Rev. G W Burns, a Baptist preacher from Snyder, preached in Gail last Thursday night to a very good sized audience.

Our job department is getting quite popular. We have recently printed for H T Dodson, J A Arnett, H D Pruett, Thornton & Hale, Judge Yellott, G W Foster, Sid Garrett and Carl Hucherson of Julia. These men usually buy a thing, only when they decide it is worth the price asked. They expressed themselves as well satisfied with our work and we will do just as well or better for you; since no matter how well we do anything, we are always striving to improve.

Mrs. Adair returned from Tahoka last night.

H H Nisbett, who purchased 320 acres of land from S Weber and the B N Green house and lot, has returned to Haskell Co. to move his family and effects to Gail.

Warren Bro's can fit you with a pair of spectacles. They guarantee satisfaction. Drop them a line at Snyder, Texas.

DOG A MOTHER TO CHICKS

Canine Shelters Wee Feathered Creatures—Chases Cats with Criminal Intentions.

Bloomfield, N. J.—Edward G. Naumann is the owner of seven little chickens which were brought to life in an incubator. Mr. Naumann is also the owner of a pet dog. The dog was basking in the sunshine the day the little chickens were turned out to scratch, and one of the little chickens butted up against him and immediately took shelter under his fleecy hair. The six others followed suit.

The dog did not resent the intrusion and the chickens made themselves very much at home, making short excursions from their shelter and then running back again. When the dog got up and moved he was followed by the batch of little chickens, and when he lay down again the chicks again used him for a shelter. The intimacy thus formed developed into a mutual attachment, and the dog assumed a guardianship over the chickens.

The dog, Mr. Neumann says, is a wonderful guardian and protector. While there are no fences around Llewellyn avenue premises, yet such is the sagaciousness of the dog and his intuitive ideas of surveying and geography that if the chickens attempt to cross the line of the Neumann place, the dog noses them back their proper bounds, and if appears in the neighborhood puts it to flight. The considerate of his character they want to rest the chickens cut.

SHADE TREES.

In the preparatory work and first improvement of Oak Cliff, the handsome suburban addition of Dallas, the building and improvement company in 1887 wisely set out at equal distances along the streets, on both sides, nice shade trees, thus making it a beautiful and attractive suburb to those who wished to avoid the overcrowded city and enjoy the advantages of country as well as town.

With the advantages offered of pretty and desirable residence property, together with quick transportation to and from Dallas lots, improved and unimproved in the addition were eagerly sought for and bought up at what were then considered fancy prices. The growth of Oak Cliff was phenomenal, until now, its population numbers six or seven thousand and is still steadily increasing.

We should study and call into play all the ingenuity and taste we possess to make home attractive and a place that contributes to our contentment and happiness above all others. If we do this, our boys and girls will be contented at home and not inclined to wander away from the parental roof and be ever eager to seek other and improper places of amusement and entertainment.

GIVES HEALTH, VIGOR AND TONE.

Herbine is a boon for sufferers from anemia. By its use the blood is quickly regenerated and the color becomes normal. The drooping strength is revived. The languor is diminished. Health, vigor and tone predominate. New life and happy activity results. Mrs. Belle H. Shriel, Middlesborough, Ill. writes, "I have been troubled with liver complaint and poor blood, and have found nothing to benefit me like Herbine. I hope never to be without it. I have wished that I had known of it in my husband's lifetime." Price 50c. at D. Dorward & Co.'s and all Druggists.

Our enterprising townsmen, J. H. Berry is keeping pace with the improvement of Gail by building a 1 1/2 story addition to his residence.

Practical Ideas Free for Western Farmers.

In this age of progress and advancement in all kinds of business the successful farmer and stock raiser is compelled to put more brains into his business than ever before. The price of land is increasing every year, and better and more improved methods of farming must be and are being inaugurated. There are many great problems to solve, and one of the greatest exponents of new practical ideas for the western farmer is the Western Breeders' Journal, published at Clay Center, Kansas.

We have succeeded in making arrangements with that valuable publication, whereby we can furnish it absolutely free to every reader of The Borden Citizen.

Beginning with this issue and continuing for a specified time both papers, The Borden Citizen and The Western Breeders' Journal, may be had for the price of The Borden Citizen only, which is One Dollar per year. In other words every one paying One Dollar on subscription during the next ninety days will receive both the aforesaid mentioned papers one year. The Western Breeders' Journal is conceded to be the most practical, up-to-date farm and stock paper in this territory. It gives the experience and reflects the ideas of those who have made a success of farming and stock raising under conditions that exist here.

Sample copies may be seen at this office at any time within the next ninety days. Remember the time limit, however, and see to it that your name is enrolled before the expiration.
