Franco Planes Bomb Valencia, 20 Persons Die

PERPIGNAN, France (Near the Spanish Frontier) Feb. 11 (AP)—The Spanish insurgent conquerors of Catalonia turned their military might today against Valencia as peace efforts in the Spanish civil war marked time and the government stuck to its refusal to surrender. Seven ministers flew from France to join Government Premier Juan Negruin, who was reported from Alicante, Spain, to have quarreled with military commanders in the bare fourth hour of the country his troops still hold. Negruin scarcely had time to reorganize his administration before insurgents again began air raids on Valencia, the government's key port. At least 20 persons were killed and 40 injured in five air raids. Reports reaching the border said Negruin, backed by his foreign minister, Julio Alvarez Del Vayo, had differed with military leaders, whether the rift was over peace negotiations or plans to continue the war was not apparent, however.

Exoneration Of Perkins Likely

WASHINGTON, Feb. 11 (AP)—Some members predicted flatly today the House Judiciary committee would exonerate Secretary Perkins of charges of willfully failing to enforce the immigration laws. Both Democrats and Republicans said privately the only question remaining was whether to close a preliminary investigation immediately with a vote of confidence in her administration. Nothing has been presented to them, they added to warrant impeachment as proposed by Rep. Thomas, Republican, N. J. One member said he would ask the committee at its next session—probably Tuesday—to vote on a motion to table the impeachment resolution. The committee could take that course, or could ask the House for articles of impeachment for trial in the Senate, or could send to the House a simple resolution of censure.

Garner Boom Not Being Talked Much

DALLAS, Feb. 11 (AP)—E. B. German, State Democratic Chairman, who has just returned from Washington, said today the Garner for president boom is not talked much in Washington, "by a kind of mutual understanding among his friends." Mr. and Mrs. Germany attended a dinner in the capitol last week given by Vice President John Nance Garner for President Roosevelt. "Outside of Washington, all thru the east you hear no other person than Garner talked about as the next Democratic nominee," Germany said.

Mother Sees Quads First Time Today

GALVESTON, Feb. 11 (AP)—Mrs. W. E. Badgett of Galveston saw her 10-day-old quadruplet daughters for the first time today, and regular visiting hours were announced at the hospital for persons wishing to view them through the glass door of their special room. Mrs. Badgett spent 20 minutes in a wheel chair before the glass-paned in the door to the room where the quads are kept. A nurse lifted each girl up close to the glass so that she could get a good look. "It was the greatest thrill of my life," she said later.

Officers Restrained From Stopping Citrus Trucks From Valley

EDINBURG, Feb. 11 (AP)—Heavily-burdened trucks rolled northward with part of the lower Rio Grande valley's citrus crop tonight after state officers retired from enforcement of the load limit law in deference to a court injunction. The petition for the injunction asked that police be restrained from causing undue delay in weighing trucks. Col. Homer Garrison, head of state police, said in Austin he interpreted the order as completely stopping enforcement of the 7,000-pound load limit statute. His copy of the injunction, he said, restrained officers from "holding up and delaying trucks carrying citrus fruits and vegetables northward from Cameron, Hidalgo and Willacy counties."

As soon as the order was served on J. W. Longley, chief of the license and weights division of the department, at a weighing station near Falfurrias, the force of 25 highway patrolmen who had been sent to aid in enforcement of the law were instructed to halt operations. When word of the injunction reached here, about 75 trucks left Edinburg for the trip north. Highway patrolmen, the only highway leading northward from the valley, and truckers claimed the inspections had resulted in a blockade because the weighing process was slow.

The court order was sought principally on the ground that trucks meant destruction of perishable citrus fruits and vegetables. It alleged the operations of the inspectors constituted a form of detention, inspection and search without a warrant. The injunction, granted by Judge Bryce Ferguson here, was asked by Sam L. Miller, McAllen banker who sued as a grower. Another injunction, restraining officers from interfering with the trucks, was issued by Judge Fountain Kirby at Groesbeck, but the action came hours after enforcement of the law had stopped. The writ was issued on application of Sid Hardin and W. A. Cameron, Edinburg attorneys.

Scouts Serve As Local Officials

Boy Scouts conducted business of the city, county and postoffice yesterday from 11 a. m. until noon, following a hotly contested election Friday night in the city auditorium. Once a year, during National Boy Scout week, the boys "take over" the reigns of government. Much business was transacted through meetings of the new city and county commissions. Police had an active hour, making a record number of arrests. Today Boy Scouts will attend churches of their choice by troops. On Friday night the boys staged a torchlight parade which was followed by the annual election.

Boys serving yesterday morning: Mayor—Billy James Hargis, Troop 24. City Manager—Ray Clanton, Troop 24. Chief of Police—Dale Harrell, Troop 80. Fire Chief—Russell "Joe" Jenks, Troop 19. Sheriff—Flinn Berlin, Troop 20. Postmaster—Clarence Simmons, Troop 20. City Judge—Tom Archer Walker, Troop 19. Announcer KPND—Vaughn Darrell Travers. County Superintendent—Gene Lunsford, Troop 20. County Judge—J. P. Dumas, Troop 80. County Attorney—David Graham, Troop 4. District Judge—"Wimpy" Hall, Troop 19. Scout Executive—Karl Rippel, Troop 18.

Residential Permits Here Total \$6,800

Two building permits were issued at the city last week both for new residences. Permits totalled \$6,800, bringing the amount to \$18,900 for the year. A permit was issued to Fox Rig and Lumber company for a \$4,000 residence in the Cook-Adams addition. A \$2,800 permit was given to A. B. Vaughn for a residence in the Parkhill addition. Merrick and Boyd Lumber company are the contractors.

\$30 Shot At Mad Dog By Inn Keeper

WALNUT RIDGE, Ark., Feb. 11 (AP)—Fearing theft, Inn Operator Pearl Pylant stuffed six \$5 bills down the barrel of his shotgun. The next day he shot a stray dog that appeared mad. Then he remembered putting the money in the barrel of the weapon.

France, England Due To Recognize Franco Victory

LONDON, Feb. 11 (AP)—British and French recognition of Generalissimo Francisco Franco's regime as the legal government of Spain apparently is the next move of the democracies to sway the Spanish Insurgents from Fascist and Nazi influence. Informed quarters expressed belief tonight such recognition might be granted next week. Britain and France, seeming now to accept Franco's victory in Spain's civil war, want to outbid Italy and Germany for his favor. They want a Spain free of Rome-Berlin influence because Spain lies athwart vital channels of commerce and empire for both.

London and Paris see signs already that Franco wants to deal with them despite military aid he received from Germany and Italy. British and French capital for reconstruction in Spain would be the chief inducement. The British market, vital for Spain's exports, is another.

Financial circles here believe Franco must get foreign money from London because economic situations and closed economy systems make the possibility of floating loans in Berlin or Rome highly problematical. "Thus British 'pound diplomacy' is counted on to turn the scales against the dictators in Spain."

First National Bank To Close Tomorrow

Only one business firm in Pampa, the First National bank, will remain closed Monday in observance of Lincoln's birthday. While the birthday anniversary comes today, the bank will observe the occasion on Monday. The bank closed Saturday, not to reopen until Tuesday morning. The Pampa postoffice will remain open for business Monday, as well as city and county offices, and the public schools. Some of the classes in the schools will have special programs Monday in observance of Lincoln's birthday.

Phone Call Reveals Fire In Own House

OAKLAND, Neb., Feb. 11 (AP)—The fire whistle blew, and Kenneth Erickson, a guest at the C. H. Krelle home, picked up the telephone to ask the operator the location of the blaze. "It's at the C. H. Krelle home," she informed him. Firemen knocking at the back door confirmed the statement. A neighbor had turned in the alarm.

C-C Luncheon Will Be Held Here Tuesday

A local program, much like the old time "Town-hall" round table discussion of affairs, has been arranged for the February membership luncheon meeting of the Pampa Chamber of Commerce, next Tuesday noon at the Methodist church basement, Farris C. Oden, new BCD president, said yesterday. The luncheon will be the first since new BCD officers were elected for 1939. Six major committee chairmen, will make brief remarks of the projects to be undertaken by their respective committees during the coming year. Oden said.

A brief report of 1938 activities will be made and President Oden will appeal for even greater cooperation on the part of citizens of Pampa in the Chamber's program this year.

Committee chairmen who will be on the program include: Retiring President Reno Stinger, chairman Industrial committee; M. A. Graham, chairman Livestock Sale and Show committee; R. G. Allen, chairman Aviation committee; J. M. Collins, chairman, highway committee; C. H. Walker, chairman, Lake committee, and Dan E. Williams, chairman, Legislative, Oil and Gas committee.

A short musical program will be mixed with the business program. The Junior Chamber of Commerce will meet jointly with the senior chamber. Reservation can be made by telephoning 384. Tickets will be fifty cents.

'Evil Genius' In Insurance Death Ring Arrested

PHILADELPHIA, Feb. 11 (AP)—A heavy set little tailor from Philadelphia's teeming Latin quarter, described by detectives as a witchcraft practitioner, was held without bail today for grand jury action on charges he was the "evil genius" of a widespread racket to murder for insurance. Witnesses unfolded at a magistrate's hearing a tale of "black magic" conjured in what investigators said was a conspiracy to kill persons in New York, New Jersey and Pennsylvania after placing insurance on their lives. Poison was the chief weapon, authorities charge. "If information now in our hands is true, this case will make the famous Bluebird murders in France some years ago pale to insignificance," Detective Sergeant Samuel Ricciardi told Magistrate Nathan Bieffel.

The magistrate held the stocky tailor, Pettille, 45, on charges of conspiracy to kill and soliciting to commit murder. Principal witnesses against Pettille were a 27 year old convict neophyte and George Meyers, who was found recently, trussed and nearly frozen, in a snow-covered vacant lot after receiving anonymous threats. John Caporaso, serving a 30 years to life term in Sing Sing prison for slaying a woman, accused Pettille of inviting him into a murder ring.

Editors Oppose Bond Assumption

AUSTIN, Feb. 11 (AP)—Assumption by the state of approximately \$200,000 additional county road bonds is opposed by the Texas Press Association, which adopted a resolution to that effect in the closing session of its winter business meeting here today. The association will hold its regular annual convention in Lubbock, June 9, 10, and 11.

"We believe that such a plan," the resolution read, "would set a dangerous precedent and constitute an unfair and unjust diversion of taxes collected from the motorist and retard the work of completing the highway system now in progress." Bills by which the state would assume the bonds are pending in the legislature. The association was urged by J. V. Carroll of Houston, representing the Texas Merchants' Association, to oppose the fair trade and anti-discrimination proposals awaiting legislative action.

A plan to help bring industries to Texas through a good will tour of eastern industrial centers and the New York world's fair by a Texas delegation headed by Governor W. Lee O'Daniel received approval. An attempt to have the association endorse A. G. "Pat" Mayse, Paris publisher, for chairman of the highway commission was abandoned when members pointed out by-laws prevented the organization from endorsing any man for office.

Car Whizzes By And Rips Off Man's Pants

U. S. OBSERVES LINCOLN'S BIRTHDAY TODAY

Americans are remembering that today is the birthday of Abraham Lincoln, Civil War president, who has become a symbol of the American dream of democracy. America's greatest poet, Walt Whitman, called him, "O Captain, my Captain!" The Lincoln Memorial at Washington, above, has been described as a "symbol of toughness, vision and compassion."

Huge Crowd Expected Today At Top o' Texas Singing Convention

Double the attendance of the first Top O' Texas Singing convention is expected at the First Baptist church in Pampa at 2 o'clock this afternoon, when the second Singing convention is held. Last year 1,500 persons attended, representing six Panhandle and two Oklahoma counties and 30 churches within the Top O' Texas area. Radio station KPND, sponsor of the inaugural convention, will again act as sponsor for the convention today. The meeting is not restricted to singers only, but is also open to the public. Old and new gospel songs will be sung, and the program will be broadcast over the Pampa News radio station, KPND.

In charge of the program will be Lawrence T. Jones of LeFors, L. H. Earhartman of Alameda, and the committee consisting of Carl Courson, Pampa; E. J. Cooper, Texola, Okla.; Newt Waldron, Claremore; J. C. Carter, Borger; William Reach and Buster Dickinson, both of LeFors. Jones and Earhartman head the committee in charge of the first Top O' Texas Singing convention held on August 7, 1938, at the First Baptist church in Pampa. Special songs will be sung by members of the local First Baptist church, and short talks will be made by Rev. C. Gordon Bayless, pastor; Rev. Troy A. Sumrall of McLan, and by a representative of KPND.

U. S. Cotton Policy In Mexico Assailed

AUSTIN, Feb. 11 (AP)—State Agriculture Commissioner J. E. McDonald today charged the U. S. government's cotton policy was "holding an umbrella over Mexico." He was commenting on reports Will Clayton of Houston was discussing with Mexican officials a deal whereby Texas interests would lend Mexico money in return for an option on its cotton crop. "There are 4,000,000 bales of Texas cotton stored in warehouses under government loans," McDonald said, "yet buyers are forced to go out of this country to get cotton."

Texans Called To Fair Conference

AUSTIN, Feb. 11 (AP)—Nearly 100 Texas business leaders are expected here Monday to map plans for financing Texas participation in the big fairs this year at New York and San Francisco. The conference was called by Gov. W. Lee O'Daniel and Lt. Gov. Coke Stevenson and will be held in O'Daniel's office. The Texas commission on participation in the expositions has tentatively set \$250,000 as its financial goal.

Girl Scout Finance Drive To Open Here

Girl Scouts of Pampa, together with troop leaders and members of the Girl Scout council, next Saturday will launch their first public drive to raise funds for the maintenance and development of Scouting for girls. Efforts will be continued through the week ending Saturday, Feb. 25, with the purpose of obtaining sufficient money to carry on activities for the coming months. No donations will be asked in the drive. Instead, a cookie sale will be held, such as had been used with great success in many scouting areas throughout the country. Mrs. F. M. Cuberson, local scout commissioner, members of the council, and troop leaders believe the project offers the public an opportunity to cooperate in the girl scout movement without sacrifice, as the com-

Photographers To Be Welcomed By Mayor Carr

Photographers of the Texas Panhandle and of Western Oklahoma will gather in convention for the first time in Pampa on February 20, when the Texhoma Photographers association convenes here. An attendance of 100 is expected. While the convention will last only one day, registration will be held on the mornings of both February 19 and February 20 at the studio of Foster Fletcher, 119 West First. Mayor E. S. Carr will make the address of welcome to the convention members at the club rooms in the city hall building, following the opening speech by President E. L. Moore of Altus, Okla., at 9:30 o'clock Monday morning, February 20. The response will be given by Barton Lefler of Clinton, Okla., past president of the association. Thompson States Views On Proration

AUSTIN, Feb. 11 (AP)—Ernest O. Thompson, Texas Railroad Commissioner, said today he favored proration for the oil industry as a means of conservation but not for purposes of dividing the oil market. "I think we need no longer worry about restricting production to market demand," Thompson said, "because foreign production is taking up what we cut down. In 1927 the United States produced 71 per cent of the world's oil whereas in 1938 it produced only 61 per cent." The commissioner said that governing production by market demand in oil would lead to the difficulties now facing cotton growers who, he said, are suffering under restricted production of which foreign producers have taken advantage.

Teacher Sentenced For Striking Wife

BALTIMORE, Feb. 11 (AP)—Magistrate Elmer H. Miller sentenced Alvan Stewart, WPA Americanization class teacher, to five days in jail on a charge of striking his crippled wife. "I wish I had the power to mop up the courtroom floor with you," the magistrate told the 6-foot, 220-pound defendant, adding he would give him 90 days in jail but that such action would deprive Mrs. Stewart of support. Ship Almost Snaps Howard Hughes' Mark

Mystery Ship Flies Over Panhandle In East-West Flight

NEW YORK, Feb. 11 (AP)—A new secret twin-motored army pursuit monoplane crashed into a tree on the edge of Mitchell Field on Long Island tonight at the end of a near-record transcontinental test flight. The pilot and sole occupant, Lieut. Ben S. Kelsey, crack test flier, was saved from serious injury by the plane's all-steel cabin. Kelsey took off from March Field, Calif., at 8:12 a. m. (CST) stopped briefly at Amarillo, Tex., and Dayton, Ohio and arrived here at 3:47 p. m. His elapsed time of 7 hours and 45 minutes was only 16 minutes and 35 seconds longer than Howard Hughes' 1937 Burbank, Calif.-Newark, N. J. non-stop record. When Kelsey arrived he circled for a landing, going about 150 miles an hour. He apparently overshot the field, observers said, and zoomed the motors to pick up speed and altitude. The right motor appeared to choke, sending him into a steep right turn. As Kelsey let out the throttle again, the plane slipped down and sheared off the tops of some trees bordering the field, the undercarriage caught in a 35-foot tree, and the plane plunged down into a sand pit on the Cold Stream golf course. Bystanders pulled Kelsey out of the wreckage. He was taken to a hospital with cuts about the eye and one hand, and suffering from shock. He was released after an examination. Field officials threw a 50-man guard around the wreckage and rushed the plane's instruments to the field service, their condition undetermined. Col. James Chaney, field commandant, called an inquiry board, with Kelsey present. The findings were expected to be kept secret and sent to Washington. Kelsey left soon afterwards for Washington in an army plane. The plane was a new Lockheed, the army's first twin-motored pursuit biplane, completed at the Lockheed Burbank plant two weeks ago and capable of doing 350 miles an hour. This flight apparently set a new transcontinental mark for army ships as the 9-hour 55-minute flight of Lieut. H. L. Neely last July 28 was believed the previous fastest.

Narcotics Sales In Texas 'Alarming,' Says Ranger Head

AUSTIN, Feb. 11 (AP)—Ranger Captain B. Whaley today described narcotics distribution in Texas as "alarming" and said it was one of the most perplexing problems facing law enforcement officials. The veteran Ranger said thousands of small outlets for wholesale narcotic distribution made enforcement difficult. "There is no such thing as a small-time narcotic offender," Captain Whaley said. "Whether peddlers dispose of one cigarette of marijuana or one grain of 'white' narcotics at a time, they distribute the support of wholesale dealers and a day's total sales reaches high proportions. The Ranger estimated 50 per cent of minor thefts were committed by dope addicts.

Burglar Flees Leaving Pair Of Pants In Door

Mize Predicts Hardest-Fought Cage Meet

Spearman To Be First Foe Of Pampans

By ARCHER FULLINGIM
The District Two basketball tournament which opens here Friday morning at 9 o'clock is going to be the closest and hardest-fought in history.

That's exactly what Supt. F. L. Mize of LeFors, athletic director of the district interscholastic league, said yesterday. "No team is going to have an easy time winning," he said. "For the best reason that one loss will eliminate any team. They're going to fight as they've never fought before. No more fooling around in the first game, and then playing hard in the second. Somebody may get slipped up on."

Supt. Mize announced a new schedule of play. The pairings published in the News Friday were discarded after Berger gained permission to enter the tournament as a city unit. For the first time, two Hutchinson county teams, Berger and Phillips will enter. Phillips will represent Hutchinson county.

Favorites Listed

Pampa will play Spearman, rated as one of the toughest teams in the district at 1 o'clock Friday afternoon. If the Harvesters manage to beat Spearman they will meet the winner of the Perryton-Donley county (probably Hedley) game at 9 o'clock Friday night. The Perryton-Donley game will be played at 11 o'clock Friday. Perryton is favored to win that tussle.

The opening game will see Miami taking on the winner of Carson county, either White Deer or Panhandle, at 9 o'clock Friday morning. The Carson county entry is favored. Panhandle last week won out the Bucks by one point in the Carson county play-off. The championship will be decided this week.

Borger Faces Battle

At 10 o'clock Friday morning, Borger will be the favorite to eliminate Canadian. Hemphill county champion. At 8 o'clock Friday night, Borger, if the Bulldogs beat Canadian, will play the winner of the Perryton-Donley game Friday night, then the Borgans will tangle with the Harvesters at 10 o'clock Saturday morning in the semi-final game. This, if Borger beats Canadian, will be eliminated before they reach the finals. There is no chance for Borger and Pampa to clash in the finals as last year.

Mobeetie To Finals?

In the lower bracket, the Gray county champions, either McLean or Wheeler, will be eliminated before they reach the finals. There is no chance for Mobeetie to win the Wheeler entry, probably Mobeetie, is favored to enter the finals. The winner in the lower bracket will play one game less than the winner of the upper bracket.

Officials Announced

Vernon Johnson of Childress and a Mr. Haney of Amarillo will be the officials. Mr. Mize announced. The district athletic committee picked the officials.

Officials in the Canyon tournament which will also be played Saturday will be Vannoy of Plemmons and Bronson of Amarillo. They will also be the officials in the regional tournament at Canyon to be held the week after the district tournament.

Amarillo and Canyon will fight it out for the championship of that district. Favorites in the Childress district are Carey, Crowell, Williams, Lakeview. Favorites in the Lubbock district are Plainview, Abernathy, Lamesa.

Golden Gloves Winners Represent Five Towns

Seven new champions were crowned Friday night at the close of the second annual Pampa News Golden Gloves boxing tournament, only Benny Moore, 112, of Shamrock, repeating as a title holder. Six cities are sending champions to the state tournament in Fort Worth-Canyon 2, Shamrock 2, Pampa, Adrian, Canadian and LeFors, one each.

The eight division winners will leave Wednesday for Fort Worth where they will compete in the state championship tournament, sponsored by the Fort Worth Star Telegram, on Thursday, Friday, Saturday and Monday.

Making the trip from the Pampa tournament will be the following:

Flyweight—Benny Moore, Shamrock.

Bantamweight—Frank Bills, Shamrock.

Featherweight—R. Robertson, LeFors.

Lightweight—D. Niver Hubert, Pampa.

Welterweight—Earl Brown, Adrian.

Middleweight—Joe Hornback, Canadian.

Light Heavyweight—Steve Thomas, Canyon.

Heavyweight—Dewey Vaughn, Canyon.

Moore and Bills represented Pampa in the state meet last year. Bills replacing Rusty White of White Deer who was unable to make the trip. Brown went to the state tournament from Amarillo. The other five boys are new to the state event.

Area Packed

The Pampa Athletic arena was packed to the rafters Friday night for the final bouts which were reduced because of the last-minute withdrawal of the Borger team. The Borger trainer withdrew three boys from the tournament, claiming that Earl Brown of Adrian was over-weighted.

Dr. R. A. Webb, state licensed physician under the department of labor, weighed Brown before three witnesses. Brown weighed 147 1/2 pounds, which was a half pound under the weight allowed. The Borger trainer refused to accept the weight, stating that he did not see Brown weighed, but facts were treated under Golden Gloves rules. The Pampa News tournament committee had to accept Brown's weight and when the Borger trainer was notified he refused to allow any of his boys to box. The tournament continued without the Borger withdrawal.

Borger Withdrew

Jerry Mallin of Amarillo, district commissioner, stated Saturday that the tournament committee was right in accepting Brown's entry because he was weighed in by proper authorities in Pampa and that he had also been weighed and entered in the Amarillo tournament where he was a loser. By special dispensation, losers in the Amarillo tournament were eligible to enter the Pampa tournament. The same arrangement was made last year when Pampa losers entered in Amarillo.

The Pampa tournament committee stated that the incident occurred, but rules laid down by the National Golden Gloves body were carried out and it was not within the power of the local group to bar Brown from competing. Therefore, it was with regret that the committee had to accept the Borger withdrawal.

Borger had several promising youngsters entered in the tournament and they probably could have gone far here and the state tournament. The Borger boys conducted themselves in a sportsmanlike way during competition, the tournament and Pampa fans showed their appreciation with applause.

Exhibition Tops

In order to give fans at the arena a full card, three exhibition bouts were presented and the participants battled as if titles were at stake.

In the opening exhibition, Bob Pailey of Pampa and Pat Lanford of Stinnett threw gloves from all angles in battling to a draw. Bob McElroy of Pampa and Earnest Tindall of Pampa staged another glove-fighting battle. The third exhibition was presented by Steve Thomas, crowned light heavyweight titleholder, and League Clay, both students at West Texas State College.

Little Benny Moore of Shamrock wasted no time in getting his flyweight title. He went after Bud Yant of Stinnett with a two-fisted attack that couldn't be stopped and Yant took the count in a minute and a half. Yant made a great showing against the champion. He refused to back up and met Benny blow for blow in the early part of the round.

Close Decisions

The judges had a tough time naming the bantamweight title but finally gave the nod to Frankie Bills of Shamrock over Robert Miller of Higgins. Bills opened strong in the first round but was baffled in the second by Miller's left which drew blood. The Shamrock youngster staged a last-minute rally to pull ahead. He came out of the battle with a cut over his eye which required four stitches and a black eye.

R. Robertson of LeFors, the dark horse of the tournament, won his featherweight title without competing. He is the boy who decided Champion Jake Bible who had defeated Frank Brown, considered the

Only 1938 Pampa Golden Gloves champion to repeat in this year's tournament was Benny Moore of Shamrock above. The little flyweight won on a knockout Friday night as LeRoy Davis, heavyweight titleholder, went out of the picture. Jake Bible, featherweight champion, lost to R. Robertson of LeFors on Thursday night.

Dr. R. A. Webb, state licensed physician under the department of labor, weighed Brown before three witnesses. Brown weighed 147 1/2 pounds, which was a half pound under the weight allowed. The Borger trainer refused to accept the weight, stating that he did not see Brown weighed, but facts were treated under Golden Gloves rules. The Pampa News tournament committee had to accept Brown's weight and when the Borger trainer was notified he refused to allow any of his boys to box. The tournament continued without the Borger withdrawal.

Scientific Boxing

The welterweight title went to Earl Brown who decisively defeated Aubrey Dekle of Pampa. Dekle replaced Sherman Morgan of Kingsmill who suffered a broken finger in his Thursday night bout. Brown dropped Dekle three times but the game youngster refused to allow the referee to stop the bout and continued to throw leather until the final gong. Brown gave a sparkling boxing performance in winning the title.

Joe Hornback of Canadian was crowned middleweight champion when he knocked his fellow townsman Millard Puckett, in the first round. Hornback is a wild swinging battler who never stops his offense. He caught Puckett with a wild left and he went down for the count. Canadian's Steve Thomas was crowned light heavyweight titleholder without competition. He is a smooth-working boxer who packs lots of power in a left jab and dynamite in a right cross.

Referee Praised

LeRoy Davis, defending heavyweight champion from Higgins, dropped his title to Dewey Vaughn of Canyon in a close fight. Vaughn won on aggressiveness, a straight right and a defense that baffled the hard-hitting Davis. It was a great boxing match with plenty of action.

Toby Waggoner of Canadian, coach at Canadian High school, establishing himself as the greatest amateur boxing referee ever to step in a local ring. Waggoner gave a flawless exhibition. He watched bouts closely and stopped bouts when boys were unable to protect themselves. He showed a remarkable knowledge of amateur rules and was loudly cheered by the crowds.

Cleveland Club Signs 5 Rookies

CLEVELAND, Feb. 11 (AP)—The Cleveland baseball club today announced the signing of five rookies, bringing the total to 14 from a roster of 9.

Those signed today included pitchers Tom Drake, of Birmingham, Ala.; Charles Suche, of San Antonio, Tex.; and Bill Zuber, of Middle Amana, Ia.; infielder Lloyd Russell, of Waco, Tex.; and outfielder Charles Workman, of Warrensburg, Mo.

Irish Gridders Given Sweaters

SHAMROCK, Feb. 11—Awards for the members of the 1938 Irish football squad were distributed Friday morning in the high school assembly by Coach G. B. Rush. Two letter men and seniors were awarded jackets or sweaters, according to their preference, adorned with green and white letters and service stripes. First year men received silver miniature footballs with the letter S in green enamel.

Roy Holmes, the only three letter man of the squad, was given a regulation gold football. As manager of the team, Gene Caperton was given a green jacket with a football insignia on the left arm bearing the word "Manager."

Two letter men honored were: Jack Georger, Capt. Chester Fox, Grayburn Burton, Vernon Purcell, Coy Isaacs, Edward Sutterfield, Gene Dorman, Leonard Byars and Jack Griswold.

First year men were: D. H. Wilson, R. C. Hale, Fred Buchanan, Johnnie Howell, Charlie Allen, Burl Puetz and Pat Etter.

Sandies Take Big Five Cup In Comeback

Coming from behind in the last half when they held the Harvesters to 5 points, the Amarillo Sandies Friday night won the Big Five basketball championship 19 to 14. The Pampa cagers scored two points in the last quarter.

The Harvesters team was one of five Pampa quintets that played in Amarillo Friday. Four, the Harvesters, Guerillas, Sophomores, and Harvesters Reserves, were beaten. The Junior High Reapers won. The Harvesters lost to the Yarnigans 38 to 31 in a game preceding the Harvesters-Sandies tilt.

The Harvesters opened the scoring with Pete Dunaway looping one from center. Pampa led 11 to 6 at the half and 7 to 5 at the end of the first quarter. In the third period the score was tied 12-all. In the third and fourth periods, Mauldin, Amarillo guard, scored three field goals and one free shot.

12 Fouls Called

Referee J. C. Knowles assessed a total of 12 fouls on both teams, 5 on Amarillo and 7 on the Harvesters. The Sandies looped 7 out of 10 free shots, and Pampa 2 out of 5. Three free shots won the game.

The Harvesters were favorites to win the game in view of a 15-point beating they gave the Sandies when the Amarilloans invaded Pampa. That was the only game the Sandies lost. Pampa was defeated at Plainview a week previous.

Fans who wondered what really happened to the Harvesters at Amarillo may be interested in the following "major" factors that contributed to their defeat:

1. Pete Dunaway played all the game with an injured hand which pained him constantly. It prevented him from scrambling for the ball under the basket, and from getting rebounds. He could not dribble in and then pass it or shoot.

Held Ball Too Long

2. The Pampa guards, Audis and Dunaway, held the ball fully one-fourth of the game, passing it back and forth on the "front line" afraid of the Amarilloans invading Pampa. That was the only game the Sandies lost. The ball in the end zones to the forwards. Failure to pass the ball to the forwards for shots was what really lost the game.

Minor Reasons

Now here are some "minor" reasons that contributed to their defeat:

1. The game was exceedingly rough and Referee Knowles of Borger didn't call enough fouls. Now, that is not saying he was partial to Amarillo—he simply called a loose game, but the Harvesters should have won whether it was called loose or tight. They beat Lubbock, the

White Deer Bucks Beat Groom 37-11

WHITE DEER, Feb. 11—Led by a fast, straight-shooting Seitz, the White Deer Bucks romped over the Groom Tigers to the tune of 37 to 11 on the Bucks' hardwood floor Friday night.

The Tigers were eager to avenge their earlier defeat at the hands of the Bucks, but were helpless before the passing and shooting attack of the Bucks. The Bucks held the lead all the way, maintaining a 7-0 lead at the end of the first quarter, netting tallies in the second period to bring the count to 13-3, and engaging in a whirlwind third quarter to hold the heavy end of the 26-9 score when the period ended. They held the Tigers to 2 points the last period and chalked 11 points for themselves.

Seitz, White Deer, led the scoring with 12 points, followed by Stalls of White Deer, with 10 points.

The second team's game was awarded to the Bucks by a 31-17 score, with Noel, White Deer, holding top honors with 12 points, and Roberts, White Deer, in second place with 9 points.

Plummer Plans To Get 'Mean' With Tiger Bill

A hairless cowboy from Montana who wears a bathrobe with a star and the word "Tex" on the back will be back in the main event picture at the weekly wrestling match at the Pampa Athletic arena Monday night. He is Tiger Billy McEwin of Helena, Mont., one of the roughest, toughest maulers in this section. His opponent will be Ann Plummer of Beaumont, who is no slouch when it comes to protecting himself on the mat. McEwin is rated as the roughest wrestler here since Buck Lipscomb and Danny McShane.

Pampa sophomores and Pampa Junior high school basketball teams split a double-header with two Amarillo teams in games played at the Armory in Amarillo Friday afternoon.

After Amarillo Central Junior high school had downed the Pampa Sophs 28 to 17, the Pampa Reapers nosed out the Buchanan Junior high school quintet 11 to 9. Otis, Reaper right forward, tossing the winning goal in an extra period. The goal was made just as the signal blew, signalling the start of the period.

Line-up of the Reapers: Shaw and Otis, forwards; Proper and Moses, guards; Burge, center; substitutes, Allen, forward; Adams, guard.

Pampa Sophs: Cox and Sanders, forwards; Schofner and Mounds, guards; Cunningham, center; substitutes, Jones, forward; Kuehl, center.

Pair Share Lead In Santone Meet

SAN ANTONIO, Feb. 11 (AP)—Slow moving E. J. Harrison, the Arkansas Traveler, and Jimmy Thomson, golf's mightiest hitter, shared the 36-hole lead of the \$5,000 Texas open tournament tonight with eight-under-par totals of 134.

Two shots ahead of Byron Nelson, Reading, Pa., youngster and recent winner of the Phoenix open, the Little Rock professional and stamky Thomson had dub's errors to block for not being at least one more shot in front.

Thomson, three strokes to the good after yesterday's course record breaking 64, stripped one stroke from par today with his 70, but a careless jab at a 12-inch putt and a queer penalty stroke cost him dearly. On the fourteenth hole he lifted the ball from behind his ball and it rolled a few inches. He called the penalty shot on himself. He bracketed nines of 35 for his 70.

Harrison, working on a fine 68 fired yesterday, drifted around the first nine in a three-under 33. His one bad hole came at the sixteenth, where he missed an 18-inch putt for his only bogey. He was 35 on the last nine, two under.

Harrison, making his third winter tournament swing, is leading money winner to date with some \$2,400. He won the Bing Crosby open and tied Dick Metz, for the Oakland first prize, tonight in a playoff.

Baylor Lambasts Mustangs 60-35

WACO, Feb. 11 (AP)—A fighting team of Baylor Bears poured a stream of basketballs through the wicker here tonight to trounce soundly the circuit leading Southern Methodist Mustangs 60-35 and climb back into the thick of the fight for top ranking in the South-west conference.

Four players—Pat Crensy with 10, Loy Gilbert with 12, Grady Vaughn with 12 and Frank Bryski with 15, carried the brunt of the attack as the Bears came through.

With six minutes gone in the second half, the Bears were on the long end of a 13 to 4 count, and from then on the Ponies' cause was hopeless against the fast breaking Bear cagers, who tossed in 46 points during the first period.

Wayne Sabin Beats Ailing Gene Mako

PALM BEACH, Feb. 11 (AP)—Wayne Sabin whipped Gene Mako in the semi-finals of the Everglades tennis tournament today but some of the luster was taken from his fifth winter victory over the Davis cup player because Mako was ailing.

The score was 4-6, 1-6, 11-9, 6-0.

Pampa will welcome a newcomer in the preliminary at 8 o'clock sharp. He is Ernie Peterson of San Antonio who wears the title of light heavyweight champion of the Pacific coast. Peterson will be introduced to the Panhandle's wild and woolly method of grappling by Frankie Hill of Wichita, Kan. It is not known here whether Peterson is a wrestler or a roughster.

Fans who like their wrestling clean and scientific will likely get their wish in the semi-final when Joe Banaski of Oklahoma City and Russ Riley of Muleshoe clash in the 30-minute affair. The two are big, fast and cunning. Banaski is the easy-going type of mauler who is always thinking a move ahead. Riley is always forcing the going and taking advantage of every break.

McEwin is likely to meet his match in Plummer if the former football star is in the right mood. Plummer, former Texas Tech football ace, opened up like a ruffian but cooled down last week. Fans are hoping that he is in a tantrum Monday night.

Theater Patrons Urged To Sing National Anthem

Through the medium of sound-film trailers to be exhibited in movie theaters throughout the country, the Veterans of Foreign Wars of the United States is launching a nationwide campaign to promote mass singing of the "Star Spangled Banner" as a defiant reply to the challenge of dictatorship forces.

Commander L. L. McCollm of Pampa post No. 1657, Veterans of Foreign Wars, of this city, announced yesterday this Star Spangled Banner film will be shown at every performance during the week beginning Feb. 12 at the LaNora theater. The purpose of this emphasis on America's "hymn of democracy" is contained in the following brief appeal to be addressed to each audience:

"With hearts full of gratitude that America is still the land of the free and the home of the brave, we, the Veterans of Foreign Wars of the United States, respectfully request that everyone stand up and sing our beloved national anthem."

While the words of the first verse of that stirring composition, written by Francis Scott Key during the British siege of Fort McHenry on Sept. 14, 1815, appear on the screen over a background of waving flags, the mixed choral voices of a celebrated choir will lead the audience.

According to Commander L. L. McCollm, the V. F. W. was a militant factor in the drive to secure enactment of a law by Congress on March 3, 1931, officially designating Key's composition as the national anthem.

Present Farm Law Called Failure

WASHINGTON, Feb. 11 (AP)—The Senate Agriculture Committee today heard two members of the House call the present Farm Law a failure which has increased the economic difficulties of the farmer.

Rep. Lemke (R-ND) contended that "after being lost in the dismal swamps for six years," Secretary of Agriculture Wallace had "come out of the same hole he went in—just where Mr. Hoover left us."

Rep. Massingale (D-Okla.) warned the committee that "if we keep on trying this thing for another year or two we won't have anything to try it on."

Both House members advocated the so-called cost of production measure as a substitute for the crop control law.

The measure was criticized by the Senator Lucas (D-Ill.) tonight in a broadcast address.

Lucas asserted he was confident that under no circumstances could the cost-of-production program "be properly administered, and that in the end it would defeat its own purpose."

Legion Posts Will Meet At Hereford

Hereford will be the location of the regular monthly district meeting of the American Legion posts and American Legion Auxiliaries of the 18th district, to be held on Feb. 21 at the famed Hereford Bull Barn.

Postmaster C. H. Walker of Pampa will be the principal speaker on the program, which will be featured by a Boy Scout theme. Jack Schultz of Follett, district chairman for the Boy Scouts, will be in charge of the program.

Members of the Hereford post of the American Legion have promised to kill a prize bull for the barbecue that is to be served to the visitors.

District Commander Charlie Mair of Pampa, said Saturday. The "feed" will precede a short business session, which will be followed by a dance.

The January district meeting was held on Jan. 24 when Hanson post 54 of Amarillo was to be the host to 523 Legion and Auxiliary members.

Scouter Will Visit Council

E. I. VREDENBURGH

E. I. Vredenburg of Los Angeles, assistant national director of the health and safety service of the Boy Scouts of America, will visit the Adobe Walls council in Pampa on Monday and Tuesday.

At that time he will meet and talk with various groups on health and safety. At 5 o'clock tomorrow evening he will go to Borger, where he will meet with the executive board, and also be the principal speaker at a Father-and-Son banquet of the Hutchinson County district at 7 o'clock.

On the following afternoon, he will confer at 5 o'clock with scoutmasters in Pampa, taking up the problems of health and safety programs in relation to Pampa Boy Scout troops.

Born in Pomona, Calif. in 1906, Mr. Vredenburg became a Scout at the age of 12. In 1929 he decided to make scouting his life work. He is a graduate of the national training school for Scout executives.

In April, 1935, he became assistant Scout executive of Berkeley, Calif., Scout council.

Mr. Vredenburg promotes the health and safety programs in relation to the Boy Scouts.

Where'll You Be When the Spring Fun Starts?

EYE OPENER! With all its extra value, this Buick sedan lists at \$51 less than a year ago!

NO OTHER CAR IN THE WORLD HAS ALL THESE FEATURES

- * DYNAFLEX VALVE-IN-HEAD STRAIGHT-EIGHT ENGINE * BUICOL TORQUE-FREE SPRINGING
- * GREATER VISIBILITY * HANDSHIFTS TRANSMISSION
- * ROOMIER UNSTEEL BODY BY FISHER * TORQUE-TUBE DRIVE * TIPTOE HYDRAULIC BRAKES
- * CROWN SPRING CLUTCH * "CATWALK-COOLING"
- * OPTIONAL REAR AXLE GEAR RATIOS * FLASH-WAY DIRECTION SIGNAL * SELF-BANKING KNEE-ACTION FRONT SPRINGING

Easy on the eye—easy to buy—on General Motors terms!

RIGHT now we'd like to point out that with the first feel of spring in the air, there's going to be another scramble to get these beautiful new Buicks.

There's going to be a rush to get behind this great car's lively Dynaflex straight-eight power plant, to take in the budding countryside from behind its new wide-paned windows.

There'll be a sudden hurry to trade in cars that have begun to pass their prime, and step out in the cushioned smoothness of Buick Coil Spring's full-float ride.

No question about that, not when you recall last fall, when we had to sell cars on a five and six week delivery basis.

On the other hand, you can get rid of a lot of grief by trading an old car now. Get rid of weak batteries, slick tires, slow-starting engines, brakes that may be needing a relining job soon.

You'll get a car in this well-made, well-mannered, well-groomed new Buick that'll take the rest of the winter right in stride, and just be warmed up when spring comes.

You'll get it at prices lower than a year ago, lower than you'd expect, lower even than on some sixes.

You'll get a better allowance on the car you're now driving—and like as not avoid some heavy servicing bills.

So why wait until sometime "in the spring"? Shop early for your Buick, the most satisfying car you ever drove—shop wisely and avoid the rush!

Better buy Buick—NOW!

The best possible observation of Lincoln's Birthday would be for every American to read some of the words Lincoln has written.

He wrote so clearly, so simply, so beautifully. And he learned practically unaided.

In the brief "autobiography" which Lincoln wrote once in a personal letter just before the Civil War, he told the story of his education:

"There were some schools, so called (in Spencer county, Indiana) but no qualification was ever required of a teacher beyond 'readin', writin' and cipherin'" to the rule of three. If a straggler supposed to understand Latin happened to sojourn in the neighborhood, he was looked upon as a wizard. There was absolutely nothing to excite ambition for education. Of course, when I came of age, I did not know much. Still, however, I could read, write, and cipher to the rule of three, but that was all. I have not been to school since. The little advance I now have upon this store of education I have picked up from time to time under the pressure of necessity."

So the man looked back on the days of his youth. "I did not know much," he recalled. But he taught himself much later on, after school days were over.

That is the key to all education. Its aim is to make a man wise. Some men, true became wise without any formal education. Lincoln would never have been a fool, even if he had not been able to "read, write and cipher to the rule of three." He might even have become wise, for he was observant, curious, reflective.

But education, which means in its original sense, merely the "drawing out" of latent abilities, was necessary to bring out the Lincoln who stands like a colossus over the American scene. Lincoln knew that, and, since ready opportunity was denied him, he fought for every chance to read books, to meet interesting people, to do everything that would widen his horizons and open the broad world to his eager mind.

Read his words, and see how this man who as a youth "did not know much," taught himself mastery of his English language. It enabled him to pass on to people of his own time, and down to us by the written word, the wisdom that came to him as education helped him to develop it.

The ceremonies are well enough. But the best tribute to Lincoln at his birth date this year would be for every American to read his inaugural addresses, the Gettysburg speech, his letters and papers. For by his own naked efforts, Abraham Lincoln made himself not only an educated, but a wise man.

So The People May Know

Writing in a recent issue of Quill magazine, J. Charles Poe, editor of The Chattanooga, (Tenn.) News, says that what we need in every city and town throughout the land is a renaissance of civic righteousness.

Such rebirths, he adds, do not come without origin from some source. And, that's where your newspaper comes in.

Without attempting to be crusaders, supervisors of the people's privacy, or a watchdog of everything and anything—it, nevertheless, is the duty of a newspaper to keep up an interest in public opinion.

If the editor of a newspaper relaxes, turns his eyes away from his duty toward the fleshpots—then is the time that a jury is fixed, a public official dips into the public coffers, a sheriff is bought off, a mayor is corrupted; then is when a contractor on a public job uses sand instead of cement; then is when rackets fasten their clutches on legitimate business; then is when high school boys and girls are dragged into vice's net; then is when the cornerstone of democracy is attacked by ballot-box stuffers; then is when hope and crooked gambling flourish, and all manner of indecencies arise to plague you.

The only way to drive out rottenness is to drag it out in the open, away from the slimy hands of the fixer and the corrupt manipulator.

And, that is a job for the newspaper. When it fails to keep the people informed, then it is lax in its duty to the community and to the people it serves.

The only way to have decency, the only way to eliminate possible corruptness, to put to rout those who would substitute force for logic and poison gas for discussion, is to keep the records clear and above board—open to the gaze of all and let the people see what is going on.

Anything that cannot stand the public gaze, anything that cringes at the mention of public inquiry allows suspicion to be turned in its direction that it is cancerous within.

In the matter of public interest, the newspaper has a definite duty to perform. When it fails in that duty, it is guilty of public betrayal.

Taxes With Eyes Open

Many plans are being proposed, and some are in operation, for making clear to taxpayers just what taxes they pay.

Most of them are proposed by people who think taxes in general are too high, or especially that taxes on the things in which they are particularly interested are too high.

In New Jersey it has been proposed that landlords note on their rent bills just what proportion of the rent is chargeable to taxes. A large rubber company wants the same thing done for tires. Gas stations already do it.

Most of these plans are urged by those who believe that when many people who now think themselves largely untaxed realize what taxes they are paying, there will be a widespread demand for reduction. Maybe it would work that way.

And maybe it would simply result in a demand for

Sharing the Comforts Of Life ---

ECONOMISTS AGREE ON ONE THING

In a recent article in the Saturday Evening Post Harry Scherman, author of "The Promises Men Live By," points out that there is one thing the economists in general agree about. That is, that the amount of money spent for producers durable goods has been greatly curtailed since 1929. He quotes Dr. Simon Kuznets, Professor of Economic Statistics of the University of Pennsylvania, showing that the average amount expended for the 11 years from 1919 to 1929 inclusive, averaged about 19 billion dollars a year. This included repairs on producers durable goods. In order to compare this with the four years ending 1935, the amount of repairs in the producers goods item was deducted, showing an average for the four years ending in 1929 of 14 1/2 billion dollars. For the four years ending 1935, the average was approximately 4 1/2 billion, leaving a difference of 10 billion dollars a year in the amount invested by private enterprise in producers durable goods.

Mr. Scherman points out that economists pretty well agree that this lack of expenditure in producers durable goods is the primary cause of unemployment; that during these depression times the government has averaged deficits of about \$2,600,000,000, so that the difference in what the government has been able to spend and what private enterprise has spent in employing labor amounts to about 7 1/2 billion dollars a year.

He points out that the administration is contending that the government must take up this slack that is not spent by private enterprise; but the government is not able to do this. Instead of this 2 1/2 billion dollars that the government has spent encouraging private enterprise to invest in capital goods, it has not only not encouraged but has discouraged them. So, instead of adding it is negative and not positive. When private enterprise goes back to spending about 19 billion dollars a year, as it did prior to the depression, on research, repairs and new capital items, there is pretty general agreement among the economists that there will then be a great increase in employment and production.

It does not seem to me that it is very difficult to see why private business is not investing, as it did prior to the depression. The arbitrary tax laws, the arbitrary labor laws and the arbitrary banking laws all cause uncertainty and reduce the chance of rewarding the man who abstains for the purpose of future gains.

Leonard Ayers issued a book at the early part of the depression pointing out these same facts but as yet the administration is determined that the government can make up the slack for the lack of private investment. Instead of making it up, it seems only to retard it.

DIMINISHING BUYING POWER

As people find themselves obliged to buy less and less of what they want and badly need, it is well to remind them that two people cannot drink the same bottle of milk. Everytime the racketeering labor organizers, who produce no wealth themselves, but only retard others from producing, make the workers pay tribute for the purpose of serving humanity by working, or the government takes from the producers either by borrowing or by taxation, they are leaving less and less of what each worker produces to trade for what the real producer, the worker so badly needs.

It is the hundreds of thousands tax eaters on the government payroll or those receiving government subsidy, and these labor racketeers who contend they can raise wages by making things scarce, that are the real cause of people gradually living poorer than they formerly did.

The sooner the workers realize that every dollar, or comfort of life, that goes to government tax eaters or labor racketeers, lowers their own buying power the sooner we will return to a gradual increase in all wages and to prosperity.

A MOST UNPLEASANT SIGHT

"It is not pleasant to watch people driven like sheep, even if they are driven to Heaven"—Eugene Lyons, in "An Assignment to Utopia."

The above was a statement made by the author of this book after he had been in Russia for several years as a representative of the United Press. He went there as a strong believer in Communism but after he witnessed the first trial and saw how the individuals were treated, he became convinced that the Russian method did not develop character and individuality and wrote the above statement, which seems to me is something that every citizen should be on his guard to prevent. It makes no difference whether they are driven by a dictator or by the majority rule. It is contrary to the philosophy of Christianity and Democracy and can only lead to a lower standard of citizenship and of morals.

Behind The News Of The Day

By BRUCE CATTON

WASHINGTON, Feb. 11—Congressman Edward Taylor, Colorado Democrat, figures he has the recipe for success in Washington.

You get along all right, he says, if you just stay away from the idea that you're going to be a great man.

Congressman Taylor is 81, and has been in Congress ever since 1909. He is chairman of the powerful House Appropriations Committee, and he recalls that the job killed six of his predecessors, all much younger than he; anyway, they died while they held the office. But he's getting along fine.

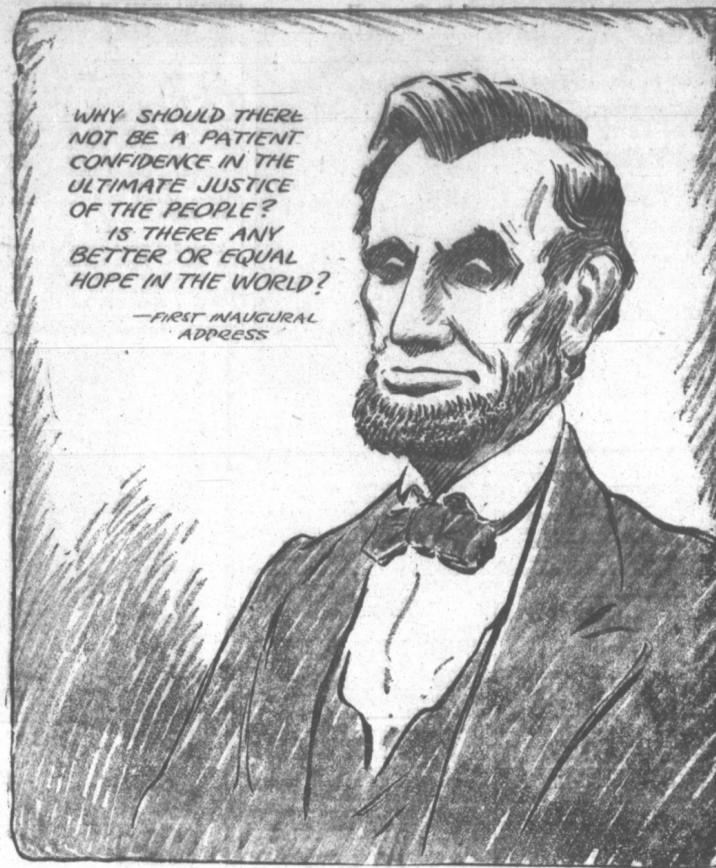

"I attribute my long service," he says, "to the fact that I never aspired to be great. I have never thought that I was elected because of my superior intellect. I have never tried to be an orator. My sole object is to be the most useful public servant my Congress ever sent to Washington."

In all his campaigns for Congress, Mr. Taylor has never been opposed for his party's nomination. When election time comes he just stands on his record. Last fall he was opposed by Republicans and Townsendaries in a hot fight. He made no campaign, uttered hardly

fewer "hidden taxes" and greater "visible" taxes of the income and property type to make up the difference.

But in any case, it is certainly all to the good for everybody who pays taxes, directly or indirectly, to know what he pays, and why.

Around Hollywood

By ROBBIN COONS

"Tail Spin" screen play by Frank Wead. Directed by Roy Roth. Cast: Alice Faye, Constance Bennett, Nancy Kelly, Joan Davis, Charles Farrell, Jane Wyman, Kane Richmond, Wally Vernon, Joan Valerie, Edward Norris.

HOLLYWOOD—The up-to-date background of the National Air Races at Cleveland lends modern and interesting appeal to this story of daring women aviators.

The girls—except for Constance Bennett, who plays a society playgirl aviatrix—all take their flying hopes to the races in rickety old crates, bought with hard-earned skimpings from their meager lives. At Cleveland rivalry between the poor girl and the playgirl entails some comedy, more tragedy, and a number of genuine sky thrills, all resolving finally with Bennett's turning good sport to let Faye win the race, Faye reciprocating by delivering the man (Richmond) to Bennett.

Aided partly by better photography than that according Faye or Bennett, partly by a gallant and touching role, the less experienced, younger Nancy Kelly flies off with the piece's major acting honors. The men of the cast come off last, only Eddie Norris as Nancy's flying husband having a role of sufficient import to register, which he does handsomely. Charlie Farrell is barely apparent, and Richmond little more so. Joan Davis's comedy, with broad sallies of the same by Vernon, balances the film's two fatal, two maiming crashes. Miss Kelly's work is decidedly affecting, fulfilling her earlier promise as a dramatic actress.

"Honolulu." Screen play by Herbert Fields and Frank Partos. Directed by Edward Buzzell. Cast: Eleanor Powell, Robert Young, George Burns, Grace Allen, Rita Johnson, Clarence Kolb, Jo Ann Sayers, Ann Morris, Ruth Hussey, Willie Fung, Sig Rumann, Eddie Anderson.

Robert Young—both of him, thanks to double exposure—gets on a merry-go-round of complications in a film that's meant for entertainment and serves its purpose. Young does double duty as a movie star seeking escape from crowds and as his physical twin from Hawaii's pineapple business. They exchange places, for reasons made humorous if not exactly plausible, and then—Well, Grace Allen's around with typical chatter and her sidekick

a speech, attended no meetings, and stayed right in his home town—and won by a wide margin.

DOESN'T DRINK, BUT SETS 'EM UP

Congressman Taylor does not drink and never has, but he figures he has bought more drinks than any teetotaler that ever lived. He started running for local offices back in the wide open days in Leadville, in the 1880's. The miners all congregated in saloons, and to conduct a campaign you simply walked in, told the barkeep to set 'em up, passed out cigars, and made a little speech.

Things are different in Washington than they were when he first came here, he says. "For one thing, a congressman has four times as much work as he had then."

Congressman and Mrs. Taylor go out very seldom. He feels fit and hearty, except that lately he has been a little off his feed and his doctor has put him on a "baby diet." Summing up his career, he remarks: "The only secret to being returned to Congress time and again by your constituents is to bring home the bacon."

People You Know

A poet once wrote, "the friends thou hast and their adoption tried, grapple them to thy soul with hoops of steel." Mr. and Mrs. Paul Crossman learned the meaning of friendship during the recent illness and death of their two-year-old daughter, Vera Jan. They were overwhelmed by the kindness of their friends. "We couldn't have stood it," Mrs. Crossman said simply. "If it hadn't been for our friends, we'd just like for them to know how we feel." And so Mrs. T. F. Morton wrote this to express the feelings of the Crossmans: "If in time of trial and hurt and woe we could get no help from the friends we know, we should lose the peace and joy we own if we had to stand to our griefs alone. It's the kindly word and the tender smile and the hearts that feel that make life worthwhile."

Bill Arnold who's always saying clever things, reports that he has "drifted through 'Northwest Passage' and 'waded through 'And The Rain Came.'" Here's a private message to Jerry Malin of Amarillo, just for his own information: Neither Pampa nor Amarillo plays a zone defense, but a man-to-man defense, and here's something else for Jerry: If you get in the regional meet and we hope you do, and if we get there, and we hope we do, we'll bet you win.

Burns, and there's Hawaiian music, and a good hard-working cast, and Eleanor Powell's clever, often brilliant tap-dancing which still surpasses her acting. All in all, it's a good fun for a multitude of fans.

"Fisherman's Wharf." Screenplay by Bernard Schubert, Ian Hunter, H. Clyde Lewis. Directed by Bernard Vorhaus. Cast: Bobby Breen, Leo Carrillo, Henry Armetta, Lee Patrick, Rosina Galli, Tommy Bupp, Leon Belasco, Geo. Humbert, Slicker the Seal.

It's the authentic atmosphere of a picturesque segment of San Francisco that lifts this one above the standard Bobby Breen singing vehicle. Beautiful shots of the fishing boats at sea or crowding home to pier are distinctively additions.

The simple story has Bobby's happy home disrupted and nearly

wrecked by the interference of his dead mother's widowed sister (Miss Patrick) and her snobbish son (Tommy Bupp). Before scheming Patrick finishes, Bobby's dad (Carrillo) has broken with his old friend (Armetta) and housekeeper (Galli) and Bobby himself has run away in the belief he's unwanted.

There is heavy dependence on comedy and song and heart-throbs, and on the whole "Fisherman's Wharf" comes off as the Breen lad's best since "Rainbow on the River." This is notably true as regards Bobby's acting—leasantly lacking in his old excessive "mugging."

Seniority is determined by the date a senator took the oath of office. In the case of senators sworn in on the same day, the rank depends on the dates on which their respective states were admitted to the Union.

Senator and Mrs. Downey checked up after they got here to see where they stood, and found that Senator Downey ranks Number 96. So before Mrs. Downey can be "at home" to the wives of her husband's colleagues, she has to pay a call on every last one of them.

SAVING CONGRESS' LEGS

Congressmen as well as senators may be able to ride to work in the near future.

Underground passages connect the Capitol with the House and Senate office buildings. There's a dinky little subway car—two of 'em, in fact—running to the Senate building, but the House people have to walk. They used to have a subway car too, but it kept breaking down. Senators say this was because congressmen were too rough with it; another explanation is that there were just naturally too many of them.

Anyhow, a recently-introduced bill would have a moving sidewalk installed in the House passage, to save wear and tear on congressional legs.

Winning Article Presented In Profit Question Contest

Names of the winners of the contest on "What is a Fair Profit?" were announced Friday, and the winning article in the senior group was published. The prize-winning article in the junior group, written by 19-year-old Bernice Dannenbring, Santa Ana, Calif., is reproduced today.

The sponsor of the contest, who is editor of "Sharing the Comforts" column, declared that "I am delighted to be able to present such a splendid article written by a girl of this age. It is worthy of the careful thought and study of everyone who is interested in our general welfare."

Miss Dannenbring's article follows: "If you had lived back in the days when Columbus was watching ships go out to sea, your wife, between over-the-back-fence tales of the queer boy down the road, might have 'sold' a dozen eggs from your farmyard to the neighbor lady for, say, one of that lady's pound-cakes. As this particular woman's pound-cakes may be especially delicious, your wife probably ran home to tell you she 'drow' a good bargain. She might even have said something about a profit. But that is not profit as it presents itself today. Profit has acquired a Twentieth Century meaning: when you attach the word 'fair' before it, you have an economic problem.

"Fair profit is a term whose need was created by mass production and centralization of wealth. When you traded for your neighbor's pound-cake you may have picked out the smallest eggs because that was good business, but it really didn't affect anyone else in the village. Fair profit today concerns everyone. It matters to us whether we pay nine or eleven cents a kilowatt for our electricity or whether a few pound pages cost us \$2.25 or \$2.50 just because the printed matter is copyrighted. When you multiply what significance it bears on us by millions, representing all the families in

America, we have the economic problem of fair profit. "Price is not a true definition we must understand why profit exists. Marxian socialists must exclude profit from their scheme of things since they insist that labor is the only real producer of wealth, and then define profit as non-labor income. But from our modern industrial set-up we cannot accept this definition because we know that besides labor and capital (a crystallized form of labor), rent, bargaining power of concerted action, managerial ability, and non-insurable risks enter into an entrepreneurship, and consequently into price and profit.

"But profit is not an element of price in a free competitive business. Price is set by competition, and the law of supply and demand. Of our list above, labor values and rent also come under that law. Bargaining power comes partly under managerial ability. Since capital is a form of labor it also comes under supply and demand. All that remains is risk-bearing and managerial ability. But these non-insurable risks are eventually assumed under managerial ability, so we actually have but one profit-producing element, all these other elements of entrepreneurship determine the price of an article, and also the bounds within which potential profit or loss must fall, but actual profit is the reward for ability.

"If my reasoning is correct, it follows that in a free competitive business any or all profit is a fair return, and regulation is required only in the adjustment of monopoly to our economic system."

How's Your Health?

BABIES ARE HUMAN

Under the appealing title "Babies are Human Beings," Dr. Lars Anderson, Aldrich of the Northwestern University Medical School, and his wife, Mary M. Aldrich, have written a notable book.

The volume is quite out of the common run of "baby books" for it is not laden with statistical data on such things as growth and nutritional formulae. It doesn't tell you what to do when the baby has colic or hawls vociferously.

It does, however, help one to understand the baby as it is framed by its position in time, biologically and socially. The book is not written in a pedantic manner. Here is a sample from it:

"Judged by adult standards they (babies) are definitely not objects of beauty except to their parents. Their heads are unduly large—taking up one-fourth of the body length—and their legs are much shorter than their arms. Their chests are small and narrow, deeper than wide, and their abdomens are large and prominent. Their skin is red and their eyes are almost closed most of the time."

Appealing too is the solid good sense of the book. In commenting on the "enthusiastic instructions" of how to train the baby's muscles, the author states, "One glance at the flying feet and arms of a naked baby on his table would demonstrate that such instruction is superfluous. Every healthy baby probably provides himself with unlimited physical exercise of his own sort."

Equally illuminating are the author's comments on the scrubbing and poking of mouths, noses and ears. These practices the writers maintain are grossly overdone. Scrubbing of the membranes adequately protects them.

The authors make a plea against excessive seriousness. "It is only for the first few weeks (of the baby's life) that this serious nature shows itself without any mitigating features." Later "he begins to make his way with people by turning on a humorous touch at will."

"Because of our own adult preoccupations with the problems of life, we are inclined to dampen the child's spontaneous outbursts of humor. Yet the child's ability to succeed in a competitive world and to ease over rough spots in his personal adjustments will depend upon how this protective and advantageous function (humor) is fostered."

\$2,000,000 Cotton Loan To Mexico By Clayton Reported

MEXICO CITY, Feb. 10 (P)—Netherlands President Lázaro Cardenas nor Will Clayton, Houston, Tex., cotton man, would comment today after their conference on reports of a loan for advancing 10,000,000 pesos (\$2,000,000) as a loan on a portion of the Mexican cotton crop.

The advance would be made to the Mexican agricultural credit banks, but no details of the reported plan were announced.

Inasmuch as the United States has an 11,000,000 bale cotton surplus and Mexican consumption is decreasing due to textile labor troubles and diminishing domestic demand, the largest part of the Mexican cotton crop this year is expected to be exported to Europe.

There was no speculation whether the reported Clayton deal involves an initial crop loan advance of 10,000,000 pesos, or whether that amount involved, but since the government has extended unusual courtesies to Clayton, it was believed the sum would be an initial advance only.

The Mexican crop this year was expected to be worth approximately 75,000,000 pesos.

Local Legion Post Receives State Award

Kerley-Crossman post 334 of Pampa is one of the 13 American Legion posts in the 18th district that has received a citation by the national commander for obtaining its quota of members, and for the district this is the first time since the district was reduced in size six years ago that the 18th district has made the district quota.

The district membership quota was 1,940. On Feb. 1 the total American Legion membership in the 18th district was 2,020. Quota of the Pampa post was 175 and the total membership, as of Feb. 1, was 236.

Hanson post 54 of Amarillo, with 428 members is the largest American Legion post in the district and also in the state, according to Charlie Maisei of Pampa, 18th district commander. Other posts of the district that made or exceeded their quotas in addition to Pampa and Amarillo, were Friona, Shamrock, Canyon, Perryton, Memphis, Panhandle, Wellington, Childress, Borger, Hedley, and Matador. Each of the posts also received the national commander's citation, as did the posts of Pampa and Amarillo.

The 18th district formerly included a considerable portion of the South Plains. Reduction of the size of the district occurred six years ago, thus making it more difficult for the American Legion posts in the more thinly-settled North Plains to obtain their membership quotas.

Announcement of the results of the district membership campaign was contained in a letter received here by Mr. Maisei from Lou J. Roberts of Borger, district membership chairman, and past district commander.

Rev. Snell Attends Episcopal Meeting

The Rev. Robt. J. Snell, in charge of the local Episcopal church, has just returned from Oklahoma City where he attended a two-day provincial conference of the field department of the Episcopal church.

Lay, clergy, and women delegates were present from all the dioceses and districts of the Southwest. Dr. Charles Sheerin, vice president of the national council; William Richards of the field department of the national council, and other leaders both national and local were present.

Promotional work of the church and its relationship to all phases of church activity were discussed and definite suggestions were made for the various delegates to take back to their own districts.

This conference provided for the interchange of ideas and the presentation of many phases of the churches' work by outstanding leaders in their part of the work.

Quadruplets Born But One Dies

PITTSBURGH, Feb. 11 (AP)—Quadruplets were born today to Mrs. Marie Pennetti while her husband—out of a job—slept in a waiting room at the hospital.

One of the babies, the first born, died.

Dr. Bruce Austin, an attending physician, gave the three survivors, two girls and a boy, an excellent chance for life and said the 29-year-old mother was in "very good condition."

Ralph Pennetti, who used to drive a truck, paced the floor much of the night and fell into an exhausted sleep this morning. Awakened by Dr. Austin, he heard:

"Congratulations. You have triplets!"

Dr. Webb To Study In U. S. Clinic

Dr. and Mrs. R. A. Webb will leave today for Hot Springs, Ark., where Dr. Webb will study for 30 days at the United States Government Venereal clinic.

Dr. Webb is county health officer and he is being sent to the clinic by the state to study advanced methods of treatment of venereal disease. Texas is joining with the rest of the nation in a program to stamp out the dreaded diseases.

During Dr. Webb's absence, Dr. W. B. Wild and Dr. J. O. Gilliland will act as county health physicians.

tographic Ruts," "Commercial Photography," "Winston Reeves, Lubbock," and "Oil Coloring Photographic Portraits," by Mrs. Loretto G. Edwards of Amarillo, will precede the luncheon at noon at the Schneider hotel.

Archer Pullington, city editor of the Pampa News, will address those attending the luncheon on "Telling The News With Pictures." Entertainment will be given by Ernestine Holmes, who will play the piano and the accordion.

After the luncheon, the convention members will return to the city club rooms for the afternoon program, which will consist of the following: "Standardization of Darkroom Procedure," by T. M. Caldwell, former still photographer with Fox in Hollywood; "Sales," by Roy Sherwood, representative of Lawrence Photographic Supplies, Wichita, Kas.; "Twenty-Five Years A Demonstrator," by Earl H. Shelly, Oklahoma City, of the Eastman company; and "Modern Day Problems" by Foster Fletcher, of Pampa.

Placing of the seal of merit on exhibits presented by the convention members, election of officers and selection of the next convention city, and new technical information from Alfa, given by R. O. Mantz of Binghamton, N. Y., will conclude the program.

The Texoma Photographers association is composed of photographers of the Texas Panhandle and Western Oklahoma and was formed 12 years ago. E. L. Moore of Altus, Okla., is president, and L. L. Hoffman of Weatherford, Okla., secretary, of the association.

Democrats Plan Consolidation Of Their Forces

WASHINGTON, Feb. 11 (AP)—Jittery over the showing of Republicans in the new Congress, House Democrats have called two meetings for next week to see what can be done about consolidating their forces.

Republicans, still far outnumbered despite their gains last November, have been doing a better job of keeping their members on the House floor, particularly for important votes.

Democratic leaders have worried about that. Consequently, they have arranged for a conference of all House Democrats Tuesday. Speaker Bankhead said it would not be a formal caucus and that "we are just going to talk the situation over."

One barb in the sides of the Democrats is the 150 to 122 vote by which the House decided to lop \$17,203,000 from an appropriation for the Tennessee Valley Authority and halt part of its dam construction program.

Democrats not present to vote could have reversed the result. In contrast, Republican party supporters were handy all the time the independent offices appropriation bill was in the amendment stage.

The other Democratic meeting, Monday night, has appearances of an attempt to revive the old House "liberal bloc" and inject new blood.

Rip Voorhis, Democrat, Calif., and a dozen other Democrats were reported to have invited some two-score of their colleagues to this meeting.

One recipient of an invitation said only "New Dealers" were being asked.

Barrett Packing Company Here Sold

Sale of the Barrett Brothers Packing company, 1700 Alcock, to D. M. (Boss) Lawrence of Pampa and T. M. Mauldin of Higgins, January 11, was announced today by the new owners.

Mauldin has had 15 years experience as a butcher buyer, while Lawrence has been a buyer for five years for major packing companies. Others associated with the new firm are Rozelle Mauldin, C. H. (Newt) Suttles, plant foreman, and sales manager, Zona Lee Combs, bookkeeper and office manager, and D. P. Beard.

Mr. Beard prepares lunch meals and sausage and has had 15 years experience with major packing companies in these lines.

Two trucks will be operated by the new firm, styled the Panhandle Packing company, and meat butchering will be from livestock raised in the Panhandle. The firm will feature only highest grade beef, and will sell to retail dealers in Pampa and throughout the Panhandle.

Vanderbilt Horse Wins \$10,000 Race

LOS ANGELES, Feb. 11 (AP)—Alfred V. Vanderbilt's impound, son of the immortal Sun Beau, whipped a brilliant field of three-year-olds today to capture the \$10,000 added San Vincente handicap at Santa Anita park in a photo finish.

Jockey Silvio Costello brought the Vanderbilt colt in to win the seven furlong event by a nose from William Ziegler's Our Mat, while Porter's Mite finished third.

Impound paid off at \$19.80, \$6 and \$3.80 across the board; Our Mat \$5.20 and \$3.80, and Porter's Mite \$3.

Old Documents Tell Lurid Story Of American Who Sought To Be Dictator Of Central America

By ANDRUE BERDING.

WASHINGTON, Feb. 11 (AP)—Two cases of musty documents which arrived here today may shed new light on one of the most lurid episodes in the history of the Americas, a story of adventure and freebooting.

The papers are understood to tell more of the story of the Tennessean, William Walker, who made himself President of Nicaragua, sought to unite all Central America under him, transported small armies of Americans there, fought Commodore Vanderbilt for control of the gold rush route across the Isthmus of Panama, commanded in battles, clashed with the United States and British navies, and eventually was executed.

The documents come from the American legation at San Jose, Costa Rica, in which country Walker was defeated at the Battle of Rivas in 1857. A monument at San Jose commemorates what the Costa Ricans call their "victorious" war against the United States, and they observe the anniversary of the battle as a national holiday.

The archives are part of an estimated 250 tons of documents the state department ordered sent home by embassies, legations and consulates abroad.

From what is known of William Walker, he stands out as one of the world's most daring political adventurers.

His plan to make himself ruler of Central America was shattered when he faced a combination of Guatemalan, Costa Rican and Nicaraguan forces and his little army was defeated.

Rescued by an American naval officer, he returned to the United States, organized another expeditionary force and led it back to Nicaragua. The expedition was broken up by an American naval officer, Captain Hiram Paulding. Rumors Walker had government backing seemed confirmed when President Buchanan reprimanded Capt. Paulding and removed him from his command.

Back in the United States, Walker organized a third expedition. Off the shores of Honduras a British fleet broke up his forces and took him prisoner. A British naval captain handed him over to the Hondurans, who executed him by firing squad in 1860.

Lincoln Lauded, Demos Scourged By Republicans

(By The Associated Press.)

Republican leaders told the country last night that it was adrift with a "broken down New Deal party and a bewildered President."

The proper course, they suggested in speeches prepared for a national series of Lincoln birthday dinners, was to return their party to power in the 1940 election.

Because Lincoln's birthday anniversary fell on Sunday this year, the annual Republican observances were divided. Dinners and party rallies will be held in many other cities tomorrow night, notably at New York City where former President Herbert Hoover and John Hamilton, Republican national chairman, are to speak.

At last night's dinners the general keynote was a contention the administration's policies had failed at home and a questioning of its course in foreign affairs.

Senator Styles Bridges of New Hampshire, speaking at Akron, said the best description of "the economics of the Roosevelt administration" was given years ago by Abraham Lincoln:

"You are united in your determination to break with the past but you are utterly divided among yourselves as to what you are doing."

Sherman District Clerk Charged In Money Shortage

SHERMAN, Feb. 11 (AP)—District Attorney R. C. Slagle, Jr., signed a complaint before Justice of the Peace Jess Wall here today charging R. B. Caraway, who was beginning his second term as District Clerk of Grayson county, with misapplication of \$4,702.97 of public funds. Caraway's bond was set at \$7,500.

Caraway resigned Wednesday, effective Feb. 15, but later changed the date to become effective immediately.

Foul Ball Costs Pirates \$1,284

PITTSBURGH, Feb. 11 (AP)—A foul ball cost the Pittsburgh Pirates \$1,284 today.

A jury awarded the amount of Joseph Godwin, 32, of injuries received when he was struck on the ear at a Pirate game in Forbes field July 10, 1937. Godwin's attorney, Jason Richardson, argued his client's view was obstructed by a crowded aisle.

Drought Refugee Shows Spirit Of Pioneer Woman

FRESNO, Calif., Feb. 11 (AP)—A migrant mother from Texas, who "wanted to do right," and who "hated to accept relief," today was en route to her old home at Kerens, Texas, happy in knowing the bill for relief that became necessary in California was marked "paid in full."

Her story, told by Charles L. Collins, district supervisor of the Agricultural Workers Health and Medical Association, was one of privation and self respect.

Collins said:

"In April, 1938, Mrs. Sallie Reynolds, 37, the widowed mother of two children, David, 18, and Minnie, 14, came here seeking to recoup the meager fortunes lost in the drought area of Texas.

"After their arrival, a series of misfortunes struck the family, which asked nothing more than to be allowed to help in the fall harvest, and thus make ends meet. Fire destroyed their house and belongings. Then David was injured in an automobile accident, requiring surgical and medical care for a long period.

"Mrs. Reynolds, working in the cotton fields and in the grape harvest, when she could, was unable to meet this added expense. Against her will, she applied to the Farm Security Association for aid. She was referred to the agricultural association, which took care of the expenses of her son's accident. A settlement of her son's injury claim was effected and yesterday Mrs. Reynolds paid the bill in full.

"Today, without sufficient money to defray traveling expenses, the family is en route to Texas, where Mrs. Reynolds explained, they have a chance to rent a small farm."

Bosses Get Most Money In Business, Say Investigators

NEW YORK, Feb. 11 (AP)—The richest profits of American business go to the few men who boss it—not to the thousands who own it or to the millions who keep it running—the Twentieth Century Fund reported today to the President's committee investigating monopoly.

With salaries "as much as \$1,000 a day," this comparative handful of executives "on the whole, in good times, take far better than the wage earners or investors" the fund said in summarizing its findings in a four-year study of big and little business.

The report was requested by U. S. Senator Joseph C. O'Mahoney, Democrat, Wyo., chairman of the monopoly committee. It was based on data obtained from treasury department records and the books of business itself. Some of the figures covered all of business; others were scientific "samplings" from hundreds of representative corporations of all kinds and sizes throughout the country.

Although stockholders are far more numerous than the "corporate officers" covered by the study, the income of the latter was almost half as great (42.2 per cent) as total dividends payments in the year 1931.

"At the depression deepened," the report continued, "the proportion (between executive salaries and stockholders income) rose to 53.5 per cent in 1932 and to 62.4 per cent in 1933."

Legion Meeting To Be Held In McLean

The first of the local post's 1939 regular quarterly meetings with members of the American Legion who live in McLean, will be held on Monday night in McLean.

Every three months it is the custom of the Kerley-Crossman post of the American Legion to hold a meeting in McLean. Legionnaires living in McLean are members of the Kerley-Crossman post, there being no post at McLean.

McLean Legionnaires will be in charge of the program.

Pampans attending the meeting will meet at 8:30 o'clock tomorrow night at Buckingham's Service station, corner of Cuyler and Atchison. Transportation will be provided for those who do not have cars.

Amlie May Be Challenged For I. C. C. Office

WASHINGTON, Feb. 11 (AP)—A week's controversy over President Roosevelt's appointments to important positions left it obvious today that one nominee faces a really serious battle for confirmation. Challenges may develop in two or three more cases.

Thomas R. Amlie, Wisconsin Progressive, named to the Interstate Commerce Commission, frankly admitted before a Senate subcommittee his economic ideas would lead to "collectivism." Republicans and conservative Democrats are preparing to oppose his confirmation.

In addition, Senator King (D-U.) already has announced his opposition to confirmation of James V. Allred, appointed Federal Judge for the Southern District of Texas, because Allred is not a resident of that judicial district.

A Senate judiciary subcommittee is seeking information on the connection of Harry Kaldner—appointed to the bench of the eastern Pennsylvania district—with charges of "purchased" legislation.

And, Senators who fought and killed Mr. Roosevelt's Supreme Court enlargement bill two years ago is looking askance at nomination of Charles B. Clark to the second circuit court of appeals. Clark, Dean of the Yale Law School, was a supporter of the court bill.

Knights Of Pythias Will Meet Monday

Members of the Pampa lodge 480 Knights of Pythias will hold their regular meeting at 7:30 Monday night at the American Legion hall.

Chancellor-Commander R. M. (Mose) Johnson has asked that all men who have parts in enacting the first degree to be present, as there will be three or four candidates for that degree to be initiated.

Visiting Knights as well as members of the local lodge are invited to attend.

Price-Fixing Bill Opposed By Wallace

WASHINGTON, Feb. 11 (AP)—Secretary Wallace opposed a price-fixing farm bill today, saying it might increase consumer costs \$1,000,000,000 or more annually.

Wallace testified before the Senate agriculture committee, which is considering a "cost-of-production" farm bill that would fix minimum prices for a long list of farm products.

"This would involve a consumers' tax several times as great as any processing tax that could pass Congress," Wallace said. "This is a very interesting possible method for collecting a consumers tax of \$1,000,000,000 and it might be several times that."

"How does it differ from the tariff?" interrupted Senator Wheeler, Democrat, Mont. "That also is a more painless way of getting the tax out of the consumer."

Wallace agreed the fixing of farm prices was similar to tariff for industry and added:

"A great many people would throw

STYLE LEADERS FOR 1939

DE LUXE FORD V-8

Ford style leadership grows naturally out of our endless effort to build a better car. It is an outward expression of deep-down, clear-through quality. And it has a practical purpose.

Important as beauty may be, it is interesting to realize that utility dictated these changes in style. Beauty may be only a surface matter, but true functional design increases the usefulness of the car as owners drive it day by day during its long life. The style of Ford cars is but evidence of the Ford policy to build the better way.

On the De Luxe Ford, the Mercury and the Lincoln-Zephyr, smart radiator grilles are set low in front. They look better that way—and they permit more efficient cooling. The radiator fan is attached to the front end of the crankshaft, low, in position to draw the outside air directly through the radiator. Thus function guides form.

Streamlines flow from end to end, side to side. The windshield slopes neatly. Rear fenders blend into the long rear deck. This gives a handsome effect. But more than mere looks are important here! Streamlining first reduces wind-resistance in front and wind-drag behind. Performance is better. Gasoline goes farther.

The cars are low on the ground. This increases the impression of fleetness and grace. But more important, it increases safety! You are more secure, in these cars with the lower center of gravity, than you were in "perched-up" cars of yesterday.

All these are instances to show that style, in itself, is not so important as style with a reason. Form that grows out of function is more than beauty. It is beauty combined with forward-looking engineering. It is a motor car at its modern best!

The unity of the Ford, Mercury and Lincoln-Zephyr family is a unity of value as well as of style. The V-type 8-cylinder and 12-cylinder engines... the economy of operation... the great comfort and safety... the appointments... the scientific sound-proofing are all typical of Ford value. All are possible at the price because Ford methods, resources and experience make them possible.

Where do Ford, Mercury and Lincoln-Zephyr styles come from? They come from thinking ahead. They come from the functions of a car that underlie its outward form. And they represent, we believe we can say, another important step in pioneering by the Ford Motor Company.

Final Criminal Case Week Will Begin Tomorrow

The final criminal-jury week of the January term of 31st district court here will open Monday, the seventh week of the current term. The eighth week, beginning Feb. 20, is civil-jury; ninth, civil-jury, subject to criminal; tenth, March 6, non-jury.

Judge W. R. Ewing said Friday, at the conclusion of the trial of Irvin Maxey, that he did not know of any cases set for the beginning of the coming week, and that criminal cases would be handled first, after which civil suits would be heard.

Members of the grand jury adjourned at 5 o'clock Friday afternoon, after a two-day session, devoted principally to the examination of a report of Cornell & Co., Amarillo auditors, of the accounts of Gray county offices. The grand jury is to reconvene on Feb. 21. No indictments were made last week by the jury.

With the conclusion of the two murder trials, those of Clyde McGraw and Irvin Maxey, the need of the special venire of 150 jurors has passed and the regular petit jury panel for the seventh week is to report in district court tomorrow morning.

Jurors for the week are: Ed Foran, Frank Lard, H. H. Heiskell, Elmer Fite, Charles H. Byrd, Arthur Rankin, Jim Hopkins, George E. Dull, Frank M. Perry, H. E. Amick, O. N. Frasher, John C. Haynes, F. M. Foster, L. N. Atchison, J. L. Noel, Ralph A. Irwin, Ishom Brown, Walter J. Daugherty, J. C. Vollmert, John Scott, T. B. Chess, L. C. Gommillion, and F. D. Keim, all of Pampa.

From McLean: Pete Fulbright, W. W. Shadd, T. N. Holloway, D. E. Upham, Cleo Heasley, Jesse Roberts, H. W. Brooks; from LeFors, Roy Calvert, D. T. Files, R. E. Burton, J. E. Laman, Buri Henry, B. D. Vaughn.

F. W. Holland, Miami, Fayette Seitz, Mobeette, L. P. Eakin, White Deer, F. W. Cobb, Alnred.

Here's Definition of When Person is Drunk

SPARTANBURG, S. C., Feb. 11 (AP)—The question when is a person drunk has perplexed policemen and potentates, judges and jurors since man first looked on the wine when red.

Now comes Judge Arnold R. Merchant to add his definition to a grand jury.

"A person is drunk when the liquor instead of the person begins to act and takes over."

CHICAGO GRAIN

CHICAGO, Feb. 11 (AP)—Light pre-holiday evening buying held wheat prices fairly steady today and at times fractions higher. The close was unchanged to 1/4 up.

Aided by a good demand for cash wheat, the market overcame a lower opening.

Wheat on the board of trade closed unchanged to 1/4 up, May and July 67 1/2-3/4; corn unchanged to 1/4 up, May 18 1/2-3/4; July 49 1/2-3/4; oats 1/4 down; soy beans 1/4 up; rye 1/4 down; lard unchanged to 2 cents up.

Market Briefs

NEW YORK, Feb. 11 (AP)—Stocks shook off some of their indecision in today's market and jogged into a rally that lifted favorite fractions to more than a point. There were a few wider swings.

Transfers for the two hours totaled 22,070 shares, the smallest turnover for any Saturday since last Aug. 20. The week's activity was the lowest since Sept. 10.

The Associated Press average of 60 issues succeeded in retaining a net advance of 4 of a point at 60.3, despite profit selling near the close. On the week this composite was off 1 of a point.

Brokerage quarters had no more concrete reasons for the day's come-back than for the recent slides.

In part, the recovery was attributed to short covering by traders who wished to receive commitments over the lengthy holiday. The stock exchange will be closed Monday for the commemoration of Lincoln's birthday.

Wall Street also seemed a trifle less apprehensive over foreign affairs, and business indicators, including improvement in the steel and motor fields and retail store sectors, were thought to have inspired some buying in pivotal shares.

On the rising side for the short shift were U. S. Steel, Bethlehem, General Motors, Chrysler, U. S. Rubber, Goodover, Westinghouse, Philip Morris, Phelps Dodge and Great Northern.

O'Daniel Gets About 3,000 Letters Daily

AUSTIN, Feb. 11 (AP)—If you don't think Texans are taking their politics seriously nowadays, just take a peek at the piles of mail arriving daily for legislators and the governor.

Some of this increase can be attributed to Gov. W. Lee O'Daniel's advent into the Texas political arena, but not all.

Legislators declare more and more interest is being manifested in governmental affairs, particularly taxation, truck load laws, and the fair trades practice act.

And the governor's mail! It is almost unbelievable. Hugh Green, negro custodian of the governor's office, whose duty is to open all letters to the state's executive, says "it's the heaviest in 30 years." And he ought to know; he's held his job that length of time.

Between 2,000 and 3,000 letters are dumped on Green's desk daily—all for Gov. O'Daniel. Add to these some 350 to 400 telegrams daily and you can see why Reuben Williams, one of the governor's secretaries, and his seven-girl staff keep as busy as the proverbial one-armed paper hanger.

In fact, the girls have been working all day until 10 and 10:30 o'clock every night since the inauguration. Everyone who writes receives a reply.

The incoming mail for Senators and Representatives is, roughly, twice as heavy as it was last session and doesn't show any signs of decreasing.

One week-end brought 1,500 letters to Rep. Fred Felty of San Antonio, while Senator J. Franklin Spears of the same city received 515 letters and telegrams Thursday alone. Spears' mail averages around 200 letters per day, or an increase of 40 per cent over last session.

Generally, opposition is expressed to the transactions tax in letters to legislators.

But the opposite is true in letters to the governor. Most of these commend the proposal, and many are in the form of petitions with hundreds of signatures.

The huge correspondence of the governor probably can be attributed to his weekly invitation by radio for the folks back home to write him and express their opinions. As Green remarked, "he invited it and it's a comin'."

Hereford Breeder Dies At Hereford

HEREFORD, Feb. 11 (AP)—G. R. Jewell, 63, whose name was scattered through the pages of the histories of American Hereford cattle as an authority on registered, Anxley Fourth Herefords, died here today.

With L. R. Bradley Jewell brought the first herd of registered Herefords here in 1897, and in 1898 this city was named for the same herd. Jewell's family built the first house in Deaf Smith county.

When Jewell was 16 he drove with the 7-D outfit to Montana, one of the youngest men to ever drive the trail.

Monthly Dinner And Dance Given At Country Club

Forty-seven members of the Country Club were entertained at the regular monthly dinner and dance in the club rooms Thursday evening.

An attractive Valentine motif was observed in decorating and in the appointments.

Following the chicken dinner dancing to the music of Jessie's orchestra entertained the group. During the dance the orchestra played "Happy Birthday" to Fred Cullum, who presided as master of ceremonies.

BETA SIGMA PHI "VALENTINE GIRL"

Miss Velda Richards, popular pledge of Pampa Upsilon chapter of Beta Sigma Phi, was among the 33 girls whose pictures appeared in the February issue of The Torch, official publication of the sorority, following the annual Valentine Girl contest. This group was selected by Cary Grant, the movie actor from photographs of nearly 400 potential "Valentine Girls" in the United States. A picture of

Miss Catherine Chowning of California Alpha Sigma chapter in San Pedro, chosen as the ideal "Valentine Girl for 1939," appeared on the front cover of a magazine. Miss Jean Parker, motion picture actress, was the sorority Valentine Girl for 1938. Miss Richards, who is the daughter of Mr. and Mrs. J. W. Richards, was pledged in October, and she will receive the Ritual of Jewels in the spring.

Program Will Be Presented At Methodist Church

Church women of Pampa will observe the World Day of Prayer in a union service at the First Methodist church on Feb. 24 under the sponsorship of the City Council of Church Women. A similar service was sponsored last year by the Council.

The program here will be the same as that used throughout the entire world on that day with the theme: "Let Us Put Our Love into Deeds—and Make It Real." Mrs. T. F. Morton, assisted by a representative from each of six churches comprising the Council, is in charge of program arrangements.

A plan similar to that used last year will be followed. Services will begin at 10:30 o'clock in the morning and last probably until 2:30 o'clock. Each woman is asked to bring a sack lunch, and the committee is asking that the women pay for the coffee which will be provided at the church.

The program will include organ music, hymns, and prayers by all, a talk by a representative from the Ministerial Alliance, and special music by the high school A Cappella choir. A brief business session will also be held.

All church women of Pampa and neighboring towns are invited to join in this service. Further details regarding plans for the day can be secured from Mrs. T. F. Morton; Mrs. Hol Wagner, general chairman; or Mrs. A. L. Burge, president of the Council.

Guest Speaker Gives Discussion On Youth At Parochial P-TA

"Problems of Youth" were discussed by the Rev. Francis, brother director of Price Memorial college in Amarillo, at the monthly meeting of the Parent-Teacher Association of Holy Souls parochial school last week.

Rev. Francis showed how the founder, St. John Baptist de La Salle, of their order worked out methods in teaching young people which are used today.

The husbands of officers of the unit presided at this Father's night program which included a sing-song led by Mrs. Lynn Boyd. Refreshments were served at the conclusion of the program.

"General's Lady" Has Setting In Early America

By MRS. JAMES TODD. The General's Lady by Esther Forbes; Harcourt-Brace, publishers.

"The General's Lady" is a historical novel dealing with the Revolutionary period. Morganna Bale of Boston married the Rebel General Milroy to save her Tory family's fortune.

During the Revolution her friends and family fled to Nova Scotia. Morganna lived near the village of Worcester, awaiting her husband's return from the war. Her friends, neighbors, and village folks respected her, but had no love for her. She was beautiful, courageous and temperamental. She once said, "I know I'm hard to live with for I've lived with myself high on to 33 years." She was bitter and lonely.

Into her life came two young people, Dilly Lavender and Alan Brann. The lovable country girl, Dilly, had been placed in Mrs. Milroy's care for safekeeping. Alan Brann, a paroled British officer, had first met Morganna Milroy when she nursed him back to health after he had been wounded in the defeat of Burgoyne's army three years before. Haunted by her beauty he returns to her home and a glowing romance ensues.

Then began a circle of events, which the lovers had neither the wish nor the chance to turn back. The romance grew until the husband died under strange circumstances.

Throughout the book Morganna Milroy holds the center of the stage. However Dilly and Morganna's stepson, Claude, play almost as important a part in the novel. The story moves with the swiftness of real drama.

Billy Gene Beadle Feted On Birthday

PHILLIPS, Feb. 11—Mrs. Alva Beadle honored her son, Billy Gene, with a party on his fifth birthday recently.

Popular party games furnished the entertainment of the evening. Billy Gene received many remembrances.

GLORIFYING YOURSELF

By ALICIA HART NEA Service Staff Writer

With the various shades of green which look smartly new now and are likely to be even more popular next spring, clear red as well as fuchsia toned makeup is indicated.

If you are going in for the sophisticated combination of pink and green, eyeliner or dark fuchsia or orchid-red lipstick and matching rouge will be lovely. But if you are going to wear a mimosa yellow or white or gray blouse with a green suit, try lipstick and rouge in a bright, clear red tone.

Unless your coloring is vivid, better stay away from mustard and lime greens. And vivid coloring does not necessarily mean red cheeks and red hair. One whose hair and eyes are very dark and her skin very white comes in the "vivid coloring" category. So do golden blondes whose eyes are very dark or clear, bright blue.

If there is little contrast between your skin and eyes or eyes and hair, beware of, or shades of, too vivid ones. Otherwise, people will see a dress and no girl.

Choose colors that will set you off, make you stand out as an individual, so you will be remembered as "the attractive Miss So and So" and not as "the girl in the red dress."

Yellows Are Difficult If your skin is definitely sallow, beware of off shades or too vivid fluted from yellow may make your complexion seem even more sallow. Purples, like many other shades, require special makeup. Your skin tones do not change, but they certainly will appear quite different when you change from a black dress to a purple one. For this reason, the rouge and lipstick which you like when you're in black aren't likely to do much for you when you wear purple.

See that your nail polish harmonizes with your dress as well as your lipstick. For example, you can't wear fuchsia polish with a red dress and clear red lipstick. Or burgundy polish with a brown dress and orange-red rouge and lipstick.

Delinquency To Be Discussed By District P-TA

By EUGENE MANN

The honorable Allen R. Fraser, district attorney, Alpine, will address the annual Parents and Teachers conference to be held in Berger April 19 and 20. The Hon. Mr. Fraser will speak at the formal evening session on "Crime Prevention vs. Punishment." Fraser is a recognized authority on juvenile delinquency.

Pampa, with 83 taking part, has the largest class taking the official procedure course in Eighth District. All graduates of the course will receive diplomas at exercises in Berger at the spring conference. Mrs. J. M. Crain, honorary member of the executive board, Amarillo, will conduct the exercises.

The unit in the Eighth District having the largest delegation attending the P-TA luncheon at the educational conference at Canyon March 10, will receive an award at the Berger meeting. Other awards will be given for various phases of Parent-Teacher work.

Mrs. Edith Wallace, home counselor of the Oklahoma City public schools, will be the principal speaker on the conference luncheon at Canyon, March 10, and will speak on the morning general session. Mrs. Wallace is a leader in child guidance and her subject will be selected from this field. Mrs. Clyde Warwick, Canyon, is in charge of arrangements for the luncheon.

Oldham County Council held a regular meeting last Thursday evening at Vega with Mrs. C. T. Hunkapillar, district president, Pampa, as the speaker of the evening. Also appearing on the program was Miss Ila Pool, corresponding secretary, Pampa, and Eugene Mann, publicity director. Mrs. E. C. Chapman, Adrian, is president of the group.

The Pampa City Council, headed by Mrs. Roy Holt, will inaugurate a series of monthly radio broadcasts over KPDM, Pampa, next Friday afternoon from 3 to 3:30 p. m. Horace Mann ward school and Berger ward school will be in charge of the program which will feature Founders' day. Mrs. C. E. Cary and Mrs. L. H. Anderson are presidents of the two units. Mrs. W. L. Campbell is chairman of radio for the council.

Eight-hundred students and parents attended a play presented by the West Ward P-TA at Berger to assist in raising funds for the spring conference. Twelve Mother Singers of the unit have joined the Berger City Council of Mother Singers. West Ward observed Founders' day at its meeting last Friday.

Christian Endeavor Group Will Have Party On Tuesday

Members of the older group of young people in the Christian Endeavor of the First Christian church conducted a business meeting in the home of Miss Avis Heiskell last week.

Plans were made for a party to be given Tuesday evening in the home of Miss Sylvia Goodwin, 621 East Browning street. A special program for this evening was outlined with C. T. Hightower as leader.

The hostess presented the devotional at the recent meeting. Attending were Helen Madeira, Sylvia Goodwin, Dorothy Southard, Clois Lamb, Walter Haynes, Fred Lamb, Charles Madeira, and C. T. Hightower.

The group will have an open house Monday night, Feb. 20, at the church.

COMPACT BRACELET.

For your best girl—if she likes amusing jewelry—a wide, massive bracelet that is also a compact. The top swings up and discloses a mirror, powder puff and sifter, lipstick and comb neatly packed inside.

TO REPAIR WALLPAPER. To patch a worn or matted place on papered walls tear rather than cut a piece from matching paper large enough to cover the spot generously. The rough torn edge will be easier to match and blend with the pattern of the paper than a sharp cut edge. Use ordinary library paste or a good wallpaper paste. News Want Ads Get Results

MODERN MENUS

By MRS. GAYNOR MADDOX NEA Service Staff Writer Even modern tea parties think of their vitamins. The idea seems to be to keep your tea menu balanced rather than too starchy.

Remove crusts from loaf of whole-wheat bread. Then slice lengthwise. Spread each slice very lightly with smooth cream cheese to which a little chopped parsley and minced celery leaves have been added.

Have 4 different kinds of chopped or grated raw vegetables ready, such as grated carrots, chopped green peas, watercress, and grated yellow squash. Spread a line of each vegetable diagonally across the slice of bread spread with cheese.

Long golden carrots, strips of stuffed celery and radishes can be tucked into very gay teatime tidbits. Trim and scrape a long slender carrot, making it of even thickness the entire length.

Wrap securely in wax paper, chill well. Slice into thin rings with a golden disc of carrot in the center. Treat radishes, strips of celery, square strips of fresh pineapple the same way.

SERIAL STORY

WOMEN WANT BEAUTY!

BY LOUISE HOLMES

Yesterday, Susie answers the Harker ad, is chosen among the first five applicants. Then Harker decides to investigate individually.

CHAPTER VIII

It was ten days after Susie read Harker's ad that Jeff Bowman started out to investigate the five homely applicants for Harker's. Jeff was what is commonly called a swell guy. To Edna, his mother, he was the dearest boy in the world. His big frame was loosely hung together, his red hair was none too smoothly brushed. He tried to brush it, but it was that kind of hair. He had nice, healthy skin, sprinkled with a few freckles, and sparkling blue eyes. His eyes laughed, there were little wrinkles fans at the outer corners from laughing. His chin was stubborn, his mouth could be very tender.

Jeff did not go over in a big way with the girls, perhaps because they utterly failed to interest him. His mother said the girls didn't know what they were missing and gave thanks that they did not.

To hasten things Jeff went on his mission by plane. He found a girl in Denver. She was well past 40, precise, dull. He marked her off the list. Two dime store workers, one in Detroit, the other Cleveland, met the same fate.

The fourth applicant was a faded housewife with a none too attentive husband. Jeff did not mark her off the list. She had very little personality. Jeff thought her a weak sister, but he couldn't help thinking how much fun it would be to fix her up and flash the result on her no-account husband.

At last he arrived in River town, the small University city where Miss Susie Lambert dwelt at 1019 Elm street. Jeff hoped Susie was a student. He had a great respect for education and, if the Chief was set on Susie, it would be fine if she weren't too dumb. Going to the old frame house on Elm street he waited for the door to open with pad and pencil in his hand. When the landlady answered his ring he announced that he was taking names for the city directory.

When, among others, she mentioned Susie, he asked, "Is Miss Lambert employed?"

"Yes, she works at the Waffle Shoppe just west of the campus. Inwardly Jeff groaned. Betwixt himself to the Shoppe he straddled a stool and ordered a waffle, meanwhile glancing about.

"Syrup or honey?" he was asked by a waitress.

"Syrup, please."

He heard her say, "Waffle and

syrup, Susie," and took a good look. So that was Susie, Oh, Lordy—Lordy— Fat, awkward, pasty faced. He noted the negative hair, scowling eyebrows, ridiculous glasses on a crazy little nose, the thin, wide mouth. Susie was terrific. If the Chief wanted homeliness he had his wish—wished! But the girl could make waffles!

While enjoying one of her masterpieces he saw Susie move ponderously across the floor to the telephone, heard her say, "Is there a letter for me, Mrs. Johnson?" and saw her face fall as she hung up the receiver. As if her face could fall any lower, he thought.

After paying his check he went to the counter beside Susie. "I beg your pardon," he said. "Wonder if you can help me out?" "I'll try." Her voice was pleasant, extremely pleasant in fact. She raised her questioning eyes and Jeff gazed into clear gray blankness, then the thick lids fell again.

"I'm looking for a family by the name of Lambert," he told her. "Someone sent me to you, said your name was Lambert—." This was Jeff's ruse to observe Susie for his report to John Harker. "I'm sorry," she said quietly. "My family lives on a farm upstate. The Lamberts here are strangers to me."

"Well—thanks just the same." Jeff went away and Susie looked after him. He'd been friendly. Like Dick, he had looked at her, not through her. Like Dick? There was no one in the world like Dick.

MUCH of Susie's enthusiasm over becoming attractive had faded in the past two weeks. She'd been a fool to go off the deep end that way. In retrospect she was a little ashamed of her letter. Nevertheless she bought a Chicago paper each day and knew that the model had not yet been chosen. A tiny, quivering hope still lay behind her thoughts.

Jeff went back to the office and reported to John Harker. At last he got around to Susie. He stopped, shaking his head, not knowing how to begin.

"Well—?" Harker gave him a verbal nudge.

"The best I can say is that Susie isn't deformed, that she has a pleasing voice and the average number of features. Maybe you can do something for her but, man, you'll be letting yourself in for something!"

"That's what I want," said Harker eagerly. "Tell me about her."

"She weighs a ton, maybe half a ton, her eyebrows come out over

her eyes like ragged awnings, her mouth is this wide," Jeff went on, stretching his thumb and small finger. "She has three chins, dust-colored hair and her nose—it's helpless."

John Harker touched a button. "Susie it is," he said. "When we get through with her she'll be Suzanne." His secretary came in. "Take a letter, Miss Griggs. My Dear Miss Lambert—"

Susie received the letter on the following day. As the winner of the contest, she was to report to John Harker at her earliest convenience. She was to make plans for an extended stay. Susie sat down on the top porch step of Mrs. Johnson's rooming house. Funny about her knees. They had an inclination to buckle. After a while she went to her room and packed a suitcase with her forlorn best. In an old trunk she placed the rest of her belongings. She gave up her room and Mrs. Johnson, upon being asked, consented to store the trunk in the basement.

TAKING her suitcase Susie went to the Waffle Shoppe and resigned. The manager, at first irate, finally humbled himself and begged. When this failed, he offered Susie an unbelievable increase in salary. Dazedly she stuck to her resolve.

Then came reaction. Her mind swung back and forth like a terrified pendulum. Doubts assailed her.

Going to a pay station she called John Harker.

"This is Susie Lambert," she said, when the connection was completed.

"Oh, yes, Miss Lambert." The cordial kindness of his voice bolstered her shrinking courage. "Thank you for calling. May we expect you soon?"

Susie's spirits lifted miraculously. She hadn't been imagining things after all. Mr. Harker expected her.

"I'll reach Chicago at 6 this evening," she told him. "Good." He asked for particulars. At what station would she arrive? At 6, did she say? Someone from the office would meet her. Hotel accommodations would be made for her. A conference in Mr. Harker's office at 9 in the morning. Trembling violently Susie went to the bus station.

It might be an insane adventure, but it was an adventure and the first in Susie's life. Her heart lifted, her feet seemed not to touch the ground. At long last Susie was one of the chosen.

Pope's Peace With Il Duce Made History

VATICAN CITY, Feb. 11 (AP)—Pope Pius XI's seventeen-year reign will be recorded by future writers as one of the most important in the church's history of nineteen centuries.

The vigor of his rule, the courage with which he embarked on the most audacious innovations and his adamant opposition to all forms of immorality and violence have given his own particular stamp to many years of the church's development.

The reconciliation he signed with the government of Italy and the modernization of the Vatican will perhaps stand out as his most history-worthy achievements.

Vatican City became an independent state, with all sovereign rights including foreign representative, customs, and coinage. From then on the phrase "first time since 1807" was frequently used in Vatican dispatches. Pius XI took part in a procession in St. Peter's Square, received King Vittorio Emanuele and Queen Elena of Italy, went to St. John Lateran church where he had been ordained, went to St. Mary Major church, to St. Paul's-outside-the-walls, retired the papal summer home at Castle Gandolfo and spent vacations there.

Thus he no longer was a "prisoner of the Vatican."

Peace Collapsed. The conciliation momentarily collapsed in the summer of 1931 when Fascist Italy and the Vatican fell out over the allegedly political activities of the Catholic action—the church's lay organization.

into, the Pope's portrait thrown from the windows. The Pontiff showed his courage by publishing an encyclical letter against the government, a letter he had to smuggle out to Paris by an American prelate, Monsignor Francis J. Spellman, now auxiliary bishop of Boston.

Reconciliation negotiated in September, 1931, and relations between the Vatican and Mussolini and Italy became closer than ever until 1933. In that year, the Pope protested Mussolini's racial restrictions in marriages "wounded" the concordat, since they prevented marriages between Jews and "Aryans," even though both parties practiced the Catholic religion. He also accused Fascist authorities of continued "vexations" toward Catholic action.

Vatican Modernized. On the point of modernization, Pius XI's imprint may last for centuries. He brought to the Vatican an up-to-the-minute telephone system, a radio station, a modern fire department, movies, a railroad, new administrative building, a loud-speaker system for St. Peter's.

Pope Pius boldly combated anti-Catholic movements in Spain, Soviet Russia, Nazi Germany and Mexico, and the royalist movement in France. He denounced rearmament, war talk and reckless political leaders. His voice, appealing for peace, was heard whenever Europe smoked with its periodical war scares.

Encyclicals Blunt. His encyclicals were equally plain spoken in upholding the church's right to education, in condemning

co-education, in reaffirming the sanctity of marriage and the family, in censuring birth-control and sterilization, in exalting the workman and attacking the industrial and financial magnates, and in arraignment scrupulous political chieftains.

His reign was noteworthy for an appreciable spread of the church's missions and the building up of a considerable native clergy, including a number of bishops, particularly in China.

During his tenure, many new concordats with foreign governments were concluded, chief among them being that with Germany. Relations with the French republic, disturbed for generations, were smoothed out. A number of countries, such as Italy and Ireland (Eire) opened diplomatic relations with the Vatican and sent ministers there.

It is estimated that under Pius XI the Roman Catholic church membership increased by more than 65,000,000.

Panhandle Field Has Six New Locations

5 New Wells Completed In Plains Area

Five completions and six new locations were reported in the Panhandle oil field last week as activity continued normal for this year to date.

The five new wells were given an open flow potential of 2,219 barrels. Two Hutchinson county wells tested 1,191 barrels and two Gray county tests were gauged at 569

barrels. The other well was in Carson county.

Carson and Moore reported two locations each with one in Gray and one in Hutchinson counties. Four of the wells will be drilled for oil and the other two for gas, by the Texoma Natural Gas company.

The Shamrock Oil & Gas company, it was reported, will drill its No. 1 Hight in section 354, block 44, H&TC survey, Moore county, to a total depth of 3,700 feet for experimental purposes. The test will be drilled six miles north of Dumas and on the edge of both oil and gas territory, already proven.

The Robinson et al No. 1 Nellie Kuteiman wildcat test in section 88, block 24, H&GN survey, Donley county, is drilling ahead at 4,272 feet.

Completions for the week follow: In Gray County, Manston Oil co., No. 5 Sullivan, section 136, block 3, I&GN survey, gauged 342 barrels with lime formation from 3,117 to 3,232 feet. The hole was bottomed at 3,259 feet.

Phillips Petroleum co., No. 4 McKinney, section 137, block 3, I&GN survey, tested 227 barrels. Lime pay was between 3,148 and 3,261 feet. Hutchinson County

Paloma Oil co., No. 5 Lewis, section 7, block 23, BS&P survey, was the best well of the week. The hole was drilled to a total depth of 3,990 feet and plugged back.

Stansylvania Oil co., No. 2 Stansberry, section 124, block 2, EL&RR survey, tested 440 barrels with lime pay between 2,992 and 3,045 feet. The hole was bottomed at 3,070 feet and plugged back.

Public Invited To Attend API Meeting Tuesday Night

One of the most interesting meetings of the Panhandle chapter of the American Petroleum Institute will be held Tuesday night at 8 o'clock in the city auditorium here when Walter Voigtlander of the Union Wire Rope corporation of Kansas City will be the principal speaker.

The program will begin at 8 o'clock sharp and Chairman Walter Berry has sent a notice to all API members to be present on time. In extending an invitation to non-members and to the public in general, Chairman Berry said he would like to see at least 500 in the auditorium.

Voigtlander is chief engineer for the rope company and before the United States entered the World War he went to England to supervise the making of submarine nets because of his wide experience in wire rope uses.

The speaker will also present a motion picture, talking, showing a trip through the Union Wire Rope corporation's factory. Every detail in the process of drawing wire, testing and fabricating it into finished wire rope will be shown in the picture.

A special number on the program will be a talk on safety by Dr. J. O. Gilliland.

Entertainment will include a comedy skit by Bob Morris and Ken Bennett of Radio station KPDN.

Science Restores Bradford Oil Field

HARRISBURG, Pa., Feb. 11 (AP)—Like a surgeon reviving a dying patient with a powerful stimulant, science has restored the 68-year-old Bradford oil field—once virtually dry—to ranking as one of the nation's big and producer of most of the oil in Pennsylvania.

A report of the state planning board showed today the giant field, stretching over hundreds of acres of northern Pennsylvania and into New York state, is emerging from a period during which production "almost ceased" and now is responsible for about 85 per cent of the state's output.

Second only to the young East Texas field in continuous production area, the Bradford field was discovered in 1862 and first exploited in 1871. Ordinary drilling and pumping methods became "ineffective," the report said, when natural pressure was exhausted.

The science look a hand.

Responding to what the planning board termed an "unusually successful application of artificial water flooding methods," the field began spouting 15,000,000 barrels a year. It has produced a total of 203,600,000 barrels under old systems.

Board Director F. A. Pitkin termed the new method "a remarkable discovery" and declared that "nowhere else in the world has water flooding been so successful."

Scout Joe Cargile Talks To Kiwanians

In observance of National Boy Scout Week, the program of the Pampa Kiwanis club at their noon luncheon Friday was featured by a talk by Joe Cargile Jr., Pampa Eagle Scout, who told Kiwanians of the Adobe Walls council area in Pampa, and in the United States altogether.

Scout Cargile was introduced to the club by Fred Roberts, Scout executive of the Adobe Walls Council of the Boy Scouts of America. Council headquarters are in Pampa.

Two songs were played by four high school students, Robert Burns, Roy Boyles, and Harold Gillespie, trumpets, accompanied by Mary Lynn Schoolfield at the piano.

Dan McGrew was in charge of the program. Attendance at the luncheon was 63, including two visitors, J. L. Lester, teacher of agriculture in Pampa high school, and Roy Gannon of Fort Worth, a guest of M. P. Downis.

Holy Souls Church Mass For Pope Pius Set For Wednesday

Requiem high mass will be celebrated at 8:30 a. m. Wednesday by the Rev. Joseph Wondery, at Holy Souls church, for the repose of the soul of the late pontiff, Pope Pius XI, who died Thursday night in Vatican City.

Children of Holy Souls parochial school will sing the mass. Catholics will attend the mass and receive holy communion during the week while a period of mourning is being observed.

Jaycee Program On Americanism To Be Broadcast Today

The Junior Chamber of Commerce will present the fourth in a series of programs on "Americanism" at 2:30 p. m. today over the Texas State Network. It was announced last night by Dr. A. J. Black, chairman of the Pampa Jaycees committee on Americanism.

The program, Dr. Black stated, will include a discussion of American ideals and principles and the reading of a letter from the President of the United States in connection with Americanism Week, Feb. 12 to 22.

Costly Mirror To Be In Texas Observatory

FORT DAVIS—Feb. 11 (AP)—Preliminary preparations have been made for installation of the 82-inch mirror, one of the costliest pieces of glass in the world, in the telescope at McDonald Observatory on Mount Locke, near here probably in May.

The glass will be lifted by a crane 71 feet above the ground and taken through the shutter at the top of the huge dome. Four years were required to cast and polish the mirror to as near perfection as human ingenuity can devise. C. L. Cook, builder of the telescope for the contractors, Warner-Seasey of Cleveland, O. and Harvey Shontz, observatory and telescope steel construction expert, are here making arrangements for installing the glass.

Contracts for hauling the mirror from Marfa, nearest railroad point, has been given C. D. Wilson, Fort Davis truck operator. The distance from Marfa to the summit of Mount Locke is 39 miles.

According to information, the mirror will be shipped from Cleveland in a baggage car under heavy guard and packed in a steel case which in turn will be covered by a heavy wooden crate.

McDonald Observatory, owned by the University of Texas, and operated jointly with Yerkes Observatory of Chicago, is complete except for the installation of the mirror and adjust numerous mechanical details.

Pampa Catholic Women To Attend Dalhart Meeting

A delegation of Pampa women will attend the semi-annual meeting of the Amarillo district council of Catholic women at Dalhart Monday.

En route to the meeting, which opens at 11 a. m., members of the Pampa contingent from Holy Souls parish will attend the pontifical high mass of requiem which will be celebrated in Amarillo by the Most Rev. Robert E. Lucey, bishop of Amarillo, in tribute to Pope Pius XI.

The Dalhart meeting will be in charge of Mrs. Donald A. Powell, Amarillo district president, and the program will include reports from parishes and missions in the district. Luncheon will be served to council members and clergy and will be followed by an open forum session.
