Japan Mobilizes Million Men As New War With Allies Looms

U.S. TO TAKE ACTION AGAINST JAPS TOMORROW

Ships Turn Away From U. S. Shores

Britain In Close Touch With U. S. Government

(By The Associated Press)
Japan's dream of conquest in the Pacific moved toward grim reality today with the reported mobilization of 1,000,000 men, while at sea her ships blanked out in silence and turned away from American shores.

In London, Foreign Secretary Anthony Eden told parliament that "certain defense measures in Malaya have already been enforced" to counter "the potential threat" of the Japanese occupation of French Indo-China.

The House of Commons cheered when Eden said the British government had "been in close touch with the United States government" on developments in the far east. British dispatches from Singapore said France's colony in the Orient ignored a recent offer of protection by Great Britain, the United States, China and the Dutch East Indies "against further encroachments from the outside."

In Rome, the authoritative fascist editor Virginia Gayde declared the Indo-China thrust was "the first episode" in Japan's "march to the south" and was undertaken in full agreement with the other Axis powers.

Dispatches from Saigon, French Indo-China, said concessions gained by Japan include the right to station warships in strategic Camranh Bay, on the southeast Indo-Chinese coast, only 800 miles from Singapore.

Moreover, these reports said, the Japanese may station warships at the river port of Saigon, and obtain air bases in southern Indo-China.

Foreign intelligence reports reaching Shanghai said the Japanese mobilization—the greatest since July, 1937, when the war with China began—had been in progress since July 17 and was still continuing.

Troop destinations were kept secret but advance contingents were expected to occupy newly-won air and naval bases in southern French Indo-China on Sunday, and as one Hanoi newspaper put it: "Indo-China is on the way to Singapore and the Netherlands East Indies."

In Berlin authorized sources declared Japan has informed Germany she is determined to oppose by every means any British attempt on French Indo-China or any threat to Japan's "new order" in the far east.

San Francisco reports said Japan, taking no chance of having her finest liners and cargo ships seized by the United States, changed strict orders of radio silence on her vast merchant fleet, halted suddenly on the high seas.

Forty-two Japanese ships were reported marking time or turning back toward Japan. There were indications that one liner, the Tatsu Maru, was headed for a Mexican port. Other Japanese vessels in Pacific coast ports rushed loading operations for a quick getaway.

On the Russian-German war front, London reports said that Adolf Hitler's invasion armies had renewed the offensive along the frontier line, but that there was "no decisive result gained by either side at any place."

Hitler's high command asserted the 34-day-old campaign was "proceeding according to plan," but it acknowledged stiff Red army resistance.

The Germans said a strong bunker group known as Emil Eyn on the Stalin line, south of the Pinsk marshes, surrendered yesterday after a fierce, 24-hour battle.

A Soviet war bulletin said "stubborn" fighting raged all last night in five main sectors—on the Ptrovsk front, north of Leningrad; on the Porkhov front, south of Leningrad; on the Potok-Nevel front, in the center; on the Smolensk front, where a deep German salient has been driven toward Moscow; and on the Zhitomir front, in the Ukraine.

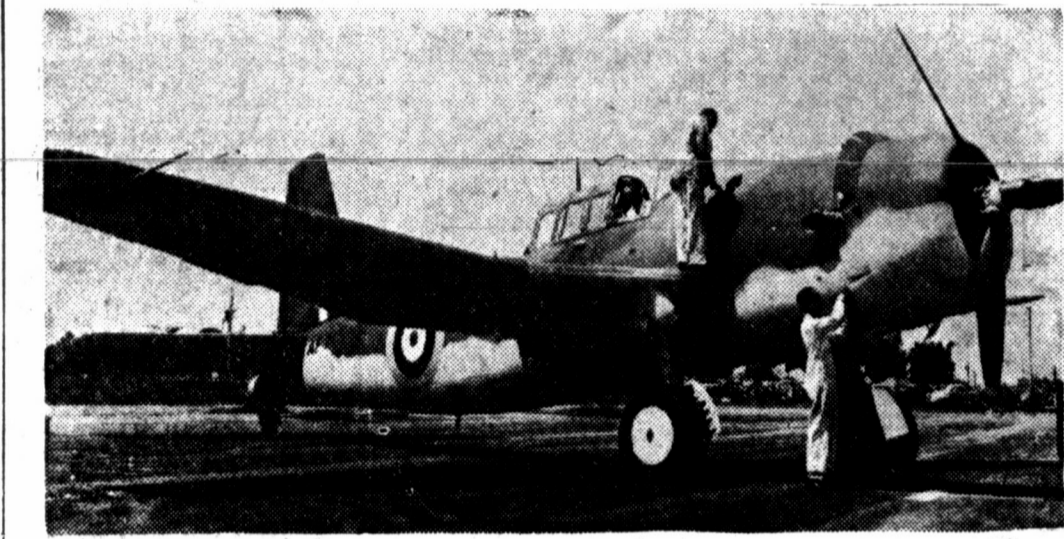

All have been scenes of fierce, indecisive fighting for many days.

Red army troops defending the road to Moscow reported they had annihilated an entire German infantry division (about 15,000 men) near Smolensk, and the Soviet capital's air defenses were officially credited with beating off a fourth successive night assault by German warplanes.

Unlike the three previous raids, each lasting precisely 5 1/2 hours, the Luftwaffe struck twice last night, from 9:45 p. m. to 11:10 p. m., and later in a two-hour attack.

An official Soviet announcement said that only one plane penetrated

Fugitive Convicts Captured On Highway

Wild Mexican Steers Will Be Bulldogged

Big Mexican steers, weighing 700 pounds or more, and "wild and snaky" calves will be seen at the bulldogging and calf roping matches to be held at 4 o'clock Sunday afternoon at Recreation park.

It takes good horses for the cowboys to excel in bulldogging, and Jimmie Olsen of Pampa and Charlie Lynn of Tucson, Ariz., are going to have two of the best.

Olsen was in Vernon today to secure "Red Wing," the horse formerly owned by Rip Barrett of Pampa. Lynn's horse will be "Sundog," the mount he used in winning the title of all-around cowboy of Southern California.

In all there will be 25 head of horses in the show, which will include horse races, jack pot calf roping, bronc and steer riding.

Nicaragua General Ordered Deported

MEXICO CITY, July 25 (AP)—An official of the ministry of the Interior said last night the deportation of General Roberto Hurtado from Nicaragua had been ordered because "he was carrying on activities here contrary to Mexico's international policy."

Hurtado arrived in Mexico as a political refugee during the regime of former President Cardenas after being expelled from Nicaragua. The nature of his alleged activities was not specified by the ministry official.

Diplomatic sources said they understood Hurtado had been associated here with a movement dedicated to changing the present Nicaraguan government.

These sources reported agents of the interior ministry had driven Hurtado in an automobile to Laredo Wednesday, but expressed doubt United States immigration authorities would permit his entry.

His deportation was an official information on his whereabouts.

Derby Contestants Presented Awards

Fried chicken and fame came together to a group of Gray county boys when the Pampa Lions club, Thursday, entertained the boys who raced their cars in the third annual Pampa News-Pampa Lions Club Soap Box derby held here last week.

After the luncheon, in which fried chicken had a prominent place on the menu, awards were presented by Frank Culbertson, derby co-chairman, to the city champion, first three place winners in Class A and Class B, and other awards given to the boy who had the best upholstered car, best designed, and car with the best brakes.

A feature of this year's derby luncheon, was the selection of a typical derby contestant, Frank Culbertson presented a flashlight to Gene Heard, who was designated for this honor.

Sheriff Cal Rose, co-chairman of the victory aluminum drive, today was almost covered with pots and pans, but he was happy—even if his offices were so littered with walking space was at a premium.

"The aluminum drive is crashing and banging away to a bigger success than we dreamed of," said Sheriff Rose. "And they're still bringing it in, and telephoning us to come get it. Not only that but they will get a chance to throw it at Hitler—that is a picture of Hitler. A likeness of the despised dictator will form the background for the aluminum bin and the victs allegedly were involved. A watch was set up at the Canadian river crossing about 20 miles north and another posse was stationed on the highway near Amarillo.

Keeping in close touch with each other and with headquarters in Amarillo by two-way radio, the two carloads of officers permitted the bandit car to drive past them toward Amarillo. Meanwhile, the highway was blocked by a wrecker and several police cars, nearest Amarillo.

When the convict car approached, the posse closed in from front and rear, and the fugitives threw down their arms without any effort to resist.

Officers picked up the convicts' trail last night near Enid, Okla., after a filling station operator 12 miles northwest of there reported a quartet answering their descriptions robbed him of \$10. Earlier the same four had been reported at Childress, Texas, and possibly at Liberal and Anthony, Kas.

Capt. W. W. Hall of the Harlem prison farm said the four took the Rev. J. W. Langham's automobile Sunday after threatening his chauffeur with a butcher knife. The chaplain had just arrived at the farm to conduct services. He left his chauffeur, a trusty, with the car.

U. S. Likely To Cut Off Japan's Oil

WASHINGTON, July 25 (AP)—Abandonment of the two-year-old policy of giving Japan access to United States oil in order to prevent aggressive action in the Pacific was considered a distinct possibility today, now that Japanese forces have moved southward to occupy strategic military and naval bases in French Indo-China.

Informed quarters here were agreed that extraordinary counter-measures were in the making as a result of the Indo-China affair—measures designed to express this country's opposition to the action already taken as well as to any further Japanese step in the direction of Singapore, the Netherlands East Indies or the Philippines.

Capitol Hill heard increasingly frequent speculation on use of the navy to safeguard American far eastern interests, while immediate prospects here were for some kind of economic action.

In this connection it was regarded as significant that Treasury Secretary Morgenthau cut short a visit with his parents in Bar Harbor, Me., to return to the capital today, explaining that the national emergency made it necessary for him to do so. In the past Morgenthau has been active in working out anti-Axis economic measures.

The possibility of an oil embargo arose after President Roosevelt in short blunt sentences—all phrased in the past tense—suddenly broke official silence on why the Japanese have been allowed to obtain American oil thus far.

Had the oil been cut off, he told a group of civilian defense workers at the White House late yesterday, "they probably would have gone down to the Dutch East Indies a year ago, and you would have had war."

Widely considered to be among the most significant aspects of the President's statement was that it was put in the past tense. From this was drawn the generally accepted inference that since the Japanese have acted in Indo-China he might be ready to impose an oil embargo along with other strong economic measures.

The seriousness with which the United States views the Japanese step was made known officially yesterday in a statement of Sumner Welles, acting secretary of state, who branded the action as one of aggression under the great of armed force and said it was taken to obtain bases for "further and more obvious movements of conquest in adjacent areas."

Military Committee Agrees On Draft

WASHINGTON, July 25 (AP)—Members of the senate military committee were reported today to have agreed informally on the general terms of a resolution by which congress would declare a limited emergency under which selectees, national guardsmen and reserves could be retained in active army service beyond the present one-year limit.

Senator Lee (D-Okla.) told reporters when he came out of a closed session that a "count of noses" within the committee had disclosed no opposition to a proposal under which congress would be asked to find that the national interests were imperiled.

Lee predicted that a revised version of the bill to be considered by the committee this afternoon would not disturb present prohibitions in the laws against the sending of selectees, guardsmen and reserves outside the western hemisphere.

Major General Milton A. Reckford, commander of the 29th division, testified today that 90 per cent of the men and all the officers in his division were in favor of extended military service "if the need exists."

"Frankly, I know the need exists," he told the house military committee.

First Contributions Made In USO Drive

Working smoothly and quickly, everything is in readiness for the county-wide U.S.O. campaign scheduled to start Monday morning, first of three days intensive canvassing which will be climaxed at noon Wednesday when all contributions are to be received.

County Judge Sherman White, county chairman, expressed confidence this morning that Gray county would easily make its \$2,000 quota.

At McLean, girls will seek donations to the U.S.O. from the public tomorrow, then on Monday and Tuesday, the drive will concentrate on stores and other business houses.

Contributions have already been taken. First organization to contribute to the campaign here is the American Legion auxiliary, which presented Judge White with a \$10 check for the U.S.O. signed by the auxiliary by Lillian B. McNutt, treasurer.

Churches to Assist
Announcement of the U.S.O. campaign will be made Sunday at the First Baptist church by the Rev. C. Gordon Bayless, pastor, and at Holy Souls church by the Rev. William Stack. The campaign was announced last Sunday also at Holy Souls.

Other churches in the city are to be contacted and asked to make similar announcements.

A series of radio speeches for the campaign will be open at 12:15 Sunday afternoon over Station KPDM, when Jack Hanna, Pampa vice-chairman, and others will be interviewed by Ray Monday of KPDM in a round-table discussion of the U.S.O. The interview will be 15 minutes.

Speeches are to be made by Captain Jack Smith of the Salvation Army, 8:10-8:15 p. m. Monday; Ted DeWesse, 11-11:10 a. m. Tuesday; George Heller, 8:10-8:15 p. m. Tuesday.

Two speeches are also to be given on Monday.

Texas A Relief After Washington To Associated Press Correspondent

BY L. T. EASLEY
Associated Press Staff

It's good to be back home for a change, after covering the Texas front in Washington.

Down here, 1,500 miles away from the District of Columbia, you find things still more or less normal and tend to forget the unnatural, feverish tempo of life in the nation's capital these days.

Thousands have found new employment on a defense projects throughout the Lone Star State, it is true, but to a native Texan returning from the center of the Washington whirl the atmosphere in

Texas really is one of normalcy. The boys in the filling stations still have their distinctive Texas accent. They fill your tank and then offer a friendly observation on the weather or roads. Too many operators in the east open their mouths only long enough to say how much you owe them. The girls in the restaurants seem a bit prettier and act like it's a pleasure rather than just a job to serve you.

The odor of post oak, as I drove along through wooded, rolling hills near Jacksboro just at sunset, was

FDR Reveals Action Will Be Specific

HAYDEN ROOSEVELT, July 25 (AP)—President Roosevelt disclosed today that the United States "could retaliate with specific action tomorrow against Japan's occupation of naval and air bases in French Indo-China.

He told a press conference there would be something out of Washington tomorrow, but would not say exactly what.

But to members of the presidential party spending the week-end here the most likely move appeared to be the freezing of Japanese credits and assets in the United States.

Many persons, indeed, considered that step inevitable with the objective the United States was ready to take additional measures appeared to be awaiting future determination, depending on how the international situation developed in the Pacific.

To a question whether events in the Far East would be specifically mentioned the dangers in the international situation, Mr. Roosevelt suggested that the answer be put this way:

Events in the Far East are bringing a greater awareness on the part of the public to the dangers of the world situation.

Speaking in the past tense in Washington yesterday, the chief executive had enunciated a policy under which this government had been letting Japan obtain oil from the United States with the objective of restraining her from invading the Dutch East Indies for petroleum.

"As of today," a reporter asked, "will this government follow the policy you outlined yesterday?"

Mr. Roosevelt said he could not talk about that. He said he had been describing what had happened up to the time he was speaking.

"You left the intimation that that policy might be over with," a reporter remarked.

But, Mr. Roosevelt said, he did not say so.

"We are trying to get you to today," his questioner replied.

Smilingly the president said he knew that was the case but that he just didn't have any news along that line.

The President said he had arranged to talk by telephone with Sumner Welles, acting secretary of state, at 10:45 a. m. (CST) and the indications were that they would have a lengthy discussion of the far eastern problem.

Putting up to Mr. Roosevelt what he termed a blunt question, a newsman inquired what the Japanese move into Indo-China and its implications would mean to America's neutrality.

The President said, is a terribly iffy question.

"Yes," his interrogator agreed, "but that's the interest of every American in this thing."

So many things have not happened, however, Mr. Roosevelt replied, and things that have not happened cannot be discussed. If there were some one definite link we could bank on as being the one that would happen, he said, we could talk on it. But that isn't the situation.

Japan's entry into Indo-China was a specific move, Mr. Roosevelt was reminded, and it was accentuated by Welles as dangerous to our security.

But we do not know what the move will be tomorrow or the next day, the President asserted.

In response to questions, Mr. Roosevelt said he thought the American people were no more aware of the international situation in the far East than they were in the West. But he said he had received yesterday reports from a newspaperman, two magazine writers, a cabinet member and two other persons who had been around and found that since March and April there had been a tremendous change, and the people were far more cognizant of the danger in the international situation.

Nevertheless the chief executive declared, there still is insufficient awareness.

On Sunday morning at 11 o'clock Rev. Canfield will bring his concluding message. A fellowship basket dinner will be served at noon, followed by a baptismal service in the afternoon.

Services will be held tonight and Saturday night at 8:15. The public is invited.

Truth To Be Topic Of Lesson-Sermon

"Truth" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, July 27.

The Golden Text is: "O praise the Lord, all ye nations . . . For his merciful kindness is great toward us: and the truth of the Lord endureth for ever" (Psalms 117:1, 2).

Among the citations which comprise the Lesson-Sermon are the following from the Bible: "And the Lord heard the voice of Elijah; and the soul of the child came into him again, and he revived . . . And the woman said to Elijah, Now by this I know that thou art a man of God, and that the word of the Lord in thy mouth is truth" (I Kings 17:22, 24).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "The eternal Truth destroys what mortals seem to have learned from error; and man's real existence as a child of God comes to light. Truth demonstrated is eternal life" (page 288).

The commission will ask fellow American and Canadian legislators to accompany them on a tour of Latin American capitals to extend similar invitations, these circles said.

Borger and Pampa To Clash In Another Battle Here Tonight

Gassers Win 8-5 Game In Eighth Inning

Pampa's Jaycees are going to form their own rooting section for the Pampa Oilers, and in addition are going to campaign vigorously to draw a big crowd to the game tonight, which starts at 8:30 o'clock, when the Oilers play the second of a two-game series with the Borger Gassers here.

The Jaycees will elect a "manager" and a "coach" to direct the ball game tonight. Candidates for the manager's position are J. E. Poy, Cal Rose, Fred Thompson, Wayne Exley, Dr. R. Malcolm Brown, Dr. H. H. Hicks, Dr. Cal Jones, K. I. Dunn, and R. L. Edmondson.

Gorden Nell and his Borger Gassers staged an eighth inning uprising last night to beat the Pampa Oilers 8 to 5 in the first of a two game series. The same two teams will play again tonight.

On Saturday night, Neil Hale and his Wichita Falls Spudders will be in Pampa to battle Sam Hale and the Oilers. Game time Saturday night will be 9 o'clock and a manager of the Jaycees will manage the Pampa team.

An added attraction at tonight's game will be the appearance of the famous blind soldier vocalist, Sgt. L. C. McMahon, who will present several numbers. McMahon, gassed and blinded in World War I, has appeared in every major and minor league park in the United States and Canada. Fans are invited to be at the game and welcome the vocalist who is visiting all parks in the West Texas-New Mexico league.

On Monday night, when Wichita Falls will still be here, the Pampa Dog Patch family will appear at the game. Pappy and Mammy Yokum and all their children will be on hand to see their first game of baseball. And if they get out on the field and try to play ball it'll be just because they don't know any better.

There was noise and more noise at Road Runner park last night than ever before as Pampa fans, who apparently saw some of the recent games in Borger and learned to pound the seats with pop bottles, almost raised the roof. But their noise couldn't pull the Oilers out of their losing streak. The fans will be back again tonight still doing their part.

Lefty Frank Glab of the Oilers and Clem Hausman, ace right-hander, hooked up in what looked like a hurrying duel last night and all went well until Glab succumbed in the eighth.

Four hits gave the Gassers two runs in the opening inning and they didn't score again until the eighth.

Present Cards Next Best Thing To 'Gas House Gang'

seventh when one run crossed the plate. Then came the eighth and four hits, two of them flukes, three walks and a sacrifice sent five runs across the plate and Borger won the ball game. LaPever relieved Glab but was wild and ineffective. Jimmy Reynolds put the Oilers ahead in the second when he bagged his first home run of the season with two men on. Then in the sixth Emmet Fulewiler parked his first home run since joining the Oilers, with one on base. Reynolds slugged one over the left field fence while Fulewiler parked his over the dead center field fence.

Stu Williams, leading hitter in the league, led the Gassers with three bingles. Reynolds and Fulewiler paced the Oilers with two hits each.

The Oilers were still without the services of Ernie Myers, big pitcher who suffered a serious knee injury last week, and Lou Frierson, first baseman, who lost a big toe when spiked in Borger last week. Both will be out another week. In the absence of Frierson, Calfish Smith is holding down first base.

Pitchers for tonight's game have not been announced.

Table with columns: AB, R, H, PO, A. Rows for BORGER and PAMPA players.

Totals: BORGER 38 8 14 27 10. PAMPA 38 5 9 27 10.

Errors: Hausman, Glab. Sacrifices: Williams, Hausman. Left on bases: Borger 12, Pampa 6. Base on balls: Hausman 12, Glab 10, LaPever 1. Wild pitches: Glab 1, Hausman 2. Passed balls: Reynolds. Losing pitcher: Glab. Umpires: Robinson and Rowland. Time 2 hours.

Two Army Fliers Killed Near Waco

BAKERSFIELD, July 24. (AP)—Two army fliers were killed when their training plane crashed and caught fire late yesterday 15 miles west of Waco.

The victims were Second Lieut. Charles M. Cox, 25, and aviation cadet Byron Sylvester.

They were attached to the Wasco unit of the army air corps basic training school at nearby Lerdo.

Cox was from Paris, Tex., and Sylvester, 24, from San Francisco.

Pros Out To Stop Hogan This Time

ST. PAUL, Minn., July 25 (AP)—Maybe little Ben Hogan can add more cash to the \$11,000 or so he has won already this season by finishing well up in the \$7,500 open golf tournament starting today, but if he does it will be only after a battle.

Grapevine reports say Hogan's feat of placing in the money in 52 consecutive tournaments has aroused the other pros and they are out to stop him this time. But the 135-pound Texan will take some stopping, for he apparently is definitely on his game.

Hogan fired a 67 in the pro-women preliminary round over the sunbaked Keller course yesterday, which is five under par, but he still was behind Sam Snead of the Hot Springs expert, who was as hot as the weather. Snead blasted out a 66 while the mercury soared past 100, his total including an eagle three on the 18th.

Lloyd Mangrum of Monterey Park, Calif., also turned in a 67 yesterday as did Johnny Bulla, the big, hard hitting Chicagoan. Mangrum's score, coupled with a 77 for his partner, Mrs. Lucille Mann of Omaha, Neb., was good enough for first place in yesterday's event.

Some of the other name golfers also served notice that Hogan will have something to beat to continue his money-winning record. Among them were Dick Metz, former Keller champion, who had a 71 and Clayton Heafner, Jimmy Hines and Benny Shute who carded 69's.

With the pressure turned on Hogan all the way, Metz' record 270 made in 1939 could be cracked. Pressure, however, never bothers Hogan. He has put on plenty of it himself and with the incentive of keeping his winning streak intact he might easily be the one to write a new mark in the book.

Sports Roundup

By EDDIE BRIETZ
NEW YORK, July 25.—Lou Gehrig's 406, Kim's first "play" named for "The Life of Lou Gehrig." Weather for the start of the St. Paul Open golf was almost as hot as Ben Hogan was at Arlington park who has 440 selling and cashing windows open or tomorrow's rich classic.

Those Martian-looking football hedges Northwestern's eleven introduced last fall have been adopted by the army for the use of parachute troops at Fort Benning, Ga. Craig Wood keeps right on playing like a champ, even in exhibitions—69 at Kansas City, 70 at Louisville, 63 at Pittsburgh and 65 at Buffalo. Dick Wakefield, the Tigers' 448 beauty, may not know it yet, but he's moving into a pitcher's league at Winston-Salem in the Piedmont.

Today's Guest Star
Sid Benjamin, Hazleton (Pa.) Plain-Speaker: "No wonder the St. Louis Browns lost to the Trenton Interlaters at Trenton Tuesday night. The Browns aren't used to playing before such large crowds."

Around And About
If you think you have to play on a big college team to make a name for yourself, what about the votes 19-year-old Phil Dymann of little Rockhurst college is getting for the all-star team? Andy Scott, the he-man film star, has four birdies to his credit in the Peter Dawson National Ringier tournament. Willie Turnesa, former amateur golf champ, now in business in Detroit, has been promoted to the point where he has to have a secretary.

Attendance at pro and open golf tournaments is up 30 per cent from last year. Ben Hogan, who has finished in the money in 52 consecutive tournaments, never has seen a big league ball game, but he is planning to take time off in October to see the Yankees and maybe the Dodgers. Until banished by Kirby Higbe Wednesday night, Frank McCormick had a streak of 549 consecutive big league games.

Today's Haw
Since Fordham started to crash the football big-time some years back, Boston College hasn't been considered big enough game for the Ram schedule. Just the same, seven Boston College players have been picked for the Eastern all-star team which will be coached by Jim Crowley—of Fordham.

Sports In Tabloid
Fight top: Fritz Zivic has fought in Newark five times and each time he went home winner by a kayo—out on the Eastern coast. Teddy Lyons was kidding Moe Berg, educated catcher of the Red Sox. "Went to eight universities," quipped Ted, "and never learned to call for the right pitch."

Bob Baumy of New York's "PM" is the only golfer writer in town who ever played the game professionally. Paul Derringer will be presented with a motor boat Sunday when Redland fans toss him a "day." And speaking of days, a piece of aluminum was the price of admission at ladies day yesterday in St. Louis. Teddy Yarosz, former middleweight champion, is running for tax collector in Monaca, Pa., and here's a vote for Teddy.

McNeill Beaten Again, Doesn't Know What's Wrong
SEA BRIGHT, N. J., July 25 (AP)—The enigma that is Donald L. McNeill, tennis champion of the United States, remains unsolved.

"For the life of me, I don't know what's wrong. Your guess is as good as mine." This from McNeill himself. It doesn't take an expert to pick out glaring flaws in McNeill's technique. McNeill knows there's plenty wrong with it, but no one yet has been able to offer an explanation for the disintegration of a game that carried the modest, soft-spoken Oklahoma to the top of the heap last year.

Some say it's a loss of confidence, but McNeill says not. "I feel better than I've ever felt before," he says. "When I go out on the court, I feel I can win and I play to win, but the shots just don't go where I want them to."

Yesterday, in the quarter-final round of the 54th annual Sea Bright tournament, McNeill fell victim of the tournament's biggest upset. He was beaten by 20-year-old Ted Schroeder in straight sets, 6-3, 7-5. McNeill acknowledged he was "pretty discouraged, but his far more ready to admit that his game is beyond salvage."

"By the time the nationals come around, I hope to be myself again. After all, this sudden change from clay to grass does make a difference. And besides, Schroeder is no soft touch, and he did play fine tennis today."

McNeill wasn't the only victim of the switch to grass, for while McNeill was being defeated by Schroeder, Frankie Parker, who had scored virtually a grand slam in clay court competition, was being crushed by Wayne Sabin, 6-2, 6-4.

Who Is This Ernie White Of Cardinals?

ST. LOUIS, July 25 (AP)—Who is this Ernie White who has pitched the St. Louis Cardinals right back into first place in the National league by racking up three mound victories in as many days?

Both the New York Giants and Brooklyn Dodgers, his chief victims, will tell you he's one fine, hard-working southpaw and they regret the day he ever changed his mind about becoming a first baseman.

Always clamoring for work, Ernie chalked up his tenth victory yesterday by stopping the Giants cold in relief, just as he had the previous day to win No. 9. The day before he drew the starting assignment against Bill Terry's crew and recorded victory No. 8, although he didn't finish the game.

The pennant-mad Dodgers have been set down three consecutive times by the 24-year-old southpaw whose chief stock in trade is a dazzling fast ball mixed with a fair curve and he has developed steadily under the guiding hand of the Cards veteran catcher, Gus Mancuso.

A strong left arm always has been White's chief asset, but his batting ability was better advertised among his native Paoclet Mills, S. C., when he was trying to crash organized baseball as a first baseman.

It was Paoclet Mills one holiday afternoon while the tow-headed youngster was working out at first base, that the home town semi-pro regular moundsman became ill. Ernie and his whip-lash left arm were rushed into the breach and the opposition was sent home reeling from a one-hit shutout.

From there it was just hop, skip and jump to the majors for Ernie. He won 15 and lost six for Houston in the Texas league in 1939 and burned up the American association with a 13-4 record and 2.35 earned run average for Columbus.

Early this season he compiled a string of 28 scoreless innings during which both Dodgers and Giants were victims of two-hit whitewashings. Only recently White suffered three losses in a row, but Manager Billy Southworth blamed lapse on something his southpaw had eaten.

And the Cardinal skipper wasn't kidding, because Ernie is as hot as the July sun right now.

PRIDE OF OWNERSHIP

There's a Pride of Ownership that comes from knowing you have made a wise investment.

You've probably heard it said that a life insurance company makes money when policies lapse. But the truth is, the longer policies remain in force, the lower are the costs of operation for the insuring company. Conservation of business means reduction in the lapse ratio... and the lower the lapse ratio, the lower the cost of insurance to the investing public.

Southwestern Life enjoys the lowest lapse ratio of any legal reserve (old line) life company doing business in Texas. That is why more than 150,000 Texans, able to fill their insurance needs at the lowest of costs, have a right to feel a Pride of Ownership.

Whirlaway Dares The Grave Yard Of Champions At Arlington Park

By CHARLES DUNKLEY
CHICAGO, July 25 (AP)—Whirlaway dares the grave yard of champions at Arlington park tomorrow.

The king of the American turf will go to the post the topheavy favorite in the \$90,000 Arlington classic—a race in which many an odds-on favorite fell before the stretch charge of unheralded long-shots.

Remember what happened to Johnstown in 1939? After winning the Kentucky Derby by eight lengths and the Belmont by five, Johnstown went to the post in the classic at odds of 1-5 and finished third, six lengths behind the triumphant Challenged and Sun Lover. Challenged's win price was \$29.20.

Last year Gallahedian, Kentucky Derby winner, and Blinchee, one of the biggest failures in turf history, staggered home behind the victorious Sirocco, which paid off at \$28.20.

Back in 1931, Mate, at 5 to 1, conquered Twenty Grand which had set a record in winning the Kentucky Derby that year. Twenty Grand was an even money shot.

Whirlaway probably will go to the post at odds of 1-6, and by all calculations the winner of the Kentucky, the Freshness and Belmont figures to triumph. Yet, it's a horse race, and anything can happen.

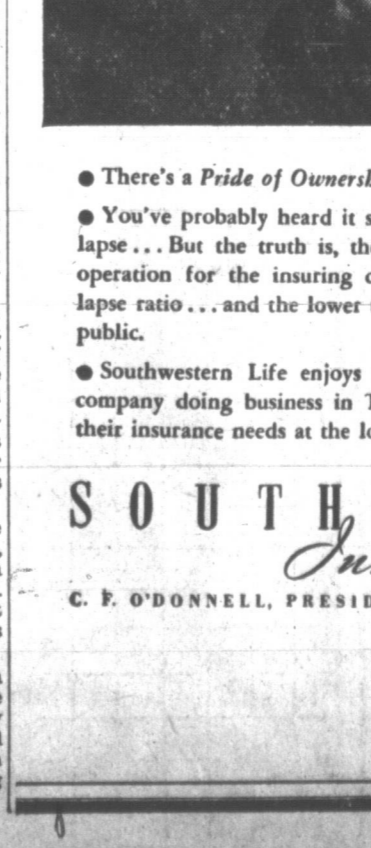

Look what did happen to Johnstown and the others in the classic. Probably no more than five will be in the running against Whirlaway in the mile and a quarter classic. The Woodvale Farm's Our Boots is regarded as Whirlaway's principal rival, with Attention, entry of Mrs. Parker Corning, New York, as another contender. The others will be Bushwhacker, To A Tee, and Lally Trouble.

If six go, the race will have a gross value of \$60,132, with \$48,250 going to the winning owner. Second prize is worth \$7,500, third, \$5,000 and fourth, \$2,500.

pounding the aluminum utensils into shapeless masses. Among the larger items on hand were several aluminum crank cases of automobile motors. The sheriff estimated this morning that the 2,000-pound quota had almost been reached, but he quickly urged Pampans to keep on bringing in their aluminum. "We want to put this over in a big way and raise more than our quota. We want to get all the scrap aluminum there is here."

The sheriff also asked citizens who can't bring their aluminum to the courthouse to telephone his office at 245 and that he would send a pickup after it.

The collection drive at LeFors and McLean with trucks and Boy Scouts began at one o'clock this afternoon, the sheriff announced. A collection of several hundred pounds is expected to be contributed at McLean and LeFors.

Latest contributors who brought their aluminum to the sheriff's office are:

PORTLAND, Ore., July 25 (AP)—Maybe the dog just didn't understand but when Boy Scout Edward answered a call to pick up a piece of aluminum at one residence the watchdog nipped him and sent him to a hospital.

KANSAS CITY, July 25 (AP)—Civic leaders were beginning to hang their heads in shame when four boys of the aluminum drive found the 250,000 pound goal far distant.

Then came a wire from the OPM:

"Your quota 50,000 pounds—not 250,000."

The city's collection with two days yet to go—weighs 42,905 pounds.

Market Briefs

NEW YORK, July 25. (AP)—Heightened war tension in the far east and a slight chill on the stock market today but brought heavy speculative demand for commodities.

While an assertion of specialists deemed to cling to modest advances after a few days of a sharp decline, a number of fractions to a point or so and a few suffered.

A comforting straw, however, for those bullish on securities was the fact that the greater part of the day's activity was on the upside. Several large blocks of stocks selling under \$10 a share accounted for sizeable portion of the day's volume of approximately 800,000 shares.
