# Willkie And Glass Demand Repeal Of Neutrality Act

## Hitler Claims Eight Full Russian Armies 'Annihilated'

LONDON, Sunday Oct. 19 (AP)—Red army forces have launched a massive counter-offensive against the Germans in the Kalinin sector, 95 miles northwest of Moscow, the Soviet official radio announced early today.

Early roundabout reports that the Russians had recaptured Orel and Kalinin were not confirmed in the Soviet Sunday communique. But the Russians said officially they had repulsed German attacks on the Moscow front.

WASHINGTON, Oct. 18 (AP)—The prospect of a senate battle over major revision of the neutrality law developed today as Senator Glass (D-Va.) craved the existing act "a craven piece of potpourri" and announced that he would work for its complete repeal.

## 'No Hope Of Peace Unless We Act'—Willkie

WASHINGTON, Oct. 18 (AP)—The prospect of a senate battle over major revision of the neutrality law developed today as Senator Glass (D-Va.) craved the existing act "a craven piece of potpourri" and announced that he would work for its complete repeal.

NEW YORK, Oct. 18 (AP)—The United States must abandon the hope of peace, Wendell L. Willkie said tonight, in declaring that the Axis powers "are winning now and unless we act soon, it will be too late."

## China Policy Approved By Jap Premier

TOKYO, Oct. 18.—Settlement of the China affair and establishment of a Japanese order in east Asia by quick action, not words, plus continued alignment with the Axis were promised by Premier Gen. Eiki Tojo today in his first public statement of the policy of the new predominantly military government in Japan.

DR. ELMER RIDGEWAY, Oklahoma City pastor, today opens a two-week series of evangelistic services at the First Baptist church in Pampa. The visiting minister has been pastor of churches at San Angelo, Tex.; Caddo, Ala. and has been a prominent pulpit in the south.

## Japan Seen Resolved To Use Force

SINGAPORE, Oct. 18.—The consensus of informed quarters here today was that the success of Japan's military leaders in forming a cabinet signifies a conviction the nation had reached an impasse which the new government now likely to try to break by force.

### Preaching And Teaching Mission Begins Tonight

Beginning with the 8 o'clock service this evening, a preaching and teaching mission will be opened at St. Matthew's Episcopal church under the leadership of the Rev. Edgar W. Henshaw, and will continue through next Sunday. In many places such a series of services is referred to as a revival. The chief difference lies in the fact that whereas a revival is largely a special preaching effort, a mission in the Episcopal church is also a special period of teaching in addition to the preaching.

Visitors will be welcomed at all of the services. While the methods and doctrines of the Episcopal church will be taught at some of the services, the leader will at no time have any criticism to offer of any other religious body. Numbers in the group among his personal friends the leaders of the various religious groups, both Christian and non-Christian. Rev. Henshaw has a wide and sympathetic knowledge and understanding of many people and many varying ideas of religion. Services will be somewhat informal in nature so that visitors will not have to try to follow the more ritualistic services which are usually conducted in the Episcopal church.

Services for the week will include the following: A Bible class each morning, Monday through Friday at 10 o'clock; a preaching service each evening at 7:30 o'clock, with the use of a question box as a special feature; quiet celebration of Holy Communion at 8 o'clock Wednesday and Friday mornings; preparation for Holy Communion starting at 7 o'clock Saturday evenings and continuing as long as necessary. The mission will be concluded on Sunday morning, Oct. 26, with celebration of Holy Communion at 8 o'clock, junior church service at 9:45 o'clock and Holy Communion and sermon at 11 o'clock.

Throughout the week, Rev. Henshaw will be at the church available for personal interviews from 9 to 10 o'clock each morning and from 4 to 6 o'clock each afternoon.

### Goals Of Increased Production Listed

Goals of increased production in various foodstuffs were listed at a meeting of the Gray County U.S.D.A. defense board, held in the office of the Gray County farm agent Thursday afternoon, preparatory to the district U.S.D.A. defense board meeting to be held October 31 in Amarillo.

Farmers of Gray county will be asked to increase the production of milk cows by 380,000 pounds of milk over that of 1941. The new figure is 10,730,000 pounds. A rise in egg production from 342,000 dozen to 376,000 dozen is another objective. No figures are given on sheep, hogs, beef cattle, and feed grains, but the respective percentages of increase will be 6, 15, 12, and 20 per cent.

To obtain these goals, plan sheets will be distributed to each farmer in Gray county. Irvin Cole, chairman of the county defense board, said Saturday. On November 1, the sheets will be mailed.

In connection with the plan to increase production of farm products, Chairman Cole yesterday issued the following letter to Gray county farmers:

"The secretary of agriculture in a recent address, stated that the United States will have to increase its production of certain foods if we are to have enough for ourselves and to meet British requests. This government is planning to send to Britain during 1942 dairy products that will require between 4 1/2 and 5 billion pounds of milk; about a half billion dozen eggs; 18 million pounds of poultry meat—chickens for the most part; almost a billion and a half pounds of pork and lard.

"To meet this huge demand for an increase in the production of pork, poultry and dairy products, every farmer in the United States will be contacted by local AAA committees to secure information as to how much each farmer can increase his production of these products. In early November your local AAA committee man will begin this work and at the same time he is securing this information from you he will assist you in finding out your 1942 farm plan sheet in order that you will receive the greatest benefit under the AAA program.

"We are asking that you make plans now to increase your production of pork, poultry and dairy products in 1942. You are not expected to enlarge your facilities but rather increase your production by better feeding and care. As you no doubt know, the secretary of agriculture has assured producers that fair prices will prevail for these products in 1942."

### Pastors Asked To Preach Navy Sermon

Pastors of all Pampa churches will be asked to preach a special Navy Day sermon, on Sunday, October 26. L. R. Franks, commander of Kerley-Crossman American Legion post 334, said Saturday.

The Legion will supply pastors with data that may be used in the special sermons. All Legionnaires and other ex-service men are asked to attend the church of their choice on Sunday, Oct. 26. Navy Day is the following Monday, October 27. Sermons will be dedicated to the men in the respective congregations now serving in the United States navy, and to their relatives and friends.

At Austin, plans for participation of the University of Texas Naval R.O.T.C. unit in the Navy Day events on October 27 are being formulated by Captain H. W. Underwood, commander of the campus unit. Now in its second year, with 184 students enrolled,

### Today's War Analysis

By KIRKE L. SIMPSON

Half-encircled by Nazis, Moscow already has ceased to be the shining nerve center of Soviet Russia, but still is the inner keep of a vast fortress, 300 miles in breadth and more than that in depth, which may yet balk Hitler's hopes of rendering Russia impotent.

Within the Moscow defense zone are millions of Russians, troops as well as civilians. The indicated withdrawal of Soviet government officials to Kazan, on the east bank of the Volga, 450 miles east of Moscow, speaks of grim Russian determination to fight on at Moscow to the bitter end. Earlier evacuation of non-defense personnel paved the way for that.

Leningrad—completely cut off from the north, never as fully equipped to stand siege as Moscow, but still battling against the standard by which Soviet leadership has made its Moscow plans. It was an open secret that preparations had been in Moscow for withdrawal of the government but not for surrender of the city, while Nazi legions were still hammering at the lines to the Dnieper, more than 300 miles westward of the present central battle-front in Russia.

And reduced as it now is to the function merely of a huge blockhouse outpost, buttressing the center of a new Russian defense front, Moscow still could prove Hitler's Verdun.

Even if Moscow falls, the Russian forces eastward of the city still will be a major factor in the world. Every division the Nazis must deploy against them represents that German campaign—into the Caucasus toward the all-important Russian oil fields which, most of all, Hitler seeks in his east front war.

It is also grimly certain that in Nazi-occupied regions of Russia such as the Ukraine, Ukraine, Hitler will encounter eventually active and passive civilian resistance on a scale to make his revolt troubles in Norway, Holland, Belgium, France, and the Balkans a mere curtain raiser.

Ukrainian peasantry long resisted the sway of Moscow. There German testimony that guerrilla bands are widely roving Nazi communication lines hundreds of miles behind the actual fighting fronts. It took time for the defeat-dazed peoples of Western Europe to begin stirring against their conqueror. The Russians were at it behind the lines before the drum-fire of battle was out of ear shot.

Yet the Volga is too long for Russian land forces mustered behind it to menace the flank of a German march into the Caucasus seriously. Only by air attack from beyond the Volga could they harass such a Nazi venture.

While Moscow holds out, however, a drive into the Caucasus would be a move that would overrun even German or German and Axis ally reserves. Even Moscow should be completely surrounded by the Germans, to be starved out, tremendous forces will be required.

The best proof that Hitler has concentrated against Moscow everything that could be called in from other Russian fronts lies in the slow-motion of the Leningrad siege at one end and the hardly less slow development of the Crimean attack or exploitation of the southern break-through perilously close to Rostov. It seems reasonably certain, therefore, that Moscow even now is imposing a veto on German strategy.

So long as it holds, Hitler would risk much in shifting his attack southward toward the Caucasus. And every hour gained at Moscow to delay him must add to Russian-British preparations—with American help—to meet him in the Caucasus if he does march.

### LeMond To Return To Civilian Life

Private Guy M. LeMond of Pampa is due to return to civilian life having spent four months in the United States army.

His discharge comes under the recent legislation relieving selectees that are over the designated age limit or with dependents, from active duty.

The Pampian is among the first to leave Camp Polk, La., under the age-limit law. Private LeMond was of the headquarters company of 38th armored division regiment of the 3rd armored division. Commander of the 36th armored infantry regiment is Colonel W. L. Roberts.

Commander of the 3rd armored division, of which the 36th is part, is Major General Alvan C. Gillett. Jr. It is one of Uncle Sam's latest panzer units, and has the nickname of Bayou Blitz.

### NO HOPE

(Continued from Page 1) Iceland, he declared, adding that "we should make this a nation of Americans instead of a nation of politicians."

Pepper declared that the house vote of 259 to 138 in favor of the ship-armament measure indicated clearly the sentiment of congress and the country. He expressed hope that Connally and Democratic Leader Barkley would support repeal legislation.

"It's folly to keep debating," he said. "We all know that the situation is not going to get any better; it's going to get worse."

Pepper said he was convinced that the senate would vote for repeal of the entire neutrality act "if the senate leadership takes a determined stand." Several senators inclined to vote against the bill said privately that changing conditions might increase support of the armed-ship measure.

### Indian Ceremonials To Continue All Day

Traditional Indian dances performed by redskins garbed in war-paint, beads and feathers were seen by thousands of Pampa residents Friday and Saturday at Berger where today the biggest crowd of all is expected to attend the all day Indian Ceremonials at the Adobe Walls battle site and at Huber stadium tonight.

The Gasser baseball stands were almost filled Friday night for a pageant reproducing the battle of Adobe Walls, and packed to capacity last night. Another packed house is in prospect tonight at the stadium. The show will begin at 8 o'clock.

The ceremonials at the battle site located northwest of Stinnett will include dances, tribal feasting, with the dedication of a monument to warriors who fell in the historic battle that took place 75 years ago.

Sheriff Cal Rose of Pampa is the principal actor in the most famous scene of the Indian. He acts the role of the Indian who rode to the crest of a hill overlooking the buffalo hunters' stockade and was shot down at a distance of 1,000 yards by Scout Billy Dixon. Mr. Rose dressed in Indian garb rides a trained horse upon a high ramp decorated as a hill in the act. The layout of the stockade is faithfully reproduced.

Sheriff Rose also led the parade, carrying the flag. Behind him came the Pampa Junior high school band.

Chief Yellowfish, 34, lone survivor of the battle, was in the parade. Hundreds of Indians wearing beaded dresses, moccasins, war paint, leather-fringed garments, feather headdresses and other spangle accessories appear in the pageant which is directed by Mark Hamilton, director of Pampa's En-

trada of Coronado in 1940. The cast also includes eight Pampa girl dancers, Boy Scouts.

Admission price to the Indian dedication at the Adobe Walls battle site is 25 cents for adults and 10 cents for children. The ceremonials will begin at 1:30 p. m. Sunday.

For the pageant the general admission is 75 cents. Reserved seats are \$1.00, and box seats \$1.50. The box seats are on sale at the Retail Credit office.

Rags was a great guy, and let no man tell you differently. Commuters from Philadelphia brought him gumdrops and hamburgers. Women knitted sweaters for him. Men gave contributions, sometimes as much as \$5, to buy him food.

Two months ago, Rags showed signs of getting old, narrowly escaped being killed by automobiles. Railroad employees put him "on pension," and sent him to S. P. C. A. headquarters. He died a week later of what friends say was a broken heart.

# Wildcat Oil Test To Be Drilled In Bailey County

A wildcat test for oil will be drilled in Bailey county where Broderick-Calvert and Amon G. Carter have staked a location on the G. H. Hayward land in the center of Labor 24, League 173, Sutton sound land. The location is due west of Muleshoe.

Derrick for the test has been erected and drilling is expected to begin sometime this week.

New locations staked in the Panhandle field last week numbered 18, making the total for the year to 807. New wells tested and given open flow potentials by railroad commission engineers numbered 12, making the total for the year 529.

Hutchinson county was the hot spot in new activity with seven of the new locations, followed by Gray with four, Moore with three, Wheeler with two, and Carson and Bailey with one each.

Seven of the new wells gauged were in Hutchinson county with the other five in Gray county. The new Taylor ranch pool in central Gray county again came into the picture with three more producers, Skelly Oil company completing a 520-barrel test for its second producer in the pool. To date, 20 wells have been completed and another 20 are drilling.

Completions by counties follow:

**In Gray County**  
Skelly Oil co., No. 2 W. H. Taylor, section 7, block B-21, H&GN survey, gauged 520 barrels.

The Texas co., No. 3 W. H. Taylor, section 27, block B-2, H&GN survey, was given a potential of 253 barrels.

The Texas co., No. 8 J. E. Williams, section 7, block 1, ACH&B survey, tested 40 barrels.

W. H. Taylor No. 6 Taylor Fee,

section 37, block B-2, H&GN survey, tested 50 barrels.

The Texas co., No. 21 M. B. Davis, section 9, block 1, ACH&B survey, gauged 85 barrels.

**In Hutchinson County**  
Shell Oil co., Inc., No. 24 Harvey Sisters "B," section 14, block M-21, TCRR survey, gauged 346 barrels.

Danube Oil co., No. 5 Sanford, section 78, block 46, H&TC survey, was given a potential of 420 barrels.

Stanolind Oil & Gas co., No. 7 Morse, section 21, block M-21, TCRR survey, tested 360 barrels.

Phillips Petroleum co., No. 6 Supreme, section 25, block M-23, TCRR survey, gauged 296 barrels.

The Texas co., No. 19 J. K. Quinn, section 7, block 9, I&GN survey, tested 113 barrels.

The Texas co., No. 38 R. L. Pond, section 1, block M-21, TCRR survey, gauged 71 barrels.

Parton and Hoyt No. 9 Whittenburg, section 15, block X02, BS&F survey, was given a potential of 116 barrels.

Intentions to drill:

Texas co., W. H. Taylor "F," 330' from north line of NE/4, section 37, block B-2, Gray county.

### "Big Shots" Try To Convince Stevenson Black Gold May Be Found In California

AUSTIN, Oct. 18. (AP)—Governor Coke R. Stevenson said today that "big shots" of the oil industry had sought to convince him that an increase of 25 cents a barrel in the price of crude oil was desirable but that they had not succeeded.

The governor was attending a meeting of the interstate oil compact commission when the subject was broached.

The argument was made, he said, that the state would receive an additional \$5,000,000 a year in taxes on crude and that because of increased prices less oil would be consumed with resulting less drain on oil resources of the nation.

He expressed the opinion such a boost in price would cost the consumer not only the \$5,000,000 in revenue to the state but also about \$90,000,000 paid to the oil companies.

LOS ANGELES, Oct. 18. (AP)—Recently discovered methods of drilling oil wells to great depths may lead to discovery of the black gold in California's cretaceous deposits, predicts Stanley C. Herold, Los Angeles geological consultant.

"Many problems remain to be overcome," Herold told the American Association of Petroleum Geologists, Pacific section, yesterday.

"But if operations can be extended to the cretaceous there will be enough new oil development in the state to last 100 years. Some day we may get our main oil supply from this source, but we aren't quite sure enough yet to ask capital for large scale financing."

**Will the new taxes affect me?**

You can't escape them. There are new or increased taxes on many of the things you buy, from automobiles to camera film. But perhaps where you will be hit hardest is your income tax.

Tax rates are up sharply. A single man earning fifty dollars a week will pay more than three weeks salary in Federal income tax. A married man with the same income will pay \$89.

We urge you not to wait until tax time. Start preparing now by setting aside part of your tax every pay day.

### Oil Industry Being Given Recognition

PORT WORTH, Oct. 18. (AP)—More general recognition of the importance of the oil industry as essential and vital to the national defense program has made more steel available for it to carry on its work, Robert E. Allen, director of production under Petroleum Co-ordinator Ickes, told the quarterly meeting of the Interstate Oil Compact commission here.

The production director was one of two officials here from Washington to address the formal meeting, which opened its two-day affair Wednesday with committee sessions. The other was Dr. A. G. White, economist for the United States bureau of Mines, who explained the system of allocating oil among the oil producing states under the system employed by that body in its monthly forecasts of production.

Speaking on "steel priorities," the most pressing problem now before the oil industry," Allen told the several hundred men gathered here from throughout the oil-producing states of the nation that this recognition had come since his visit here six weeks ago. At that time, he addressed a group of oil field equipment manufacturers.

"Steel is the keynote of the oil business. Without steel, we wouldn't get far in our defense program. The steel production for 1941 will be 88,000,000 tons, of which only 60 to 65 million will be the finished product.

"The oil industry, over all, has been the second largest consumer in the past 70 or 80 years. It will be necessary for it to continue the second largest. The largest is defense. Of that 60 to 65 million, an ever increasing amount must be allocated directly to defense. That leaves the office of production management with the job of deciding

### CHICAGO GRAIN

CHICAGO, Oct. 18. (AP)—Buyers returned to the grain pits today, bidding prices up 1 to more than 3 cents while soybeans rose as much as 5 to 6 cents in a general extension of the recovery that has virtually wiped out extreme losses suffered in Thursday's break.

Wheat scored maximum gains of more than 3 cents at one stage, ending 2 cents, rice more than 3 cents, corn a cent, soybeans 5 to 6 cents. This put wheat and oats within about 1 to 2 cents of the closing prices on Wednesday. Corn has more than recovered all the loss since that time.

Good demand attributed to mills and other commercial interests as well as professional traders accounted for the advance. Traders said there was slightly more optimism in the grain circles regarding the Far Eastern situation and fighting in Russia as a result of overnight news reports.

Wheat closed 2-3/4 cents higher than yesterday. December \$1.17 1/2, May \$1.12 1/2. Corn 1/2 up; December 75-76 1/2; May 60 1/2. Soybeans 1/2 up; December 23 1/2; May 22 1/2. Cotton rose 1/8 to 62 cents a bale.

### New High In Oil Consumption To Be Reached In '42

FORT WORTH, Oct. 18. (AP)—The highest consumption ever known in the oil industry was forecast to the interstate compact commission by Dr. A. G. White, chief of the bureau of petroleum economics of the bureau of mines.

White told the quarterly meeting of the commission yesterday that crude oil demand would rise from six to seven percent during 1942 as an average for the year.

The commission, a body representing oil-producing states, also heard a demand from Warwick M. Downing of Colorado that the commission oppose an "unreasonable ceiling" on crude oil prices.

Science Must Know

A bill is pending in Congress, and agitation is underway in a number of communities, to abolish or seriously curtail the use of animals in scientific laboratories.

The humanitarian motives of those who support legislation of this character are of the best. And there can be no question but what animal experimentation should be restricted, by law, to genuine scientific institutions which are staffed by men of science.

In practically all instances, animals used for experimentation are anesthetized and undergo no suffering. WALT WHITMAN. SHIPPING AND SOLDIERS

Few people realize the amount of shipping that would be required to send soldiers to Europe. In the current issue of the Christian Century under the heading of "The Military Outlook," Oswald Garrison Villard makes some very interesting statements as to the amount of shipping now necessary. I quote:

"The problem of building additional ships to move an American force to Europe or South America can perhaps be understood if one recalls that during the First World War we utilized the ships of no less than fourteen nations to move the A.E.F., including Japanese, Italian and French ships that are now not available. More than that, it was estimated at the outbreak of this war that to move a soldier to Europe with his necessary supplies called for twelve tons of shipping. Since then the mechanization of army has proceeded so fast that it will certainly take at least four or five times as much shipping to move a comparable number of men as it did the last time. In other words, unless there is complete collapse in Germany there will be no possibility of moving a sizable force to Europe for three or four years, and then only after superhuman construction of many thousands of ships."

If it will take fifty or sixty tons of shipping for every soldier, then these small boats that we are building in great numbers, which will carry only 1100 ton, would be able to take over only about eleven or twelve soldiers. This would be the case because it takes 400 ton of gas to take the boats over and back, leaving a net of 700 ton.

WE NEED A TOM PAINE

Thomas Paine had much to do with creating public opinion as to importance of the inherent rights of man. He was a great educator and a great advocate of the law of equal freedom.

"These are the times that try men's souls. The summer soldier and the sunshine patriot will in this crisis shrink from the service of his country, but he that stands by it now deserves the love and thanks of man and woman."

"Heaven knows how to put a proper price upon its goods, and it would be strange, indeed, if no celestial article as freedom should not be highly rated."

"Up and help us! Lay your shoulders to the wheel, better to have too much force than too little when so great an object is at stake."

"I love the man who can smile at trouble, that can gather strength from distress and grow brave by reflection."

"Tis the business of little minds to shrink; but he whose heart is firm and whose conscience approves his conduct will pursue his principle unto death."

KANE IS KANE

Pacing his office, he said, "A picture gains in realism and credibility when audiences don't know the actors. Look at Orson Welles, who hadn't been on the screen before. For Kane, he's just as well pleased to have two able players who never have been in American pictures."

ASKS BUSINESS PROPAGANDA

BRITON WOODS PLAYS U. S. ISOLATIONISM (Omaha World Herald) LONDON, Sept. 11.—(UP)—Capt. Alex Stratford Cunningham-Reid, conservative, told an almost deserted house of commons just before adjournment late today that British propaganda in the United States should be intensified to combat isolationism.

"The America First Committee," he said, "last month increased its membership from 10,450,000 to something just over 15 million. Even for a country with a population as large as that of America the organization is extremely large."

"Using all means at our disposal, we should spend much more money and energy in concentrating on the enlightenment of the American people."

"By so doing," he said, "we should be forestalling dangerous isolationist propaganda and helping the best friend this country ever had—Roosevelt."

### Many Additional Volunteers Needed For Red Cross Service

The Red Cross needs many more volunteer workers this year to carry on the expanded services necessary under the national defense program, Joe Key, chairman of the Pampa 1941 Red Cross Roll Call drive, declared today.

"Opportunities for constructive volunteer assistance and leadership in the Red Cross are greater now than they have been at any time since the World War," Mr. Key said. "Men and women of all kinds of experience and interests can find satisfying work in the volunteer special services of the Red Cross, which include production both for relief and home use, canteen, motor corps, braille, administration and staff assistance, nurse's aide corps, home service, and hospital and recreation gray ladies.

"Financial support of these and all other Red Cross activities must come from membership funds received during the annual roll call," Mr. Key said, "but the active cooperation of a great army of volunteers is just as necessary for the carrying out of these services which the nation relies on the Red Cross to supply."

As an example of the way certain of these Red Cross activities have had to expand rapidly in the past year to meet national defense needs, Mr. Key cited home service. Pointing out that frequently the welfare of the families of men in the armed forces is referred to Red Cross, Mr. Key said that with close to 2,000,000 men now under arms, there is a need for home service workers in every chapter. Women talking part in this activity work with the families of enlisted men, assist in doing family case work for disabled veterans, and also cooperate in emergency disaster relief.

National defense needs permeate every branch of the volunteer special services, Mr. Key reported. Canteen work has taken on a new significance, with volunteers being urged to study nutrition, emergency group feeding, and similar projects as part of the preparedness program, and motor corps volunteers are also being trained for disaster and emergency service. The gray ladies, who have carried on the Red Cross hospital and recreation work since the World War are in greater demand than ever for work with sick and convalescents in army and navy hospitals increase their capacity to 100,000 beds.

The drain on national nursing resources caused by the needs of the defense forces has opened another big field for volunteers, Mr. Key said, with the Office of Civilian Defense calling for 100,000 women to be trained by the Red Cross as volunteer nurse's aide corps. These aides, who are already being enrolled and trained through local Red Cross chapters, are needed to act as assistants to graduate nurses, to forestall a serious shortage in essential civilian hospital and public health services. By performing a number of necessary routine services these Red Cross volunteers can release professional nurses for duties which can only be undertaken by a graduate nurse.

"In this hour of national crisis, America needs the cooperation we can all give through the Red Cross both as members and volunteer workers," Mr. Key said in urging everyone to join the Red Cross during the Roll call period, Nov. 11 to 30.

### Aching Feet Sway Man's Judgment

AUSTIN, Oct. 18 (AP)—When aching feet sway a man's judgment on assessing property something should be done about it.

That was the recommendation of Dr. Ronald B. Welch of Chicago who addressed Texas tax officials at a final session of an institute at the University of Texas.

"It is not inconceivable that he may appraise a property at one level in the morning and another level toward the end of the day—when his feet hurt him," Dr. Welch said of the appraiser who depends solely on judgment.

The research director of the National Association of Assessing Officers recommended adoption of a comparative technique of assessing, that of evaluating a property by weighing its advantages and disadvantages against those of a second property whose value is known.

### Panhandle Boy Leaves For FFA National Meeting

PANHANDLE, Oct. 18 — Ernest Russell, member of the Panhandle High school chapter of Future Farmers of America, left today to attend the National F.F.A. convention in Kansas City. Boys of this district are going by special bus which starts from Lubbock. Stops will be made as far as Shamrock to collect F.F.A. members who are making the trip.

The convention opens Monday, October 22. The American Royal, a stock show, will be held at the same time.

Ernest was winner of the objective chart contest sponsored by the chapter, and is given this trip. Spicer Gripp and Bobby McGregor were also winners, but have taken other trips.

### Chief Scout Executive To Visit Lubbock

Dr. James E. West, chief Scout executive of the Boy Scouts of America from New York City, will be in Lubbock Thursday meeting with executives and scouts of the West Texas area. A call for at least 50 scouts from the Adobe Walls council area to attend the gathering has been set by officials.

The meeting will begin at 10 a. m. Gripp and Bobby McGregor were also winners, but have taken other trips.

with a talk by Dr. West who will be making his first visit to West Texas. A luncheon will be served at 12:30 to be followed by an afternoon business session and round table conference. A banquet with songs, stunts, demonstrations and address by Dr. West will be at 6:30 o'clock. All sessions will be at the Hilton hotel.

According to information received by the Adobe Walls council, Boy Scouts of America, which has jurisdiction of the Scout and Cub programs in Gray, Hutchinson, Carson, Hall, Donley, Wheeler, Collinsworth, Hansford, Ochiltree, Hemphill, Lipscomb, Roberts in Texas, and Texas, Cimarron, and Beaver counties in Oklahoma, surveys made all over America consistently show that three out of every four boys desire to be Scouts. C. R. Berrien, who is organization and extension chairman of the Adobe Walls council said

that scouting nationally is now reaching but approximately one out of every three.

"What a wonderful thing it would be," Dr. West writes, "if because of our emergency situation and defense program, the leadership of any of our 41,695 Boy Scouts Troops and 7,846 Cub Packs not now recruited to full strength could have at least one recruit for each patrol and each den, preferably at the invitation of the boys in the patrol and den."

The Adobe Walls council, Mr. Berrien said, now has an active enrollment of 1,038 Boy Scouts in 54 troops and 206 Cubs in 10 Cub packs, and 507 adults serving as volunteer leaders.

Dr. West asks scouters to develop opportunities for new troops and new packs through aiding churches, schools, civic and fraternal clubs and other groups having the sponsoring leadership and physical facilities to organize new units.

This new effort to reach more boys who want to become Scouts and Cubs, he said, "would certainly be gratifying to all who are working in strengthening and invigorating democracy." "It would justify," he said, "the confidence that President Roosevelt expressed in a measure to the entire membership of the Boy Scouts."

"In this grave hour national defense dominates the heart, mind and soul of America. The government must take the major responsibility since it alone represents all the people acting in concert. But the government cannot and should not preempt these fields of private endeavor that have become an indispensable part of life in America."

"The Boy Scouts have made and will continue to make an important contribution to the welfare of America's young manhood. The Boy

Scouts have always responded generously when called into action in the services of their communities and their fellow citizens. And so the nation is confident that the Boy Scouts stand ready to contribute to the national welfare in these critical hours.

"It follows, therefore, that I am proud of what you have done and I am proud of what I know you will do in the days to come in playing your part in our American defense."

Michigan Rated As One Of Top Clubs

By HERB BARKER NEW YORK, Oct. 18. Michigan's Wolverines pushed Northwestern out of the undefeated list today...

By all odds, the Wolverines' feat in halting powerful Northwestern, 14-7, in a spectacular battle at Evanston was the outstanding performance of a comparatively calm football Saturday marked otherwise by the initial defeats suffered by Columbia, Cornell and Dartmouth of the eastern Ivy league...

Minnesota meantime rolled over Pitt's purified Panthers, 39-0, but suffered a heavy blow when half-back Bruce Smith was injured early in the game...

Sailing blithely along the unbeaten trail along with Michigan and Minnesota were Texas Longhorns, Texas A. and M., Duke, Vanderbilt, Army, Navy, Fordham, Penn. Temple, Notre Dame, Ohio State, Detroit and Georgia, to mention a few...

Navy, led by Bill Busik, slowly wore down a fine Cornell array, 14-0, while Army, showing definite signs of revival under head coach Earl Black, tossed Yale for a 20-7 loss...

Duke, after early trouble with Colgate, finally began to roll and wound up on the long end of a 27-14 score, while Vanderbilt, sole unbeaten, untied team in the Southeastern conference, stopped Georgia Tech, 14-7...

Harvard, improving steadily, spilled Dartmouth, 7-0 in the east's only upset of the day. Nebraska caught a tartar in Bo McMillin's Indiana Hoosiers who combined a fine running attack with effective passes to win, 21-13...

Meanwhile Tulane's Green Wave, recovering from the shock of its beating by Rice a week ago, scored almost at will against North Carolina, 52-6...

Mississippi rolled over Holy Cross, 21-0 as Ray Terrell scored twice; Boston College stopped Manhattan, 25-13; and Syracuse had no trouble with New York University, 31-0...

Wisconsin upset the dope in an easy 23-0 conquest of Iowa in the Big Ten while Missouri and Oklahoma scored decisive Big Six victories...

In the far west, Santa Clara pushed over one touchdown in the first period and beat Michigan State, 7-0...

McLean Downs Unbeaten Wellington Team 19-3

McLEAN, Oct. 18—McLean's mighty Tigers kept their 1941 record clean Friday night with a sensational 19 to 3 victory over an undefeated Wellington Skyrocket team.

Wellington kicked off and on the first play McLean fumbled and the Skyrokers recovered on the McLean back field. When ground plays failed, Wellington kicked a field goal.

Wellington concentrated on stopping Lee so he faked and allowed Cook to break loose and lead the Tiger attack. Dwight and Dyer also played outstanding games for the Tigers who next Friday night meet the undefeated and untied LeFors Pirates in LeFors.

Officials: Griffin (Amarillo), umpire; Johnson (WVSC), head linesman; Stone (Baylor), referee.

Postmaster General Sees Texas A. & M. Trample TCU

FORT WORTH, Oct. 18 (AP)—Playing football at Notre Dame would be calculated to give a man the gridiron "bug" for the rest of his life, and no exception is Postmaster General Frank C. Walker who was one of the most enthusiastic onlookers this afternoon in TCU stadium when the mighty gentlemen from Texas A. & M. college upset the athletes of Texas Christian University.

Another well-known visitor at the game was Senator O'Daniel, who came to Fort Worth last night from the dedication of Sheppard Field at Wichita Falls, whetted his football appetite at the Masonic Home-Amon Carter Riverside High School game, and decided at the last minute today to remain over for the dedication of Sheppard Field.

SHERIFF ROSE

(Continued from Page 1) late the flag. As officers we feel it our duty to discourage any such teachings.

Nature of the action is plaintiff's application for a temporary writ of injunction restraining Sheriff Rose from "confiscating the property" and "depriving liberty" from the plaintiffs.

Developed From Arrests These alleged charges are the outgrowth of two arrests made by Sheriff Rose and Deputy Roy Pearce, one on June 21, the other on October 11, both dates in this year.

Plaintiffs allege that a certain amount of religious literature and other property was confiscated, according to their petition, and they were "commanded to get off the streets."

They claim the hearing tomorrow is a case to test, as a matter of law, plaintiff's right to possession of property, right of free speech, and the right to walk on Pampa streets.

Plaintiffs, in their petition, state they advocated no overthrow of the American government, and asserted they have respect for the federal and state constitution, for officers and courts.

Affirm Belief In Liberty District Attorney Bud Martin, in a statement issued Thursday, countered with the assertion that freedom of speech and freedom of press were sacred and that it was not the policy of either the district attorney or the sheriff's department to impair those rights.

However, he said, "it is our feeling that the plaintiffs have not acted in conformity with the laws of our state and city."

Court decisions in other states, including New Jersey, are likely to be cited in the hearing tomorrow.

Local interest in the case has been aroused due to the fact that over the nation several instances have been reported in which children, whose parents were members of the sect, failed or refused to salute the American flag.

Newton P. Willis and E. S. Via are attorneys for the plaintiffs, while District Attorney Bud Martin will represent the opposition.

Fifth Court Week Tomorrow also opens the beginning of the fifth week of the current term of 31st district court. Petitioners are to report at 10 a. m., the same time as the hearing on the application for the injunction writ is set.

PRIZES (Continued from Page 1) tice again Monday and Tuesday nights in the junior high school.

All members of the comedy division will rehearse at 7:30 o'clock Tuesday night in the City Hall auditorium.

Dress rehearsals will be staged Thursday and Friday nights at the same time in the junior high auditorium. If necessary, Director Ken Bennett said today, a final rehearsal will be held next Sunday afternoon.

A matinee performance will be given for school children on Monday afternoon, Oct. 27. All proceeds of the show will go into the club's underprivileged children's fund and the club also will sponsor for the first time this year a Milk Fund for underprivileged children in Pampa's schools.

When you buy your show tickets you have the satisfaction of knowing your money goes for that purpose in addition to buying you an evening of grand entertainment.

On the stage, Director Bennett has arranged a show of lulling music and snappy dances with special scenery and lighting effects, all new. The music, written by Mr. Bennett, especially for the "Top of Texas Revue," will be presented in public for the first time at the matinee performance a week from tomorrow.

John Monroe, Kenneth Carman, and Jim Edwards are in charge of the special scenery and lighting and are working out some fine stage properties.

Many new faces will be seen in the chorus this year. The comedy cast is practically all new. Briefly, the show is going to be a wow! President Goldston today issued the warning that it will be a good idea to get your tickets early.

HITLER

(Continued from Page 1) serves behind the front and ready for defense of the rest of Russia.

Britain set herself for any quick change in direction of the tremendous eastern conflict.

In the Far East, Germany's Axis partner, Japan, took agitated notice of a stiffened United States attitude and a British warning against any Japanese attempt to attack Russia's "back door" of Siberia.

Even as Japan's new military premier, Lieut.-Gen. Eki Tojo, took over the reins of government, pledging Japan to closer ties with the Axis and quick action backed by iron nerve in the Far East, the Tokyo newspaper Nichi Nichi declared:

"The attitude of the United States has stiffened so much as to arouse great indignation in the Japanese nation."

"There is being developed a very critical situation in which an unexpected contingency may occur at any time."

London newspapers joined in a blunt warning to Japan that any attempt to spread the war in the Far East would be met by the combined action of the British and United States fleets.

A Netherlands foreign ministry spokesman in London indicated support of Britain and the United States if it came to war in the Far East, and said the United States could have Dutch East Indies naval bases for the asking.

Well-informed quarters at Singapore said they believed the cabinet change in Tokyo signified a Japanese conviction they had reached an impasse and that the new regime was likely to seek a way out by force.

It was not the Nazi's first test of snow—they had advanced rapidly through Norway's spring weather, and Berlin has long reported preparations for the cold.

Some Germans had even said frozen roads would give armored vehicles an advantage.

But the Russians said their winter "is terrible for those not accustomed to it" and reported that German prisoners greatly feared it.

"The battle is now raging in cold, grey fog which envelopes everything," the Moscow radio said.

The Soviet intelligence bureau said only that numerous German attacks were turned back in the central front before Moscow as the fighting lost none of its intensity.

Out of the conflicting claims, one fact was clear: the Red banner, not the Nazi swastika, still flew over the Kremlin. And inside the barricaded city, soldiers, home guards and civilians prepared for a bitter street-by-street defense.

"The double battle of Bryansk and Vyazma has ended victoriously," Hitler's high command proclaimed, in a special bulletin heralded by a fanfare of trumpets.

The command of Field Marshal Gen. Fedor von Bock, the German army annihilated the army group of Marshal Semeon Timoshenko in the strength of eight armies with 67 infantry, six cavalry and seven tank divisions, and six tank brigades.

"Mopping up in the battle area of scattered remnants of the enemy is still in progress.... the bloody losses of the enemy again were heavy."

Out of the battles of encirclement which rages for over a week, Bryansk, 200 miles south of Moscow, and Vyazma, 125 miles west of the Soviet capital, the German communique listed the capture of 648, 496 prisoners and gigantic stores of war booty including 1,197 tanks and 5,229 field guns.

German military commentators said the fight for Moscow itself was moving inexorably toward a decision, but the Moscow radio continued to broadcast confidently that "new troops and home guard battalions are marching through the squares.... barricades and traps for the enemy are being built."

The British radio broadcast a Soviet report that 400 German parachute troops who landed inside Moscow's defense lines had been wiped out and that giant Nazi tanks which crashed into Russian lines around the capital to a depth of several miles had been halted.

The German drive from Orel, 210 miles south of Moscow, was said to have been slowed, while reports that a Nazi spearhead had knifed to Ryzan, 130 miles southeast of the capital, were flatly denied.

"Latest dispatches from Moscow report that German troops flanking the capital are now being held on all salients of the Moscow front," the BBC announced.

Other reports reaching London said counter-attacks by Red troops had recaptured Orel, a key rail center, and retaken Kalinin, 95 miles northwest of Moscow.

The following factors were believed to make a Japanese move southward less likely now than last February:

1. The formidable reinforcements installed by the British in Malaya for the defense of Singapore.

2. Persistent refusal of the Dutch to concede the Japanese any economic advantages in the East Indies, coupled with the vigor of the Dutch East Indies defense program.

3. Increasing evidence that Thailand is unwilling to play the Japanese game.

4. The present limited scope of Japan's development of her air and naval bases in Indo-China.

5. Recently emphasized intimations from Manila, Canberra (Australia), Singapore, Bangkok (Thailand), and Chungking that any Japanese attempt to penetrate deeper into the China sea runs a great risk of concerted British-American opposition which would be bolstered by the Thai and Chinese on the Japanese flank.

HITLER

(Continued from Page 1) serventory of the Moscow front.

Despite the blackness of the Moscow situation, London military quarters expressed the belief that no sudden collapse of Moscow was likely and that the capital's defense forces could hold out for a long time.

Meanwhile, the German radio, in a broadcast heard by NBC's New York listening post, bitterly assailed President Roosevelt and declared "there is not a single true word in this message, a trumped-up story about a German U-boat allegedly having torpedoed the American ship Kearny."

No United States official had directly accused Germany of the attack. The navy's announcement that the new \$5,000,000 U. S. destroyer had been torpedoed Friday morning southwest of Iceland did not identify the attacker.

American official policy is handicapped after such an incident, to support the administration's program of running after war," the

Reapers To Play In Berger Monday

Pampa's Junior High Reapers will play in Berger Monday afternoon at 4 o'clock. The game was originally scheduled for last Thursday but was postponed because of wet grounds.

At the present time the Reapers are leading the Panhandle Junior High league. They downed Berger in the opening game of the season here 29 to 0.

Coach C. P. McWright will have his full team ready for the game and he won't have to worry about another game this week because he has no game scheduled for this week-end.

Iodine is obtained by processing seaweed, kelp or Chilli seaweeds.

Few cars at any price excel their surprising passenger space. The famous "new Ford ride" is now softer, smoother, quieter still for '42, front seat or rear, fine road or poor.

Under the hood for '42 you have your choice of two fine Ford engines, 6 cylinders or 8—both hard to beat for smooth, modern power and "go" linked with bedrock low costs for gas and oil and upkeep.

And everywhere throughout the car, long and dependable service is engineered in to stay. You have our word for it that defense requirements have in no way reduced the basic goodness of the Ford car. There never was a better time to own a Ford. There never was so fine a Ford as this to own or drive!

### Three Pampans Naturalized In Federal Court

Three persons from Pampa, two of them Canadians, the other an Austrian, became citizens of the United States in a naturalization hearing Thursday afternoon before Judge James C. Wilson in Amarillo.

The new citizens from Pampa are Leroy Francis Porter and Benjamin Seibold, both natives of Canada, and Anna Rhode, who was born in Austria.

In all, there were 20 persons who became citizens at the hearing: Britons, Danes, Belgians, Poles, Ger-

mans, Mexicans and Irish.

Among the new citizens are John Moleworth, known on the cattle ranges from Uvalde to Clarendon for more than 60 years, and Frederick George Patching of Clarendon, who has been in this country more than 50 years.

Both these men are natives of England. Patching thought his father had attended to the matter of U. S. citizenship, learned only recently that his naturalization was not complete. Moleworth likewise had the impression he was an American citizen as he thought he had attended to obtaining citizenship back in 1890, but found he did not have his final papers.

Because of volcanic eruption from two craters, the capital of New Guinea is being moved from Rabaul to Lae.

### Old Age Checks Received By 347 In Gray County

(By The Associated Press)

AUSTIN, Oct. 18 (AP)—Sparsely settled Loving and Kenedy counties have but one old age pensioner each while Dallas county has 8,678, high-est of the 254 counties in the state.

Gray county is in the middle bracket classification with 347 pensioners.

Made public by the state department of public welfare, pension figures by counties, to some extent, disclosed which areas were settled first and indicated old age assistance grants, based on needs of individuals, were lower in rural than urban areas.

Recipients for Dallas county, for example, received September checks averaging \$22.21 as compared to San Jacinto's \$13.54.

Harris county, with Houston and a total of 7,267 pensioners, ranked second to Dallas, although having a greater population. Mounting growth in recent years probably has left it without a full complement of aged, needy people.

Long established as population centers, Tarrant county (Fort Worth) with 6,123 pensioners, Bexar (San Antonio) with 5,978, McClellan (Waco) with 3,238, Grayson (Denison and Sherman) with 2,388, Travis (Austin) with 2,297 and Lamar (Paris) with 2,043, Bowie 1,822, Harrison, 1,046, Cherokee, 1,331, Rusk 1,89, Angelina 1,120, Jefferson 1,789, Galveston 1,196, Denton 1,132, Hunt 1,678, Henderson 1,230, Navarro 1,850, Anderson 1,235, Hill 1,485, Falls 1,390, Bell 1,778, Wichita 1,357, Taylor 1,138 and Smith 1,770.

Middle-bracket counties included Tom Green 987, Midland 135, Howard 247, Ector 105, Lubbock 756, Hale 455, Potter 779, Hutchinson 149, Hidalgo 781, Cameron 997, Webb 196, Val Verde 167, Nueces 725, Brazos 654, Cooke 819, Orange 498, and Gregg 791.

### Dr. Ridgeway To Preach At Baptist Revival

(See Photo on Page One)

Sunday's services at the First Baptist church will mark the beginning of two weeks of special evangelistic services to be conducted by the Rev. Dr. Elmer Ridgeway of Oklahoma City.

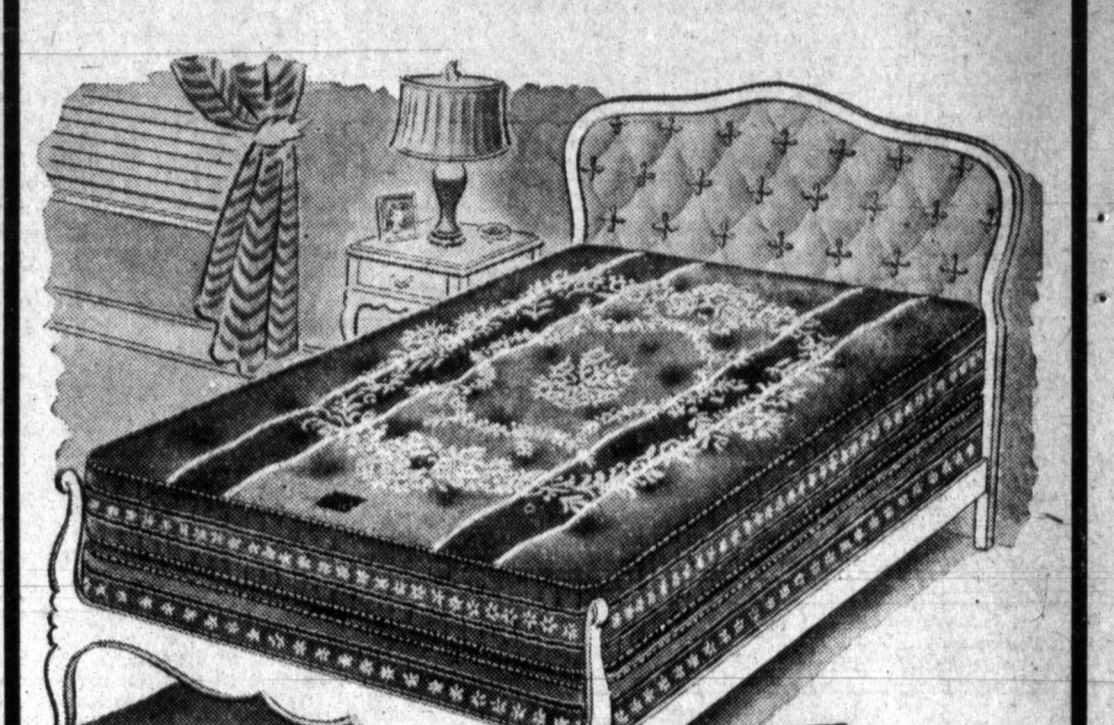

In announcing the revival Pastor C. Gordon Bayless said, "It has always been our policy to bring to Pampa the very finest preaching talent available. For this meeting we have secured one of the South's greatest preachers in the person of Dr. Ridgeway. He is conceded to be one of the most eloquent preachers in America and at the same time extremely popular as a lecturer and humorist. Dr. Ridgeway is a powerful preacher with unusual evangelistic gifts, and it gives us pleasure to bring him to Pampa."

The visiting minister has been pastor of the First Baptist church, San Angelo, Texas, First Baptist church, Gadsden, Alabama, and held other important pulpits in the South. He is now pastor of the Immanuel Baptist church of Oklahoma City.

A feature of the evangelistic campaign will be a varied musical program under the direction of H. Paul Briggs. A large chorus choir, male chorus, quartets and other musical numbers will highlight the revival it was stated.

Services will be held daily at 10 a. m. and 7:30 p. m. during the week except on Monday and Saturdays when only the evening services will be conducted.

**How To Remove Lipstick Smears**

CLEVELAND, Oct. 18 (AP)—No instructions were given today for gathering lipstick on collars but the American Institute of Laundering, in convention here, told how to get it out.

Rub with cleansing cream and dip in soapy suds.

If stain turns brown, soak for 15 minutes in a hot solution of ammonium fluoride, rinse, and wash with soap and hot water.

If it does not turn brown, alternately dip it in solutions of cold potassium permanganate and warm sodium hydrosulfite.

Or—avoid lipstick smears.

**Ledrick Elected Senior Senator**

CANYON, Oct. 18—Mickey Ledrick of Pampa, a senior at West Texas State college, has been elected senator of the senior class.

The Students' association of the college is made up of the entire student body, which in turn elects the members of the Student Senate. The senate carries on the work of the association such as appointing the editors and business managers of the publications, and sponsoring various activities of the school.

**PDN Radio Chat**

Announcer Lester Aldrich, the one with the voice like Ray Jowett—at least, that's the comment several listeners have made about him—is an old-timer in the music field.

When he introduces music to you over the air that has to do with national defense and patriotism, it strikes a familiar chord in his memory. He can recall many a thrill from the music of the last World War.

The other night in an after-sign-off bull session he recalled the night of the signing of the Armistice in 1918. Lester was singing on the Keith-Orpheum vaudeville circuit at the time, and was playing an engagement in Cleveland when the news of the Armistice was announced.

The theater manager, says Lester, interrupted the show and walked out on the stage in a totally darkened house, except for a bright spot light right on him, and he held up the extra paper with its screaming black headlines announcing the Armistice. There was a dramatic silence, then—Pandemonium broke loose in the audience.

What a souvenir the memory of that experience must be.

—1340—

Lester has many another memory and he shares some of them with KPDN listeners in the program "Gaslight Harmonies" each Thursday and Saturday night at 9:15. On these programs he plays songs that date back to the old gaslight days. It's like stumbling through an old dog-eared song book from the good old days.

—1340—

Nine o'clock is another good time for you lovers of old music and classic music and music that lives. On Mondays and Fridays KPDN presents "Concert Under the Stars" at 9 o'clock. This is a program of classical music, usually featuring a symphony orchestra.

On Tuesday at 9 o'clock "Just Quote Me" entertains you for 30 minutes with Announcer Aldrich presiding. It is a program of poetry and prose quotations and music that's restful and expressive and classic.

"Echoes of the Opera," a program whose name is self-explanatory comes on at 9 on Wednesdays. And on Thursdays and Saturdays at 9 KPDN presents "Masters of Music." This is an educational program treating each time the life and character of a different famous composer, and the work of the composer is the music on the program.

So if that's the kind of music you like, please don't get the idea that KPDN is exclusively for jitterbugs.

—1340—

Today listen to the Keystone Sunday Symphony at 12 noon and to "Masters of Music" at 3 p. m.

**O'Daniel Will Ask Texans How To Vote On Neutrality Act**

DALLAS, Oct. 18 (AP)—Senator W. Lee O'Daniel (D-Tex.) says he will ask Texans how they feel he should vote on amending the neutrality act to permit arming of merchant vessels.

Enroute to Wichita Falls for dedication of Shepard Field, Texas' junior senator commented yesterday: "I'm down here to find out what the people think about arming merchant vessels. I'm going to talk to people and read the newspapers and give the measure full consideration so I'll be ready to vote when it reaches the senate. That's democracy, isn't it?"

RED CROSS VOLUNTEERS

By MRS. HOL WAGNER  
So many heart-warming things are being done by Red Cross volunteers that I get a thrill every time I go to the production room. Our women have used so much ingenuity in trimming the little girl dresses that I never tire of looking at them. Last week one caught my eye because of the very clever red, white, and blue V (for Victory) buttons on it. And what do you think I found tucked into the pocket? A bag of peppermint! Don't you know that's about the biggest treat you could send a child anywhere in Europe today, where youngsters have had to subsist on carrots for lollipops?

I'm sorry to have to announce that Red Cross regulations say that positively no change of material may be included in shipments. Reason for this is that the heat is so intense deep down in the holds of ships in which packages cross the ocean and even hard candy becomes a sticky mess that will ruin many articles. Nevertheless, I'm glad some kind woman thought of it!

Most encouraging thing about the production work is the increasing number of new volunteers—and we really need them, for we have just about 10 weeks left in which to complete every one of the nearly 5,000 garments included in our present quota for British war relief.

Among knitters who have recently checked out their first yarn—on this quota, at least—are Misses Parris Oden, W. O. Osborne, A. A. Tiemann, W. S. Tolbert, B. G. Homer, F. E. Howard, H. M. Richardson, A. J. Beagle, L. N. Atchison, G. H. Hufflines, and Miss Mary Price.

Some of the new volunteers who are sewing or adding trimming to garments are Misses V. O. Wyatt, P. W. Scott, Fuller Barnett, Gene Tucker, Dorothy Carruth, Bill Doherty, V. F. Francis, and W. L. Call. Several of these people have already turned in completed garments, although their names have been in the files only a few days.

Large numbers of garments continue to be checked out for groups to work on. Here are some of the past week's:

Mrs. A. W. Ammons—eight women's woolen skirts and two hospital bed shirts for the Little Moon circle of the W. M. U. of the LeFors Baptist church.

Mrs. O. G. Smith—39 hospital bed shirts and three pairs of rompers for the McCulloch Methodist church.

Mrs. Jack Boyd of Kellerville—one complete layette and 12 women's dresses.

Mrs. H. W. Laycock—10 toddler snow suits for the Hopkins Home Demonstration club.

make 25 Red Cross flags for use in the annual roll call. That very afternoon Mrs. Roy McKernan called to say that the Holy Souls Altar society under the leadership of Mrs. Joe Schwind would make 15 of the flags and that the Girl Scout troop at Holy Souls, of which she is leader, will make the other 10, with Mrs. D. C. Kennedy, one of the troop committee women, in charge.

Did you see the display of Red Cross garments at the seventh district club institute luncheon last Thursday? Club women from all over the Panhandle seemed very much interested in the volunteer war relief work being done by Pampa women. For a real exhibit, drop into the production room in the basement of the post office any afternoon or on Wednesday morning.

Speaking of the club institute, if you didn't hear Mrs. Joseph Perkins' splendid address on women and defense, you missed something. Among other things for women to do, she stressed the importance of the home nursing classes sponsored by the American Red Cross, quoting Eleanor Roosevelt.

Already the defense program has taken large numbers of nurses from our community—will take others—leaving a large number of the sick and wounded more a home responsibility. Should a serious epidemic of "flu," for example, break out this winter as it did during the last war, training in home nursing would prove extremely valuable.

Fifteen women in Pampa have completed the Red Cross course in home nursing. Other classes will be organized soon. The course is not intended to train women to do so-called "practical nursing," but to keep them from being helpless when illness invades their homes. Some of the things included in the course are principles of personal hygiene—how to keep well, how to plan a healthful home, how to make an ill member of your family comfortable, how to give a bed bath and change the linens of a patient, preparing meals for the sick, how to serve competently in common ailments and emergencies in your home, how to handle, bathe, dress, and feed babies and small children, safeguarding their health.

In the larger cities, Red Cross classes in home nursing, first aid, and nutrition have become extremely fashionable. Pampa women haven't become that defense conscious yet. But it is our patriotic duty to learn all we can about these things to help safeguard our nation. Watch for announcements of new classes in these subjects.

Snow suits for toddlers are the newest garments ready to be issued. They were just cut out last week. Mrs. Charles Tuck, who has charge of the toddler packs, has just made up the first of these little suits for a model. It's an all-over one-piece suit with hood and is made of a lovely dusty rose woolen material. Our quota includes 40 of these little snow suits.

Volunteers assisting with cutting out garments last Tuesday were Misses H. B. Crist, Joe Shelton, Andy Meiks, L. L. Davis, and Tom Bunting; on Thursday, Misses W. G. Kinzer, Tom Bunting, L. L. Davis, and Miss Phyllis Davis.

On Tuesday of this week volunteers will begin cutting out the hospital pajamas. That will leave only the girls' woolen dresses and the girls' woolen skirts to be cut. Now if the sewers can only catch

**Pampa Women To Attend National Scout Convention**

Sir Gerald Campbell, director general of the British Information Service in the United States and former British Consul General at New York, will be the principal speaker at the Girl Scout national convention at Dallas, Oct. 23. It is announced by Girl Scout national headquarters in New York. The convention will be held from Oct. 20 to 24.

Pampans planning to attend the convention are Mrs. Mel Davis, commissioner; Miss Sallie Cahill, director; Miss Maxine French, Mrs. L. J. McCarty, Mrs. A. D. Caldwell, and Mrs. Clyde Oswald.

Other leading speakers at the biennial meeting of the adult leadership of the Girl Scout national organization will be Mrs. Harvey S. Mudd of Beverly Hills, Calif., Girl Scout president; Mark McCloskey, director of recreation for the Federal Security agency, Washington; Mrs. Aethusa P. G. Leigh-White, O.B.E., of London, England, director of the World Bureau of Girl Guides and Girl Scouts; Mrs. Arthur C. Chouteau of Pleasantville, N. Y., honorary president of Girl Scouts and chairman of the Juliette Low Memorial Fund, which finances the international activities of the organization; and Mrs. Ralph G. Wright of New Brunswick, N. J., chairman of the Girl Scout national executive committee.

More than a thousand adult members of the Girl Scout organization are expected to attend the convention, the opening session of which will be held in the auditorium of Southern Methodist university on Oct. 20. Speakers at this session will be Mayor Woodall Rodgers of Dallas; Hal Noble, member of the Dallas City Council; and Mrs. Phillip Montgomery of Dallas, chairman of the Girl Scout Cactus region. The Cactus region embraces Texas, Oklahoma, New Mexico, and Arizona.

The year's convention theme will be "Girl Scouts—Prepared to Serve." Convention discussions and round-table talks will emphasize Girl Scouting's part in national defense plans.

The meeting in Dallas marks the 26th national convention. Until 1939 Girl Scout conventions were held annually. A resolution passed at the 1939 Philadelphia meeting set conventions as a biennial event.

**Dr. Webb Guest Speaker At Junior High School P-T.A.**

Discussing plans for an amateur night later this month and for sending a delegate to the state convention, 16 members of the executive board of Junior High School Parent-Teacher association met in the office of Supervisor Ernest W. Cabel, Jr., on Thursday afternoon when Mrs. C. E. Cary, president, presided.

Opening the program at the regular meeting which followed was a sing-song led by Mrs. Clifford Braly, accompanied by Ken Bennett. The eighth and ninth grade classes gave two numbers, "Sweet and Low" and "Night and Day," under the direction of Mrs. Braly. The Rev. B. A. Norris of First Christian church gave the invocation preceding a solo, "Blind Power," by Ralph Pollock, who was accompanied by Mrs. Pollock.

Guest speaker for the afternoon was Dr. R. A. Webb, whose address was on "Social Diseases." "Social diseases is a subject that has been discussed since man became enlightened enough to know the cause. We have been informed through the means of publicity of the incidents of its work; Cause, general mode of onset; discovery, blood tests and stains; treatment and control through blood test requirements, marriage certificates for both men and women, reporting of new cases to the government, reporting of old cases to the government, government control, isolation during active stages, education of all as to contact, percentages in institutions, percentages in jails, percentages refused under selection of service, instruction in all schools throughout the United States from grade schools up, more education to mothers so that they might teach the dangers of this pitfall to young girls before they enter school, and routine blood tests should be by far more important than any other for this disease is more dangerous than all other diseases combined."

Mrs. V. L. Hobbs spoke on "First Texas Congress of Parent-Teacher." Miss Madge Rusk's room won the prize on membership and party membership of 288 and 85 members registered at the regular meeting with Mrs. Jack Stroup and Miss Violet Blankensburg.

A STIRRING TRIBUTE to the Royal Air Force is Darryl F. Zanuck's "A Yank in the R.A.F.," with Tyrone Power, Betty Grable, John Sutton, Reginald Gardiner, 98 minutes, currept at the

LaNora. Directorial efforts of Henry King are amply responsible for the absorbing quality of the film. Most memorable set pieces deal with the evacuation of British troops from Dunkirk. Betty Grable clicks solidly as

the chorus girl who broke her engagement with Power in Dallas because he was too unreliable. Song hits in the picture are "Hi-ya, Love," and "Another Little Dream Won't Do Us Any Harm," sung by Miss Grable.

TIMELY ACCOUNT OF AN AMERICAN stunt flier who joins the RAF is told in Warners 87-minute "International Squadron." Film features Ronald Regan, who gives a credible portrayal as a wisecracking stuntman who upsets a few apple carts before going to his death in a flaming biplane. Background scenes of the RAF have an authentic touch, while some skill-

ed editing, of London under a "blitz" gives the picture a realistic tone. Olympie Brada, shown above with Regan, has the femme lead. Loss Warners studio suffered in the passing of James Stephens is sadly evident. The actor's last role as the British flight captain is splendidly portrayed. "International Squadron" is on the LaNora screen Friday and Saturday.

TIMELY, DRAMATICALLY EXCITING and well-played service story is "Parachute Battalion," with Robert Preston, Nancy Kelly, Edmond O'Brien, and Harry Carey. The 75-minute RKO film is on the Crown screen today, tomorrow, and Tuesday. It has authenticity as it was filmed with the cooperation of the U. S. army's 501st parachute battalion at Fort Benning, Ga.

Story opens with a number of men joining the army's parachute troops, and takes them to Fort Benning. Training life at the post, the feelings of the men and two-way play for Miss Kelly by O'Brien and Preston comprise the balance of the story, with the romantic stuff relegated to secondary importance by the more essential work at hand, training of the men. It is interesting throughout and should entertain any audience.

ALEXIS (DIVE - BOMBER) SMITH is a hellbess dubbed "Kiss of Death" girl in Warners "The Smiling Ghost," on the LaNora screen Thursday. The nickname "Kiss of Death" is because three of her former suitors met untimely ends. Not-so-prosperous college grad, Wayne Morris, is hired by the girl's grandmother to be Alexis' suitor for a month. Chief roles in the pic are by Morris, Brenda Marshall (reporter) and Alan Hale. It's a spooky comedy, well-spiced with laughs, garnered mostly by Willie Best as Morris' negro assistant. Running time, 71 minutes.

p. m. Flowers picked the night before the show and placed in water up to their heads will have a fresher effect, and nothing adds more to the show than the freshness of the flowers. All dead flowers and yellow leaves should be removed.

Show will be divided into four sections: Specimens, displays, arrangements, and one of azaleas.

A specimen is one flower and must be named by the exhibitor. Specimen flowers must be shown, one in a vase.

A display is a number of the same kind.

An arrangement is a group of flowers. Under this classification will be:

Class I—Arrangements suitable for church decoration; Class II—low arrangement for use in the home; Class III—Tall arrangement for use in the home; Class IV—Centerpiece for special occasions; (a) children's parties, (b) Halloween.

SOUND OF A. A. FIRE, MACHINE GUNS, AND 45s TO ECHO ON SCREENS THIS WEEK

Action-Jammed Film Fare Includes Splendid Productions; "International Squadron," "A Yank in the R.A.F.," "Jesse James," "Parachute Battalion," "Return Of Frank James"

By BROWNWOOD EMERSON

It's simply old home week to bandits and birdmen on Pampa screens this week. Not that the two occupations are linked by any means, but it simply happens that these two angles dominate film themes in the week's bookings.

Betty Grable and Tyrone Power are featured in 20th-Fox's "A Yank in the R.A.F.," an absorbing and entertaining action yarn dealing with the adventures of Power after he joins the RAF at the beginning of the war, before the Low Countries are invaded. It opens a four-day run at the LaNora today.

Uncle Sam's own paratroops, answer to their Nazi counterpart, are glamorized in "Parachute Battalion," with Robert Preston, Nancy Kelly, Edmond O'Brien, and Harry Carey featured. The 501st Parachute Battalion at Fort Benning, Ga., took part in making this picture and it's authentic and bang-up entertainment. The picture is on the Crown screen today, tomorrow, and Tuesday.

Aerial Foreign Legion "Never was so much owed by so many to so few," said Winston Churchill, of the gallant heroes of the R. A. F. Again the R. A. F. is in the spotlight, the angle this time being the "International Squadron," title of Warners timely and well done action picture, with Ronald Reagan, Olympie Brada, and James Stephens as the principals.

In the cast are the roles of Jacques of Belgium, Nick of Greece, Michele of France, Josef of Poland, Olaf of Norway, and Jan, the Czech, each striking back at the invaders that have wiped their countries off the map. "International Squadron" is showing Friday and Saturday at the LaNora.

A twin bill, "Jesse James," and "The Return of Frank James," opens the week at the Rex. On Friday and Saturday at the same theater is Bill Elliott in the role of Daniel Boone's grandson in "The Return of Daniel Boone," typical slam-bang western. Locale is Pecos, frontier town on the road to Tucson.

New Harlow Marjorie Woodworth, hailed as a new Jean Harlow, plays the femme lead in United Artists-Roch's 75-minute "Broadway Limited." Action takes place on a Chicago-New York train after Leonid Kinksey, daffy picture director, has his protegee, Miss Woodworth, adopt a baby as a publicity stunt. Dennis O'Keefe and Victor McLaglen are featured with Miss Woodworth. The picture is on the Rex screen Wednesday and Thursday.

Acc Hopalong Spark with the exploits of William Boyd, Paramount's 66-minute "In Old Colorado," with Russell Hayden and Andy Clyde, is easily one of the top productions in Hopalong Cassidy series. There is fast action and humor. Scenic shots are splendid, one of the production "mus" of Producer Harry Sherman, who continues to turn out slick entertainment. It's at the State Friday and Saturday.

To Re-Make 'Humoresque' "Humoresque," the Fannie Hurst story that was made into one of the biggest hit pictures in the history of the industry, has been purchased from Cosmopolitan Productions by Warners.

Picture will go into work early in the spring. "Humoresque" was originally made into a motion picture in 1920. It starred Vera Gordon, Alma Rubens, and Gaston Glass, and was directed by Frank Borzage.

Gibson Girl Based on the life of Charles Dana Gibson, famed illustrator and creator of the 1900's glamor girl prototype, "Gibson Girl" will be the subject of a top-budget film to be made by Warners. Studio will institute an all-around search for ideal "Gibson Girl" to play title role, according to The Film Daily.

"Yank" Premiere Here's how Broadway regarded the premiere of "A Yank in the R.A.F.," current in Pampa at the LaNora, as described in "Along the Rialto," column in The Film Daily.

Unique in the annals of jaded Broadway and the industry at large were the goin'-on in and about the local Roxy theater on Friday night, Sept. 26. . . . We mean that glittering world premiere of 20th-Fox's "A Yank in the R.A.F.," which will be "A Pull in the Theater" of every exhibit. . . . Technically, the world premiere was a four-ply affair in that Grauman's Chinese, Hollywood, 4-star Theater, Beverly Hills; and Loew's State, Los Angeles, also unleashed. . . . Sure, the Coast has the stars, but here in the East we have the sun, which puts the Coasters hours back of us in point of time. . . . So the world premiere was first in New York. . . .

First came the picture premiere at something after 9:30. . . . Then in the environs of midnight as the gigantic 5,886-seater spilled, those with the \$10 pastebord (proceeds from which go to the RAF) via the British American Ambulance Corps), repaired to the rotunda where the Midnight Military ball got under way in a veritable sea of soup-and-fishes, glamorous gowns, and gold braid. . . .

Life of Giuseppe Rossini, Italian composer who lived in Paris during the reign of Napoleon III, has been dramatized by Bruno Frank and acquired by M-G-M. The studio plans to make it into a musical in the vein of "The Great

Catholic Youths Plan Activities And Meeting Days

Members of Catholic Youth Association met in the parochial social hall to discuss the coming social

activities of the organization. The group decided to meet twice each month rather than every week. Meetings will be held every other Wednesday at 8 o'clock in the hall.

According to present plans, the program will include religious discussion work, a dramatic project and social activities as well as the regular business session.

Attending were Paul Kelm, president, Marguerite Jones, Margaret Sullivan, Pauline Bednary, Silvia Smiero, Klair Baker, Ellen Keough, the Rev. W. B. Bratton, and Rev. W. J. Stack.

Waltz. Spring production is planned.

Warners have revived plans for "A Night at Tony Pastor's" this time for Ann Sheridan. Jack McFitt will do the screen play.

Captain Flagg and Sergeant Quirt, introduced to the screen 15 years ago in "What Price Glory," are to be revived in a new series of pictures by 20th Century-Fox which owns the rights to the Maxwell Anderson-Laurence Stallings play.

Anne Baxter has been signed by Orson Welles for the ingenue lead in "The Magnificent Ambersons," the Booth Tarkington story, which starts production the latter part of the month.

Metro Round-Up Two more musicals are toeing the mark at the active Culver City, Calif., plant of M. G. M. "Very Warm for May" and "I Married An Angel," both based on Broadway stage hits.

Judy Garland, who has just finished "Babes On Broadway," will be starred with Martha Eggerth in "Very Warm for May," while "I Married An Angel" is a Jeanette McDonald-Nelson Eddy vehicle.

Spencer Tracy will next step before the cameras in a dramatization of John Steinbeck's powerful novel, "Tortilla Flat."

A new "Mr. Smith" character has truck Hollywood, with Robert Young named for the title role in "Joe Smith, American," an adaptation of Paul Gallico's Cosmopolitan magazine story.

and distinct killings. And coming at the same time and place may be just coincidence. Stush could still have rubbed Cord out, and then someone else put the K. O. on Miss Morris, or a nut is wandering around loose and knocked them both off.

"Was the Morris residence built when you first came?" "That's one of the oldest round these parts," he said.

CHRIS GORDON'S VISIT

CHAPTER XII

MAUDIE was getting back to her old self, but it didn't take too much coaxing to keep her in bed for another day.

She still refused to discuss the finding of the boat and Miss Morris. "There's nothing more to tell," she answered tartly.

She was abrupt with us both and became more petulant every time he reported new developments.

There was a knock at the door. "Come in," called Maudie.

THE cottagers were locking shutters and doors at night and carrying old-fashioned hunting guns on their nightly walks to and from bridge parties and the few picnics the younger set staged.

"Heard your mother wasn't feeling so good after the other night," he said, handing me the letters and papers.

"I suppose this hasn't helped your summer business, has it?" I was finding it hard to make conversation. He sat on the edge of the chair and looked around as though he expected a murderer to leap at him from every door.

HE went off again into one of those abstracted streaks, but finally he seemed to remember that I had spoken. "Eh—Oh, yes, everyone knew Miss Millie around here."

"Thanks. What with people being killed every night or so it's good to know the inn isn't too far away should one need help."

"Why, yes, I thought so," I said. "And you needn't sound so sarcastic. But then that shows you're practically well enough to get up and start hunting for another good corpse."
