PAMPA GRAY COUNTY, TEXAS SUNDAY MORNING, JULY 28, 1929

PRICE FIVE CENTS

## MAN IS KILLED IN RIG ACCIDENT

### LEAHY FOUND SANE---SECOND HEARING OVERRULED

### MANY FORCES LINING UP IN FORT WORTH RAIL CONTESTS

#### PAMPA GROUP IS TO LEAVE EARLY TODAY

Hundreds of Pages of Data Prepared by Local Men

#### BIG HEARING TO OPEN ON MONDAY

Wichita, Kans., Now Endorsing Spur Proposal

The stage is set for the opening of the North Panhandle railroad contest in Fort Worth Monday at the Texas hotel, and Pampa's dozen or more participants, directed by the Board of City Development, know their cues and are ready to participate.

Local arrangements were completed yesterday afternoon at a meeting of witnesses and Chas. C. Cook, attorney, with directors of the Board of City Development. For several days Mr. Cook and helpers have been transcribing hundreds of pages of data and plans.

It was indicated yesterday that the following, and possibly others, would represent Pampa at Fort Worth: Chas. C. Cook, attorney; F. D. Kelm, M. K. Brown, George Briggs, E. A. Vance, M. Alex Schneider, J. M. Dodson, T. D. Hobart, L. C. McMurtrey, and George Rainouard. Most of these are planned to leave at 7 a. m. today. Mr. Hobart is already at Dallas and Mr. Briggs is at Eastland, where he attended the wedding of a son, Preston.

Ranged with the Fort Worth & Denver Northern corporation recently formed to finance the Childress-Pampa line in the event a construction permit could be obtained are the cities of Pampa, Childress, LeFors, Wichita Falls, and likely Dallas.

On the other side of the stage, favoring the Quannah-Shamrock line and other Rock Island-Frisco rail arrangements, are Shamrock, Wellington, Amarillo, Wheeler, Dogier, McLean, Groom, Alameda, Quannah, Seymour, and Fort Worth. Of these cities, a number, including Fort Worth, favor both lines if the I. C. C. finds enough tonnage possibilities to warrant them.

**Burlington Head Speaks**  
With a conflict in lines extending from Wellington to Shamrock, it is proposed by the Denver and urged by the Fort Worth Star-Telegram to use joint trackage between these two cities, enabling each road to save about \$750,000. The advisability of this solution was pointed out here Friday by F. E. Williamson, president of the Burlington system of which the Fort Worth & Denver Northern would be a part.

Pampa's strategic importance to the Denver lies in the fact that no other road is proposing to build from Shamrock to Pampa. It has been hinted by the Rock Island, however, that should the Quannah-Shamrock permit be granted that road would likely later build through Pampa in going from Shamrock to Pringle, north of Stinnett.

Since there are several other railroad contests set for the same time in Fort Worth, the hearings involving Pampa may not begin before the middle of the week. Pampa's witnesses, headed by George Briggs, manager of the Board of City Development, will have a series of preliminary meetings at the Texas hotel, where they will stay in Fort Worth, regardless of when it appears that their testimony will be needed. The Pampa evidence has been classified by Chas. C. Cook, B. C. D. counsel, and witnesses have been obtained to speak authoritatively on each subject.

(See RAILROAD, Page 6)

#### THE WEATHER VANE

WEST TEXAS: Partly cloudy thunder showers and cooler in the Panhandle. Sunday; Monday, partly cloudy, showers and cooler in north portion.

#### View on First Gray County Road Paving

—By Staff Photographer.

Here is a view on the recently opened paved highway leading south from Pampa. The camera was pointed toward the city from a point about half a mile south of the city limits.

#### COUNTY DECLINES TO BECOME PARTY TO PAVING ON HIGHWAY 33 WEST—FUNDS ARE EXHAUSTED

#### Week's Building Permit Total in City Is \$28,725

Pampa's building permits continue to be light despite an active building campaign. The lack of permits is due to contractors and owners not taking out the necessary papers to build.

F. E. Townsend, inspector, says he is going to be forced to take drastic steps to cause observance of the permit ordinance.

"I drive all day getting permits that are supposed to be taken out at my office in the city hall," Mr. Townsend declared yesterday in summing up his week's report.

Permits for last week amounted to \$28,725, to bring the year's total to \$872,570.

Included in the list of building permits last week were:  
C. C. Groening, \$5,000 home in Wynnelea addition.  
H. L. Tipton, \$2,500 residence in the Cole addition.  
Phillips Petroleum company, \$3,000 filling station on South Cuyler street.  
J. H. Dean, \$7,500 brick building on North Cuyler street.  
J. B. Ayres, \$2,500 home in the Ayres addition.  
A. Groening, \$3,000 residence in the Wynnelea addition.  
J. Cobb, \$2,600 home in the Ayres addition.

#### Little Grain Is Being Shipped Now

Only five carloads of wheat moved from Pampa during the last week, although considerably more grain was received by elevator men and placed in storage.

It was said by Santa Fe officials Saturday that about 1,600,000 bushels had been handled from this station, including cars from Hover, Kingsmill, and Heaton.

Between 200,000 and 300,000 bushels is still in storage in this immediate area it is believed. With the market fluctuating from about \$1.10 per bushel, farmers seem inclined to hold their grain for a better price.

Three railroads in the panhandle moved about 24,000 cars of grain to Friday night, the Associated Press reported. The estimate was that 70 per cent of the crop had been moved. Estimates last week showed a 42,500,000 bushel crop, based on an average car of 1,350 bushels.

#### APPEAL WILL BE TAKEN TO HIGHER COURT

Every Recourse Being Used to Save Cattleman

#### DEFENSE PLEA CITES BRAIN

Claim That Bullets Shown in X-ray Pictures

GEORGETOWN, July 27. (AP)—Happy J. Leahy, condemned to electrocution for the murder of Dr. J. A. Ramsey of Mathis, tonight lost his fight to escape the electric chair through insanity, when a jury declared him sane. He then heard his motion for a new trial overruled by Judge J. D. Moore. His attorneys immediately gave notice of an appeal to the Court of Criminal Appeals.

Leahy sat unmoved and apparently little interested in the proceedings as the jury and the judge crumbled the barriers with which he had sought to ward off his execution.

The elderly South Texas cattleman, who used every recourse of law for two and one half years to evade the electric chair, is scheduled to die early Friday morning. That is the date upon which his last reprieve expires.

**Court On Vacation**  
Some lawyers doubted whether the case could be placed before the court of Criminal Appeals. That body is at present in vacation and it is doubtful whether it could review the case before, October.

Judge Moore turned Leahy over to the sheriff with orders to deliver him to prison authorities, but it was thought he would be kept in the jail here, or at Austin until the result of his appeal is known.

The jury received the case after listening to final arguments which occupied the court day. They went into every phase of the Ramsey slaying, and subsequent events in Leahy's life.

County attorney Wood based his argument for the state on his contention that Leahy, by properly drawing a contract to find the body of Ramsey, and later by refusing to answer questions for experts, gave evidence of an ability to reason and an awareness of his own plight.

**Claim Morbid Insanity**  
A. S. West of San Antonio, for the defense, discussed technical phases of emotional and morbid insanity and argued that Leahy's symptoms showed him to suffer this type of mental abnormality. He declared x-ray pictures of Leahy's brain showed foreign substances which might cause such insanity.

E. P. Simmons of San Antonio censured the State for not introducing x-ray pictures and forcing Leahy's lawyers to call for them. He charged that the State failed to introduce them because the pictures showed not only two bullets, but seven other fragments in Leahy's brain.

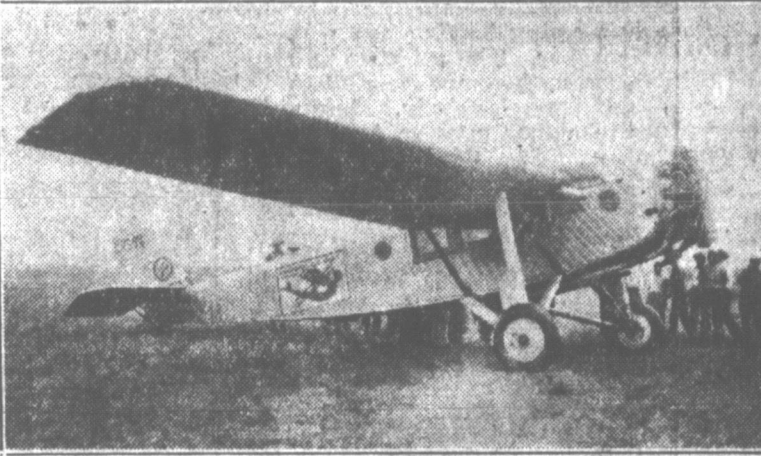

#### Bases for Tower Poured Saturday

Pouring of the huge bases for the concrete footings of the new water tower under construction just east of the city water wells was completed yesterday.

The new tower, which will be 144 feet high, with a capacity of 150,000 gallons will be finished in sixty days, City Manager F. M. Gwin said. When completed it will provide the city with three times the present water storage and increase protection from fire, Mr. Gwin said.

The condition of Miss Myrtle White, who has been seriously ill several days with appendicitis, was unchanged late yesterday.

#### When Air Service Came to Pampa

—By Staff Photographer.

Through a drizzle and low "ceiling" last Wednesday came the big Hamilton monoplane to inaugurate the Tulsa-Oklahoma City-Pampa-Amarillo air line—Pampa's first air passenger service. Paul R. Braniff, left, president of the Braniff Airlines, Inc., was welcomed by George Briggs, right, on behalf of local citizens.

#### SPECIAL POLICE TELEPHONES ARE BEING INSTALLED—PLAN WILL INCREASE EFFICIENCY

#### Oil Production in Gray County Sure of Boost

Heavy production from the Phillips Petroleum company's test brought in a week ago Thursday, and several small producers brought in last week, has carried Gray county's daily oil production to 59,881 barrels, a gain of 3,098 barrels over the previous week.

With the exception of Moore, every county in the Panhandle showed daily gains in production. Hutchinson county's increase was 693 barrels, due to a small producer and several wells cleaned out. Moore county slumped only 100 barrels.

More than 50 Gray county tests are nearing the pay and the county's daily production is expected to reach the 100,000-barrel mark next month. Practically all the Panhandle's activities are centered in Gray county, although some active drilling is in progress in other fields.

Production by counties last week:  
Carson: 7,805 barrels, an increase of 298 barrels.  
Gray: 59,881 barrels, an increase of 3,098 barrels.  
Hutchinson: 25,033 barrels, an increase of 693 barrels.  
Moore: 1,150 barrels, a loss of 100 barrels.  
Wheeler: 339 barrels, an increase of 333 barrels.  
Total: 94,808 barrels, an increase of 4,322 barrels.

Mrs. Ray Chambers will leave tomorrow for a two-week visit in Des Moines, Iowa, with her parents, Mr. and Mrs. L. V. Pease.

Police telephones which will carry orders instantly from the chief's desk or transmit calls to the police station from officers many blocks away will be in use here for the first time tomorrow night, following the installation of two telephones on down-town streets.

One telephone is attached to the Gray-Pampa hotel and store building at the corner of South Cuyler street and Tyng avenue, and the other, to a brick pillar at the corner of the Duncan building, at the corner of Cuyler street and Kingsmill avenue. They are protected by specially constructed boxes and locks.

The greatest advantage which the automatic telephones offer is the rapid transmission of night alarms, possible even when there is no one at the police station, according to F. M. Gwin, city manager. In the absence of all officers from the police station, the switch connecting the desk and street telephones will be "plugged in," and every call made to the station will be received by the officers on the streets and answered by the one nearest the scene of the disturbance.

During the day, while the chief's desk is constantly occupied, the street telephones will be disconnected, except when the officer at the desk wishes to give orders to some officer on the street. They can be rung instantly. The simultaneous ringing of the two will make possible the rapid concentration of several officers in one point, Manager Gwin pointed out.

Chief of Police J. I. Downs and Mr. Gwin believe the installation of the telephones will more than double the efficiency of the police department. The cost to the city will be the same as for two ordinary business telephones. A third street telephone will be placed soon at the corner of the Pampa Daily News building at the intersection of Foster avenue and Somerville street.

#### ANOTHER MAY DIE OF LARGE SKULL WOUND

Amos Robertson Victim of Mishap Friday Afternoon

#### ROY MOOSE IS SERIOUSLY HURT

Crown Block Is Shaken Down on Gulf Derrick

One man was killed outright and another was critically injured late Friday in a shower of lines and blocks from the top of the rig of Gulf's Saunders No. 2, about two miles southeast of LeFors.

Amos Robertson, 36 years old, died instantly, his body crushed to the floor of the rig and battered by falling materials.

Roy Moose, 22 years old, suffered a skull fracture and has since been in a semi-conscious condition. His recovery is problematical. His wife is with him at Pampa hospital.

The body of Mr. Robertson will be sent to his former home city, Sulphur, Okla., for burial. He is survived by his wife and two children.

The men were working for Adams & McGahey, drilling contractors, at the Gulf well, in section 3, block 1, when the accident occurred. In some manner a string of pipe under control of a rotary rig crashed into the top of the derrick. Lines, pulleys, and part of the crown block fell to the floor of the rig. It is believed that neither man was aware of the danger. Others working on the floor miraculously escaped injury. Two Malone ambulances were summoned as soon as possible after the accident, which took place about 5 p. m. Mr. Moose was at first thought fatally injured, but he rallied and yesterday was slightly improved. The back of his head was crushed when struck by a portion of the crown block.

#### "St. Louis Robin" Nearing Fifteenth Full Day Flying

ST. LOUIS, July 27. (AP)—Still resolved to fly their monoplane, "St. Louis Robin" until the motor quits, Dale Jackson and Forest O'Brien tonight neared the close of the fifteenth day in the air and the motor was showing no signs of "giving in." At 5:17 p. m., they had been up 348 hours.

The fliers were jubilant over having conquered their nearest rival, the Houston, Texas, endurance plane, "Billion Dollar City," which was forced down this morning, but this appeared to spur them on rather than to tempt them to land.

One of the largest crowds that has gathered at Lambert-St. Louis field since the fliers broke the record of the "Angeleno" last Tuesday watched the plane circle gracefully above the airport tonight. Special traffic and policing arrangements were made for what is expected to be a record crowd tomorrow.

If they are still up tomorrow, it will be the third Sunday for Jackson and O'Brien in the air above the field. In a note dropped from the plane today, the fliers said:

"We are sorry we are keeping the people of St. Louis waiting so long, but we are trying to put the record where the people of St. Louis will be proud of it for some time—same as 'Spirit of St. Louis,' which will always stand. May your patience be fully rewarded."

Mamie Irene and Carnelle Owens, daughters of Mrs. J. Raymond Brown, left this morning for an extended visit with their grandparents, Mr. and Mrs. M. F. Meeks of Hammond. Before returning home they will visit in Madison and Waco.

"It's Like This—"

ACCORDING TO RAILROAD OFFICIALS, who know the procedure most effective in such circumstances, Pamp and Childress have done all within their power to make the Fort Worth & Denver line possible.

The local public cannot realize how busy have been directors of the B. C. D. and particularly Manager George W. Briggs and the law firm of Cook, Smith & Teed in gathering data for the briefs and evidence which will be presented.

There has been little ballyhoo. Such tactics have no bearing upon the Interstate Commerce Commission, which is really a supreme court in transportation matters.

Pampa's case, presented in briefs and testimony to be given by more than a dozen witnesses, bears upon this community alone and is designed to injure no other section.

Rock Island and Frisco requests added a powerful factor in competition with the Pampa-Childress line. So many towns are concerned with one of these roads or the other that the preponderance of witnesses probably will not rest with the Denver.

The Texas Railroad Commission knows the rail needs of the Upper Plains of the Panhandle. If this contention is grasped by the I. C. C. officials, there will be no doubt as to a permit for a north-south line.

Volume of evidence will have little weight unless it is pertinent. Readers of articles emanating from the hearing should not be discouraged by any seeming leaning one way or another.

Pampa counsel scored a strategic victory in having cancelled the C. & O. W. hearing scheduled to have been held here July 24.

Our Glasses Steady the Nerves, our Eye Tests produce no discomfort. We examine your eyes thoroughly, scientifically, and fit glasses to all visual defects.

O. W. spur line would never be built as a service line merely, but as a step in trying to keep out competition it was plausible.

The branch line question may be settled at Fort Worth or it may be deferred pending outcome of the other rail contest. It is not likely that both the spur and a through-line will be allowed to penetrate the same area.

Houston is complaining that the weather man's thermometer is 22 stories above the streets. And the smaller cities are complaining because they can't put theirs that high.

It is hard to compile facts about Pampa while the totals of everything are climbing every day.

Speed the day when trying for an endurance record will not be news—at least until the fliers have been up a fortnight.

What is our coast guard for, if not to prevent infraction of our importations of booze by

the smuggling route? Having renounced war, why not keep our military forces in trim by waging war on crime?

It's sort of funny how Pampa stays in the "white" on the good business maps while a lot of us manage to keep "in the red" pretty consistently.

Congress has recessed for a spell, but the deluge of speeches from the Congressional Record continues unabated.

Our state legislators are different—they are willing to forget their mistakes and achievements if you will let them.

Amarillo Woman Sometimes Felt Almost Helpless. ORGATONE OVERCOMES HER RHEUMATISM AND SHE IS FEELING JUST FINE—SUFFERED THREE YEARS.

"When I began taking Orgatone some times I almost felt helpless—just hardly able to be around—on account of swelling in my joints and limbs. But now I have gained back my lost strength, feel fine, and can get around nimbly as I could years ago."

Advertisement for BAXTER'S AUTO REPAIRING. M. Baxter, Mgr. Phone 401—'

above remarkable statement, lives at 310 N. Fillmore street, Amarillo, Texas, and whose husband is a well known mechanic at the smelter.

"I didn't know, at first," she continued, "what my trouble was, but about three years ago I commenced to be bothered with swelling in my limbs and stiff joints which warned me I was in the clutches of rheumatism. No one who has not suffered with these pains can realize the intense misery I went through."

"My appetite was very poor and my stomach so upset, that I couldn't eat food of any kind without suffering from pains in my stomach. I tried the best of treatment and medicines I could get but got no relief and at times I got so blue and discouraged I didn't think I would ever find anything to reach my case. So, when I read of Orgatone and made up my mind to try it, I had just about abandoned all hope of ever recovering."

"I noticed an improvement almost from the time I started on Orgatone. My stomach was soon getting better and my nerves quieted down so I could sleep. My appetite improved, then the pains and swelling in my joints gradually diminished and I became less constipated. So I kept taking Orgatone and getting better and finally my pains about disappeared and I was feeling like a different person. Now I can lie down in my bed and sleep all night long, and find no trouble in looking after my household duties. These are the results I have gotten from three bottles of Orgatone and I certainly don't believe anyone suffering as I did, will make a mistake by giving it a trial."

Genuine Orgatone is sold exclusively in Pampa by the Richard's Drug Co., Inc.—(adv.)

## El Progreso and A. A. U. W. Study Club Select University Courses in American Literature for Year's Work

With the opening of the new club year little more than a month ahead, calendar committees of the various women's organizations of the city are completing final drafts of the programs for the year, and shortly will send the yearbooks to the publishers.

At least two study clubs will take bona fide university courses as bases for their year's work, and, as it happens, both will study American literature.

El Progreso club members, whose studies during the last year were in modern fiction, philosophy, and psychology, next year will review the earlier American poets, essayists, and short story writers in a fully outlined course from the University of Texas.

Authors whose works and biographies will be studied in the semi-monthly programs include the following: William Cullen Bryant, Henry Wadsworth Longfellow, John Greenleaf Whittier, James Russell Lowell, Walt Whitman, Ralph Waldo Emerson, Washington Irving, James Fenimore Cooper, Samuel L. Clemens (Mark Twain), William Dean Howells, Henry David Thoreau, Nathaniel Hawthorne, and Oliver Wendell Holmes.

The Study club of the A. A. U. W. and College club selected for this year's study a course in contemporary American literature, with programs supplied by the University of North Carolina. Recent works of Edith Wharton, Sinclair Lewis, Willa Cather, Joseph Conrad, Sherwood Anderson, Eugene O'Neill, Edwin Arlington Robinson, and Edna St. Vincent Millay will

be bases for discussions. Programs outlined by the local committee to give variety and breadth to the year's work will include one on citizenship among women, one on Pulitzer prize winners, and three on South American history and foreign relationships.

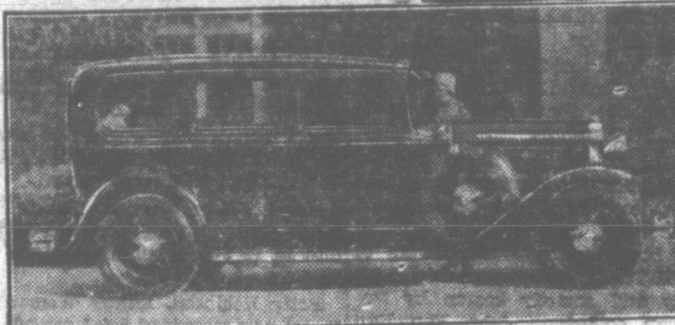

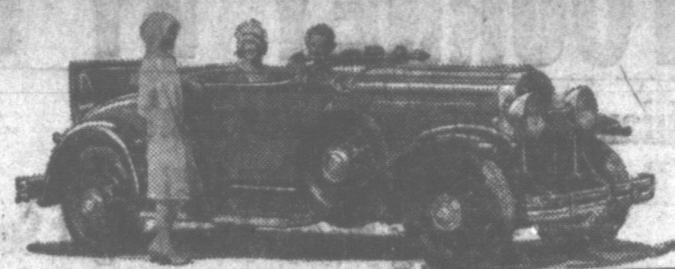

## Story Hour Friday Devoted to Tales of Hans Anderson

Three favorites among the enchanting fairy tales of Hans Christian Anderson were told by Mrs. W. T. Fraser to 10 little boys and girls who made up the audience for the monthly story hour Friday morning at the public library. "Little Claus and Big Claus," "The Tinder Box," and "The Old House," held the children literally spellbound. The hour ended, as it usually does, with the plea for "Just one more story!"

The children's story hour was sponsored by the Twentieth Century club, with the members alternating as story teller. The groups of children attending, some times large and some times small, always have been intensely interested, the entertainers said.

Mr. and Mrs. A. L. Stalls and two daughters of Deport are spending a few days here as guests of Mr. and Mrs. J. R. McSkimming. Mrs. McSkimming is a daughter of Mr. and Mrs. Stalls. The following attended the party:

Increased Power and Attractive Body Lines Are Offered in the New Buick. Above—The Roadster. Below—The Seven-Passenger Sedan.

## John Lee Harris Honored by Young People of Church

Quaint costumes of other days, old-fashioned games, and the songs of yesterday gave a surprise birthday party given Friday evening by a group of the young people of the First Baptist church, honoring John Lee Harris, assistant pastor, making it one of the season's most interesting social affairs.

The festivity was held at the home of Mr. and Mrs. S. L. Anderson, 121 North Wynne street, with Miss Kate Anderson in charge of the entertainment program. More than a score of the younger members of the church and church societies attended and united in presenting the honored guest a fountain pen and pencil set, in token of their appreciation of his invaluable assistance. Following the presentation of the gift, old-fashioned pink lemonade and cookies were served. The following attended the party:

Mrs. M. P. Downs, Miss Sarah, Miss Cornelia, and Miss Elizabeth Barrett, Miss Ellen Nabers, Miss Ruth Henry, Miss Betty Haiduk, Miss Mildred Mason, Miss Euditha Henry, Miss Ruth Binford, Miss Claudine Haynes, Miss Helen, Miss Kate, and Miss Blanche Anderson, Kenneth Irwin, Matt Lunsford, Harvey Anderson, A. J. Erwin, Stanley Brake, Parker Hodge, Charles Bradshaw, Clifford Solomon, Calvin Whitley, and the honored guest, John Lee Harris.

## Canadian Will Get Large Hotel

CANADIAN, July 27. (Special)—Plans for building a five-story hotel of brick and steel construction, costing approximately \$50,000, have been announced by Leonard Records of the White House Lumber company.

These plans call for a fireproof building with 48 rooms, a lobby, and two storerooms, and an elevator. The building will be erected on Mr. Records' lots in the first block of Main street,

25 feet up the hill from the Santa Fe depot. The hotel will have a 50-foot front on Main street.

## McLean Pastor to Be at Scout Camp

M'LEAN, July 27. (Special)—The Rev. B. W. Wilkins will go with McLean Boy Scouts to Camp Warner, 14 miles south of Claude, for the scout camp, August 11 to 21, and will act as camp pastor, it has been announced by I. E. Jolly, scout executive of the Amarillo area.

Norvin Ashby and Donald McCombs have been selected as junior officers to represent McLean on the camp staff. The camp will close August 21, when Lions, Kiwanis, and Rotary members from all parts of the Panhandle will attend the court of honor and the big Indian style chicken barbecue which will be held as one of the main events of the week.

Earl M. Holt of Abilene and Charles L. Beall of Dallas were among the business visitors here Friday and Saturday.

## Country Club Dresses

This smart coat is displayed by Lila Lee, Hollywood screen favorite, in Film Fashions presented this week at the Rex Theatre through the courtesy of J. E. Murfee and Company. It is of Cloth of India, a hand woven fabric, in pastel shades.

Betty Francisco wears a sleeveless sport dress featuring the popular sun-tan back, fashioned in silk thoroughbred tan crepe piped in red.

Vivacious Betty Boyd chooses an afternoon dress of steffi cardinal satin, featuring a tight fitting basque girdle. The blouse is a short tuck-in of tan crepe with a rubberneck collar buttoning in back.

Demure Shirley Palmer's choice was a maize colored sleeveless sport dress with a patsy cape lined in stripe print which shadows through and can be worn reversed.

You can see these garments modeled on the screen at the Rex theatre today, Monday and Tuesday

# LEGION GRAYS STAY IN TOURNEY BY BEATING BORGER

## FRENCH'S ARM BIG FACTOR IN AMARILLO WIN

### Winegardner Finds His Batting Eye in Earnest

By HARRY E. HOARE

Great pitching by Slim French, Grays' mound artist, and the hitting of Winegardner, shortstop, featured the Pampa Legion Grays victory over the Borger nine in the Amarillo tournament yesterday afternoon, 5 to 0. The elongated hurler let the hard-hitting Borgerites down with five well scattered singles. Winegardner, who had failed to hit safely, stepped to the plate and crashed out two triples, a single, and a sacrifice.

He was robbed of his first triple when Umpire Bradford ruled he missed the bag, although he stepped on top of it while rounding the base. The entire Grays team protested without avail, and Winegardner was credited with a single. On his next time at bat he crashed a triple in the same place and stopped on each bag.

Roberts, Munds, Waller, and Horton were the only other Grays to get hits. Speck Roberts, second baseman, is the only member on the Grays' roster to hit safely in every game. Besides hitting well, the little fellow has been fielding sensationally. He covers a lot of ground and plays sure ball.

**Munds is Back**

Strength was added to the Grays' line-up yesterday when Joignant Munds stepped into a uniform for the first time. He played right field like a veteran and made two sensational catches after hard runs.

Besides pitching great ball, French scintillated in field. The big pitcher made four assists during the game and started the only double play of the day. He took a hot roller to the box, threw to second to get Swain, and Winegardner caught Lard at first.

The Grays looked little like the team of Thursday, when Wellington won 5-0. They played heads-up baseball throughout the entire game and were hitting good pitching.

The Grays have the distinction of playing 25 scoreless innings out of 26 innings played. In the three games the Pampa nine has played, only one inning has seen runs cross the plate against them. The opener was won, 8 to 0. The second was lost, 5 to 0. Wellington scoring all five runs in one inning. Yesterday's encounter went to the Grays, 5 to 0.

**French Fools 'Em**

Swain and Cannon were the only Borger players to solve French's slants. They gathered four of the team's five runs. Marshal got the other on the first inning. Only one Borgerite got as far as third base and only four managed to reach the second station. In all, eight Borger players reached first base. French was not pitching strike-out ball. His support was airtight and he was making the Borger players pop-up.

The Grays failed to score until the fourth inning. Nell rolled out, short to first. Waller walked. Marcum walked. Winegardner scored both players with a triple over the left fielder's head. Williamson struck out and Horton flied out to deep short.

One run was added in the sixth inning. Waller took one on the nose and it went for a triple. The ball rolled to the left field fence and only fast work by Lard and the fact that Waller panned on each base kept the lanky outfielder from going home. Marcum was an easy out, but Winegardner scored Waller with this third consecutive hit of the day. He went out stealing. Williamson rolled to the pitcher for the third out.

**Two in Seventh**

The Grays scored two in the seventh. Horton was safe on the shortstop's error. French sacrificed Horton. Roberts was safe on the shortstop's error. Horton going to third. Munds then came to bat and crashed a long single through second, scoring Horton and Roberts. Nell sacrificed Munds but Waller flied out.

The last score came in the eighth. Marcum was safe when the center-fielder dropped his short fly over second. Winegardner made his percentage for the day 1.000 when he sacrificed. Williamson again rolled weakly to the pitcher. Marcum went to third on a wild throw and scored on Horton's single through short. Horton stole second. French flied out to first.

This afternoon the Pampa Grays will meet the Lamesa Lobos in a crucial game. The winner of the contest will be in for a share of the money. Oober says he will probably send Pat Malone to the box to feed the Lobos his fast balls. Malone has worked only two innings and is ready to go.

Many Pampa fans are planning to attend the game this afternoon. The American Legion band will be present to play the Legion Grays to victory.

The final games of the tournament will be played Monday.

The box score:  
PAMPA-(6) ABR HPO A E  
Roberts, 2b ..... 4 1 1 2 3 0  
Munds, rf ..... 3 0 1 2 0 0

## Mustangs Will Play Academy

DALLAS, July 27. (AP)—An agreement for football games between Southern Methodist University and the United States Naval Academy to be held in the East in 1930 and 1931 has been reached, J. N. Blackwell, business manager of athletics at S. M. U. announced tonight.

Blackwell said the contracts were not signed yet but that the first contest would take place Nov. 15 at Baltimore, Washington, or Annapolis. The contracts probably will be signed next month when Comdr. Jonas Ingram, director of athletics at the naval academy, comes here to attend the Rockwell Warner coaching school.

The date and place for the 1931 meeting, Blackwell said, probably will be set after the 1930 game.

## Waco's Legion Boys Are Champs

WACO, July 27. (AP)—The Waco Junior Legion team won the state championship this afternoon by defeating the Sweetwater Boosters 11 to 2. The Boosters won the right to enter the finals by winning from the Houston Junior this morning 9 to 5.

Score by innings: Sweetwater 200 000 000—2 5 4. Waco 110 503 10x—11 12 1. Ely, Winker and Webb; Brook and Back.

## LEO DIEGEL WINS

KANAWAKI, Que., July 27. (AP)—Leo Diegel, pro, Auga Caliente, Mexico, club, won the Canadian open gold championship for the fourth time today, finishing the 72-hole grind with a score of 274.

Nell, 1b	3	0	0	14	0
Waller, lf	3	2	1	1	0
Marcum, cf	3	2	0	2	0

**French Fools 'Em**

Swain and Cannon were the only Borger players to solve French's slants. They gathered four of the team's five runs. Marshal got the other on the first inning. Only one Borgerite got as far as third base and only four managed to reach the second station. In all, eight Borger players reached first base. French was not pitching strike-out ball. His support was airtight and he was making the Borger players pop-up.

The Grays failed to score until the fourth inning. Nell rolled out, short to first. Waller walked. Marcum walked. Winegardner scored both players with a triple over the left fielder's head. Williamson struck out and Horton flied out to deep short.

One run was added in the sixth inning. Waller took one on the nose and it went for a triple. The ball rolled to the left field fence and only fast work by Lard and the fact that Waller panned on each base kept the lanky outfielder from going home. Marcum was an easy out, but Winegardner scored Waller with this third consecutive hit of the day. He went out stealing. Williamson rolled to the pitcher for the third out.

**Two in Seventh**

The Grays scored two in the seventh. Horton was safe on the shortstop's error. French sacrificed Horton. Roberts was safe on the shortstop's error. Horton going to third. Munds then came to bat and crashed a long single through second, scoring Horton and Roberts. Nell sacrificed Munds but Waller flied out.

The last score came in the eighth. Marcum was safe when the center-fielder dropped his short fly over second. Winegardner made his percentage for the day 1.000 when he sacrificed. Williamson again rolled weakly to the pitcher. Marcum went to third on a wild throw and scored on Horton's single through short. Horton stole second. French flied out to first.

This afternoon the Pampa Grays will meet the Lamesa Lobos in a crucial game. The winner of the contest will be in for a share of the money. Oober says he will probably send Pat Malone to the box to feed the Lobos his fast balls. Malone has worked only two innings and is ready to go.

## CUB'S LEAD IS INCREASED TWO FULL GAMES

CHICAGO, July 27. (AP)—The Cubs increased their margin over Pittsburgh to two full games today, triumphing twice over Philadelphia, while the Pirates were dividing a doubleheader with Boston.

Charlie Root pitched the Cubs to a 10-to-7 victory in the second game, after Pat Malone had hung up his thirteenth win of the season in the first tilt, 6 to 1.

## Braves Split Pair

PITTSBURGH, July 27. (AP)—Pittsburgh and Boston split a doubleheader here today, the Braves winning the first, 10 to 3, and Pittsburgh the second, 5 to 2.

Harry Seibold held the Pirates safe in the first game, while his teammates, led by "Rabbit" Maranville, pounded Larry French freely.

## Giants Beat Cards

ST. LOUIS, July 27. (AP)—A two-run rally in the eighth inning gave the New York Giants a 3-to-2 victory over the Cardinals today. Hal Haid held the Giants to six hits. The Cardinals got 10 hits off Bell and Mays.

The score by innings: R. H. E.  
New York 000 001 020—3 6 1  
St. Louis 010 100 000—2 10 1  
Batteries—Hubbell and O'Farrell; Haid and Wilson.

## Herman's Homer Long

CINCINNATI, July 27. (AP)—Babe Herman hit a record home run for the Brooklyn Robins today, but it was not enough to win and the Reds took the second game of the series, 4 to 3. Herman's drive went over the center field fence and was the third ever to clear that barrier. He also got two other hits.

The score by innings: R. H. E.  
Brooklyn 000 100 100—3 9 0  
Cincinnati 003 000 00x—4 9 1  
Batteries—Morrison and Picinich; Deberry; Rixey and Sukeforth.

## Brilliant Young Americans Beat France's Best in Doubles Play, Taking Match in Straight Sets

Paris, July 27. (AP)—France will have to wait another day to pour champagne into the Davis cup, the gleaming bowl that symbolizes world supremacy in tennis.

Hopeful of winning three straight matches, the French sent their best doubles team of Henri Cochet and Jean Borotra against the United States but the singles conquerors of Big Bill Tilden and George Lott were soundly and smartly beaten by two American collegians, John Van Ryn and Wilmer Allison, the one from Princeton and the other from the University of Texas.

## Records Broken in Women's Meet

SHREVEPORT, La., July 27. (AP)—The Spudders increased their lead to two games on the Sports today by winning the first of the series, 7 to 6. Bennett starred for the visitors with a single, triple and a homer that accounted for four runs.

The score by innings: R. H. E.  
Wichita Falls 200 300 200—7 12 2  
Shreveport 100 032 000—6 10 0  
Batteries—Steengrafe, Goff and Crouch; Tuero, J. Thompson, Owens, and Tobin.

## Steers Beat Cats

DALLAS, July 27. (AP)—The Dallas Steers, first half champions of the Texas league, played championship ball here today to defeat their ancient enemies, the Fort Worth Cats. The Cats were Kitten's before the masterful hurling of Glazner who allowed five scattered singles.

The score by innings: R. H. E.  
Fort Worth 000 000 000—0 5 1  
Dallas 001 011 20x—5 12 0  
Batteries—Sullivan, Whitworth and Baker; Glazner and Bischoff.

## Waco Wins in Ninth

WACO, July 27. (AP)—Waco put over the winning run in the ninth inning here today to defeat Beaumont here today, 4 to 3.

The score by innings: R. H. E.  
Beaumont 000 200 000—3 4 2  
Waco 000 300 001—4 6 2  
Batteries—Grimm and Davey; Dickerman and Heath.  
San Antonio at Houston, postponed, wet grounds.

## White Deer to Battle McLean

Pampa baseball fans who cannot attend the games in Amarillo today will have a chance to see a good baseball game in White Deer. Smarting from a 4-to-3 defeat handed them last Sunday afternoon in McLean, the White Deer boys will be out to win from the Gray county town this afternoon.

McLean has recruited a strong team that has won five straight games. The White Deer nine has been strengthened since the last game with McLean and a snappy team is expected to take the field, according to reports received here from O. W. (Hoody) Harrah.

## SPUDDERS ADD ANOTHER MARK TO BRIEF LEAD

SHREVEPORT, La., July 27. (AP)—The Spudders increased their lead to two games on the Sports today by winning the first of the series, 7 to 6. Bennett starred for the visitors with a single, triple and a homer that accounted for four runs.

The score by innings: R. H. E.  
Wichita Falls 200 300 200—7 12 2  
Shreveport 100 032 000—6 10 0  
Batteries—Steengrafe, Goff and Crouch; Tuero, J. Thompson, Owens, and Tobin.

## Steers Beat Cats

DALLAS, July 27. (AP)—The Dallas Steers, first half champions of the Texas league, played championship ball here today to defeat their ancient enemies, the Fort Worth Cats. The Cats were Kitten's before the masterful hurling of Glazner who allowed five scattered singles.

The score by innings: R. H. E.  
Fort Worth 000 000 000—0 5 1  
Dallas 001 011 20x—5 12 0  
Batteries—Sullivan, Whitworth and Baker; Glazner and Bischoff.

## Waco Wins in Ninth

WACO, July 27. (AP)—Waco put over the winning run in the ninth inning here today to defeat Beaumont here today, 4 to 3.

The score by innings: R. H. E.  
Beaumont 000 200 000—3 4 2  
Waco 000 300 001—4 6 2  
Batteries—Grimm and Davey; Dickerman and Heath.  
San Antonio at Houston, postponed, wet grounds.

## White Deer to Battle McLean

McLean has recruited a strong team that has won five straight games. The White Deer nine has been strengthened since the last game with McLean and a snappy team is expected to take the field, according to reports received here from O. W. (Hoody) Harrah.

## Walberg Holds Sox—Athletics Win Easily, 8-1

PHILADELPHIA, July 27. (AP)—The Athletics had little trouble taking their second straight game from the Chicago White Sox today by 8 to 1. Rube Walberg held the Sox to five hits and shut them out until the ninth inning. The Athletics collected 15 safe blows off McKain and Welland. Chicago . . . 000 000 001—1 5 1  
Philadelphia . . . 000 020 42x—8 15 0  
Batteries: McKain, Welland and Berg and Cochran.

## YANKS HARD PUT

NEW YORK, July 27. (AP)—The Browns gave the Yankees a tough battle today, but the New Yorkers came through to another victory by a 5 to 3 score. They outhit their rivals 14 to 6 to get their fourth straight triumph and their second over St. Louis. St. Louis . . . 000 000 201—3 8 0  
New York . . . 001 100 21x—5 14 1  
Batteries: Blaeholder and Schang; Piggars, Penneck and Dickey.

## DETROIT SHUT OUT

BOSTON, July 27. (AP)—Ruffing held Detroit to five hits today and Boston shut out the visitors, 4 to 0. He fanned nine, walked one and no Tiger reached third base.

Rhyme knocked in the first two Sox runs off Sorrell in the second and the others were made off Yde in the eighth. Detroit . . . 000 000 000—0 5 1  
Boston . . . 000 000 02x—4 8 2  
Batteries: Sorrell and Shea; Ruffing and Berry.

## WIN IN NINTH

WASHINGTON, July 27. (AP)—Scoring two runs in the ninth inning here today, Cleveland defeated Washington 5 to 3 after the locals had gone into the lead, with two runs in the eighth. Cleveland . . . 002 010 002—5 11 0  
Washington . . . 000 100 020—3 9 1  
Hudlin and Sewell; Braxton and Tate.

**YOU SAVE IN EVERY WAY WHEN YOU BUY A PONTIAC BIG SIX**

at \$745

J. O. B. Pontiac, Mich.

FIVE-PASSENGER TWO-DOOR SEDAN, BODY BY FISHER

No Increase in Prices!

Even though sales of the Pontiac Big Six have shattered all earlier Pontiac records—and even though the value offered by this car is without parallel today—the Pontiac Big Six continues to sell for the price at which it was introduced. There has been no increase in Pontiac prices.

Consider the delivered price as well as the list price when comparing automobile values . . . Oakland-Pontiac delivered prices include only reasonable charges for handling and for financing when the Time Payment Plan is used.

Price, \$745 to \$995, J. O. B. Pontiac, Mich., plus delivery charge. Bumpers, spring covers and Lowboy shock absorbers regular equipment at slight extra cost. General Motors Time Payment Plan available at minimum rate.

**PAMPA MOTOR COMPANY**  
Pampa, Texas

Only sleeve-valve action gives such smoothness

Only Master Artistry Creates Such Beauty

IN THE opinion of leading engineers and hundreds of thousands of enthusiastic owners, the patented Knight double sleeve-valve engine is the simplest and most efficient automobile power plant ever designed.

In each cylinder, two sliding sleeves combine with the dome-shaped cylinder head to form a tightly sealed combustion chamber. This cylinder head directs the full force of the explosion straight downward against the piston, making the most efficient use of the highly compressed gas. The great turbulence of the gases in the spherical chamber causes a faster burning of the fuel and therefore a more effective explosion and extra power. The Willys-Knight engine gives uniform compression at all times, at all speeds and with any gas.

**Coach \$1045**

The new style Willys-Knight "70-B" is the most beautiful, largest and most powerful Knight-engined car ever offered at such a low price.

RECENT VOTE CANVASSED

County commissioners yesterday canvassed returns in the recent state election.

The final count showed 151 votes for the supreme court amendment and 109 against it.

For raising the governor's salary there were 138 votes in the affirmative and 113 in the negative.

MURRY AUTOMOBILE WORKS PHONE 401

REVALLOW LIVES by Anne Austin

© 1929 by NEA SERVICE INC.

THIS HAS HAPPENED

IRIS MORGAN, wife of JOHN CURTIS MORGAN, successful lawyer...

MORGAN, a family friend, whom Morgan never suspected...

He was in the city of Dallas, Texas, in an effort to launch the ghost of Iris Morgan from her home...

Morgan breaks the news to her that she is divorcing Iris and...

She continued three months when she was finally divorced...

When John Curtis Morgan's second wife returned home that last Friday...

She had viewed, with stony eyes, the havoc wrought by the first wife's pillaging...

When she looked at it, it had been Iris, who had been living in the room...

Completed, it was just that, it even looked as if it had been lived in...

Eyes as she uttered this bravado to herself, Nan knew that she was simply whistling to keep her courage up...

But on the threshold Nan stopped and stared, incredulously at first, then with a dawning comprehension...

Not even the vanity dressing table, with its rich treasure of scented bottles...

"So you've left it ready for your return," Nan mentally addressed the other woman...

Iris. To have transplanted this room from this house to your temporary home...

The brown head jerked up then; the red light of battle glowed in eyes that had been stony with a cold anger and contempt...

"Well, Iris!" she challenged her unseen rival, "I think it's about time I was clever, too!"

THE REFERENCE of that resolution was a conference the very next day between Iris Morgan and one of the city's most trustworthy interior decorators...

When she met him at the train, his effort to be casual and philosophical over his defeat...

"Well, Nan—that's that!" he said, his mouth quirked downward in the smile she knew so well...

Two or three minutes later, as they walked arm and arm along the driveway to the front of the house...

"Here we are, dear," Nan said, when they were turning into their own driveway...

"I was almost asleep," he admitted, as he sprang out to open the garage doors for her...

Nan couldn't tell him—not tonight, when he was so tired and sad...

"I have given my permission, Nan, for Curtis to visit his mother every afternoon...

"I know," he agreed quickly. "And—thank you again, Nan. Now I've got to make a dash for the courthouse..."

"I have not kept him from her," Nan answered evenly.

"I know," he agreed quickly. "And—thank you again, Nan. Now I've got to make a dash for the courthouse..."

"I have not kept him from her," Nan answered evenly.

"I know," he agreed quickly. "And—thank you again, Nan. Now I've got to make a dash for the courthouse..."

"I have not kept him from her," Nan answered evenly.

"I know," he agreed quickly. "And—thank you again, Nan. Now I've got to make a dash for the courthouse..."

"I have not kept him from her," Nan answered evenly.

"I know," he agreed quickly. "And—thank you again, Nan. Now I've got to make a dash for the courthouse..."

"I have not kept him from her," Nan answered evenly.

"I know," he agreed quickly. "And—thank you again, Nan. Now I've got to make a dash for the courthouse..."

"I have not kept him from her," Nan answered evenly.

"I know," he agreed quickly. "And—thank you again, Nan. Now I've got to make a dash for the courthouse..."

"I have not kept him from her," Nan answered evenly.

"I know," he agreed quickly. "And—thank you again, Nan. Now I've got to make a dash for the courthouse..."

"I have not kept him from her," Nan answered evenly.

"I know," he agreed quickly. "And—thank you again, Nan. Now I've got to make a dash for the courthouse..."

"I have not kept him from her," Nan answered evenly.

"I know," he agreed quickly. "And—thank you again, Nan. Now I've got to make a dash for the courthouse..."

"I have not kept him from her," Nan answered evenly.

"I have not kept him from her," Nan answered evenly.

### DeLuxe Cleaners Buy Equipment of Latest Designs

From a small establishment to one of the largest and best equipped in the Panhandle has been the rapid growth of the DeLuxe Cleaners. Six months ago the cleaning and pressing plant was purchased by Clarence Kennedy and Morris Johnson.

During the last month more than \$4,000 worth of equipment has been added to the already modern shop. Included in the improvements and new machines are some new to this part of the Panhandle.

A tumbler air cleaner has been installed to dry all clothes in a temperature not to exceed 100 degrees Fahrenheit. An extractor to remove cleaning solvent from clothing has also been installed. An additional 1,170-gallon underground purifier to wash naphtha is an addition. It brings the capacity to 2,000 gallons.

A new silk expert has been added to the staff and to increase his efficiency a Glover deodorizer for drying silk dresses without streaking has been installed. It keeps silks from shrinking.

### Trustees Studying Need for Trucks

Preparatory to purchasing trucks to transport pupils from the rural sections of Pampa Independent School district to the schools in the city, the board of trustees is considering bids from four dealers, on trucks with capacities of from 25 to 50 pupils.

The rapid increase in the population of the rural communities on the bus lines and the possibility of still further growth before the close of the next school year makes it difficult for the board to estimate the number of pupils to be accommodated and the size of trucks that will be required. C. T. Hunkapillar, president of the board said, following preliminary discussion of the bids.

### TRENT MAN DIES HERE

The body of Robert S. Cummins, who died at a local hospital late Friday night, is at rest in the Malone funeral chapel awaiting the arrival of relatives. He was the only son of Mr. and Mrs. M. S. Cummins of Bowers City. He was 22 years old. Surviving him are his wife, parents and one sister. His parents reside at Trent. They are on their way to Pampa to take charge of the body.

### GEE BROTHERS

Located in Morris Drug Store, is One of the Foremost Faint Decorating and Wall Paper Concerns in This City. Gee Brothers Service Includes a Guarantee on All Work and Materials. Estimates Without Cost. Phone 412.

Among the painting and decorating concerns of the city, Gee Brothers are being recognized more every day as one of its leading industries. Mrs. Mabel C. Gee, manager, one of our prominent business persons has built up a reputation for doing most attractive and artistic work in the painting and paper hanging business. This firm guarantees all work and materials, and their product is always dependable, and gives the utmost satisfaction. Their rapidly growing business is evidence of the high esteem in which this concern is held in this community. Their reputation for excellent work and dependable service is not confined to Pampa however. From many widely separated points in this trade territory come orders from persons who know the Gee Brothers' reputation and will be satisfied with no other firm to do their painting and decorating. This concern gives estimates on all jobs presented to them, without cost or obligation.

Their stock of wall paper and decorating supplies is one of the most attractive and complete in the city. Any one planning to paint up or decorate their homes or places of business will save time and money by calling at the Gee Brothers office, where they will receive courteous attention and where estimates will be furnished them without any cost or obligation.

This progressive firm should be complimented on the standing they have in the business world of this section, and the concern is one worthy of your fullest consideration.

### CAL FARLEY TIRE SHOP

A Modern Tire Repairing Shop Where Many Persons of This Community Save Money by Having Their Worn Balloon and High Pressure Tires Vulcanized. Featuring the Famous Goodrich Tires at 120 S. Cuyler. Road Service. Phone 400.

There are many ways of keeping down the expenses of operating an automobile and one of them is by watching your tires closely. Some owners think that as soon as the casing shows the least sign of wear it is dangerous to use it longer, and hence they are always complaining about the ever-increasing tire expense.

In this section old tires are made like new at this modern and up-to-date establishment, under most efficient and able direction. It has provided that vulcanized tires from this establishment will save owners many a dollar. Only experienced men are found here. Only the most modern and scientifically correct machinery is in use and the best work turned out. Therefore satisfaction is assured through the use of proper equipment to vulcanize tires properly, and that is why this vulcanizing excels.

The famous Goodrich tires and tubes are sold with a positive guarantee for the life of a tire against any defects in material and construction. More and more the Goodrich are gaining in popularity because when once a motorist tries the Goodrich he will not buy any other. For honesty in workmanship, material and uniformity of construction, the Goodrich products have no equal.

This establishment is thoroughly abreast with the times, having secured for the trade a large stock of everything needed in the line of high grade tires. They are always willing and anxious to give information.

### STARK & McMILLEN

Is Gray County Headquarters for Poultry and Dairy Feeds, Flour, Coal, Hay and Grain, Located at 203 W. Atchison Avenue.

To successfully conduct a business of this nature requires special study and care in selecting the stock. Farmers are no longer satisfied to feed their stock any kind of feed but require a feed that has been tested and is of proven quality. This concern has given the question careful study and consequently is aiding in the agricultural development of all the surrounding territory.

They handle a full line of feeds both imported and local and have given special care in selecting it so that it will give the best results. Only feeds that are fat and milk producers, will be found in their stock and they are constantly in touch with their customers who have given it a trial.

They make a special effort to serve the farmer and are glad to give him any advice or information he desires on any subject pertaining to their line and as a result their business has grown until they reach out in every direction.

They have a large and well assorted stock of chick and chicken feed which is a specialty and if you have ever purchased their feed you owe it to yourself to give it a trial.

With their feeds they guarantee results and have proven many times that proper feeding will increase the production of milk, eggs, and fatten stock much quicker than haphazard feeding. They will be glad to prove this to you.

### DODD'S HATCHERY & PRODUCE

One of the Well-Known and Reliable Institutions of the County, Operated at 115 S. Ballard. That pays Top Price of the Market at All Times for Poultry and Eggs—Known for Their Reliable and Progressive Policies.

This is one of the institutions that has materially aided in the development of this section of the state and has especially been instrumental in aiding the people in diversified farming in the community. They furnish the farmer with a most advantageous market for poultry and eggs and therefore operate an institution that is of great economical value to the public. Their prices are far more favorable than would be secured by the people if they had shipped elsewhere, for it is a wellknown fact that this house pays the top of the market at all times.

They make a feature of their day old chick service. Their hatchery is one of the largest and most modern in this section of the state. It has a capacity of 50,000 eggs and will be increased to 75,000 before the end of the year.

Another feature is the very satisfactory service and accommodation which marks their dealings with the producer. This establishment is unaiding the direction of the conscientious and competent business men and he has associated with him only such assistants as he can depend upon to render the most courteous and magnanimous service. They are always ready and willing to give you the best and the latest quotations and those wishing to market their produce to the best advantage will do well to get in touch with this well-known house.

Their progressive and reliable policies have merited liberal patronage. There is no doubt that at this establishment they will receive the best of treatment and the highest market price.

### Repair Division at Nash Agency Is Opened by Baxter

J. M. Baxter has opened a repair department in connection with the A. C. Keith Nash company which opened yesterday on South Cuyler street. Mr. Baxter has spent the past few years in garages specializing on Nash repair service.

A. C. Keith also operates a Nash agency in Borger. Mr. Baxter has installed all new equipment in his shop here.

"I would rather be prepared to give service than anything else," says Mr. Baxter. He has been working on automobiles for years and says that above all things the public demands service, and especially on automobiles.

### Murry's Auto Works Move to Larger Building

The Murry Automobile Works has moved to a new location on South Cuyler street. W. V. Murry, proprietor, opened business in Pampa about a year ago in a small building and has moved once before into larger quarters. This time he built a building large enough to care for his business in the future.

R. C. Miller, formerly of Amarillo, has been employed in the auto refinishing department. The auto laundry service department will be under the personal supervision of A. L. Witt. A Lattner steamer has been added to this department.

Daily News' want-ads get results.

### RAILROAD

(Continued from Page 1.)

to be presented.

Wichita Chimes in Pampa is involved also in the application of the C. & O. W. railroad (Santa Fe) for a permit to build a spur line from Heaton, east of here, southwest about eight miles to a point 2 1/2 miles east of LeFors. This road is locally opposed as being inadequate, and its purpose is admittedly to prevent granting of the Fort Worth & Denver certificate.

Intense feeling has been aroused in Pampa because the Amarillo Chamber of Commerce is intervening in behalf of the Santa Fe in connection with this project. Notice has also been received here of a similar intervention recently filed by the Wichita, Kans., Chamber of Commerce and Wichita Union Stockyards company. These moves are considered to be steps to restrict traffic to east-west outlets, cutting this territory "off from Texas" and preventing development of large expanses of this area.

Interventions of cities far from the proposed Childress-Pampa route and the C. & O. W. spur line are regarded as "meddling" by local business men, who point out that the interstate commerce commission will be guided only by more pertinent claims and data.

### RAIL OFFICIALS ARRIVE SATURDAY

FORT WORTH, July 27. (AP)—Railway officials and others arrived here Saturday for the hearing Monday of the interstate commerce commission on proposed railway extensions into Texas Panhandle territory.

Two applications for extensions were on file.

One is that of the Fort Worth & Denver Northern to build a line from Childress to Pampa via Wellington. The other is a joint proposition of the Rock Island and Frisco railways, the Rock Island would extend from Shamrock southwest to a point in Wilbarger county to join with the Frisco. The Frisco would build from Vernon to Seymour, where it would connect with the Gulf, Texas & Western, permission to buy which is also asked by the Frisco.

### Gerald to Teach at Missouri U.

CANYON, July 27.—(Special)—Edward Gerald, Jr., of Canyon has accepted a position as instructor in Journalism at the University of Missouri. He will leave September 1 to accept the new position. Until that date he will do special work on the Canyon News.

Gerald received his degree in July of 1928 from the School of Journalism, University of Missouri. He was with the United Press in Denver until last December when he returned to Canyon to become editor of the Canyon News. He was transferred to Hereford last week as manager of the Hereford Brand, from which he resigned when the offer came from the University.

### White Deer Fire Boys Celebrate

WHITE DEER, July 27. (Special)—White Deer's Volunteer fire department recently celebrated the second anniversary of its organization with a banquet, at which 40 members and guests were present. Of the 23 firemen in the present department, three were charter members, T. J. Clark, fire chief, told the assembly. They were O. K. Clark, Neal Cooper, and Chief Clark himself.

### WHEAT STUBBLE BURNS

The volunteer fire department answered a call at 11 o'clock Friday night when a burning field of wheat stubble at the west outskirts of the city became dangerous. It was thought for a time that the Vickers addition was in danger, but by use of a tractor a fire wall was made around the burn-

ing field. The department upon arrival saw that there was no danger and returned to the station.

Mrs. W. M. Lewright left Friday with her parents, Mr. and Mrs. M. M. Noble of Clarendon, to spend a few weeks in Colorado.

**Stuckey Company**  
Opened Office in Pampa in 1927

The Stuckey Construction company opened offices in Pampa two and one-half years ago after receiving the contract to lay 27 blocks of brick paving in Pampa. Since that time the company has received two additional contracts, both for vibrolithic concrete.

Besides the work in Pampa the Stuckey Construction company got contracts to lay the first paving in Gray county. It included the south oilfield road, the Borger road, both finished, the LeFors road, and the Miami road, grade and drainage completed.

The company recently received a contract from the state highway department to construct 14 miles of paving on state highways in Young county. The cost of the work will be \$290,000.

The company also laid six miles of paving in Carson county, on the road from Panhandle to Borger.

C. A. Stuckey and Mrs. Grace Higgins are in charge of operations in Pampa and Gray county. Earl Stuckey is in Young county on the state project.

**Paving Material for Highway Comes From Many Points**

A larger number of firms contributed to Pampa's first highway paving project, the strip of 2.7 miles immediately south of the city.

Stuckey Construction company laid the slab. The American Vibrolithic company of Des Moines, Iowa, supervised the use of the vibrolithic process, which is said to add to the strength and durability of the concrete.

All cement was furnished by the Oklahoma Portland Cement company of Oklahoma City.

The Texas Sand & Gravel company of Amarillo provided all the sand and gravel.

Gulf Refining company sold the contractor all the gasoline and the Continental Oil company all of the oil.

The cement was handled through the Sykes, Merrick & Boyd and Panhandle Lumber companies.

**PRESBYTERIAN CHURCH**

There will be three services at the Presbyterian church today. Sunday school, 10 a. m. Sermon, "Christ's Coming—Why Delayed?", at 11 a. m. Sermon, "Live," at 8:15 p. m.

The evening service is one of a series of three on "Salvation." The first was "Repent," the second, "Believe," and the third step in salvation is living in contrast to striving to do it by so-called good deeds.

This church extends a welcome to members, visitors, and strangers alike. A hearty hand-shake awaits you.

A. A. HYDE, Minister.

Mr. and Mrs. Wm. M. Craven left yesterday afternoon for Tella to visit in the home of their daughter, Mrs. K. Hulsey. Tuesday they will go with Mr. and Mrs. Hulsey and son, William Kirk, to Carlsbad Caverns and other points of interest in New Mexico.

Ray Chambers, assistant manager of the Rex and Crescent theatres of this city, will be in charge of the Rex theatre of Panhandle during the two-week vacation of the manager, Elmer Weaver. He went to Panhandle last night.

ELECTION NOTICE

WHEREAS, the City Commission of the City of Pampa, Texas, deems it advisable to issue bonds of said City for the purpose hereinafter mentioned;

THEREFORE, BE IT ORDERED by the City Commission of the City of Pampa, Texas, that an election be held on the 28th day of August, 1929, at which election the following propositions shall be submitted:

1. Shall the City Commission of the City of Pampa, Texas, be authorized to issue bonds of the City of Pampa, Texas, in the aggregate sum of \$333,000.00, provided all the hereinafter mentioned propositions carry in such election, the amount or aggregate amount designated in the proposition or propositions which are carried, maturing serially at such time or times as may be deemed most expedient by the said City Commission, not to exceed forty years, bearing interest at a rate not to exceed 5 1-2% per annum, payable annually, and to levy a tax of 34 cents on each \$100.00 valuation on all taxable property in the City of Pampa, Texas, to pay the interest on said bonds and create a sinking fund sufficient to redeem them at maturity for the following purposes, to-wit:

For the construction of a City Hall, City Jail and to purchase the necessary equipment therefor at a

cost of \$100,000.00;

For the construction of a Fire Station and to purchase the necessary equipment therefor at a cost of \$33,000.00;

For the construction and improvement of the streets and alleys at a cost of \$85,000.00;

For the construction and permanent improvement of Public Parks and Play Grounds at a cost of \$20,000.00;

in the City of Pampa, Texas, as authorized by Article 6, Section 1, Special Charter of the City of Pampa, Texas, adopted by vote of the people on the 28th day of November, 1927, and amendments thereto and the Constitution and Laws of the State of Texas.

Said election shall be held in the City Hall in the City of Pampa, Texas, and

J. B. Ayres is hereby appointed manager of said election.

Said election shall be held under the provisions of the Special Charter of the City of Pampa, Texas, adopted on the 28th day of November, 1927, and amendments thereto and the Constitution and Laws of the State of Texas, and only qualified voters, who are property taxpayers of said City, shall be allowed to vote.

All voters shall vote on each of said propositions separately and all voters who favor the propositions to issue the bonds shall have written or printed upon their ballots as regards each of said propositions "For the issuance of bonds," and those opposing shall have written or printed upon their ballots "Against the issuance of bonds."

The manner of holding said election shall be governed by the laws of the State of Texas, regulating general elections, and the Special Charter of the City of Pampa, Texas.

A copy of this order signed by the Mayor of the City of Pampa, Texas, and attested by the City Secretary of said City shall serve as a proper notice of said election.

The Mayor is authorized and directed to cause said notice of the election to be posted up at the City Hall and at one public place in each of the voting places of the City of Pampa, Texas, for at least thirty full days prior to the date of said election.

the date of said election. The Mayor is further authorized and directed to have said notice of election published once each week for four weeks in some newspaper of general circulation published in said City for a period of more than one year prior to the date of said first publication, the date of the first publication being not less than thirty full days prior to the date of the election.

### New Buicks Are Admired by Big Crowd Saturday

Offering advancements that met very prediction made for it, the 1930 Buick line of fourteen new motor cars was presented to the public here by the Pampa Buick company. Greater power, longer wheelbases, lower, longer and more beautifully attractive bodies and innumerable mechanical improvements and refinements are among the many surprises that await the interested motorist who visits the Buick showrooms.

The 1930 Buick is offered in 14 models divided in three series known as the 40, 50, and 60 series. Series 40 embraces six models; series 50, two models, and series 60, six models.

Additional power has been built into the Buick by increasing the bore one-eighth inch on all models, producing in the famous over-head Buick six engine an eight per cent increase in power. This gives the models of the 40 series 80 1/2 horsepower with a piston displacement of 257 cubic inches. The engine in the series 40 line has a bore of 3 7/16 inches and a 4 5/8 inch stroke.

All models have an actual speed in excess of 70 miles per hour.

The wheelbase in the 40 series has been increased from 116 to 118 inches. On series 50 models, from 121 to 124 inches, and on series 60 models from 124 to 132 inches.

In addition to the longer wheelbase, all models have been lowered. This feature, coupled with a fully adjustable worm and roller type steering assembly makes the new car singularly easy to steer and handle at high speeds on the open road and in slow moving heavy traffic.

Semi-elliptic springs and double spring shock absorbers are used, together with four wheel internal expansion controlled Servo brakes, redesigned transmission and clutch, improved rubber motor mountings and a wider and sturdier chassis frame. A sloping non-glare windshield is another advancement incorporated in the new Buick.

Performance tests, conducted over a period of several months at the General Motors proving ground, have demonstrated that its speed, hill climbing ability and riding comfort set a new all-round precedent in the field of automobile travel.

Mrs. Blanche Brewer, who until recently was a resident of Pampa, is now in charge of the electro-therapy in the office of Dr. C. W. Merrill of White Deer, according to an announcement in The White Deer Review.

Mrs. J. G. Christy is in Kansas City, Mo. and Oklahoma. Mrs. Boies had fore joining Mr. Boies on the trip. Mr. Boies spent two months in study of a teaching course in piano in Oklahoma City before.

Miss Bessie Parker of Dallas is here for an extended visit in the homes of Mr. and Mrs. Roy Chisum and Mr. and Mrs. Frank Davis.

J. C. Farrington left yesterday morning for Bennington, Okla., after being notified of the serious illness of his brother, X. Farrington.

Mr. and Mrs. C. C. Boles and son, Denn, will return today, after spending a two-week vacation in New Mex.

**MUSICIANS WANTED**  
Will furnish Albert System Clarinet to capable performer. Will assist in getting jobs for musicians any instrument. Band practice twice a week. Monday and Friday at 8 o'clock Pla-Mor Auditorium. Concert Tuesday Legion Hall. All musicians invited.

## Announcing...

The Opening of  
**BLAIR'S USED CAR LOT**  
**WATCH FOR DATE**  
**SPECIAL USED CAR BARGAINS DURING OPENING WEEK**

In order to get the people of Pampa familiar with the location of our used car lot—we will offer special bargains in used cars during opening week.

**Location, First and Frost**  
Just West and Across Street from Schneider

# IT HAS BEEN OUR PRIVILEGE TO BUILD THE FIRST PERMANENT ROADWAYS IN GRAY COUNTY

This honor and privilege is highly appreciated by us and we assure each and every tax payer that we have given you the best materials and workmanship obtainable.

We hope to see these roadways connected up with the paving in Pampa and feel sure they will be in the near future.

We thank the County Judge, each and every County Commissioner and the present County Engineers for their co-operation in this work.

We assure you it will be our pleasure to continue to serve Gray County and Pampa in their paving programmes.

# MURRY Automobile WORKS

IS NOW FULLY ESTABLISHED IN ITS NEW HOME in the new MURRY BUILDING on South Cuyler Street. We are opening with new and increased equipment. This was made necessary by the growth of our business—a sure sign that we are doing satisfactory and efficient work.

Our service to the automobile public will include fender and body repair work, body building, Duco paint finishing, and a new and modern Auto Laundry under the personal supervision of A. L. Witt.

We appreciate the visits made us Saturday on our opening day and extend to everyone of you an invitation to call on us again, whether it is on business or not.

## CHURCHES

### CHURCH OF CHRIST C. C. Merritt, Minister.

Morning subject: "Heaven—It's Happiness."

This will not be discussed with the oversight of the happiness here below. They are so happy, happy, happy. Who their dead Savior obey;

Why should I linger, linger, linger? I will arise and away.

Evening subject: "Be of Good Cheer." Prov. 15:13. "A merry heart maketh a cheerful countenance."

Good morning, Brother Sunshine;  
Good morning, Sister Song;  
I beg your humble pardon  
If I kept you very long.  
I thought I heard you rapping;  
To shut you out were sin.  
Won't you  
walk  
right  
in?

Good morning, Brother Kindness,  
Good morning, Sister Cheer,  
I heard you were out calling,  
So I waited for you here.  
Some way I keep forgetting  
I have to toil and spin  
When you are my companions;  
Won't  
you  
walk  
right  
in?

Bible study begins to 10 a. m. and closes with a three minute sermon to the children. Mid-week meetings are held each Wednesday, 8:30; Ladies' Bible class each Thursday, 3:00. We shall be glad to have you present.

**CHRISTIAN SCIENCE SOCIETY**  
(Room 3, First Nat'l. Bank Bldg.)  
Sunday school, 9:45 o'clock.  
Sunday service, 11 o'clock. Subject, "Truth."  
Wednesday service, 8 p. m.

**FIRST BAPTIST CHURCH**  
Sunday school, 9:45 o'clock.  
Morning preaching service, 11.  
Amaranda Mission service, 2:30.  
County Jail services, 3:30 o'clock.

Training service, all unions, 7:15. Evening preaching service, 8 o'clock. The pastor sends word that he and his family are enjoying their vacation season in the Pike's Peak region of Colorado. Their friends may write to them at this address: general delivery, Colorado Springs, Colo.

Despite the fact that all the phases of the church work register the absence of the pastor and we all look forward to his return to us, the regular services of the church will be held throughout the week as usual. The assistant pastor will speak at both the morning and the evening services today. J. Clifford Solomon will conduct the mid-week prayer service Wednesday at 8:30 p. m. We invite all the

people not attending some other church services to worship with us today. Visitors are welcome. The preaching services will not continue longer than one hour.

### THE FIRST METHODIST CHURCH

Sunday school, 9:45 o'clock. Last Sunday was a great day in the Sunday school. The adult department was larger than any Sunday during the summer months. A good program has been prepared for the Sunday school hour today. Our school is well organized and you will find a class for every age. You are invited to join with us in the study of God's Holy Word. J. O. Gillham is superintendent.

The pastor will speak at both the morning and the evening hours. Morning theme: "The Handiwork of God" or "God Revealed in Nature." Evening theme: "A Sad Discovery." We think we can play with sin and not be hurt. We think that we can live a life of unrighteousness and in the end repeat and be saved. You are invited to hear the answers to these questions Sunday night.

The choir will render some special selections at the evening hour. Special music at all services.

Great music, great singing and gospel preaching at all the services. Worship with us.  
TOM W. BRABHAM, Pastor.  
GRADY MORTON, Educational Director.

# ...FACTS... CONCERNING VIBROLITHIC PAVEMENT

No type of pavement has ever held commercial supremacy whose sale resulted from high pressure "word selling". Products of leadership are invariably those in which the highest ideals of commercial value have been embodied in the forms of superior mechanical development . . . commercial and painstaking workmanship—the employment of the best in material and constant supervision of the builder to develop and achieve the maximum in operating efficiency.

Vibrolithic pavement is built under a method which combines the highest engineering skill in design with mechanical certainty in construction. Uniformity, that much-sought-after achievement in concrete pavement, is accomplished in Vibrolithic. Constant supervision is the public's guarantee of years of satisfactory service.

The many miles of Vibrolithic streets and highways which are serving widely varied traffic under extremely diverse climatic conditions will continue to prove the soundness of this method of construction.

## The South Oil Field Paving Was Built With Gulf Gasoline

No better recommendation for the good qualities of Gulf Gasoline could be given than that it was used exclusively by the Stuckey Construction company in the building of the South Oil Field paving.

Gulf Gasoline was selected because of its dependable qualities, because Gulf is known to keep your motor in first class shape, to give you more miles with a cool motor, and the dependable service which local distributors give.

It was necessary that all motors of the Stuckey Construction company's machinery work perfectly at all times. To keep these motors O. K. Gulf gasoline was selected because it is CLEAN, and uniformly dependable.

*American Vibrolithic Corporation*  
INSURANCE EXCHANGE BUILDING DES MOINES, IOWA

### Patented Paving Claimed Stronger- Report Is Cited

Strong claims are made by the American Vibrolithic company of Des Moines, Iowa for the patented concrete process used on the first Gray county highway paving and on part of the city paving.

A report of the Wisconsin highway commission is quoted by the company in support of these claims:

"Of 15 Vibrolithic cores shown on the test sheet, the average was 5,896 pounds with 12 of the cores, or 76 per cent, coming in the 5,000-pound class. This is a very remarkable showing. The minimum core of the entire group was 5,110 pounds and the maximum 7,760, the latter being the only core in the 7,000 pound class. This is a variation of only 51 per cent between the minimum and the maximum cores. More important than this, however, is the fact that the lowest core is only 700 pounds under the average of the 21 cores. In other words, there was not a weak spot in the entire Vibrolithic group.

"On the other hand, the plain concrete cores, 16 in number, which averaged 5,465 pounds, show only four cores, or 25 per cent, in the 5,000 pound class. The minimum core in this group was 2,895 pounds; the maximum was 6,725. This is a variation of 134 per cent between the minimum and the maximum—almost three times as much variation as in the vibrolithic cores. Of greater importance than this is the fact that the minimum core is 2,600 pounds weaker than the average of the plain cores. Furthermore, there are several cores which are considerably weaker than the average, one of them breaking at only 3,660 pounds.

"Common sense teaches that a pavement, like any structure, is no stronger than its weakest point. So it is in comparing these two sets of cores.

"Concrete knowledge tells us it is a very small percentage of the traffic that causes breaks in pavements. Or, putting it another way, there is only a very small percentage of the traffic that fatigues pavements. Many tests have shown that a pavement can be stressed to approximately 55 per cent

of its strength many, many times without damage, but if the load stresses it to 60 per cent or more it quickly fatigues and breaks. Putting this in the language of the layman it means that the pavement breaks under the repeated bending by heavy loads just as a piece of wire breaks after it has been bent a number of times, or just as any other material does if it is overloaded too many times.

"The lesson learned in this, that

while the Vibrolithic cores may be only 10 per cent or so stronger than the plain concrete cores, this increase of 10 per cent may bring the loads very largely into the class where they do not fatigue the Vibrolithic. In other words, 55 per cent of the strength of the Vibrolithic concrete may be high enough so that loads which would fatigue the plain concrete would not fatigue the Vibrolithic."

## WHERE

are the spenders of yesteryear

PEOPLE say: "He was a good fellow when he had it". But you can't buy coffee and doughnuts on a reputation for generosity. The spenders of yesteryear are the beggars of today.

Start saving now. A small deposit out of each pay check will make you a nice bank account.

# CONOCO MOTOR OIL

Has scored again. Conoco Motor Oil was used by the Stuckey Construction company in the paving of the South Oil Field Highway.

Continental Oil Company Motor Oil was selected by the Stuckey Construction company in this big job because they know that a GOOD oil is essential to the proper working of all motors and that the OIL determines the life of those motors.

There is a CONOCO oil for every motor. An oil that has been tested by our laboratories to give the most in lubrication with the minimum of deterioration in both oil and the motor.

First of all, CONOCO oil gives SAFE lubrication.

# Announcing the opening of a new department of Peacock Shoes

DEDICATED to fastidious women who prefer shoe styles that bring, in addition to smartness, the ease and comfort of a perfect fit, our new Peacock Department opens tomorrow. Its stock of exquisite models is individual, distinctive, yet completely in harmony with the advanced modes of Paris, London and New York. Peacock Shoes will command your interest and suit your purse, for they are "luxury shoes at medium prices." They interpret the style trend of the world's fashion centers and give prolonged wear with a degree of comfort never before experienced.

## FALL FROCKS of Distinction

Mrs. Mitchell and Ruth Ann are in Los Angeles and San Francisco selecting Millinery, Sport and Dress Frocks which are now arriving. These cities and Hollywood are becoming the styles centers of America. Some of the most individual styles imaginable are being created. We do not have newspaper cuts as yet to show you these—you will have to come in from time to time and see them—you'll be delighted.

Everyday brings us new Fall Dresses. Watch our show windows for style information. Come in and try on to your "heart's content"—you are always welcome at MITCHELL'S.
