NEA Commission Outlines Strategy

WASHINGTON—(AP)—Twenty top-flight educators including General Dwight D. Eisenhower and Harvard President James B. Conant—said today Communists should be barred from the teaching profession.

They agreed too, that principles of communism should be taught—but not advocated—in American schools.

Their charge that Communist membership "renders an individual unfit to discharge the duties of a teacher in this country" was described by a National Education Association official as the most outspoken statement on that subject ever made by an education group of nation-wide standing.

Eisenhower, now president of Columbia University, Conant and 18 fellow members of an Educational Policies Commission made their observations in a 54-page report on "American education and international tensions."

The commission was appointed by the National Education Association and the American Association of School Administrators. Its purpose was to study the teaching changes that might be advisable in view of political tensions that may "keep the world in a state of cold war for years to come."

The commission listed these "main lines of strategy" for American education:

1. "Young citizens should have an opportunity to learn about the principles and practices of totalitarianism, including those represented by the Soviet Union and by the Communist Party in the United States. The study should be accurate and objective."
2. "Teaching about communism does not mean advocacy of these doctrines. Such advocacy should not be permitted in American schools."
3. "The schools should continue with vigor their programs for giving young citizens a clear understanding of the principles of the American way of life and a desire to make these principles prevail."
4. "Members of the Communist Party of the United States should not be employed as teachers."

The commission condemned the careless and unjust use of such words as "Red" and "Communist" to attack teachers and others whose views differ from those of their accusers.

Immediate annexation of the Love and Seeds Addition yesterday afternoon by the City Commission was held up when co-owners of the Shamrock Products Co., 605 Wilks, asked if they could be eliminated in the move.

Jim Naton and Ray Kuhn, appearing before the commission, said they were not fighting the annexation, but were asking if the addition could be annexed in such a manner as to leave them outside the city limits. They said it was their belief an ordinance could be passed anytime prohibiting storage of butane inside the city limits. Such an ordinance, if they were brought into the city, would force them to move, resulting in a large outlay of cash, plus running the risk of losing the large investment they now have in the Wilks establishment.

A lengthy technical discussion was held by the commission on methods to be used in averting a financial hardship on the wholesale company. The result was a tabling of the petition for further study.

The petition was signed by 87 (See PETITION, Page 10)

Passengers Of Crashed Ship Sought

SAN JUAN, Puerto Rico—(AP)—Searchers used flares this morning to scour murky, shark-ridden waters where a transport plane crashed yesterday. At least 54 of the 81 aboard are believed to have perished.

U. S. B-17 bombers dropped the flares to aid Coast Guard and Navy craft press the pre-dawn search for some 20 persons still missing.

Capt. D. H. Dexter, in charge of the U. S. Coast Guard base here, said he did not believe any more would be found alive. Twenty-five of the 27 saved themselves by swimming to shore.

There were 19 children and six crew members aboard the chartered plane which crashed-landed in a rainstorm yesterday, after radioing back it had engine trouble. The ship had just set out for the United States.

By last night 27 survivors and 34 bodies had been fished out of the rocky waters where the plane sank. All the passengers were Puerto Ricans.

Ruben Rivera Quiles, 21, a survivor, said the big plane started yawing from side to side as soon as it gained altitude after the take-off.

It is shocking to see all (See PASSENGERS, Page 10)

Gray Named To Army Post

WASHINGTON—(AP)—Speedy Senate approval of Gordon Gray as secretary of the Army was forecast today by Chairman Tydings (D-Md.) of the Armed Services Committee.

President Truman's nomination of Gray—North Carolina lawyer-publisher who has been serving in the department since September, 1947—apparently came as a surprise not only to members of Congress but to the appointee himself.

Tydings said Gray will appear before the Committee tomorrow. Senator Gurney of South Dakota, Republican spokesman of the group, said he was "glad to see that someone with experience was picked for the job."

Previously, Secretary of Defense Louis Johnson had thought he had Curtis E. Calder, chairman of Electric Bond & Share Co., lined up for the job. However, Calder seemingly didn't want to take on a Washington assignment.

Gray was said to have told senators that he knew nothing of his appointment in advance.

Triplets Have 17 Brothers and Sisters

BANGOR, Me.—(AP)—The George E. Chapman, who had 17 children, now has 20. Mrs. Chapman gave birth to triplets yesterday.

The babies—two girls and a boy—and their 36-year-old mother are "doing fine."

Chapman, 46-year-old truck driver, said he and his wife were "astounded."

The triplets have an older brother, Walter, and 15 half brothers and sisters. Chapman had 10 children and his wife five by former spouses.

PILOT OF PLANE—Captain Lee H. Wakefield of Stamford, Conn., was pilot of the passenger plane which crashed off San Juan, Puerto Rico, with a heavy loss of life. At least 54 of the 81 aboard are believed to have perished.

Medical Men Still Against Insurance Plan

ATLANTIC CITY—(AP)—Two top-drawer members of the American Medical Association said today it would be absurd to interpret restrictions on the activities of Dr. Morris Fishbein as a softening of the organization's fight against compulsory health insurance.

"Our position hasn't changed at all," declared Dr. R. L. Senesich of South Bend, Ind., retiring president of the AMA. Dr. Elmer Henderson of Louisville, Ky., chairman of the Board of Trustees, nodded assent.

Mrs. Hoar said he picked up the can of the study stuff and poured it on her head.

Secretary of State Acheson should return and recommend quick action," Connolly told a reporter, "it might bring the arms plan up sooner."

The committee's report urging ratification of the treaty made it clear that a vote for the treaty will not bind any senator to vote for the arms plan.

Senator Taft (R-Ohio) said he agreed with the committee on this viewpoint.

"I think I'll vote for the treaty," he told a reporter, "but I am opposed to the arms program."

Senator Lucas of Illinois, the Democratic leader, turned away questions about when the arms program will be submitted or when some Senate action on it may be possible.

The heaviest fire against the pact is expected from Senators Donnell (R-Mo) and Watkins (R-Utah). Both have argued the treaty would permit the President to commit this nation to war without approval by Congress.

The Foreign Relations Committee report declared the pact gives the President no powers over the armed forces which he does not already have.

Garvey Motor Co. Is Sold

The Garvey Motor Co., in operation here for two years, has changed hands. Carl Poole, who most recently was associated with Frank Dial, yesterday assumed operation.

The concern, located at 220 N. Somerville, will be known as the Pampa Motor Company, Inc.

The company will continue as agency for Kaiser and Frazer automobiles, sales, service and repair. The filling station will be operated in connection with the agency, it was announced.

Poole, who lives at 701 N. Gray, graduated from Pampa High School in 1934, has been resident of Houston, Tex. He announced he returned last February from San Angelo, where he had lived for some time.

Lilienthal Demands Full, Public Hearing for 'Case A'

WASHINGTON—(AP)—David E. Lilienthal today protested that the Congressional investigation of the Atomic Energy Commission is "smearing" people by "innuendo."

The AEC chairman said he feared that when the investigation began, and his fears are "being confirmed" daily by what is transpiring.

Lilienthal lashed out with this complaint when Senator Hickenlooper (R-Iowa) again brought up "Case A" at hearings by the Senate-Atomic Energy Committee.

Hickenlooper has accused the AEC of "incredible mismanagement" and demands that Lilienthal be fired. The committee is looking into the charges.

Without calling names, Hickenlooper has been raising questions about the loyalty of individual employees of the AEC. "Case A" is still the unidentified man who prepares top-secret reports from the AEC to Congress. Hickenlooper has brought out that this man was once suspended because of "derogatory" information in a 50-page FBI security report.

As he did when Hickenlooper first mentioned the matter last Thursday, Lilienthal demanded that "Case A" be given an immediate full, public hearing before the committee.

Lilienthal said the entire file on "Case A" has been in the hands of the committee for eight months, and that a reading of it would show that the "individual who made 'highly unfavorable statements' about 'Case A,' had stated under oath that he had 'no basis of fact' for the statements he made."

Lilienthal said that Hickenlooper's presentation of the case publicly last Thursday had identified the man to his co-workers, and had "put a cloud" on him.

He said there would be "great advantage" both to the committee and the public if the committee would "follow through" on the matter and give "Case A" the opportunity to present his side.

CONTROLS LISTED

WASHINGTON—(AP)—Housing Expediter Tighe Woelgs has ordered rent controls removed in the city of El Paso, Tex. He announced the action yesterday, saying El Paso's governing body had voted to decontrol rents there.

R. G. Holley, 69, Dies at Lefors

R. G. Holley, 69, died unexpectedly from a heart attack at 7:30 a.m. today at his home in Lefors.

Holley, who would have been 70 years old this coming Aug. 29, was born in Atala County, Miss., and moved from there to Lefors 14 years ago. He operated a drygoods store in Lefors until four years ago, when he retired because of his health.

In addition to his wife, Mrs. Jessie Holley, he is survived by one daughter, Mrs. Alma Cumberledge, also of Lefors; by two sisters, Mrs. Lillie Holley, and Mrs. Myrtle Hunt, both of Memphis, Tenn.; and by two grandchildren.

Funeral services, to be conducted by the Deuel-Carmichael Funeral Home, are pending.

Continued Rains to Delay Harvest, Cause Black Rust

Wheat harvest in the Pampa area probably will be delayed because of the 1.12-inch rain here last night, Ralph Thomas, county agent, said this morning.

Black rust may develop on the later wheat because of the continued moisture, though the early wheat probably will not be damaged to any great extent, he said.

With plenty of hot clear weather the rust problem may not be serious but continued rains may result in rusty wheat much the same as resulted from the heavy May-June rainfall in 1941.

In May, the Pampa area had 6.97-inches of rain as compared with 3.6-inches for the normal rainfall in May. During the first week of June the Pampa area has had 22 inches of rain. The normal rainfall for the entire month of June is 3.23-inches. During May, 1948, this area had only 1.46-inches of rain.

It is possible that black rust may cut the yield considerably, but a storage problem will still be serious in this area. The storage problem may be temporarily relieved with emergency grain bins, Thomas pointed out.

Thomas attended a meeting at the Herring Hotel in Amarillo yesterday with other county agents and representatives of the Production Marketing Association. They were shown how to build emergency grain bins.

W. S. Allen, extension agricultural building engineer at A&M College, and Dale Carter, field agent, displayed a model bin, a hastily thrown together affair with bolts and shiplap and several steel bars.

Plans for such emergency bins are available at the county agent's office at the Courthouse.

District Farm Agent Knox Parr said he had a model bin, a hastily thrown together affair with bolts and shiplap and several steel bars.

3000 Jaycees Open Annual Convention

COLORADO SPRINGS, Colo.—(AP)—Heading the century-old cry of "Pike's Peak or bust," 3,000 Jaycees assembled today at the foot of Colorado's most famous mountain for their 29th annual convention.

The members of the United States Junior Chamber of Commerce rocked this resort town with their gaiety and hi-jinks.

The young bloods of American business will quaff large doses of Western hospitality in between serious business sessions. A chuckwagon dinner in the scenic Garden of the Gods was an appetizer last night.

Today's program included a bus trip through the fabled gold-mining camps of Victor and Cripple Creek.

An old-style Western village—featuring a special room with 200 slot machines—has been constructed on the outskirts of town. There are replicas of old saloons. One of them boasts an honest-to-goodness 110-foot bar with plenty of liquids to keep the wood damp from end to end.

Lively stables, general stores of the cracker-box-philosophy era, a gold-mining office and a typewriter store in Lefors are also been set up for the conventioners.

Pampa Jaycees attending the convention are Mr. and Mrs. Travis Lively, Jr., Mr. and Mrs. Artie Altevogt, and Elmer Francis Lively. Afternoons are the Pampa delegates, and Francis is an alternate.

The convention will last through Saturday.

Lewis Agrees To New Talks

WASHINGTON—(AP)—John L. Lewis announced today that the U. S. Steel Corp. has agreed to new contract talks for its coal mines beginning June 13 at Philadelphia.

Lewis made public a letter to Harry Moses, president of the H. C. Frick Coke Company, U. S. Steel's coal-producing subsidiary, confirming conference arrangements.

Often in the past, a contract worked out by the United Mine Workers chief and the big steel-making firm has set a pattern for the rest of the soft coal industry.

However, the steel corporation's coal production is only a small percentage of the nation's total soft coal output.

The present coal contract expires June 30 and so far, little has been accomplished in negotiating a new agreement.

Lewis has been meeting for several days at Bluefield, W. Va., with representatives of the Southern Coal Producers Association, at their request.

Proposed Canadian River Dam Studies to Be Released Soon

Results of studies on the proposed Canadian River dam are expected to be made public within the next 10 days, according to information received by The Pampa News from the U. S. Bureau of Reclamation.

The bureau's field reconnaissance work and tabulation are complete. Harry P. Burell of Austin, arplanning engineer for the agency in Texas, said today.

These findings are now being compiled at the bureau's regional office in Amarillo, Burell said, and the results of the studies for the construction of the river dam to provide municipal and industrial water supplies in the Panhandle area are expected to be made public in the next 10 days.

The report, including the estimated cost of the dam and of a system to transport the water to various cities in the area, will be presented at a joint meeting of bureau officials and representatives of the affected cities at a time and place to be announced later, Burell said.

In addition to providing water storage, the proposed dam, recreation and flood control, recreation, fish and wildlife sanctuary, and limited irrigation.

While a site for the dam has probably been chosen, officials of the bureau said this morning that they were not at liberty to discuss the site before the coming meeting between the bureau and city officials.

Army Major Transferred

MAJ. BERNICE LYONS, above, in charge of the Salvation Army post here for the past two years, has been named to a new position. She will serve as a public relations officer, working out of the Army's military headquarters in Dallas. She will leave tomorrow morning.

She will be succeeded here by Lt. and Mrs. Fred McClure, who were married two weeks ago. Mrs. McClure, a Texas, has been working in the Atlanta Salvation Army headquarters; and her husband has worked at Beaumont.

Maj. Lyons had a kind word for various groups and agencies of the city with whom she has worked. She mentioned in particular the Ministerial Alliance and social worker agencies.

"I have met lots of lovely people, and I do not want to express my appreciation for all that they have done for me, but for myself."

Dispute Over On Pecos River

WASHINGTON—(AP)—The Texas-New Mexico long standing dispute over waters of the Pecos River will be settled formally Thursday. President Truman will sign legislation then ratifying a pact between the states.

A number of persons who worked on the settlement plan will attend the ceremony set for 9 a.m. Central time.

The bill grants the consent of Congress to the agreement. It was sponsored by Rep. Ken Regan of Texas.

The Pecos rises in New Mexico, but flows into Texas before emptying into the Rio Grande. Several irrigation projects on its watershed led to a controversy between Texas and New Mexico.

Texasans here for the Thursday ceremony include Charles Miller of Barstow, Texas, commissioner on the Pecos River Compact Commission, and J. E. Sturrock of Austin, manager of the Texas Water Conservancy.

Parley Clash May Speed Arms Action

WASHINGTON—(AP)—Senator Connally (D-Tex) said today a breakdown in the Foreign Ministers Conference at Paris could speed action on the administration's \$1,180,000,000 arms-for-Europe program.

Democratic leaders have set aside the rearmament plan at least until the North Atlantic Treaty has been ratified by the Senate. One senator said privately that President Truman is in "complete agreement" with that schedule.

Mr. Truman was said to be in no rush to send the arms program to Congress ahead of treaty ratification and action on important domestic legislation. The treaty must be approved by a two-thirds vote of the Senate to become binding.

But Connally, who is chairman of the Foreign Relations Committee, said failure of the American-British-Russian-French meeting at Paris could change the entire situation. The underlying purpose of the meeting is to find a way for Russia and the other powers to get along together for the benefit of Europe and world peace.

Secretary of State Acheson should return and recommend quick action," Connally told a reporter, "it might bring the arms plan up sooner."

The committee's report urging ratification of the treaty made it clear that a vote for the treaty will not bind any senator to vote for the arms plan.

Senator Taft (R-Ohio) said he agreed with the committee on this viewpoint.

"I think I'll vote for the treaty," he told a reporter, "but I am opposed to the arms program."

Senator Lucas of Illinois, the Democratic leader, turned away questions about when the arms program will be submitted or when some Senate action on it may be possible.

The heaviest fire against the pact is expected from Senators Donnell (R-Mo) and Watkins (R-Utah). Both have argued the treaty would permit the President to commit this nation to war without approval by Congress.

The Foreign Relations Committee report declared the pact gives the President no powers over the armed forces which he does not already have.

Trade Pact Concerns U.S.

WASHINGTON—(AP)—Some American officials were reported concerned today over the negotiation of a five-year trade agreement between Britain and Argentina.

The State Department may file a mild protest against Britain's signing the pact as it now stands and urge that it be limited to a shorter period than five years.

Officials cited two main objections from the American point of view.

1. It would have the effect of sharply reducing, if not excluding, United States sales of some important commodities in the Argentine market because Argentine trade would be channeled to England.
2. It would be contrary to the principle of developing freely competitive international trade to which both Britain and the United States have subscribed—in favor of a virtual barrier arrangement.

The British would get mostly meat, plus some other foodstuffs, from Argentina.

From Britain, Argentina would obtain oil, farm machinery, automobile and other manufactured goods. It is in these fields that the State Department's experts believe the agreement would give British producers an unbeatable advantage over their American competitors.

Houston Rites Set Tomorrow

Funeral services for A. P. Houston, 69, of 414 N. Gray, will be held tomorrow morning, 10:30 a.m., at Hartman, Ark., died at 2 a.m. today at the home of his daughter, Mrs. Odell Henry, 916 Farley. He had been in ill health since suffering a heart attack last September.

He moved to Pampa 12 years ago from Erick, Okla., and operated Saye's Grocery No. 2 southeast of town for 10 years. He was a member of the First Methodist Church.

He is survived by his wife, Mrs. Mary Houston; by two daughters, Mrs. Henry, and Mrs. Clarence E. Davis, also of Pampa; by a half-sister, Miss Mary Nelson of Los Angeles, Calif.; and by a granddaughter, Linda Davis.

Funeral services will be held at 10:30 a.m. tomorrow from the Deuel-Carmichael Chapel with Dr. Orion W. Carter, pastor of the First Methodist Church, officiating. Burial will be in Fairview Cemetery.

pallbearers will be: L. C. Cavender, W. E. Edwards, Bruce Pratt, Paul Crossman, Clifford Braly, and Dale Phillips.

JAYCEES DIRECTORS

A meeting of the Board of Directors of the Junior Chamber of Commerce has been called for 7:30 p. m. Thursday, Floyd F. Watson, president of the club, announced at yesterday's weekly luncheon meeting. The meeting will be held at his home, 1008 Wiliston.

Singing School Now in Progress

A singing school is being held nightly at the Church of God, at Field and Campbell. It is being conducted by Allan W. Wims, a representative of the Stamps-Baxter Music Co., Dallas.

A spokesman said the program began at 8 p.m. each day, and is especially appropriate for children. The public is invited, however, she said.

Rope Burns 'n' Saddle Sores

By H. B. TAYLOR, JR.

This is it, folks. This week their 3rd Annual Rodeo. Big things are in the offing for Friday night when the kids from all over the Panhandle come to town to have a rodeo of their own. Leo Fry has a good program worked out for the youngsters. The show will consist of barrel races for all entries, flag races, bull-fighting, junior bull-riding, and calf-roping for boys 5 through 16. The girls 5 through 16 will contest for prizes in a doughnut race, and tournament races. The girls may even go a little Western and get in the bull-riding. There have been in the past shows two or three girls who put pretty wild rides on the little Brahma yearlings. The kids' rodeo will be run just like a rodeo for seasoned hands. Come Saturday around 2 p.m., the main rodeo will get underway. There will be three shows in all. Rodeo performances will be held Saturday afternoon at 2, Saturday night at 8, with the final show Sunday afternoon at 2:30. Entries from Texas, Oklahoma, Colorado and New Mexico are already in the rodeo office. I already have 18 bull-riders, 12 saddle bronc-riders and 14 bareback bronc-riders signed up for the contest. These boys are some of the best amateur cowboys that you can find following the rodeo game today. If the weatherman will just help us out, I believe there will be over 100 contestants entered for the show. Pat Wartman from Manter, Kans., is furnishing the rodeo stock, and Pat tells me that he has rested his best bucking stock for three weeks now so that they will really be ready to fire when the chutes open. If they do any better here than they did in Dumas last week, you should see some real bronc-and-bull-riding. Along with the riding events we will have the best calf-ropers in this three-state area competing for the trophy buckles that will be presented by local merchants. I want to take this means of thanking the following merchants for donating those buckles: Acme Lumber Co., Friendly Men's Wear, Harvester Feed Store, Addington's Western Store, Pooles Drive Inn, Culbertson Chevrolet Co., Tex Evans Buick, and Maddox Leather Co., of Amarillo. Modern Pharmacy and J. C. Penney also have donated prizes for the cowgirl sponsors contest. There will be about 20 girls entered for this last contest. Some of these girls have made the best show in Texas and have ridden off with prizes of all sorts for their ability in the various events. Friday and Saturday nights from 9 till you get

enough there will be old-time and modern dancing at the Recreation Building at the rodeo grounds. If there is any one in Pampa that doesn't find something to his liking in all these activities, I sure would like to meet him. The Roping Club would try to work his act into the show somewhere. By the way, I almost forgot the parade Saturday morning at 10. If any of you want to show off your favorite horse just ride him down around the Whiteway Drive Inn Saturday and Geo. Dillman, chairman of the Parade Committee, will find a spot for you. If you don't have a horse, bring anything else you want the people to look at. By the time you get to read this, Buck Hines will have his booster trip well along on the 200-mile trip they are making today to advertise the rodeo to all of our neighbors.

Pat Wartman already has two truckloads of the rodeo stock out of the grounds. If you want to look over the horses and bulls drive out. Just don't get too friendly with the bulls. The Dumas Rodeo Association sure held a good show over at Dumas a week. They had a three go-round show with a lot of good cowboys entered. Talk about a parade, those fellows over there sure go all-out to put on a real show. They served five barbecues to approximately 5,000 people during Friday. That took a little time to head to the exact. Results of the rodeo for each day are Friday: Calf-roping—1st, Boog Trainham, Stratford, 18.2; 2nd, Bud Koffman, Stratford, 18.2; 3rd, C. M. Coffee, Miami, 18.9; bull-doggin—C. M. Coffee, 7.8; 2nd, Ace Winders, Clayburn, 8.1; 3rd, Myra Loper, Pampa, 17.8; bareback bronc-riding—Junior Coffee, Sunray, 1st; Ed White, Wellington, Myrel Loper and Dale Flemings, Logan, Okla., split 2nd and 3rd; saddle bronc-riding—Arthur Hoffman, Dalhart, 19.1; 2nd, Roy Mitchell, Stratford, and Virgil Miranda, Kim, Colo., finished in that order. In bull-riding, Ed White and Arthur Turpin, Dalhart, split 1st and 2nd money, with Virgil Miranda winning 3rd. Saturday winners were: Calf roping—R. J. Trainham, Stratford, 19.1; Red Garrison, Spearman, 19.8; and C. M. Coffee, 22.3; bull-doggin—Shine Brite, Campo, Colo., 6.1; Wendell Porter, Dalhart, 6.8; Boog Trainham, 10.3; bareback bronc-riding—Virgil Miranda, Claude Turpin, and Junior Coffee; saddle bronc-riding—1st, Roy Mitchell; 2nd, Shine Brite; 3rd, split between Arthur Hoffman and Bob Sherrod, McLean; bull-riding—1st, Arthur Turpin; 2nd, Dale Fleming; 3rd, Ed. White.

Sunday afternoon show winners were: calf-roping—Bill Kirk, Crosbyton, 18.7; Doc Guynes, Shamrock, 17; Red Garrison, 17.4; bull-doggin—Shine Brite, 8; Virgil Miranda, 8.2; Bob Sherrod 8.8; bareback bronc-riding—1st, Pete Durly, Logan, Okla.; 2nd and 3rd split between C. M. Coffee and Virgil Miranda; saddle bronc-riding—1st, Roy Mitchell; 2nd, Virgil Miranda; 3rd, Bob Sherrod and C. M. Coffee, split; bull-riding—Fee Wee Benoit, Pampa, 1st; Dale Fleming, 2nd, with Monk Russell, Ft. Worth, 3rd.

All the boys that won money at Dumas will be here for the Roping Club rodeo. Those boys that finished just out of the money are all sore about not winning, so they will be here to see that the same boys don't win the Pampa show. There will really be some wild roping and riding before the rodeo is over. Every boy entered wants to take one of those buckles home to show the folks, and they will really work to win one. I sure would like to have one myself. If I don't cut this machine

Jaycees to Deliver Fishing Equipment to Boy's Ranch

Several members of the Pampa Junior Chamber of Commerce will deliver the fishing equipment that the club has collected for Boy's Ranch Sunday morning, Frank F. Pata, chairman of the collecting committee, announced at the club's luncheon meeting yesterday.

A few months ago, the Jaycees made a cattle guard for the ranch as a club project. When it was delivered several weeks ago, the members learned there was only one fishing rod and reel available for 114 boys at the ranch.

During the past two weeks the club has been collecting donations of fishing equipment and tackle from the members and from anyone else who has spare paraphernalia.

Anyone who has not yet been contacted and who has a spare rod, reel, pole, line, or any other fishing equipment to give to Boy's Ranch is asked to call Don Foster at Pampa Furniture Co., or Rusty Ward at the Texas Printing Co. before Friday. Arrangements will be made to pick it up.

Among those who have contributed to the pleasure and recreation of the boys at the ranch are: Dr. W. E. Ballard, Glen Sheehan, Frank Foster, Jack Vaughn, Dr. Bonner, Zelta Osborn, Lou Fabian, and DeLoe Vears.

A group from the Pampa club will leave from the City Hall about 8 a. m. Sunday. They will deliver the fishing equipment and will have a picnic lunch at the ranch in the afternoon.

Bob Baldwin, 102 W. Browning, was introduced as the club's newest member yesterday. He is connected with Blackburn-Shaw-Sims Funeral Home.

Orville "Red" Latimer and Bob Bell, both of Amarillo, attended as guests.

REA Extended in Hemphill County

CANADIAN (Special) — Forty-five miles of new REA lines in the south central part of Hemphill County were added this week to the network of the North Plains Electric Cooperative.

The new lines, which comprise the "E" section of the co-op, will bring electric power to some 75 families. The lines were energized Tuesday with power from the municipal light plant in Canadian. Earl Waide, co-op manager from Perryton, said Tuesday afternoon that crews were busy along the route trying to get the new members.

Several miles of line extending east of Canadian and serving families along the river bed were energized Monday.

Waide, whose headquarters are in Perryton, is general manager off and get to doing something else. I may not even get to go to the rodeo Friday, Saturday and Sunday. I would sure like to see about 8,000 of you people out at the rodeo this weekend.

5 doctors prove this plan breaks the laxative habit

If you take laxatives regularly—here's how you can stop.

Because 5 New York doctors now have proved you may break the laxative habit. And establish your natural powers of regularity. Eighty-three per cent of the cases tested did it.

Stop taking whatever you now take. Instead: Every night for one week take 2 Carter's Pills. Sleep well. Eat right. Then—nothing—nothing every other night. Then—nothing. Every day: drink 8 glasses of water; eat a definite time for regularly.

Five New York doctors proved this plan can break the laxative habit.

How can a laxative break the laxative habit? Because Carter's Pills "unblock" the lower digestive tract and from then on let it make use of its own natural powers.

Break the laxative habit... with Carter's Pills... and be regular naturally.

When worry, overeating, overwork make you irregular temporarily—take Carter's Pills temporarily. And never get the laxative habit. Get Carter's Pills at any drugstore for \$12 today. You'll be grateful the rest of your life.

Two Awards Are Made by Times

DALLAS (AP)—The Dallas Times Herald paid out \$500, instead of \$250, in award money after a panel of judges announced they had picked two public school teachers to share the honor of being Dallas County's teacher of the year.

Tom C. Gooch, publisher and editor-in-chief of The Times Herald, presented the awards at a luncheon in the Stonehill Hotel.

He agreed with the judges who reported they could not choose between Miss Tessie Johnson, a seventh grade teacher at Rosemont Elementary School, and William T. Hamilton, physics teacher at Adamson High School.

Miss Johnson has been teaching for 26 years, entering the Dallas system after 14 years service in Titus and Collin Counties. Hamilton has been teaching 36 years in Dallas, most of them at Adamson.

Readers of The Times Herald nominated 208 public school teachers for the award. The judges were impressed by Miss Johnson's organization of correspondence between her pupils and children in 20 foreign countries and by her preparation of devotionals which are being copied for classroom use in other schools.

Hamilton's long-time leadership of high school youths in such temperance organizations as Allied Youth also received attention from the judges.

* WE, THE WOMEN

BY RUTH MILLETT
NEA Staff Writer

A newspaper inquiring reporter who put the question "Would you rather have beauty or brains?" to a number of young women received answers that would have seemed surprising only a few years ago.

The girls thought brains were more important than beauty. And their reasons for thinking so all added up to about the same attitude. If a girl has brains, there's no excuse for her not turning herself into an attractive-looking person. But if she has looks without brains — she hasn't much chance of making a success of her life.

That, of course, is a sound attitude for young girls to have. Because beauty isn't enough to draw a girl to build her life on.

LIFE DEMANDS MUCH
Life demands too much of women for a woman to count on beauty to see her through. Most girls want careers at least for a few years before marriage. And many of them either want or need to work after marriage.

But even if a girl wants only marriage as a career she still needs brains if she is to be a real companion to her husband and a help to him in his career.

So the girl with brains is the girl who gets the breaks. No wonder then that a smart girl who through careful attention to grooming and dressing is able to make herself reasonably attractive to look at wouldn't swap her brains for beauty alone.

It would be a poor trade today — as any girl who has tried to make her own way in the world soon realizes.

MAKING WHITE SAUCE
In making a white sauce melt the fat in a saucepan, then remove from the heat before adding the flour. Now add cold milk gradually with the saucepan still off the heat, stirring as you do so. After all the milk has been added continue to stir well until there are no more lumps. A whisk is excellent to use for the stirring, but if you do not have one use a wooden spoon. A half teaspoon of salt is usually plenty for two cups of the sauce.

BROILED HAMBURGER
Hamburg steak is good broiled with tomato halves, mushrooms, slices of boiled sweet potato, and bacon slices. This makes a good "one-dish" dinner. Serve a green salad with it and a fruit-and-cookies dessert.

Mrs. Roy Frazier Honored Recently With Baby Shower by Mrs. Smith

Mrs. Roy Frazier was complimented with a pink and blue shower in the home of Mrs. Tony Smith with Mrs. Tom Haggard, Mrs. A. C. Crawford, and Mrs. George Collins as co-hostesses.

The pink and blue theme was carried out with the centerpiece of pink roses and blue iris, and pink and blue candles lighted the table.

Mrs. Haggard presided at the silver service.

Mrs. Crawford presided at the baby book and as each guest signed, they were presented a corsage.

The hostesses presented Mrs. Frazier a covered bassinet.

Present were: Misses E. Savage, W. A. Thornton, Joy Evans, Roy Young, Ed Barnes, Bill Forman, Audrey Evans, Guy Savage, J. E. Forman, C. E. Leasure, Sr., Ralph Barnett, Leroy Frazier, Don Elsom, C. E. Leasure, Jr., J. R. Moore, Lee Kitchens, T. C. Addington, J. H. Kelley, G. Elsom, Robert Hollis, J. W. Rochelle, C. C. Fenoglio, Jr., H. V. Mackie, Mary Mackie, Lois Gover, and Cecil Barnett.

CLARIFY FAT

After you've used fat for frying you may clarify it by heating several slices of raw potato in it. Allow it to cool a bit, then strain it through several layers of cheese cloth placed in a strainer.

REFRIGERATOR DESSES
Certain products tend to make refrigerator desserts—such as creams or mousses or sherbets smoother since they help to prevent the formation of large crystals. These are gelatin, syrup, evaporated or condensed milk, eggs and marshmallows.

CHICKEN PAPRIKA
Make a quick chicken paprika dish by adding about a half cup of diced onion and a tablespoon of paprika to a large frying chicken when you are browning it; then add a cup of stock, cover the pan, and cook until tender. Just before serving mix a cup of sour cream into the gravy, correct the seasoning, heat thoroughly, and serve over poppyseed noodles.

LUNCHEON MENU
A delightful menu for a summer luncheon party features chicken sandwiches with tomato aspic on salad greens. Dessert might be fresh blueberry pie a la mode with frosted coffee.

SUMMER SANDWICH
A tasty warm-weather sandwich filling is made by softening a small package of cream cheese, seasoning it with a little onion juice, and mixing it well with about a half cup of finely chopped watercress.

17 Area Scouts to Take Part in Air Encampment

Seventeen Senior Scouts of the Adobe Walls Area Boy Scout Council have registered to take part in Region 9's Air Encampment, June 18 to 25, at San Antonio.

Five additional Senior Scouts are expected to register within the next few days.

The Scouts will highlight their Scouting careers, June 19, when they fly from English Field at Amarillo to Randolph Field at San Antonio to participate in the air encampment.

Lt. Col. L. B. Deitrickson, deputy base executive of Tinker Field, has arranged for a C-47 to transport the Scouts to and from Randolph Field.

E. J. Rusk, council Senior Scouting chairman, Tom Cochran, field executive, and Doyle Alexander, Hutchison Drilling Company, recently went to Tinker Field at Oklahoma City to complete arrangements for the airlift with Air Force personnel.

The airlift has been arranged through the courtesy of Col. O. W. Howland, Major Wilson and Lt. Col. Deitrickson.

The 22 Senior Scouts, accompanied by Judge Bob Galloway, chairman of Explorer Post 8, Berger, will leave English Field Saturday, June 18, and will return from Randolph Field June 26. Galloway was a Marine flyer during World War II and took his basic training at Randolph Field.

Scouts who have registered for the trip thus far include: Don Burns, Jerry Coley, Billy Rex Campbell, Post 80; Pat Mitchell, Barton Lockhart, Post 22; Marshall Beakley, John Carlton, Gerald Deitz, Glen Bateman, Post 8.

Paul Farrell, Post 12; Max Greene, Harold Brisbane, Post 3; James Tipps, Joe Bob Newman, Eugene Milner, John Woods, Jim Hatley and Jack Rust, Post 77.

The air encampment will be jointly sponsored by the Boy Scouts of America and the U. S. Air Force. While at Randolph Field the Scouts will take part in orientation flights in multi-engine planes, piloted by Air Force pilots. Further they will have practice and experience in navigation, weather, communications, radar and jet equipment.

The Scouts will be the guests of the Air Force Saturday, June 25, at a social at the Officers Club. They will stay at the Aviation Cadet Building and will eat at cadet mess.

During the six-day encampment, the Scouts will take a tour through historical San Antonio and visitation of the famous mission and the Alamo.

ISLAND ESCAPE

THE STORY: Fred Silwell, small movie producer, and three members of his company are shipwrecked on Speare Island, where Henry Gough Harding is testing four women candidates for wealth to become his bride and found "New Eden" on the island. Learning that one of the candidates, Lily Warren, has been stealing liquor for Silwell, Harding sends his stevedores to beach level. Ben Cosgrove, riding in the car, sees Lily in the car approaching her. Lily is dead, shot through the head and in her lap is the automatic pistol Ben had snatched onto the island. On the sand at the beach is a single footprint, immediately destroyed by a wave.

XIV
The noon sun was hot on the assembled Speare Islanders on the flat top of the veranda rail. Mabel sat with her arm around Mollie Stark's shoulders. Agnes and Nona McGuire whispered together, and George Bascombe and Fred Silwell stared straight ahead without apparent consciousness of their surroundings.

At a table brought from the main room for the occasion, Harding wrote on a single sheet of paper, while Bea Cosgrove sharpened a pencil in preparation for duty as official Speare Island court stenographer.

He finished his notes, looked up to face the row of people before him. He rapped gently on the table with a claw hammer from the toolroom. "Speare Island Court is now in session," he intoned.

Bea poised her pencil over the blank notebook. The words transformed this sunny veranda into dingy, well remembered courtroom.

"We are here," Harding went on, "to inquire into the death of Mrs. Lily Warren. By force of circumstance, the proceedings and subsequent burial of the deceased must be expedited. This court, though informal, will be completely impartial in considering the facts. All present will consider themselves the jury. Now then, do any of you know anything of this unfortunate occurrence?"

Miss Cosgrove finished writing. She looked up at the silent row. Their blank faces, their expectant waiting, told of their unwillingness to venture into words until a pattern became clear.

Mollie Stark began crying. The clinging black of the dress she wore outlined the convulsive movements of her body. "I didn't do anything bad," she whimpered. "I don't want to be put on any old jury."

"There, there," Harding soothed, abandoning his official tone of voice. "We all know you wouldn't do anything bad."

"Oh brother," Nona murmured.

HARDING heard. He scowled, pounded the table with his hammer. "I'll have order in this court!"

"I'm a good girl," Mollie recited through her sobs. "I'm a good girl."

"If you'd just tell us in your own words," Harding said kindly. "Tell us what you know of this happening. We will wait for your story."

Mollie looked at Silwell, then shook her head. "But Mollie doesn't know anything," she insisted.

Nona winked at Miss Cosgrove. "Thank you," Henry Harding said. "Mrs. Jones, will you take Miss Stark to the house? Perhaps she can get a little rest while we continue."

"Of course," Mabel said. "Come, child."

Mollie clung to her, was led away limping.

"We will wait Mrs. Jones's return," Harding decided.

"How much of that conversation do you want in the record?" Bea asked.

Harding frowned. "Put down that when questioned Miss Stark had no knowledge of the occurrence."

Miss Cosgrove crossed out several lines, wrote the sentence as dictated.

Nona McGuire kicked her heels

against the stone. She whispered something to Agnes. Miss Firth giggled. Harding ignored them until Mrs. Jones returned.

"She went right to sleep like a sweet child," the woman said.

HARDING beamed at her. He looked down at the paper before him, cleared his throat harshly, banged on the table. "We will now proceed. I have examined the body carefully and I would judge Mrs. Warren met her death between eight and nine o'clock. For the record, I must ask where each of you were during that hour."

Silwell stared as if trying to find a meaning behind the words. "All right. The last time I saw Mrs. Warren was when she founced into the kitchen. That was just after you left the table."

"Did anyone see her after that?" There were only negatives.

"That was about seven-thirty," Harding said. "It would give her plenty of time to make the 15-minute trip down to the dock by way of the trail."

"Why should she go?" Fred asked.

Harding showed his resentment at the question, but he answered. "Mrs. Warren knew my decision to send the whiskey to the kitchen. I offer as a suggestion she might have gone down to wait for the whiskey."

"I'll buy that," Silwell said. "It's the sort of thing that'd seem like a good idea to a drunk."

"An expert opinion?" Nona asked sweetly.

"If it takes 15 minutes to get down," Bascombe put in, "it'd take longer for anyone to come up. That should make it easier to check."

Harding pounded furiously. "I am unwise of asking for an open discussion. For the present, limit yourselves to answering questions as to your whereabouts."

Mrs. Myrtle D. Jackson was named an honorary member.

New officers are Schumann, president; Mrs. Lafferty, vice president; and Mrs. Lard, secretary-treasurer.

Commission Swaps Admiral for General

WASHINGTON — (AP) — The Maritime Commission has swapped an admiral for a general as its new chairman.

Maj. Gen. Philip B. Fleming, former federal works administrator and trouble-shooter for President Roosevelt and Truman, was sworn in as head of the agency.

He succeeded Adm. W. W. Smith, whose term expired on April 15. The commission had been without a regular chairman since then.

After taking the oath, Fleming said there will be "no shakeup" in the commission which has been the target of numerous blasts from Congress as well as the Hoover Commission on government reorganization.

Brownie Scouts Study Camping

Sixty-five Brownie Scouts are well on their way to becoming first-rate campers.

Day Camp, which started 4:30 p. m. Monday at the House, was the first major summer activity for the Brownies, their first meeting they constructed first homes, made sit-up and carved redwood nametags.

Yesterday the Scouts put plac and pins on their name so they could become better acquainted with each other.

The second day of Day Camp took place inside the Scout House. The rainy weather necessitate a change in the location of camp, Mrs. K. E. Thorton, executive, said.

Friday night the Scouts present original acts as their evening activity. Saturday they spend the day at Camp Sullivan. Tenderfoot Scouts will begin second week of Day Camp at 4 p. m. Monday.

Make This Home Recipe To Take Off Ugly Fat

It's simple. It's amazing. How quickly can you lose pounds of body weight? You can! It's easy—no trouble at all and no side effects. It's a natural, healthy, safe way to lose weight. Just go to your drugstore and ask for four ounces of liquid Barcostrin. Pour this into a pint bottle and add one ounce of grapefruit juice to fill bottle. Then take two tablespoons twice a day. That's all there is to it.

If the very first bottle doesn't show the slims, don't give up. Buy a second bottle and repeat the course. You'll be amazed at how quickly you'll lose weight. Barcostrin not only melts away fat, but it also burns up the fat that's already on your body. It's a natural, healthy, safe way to lose weight. Just go to your drugstore and ask for four ounces of liquid Barcostrin. Pour this into a pint bottle and add one ounce of grapefruit juice to fill bottle. Then take two tablespoons twice a day. Second National Scout Jamboree To Be Held at Valley Forge, Pa.

The second national Scout jamboree of the Boy Scouts of America will be held at Valley Forge, Pa., in 1950, Paul Beisenher, executive of the Adobe Walls Area Council, reported.

The selection of the site was announced by Dr. Arthur A. Schuck, chief Scout executive of the organization.

More than 30,000 Boy Scouts from every state and all U. S. territories will camp together from June 30 to July 6, 1950, on the site notable as the winter encampment of General George Washington.

Valley Forge Park is owned, maintained and preserved by the Commonwealth of Pennsylvania. An invitation to hold the jamboree there was received from Gov. James E. Duff.

The national jamboree will climax the Scouts' two-year crusade to "Strengthen the Arm of Liberty."

Duff's invitation was accepted after dozens of sites in all sections of the U. S. were inspected by the engineering service of the Boy Scouts of America.

Scout officials announce the jamboree camp will probably occupy 600 of the 2,035 acres in Valley Forge Park. They will provide 22 sectional camps for a maximum of 40,320 Scouts and adult leaders and a headquarters camp for 460 leaders.

Valley Forge Park is 30 miles northwest of Philadelphia and seven miles west of Norristown.

The first national Scout jamboree was held in a 480-acre tent city on both sides of the Potomac River at Washington, D. C., in 1927.

Teacher Pay Held Up in Treasury

MEXICO CITY — (AP) — Teachers can't get their pay increases because treasury workers demand overtime to make out the checks.

President Miguel Aleman promised unpaid city teachers a 10 percent wage boost starting Jan. 1. It never came through because union workers at the Treasury Department want 18,000 pesos (\$2,200) monthly in overtime for the added check-making and book-keeping. There is no budget provision for this.

The teachers voted to hold a protest meeting in Treasury Department.

Austin, El Paso In Ball Finals

AUSTIN (AP)—Austin's Marceño tangle with Bowie of El Paso today for the Texas class double A high school baseball crown.

Lefty Joe Verdine pitched hitless ball as Austin ousted Denison, 12-0, last night. Bowie hustled two runs home in the last of the 12th to eke out a 4-3 victory over Waco.

Austin's game with Denison was stopped at the end of the fifth inning. That's the rule—any team with a 10-run lead after five innings is the winner.

Only one Denison player reached first base and spoiled Verdine's

crack at a perfect, though abbreviated, game. The Marceño southpaw issued a walk to Denison's Joe Don Simpson when one more strike would have put the game away.

Bowie watched Waco take the lead with an unearned run in the top of the twelfth.

Then Lorenzo Martinez of the El Paso team got a walk, and Bowie started moving.

Jose Galarza singled. He and Martinez moved up on an infield out. Second baseman Sammy Morales sneaked a grounder past second baseman Sammy Rogers, and Martinez scored. Bowie's winning run came when Ruben Rodriguez hit a blooper that fell for a hit when Joe Buearstro couldn't reach it.

WARREN'S WARMUP

By Warren Hesse—News Sports Editor

QUESTION: Who was the first amateur to win the U.S. Open golf title?

SPORTS SIDELIGHTS: The Philadelphia Eagles, opponents of the College All-Stars in Chicago's Soldiers' Field next August, will play an exhibition game against the Detroit Lions in New Orleans on September 3 to give their brilliant back, Steve Van Buren, a chance to play professionally before home town fans. Van Buren was a collegiate star at Louisiana State. The All-Stars will be coached by Oklahoma's Bud Wilkinson. Five dozen tennis balls were used in a recent men's doubles final in Southern California. Ted Schroeder and Bob Falkenburg defeated Hugh Stewart and Pancho Gonzales in the marathon that went 135 games. The scores were 36-34, 3-6, 6-4, 19-17, and the match took four hours and 15 minutes to play.

Pete Pihos, former Indiana University football star who now performs with the Philadelphia Eagles, claims that the pressure of waiting for the kickoff is nothing compared to the case of nerves he got in taking the final examination at Indiana's law school recently. "That old stuff about it doesn't matter if you win or lose, but how you played the game, just doesn't go with those law pros," Pete says. "I thought most fans are content to wait several years before thinking about the 1956 Olympics. Avery Brundage already is worrying about the games scheduled for Melbourne. Reason: The United States Olympic team generally is financed largely by contributions from colleges and, since most college athletes will not be able to leave school to compete at Melbourne during the October dates established, Brundage is fearful that the colleges will not be so lavish with their contributions.

George Earnshaw, now a coach of the Philadelphia Phillies, was recalling his old—and favorite—story about an afternoon he was on the mound against the slugging New York Yankees. All the Bombers were giving him trouble, but Lou Gehrig smashed two homers into the rightfield bleachers before Connie Mack yanked George. When he saw Leroy Mahaffey start to the mound to replace him, George headed for the showers. Mack called him back to the bench. "SH down," said Connie, "and watch how Mahaffey pitches to Gehrig." The next time up, Gehrig smacked a homer into the leftfield stands. "I see," nodded Earnshaw, "he made Gehrig change direction."

Herman Hickman, Yale University football coach, declares that he doesn't want to win too many football games because the alumni will expect too much. "Ah aims," draws Hickman, "to keep the alumni sullen, but not murderous." Red Rolfe, skipper of the Tigers, believes that "The American League race will be one long scramble, and we'll be in there all the way, provided no team uncorks a long winning streak." The other night, Dusty Boggess, American Association official, called a balk on Jim Tote, Kansas City Blues hurler. Man-

ager Bill Skiff of the Blues later protested to Boggess, pointing out that the rules state a balk is called when there is intent, on the part of the pitcher to deceive the baserunner. Skiff argued that since the Blues had all bases occupied, a pitcher couldn't fool the runners, because they couldn't go any place. "Just who could the pitcher fool?" Skiff demanded. "Me!" answered Boggess.

ANSWER: First amateur to win the U.S. Open golf title was Francis Ouimet who, at the age of 20, captured the crown in 1913.

CAPTAIN STEPS ASIDE

SOUTH BEND — Coach Jake Kline considered Co-capt. Ray Petzelka one of the finest first basemen in collegiate circles. But the three-year Notre Dame veteran played in left field, replaced by the promising sophomore, Dick Gledin of Trenton.

Woods Require Most Complete Swing; Reach for Ball With Balance, Comfort

(Ninth of a series written for NEA Service)

By GENE SARASEN Winner of Them All

Wood shots require the most complete swing. Your build determines the stance, which should be wide. Just how wide is up to the individual.

The great Jim Barnes used an exceptionally wide stance. The nicknames, Long Jim, tells why. He won PGA Championships in 1916-19, the U.S. Open in '21, the British Open in '25.

If the feet are too close together you lack balance.

The weight should be distributed equally on the heels or the balls of the feet. Not on the toes.

The weight, rocking back and forth with the swing, takes care of itself.

Reach for the ball, but not to the extent that you are uncomfortable. Don't overreach and lose your balance.

The hands start the backswing. Keep the clubhead along the ground as long as possible.

Release the left side, permitting the hands to swing back to the top of the stroke.

Professionals have gotten away from a full backswing. I advise a three-quarter backswing, and because you are going back farther, a complete turn of the body, leaving the back toward the hole.

Start the downswing with the back of the left hand.

Release the right side with a movement corresponding to that of the left side in the upswing. Make full use of the right hand

Gene Sarasen . . . release the left side, permitting the hands to swing back to the top of the stroke.

and only from a good lie. The hands will be ahead of the clubhead until you come into the striking zone. The speed gained there by the clubhead generates the power.

The follow through must be complete. Allow the wrists to roll near the completion of your swing, so that the club, propelled by its own speed, will bring the body around until it is facing the hole.

The swing of the brassie, or No. 2 wood, does not change when used off the fairway. It should be used with caution,

because of the alkaline content of ashes, tools and containers used to handle ashes in big plants must be made of metals which resist corrosion.

Tribe Trims Senators 13-11 In Near Riot

CLEVELAND (AP)—In a wild three-hour game, which included a near riot among players, the Cleveland Indians last night edged the Washington Senators 13-11 before 18,000 fans.

Players streamed from both benches in the fourth inning when Joe Gordon strode with fists clenched toward Senator pitcher Walter Masterson after being struck by a pitched ball. Umpires stepped between the two men before any blows were struck, but players milled around the field for 15 minutes before order was restored. No one was banished.

The Ford Overdrive pays for itself

In the long run its flashing performance doesn't cost you a cent!

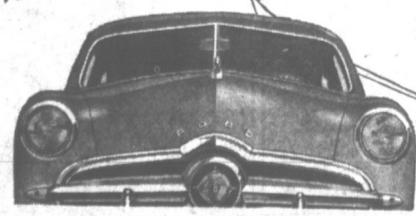

Ford's new Overdrive is an optional extra that pays off in actual savings as well as in the surging smoothness it adds to your ride. In Overdrive your engine speed drops 30% while car speed remains unchanged. The resulting savings of up to 15% in gas plus the savings in oil, engine life, and repairs more than repay the original cost. But more important is the quieter, effortless ride, the flexibility and power response you get. And it's controlled by the touch of your toe for passing in a flash... and a smoother, more relaxing ride on the road.

But there's much more to the new Ford "Feel"

Take the wheel... try the "FEEL" at your FORD DEALER'S

Feel new "Hydra-Coll" Springs float you over bumps. Feel that new "Mid Ship" Ride. Feel Ford "Magic Action" Brakes. Try a Ford and you'll order a Ford now.

Bear and bull baiting, popular in England for 700 years, were not prohibited by Parliament until 1855.

The baths of the ancient world and of the Middle Ages often were used by men and women at the same time.

Telephone and power service were disrupted partly and trees were uprooted by high winds yesterday. A rain fell during the blow.

by heavy weather damage to wheat stored in the open probably will take advantage of the program. Under Brannan's plan, he estimated, they probably would lose only 25 percent of the support price even if the wheat got soaking wet.

The "distress" loan part of the program provides that farmers may obtain loans equal to 75 percent of the price support on grains stored in the open. This will be on the understanding that they build or find satisfactory storage for the grain within 90 days.

Horace Lindley of Tulsa said: "It's still too early to form a full opinion on Mr. Brannan's announcement. I would say the announcement comes way too late to be of any material benefit to our farmers."

Lindley is president of the Panhandle Feed and Grain Association. He operates elevators at Tulsa and Floydada.

Lindley said he doesn't believe "too many farmers will take the 75 percent temporary (distress) loan, unless they are hard pressed for cash."

compulsory health insurance than was Dr. Ernest Irons of Chicago, newly inducted president of the AMA, in addressing the 98th annual convention last night.

Irons said: "Politically controlled medicine care supported by a compulsory tax is an early but essential part of the development of a socialized nation, the forerunner of various forms of collective... nationalized medicine which will be followed by nationalized industry."

He declared that the "fight" against the Truman plan "is not that of medicine alone; it is the fight of all America."

of these loans. One of the other Red Cross activities included home nursing courses taught this spring, here and at Lafors. More than 30 women completed tests for home nursing certificates.

"To our board members we wish to express our thanks and hope they realize we could not have an active chapter without them," Mrs. Hill concluded.

Double Life Catches Up With Airman

(Continued from Page One)

BURTONWOOD, England—(AP)—The U.S. Air Force has formally accused Donna Delbert, the cutest music hall fire-eater in Britain, of leading a double life.

The Air Force asserted that Donna, with her hair cut off, is Private Delbert Hill of Philadelphia, a deserter since 1945.

The provost marshal of the Air Force base here ordered Hill to trial on a desertion charge before a general court martial Friday morning.

The fantastic masquerade came to an end on April 7 at Newcastle. Acting on a tip from an undisclosed source, British police picked up the 36-year-old Hill at a theatrical boarding house where he stayed between turns on the stage.

Hill was hefty but reaching in women's clothing, a shoulder-length hairdo and plucked eyebrows. A girl assistant in the fire-eating act said she had been with him for months without suspecting the truth.

"Donna Delbert, demon fire-eater," was Hill's billing. The Air Force cropped "Donna's" hair to G.I. length, outfitted him with a set of fatigues and put him in the prisoners' stockade to grow a new set of eyebrows while they investigated the case.

The formal charge Monday followed.

BOYS, THERE ARE SPONSORS FOR EVERYONE

Sure, there are enough sponsors for boys who want to enter the Soap Box Derby.

The Pampa Lions Club, one of the three sponsors of the Derby here July 24, has a list of sponsors; and if the list runs out, more firms will be contacted to sponsor boys.

The list is at Culbertson Chevrolet, also a sponsor, with Chevrolet Division. That is also the place where boys between 11 and 15 may sign up for the race. The deadline on registration is expected to be announced within a few days. Those boys who don't enter the Pampa News event will be deprived of the chance at some of the \$500 worth local prizes. As also there is a trip to Akron, Ohio, to the national finals that is going to go to some local boy.

Texas Surveyed For Industry

WASHINGTON—(AP)—Texas will be surveyed for an area suitable for manufacture of synthetic liquid fuels.

The state was one of 37 listed by Maj. Gen. Lewis A. Pick, chief of Army Engineers, as approved for the survey. Alaska also is included in a \$1,941,637 contract for the work. Pick emphasized that survey is not intended to select specific sites for construction of synthetic liquid fuel plants but to get a general picture.

The raw materials to be considered are coal, oil shale, natural gas and oil impregnated stripable deposits.

Paradise Island Search Failure

WEYMOUTH, England—(AP)—A young British couple's search for a paradise island ended Sunday night in death, destruction and debt.

Frank and Margaret Davison wanted to sell the 70-foot ketch Reliance into the seven seas to find happiness and quiet on some remote island. They borrowed \$1,000 from a friend and sailed from Fleetwood, May 17.

Sunday Margaret staggered ashore on the rocky southern coast of England and told coast guardsmen her husband was drowned and the Reliance wrecked by a storm in the English Channel.

Waiting for her was a court order seizing the boat for the friend whose loan financed the trip.

TOURIST TRADE BEST

LONDON—(AP)—Tourist trade brought Britain more badly needed dollars than the exports of any manufacturing industry in 1948, the British Travel Association said today.

Overseas tourists during the year spent 47 million pounds, including 21 million pounds in dollars and other hard currency. The pound is worth \$4.63.

PETITION

(Continued from Page One)

residents of whom only 11 were qualified voters. A list of 20 other names, purported to be against annexation, was also handed in along with the petition. Of the 20 only five were qualified voters.

Outside of city benefits it was learned that most of the residents signed the petition to get rid of the carnivals that park on the northwest-corner of Wilks and Barrett.

Earlier in the meeting, Calvin Dittmore, representing residents along the 300 and 400 blocks of Magnolia, was told by the commission that no time payments were allowed on curb and gutter installations since the city must pay cash when curb and gutter is laid. A petition brought by Dittmore and reported signed by all property owners in the two block section except two—one of them unknown—asked for installation of curb and gutter along through the area.

Recommendations made in the morning by the Zoning Board were not presented as scheduled, but will be next week when City Attorney Bob Gordon has them drawn up in legal language. Three recommendations were made by the board. They were:

1. Extension of an additional 100 feet, southward, of the commercial section along W. Wilks between Hobart and Dwight.
2. Extension of the fire zone on S. Cuyler to Five Points. Present fire zone extends only to Tule.
3. Extension of the commercial zone for an additional one half block east, from Cuyler bringing it up to Ballard, from Brown to Ford.

Bearded Man Clothed In Handkerchief Is Scaring the Women

TYLER—(AP)—A bearded man wearing nothing but a handkerchief is scaring women here.

Police said three different women have reported seeing the man. He appeared out of the wilderness area near the edge of town.

The man approached them, the women said. Two of his appearances were in daylight. None of the women stayed long enough to get an accurate description.

Shoe Salesman Gives Buyer Double Pinch

MEMPHIS—(AP)—A shoe salesman administered a double pinch to his customer.

Police said the salesman became suspicious when the customer presented a \$120 government check to pay for a pair of shoes. So he wrapped up a smaller pair, told the customer goodbye, and called police.

Officers found the check had been stolen. They waited in the store until the man returned to exchange the tight shoes — and pinched him.

PASSENGERS

(Continued from Page One) those mothers crying and yelling as soon as the plane hit the sea," he said.

"The children fell off their laps. They seemed nearly crazy to go out into the sea even though they could not swim."

There still was confusion over exact figures on the tragedy. An official list of survivors carried only 27 names although the Navy and Coast Guard insisted they had rescued 28. Officers said a recheck would be made today.

The new home of "Lubri-tection"

AN INVITATION
to visit America's
newest and most modern
motor oil plant

There are going to be "big doings" at Kansas City, Kansas, June 21st and 22nd, when Phillips' great new motor oil plant holds "open house" for American motorists.

You and your family and friends are invited, if you can possibly be there.

There'll be guided tours and refreshments, and you'll get an exciting "eyeful" of what Phillips has done to make possible finer lubricants for today's cars.

You'll see motor oil scientifically packaged by new precision methods. You'll be thrilled by new high speed conveyors and miraculous new machines that turn out up to 250 cans of oil a minute. You'll see special automatic blenders that maintain exact standards of uniformity and purity.

Come and see this new home of "Lubri-tection", where Phillips blends finer motor oil to give your car lubrication plus engine protection. Remember the dates... June 21st and 22nd... at Kansas City, Kansas. Any Kansas City Phillips 66 Dealer can give you directions for reaching the plant.

P. S. If you can't be in Kansas City June 21st or 22nd, why not pay us a visit the next time you're in our part of the country? You'll always be welcome!
