

RAF Blasts Italy As Italians Claim Six British Ships Sunk

(By The Associated Press)
Great Britain and Italy reported a violent exchange of blows in the air over Sicily today, with RAF bombers raiding nine Fascist cities overnight in the heaviest assaults of the war there, while Premier Mussolini's high command announced a smashing nine-hour attack on a British convoy in the Mediterranean.

Three British cruisers and at least three merchant ships were sunk by Italian torpedo planes, the Fascist high command said.

On the Russian war front, the Berlin radio quoted Baghdad dispatches as saying British troops were routed en route to reinforce Russia's Red armies in the Caucasus.

Two divisions of British troops were said to have left Baghdad for the north.

Simultaneously, an official British communiqué said Britain's highest commanders in Africa and Asia had worked out "full details of cooperation" regarding "the anti-Axis front now established from Syria through Iraq and Iran to the left flank of the Russian armies."

The British leaders, Gen. Sir Archibald P. Wavell, commander in India, and Gen. Sir Claude J. E. Auchinleck, middle East commander, worked out the program in a two-day session in Baghdad, it was disclosed.

The Italian high command acknowledged a toll of 11 persons killed and 50 wounded as RAF bombers pounded four Italian mainland cities, four in Sicily and the island city of Rhodes. In addition, two persons were killed in backshots.

London dispatches said the RAF left great fires raging in Genoa and at other points in northern Italy.

The Weather

West Texas—Cloudy, with intermittent rains, or drizzle, tonight and Tuesday; precipitation will diminish or end Tuesday, with rain tonight.

SEVEN KILLED IN HOOKER TRAIN-CAR CRASH

Much-Needed Rain Soaks Pampa Area

A 1.52-inch rain that fell in the Pampa area over the week-end brought encouragement to two kinds of Gray county wheat farmers: those who had planted wheat and those who hadn't.

Some farmers have been delaying planting wheat on account of the dry spell that has lasted most of this month. This is the second rain of September, the first was on September 9 when a sprinkle of .02-inches was recorded.

In case of farmers who have already planted wheat, the rain puts their crop off to a good start. For the others, it makes planting conditions ideal, as it removes the possible danger of wheat sprouting and then dying for lack of sufficient moisture.

For growers of feed crops the rain was not a blessing, as it hampers the harvest now in progress.

Mist and fog enveloped Pampa early this afternoon, a continuation of the condition that has lasted since 6:30 a. m. Sunday, when a drizzle started. Rain started falling in earnest around 1:30 p. m., and continued through the afternoon, last night, and into today.

Today's maximum temperature was 90; minimum 58; Sunday maximum, 70; minimum, 46. Early this afternoon the temperature was 46, four degrees above that reported at 9 a. m. Annual precipitation was up to 24.68-inches.

A northerly wind whipped the rain fall here Sunday, velocity ranging from nine to 23 miles an hour.

The U. S. Weather bureau station here reported drizzle and fog extending east to Kansas City, Oklahoma City, Tulsa, and Ponca City.

Mrs. Garnet Reeves Leaves To Attend Father's Funeral

Mrs. Garnet Reeves left today for Rockwood, where burial of her father, J. O. Harkey, who died Saturday in Los Angeles of a heart ailment, will take place Thursday.

Mr. Harkey, 60 years old, had been in ill health for several months. A native Texan, Mr. Harkey made his home near Rockwood where he was a farmer during his earlier years.

He later lived at Jayton and Spur and for the past year he has lived in Los Angeles.

Funeral services will be held in Los Angeles this afternoon before the body will be shipped back to Texas.

He is survived by his widow and seven sons, Frank, Carl, Willard, Raymond, Oran, Garland and Morris, all of Los Angeles; four daughters, Mrs. Rose Estes and Mrs. Claude Bos, Rockwood, Anita Harkey, Los Angeles, and Mrs. Garnet Reeves, Pampa; his parents, Mr. and Mrs. J. B. Harkey, Katemey, Mason county; and five brothers, Otis K. and Glen of San Angelo; Audie K. of Mason; Roy of Lubbock, and Newt of Littlefield.

Texas University Enrollment Down

AUSTIN, Sept. 29 (AP)—Enrollment at the University of Texas has declined sharply this year, a check disclosed today.

At the end of Saturday, last day for feeless registrations, the total was 9,368, 7% less than at the same time a year ago, or a decrease of 9.2 per cent.

It was the lowest enrollment since 1936-37, when registrations for both semesters totaled 9,306.

E. J. Matthews, registrar, attributed the decrease to the drafting of volunteering of young men for defense training and the greater opportunities for young people to work.

Robbers Kill Marion Miley In Lexington

LEXINGTON, Ky., Sept. 29 (AP)—Police questioned employees of the fashionable Lexington Country club and several other persons today as they sought the gunman who killed Marion Miley, 27, nationally known golfer, and critically wounded her mother, Mrs. Elsa Ego Miley, 59 in their apartment at the club yesterday.

Chief of Police Austin B. Price said, however, there were no suspects under surveillance and that "we haven't gotten anywhere so far."

Mrs. Miley, who was shot three times, was in a critical condition after an emergency operation yesterday to remove the bullets.

Chief Price said a money bag containing approximately \$50 had been found in a locked closet in her bedroom.

Mrs. Miley, manager of the club, had told police before she lapsed into unconsciousness that two men had shot her and her daughter after demanding receipts from a dance held at the club Saturday night. She said the receipts totaled \$145. Earlier police had found \$60 in the club office.

Price said the finding of the money had not changed his theory that robbery was the motive for the crime.

Search for the slayers was spurred by the posting of a \$1,000 reward by the club for information that would lead to their capture and conviction.

Earlier Detective Captain Joe Harrigan said police were "stumped" in their effort to trap the slayers.

Harrigan called the crime "probably the most sensational murder case" on record in the bluegrass.

An official record in the bluegrass. Guy W. Maupin termed the tragedy "a plain case of robbery," possibly committed by amateur bandits.

The Philadelphia born Miss Miley was shot through the head and chest, and her mother, Mrs. Fred Miley, 59, was hit three times in the abdomen, after being roused early yesterday morning by two robbers at their Country club apartment demanding location of the money.

Mrs. Miley, club manager, stumbled through the darkened white-columbed building to a sanatorium 300 yards away from where police were called. She was taken to a hospital where the three slugs were removed. She fell into a coma shortly after giving police a sketchy account of events.

Patrolman John Doyle, first to reach Mrs. Miley's side, said she told him she was awakened by the efforts of two men to break down her apartment door.

Doyle recounted that Mrs. Miley told him the men asked her where the receipts from Saturday night's dance were located. She told them, whereupon one of the men struck her in the head with a window weight, knocking her down, and then fired three shots into her body.

Miss Miley rushed from her room to lend aid to her mother. Doyle reported, and was shot down. Her pajama clad body was found in the hallway.

Préd Miley, husband of the wounded woman and a golf professional at the Maketewah Country club at Cincinnati, hurried here after being told of an "accident" at the Lexington club.

Miss Miley, a prominent golfer for the past decade, has won numerous tournaments, including the women's Western Open, Southern and Trans-Mississippi. She was champion of Kentucky six times.

WORLD'S LARGEST—AND IT BELONGS TO UNCLE SAM—The navy's XPB2M-1, world's largest flying boat, is wheeled from its hangar at the Martin plant in Baltimore, Md., for the first time. The 70-ton, 200-foot giant is being rolled to a larger building for final tests.

Lawton Army Plane Crash Kills Four

LAWTON, Okla., Sept. 29 (AP)—The bodies of three army men killed when an observation plane from Fort Sill crashed during a training flight, were found in a wheat field near here today.

L. S. West, a farmer living near the scene of the crash, found the wreckage of the plane, strewn across the field, and the bodies of the three men when he was attracted to the field by a parachute flapping in a high wind.

The parachute, he said, apparently had been torn from the body of one of the men and caught on a barbed wire fence after opening.

Army officers from Fort Sill sped to the field and started an investigation.

The plane was reported 12 hours overdue at 7 a. m. (CST) today by Col. Ira R. Koenig, commanding air troops here.

Col. Koenig identified the men aboard the plane as: Second Lieut. R. A. McNabb, Sweetwater, Tenn. pilot.

Capt. O. C. Appleton, Highland, Texas, an observer.

Private James D. Smith, Midlothian, Texas, crew member.

Col. Koenig said the plane, an O47-A North American observation ship, left Hensley field, Texas, at 7 p. m. yesterday on a routine training flight.

It reported its position by radio five miles from Fort Sill, where it was based, and then was not heard from again.

Clouds and mist prevailed at the time, he added.

The plane was attached to the 15th observation squadron.

Magnesium Plant Units Located

WASHINGTON, Sept. 29 (AP)—Representative Lyndon Johnson (D-Texas) said today that the defense plant corporation would back a \$12,317,000 magnesium plant with units to be located at Austin, Texas, and Carlsbad, N. M.

The units would be built and operated by the Union Potash co., he said.

Stevenson's Trip Still A Mystery

AMARILLO, Sept. 29 (AP)—Governor Stevenson was on his way to Washington today to attend to some urgent business, the nature of which he did not reveal.

The governor left yesterday for the national capital after cancelling a date to open the Tri-State Fair here today.

He said he had been urged by Speaker Sam Rayburn and others of the Texas delegation to attend a conference in Washington tomorrow.

He was scheduled to arrive in Washington at 6:25 a. m. tomorrow. Hinting that his summons came indirectly from President Roosevelt, Stevenson said he would see the chief executive during his stay in the capital.

In Washington, Speaker Rayburn declined to comment on the governor's visit, saying "my comment would be up to Stevenson. Other Texans declared they were not informed the governor was leaving Texas."

Nor was there any definite information about the governor's trip to the United States, it was surmised that Stevenson might be planning to attend a conference on some phase of national defense.

Jury Panel For Week Dismissed

A week passed in 17 minutes in Pampa today.

In less than half an hour, jury service for the week was ended for 20 men in 31st district court, as no jury cases were called for trial, and District Judge W. R. Ewing dismissed the panel for the week.

Today was the beginning of the second week of the term, and also it was the first day of the term that a panel of petit jurors had been called. There were 45 listed on the panel.

Court was in session only 17 minutes. Judge Ewing announced that two cases that were to have been called had been settled, and a third was in process of settlement.

The jurors filed into the district clerk's office where each received his \$3 check.

Attorneys present as court opened were Curtis Douglas, John V. Osborne, Fred Cary, Walter E. Rogers, S. D. Supply, and John F. Studer, all of Pampa. Rep. Ennis C. Pavor of Pampa was also present in the court room. J. E. Kinney of Miami was an out-of-town attorney at the court house this morning.

Alvah G. Gumm Dies In Amarillo

Alvah G. Gumm, 48, Pampa, resident for the past two years, died unexpectedly at the United States Veterans hospital in Amarillo last night. He entered the hospital Saturday for treatment of a stomach ailment. The body was sent to Oklahoma City, his former home, for burial Tuesday.

Mr. Gumm opened the Western Auto Supply store in Amarillo and had been its manager until his death. He was an active member of the Baptist church, Masonic lodge, Veterans of Foreign Wars and American Legion posts. He served overseas during World War one with the 90th division.

He is survived by the widow.

Floodwaters Rush Toward Texas Town

PECOS, Sept. 29 (AP)—New Mexico floodwaters rushed toward this West Texas town today.

Two homes were washed away yesterday on Red Bluff lake and about a dozen others, up the Pecos river from here, were carried away by the swirling water.

Mentone, a small town near here, was reported isolated.

Eight of the 12 flood gates on the emergency spillway at Red Bluff lake, 42 miles north of here, were opened. The Pecos river bed could not carry additional water.

Endangered was a big brestle tree here and Barstow. Two emergency trains were carrying sandbags in an attempt to save the structure.

A four-member fishing party which was stranded in Red Bluff lake yesterday afternoon reached safely last night.

Automobile Stalls On Main Street

HOOKER, Okla., Sept. 29 (AP)—Seven persons were killed today when an automobile stalled in front of a westbound Rock Island freight train on the main street of Hooker.

The state highway patrol lists the dead as follows: Wayne Light, 25, Rolla, Kas. Miss Freda Hendrix, 24, Libera, Kas.

Miss Carol Grimley, 23, Libera, Kas. Athol Cline, 21, Hooker. Mrs. Athol Cline, 22, Hooker. Floyd J. Fidler, 24, Liberal, Kas. Florence Cagel (m), 54, Paul Valley, Okla.

All seven were in the one automobile.

State Highway Patrolman Curtis Bush said he could not determine who was driving the automobile, but that he believed mist obscured the vision of the driver and that he did not see the crossing nor the approaching train.

Late News

BERLIN, Sept. 29 (AP)—The destruction of three Soviet divisions (about 45,000 men) northeast of Dnieperpetrovsk in the lower Ukraine was officially claimed today, and the official German news agency observed that the Nazi southern armies now were knocking at the gates of the Donets river industrial district.

The communique announcing a Nazi victory near the city of Dnieperpetrovsk said 13,000 Red prisoners were taken in hand, according to incomplete reports.

WASHINGTON, Sept. 29 (AP)—Secretary of State Hull told his press conference today he favored modification rather than repeal of the neutrality act.

PECOS, Sept. 29 (AP)—Overflow waters spread over thousands of acres in the fertile Red Bluff district today as the Pecos river continued to rise near here.

Red Bluff lake, 40 miles north of here, dropped a foot since yesterday but new floodwaters were expected from New Mexico.

LONDON, Sept. 29 (AP)—The RAF opened an all-out offensive against Italy, slashing at her northern industrial and military centers with the heaviest possible bomb loads from bases in Britain and insular cities from the British Mediterranean base—an assault which informed quarters said might be the start of a "bomb Italy out of the war" campaign.

Sears Recommends Bridges' Deportation

WASHINGTON, Sept. 29 (AP)—Deportation of his native Australia of Harry Bridges, west coast CIO leader, was recommended to Attorney General Biddle today on the grounds that Bridges was a member of the Communist party and that the Communist party "advocates and teaches the overthrow by force and violence" of the United States government.

The recommendation was made by Charles B. Sears, retired Buffalo, N. Y., jurist, who presided as a special immigration service inspector at a 10-week hearing in San Francisco to determine whether Bridges was deportable under the immigration laws.

At the same time, Sears denied a request by Bridges to reopen the deportation case to his evidence that the FBI allegedly tapped the wire of a New York hotel room in which Bridges was staying after the San Francisco hearing ended.

Sears held that after Bridges entered the United States in April 1939 he became a member of the Communist party and the Marine Workers Industrial union.

French Put To Death

BERLIN, Sept. 29 (AP)—Two men were put to death in Paris Saturday for possessing forbidden weapons. It was disclosed today in a published notice signed by General Otto von Stupelmeier, military commandant for occupied France.

The men, Eugene Devigne and Mohamed Moall, were sentenced the day before.

BOOKIES PICKING JOE LOUIS TO WHIP LOU NOVA TONIGHT

None As Good As Lou Has Faced Negro

NEW YORK, Sept. 29 (AP)—Joe Louis, the blasting fists, and Lou Nova, a rugged, courageous specimen from California, clash at 9 p. m., CST, tonight at the Polo Grounds in a 15-round heavyweight championship fight that promises to leave 60,000 spectators limp.

The bookmakers do not share Nova's confidence in his destiny. At last check-up they were offering a bonus of 13 to 5 that he catches a licking from Louis. Any one wanting to bet on the champion was asked to put up \$15 to win \$5. It is one of the biggest betting fights they say, since the days of Jack Dempsey.

This is one battle that scarcely can miss. Opinion is divided sharply on the probable winner, but there seems no doubt in anyone's mind that it will be a cruel, spectacular engagement with the fists.

This is one of the few times that the big negro, Louis, has met a man his equal in physical equipment, fighting heart and absolute confidence since he won the title from Jim Braddock in 1937. Offhand, only Max Schmeling among the many who have challenged Louis and taken their beatings appeared on the surface to have as good a chance as Nova against the famous Bomber.

Nova belongs in there tonight on his record. He knocked out Max Baer twice, among other things, and had Tommy Farr on the verge of a knockout in the closing rounds of their scrap. Only some peculiar interference by the referee saved Tommy, who only shortly before that had breezed 15 rounds against Louis.

The one time Nova ever was beaten as a professional was the night he slipped into the ring, a sick man, against Tony Galento in Philadelphia. He got it good that night, what with his illness, Tony's rough tactics and a referee who looked on with amused tolerance.

Joe Louis... he has it.

Kiwanis Rehearsal Set Tuesday Night

Rehearsal for the Kiwanis club's second annual Top O' Texas Revue to be staged in the Junior high auditorium Monday and Tuesday nights, Oct. 27 and 28, will be held in the City auditorium at 8 o'clock Tuesday night.

Director Ken Bennett appealed again today for chorus singers and dancers. Both men and girls are needed, Mr. Bennett said today.

Anyone who wishes a part in the show is asked to contact Mr. Bennett or appear for rehearsal at 8 o'clock tomorrow night.

One-third of the 6,000,000 farms in the United States produce some cotton.

PENNEY'S

Fordham Ready To Take It Out On Methodists

By RICHARD WEST Associated Press Staff

Moanin' Madison Bell, praying mantras of the Ponies, wiped his tears today and smiled briefly as he surveyed the 54-0 wreckage his Southern Methodist eleven caused when they were in collision with North Texas Teachers Saturday.

"Fair—well, pretty fair," mused the moaner. "First team looked good—well, pretty good. They hustled well—well, pretty well."

But the optimism—a somewhat foreign atmosphere for Mr. Bell—was shattered as he glanced at the calendar.

Saturday the Mustangs play the top team of the east, Fordham, in New York. The Rams, studded with veterans of that great 1940 team that showed Texas A. and M. around quite a bit in the Cotton Bowl last New Year's before losing 13-12, are laying for another whack at the Southwest.

The Rams came out of the Cotton Bowl with the conviction that they had the better team when they played the Aggies. Reports from New York say they are ready to take it out on S. M. U.

Bell praised the spirit of his team against the Teachers and singled out for mention the performance of Backs Dick Miller, Preston Johnson and Horace Young and Linemen Jim Wright and Joe Pasqua.

Back from the Rockies came Dana Bible and his Texas Longhorns after a decisive 34-6 win over Colorado in Boulder.

Favorites for the 1941 conference title "Texas" looked even better considering the Steers made a long trip and played in an atmosphere 5,000 feet higher than that to which they were accustomed.

Martin, Crain, Doss and Layden—the offensive foursome that wrecked the beaten Texas A. team last Thanksgiving—measured up to expectations. But Bible was all smiles when he watched his reserve backs—Spec Sanders and Walton Roberts for Crain; Lobries for Doss; Harkins for Layden and Heap for Martin.

This week the Steers meet a more formidable foe—tricky Louisiana State who will come to Austin with a fleet of setbacks and the brilliant triple-threat Leo Bird.

The surprise package of the week was wrapped in the maroon and white of Texas A. M.

With only two veterans back from that remarkable 1940 team, Coach Homer Norton moulded a versatile unit that crushed a strong San Houston Teachers team Saturday 54-0. Leo Daniels, flashy soph from Bryan, was outstanding.

The Aggies play Texas A. and I. Saturday night in San Antonio.

Texas Christian, surprisingly, had a better defense than offense Saturday against Tulsa, holding the Golden Hurricane to two first downs.

The Frogs, behind Kyle Gillespie's crew begins its conference schedule against Arkansas at Fayetteville.

Arkansas warmed up with a 56-0 win over Central Oklahoma State Saturday.

Jack Wilson, Baylor's one-man riot squad, led the Bears to a convincing 20-0 victory over Hardin-Simmons in Waco. It was an auspicious beginning for Frank Kimbrough, who came to Baylor this season from Hardin-Simmons. This week the Bears play Denver university in Denver.

Minnesota, Stanford Named As Potential U. S. Champs

Sports Roundup

By HUGH FULLERTON, Jr.

NEW YORK, Sept. 29. (The Special News Service)—Going way out on an overloaded limb, this dept. hereby picks Louis to knock out Nova in 10 rounds or less. All right, maybe Joe has slipped a little, but in 54 fights the only guy that ever stiffened him was Schmeling and the only one who has come near to licking him lately was Conn. Nova isn't a Conn or even a Schmeling when it comes to defending himself, so even if Joe can't toss a punch quite as fast as he used to he's going to hit Lou and hit him hard. That's usually enough. If it isn't, Joe isn't bad at avoiding a sock on the lug and we don't think he'll take enough of them to go down before Nova does.

Monday Matinee

Louis turned down a ticket to his own fight the other day with the remark, "I won't need a seat. I expect to be on my feet all of the time." Buck (Louisville Times) who predicted Whirlaway would lose at Narragansett but picked the wrong horse to beat him, recalls Ben Jones said last spring that Whirlaway would win a lot of races and lose some, too. It seems the public expected him to win 'em all. Boys' wear, men's wear and five Brooklyn Dodgers' was the elevator boys' cry the other day when some of dem bums spent a day off autographing baseballs in a Manhattan department store. When Sec Taylor of the Des Moines Register and Cy Peterman of the Philadelphia Inquirer were driving out to one of the fight camps a couple days ago, they discovered that when Cy was on the wrestling team at the U. of Wisconsin, Sec used to referee his matches. Sec don't worry about Pete Reiser's arm. Dr. Frank Glenn, who was called in to look it over when it first snapped, asked the doctor to expect him to stay and see the ball game before going to the hospital for x-rays. The hosses that ran in the Futurity at Belmont Saturday went through three townships from the starting line to the finish. But that wasn't anything compared with what the betters went through.

Today's Guest Star

Tom Sweeney, Worcester (Mass.) Evening Gazette: "He's a true Brooklynite. It's no wonder the Dodgers as widely as he cheers 'em. If he thinks that the greatest and most colorful player who ever lived was 'The Babe'—only he means Herman not Ruth. If his idea of paradise is herring for supper and a newspaper telling how the bums won and Durocher was thrown out of the game."

Short Short Story

A little more than a year ago Trainer George Washington Carroll was broke and friends gave him a hand until he caught on with Lou Tufano's stable. One of the first things he did after getting the job was to recommend the purchase of Market Wise and a couple of other cheap colts. And the next thing he did when Market Wise made the dough come rolling in, was to look up his pals and repay all they'd advanced to him.

Pampa One Of 32 Unbeaten Teams In Class AA League

By HAROLD V. RATLIFF Associated Press Sports Writer

The ranks of the unbeaten and untied in Texas schoolboy football looked like a tree under the first stiff puff of autumn today.

The field of 106 Class AA teams had dwindled to 32 with only two full weeks of the campaign behind. As they turned toward October, Amarillo's Golden Bandies, with 16 consecutive wins, headed this group along the precipitous trail:

Lubbock, Pampa, Abilene, Big Spring, Odessa, Sweetwater, Denison, Gainesville, Paris, McKinney, Maud, Home, Poshal (Fort Worth), Sunset (Dallas), Adamson (Dallas), Cisco, Hillsboro, Temple, Waco, Gladewater, Marshall, Livingston, Lufkin, Jeff Davis (Houston), John Reagan (Houston), Lamar (Houston), Conroe, Goose Creek, Home, McAllen, Corpus Christi and Harlingen.

As far as the number of games is concerned, this is something of a slack week but there are enough scheduled to insure cutting the list of perfect teams down to 25.

Top tilt of the state will be at Dallas where Adamson's husky Leopards battle Gainesville. Not only will it match undefeated, untied teams, but it will show whether those stories about Gainesville being the team to beat in North Texas are the real wood.

Two other teams of the perfect list will fangle with each other when Goose Creek and Orange square off in a conference game in District 14.

There are 18 title struggles on the schedule, involving eight districts. Amarillo journeys far Friday, playing Brackenridge at San Antonio in a top interdistrict clash. Brackenridge has long been rated a leading team of south Texas, although the Eagles' prestige as probable state powers suffered last week in a 13-7 defeat at the hands of San Jacinto (Houston). San Jacinto had been trampled 41-0 by Lufkin.

There are 24 interdistrict games but, for the first time this season, not a single inter-sectional clash is carded.

District 2 opens the conference drive with Quannah at Wichita Falls and Childress at Burkburnett while four more teams swing into action in District 3. Colorado City, crushed by Odessa 39-0 last week, meets powerful Big Spring. Odessa engages Lamesa. San Angelo takes on Midland.

The El Paso district also starts championship play with Austin (El Paso) entertaining Ysleta. In District 5, Bonham and Denison crack open the title drive.

More conference games are scheduled in the Fort Worth district and Central Texas continues its race with six of the nine teams seeing

action, but top-rated Waco and Temple are idle and Corsicana, ranking contender, has an interdistrict game.

District 11, which already has opened the race with Tyler's victory over Athens, has a couple of titles scheduled on the conference calendar.

Districts 14 and 15 start the title campaign with Orange at Goose Creek in the former and Laredo at Jefferson (San Antonio) and San Antonio Tech at Kerrville in District 15.

Red Ruffing And Wyatt To Hurl In Opening Game

By JUDSON BAILEY

NEW YORK, Sept. 29 (AP)—The boisterous Brooklyn Dodgers and staid New York Yankees focused their full attention on the World Series today, even if a lot of this town's sports fans did not.

Since the baseball classic does not get underway until Wednesday, the sports spotlight was turned on tonight's heavyweight title fight between Joe Louis and Lou Nova at the Polo Grounds, right across the Harlem river from Yankee stadium.

But the champions of the National and American leagues went about the business of preparing for their own world's championship struggle. Both teams scheduled workouts at the stadium, and the Dodgers arranged to ride in a late-afternoon parade in Brooklyn as the borough officially and elaborately celebrated the Brooks' first pennant in 21 years.

This monster demonstration was expected to excite the Dodgers' fabulous followers to such peaks of enthusiasm that the entire squad of Brooklyn players moved into a Manhattan hotel last night in order to get some rest and relaxation before the big show starts.

All games will start at 1:30 p. m. (Eastern Standard Time) except the Sunday contest, which will not begin until 2 p. m. because of New York law.

It is agreed generally that the opening hurlers will be 33-year old Whit Wyatt for the Dodgers, a righthander with 23 victories, and 36-year-old Charley (Red) Ruffing for the Yankees, a righthander with 15 triumphs.

Lou Nova... looks up at something he wants.

Ted Williams Has Season's Batting Average Of .406

BOSTON, Sept. 29. (AP)—"Way back in 1884 the greatest hitter of all time refused to back into the batting championship. Today his favorite pupil has won the American League batting title with a .406 average because he listened to the master.

The greatest swatman, of course, was little Hugh Duffy, who fashioned that eternal .438 average the hard way. They wanted Hughie to quit to protect his stupendous mark but the "Duff" said "no" and went up and took his cuts. He didn't hurt the average and it's secure in every baseball record book.

Ted Williams, the willowy wallpaper of the Red Sox and the pride and joy of that same Duffy, boasted a .405 average as the Boston team pulled into Philadelphia for the final three games of the year.

Sane voices told Ted to sit the rest of it out. He was home free with .405 and he'd be the first American leaguer to do it since Harry Hedman fashioned a .403 average in 1923.

But Ted took his cuts. Saturday he got only one hit and his average dropped below .400. Yesterday in a doubleheader he came through—six hits in eight times at bat for a season's average of .406.

lineup for Wednesday. Each coach took turns at taking boys out for the teams and as a result each team is composed of sixth, seventh and eighth grade boys. Coaches will have their rosters ready for release within the next couple of days they announced today.

Second game of the season will see the Pampa Whites at LeFors on October 8 while the Pampa Blues will go to LeFors on Oct. 15. By that time it is believed other teams will be ready to join the league.

Long Day

If the earth did not rotate on its own axis, the sun would rise and set only once during the year, due to the earth's journey around it.

Two Pampa Pee wee Teams Will Play Here Wednesday

"Pee wee" football players of this area will play football this year just like the older boys. Three teams have already entered the proposed league and two or three others may join.

While other teams are being organized, the two Pampa Junior high teams and the LeFors Juniors will begin play. First game of the season will be played at Harvester park.

Soldiers Did 'Grand Job' Generals Say

WITH THE SECOND ARMY, Sept. 29 (AP)--The 400,000 troops of the Second and the Third armies headed for their home stations today with praise from the army's top-ranking generals in calling their efforts and assurance that "deficiencies in material will be made good."

General George C. Marshall, chief of staff, in a congratulatory message to the troops for a "grand job," said "the zeal and energy, the endurance and the spirit of the troops have been a model of excellence."

Lieut.-Gen. Lesley J. McNair, maneuver director and chief of the general army headquarters, expressed equal satisfaction in calling the war games to a halt late yesterday. "The principal material deficiencies to which General Marshall referred are weapons--principally anti-tank guns, radio sets for combat vehicles, tanks, trucks, and ammunition."

Flashes of Life

CAMP DAVIS, N. C.--Small-scale maneuvers were in progress and a number of troops had been posted around a clearing. Orders were to hold those positions until the bugle sounded for mess.

INDIANA, Pa.--Two-year-old Gerald Wetzel has a sharp appetite for sharp-tailed quills. The 40th Coast Artillery from Fort Sheridan, Ill., will leave the way tomorrow, passing through Memphis to cross the Mississippi river.

PORTLAND, Ore.--Someone took exception to those political posters Mrs. Grant Harris displayed on her porch during the 1940 campaign and splattered them with tomato sauce.

SAN DIEGO, Calif.--Anybody lost a piano? Mr. and Mrs. Belmont found one on their porch and police haven't been able to locate the owner.

Gray County Watermelon Weighing 72 1/2 Pounds Sent To Tri-State Fair

Gray county's exhibit in the Amarillo Tri-State exposition was arranged yesterday at the fair buildings in Amarillo by County Farm Agent Ralph R. Thomas, and his assistant, Lawrence Nuce.

The exposition will open Monday and end on Saturday. In the Gray county exhibit will be oats, barley, rye, wheat, pumpkins, watermelons, apples, pears, beans, peas, and grain sorghums.

One of the Gray county watermelons weighs 72 1/2 pounds. Many of the products taken to Amarillo from Gray were exhibited at the fifth annual Alameda Community Fair, held Thursday at the Alameda gymnasium.

Clyde L. Carruth of Pampa was in charge of the agricultural exhibits, and Mrs. Glen Pool, also of Pampa, was judge of the flower show. Vivian Winkton, Hemphill county home demonstration agent was in charge of the women's department.

The complete list of awards for farm products in the Alameda Fair follows: with first, second, and third place given in order. In some cases there was only one winner. Those receiving ribbons on their products are all of Alameda, unless otherwise noted.

Japanese Have Lost 20,000, Say Chinese

CHUNGKING, Sept. 29 (AP)--The Japanese have lost at least 20,000 men out of the 60,000 with which they launched their drive for Changsha, and the Hunan province capital still is in Chinese hands, an army spokesman declared this afternoon.

The Japanese army announced at Shanghai Saturday that Changsha had been captured after hand-to-hand fighting and has reported since that the attacking forces have pushed through the city and about 22 miles further south.

The battle for Changsha still is raging in full fury, with the Japanese being held about seven miles from its limits, the Chinese spokesman reported.

It is estimated that 20 men on the ground are required to keep one plane in the air.

Axtell Byles, Head of API, Succumbs

ARDSLEY-ON-THE-HUDSON, N. Y., Sept. 29 (AP)--Axtell J. Byles, 60-year-old head of the American Petroleum Institute and former president of the Tide Water Associated Oil Company of New York, died yesterday after an illness of several months.

Byles became general counsel of the Tide Water Company in 1917. Two years later, after advancing through numerous higher posts, he became a member of the board. In 1922 he was elected vice-president and in 1924, president.

In 1928 he assumed the posts of president and director of Tide Water in New York and the San Francisco affiliate.

He resigned them in 1933 to become president of the API.

Byles was a native of Titusville, Pa., and a Princeton university graduate.

At the time he became counsel to Tide Water, he was practicing law in his native city.

Byles was survived by his widow, Mrs. Florence Payne Byles, and two sons, Axtell, Jr., of Mt. Carmel, Ill., and Lieut. Julius Byles of the 178th field artillery.

Hobo King Enlists In Canadian Army

WINNIPEG, Man., Sept. 29 (AP)--Not that it ever mattered much but one thing was settled today with seeming finality--the question of who was the king of U. S. hoboes.

For a long time, Jeff Davis and J. Leon Lazarowitz have been arguing about that between themselves.

Saturday, J. Leon was sworn in as a soldier in the Canadian army. That would seem to leave the field of hobo-king solely to Davis and the Rambling Hobo Fellowship of America, which was what Lazarowitz so tenderly called his organization, without a president.

SERIAL STORY

BRIDE FROM THE SKY

BY HELEN WELSHIMER

COPYRIGHT, 1941, NEA SERVICE, INC.

LACE IN JAIL

THE police matron came into the block of cells a few moments after Judy had been placed there. She pulled the 10-watt bulb in Judy's cell, dimly lighting the drab iron cot with its brown blanket, the tin wash basin, the barred window pane that was too far from the cement floor.

The matron was a middle-aged woman, thin and small, and gray curls bobbed around her face and her mild blue eyes.

Now she smiled at Judy. "My, my, child, what a pretty dress," she enthused. "Most of our brides wear gingham or some kind of auster. Honest to goodness, you're the first one to be all dressed up like a paper angel. Did you get the worth out of the dress, dearie?"

"I never even was married," Judy's voice was gayer than it had been.

"Well, now that's a pity. A fine dress like that and the lace all tearin'."

The woman moved her head from side to side in sympathy. Judy examined the lace, too. It was hopelessly raveled. Even in its rundown state it still held its pride.

"My grandmother wore this dress," Judy said. "And my grandmother lived in the same red brick house for 51 years. She never thought her dress would be Exhibit A in the case of the People vs. her granddaughter. Or that it would take a jump out of an airplane."

"Child, you jumped?"

"The woman's eyes widened, and she sat down on the rough brown blanket. "Bailed out," Judy slid off her wedding veil. It was ruined beyond all mending. "Maybe you could trim a blouse with this."

She tossed the shimmering lace to the small police matron.

Why she wanted to tell the policeman her story she didn't know. Maybe because she wanted to straighten out its twisted threads in her own mind and a recital, well rounded, would make the parachute melodrama clear.

For the first time she realized that the whole thing was fantastic—the sort of thing that simply didn't happen to well-balanced, intelligent people. It seemed natural to Judy to present the facts in a light that shed quiet glory on Phil. Sandy had done the unforgivable, the unbelievable, heedlessly and hopelessly muddling two lives besides his own. As she spoke her voice sharpened with anger.

At the close of her story the woman stood up and placed a gentle hand on Judy's shoulder. "I know you're furious with him, dear, but just think of that poor young man up there by himself all night long. Honey," she nodded, "you can say what you please, but he must love you a lot more than most women ever get loved to do what he did. And I'm for him. Maybe I'm just romantic, but I'm sure for him."

JUDY glanced out of the small upper window. The stars were out now, shining brightly in her corner of the sky. Then she whirled on the police matron.

"You think he's coward enough not to come down?"

"No, no, honey, but he'll work better if he isn't arrested. And I thought you hated him!"

"Oh, I do. I love Phil. He's—he's wonderful. If I wanted to marry him before, I want to marry him three times more now."

Even while she spoke she wondered why she had called Philip wonderful. It was such an ordinary word. Any girl could describe any man with it and mean it.

"Well, darling, here's a nice, neat, brown calico that will carry through till morning when the court sends for your stuff. There's a pitcher of cold water and a wash cloth and towel. If you want anything else just ring. You've got the whole woman's quarters to yourself tonight."

She smiled again, opened and locked the door, and her overrun heels hobbled away.

A little wind came from somewhere and ran along the window. Judy's throat hurt. Her eyes were misty. She wanted to be at

home, hearing friendly, laughing voices, knowing that marriage was a roof, a shelter, feet on smooth thick-carpeted floor.

She had been a fool, but she had landed safely. From now on she was safe. No more rainbow ladders across white clouds, no more bridges made from stars, no more wings.

The cot was hard and uncomfortable. Because she could not sleep she remembered, looking at the dark blue window. Were all windows made from memories? Were nights supposed to be a place, a stopping place, for something that once had been lovely, something drab with time's passage?

When memories were done, those in which Phil and Sandy both moved, she caught her thoughts and pushed them together firmly behind a mental door.

If Sandy really cared for her, why didn't he offer himself in her place? For a moment she had thought that he had cared. How did he know that she made a successful jump?

She began to think. There was to be a cross-country flight next week. Sandy had registered for it and paid the \$1000 entrance fee. She wondered how he had got it. Maybe from Peg's father.

And yet... in the past winter had let her steer for a moment, his hand above hers. The earth had fallen away above the silver sea and she had aimed at a white, light trek that led to the moon.

Well, here she was. "Honey-moon suite," she murmured. It was later, much later, that she wakened. For a frightened moment she wondered where she was. Her back ached from the mattress on the iron cot. She was cold, too, for the prickly blanket had slipped to the floor. She felt the white silk slip, the gossamer underthings that she was wearing.

The police matron stumbled sleepily along the corridor. "Miss Allen, a young man says he has to see you. A fine young man. Faith, if I was younger and hadn't buried my third, I'd make up a dress with lace and catch his eye myself."

"But how did he know that I'm here?" Dear Phil, grand Phil. She should have known he would come.

"May I really see him?" she asked, reaching for the billowing brown calico.

Corn Meal An Energy Food, Say Experts

Corn meal, one of the "blue stamp foods" for September available to clients of the Surplus Marketing Administration's food stamp plan, has an important place in the nutritive world. The Surplus Marketing Administration and other government agencies are cooperating in a campaign to improve the diets of the American people. They are receiving the whole-hearted cooperation of farmers, food industry, and private business. According to experts in the field of nutrition, corn meal, like other meals and flours made from cereal grains, is a good energy food. It also adds protein, vitamin, and mineral value to the diet. Whole ground corn meal, because it contains the bran and the germ, is richest in iron and in Vitamin E. It then refined corn meal. Yellow corn meal has, in addition, some vitamin A value. Otis Humphrey, chairman of the Gray County Food Industry committee, today urged all local homemakers to use corn meal in some form and serve it to their families. Some tested corn meal recipes that have found favor throughout the country are:

Corn Bread
2 cups corn meal, 1/2 teaspoon soda, 2 teaspoons baking powder, 2 teaspoons salt, 2 cups sour milk, 2 eggs, 2 tablespoons melted fat.

Sift the dry ingredients and add the milk. Add the well-beaten eggs and fat. Pour into a very hot, well-buttered pan. Bake from 40 to 50 minutes in a hot oven (400 to 425 degrees F.).

Corn Meal Mush
2 cups corn meal, 2 cups cold water, 2 to 3 cups boiling water, 3 teaspoons salt.

Mix the corn meal and cold water. Add the boiling water and salt, and cook in a double boiler, covered, for about one hour.

Serve with stewed fruit. Or pour into a deep, dampened pan to set; when cold and firm, cut into slices; brown on both sides in fat.

Corn Pone
2 cups corn meal, 1 teaspoon salt, 2 tablespoons melted lard or other fat, 1 1/2 cups warm water or milk, 2 teaspoons baking powder.

Mix the meal and salt. Add the fat and warm liquid and mix well. Cook and then stir in the baking powder. Shape into small cakes or pone. Place on well-greased pans and bake in a hot oven for about 30 minutes.

Corn Meal Fish Balls
2 cups cold corn meal mush, 1 cup

shredded codfish, 1 egg, 1 tablespoon butter. Pick over the codfish and soak it to remove salt, if necessary. Combine all ingredients and drop by spoonfuls into hot fat. Drain on unglazed paper. These codfish balls compare very favorably in taste with those made with potato and are prepared more easily and quickly. The mush must be as dry as possible. Makes 12 fish balls.

HOLD EVERYTHING

"Are you sure you know the way all right, young man?"

FDR Expected To Ask Arms For Vessels

WASHINGTON, Sept. 29 (AP)—Congress appeared convinced today that President Roosevelt intended to request the power to arm merchant shipping, but there was disagreement as to whether he would seek a further modification of the neutrality act so that American vessels might operate to belligerent ports or in waters now prohibited as "combat areas."

Some legislative sources predicted that the president's forthcoming message would limit itself to a request for authority to put guns on merchantmen, because any proposal for more extensive revision would arouse formidable opposition.

Other prominent legislators said they believed that the message would ask both the arming of ships and the elimination of restrictions which ban belligerent ports and

"combat areas."

The final decision in the matter was expected to be reached tomorrow when the president confers with legislative leaders. The White House message on the neutrality act is looked for about Wednesday or Thursday.

Rep. Luther A. Johnson (D-Tex.), senior majority committee member who helped write the original neutrality act, expressed belief that the house would accept its complete repeal except for a section which provides for the licensing of shipments of arms and munitions to foreign countries.

"The neutrality bill," Johnson said, "was designed to preserve peace in the world, but instead has encouraged dictators who thought they could run over us."

"In view of that, I think that it ought to be repealed. Foreign policy, like domestic policy, must be changed as conditions arise. I have always favored the arming of merchant ships."

The files of the Federal Bureau of Investigation contain records of 360,000 vessels, ranging from trans-Atlantic liners to motorboats.

Government May Not Continue To Exist, O'Daniel Declares

WASHINGTON, D. C., Sept. 29 (AP)—Just because our government has survived the storms of 160 years is no sign that it will automatically continue to exist, Senator W. Lee O'Daniel warned in his latest radio broadcast to "the folks back home."

O'Daniel revealed his belief in Jeffersonian democracy when he declared his "abiding faith in the judgment of the great rank and file of our American citizens." He asserted that the people would come to the right conclusions in all matters "providing they are in possession of all the facts."

In his broadcast yesterday, the junior Texas senator pledged himself to continue giving the folks the facts concerning the government and its functions.

"Her Majesty" Queen Salote of the Tonga Islands is the only person in the British Empire, outside the royal family, entitled to be called "Her Majesty."

Beautiful Spot for Battle

Such American scenery can't be beaten and the Army hopes it can't either after completion of war games in which this soldier does some practice sniping at Malone, Wash., held by "enemy."

Volunteering were PFC. James Weaver of Big Springs, and Pvt. Charles M. Cox of Liberty, Travis Smith of Santa Anna, and Frank P. Wojnar of Detroit, Mich., the latter a selectee who had been with the company two days. They swam the flooded stream and relieved the officers in the task of chopping.

Within 45 minutes, the tree had been felled to span the 50 feet of water. Telephone wire was used to provide a guide and a few planks were placed on narrow portions of the trunk to make a pathway over the deep water.

Nearly 600 men, some carrying heavy infantry weapons, crossed on the tree bridge without delay.

"Their action manifests a remarkable spirit, ingenuity, and determination to play the game," commended Col. Nat. S. Perrine, regimental commander.

Credit for the capture, without weapons, of 15 enemy Red soldiers of the Second army went to a driver and map-maker of the 141st infantry.

Pvt. Tom Miller, Jr., son of the Austin mayor, and Pvt. Elston R. Law of Longview, both of headquarters company, effected the capture because of their desire to bathe.

Upon reaching the creek in which they were to bathe, Pvt. Miller and Law observed a number of men swimming and red arms bands on their clothing that lay on the bank. Quietly they slipped around and behind the clothing. It was a simple matter to complete the capture of the men when they emerged from the creek.

State Educational System Changing, Says L. A. Wood

AUSTIN, Sept. 29 (AP)—The national defense program is causing important changes in Texas' educational system, L. A. Woods, state superintendent of public instruction, said today on returning from an inspection of defense projects.

"Our educational system will never be the same again, even after the emergency passes," Woods predicted. "In the first place, the emergency has forced us to do things which every one would have said was impractical in normal times. We could never have convinced any one of the desirability of running schools at night, even though it is obviously economical for the community to do so."

"The objection would have been raised that there would be no attendance. But these people are applying themselves in earnest because they know what this type of training qualifies them for. The emergency has given vocational education an impetus that it will never lose."

Woods said Texas manufacturers seemed well pleased with work done by men trained in national defense schools. Placement of these men is handled by the state employment service.

Arrest Of Elias Seen As Warning

By LOUIS P. LOCHNER
 BERLIN, Sept. 29 (AP)—The tight curb of a state of civil emergency and the arrest of General Alois Elias, premier of the German protectorate of Bohemia-Moravia, on charges of premeditated treason have been interpreted by the Czech press as Germany's last warning to the Czech people, Dienst Aus Deutschland declared today.

(The Czech government in exile reported in London that six persons, including General Josef Bily, former military commander of Bohemia, and

General Hugo Vojti, deputy commander of the seventh army corps at Bratislava, had been executed among the first of the German suppressive moves.)

The German public and foreign correspondents in Germany knew no details of the developments in the protectorate beyond the announcement that Reinhard Heydrich, ace trouble shooter of the German secret police, had General Elias arrested and ordered the state of emergency within 24 hours after taking over the post of Reich's protector there Saturday.

Heydrich relieved 68-year-old Baron Konstantin Von Neurath who was said to have asked for temporary leave because of ill health.

Growing
 In 1930, Denver, Colo., had a population of 297,561. The 1940 census shows a population of 318,415. It is the 25th largest city in the United States.

Productive floor space of airplane factories rose from 28,334,035 square feet on July 1 to 30,192,752 on Aug. 1, an increase of 1,858,727 square feet.
