touch wood."

Religion: "Yes, I believe in religion. I belong to the Methodist Episcopal church and the Order of the Eastern Star. I guess a good many people have gotten away from religion, but I don't think so."

It's the one thing really to depend on. They will all come back to that same day. The home of this average woman is clean, neat and comfortable. She was making a dress for her daughter, who is in high school, when the interviewer called. She smiled and protested slightly when told the club had named her the city's average woman. "I'm afraid I'm not modern enough," she said.

OIL MAN, CRAZED, KILLS 3 CHILDREN AND THEN HIMSELF

NACOGDOCHES, April 12.—(AP)—G. A. Stubbfield, oil man of Cheroke 17 miles east of here, today ran amuck and shot and killed himself and three small children, according to reports here.

The shooting occurred at the family home in Cheroke, at 10:30 o'clock this morning. The three children killed are: Weber, 7; Josephine, 5; and George Albert, Jr., 12. Despondency was given as the cause.

Local Legion Men Royally Entertained by Borger Post

Sixteen members of the Pampa post of the American Legion and 40 and attended a special meeting of the Borger American Legion Tuesday night and were royally entertained by that post.

Guests of honor at the meeting which was business and social, were Jack Hoxie, movie star, and his manager G. W. Wall, and the visitors from the local post. Short talks were made by Commander R. A. Webb and several of the Pampa delegates at the meeting. The Borger post is anxious to organize a 40 and 8 and the local body is planning to assist the Borger Legion in the effort to advance the corps.

Those attending the meeting in Borger were Dr. R. A. Webb, Frank Thomas, Tom Darby, J. G. Brunzell, F. McConnell, Rev. W. L. Evans, Sam Patrick, Chas. Rothmell, Lester Sills, R. E. Zogg, P. E. Hill, O. D. Russell, Wm. Lang, J. A. Pearson, W. D. Cordova and L. C. Shirley.

Jack Hoxie and his manager G. W. Wall of Hollywood, Cal., spent last night at the Schneider hotel and were loud in their praise of such a beautiful place for an oil city this new in its discovery.

Reuben H. Noel Victim of Short Illness Yesterday

Funeral services for Reuben H. Noel, 25 years old, son of Mr. and Mrs. J. C. Noel, who died at the home of Mr. and Mrs. Lon Noel here yesterday afternoon, were held this afternoon at 3 o'clock at the Malone Funeral home. The services both at the home and Fairview cemetery were conducted by the Rev. D. H. Truhitte, pastor of the First Baptist church, in the absence of the Rev. Tom Abraham.

He had only been ill about three weeks.

Mr. Noel had been a lifelong resident of the Panhandle and at the time of his death was a successful farmer near White Deer.

Besides his wife and one small son he leaves three sisters, Mrs. J. A. McNulty of Spearman, Mrs. T. R. Grady of Amarillo and Mrs. E. J. Seitz of White Deer, and five brothers, J. E. of Borger, C. A. and H. A. of White Deer and J. G. and J. L. of Pampa.

NEGRO SUSPECT HELD IN RAILROADER'S DEATH

SAN ANTONIO, April 12.—(AP)—Marks left on the bullet which killed P. J. Varnon, special agent for the Southern Pacific in Yoakum March 7 by the bore of a pistol, have resulted in the holding of a negro suspected at Yoakum.

The negro was arrested shortly after the crime and a pistol was found in his house, but officers were unable to link him with the crime. Owen Kilday, fingerprint expert here sent the pistol and bullet to Major Calvin Goddard, ballistic expert in New York.

TWO NATIONS HOPE FOR FAME THROUGH SUCCESSFUL FLIGHT

(By the Associated Press)

Three dauntless airmen following a trail on which all their predecessors, five men and two women, died, were presumably more than half way across the ocean this afternoon on the latest attempt to traverse the western air line of the North Atlantic, never yet spanned by an airplane.

The Junkers monoplane Bremen, with its crew of two Germans and one Irishman, took off from Baldonnel airdrome near Dublin at 12:38 Eastern Standard Time this morning and when it was last seen over the western coast of Ireland it had maintained a speed of 90 miles an hour.

If this speed, the most economical for the German ship, was continued over the ocean, the Bremen would have been at just about mid-ocean at 12:38 this afternoon, 12 hours after the take-off.

Weather over the first leg of the ocean route was reported excellent, with less favorable conditions ahead off the Grand Banks.

Other Flights

NEW YORK, April 12.—(AP)—If the German plane Bremen succeeds in its flight across the Atlantic it will be the first to complete the perilous westward passage.

Three other planes, carrying five men and two women, vanished into the north Atlantic haze attempting the westward flight and never were heard of again.

The three previous attempts: Capt. Charles Nungesser and Major Goh, attempting flight from Paris to New York, took off May 8, 1927 in the White Bird.

Princess Lowenstein-Wertheim, Capt. Leslie Hamilton, and Frederick F. Minchin, attempting a flight from Upchurch, England, to Ottawa, Ont., took off Aug. 8, 1927, in the St. Raphael.

Capt. Walter R. G. Hinchliffe and the Honorable Elsie MacKay, attempting a flight from Croydon airdrome, England, to New York or Philadelphia took off March 13, 1928 in the Endeavour.

Three planes, all manned by Americans, made the eastward flight to Europe from this country and two British and two American flyers crossed the North Atlantic from Newfoundland to Ireland and England. Three planes were lost in the attempt.

The successful flights: Capt. John Alcock and Lieut. Arthur W. Brown, from Newfoundland to Ireland, starting June 14, 1919. Colonel Charles A. Lindbergh in the Spirit of St. Louis from New York to Paris, starting May 20, 1927.

Clarence D. Chamberlin and Charles A. Levine, in the Columbia from New York to Germany, starting June 4, 1927.

Commander Richard E. Byrd, and four companions in the America from New York to France, starting June 20, 1927.

William S. Brock and Edward F. Schlee in the Pride of Detroit from Harbor Grace, Newfoundland, to England, starting August 27, 1927.

The three unsuccessful attempts: Lloyd D. Bertaud, John D. Hill and Phillip Payne in Old Glory, attempting flight from Old Orchard, Me., to Rome took off Sept. 8, 1927.

Capt. Terry Tully and Lieut. James Medcalf, Canadians, in Sir John Carling, attempting flight from Harbor Grace, Newfoundland to Croydon, Eng., took off Sept. 7, 1927.

Mrs. Frances Grayson and three companions lost between New York and Harbor Grace, Newfoundland, on first leg of flight to Croydon, Eng., left New York December 23, 1927.

Perilous Take-Off

BALDONNEL AIRDROME, Irish Free State, April 12.—(AP)—Bearing the aspirations of two nations for trans-Atlantic flying honors, the silver grey German monoplane Bremen sped westward today on what was hoped to be the first spanning of the Atlantic from east to west by airplane.

Essaying the same feat, seven aviators have lost their lives since last May.

Terror-struck spectators watched the heavily laden plane speeding along the runway but failing to rise at first. After running 900 yards, the plane took the air at 5:38 (12:38 Eastern standard time). The flight of some 3,000 miles if successful is expected to terminate at Mitchell field, New York, early tomorrow afternoon.

Two hours after the start the Galway coast guards saw the Bremen going strong well out over the Atlantic and headed in a northwesterly direction. As coast guard saw the plane passing over Costello, Galway, at 7:05 having travelled the 135 miles between Baldonnel and that point at the rate of more than 90 miles an hour.

Stakes Last Penny
At the controls were Captain Hermann Koenig, German, was fiercer and night flying expert, and Colonel James Fitzmaurice, commandant of the Free State air force, who will alternate as pilots at four hour intervals. Behind them sat Baron Ehrenfried Ginter Von Huenefeld, his last pennant station on this venture during which he will man the fuel pump, cook, and keep the log.

Never had the plane been tested with its full load of 2,500 litres of fuel and its peculiar undercarriage until it started up the sloping runway. Fifty men with axes, hatchets, saws and fire extinguishers were ordered to their stations along the runway ready to jump into immediate action should disaster occur.

Spectators, including President Cosgrave and other Free State notables, had a minute of heart-breaking agony as the Bremen made its first mad rush along the runway. The machine was shrouded in a cloud of dust, swirling from the road behind the

HOW A YOUNG woman established the date of her birth by proving that a registered calf was born on the same day she was...

This is not a bad example of the condition of Texas vital statistics. No state department has to combat more hazardous methods than the state department of health, which is aided by the recently organized Texas Child Health Council...

Dr. J. C. Anderson, state health officer, in speaking of the example of the young lady in court, said she had no birth certificate and that her estate was inaccessible pending proof of the date of her birth. Finally, a friend went on the stand and swore he remembered a calf born on the same day the girl was...

This ironic contrast between valued livestock records and slip-shop registering of human lives should be used effectively, but more drastic steps will have to be taken if Texas is to take her rightful place in the nation's statistics and if her children are to be protected by proper recording.

There is hope for more effective work in the fact that under a new law enacted by the 40th legislature, the state health department is given direct control of vital statistics and those who gather them. Now a registrar can be any one of the health department appointees; formerly city and county clerks were the registrars of vital statistics for their communities.

WASHINGTON LETTER

By RODNEY DUTCHER NEA Service Writer

Washington—Your correspondent cannot help being impressed by the probable significance of the honor which has been thrust upon the Hon. Simeon D. Fess, senior senator from the undeniably great state of Ohio.

It is difficult to dodge the impression that the election of the Hon. Simeon as keynoter for the Republican National Convention was encompassed after careful forethought by those gents who hope to draft President Coolidge for renomination and by those other gents who pretend to hope to draft the president as a means of reducing the delegate strength of the candidate they oppose.

Anyone who has heard Senator Simeon make a speech knows that he is not exactly the best inspirational orator the party could produce. And neither is he an ideal keynoter from the standpoint of prestige or popularity.

A Sad Tale—In Two Parts

The one thing which has brought great fame to the Hon. Simeon is the fact that of all those who have shouted for the renomination of the Hon. Simeon's close friend, Mr. Coolidge, he has shouted loudest, longest, oftenest and most passionately. Again and again he has reiterated that Mr. Coolidge had not closed the door—that he would answer the party's call in its hour of need.

Aside from that, the only thing that might have been expected to weigh more heavily against Senator Simeon's chances as a keynoter than his lack of assets for the job was his relative unavailability.

For of all men in public life, the Hon. Simeon is perhaps the only one who can be called a liar without fear of a libel suit. Senator Simeon admitted on the Senate floor that in his efforts to help Mr. Coolidge he had prevaricated to newspaper men at the White House. The evidence is on page 2878 of the Congressional Record, where you will find that the mendacious Simeon said: "Then I added what was not true, but I wanted to get it across."

Now there are many men in public life who are far greater liars than the senator from

Ohio, but there are few who admit being liars at all. Whether it is more honorable to lie and deny it or to lie and admit it, the fact remains that a reputation for mendacity would ordinarily be counted against a man when the parties pick their keynoters. We now seem to have demonstrated that some remarkably cogent reason was behind the selection of Cousin Fess. Was that reason the fact that he could make a heck of a good speech in praise of Mr. Coolidge and so get the delegates roused up over the president with a good four-and-a-half-minute outburst for "Our Cal" when Fess had concluded? Probably not, for any keynoter would be forced to brag a great deal about Mr. Coolidge, and there are several others who could do it more effectively than the Hon. Simeon.

Apparently the only logical deduction is that such gents as Chairman William M. Butler and Vice Chairman Charles D. Hilles of the Republican National Committee were anxious to strengthen the impression among the brethren that Mr. Coolidge was still a potent factor. Even the most obtuse politician, anxious to hitch onto the proper band-

wagon, could not avoid being struck by the fact that the party's big bosses had chosen from the entire field this one man known to all as the most vociferous of the Coolidge draftsmen.

TWINKLES

Smith and Hoover may not be the next presidential nominees, but they will have to go quite a ways to fall from convention grace, it appears.

Moody is pleading for Texas harmony, which is somewhat unlike the kind of silence he was after when he was fighting the Klan.

Missouri bank robbers are said to be threatening to rob a Texas bank. All right boys, but remember the Panhandle-Plains country doesn't offer many convenient creek bottoms.

BARBS

One way to cement friendly relations with the boss is to advance a few concrete ideas for making money.

Count Hermann Keyserling, after touring the United States, observes that many American girls look like queens but that he saw no American men who looked like kings. Looking over the available kings in the world, it is pretty hard to imagine why anyone should want to look like one of them.

George Remus, Cincinnati bootleg king, who killed his wife last fall and was found insane by a jury, has been found sane now and wants his liberty. Why all the delay?

A farmer owns a stone wall on the edge of Baldonnel airfield in Ireland. He has to tear this wall down every time a transatlantic plane hops off, and for this he collects 70 pounds sterling, rebuilding the wall as soon as the flyers

have gone. Remember the mudpuddle in front of the farmer's house?

Sensational Success -based on sensational value

You need to know only a few of the exclusive superiorities offered by today's Pontiac Six to understand that its sensational success is based on sensational value. It is the lowest priced six in the world with body by Fisher. It is the lowest priced six offering the G-M-R cylinder head, the cross-flow radiator and the AC fuel pump. It is the only low-priced six combining 185-cubic inches piston displacement, a full-pressure oiling system, interchangeable main bearings and instant action four-wheel brakes. Add to these evident advantages in design the fact that it is the lowest priced six built by General Motors—that in the hands of 200,000 owners it has won a worldwide reputation for endurance, long life and high resale value—and then you will know why Pontiac Six sales are continually reaching new record-breaking heights!

Coupe, \$745; Sport Roadster, \$745; Phaeton, \$775; Cabriolet, \$795; 4-Door Sedan, \$825; Sport Landau Sedan, \$875. Oakland All-American Six, \$1045 to \$1265. All prices at factory. Delivered prices include minimum handling charges. Easy to pay on the liberal General Motors Time Payment Plan.

Today a rude brief recitative, of ships sailing the seas, each with its special flag or ship-signal, Of unnamed heroes in the ships— of waves spreading and spreading far as the eye can reach.

Of dashing spray, and the winds piping, and blowing, And out of these a chant for the sailors all of nations, Fitful-like a surge.

Of sea-captains young or old, and the mates, and of all intrepid sailors Of the few, very choice, facturers whom fate can never surprise nor dismay.

Picked paringly without noise by thee, old ocean, chosen by thee.

Thou seas that pickest and cullest the price in time, and untest nation! Suckled by thee, did husky nurse, embodying thee.

Indomitable, untamed as thee.

Baptist Circles Meet Wednesday In Various Homes

Circle Two of the Baptist W. M. U. met Wednesday afternoon in the home of Mrs. Woolver. Due to the absence of the leader of the Missionary program it was postponed until a later meeting, and unfinished business from a previous meeting was taken up.

The circles will meet in the regular general meeting at the church next Wednesday. A missionary program has been arranged.

Circle Three of the Baptist W. M. U. met Wednesday afternoon in the home of Mrs. Paul Link with fourteen members present. Devotional was led by Mrs. J. A. Clift, and was followed by a review of the book, "The Life Beautiful," with special parts being given by Mrs. J. P. Wehrung, Mrs. J. E. Caris, Mrs. L. S. Anderson, and Mrs. J. H. Dalton. An interesting round table discussion was joined into by all. The hostess served a delicious salad course.

Mrs. Weldon Wilson Is Hostess Wednesday To Young Ladies Circle

Mrs. Weldon Wilson was hostess Wednesday evening to the members of the Girls' Circle of the Christian church. The lesson was opened with a Scripture reading. During the business session the girls voted to make cookies to send to the Fowler Orphan's home in Dallas.

The next meeting of the circle will be held at the church at which time the girls will entertain the Women's circles with a Mother's day program. Mrs. Wilson served a delicious dessert course to the following members:

Mrs. James Todd, Miss Hazel Campbell, Miss Reitha Lester, Miss Pearl Wilson, Miss Eliza Helen Meers, Miss Ola Gregory, and Miss Mary Joe Harmon.

Miss Ola Gregory was received as a new member.

Dr. R. E. L. Morgan To Speak Here Soon; Is Great Educator

The A. A. U. W. are entertaining Saturday afternoon at 3:30 o'clock in the home of Mrs. L. B. Hughey with a tea honoring the senior girls, their mothers, the junior girls, their mothers, and the members of the high school faculty. The principal speaker of the afternoon will be Dr. R. E. L. Morgan of Amarillo.

Dr. R. E. L. Morgan, a great educator and preacher, was for a number of years one of the leading pastors in the Oklahoma Conference, and later served several years as presiding elder of the leading districts of the conference. Dr. Morgan became president of Oklahoma college in 1928, and when the North West Texas Conference sold the college, he became the leader of a movement to establish an educational institution in Amarillo, and for the last months he has been successfully leading in a campaign to raise two hundred thousand dollars in Amarillo, to build a Methodist college. It is expected that this amount will be raised within the near future, and work to begin.

Dr. Morgan is acquainted with the educational problems of the day as few men are, and it is a privilege of the women and girls of Pampa to hear him speak.

Modes of the Moment

PARIS—(AP)—Jenny uses black combined with chartreuse green in a skirt-and-bouffant dress. The finely pleated skirt of black crepe de chine wraps around, a departure from most pleated skirts. The front lifts to follow the line of a fitted yoke which extends into a slender point on the blouse.

Family Menus

BREAKFAST—Sliced oranges, cereal cooked with chopped figs, cream, bread crumbs, pancakes, new maple sirup, milk, coffee.

LUNCHEON—Cream of asparagus soup, cheese muffins, jellied fruit salad, cocoa.

DINNER—Casserole of beef's tongue, twice baked potatoes, celery, cress and apple salad, vanilla ice cream, fudge cake, milk, coffee.

One of the most attractive ways to use cress in a salad is to strip the leaves from the stalks and use them as a border for the other material comprising the "salad". This is done in the dinner salad with finely minced cress sprinkled over the top of the dressing on each serving.

Casserole of Beef's Tongue

One beef's tongue, 1 cup sliced carrot, 1-2 cup sliced onion, 2 tablespoons minced parsley, 1 lemon, 2 cups canned tomatoes, 1 cup sauted mushrooms (optional but good), 3s lices fat salt pork.

Scald tongue in boiling water for twenty minutes. Drain and remove skin. Place on a bed or sliced fat salt pork sprinkled with carrot, onion and parsley in casserole. Add boiling water to cover. Add lemon juice. Cover closely and cook in a moderate oven three hours. Remove tongue to hot platter and cut in thin slices without cutting deep enough to separate them. Strain liquid in casserole and add to tomatoes rubbed through a coarse sieve. Heat to the boiling point and still in 1-2 tablespoons flour stir to a smooth paste with a little cold water. Bring to the boiling point and boil, stirring constantly for five minutes. Add sauted mushrooms and pour over tongue.

J. Wilson Smith, E. N. Smith, and O. W. Smith have returned from Manchester, Okla., where they attended the funeral of their father, J. P. Smith. Mr. Smith, who was 70 years old, died April 1st following a brief illness, and will be remembered as residing in Gray County west of Pampa during the years 1916, and 1917.

Stinnett Courthouse
Paving Progress
39 Years on Paper
White Deer Review

BY DAVID M. WARREN

A month has brought about much progress in Hutchinson county affairs. The new \$341,000 courthouse at Stinnett is well under way. It is astonishing how much work has been done on the new courthouse in the past month. County officials say it will be December before the building is completed. The new courthouse is absolutely fireproof and is two or three times larger than any other courthouse in the Panhandle plains.

The paving program in Hutchinson county has been resumed with the coming of spring. It will be only a few more months until the highway will be paved all the way from Borger to Stinnett. Another week will find a new bridge on this highway across the Canadian river completed. This bridge and the new paving will bring Borger and Stinnett within fifteen minutes of each other by driving time.

Real consideration has been given the public in making the detour from the north end of Borger to connect with the main highway nearer Electric City. Although the highway winds around between oil wells, it is not difficult to find one's way.

Another few days will find paving started on the first six-mile stretch out of Panhandle on the Borger highway. A good detour, which will be only two miles farther, has been graded. The Carson commissioner's court should be commended for the consideration of the public on this detour. When highway 33 was graded from St. Francis to Panhandle, it seems that the public did not get the consideration it deserved in the way of detours.

Thirty-nine years on one newspaper is a long time. L. E. Haskett arrived in Childress April 8, 1899, to become employed on the Childress Index. He began a connection with that newspaper which has not been closed to this date. Mr. Haskett said that thirty-nine years ago it was not believed possible to farm west of Wichita Falls and that it was nothing uncommon to see as many as one hundred cowboys in Childress at one time. During the intervening years, Childress county has be-

White Deer will have a complete newspaper plant in a few days for the first time. The Review was established about four years ago and it has enjoyed a substantial growth. White Deer is to be congratulated because it has grown to a city warranting a complete plant. This makes the third complete plant that has been installed by the Nunn-Warren newspapers. Others that have been installed are Borger and Galtique. Pampa, Panhandle, and Silvertown had complete plants when they were purchased by the present owners. Other cities in which this organization has newspapers are growing rapidly and it is hoped that they will soon warrant establishment of a complete plant.

TWO COUPLES DROWNED

WILMINGTON, Del., April 12.—(AP)—Two young men and two young women were drowned when their automobile plunged into a mill race that parallels the Brandwine river here. The accident was discovered today when a man saw a small coupe lying on its side in the water.

The men were identified as Ernest Scott, Wilmington, and Bernard Jackson, Newark, Del.

It was believed that the car plunged into the mill race during a snow storm a few hours earlier.

Gets 5-year Suspended Sentence at Houston

HOUSTON, April 12.—(AP)—Mrs. Lena Kirchhofer, 24, was at liberty Thursday under a five-year suspended sentence for shooting and killing her husband, John G. Kirchhofer, 28, at their home here February 3.

When the verdict was returned Wednesday night, the accused widow smiled, embraced her mother, Mrs. F. L. Pargo, and thanked her attorneys.

The trial began Monday. Mrs. Kirchhofer testified that her husband threatened to shoot her and that she "beat him to it."

NO FIRE LOSS

The fire department received a call at 9 o'clock this morning from the office of the Pampa Times, where a pile of boxes had caught fire. A line of hose was strung and the blaze put out with very little loss.

OIL OPERATOR DIES

FORT WORTH, April 12.—(AP)—Jno. T. Hughes, oil operator of Fort Worth died early today in Mineral Wells, a message received here said.

His death was said to have been due to heart disease.

Hughes was treasurer of the Jack Dalton Oil company and the Zedie-Belle Oil company. He is survived by his widow and a daughter.

POLICE CHIEF ANDREWS WILL RETIRE SOON

John V. Andrews, chief of police has tendered his resignation, effective April 15.

Mr. Andrews made the following statement to the city commission: "Due to the fact that I have entered the race for sheriff of Gray county, and as the time for the primary election is drawing near and feeling that it is necessary to the interest of my candidacy that I give a considerable amount of my time to that issue, and feeling that to do so would necessitate with tender my resignation as chief of police of the city of Pampa to be effective April 15th, 1928.

"Allow me to express my deepest appreciation to the entire City Administration for the kindness and support that has always been extended me in my efforts to enforce the law, over the entire period of my employment and from the various administrations that it has been my privilege to serve.

"I also desire to express my gratitude to the citizenship of Pampa for the wonderful cooperation and assistance that has been rendered, and will add that these associations and friendships will ever remain a bright spot in life to me.

"Sincerely yours,
J. V. ANDREWS"

Prayer on Lips of Negro As He Goes to Chair

HUNTSVILLE, April 12.—(AP)—Chanting a prayer as attendants strapped electrodes on his legs, Willie Fisher negro, at 12:22 a. m., Thursday pronounced dead in the electric chair of the penitentiary here as the penalty for killing his wife, Rosa, in Houston in November 1926.

The negro was led to the death chamber a few minutes after midnight by Assistant Warden Clegg Dewald who asked him if he had anything to say.

"Naw, suh," replied the doomed man "but would like to say many prayers."

He knelt before the black electric chair, bowed his head and repeated the Lord's prayer. Then he arose stretched his arms toward the white ceiling of the narrow chamber and said: "God take me into heaven now, for I am ready."

Investigations of Plane Tragedies Are Started Today

KENT, April 11.—(AP)—Investigator today sought the cause of an airplane crash on a ranch six miles from here which snuffed out the lives of three men flying from California to Michigan.

The men were Edward G. Knapp, distributor of Ryan and Waco planes in the Detroit territory and president of the Knapp flying service of Ypsilanti, Mich., Frank L. Drew, Fort Worth, oil salesman, and D. M. Lawson, deputy United States Marshall of Monticello, Utah.

Their bodies, badly crushed showing signs of having been lifeless for several days, were found yesterday strapped in the wreck of a monoplane. Identification was by letters on each body.

The party left Ryan field at San Diego Saturday for Ypsilanti, where Knapp was to deliver the plane. A resident of Kent said he saw a monoplane pass over Kent about noon Monday and that the engine seemed to be missing.

An inquest was ordered for today at Pecos, where the bodies were taken.

BATON ROUGE, La., April 12.—(AP)—Lieutenant Kenneth Boyd, Washington, D. C., and Corporal Ernest F. Koch, Van Metre, S. D., were killed yesterday when an airplane in which they were flying nose-dived 1,200 feet into the Mississippi river. The aviator jumped from the falling plane, witness es said, but were too near earth to make use of their parachutes. Engine trouble was believed to have caused the accident.

The fliers were enroute from the attack group field at Galveston Texas to Edgewood Arsenal, N. J., where Lieutenant Boyd had been ordered to report for duty in connection with chemical warfare unit.

Lieutenants G. C. McKinley and Walter W. Cross, pilot others of the third attack group at Giverson were here today to investigate the tragedy.

The Rev. U. S. Bird of Pnhandle was a visitor here yesterday.

Sandino Surrounded But Eludes Marines

MANAGUA, Nicaragua, April 12.—(AP)—American Marines trying to suppress the rebel movement in Nicaragua were puzzled today as to the whereabouts of the leader of the revolt, General Augusto Sandino. His following has broken into small bands and towns harassed by Marines encircle the region in which he has long been active.

Native sources reported that the leader had only a few men with him and was constantly on the move.

A thorough system of Marine patrols is constantly moving through affected regions in the north seeking rebel bands.

In an encounter near Pueblo Nuevo department of Nueva Segovia, yesterday, Marines killed one of a small group of Sandinistas and put the rest to flight.

GERMAN--

starting point. Up the slope it receded to the crest at the six hundred yard mark where it calculated that it should take the air. Then the plane started careening down the slope on the other side and disappeared from view of watchers at the starting point.

Crash Meant Death

Men who fly and men who know flying were frightened, for failure to certain death for the trio encased in the all-metal machine.

At 900 yards the Bremen's wheels left the ground. The undercarriage under the tail whirled away like a runaway cart. Still the plane was barely skimming the ground and roaring along at 90 miles an hour toward a stone wall at the end of the air-drome.

Under the cool control of Captain Koehl, who had said that the take-off was one of the most perilous parts of the flight, the plane headed for a branch made in the wall for the take-off. The Bremen shot through safely.

"If the wall had not been demolished the Bremen would have crashed; I was terrified," said Colonel Charles Russell, friend of Fitzmaurice.

After seconds that seemed like hours the silver wings appeared above the horizon, and men, women and soldiers, knowing the Bremen was in the air, cheered wildly.

Plane Ris Sluggish

The plane rose sluggishly beyond the height of 200 feet it turned gradually to take its way through a saddle in the hills five miles away.

It was perfect flying weather here when the Bremen got away. A tempest wind helped her into the air and a dim sun shown on her silver wings. In the western sky cloud banks all but obscured the blue Irish sky. Weather reports told of almost perfect weather.

Food was sacrificed for fuel in the Bremen.

However, the three fliers took with them a dozen vacuum bottles containing hot beef tea and strong coffee. Each airman also took two bars of chocolate and Colonel Fitzmaurice at the last moment obtained a dozen peeled oranges.

"The result rests in the hands of God," was the farewell telegraphed by Baron von Huenefeldt, to the Oberschlesische Volkstamme of Gletwitz, Germany, last month when a take-off by the plane appeared imminent.

Facts about the Bremen

The Bremen is a Junkers all-metal monoplane of the type successfully used on commercial lines in Germany. It has no radio.

The plane has a single Junkers L-f water cooled motor which can develop a maximum horse-power of 300. Its maximum speed is 130 miles an hour with the speed of 90 miles an hour considered the best for its present task.

Baron Ehrenfried Gunther von Huenefeldt spent his last penny and borrowed from 14 friends to make up the \$50,000 required to cover the cost of the flight insurance. He made an unsuccessful attempt to fly to America in the Bremen last summer.

He was seriously wounded in the war and invalidated out of the service. He is a close friend of the former crown prince and spent some time with him in exile. He was born at Koenigsberg in 1882. He is connected with the North German Lloyd steamship lines.

Koehl Was Prisoner

Captain Hermann Koehl, pilot, was born at Ulm, Germany, in 1888. He was in the German aviation service during the war and in 1917 was shot down while piloting a bomber over the French lines. On the second occasion he was taken prisoner, but later escaped. He was pilot on the Bremen's previous trans-Atlantic attempt, and has been active as a commercial flier.

Colonel James Fitzmaurice, co-pilot is head of the Irish free state air force and was born at Dublin 30 years ago. He served in the British army during the war and was wounded in 1916. He was transferred to the royal air force in 1917 and served with the army of occupation. With Captain G. H. McIntosh he made an unsuccessful attempt to make a non-stop flight to America in the Princess Xena last year coming down the Irish coast.

Need Road Connections

"This brings up the question of roads. Every effort should be made to have good road connections with the entire field. A road that can be traveled in all weather is a wonderful developer of the section through which it runs, as roads to the oil fields are very necessary as the city connected with it. Good sary in making Pampa the oil center of the Panhandle. Good through highways connecting Pampa with the rest of the world will also do much to put this city before the people that should be reached.

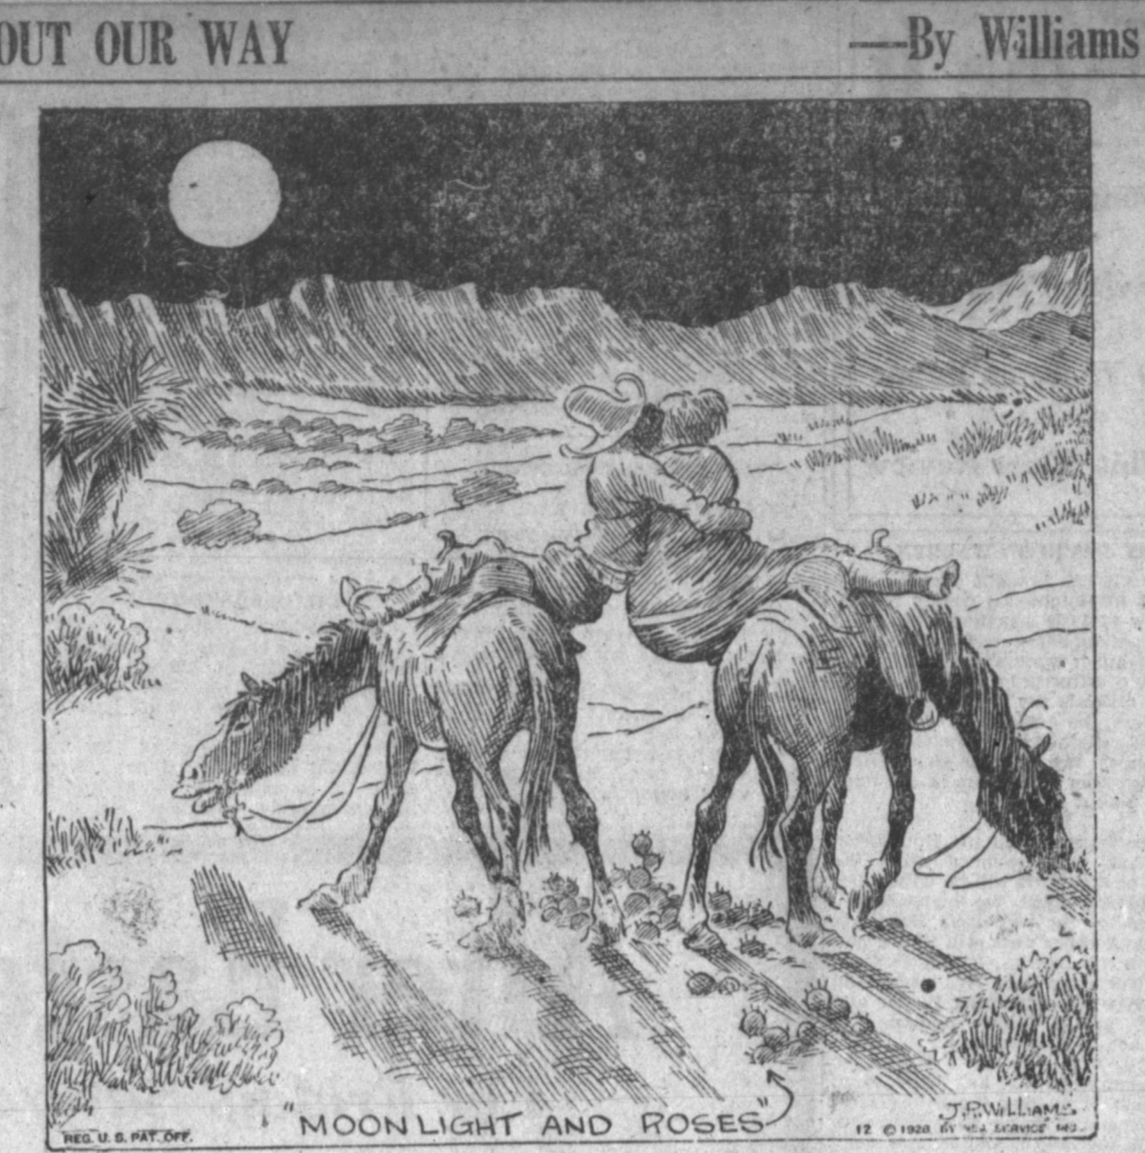

"The coming of the new railroad will be a big thing for Pampa, and there is still a need for a third line north and south.

"In other words, there is plenty to do. Will Pampa do it? The next few years will tell the tale of Pampa."

SPEED ATTEMPT FAILS

DAYTONA BEACH, Fla., April 12.—(AP)—Ray Keoch, veteran racing driver made an unsuccessful attempt today to lower the world's automobile speed record, his two runs on the beach at 158 and 144 miles an hour respectively, falling short of the present mark of 206.9 set a few weeks ago by Major Campbell of London.

Keoch announced he would postpone further efforts until tomorrow, on account of the roughness of the beach.

Yaqui Joe Says Climate Fits Him for Match Tonight

Tonight is the night. Yaqui Joe, famous Sonora Indian mat artist extraordinary, needs and hopes to throw Louis Sandova of Newark, N. J. at the Pla-Mor tonight.

The Sonora man was here last night and stated that he was all set for his big bout with the Greek. He will use his famous body scissor grip and many others that he has originated in his many years in the ring.

"I am in excellent condition, as this climate seems to suit me and is somewhat similar to my home in Sonora, Old Mexico, except for the wind," the Indian said last night.

In the semi-final, the hard-boiled Bohemian from Taylor, will wrestle a 30-minute time limit with Bull Young who is fifteen pounds heavier than Koepke. Both are tough fast wrestlers with tough thoughts when they step into the ring, and lively 30 minutes are prospects for the Pampa wrestling fan tonight.

The preliminary will commence promptly at 8:30 o'clock.

Denver, Omaha and Oklahoma City Are Favored in Western

OMAHA, Neb., April 12.—(AP)—The race for the Western league championship, starting today, will be between Denver, Oklahoma City and Omaha. Dale Gear, league president, said today. He was here for the opener between Denver and Omaha.

Des Moines, he said, is an unknown quantity, with its pitching staff apt to decide its position at the end of the season. Tulsa has been counted out, but Gear believes last year's champions may spring a surprise.

Pueblo has a "fighting president" in Spencer Albert, and will show a smart club, Gear said. Wichita and Amarillo were painted as good hitting clubs, though lacking full strength in their pitching staffs.

Pace Setters of Marathon Race Are Far Ahead

BRIDGEPORT, Okla., April 12.—(AP)—After completing two laps of the cross-country marathon in dead heats, Andrew Payne and Peter Gavuzzi have established their claim to the pace setting job by a margin of about twenty hours.

Gavuzzi, carrying the colors of Southampton, Eng., and Payne, Claremore, Okla., finished the 35.4 miles from Clinton yesterday in 5 hours, 28 minutes and 50 seconds, well ahead of the field of 82. On the previous day they tied on the Sayre-Clinton trek of 90 miles in 8:21:45.

This allowed Payne to maintain his lead in elapsed time with a mark of 340:52:29 for the 1421 miles from Los Angeles, about one hour and 25 minutes less than the English runner's total. John Salo, Passaic, N. J., ranks third with 260:37:52.

The runners and walkers turned toward El Reno today, 35 miles east of here.

Mr. and Mrs. W. F. Clausing were Amarillo visitors Tuesday.

See City Needs

"A brief glance at the city and surrounding territory shows the need of much work. As great as was the development during the past few years, Pampa is just getting started. A few of the needs can be briefly stated. As I see it, after a few hours in the city for example, the streets should be designated by signs, the houses should be numbered. Pampa is a city now.

"Another need, is more homes, more houses to rent. You can't expect people to come to the city, unless they can find a place to live.

"It seems to me that Pampa is in the needs of a city hall with a good auditorium in connection. A good auditorium is a big asset to a city.

Will Stress Agriculture

"The country must be developed all with the city, for after all, agriculture is the foundation of all permanent prosperity. This section is well known for its wheat, and other products, but a more intensive development is needed. More diversification more poultry, dairying and hog raising should be the aim. It needs a few thousand more farmers.

"This brings up the proposition of a county agent and a home demonstration agent. The experience of all countries is that they can do very much toward developing a county.

"Following this comes the need of a systematic publicity campaign, through the newspapers, through agricultural exhibits, and many other ways.

The oil and gas of this territory is an important industry. It looks as though this would be a long-lived field. That means a constant income for Pampa. The oil man is a valuable citizen, the oil companies are welcome addition to any city, and everything should be done to make Pampa the center of the oil activities. This field should be the Pampa field, in the eye of the world.
