

City Plans Storm Sewers, Paving, Sidewalks In Big Program

A city-wide street improvement project, to include storm sewers, sidewalks, street markers, as well as paving for 35 blocks of Pampa streets, was outlined to the city commission at its meeting yesterday by City Manager Steve Matthews.

Plans have been drawn and the project is ready to be submitted to the WPA district 16 office at Amarillo, thence to state WPA headquarters at San Antonio. It will require 60 days before the project could be started. The city has already sponsored several WPA paving programs.

Under the project would be 35 blocks of paving with 6-inch stabilized base, curb and gutter; two rock masonry culverts; a metal arch masonry bridge; 1,000 concrete street markers; 4,000 feet of rock masonry storm sewers, and 6,250 feet of concrete sidewalks.

Total outlay for the project would be \$127,917, with use of the city's present equipment counting for a big share of the city's outlay of \$55,250. This sum does not mean that the city is putting up \$55,250 all in cash. From the Works Projects administration would come \$72,658. Property owners can obtain the benefit of the new paving program by putting up the pro rata payments required, so much per front foot. Those blocks that first put up the money will be first paved, after the paving of Fisher, Twiford, Ruth, and Sloan.

These four streets will come first as these are the last under the old paving project and will be incorporated into and be the first of the new.

No Bond Issue
Storm sewers will be possible under the project. The plan is to install a few at vital locations each year, rather than attempt a city-wide effort. Location of the sewer lines, as outlined, was based on getting the storm sewers put in where drainage is now easiest.

In 1931, Montgomery & Ward, Wichita Falls engineering firm, estimated it would cost \$600,000 to put storm sewers all over Pampa. Today the cost would be \$750,000, the city manager believes. To raise this sum would require a bond issue, which the city administration does not favor.

Members of the city commission visited the proposed location for storm sewers following their meeting yesterday afternoon.

Must Have Labor
Whether or not installation of the

storm sewers, a part of the city-wide street improvement project, actually takes place, depends on WPA action at Amarillo, San Antonio, and Washington. Even if approved at Washington, if there are not sufficient laborers available, the project cannot be started.

If everything clicks, the project could be started in January. As outlined, the first storm sewer lines would be at these locations:

Ballard, from Central Park to Browning.

Ravine, extending from Browning to Francis, between Gillespie and Houston, laterals from Houston, down Francis to Gillespie.

CHUTIST RESCUED AFTER 6 DAYS, 5 NIGHTS—Bewhiskered and tired, but still cheerful, daredevil George Hopkins, of San Antonio, Texas, was rescued

Monday night from the Devil's Tower that had held him prisoner for six days and five nights after he parachuted to its top

on a \$50 bet. He is shown here broadcasting after eight skilled mountain climbers had taken him off of the tower.

Russians and Nazis Locked In Vast Showdown Battle

Committee Approves Lend-Lease Measure

WASHINGTON, Oct. 8. (AP)—The house appropriations committee approved a \$5,985,000,000 lend-lease appropriation today with the statement that production of munitions has not yet reached the point where defeat of Axis powers was assured.

The committee reported to congress that almost all of the huge new fund could be obligated by next March 1 and that delivery of material could be completed not later than June 30, 1943.

And then, with publication of voluminous hearings on the appropriation, the members presented the first, overall picture of the lend-lease program which began with a \$7,000,000,000 appropriation last spring.

They asserted that production necessarily was slow at first; that there had been no abuses in putting the dollars to work; that the new fund was imperatively necessary.

"Munitions superiority must be achieved to insure the defeat of the Axis," the committee report said. "Production in the countries opposed to the Axis has not reached the point at this time to achieve this, x x x"

The battle of production must intensify and increase until the torrent of war supplies pouring from this country and the aided nations completely overwhelms the productive efforts of the Axis.

"Our first line of defense lies in the lend-lease operations."

The big fund was included in an omnibus bill which carried a total of \$8,159,416,229, representing a cut of \$3,054,545 in budget bureau recommendations for items other than lend-lease.

The lend-lease fund was divided into ten categories, just as President Roosevelt recommended on Sept. 18. The largest was \$1,875,000,000 for agricultural and industrial commodities. The second biggest amount was \$1,190,000,000 for ordnance and stores and supplies. Aircraft requirements would take \$885,000,000.

The committee's report and the hearings, while stripped of specific figures in many cases because of military necessity, disclosed:

1. Secretary of Agriculture Wickard plans to use \$1,000,000,000 to feed one-fourth of Great Britain's population for the next six months.
2. While lend-lease officials are dissatisfied with the "relatively small trickle" of materials going to Axis foes, they expect the flow to increase greatly soon upon completion of the time-

Grandview's Carnival To Be Tomorrow

Good fellowship, good "eats" and amusement galore—traditional marks of the annual celebration—will again draw Pampans and their neighbors to the annual Grandview carnival, to be held at 7:30 o'clock tomorrow night at the Grandview school, 16 miles southwest of Pampa.

Proceeds of the carnival will go to the benefit of the Grandview Parent-Teacher association.

Food on sale will include hamburgers, pies, cakes, ice cream, and soft drinks, and bingo, doll rack, penny board, and roulette wheel, will be among the attractions.

Truck Picking Up Trash And Weeds In City

This is fire prevention week in Pampa and there hasn't been a fire alarm turned in to date—much to the joy of Fire Chief Ben White and his fire fighters who are busy making inspections and visiting schools making talks and giving demonstrations before students.

A clean-up campaign is also being conducted in connection with the fire prevention campaign. A special truck, directed by Dr. N. L. Nichol, is picking up trash, weeds, etc. Anyone desiring the truck to pick up refuse should telephone 617.

Clearing of vacant lots of weeds is being advocated and owners wishing to burn stacks of weeds are asked to call the fire station, telephone 617, and a truck will be dispatched in case the fire spreads.

All civic clubs are being visited by speakers this week and radio talks are being presented every day at 12 o'clock noon from the police station.

Chief White today issued an appeal to every man, woman and child in Pampa to be a one-man committee to prevent fires by inspecting homes, yards, places of business and even automobiles.

Trucks and buses subject to the regulations of the Interstate Commerce commission are less of a problem from the firemen's point

HITLER'S BLITZERS THRUST TOWARD MOSCOW—Two roads lead to Moscow for the armies of Adolf Hitler, but both are strongly fortified by Russia's

massed defenders. Map shows twin thrusts at the Soviet capital and lighter attacks on the other fronts.

Reds' Plight Growing More Desperate

Hitler Describes Series Of Battles Of Annihilation

By HENRY W. CASSIDY

MOSCOW, Oct. 8. (AP)—The mightiest battle of the war raged toward a climax today on the road to Moscow, where the Red army was holding grimly against the fury of the tank and dive bomber offensive by which the Germans seek to reach the capital before winter.

The Army newspaper Red Star declared the Nazi onset—hitting hard and at high cost—won some initial advantage in wedges near Vyazma and Bryansk but there was no sign that a major breakthrough had occurred.

Red Star called upon Marshal Semeon Timoshenko's army to stand its ground despite bombing and tank attacks. It declared Russian artillery, mined tank traps and the Red army's own huge tanks would blunt the Nazi thrust.

A single Russian infantry division was said to have destroyed more than 300 German tanks with improvised grenades—explosive bottles of gasoline.

Russian military dispatches also reported that on the northern front, 4,000 German and Finnish troops had been killed and many more captured in an 18-day battle along a river identified only as "L."

On the Leningrad approaches, meanwhile, Russian counter-attacks were said to be growing in intensity. One front line dispatch said a strategically important town, identified only as "E," was retaken after the Red army broke through three strongly-fortified German lines and forced a crossing of a river.

Pravda, the Communist party paper, reported that troops commanded by newly-promoted Major General Andrei Bondarev had killed 9,500 Germans, destroyed seven batteries and 35 anti-tank guns in the long, fierce struggle for the second city of Russia.

Bondarev was raised from colonel's rank and awarded the order of the Red Banner for withdrawing his

Borgan Intimately Acquainted With Quannah Parker In 1907

Selectees Will Receive Gifts Today From VFW

First of the Gray county selectees to receive "bon voyage" gifts from the Veterans of Foreign Wars of the United States, Pampa auxiliary 1657, will be the 15 men who will report at 4 o'clock this afternoon at 301 court house.

The men will leave by special bus at 7 o'clock tomorrow morning for the induction station at Fort Bliss.

They will take with them military sewing kits presented by the V.F.W. auxiliary. The organization will also give these kits to future selectees, and has obtained a list of all men previously sent from Gray county to induction stations, for the purpose of also giving them kits.

Olive drab in color, the leather kits contain buttons, thread in six colors, scissors, needles, and pins. On the cover is stamped an American eagle.

Next call for Gray county selectees will be on Nov. 7, when 13 men will be sent from this county for military training.

Today From VFW

To commemorate the battle of Adobe Walls, residents of Borgan and Hutchinson county will hold an Adobe Walls Indian ceremonial on October 16-19.

In the battle of Adobe Walls, Quannah Parker led an attack of Comanches, Cheyennes and Iowas, some 700 in all, against a group of buffalo hunters, in 1874.

Quannah Parker was a dignified Southern gentleman, according to J. A. Dickson, pioneer Borgan, and former superintendent of Borgan schools.

Dickson's association with the chief dates from the time Quannah sent his son to school under Dickson from 1907 to 1909 at Cache, 14 miles west of Lawton, Okla.

Quannah was made a chief when 20 years old, following a raid in Southwest Texas.

Two years later Quannah led 700 Indians into North Texas to avenge the death of a cousin. It was on this raid that the battle of Adobe Walls occurred. The location is close to Barger, where on October 16-19 of this year, an Adobe Walls Indian ceremonial will be held.

Quannah's Story
Quannah's version of the battle: "We at once surrounded the place and began to fire on it. The hunters got in the houses and shot thru the cracks and holes in the wall. We tried to storm the place several times, but the hunters shot so well we would have to retreat. At one time I picked five braves and we

FDR Intervention Asked In Strike

TEXARKANA, Oct. 8. (AP)—President Roosevelt's intervention was sought today by American Federation of Labor unions which called a strike at the \$11,000,000 Red river ordnance depot construction project.

E. H. Williams, regional director of organization for the unions in Arkansas, Louisiana and Oklahoma, disclosed that he had sent a telegram asking the president's aid and charged that strikers had been intimidated "by men driving government owned or government rented cars."

The cars, said Williams, were "driven throughout this area to recruit strike breakers and to intimidate strikers."

The strike was called because of what Williams termed conditions unsatisfactory to the unions.

Marine Recruiting Officers In Pampa

Sergeants R. R. Sedgwick and M. H. Harless of the United States Marine Corps recruiting service are in Pampa today and will be here through tomorrow interviewing persons interested in enlisting in the Marine corps either for full term or for the "duration" of the present emergency.

The officers will accept for enlistment anyone between the ages of 17 and 30 years who are single, have at least an eighth grade education, and are in good physical condition. They will be furnished free transportation to Amarillo for final physical examination and then to San Diego, Calif., for preliminary training.

The officers have headquarters in the basement of the postoffice.

Late News

BERLIN, Oct. 8. (AP)—The German army has pushed to within 125 miles of Moscow and has thoroughly shaken the outer defenses of the Soviet capital, a German military spokesman said today.

"Not a detached raiding group which forged far ahead, but a solid German front is within 125

FDR To Ask U. S. Ships Be Armed

Tulsa Oil Man Named Kiwanis Area Governor

Succeeding Fred Thompson of Pampa as district governor, Kiwanians of the Texas-Oklahoma district at their annual convention in Beaumont yesterday elected Charles C. Toomey of Tulsa, oil executive and civic leader.

Bill Beecher of Amarillo was elected as lieutenant governor of division 6. There are 11 clubs in the division: San Jacinto, of which Mr. Beecher was the first president, Pampa, Vega, Wellington, Plainview, Lubbock, Sanford, Stillnet, Tulsa, Amarillo, and North Amarillo.

Out-going lieutenant governor is A. Foy Curry Jr., of Tulsa.

The new district governor, Mr. Toomey, is president of the Midco Oil corporation of Tulsa, served this year as lieutenant governor of the Kiwanis district. He is president of the Tulsa Y. M. C. A.

Garnet Reeves of Pampa has been secretary-treasurer of the district for the past year, and Tex DeWeese, also of Pampa, editor of KI-Notes, the district publication. Dallas was selected as the 1942 convention city.

Lieutenant governors elected for

Saul St. Marie Lock May Be Open Thursday

SAULT STE. MARIE, Mich., Oct. 8. (AP)—Cheered by the news it may be possible to restore navigation in half of the lock approach channel by tomorrow morning, workmen struggled today with the steel ruins that block the busiest iron-ore ship channel in the world.

Under floodlights last night a huge locomotive and its tender were dragged away from the damaged arm of the lift bridge which collapsed yesterday under the weight of a loaded freight train.

Today all efforts were directed toward lifting the damaged arm away from the other arm, which engineers believe is mechanically unharmed. A huge pontoon life device, ordinarily used to raise lock gates for repairs, has been called into service for the hoisting operations.

If this arm can be lifted or dragged aside today, it is believed, the good arm can then be elevated and half the channel will be open to vessels by tomorrow.

I HEARD . . .

That three local nimrods who went out to a nearby lake to build a duck pond yesterday took their guns with them and were questioned by a game warden. The duck season doesn't open until Nov. 2. And by the way, the dove season ends Sunday.

'Most Typical Cowboy' Will Be Buried Today

MIAMI, Oct. 8.—Funeral services were held in Canadian today for Bert (Pecos) Carpenter, 68-year-old cowboy who was kicked to death by a horse on the John's Creek ranch about noon Saturday.

Pecos was a "character" in Hemphill county. At the rodeo parade in Canadian last July he took the prize as the most typical cowboy.

No relatives of Pecos have been located. He had always parried any queries in this connection, always replying humorously. When other ranch hands asked him about himself, Pecos said that "no one knew anything about me but a thousand Indians and they are all dead." He kept a diary, contents of which have not been divulged.

Viereck Serious Menace, Claims U. S. Prosecutor

NEW YORK, Oct. 8. (AP)—Agents of the federal bureau of investigation today arrested George Sylvester Viereck, 56, on a charge of withholding information when he registered with the state department as an agent of a foreign power.

Viereck, a naturalized American who once acknowledged before a congressional committee that the German court had paid him for publicity favorable to Germany, is subject to a maximum penalty of five years imprisonment and \$10,000 fine if convicted.

U. S. Commissioner Isaac Platt held Viereck in \$20,000 bail pending his removal to Washington to plead to the indictment.

William Power Maloney, special assistant to the attorney general, is requesting that he be fixed at \$25,000, said that the German-born defendant for years had been the chief propagandist of the German government in this country.

"He is one of the most serious menaces in this country," Maloney told the court. "He has received from the German government as much as \$40,000 in one year to carry on his propaganda work."

Maloney added that because of Viereck's connection with the German government, "there is a great possibility that he will never be here for trial, and that is the reason we are asking this high bail."

"This man is a German propagandist going back to the last war," he continued. "He has written books on German propaganda. As to his connections with the German government, he admitted that in his registration with the state department."

Injured Physician's Condition Worse

Dr. E. H. Turner, local physician who was seriously injured in a fall Monday night, had a restless night and a bulletin issued at noon today by attending physicians stated that his condition was worse.

Dr. Turner suffered a broken back, fractured arm and badly crushed and mangled foot when he fell into the elevator well at the Rose building. Dr. Turner had opened the door to the elevator with a master key and failed to notice that the elevator had been taken to the top floor of the building.

Condition of Mrs. Turner was reported satisfactory.

IF YOU LOOK CLOSE you can see the apples in the above picture, and you will see that they are as thick as crab grass in a sweet potato patch. The apple

orchards on McClellan creek are producing a record yield this fall. Two well-known orchards are owned and operated by T. T. Griffin, left, shown supporting

an iden limb that was dragging the ground, and L. L. Palmer standing in front of a Jonathan tree.

FOUR HARVESTERS INJURED IN SCRIMMAGE YESTERDAY

Bowie Bears Reported To Be Air Minded

Injury jinx hit the Pampa Harvesters yesterday afternoon during a long scrimmage of the old rock 'em and sock 'em variety. Probably lost for the season was George Neef, fleet little reserve halfback, who suffered a cracked bone in his knee when he was on the bottom of a pile-up.

Also placed on the injured list, but possibly able to play Friday night against Bowie of El Paso, were R. L. Edmondson, quarterback, who received a leg injury; Leonard Hollis, halfback, who suffered an arm injury, and L. J. Halter, quarterback, whose lip was badly cut and bruised. There were plenty of other bruises but none of them serious.

COLUMBIA HAS LOST A COMPLETE SET OF BACKS since practice started. Lined up in back of Center Don Snavely are, left to right: Paul Governali, Thornley Wood, Jr., Ken Ger-

mann, and Leonard Will, the latter now in the air corps. Governali broke the little finger of his right hand catching a kick-off. Adam Spiegel broke his collar bone. Jack Kerouac left school to work.

Harvesters And Parents Enjoy Chicken Dinner

Phillips May Join District One Grid Loop

(This is one of a series by Texas sports writers discussing the progress of football by sections.)

By BILL FREEMAN
Amarillo Globe-News Sports Writer
(Written for Associated Press)

AMARILLO, Oct. 8 (AP)—Maybe it isn't strictly cricket, but up here in the Panhandle the babies teethe on state and conference football championship trophies.

It's an annual affair for the schoolboy title dopsters to reach up to the Top O' Texas for a crown contender, and this year they're pulling for Amarillo's Golden Sandstone to repeat as champs.

Schoolboy districts in the last year or so have tended to expand. District 1 is slated to take in Brownfield and Phillips by the first of the year since both are Class A schools and enrollment is nearing the 500 mark.

West Texas State college at Canyon entered the Border conference this season. The Panther's favorite, Canyon, has a capacity crowd of 4,500 at practically every game.

The largest high school stadium is at Amarillo, where 16,000 persons have been known to squeeze past its gates. Opening game attendance records were broken this year when 5,500 fans watched the Sandies defeat Childress.

Attendance at Borger, Pampa, and Plainview usually hits the 4,000 mark in important games. Class A games draw from 1,000 to 3,000. This it's a safe bet to say at Amarillo, where the Panhandle Panhandle games this year.

As for the players themselves, just look at the record: Connie Sparks, Panhandle, was all-Southwestern conference full-back for TCW in '38. Moose Hartman, all-Southwestern for Rice last year.

On the University of Texas team this year are three ex-Sandies starters, including Mike Sweeney, Ernest Martin, and Stanley Mauldin. Then Amarillo had John Sullivan, Cliff Matthews, John Stidman, and John Harlow on the SMU squad. Ben Collins, former all-state back from Wichita Falls, was the fourth leading scorer in the nation for West Texas State last year.

If you don't know football up here in the Panhandle, don't let anyone. They'll put you in the clink for less.

Sports Roundup

By HUGH FULLERTON, JR.
NEW YORK, Oct. 8.—(The Special News Service)—Catching up on the news: Ted Broadribb writes Nat Fleischer, editor of the Ring magazine, that he's serious about getting Red Cochrane over to London to tangle with Arthur Danahar, the British empire champ. . . But he doesn't explain what he proposes to do about getting Red's double over here. . . Dolph Camilli made the fastest getaway of the World Series players. He's plotting his own plane out to his California ranch. . . The Joe DiMaggio heir is expected in about a month and Marius Russo will welcome him southward in December. . . DIMag was worried more about the coming event than his batting average during the series and was asking married pals whether it's poppa or mama has to get up when Junior sounds off at 2:30 a. m.

Today's Guest Star
Dick Boyle, Portland (Me.) Evening Express: Straightest line between two points on a football field is a forward pass (unless they're pitching curves). . . If the two points in question are proficient enough, the air lane, the easiest, least time-consuming route along the touchdown trails.

Service Dept.
The Camp Croft (S. C.) football team has four ex-captains of college teams—Joe Manzo of Boston College, Tony Cabello of Lafayette, Mouse Bessel of Bucknell and George Wood of American International—and Jack Schwartz, who was captain-elect at W. and J. Corp. Chuck Fenske has been taking on weight in the army and, since the training period has been extended, has decided not to try a foot-racing comeback. . . Private Johnny "Pug" Mitchell, who became a Kentucky colonel while playing for Murray (Ky.) Teachers in 1938, had to start at the bottom again as a reaction director at Shepard field (Tex.). . . Don Jones, ex-San Francisco and Kansas City sports writer, tips that the Fort Riley (Kans.) team is one to watch if they ever get around to deciding the army grid title.

A golf tournament at the Meadow Brook club the other day was won by ex-polo player Lieutenant John R. Fell of the navy and ex-ball player Sammy Byrd. . . Runners-up were P. Hal Sims the bridge expert, and on Grant, a racquet specialist.

Pampa should get rid of its "Amarillo complex" in football, Coach Prejean told the Harvesters football team and their parents last night at a trier and supper served by the Harvesters mothers in the backyard of the H. H. Heiskell residence on East Kingsmill.

"Many fans have the idea that if we don't beat Amarillo we don't have any team at all, when as a matter of fact we may have a great team," the coach said. "It is my opinion that it is possible to have a good team even in losing to Amarillo. He deplored the fact that many fans would think Pampa had a successful season if they beat Amarillo but lost every other game.

"We'll take that game in stride and play it when the time comes," Prejean said. "Our next game is against El Paso and that's the only one we are pointing for now. After that we'll play for Childress. We're going to play games as they come and not plan our whole season around the Amarillo game. The fans help by thinking of somebody besides Amarillo. We have ten games on our schedule and if we win most of them I would consider that a good record."

The coach's remarks were made after Archer Fullington expressed optimism regarding the Harvesters' prospects because "we have two good teams this year," but he said he wasn't going to "stick his neck out" and predict that Pampa would win the game by beating Amarillo. He said he was going to stand by hopefully until Pampa plays tougher teams, like Childress and Lubbock.

He said that Pampa fans, including many former wives, were going all out for the team this season, and he praised the attitude of the Harvesters.

Co-Captains Burnett and Phillips said that they believed they would have a good team this year if they continued to show progress and continued to work hard. Coach Mac Best pointed out as did Prejean that it was difficult to tell now just how good the team is because the Harvesters have not yet come up against any formidable competition. He said the team was playing to win the games as they come up and not just to beat Amarillo.

Assistant Principal Tom Herod said he believed the team would "go places" this season.

Supt. L. L. Sone led the boys in yells for Mrs. Heiskell and for "mothers and dads." He also led the group in singing "Dear Old Pampa High School." . . . Mrs. A. L. Burge was introduced as president of the Harvesters Mothers club and Mrs. Frank Lard as secretary-treasurer.

Coach Prejean introduced each of the players who introduced their parents.

The sumptuous supper consisted of great quantities of fried chicken, many kinds of salad, milk coffee, vegetables, pies, ice cream and a large cake donated by the Puritan bakery.

Mrs. Heiskell was also introduced. She said that her last son played on the team last year, but that she would have two grandsons in 15 years.

Grover Lee Heiskell, former Harvesters star, now assistant to Coach Jack Davis with the Gorillas, was given a rousing cheer.

The supper was served on the back lawn under lights.

Reapers To Play Central At Amarillo

Coach C. P. McWright will take his junior high Reapers to Amarillo Thursday afternoon instead of Friday afternoon, he announced today. The Reapers are scheduled to meet the Central high team, always one of the toughest teams for the Reapers every season.

Game time will be 4 o'clock with the game being played on the Horace Mann field which has been newly turfled.

So far this season the Reapers have won two games and lost one while Central has won one, tied one and lost one. What makes the game more interesting is that Central tied Sam Houston while the Reapers dropped to them and that the Reapers beat Horace Mann who in turn defeated Central.

The Reapers have been working long and hard on blocking and pass offense this week, hoping to strengthen a scoring punch and to get more deception.

Coach McWright will use Silor and Cree at ends, Allen and Turner at tackles, Hatcher and Campbell at guards, Wilson at center, Sheehan at quarter, Howard and White at halves, and Custer at full.

Phillips To Spy On Sooner Grid Practice
OKLAHOMA CITY, Oct. 8. (AP)—Gov. Leon C. Phillips is going to personally survey the football situation at the University of Oklahoma this afternoon to find out how ready the boys are for the University of Texas game at Dallas Saturday.

A special practice session is scheduled but Phillips, a former Sooner grid star, believes he can get by the gatekeeper.

"I can keep a secret," he grinned.

Grid Coaches In New Jobs Win Openers

By HAROLD CLASSEN
NEW YORK, Oct. 8 (AP)—One swallow seldom makes a headache and one or two games don't make a football season, but a survey that a majority of the football coaches in new jobs this season got started with the right amount of touchdowns.

Tops among them at this early point are Paul Brown, the ex-high school mentor, now tutoring Ohio State; Tom Sidham, Marquette's boss; Emerson W. Spilke, Nelson of Yale, and Frank Leahy at Notre Dame.

Brown, who arrived on the Buckeye campus just as the football talent was supposed to have run out, took the spring supply in hand, setting theIrish in drilling fundamentals and this fall won the first two games.

Ohio came through with a mild surprise in downing Missouri, 12 to 7, then almost pushed the world series of the sports pages by blasting Southern California, 33 to 0.

One game almost does make a season for Marquette and Sid-

ham triumphed in that, beating the University of Wisconsin, 28 to 7. Yale went through its most depressing season in history last year, winning only one of eight games. The first half of the 1941 inaugural continued on the same pattern with Virginia ahead, 19 to 0, at the rest.

The Blues, however, staged a comeback to put Nelson and his sophomores in the limelight, 21 to 19.

Notre Dame has a fair start on the victory trail under tradition-breaking Frank Leahy, who guided the Irish to wins over Arizona and Indiana.

In the southwest, Baylor is striding along under Frank Kimbrough and Tulsa finds little of which to complain under Henry Fmka. Oklahoma, now under Dewey (Shorter) Luster, walloped the Oklahoma Aggies, but gets its real test Saturday against Texas.

Stagg's Team To Play SMU At Tyler's Rose Festival

TYLER, Oct. 8. (AP)—They're building a football game around one man Saturday—and what a man!

When 15,000 jam their way into the stadium to watch Southern Methodist battle little College of Pacific as many will turn out to see Amos Alonzo Stagg in action as will come primarily for the gridiron festivities.

Stagg, who through a half century of coaching has become Mr. Football himself, started back in the gay nineties at Springfield College. Then for 41 years he was the grand old man of the midway at

Chicago. Retirement regulations said he was through in 1933 but he went out to the coast and started all over again, bringing honors to the College of Pacific.

Saturday a Stagg-coached team plays in Texas for the first time. It will be in the seventh annual Rose Festival game.

The dean of American football goes against the dean of the Southwest Conference—S. M. U.'s Matty Bell who is the oldest coach in point of service in the major circuit down here.

Southern Methodist will be a heavy favorite but Stagg never got that reputation as a "giant-killer" by twiddling his thumbs. His teams have worried titans of Pacific coast football.

Neither S. M. U. nor Pacific have scouted each other but the coaches have exchanged basic formations. And rest assured Stagg's plays will be as modern as they come.

He's 79 and coached back when the flying wedge was about all the razzle-dazzle they knew, but he hasn't permitted moss to grow around his feet. He couldn't have won 322 games in 51 years if he had.

Retirement regulations said he was through in 1933 but he went out to the coast and started all over again, bringing honors to the College of Pacific.

BUICK BUILDS FOR DEFENSE

Our equipment Building Ford & Whiteley valve-in-head aircraft engines for defense use.

A word about the calibre of the distinguished new automobiles that Buick now brings to market for 1942

Two thoughts stood solemn sentinel throughout all the planning of our 1942 cars.

The first was:—in their materials these cars must not trespass on the current needs of national defense.

The second was:—in their quality and performance they must not be an "ersatz" product.

If you think this leaves only a cramped and stifling byway for engineering to advance in, remember that difficulties are sometimes the spur that real ability needs.

Our new cars, it seems to us, superbly prove this. But we neither expect nor ask you to take our word for it.

The way to know what they are, and how marvelously they perform, is to breeze them down a country road or tool

them through clotted traffic.

The sure way to gauge their mettle and their inmost goodness is to plump them squarely into the stiffest task your imagination can supply.

So come try the gorgeous new cars that we not only say pace the pack for 1942 but are bold enough to believe set an all-time high in all-round automotive excellence.

They will make you glad—nay, proud—all over again that you're living in America—and now!

No other car has **ALL THIS FOR YOU IN 'FORTY-TWO**

(By The Associated Press)

NEW YORK—A year ago an opening developed in the 1941 New York university football schedule and the Violet players requested that Texas A. & M. then the rage of college football, be contacted. That is why the two teams collided in Yankee stadium Saturday.

KIRKSVILLE, Mo.—If Bob Mills, Kirksville Teachers' guard, begins to fan himself between plays, don't take that as a sign of weakness. Mills merely carries the breeze-producers to keep his spectacles from fogging over.

LOS ANGELES—Stanford tough? Plenty, say the footballers of the University of California at Los Angeles. Not only were the UCLANS trimmed, 33 to 0, but they have these injuries to prove the Indians' robustness:

Halfback Howard Hunt, two broken ribs.

End Ed Breeding, cracked leg.

Center Gene Alder, says he's still groggy from the blow that knocked him unconscious.

PROVIDENCE, R. I.—Brown plays only its third game Saturday and already Bruce Remick, sophomore 155-pound fullback, has worn out a pair of shoulder pads.

MURDER IN PARADISE

By MARGUERITE GAHAGAN

Copyright, 1941, NEA Service, Inc.

THE STORY: "It's murder!" whispers Maudie O'Connor, as she, her school teacher daughter Mary, and their Seattle, Finn McCool, come to the cottage near their cottage at Paradise Lake, and Maudie goes on in the dark night to phone the police, probably from the resort inn operated by elderly Mrs. Gordon. Cord narrated the story by showing up this year with Maudie's mother, introducing her as his fiancée, when the people at Paradise had supposed her engaged to young Jeanie Morris, despite the objections of Miss Millie, the strict spinster aunt, Miss Millie, to their romance. Mary waits alone in the dark for her mother's return.

MAUDIE LIKES MYSTERY

CHAPTER III

THE moon had sailed glouhously past seven trees before I saw a car coming down the road. From the time that had passed and the way my eyes ached from straining to see a welcome arrival, I suspected Maudie hadn't gone direct to the inn for help. I really don't know why I expected her to do things the simple and direct way. Being her daughter for too many years to mention should have made me expect her to do it the hard way.

The car was from the State Police post over in Greenville and the young man in a trim uniform was, according to his calm intonation, Officer John Antler. He was calm, too, and so was his companion, Dr. George Orway.

I didn't go over with them when they started in the direction to which I pointed. Instead I grappled with Finn McCool who was getting his nerve back again, and yanked him into the security and safety of the back seat of the car. Another machine came up and some more men got out and pretty soon I saw them taking flashlight pictures of the body and searching the ground.

Clews, I supposed, and again I realized that murder meant a lot. Questions, and suspicions, and the hunt by the law. But was too tired now that I was safe in the car to really think much about anything but the cottage and a hot shower. I hoped to heavens Maudie was there and had sense enough to turn on the gas so I could get a soothing bath.

But she wasn't. I should have expected that, too. Eventually I did get home after I had told Officer Antler what little I could tell, and he and the doctor had taken me home and left me with some white powders to help me sleep and forget the whole ghastly mess. I had calmed down enough to go to bed before I heard McCool bark in that special way he has when he hears Maudie. I was almost too sleepy by then to be angry with her, but I did manage to ask a few questions.

"A fine time to go gallivanting," I said, while that fuzzy feeling decreased blissfully and my aching nerves relaxed. "I was not gallivanting. I merely informed the proper authorities." "It never took you so long to go to the inn on other occasions, and I pointed out with less vehemence than I felt that you were late."

"I didn't go to the inn." She stood in my doorway putting her white locks up on curlers. "I went to the Morrises." "That jerked me out of my wooziness for a second. 'Good heavens, why?'" "They have a phone, and I rowed over. I saw no reason to advertise this crime to the entire community, and at the inn people certainly would have overheard my conversation."

"That's just too bad. I suppose it never occurred to you that you left me there alone in that beastly woods with a dead man and a criminal loose. It did occur to me I would have enjoyed a little

Maudie, it seemed, had called the State Police from the old Morris residence, and then she and prim, straight-laced Miss Millie had discussed the crime. It seemed that Miss Morris was too busy recalling her own anger at Herbert Cord's attentions to think of why he had been killed—or by whom!

company while the law took its own sweet time arriving. "Nonsense," said Maudie, wiping cold cream off her face for the second time that night. "That nice Officer Antler said I did exactly right and nothing happened to you anyway."

"A lot you'd care," I said bitterly. "A fine mother you are. I suppose you're already seeing yourself as a lady sleuth." I was too tired to continue the argument, but the next morning I started from where I had finished. Maudie, it seemed, had done her calling from the old Morris residence all right, and then, she admitted, she and Miss Millie, whom she had criticized not so many hours previously for her strictness with Jeanie, had discussed the crime.

"She knows the land around here and all the people," Maudie justified that night conversation thusly. "I merely tried to learn if she could throw any light on the crime."

"Well, could she?" It seemed that Miss Morris was too busy recalling her own anger at Herbert Cord's attentions to her niece to think of why he had been killed or by whom. "Not that I blame her for feeling that way," Maudie hurried to add. "She feels he took advantage of the child's gullibility and unsophistication, and, of course, she feels this, that it's his—this bringing his current fiancée back to Paradise Lake—is exactly what one would expect of such a character."

"If she goes around spouting these sentiments she may find herself added to the list of suspects," I told her. "And so will you if you don't keep still. I haven't seen you shedding any tears over the death of this man." "You haven't either, so don't jump at conclusions. Anyway, I know she didn't do it."

"And I suppose by now you do know the guilty one," I said, completely out of patience. "I made no such statement, but I can have my suspicions." Suspicions can be dangerous when spoken aloud and I was upset more than I wanted her to know. After all, Maudie and I had found the body.

I DIDN'T want to be bothered with a lot of questions by police during what I had hoped to be a quiet, restful vacation. I didn't want to get in an argument with Maudie either. It was like hitting one's head against a stone wall, for one never achieved results. If I walked down to the inn, perhaps I'd hear what the local gentry was saying and if I went for the mail it wouldn't give Maudie a chance to go down there and talk.

Maudie was writing in her diary when I went to her room. "Don't be too literary," I said, "and it might be wise not to put down all the people you think are guilty." "She looked up at me over the top of her glasses and chewed the tip of her pen handle. Her desk always was a mess of odds and ends so I don't know why my eyes were attracted to the coin lying next to her powder box. It was a lucky piece. At least that's the only way I can describe it, and I reached over to examine it. Maudie bent me to the draw and put it in her manicure kit.

"Well, really," I said, "I wasn't going to steal it. What is it, anyway? I never knew you to carry lucky pieces." "I don't," she said more brusquely than usual. "It's just something I found. Maybe it will bring me luck." "I hope you won't have to use it," I said. "And remember, if you mind your own business and don't talk out of turn you'll be able to toss it right over your left shoulder."

But going down to the inn I wondered at the look in her eyes as she watched me turn and leave the room. (To Be Continued)

High Farm Prices May Help Slash Benefit Payments

WASHINGTON, Oct. 8 (AP)—With farm products bringing the highest prices since 1930 and still advancing, agriculture department officials said today that the administration should be in a position to make a sizeable cut in its budget for 1942 crop benefit payments.

Indications were that the cut might exceed \$200,000,000, or more than one-fourth of the cost of the present benefit program.

Agricultural prices are nearly 45 per cent higher than a year ago. Department economists predict further advances this winter and next spring. Because of the higher prices and prospects for the largest food demand in history, the department forecasts that farm income may approach \$13,000,000,000 next year.

An income of this size would be the largest since 1920 and \$2,000,000,000 above the estimate for this year.

Congress appropriated about \$780,000,000 for farm benefit payments for 1941 crops, including \$500,000,000 for cooperation with soil conservation programs, \$48,000,000 for cooperation with the sugar production and marketing control program, and \$32,000,000 for parity payments.

Germany Execute Scores Of Serbians

BUDAPEST, Oct. 8 (AP)—A German punitive expedition after weeks of fighting has put down forest bands which had been pillaging villages in German-occupied parts of Serbia. Hungarian press dispatches from Belgrade reported today. Scores of the band members were executed.

The correspondent of one Budapest paper said German soldiers and military units of the local Serbian administration had to fight from village to village to free Serbia from the terrorists.

His dispatch said the commander of the expedition, "retaliating against all terrorist actions," sometimes executed as many as 58 or 60 men.

Indications were that the cut might exceed \$200,000,000, or more than one-fourth of the cost of the present benefit program.

Farm officials said that the president's new budget to be placed before congress in January probably would ask for the same amount for soil conservation, but a reduction of at least \$100,000,000 in parity payments and possibly the elimination of appropriations for sugar programs.

Greatly improved prices for cotton may make it possible, officials said, to drop parity payments for this crop. The department has set

Clubs Asked To Join Go To Church Sunday

All Pampa service clubs will be called on to respond to the Go To Church Sunday movement this week...

Today, Mr. Ketter visited the Rotary club at their regular noon luncheon...

Saturday will see 10,000 circulars distributed over Pampa, as a plan to see their support in the drive to turn Pampans' thoughts toward worship of God.

U. S. To Be Paid Back On Lease-Lend

WASHINGTON, Oct. 8 (AP)—The United States expects to receive "something that will be of value to this country, tangible or intangible" as reimbursement for lend-lease aid...

Dean G. Acheson, assistant secretary of state, testified before a house appropriations subcommittee that if the war should end while the amounts due under lend-lease were relatively small, settlement would likely be made by check but that if it goes on for three or four more years and the sum involved reaches \$15 or \$20 billion of dollars...

During testimony of Edward R. Stettinius, Jr., lend-lease administrator, it was brought out by Rep. Taber (R-NY) that only lend-lease reimbursement appearing in a memorandum submitted to the committee was for \$4,200,440. There was no explanation of the item or of possible other reimbursements.

Jap News Agency Urges Hitler To End Soviet War

TOKYO, Oct. 8 (AP)—Domei, in a special article, today urged the Axis powers to terminate the war with Soviet Russia to conserve German resources in manpower and equipment for an all-out assault on Great Britain.

The news agency warned that if the war with Russia is extended over a long period the Axis powers may be faced with a dearth of materials because, it said, they are a union of "haves-nots."

Britain and America, on the other hand, the agency declared may become stronger because they represent a union of "haves."

Mainly About People

Mrs. Maude Rury of San Diego is visiting with her brother, Ora Hilton, and Mrs. Hilton of LeFors.

LOST: 2 year old Brindle, fine hair English sheep dog, Quiet nature, answers to name "Lady." Reward, Phone 666 or 1297.

Mr. and Mrs. J. E. Ward left this morning for Houston, Galveston, and other southern points where they will vacation.

A bargain in indirect lighting fixtures. Used less than two years. Excellent condition. Inquire Pampa News.

City commissioners at their regular meeting yesterday approved renewal of the public liability bond of Alvin L. Chambers, house mover. The policy is with the Car & General Insurance Corporation, Ltd., of New York.

Wanted: Boy for Pampa News route in McLean. Must have bicycle. Apply Dishman's Drug, McLean.

In the absence of Fred Thompson, mayor, who was in Beaumont presiding over the Texas-Oklahoma Kiwanis district convention, George B. Cree was acting mayor at the city commission's meeting yesterday.

For Rent: Well furnished, five-room home. Excellent location. P. S. Brown, 608 N. Gray. Phone 497 or 364.

A hearing on the city's budget for 1942 has been set for 2:30 p. m., Tuesday, October 21, in the city commission room.

Divorcees were granted in two cases in 31st district court yesterday: Geneva E. Cornelius vs. Rives Cornelius; Edwina Hollingshead vs. B. E. Hollingshead, custody of Pattye Louise and Dorothy Bea, minors, to plaintiff; defendant to pay \$25 a month toward children's support.

A marriage license was issued by County Clerk Charlie Thut yesterday to R. V. Plato and Miss Vivian Hale.

Selection of jurors was started this forenoon in 31st district court in the case of State of Texas vs. Fred Burrow, charged with forgery.

Mr. and Mrs. E. C. Sidwell were Amarillo visitors yesterday afternoon.

Condition of Miss Dorothy Mullen, who has been seriously ill for the past month, continues to improve but she is still confined to her bed.

Mrs. Jim White and Mrs. Skeet Roberts were Amarillo visitors yesterday.

Fines assessed by City Recorder W. C. deCordova today included one for intoxication, one for speeding and three for other traffic violations.

Jake Garman and Luther Pearson were business visitors in Amarillo yesterday.

Miss Leona Wray, daughter of Mr. and Mrs. B. C. Wray of Crane, underwent a tonsillectomy today at a local hospital. Miss Wray graduated from Pampa High school in 1938.

Of a total production of 1,535,868 rifles reported by the firearms industry to the census bureau in the last two census of manufacturers, 783,722 were repeating rifles and 752,136 were single shot rifles.

REDS' PLIGHT

(Continued from Page 1) troops from a threatened Finnish encirclement joining the defense of Leningrad.

(By The Associated Press) German armies storming toward Moscow in a great new offensive have reached Soviet defense lines, trapped several Red armies and are now fighting a vast battle of annihilation only 125 miles from the Russian capital itself, Adolf Hitler's high command reported today.

In the south, too, the plight of the Russians appeared to be growing more desperate by the hour. Nazi military dispatches said the entire south wing of the Soviet army had been broken by a German drive which has already engulfed Ossiipenko and Mariupol, on the Sea of Azov, and is threatening the Don river port Rostov, gateway to the rich Caucasian oil fields.

Our Star said the Germans were suffering "enormous losses" for every step gained in the twin drives in the Vyazma area, where the Russians slogged an earlier Nazi thrust in mid-summer, and on the Bryansk zone.

Soviet tanks and warplanes in a single sector were credited with destroying 133 tanks, 56 motorcycles, 19 armored cars and 256 truckloads of infantry in a 48-hour period.

On the southern (Ukraine) front, Marshal Semenov Budyonny's armies counter-attacking from the Don river basin toward the Perikop Isthmus, gateway to the Crimea, were reported in danger of encirclement by the German drive to Mariupol.

British military quarters said that the Germans were able to maintain themselves on a 130-mile line between Mariupol and the Dnieper river city of Zaporozhe, the Red army units could escape only "by forcing their way into the Crimea... overcoming German forces."

Meanwhile, Germany's Axis partner, Japan, sent up a new trial balloon for peace in the Russo-German war.

Domei, the official Japanese news agency, urged the western Axis powers to end the Soviet campaign to conserve manpower and equipment for an all-out assault on Great Britain.

Voicing the fear that Germany would exhaust her strength in Russia, leaving Japan alone to face the hostility of Britain and the United States, Domei declared that the Russo-German war was started to prevent any threat to the German rear and that this purpose had now been attained.

Authorized quarters in Berlin said that the German and Turkish governments had jointly declared there was no basis for reports of German troops massing in Bulgaria for an attack on Turkey.

Dispatches from Istanbul quoted diplomatic sources in that Turkish metropolis as saying the Germans were moving "vast quantities of troops and tanks from Bulgaria and Greece, apparently to bolster the push along the Sea of Azov and replace combat losses."

In the Vyazma area alone, several Soviet armies are encircled and their destruction is proceeding irrevocably.

It was the first time the Nazi high command had mentioned the

Denton Listens Quickly To Murray

DENTON, Oct. 8 (AP)—William H. Alfalfa Bill Murray, former Oklahoma governor, carried his attack on national administration of domestic policies to Decatur today on a trip that is scheduled to take him to several north Texas communities.

While an audience listened quietly on the courthouse grounds last night, Murray sat comfortably on a stone bench and assailed alliances with other nations in a talk under the auspices of the America First committee of Texas.

"Our liberty and safety depend on our return to America's traditional foreign policy," he said.

He advocated the making of treaties only for trade and commerce, peace and friendship, consonant with "the old Washington and Jefferson principle."

TYPICAL

(Continued from Page 1) They asked him whom to notify in case of his death, and he answered "the gravedigger"; as to where he should be buried, Peccos replied: "Where it's easiest to dig a grave."

Papers found on Peccos showed that he had been a deputy sheriff in two New Mexico counties. Found on the body was \$45 in cash, left over from his last payday. He had a horse and saddle, and a half-months pay due at the time of his death, enough to pay for funeral expenses.

Peccos was always dependable, according to E. F. F. Brainard, his employer. He said that he always left a note at the ranch when he left, saying where he was going and when he would be back.

Bill White, a cowhand on the ranch, said Carpenter went into the corral stable to pick cockleburs out of the horse's tail, a routine chore performed "a 1,000 times" by Carpenter and all cowhands. About 45 minutes later White saw Carpenter's hat lying in the corral. He went out to investigate and found him dead.

White had worked on the Bell Ranch, the Bower Ranch, the Campbell Ranch and others.

The John's Creek Ranch is several miles west of Canadian. It is owned by E. F. F. Brainard.

TRUCK

(Continued from Page 1) of view than the private passenger car. Fire Chief Ben White declared today. Motor vehicles classified as common and private carriers are equipped with fire extinguishers, but no such rules exist for the private car owner.

"Fires in motor vehicles are responsible for about 10 per cent of all fire alarms," the chief said. "It is not uncommon for a general alarm to be sounded, calling three or four pieces of fire apparatus, for a burning car. When we get there, a squirt from a fire extinguisher or a burst from a fog nozzle on a booster line puts the fire out. The operator of the car could do the same thing himself with less delay, if he carried a fire extinguisher on his car. Fire Prevention week is a good time to recall this fact to mind."

BORGAN

(Continued from Page 1) crawled along a little ravine to their corral which was only a few yards from the house. Then we picked our chance and made a run for the house before they could shoot us, and we tried to break the door in but it was too strong and being afraid to stay long, we went back the way we had come.

"The moon was then giving much light so the hunters could see us easily in the open while we could not see where to shoot. We then left, going further east, taking most of the horses with us."

And that is Quannah Parker's version of the Battle of Adobe Walls, whose fallen warriors will be honored at the mammoth celebration here this month.

After the Battle of Adobe Walls the Comanches encountered a severe winter in which most of their men were killed or captured. So on June 2, 1875, Quannah Parker went to Fort Sill, Indian Territory, and surrendered to Col. R. S. McKenzie.

The next day Quannah selected a homestead at Cache, where he ploughed, put in a crop and was shown how to work it.

Son of Cynthia Ann Quannah was the son of Cynthia Ann Parker and Pete Nocomo, also chief of the Comanches, and was one of three children. His sister's name was Prairie Flower, his brother's Peanuts.

Cynthia Ann Parker, a white girl, was captured by the Comanches when only nine years old. About 16 years later the white hunters recognized her and advised her to return to civilization, but she had learned to love the Indians and could not be persuaded to forsake them.

Quannah was born on the banks of Elk Creek while the Comanches were fighting the Navajos in Pecos Valley, and in 1862 his mother was recaptured by the white people. Pete Nocomo's second wife, his Indian spouse, raised Quannah.

White Blood Scorned At one time Quannah was so cruelly treated (because of his mother's white blood) that he grew to young manhood before knowing the old Indian squaw was not his mother.

At Cache, where he settled after he surrendered, Quannah was a wealthy man. Besides much land he had large herds of horses and cattle, and was a director in the Cache bank.

Well posted on general topics, Parker spoke broken English, but easily understood what was said to him. He held the confidence and friendship of his white neighbors.

Quannah died on February 23, 1911, following a visit to Harmon, Okla., where he became ill with rheumatism of the heart and asthma.

He advocated the making of treaties only for trade and commerce, peace and friendship, consonant with "the old Washington and Jefferson principle."

Home Demonstration Agent Fatally Hurt

ABILENE, Oct. 8 (AP)—Miss Hattie Tacker, Taylor County Home Demonstration agent, was fatally injured today in a highway crash near the western edge of Abilene.

Injured in the accident were Clara Brown and Vada Cole, both of Abilene, Texas. Staff Sgt. Earl F. Lancaster of Beggs, Okla., and Sgt. Harry K. Conner of Odessa, Texas, Miss Brown is Calhoun County Home Demonstration agent and Miss Cole is Farm Security Administration Home Supervisor. Their injuries were not serious. Lancaster and Conner suffered concussions. They are 45th Division soldiers stationed at Camp Barkeley.

The automobile in which the five were riding struck a bridge abutment and overturned. Seconds later the wreckage was hit by a freight truck driven by John Paul Fischer of Fort Worth.

F. D. R.

(Continued from Page 1) Hopkins, who had been reported taking the lead in an effort to have the law revised to permit the arming of ships and to allow them to travel anywhere, was said to have expressed disappointment at the decision reached at today's conference.

One of those who attended the meeting told reporters that if the legislation providing for arming ships went through the house by a substantial majority it was possible that the senate foreign relations committee would consider broadening the measure to eliminate the restrictions on ship movements.

Senator Barkley of Kentucky, the majority leader, told reporters he could not say in advance what the message would contain or whether it would seek both the arming of merchant ships and allowing them to touch belligerent ports immediately.

He said, however, that the arming of merchant vessels, now prohibited by section 6 of the act, would be made drastic change that might be made.

"The arming of ships, as a matter of timing," he said, "might be the most urgent."

Barkley said he personally favored repealing both sections which would permit the arming of ships and their travel to designated combat zones and belligerent ports, but emphasized that was "merely my personal opinion."

COMMITTEE

(Continued from Page 1) consuming initial preparations. 3. For every dollar of defense articles exported, 70 cents worth of other services has been rendered.

4. Secretary of War Stimson believes that the world crisis is "no less acute, and indeed, if anything, is sharper" than heretofore.

5. General George C. Marshall, army chief of staff, believes that there should be no tampering or delay with the lend-lease program, asserting that "the British suffer today and risk their national existence by similar delays."

7. Officials repeatedly asserted that it would be "dangerous" to deny to Russia the benefits of the lend-lease program, even though such aid is not now contemplated.

Scattered through the hearings were repeated references to the effect of strikes on either the lend-lease or national defense program and Rep. Starnes (D-Ala.) asserted at one point that it was "a damned outrage that we have not received more benefits from this program and that we have not attained a greater degree of security."

The committee report, noting that between 15 per cent and 20 per cent of the nation's factory capacity presently is devoted to production of war material, predicted that half of the industrial production would be devoted to that purpose by June, 1943.

All Texaco Stations But One Will Be Closed Each Sunday

A policy of closing all their stations but one in Pampa on Sunday has been adopted by local Texaco dealers. All except one of the dealers will close stations each Sunday in order to give employees an opportunity to attend church services and spend a full day with their families.

Open this Sunday will be Graham's. On the following Sundays, in order, these stations will be open: Gunn-Hinerman, Motor Inn, Harrod, and Graf.

The Texaco dealers are Graham's Service station, 301 W. Foster; Gunn-Hinerman, 501 W. Foster; Motor Inn, 300 N. Cuyler; Harrod Service station, 841 W. Foster; Graf Auto service, 301 S. Cuyler.

Cotton Estimate Up For October

WASHINGTON, Oct. 8 (AP)—The agriculture department estimated today that this year's cotton crop is 11,061,000 bales of 500 pounds gross weight, based on the Oct. 1 condition which was 64 per cent of a normal.

The department reported the indicated yield of lint cotton to be 234.2 pounds to the acre and the area for harvest, 22,633,000 acres.

A month ago 10,710,000 bales were forecast on the basis of the Sept. 1 condition of 65 per cent of a normal, which indicated a yield of 238.8 pounds to the acre.

Production was 12,566,000 bales last year, when the Oct. 1 condition was 72 per cent of a normal, the acre yield 252.5 pounds, and the area harvested 23,861,000 acres.

Average cotton production over the 10 years, 1930-39, was 12,348,000 bales, the Oct. 1 average crop condition 64 per cent of a normal; the acre yield 205.4 pounds, and the average area harvested, 31,122,000 acres.

The census bureau reported that cotton of this year's growth ginned to Oct. 1 totaled 4,713,227 running bales, counting 314 pound bales as half bales and excluding linters, compared with 3,923,172 running bales, including 1,071 round bales, a year ago, and 6,682,066 running bales, including 101,179 round bales, two years ago.

Tanker Runs Aground

NEW YORK, Oct. 8 (AP)—The 7,718-ton Socony-Vacuum tanker Broad Arrow, inbound from Corpus Christi, with a heavy load of oil, ran aground in Ambrose channel last night and was refloated eight hours later. The vessel appeared undamaged as she proceeded to her New Jersey pier.

Beware Coughs from common colds That Hang On

Creamulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germs laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creamulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.
