HURRICANE COURSE UNCERTAIN

Reports in Borger Indicate Martial Law is Considered Imminent

FEAR OF HER BUSINESS MEN ARE REMOVED

Merchants Promise to Cooperate if Step Is Taken

SCOPE OF PLAN BEING DEBATED

Officers of City and County Could Be Removed

BORGER, Sept. 25. (P)—Martial law for Borger seemed more imminent today when it was learned business men in conference with General Jacob Wolters yesterday promised hearty cooperation in the event the town should be put under military rule.

Although business men and Mayor Glenn Pace refused to discuss the conversation with the general in detail, they led newspapermen to believe they had not vigorously protested martial law, but had pledged their support to any action Governor Moody might take.

One objectionable point, they indicated, was that under martial law all city and county officers could be removed for duration of military rule and supplanted by men named by the commanding officer. There are enough rangers in Borger to fill all offices. When military rule ended local officers automatically would return to office unless ouster proceedings against them were begun.

Doubt was expressed as to whether martial law would apply only to Borger or Hutchinson county to include Stinnett, the county seat. Some residents expressed the opinion that if Stinnett were not included, lawless elements might move from Borger to the county seat.

BORGER, Sept. 26. (P)—Decision as to whether the state militia should be sent here to take control of the town while the murderer of District Attorney John A. Holmes was sought was expected to be made in Austin today by Governor Moody.

Brigadier General Jacob F. Wolters, dispatched here to conduct an investigation of conditions and to make his recommendations to the governor, left last night for Austin. Mr. Moody had indicated he would adopt any suggestion the general made.

General Wolters, starting back with his report, would not say whether he would recommend martial law, but asked if he would come back with his soldiers, he replied:

"I hope not."

Calm Business Men
The officer went about his task quickly yesterday. He interviewed Clem Calhoun, special state prosecutor, and Texas Rangers, all investigating Holmes assassination, which occurred on the night of Sept. 13. Then he talked to the business men, calming their fears and telling them that in the event the military comes, their commercial affairs would not be disrupted.

He also promised that if he brought any soldiers back, there "would be no riff raff or bums" among them.

Meanwhile, the Ranger force, strengthened yesterday by the arrival of Captain J. W. Aldrich of Austin, ordinarily an "office" man, expected its

THE WEATHER VANE
TEXAS: General fair tonight and Friday. Light variable winds on the coast.
OKLAHOMA: Fair tonight; Friday Partly cloudy.

SMILE OR FROWN
NORTHAMPTON, Mass. (P)—How long would it take to sign one's name 1,000 times? Calvin Coolidge autographed 1,000 copies of his autobiography in 3 hours, 25 minutes, an average per signature of 123 seconds. Two secretaries and a representative of the Cosmopolitan Book corporation facilitated the task in his office. He began at 8:50 a. m. last Saturday and finished at 12:15. The copies are to sell for \$25 each.

JOHN COOLIDGE AND HIS BRIDE

Here is the nation's most famous pair of newlyweds—Mr. and Mrs. John Coolidge, photographed just after the ceremony that united Florence Trumbull, daughter of the governor of Connecticut, in marriage with the son of a former president of the United States. This picture, taken just as the bridal pair emerged from the Congregational Church at Plainville, Connecticut, was transported to New York by a special NEA Service airplane, and transmitted thence by telephoto. A first NEA.

CLASS A RATING AUTOMATICALLY ATTAINED BY CENTRAL HIGH WHEN MORE THAN 500 STUDENTS ENROLL

BILL JACKSON HEADS PARTY IN WORLD TRAVEL

World travel and adventure await Bill Jackson, local resident, who will leave today for San Pedro, Calif., to assemble his expedition. Virgil Nixon, who lives with him, also is making the trip.

Jackson and his party intend to leave San Pedro Oct. 4 to go by way of Hawaii to Hongkong, Singapore, Dutch and British Guinea, Java, New Guinea, Australia, and other points. They will make sound and natural color pictures for a Soviet motion picture corporation. The trip will require from five to eight months.

The camera also will be used for travel pictures, news reels, big game movies, and short subjects. Jackson has been interested in motion pictures for several years, and had the reels made of the recent Labor day parade and Legion rodeo. He was born in Sayre, Okla., but has been at Pampa since 1903. He is 28 years old.

Fight Results to Be Megaphoned

The blow-by-blow account of the Sharkey-Loughran bout in Yankee stadium, New York, tonight will be megaphoned tonight at the Pla-Mor auditorium in connection with the boxing-wrestling program there.

A special telephone extension from the Daily News will carry the New York description from the leased wire as the blows fall, and a man on the

HOOVER ASKED TO GIVE IDEAS ON NEW TARIFF

President Puts Power Behind Flexible Plan

BORAH URGES FULL MESSAGE

Says Executive Must Now Go Entire Way on Bill

WASHINGTON, Sept. 26. (P)—Senator Borah, Republican, Idaho, said in the senate today that President Hoover, having thrown his influence behind the flexible principle in the pending tariff discussions, must "go through to the end and assume the responsibility" for other parts of the measure.

Borah asserted he would not criticize the president for issuing his statement urging retention of the flexible tariff policy adopted seven years ago, but now that Mr. Hoover had entered the controversy it was his duty to say whether he approved other parts of the bill.

Flying Cadet Is Killed by "Prop" in Attempting Jump

SAN ANTONIO, Sept. 26. (P)—Clark M. Whitcomb, 24, Kelly field army cadet, met death today when an attempt to jump from his falling plane proved futile. His body was mangled by the propeller.

The accident occurred ten miles north of Kelly field. Whitcomb had previously flown observation planes, but today he took up a pursuit plane for the first time. While doing acrobatics at an altitude of 2,000 feet, he put the plane into a spin. Upside down, the plane shot to the ground. At a low altitude, Whitcomb attempted to escape by a parachute jump, but was caught by the propeller.

Whitcomb is survived by his parents, Mr. and Mrs. A. M. Whitcomb of Helena, Mont.

HOOVER NOT TO COME TO TEXAS

WASHINGTON, Sept. 26. (P)—Senator Cutting, New Mexico, today said he had been informed President Hoover would be unable to visit either Texas or New Mexico this fall.

The president, Mr. Cutting said, had hoped to attend a celebration at El Paso next month of the Gadsden purchase, but the situation in congress is such that he will not be able to leave Washington for any extended visit within the next few months.

Senator Cutting last summer invited the president to visit Santa Fe as part of a journey into the Southwest which Mr. Hoover then was contemplating. At that time the president gave his visitor hope that he might go to New Mexico as well as Texas.

Graf Over Switzerland
FRIDRICHSHAFEN, Germany, Sept. 26. (P)—The Graf Zeppelin took off this morning for a flight over Switzerland. The dirigible carries 30 passengers.

Two Elderly Gainesville Men Die When M-K-T Engine Strikes Auto

GAINESVILLE, Sept. 26. (P)—W. Y. McConnell, 67, and A. L. Davis, 70, were killed instantly at the South Grand Avenue Missouri-Kansas-Texas railroad crossing here today when a locomotive, pulling only a caboose, struck McConnell's automobile.

Davis was thrown from the car and sustained a broken neck. McConnell was crushed beneath his automobile.

MRS. W. A. TAYLOR, LONGTIME GRAY COUNTY RESIDENT, DIES IN CITY AFTER LINGERING SICKNESS

Border Beauty

Pretty—and no one can deny it—Emma Cuaron, above, was chosen to represent Juarez, Mex., at the annual Southwest Range Stock Show and Round-up at El Paso, Texas. Thousands attend the festivities each year.

FAIR GIVEN UP WHEN LIVESTOCK TESTS REQUIRED

FORT WORTH, Sept. 26. (P)—That officials of the state livestock sanitation commission had no other alternative was the opinion today of Dr. N. F. Williams, chief veterinarian of the commission, in commenting on the Dawson county fair situation, where demands that livestock conform with rules for showing animals resulted in abandonment of the fair.

Williams declared that all the commission officials required was that horses should be inspected, hogs vaccinated against cholera and cattle given the tubercular test. He stated that the Lamesa fair could have been held if officials had complied with the law at the time it was called to their attention.

Grant's Oldest Son Dies in California

SAN DIEGO, Cal., Sept. 26. (P)—Ulysses S. Grant, Jr., eldest son of the late General Ulysses S. Grant, died last night at Sanberg Lodge, 70 miles north of Los Angeles, said a message received here today by his son-in-law, Edmund G. King.

No details were contained in the message, other than that Mr. Grant had died while asleep, probably a victim of heart attack.

Rev. Todd Addresses School Audience

Central high school's first assembly program was heard yesterday morning by an enthusiastic student body and a large group of visiting patrons. The Rev. James Todd, Jr., was the speaker of the occasion. His talk on "Some Slogans and Mottos and Their Uses" was of equal interest to students, teachers, and parents.

Other program numbers included music by the high school orchestra, school songs and yells, a reading by Mrs. Carson Loftis, a song by Audrey Noel, and violin solos by La Verne Twiford. L. L. Sone, principal, made announcements.

The Wednesday morning program was planned by Miss Bernice Whiteley and Miss Fannie Mae, who have arranged weekly exercises for the entire year. The public has been invited to attend each program in the auditorium.

BIG STORM IS TURNING INTO CUBAN ISLAND

Havana Reports Sudden Change in Her Weather

NO IMMEDIATE DANGER SEEN

Florida Keys Reported in "Extreme Danger" Today

HAVANA, Sept. 26. (P)—Local weather conditions took a sudden change about noon today, and there was some fear the tropical storm had swung around and was headed this way.

Clear skies, moderate northwest winds and sunshine gave way to rapidly clouding skies, almost imperceptible swerving of 14 miles per hour winds to southwesterly direction and a storm cloud obscured sun.

Fear was manifested in some meteorological circles that the Bahaman storm last night curved and missed the Florida east coast and again recurred heading into the Florida straits between Florida and Cuba and offering some danger to this island.

Storm warnings were sent all Cuban ports this noon and, shipping, which resumed movement this morning after a 12-hour tieup, was again halted for the time being. Storm signals again flew from the harbor entrance and warning signals radiated all parts of the island.

Dr. Carlos Millas of the Cuban national observatory told the Associated Press there was no necessity for present fear in Cuba but there was no certainty as to what direction the storm would follow. He said the storm at present was approaching nearer to Cuba and now offers extreme danger to the Florida Keys, but none for Miami.

Shearer's Work Told by Reporter

WASHINGTON, Sept. 26. (P)—Drew Pearson, a newspaper correspondent at the unsuccessful 1927 Geneva naval limitations conference told a senate investigating committee today that William B. Shearer, \$25,000 "observer and reporter" of American shipbuilders at that parley, "appeared to be a real influence against Anglo-American good will and was with the naval experts on many occasions."

Pearson reported the conference for the Japan Advertiser, the Consolidated Press, and the Washington Star. "About the first thing I heard when I got to Geneva," Pearson said, "was that Shearer was in town." He added he understood Shearer had a "very luxurious apartment in the fashionable section of Geneva."

"He called himself the 'bass drum' of the newspapermen," Pearson continued. "He was interested in drumming up merchant marine business. He entered the newspaper conference and passed out handouts and seemed to be interested in a failure."

Pearson said a civilian member of the delegation told him the naval experts fraternized with Shearer "because they hoped they could use him—and would ditch him later."

Joe Burket Bankrupt

SAN ANTONIO, Sept. 26. (P)—Joe W. Burket, whose highway commission post was involved in the storm which shook the latter part of the administration of former Governor Miriam A. Ferguson, has filed voluntary proceedings in bankruptcy in federal court here. Assets, most of which were represented by two Eastland county judgments, are \$48,783.

HOUSTON GIRLS HURT

HOUSTON, Sept. 26. (P)—Four high school girls were hurt today when they were hit by an automobile driven by F. C. Stanton, 16-year-old Heights high school football player. The injured: Freda Schultz, 15, Lulu Arwady, 15, Jennie Honovich, 16, and Lucille Juarez, 16.

BOYS TOO BUSY BLOWING HORNS—NO TIME TO BLOW SAFES—THAT IS THE CLAIM OF HOOPER, IND.

Hooper, it is claimed, is practically crimeless. Much of the credit for the fact is given the musical organizations of the town. Hooper has two brass bands from a population of 1,014. The larger of the bands is a 34-piece concert organization, while the smaller is the school band of 25 persons.

Here is what Paul C. Peterson, director of both bands, says about it: "The people of this community feel that our musical organizations are worthwhile not only because our members are taught to appreciate music, but also because through music they are taught an appreciation of the finer things of life and through their appreciation they come to a greater respect for law and order and a greater zest for those things which make a community orderly, god-fearing, and law-abiding."

Music is worthy because of its value as an art, but equally so because of the association it promotes. The member of a band has something to occupy his idle hours—practice—and he can look forward to regular public appearance. There is real fellowship in the harmony-making brass band.

Pampa's musical organizations deserve more support than they are getting. The Legion band is fortunate in being sponsored by the veterans, but it can stand more public interest. The high school groups are fortunate in leadership and school interest, but they need more instruments. F. D. Keim started a good movement in making a gift to the high school orchestra. May his tribe increase.

POST OFFICE PATRONS WHO HAVE HELD THE SAME BOXES FOR A LONG TIME—SOME AS MANY AS 15 OR 20 YEARS, REGRET TO GIVE THEM UP.

There is something very intimate in a post office box. Its combination may be forgotten, yet the fingers retain the ability to open it. The writer cannot now recall the letters toward which the hands must be pointed to open the family box in his old home town, yet he can open it with the greatest ease, without thought.

Human affections are not limited to animate objects. There is a sort of affection for an old hat, a knife, an overcoat—or a post office box. Habits twine themselves about the familiar.

But progress requires movement—from present status to something new. Those who can take advantage of the free

mail delivery and release a post office box are able to do a service for those who now cannot get a box. And every person accommodated through the boxes relieves the general delivery congestion that much.

TWINKLES

Some of these days, say the scientists, one can push a button and have a sun bath all made to order, right in one's room. And when that day comes, Old Sol may hide his face considerably oftener than he does now.

Cheer up, you who think apartments are high here. A New York banker is paying \$1,500,000 for two apartment homes, which require several floors of a new Fifth avenue building.

A school for football spectators is being formed. And since a coach is founding it, perhaps he is trying to have his difficulties understood, for once.

Lindbergh's second book is "We Fly". How could his better half or whatever fraction she is do otherwise and see him once a month?

Maybe, if men's garments are simplified, we males will not look like peas in a pod, and wonder if nature will cooperate in reducing Adam's apples and other angles to conform with this simplicity?

Mrs. Coolidge speaks of her "dinners of horrors". Her guests might mention several that seemed such to them, and of which she knows not. She is, however, reputed to be a delightful hostess.

William Shakespeare is a candidate for center on a New York football team. And if he can split the opposing line he need not worry about splitting an occasional infinitive.

WASHINGTON LETTER

BY RODNEY DUTCHER
 WASHINGTON—Colonel Horace A. Mann comes charging onto the political horizon again some months after he was commonly supposed to have been spurlos versenkt.

Colonel Mann is the big mystery man who is given a great deal of the credit for helping break up the Solid South last fall on behalf of Mr. Hoover. By the time Mr. Hoover was inaugurated it began to look as if Colonel Mann's only reward would be something less than a few kind words accompanied by a gentle shove back into the compara-

tive obscurity from whence he came.

But it was Claudius Huston who brought Mann into the presidential campaign and now Huston is chairman of the Republican national committee and it is understood that Mann will be given the peacetime equivalent of his former job as southern campaign manager, which means that he will have a place behind the patronage pie counter in the south.

He Has Hot Temper
 Mann is a Tennessee lawyer who specialized here on tax cases, with a large practice before the Bureau of Internal Revenue. He is somewhere around 50 years old, tall and heavy and pleasant in manner. Not a great deal else is known about him here, else he wouldn't qualify as a "mystery man". At work, he is something of a driver and is apt to lose his temper. He can be thick-skinned and hard-boiled, as he proved in the campaign.

It was Mann who sold the idea to Huston and Hoover that the Republican ticket could pick up a few states in the south as the result of widespread hatred of Governor Al Smith. Until election night, most political experts—including many Republicans—thought the idea was a joke. But, meanwhile, Mann had been given some money and told to go ahead.

Mann recognized the extent of the potential southern revolt against Smith. But he realized that little or nothing could be done to capitalize it if national headquarters depended upon their so-called Republican organizations in the south. The complexions of these organizations were often altogether too black and their methods altogether too unsavory to attract support from any considerable number of anti-Smith Democrats.

So Mann proposed to aid and encourage the anti-Smith Democrats to organize by themselves. It is not known just how or when he sold the plan to Hoover, but it was definitely sold because Mann was taken in from outside the party organization and appeared to be responsible to no one but Hoover himself. Dr. Hubert Work, the national chairman, seemed to think very little of the idea and he and Mann worked quite separately.

He Worked Very Quietly
 The colonel parked himself in an inconspicuous office in the Munsey building, far away from the national headquarters. He had a few scouts and agents who worked for him in the south and he himself received the visiting Hoovercrats as they came to Washington for money or other aid. One young woman, working for a Democratic newspaper, went to Mann's office and reported that she had been sent along to the Ku Klux Klan newspaper her to gather ammunition for the good work, but

Mann denied it. He worked in the dark. No news issued forth from his office. His was the gumshoe office of the campaign. He sent money and bargages of literature where he liked, without regard to the G. O. P. organization here or in the southern states. The inference was that Mann also made quite a few promises about the future to active Democratic workers in the Hoover vineyard. It appears to have been in close touch with Senator Simmons of North Carolina just before that aged Democrat bolted the Smith ticket, and he distributed thousands of copies of the senator's first anti-Smith speech some days before it was known that he would make such a speech.

It Still Isn't Satisfactory
 Professor C. Judson Herrick of the University of Chicago has written a book entitled: "Man, the Thinking Machine", in which he seeks to demonstrate that human beings are simply elaborate bits of mechanism, differing only in degree from such lowly organisms as the oyster and the sponge.

After asserting that all life, including mental and spiritual life, is simply a mechanistic process, Professor Herrick asserts that his theory is neither irreverent nor pessimistic.

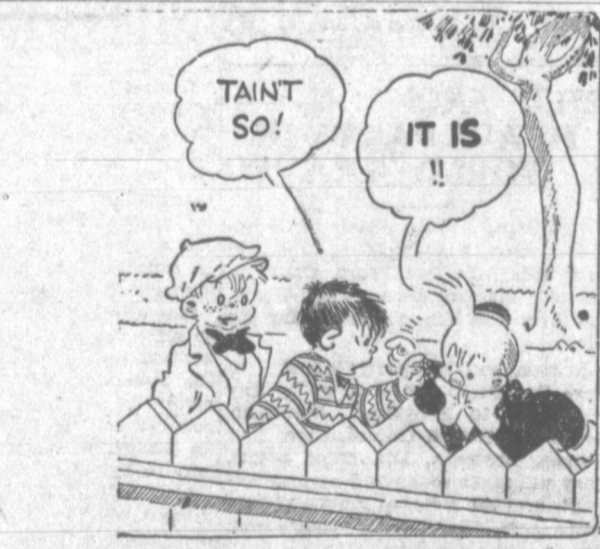

"Our spiritual life is divine if you like so to dignify it," he writes. "It is none the less part of our common human nature. Its roots strike down into the same natural soil as the rest of our life, and its flower and fruitage grow and expand in the same natural air and sunshine as the lilies of the field and the birds of the air. This is not to degrade man, but to dignify nature."

This is beautifully written, and there is a good deal to be said for Professor Herrick's viewpoint. Yet no matter how charmingly such a conception of human existence is worded, it will nevertheless strike the vast majority of people as repellent.

Most of us feel the imperative need of connecting our own individualities with some power that will preserve them forever. We may grow careless about formal religion, we may overlook the matter of church attendance; but in the bottom of our hearts we still cling to the unconquerable hope that somehow, somewhere, we shall have a chance to make a fresh start, to prove our divinity in some fresher, cleaner region.

We cannot bear the thought that the grave may be the end of everything; it is only by looking upon it as the beginning, and not the end, that we can keep our optimism and our courage.

For that reason Professor Herrick's finely chosen words will leave most of us quite untouched. No words can render a theory like his palatable.—Childress Index.

But progress requires movement—from present status to something new. Those who can take advantage of the free

Society

President's Day Marks Beginning of Year's Effort for Two Local Clubs—Delightful Affairs Mark Occasion

Social Calendar

THURSDAY

The Girls' Glee club of Central high school will practice at 4 o'clock in the music cottage.

The Friendship class of the Methodist Sunday school will have a party in the class room. "Polly Anna" friends will be revealed, and officers will be elected. The meeting is to be at 3 o'clock.

The high school orchestra will hold practice at the music cottage, beginning at 7:30 o'clock.

FRIDAY

The Bible Cleaners class of the Baptist Sunday school will have a social meeting at the home of Mrs. A. C. Shaw, beginning at 2:30 o'clock.

FRIDAY

Child Study club will meet in the home of Mrs. A. H. Doucette at 2:30 o'clock.

All mothers who are interested in enrolling their children in a private primary school, teaching first grade work are invited to attend a meeting of the Mother's Primary School club at the Methodist church at 10 a. m.

The Ladies' auxiliary, No. 212, of the Carpenters' union will entertain with a social meeting at the home of Mrs. L. H. Stout, 320 Starkweather, at 8 o'clock. All members of the auxiliary and their husbands are invited. An important business meeting also will be held.

The Blue Bonnet bridge club will meet at the home of Mrs. C. E. Henry, where games will open at 2:30 o'clock.

Baptist Circles Have Three Unit Sessions Wednesday

Among the church societies meeting yesterday afternoon were three circles of the Baptist Women's Missionary union. Circle No. 1 convened at the church, with ten members present. A study from First Kings was conducted by Mrs. T. B. Solomon. A brief business session was held for the report of the calendar committee, whose plans for the ensuing quarter were accepted.

Mrs. John McKamey was hostess to members of Circle 2. Officers for the year were elected, and were as follows: Chairman, Mrs. R. E. Hungate; co-chairman, Mrs. Paul Link; secretary-treasurer, Mrs. Clyde Garner; mission study chairman, Mrs. Binsford; personal service chairman, Mrs. G. C. Stark; flower committee chairman, Mrs. J. H. Ayers; and reporter, Mrs. O. J. McAlister.

A combined social and business meeting of Circle 3 was held in the home of Mrs. L. H. Anderson. The members selected as their missions study "Mission Work in Nigeria, Africa." Mrs. W. B. Murphy conducted the devotional. Visitors for the occasion were Mrs. Oscar Smith and Mrs. A. B. Holt of Canyon.

Professional Women's club. Members present were: Mrs. H. D. Lewis, Mrs. R. C. Campbell, Mrs. Porter Malone, Mrs. W. T. Fraser, Mrs. A. H. Doucette, Mrs. Edwin Vickers, Mrs. Raymond Harrah, Mrs. H. G. Twiford, Mrs. H. H. Hicks, Mrs. Paul Kasahke, Mrs. F. M. Culbertson, Mrs. Clifford Braly, Mrs. Floyd Smith, Mrs. Joe Smith, Mrs. W. J. Smith, Mrs. H. Otto Studer, Mrs. R. W. Sugg, Mrs. A. R. Sawyer, and Mrs. R. W. Mitchell.

Included in the committees which had in their charge the arrangement for the breakfast were: Mrs. Tom E. Rose, Mrs. W. T. Fraser, Mrs. Paul Kasahke, Mrs. Porter Malone, Mrs. J. D. Sugg, Mrs. Raymond Harrah, Mrs. Joe Smith, Mrs. Clifford Braly, and Mrs. H. G. Twiford.

JUNIOR ORGANIZATION HEARS INSPIRING TALK
Mrs. Roy Bourland, 815 North Gray, opened her home for the informal reception given by the Junior Twentieth Century club. Included among the floral decorations in the entertaining suite was a cluster of pink roses and tinted asters, the gift of the senior club.

The address of the president, ushering the young organization into its early responsibilities, was one of unusual interest and happy timeliness. Mrs. Willis gave an account of the past achievements of the mother club, Twentieth Century, and cited the record as an inspiration to the members of the newer group. "My ambition for this year is that at the end of it our sponsors may look upon our work and say we have done it dutifully and merrily," the enthusiastic young president said.

Mrs. Dick Walker gave a reading that was greatly enjoyed, after which refreshments were served. The following members were present: Mrs. Arthur Swanson, Mrs. H. P. Elliott, Mrs. Tom Perkins, Mrs. Robert Chaffin, Mrs. Charles Boles, Mrs. T. R. Martin, Mrs. N. A. Helstead, Mrs. Lee Harrah, Mrs. Willis, Mrs. Walker, and Mrs. Bourland, hostess.

HAS PROGRAM OF BROAD INTEREST
Following by a fortnight the opening functions of the two clubs will be their first programs. Twentieth Century will begin a miscellaneous course which includes studies in literature, civic duties, social arts, and international affairs. Activities and civic projects scheduled for the year are the organization of a municipal chorus, sponsoring a city-wide observation of

national music week, the furthering of a movement to add a dean of girls to the high school faculty, and a book shower for the public library, to be combined with an open spring meeting.

A cultural course similar to Twentieth Century club's will be followed by the Junior club in a calendar of exceptional interest. American culture as represented in literature, drama, and music will be reviewed in the initial program. The home and religion will be considered in the second program.

Opera, national war songs, and jazz productions will be the basis for study in another lesson, and for the Thanksgiving holidays a "Literary and Musical Feast" is listed. Child welfare, foreign problems in the United States, immigration laws, and immigrant education will be taken up in later programs. Three programs will be devoted to practical studies in art appreciation—one to the history of American art, another to art in the home. Modern drama also will be studied, and a third to Texas art and artists, there will be a review of a late novel. A Christmas tea is planned for the December holidays, at which time the club will extend its hospitality to representatives of all women's clubs of the city. A charity affair also will be numbered among the holiday events of the organization.

San Marcial, N. M. Is Wiped Out by Rio Grande River

ALBUQUERQUE, N. M., Sept. 26. (AP)—Muddy waters of the Rio Grande today sloshed about three buildings, all that remained of San Marcial, N. M., once a town of 1,400. In the foot hills, across a broad expanse of flood waters which broke through dikes at San Marcial, were refugees, some of whom had left before the flood and fifty-four who were rescued yesterday by boats.

The 54 were marooned in the three buildings—the Santa Fe depot, Harvey house and a bank. The buildings were standing in from five to eight feet of water. A phone line to the Harvey house was working until 3 p. m., yesterday, after which no one answered. The presumption was that all had been taken from the flooded area by a powerboat sent to their rescue.

In the hills west of the town, there are probably 200 refugees. Most of

them are without food or shelter. The older Indians in the original San Marcial nested on high ground, and, safe from the Rio Grande, were giving their all to aid. Thus far there has been no sickness, but if outside aid is not forthcoming, apprehension for the future is felt. The Red Cross, with the help of numerous Socorro residents, planned to make an effort to reach the refugees with tents and supplies, by way of Magdalene and Rosedale down Mulligan gulch.

Many adobe houses in San Marcial crumbled with the advent of the water. The Santa Fe railroad tracks were washed out and a freight train upset.

McMan Gets Well

McMan Oil and Gas company's No. 5 Palmer, section 31, block B-2, was brought in Tuesday with an initial production of 450 barrels. Pay was struck at 2,885 feet; 2,000 feet of gas was reported. The flow has not decreased. The same company's No. 3 Saunders in the J. G. Eustis Survey swabbed 10 barrels yesterday.

Undergoes Operation

Mrs. W. R. Don Carlos of LeFors successfully underwent a major operation in Pampa hospital yesterday.

Carnival Girl Killed

ABILENE, Sept. 26. (AP)—Betty Jean Bradley, 22, connected with a carnival company, operating at the West Texas Exposition here, was injured fatally last night when she dived into a water show tank. She died today. The body was held here pending word from Elgin, Ill., where her mother, Mrs. Sam Smith, resides.

Girl Takes Poison

Miss Doris Mae Paxton of LeFors is satisfactorily recovering in Pampa hospital from the effects of a quantity of carbolic acid which she drank yesterday.

STEERS HOPE TO TIE SERIES BY WIN TODAY

BIRMINGHAM, Ala., Sept. 26. (AP)—"Whitey" Glazner, who rose to pitching fame from the sand lots of Birmingham, was Milton Stock's choice for mound duty as the Dallas Steers met the Barons in the second game of the Dixie series.

Glazner, who but for a pre-season ruling by Judge Landis, would have been a Baron himself this year, signed with Dallas when he was made a free agent, and Manager Stock was hopeful he would pitch the Steers to an even break with the Barons, who hopped out in front yesterday with a 1 to 0 victory.

His pitching opponent was doubtful this morning with Manager Dobbs having any one of five men ready. Ray Francis or Ray Caldwell both veterans, were considered most likely starters.

The Barons eked out victory in the opening battle when Clabaugh, right fielder, stole home in a double theft in which Outfielder Bennett aided. The run came in the seventh after Clabaugh had walked. After Weis popped out Ernie Smith singled to short left and Clabaugh stopped at second. Clabaugh moved to third when Bennett forced Smith and came home a moment later on a double steal.

The run broke up a pitchers' battle between Ludolph, Southern association's leading hurler, and George Connally of Dallas. Up to that time each hurler had allowed only one hit.

Following the game here today, the teams will go to Dallas, where the series will be resumed Saturday with games also scheduled in the Texas City for Sunday and Monday.

A total of 9,351 fans paid \$15,052 to see the opening game. Of this amount \$7,224.96 goes to the players, \$4,816 to the two participating clubs and \$3,010 to the two leagues.

Players in Dixie Series Figuring on Possible "Split"

BY BAYLE TALBOT, JR.
Associated Press Sports Writer
DALLAS, Sept. 26. (AP)—While the Dallas Steers and Birmingham Barons are very much in earnest about winning the Dixie series, it is fair to assume the individual members of each team have worn out many pencils figuring their cut of the big money class.

Customers who file through the gates for the first four games of the series will deposit in the neighborhood of \$1,000 in the pocket of each player on the winning team, maybe more.

After four games have been played, the minimum number to decide the championship, the performers will cease to estimate the crowd between pitches and devote all their energy to the problem at hand. The owners split the swag from their own.

The intake for the first four tussels is divided thus: 20 per cent of the gross to the Texas and Southern leagues, each sticking 10 per cent in its sinking fund; 48 per cent to the players of the two teams, to be divided on a 60-40 basis between winner and loser; 16 per cent to the Texas league, for division between the players of the three leading clubs, the same to the Southern.

The Texas league's 16 per cent will be divided between Dallas, Wichita Falls, and Shreveport, 66 2-3 per cent, 20 per cent and 13 1-3 per cent, respectively. The players get all this.

Former Waco Star Is Longhorn Hope

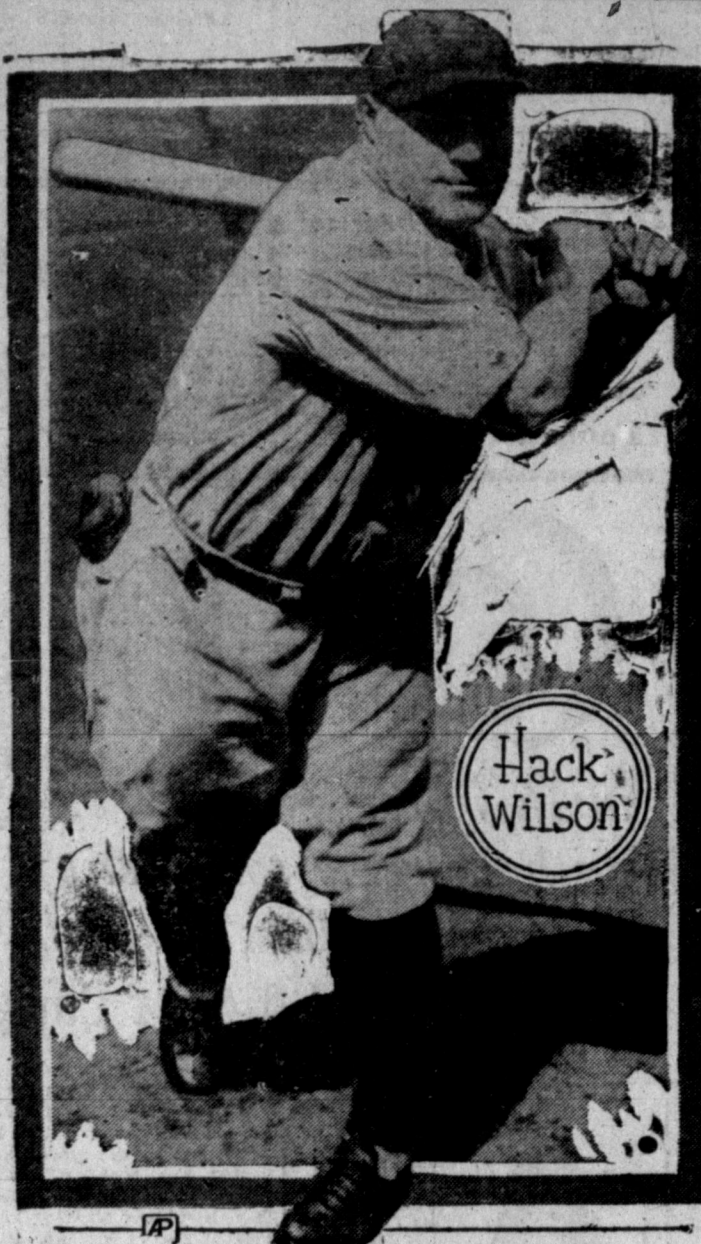

AUSTIN, Sept. 26. (Special)—Claude Meadows of Waco who is playing his second year this season in the University of Texas backfield is one of the mainstays of the Texas football team, according to Coach Littlefield. While he weighs but 155, his brains and ability to do everything a back is supposed to do makes him the apple of Texas coaches' eyes.

Meadow's punch in the Texas backfield last year did much to guide the Longhorns to a conference championship. This year he is vastly improved, Mr. Littlefield avows.

Meadow's arm will be the main factor in Texas' aerial attack this year. "He will be one of the best passers in the conference this season," Coach Littlefield said. During the summer, he learned to punt and may do much of this for the Texas team this season. His prowess in the open and broken field is well known over the state from his last year's play and from his four years with Waco high school's championship team.

TWO PERSONS VERY ILL
Two Pampa pioneers, Mrs. J. S. Rice, and F. T. Mason, were critically ill this afternoon at their homes here. Mrs. Rice was very low, and Mr. Mason was not expected to recover, according to their physicians.

Wilson Puts Punch In Cubs

CHICAGO (AP)—Home run slugs—that's Lewis R. "Hack" Wilson, the life of the Cubs' party.

The squat, powerful centerfielder, who started out to be a blacksmith before he found baseball was more fun, has supplied the big share of the punch and color presented by the 1929 National league champions.

His home run leadership battle with Chuck Klein of the Phillies brought

no fans running to Wrigley field even after the Cubs had the pennant in the sack.

Before Hornsby and Cuyler joined the big gum man's boys, Hack was almost the whole show in the glory of business. Hornsby and Cuyler shadowed him for a while and got the newspaper play. But not for long.

Hack was born down in Martinsburg, W. Va., where they are fixing up the radio to tune in on the world series.

HUGGINS WILL BE LAID AWAY ON SATURDAY

By WILLIAM J. CHIPMAN

Associated Press Sports Writer
NEW YORK, Sept. 26. (AP)—If casualty lists were issued in baseball, we would see one this morning reading something like this:

"Killed in action—Miller J. Huggins." The mighty midget of the Yankees dead when, on the word of Dr. Edward King, his physician, he might be alive if the stamina he devoted to the losing pennant battle of his ball team had been hoarded for the benefit of his own well being. Taxed more and more by each succeeding baseball campaign the miniature commander of the Ruppert rifles was drained of strength when he entered St. Vincent's hospital last Friday, and was easy prey for the toxins which ended his life at 3:16 p. m., yesterday.

All baseball will pay tribute to him at 2 o'clock tomorrow afternoon when his funeral will be held at the Church of the Transfiguration. The limited space will be far over-taxed by the baseball host which will be present.

The body will be placed aboard a train for Cincinnati where Huggins will be buried today beside his father and his mother. The services in New York will be conducted by the Rev. Dr. J. E. Price, pastor of the Washington Heights Methodist Episcopal church and those in Cincinnati by a minister from the Walnut Hills Presbyterian church.

E. S. Barnard, president of the American league, canceled the schedule of that circuit for tomorrow as soon as he learned of plans for the funeral. The National league probably will pay its respect to the man who won eight straight games from its clubs in the last two world series by observing a minute of prayer before the start of the games tomorrow. These are at Philadelphia and St. Louis.

After playing in Washington today, the Yankees will entrain for New York and will not return to the capital to resume the series until Saturday. The players will attend the funeral in a body.

CANYON FOLK VISITORS

Mr. and Mrs. L. H. Anderson have as guests Mrs. Anderson's mother, Mrs. Oscar Smith, and her daughter, Mrs. A. B. Holt, both of Canyon.

Iron Man

Two local men will "rattle" for supremacy at the Pla-Mor auditorium tonight. Oscar Dotson, Pampa blacksmith, and Leo Chase, iron-man oilfield worker, are scheduled to write finis on an old grudge tonight. Dotson has trained down to 185 pounds, a weight agreed between the two wrestlers. Chase will weigh about 165 pounds when he steps upon the mat.

In answer to a statement by Chase yesterday that he could throw Dotson and all, the blacksmith came back and stated that it would be too much bother to bring his piano stool to the match but that Chase couldn't throw him off the stool.

The two men met a month ago when Dotson with a big weight advantage threw the oilfield man after one of the hardest battles of his long career. Tonight he will have a wildcat to contend with and the story may be different.

A new man in the city will be put in the ring with Rusty Cahill, local welterweight boxer. He is Johnnie Hilliard of Wichita Falls. Hilliard in his workout has showed something in the way of speed and hitting power not seen here in a long time. The Pampa boy will have to be at his best to stay the six rounds but Cahill has been training hard and is in excellent condition, his manager reports.

Two local negroes and good preliminaries will open the event. Also, the account of the Sharkey-Loughran fight will be given blow by blow, from the Daily News leased wire.

Jack Sharkey, Talkative Tar, Is Slight Favorite in Tonight's Tilt

NEW YORK, Sept. 26. (AP)— Jack Sharkey of Boston and Tommy Loughran of Philadelphia meet at the Yankee stadium tonight in a 15-round bout.

Barring disappointments of various kinds, the echoes are scheduled to carry as far as Miami, where the victor may have an important part in deciding the heavyweight championship of the world this winter.

Neither fighter has been made an outstanding favorite among the bettors. Opinions are greatly at variance with the results about even. Sharkey backers freely predict the talkative tar will bore into Loughran and end the battle before its scheduled time. The Philadelphia fans are as confident the former light-heavyweight champion will completely outbox his rival and perhaps do better with the punch said to have come with added size.

Conversation has been one of the most evident things in the preliminaries of the battle, and some sceptics have even dared to say perhaps the pre-battle statements of the principals and the disputes of the fans are responsible for the wave of warm weather that has brought a great increase in the advance sales of tickets.

Today's box predictions are that some 50,000 persons will surround the ring when the fighters enter it at 10 o'clock, daylight time, and that neighborhood of \$300,000.

Sharkey was expected to tip the boxing commission scales at about 195 pounds, while Loughran, bearing the greatest weight of his ring career, was about ten pounds below that mark.

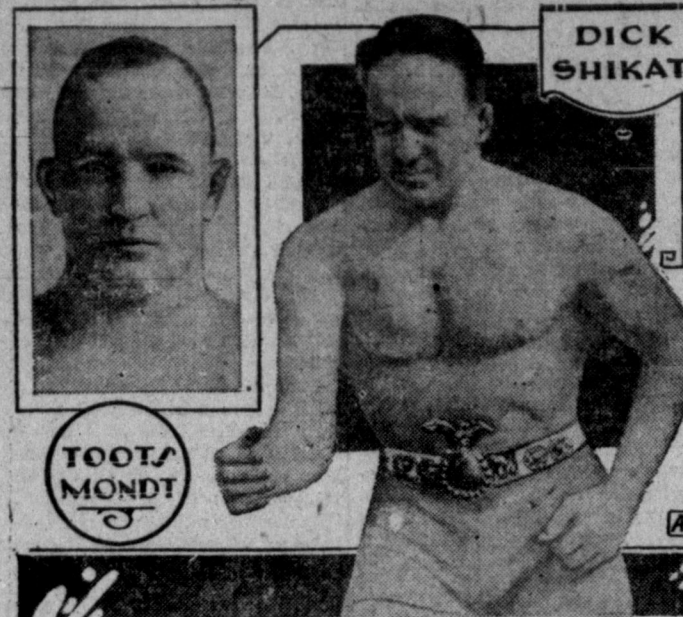

There will be no radiocasting of the fights.

Aggies Hold Edge in Grid Championship

DALLAS, Sept. 26. (AP)—No matter what eleven wins, this year's Southwest conference gridiron crown, the Texas Aggies still will outstrip the field in number of championships won since the conference was organized in 1915.

Of the 12 titles officially awarded, the Aggies have won five, Baylor three, and Texas university and Southern Methodist university two apiece. Three schools, Arkansas, Texas Christian and Rice, have not won a title since the modern conference was formed.

Loser Becomes Winner's Manager

"Toots" Mondt got a break when Dick Shikat outwrestled him five months ago. Mondt promptly signed as Shikat's manager. New Shikat is recognized as heavyweight champion in Pennsylvania and New York.

Sharkey Is Ready

Green Jackets Fully Organized

The Green Jacket girls pep squad of Central high school will appear 54 strong at the Fair park Saturday afternoon when the Harvester football team meets Electra, according to plans of the organization and its sponsors. In addition to the old and familiar yells which are being practiced, a stunt is being planned especially for the event.

The squad was reorganized Tuesday afternoon, with Bobbie Jean Robinson and Susie Belle Hickman as cheer leaders. Mr. S. W. B. Saulsbury was chosen as pep squad mother, to assist Miss Arless O'Keefe and Miss Lucille Hill, faculty members. It was decided to use the same green and white uniform worn last year. Miss Hill said uniforms for all members would not be here for this week's game, but were expected in time for a trip to Canyon in the near future.

Mrs. W. T. Hayler of Clarendon was a visitor in the city yesterday.

Mr. and Mrs. J. W. Decker of Panhandle were here yesterday.

NOTICE TO PAVING CONTRACTORS

Sealed bids, addressed to the City Manager, will be received by the City Commission of the City of Pampa until 9:30 a. m., September 28th, 1929, for the construction of pavements on North Cuyler Street and sundry other streets in the City of Pampa, Texas.

Approximate quantities are as follows:
Paving 85,000.00 sq. yds.
Combined curb and gutter

Concrete headers 2,500.00 lin. ft.
Excavation 32,500.00 cu. yds.
Class "A" concrete 80.10 cu. yds.
Reinforcing steel 7850 pounds
Structural excavation 308.00 cu. yds.

Proposals will be considered on brick, reinforced concrete, and vibrolithic concrete.

Plans and Specifications may be seen and information and proposals obtained at the office of A. H. Doucette,

City Engineer, Pampa, Texas. A deposit of ten (\$10.00) dollars will be required for the proposal, which will be returned if a bona fide bid is made. Bidding check required ten thousand (10,000.00) dollars.

The City Commission reserves the right to reject any and all bids received.
F. M. GWIN, City Manager
17-27

HOMER DELUGE ONLY INTEREST ON WEDNESDAY

By the Associated Press
With the baseball world mourning the death of Miller Huggins, there was little zest to games yesterday, and a home run shower at Baker Bowl was the most noteworthy happening. Chuck Klein hit two of these, and not only ruled up to within one of Melvin Ott and the National league record of forty-two, but also became the fourth National leaguer in fifty-four years to pass the forty-mark.

Frank O'Doul hit his thirty-first and Donald Hurst his thirtieth. Sigman, the Philadelphia recruit, and Herman of Brooklyn also cleared the fence. Hurst's drive followed Klein's fortieth in the ninth round of the first game, enabling the Phils to win 10 to 9. The second game was a Philadelphia victory by 8 to 5, pulling the Baker boys up to within half a game of the fifth-place Robins.

The Giants defeated the Braves 8 to 4 at the Polo Grounds, climbing to within three games of the second-place Pirates. Each of these clubs will fall one contest short of its allotted 154, leaving the Giants only eight games in which to gain four.

The Cardinals whitewashed the Reds 8 to 0 in the remaining National league game, the Cubs and the Pirates having an open date on their schedule.

Tony Lazzeri's triple and Lou Gehrig's sacrifice fly enabled the Yankees to pull out the decision at Boston 11 to 10 in the eleventh inning. The Yankees were affected by news of their manager's death, but pulled themselves together in time to earn the victory which clinched second place for them.

Glenn Myatt's home run with two on in the ninth enabled Cleveland to nest out Chicago 9 to 7, and the Browns smacked Detroit 3 to 2 in remaining American league games.

Bob Kahl Likely to Be Used Often by Tulsa Coach

Bob Kahl, last year's Harvester center, but now at Tulsa university, may see action in Saturday's game with Wichita university at Wichita. It will be the first game of the regular schedule for the Tulsans.

The local boy has already clinched a place as study for Martin, regular player who is in his last season for Tulsa U. Martin weighs 170 pounds and is conceded first position by reason of his long experience, but Kahl is in reserve for any moment that Martins falters or the coach sees fit to take him out of a game.

Concerning the Pampa youth, the Tulsa Tribune recently said: "Kahl, the Pampa, Texas, product, is being looked upon more and more as the reserve center."

BOBBITT TAKES NEW POSITION

AUSTIN, Sept. 26. (AP)—R. L. Bobbitt of Laredo entered upon his duties as Attorney General today, succeeding Claude Pollard, resigned. He took the oath of office, administered by Judge W. C. Morrow of the court of criminal appeals, shortly after his appointment had been formerly announced by Governor Moody.

AUSTIN, Sept. 26. (AP)—Appointment of R. L. Bobbitt of Laredo to be attorney general of Texas will probably necessitate Governor Moody's filling two other offices.

It is likely he will appoint District Judge John A. Walls to succeed Bobbitt as district attorney, since it is understood Judge Walls has asked for the place. If Judge Walls is made district attorney the governor will have to fill the judgeship.

Judge Walls was district attorney for many years before elevated to the bench when the legislature last January created a civil district court for Webb county.

Markets

Kansas City Livestock
KANSAS CITY, Sept. 26. (AP)—Hogs: 7,000; steady to 10c higher; top \$10.50 on 190 to 210 pounds.
 Cattle: 4,000; calves, 500; fed steers and yearlings strong; other classes steady to weak; slaughter steers, good and choice 1300 to 1500 lbs. 11.75 to 15.50; 1100 to 1200 lbs. 11.75 to 15.50; 950 to 1100 lbs. 12.00 to 15.50; fed yearlings 12.25 to 15.50; heifers 11.25 to 14.75; cows 7.75 to 10.75; vealers 8.50 to 14.00; stockers and feeder steers 9.50 to 12.25.
 Sheep: 13,000; lambs 25 to 25c lower; sheep steady; lambs 12.00 to 13.00; ewes 4.00 to 5.25.

CHICAGO GRAIN
CHICAGO, Sept. 26. (AP)—Wheat: No 2 red 1.30 1-2; No. 1 northern spring 1.30.
 Corn: No. 3 mixed 99 1-4; No. 4 yellow 98.
 Oats: No. 2 white 51, 1-2 to 52 1-4.
 Wheat closed strong 21-2c to 3 3-4c a bushel higher than yesterday's finish. Corn closed 1c to 3 1-2c up, oats 1 1-4c to 2 1-4c advanced, and provisions ranging from 5c decline to a rise of 2c.

Wheat Rallies
CHICAGO, Sept. 26. (AP)—Much higher quotations than looked for, together with greatly curtailed estimates from Australia, led to sharp early upturns today in wheat here.
 Opening 5-8c to 2 3-4c higher, Chicago wheat later continued to show marked strength. Corn, oats and provisions were also displaying an upward trend, with corn starting 3-4c to 1 3-4c gain, and subsequently holding firm.

Plumbers' Exam Will Be Given

A plumbers' examination will be held Friday night at Glen Ragsdale's plumbing shop for all plumbers in Pampa who have not been awarded local certificates, according to F. E. Townsend, member of the examining committee.
 It is necessary for all plumbers to be awarded certificates by the examiners of the Pampa jurisdiction, regardless of certificates issued elsewhere, Mr. Townsend says. Certificates must be issued at the place of occupation, according to a state law, Townsend said. Those who operate without license are working illegally, he said.

The examining committee includes L. H. Sullins, W. J. Hatcher, A. J. Doucette, Dr. J. T. Worrell, and F. E. Townsend.

Trains Detouring on Account of Flood

Floods and washed-out railroad bridges in the vicinity of Albuquerque, New Mexico, during the last few days are responsible for the many passenger and freight trains that have been coming through Pampa today and yesterday.
 Most of the transcontinental trains on the Santa Fe have been detoured at Belen, New Mexico, from the trunk line, via Newton, Kans., to this line. The Chicago to Los Angeles pullman train and four other passenger trains from the trunk line were detoured through here yesterday.

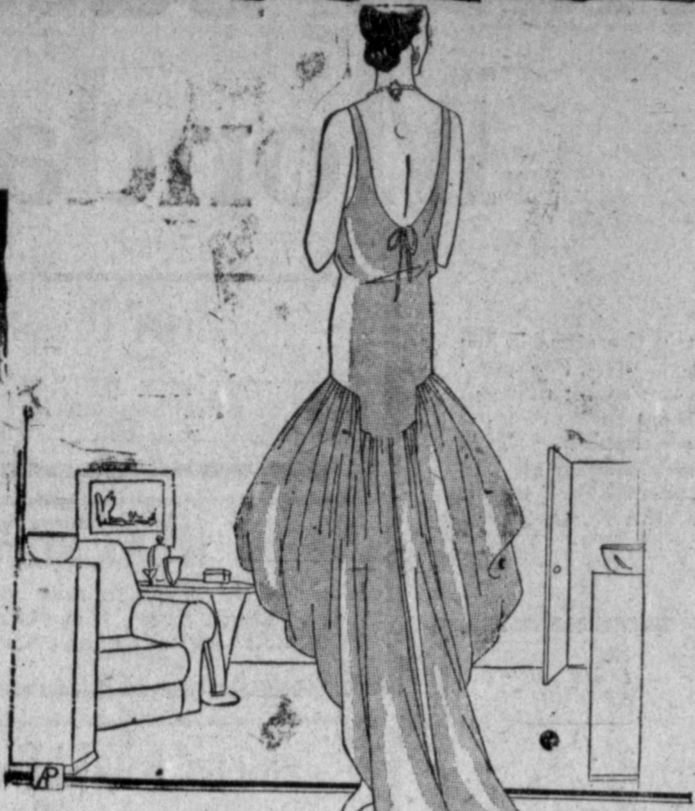

Rev. Alves to Go to Alabama Soon

The Rev. J. Hodge Alves, who has been in charge of the work of the Episcopal church in this city, Borger, Shamrock, and Canadian during this month and last, has been called to return to his own diocese in Alabama to take a church at Springhill. He also will be chaplain to an Episcopal orphan's home in the city, and will teach a missionary class for young women in a local college.

Returning to Alabama, Mr. Alves will serve his first year in the ministry under Bishop W.G. McDonald, in whose charge he prepared for the clergy. The Rt. Rev. E. C. Seaman, bishop of the Northwest Texas diocese, hopes to replace Mr. Alves here with a resident minister, he told the latter last night in Amarillo. Plans have not been definitely formed.

Mr. Alves will conduct his final service in the city at 11 o'clock Sunday morning, in the music cottage on Central high school campus.

Modes of the Moment

This dress which Madame Louise Boulanger invited me to sketch is fairly with a watermark, and bright coral in color. The puff skirt flattens in front. The low neckline is laced in back.

Man's Leg Broken in Tractor Mishap

While reaching for a can of water on a tractor he was driving across a road near Pampa this morning, R. D. Houston lost his balance and fell under a wheel which crushed his left leg just above the ankle.
 He also suffered other painful bruises. The accident occurred one and one-half miles from Pampa about 8:20 o'clock this morning. He was taken to Pampa hospital for treatment.

Moody Makes Appointments
AUSTIN, Sept. 26. (AP)—M. L. Buckner of Dallas, and J. H. T. Bibb of Marshall were appointed to the state fish, game and oyster commission by Governor Moody today.

ATHLETICS BEAT RED SOX, 5-3

BOSTON, Sept. 26. (AP)—The Athletics defeated the Red Sox by 5 to 3 here today in the opening of their final series in The Hub this season. Al Simmons' thirty-second homer with two on in the first gave George Earnshaw a lead which he never relinquished, after pitching six scoreless innings and getting credit for his twenty-third victory. Earnshaw gave Rube Walberg a chance.

Score:
 Philadelphia 301 100 000-5-12-0
 Boston 009 000 000-3-11-2
 Earnshaw, Walberg & Cochrane, Perkins; Russell, Durham and Asby.

HOOVER HELPS TO STOP GIRL LEAVING HOME

ST. PETERSBURGH, Fla., Sept. 26. (AP)—The president of the United States today had taken a hand in an investigation into the elopement of a 16-year-old St. Petersburg girl with a Honduran guitar player, on a banana boat.

Fears that the girl may be the victim of a plot to sell her into bondage in South America have been expressed by her mother and police.

L. A. Ordeiz, the man, was sought on the formal charge of illegal entry into the United States. The girl is Mary Louise Lupton, popular high school sophomore.

Ordeiz came here Monday, persuaded the girl to elope with him, and left early Tuesday on a fruit boat bound for Honduras. Their plans were almost upset as the mother of the girl arrived at the Tampa dock a few minutes too late to stop them.

Many Local Men at Hoo Hoo Meeting

AMARILLO, Sept. 26. (AP)—Reports from committees and departments were heard at today's session of the convention here of the concatenated order of Hoo Hoo, lumber organization.

Representatives from two cities launched campaigns for the 1930 convention. N. H. Huey of Phoenix, Ariz., headed the delegation from his city, and Adelard Beaudette of Montreal announced he would ask the Canadian city be awarded the meeting.

Pampa men attending either yesterday or today were: L. N. McCullough, W. A. Bratton, W. D. Neely, W. H. Lang, Wm. M. Craven, Lynn Boyd, S. L. Grove, G. C. Austin, J. B. Austin, Harry Shisler, E. D. Zimmerman, E. E. Bechtelheimer, and F. A. Spellman.

PRINCE OF WALES NEVER IN LOVE; WRITERS SAY

LONDON, Sept. 26. (AP)—The breakfast tables of England revealed this morning in gossip about the Prince of Wales. A new intimate biography discusses why the heir to the British throne doesn't marry and whether he will mount the throne.

The authors say: "Retaining the best of so-called old-fashioned beliefs in his creed of modernity, the prince is a firm disciple of the belief that there is no use in marrying without love. Because he has not yet experienced that emotion in its true intensity, the prince does not get married. 'That is all there is to it.'"

HOUSTON GIRL HURT IN ATTACK

HOUSTON, Sept. 26. (AP)—A 16-year-old Houston telephone operator was said to be in a serious condition at her home after a 24-year-old man attacked her early today.

The man and a couple were sought by police.

The girl said the man offered to take her home when she got off work. Another man and a girl were in the automobile.

She asserted she was prevailed upon to drink some liquor on a promise she would be carried home. The other couple left the car, and the man drove into the country and attacked her.

The girl reported she fought the man for some time and finally escaped from him, running to a highway and halting a passing car.

ITALIAN STEAMER REPORTED FOUNDERED OFF BAHAMAS

HAMILTON, Bermuda, Sept. 26. (AP)—A rumor was current here today that the Italian freighter Laconia had foundered off the Bahamas with all hands but no confirmation could be obtained.

There was no official report of the vessel here and the St. George's wireless station said it had received no distress signal.
 (The Laconia is a 3,762-ton vessel. She sailed from Galveston on Sept. 19 for Marseilles.)

Man Kills Nephew

UHRICHSVILLE, Ohio, Sept. 26. (AP)—P. O. Waller, 50 of this village, today shot and killed his nephew, Charles D. Hooker, 20, wounded the boy's mother and two other persons and then took his own life.

Slaying Is Confessed

GALESBURG, Ill., Sept. 26. (AP)—Al Hawkinston today confessed, police said, he killed his wife, Mary, and George Martin, 22-year-old Dayton Ohio, youth, after he found them together in his home.

School Girl Missing

COMMERCE, Sept. 26. (AP)—A search has been instituted for Bernice Williams, 17-year-old high school student who has been missing from her home since Monday. The girl was last seen when she told a sister she was ill and was going home. Her books were found in the basement of the school.

Houston Gets Meeting

INDIANAPOLIS, Sept. 26. (AP)—Houston, Texas, was selected as the 1930 convention city of the Woman's Christian Temperance Union at a meeting of the national executive committee here today. Denver, Colo., also sought next year's meeting.

This is not exactly a sale—yet practically every item in the store is be-
 ing offered at an unusually low price for three days—Friday, Saturday
 and Monday. You've heard "Give your flowers to the living many a
 time"—and we're strong believers in that—we even go farther—give
 your merchandise a big push while it is new and seasonable. This
 policy is the main reason that you never find old merchandise on our
 shelves. We keep it moving—we turn our stock in record time which
 means that you always find the newest and latest at the K. C. Store.
 Drop in and see us—we enjoy a chat as well as anyone!

Mrs. Pontages Will Hear Sentence at 2 p. m. Tomorrow

LOS ANGELES, Sept. 26. (AP)—Mrs. Lois Pontages, convicted of manslaughter in connection with the death of a Japanese gardener, after a collision of their automobiles, was under the care of physicians today. The theatrical magnate's wife fell to the floor in the court room where the jury's verdict was read last night and was carried screaming from the building. The five women and seven men who had heard three weeks of testimony concerning Mrs. Pontages' alleged intoxicated condition at the time of a fatal collision June 16, and the subsequent death of Juro Rokumoto, found her criminally responsible within 28 hours after the case had been placed in their hands. Superior Judge Carlols Hardy set 2 p. m. tomorrow as the hour of the pronouncement of sentence, which is fixed by California law at from one to ten years imprisonment. He permitted the woman her freedom under a

CROUCH FIGHTS HIS EXTRADITION

TEMPLE, Sept. 26. (AP)—A. B. Crouch, who, because he was one of the "big" people of this town was able, the state claims, to swindle local banks out of \$150,000, has been found after 16 years of search, but does not intend to return to Temple for trial without a struggle. In a telegram received here last night, U. S. Senator Tom Connally at Washington, said the arrest of Crouch in Helensville, New Zealand, had been confirmed by the state department, but that Crouch, identified by Sheriff John E. Righam of Bell county, denied he was the fugitive sought and retained "highly paid" lawyers to resist extradition attempts. Crouch, operator of a thriving grain business here, was superintendent of a Sunday school.

\$50,000 bond posted prior to the trial pending action on motions for probation and a new trial.

Talks To Parents

TOO MUCH CONFIDENCE
By ALICE JUDSON PEALE

Nothing is harder than to be the child of a father and mother who take their parental obligations with a heavy dose of conscience. An extra conscientious mother, in these days of many household aids, has time to concentrate too wholly on her child through entirely too many hours of the day. She begins while he is in the cradle to worry over his health. She watches the scales with anxious eyes. Intense, insistent, she hovers over his meals, lest he miss a single calorie of vitamin he is supposed to have. She is so concerned over dirt and germs that she would keep him in a glass case if she could. Ordinary cleanliness is not good enough for her. Her baby is not allowed to crawl about and investigate and experiment as every baby should.

As the child grows older the over conscientious parents fret over his character. They are harsh in discipline because they are full of anxiety lest their child become a sinner and a ne'er do well. They worry over his school progress until the child is beside himself with the fear of failure or its equivalent, the thought that he will not come up to his parents' expectations of him. They fuss about his manners. They want him to be a perfect little gentleman. They talk about his appearance until he is miserably self conscious. Only a child of unusually tough fiber withstands this sort of thing without loss of self confidence, and even he, if he would escape from his conscience ridden parents, must rebel and be at odds with them until he wins his freedom.

Heretical as it may sound, it is better to have too little sense of duty toward your child than too much. The one at least gives him a chance to learn to live, the other places every obstacle in his path.

CHICAGOAN BADLY HURT

CHICAGO, Sept. 26. (AP)—Charles M. Keckley, 62, well to do manufacturer, was found unconscious and probably fatally injured today in the south side apartment of Mrs. Florence Jacobs, 35. His skull had been fractured by a heavy blow behind the ear. The woman, died with liquor and her dress stained by blood, was taken into custody.

Five Are Charged in Agent's Death

SAN ANTONIO, Sept. 26. (AP)—Five persons were charged with murder, four more were under arrest, and five others were questioned today in connection with the fatal ambushing near here Tuesday night of Charles Stevens, dry agent.

Joe Hobrecha, Alice Smith, Pedro and Luisa Guajardo, and Lynn Stevens were charged with murder. The latter was still at large, but was believed to have been injured in the gun battle which took the agent's life.

Police were in possession of clues indicating Lynn Stevens was hiding in the city, too critically ill from his bullet wound to attempt flight. A fire gutted the home of Lynn Stevens late yesterday after police found and destroyed 5,000 gallons of whiskey.

Charles Stevens died at 12:45 p. m. yesterday of bullet wounds received at midnight Tuesday night when he and two other agents were ambushed on the Pleasanton road. Stevens was shot in the first volley.

A second agent, Pat Murphy, sprang from the car which he was driving and single handedly dispersed the attackers. He was believed to have wounded at least two of them.

Hawaii Fearful as Heavy Quakes Felt

HILO, Island of Hawaii, Sept. 26. (AP)—Suspense and excitement gripped the populace of Western Hawaii today after residents had been frightened from their homes by a violent earthquake, believed to be the forerunner of eruptions from three big volcanoes nearby.

The most violent quake of a series of about 150 tremors that had kept the western half of the island quivering for more than 24 hours came shortly after 6 o'clock last night. Walls and buildings in the area fell, and residents rushed from their homes.

So violent was the quake that the seismograph at Kealakekua was ruined. It was the most severe shaking the island has received within the memory of its oldest residents.

Negro Quarter of Chicago Now Quiet

CHICAGO, Sept. 26. (AP)—Fear of trouble in the densely populated negro quarter of the South side was quieted today by the presence of several hundred policemen and National Guardsmen, stationed there following the slaying of a police officer, William Gallagher, and John Stephenson, a negro,

Militiamen guarded armories in which were stored munitions. The eighth regiment, a negro unit, occupied the armory nearest the flat building in which occurred yesterday's gun fight between policemen and negro cultists.

Jesse D. Huitt, policeman wounded when officers raided headquarters of the Moorish Holy Temple of Science of the World, lay near death. He was shot seven times. Condition of the other wounded officer, Stewart McCutcheon, also was serious. Moses Jackson, known to other cult members as "The Shiek," was recovering from a shoulder wound.

RACE DRIVER HURT

ABILENE, Sept. 26. (AP)—Bobby Ryan of Douglas, Ariz., was in a serious condition here today as the result of being pinned beneath his car during an automobile race yesterday. His racer went over a high embankment when his machine grazed the wheel of another entrant.

PLANS SCIENTIFIC WORK

WASHINGTON, Sept. 26. (AP)—Charles A. Lindbergh will undertake a scientific exploration of Mayan cities in Guatemala, Honduras, Honduras and the Mexican provinces of Yucatan and Quintana in the immediate future.

This Beer Explodes
GALVESTON, Sept. 26. (AP)—Complaints were filed today by prohibition agents against nine men following a series of beer raids here last night. Nearly 700 pints of beer and a large amount of equipment for its manufacture were seized. One of the agents was cut on the shoulder and forehead when a bottle of beer exploded.

WEALTHY CHICAGOAN IS VICTIM OF "PINEAPPLE"

CHICAGO, Sept. 26. (AP)—Emil Denmark, wealthy automobile dealer and sportsman, who in recent years has been the victim of bombers, kidnapers, robbers, and firebugs, experienced his fourth bombing today.

A black powder "pineapple" exploded at the rear entrance of his garage and saleroom at Ogden and Springfield avenues. Property damage was several hundred dollars.

A four-year-old child, asleep at home, was seriously hurt when fumes of the explosion shook a heavy plaque from the wall, the plaque striking the child on the head.

MURDER IS CHARGED

DALLAS, Sept. 26. (AP)—Four men, all residents of Arlington, were charged with murder in complaints filed here today as the result of a disturbance at a roadside stand near Grand Prairie, Sept. 1 in which W. J. Bell, 36, received injuries from which he died yesterday.

Those named in the complaint are R. R. Clark, Earl Dewberry, K. L. Gallo-way, and J. E. Shelton. The men previously had been charged with assault on murder.

LOANS TO BROKERS INCREASE

WASHINGTON, Sept. 26. (AP)—Loans to brokers and dealers held by New York Federal Reserve member banks for the week ending September 25, were

announced by the federal reserve board today as \$4,761,000,000, representing an increase of \$129,000,000 as compared with the preceding week and establishing a new record for the sixth consecutive week.

Wish Error Explained

WASHINGTON, Sept. 26. (AP)—A resolution to request the census bureau to tell the senate how an error in its cotton report of September 23 occurred and what steps had been taken to prevent a recurrence was introduced today by Senator Heflin, democrat, Alabama, but action was deferred.

MIAMI, Sept. 26. (AP)—All but three of the officers and crew of the distressed British freighter Domira, aground since early Wednesday off Abaco Island, Bahams, have been landed by the ship's life boats at Great Guana Cay, small settlement some miles east of Abaco, according to message to Tropical radio here.

PEACOCK CALLED ORDINARY

WHITE PLAINS, N. Y., Sept. 26. (AP)—One doctor referred today to Earl Peacock, charged with the murder of his wife, as "an average young man," and another said a spanking would have done him good. The doctors were alienists called by the state to counteract defense expert testimony that the defendant had a psychopathic personality and had killed his wife during an emotional storm.

They both said Peacock was not a psychopath.

BORGER—

chief, Captain Frank Hamer, back soon. Hamer telegraphed his subordinates to meet him at Claude, Texas, this afternoon.

GUARDS ADDED

BORGER, Sept. 26. (AP)—Sheriff Joe Ownbey, tipped an attempt might be made to release Whitey Walker from the Hutchinson county jail, has employed four additional guards, it was learned here today.

Walker has been in jail since his arrest in Colorado on indictments charging him with having slain Deputy Sheriffs Pat Kenyon and Elmer Terry. He also was charged with slaying Coke Buchanan, policeman.

ATTACH HIPPOPOTAMUS

GREENVILLE, Sept. 26. (AP)—An attachment on a hippopotamus, property of a circus now showing in Houston, has been obtained by Linton L. Bowman and Sam Polk, city attorney and chief of police of Greenville, respectively, for damages of \$4,885.70 to city streets by the circus on its visit here a year ago. Bond was posted.

Goebel Leading Big Air Derby

TULSA, Okla., Sept. 26. (AP)—Four entrants in the Mexico City-Kansas City international air derby arrived in Tulsa today.

Art Goebel maintained his lead over the field, arriving at 10:49 a. m., 17 minutes and 51 seconds out of Muskogee.

Colonel Roberto Fierro was next to the mark, with 18 minutes 27 seconds elapsed time to his credit.

Other fliers and their time were: Captain Feliciano Flores, 26 minutes 45 1-5 seconds.

Ulis B. Verdeja, 21 minutes 1 2-5 seconds.

Wounding Report Denied

NEW YORK, Sept. 26. (AP)—A radio broadcast story that General John J. Pershing accidentally shot and slightly wounded Richard P. Lydon, New York supreme court justice, while hunting grouse this summer on the Scotland estate of Bernard M. Baruch, was denied today by Mr. Baruch and by General Pershing himself.

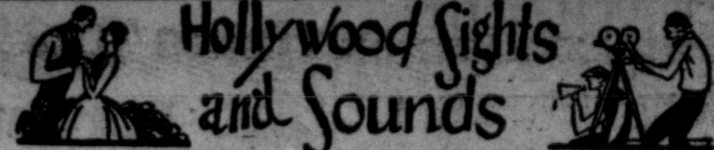

TEXAS UNIVERSITY STUDENT HAS ARTICLE ACCEPTED

AUSTIN, Sept. 26. (Special)—Miss Leigh Peck, student at the University of Texas during the past summer, now dean of girls at Caldwell high school, has had a paper, "Shall the Unfit Survive," accepted for publication in "Administration and Supervision," a journal devoted to educational problems at an early date, according to Dr. H. T. Manuel, professor of educational psychology at the University of Texas, under whom Miss Peck prepared the paper.

In her article Miss Peck sums up the arguments of both sides of the problem of the survival of the unfit, and concludes by declaring that the unfit should be allowed to live but should be made fit by education and other means and that only the fit should be allowed to reproduce.

These Bandits Thorough

MEXICO CITY, Sept. 26. (AP)—With remarkable thoroughness, bandits held up an autobus between Puebla and Amozoc today, according to reports received here, firing on the passengers and killing one and wounding another. Then the victims were robbed. Even their clothes were taken, leaving them nude in the road.

Hollywood Sights and Sounds

By ROBBIN COONS HOLLYWOOD—Actresses who spend hours posing for portraits in studio "still" rooms may be interested to know the two most popular photographs of Janet Gaynor were snapped without posing at all, and both in the spirit of fun.

After sitting for several portraits, Janet turned around to greet a friend entering the art gallery, and smiled to her over her shoulder. The photographer snapped her then, and the resulting picture has been more in demand than any of the "posed" ones taken before.

The other showing a demure miss fondling a lovely bouquet, was posed but only in fun. "Here," said Janet, after completing a sitting for the day, "is Little Miss Prim!"

She seized a bunch of artificial flowers and "went into character" as Little Miss Prim. The camera shutter clicked and Little Miss Prim was captured to develop into a prize portrait of the star.

There's a hint for all girls who regard facing the camera as an ordeal.

BIG BUSINESS

Peggy Joyce, whose much-married life is the subject of a diary now being syndicated, once rode in a car that had belonged to Mary Pickford, much to the profit of Jack Donovan, young

WAGGONER IN DETENTION

NEW YORK, Sept. 26. (AP)—Charles D. Waggoner, Telluride, Colo., banker, charged with defrauding six New York banks out of \$500,000 was in the federal house of detention today in default of \$100,000 bail. He arrived from Cheyenne, Wyo., yesterday.

3 GLASSES WATER HELP CONSTIPATION

One glass of water is not enough—take three glasses one hour before breakfast. Much better results are obtained by adding a teaspoon of simple glycerin, saline compound (known as Adlerika) to each glass.

Adlerika acts on BOTH upper and lower bowel and removes old waste matter you never thought was in your system. Stops gas and sour stomach in TEN minutes! Relieves constipation in two hours. Pamp aDrug Co.

PUBLIC NOTICE OF DISSOLUTION OF PARTNERSHIP

Notice is hereby given that the partnership lately subsisting between T. W. Snyder and M. W. Boyd, of Gray County, Kingsmill, Texas, under the firm name of Snyder-Boyd Drug Co., was dissolved by mutual consent, on the 11th day of September, A. D., 1929. All debts owing to the said partnership are to be received by the said M. W. Boyd, and all demands on the said partnership are to be presented to him for payment.

Sept. 11, 1929. M. W. BOYD T. W. Snyder

You'll be out of date within a year without an EIGHT!

America wants to stay in high gear! The public knows that no extra gear shifting can give a six-cylinder motor the smoothness and flexibility of an eight.

The fine cars started it. Today every fine American motor car is an Eight. Now we find the same sweeping trend among cars of more moderate cost.

Studebaker today leads the world in the manufacture of Eights—Eights that are champions—holders of 11 world records for speed and endurance and more American stock car records than all other makes combined.

Drive a smart new Studebaker Eight—President, Commander or Dictator. Compare it point for point. Then remember—your new car will be worth more a year from now—if it's an Eight!—for Eights will then be at a premium in a used car market glutted with sixes.

NOW THE GASOLINE OF CONTROLLED VOLATILITY ADDS ETHYL

Today in ONE gasoline you can get ALL the famous Phillips 66 advantages—year-round easy starting, quick acceleration, power and mileage—plus the feature of "no-knock". Ethyl is a no-knock compound placed in gasoline—a few drops to a gallon. But don't overlook this: the quality of an Ethyl gasoline depends upon the qualities of the original gasoline to which it is added. Make sure the station pump says Phillips 66 Ethyl. Dispensed from sealed tanks to protect you against substitution.

Art of Flavoring Food Will Be Stress in Free Cooking School

Early chefs of distinction in France were Italians. It was not long, however, before the more delicate Gallic palate began to tone down the strong flavoring of their more Southern Latin brethren, and in France, seasoning, the real kitchen magic, reached its zenith.

The more out-of-doors Briton with a less refined palate, ate coarser foods. His taste was largely inclined toward wild game, and as a result, instead of the milder oil dressings of France, strong sauces garnished the majority of English dishes.

Originally, the English element, which gave the nation its language, predominated, and in the seasoning more than any other item, has the American cook lagged behind the other nations.

The native early American dishes perhaps were responsible for this falling to a marked degree, since they did not lend themselves readily to seasoning, neither were the spices, which had originally inspired the discovery of America, so available to the American housewife. The native American dishes such as buckwheat cakes, corn pone, corn on the cob, clam chowder, pork and beans, and pumpkin pie, did not lend themselves readily to the extracts and condiments, which formed the magic of the European cuisine.

It remained for the home economists in their lecture tours across the country, backed by the facilities of the great testing laboratories, to secure recipes and injunctions as to flavoring and seasoning from their closely guarded owners, and bestow them with careful instructions as to their use, upon the American housewife.

Mrs. Leona Rusk Ihrig, who will conduct one of her nationally famous cooking schools in Pampa for five days, Oct. 14-19, stresses in advance notices from her, the importance which she attaches to the proper use of flavoring.

"More and more are Mexican flavoring practices being accepted by the American housewife," declared Mrs. Ihrig. "The intriguing season of well prepared chili, tamales, and enchiladas cannot be denied and I shall deal at quite some length with the proper handling of Mexican flavoring in my lecture courses in Pampa."

The News feels that it is especially fortunate in being able to secure Mrs. Ihrig for this great free cooking school, since the unprecedented popularity of her instructions and methods have put her bookings at a premium, and only the exertion to the greatest effort on the part of the management some months ago, secured this date from Mrs. Ihrig.

A lecturer of gifted personality, with the background of years of home economic experience, accepted as a leader in her line by the greatest food manufacturers of the country, she brings to eager Pampa housewives the subtle secrets of the culinary arts, which every woman is so desirous of obtaining.

Present indications are that the Pla-Mor auditorium will be filled to overflowing at each of her five appearances, and it is the desire of The News

wishes all mothers who are interested in having their children enrolled to please communicate with the secretary, Mrs. I. Baum, telephone No. 337-J, or be present at the meeting to be held Friday morning, Sept. 28, at 10 o'clock sharp, in the basement of the Methodist church.

Children who are 6 years of age or older, or who will be 6 by Jan. 15, are eligible.

that every woman reader of this paper keep herself posted on the data which will appear from day to day regarding the forthcoming school.

GIVING UP OF POSTAL BOXES MUCH DESIRED

Old timers' sentimental attachment for boxes they have had at the post-office for years, and their long-established habit of receiving Sunday papers, is beginning to weaken the belief of postoffice officials that many boxes will be available when city free delivery begins Oct. 1.

Postmaster W. M. Crawford says that most residents, new and old, have installed boxes at their residences, but at the same time many insist on keeping the post office boxes in which they have received mail for five, ten, fifteen and 20 years.

"Now take this box," Mr. Crawford pointed out a number. "This man has had it for 14 years. He lives on the free delivery route but just can't get over the idea that he ought to get mail out of the postoffice. He'd soon get used to it if he'd give up the box. Then there are those who want their Sunday papers—and out of the post office, too. O thers want to keep their boxes; just to have some excuse for coming up town every morning."

It would be a good policy for business houses to keep their boxes at the post office, but it would be little short of the absurd for individuals to continue renting the boxes if they live on the delivery routes, Mr. Crawford said. He urges the free delivery patrons to release their boxes by Oct. 1.

Ex-Student Clubs Are Being Formed

CANYON, Sept. 26. (P)—(Special)—Clubs of ex-students of the West Texas State Teachers college, are being organized in every county of the Panhandle if reports received at the college are true. The Wheeler County club began its year's work Aug. 30 at the home of Mrs. J. M. Porter, Wheeler, with Miss Viola Jones as hostess to 24 men and women who attended the college at Canyon.

The Lipscomb County club was started off with a membership of 21 and with J. B. Speer, superintendent of the Pollett public schools as president, and towns of Lipscomb, Pollett, Higgins, Booker, Darrouzett, and Glazier represented in the membership.

Both clubs expect to attend the home-coming game Nov. 2, in a body.

Dead grass is the principal cause of forest fires in Wisconsin, according to the Lake State's forest experiment station.

Illinois this year produced the largest crop of peaches on record—3,266,000 bushels against last year's 1,638,000.

Studies in the Chinese languages have been offered 33 years by the University of California.

Mrs. H. O. Donham to Pampa underwent a major operation in Pampa hospital this morning.

About New York

By RICHARD MASSOCK
NEW YORK—From no less an old observer of women's wiles than Joe Smith of the Waldorf-Astoria comes a left-handed compliment for the so-called weaker sex.

The average woman crook, he says gives the house detective more trouble than the average man crook and requires more careful watching.

And Joe should know, for he was, until the Waldorf-Astoria's recent closing a veteran house "dick," whose sleuthing record now appears in "Crooks of the Waldorf," authored by Horace Smith (no kin).

LIGHT-FINGERED LADIES
Ingenuity? The trails have no end of it. Listen to Joe:

"Their latest trick," says he, "was developed by a well-dressed lady (sic) who specialized in stealing the vending machines that are placed in the ladies' rest rooms—"

"This smart lady had a special jimmy made for her use, with a right angle crook at one end with which to tear these machines from the wall. She would stay a day or two at a hotel and pay frequent visits to the rest room until she found an opportunity to rip off the machine and slip it under her coat. Then she vanished, after paying her bill—although she did not pay it in dimes."

Every machine contained from \$25 to \$50 in dimes and the "lady" robbed nearly 40 New York hotels in three months before sly old Joe set his trap that caught her.

The most notorious of Joe Smith's acquaintances was a woman—"Chicago May" Sharpe, who herself has written memoirs. Says Joe:

"She and her partner, who was known as 'Little Cleo,' preyed on our guests' for a long time.—Their game was to walk along Thirty-fourth street late at night and trike up flirtations with (usually tipsy) guests who were returning to the hotel—"

"If their new acquaintance was in a mellow condition that made him ripe for the picking they would lure him into a convenient doorway and go through him with neatness and dispatch."

Shearing Visiting Sheep
Joe remembers lots of others; for in "We Boys," who represented themselves as reporters and cartoonists willing to suppress scandal for a price (which no real news man would dare do.)

Then there is always the "city slicker" who usually has something to sell, usually a valuable ring, for which he

palm off a phoney trinket when the sucker bites. The worst of it is the man fleeced will say: "Oh, well, what can you expect in New York."

"Just like that," Joe adds. "Blaming the whole city instead of himself."

But the house detective has the last laugh on those who steal hotel "silverware". It isn't silver at all, but a much cheaper white metal.

Other notes of the Waldorf's veteran reveal that the swankier New York hotels keep the flag of every country ready for unfurling in event a president, prince or diplomat happens to be a guest and that most hotels (N. B.) "keep a little book" in which are entered the names of guests who carry things away with them.

French police charge 24 out of 25 motoring accidents to the human element.

WHEAT THEFT CHARGE PLACED AGAINST YOUTH

A youth alleged to have sold seed wheat he was sent after by his farmer employer is being held for the grand jury now in session.

One load is said to have been sold in Pampa, and another was to have been sold in Miami, officers said. The seed wheat was to have been taken to the Arley Pierce farm, where the youth had been employed about a month. It had been noncontracted for from Wood Osborne.

The Brazos hotel, heritage of the old south in Houston, Tex., is to be razed to make room for a \$7,000,000 station.

Aviators flying to Chicago have 29 landing fields to choose from, or the lake if they are flying amphibians.

Sun-Tan Is The Fashion!

AN ANCIENT PREJUDICE HAS BEEN REMOVED

False modesty is a relic of an ancient prejudice. AMERICAN INTELLIGENCE has cut it away and, in behalf of better health and pure enjoyment, sponsors the fashion of sensible swimming attire.

"toasting did it"—

Gone is that ancient prejudice against cigarettes—Progress has been made. We removed the prejudice against cigarettes when we removed harmful corrosive ACRIDS (pungent irritants) from the tobaccos.

YEARS ago, when cigarettes were made without the aid of modern science, there originated that ancient prejudice against all cigarettes. That criticism is no longer justified. LUCKY STRIKE, the finest cigarette you ever smoked, made of the choicest tobacco, properly aged and skillfully blended—"It's Toasted."

"TOASTING," the most modern step in cigarette manufacture, removes from LUCKY STRIKE harmful irritants which are present in cigarettes manufactured in the old-fashioned way.

Everyone knows that heat purifies, and so "TOASTING"—LUCKY STRIKE'S extra secret process—removes harmful corrosive ACRIDS (pungent irritants) from LUCKIES which in the old-fashioned manufacture of cigarettes cause throat irritation and coughing. Thus "TOASTING" has destroyed that ancient prejudice against cigarette smoking by men and by women.

"It's toasted"

No Throat Irritation—No Cough.

TUNE IN—The Lucky Strike Dance Orchestra, every Saturday night, over a coast-to-coast network of the N. B. C.

"It's Toasted"—the phrase that describes the extra "toasting" process applied in the manufacture of Lucky Strike Cigarettes. The finest tobaccos—the Cream of the Crop—are scientifically subjected to penetrating heat at minimum, 260°—maximum, 300°, Fahrenheit. The exact, expert regulation of such high temperatures removes impurities. More than a slogan, "It's Toasted" is recognized by millions as the most modern step in cigarette manufacture.
