**Good Morning**

What we are afraid to do before men, we should be afraid to think before God.—Bp. Porteus.

**GERMANS BURN FREIGHTER TO AVOID CAPTURE**

**Visiting Preachers To Fill Pampa Pulpits**

**Assignments To Be Made Here Tonight**

Two Bishops Will Preach At Baptist, Methodist Churches

Universality of the religion of Christ will be exemplified in Pampa today as visiting Methodist ministers occupy the pulpits of 11 Pampa and three out-of-town churches.

Preaching assignments of these pastors are in connection with the 31st annual session of the Northwest Texas conference which opened here Friday. The conference represents 75,000 Methodists of the Panhandle-Plains region and an area below the caprock.

At the First Baptist church, Bishop John M. Moore of Dallas will preach at the morning service, while Bishop Ivan Lee Holt, Dallas, will preach at the First Methodist church, the Rev. R. H. Campbell, Dalhart, at Harrah, and the Rev. Orion Carter, Childress, at McCullough.

With B. J. Osborne of Skellytown in charge, a love feast will be held at 9 o'clock this morning at the First Methodist church.

**Youth Rally in Afternoon**  
In the afternoon, starting at 3 o'clock, a youth rally will be held with the Rev. Aisic Carlton of Clyde presiding, and with Dr. J. O. Haymes of Big Spring and J. W. Gamble, Texas Technological college, senior, Lubbock, and president of the Methodist Young People of the conference as leaders.

The Pampa a cappella choir is to sing and there is to be a solo by Lawrence Elzey of Perryton. Radio station KPDD will broadcast the program.

At 7:30 o'clock tonight an impressive ceremony will be held when Bishop Holt ordains a group of deacons.

On Monday morning, business sessions of the conference will be resumed, at 9 o'clock. A feature of Monday's program will be the appearance of 25 children from the Methodist home, Waco, in charge of St. Hubert, Johnson.

**Other Assignments**  
Preaching assignments for today, in addition to those listed in a preceding paragraph, will be:

Calvary Baptist, Rev. H. C. Smith, San Jacinto, Amarillo, in the morning; the Rev. Rex Kendall, Vega, evening.

First Christian, the Rev. C. A. Long, pastor of St. Paul Methodist church, Abilene, morning; the Rev. L. N. Lipscomb, First Methodist, Lubbock, evening.

Nazarene, the Rev. J. B. Baker, McAadoo, morning; the Rev. O. B. Herring, Lockney, evening.

St. Matthew's, Dr. Frank L. Turner, president of McMurry college, Abilene, morning.

First Presbyterian, Dr. John H. Hicks, professor at Southern Methodist university, Dallas, morning.

Salvation Army, the Rev. R. N. Hucklebee, Muleshoe, morning; the Rev. M. L. Boyd, Post, evening.

Brethren, the Rev. I. A. Smith, Snyder, morning; the Rev. E. L. Thurston, Aspermont, evening.

Shamrock, the Rev. Aisic Carlton, Clyde; Canadian, the Rev. J. O. Quatebaum, Jr. Slaton; Skellytown, the Rev. Frank Beauchamp, Silverton.

For the First Methodist church tonight, Bishop Holt will ordain deacons and elders, while the Rev. M. B. Norwood of Stamford will preach at Harrah church, and the Rev. J. E. Shewbert of Lorraine, at McCullough.

**McMurry Banquet**  
Last night at the Schneider hotel ex-students of McMurry college, Methodist institution located at Abilene, held a banquet at which the special guests were Bishop Holt, President Turner, O. P. Thrane, college business manager, and Dean R. G. Boyer.

**Admitted on Trial**  
At the session Friday night, eight applicants were admitted to the conference on trial. They were:

Lloyd B. Hamilton, graduate of S. M. U. and McMurry; Hugh F. Bialock, McMurry; Robert Lawrence Gilpin, McMurry, voted in on three-fourths vote, all in Abilene district.

Charles Rufus Gates, a son of P. H. Gates, Dumas, and West Texas State college graduate, Perryton district; David W. Binkley, Plainsview district; Lance Hurst, Texas Wesleyan college, Stamford district; Aaron Lloyd Mitchell and Sam F. McMurphy.

**I Heard . . .**  
That R. A. Hankhouse went down to Lake McClellan yesterday and brought back a string of crappie and bass that were beauties. He said they were biting yesterday, and that everybody was catching their limit in record time.

Owning a locker is like having a savings account for your table. Barrett's Lockers. (Adv.)

**Dies Will 'Expose' Saboteurs In U. S.**

**YOUTH LEADER**

J. W. Gamble, above, Texas Technological college senior, Lubbock, and president of the Methodist Young People of the Northwest Texas conference, and Dr. J. O. Haymes of Big Spring will be the leaders of a youth rally to be held at 3 o'clock this afternoon at the First Methodist church as a part of the third day's program of the conference which opened here Friday.

WASHINGTON, Nov. 16 (AP)—Asserting "four totalitarian powers" were co-operating to stall United States preparedness, Representative Dies (D-Tex.), announced today a program of "exposure" to ward off sabotage of national defense industries.

Dies named Germany, Italy, Japan and Russia as the "totalitarian Axis partners" and declared the "odium method" of fighting saboteurs—apprehending them after the commission of their crime—had failed in Europe.

He suggested his house committee on un-American activities be given funds and powers to deal with potential saboteurs in advance of their acts of destruction.

"With all due respect to the department of justice and the Federal Bureau of Investigation, and they are doing fine work, I think the whole method of approach must be radically changed," the Texan said. "I am going to recommend to congress that the committee be given more power with respect to those who refuse to testify or to appear so that all these saboteurs may be exposed."

Dies added that he also would ask congress for "at least \$1,000,000" so that the committee could proceed with the examination of 300,000 persons who he said were connected with subversive activities.

If the funds were granted, he said, these people would be brought before the committee "one by one" so that the public might learn about all their connections.

Dies announced committee employees had prepared a 500-page printed "white paper" which he said contained "irrefutable evidence concerning consular representatives of the German government with fifth column activities."

He first proposed to release this publication today, but later said it would be withheld until next week.

He said a second paper would be prepared on Italian consular representatives and "Russia and Japan will be eventually involved."

Dies expressed belief the recent explosion at the Hercules powder plant in Kenilworth, N. J., was "the start of a series of acts of sabotage."

**King Cheered In Bombed Coventry**

**By ALFRED E. WALL**  
COVENTRY, ENGLAND, Nov. 16 (AP)—Stricken Coventry put on a brave impromptu show today for the King.

George VI motored up to this devastated industrial city to inspect the results of the most concentrated bombing Britain thus far has undergone.

Cheers greeted him and officials turned out the town hall's best silver an acrostyl for the monarch's luncheon. He brought words of sympathy, cheer and assurance of support for the stricken town.

By official estimate 200 persons were killed and 800 injured between Thursday sunset and Friday dawn by 500 Nazi planes.

But the populace made a show of spirit when the King's car, quite by surprise, threaded its way through the littered streets and pulled up before town hall.

The cry went up: "The King! The King!"  
Then a cheer: "Hip, hip, hooray!"  
The King smiled. Saluting, he made his way through the throng as a red-faced policeman yelled: "Are we down-hearted?"

"No," the crowd roared.  
"Will we knock Hitler's block off?"  
"Yes."  
The royal visitor conferred with local and government officials organizing emergency relief and then toured the devastated area.

**Adjournment Issue To Come Up Monday**

WASHINGTON, Nov. 16 (AP)—Congress, after a five week's holiday for the national election campaign, will convene Monday to face the question of whether to take up a dozen provocative issues or end its 11 months session.

Democratic senate and house leaders are hopeful that the legislators will agree to quit.

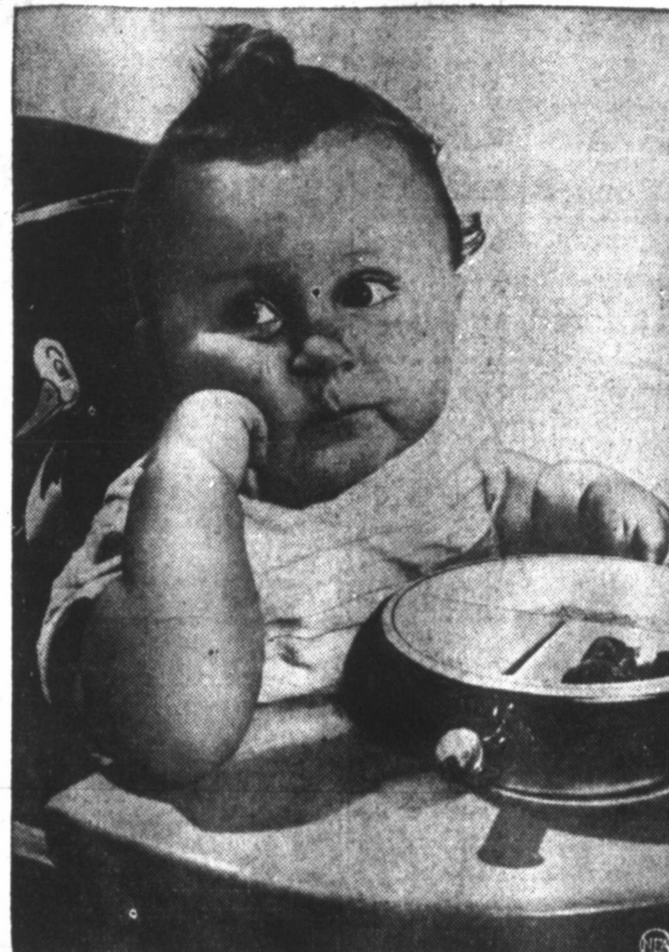

Opposing adjournment are the Republican minorities in both senate and house and some Democrats who argue the uncertain state of international affairs make it advisable for congress to stay on the job.

Nominally, congress has been in session in recent weeks, but under a gentlemen's agreement has done nothing since October 11 except meet and recess for three-day periods.

Democratic leaders have not decided on the date they will propose for adjournment, although saying it will be some time next week. A decision may be reached after their weekly conference Monday with President Roosevelt.

If the adjournment proposal should be defeated, leaders may be forced to give consideration to demands that the Senate take up the Walter-Logan bill which proponents say would facilitate court reviews of actions by Federal administrative agencies. Opponents of the bill contend it would hamstring such bodies. It was passed by the House last June.

**'SOURPUSS' WINS FIRST PRIZE**

To compete in the recent 1940 Popular Photography contest, photographer Roy Pinney of Brooklyn, N. Y., planned the above picture, which he entitled "Hunger Strike." To get the model, little Sanford Brown, to display the proper "sour" expression, he gave the youngster a teaspoon of lemon juice. It proved a sweet idea, for the picture topped 17,000 entries, brought Pinney the first prize, a new car.

display the proper "sour" expression, he gave the youngster a teaspoon of lemon juice. It proved a sweet idea, for the picture topped 17,000 entries, brought Pinney the first prize, a new car.

**Invasion Ports Bombed By RAF**

(By The Associated Press)  
LONDON, Nov. 16—Braving a lashing Channel gale, RAF bomber squadrons battered at Nazi long-range gun positions and invasion ports on the French coast tonight.

Watchers on the English cliffs could see vivid flashes light up the sky for miles along the opposite shore and hear heavy explosions above the shriek of the gale.

Last night—just 24 hours after a huge flight of Nazi bombers had hammered Coventry into a heap of smoking ruins—RAF bombers squadrons crossed the North sea, to repay the visit in kind, and blasted Hamburg from dusk to dawn, the Air Ministry said today.

The ministry news service described the bombing of Germany's second largest city as one of the longest and heaviest raids of the RAF. Instead of centering the attack on dock areas as previously in French Africa, with tight-lipped General Maxime Weygand in the key position.

Premier Mussolini's newspaper Il Popolo D'Italia declared today that the Axis is ready for military action if necessary in French African territory.

It was indicated by the newspaper's commentator, Mario Appellius, that first, the vichy government of Petain and Laval will act. Then, if its steps against the growing pro-British movement by the "free" French forces of General Charles DeGaulle fail, Appellius hinted, the Axis powers will step in.

In the opinion of persons who know well the man whom Vichy sent to Africa to hold the empire fast against the DeGaullists—General Maxime Weygand—all will be smooth for the Axis or its plans.

Weygand, known as the "attack general," is neither pro-British nor pro-German, but is purely pro-French, they say.

They said friends say the general, to whom France turned in her last days before defeat, feels that Vice Premier Pierre Laval's policy has played too much into German hands.

After the Armistice Weygand's consuming desire was to reach North Africa, these sources say, and he was reported to have remarked that North Africa "may save France." He was made military and political chieftain there.

**Enlistment Age Lowered**

WASHINGTON, Nov. 16 (AP)—The Navy lowered from 18 to 17 years today the minimum age for enlistment.

Secretary Knox announced that youths between the ages of 17 and 18 would be accepted to serve until their 21st birthday. They must have consent of their parent or guardian.

**Germans Shower Bombs On London**

(By The Associated Press)  
LONDON, Nov. 17 (Sun.)—Nazi warplanes showered many incendiary and explosive bombs on London last night from twilight until midnight, but in the early hours today heavily overcast skies hampered them and the raiders passed unscathed about 1 a. m. (6 p. m. CST). Millions had gone underground to wait out what they expected to be a second successive night of fierce attack.

Benefited by shortening daylight, the Nazis appeared earlier than ever before after a day-time lull.

The city still was clearing away the wreckage from the night before when formations of bombers made a "grand scale" assault.

One of the first sticks of bombs demolished three houses.

A "Molotov breadbasket"—a bomb container which bursts in the air and sprays small bombs—fell on a hospital.

Another bomb hit a bus and its explosion damaged two others. Four persons were reported killed.

The attacks Friday night ranged the whole length of the British Isles from the coast of Kent in the south to two villages in the Hebrides, off northwest Scotland, where an aerial machine-gun attack was said to have been "ineffective."

A reck by the air ministry showed five German planes "shot down Friday night over the country."

**'Mata Hari' Executed**

ISTANBUL, Turkey, Nov. 16 (AP)—United States citizens arriving in Turkey from Athens reported today the summary execution of a young "Mata Hari" by Greek guards.

They said the fashionably dressed young woman—whose nationality they did not know—was taken from a Greek train and immediately shot after the discovery of a camera concealed under the wrist of her jacket.

**Killed In Wreck**

LONGVIEW, Tex., Nov. 16 (AP)—Alma Grimes, 30, of Longview was killed and four other young people hurt in an automobile collision here tonight.

Two of the injured, Leonard Burkhardt of California, and Margaret Spears of Longview had obtained a marriage license this afternoon and were to have been married tonight.

**Congratulations**

Mr. and Mrs. Lloyd Harvey of Parwell are the parents of a new daughter, Catherine Jeanne. The mother is the former Miss Virginia Nelson, daughter of Harry A. Nelson and the late Mrs. Nelson.

**Italians Burn Base Town Before Flight**

**Nazis Hope To Bring Britain To Her Knees**

**By PRESTON L. GROVER**  
BERLIN, Nov. 16 (AP)—Germany's concentrated air attacks on Britain recently—with threats of more to come—and the German-Italian high command consultations are signs.

German observers say, of a new Axis bid for victory before a second war winter ends.

Expert sources describe the furious assault on Coventry, one of England's manufacturing centers, as part of an effort to bring Britain to her knees before increasing United States aid makes the task more difficult.

New German air raids today on London, Hastings, Southampton and down the Thames estuary to the coast at Southend were reported by DNB, official German news agency. Docks and warehouses burned in the center of London, it said.

As the Coventry attack was described as "retaliation" for the British air raid on Munich the night Adolf Hitler was there, Nov. 8, so today did Nazis threaten another devastating air blow to avenge a British bombardment of Hamburg Friday night.

The high command acknowledged damage to the great port, but declared it was "in no proportion with the number of attacking planes."

Neutral observers commented that Italy's far-from-britkriege campaign in Greece, coupled with recent British claims of successes in the Mediterranean, may react against Axis prestige.

This is seen the importance of the Friday meeting at Innsbruck between the Italian and German chiefs of high command, German Field Marshal Wilhelm Keitel and Italian Marshal Pietro Badoglio, and of Adolf Hitler's discussions with Russian Premier Vyacheslav Molotov.

**Italians Burn Base Town Before Flight**

(By The Associated Press)  
ATHENS, Greece, Nov. 17 (Sunday)—Italian troops fleeing in southern Albania from the advance of the Greeks have set on fire their base town of Koritza, the Greek high command reported today.

The high command's announcement was issued shortly after a government spokesman reported the recapture by the Greeks of the town of Koritza, in the central Pindus mountain region, to which the Italians penetrated in a sweep toward Metsovo.

The capture of Koritza meant the recapture of one of the last salients still held by the Italians in Greek territory.

It was part of a general offensive declared to be driving the Italians back on the entire front from the Yugoslav frontier to the Ionian sea.

Along the coast, the Greek navy was reported shelling the retreating Fascists behind their lines.

The government spokesman said that in addition to the success at Koritza there were reports, not yet officially confirmed, that 750 Italian prisoners had been taken and four big guns seized.

The whole lofty 100-mile battlefront erupted violently. Every weapon in the Greek army—bayoneted rifles, machine guns, artillery, bombing planes—was thrown into the struggle in the hope that the war was approaching a decision.

The official radio, echoing military dispatches to the press, announced to the country:

"The enemy has been dislodged from all positions. The organized defense can hardly withstand the Greek attacks for more than a few hours!"

Greek sources asserted that the entire Italian army in Albania was in danger of being cut into three parts and thus encircled segment by segment.

The heaviest of the day's action was in the northern sector, where there was violent artillery duelling and air fighting.

The Italian forces were reported to have pushed reinforcements to the region before they could establish satisfactory communication with supply bases, the Greeks said—but to have failed nevertheless to halt the slow encirclement of Koritza, Albania, by German troops completing the operation from the north-east.

**Boy Injured In Car-Train Crash**

ROYCE AYRES, 13, suffered a skull injury when the car in which he was riding was in collision with a Santa Fe engine on the Hobart street crossing at 7 o'clock Friday night. He was taken to a local hospital where last night his condition was reported favorable.

Driver of the car was Melton Ayres. He approached the crossing from the north and the train, a local freight with J. W. Key as engineer, was going east. Both train and car were making only a few miles per hour; it is believed.

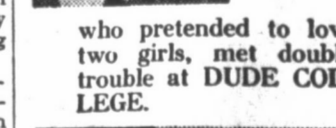

The front of the engine struck the right front of the car, turning it parallel with the tracks. The car, however, did not turn over. The engine stopped just after passing the crossing, according to O. T. Hendrickson, Santa Fe agent, who investigated the accident.

Young Ayres was taken to the hospital in a car.

**Warships Foil Escape From Mexican Port**

**Three Nazi Ships Turn Back; U. S. Destroyers Blamed**

(By The Associated Press)  
TAMPICO, Mexico, Nov. 16 (AP)—Captain H. Fromke, of the German cargo ship Idarwald, said tonight that one of four warships which blocked his attempted escape to sea last night and caused the scuttling of another German ship, the Phrygia, "very likely" was one of the 50 destroyers transferred by the United States to Greece.

The Phrygia exploded and sank off the coast here today and the captain reported her crew "opened her and set her aflame" rather than obey an order flashed from the accompanying warships demanding her surrender. She was one of four Nazi vessels that made a dash for the open sea.

The identity of the warships still had not been fixed here late tonight. One captain said he saw the lights of a battleship in the distance, directing the destroyers' pursuit of the Germans.

Telling his story of the night which ended in a setback for the Germans, Captain Fromke said the Idarwald sighted "what appeared to be a war vessel" as "we left the Parana River."

"Shortly afterward three other ships were sighted. Their reflectors were trained on the Idarwald and the ship was ordered to surrender by luminous signals."

"I zig-zagged back into port pursued by a warship."  
"It was a destroyer of the obsolete type, very likely one of the 50 destroyers transferred by the United States, to Great Britain."

"The destroyer chased me up to within two miles of the coast, violating Mexican territorial waters."  
The captain of another Nazi ship Rhein, E. Ullers, told a similar story.

Apparently the abandoned Phrygia was the first ship out of port in the attempted dash, followed in turn by the Idarwald, the Rhein and the Irinoco. The Orinoco was having engine trouble and lagging closer to port when the Idarwald and Rhein turned and scampered back.

Captain J. Schurt, of the Phrygia told authorities that he gave the order to scuttle ship because its capture seemed imminent.

All day there was elaborate mystery as to just what had happened and nobody in authority was willing to say categorically that it was the action of British or Canadian warships which had blocked the attempt of the four freighters to reenter the German shipping service.

The Phrygia's captain, J. Schurt, had been understood originally to have said in a report to port authorities that four warships—he thought were British or Canadian—had opened fire upon the freighters some five miles off the Mexican coast.

But later, he declared the interpreter had misunderstood him and that what actually had happened was that the warships simply opened out with flares a demand that the Phrygia give up.

"On leaving the port," he declared, "we saw the four ships. They fired signals demanding that we surrender. The Idarwald and Rhein raced for shore but due to the proximity of one warship to us and the bad condition of our vessel we opened her and set her aflame."

**40 Men Come Ashore**  
At this tense moment, according to the captain's story, the fourth vessel—the Orinoco—was still in the vicinity of the harbor bar. She headed back immediately.

The crew of the Phrygia—the carried about 40 men—came ashore in lifeboats without casualty.

Of the four ships it developed late in the day that only the Orinoco had carried a cargo—and she had great stores of pork, sugar, coffee, beans and the like. The others sailed with ballast, apparently assigned to the job of protecting the Orinoco.

Three of the vessels had given up the chase and headed for port.

**I Saw . . .**

Members of Boy Scout Troop 16, sponsored by the Lions club, up at 6 o'clock Saturday morning carrying their highly-prized jolopy bus for their trip to West Texas State college where Boy Scout day was observed. The 16 boys had to push the old bus to get her started, but she finally took off and made good time to Canyon, and on the return trip, with Belton (Red) Bearden, doing the driving. They reported 1,000 Scouts from all over the Panhandle were guests at the football game at Canyon.

### Webb Talks On Cancer At Sam Houston

Following is the text of a talk on "Cancer As a Public Health Problem," by Roy A. Webb, county health officer, at the Fathers' Night program given Thursday night in Sam Houston school as part of the Pampa observance of American Education week:

For many years the cancer death rate has been rising until now it stands second only to heart disease and accidents as cause of death.

We all are more or less familiar with the cancer problem from the scientific standpoint. That is, it is produced in various organs subjected to chronic irritation, that it is more predominant in later adult life, it is extremely fatal, and the treatment is usually surgical combined with some ray therapy.

Also, we have heard much of the cancer problem from a national angle. I want to review the records with you and tell you the story of the influence of cancer on the death rate of Texans as revealed by the death certificates filed in the State Department of Health.

Let us go back sixteen years to 1927. That year we had an estimated population of 5,095,516 and there were 1605 deaths reported as from cancer. To avoid a long list of figures I might say that there has been a steady increase in cancer deaths until 1937, the last year for which complete figures are available, when there were 4370 reported showing an increase of 173 per cent over the 14-year period. However, this does not give the true picture. There were more people in Texas in 1937 than in 1923 to be subjected to the cancer menace, so it is necessary to use another yardstick. In 1923 sixteen hundred and five out of a total of 5,059,632 people died of cancer, or for every 100,000 of our population 31.7 persons died. This we speak of as the cancer death rate for that year. Now, in 1937 our estimated population was 6,259,000 and 4,370 died, establishing a cancer death rate for that year of 69.8. With minor fluctuations our cancer death rate has increased on an average of 6.2 per cent during this 14 year period and this year under the same conditions as existed for that period we may expect 5,023 cancer deaths and for 1940, 5,386. Beyond this time it is probably safe to predict the cancer death rate, but not the population of Texas, but it does indicate that we are dealing with a major problem in conservation of human resources and a growing problem, at the rate of 6-2 per cent per year.

There are several reasons as to why cancer has an increasingly high death rate, one of course, being the lack of information on the part of the public as to the nature and course of cancer, and another is the fear of the disease and the tendency to put off the necessary care for fear that the physician will find the disease or trouble is in reality a cancer, and still another is the fact that the public health efforts toward the control of communicable diseases in childhood has prevented a great number of deaths at this age. Thus, furnishing a greater population in those age groups in which cancer more often appears.

Going back over these years month by month, we see no evidence of any seasonal variation and reports by counties show no sectional predominance. The deaths appear distributed in proportion to the population except in centers where hospitals draw from wide areas, and efforts at distributing these deaths back to the community of origin further bears out the conclusion that no areas are more affected than others. Although all elements of our population are affected by cancer it appears that the white race is slightly more susceptible than are the other races. They who comprise 75.5 per cent of the population accounted for 83.5 per cent of cancer

deaths and all other races 16.5 per cent.

The negro race which comprises 14.7 per cent of the population has 11.5 per cent of cancer, and the Mexicans which comprise 11.7 per cent only account for 5 per cent of cancer.

Let us take a look at the figures for 1937, the last year for which complete data are available, to see how cancer is distributed among the population as to sex and age. Of the 4,370 cancer deaths, 1968 were males and 2402 were females. This is a representative year and indicates that 45 per cent of our cancer appears among the men and 55 per cent among women which is consistent with the national average. We find that cancer deaths appear in the first year of life and gradually increase in number up to age 25 where it plays a dominant part in the total causes of deaths through the remainder of life's span, reaching its peak during the age period of 65 to 69 when there were 560 deaths, and rapidly declining to the age period of 95 to 99. This study brings out one fact which is little considered and that is that after the first year of life cancer remains one of the fifteen leading causes of death throughout our existence. Conclusively illustrating the fact that no age is free from the menace and that any program to be wholly successful must include the total population instead of just those age groups where cancer deaths appear in greatest numbers.

Cancer as a disease is a public health problem and responsibility because it affects relatively large numbers of people, because its frequency as a cause of death is on the increase and because systematic social action seems necessary in approach to the problem. Analysis of the foregoing statement certainly reveals that any department of health should be vitally concerned in the promotion of a cancer control program since the work of such an organization is concerned with the prevention and control of disease and the promotion of positive good health among the citizens of the state. There is some doubt in my mind as to just how far the Department of Health should go into the promotion of such a program. I am, however, convinced that the following three essentials of cancer control should be carried on in every community in Texas and should be to a certain degree supervised through the State Department of Health: (1) a dissemination of information to all the public concerning the early symptoms of the disease, (2) provisions for early diagnosis by competent specialists, (3) adequate facilities for treatment. The function of the State Health Department is to disseminate freely throughout its jurisdiction a thorough knowledge as to early warning signs of cancer. Educational material if properly submitted may be supplied without the danger of developing a cancer phobia. Such knowledge should be common among the people just as the knowledge concerning the value of anti-toxin for diphtheria.

In carrying forward this educational program, the State Department of Health has utilized newspapers, radio stations and free literature through which certain ailments points concerning the disease are impressed upon the general public. The ordinary danger signals such as lumps in the breast, unexplained indigestion, loss of weight, chronic ulcers, pigmented moles, etc., are called to the attention of those who were interested and due emphasis has been placed upon the wisdom of periodic and thorough medical examination of individuals in whom these danger signals have appeared. The department also has repeatedly called to the attention of the general public that hope for recovery from cancer depends upon early diagnosis and appropriate treatment.

Among the difficulties confronting our educational program are lack of interest on the part of the public and human dread of learning that cancer is present. In many instances none of the danger signals show themselves until the condition is far advanced. Many physicians are inadequately equipped by knowledge, experience, and facilities to make a complete examination and diagnosis, or in certain types of cancer do not have necessary equipment for adequate treatment of the case. Finally, it must be admitted that even in the best circumstances

### Italian Downed by R. A. F. in England

(NEA Cablephoto)

In their first all-Italian foray against England, 11 Duce's air force met disaster at the hands of R. A. F. defenders. A formation of Caproni bombers and Fiat fighters raided a convoy in the Thames Estuary. British report that in 15-minute battle, seven Italian bombers and six fighters were downed. Above, a British officer looks over one of the wrecked Caproni planes.

### 400 Bundles Will Be Sent To England

Bundles consisting of 165 articles bearing the label of the Pampa chapter of the American Red Cross have been sent to England during the past six months and women of the chapter have announced they will send an additional 400 bundles in the next two months.

In order to meet the quota the Red Cross needs the help of every woman in the city. Material is now on hand for 200 shirts and a new supply of yarn has just arrived. By January 31 the chapter has agreed to knit 200 sweaters. Material and instructions may be secured at the Red Cross office in the basement of the city hall.

Material for jackets will be here within a few days and can be secured by calling Mrs. Bruce Walters, telephone 972. Material for skirts can be secured by calling Mrs. Omer Russell, telephone 564.

Women of the Central Baptist church are already at work on 20 shirts. Women of the Nazarene church and the Assembly of God church have each taken material for 12 shirts. Members of the Suzzanna Wesley class of the First Methodist church are working on 11 shirts. Individuals are urged to join in the work.

The American Red Cross reports that greatest amount of work is produced by volunteers who sew and knit. It is estimated that 500,000 American women are working to help relieve the suffering in Britain.

It has been said that nothing has done more to keep up the morale of the English people than the bundles received from America.

### Market Briefs

NEW YORK, Nov. 16 (AP)—A losing week for the stock market—the first in five—was concluded today with a decline in industrial prices and loss of fractions to 3 points.

Brokers attributed today's reaction mainly to the revival of nervousness over foreign affairs, many traders lightening accounts for the week-end recess and fears the Axis powers were planning more severe blows at the British. Business news still was on the bullish side.

The Associated Press averages of 60 stocks were off 3.1 points at 45.4 and on the week was down 1.2 points.

Most notably encouraging factor in the day's proceedings was the slackening of volume on the retreat. The turnover of 48,549 shares was the first dip under the million share mark in ten consecutive sessions.

Allied Chemical and Dugan Aircraft dropped 3 points each. Learner loses U. S. Steel, Bethlehem, Chrysler, General Motors, and American Oil. Standard Oil of N. J., Anaconda, Kennecott, American Smelting, Sears Roebuck, U. S. Rubber and American Can.

Rails and utilities fell declines to noticeable amounts.

CHICAGO GRAIN — Reversing an early downward trend, the wheat market today recovered most of yesterday's loss. The market rallied after a sharp decline by purchasing of dealers adjusting accounts for the week-end or covering cash grain for export.

Dipping almost a cent at the opening, wheat recovered quickly, rising 1/8-1/4 to 1 1/8-1/4 cents above yesterday's closing. The six-months high established yesterday. Final gains were 1/8-1/4 cents above yesterday, with December 89 1/2-90, May 88 1/2-89.

Soybeans closed 1/4-1/2 cents higher. Corn closed 1/4-1/2 higher than yesterday, December 64 1/2-65, May 65 1/2-66, oats 38 1/2-39, rye 1 1/2-1 1/2, higher, sorghum 1 1/2-1 1/2, mostly 3 lower.

### Children Taught To Live Lives Now, Says Yoder

Harlan A. Yoder, principal of the Woodrow Wilson school, holds to the philosophy that school must be as concerned with teaching children to live their lives now as we are with preparing them to live after they become adults.

In a prepared statement made during American Education week on the educational aims of the Woodrow Wilson school, Mr. Yoder said, "We are vitally concerned with the real living of real human beings and not merely with preparing pupils to live after they become adults. We must only prepare for the future by living as intelligently as we possibly can at the present time. A program of education based on this philosophy must bring as many real life situations into the school room as possible."

"We believe at Woodrow Wilson that if the pupil likes his work and sees real meaning in it, he will become more interested, will work harder and as a result will learn more. The teaching of a thorough knowledge of the tool subjects has been only given now an important phase of the elementary school program. However we believe at Woodrow Wilson that the school should accept its fair share of the responsibility for the moral, physical, and social development of the child. In so doing we must give children every opportunity to experience democracy through actual participation. Such opportunity is provided in home room organization and the many clubs and organizations in the school."

"An improved guidance program is the special goal for this year," continued Mr. Yoder. "An individual file in which pertinent material can be placed is being used. In this file can be found health charts, test results and other data that will give the next teacher a better understanding of the child."

### Phillips Selects No. 2 Thanksgiving

Special To The NEWS PHILLIPS, Nov. 16—A late change in plans has resulted in a two-date Thanksgiving celebration for Berger and Phillips residents and merchants. Berger will observe this week's Thanksgiving, Nov. 21, and Phillips will observe the late date, Nov. 28.

Berger's schools will close for the first holiday, and for this reason the Berger merchants agreed, in a chamber of commerce Thursday, to adjourn to the school's observance and close their doors on that date also.

Phillips is observing November 28 as Thanksgiving for the same reason. That is, Superintendent R. E. Vaughn has decreed that date for the school's holiday period.

### Former Canadian Pastor Attending Pampa Conference

Special To The NEWS CANADIAN, Nov. 16—The Rev. J. C. Quattlebaum, former pastor of the First Methodist church here, is one of the preachers attending the annual Northwest Texas conference now in session in Pampa.

The Rev. Quattlebaum will be guest speaker in the church here next Sunday morning.

Mrs. Dale Nix is a daughter of the Rev. Mr. and Mrs. Quattlebaum. She was a young child at the time the family occupied the parsonage in Canadian.

Of all the stars, Alpha Orionis sends the most heat to the earth. Material can be placed is being used. In this file can be found health charts, test results and other data that will give the next teacher a better understanding of the child."

### Phillips Scouts To Re-Organize

Special To The NEWS PHILLIPS, Nov. 16—At a meeting of the Phillips Civic club this week it was decided to reorganize and revitalize the local boy scout troops. Due to lack of interest and lack of cooperation on the part of some of the board members, the Scouting movement in Phillips had dropped to a low level.

Discussion as to the advisability of continuing scouting as a civic club project was held during the meeting and after a thorough review as to the activities in the past it was decided to do something about this project.

John Turpin, newly elected as president of the civic club, presided at the meeting and introduced the other newly-elected officers, Bob Vaughn, vice president, A. C. Pickers, secretary, and Kay Smith, treasurer.

Plans for a football banquet were made. The Blackhawks and their coaches are to be guests of the club at a vision dinner next meeting night, November 27. A speaker, to be announced later, will be brought into Phillips for the occasion.

An annual custom, having a Christmas tree with oranges and candy for all Phillips children, was abandoned this year. The club feels that the money spent for this entertainment could be used more profitably for charity in another form. More detailed plans as to their Christmas charities will be discussed at the next regular session.

Chili and coffee were served to the 60 members present at the meeting.

### Tech Exes To Meet In Cowntown Nov. 22

Special To The NEWS LUBBOCK, Nov. 16—The annual dinner for ex-students and alumni of Texas Technological college will be held in the Longhorn room of the Texas hotel at 8 p. m. on Friday, November 22, at 6 p. m. B. C. Shulkey of Ft. Worth, assistant superintendent of schools, will be toastmaster. Dr. Clifford B. Jones, president of Texas Tech, will be the main speaker. He will be introduced by Amos C. Worley.

The dinner is held in connection with the meeting of the Texas State Teachers association.

Local arrangements in Ft. Worth will be made by a committee with Shulkey as chairman. Others on the committee are Marv and Lawrence Messersmith, G. L. Ausmus, Misses Marion Bullock and Mary Louise Walker, and Mrs. Rosie Beth Boyle.

### Draft Scares Woman Who Posed As Man

SEATTLE, Nov. 16 (AP)—Add strange doings brought to light by the draft registration—

A Seattle woman who for ten years had been masquerading as a man—and a married one at that—was so upset by fear of being drafted that she was on the verge of insanity, authorities said.

Authorities identified the male impersonator only as "Mr. X" and said an insanity complaint had been filed. "Mr. X" drew a low draft number and brooded over the inevitable exposure an army physical examination would bring.

An autobiography penned by "Mr. X" in recent weeks indicated, authorities said, that she impersonated a man because she was the sixth daughter to be born to parents who longed desperately for a son.

### 20 Attend Second Kiwanis Meeting

To give members who could not attend the luncheon Tuesday an opportunity to make up their attendance, a second meeting of the Pampa Kiwanis club was held at noon Friday.

The second meeting was held at Six's, as the regular meeting place, the basement of the First Methodist church, was in use for the Northwest Texas conference.

Club directors and other members had luncheon together. Attendance was 20.

The club held its luncheon Tuesday as a part of the joint regular monthly luncheon of the Pampa chambers of commerce, in the basement of the First Methodist church. There were 44 Kiwanians present. Guests were the Rev. Del D. Crosby of Tulsa, and Alfred M. Guggin of Amarillo.

Regular meeting day of the club is at noon Friday. The second meeting this week was in conformity with the club's by-laws providing for making up attendance in cases where the meeting date is changed.

### Evangelistic Series Planned By Tom Ellzey

A series of meetings in connection with the Northwest Texas conference commission of evangelism is scheduled for today, tomorrow, and Tuesday, Tom Ellzey of Perryton, commission director, said Saturday. These will include a meeting in the county jail at 4:45 o'clock this afternoon, a street meeting at 4 o'clock Monday afternoon at the intersection of Cuyler and Foster, and a preaching service from 12:15 to 12:45 p. m. on Monday and Tuesday at the LaNora theatre.

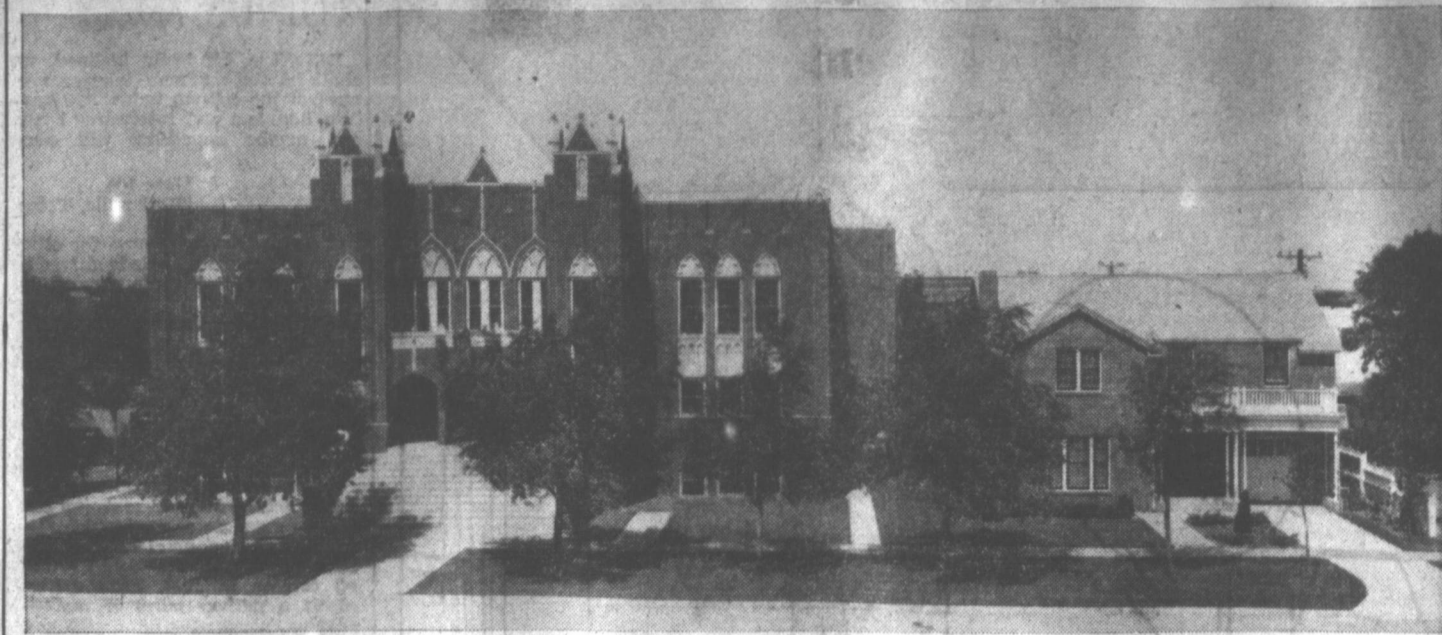

"Carrying religion to where the people are" is the idea back of these meetings, Mr. Ellzey said. He reported that as a result of the meeting held yesterday in the jail, there were two conversions and three reclaimed. At the street meeting held Saturday at 4:15 p. m., at the corner of Cuyler and Foster, Ellzey introduced the Rev. J. F. Michael Claude, the Rev. C. A. Long, Abilene, who led in prayer. Response was good at this meeting, Ellzey said. At 9 o'clock this morning, the evangelism commission will present a program over radio station KPDM. Frank Beauchamp, commission secretary, is to give the scripture lesson, the Rev. Finis Crutchfield, pastor of a Vernon church, and commission chairman, is to deliver a prayer, and Lawrence Ellzey, son of the director is to sing.

### 173 Gray Farmers Insure Wheat Crops

Last year 173 Gray county farmers, as a matter of good business, took out crop insurance on their 1940 wheat crop. When harvest time rolled around this year 127 of them had suffered crop losses, either total or partial, from drought, hail and grasshoppers, but the loss of their crops did not mean the loss of their incomes. Sound business practice had demanded that those farmers insure their crops; sound business practice demanded that 238 of the country's farmers insure their 1941 harvests. In this county the insured production for 1940 totaled 177,919 bushels on 27,344.1 acres for which the farmers paid \$9,435 bushels or \$21,192, to the Federal Crop Insurance corporation in premiums. Indemnities amounting to 105,439 bushels were collected by farmers in the county when losses were suffered on 19,273.7 acres. Over the state other counties were

### CENTER OF PANHANDLE-PLAINS METHODISTS

Headquarters for 73,000 Methodists of Northwest Texas this week is the First Methodist church of Pampa, pictured above at the left. It is the cen-

ter for the 31st annual session of the Northwest Texas conference, which opened Friday, will end Tuesday. Eleven years ago this same church was also

conference headquarters. The church was built in 1928. On the right appears the splendid two-story parsonage, constructed in 1938. The Rev. W. M.

Pearce is pastor of the First Methodist church, one of the 1,000 Methodist churches in the area. The others are McCullough and Barrah churches, of which H. H. Bratcher is pastor.

having similar experiences, as 5,385 indemnity claims, totaling 1,665,236 bushels were paid to Texas farmers by the corporation. Texas wheat producers, 10,987 of them, had paid 1,070,715 bushels in premiums to insure the production of 5,183,755 bushels of wheat on 839,930 acres.

### Statewide Hearing To Be Held Monday

AUSTIN, Nov. 16 (AP)—Oil operators throughout Texas today prepared to air complaints and commendations to the state railroad commission at a statewide production hearing here Monday. Protests against commission policies were reported in some quarters to have renewed the suggestion that the legislature create a new state agency charged solely with regulation of Texas' huge petroleum interests. Friends of the commission contended crude production, through reasonable allowances, had been kept within estimates of demand and that the industry was in excellent condition. Testimony at the hearing will be the basis for a new oil order supplanting one of 90 days duration which expires Nov. 30. The commission permitted many exemptions to nine production shutdown days per month of the general order but recently rescinded all but a few. Commission engineers reported the state currently producing at a rate of 18,631 barrels daily below the U. S. Bureau of Mines November demand estimate of 1,291,000. Indigo bunting are sparrows.

### Pampa Girls Join WTSC Spanish Club

CANYON, Nov. 16—Altha Mae Duren and Vera Vollmert of Pampa, sophomores at West Texas State college, recently became members of the Spanish club. The purpose of the club is to encourage a study of the history, life, and culture of the Spanish-speaking nations of the world and to afford to its members additional practice in speaking the language. Miss Mary E. Hudspeth, head of the department of modern languages, is sponsor of the organization.

### 80,000 In Texas Starving To Death, Report Claims

DALLAS, Nov. 16 (AP)—Texas must open its eyes to the fact that "80,000 of its jobless, handicapped citizens are slowly starving to death," a report issued here today by a special committee of the Texas Welfare association declared. Based on needs of "desperate families" in 220 Texas counties, the report will serve as the basis for a statewide movement to induce the Texas legislature to submit early in 1941 a constitutional amendment authorizing the state to spend funds for direct relief. "The past four years have proved that local governments cannot meet the need—and that people do starve in Texas," the report added.

### BOARD MEMBER

The Rev. C. Gordon Bayless, pastor of the First Baptist church of Pampa, has been named by the Baptist General convention at Houston, as a member of the executive board of the convention, to serve a three-year term in that office. The Rev. Mr. Bayless delivered the address of welcome to the Northwest Texas (Methodist) conference here yesterday morning, on behalf of the Pampa Ministerial alliance. In addition to the Pampa pastor, another Top 'O' Texas resident, the Rev. J. N. Hunt of Borger, was also appointed on the board for a two-year term. Meetings of the board are held monthly in Dallas. The Rev. Mr. Bayless attended the Houston convention last week.

### 71 Per Cent Of Army Materials Already Ordered

WASHINGTON, Nov. 16 (AP)—The Army already has placed orders for more than 71 per cent of the planes, tanks, barracks, supplies and other war material for which Congress has provided funds, an official compilation showed today. In round figures, war department contracts awarded since July 1 for purposes other than the army's ordinary maintenance expenses have passed a total of \$4,500,000,000. The navy's latest total is \$4,187,941,895. And for all defense purposes, more than ten of the sixteen billions voted by congress to reinforce defenses have been obligated. For the army, virtually all of a contemplated total of nearly 6,000 new tanks are in process of manufacture, or plants and machinery are being created to build them. Aircraft manufacturers have orders for all of a scheduled 18,641 army combat and training planes. "The navy has contracted for some 7,000 aircraft. Work is under way on 26 powder mills, shell loading plants, aircraft factories and other munitions facilities to cost over \$750,000,000.

### Ratner Cuts Deep Into Burke's Lead

TOPEKA, Kas., Nov. 16 (AP)—Gov. Payne Ratner cut deep into William H. Burke's slim lead in Kansas' photo-finish governorship race today with the count of out-state absentee ballots giving the executive a 373-vote majority in 18 counties. Burke clung to a margin of 1,365 on the total state tally when the board of canvassers quit late today. It will resume work Monday with 87 counties left. Ratner garnered 677 and the Democratic nominee 304 of the 981 out-state votes counted today. Ratner won a majority in each of the 18 counties except Chase where Burke held an edge of six votes. The canvassing board, counting in two sections, closed its books shortly after 5 p. m. Uncounted ballots were placed in a vault for over Sunday. Republican and Democratic watchmen promptly took up a vigil outside the secretary of state's office. Ratner's share of the absentees from out-state was approximately 69 per cent of the total counted. If he maintains this pace, Republican leaders point out, he will overtake all of Burke's lead. If 6,500 absentees are counted, Ratner needs only 64 per cent to win. Members of the canvassing board estimate the total out-state vote may reach 6,800.

### Streamliner Hits Car

ELK CITY, Okla., Nov. 16 (AP)—Pryor McDonald, Elk City mail carrier, was injured critically today when his car was struck by a Rock Island streamliner on an exhibition run to Amarillo, Tex.

### PRESIDENT

Gray county's auditor, R. C. Wilson, is the new president of the Texas Association of County Auditors. He was elected at the organization's two-day convention in Ft. Worth Saturday. P. L. Stallings, assistant county auditor, and Mr. Wilson left here Thursday to attend the convention. Dallas will be the convention city for the auditors in 1941.

### Mainly About People

A marriage license was issued Saturday to Fred Shryock, Jr., and Miss Kathleen Pyles. Bond of \$750 was posted Saturday by Major Forrest Henderson, Pampa negro, who had been charged with Charlie Guyton in justice court with theft. The charge was an alleged connection with the taking of three automobile tires, valued at \$97, from Ivan W. Howard, on October 21.

F. E. Leech, Gray county tax assessor-collector, will leave Wednesday for Austin where he will attend the convention of the Tax Assessors and Collectors Association of Texas. The Driskill Hotel, Austin, will be convention headquarters, and the convention dates are Friday and Saturday.

## More Power to Thrift—more Thrift from Power

MOST people would be willing to spend a little extra for what Buick has to offer—style, size, room, steadiness, durability—if part of that extra could be paid back through lower operating costs. Especially they would like really satisfying performance—quick take-off, easy hill-climbing, sure power, fast response—if they could have it in a car that's stingy with gasoline. That's what we've given them—through the extra power in this 1941 Buick. The added wallop of FIREBALL engine design and Compound Carburetion lets us use more thrifty gear ratios, saving money without complicating extra gears or mechanisms. And the tremendous reserve-power

in these Buick engines—at 40, for instance, you have as much as 85% of your power "on call"—still permits the flashing get-away, the swooping hill-climb, the sure lift out of pinches you once had to buy with heavy gasoline consumption.

So we say—more power to thrift—it helps put Buick thrill and comfort within easy reach.

And the reason is—more thrift from power—from abler engines.

It all adds up to the sensation of the year—the car you ought to see first—the brilliant, able beauty your Buick dealer has waiting for you.

### Common Ground

By H. C. HOLLES

This column contends there can be no satisfactory progress until we measure the share of each man by the common yardstick of the God-given equal right to create and enjoy whatever anyone else has a right to create and enjoy.

### ICKES' CHALLENGE TO NEWSPAPERS

Harold Ickes invites the newspapers to explain why Roosevelt was elected when only 23 per cent of the newspapers favored the President.

That is an easy question to answer. In the first place, this was not an election. It was an auction. Some 12,000,000 people were receiving checks from the administration asking them to vote for him. It is hard to get the inexperienced person to understand the evil effects of the government taking the wealth from those who would reinvest it in capital and tools and thus furnish better jobs and turn it over as a subsidy for votes. All democracies in the past have gone to pieces by the same route—those in power bribing the electorate.

The reason the newspapers have been so universally against the New Deal is that they are practical business men and know the eventual results of pyramiding bank credit and taking from one and giving to another.

Then many of the big city papers in the past have advocated state socialism, as approved by the New Deal. They advocated it for the same reason that politicians advocate it. It was profitable. It made their cash registers ring. Now, however, they are beginning to see the eventual effects that sooner or later there will be no private enterprise; that workers will only have one employer—the government; and that the workers will not even have the right of choice as to what they want to buy, but will have to take what the government says they need, and have to work at the kind of jobs the government says they shall work at.

The newspapers know that, when the public becomes pawns of the politicians, eventually the newspapers that do not echo the will of those in control will be suppressed.

This is the reason the newspapers are not supporting the New Deal.

It took the newspapers a long time to sell state socialism and now it will take the newspapers quite a while to resell the voters on the evil effects of what many of the newspapers advocated years ago.

Then again the war diverted the attention of people from the perilous condition we are in in this country. The President was wise enough to play on the fear of the voters and the opposition had a most miserable representation, so the voters did not have the real chance to repudiate the New Deal.

Even at that, the percentage of votes supporting the New Deal was much less than it was four years ago.

The administration, of course, is trying to belittle and misrepresent any and every influence that tends to prevent them from having more and more power and making the public more and more the pawns of the holds of officeholders.

It is certainly nothing for the administration or Ickes to boast about, that the great mass of newspapers are against them. The publishers of legitimate papers will answer questions—they are not hit and run citizens, as the New Deal defenders are. They fight in the open, while the New Deal fights below the belt.

Ickes seems to think, judging from his remarks, that newspapers should not stand for their convictions—for natural laws that they think are immutable and will best serve humanity, but must advocate only what the majority want, no matter how unreasonable or how it would harm society in the long run. In other words, he seems to think that there are no eternal laws, no everlasting truths, but everything can be decided by the will of the majority.

### DO RICH PEOPLE HELP WORKERS?

Most of the New Deal people have a misconception of what would happen to the workers if it had not been for someone who saved and accumulated tools and capital. The whole New Deal policy is simply taking from those who have saved and giving to those who have not saved. This, of course, retards the accumulation and improvement of tools. The workers can see that they could live better for the moment if the energy that is put into new tools were put into consumable goods or turned over to them gratis. What they fail to see, however, is that there can be no jobs for the new workers or that wages cannot constantly increase as they have for a hundred years prior to 1929, if new capital had not been added.

The present workers might answer the questions asked by Cicero some 2000 years ago: Would the workers be better off if the temple (tools, capital) had never been built? And if they would not be better off, and they certainly would not, then any government policy that tends to retard the accumulation and improvement of tools is detrimental to every worker in the land.

So the next time you hear someone who is sore at the capitalist and claims he is suppressing or exploiting labor, simply ask him if the employer would have been better off if the employer, or no one else, had saved capital and employed the worker. If he answers this two thousand year old question, that has never yet been answered, in the affirmative and can explain it, then he knows what he is talking about and if he cannot answer it, and still complains about the employer exploiting labor, it is evident that he had made no thorough, careful study of what causes wages to increase.

have meant that the bill could never be put into effect, for under this provision the President would have had to dig up minor clerkships for 10 Virgin Islanders, among others, to meet the requirement. But the rider is being dropped in conference, and an acceptable bill is expected shortly.

### LABOR PEACE WITHOUT UNION?

Some of the government's labor experts are now suggesting that peace between the C. I. O. and the A. F. of L. may take place without any union between the two groups. All that's needed, they say, is a fair-play agreement on the "spheres of influence" the rival unions ought to have.

For instance, A. F. of L. might waive all rights to organize auto workers, and C. I. O. might give up its rights in the building industry. If such agreements could be reached for half a dozen major fields, it is suggested that the two organizations could go along side by side without much trouble.

### CEILING-RAISING JOB

### Around Hollywood

By PAUL HARRISON  
NEA Service Staff Correspondent

**HOLLYWOOD, Nov. 16**—John Barrymore is playing the role of a somewhat wacky scientist in Universal's comedy-chiller, "The Invisible Woman," and is having a lot of fun at it.

He assembles an intricate machine which with the aid of an injected chemical can render a person invisible, and he tries it out on Virginia Bruce, an unhappy fashion model who volunteers for the experiment because she's tired of being stared at. She's also tired of being persecuted by her boss, and the first thing she does to celebrate her new state of transparency is to give that astonished ex-employer a good swift kick.

This and other aspects of the part are likely to do quite a bit toward adding zip and spice to the normally quiet and wholesome screen personality of Miss Bruce, even though audiences won't be able to see her in some of the scenes.

Having been treated with the rays of the machine, it happens that she can assume invisibility whenever she likes by guzzling some alcohol. It also happens that the machine doesn't work on inanimate material, so in order to get completely out of sight Miss Bruce has to take off all her clothes. Consequently the imaginations of audiences will be stimulated by the machine's work on stark naked and a little drunk.

### DISCOVERY TOO LATE FOR JOHN

It is a situation to confound the censorship boards, and it also is highly amusing to that old satyr, Barrymore. Between scenes he tells the blushing Miss Bruce he's working on a potion which will enable him to see the things which his marvelous machine has been normally invisible.

He says, too, that he wishes he had thought of making women invisible a long time ago. It would have saved him a lot of trouble.

When I visited the set today Miss Bruce was completely materialized and working in a scene which discloses that the machine has been stolen by agents of an underworld czar who figures invisibility would aid him in his nefarious aims.

—The latter wearing a gray wig and mustache and looking very much like Brother Lionel—come into the laboratory and find it wrecked. Then they hear a pounding on the door close where the housekeeper, Margaret Hamilton, has been imprisoned by the gangsters. Miss Bruce was supposed to release her quickly, but on the first take the latch wouldn't work. After struggling with it for several seconds she turned to the camera and said, "I can't get the door open!"

### WANTS TO WORK WITH W. C. FIELDS

Barrymore is looking remarkably well these days—partly, he says, because he is obliged to scrape along on a court allowance of \$1,000 a week. The rest goes to his creditors, and from now on the amount will be considerable because a regular radio program has been added to his schedule.

"When I get from under my debts," he said, "I want to buy a boat, but not a fancy yacht like I had before. I'll be staying here from now on, and there'll be no more stage engagements; I paid \$15,000 to get out of my last commitment."

He likes movies and is especially fond of radio, he has just been signed for a weekly radio show. I asked if he had any single ambition and he said yes, that he's anxious to make a picture with W. C. Fields.

### People You Know

By Archer Fullingim

Seeing the Rev. C. Gordon Bayless of the First Baptist church, and Bishop John M. Moore engaged in an animated conversation yesterday reminded me of one that the white-haired, baby-complexioned bishop presided over the last Methodist conference held in Pampa in 1929.

I don't know how old he is, but I know that he doesn't look it. And he has more on the ball than just his immaculate dress, his resplendent bearing and expressive hands. He is still one of the most brilliant personalities in the Methodist church, and he still has that rare wit and beautiful diplomacy that have won admiration and respect for him all over the world.

Just as good is "The Longest Rope," by D. F. Baber (Caxton Printers; \$3.50), a first-hand, unvarnished account of the now famous Johnson County Cattle War in Wyoming. Bill Walker, who tells the story to Mrs. Baber, was the chief eyewitness to this bloody quarrel between the cattlemen and the homesteaders. Here is American history in the raw and Mr. Baber has done a real service in preserving it with just the right proportion of salt.

A third is "Golden Mirages," by Philip A. Bailey (Macmillan; \$3), a superb collection of the tales and legends of the old Southwest. Mr. Bailey, for instance, sets you on the trail of the fabulous Mother Lode, the Madre de Oro of the early Spaniards, the lost Peg Leg Mine and other gold.

Forth an final volume is "Hear Me, My Chiefs," by Herbert Ravenel Sass (Morrow; \$2.50). This is the story, simply but effectively told, of the Indians' fight for his America—from the Great Smokies to the Western Mountains. To read it is to learn a great deal more U. S. history, and who can do better these days?

### Cranium Crackers

Historical Poems  
Here are the opening lines of five poems which deal with persons, places, or events famed in American history. Can you name each and give its author?

1. "Aye, tear her tattered ensign down!"
2. "Long has it waved on high. 'Up from the meadows rich with corn,"
3. "Clear in the cool September morn..."
4. "O Captain! my Captain! our fearful trip is done. The ship has weathered every rack, the prize we sought is won..."
5. "Up from the South, at break of day, 'Bringing to Winchester fresh dismay..."
6. "Santa Ana, same storming, as a storm might come; 'There was rattle of bladders..."

### HIGHLIGHTS FROM LATEST BOOKS

AMERICA'S OLDTIME WEST LIVES AGAIN IN FOUR BOOKS

The American West still makes good reading, whether fiction or non-fiction. The truth, as a matter of fact, usually is the best reading and certainly that is the case with four unheralded but entertaining new fall titles.

Consider them separately. The first is "Captain Lee Hall of Texas," by Dora Nell Raymond (University of Oklahoma Press; \$2.75)—a biography just about as dashingly as the famous old captain of the Texas Rangers was himself. The exploits of this stalwart figure are legend along the Rio Grande. The newspaper boys of the seventies used to hunt him up for color stories. Fredrick Remington, who knew a few things about western color, too, called him a "gentleman of the Southern Soldier type." Altogether, Captain Hall was an unforgettable character. You should meet him.

Just as good is "The Longest Rope," by D. F. Baber (Caxton Printers; \$3.50), a first-hand, unvarnished account of the now famous Johnson County Cattle War in Wyoming. Bill Walker, who tells the story to Mrs. Baber, was the chief eyewitness to this bloody quarrel between the cattlemen and the homesteaders. Here is American history in the raw and Mr. Baber has done a real service in preserving it with just the right proportion of salt.

A third is "Golden Mirages," by Philip A. Bailey (Macmillan; \$3), a superb collection of the tales and legends of the old Southwest. Mr. Bailey, for instance, sets you on the trail of the fabulous Mother Lode, the Madre de Oro of the early Spaniards, the lost Peg Leg Mine and other gold.

Forth an final volume is "Hear Me, My Chiefs," by Herbert Ravenel Sass (Morrow; \$2.50). This is the story, simply but effectively told, of the Indians' fight for his America—from the Great Smokies to the Western Mountains. To read it is to learn a great deal more U. S. history, and who can do better these days?

### So They Say

There is no disagreement among us about the defense of America. —WENDELL WILLKIE, recent G. O. P. presidential candidate.

We have done nothing as churches to share the cost of government. —REV. DELOS O'BRIEN, Wilmington Unitarian pastor, suggesting that churches donate offerings to the federal government.

The test is the welfare of the nation and the community. —DR. C. A. DYKSTRA, Selective Service administrator, on draft exemptions.

I would not say that the bombing of Europe is not a blessing, because at least it will give the architects over there a chance to start over again. —FRANK LOYD WRIGHT, architect.

### Pampans Win Prize At Surprise Dance

CANYON, Nov. 16—Mary Jean Hill and B. A. Davis of Pampa, freshmen at West Texas State college, were selected as the "sportiest" couple at the all-college surprise dance recently. The dance was sponsored by the Gamma Phi girls' social sorority.

### TEX'S TOPICS

By TEX DeWesse

BEING a bit lazily inclined, we shall let the mailman take care of most of the column today. . . . Anyhow, here is a very interesting letter and maybe something will come of it:

"Box 109  
Kellerville, Texas.

"Dear Sir:  
"I notice in your column the other night you spoke of a lady driver in New York killing three persons, by stepping on the gas instead of the brake. Such an 'accident' is nothing unusual—in fact, one of your local merchants has just spent several days in the hospital, because he stepped on the gas instead of the brake—or at least, he said he thought he did."

"And you say, 'seems to me manufacturers should make an effort to separate or distinguish the brake and the accelerator.' So have I always said so—and I started driving in 1912, have driven about a million miles or more—without accident—and I still use the accelerator on all American cars is made wrong!"

I drove a truck in France which had an accelerator that worked sideways—designer to right foot remaining flat on the floor board at all times. It was the least tiring accelerator I ever drove with—and the safest—and furthermore, it was the cheapest. Because, no matter how rough the road, the driver never 'slugged' the engine, and if he tried to 'stomp' the brake, and hit the accelerator instead, it wouldn't speed up the engine. The accelerator simply didn't work in that direction. I have advocated for 22 years having all accelerators in all American cars and trucks made to work that way, but my voice is from too far out in the sticks.

"How about you taking this matter up with all the car and truck dealers in Pampa, and making a recommendation to all manufacturers that this change in accelerator design be made as soon as possible—both for the sake of safety, and comfort."

"As I say, I have driven somewhere near a million miles in the past year driving everything from Model T to a Spad, and I will guarantee you if you ever drive just one week with a side-motion accelerator, you will never want any other. . . . It will eliminate at least 25 per cent of the real driving work, especially on long drives—from Pampa to Los Angeles for instance. Have you ever tried driving from Pampa to Los Angeles at one 'hop'?"

Mr. DeWesse, I have, the first time, and once I drove to Grand Park in Fresno—and I would have considered a 'side-delivery' accelerator worth at least five dollars on that one drive.

"Yours for more safety,  
"F. P. Mitchell, Kellerville."

Believe you've got something there, Mr. Mitchell. . . . We hope all the car and truck dealers will run across this letter and see what they can do about following up your suggestion. . . . Here's another note in the day's mail, and it's from Lucy Mundy, 411 Hill street, Pampa. . . . She writes as follows:

"Dear Mr. DeWesse:  
"I have enjoyed your column very much during the various times we have lived in Pampa these last few years. I read the editorials and usually find them challenging. I especially commend the 'Two Fires' of a recent issue. Because of the debt I feel I owe you, I am sending a bit of verse (or something—at least it's as good as Mr. Fullingim's) that may assist you with a Thanksgiving gift. I will understand if you can't use it, and will continue to pay our nice delivery boy every Saturday and to read 'Tex's Topics' just the same."

Thanks for the note, and just between the two of us—the verse contains a lot of fine sentiment and it will be used in the Thanksgiving column (Thanksgiving Day No. 1) . . . The Road to Reno is paved, not with good intentions but with the great American delusion that marriage should be thrilling, glamorous, romantic, exciting—as good as Mr. Fullingim's that may assist you with a Thanksgiving gift. I will understand if you can't use it, and will continue to pay our nice delivery boy every Saturday and to read 'Tex's Topics' just the same."

A really good husband probably is as boring as a nice, substantial rice pudding. . . . There's nothing glamorous about a rice pudding, but it sure satisfies. . . . Life is not a continuous movie. . . . They tell you that no woman can stand the pace of living up to a fascinating husband all the time. . . . Then there are times, too, when she is boring. . . . She's fed up or tired, or has a cold. . . . Then, they say, is the time when the nice, plain, garden variety of husband is a comfort. . . . No matter how unattractive she may be at the moment, if he looks at her with adoration in his eyes and says: "Sweetheart, you're wonderful!"—well, that's love.

### South Plains Pupils Low In Literature

LUBBOCK, Nov. 16—Children of the South Plains tend to be low in literature and reading vocabulary but good in arithmetic, Dr. Albert Barnett, psychology professor and assistant dean of arts and sciences at Texas Technological college, believes. His observation is based on achievement tests given by college students in tests and measurements to 300 public school children from fourth to eighth grades.

He said the deficiency might be attributable to the fact that many of the schools are new and have not yet built up adequate libraries. Non-shatterable glass now is obtainable in all types of eye glasses.

### The War Today

By KIRKE L. SIMPSON

Five months ago when France fell before German blitzkrieg and left Britain fighting alone, Prime Minister Churchill solemnly assured his countrymen and the world that there were "good and reasonable hopes" of ultimate British victory.

What he then dubbed "the battle of Britain" enters its sixth month next Monday, November 18. At that point and despite a grievous toll of destruction and civilian casualties in Nazi bombed England, the prime British hope has been realized. England remains uninvaded and the will of her people to fight is unbroken. She is striking back at her German-Italian foe with telling blows from the air and her domination of the seas at home and abroad is firmer, not weaker, than it was five months ago.

Churchill is striking back at the war issue for Britain on June 18 to one "great question."  
"Can we break Hitler's air weapon?"

Five months later it has been answered in part in Britain's favor. Her air power has failed to shatter British morale or crack Britain's sea blockade of her foe. The royal air force at home has lived up to Churchill's prediction that it would save England "from the deadliest of all attacks," invasion. Its far ranging bombers have hammered at German targets and dealt a smashing blow to Italy in the eastern war theater.

Britain's stand has done more than that. It has compelled complete revision of Hitler-Mussolini war plans to shape them to a long war pattern and the odds in a long war are with Britain. She has seen access to vast material resources around the world to aid her.

After five months of single-handed battle for survival, Britain, despite her mounting non-combatant casualties in the world's first great battle of the air, has more reason for cheers than for tears.

### Party Planned For Hoover On 77th Birthday

CANADIAN, Nov. 16—Judge H. E. Hoover, pioneer attorney of the Texas Panhandle, will celebrate his seventy-seventh birthday this week with a group of 80 friends at the White House Lumber Company's Country Club.

Mr. Hoover is a native Tennessean who came west when a young man, spending a few years in Kansas, then settling in Higgins. He has lived in Canadian since 1891, having been admitted to the bar following examination in Lipscomb county December, 1888.

Judge Hoover has been attorney for the Santa Fe since 1922. Employees of the several lumber yards owned by the White House company in the Panhandle have arranged the birthday party for Judge Hoover to be at the country club on the north side of the Canadian river.

In addition to White House employees and their families, Gene Howe and Mason King of the Amurillo News are to be guests, also Judge W. R. Ewing, Judge Stennis, Aaron and John Sturgeon, all of Pampa, Judge Jack Allen of Perryton, of the legal profession, and a number of other friends.

The birthday party will be held Saturday evening, November 16. Wild game is to be part of the menu.

### Songwriter Elected To Hall Of Fame

By TOBY WIANT  
NEW YORK, Nov. 16 (AP)—A song writer who died penniless, obscure and broken in spirit at the age of 38 has just been elected to the hall of fame.

A commemorative tablet and bust honoring his memory will be placed among those of 72 other great Americans next spring.

The name of it will be "Stephen Collins Foster."

He's the first musician ever named one of America's immortals. He wrote down-to-earth, folksy, easy-to-sing songs. He wrote them to pay the rent, to buy a few meals. And for most of them, he got only a few dollars each.

They were never-to-be-forgotten songs. Such as "Old Black Joe," "Old Folks at Home," "Jeanie With the Light Brown Hair," "My Old Kentucky Home," "Swanee Song," and "Massa in de Cold Cold Ground."

At the age of 14, he wrote "Floga Waltz." From then until his death in New York City Jan. 13, 1864, he turned out more than 300 songs, a dozen instrumental arrangements and several musical arrangements.

Last night, Dr. Harry Woodburn Chase, chancellor of New York university and director pro tem of the hall of fame, announced that Foster was the only one of 141 nominated candidates to receive the required three-fifths vote of the 110 distinguished Americans who comprise the college of electors. It was the first time, since the founding of the hall in 1900, that only one nominee was selected.

Foster's closest competitors were Walter Reed, scientist; Sidney Lanier, poet; Henry David Thoreau, author, and Booker T. Washington, negro educator.

The song writer who died thinking he was a failure received 86 votes. Sumatra is said to have the greatest variety of animal and vegetable life of any place in the world.

# Cold Weather Curtails Activity In Panhandle

Cold weather of the past week caused staking of new locations in the Panhandle field to take a drop from the previous weeks. Only five new locations were staked, three in Hutchinson county and one each in Gray and Carson counties.

New oil added to the field potential totaled 1,081 barrels. Eight new wells were tested, six in Gray county and two in Hutchinson county.

Drilling in the Indian territory Illuminating Oil company's wildcat test in Hansford county was proceeding at 2,300 feet Saturday. The location was made less than two weeks ago.

In Motley county the Humble Oil & Refining company's wildcat test is drilling slowly at 4,800 feet. Location for a northeast extension to the South Pampa field was reported last week when the Dolomite Production company announced a location for a test on the R. E. Johnson farm in section 86, block 3, I&GN survey. The test is a quarter of a mile northeast of production.

Completions by counties follow:  
In Gray County  
Bell Oil & Gas co., No. B-2 Morse, section 1, block 26, I&GN survey, gauged 23 barrels.

Magnolia Petroleum co., No. 37, Fee 227, section 11, block 3, I&GN survey, tested 164 barrels.

Shell Petroleum corp., No. 5 R. S. McConnell, section 187, block 3, I&GN survey, gauged 112 barrels.

Tripplehorn Oil co., No. 6 L. H. Webb, section 12, block A-9, I&GN survey, tested 19 barrels.

Warner Oil co., No. 3 Morse, block 68, block 25, I&GN survey, tested 101 barrels.

The Texas co., No. 10 Barrett, section 112, block 3, I&GN survey, gauged 160 barrels.

In Hutchinson County  
Kewanee Oil co., No. 48 Badger, section 6, block 25, BE&G survey, was given a potential of 350 barrels.

Phillips Petroleum co., No. 10 D. Jordan, section 30, block M-21, TCRR survey, gauged 142 barrels.

Intentions to drill:  
Magnolia Petroleum co., Fee 244, No. 94, 1337' from the north and 440' from the east of S-2 of section 110, block 4, I&GN, Carson county.

Dolomite Production co., R. E. Johnson No. 1, 330' from the south and west line of NW 1/4 of section 86, block 3, I&GN, Gray county.

Bob Murphy, J. Mathis estate, No. 3, 330' from the south and 1417' from the west line of section 12, block L, EL&RR, Hutchinson county.

Phillips Petroleum co., Cockrell No. 47, 2231' from the south and 990' from the east line of section 3, block M-21, TCRR, Hutchinson county.

Phillips Petroleum co., D. Jordan No. 12, 330' from the north and west line of SW 1/4 of section 20, block M-21, TCRR, Hutchinson county.

**Smiths, Williamses In Majority At Tech**  
Special to THE NEWS  
LUBBOCK, Nov. 16—In a student body of nearly 4,000 at Texas Technological college there are 49 Smiths, 37 Williamses, and only 35 Joneses.

The Johnsons and Browns number 22 each and Woods and Harris have 15 each.

Odd names are: Ditto, Gripp, Keese, Putty, Turnipsed, and Wolf-skill. The ones that have a fruitful sound are Lemons, Rasberry, Cherry, Redwine, and Castleberry.

Vocations represented are Shoemaker, Schoolcraft, Barber, Farmer, Weaver, Plummer, Dyer, Mason, Gardener, Carpenter, Buyers, and Sellers. Mixed in classes and dorms with these are the usual colors of Black, Brown, Greene, White, Gray, with nine Hughes.

Musick, Bell, Pipes, Horne, Birdsong, and Harp.

Heart, Head, Foote, Hands, Legge, and Cheek.

Beavers, Fox, Wolfe, Lyon, Hogs, Lamb, Drake, and Kidd.

Forests, Holley, Roundtree, Hedger, Wood, Oakes, Oats, Kane, and Nutts.

Hills, Lanes, Townes, Land, Wall, Streets, and Tunnells.

Fly and Roach.  
Herring, Sturgeon, and Haddock.  
Snow and Rain.  
That's "All" of this "Story."

**Laval Attempts To Stave Off Definite Break With Hitler**  
VICHY, France, Nov. 16 (AP)—Vice-Premier Pierre Laval was reported to be enroute to Paris today to attempt to stave off a definite break with Germany.

French-German relations have reached a critical stage as a result of the expulsion of more than 100,000 French-speaking residents of Nazi-occupied Alsace-Lorraine. Dispatches from Paris said German authorities had added to the friction by cutting off passes to travelers from the occupied to the unoccupied zone.

The French government already has filed a strong protest with the German armistice commission over the expulsion. Urgent cabinet sessions have been summoned for today and tomorrow.

Well-informed quarters said Laval had assured his cabinet colleagues that he would find a solution before returning to Vichy tomorrow. There was nothing to indicate

## Sea Food Is Main Idea

Pretty girl, pelican and sea gulls have but one thought in this remarkable picture taken in St. Petersburg, Fla., and that is sea food. Feathered beggars, tamed by tourists, wait for the catch. Small fry go to them.

## County Clerk Will Take Applications For Notaries Public

Gray county residents desiring commissions now as notaries public can make application to M. O. Flowers, secretary of state. Commissions made now are good until June 1, 1941.

Appointments will be made from after the canvass of the vote in the general election, to be made November 20. In the election the affirmative vote prevailed on the constitutional amendment for the appointment of notaries by the secretary of state instead of by the legislature.

All appointments made on June 1, 1941, or thereafter, will expire on June 1, 1943.

There has been no change in the existing law other than requiring the applicant to be 21 years of age, and a resident of the county, and further that under the old law the governor appointed all notaries with the advice and consent of the senate.

The number of notaries in Gray county is 200.

Since notaries file their bond with and take their oath of office before the county clerk, it is advisable that all applications for appointment be made through the county clerk, says Secretary Flowers. The clerk will forward the name of the applicant to the secretary of state and commissions will then be returned by the office to the county clerk.

## Tickets For API Meeting On Sale

Tickets for the annual meeting of the Panhandle chapter of the American Petroleum Institute on the night of December 6, which will include a floor show and dance, will go on sale here, in Amarillo, Borger and Shamrock on Monday.

The tickets will be 42 each and will include a 1941 membership in the chapter and admission for a couple to the floor show and dance. The dance will begin at 9 o'clock. The election of officers and brief business session will be conducted preceding the dance.

Orchestra for the dance will be Les Roland, his piano and orchestra, which will be in the Panhandle for an appearance at The Nat in Amarillo.

For a floor show, Dixie Dice will present her "High Flying Revue." The floor show will be elaborate and entertaining.

Favors for women attending the dance and floor show will be a corsage.

## Temperature Rises To 69 Saturday

A cold snap that sent the thermometer tumbling down to a seasonal low of 6 degrees above was broken this week-end and fair and slightly warmer was the forecast for West Texas today.

Temperatures climbed to a maximum of 69 degrees at 3:30 o'clock yesterday afternoon, rising from 37 degrees at midnight Friday and from 35 degrees at 6 a. m. Saturday.

Friday's maximum was 60, minimum 20.

that the policy of "collaboration for the peace of new Europe," developed in talks between Laval and Adolf Hitler last month, was dead, but the policy thus received its first public check.

In stopping travel from the occupied to the unoccupied zones, the Germans were reported as saying that only "extremely exceptional" requests for passes would be honored.

There was nothing to indicate

## \$1,200 Donated In Roll Call

A total of \$1,200 was reported Saturday in the American Red Cross annual roll call, with donations continuing from business and industrial groups.

Of the total amount, \$200 has come as individual gifts, \$318 firm gifts, 300 memberships from residential sections, \$25 from individual memberships in the business district.

The court house is expected to report 100 per cent contributions within a few days.

Norman H. Davis, national chairman, has sent the following telegram to Hal Lucas, local roll call chairman. Dated St. Louis, Nov. 15, the telegram reads:

"The Central Committee today reviewed the greatly increased work and responsibility of the Red Cross incident to the national defense programs. Civilian and military programs nationally and in chapters necessitate a very large membership increase.

"I am confident you and your associates will patriotically make an extra effort to reach every man and woman in your jurisdiction with an invitation to join. Time is short. The next two weeks are vital in determining the strength of the Red Cross for the critical months ahead."

## Second Rehearsal Of "The Messiah" Will Be Tuesday

Second in the series of rehearsals to be held in preparation for presentation of "The Messiah" at Christmas time will be Tuesday night at 7:30 o'clock in the First Christian church rather than on Monday, the regular meeting night.

Beginning the following week, practices will be resumed on Monday.

All singers of the city and surrounding territory are invited to attend.

Lester Aldrich is director and Mrs. Mary Foreman Carr is accompanist.

## Hugh Stennis On Honor Roll At Schreiner School

SPECIAL TO THE NEWS  
KERRVILLE, Nov. 16—Honor students for the first six weeks period at Schreiner Institute in Kerrville, Texas, were announced recently through the office of Dean Martin, dean of faculty. Among the members of the college group, twenty students earned grades high enough to place them in the upper scholastic brackets, while twelve high school students were ranked first in their group. Honorable mention lists were also made known, naming those whose grades were nearly in the top ranking group, but missed it by a few points. The complete list is as follows:

On the honor roll for the college: Douglas Bradshaw, Mayhill, N. M.; William Ellison, Austin; Charles Gibson and Ellsworth Ostrom, Corpus Christi; Reuben Ginsberg, Athens; Hugh Goerner, Kingsville; Gerry Green, Beaumont; Ernest Long, Corsicana; Carl Sanders, Crockett; Preston Skinner, Refugio; HUGH STENNIS, PAMPA; Robert Swasey, Pasadena; Garland Lang, Lamar; Mahon; James W. Martin, Charles Reiter, Patricia Sullivan, Paul Van Dyke, John White and Rubie Wilson of Kerrville. In the high school division: Edward Beaty, Beaumont; Carl Hall, Daniel Krausse, Philip Masquelette, and John de Mark of Houston; Robert Peagram, Rosharon; Harry Blakett and Charles Schreiner, Dallas; Melvin Stekol, Austin; Robert Cunningham, Fred Junkin, and Don Weir of Kerrville.

## Four Oilfield Classes Formed

Four oilfield trade extension classes were organized at a meeting of 60 workers Thursday night in the high school auditorium. The classes will meet twice weekly and additional members may enroll this week.

The various courses available, which include all types of oilfield practices, shop work, carbon black refinery work, etc. were explained by C. M. Davis, supervisor of trade extension classes in this area.

Others desiring to join the classes organized, or those desiring to organize additional classes, may contact Mr. Davis by writing to P. O. Box 955, Pampa, or calling 534.

The four classes organized here supplement classes either organized or being organized at LeFors, Phillips camp, Skelly-Schaefer plant, Northern Natural Gasoline plant, and at Skellytown.

Classes organized here, with instructors, follow:  
Blueprint reading and sketching, A. H. Doucett of Cabot company, instructor.

Advanced oilfield mathematics, B. G. Gordon of the Pampa High school faculty, instructor.

Production practices, C. R. Baker of the Oil Well Supply company, instructor.

Internal combustion engines, C. W. Andrews of the Magnolia Petroleum company, instructor.

## 'Germanization' Of Lorraine Seen In Expulsion Move

By LLOYD LEHRBAS  
WASHINGTON, Nov. 16 (AP)—Germany's expulsion of French-speaking residents from France's province of Lorraine was regarded in informed diplomatic quarters here as one more step in Chancellor Hitler's plan to absorb that long contested borderland in his "great Reich."

If the French are being replaced as Germans from the Ruhr valley—as reported in informed circles in Vichy—it may also mean that persistent British bombing of Germany's highly industrialized Ruhr valley has been effective to a degree not hitherto admitted by Berlin.

Before I left Vichy recently it was widely reported that the R. A. F. had been making it so "hot" for the Ruhr that many Germans were moving across the border and taking over homes of French refugees

who had not yet returned to the occupied region. Wholesale expulsion of French from Lorraine would provide more homes for bomb-shy Germans from the Ruhr, and at the same time enable Hitler to "Germanize" Lorraine thoroughly.

Although the expatriation of French from Lorraine apparently has now assumed grand scale proportions, the actual start of this German program dates back to the days immediately following the fall of France. Before left unoccupied France at the end of the summer between 20,000 and 25,000 French, expelled from Lorraine, had arrived in the vicinity of Lyons.

All reported they first had been notified they could remain in Lorraine if they became German citizens. Within a few days, however, they were informed that since Lorraine was to be "rejoined" to the Reich only people of German blood could remain.

It is expected that England's birth-rate will show an increase of 25,000 over last year's totals this year.

## Germans Put Deposit in American Bank in London

This is the London branch of the National City Bank of New York after a Nazi "deposit" arrived. Bomb caused the withdrawal of most of the bank's walls. Carrying on, despite the damage, are Ernest Dixon left, assistant manager; Ben Finch, Jr., an accountant; and D. Joseph Palmer, branch manager.

## Engineers To Fly Here To Discuss School Windows

Engineers from the Truscon Manufacturing company of Youngstown, Ohio, will fly to Pampa Tuesday to meet with the Pampa school board. They will discuss the type of windows and spondrels to be used in the new high school building.

The windows were ordered two months ago but manufacture of the spondrels was delayed for some time because of a difference of opinion between the architect and the window company regarding the type of spondrels to be used.

Three weeks ago the board was notified that the difference had been adjusted but now the company is sending engineers here to confer with the board and the architect regarding the windows.

It is not known whether the type of spondrels recommended by the architect, and finally accepted by the company according to information received by the board, is responsible for the visit of the engineers or whether some other difficulty has arisen.

## National Guardsmen Get \$30 Per Month

WASHINGTON, Nov. 16 (AP)—National guard privates, now in federal service, get a financial break under a recent ruling of Comptroller General Lindsay Warren.

Their pay is \$30 a month from the start of their federal service, not \$21 as established by law for the first four months of service of a new recruit.

Men enlisting in the national guard after serving a previous enlistment in the regulars or national guard, also were held to be entitled to the \$30 rate.

Fruit stains can be removed by sponging with lemon juice and then washing with hot water.

## Hopkins Notes Education Week

SPECIAL TO THE NEWS  
HOPKINS, Nov. 16—A back to school period for parents and a joint assembly program of Hopkins 1 and Hopkins 2 schools was held here Friday as a part of the local observance of American Education week.

The assembly program was held at Hopkins 2 school. Attending from Hopkins 1 were Mrs. B. R. Nuckols, teacher, and pupils, Doyel Lee, Leonard Husted, Kenneth Coyett, Inez, Norma Jean, and Andrew Bird.

Taking part in the assembly program were these fifth grade pupils:  
Deloris Holbye, Betty Ann Wade, Margie Jean Nuckols, Eleanor McNamara, JoAnn Jones, Betty Jo Henderson, La Rayne Dewey, Faye Davis, June Clauder, Berniece Blacklock, June Barnett.

Paul Simpson, Jr., Billy Jo Richardson, Rudy Redus, Billy Pendleton, J. D. Partridge, Jerry Mitchell, Rob Mallow, Ronald Jones, Jim Gilbert.

Parents and other visitors attending the back to school period were:  
Mmes. W. C. Boatwright, H. H. Wade, John Phillips, A. W. Mallow, P. E. Simpson, Dewey Voyles, C. C. Jones, William B. Pendleton, Hue-Lyn Laycock, J. B. Horn, Fred Pender. C. O. Gilbert, W. O. Graef, James A. Hopkins, H. B. Parker.

Mr. and Mrs. Moore Jones, Mr. and Mrs. R. W. Talley, Kenneth Joe Simpson, Mr. and Mrs. Howard Reed, Raymond and Wayona Reed, Mr. and Mrs. Emery Smith, Mr. and Mrs. G. H. Courson, Mrs. Lorene Pierce and Christine Pierce, Mrs. D. Partridge, and Mrs. W. Barnett.

A small species of Guiana spider camouflages itself from ants by carrying a dead ant about on its back.

**We've built a big new car around a world-famous engine!**

SINCE we introduced the first, and still the only low-cost V-8 engine, nearly 7 million of them have rolled out to win respect for Ford performance, and win records for economy along the way!

Today, at your Ford Dealer's, you will find that famous engine in a brand new car. It is the most comfortable Ford we've ever built. And far the finest-riding.

Wheelbase has been lengthened. New bodies are so big and massive that you find as much as 7 inches greater seating width... nearly 4 square feet more glass used in sedans.

And you'll find a new Ford ride this year. New in softness. New in quietness. A ride re-engineered throughout... from softer, slower-acting springs to new and far more rigid frame.

Before you choose a car this year... get into this new Ford. Take the wheel and try its power. Look around you at its bigness. And by all means test its new kind of ride!

**GET THE FACTS AND YOU'LL GET A FORD**

# Kimbrough And Aggies Crush Rice 25 To 0

## 8 Consecutive Passes Taken By Henderson

By FELIX R. McKNIGHT  
COLLEGE STATION, Nov. 16 (AP)—Methodically, almost casually the Texas Aggies poured ruthless power and a fabulous passing game into Rice Institute today for a 25-0 triumph that took them to a very high mark of a second successive unbeaten season.

Never, in their classic string of 19 victories, had the cadets struck with such viciousness as today—tumbling through once-beaten Rice for 468 yards by ground and air.

Once again it was John Kimbrough, the massive all-America fullback, in the bellwether role. The grinning, 222-pounder prosecuted, and closed, his all-America case for 1940 by shredding Rice's stout line for 108 yards on 18 carries for an average six-yard gain.

But Kimbrough shared the glory with a gangling sophomore end, Bill (Jitterbug) Henderson, who threw the 30,000 crowd into a panic with eight consecutive catches for a total of 117 yards.

Only once was Rice in this ballgame. Deep in the fourth period, second- and third-stringers dotting the Aggie line, Rice put on a drive featuring Bob Brumley, a magnificent back, that surged to the Aggie 14. But there it stopped. Prior to that the Aggie 43 was their best effort.

Line smashing by Brumley and Ted Weems gave Rice a stout start, but the Cadet line held everything until the start of the second period—and a murderous attack.

Kimrough blew off the fuse with 17 yards on two snags that carried to his 43. Then he made good on a gamble that led to three quick touchdowns in the next 12 minutes. On the Aggie 45, fourth down and a yard to go, he simply dived for three yards and the first down. Marian Jeffrey bulletted a 34-yard pass to Henderson on the Rice 20. Kimbrough chipped in five and then Jeffrey pitched to Jim Sterling for a touchdown. Marion Pugh kicked the point.

Derace Moser entered the game and brought a touchdown. He fielded Weem's quick kick for a 14-yard return to the Aggie 44. Pugh found the wild-legged Henderson down on the Rice 39 and then threw to Moser, deep in the flat, who made a beautiful run to the Rice five. On the next play, Moser fell in behind Jim Thomason's blocking and swept left end for the score. Pugh missed his point.

Wild Bill Conaster's 20-yard punt return to the Aggie 45 started the third counter.

Butting with his head, using his elbow for a shielded, Kimbrough shook Rice's secondary with a 24-yard bolt, took a lateral from Pugh for eight more, rattled five off left tackle and then lateraled to Thomason for five more.

Out of this smashing running game that had drawn Rice's secondary arose Pugh to drill a touchdown pass to that man Henderson in the end zone. Pugh missed the kick.

Three times denied a score on drives that carried to the Rice 11, 13 and five, the Aggies cranked right back and scored at the end of the third period on Pugh's 20—an 17-yard heave to Sterling and Henderson and Kimbrough's blast for five yards and the score. Pugh missed the kick.

In the tropics, the greatest obstacles to telegraph lines are terminals, which eat the poles, lead cables, and various kinds of insulation.

## Groom Blasts Booker 47 To 14 For 6-Man Title

'Bama Bombshell  
A Yankee from Titusville, Pa., Mary Sara Phillips exhorts sons and daughters of Dixie as fireball cheerleader for Alabama.

Special To The NEWS  
GROOM, Nov. 16.—Groom High school celebrated its homecoming in royal fashion today, blasting Booker 47 to 14 to take the championship of district 15 in six-man football.

First two touchdowns of the Groom team were scored on intercepted passes. Kuehler was outstanding on the Groom team, with Lawson the spearhead of the Booker attack. Lawson scored for Booker with long runs, one for 70 yards.

Next on the ladder for the Groom team is the contemplated game with Spangenberg, Dawson county, district 9 champions, with Lamess as the possible gridiron.

A crowd of 500 persons saw the game here today, the record crowd of the season. Before the kickoff, Miss Billie Louise Hodges, Groom senior, was crowned football queen.

Ex-students of Groom also had their part in the glory when they paraded on the field.

Every class from 1903 to 1940 was represented in the reunion program held at the school preceding the game. Miss Jeanette Ledwith, class of 1934, was general chairman of the reunion, which was highlighted by a turkey dinner at noon, attended by 175.

By HAROLD V. RATLIFF  
FORT WORTH, Tex., Nov. 16 (AP)—Pete Layden arose to full stature as a gridiron hero here today to send the University of Texas to a riotous 21-14 victory over Texas Christian University and push the Horned Frogs out of the Southwest Conference race.

Jack Crain, Texas' flying cowboy, and Kyle Gillespie, TCU's toy bulldog, hobbled in and out of the game on injured knees to share the glory but it was Layden's deadly passing, terrific running and mighty punting that broke the heart of the Horned Frogs.

A homecoming day crowd of 15,000 turned out for the game.

Layden chunked a pass to little Johnny Gill in the early minutes of the fourth period that gained 38 yards and the touchdown that won the game.

Layden hung up the first score on a 15-yard dash around left end in the second quarter. Crain had intercepted Gillespie's pass and ran it back to the Texas 42 to start the Longhorn parade.

Crain did the point.

Texas Christian tied the score in three minutes. Gillespie romped from the TCU 4 to the Texas 30 on the kick-off. Then he passed to Phil Roach for 15 yards. Logan Ware picked up seven. Gillespie faked a pass, and rushed to the Texas one-foot line. Frank Kring waded over. Roach kicked the point.

Both teams counted again in the fading minutes of the third period.

Stanford Clinches Rose Bowl Honor  
PALO ALTO, Calif., Nov. 16 (AP)—Stanford's invincible Indians nailed their football battle flag on the ramparts of the Rose Bowl today with a thumping 28 to 14 victory over Oregon State's Beavers.

The team that Clark Shaughnessy coached from the Coast conference cellar to undisputed leadership in one season, assured itself of nothing less than a tie for the title. One game remains to be played against California.

Stanford can do no worse than an even finish with Washington and inasmuch as the Indians have vanquished Washington 20-10, there was not much more left than the shouting.

The assumption was that the balloting of ten conference members, who vote on the western representative for the Rose Bowl, would be a mere formality.

The score was tied, 7-7, as the Indians came out for the third period. Within a period of nine minutes Shaughnessy's gridiron magicians had crashed over for three touchdowns and a margin that made most of the 35,000 fans rooting for them relax in relief.

The Indians smashed 50 yards to break the deadlock; pounded 33 yards after recovering a fumble, then hit the turf on a 61-yard thrust after an intercepted pass.

Boston Takes Out Georgetown 19-18  
By BILL BONI  
BOSTON, Nov. 16 (AP)—A grand Boston College team equipped with fight, speed and inspiration fought its way into the front ranks of the nation's football teams today by removing Georgetown from the ranks of the undefeated. In a frantic struggle before 40,000 frenzied customers at Fenway park.

Content to win their first seven games with a minimum of plays and formations, the unbeaten Eagles let the cat out of the bag and their trick plays with it this afternoon as they played wide open and smart football on offensive and determined football on defense.

Leading 19 to 16 with 65 seconds left, Boston was backed down deep in its own territory with fourth down coming up and 18 yards to go from its own 9. Deciding to trust to its defense to keep Georgetown at bay for those 65 seconds, the Eagles dropped Charley O'Rourke back into the end zone, ostensibly for a punt.

O'Rourke, not risking a blocked kick, scurried back and forth in his end zone until finally he was downed, as he had meant to be. That safety brought Georgetown up to within a point of Boston, but Boston's faith in its defense proved to be founded on fact as the clock ran out with the desperate Hoyas getting nowhere.

Thus Georgetown went down to defeat the first time in three seasons and 24 games, and B. C. came through its eighth straight year without either defeat or tie. Tonight, Eagle supporters were looking ahead to anti-climatic victories over Auburn and in the last two games and then an invitation to the New Orleans Sugar Bowl.

Wheeler Upsets Shamrock 7 To 6  
SHAMROCK, Nov. 16 (Special)—In an upset victory here the much-beaten Wheeler Mustangs fought the Shamrock Irishmen to a standstill and emerged victorious by a one-point margin as they downed the Irish 7 to 6.

Wheeler had scored their touchdown in the early moments of the second quarter after three successful passes from Hampton to Reeves and one from Hampton to Reeves had placed the ball on the Irish 4. Hampton bucked over on the third try. Reeves added the point with a perfect placement.

The Irish fought back gamely but were unable to score in the first half due mainly to the superb defensive play of Carroll Adams of the Mustangs, who was in on nearly every tackle during the entire game.

In the third quarter the two teams fought back and forth on even terms between the thirty-yard lines.

After about five minutes of the fourth quarter had elapsed, Sims, Wheeler's star, broke around left end to race forty-two yards across the goal line standing up. Rives' try point from placement was blocked by Tillman, Mustang right end.

The Shamrock boys made a game bid for another score by uncorking a series of deceptive passes which carried to the Wheeler twenty-two where the final gun ended the rally.

Starting lineup:

Shamrock	Wheeler
R. O. Lister.....L.E.	Rimmer
V. Lister.....L.T.	L. Pendleton
H. Prince.....L.G.	C. J. Wright
W. Glover.....C.	C. Reeves

J. Anderson.....R.E.	T. Williams
R. Calbreath.....Q.B.	B. Perrin
I. Sewell.....H.B.	C. Reeves
B. Sims.....H.B.	W. Rogers
T. Rives.....E.B.	A. Hampton

North Texas Gains Lone Star Title  
COMMERCE, Nov. 16 (AP)—The North Texas State Teachers from Denton scored a touchdown in the last 25 seconds of play here today to defeat East Texas State 10 to 7 and gain the Lone Star Conference championship.

Substitutes accounted for the winning marker. After the visitors had gained possession of the ball on the Lion 21, Eugene Woods passed to Keounce who lateraled to Covin, and the latter raced across for the score.

The Eagles took the lead in the third quarter after a scoreless first half when Formagus booted a field goal from the 13 yard line.

In the fourth quarter, Stewart of North Texas kicked out on his own 40. Edna White and Bourland made a first down, then Bourland sailed around end for the East Texas touchdown.

An East Texas play earlier in the fourth period had carried 69 yards across the goal line but officials ruled that the pass was forward instead of lateral and called it back.

North Texas amassed nine first downs to 7 for the Lions. The punters for each team had a 43-yard average.

Ceylon is off the coast of India.

## Baylor Shows Up Tulsa 20 To 6 At Waco

By WILLIAM E. KEYS  
WACO, Nov. 16 (AP)—Fleet Jack Wilson, on the injury shelf for six weeks, bobbed up in Baylor university's lineup today and sparked his team to a 20 to 6 victory over Tulsa university's Golden Hurricane before a crowd of 4,000.

It was not Wilson alone who hung up the points but his return to the field was credited with putting the punch into potentially strong team-mates who had tasted three consecutive defeats.

Wilson drew first blood when he knifed through the Hurricane line for six yards. Taking their key from Wilson, Milton Crain and Bill Coleman, substitute backs, followed suit.

The Hurricane twisted back in the last half but its aerial bombardment paid off only once when the blue chips were down, Glenn Dobbs, stellar back, flipping one from the Baylor 33 to Malcolm Strow who was waiting in the end zone. The big squad from Oklahoma never threatened seriously after that.

Baylor was in command for most of the game with a net gain of 184 yards rushing against the visitors 83.

But the Hurricane nabbed 160 yards from the air route against Baylor's 91.

The rejuvenated Bears' first touchdown chance almost died in infancy. Dobbs' long punt smacked down on the Bear 40 where over-anxious Jimmy Witt juggled it dangerously before getting up steam. He was pulled in but the ball moved to the Bear 32 on a roughness penalty against the Hurricane.

Wilson, coolly eyeing the spreading pass receivers, hurried a forward to Wilson Lucas who lateraled to tackle Budo Barnett as he passed the 20. Barnett got to the Bear 22 when Wilson knifed into pay dirt through tackle.

In the third period center Buddie Gatewood nabbed a Tulsa fumble around end, made it to the 23. A crowd of 40,000 turned out at Boston for this duel of two of the biggest teams in intercollegiate football.

Dartmouth had Cornell beaten 3-0 on a fourth quarter field goal by Bob Krueger until Walter Scholl passed the big Red down the field and finally contacted Bill Murphy in the end zone for the winning touchdown with six seconds to go. There was considerable argument that Cornell had been given an extra down at this critical stage of the proceedings but the 3 final score stood and Cornell stretched its unbeaten streak through 19 games.

John Kimbrough picked up 108 yards in 18 tries as Texas A. and M. routed Rice, 25-0, and now faces Oklahoma—Texas—in a duel for a second successive Southwest title and a possible bid for the Rose Bowl.

Minnesota clinched the Western Conference championship by riding roughshod over Purdue, 33-6, with George Franck and Dave Smith breaking loose for frequent gains. Stanford, heading straight for the Pacific Coast crown and the Rose Bowl, once more uncovered a brilliant offense and tripped Oregon State, 28-14.

Tennessee rolled up a 41-14 count over Oklahoma; Lafayette bowled over Western Maryland, 40-7; Mississippi State slugged Millsap, 46-13; Penn State blanked New York university, 25-0; and Texas Tech turned back Wake Forest, 12-7.

In the South, Duke and Auburn were hard-hits of amazing upsets and Alabama just barely made it to the Southwestern in Tennessee, 12-12 in another surprise and Furman's 25-7 victory over South Carolina was still another.

Tulane got going in the fourth quarter to pull out a 21-13 decision over Georgia in one of the few games in the South that followed preliminary specifications.

A crowd of 20,749 saw Bob Westfall pace Michigan to a 20-13 victory over Northwestern while Don Scott counted twice to carry Ohio State past Illinois, 14-6. Wisconsin's line-cutters were definitely "in" and routed Indiana, 27-10. Ray Apolokis' 70-yard run with an intercepted pass and the subsequent extra point gave Marquette a 7-6 decision over Michigan State in the Big Six. Oklahoma stopped Missouri, 7-0, and Iowa State halted Kansas State, 12-0.

Southern Methodist and Texas were victors in Southwest Conference tests, the former routing Arkansas, 28-0, and Texas pushing past Texas Christian, 21-14. Baylor trounced Oklahoma, 30-6.

In the East, West Virginia surprised by nipping Kentucky, 9-7, with a late-rally while Nebraska was pushed to the limit before it got past Pitt, by the same score. George Washington won over Kansas 6-0, and Hardin-Simmons, unbeaten and untied, won over Catholic, 27-19.

Penn, getting ready for Cornell next week, ran up a 48-0 score on Army, worst defeat an Army team ever suffered. Navy gained plenty of ground but was lucky to get a scoreless tie with Columbia when Len Will's try for a Columbia field goal just missed. Bob Sandback's fourth-quarter field goal gave Princeton a 10-7 victory over Yale as Harvard's fast-improving forces took Brown over the jumps, 14-0.

Indian Bill Geyer's 56-yard touchdown run and the ensuing extra point enabled Colgate to trip Syracuse, 7-6 while Holy Cross surprised by getting a 6-4 draw with Temple. Villanova won over Manhattan, 13-6, and Williams routing Amherst, 19-6, won the Little Three crown.

In the far West, Washington kept its slim championship hopes alive by whipping Southern California, 14-0; California stopped Oregon, 14-6, and U. C. L. A. finally won a ball game after seven straight defeats, beating Washington State 24-26. Gonzaga surprised Detroit, 15-7.

In the Big Seven, Colorado whipped Brigham Young, 25-3; Denver

Harvesters Mix It Up In Tough Scrimmage Friday  
By HERB BARKER  
NEW YORK, Nov. 16 (AP)—A wave of upset, shocked the football world today, knocked Notre Dame off the unbeaten list and missed Cornell's big Red squad by exactly six seconds.

Still riding high when it was all over were Minnesota, Texas A. and M., Boston College, Stanford, and Tennessee, all, like Cornell, unbeaten and untied. A step back were LaPayette, unbeaten and untied in a comparatively easy schedule, and Penn State, Mississippi State and Texas Tech, all unbeaten but tied.

Notre Dame, whose claim to greatness had been seriously challenged by Army and Navy on successive weeks, finally came a cropper before Iowa's Hawkeyes who put up a brilliant defense before 50,000 at South Bend, and then cashed in on the one real scoring opportunity it had. This was a fourth quarter fumble by Steve Bagarus which Ken Pettit recovered for Iowa on the Notre Dame 24. The Hawkeyes drove over for a touchdown on four tries with Bill Green accounting for 23 yards and the score.

Boston College, paced by the great triple threat back, Charles O'Rourke and a great line, spotted Georgetown 16 points in the first five minutes and then handed the Hoyas their first defeat in 24 games, 19-18. A crowd of 40,000 turned out at Boston for this duel of two of the biggest teams in intercollegiate football.

Dartmouth had Cornell beaten 3-0 on a fourth quarter field goal by Bob Krueger until Walter Scholl passed the big Red down the field and finally contacted Bill Murphy in the end zone for the winning touchdown with six seconds to go. Gophers Blast Purdue 33 To 6  
By TED PETERSON  
MINNEAPOLIS, Nov. 16 (AP)—Minnesota's football powerhouse won the Western conference championship here today in a high voltage attack that shocked Purdue's Boiler-makers into defeat, 33 to 6.

It was Minnesota's seventh straight victory of the season, including five conference contests, and left it in position to return a brilliant undefeated season to a close in the final game with Wisconsin at Madison next week. Michigan helped the Gophers to the title by eliminating Northwestern, 20 to 13 at Ann Arbor.

Purdue, held to net of 23 yards by rushing, fired 33 passes of which 13 were completed for 126 yards. Meantime Minnesota relied almost entirely on power plays that produced more than 300 yards.

There was little doubt about the outcome from the opening kickoff when Bobby Paftrath took the ball on his own 15 and fumbled. George Franck, Gopher speedster, was able to pick up on the 20 yard line and he returned 80 yards for a touchdown. Gordon Paschka place-kicked the extra point.

The second Gopher touchdown came after Franck threw the ball to a punt 31 yards to the Purdue 31. Smith finally cutting through right tackle to score. Joe Nernik place-kicked the point.

A Purdue fumble recovered on the 45 yard line set the third Gopher touchdown in the second quarter. On the first play Bill Daley, reserve fullback, spilled through for the score.

In the third quarter Nernik place-kicked the first goal, his first of two for the day.

Wheeler Upsets Shamrock 7 To 6  
SHAMROCK, Nov. 16 (Special)—In an upset victory here the much-beaten Wheeler Mustangs fought the Shamrock Irishmen to a standstill and emerged victorious by a one-point margin as they downed the Irish 7 to 6.

Wheeler had scored their touchdown in the early moments of the second quarter after three successful passes from Hampton to Reeves and one from Hampton to Reeves had placed the ball on the Irish 4. Hampton bucked over on the third try. Reeves added the point with a perfect placement.

The Irish fought back gamely but were unable to score in the first half due mainly to the superb defensive play of Carroll Adams of the Mustangs, who was in on nearly every tackle during the entire game.

In the third quarter the two teams fought back and forth on even terms between the thirty-yard lines.

After about five minutes of the fourth quarter had elapsed, Sims, Wheeler's star, broke around left end to race forty-two yards across the goal line standing up. Rives' try point from placement was blocked by Tillman, Mustang right end.

The Shamrock boys made a game bid for another score by uncorking a series of deceptive passes which carried to the Wheeler twenty-two where the final gun ended the rally.

Starting lineup:

Shamrock	Wheeler
R. O. Lister.....L.E.	Rimmer
V. Lister.....L.T.	L. Pendleton
H. Prince.....L.G.	C. J. Wright
W. Glover.....C.	C. Reeves
H. W. Callan.....R.G.	O. Adams
M. Ekum.....R.T.	T. Williams
J. Anderson.....R.E.	T. Williams
R. Calbreath.....Q.B.	B. Perrin
I. Sewell.....H.B.	C. Reeves
B. Sims.....H.B.	W. Rogers
T. Rives.....E.B.	A. Hampton

North Texas Gains Lone Star Title  
COMMERCE, Nov. 16 (AP)—The North Texas State Teachers from Denton scored a touchdown in the last 25 seconds of play here today to defeat East Texas State 10 to 7 and gain the Lone Star Conference championship.

Substitutes accounted for the winning marker. After the visitors had gained possession of the ball on the Lion 21, Eugene Woods passed to Keounce who lateraled to Covin, and the latter raced across for the score.

The Eagles took the lead in the third quarter after a scoreless first half when Formagus booted a field goal from the 13 yard line.

In the fourth quarter, Stewart of North Texas kicked out on his own 40. Edna White and Bourland made a first down, then Bourland sailed around end for the East Texas touchdown.

An East Texas play earlier in the fourth period had carried 69 yards across the goal line but officials ruled that the pass was forward instead of lateral and called it back.

North Texas amassed nine first downs to 7 for the Lions. The punters for each team had a 43-yard average.

Ceylon is off the coast of India.

Harvesters Mix It Up In Tough Scrimmage Friday  
By HERB BARKER  
NEW YORK, Nov. 16 (AP)—A wave of upset, shocked the football world today, knocked Notre Dame off the unbeaten list and missed Cornell's big Red squad by exactly six seconds.

Still riding high when it was all over were Minnesota, Texas A. and M., Boston College, Stanford, and Tennessee, all, like Cornell, unbeaten and untied. A step back were LaPayette, unbeaten and untied in a comparatively easy schedule, and Penn State, Mississippi State and Texas Tech, all unbeaten but tied.

Notre Dame, whose claim to greatness had been seriously challenged by Army and Navy on successive weeks, finally came a cropper before Iowa's Hawkeyes who put up a brilliant defense before 50,000 at South Bend, and then cashed in on the one real scoring opportunity it had. This was a fourth quarter fumble by Steve Bagarus which Ken Pettit recovered for Iowa on the Notre Dame 24. The Hawkeyes drove over for a touchdown on four tries with Bill Green accounting for 23 yards and the score.

Boston College, paced by the great triple threat back, Charles O'Rourke and a great line, spotted Georgetown 16 points in the first five minutes and then handed the Hoyas their first defeat in 24 games, 19-18. A crowd of 40,000 turned out at Boston for this duel of two of the biggest teams in intercollegiate football.

Dartmouth had Cornell beaten 3-0 on a fourth quarter field goal by Bob Krueger until Walter Scholl passed the big Red down the field and finally contacted Bill Murphy in the end zone for the winning touchdown with six seconds to go. There was considerable argument that Cornell had been given an extra down at this critical stage of the proceedings but the 3 final score stood and Cornell stretched its unbeaten streak through 19 games.

John Kimbrough picked up 108 yards in 18 tries as Texas A. and M. routed Rice, 25-0, and now faces Oklahoma—Texas—in a duel for a second successive Southwest title and a possible bid for the Rose Bowl.

Minnesota clinched the Western Conference championship by riding roughshod over Purdue, 33-6, with George Franck and Dave Smith breaking loose for frequent gains. Stanford, heading straight for the Pacific Coast crown and the Rose Bowl, once more uncovered a brilliant offense and tripped Oregon State, 28-14.

Tennessee rolled up a 41-14 count over Oklahoma; Lafayette bowled over Western Maryland, 40-7; Mississippi State slugged Millsap, 46-13; Penn State blanked New York university, 25-0; and Texas Tech turned back Wake Forest, 12-7.

In the South, Duke and Auburn were hard-hits of amazing upsets and Alabama just barely made it to the Southwestern in Tennessee, 12-12 in another surprise and Furman's 25-7 victory over South Carolina was still another.

Tulane got going in the fourth quarter to pull out a 21-13 decision over Georgia in one of the few games in the South that followed preliminary specifications.

A crowd of 20,749 saw Bob Westfall pace Michigan to a 20-13 victory over Northwestern while Don Scott counted twice to carry Ohio State past Illinois, 14-6. Wisconsin's line-cutters were definitely "in" and routed Indiana, 27-10. Ray Apolokis' 70-yard run with an intercepted pass and the subsequent extra point gave Marquette a 7-6 decision over Michigan State in the Big Six. Oklahoma stopped Missouri, 7-0, and Iowa State halted Kansas State, 12-0.

Southern Methodist and Texas were victors in Southwest Conference tests, the former routing Arkansas, 28-0, and Texas pushing past Texas Christian, 21-14. Baylor trounced Oklahoma, 30-6.

In the East, West Virginia surprised by nipping Kentucky, 9-7, with a late-rally while Nebraska was pushed to the limit before it got past Pitt, by the same score. George Washington won over Kansas 6-0, and Hardin-Simmons, unbeaten and untied, won over Catholic, 27-19.

Penn, getting ready for Cornell next week, ran up a 48-0 score on Army, worst defeat an Army team ever suffered. Navy gained plenty of ground but was lucky to get a scoreless tie with Columbia when Len Will's try for a Columbia field goal just missed. Bob Sandback's fourth-quarter field goal gave Princeton a 10-7 victory over Yale as Harvard's fast-improving forces took Brown over the jumps, 14-0.

Indian Bill Geyer's 56-yard touchdown run and the ensuing extra point enabled Colgate to trip Syracuse, 7-6 while Holy Cross surprised by getting a 6-4 draw with Temple. Villanova won over Manhattan, 13-6, and Williams routing Amherst, 19-6, won the Little Three crown.

In the far West, Washington kept its slim championship hopes alive by whipping Southern California, 14-0; California stopped Oregon, 14-6, and U. C. L. A. finally won a ball game after seven straight defeats, beating Washington State 24-26. Gonzaga surprised Detroit, 15-7.

In the Big Seven, Colorado whipped Brigham Young, 25-3; Denver

Here's Reason Why Cornell's Big Red Rolls Right Along

This is the kind of precision blocking seen week after week as Cornell interferences deploy crisply and with split-second timing. In this case it's Bill Murphy who is getting the benefit of perfect trail blazing, as indicated by arrows.

Cornell Outplayed, Does Not Look Like No. 1 Team

By BILL KING
HANOVER, N. H., Nov. 16 (AP)—Mighty Cornell, one of the nation's outstanding football teams, was rocked and shaken by an inspired band of Dartmouth Indians for 57 minutes today before it unleashed a belated aerial drive that gave it a 7-3 victory before a startled crowd of 10,000.

Out-fought until the last three minutes, the Ithacans pulled the game out of the fire during the last six seconds when, on a disputed fourth down and six yards to go, Walt Schell ended a 57-yard overhead thrust by tossing a touchdown pass to halfback Bill Murphy.

Most of the writers' charts showed most quarterbacks had rushed twice and Schell once before the latter uncoiled the pass that Hall batted down behind his goal-line. Friessel refused to discuss the game-deciding incident and the only comment Earl Black, the Dartmouth coach, made was "I have every confidence in Referee 'Red' Friessel."

That thrilling windup was heart-breaking to the gallant and courageous Dartmouth team that gave unbroken Cornell its stiffest argument since it was last defeated, by Syracuse early in 1938, 19 games ago.

The disputed series started after Schell had passed to Murphy for a first down on Dartmouth's five yard line one minute to play. Cornell then rushed to the one-yard line where, after stopping the clock by rushing Right End Al Kelley back into the game, it drew a five-yard penalty for an extra time out.

Tech Smashes Wake Forest

LUBBOCK, Nov. 16 (AP)—Texas Tech's Red Raiders remained among the nation's undefeated grid machines with a 12-7 victory over the big, fast Deacons of Wake Forest here today.

A homecoming crowd of 10,000 watched the Raiders thwart all Deacon scoring attempts after the first quarter and come from behind in the third to take their seventh game of the year.

Tom Douglas, junior end who replaced injured Charles Dvoracek, ran away with backfield honors with a running attack that split Wake Forest for long gains.

Wake Forest threatened almost continuously with quarterback J. V. Pruitt's passes.

The old-fashioned diving rod, for locating oil and water, has given way to electricity and dynamite in learning nature's secrets.

Mopping Up!

LeFors Wins 28-13 Tussle From Rockets

By HARRY E. HOARE
Sports Editor, The Pampa News
LeFORS, Nov. 16.—The LeFors Pirates' four horsemen roamed Shaw field here Friday afternoon to close their 1940 football season in a blaze of glory by defeating the Wellington Skyrockets 28 to 13. Earhart, 140-pound seat back, led the scoring parade with three touchdowns, four points after touchdown, and a lateral to Twigg for the other score.

Wellington lost their ace back when Cox was injured in the first quarter and with the loss of Cox went the Wellington power. The big fellow suffered a broken bone in foot when tackled for a loss while attempting an end run.

Coach Francis Smith and John Rankin used nearly every boy in uniform in taking their last game of the season and even with reserves in the lineup the Pirate attack functioned smoothly.

LeFors scored near the end of the first quarter after a 60-yard drive in which all backfield men took turns carrying the ball and Twigg flipped a pass to Ammons. The score came when Earhart tossed a lateral to Twigg. The ball was over his head but Twigg snagged it on the bounce and went 10 yards. Earhart kicked the extra point.

Near the half LeFors made the second touchdown when Twigg passed to Earhart who took the ball on the dead run and went 71 yards. He added the extra point.

Wellington recovered a LeFors fumble on the Pirate 25 near the end of the game and Melton passed to Wallace for a touchdown with 50 seconds to go.

Wellington led the Pirates in first downs 13 to 11. Starting lineup: LeFors: Oldham and Cole, ends; Barrick and Turner, tackle; Fite and Delver, guards; Gourlay, center; Twigg, quarter, Earhart and Ammons, halves; Vincent, full. Subs: Hughes, Hamrick, Ferguson, Watkins, Webb Stracener, Benefiel, Clemmons, Gomer, Jim London, Jack London, Browning, Matteson, Nipper.

Wellington: Bearden and Goodner, ends; Thompson and Winters, tackle; Wallace and Baumgardner, guards; Aldridge, center; Young, quarter; Melton and Gribble, halves; Cox, full. Subs: Wallace, Holton, Jones, Brewer, Driscoll, Thompson.

Officials: Referee, Barber of Miami; headlinesman, Ringer, of Pampa; umpire, Rush of Miami. Limburger cheese first was marketed in Limbourg, Belgium, whence it derives its name.

Hardin-Simmons Wins Over Catholic 27-19
WASHINGTON, Nov. 16 (AP)—Using a brilliant air attack, Hardin-Simmons college of Texas kept its undefeated ranking today by defeating a game Catholic university football team 27 to 19.

The Texans took an early lead, scoring their first touchdown near the end of the first quarter when Moon Mullins, Hardin-Simmons workhorse, crashed over goal from the one-yard line after a 45-yard pass from Owen Goodnight to Parker put the visitors in scoring position. Murray Evans' placement added the extra point.

The Texans scored two more touchdowns in the second quarter, one on a pass from Russell to Burrus for 50 yards and the other on a forward from Russell to Parker from the Catholic 18-yard line. Evans placed-kicked for the extra point after Parker's score. The Cardinals threw a scare into the Texans in the third quarter when they scored 19 points, all on ground plays.

The visitors put the game on ice in the final period when Goodnight, standing on his own 12, headed a pass to Russell, who raced unimpeded 88 yards to score. Moore converted.

Ponies Blast Porkers 28-0 In Utter Rout

By J. B. KRUEGER
DALLAS, Nov. 16 (AP)—Tough Southern Methodist, alert as a deer in the hunting season, punched out a 28-0 victory today over a groggy University of Arkansas team closing out one of its saddest seasons of Southwest conference football.

Southern Methodist scored in the first, second, and twice in the third. Not until the dying minutes did the Porkers come to life, when desperate passing netted ( ) second of their four downs. One of those was handed to them by a penalty.

The Mustangs rushed through and swept around them for 185 yards around and gained 130 yards passing. Their recovery of four Parker fumbles and the subsequent run-

backs tackled another 141 yards on that total.

From the first kickoff, which was fumbled, the Mustangs took charge. After another fumble apiece, Clinton McClain took an Arkansas punt and swept back to the enemy 35. Then Ray Malloff flipped a pass to Bobby Brown who went to the 21. McClain powered to the 12 and Malloff passed right into Kelly Simpson's arms on the goal line. Preston Johnston came in and kicked the point.

The second Pony score came after Johnston intercepted a pass and tore out to the eight yard stripe. Malloff swept left end to score and Pasqua's kick was good.

In the third Johnston crossed the goal line once more for SMU. The score was set up by a series of powerful plays executed by Johnny Clement, Bobby Brown and Johnston and carried from the 34 to the six. After Johnston skipped over (not a man was near him) he turned around and kicked the point.

By now the Mustangs were making a circus of it and scored in the same third period. The Razorbacks

bogged down on another chance to show their stuff. After two more fumbles, evenly divided, Clayton Wynne of Arkansas blocked Johnston's punt on the Pony 13.

Then on an incredible play Hamberg's pass was knocked into the air by E. L. Keeton and Gus Tuohell, a big SMU end, tore out for the goal line 71 yards away. He got there in a breeze. Joe Pasqua kicked over another, and final point. Whatever defense the Razorbacks put up was contributed mainly by Big Jim Lawson, fullback.

Their defeat today was Arkansas' fifth in conference play against one victory.

A cow, near Chicora, Pa., was struck by a meteorite in 1938 and only slightly injured.

Separate Oil and Gas Board Urged

MIDLAND, Nov. 16 (AP)—The Permian Basin association announced through its president today support of a proposal to create for Texas a separate oil and gas commission to serve those industries.

The oil and gas industry in Texas now is regulated by the Railroad Commission. Hamilton McRae of Midland, president of the association, said the organization believed the commission should be manned by experts, divorced from politics, and have its expenses paid by the industry it serves.

"We believe that a commission made up of three trained and practical oil men, appointed by the governor with a two-thirds approval vote of the senate will eliminate much of the complaint now existing toward an overworked railroad commission. The present commission has too many problems on its hands," McRae said.

The oldest known will, by which a priest left his property to another, was prepared in Egypt about 2500 B. C.

Left-handed fountain pens are manufactured for the use of left-handed writers. The pen point is cut obliquely.

Civil Service Exams

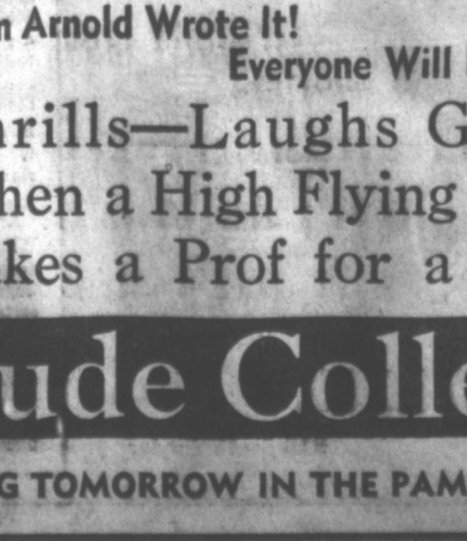

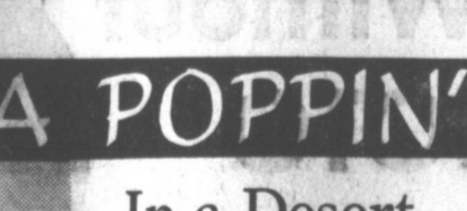

The United States Civil Service commission has announced open competitive examinations for the positions listed below. Applications must be on file with the Commission's Washington office not later than the closing date indicated in each case. Two closing dates are given for these examinations. The first governs receipt of applications from persons in states east of Colorado, the second, from those in Colorado and states westward. The salaries are subject to the usual 3 1/2 percent retirement deduction.

Assistant fingerprint classifier, \$1-620 a year, Bureau of Navigation, Navy Department. Applicants must have had instruction and experience in the Henry system of fingerprint classification. Applicants must have reached their twentieth but must not have passed their fifty-third birthday. The closing dates for receipt of applications are December 12 and December 16, 1940.

Physicist (any specialized branch), \$3,800 a year; also principal, \$5,000; senior, \$4,600; associate, \$3,200; assistant, \$2,600 a year. Applicants must have completed a 4-year college course including a specified amount of study in physics. In addition they must have had

experience in physics. The degree of difficulty of work performed, length and specialization of experience vary according to the grade of the position. Applicants must not have passed their fifty-third birthday. The closing dates for receipt of applications are December 12 and December 16, 1940.

### Texas Adds Another 'Biggest' To List; No. 1 Pre-Historic Region

By WILLIAM E. KEYS Associated Press Staff

Check off another "biggest" for Texas, land of superlatives. Under the pick and shovel, trowel and brush of fossil hunting scientists, it is fast taking shape as perhaps the nation's number one pre-historic graveyard.

This claim is admitted by Dr. E. H. Sellards, University of Texas geologist whose field crews have worked some 12 excavations in the last two years with phenomenal results.

Into the university's recently completed fossil processing laboratory have gone hundreds of specimens ranging all the way from a new species of shaggy mastodon to camels and sea monsters.

All of them, at one time or another, had their hey-day in Texas. Final resting place for the discoveries from the field is the Texas Memorial Museum on the campus.

The scientist who came to the university 22 years ago and is now regarded as one of the leading figures in the field of geology and paleontology, had found considerable evidence over the years of cross roads of the past concealed under Texas top soil. But he had no money and no men to push research.

Two years ago the Works Projects Administration solved the latter problem and the university, through increased appropriations, launched a statewide excavation program.

Now about 170 men are in the field and 20 in the laboratory. Crews are prying into some 12 Texas counties and a span of some 200,000,000 years, geologically speaking.

Not only are the Texas finds numerous but some of them are remarkable. Five miles north of the Gulf coast a crew has removed in little more than a year fossilized remains of 15 shovel-jawed mastodons, a new species of undershot scoop-like jaws and tusks curved out and up. A million years ago the animal stood a little larger than the massive Indian elephant of today.

Perhaps one of the outstanding recent finds is the three "stone faces," which geologists recovered from an excavation in East Texas. They are of sandstone and have crudely carved marks for eyes, nose, mouth, chin, and even teeth. Weight is from 80 to 150 pounds, and Sellards places their age at greatly in excess of 25,000 years.

Ten years ago, workmen operating a gravel pit discovered in the first stone face, removed it and in doing so destroyed proof to Dr. Sellards that the image had not been planted. In 1935 a second image was removed several hundred feet distant. Last year university geologists were given permission to excavate, worked for eight months, found a third one.

Dr. Sellards believes the images to be the first evidence of man's attempt to reproduce his own likeness yet found on this continent—and in asserting the great age of the three claims runs counter to some scientists' claim that man has existed on earth but a few thousand years.

Another good find is the skull and forepart of a huge pre-historic long horned buffalo taken from 100,000-year-old Pleistocene deposits in North Texas. The skull has horns 18 inches round at the core with a spread of more than five feet.

From the coastal prairies north of Corpus Christi excavation was pushed into Pleistocene formations for discovery of a 13-inch long pre-historic wolf skull, largest ever reported. To this drive, which

### Johnny Gets His Gun

CAVALRYMEN IN UNCLE SAM'S NEW ARMY ARE TRAINED TO BE MOUNTED RIFLEMEN

By MILTON BRONNER NEA Service Staff Correspondent

WASHINGTON, Nov. 15.—John Q. Citizen may be assigned to the cavalry by the officers if they find he understands horses or is familiar with motor lorries or other gasoline-driven vehicles.

He will have a great surprise when he learns that the American cavalry is 40 per cent motorized and still 60 per cent horse-mounted. American army officers still hold that for broken ground, away from roads, for charges on a disorganized enemy, for certain kinds of scouting duties and for rear guard actions, horses are superior to motor vehicles.

John will also learn that the sword and the lance have been dropped. The American cavalryman is a mounted rifleman. He is taught the first elements of drill exactly like the infantryman.

Then he learns the care of cavalry horses and mounted drill. He learns to fight either mounted or dismounted. His shooting practice is considerably different from that of the infantryman. He shoots at targets made like the silhouette of a man kneeling on the ground or crouching. These targets are partially concealed in the grass or bushes.

The new cavalry has machine gun troops armed with 12 of the 30 caliber machine guns. Men attached to such a troop have gun drill and field fire. There are scout troops each with five armored cars, each car carrying one of the 50 caliber machine guns and two of 30 caliber.

Then there are special weapon troops, consisting of two platoons with 50 caliber machine guns and one platoon with four 81 mm. mortars. Anti-tank troops have six 37 mm. anti-tank guns, each hauled by a scout car. What are known as service troops have 48 cargo trucks, each of 2 1/2 tons and 78 tractor-trailers which can carry eight horses, eight cavalrymen and their guns.

A completely mechanized squadron would have two scout car troops, each of 20 cars and one of men mounted on motorcycles. A brigade of cavalry will have six 81 mm. mortars, in addition to all the guns carried by the various troops and squadrons. A cavalry division, in addition to everything else, will have 18 12-ton tanks and an anti-tank troop armed with 13 37 mm. anti-tank guns.

By watching the steps of other couples whose hearing is normal, deaf people can dance in time to music.

Parrots will pick up simple sentences, without training, if they hear them often enough in household conversation.

St. Michael's cathedral whose pockmarked tower alone remained standing above the ruins of the church and the city of Coventry, England, after Nazi revenge raiders dropped tons of bombs on the ancient industrial city in a ten-hour night raid of devastation and horror. Casualties numbered at least 1000.

### WARSHIPS

Their destination as the Canary Islands; the fourth as Vigo, Spain. Even at the hour of their sailing, however, there had been speculation among shipping men that they perhaps were headed for a rendezvous with a German war vessel.

The Phrygia blew up this afternoon and slowly sank, five miles south of the Tannic jetties. She went to the same sort of graveyard as the 32,581-ton German liner Columbus, scuttled last December far off the United States Atlantic coast in a vain effort to breach the British blockade.

### Mind Your Manners

Test your knowledge of correct social usage by answering the following questions, then checking against the authoritative answers below:

- 1. Is it good manners to ask a friend how much he pays for rent?
- 2. Is it good manners to insist that a friend who is ill let your doctor "take a look" at him?
- 3. Is it good manners to ask a doctor or lawyer for professional advice when you meet him socially?
- 4. Is it a good idea to try to sell to your friends some article that you want to get rid of?
- 5. Is it best to telephone friends before dropping in on them in the evening?

What would you do if—

Friends ask you for a week's visit and when the week is up your hostess urges you to stay longer—

- (a) Stay if you are having a good time?
- (b) Leave, knowing that it is best to leave before you wear out your welcome?

Answers

- 1. No. Though it is all right to recommend your own doctor, if you aren't insistent.
- 2. No. Go to his office if you want his professional advice.
- 3. No. For it is hard for them to turn you down. Besides, if a friend buys it and feels it was a bad bargain, you may lose a friend.
- 4. Yes.
- 5. Best "What Would You Do" solution—(b).

The Gray County Singing convention will meet at 2 o'clock this afternoon at Grandview, 13 miles southwest of Pampa.

More than one-half of the flowers in the world are some shade of red.

American railroads carry passengers an average of 64 miles per dollar today, as compared with 32 miles in 1921.

### Assignment

(Continued From Page 1) Weir, both of S. M. U., Vernon district.

### Memorial Tribute

A brief memorial service was held for pastors, wives of pastors, and prominent lay workers, who had died within the year: W. H. Strong, A. M. Dupree, W. P. Garvin, G. S. Hardy, W. H. Terry, Mrs. J. R. Henson, Mrs. W. R. Gibbons, Mrs. J. T. Griswold, Mrs. A. D. Roberts.

Garvin, Hardy, and Terry were pioneers in the conference. The Rev. T. S. Barcus, superintendent of the Perryton district, delivered the invocation.

By a vote of 124 to five, the conference voted to substitute the word "consecrate" for "ordain" in the induction of bishops.

Addressing the conference Saturday morning, the Rev. C. Gordon Bayless, pastor of the First Baptist church of Pampa, extended greetings on behalf of the Pampa Ministerial alliance. He said that despite the reputation oil field cities have, Pampans were responsive to the cause of Christianity.

Transfers Reported Announcement was made of the following transfers into the conference: From East Oklahoma, the Rev. S. Y. Allgood, replacing the Rev. E. A. Reed at Abertown; the Rev. B. V. Byars from Central Texas to Highland Heights church, Sweetwater.

Lubbock district led the conference in its progress report, with four new churches, 2,009 additions in membership, of which 595 were on profession of faith and 1,414 on certificate. The Clarendon district, in which Pampa is located, the report was 805 additions, of which 309 were on profession of faith, 469 on certificate. There were 79 infant baptisms, no licenses to preach granted, three churches dedicated, and 93 per cent of benevolences raised.

Announced as eligible to be received into the conference in full connection were these ministerial candidates: H. C. Coggin, Southland, Noel Bryant, Sparenberg, H. H. Hollowell, Ackley, John A. English, Big Spring, Jordan Groom, Polk Street Methodist church, assistant, Amarillo, J. L. Mayhew, Harp, Ellis A. Todd, James.

These men are to be ordained deacons in a ceremony tonight at the First Methodist church.

Bishop John M. Moore addressed the conference on plans to resume publication of the Southwestern Advocate, church organ which suspended publication four months ago. It is planned to start the paper again soon after the first of the year, with a circulation of 50,000.

A committee to take action on the matter was appointed, consisting of Harold Scoggins, Mrs. C. A. Bickley, J. H. Hicks, J. F. York, and Fred A. Strong.

Talks on Christian education were made by Dr. H. D. Bollinger, Nashville, Tenn., member of the general board of education of the Methodist church, and by Dr. Glenn Flynn.

The Women's Society for Christian Service has added 2,500 members and chartered 25 societies during the year. Mrs. C. A. Bickley, president, told the conference.

The Rev. P. H. Crutchfield of Vernon delivered the invocation yesterday morning. The Rev. Mr. Bayless was introduced by the Rev. W. M. Pearce, pastor of the First Methodist church. At the program Friday night the invocation was by the Rev. Owen W. Carter of Childress.

Clergymen and delegates attending the conference, which is being held at the First Methodist church, total 625. There were 500 present for the sacrament of the Lord's Supper held at 3 o'clock Friday afternoon which formally opened the conference.

The Rev. Cal C. Wright, Vernon district superintendent, was re-elected conference secretary for the 13th consecutive time. Also re-elected were his assistants, W. B. Hicks, Crowell, M. B. Norwood, Hereford, J. H. Crawford, O'Donnell, and H. L. Thurston, Aspermont.

Bishop Ivan Lee Holt of Dallas, presiding at the conference. Morning business sessions are held from 9 a. m. to noon, worship from noon to 12:30 p. m. The three Methodist churches of Pampa, with the Rev. Mr. Pearce and the Rev. H. E. Bratcher as pastors, are hosts. The Rev. G. T. Palmer of Clarendon, district superintendent, heads the committee on public worship. Other members are R. S. McConnell, A. N. Rogers, and the Rev. Mr. Pearce and the Rev. Mr. Bratcher.

Due to come up before a conference committee Monday is the case of a preacher in a West Texas town who reputedly protested removal from his charge.

### Plea To Restrain Construction Of Pipe Line Pushed

WASHINGTON, Nov. 16 (AP)—Attorneys for the Western Natural Gas and Independent natural gas companies renewed their motion late today that the federal power commission restrain the Natural Gas Pipeline Company of America from constructing a pipe line into Wisconsin until a pending hearing is completed.

Examiner E. G. Simpson said the motion would be taken under consideration. The hearing will be resumed Monday.

Western and Independent have filed applications for permission to deliver gas to distributing companies in Milwaukee and other Wisconsin cities. The Natural Gas Pipeline company intervened, contending that as it serves adjacent Illinois it can operate in Wisconsin without a certificate.

Testimony for Western was completed when Paul Kayser, president of the El Paso Natural Gas company and head of the Western firm, declared his company decided to seek permission to sell to Wisconsin distributors because the Natural Gas Pipeline had until recently taken no steps to go into the state.

He is contemplating, he said, development of about 50,000 acres in the Hugoton, Kas., gas field by his company if it was needed.

C. C. Cragin, general manager of El Paso, said the Western's proposed line from the Hugoton field to Milwaukee would be adequate to deliver necessary gas.

Development of about 50,000 acres in the Hugoton, Kas., gas field by his company if it was needed.

C. C. Cragin, general manager of El Paso, said the Western's proposed line from the Hugoton field to Milwaukee would be adequate to deliver necessary gas.

### Striking Aircraft Workers Revert To Original Demands

DOWNEY, Calif., Nov. 16 (AP)—Striking CIO Unionists reverted today to their original demands for a minimum wage of 75 cents an hour at the Vultee aircraft factory and issued a statement contending that if they are hampering national defense, then the company likewise is hampering it.

Peaceful picketing continued at the plant, which was closed yesterday about two hours after some 3000 members of the United Automobile and Aircraft Workers Union walked out.

A proposal to reinstate the 75 cents demand was adopted at a mass meeting of strikers near the plant this morning. The company has been paying 60 cents minimum. In the course of negotiations, the union offered to accept 65 and will still negotiate on that basis if the company will offer it, union leaders said. Company officials withheld comment.

### Red Given Passport

MEXICO CITY, Nov. 16 (AP)—The newspapers said today that Ernst Dahlem, general secretary of the outlawed German communist party, had been granted a visa to come to Mexico.

According to the version published by Excelsior, official permission to enter this country was given Dahlem at the personal request of Vicente Lombardo Toledano, Mexican labor leader.

## "Government In Democratic State" To Be AAUW Program Theme

Just Between Us Girls

By Johanna Davis  
"Be thankful for the little things that always come your way. For little things to wondrous size perchance may grow someday. Don't cast aside red roses just because of one sharp thorn. Remember, it's the darkest night that brings the brightest dawn."

### Mrs. Shackleton Named President Of Entre Nous

Officers for the new year were elected at the meeting of Entre Nous club members Friday afternoon in the home of Mrs. George Dyer. Those named were Mrs. E. A. Shackleton, president; Mrs. Alice Cockerill, vice-president; Miss Donnie Lee Stroop, secretary-treasurer; and Frank Bowers, parliamentarian. A program on Thanksgiving was presented with Mrs. Joe Lewis reading an article on "Let Us Be Thankful." Mrs. C. A. Tignor gave "Freedom Thanksgiving Day."

### FASHIONS DESIGNED TO "NEW ORDER"

None but military and essential services may use cars in Paris. So nearly everyone bicycles. To meet the new need, Lanvin created this cycling dress of olive-green wool, with divided skirt. It's worn by Lud. former Vogue model.

### Mrs. Cary Will Lead Delphian Program Friday

A program on "Rodin and Monumental Sculpture" will be presented at the meeting of Alpha Delta chapter, Delphian society Friday afternoon at 2:30 o'clock in the city club rooms with Mrs. C. E. Cary as leader. To open the program Mrs. Bob Thompson will discuss "Sculptural and Pictorial Values in Art" after which Mrs. J. C. Vollmert will speak on "The Development of Rodin's Art." Mrs. Roy McMillen's topic is to be "Monumentality, Monuments and Their Makers."

### TO PRESIDE AT AREA COUNCIL

Miss Valda Cypher of Borger will preside at the area council meeting to be held by Beta Sigma Phi sorority in Borger today. Registration will begin at 10 o'clock at Hotel Black, and the group will attend church in a body. A luncheon, business session and tea will be features of the day's program. Delegates from Amarillo, Pampa, Perryton, Dalhart, Canyon, and Spearman are expected to attend the meeting.

### Three Members To Be Hostesses At Club Rooms

Miss Alice Short will be leader of a program on "Government in a Democratic State," at the regular meeting of the American Association of University Women Tuesday evening at 8 o'clock in the city club rooms. She will be assisted by Mrs. M. E. Lamb, Mrs. George F. Friant, Mrs. Sam Irwin, and Miss Mildred Matteson. Mrs. Perry O. Gaut will give news flashes from national headquarters. Hostesses for the evening will be Mrs. William E. Dixon, Miss Josephine Thomas, and Mrs. John L. Bradley. Plans for the three marionette shows to be sponsored by the organization on December 11 and for the annual Christmas party on December 17 will be completed at this meeting. On November 25 Mrs. Hol Wagner will review "Who Walk Alone," a new biography by Perry Burgess as the second in the art series sponsored by A. A. U. W. Mrs. Wagner says the book is about the most stirring and courageous book she ever read. It is the story of a young American who had everything he asked of life just within his reach, when he learned that something had happened to him so terrible, so unmentionable, that it sent him into a lifelong exile on a tropical island. How, having literally lost his life, he found a new life not only for himself but for three million other persons, is beautifully related in this true story. "Who Walk Alone," has all the color and adventure of a travel book, has a bit of romance thrown in, and is worth reading from an educational standpoint. There will be a small admission charge for the review, which will be open to the public. A meeting of the executive committee will be held tomorrow afternoon at 4 o'clock in room 212 at the high school.

### Local Rainbow Girls Guests At Meeting In Borger

Five members of the local Order of Rainbow for Girls attended a friendship meeting in Borger this week which honored Virginia Swearingen, grand representative to Oklahoma of Rainbow for Girls. Going from Pampa were Venora Anderson, Frankie Foster, Marian Hoover, Edna Mae Cade, and Peggy Murphy. They were accompanied by Mrs. Burt Graham. All assemblies in the Panhandle were invited to attend the meeting and each asked to fill different stations during the initiation ceremony. After the service, refreshments were served in the dining hall which was decorated with fall flowers. Blue and silver streamers decorated the candlelighted tables on which flowers were arranged. A large rainbow formed the background. The honoree, Borger's mother advisor, and visiting mother advisors, were seated on one side and the visiting worthy advisors on the other side of the table.

### Regular Monthly Meeting Of P-TA Held At School

Woodrow Wilson Parent-Teacher association met Thursday evening for a regular monthly program which was attended by 200 parents. After Mrs. E. D. Anderson gave a report on the state convention at Dallas, a sing song was conducted by Paul Briggs and Gordon Bayless. The devotion was led by the Rev. Robert Boshen. Two clever stunts were given by Mr. Briggs, Owen Johnson, and Gordon Bayless, Jr. W. B. Weatherford spoke on "The Cure of Cancer." The main speaker was Chester Strickland of Skellytown whose subject was "Emotion is a Mover." Principal H. A. Yoder introduced a new teacher, Mr. Hammit, who will replace Terrell Davis. Miss Edgerton's room was first place for having the most parents present and Mr. Forrester's room was second. Coffee and wafers were served by the entertainment committee with Mrs. Shelby Gantz in charge.

### Pastor Speaks At Horace Mann P-TA Program

Fathers were special guests at the regular meeting of the Horace Mann Parent-Teacher association Thursday night in the auditorium. The program was opened with three numbers by the school band directed by Carl Adams and group singing led by Miss Elizabeth Sewell. The invocation was led by the Rev. B. A. Norris, pastor of First Christian church, was followed with the devotional by Mrs. Norris. A short business session was conducted with the president, Mrs. H. M. Stokes, presiding. Standing committees gave reports and Mrs. Stokes told of her trip to Dallas where she attended the state convention. Two special songs were sung by J. H. Flathers with Mr. Adams playing the accompaniment. Rev. Norris, guest speaker for the evening, discussed "Practical Education."

### Two Hostesses Honor Mrs. Coffee At Recent Shower

Mrs. M. B. Goodin and Mrs. F. A. Nabors were co-hostesses at a pink and blue shower given to honor Mrs. H. G. Coffee in her home Thursday afternoon. Attending were Mmes. Huell Moore, Clint Pridie, H. P. Harrison, Frank Slaten, LeRoy Blackman, C. A. Pixler, Helen Culverhouse, D. L. Brown, McCullum, George Cowan, George Scarborough, Jess Hess, George Clouseau, Melvin Bates, Thomason; Miss Less Allin, Ruby Harrison, Maxine Nabors, the honoree, and hostesses. Gifts were sent by Mmes. Ozmun, Kilburn, and J. C. Winburn.

### Legion Auxiliary To Have Meeting At Hall Monday

American Legion auxiliary will have a combined social and regular meeting Monday night at 8 o'clock. Mrs. W. L. Heskew and Mrs. Paul Hughey will be in charge of the entertainment and refreshments. The president, Mrs. Ralph Thomason, asked that all members of the executive committee meet at the hall at 7:30 o'clock. Mrs. Thomason urged that all members take their pillows to be donated to the veterans hospital in Amarillo to this meeting.

### Winter

"Come, little leaves, said the wind one day, Come over the meadow with me and play; Put on your dresses of red and gold, Summer is gone and days grow cold." "The Wind" by Emily Brontë

### November

No warmth, no cheerfulness, no healthful ease, No comfortable feet in any member, No shade, no shine, no butterflies, no bees, No fruits, no flowers, no leaves, no birds—November!

### From beef or lamb or pork or veal

A woman must contrive a meal. Add poultry, fish sometimes, and also From these must wrest variety.

### Father's Night

Many of the proud fathers have had their annual opportunity this week to prove their ability at speech making at the monthly meetings of the various Parent-Teacher associations. In connection with National Education Week, back-to-school and Father's Night programs have been observed by most of the units with men in charge.

### Pollyanna Class Sets Second Tuesday As Meeting Day

A business meeting of Pollyanna class under the direction of Mrs. W. B. Henry, of First Baptist church, was held at home of Komo Jo Johnson. Duties were read to the girls by the president Tolene Davis, who conducted a discussion on the recent study course. New arrangements of the class were discussed by Mrs. Henry and class minister, Mary Lou Douglas, reviewed recent contacts and made plans for the Christmas baskets to be given to needy children. The regular business-social day was set for the second Tuesday of every month. The meeting was closed with prayer led by Mrs. Henry, and the girls joined in union in singing the "Lord's Prayer."

### Refreshments of cocoa and doughnuts

were served to Earnestine Crane, Virginia Covington, Juanita Caldwell, Orene Alford, Blanche Day, Tolene Davis, Mary Frances Yeager, Jenny Lind Myatt, La Vita Ligon, Faby Perry, Alice Marie McConnell, Komo Jo Johnson, Betty Mounts, Mary Lou Douglas, Ellis Fae Sullivan, and the teacher, Mrs. Baker Henry.

### Popular Book

In case you're eager to get started on your winter reading campaign, visit the local library and see the many, many new books received this week. Included in the group are at least two copies of E. Hemingway's "For Whom the Bell Tolls," which is either being read or discussed by practically every person in town.

### Psychology

"You can forget your troubles if you work hard," says a psychologist. To us, that's like putting pepper in our eye to cure the toothache.

### Two Problems

Getting what you want out of life depends upon your solving two tough problems: Deciding what you want, and working hard enough to get it!

### Mrs. Moot Hostess To Kingsmill HD Club Members

Kingsmill Home Demonstration club met recently in the home of Mrs. C. W. Moot with Mrs. O. G. Smith, president, in charge of the business session. Mrs. D. L. Lunsford was elected secretary to fill the vacancy left by Mrs. W. B. Davis who has moved away. Plans were made for the achievement day program to be given November 27 in the home of Mrs. O. G. Smith and for the Christmas party to be held on December 17 in the home of Mrs. D. L. Lunsford. A report of the Gray County Home Demonstration council was presented by the hostess. Present were Mmes. G. Frashler, J. R. Coombe, Nat Lunsford, O. G. Smith, S. C. Elkins, C. T. Nicholson, D. L. Lunsford, M. G. David, C. F. Bastion, L. L. McGee, Jessie Boyer, and one visitor, Mrs. Cobb.

### Thanksgiving Party Planned By Senior Girl Scout Troop

Senior Girl Scouts met Thursday to plan their work for the month. The committee named to give the Thanksgiving party next week is composed of Juanita Osborne, Mary Alice Board, Leola Hogsette, Louise Baines, and Doris Smith. Plans were made to begin work on a play to be given Christmas and names were drawn for a Scout pal. Those present were Doris Baines, Louise Baines, Doris Smith, Tampa Mae Kenner, Mary Alice Hummal, Mollie Kennedy, Robbie Lee Russell, the leader, Maurine Jones, and one guest, Erma Lee Kennedy.

### Bethany Class To Have Turkey Dinner

Members of Bethany class of First Baptist church will entertain with a turkey dinner at the church Thursday night at 7 o'clock for their husbands. Members in service and their husbands are invited to attend the dinner. Gifts were sent by Donna Conley and Gail Lilly.

### Viernes Club Meets In Home Of Mrs. Flaherty

Mrs. L. J. Flaherty entertained Viernes club Friday afternoon when she was presented a serving tray by the members. Plans for a Christmas dinner and party were made and names were drawn for exchanging gifts. Present were Mmes. W. S. Brake, Grant Anderson, A. F. Washam, Charles Miller, J. C. Reed, Homer Doggett, Coyle Ford, W. E. Robinson, and the hostess, members; and one guest, Mrs. A. S. Crawford. The next meeting of the club will be held on November 29 in the home of Mrs. W. S. Brake, 1020 East Browning avenue.

### Seventh Birthday Celebrated By Patsy Ruth Worrell Friday

Honoring Patsy Ruth Worrell on her seventh birthday, Mrs. T. J. Worrell was hostess at a party at home, 1309 Christine street, Friday afternoon. Puzzles, fortune telling, and other games entertained the youngsters and favors of bags of candy were presented to each. Pink candles topped the white birthday cake which was encircled in autumn leaves. Present were Iris Ann Collins, Sid Mills, Billie Rex Campbell, Janelle Williamson, John and Bobby Allford, Ruth Ann Barrett, Betty Lou Howard, Shirley Sechen, Audrey Nell Choate, Ellice Hobbs, Oatherine Ann Harris, and Patsy and Jeanne Worrell. Gifts were sent by Donna Conley and Gail Lilly.

### Girl Scout Troop Four Has Wiener Roast After Meeting

A regular meeting of Girl Scout troop four was held recently at the little house. After the business hour, a wiener roast was held. Those present were Paula Jean Clifford, Ann White, Ramona Dickey, Mary Louise Burge, Phyllis Parker, Lois Shaddock, Helen Marlin, Margaret Covington, Aleita Anisman, Joan Coonrod, Sylvia Bryan, Mary Jo White, Lucille Duvall, Oran Jean McCarty, Mrs. Sam Anisman, and Miss Corinne Landrum.

### Reports Of State Convention Given At P-TA City Council

Highlighting the Parent-Teacher City Council meeting Thursday were reports from the state convention in Dallas given by Mrs. H. M. Stokes, Mrs. E. L. Anderson, and Mrs. C. C. Cockerill. All conferences and lectures given were reported on by these three delegates from Pampa ward schools. During the business session, Mrs. C. E. Cary was elected publications

### Tete-A-Tete Members Meet

A regular meeting of the Tete-A-Tete club was held in the home of Miss Marcella Campbell recently. Attending were Misses Orene Alford, Virginia Covington, Virginia Lee West, Bonnie Frank, Marcella Campbell, Louise and Beatrice Stotts.

### MUSICAL, McLAGLEN AND POWER ADVENTURE YARNS TOP BOOKINGS

Woo-Woo Herbert in Cast of Clever "Hit Parade"; Hord-Boiled 'Flogg' Off To New Fields Of Glory; Tyrone Power Hero Of "The Mark Of Zorro"

By BROWNWOOD EMERSON

Sure sign of a new year is the new date two months in advance, so now it is official that another year is near with the title of Republic's 86-minute comedy featuring Kenny Baker, Frances Langford, and Hugh (Woo-Woo) Herbert.

It's called "The Hit Parade of 1941," and, as hinted by the tag, is a comedy, offering clever singing and dancing, blended to offer corking entertainment.

The plot of the picture deals with Herbert as the befuddled owner of an antique shop who trades it in for a radio station.

Not that the plot matters much in pictures of this type, as it's the gags, songs, and dances that primarily appeal.

Baker and Langford handle the songs with "Who Am I?" and "Swing Low, Swing High" and the best of six numbers written by Jule Styne and Walter Bullock, says The Film Daily. Dancing of Ann Miller is a standout. On the LaNora screen Wednesday and Thursday.

Swaggering Victor McLaglen, as tough as a mobster czar, has another of his typical roles in Mascot's "Laughing At Life," dealing with "Captain Flagg's" adventure in leading a South American revolution in the McLaglen way.

Pic's prototype has McLaglen as Captain Easter, (an ill-fitting name for the blustering iron-fisted Victor) who gains glory in World War I, winning a decoration for leading an advance that captured a coveted hill.

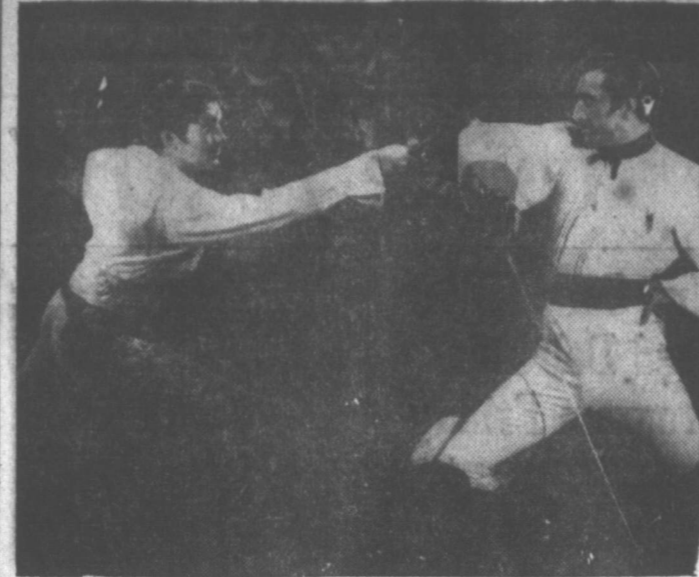

It wouldn't be true McLaglen, however, if same advance had not been against the brass-hats orders, and said Victorism brings him before a court martial. This, of course, is all in the day's work.

You pick up the rest of the yarn here. It's on the Crown screen today, tomorrow, and Tuesday.

20th Century-Fox puts Tyrone Power, Texas' Linda Darnell, and Basil Rathbone at the top of the cast of a colorful exciting adventure drama, "The Mark of Zorro." Power, one of the best swordsmen in Spain, is summoned to his home in California by his father, who has been deposed as alcalde by Bromberg and his army leader Rathbone.

Power plays the swashbuckling hero in this colorful setting. Production opulence and technical skill combine to make a picture with strong general audience appeal. Running time, 93 minutes. At the LaNora today, tomorrow, and Tuesday.

### CALIFORNIA BANDIT

En Garde! Tyrone Power and Basil Rathbone here provide one of many thrilling sequences in the "Mark of Zorro," 20th Century-Fox film now at the LaNora theater. Cast as the great California bandit, Power is starred in the most famous and colorful of all screen roles. Linda Darnell and Rathbone head the supporting cast.

### STORY OF TENEMENTS

New York's "other side of the tracks" gives John Garfield, left, the background for another Garfield-tangles-with-law yarn, with John as the prisoner who finishes a stretch in San Quentin prison and comes East, accompanied by Brenda Marshall, his "girl friend," to see William Lundigan, an adopted brother, graduated from college. In the scene above, the place is Mama Ravio's restaurant, with Marjorie Rambeau in that role. At the right is George Tobias. Warner's, 73 minutes, "East of the River," is on the LaNora screen Friday and Saturday.

### THIS WEEK IN PAMPA THEATRES

**LaNORA**  
Today, tomorrow, and Tuesday: Tyrone Power, Linda Darnell, and Basil Rathbone in "The Mark of Zorro."  
Wednesday and Thursday: "Broadway Bill," with Myrna Loy and Warner Baxter. Short subjects and news. Friday and Saturday: "Billy the Kid Outlawed," with Bob Steele. Chapter 4, "The Clutching Hand," Cartoon and news.

### HARMONICA GANG

Borrah Minevitch and his Harmonica Rascals as they appear in the Republic comedy with music, "Hit Parade of 1941." A small army of comedians and comedienne is used to advantage in the 86-minute Republic comedy, which has Kenny Baker, Frances Langford, and Hugh Herbert as the principals. Herbert is seen as the befuddled owner of an antique shop, induced to trade it for a small radio station. His principal aide is his nephew, Baker. At the LaNora, Wednesday and Thursday.

### RAYE OF SUNSHINE

It's the story of "The Farmer's Daughter," who turned Broadway wise-guys into handy men, with Martha Raye playing the title role and Charlie Ruggles in the principal featured assignment. Paramount's "The Farmer's Daughter," on the State screen Tuesday.

### Horace Mann P-TA Groups Sponsor Review Of Book

Study group and room representatives of Horace Mann Parent-Teacher Association sponsored a review of James Lee Llenwood's "There's No Place Like Home," given by Mrs. H. H. Hahn in the school auditorium this week.

The philosophy stressed throughout the book, a character study of an everyday family, the Llenwood's, is to understand the problems of members of our families, while they in turn must understand our problems and help with solutions in order for the family to live together in a congenial home, according to Mrs. Hahn.

The story concerns the family, mother, father, five children, and grandmother, their problems and adjustments as applied to everyday families.

Mrs. Hahn was introduced by Miss Griffith. A short business session and announcements followed.

Fifty-nine members and guests were present.

### WOOD DIRECTS WESTERN

Sam Wood, who megged "Goodbye Mr. Chips," No. 1 in The Film Daily's Ten Best Pictures of 1939, shows his versatile directorial skill in Paramount's western, "Rangers of Fortune," Albert Dekker, Fred MacMurray, and Gilbert Roland are pictured above in a scene from this yarn of the three cavaliers whose sympathies lead them to help a Texas border editor in his fight against land robbers. MacMurray and Patricia Morrison furnish the romantic angle. On the Rex screen today, tomorrow, and Tuesday.

### TWO-FISTED

Bill Elliott is seen above in the murderous clutches of Ray Teal in this scene from "Prairie Schooners," new Columbia thriller, at the Rex theater Friday and Saturday, with Evelyn Young. In the new outdoor action drama, Elliott portrays Wild Bill Hickok, two-fisted trouble-shooter of the Old West.

### SKIPPER

The navy's war games are scuttled and the romance between co-stars Nancy Kelly and Jon Hall is nearly blasted when "Skipper," the adopted sea-going baby, (all three above) is smuggled aboard the flagship in "Salvo's Lady," the 20th Century-Fox picture at the Rex theater, Wednesday and Thursday.

### Dance Planned By Kit Kat Klub At Recent Meeting

Kit Kat Klub members met in the home of Miss Jerry Nell Stinson recently.

Plans were made for a Thanksgiving dance and turkey raffle.

Attending were Jeannie Graham, Marguerite Kirchman, Pat Blsett, Jerry Nell Stinson, Jean Chisholm, Doris Ann Davis, Carolyn Darnell, Mary Gurley, Margaret Burton, and a new pledge, Janice Wheatley.

### Posters Entered In Contest By Local Girl Scouts

Miss Sallie Cahill, Girl Scout director, is receiving posters now for the contest which will close on November 25.

Judges will be Tex DeWeese, Mrs. F. M. Culbedon, Miss Corinne Landrum, Miss Sallie Cahill, and Miss Roy Riley.

Girl Scout equipment will be given for prizes.

The Druids regarded mistletoe as an antidote for all diseases.

Speaking of spelling, I wish actors names and actresses all spelled their names the easy way. Take Olivia de Havilland, for instance. I've seen the "de" capitalized, other times not. And why that second "l" in Havilland. Just when you get used to the two "l's," there comes along a Morrison, spelled the easy way.

### Baptist Circle To Be Hostess Monday Night

B. and P. W. circles of First Methodist and First Presbyterian churches will be guests at the next meeting of the First Baptist B. and P. W. circle, which will be held in home of the Rev. and Mrs. C. Gordon Bayless on November 18, at 8 o'clock.

Mrs. W. L. Bengie will review Lorraine Carr's "Mother of the Smiths." All members and prospective members of the three circles are invited to attend.

Miss Corinne Landrum acted as hostess to the circle at a recent meeting. After a short business session, Mrs. J. W. Marshall of Dallas, who returned with her husband from Japan and China, in September, spoke on "Missionary Work Amid War Conditions in China and Japan."

Eight members were present at the meeting.

### Band Plays First Time At Father's Night Program

Blue and Gold band of Sam Houston school, under the direction of Jacques Farnum, made its initial appearance of this year Thursday night when the Parent-Teacher association observed Father's night.

Ruthie Franks also played a flute solo accompanied by Miss LaNell Sheehan at the piano. Winston Savage, principal, acting as master of ceremonies, introduced Dr. R. A. Webb who spoke in behalf of the campaign being carried on by the Women's Army of America for the Control of Cancer.

He stated that 45 per cent of cancer deaths occur among men and 55 per cent among women. The deaths from this disease seem to be evenly distributed among the population but people of fair, thin skin seem to be more susceptible to it. The cure of cancer today depends on X-ray, radium and surgery, and these three mediums have to be used in the early stages of the disease to effect a cure.

Glenn Moody led the program on "Practical Education." He pointed out "what we learn after we think we know it all is what really counts. The schools should and can teach that a democracy is the best way of living together," he added, "and that motion pictures are being used more and more in the school room as a medium of class work. Fred Roberts dealt with the question of 'Adult Education,' pointing out that living is education; therefore, education has to be continued. One of the places we fall in is the adjustment of ourselves to our own family. Some of the things we might learn to help us are first aid and life saving. We know what has happened in Europe and what is happening in America today, therefore, we must learn to help each other, he continued.

In regard to "The Part Radio Plays in Education Today," Johnny Wells stated that radio has begun to play a very important part in the education of our children. It has placed our knowledge of art, history, and music on a much higher plane than it has ever been before. Roger Swann pointed out that reading is an art but it is becoming a lost art in that children are not reading as much as they should. Things are no less real that we see in our minds than those we see with the eye. Adults should select well illustrated books and interesting books for their children. Children must learn to discriminate between what is true and what is false. People should

### RAINBOW GUEST

Miss Frankie Lou Keehn is among the entertainers to be presented at the Dr. L. Q. program at 7:30 o'clock on November 29 in the city hall under the sponsorship of the local chapter of the Order of Rainbow for Girls. Frankie Lou is assistant to Kathryn Vincent Steele. Also on the program will be Mrs. Otto Patton who is to read "The Minister's Mistake."

not be spoon fed with knowledge but both sides of a question should be given." Mr. Swann stated.

At the executive board meeting held Thursday morning, Mrs. C. G. Cockerill gave a report on the state convention. Mrs. V. L. Hobbs was elected to serve the unexpired term of Mrs. R. C. Brumley as vice-president.

Birthdays were celebrated for Ina Jo Hawthorne. Mrs. Paul Hawthorne entertained her daughter, Ina Jo Hawthorne, with a party on her seventh birthday last week.

Refreshments were served to Mesdames T. J. Harvey, Charlotte Ann Altsick, Laura Louise Whipple, Ruth Ann Sibley, Don and Larry Duencel, Bobby Roy Dyrson, Billy Bob Norris, Ouida Sanders, Vesta Grace James, Barbara Leitch, Joan Clay, Frances Jean Gilbert, Dibrell Stowell, Betty Hawthorne, Jane and James Frichard, Shirley McPey, Carolyn Fletcher, Shirley Selton, Tommie Allison, Mrs. Ollie Alston, and the honoree.

Gifts were sent by Virginia McNaughton, Helen Kay Wilson, Mrs. Ramona Wilson, Martha Ann Bowen, and Richard Lee Malden.

Pampam Selected As Beauty Queen For Freshman Class. Miss Joan Gurley of Pampa has been elected one of the three beauties of the freshman class of West Texas State college at Canyon.

### Methodist WSCS Circles Postpone Regular Meetings

Women's Society of Christian Service of First Methodist church will not meet in regular session Monday because of the Northwest Texas conference which is in progress at the church.

On the following Monday a monthly business meeting will be conducted in the basement of the church. Next regular circle meeting will be held on December, and hostesses for each circle will be announced later in the church bulletin and in the newspaper.

During the past week the seven circles have held meetings. Twelve members and one new member, Mrs. Tom Dean, of circle one, met in the church parlor with Mrs. Bob McCoy, chairman, presiding. Mrs. Elma Burke was elected assistant chairman to succeed Mrs. O. L. Qualls who has moved away.

Following the business hour, a week of prayer program was given to honor a deceased leader, Mrs. Clara Tucker Perry, who has been given a chair at Scarritt college. Mrs. Walter Daugherty was in charge of the program which included the devotionals by Mrs. W. G. Crowson, Assistant Mrs. Daugherty, Mrs. John Kestler and Elma L. Burke. One visitor, Mrs. V. J. Osborne of Skellytown, attended this meeting.

Mrs. Raeburn Thompson was hostess to 14 members and two visitors of circle two who met for a program on "New Roads Untried," with Mrs. H. P. Donier as leader. After Mrs. H. H. Boynton spoke on "Faith," Mrs. Lawrence West, O. T. Hendrix, H. R. Thompson, C. T. Hunks, and Fred Kinard, gave the scriptures. Mrs. Walter Foster presented the meditation preceding a solo by Mrs. H. O. Roberts with Mrs. Frank Elliott playing the accompaniment. Taking part on the program were Mrs. F. W. Shotwell, Fred Kinard, Lawrence West, H. O. Roberts, W. G. Fahle, and A. F. Washam.

Members of circle three met in the home of Mrs. L. A. Barber to observe the week of prayer program. The treasurer gave a report on the pledges and roll call was answered by social service work done by the members. The call to worship was read in unison and "Rock of Ages" was sung. Mrs. W. S. Exley read the scripture from Matthew, after which "Lead Kindly Light" was sung and Mrs. W. C. Hutchison led in prayer.

Talks were given by Mrs. W. D. Waters on "Adventuring On Untried Roads"; Mrs. Emmett Osborne; "Scarritt Built for the Future"; and Mrs. Art Hurst, "Scarritt's New Day."

"I Gave My Life for Thee," was sung as a love offering was given for Scarritt. Refreshments of cake, whipped cream, coffee, and minis were served by the hostess to 10 members. Eight members of circle four met in the home of Mrs. E. P. Hollingshead. Mrs. Dan Leitch, leader of the week of prayer program, was assisted by Mrs. Bob McCabe, Doyle Osborne, E. V. Ward, and W. A. Rankin.

### MAKE THIS UP BOTH WAYS!

PATTERN 8830

Check up a smart everyday success for yourself, with this easy pattern (8830) and double its smartness by using plain color for the full skirt, collar and cuffs. Notice, by the way, in the small sketch, that this design gives you choice of a round tailed collar, or a pointed one. Of course this frock makes up charmingly in one color, too (imagine it in cherry-colored challis, for instance). But since bold, generous contrasts are so smart, especially in young clothes, you should at least have one such dress in two tones, or a combination of checked or plaid and plain.

Wool crepe, flannel, spun rayon and velveteen are other materials well-suited to this design. This style is to suit larger figures, with its gathered bodice, corselet waistline and full sleeves, whether long or short.

Pattern No. 8830 is designed for sizes 11, 13, 15, 17, and 19. Size 13 requires 1 1/4 yards of 56-inch material for bodice; 2 yards for skirt, collar and cuffs.

For a PATTERN of this attractive model send 15c IN COIN, YOUR NAME, ADDRESS, STYLE NUMBER and SIZE to The Pattern Book Co., 211 W. Wacker Drive, Chicago, Ill.

If you want to find out, quickly and authoritatively, just what's doing about waistlines, necklines and skirt flares, send for the New Fall and Winter Fashion Book! It pictures all the established styles for daytime and afternoon, in patterns that you can quickly and easily make for yourself at home.

Pattern, 15c; Pattern Book, 15c. One Pattern and Pattern Book, ordered together, 25c.

Special To THE NEWS. SKELLYTOWN, Nov. 16—"Americanism" was the topic of discussion at a meeting of the Skellytown Parent-Teacher association recently at the school auditorium.

Principal speakers for the evening were Grady Hazlewood, senator-elect of Amarillo, and Jack Little, representative, also of Amarillo. After the devotional and prayer by the Rev. B. J. Osborn, pastor of the Community church of Skellytown, a welcome address was given by Mrs. H. C. Boyd, P. T. A. president. The meeting was then turned over to Principal Chester Strickland on the program and the speakers of the evening.

First on the program were several selections by the grade school band under the direction of Wilbur Waggoner. At each band concert, Mr. Waggoner selects a student to direct a band number. Erma Lee Morris was chosen at this meeting and directed the final number, "America."

In speaking of "Americanism" and the meaning of "Democracy," Jack Little said, "It is our duty to practice democracy day in and day out and teach it in our schools and to our children. We should appreciate it so much that we would be glad to study and teach Americanism of our own free will."

He continued by saying that we would probably be forced to sacrifice some of our freedom of today, such as freedom of speech in order to stop a lot of propaganda and fifth columnist. He stated there would probably have to be some changes in the federal constitution. Other subjects touched on by Mr. Little were, National Unity program; annual Red Cross drive; public safety and preservation of life and other inspirational subjects.

He concluded by saying, "Let us do all in our power to continue honoring 'Our Flag' and remember this is the best form of government and let us continue to make it so." Grady Hazlewood in further stressing "Americanism," said, "The people should know their government better, make it their business to know how the tax money is being spent and how the government is being run." He stated that the ballot is where our power is and stressed the importance of voting. He said people are too indifferent about the affairs of the government, which should be "Our Affairs," the reason people have so much fault to find with the government is because they don't care enough to run the government.

Other guests introduced were Mrs. Jack Little, Amarillo, Mr. and Mrs. E. L. Callemore and children, Pamela, and Mrs. E. L. Anderson, president of the Woodrow Wilson P. T. A. of Pampa. The concluding number of the program was "Star Spangled Banner" sung by the girls chorus, accompanied by Miss Ann Sweatman at the piano.

### Marriage Of Miss Stein Solemnized In San Antonio

Miss Bessie Vivian Stein, daughter of Mr. and Mrs. J. M. Stein of Pampa, became the bride of Philip Pfeiffer Brown Saturday evening, Nov. 9, in the Gunter Hotel at San Antonio with Dr. David Jacobson officiating. The bridegroom is the son of Dr. and Mrs. A. A. Brown of San Antonio.

The bride, who entered with her father, wore an afternoon dress of royal blue crepe, with a silver iridescent metal cloth girdle. She carried a colonial bouquet of gardenias and stephanotis.

Miss Anne Stein was her sister's only attendant, and she wore a beige afternoon dress and carried black accessories. Alexander Brown assisted his brother as best man.

A reception was held in the Gunter Hotel immediately after the ceremony. Mrs. Stein wore a black brocade afternoon dress, her corsage was of gardenias. Mrs. Brown, mother of the bridegroom, wore a black crepe dress, the sleeves of which were embroidered in gold thread. Her corsage was of lily of the valley. Mrs. John Pfeiffer, grandmother of the bridegroom, wore a black crepe dress beaded in tiny black beads.

Assisting at the reception were Misses Tobias Flatow, sister of the bride; Sam Patton and Miss Anne Perleman, Miss Betty Brown, sister of the bridegroom, was in charge of the bride's book.

Out-of-town guests at the wedding included N. Eidelman, Frederick, Colo.; Miss Anne Perleman, Galveston; Mrs. John Pfeiffer, Amarillo; Laredo; Mr. and Mrs. Tobias Flatow, San Antonio; Max Flatow, Austin; Judge Robert Stayton, Austin; Miss Laura Patterson, Pleasanton; Joe Joseph, Texas City, and John Pfeiffer, Austin.

Mrs. Brown, who was graduated from the Pampa high school and the University of Texas, has been teaching in the Luther Burbank High school in San Antonio. She has been appointed associate director for Texas of the department of business education of the National Education association.

### Mrs. Bielefeldt Has Party For Daughter On First Birthday

Valerie Sue Bielefeldt celebrated her first birthday with a party at the home of her parents, Mr. and Mrs. R. P. Bielefeldt, 433 Hill street, Friday afternoon.

As the guests arrived, they discovered a box of toys which they played with during the afternoon. Judy Nance told the story of "The Happy Baby."

The guests gathered around the honoree as her gifts were opened. During the afternoon she received a kiddiogram from her father, who was out of town.

The tiered cake topped with one large candle was placed on the table and the youngsters sang "Happy Birthday" before the cake was cut and served with ice cream.

Attending were Judy Nance, Joyce Gordon, Marlene Leder, Charlotte Ann Leder, Jerry Tillstrom, Dorothy Ann Tinsley, Joseph Key, Mmes. William Tinsley, Joe Key, Carl Tillstrom, Frank Leder, Marshall Hubbard, and Miss Wilson.

Gifts were sent by Mrs. John Ketter and Mrs. Tom Dean.

### Parochial P-TA To Have Father's Night On Tuesday

Holy Souls Parent-Teacher association will have the annual father's night program Tuesday evening at 8 o'clock in the school auditorium.

The speaker will be the Rev. William Stack who will discuss "Practical Education."

W. B. Weathered, county superintendent of schools, will speak on the "Control of Cancer."

Men of the P. T. A. will conduct the entire program.

Study Group Of Junior High To Meet Tuesday. Junior High school study group will meet Tuesday morning at 10 o'clock in the red brick building.

Principal Frank Moore will speak in "Marriage Upheaval."

Mrs. A. B. Whitten is to give a report on the state P. T. A. convention in Dallas.

### The Social CALENDAR

MONDAY  
B. F. W. circles of First Methodist and First Baptist churches will be open at 10 o'clock in the red brick building.  
A. A. U. W. executive committee will meet at 4 o'clock in room 212 of the high school.  
Woman's Missionary society of First Methodist church will meet at 8 o'clock. One, Mrs. B. R. Coltrane, 433 North Hazel street; two, Mrs. G. H. Anderson, 610 North 301st street; three, Mrs. E. G. Teeter, 1006 North Somerville street; four, Mrs. S. T. Beauchamp, five, Mrs. T. J. Stephens, 214 North Gray street; and six, Mrs. Homer Doggett, 309 East Browning.

First Birthday Of Wanda Leigh Wehrung Observed

Honoring Wanda Leigh Wehrung on her first birthday, Mrs. J. P. Wehrung entertained with a party at home.

A patriotic color note was stressed. Centering the table which was laid with a white linen cloth, was a lamb-shaped cake, tied with a red ribbon, standing on a blue grass. Flags and blue stars surrounded the arrangement.

Balloons were given as favors to the youngsters. During the afternoon, kodak and moving pictures were made of the group.

Refreshments of birthday cake and red jello stars were served to Mrs. Joe Gordon and Martha Sue. Mrs. B. L. Hoover and Barbara and Buzza, Mrs. C. W. Briscoe and Dick, Mrs. John Skelly and Adelaide, Martha and Rebecca; Mrs. Dick Sullins and Sandra Ann, Mrs. Paul Kallish and Paul Rush, Mrs. W. C. Wilson and Jerry Don, Nancy Jameson, Alice Marie McConnell, Frances Frances Clegg, Mrs. H. A. Gilliland, Mrs. Clifford Hampton, and the honoree.

Gifts were sent by Mrs. James W. Smith of Tulsa, Mrs. Francis Smith of LeFors, Mr. and Mrs. J. Reynolds Wehrung and Mrs. J. West; Misses Mayme and Winnie Wehrung of Waco, G. W. Wehrung of Waco, Mrs. H. E. Gandy of Lamesa, Mrs. Owen Carter of Pampa, and Marilyn Mays of Amarillo. Also the honoree received a telegram from Patricia and Retha Jean Smith of Tulsa, and three cards.

Banquet Given As Courtesy To Methodist Pastor

MIAMI, Nov. 16—About 135 church members and other friends met in Fellowship hall of the First Methodist church Wednesday night honoring the Rev. and Mrs. W. A. Hitchcock with a banquet.

During the social hour which followed, Mrs. McKenzie, president of the local missionary society, had charge of the program. A cornet solo by Jack Cartier of Pampa, and Misses Rosemary Cowan and Lucille Nelson, and a vocal duet by Misses W. C. Scott and W. D. Allen, were included in the program.

After the presentation speech by J. C. McKenzie, a lace banquet cloth was presented to Rev. and Mrs. Hitchcock.

In his talk, Mr. McKenzie stressed types of ministry of man to his fellowman.

He first mentioned the good neighbor who ministers to his friend in time of trouble or need; then he discussed the family doctor who never refuses a call to those in distress; and finally, he spoke of the ministry of the pastor who ministers as Christ's undershepherd to His church and the world.

Rev. Hitchcock has been pastor of the local church the past two years, and after the conference in Pampa he does not expect to return.

Central Baptist WMS to Meet In All-Day Session

Woman's Missionary society of Central Baptist church will meet Wednesday morning at 10 o'clock in the church.

Lunch will be served at the noon hour and each woman is asked to take sandwiches and pie.

The afternoon program will feature a review of "Glad Tidings," by Mrs. S. W. Brandt.

SERIAL STORY

GOAL TO GO

BY W. H. PEARS

COPYRIGHT, 1940, NEA SERVICE, INC.

YESTERDAY, Buckville his team, sends them in against East determined to win. He refuses to let Bill play, fearing he might be accused of favoritism. West fights East to a scoreless draw, but in the third quarter, East's scrubs give East a touchdown. Score East, 6; West, 0.

CHAPTER XII

A MOAN swept East's stands as the point after touchdown failed. West received. From the 30-yard line they ran three plays, then punted.

"No gain," Bill groaned. "Buck, they'll never crack through the East line the way they're going. Those guys are smart and tough. I'll take plenty to score against them."

"I'll take something there's not expecting," Buck admitted. "They've felt us out now and they know what we've got. If I could only give them a surprise!"

Suddenly Bill snapped erect on the bench, lit up with excitement in his eyes. "Buck, you can give them a surprise—more than one."

A time-out for East gave Buck a chance to talk. "What do you mean, Bill?"

"Those plays we taught the scrubs, Buck. Remember how I ran on of them through the varsity?"

Hope kindled in Buck's eyes, then died. "Too risky, fellow. If I remove my varsity now I can't send them in again until the next quarter. And if your plays fail, those East boys are liable to rip the scrubs to pieces."

"But the quarter is nearly half over," Bill argued. "I know we can hold that long. It's our only chance, Buck."

In silence Buck Mentor watched the rapidly shifting pattern of play. East was playing the game safe, clinging to its slender lead, giving West no opportunity to gain.

He said finally, "Go ask the scrubs, Bill. Maybe they don't even remember those plays."

Billy's excitement was contagious. They swarmed about him, wild-eyed. "We haven't forgotten one of them, Bill. Honest! Two of them start exactly alike, except that the off-tackle—"

"Right!" Bill grinned, and turned back to Buck. "We can roll 'em for you, Buck."

Buck Mentor hesitated a moment, when his jaw set. "Okay, Bill, get ready. I'm going to gamble a lot on you fellows!"

Eleven eager scrubs high-stepped along the sidelines, warming up. Buck called time. An entire new team trotted across the field to report to the referee. A hush of astonishment gripped the

Bill Takes a Chance, Surprise Play Works; Final: West 7, East 6

stands as, one by one, the varsity returned to the bench.

AND then, as the situation became clear, a roar burst from the silence. Bill, however, was deaf to it, dumb to everything but the hard turf under his feet—stripped with white lines which he must somehow cross.

Bill took the pass from center, started to slice off-tackle. Expecting a running play, the East defense was sucked to the right. West's left end-cut far over; the right end blocked out the defensive halfback.

Bill was almost to the line of scrimmage when he veered off and heaved the pass. Running diagonally, the end gathered it in and scooted along the sidelines. He was thrown out of bounds on East's 40-yard line.

A 30-yard gain! The West stands roared to life. The cheerleaders hurled their megaphones heavenward and attempted to fly after them.

Bill called the off-tackle play, and the ball went to the tailback. The end darted out as if for another pass. Bill, running ahead of the ball carrier, cut down the defensive left halfback and the play rolled for 10.

First down on East's 30-yard line. The third play began exactly the same as the previous one. This time, however, the tailback slipped the ball to Bill. The wing-back and the end blocked out the defensive tackle. The East end broke in on him, but Bill wove away. He got up to the 19-yard stripe and was brought down.

Now Bill saw his advantage. The East boys were temporarily demoralized by the abrupt switch in strategy. He sliced the wing-back off-tackle and picked up five more. Speed counted now. Give 'em no chance to get organized.

West snapped from the huddle into formation, and a sweep around end carried to the five.

"Once more!" Bill gritted, wiping sweat from his face. "Push 'em back into the goalposts!"

They ranned into the center of the line. Bill was buried. He got to his feet dejected by the roar of blood in his head. Then he realized that the noise wasn't in his head; it was the crowd yelling. They had gone over!

The scrubs were putting on a wild war dance, but for Bill

there was no time to feel triumph. Who should try for the all important point after touchdown? Not one of the scrubs was a dependable kicker . . .

Bill's mind snapped to a decision. He must risk a pass, and he must do the job himself. He lined his team up, barked signals. The ball came back. Players charged him from every angle. He retreated, side-stepped until he saw his target in the end zone. Bill heaved the ball. A dozen hands seemed to reach up to bat it down. Then the end leaped high and clutched it.

West 7; East, 6.

But now, Bill knew, the lead must be defended. East received and began to roll. Time after time Laurie cut through the scrubs' ragged defense.

Clear to West's 20-yard line the East boys drove, and only the end of the third quarter held up their march. Buck Mentor acted promptly. Trotting across the field came the varsity of West—11 stalwart warriors, rested and eager to fight back the invaders.

"We couldn't hold 'em," Bill mumbled. "I'm sorry, Buck."

Buck Mentor snorted. "Look at those wildcats out there, Bill! They're taking care of your lead."

His words were true. East had been stopped cold. West took the ball on downs and punted out of danger. The East boys were whipped. They tried desperately to rally, but when the timekeeper's pistol exploded the score was still West, 7; East, 6 . . .

DUSK was settling over the empty shell of concrete when Buck and Bill were finally alone. For the past two hours Buck had been shaking hands and receiving praise. But now a wild horde of rooters had gone home to replay the game over cold suppers. The streets were deserted and still as Bill walked beside Buck's invalid chair.

Buck Mentor spoke quietly: "This is our victory, Bill. Tomorrow may bring us a defeat. But if we hang on and keep fighting we'll win another victory."

Bill nodded solemnly. "I guess that's right, Buck. You'll have a tough fight in the East. But I'm betting the two of us can lick almost anything . . ."

Buck stared into the smoky dusk. A slim figure waited for them at the corner. Without speaking, Helen Welch came and walked on the other side of Buck's chair.

The big man smiled gently. "You mean, Bill, the three of us can lick almost anything . . ."
