AMARILLO ROBBERS BEAT WOMAN

SEARCH FOR BAND OF SLAYERS INTENSE IN TEXAS

Subject: An oil tariff or not?

Turns Author

That Secretary Wilbur anticipated another terrific battle over an oil tariff was conclusively proved last week when he revealed that he had written a book on the subject. Now when most people write a book, they give both sides of their subject a thorough discussion. Press reviews of the Wilbur volume indicate that this administration book does nothing of the kind. It starts out with one thought—to prove that an oil tariff is not needed—and grossly overlooks the conditions which prevail in oil-producing communities.

Fallacy No. 1

It is a nationalized study of what is acutely at this moment primarily a local problem. In other words, the wretched conditions within a huge domestic industry must be given first consideration. People of Illinois, for example, could well afford to pay another cent or two for gasoline in order to have the advantage of better markets brought about by normal business in the oil states. But as we have often pointed out, there is no direct relationship between the price of crude oil and the price of gasoline. The Oklahoma legislature asked J. Berry King, attorney general, to inquire into the widespread between the cost of crude oil and the price of retail gas. Governor Murray has added a threat of drastic action to bring down retail prices.

Ought to Resist

Secretary Wilbur made the insulting claim that only a small group of oil operators and royalty owners would profit by an oil tariff of \$1 per barrel, and that the country as a whole would suffer intensely as a result. Such a statement, hugely inaccurate, indicates either abysmal ignorance of the subject or deliberate misrepresentation, either of which makes Mr. Wilbur unfit to hold his high office.

Why the Change?

Since when have republicans refused tariffs because favored groups would largely profit by them. Protection of eastern interests through the tariff has long been a party principle. The rest of the country pays literally billions more for manufactured articles than they would have to pay for imported merchandise manufactured by cheap foreign labor. The tariff commission has reported a difference of \$1.03 per barrel between domestic and foreign oil at eastern seaboard. Considering the plight of domestic oil producers and

WRECKED CAR STARTS HUNT AT STREETMAN

MISSOURIAN'S MACHINE TAKEN SATURDAY NIGHT

OUTLAWS ARE KNOWN

BROTHERS ARE KNOWN AS HAVING BEEN AT HOUSTON

SPRINGFIELD, Mo., Jan. 4. (P)— Search for the Young brothers who slaughtered six besieging officers to escape their mother's farm house near here Saturday was spread throughout the south-west today by the story of a Kansas City garage owner and the identification of a wrecked car abandoned in Texas.

The overturned motor car near Streetman which was abandoned by its two occupants proved to be an automobile stolen from Harry Rogers, motor car dealer, from Springfield after dusk Saturday night.

Harry Young, 27-year-old leader of the desperadoes and his brother, Jennings, 29, were declared in Houston, when 19 men sought Harry's arrest. Sheriff Hendrix led the party to the Young farm after learning that Harry, wanted for the slaying of Marshal Mark Noe of Republic, Mo., was at home.

The six Springfield officers fell victim late Saturday to a withering gun fire directed from the home of Mrs. Willie Young, mother of the brothers, when 19 men sought Harry's arrest. Sheriff Hendrix led the party to the Young farm after learning that Harry, wanted for the slaying of Marshal Mark Noe of Republic, Mo., was at home.

Oklahoma Suspected

Police believed Harry and Jennings Young were aided in their slaughter by another brother, Paul, and perhaps by Charles Floyd, 27, an Oklahoma outlaw.

Oklahoma officers associated Floyd with the Springfield shooting, as soon as details of the affair became known. His operations were declared to spread into other states. He has been acquitted of a charge of murder in Woods county, Indiana, and is known in Akron and Toledo, Ohio.

Mrs. W. H. Young, mother of the brothers, expressed hope today they would take their own lives, officers said.

"I hope they will kill themselves," she was quoted as saying. "I rather they would do that than have the law kill them."

Mrs. Albert Conley, their sister, told officers "you will never take them alive."

HOUSTON, Jan. 4. (P)—Seven Houston detectives armed with riot guns searched a house here today for Harry and Jennings Young, Missouri desperadoes, but failed to find them. They acted on a report Harry Young's bride of three weeks occupied the house. Nearby residents hurriedly left the neighborhood.

John R. White Seeks Return to Present Office

Commissioner John R. White of precinct No. 1, announced his candidacy for re-election today. Mr. White lives on a farm near Lake O' the Woodlands.

"Announcement of my candidacy for re-election as commissioner of precinct No. 1, is made in the sincere belief that I can be of service to the people of this precinct and of Gray county as well.

"With consideration for the large road program for this county, 1932, 1933 and 1934 will, in my opinion, make heavier demands on the commissioners of this county than in any like period of time in its history. The advantage of first hand knowledge of the preliminary work is obvious, and such knowledge should be exceedingly valuable in helping to carry the program of completion.

"I deeply appreciate the support given me in the past and ask your earnest consideration in the coming primary. I have but one promise to make—that is if re-elected—I will give my very best efforts to every project of interest to the people of this precinct and county, as I have done in the past."

Miss Marie Dodgen returned to Pampa Sunday from Groom, where she spent the holidays visiting her parents.

British Jail Now Is Gandhi's Abode

Little Indian Beams Upon Jail As He Takes His Old Quarters.

POONA, India, Jan. 4. (P)—Mahatma Gandhi was walked up today in the British jail at Yerawda, a few miles from here, for the third time in his career as leader of the Indian nationalists.

The little Indian leader was brought here this morning from Bombay where he was arrested dramatically in the early morning hours for what the warrant said were "good and sufficient reasons."

At the same time that Gandhi was arrested, Vallabhai Patel, president of the Indian national congress, was taken into custody and a new series of repressive decrees, against boycotting of British goods, "unlawful instigation," "unlawful association" and other acts associated with the civil disobedience type of warfare, were promulgated at New Delhi by Viceroy Lord Willingdon.

The Mahatma and Patel, the sturdy farmer president of the congress, arrived here under guard, both chilled through from the 120-mile ride from Bombay in the early morning air.

It was Gandhi's day of silence and this kept him from speaking but he gave his old jailer a broad smile of recognition, beaming on him like an old friend.

Safe Robbery at Creamery Halted But Men Escape

A safe-robbery "party" at the Gray county creamery last night was broken up by Mr. and Mrs. Henry Gerhard and city police officers before the safe could be opened.

The Gerhards who live in the creamery building heard the burglars tinkering with the safe and telephoned police. The intruders left before officers arrived. The safe was moved about a foot. It was believed that the robbers intended to knock off the knob. They entered the building through the front door.

CHILDREN RENEW THEIR WORK WITH ENTHUSIASM AT SCHOOLS OF COMMUNITY THIS MORNING

BAD WEATHER KEEPING SOME PUPILS AT HOMES

NEW PUPILS REPORTING MOST TEACHERS BACK FROM VACATION TRIPS

By HOLLYE SELLERS HUNLEY

"To business that we love, we rise betime, and go to't with delight."

It was an enthusiastic host of teachers and pupils who gathered at the various schools—their places of business—this morning. The boys and girls resumed their studies with much the same vigor of the business man who, upon returning from a trip, feels that he must work day and night to revive a neglected business.

Although practically all teachers were at their places, the attendance of pupils was below the average in the schools, this fact being attributed to inclement weather and sickness. Each school reported several new pupils this morning.

Mrs. Massa Is Ill

Every teacher with the exception of Mrs. J. B. Massa, who is ill, was present at Central high school. Exact attendance of pupils had not been ascertained, but Principal L. L. Stone estimated the number to be 650, or about the average. Several new students made application for entrance.

Few club meetings and extra-curricular activities are being held at high school this week in order that emphasis may be placed on review preparatory to examinations next week. Chapel will be held on Wednesday, however.

The attendance check had not been made at Junior high school, but five new pupils were reported. They were from Edna, Texas, Tulsa, Clearwater, Cal., Roberts county and Pampa.

Every teacher was present at Junior high, and classes were being held as usual, most of them taking the form of reviews. Examinations have been set for Wednesday and Thursday of next week. Regular club meetings will be held this week, and chapel will be on Wednesday.

The cafeteria on Central campus is preparing progress made during the year.

AMERICAN CONSUL IS BADLY BEATEN AT MUKDEN

YANK SPOKE IN CHINESE REPRESENTATIONS ARE MADE TO TWO LEGATIONS

MUKDEN, Manchuria, Jan. 4. (P)—Japan presented an apology today for the assault by three Japanese soldiers last night on Culyer B. Chamberlain, the American consul.

WASHINGTON, Jan. 4. (P)—The American consulate at Mukden advised the state department today it had demanded that a "severe penalty" be meted out by Japanese authorities for the "unjustified" attack at Mukden on American Consul Culyer B. Chamberlain.

Details of the attack on Chamberlain, in which he was badly bruised about the face by three Japanese soldiers at Mukden, were contained in a report from Consul General Myers, at Mukden.

The report was sent through American Minister Johnson at Peking who appended a note to the state department that he also had made representations on the attack through the Japanese legation at Peking.

Chamberlain has been a member of the consular service for 10 years. He arrived here Saturday on the way to Harbin where he recently had been assigned after a vacation trip to the United States.

He was riding in the American consul's automobile, which displayed an American flag and coat of arms, on his way to the station to catch an early morning train for Harbin. The automobile was halted at the border by three Japanese soldiers apparently forming a patrol.

Chamberlain alighted from the car and showed his diplomatic passport, explaining his status in Chinese, which he speaks fluently. One of the soldiers, he said, showed a knowledge of Chinese and Chamberlain does not speak Japanese.

The three soldiers quickly began to beat him with their fists and he retreated to the inside of the car. They followed him and continued to beat him. The chauffeur finally got the car away and Chamberlain returned to the consulate, later continuing his journey to Harbin.

A. G. (Friday) Brandon, courthouse weather prophet, predicted this morning that the present spell of bad weather will begin to clear up tomorrow afternoon. He said this morning it might snow between now and in the morning.

A man and woman are being held at Childrest in connection with a hold-up at McLean Saturday night when Mr. Smith, McLean farmer was robbed of his two-door Ford sedan and \$175 in money, according to Deputy Harris King, who telephoned Sheriff Lon Blancet details of the robbery. Four men participated in the robbery.

Montgomery, Ala., recently. Mr. Blackman's letter said Pampa's school had been returned to the list "without adverse criticism." This is the fifth consecutive year that Pampa high has been approved because of its high scholastic standards.

MASKED PAIR GET JEWELRY FROM VICTIM

MRS FLORENCE WALTON BOUND AND LEFT IN LAKE BED

TERRIFIC BLOWS LANDED

AMARILLO POLICE ARE BACK ON FULL TIME

AMARILLO, Jan. 4. (P)—Police today were looking for two men, who pistol-whipped and robbed a woman.

The masked bandits took \$115 in cash and five diamond rings, roughly valued at \$1,500, from Mrs. Florence Walton, proprietor of a local road house. They beat her into unconsciousness and left her bound, blindfolded, and gagged in an old lake bed half a mile away.

Mrs. Walton was attacked as she stepped from her automobile, after a visit to the post office. After she slumped under the blows, the bandits took her to the lake bed where they beat her unmercifully, police said. So terrific were the blows that the handles were jarred from the pistol butts. Police said they found two different revolver handles at the scene.

After taking her money and rings, the men boarded her car, then watched her face and head with wide strips of adhesive tape. She will recover from the beating.

AMARILLO, Jan. 4. (P)—Amarillo police were returned to full time duty today, due to what Police Chief W. R. McDowell said was a "seasonal series of burglaries and hijackings."

Since November 20 the department had been operated on the "stagger" system. Fifteen of the patrolmen worked only two days a week and the others five.

BONUS PRIZE OF \$100 HAS SPURRED CANDIDATES INTO SPIRITED WORK IN DRIVE

What properly may be called the crucial period in the huge circulation drive launched by The NEWS is at hand—inspired by the offer of \$100 in gold for the best work of the second period.

After reading about the offer, one woman called the campaign manager about her chances to enter now and win the \$100 in gold. She was informed that she not only had a good chance to win this money, but also one of the other prizes, comprising a new Buick, new Chevrolet, and a free trip to California. The woman decided to enter and to show those already in the campaign what work really means.

For each club of \$50 during the second period—Jan. 3 to Jan. 22, inclusive, there will be given 100,000 extra votes. The \$100 in gold is extra.

It is time for action. It is time for more votes, why they count the most. Double your efforts, double your results. That is the way prizes are won.

this high differential in cost of production, it is, as Senator Thomas of Oklahoma has stated, mandatory upon President Hoover to set an oil levy to remove this huge disability of domestic producers.

Not Mr. Hoover!

It is not expected, of course, that Mr. Hoover will do this. Both he and Mr. Wilbur bow to the superior wisdom (as evidenced by dollars and power) of Uncle Andy Mellon and other great names in the personnel of the major oil interests.

Wrong Again

Secretary Wilbur erroneously assumed that if a \$1 tariff were placed on oil the price of crude and refined products would advance in exact proportion. No one familiar with the facts would make such an assumption. There would still be the operation of the laws of supply and demand. And what particularly interests the Pampa territory is that the supply would be dependent upon domestic activity; that is, upon employment of home labor. Removal of the unemployment problem is an issue at least as important as any price consideration.

Think It Over

Every day there is imported as much oil as the entire state of Kansas, and the Panhandle as well, can produce. The Panhandle is in direct competition with Venezuela. Shall the admin-

istration protect the Panhandle and the domestic industry, shall the unemployed thousands in the oil fields be considered, or shall those eastern seaboard interests and a few major oil companies with large foreign holdings continue to be favored through the influence of Secretaries Mellon and Wilbur, with President Hoover as a servile party to the outrage? These are the questions which trouble the oil territories of the United States as they see their representatives again ask a fair deal from their government.

Roger McConnell wonders why, since we have shut our oil fields down on Sunday, we cannot also stop the imports on Sunday.

Not that it matters, but we sometimes wonder how great is the distinction between cheating at cards and psychic bidding in highbrow contract bridge.

PUBLIC FORUM—

Editor, The NEWS:
 I wish to express my appreciation to the people of Pampa and Gray county for the success attained in the county extension program.

The fine spirit of the county commissioners' court has been of great inspiration. They have visited demonstrations and commended the women and girls on the work that they were doing.

The Board of City Development of Pampa has worked with the county extension agents, spending much time and giving financial support to the agricultural developments of the county.

The newspapers have given much time and space for the furthering of the work. The press has been the most far-reaching factor in extending the program.

The merchants of the Gray county trade territory have aided greatly by handling supplies needed, in making surveys and in making possible a county year book for 1931.

I wish to express my appreciation of my co-workers, the county agent who has not only worked in his own field but found time to assist with the home demonstration program when needed.

I wish to thank the Rotary, Lions and Kiwanis clubs, the chambers of commerce, the merchants and business men, the schools, the newspapers, the churches, the Pampa Business and Professional Women's club, the women's organizations, the home demonstration clubs, the commissioners' court and the many individuals for the interest taken and the support given. You have made the work what it is.

The fine work that has been done is only a beginning of what may be accomplished over a period of years.

Miss Ruby Adams, my successor is an agent of ability and untiring effort with whom I am 'appy to leave Gray county.

I wish to express my thanks for the many courtesies shown me. May health, happiness and prosperity be yours during the New Year and throughout the years to come.

MYRTLE MILLER,
 Retiring county home demonstration agent.

Piano Playing Is Lucky for Cop

CHICAGO, Jan. 4. (AP)—Sergeant James Lefevour of the police department has found that the art of piano playing is helpful in his police work.

The sergeant was assigned to investigate a case of missing coats. The guests at a party given by Joseph de Salva, made the uncomfortable discovery that their coats had been stolen and there was a suspicion that one Kenneth Brown, an uninvited guest, might have had something to do with it.

Mr. Brown locked him when Sergeant Lefevour and Sergeant James Patterson called at his home but he invited them in to search the place. No coats were found and Sergeant Lefevour thought he would ease Mr. Brown's feelings by playing him a tune or two on his piano.

But the piano wouldn't play. Thump as he would, all the sergeant could get out of the instrument was silence.

Then he looked inside. It was filled with coats. Mr. Brown was arrested.

BANK CALL ISSUED

WASHINGTON, Jan. 4. (AP)—The comptroller of the currency issued a call today for the condition of all national banks at the close of business Thursday, Dec. 31, 1931.

NURSE MAID HANGS CHILDREN THEN HERSELF FOR NO REASON

CHICAGO, Jan. 4. (AP)—Authorities today sought the reasons why Mary Roth, 23, a nurse maid, hanged her two small charges and herself in the John H. Heindel home in fashionable, suburban, River Forest.

The blonde domestic, who cared sometimes, the children's parents said, bordered on jealous insanity, suspended 9-months old George by the neck to the side of his crib.

The elder brother, John B. Heindel, 4, was found hanged with a short piece of rope in the doorway. Miss Roth hanged herself in a closet of the basement.

Mr. and Mrs. Heindel, who were attending a bridge party Saturday night, found the bodies after police helped them break into the barred and locked home.

They called the officers when, failing to arouse anyone to let them in, they detected an odor of gas at the kitchen range. Bed sheets had been hung about to arrest drafts. Their frantic search for the children ended at the nursery door.

Police said they believed the nursemaid carried the sleeping children into the gas-filled kitchen where she left them until they were stupefied or dead. Then she tied up the motionless little bodies.

Prairie Companies And Sinclair Will Be Merged Soon

TULSA, Okla., Jan. 4. (AP)—It was learned on high authority today that the merger of the Sinclair Consolidated Oil corporation and the Prairie Oil and Gas company and Prairie Pipeline company, Rockefeller interests, had been agreed upon. The information came from a banker who will be an executive of the Consolidated Oil corporation, the new name of the merged firms.

The information came on the heels of published reports of the resignation of Harry H. Rogers as president of the Exchange National bank of Tulsa, one of the largest banks west of the Mississippi river, to become chairman of the board and be succeeded as active head by Elmore P. Higgins of New York, now vice president of the National City bank of New York, a Rockefeller institution.

Under terms of the merger Prairie and Sinclair stockholders will receive share for share in the new corporation while Prairie Pipeline owners will receive 14 shares for 10.

Piano Playing Is Lucky for Cop

CHICAGO, Jan. 4. (AP)—Sergeant James Lefevour of the police department has found that the art of piano playing is helpful in his police work.

The sergeant was assigned to investigate a case of missing coats. The guests at a party given by Joseph de Salva, made the uncomfortable discovery that their coats had been stolen and there was a suspicion that one Kenneth Brown, an uninvited guest, might have had something to do with it.

Mr. Brown locked him when Sergeant Lefevour and Sergeant James Patterson called at his home but he invited them in to search the place. No coats were found and Sergeant Lefevour thought he would ease Mr. Brown's feelings by playing him a tune or two on his piano.

But the piano wouldn't play. Thump as he would, all the sergeant could get out of the instrument was silence.

Then he looked inside. It was filled with coats. Mr. Brown was arrested.

FEMININE FANCIES

By Hollye Sellers Hinkle

Home from her Christmas vacation trip, Mrs. F. Ewing Leech tells us of the beautiful roses growing in the yards of Dallas and Abilene homes. Well, we have had a few "rosy" days ourselves.

Today, in fact, is quite "rosy" for the wheat farmers. "This rain looks good to them!"

With the opening of school this morning, everyone seemed happy that Mrs. Annie Daniels, principal of Woodrow Wilson school, was able to be at her home from the hospital. "I've found friends since I've been sick I didn't know I had," said Mrs. Daniels. She is keeping up with the goings-on at her school, too—by telephone.

Teachers are just like the rest of us—happy to get a vacation and happy when the vacation's over.

Speaking of vacations, Pampa hens also seem to be taking holidays—hence a shortage in Pampa cakes.

"Cake-eaters" who wish to economize will be interested in this recipe for economy date cake. 2 cups flour, 1-2 teaspoon salt, 4 teaspoons baking powder, 1-2 cup nuts, 1-2 cup milk or orange juice, 1 package pasteurized dates, sliced, 2 tablespoons candied orange peel, 1-4 cup shortening, 1 cup light brown sugar.

Orange peel may be omitted. Sift dry ingredients together. Cream shortening; add sugar gradually, then nuts and fruit. When thoroughly mixed, stir in dry ingredients alternately with the milk. Bake in a square cake pan in a moderate oven (350 F.) for about 45 minutes. Spread with orange or mocha frosting. Cuts 16 pieces.

A little beauty in food makes the difference between "eating" and "dining." Try this recipe for an attractive party salad—the envy of South Texas trees: 12 canned peach halves, 1 package cream cheese, 2 tablespoons rich milk or cream, 1-2 package pasteurized dates, 1-4 cup nut meats or celery, salt, lettuce, salad dressing.

Rub cheese to paste with the cream, add chopped pitted dates, nuts or celery, and salt to taste. Drain canned peaches from their syrup, fill hollow in six of the peaches with cheese mixture, cover with remaining peaches. Then take a bit of red vegetable coloring on back of spoon and brush over peaches to make "bloom." Fasten a sprig of mint or other leaf to top to make stem end. Serve on lettuce and pass salad dressing. Six servings.

Builders Change Time Of Meetings

The Builders class of the First Christian church, taught by John Sturgeon, has changed the time of meeting from 11 o'clock to 11:30. This is a rapidly-growing class for young married people, and officials of the group are inviting all interested to visit or to become members.

CHRISTIAN SCIENCE CHURCH

The lesson-sermon subject was "God" in all Churches of Christ, Scientist, Sunday, Jan. 3.

The golden text was from Joel 2:27. "Ye shall know that I am in the midst of Israel, and that I am the Lord your God, and none else, and my people shall never be ashamed."

The passages read from the Bible included the following from Psalms 103:23. "Bless the Lord, O my soul, and forget not all his benefits: . . . Who forgiveth all thine iniquities; who healeth all thy diseases."

The service also embraced the following citation from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy (p. 166):

"To ignore God as of little use in sickness is a mistake. Instead of thrusting Him aside in times of bodily trouble, and waiting for the hour of strength in which to acknowledge Him, we should learn that He can do all things for us in sickness, as in health."

Dog Is Unable To Decide Which Side to Assist

NEW YORK, Jan. 4. (AP)—Joe Lambert told his two daughters not to iron on Sunday.

The daughters said they thought it was all right.

One word led to another—and another—and another. Voices rose.

Trix, the Lambert police dog, became interested. It looked like a good scrap. He decided to get into it. He hardly knew which side to join, having no thoughts on the subject of Sabbath ironing.

So he hit all three impartially. The health department has decided Trix ought to have his head examined.

The family is willing to forget and forgive.

BACHELORS-- 'TIS LEAP YEAR!

WOMEN CAN ASSERT MARRIAGE RIGHTS, BUT MEN WHO REJECT NEED NOT PAY AS OF OLD

By NEA Service Beware, men—1932 is the open season on bachelors! For Leap Year is with us again, and no longer need maiden ladies sit in silent anxiety while bashful maisters fidget, fuss and then decide to delay popping the matrimonial question.

THREE KINDS OF LOVE BY KAY CLEAVER STRAHAN

BEGIN HERE TODAY ANNE, CECILY AND MARY-FRANCES FENWICK live with their grandparents, once wealthy, now so impoverished that Anne and Cecily's earnings support the household. The sisters have been orphaned since childhood. The grandparents are known respectively as "GRAND" and "GRAND" and they insist on keeping up pretenses of their former wealth.

Ann, 28, and Cecily, 22, do secretarial work and Mary-Frances, 15, is still in school. When the story opens Anne has been engaged to PHILIP ECHOYD, a young lawyer, for eight years.

Cecily brings BARRY McKEEL home to dinner. It is evident that she is falling in love with him. Mary-Frances has a telephone call from her friend, ERMINTRUDE, who is excited about the arrival of an actor known as EARL DE ARMOUNT. The two girls make plans to meet him. Phil comes to see Anne. He is late and rather irritable.

NOW GO ON WITH THE STORY CHAPTER VIII BARRY objected, "But, Mr. Echoyd, such prejudice leaves me defenseless. I don't and can't admit."

Phil stood. Barry should not have called him prejudiced. It was a word that Phil always had particularly disliked.

"On the contrary," Phil said, "I pride myself that no man living has a more open mind than I have; open, that is, to the deceptions, I've enjoyed talking to you, Mr. McKeel. Hope we can get at it again sometime. I'll have to be going now. Good night. Good night."

Cecily and Barry said "Good night." Grand and Rosalie were both asleep. Ann went with Philip into the hall.

"Cecily," he said, as he reached for his raincoat, "has fallen hard for the flaming youth, hasn't she?" "I don't know," Ann fibbed.

"I know," Phil said, and pulled his coat down in the back. "It's a case, sure enough, this time. You know what will happen, don't you?" "Happen?" Ann questioned.

"She'll marry him the day he asks her. She'll let you down. You'll see. She'll marry him, and you will be left holding the sack and supporting the family."

Ann flared. "You've no right to say that, Phil. Cecily will not. Cecily never has let me nor anyone down. You've no right."

YARDS ARE TO BE IMPROVED BY MEMBERS

CANNING BUDGET WILL BE MADE AS LAST YEAR

Cooperators in the Gray county home demonstration clubs and girls' 4-H clubs have planned to make the year 1932 one of real accomplishments not only as clubs, but likewise as individual members.

The women have divided their activities into three groups: Yard improvement, wardrobe work, and farm food supply. The girls will stress poultry work, yard improvements, and wardrobe work.

Cleanliness will be emphasized by the women in caring for their yards. Fences, gates, and steps will be put in good condition, and the women will plant shrubbery or some other type of door-step planting.

Wardrobe work of the women will include keeping an account of hose and shoes expenditures, making a dress for the clothing contest next summer, and adding one piece to clothes closet equipment.

All of the women are to make canning budgets and are to try to fill 85 per cent of it. They will make menus for one week in the spring and one week in the fall and will prepare and serve these meals.

The girls have outlined their poultry activities as follows: Take care of the family flock; cul once; feed a balanced ration; keep house clean; sell eggs; raise 50 or more chicks; keep records.

The young club members will keep records of hose and shoes expenditures, and will make a dress for the county dress contest, and will make two other garments.

Ann's fingers kept on hunting hairpins. "Yes, I liked him. I thought things seemed all right. What made him leave so early?" "He is sort of shy. Phil's leaving and all. I'd so much rather have him shy than—than not. You really did like him, didn't you, Ann? He is good-looking, don't you think?" "Of course," said Ann. "You like him a lot, don't you, Cecily?" Cecily nodded. "Um-hum. I seem to."

"Ann, angel," Cecily said, "dinner was grand. Thank you a million times."

short tonight and forget it. I wish someone had warned me—eight years ago. Fat lot of thanks McKeel would give me—now. Pity, though. He is young—some fool ideals, of course—but on the whole, intelligent. He had known the Bronte quotation: 'I have seen the sea and York Cathedral.' Stop short tonight and forget it. Well—why advice is good, why give it away? Ah, the bunk! But—why not? Stop short and forget it."

BARRY, driving and intent on the polished black pavements ahead, did not see Philip standing back from the corner, puffing at his pipe and waiting for the street car. But Philip saw him and felt a small satisfaction because Barry, too, had left the Fenwick's house early.

"Suppose," Philip went on thinking, as he watched the small red light dim into the darkness, "that I'd hailed him, and caddged a ride home, and said to him on the way, 'Don't fall in love with Cecily Fenwick. Don't ever go there again. You can stop now. Later you may be unable to stop. There's no use in falling in love with a Fenwick girl. You start out brave and gay and find yourself on a treadmill. You never arrive anywhere. Stop

"Ann, angel," Cecily said, "dinner was grand. Thank you a million times." Ann did not turn. "Yes," she said. "I thought it seemed very good—all but the chowder." "Everything was good," said Cecily. (To Be Continued)

EAGLES AND SANDIES ARE ON CAGE PROGRAM OF WEEK

HARVESTERS IN ROLE OF HOST FOR SATURDAY

IMPROVING LOCALS TO BID FOR MANY VICTORIES

The Harvester basketball squad will have two hard games this week. On Thursday night the boys will travel to Canyon to meet the fast Canyon Eagles. Then on Saturday night two Harvester teams will entertain two teams of Amarillo high school students. A tentative game was set for Friday with Perryton, but because of examinations it had to be postponed.

Canyon has one of her usual strong quintets, hence the fast stepping Harvesters are looking forward to a hard tussle. The Sandies also have been doing things this season. They will bring two squads in an attempt to win a double victory over the green and gold. Amarillo remembers the football defeat of 1931. David Hill, basketball mentor, plans to avenge the defeat with basketball wins.

The Harvesters will have a say in that argument, however. Fans believe the green and gold have hit their stride. They have lost only one game this season, and that with a split line-up. Last Friday night the Harvesters defeated the fast Phillips "66" Flyers team from Woodward, Okla., and the following night took two games from Miami. Substitutes that Coaches Mitchell and Fox have been looking for appeared in both games. Fullington played his best game of the season Saturday night against Miami. Bramley, Schmidt, Poe, and Chastain also came through in fine style. Enloe and Moore have been dependable forwards all season, while Kelly and Patton at guard positions have proved stone walls. Marbaugh at center has been erratic but he is improving fast and the rest of the team is not worrying about the pivot job. The elongated Marbaugh can jump and shoot and his passing is becoming better with every game.

San Angelo Bank Is Opened Again

SAN ANGELO, Jan. 4. (P)—The San Angelo National bank reopened this morning after having been closed since Oct. 3.

Enthusiastic business men and ranches formed a big crowd outside the doors awaiting the time of opening, and made a rush to see who would have the honor of making the first deposit.

C. B. Metcalfe, pioneer farmer and rancher who came to this section before the town was established around old Fort Concho, got deposit slip No. 1. He deposited a hundred dollars in gold.

There was a constant line at the 12 teller windows of the bank throughout the morning depositing money.

The new bank has \$400,000 capital and \$100,000 surplus.

Sol Mayer, one of the largest land owners in West Texas, is the president of the bank. He is also the president of the National Wool Marketing corporation and president of the Security State bank at Pecos.

"THE CHAMP" TOUCHING FILM OF FATHER, SON

The hero of "The Big House" plays the father of "Skippy" in a combination that is really an event of the screen season. Wallace Beery and Jackie Cooper appear as two stars in a single picture in "The Champ." Metro-Goldwyn-Mayer's dramatic romance of sporting life and the human angle behind it, which is now showing at the La Nora theater.

Primarily it is a mighty drama of the love of a father and his son. There is a gripping element of human sacrifice. Surrounding this is comedy galore and the thrills of a Mexican border town, with its gambling, racing, and prize fighting. Much of it was actually filmed in Mexico.

Beery is seen as a defeated fight champion, who has taken his small son to a border resort where he tries to achieve a comeback. To all others he is a "has-been," but to the boy, he is the greatest man on earth. And, when the time comes the old fighter makes a sacrifice for the boy's future that proves him the best man of them all.

King Vidor directed the picture, and his delicate human touches, intimate glimpses into real life and whimsical comedy handling are outstanding. Beery and Jackie both have some of the most dramatic scenes in their careers in the amazing medley of thrills, pathos, and laughs.

WASHINGTON, Jan. 4. (P)—The year 1931 brought this country one great blessing; better health than ever before in history. Surgeon General Cumming told President Hoover about it in a letter crediting this greater freedom from disease largely to popular interest in health measures and increased efficiency of state, county and city health units. He had a word, too, for the medical profession, praising it for devoted self-sacrifice in serving humanity regardless of chances of payment.

High Jumper Also Claims Attention When His World Mark Approached.

NEW YORK, Jan. 4. (P)—An 18-year-old sprinter, a newcomer to "big time" competition, and a 20-year-old world record holder are off in the lead in the 1932 track and field race which ends at the Olympic games at Los Angeles.

Ed Siegel of the Swedish-American Athletic club of New York, making his first appearance in an invitation event, provided the greatest surprise of the opening meet of the metropolitan indoor season, the Columbus council K. of C. games Saturday night, when he made a clean sweep of the sprint series at 60, 80, and 100 meters.

Along with Siegel on the honor roll came George Spitz, 20-year-old New York university sophomore who last year set an indoor high jump record of six feet seven inches. Jumping in fine shoes from a smooth board floor, Spitz failed by only one inch to equal his world record.

SALARY RULE REPEALED BY TEXAS LEAGUE

LANDIS HAD DECLINED SEND PLAYERS TO STATE

DALLAS, Jan. 4. (P)—At a meeting of Texas league club owners here yesterday, the individual salary rule was repealed and the monthly club salary limit retained.

At its annual meeting several months ago, the league adopted the individual salary limit rule. The rule was criticized by Commissioner Judge Landis who refused to sanction transfer of major league owned players to the Texas league so long as the individual salary limit was in effect.

No player deals were reported. All league clubs were represented except Galveston, whose proxy was voted by President J. Alvin Gardner.

The annual schedule meeting was set for Jan. 30-31 at Houston.

One Way to Help
The hullohaloo about football perils recalls an incident that occurred in the Army-Navy game. In the third period Referee Tom Thorpe stopped the play and insisted that Lou Bryan, Navy tackle, be removed from the field. No one else had noticed that Bryan had been injured on a previous play. Bryan insisted he was all right, but Thorpe had his way and Bryan was sent to the sidelines. Observant officials can do much to save young men from possible lasting injuries.

BRIDGE WILL BE CONTESTED HOTLY TO END

CULBERTSON IN PRAISE OF JACOBY AS PLAYER

NEW YORK, Jan. 4. (P)—Competitors in the contract bridge match will strive in the concluding sessions this week to get the most of their cards although victory for Ely Culbertson's side is a foregone conclusion in the opinion of neutral experts.

There will be material for argument for the vanquished if Sidney S. Lenz and his new partner, Commander Winfield Liggett Jr., are able to reduce the deficit of Lenz's side to below what it was when Oswald Jacoby resigned as Lenz's partner in a dispute over bidding and play.

With 30 rubbers left of the 150-rubber series, Culbertson's side is 20,220 points ahead. Of that lead 16,840 points were accumulated while Jacoby was Lenz's partner and 3,380 points while the commander sat opposite Lenz. Jacoby played 103 rubbers and Liggett 17.

Culbertson expressed the opinion today that with a fair break in cards his lead would be increased rather than reduced in the final sessions tonight, tomorrow night, and Thursday and Friday nights. He estimated Jacoby had seen worth at least 10,000 points to Lenz. That is, if Jacoby had not been playing, Culbertson would have 10,000 more plus. Culbertson would have been glad to have had Jacoby as a partner if Lenz had not chosen him.

SAN ANGELO, Jan. 4. (P)—Gerome W. Shield, 69, retired ranchman and resident of Tom Green county since 1884, died at his home here yesterday. Burial will be made Wednesday afternoon.

A THREE DAYS' COUGH IS YOUR DANGER SIGNAL

Persistent coughs and colds lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs, creosote is recognized by high medical authorities as one of the greatest healing agencies for persistent coughs and colds and other forms of throat troubles. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the infected membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of persistent coughs and colds, bronchial asthma, bronchitis and other forms of respiratory diseases, and is excellent for building up the system after colds or flu. Money refunded if any cough or cold, no matter of how long standing, is not relieved after taking according to directions. Ask your druggist. (adv.)

SCHMELING TO KEEP PEACE IN FIGHT GAME

MAILS FORFEIT CHECK TO NEW YORK BODY

CHICAGO, Jan. 4. (P)—Max Schmeling, heavyweight champion, is at peace with the world so far as the National Boxing association is concerned.

General John V. Clininn, president of the N. B. A., said today that Joe Jacobs, manager of Schmeling, had forwarded a check for \$2,500 as a forfeit to assure that Schmeling would defend his title in accordance with the rules of the National Boxing association.

As a result, General Clininn said, no vote will be taken on the proposal to have Schmeling's title vacated for failing to defend it within the prescribed six months. The date for this action expired yesterday. General Clininn understands Mickey Walker will be signed as Schmeling's opponent for a contest in Miami this spring.

DALLAS SPORTS WRITER PUTS PAFFORD ON HIS AGGREGATION

Victor Davis, sports writer for the Dallas NEWS, is one of the Texas sports writers who chose John Pafford of the Pampa Harvesters for an all-state guard position. Pafford won the position over such great stars as Brandon, Shepard, and Goodnough, all of Dallas. John Wilcox of Tyler, 1930 all-state guard, Buckner of Marshall, Sumner of Hillsboro, White of Breckenridge, Lyne of Fort Worth, Welch of Lubbock, and others.

The guard position was the most keenly contested, the winner making the team with eight votes. Several players got five, six, and seven votes, but Pafford was out in front. Davis, in choosing his players who varied only in two positions with the state choice, took into consideration every phase of football. In the guard position he graded Pafford "excellent" in charging, interference, use of hands and tackling, and "good" in diagnosing plays.

Pampa football fans are hoping that Pafford and several more of

votes to amend the law permitting 15-round bouts instead of 10. General Clininn believes Chicago still has an excellent chance of landing the Walker-Schmeling fight. The legislature will resume its deliberations tomorrow.

MIAMI, Fla., Jan. 4. (P)—Tommy Armour, British open champion, has added the \$2,500 Miami open, curtain raiser for the Florida winter golf season, to his victories by marching around the 72 holes with a 288 that broke the record for the event.

He wound up yesterday with a 9-stroke margin over his nearest opponent. His victory gave him \$900 for first money with an additional \$25 for his low score at the first 18 holes Friday when he set a new record of 68, five strokes under par.

John Kinder, of Caldwell, N. J., came in with a 294 to claim the \$500 second money, while Mike Turmes of Elmford, N. Y., took \$300 third money with his 295.

When the air is moist enough, a temperature of 68 degrees is considered ideal for the human body.

Football Disbursements Almost As Large as Season's Receipts

Total receipts of the Pampa High School Athletic association were large, but disbursements were almost as large, according to the financial statement of the association, recently released by Joe M. Smith, secretary-treasurer.

The report reveals that it takes money to make money. The statement showed a balance of \$997.72 on hand Dec. 18, 1931. During the period from Sept. 1 to Dec. 18, receipts totaled \$15,448.84, and disbursements \$14,451.12.

Receipts were as follows: Gate receipts at home, \$14,413.17; gate receipts away from home, \$1,386.03; expenses refunded for games away from home, \$413.89; refund on pep squad tickets to Lubbock, \$35.50; sale of equipment, one pair of shoes, \$2.25; sale of concession, \$140.

Disbursements were as follows: Share of gate receipts paid visitors, \$5,465.23; expenses paid visiting teams, \$693.74; traveling expenses for team, \$419.59; football equipment purchased, \$2,747.56; basketball equipment purchased, \$125.85; permanent improvement at park, \$2,513.60; rent on seats, trucking and erecting, \$474.80; paid to officials, \$468.39. Other miscellaneous expenses, such as \$331 for fire, tornado and liability insurance, totaled \$700.

It will be noted that the biggest item on the expense list was for permanent improvement for the football park. The cost of building extra bleachers was met by the athletic association in 1931, seating system installed last fall has not been paid for in full.

was serving meals as usual. Every Teacher Present

At Baker school this morning, every teacher was present, including John G. Gant, who was absent for some time before the holidays because of the injury of her husband. Mr. Gant, who is in Claude, is still quite ill but is improving.

Attendance of pupils was 350 at Baker school, with 68 absent. Principal J. A. Meek said the number of absences was larger than usual, due to inclement weather and sickness. He said it was necessary to give medical attention to some of the pupils at the school building.

There were 14 new pupils at Baker. Four of them were from Greeley, Colo., four were from Oklahoma, and the others were transferred from other schools.

All Are Happy

"All of our teachers are present, and all are feeling frisky enough this morning," said Principal A. L. Patrick of Sam Houston school. Attendance of pupils was 317, a few less than usual. There were three new pupils, one from Clearwater, Cal., one from Wheeler, and the third from Phillips camp.

All of this week will be devoted to hard work at Sam Houston school. There will be no chapel period.

Beginning today, meals are being served Sam Houston children in two shifts, the younger one at 11:30 and the older ones at 12. A cook is being employed full time, and all the meals are being prepared at the school.

Uses Her Phone

Mrs. Annie Daniels, principal of Woodrow Wilson school is still unable to be at school because of illness. She is keeping in close touch with the activities by telephone, however, and expects to be back to school in less than two weeks. All teachers except Mrs. E. A. Hampton who has not yet returned from a trip, were present. There were five new pupils at Woodrow Wilson.

Both teachers and pupils were working hard at Horace Mann school today. Every teacher was in attendance.

The cottage, as well as every known gangster rendezvous in Houston, remained under the close surveillance of police.

Information from Streetman, Texas, 169 miles to the north, that the outlaws had caught or commandeered a ride toward Houston after their machine overturned at Streetman, led to the wide search here. All highways were under patrol. One of the Young brothers recently worked here at a dairy under an assumed name, police said.

Detective Lieut. Claude Beverly said he had talked with Mrs. T. T. Mackey, a sister of the Youngs.

"Mrs. Mackey said she hadn't heard from her brothers, and expressed the hope that they wouldn't come to Houston," said Beverly.

Rangers n Duty

CORPUS CHRISTI, Jan. 4. (AP)—Capt. A. R. Mace and his company of Texas Rangers were under patrol highways in the vicinity of Corpus Christi this afternoon when it was learned Harry and Jennings Young, sought for the slaying of six officers near Springfield, Mo., might be fleeing in this direction.

Immigration officers at Gulf ports and Mexican border cities were instructed to be on the lookout for the fugitives who were believed to be heading south.

old friend. Once inside the jail he turned without hesitation to his old quarters which had been prepared to receive him.

Gandhi's prison baggage included his portable spinning wheel, a pair of goat's milk, a basket of fruit, a rusty pen knife, an American fountain pen, a spare loincloth, a pair of sandals, a copy of an essay of Thoreau's which includes a dissertation on civil disobedience, a straw mattress, and a Bible.

"It will be a bitter fight to the finish," was Patel's message to the nation when, five minutes after the arrest of Gandhi, he also was taken into custody. "But it must be a non-violence struggle," he added.

"I am grateful to you," Gandhi said in a note to the Associated Press correspondent just before he left Bombay, "for keeping the public informed of our activities and our aims. Tell the people that even as America won its independence through suffering, war, and sacrifice, so shall India in God's good time achieve her freedom by suffering, sacrifice and non-violence. Let America not forget us in our travail."

BACHELORS

(Continued From Page 3)

today Leap Year is recognized in many countries that the women never seem to have taken very seriously their romantic rights, a survey of Leap Year marriage statistics in the United States reveals.

Don't They Propose?

Since 1900, the number of marriages have averaged approximately 1,000,000 annually, both in and out of Leap Year. In fact, in the last two Leap Years—1924 and 1928—marriages dropped sharply and then bounded up again.

But bachelors really needn't worry. Two can live almost as cheaply in 1932 than one could five years ago! Rents are cheaper. Food is cheaper. Clothes are cheaper. Furniture is cheaper.

With the advent of Leap Year, the spotlight of romance will again center on H. R. H., Prince of Wales, No. 1 Bachelor of the world, probably the most eligible and most sought-after young man of the present day.

Not So Bad

And he's a pretty good catch, when you consider that he is handsome, a fine sportsman, has one of the largest wardrobes in the world, is only 37, may some day inherit the British throne and has an income that will keep a whole pack of wolves away from the door.

While discussing Leap Year one shouldn't forget those persons who were born on Feb. 29 and who get a birthday only once in four years.

His 18th Birthday

Leap Year birthdays have saddened the hearts of many children, but have brought joy to other, older folk. Rossini, the great composer, was born on Feb. 29, 1792, called together his friends on Feb. 29, 1864 to celebrate what he chose to call his 18th birthday, declaring that he was about to turn over a new leaf and discard the frivolities of his teens.

Free Rent!

Everyone who rents his home by the month or year will get one day free rent in 1932, but employees who work by the month or year will donate one day's labor.

Uncle Sam saves millions in interest on the public debt on Feb. 29, theoretically, and federal employees give him an extra day's work.

Julius and Augustus Caesar were responsible for adding Feb. 29 to every fourth year, but it was the Scottish law that really started Leap Year. The original decree, in 1263, stated "that during the reign of Margaret, the maiden lady, of both high and low estate, shall have liberty to speak ye man she likes. If he refuse her to his wife, he shall be mulct of one hundred pounds, or less, as his estate may be, except and always if he can make it appear that he is betrothed to another woman, then he shall be free."

But whether the ancient law was enforced is not recorded.

PRODUCTION IS LESS IN FIELD

Sunday Shutdown Begins to Show in Crude Totals of Panhandle Area.

Shutting in of wells throughout the Panhandle on Sunday cost the Panhandle oilfield approximately 2,000 barrels last week, according to production reports. Production was 49,807 barrels daily. The potential for the Panhandle field as posted last Friday is 55,000 barrels.

The 1933 wells produced an average of 25.6 barrels. With the exception of Moore county, other Panhandle counties showed decrease.

Production by counties:

County	No. Wells	Last Week	Prev. Week
Carson	240	4,928	5,693
Gray	770	32,242	33,056
Hutchinson	877	10,952	11,447
Moore	23	1,414	1,145
Wheeler	43	271	416
Total		49,807	
Decrease			1,944
No. Wells			1,953

Humble Oil & Refining company, one of the purchasers which followed Magnolia's lead in stopping Sunday production, announced that buying as of Dec. 28, would be restricted to week days, cutting total takings to 6-7 of the previous total.

This method, said R. L. Blasse, vice-president and treasurer, avoided the necessity of pipeline operation on Sunday, and was in line with the lower demand for crude. Purchases include oil produced by the company as well as other takings.

Grid Schedule To Be Decided Friday

Pampa's football schedule for 1932 is due to be arranged Friday at Plainview, when the executive committee of district 1 meets at 10 o'clock at the Hilton hotel.

Pampa high school will be represented by Supt. R. B. Fisher and Coach Odus Mitchell.

The crux of the discussion will center around the district's Thanksgiving game. During the last two years, Amarillo and Lubbock have monopolized the turkey day games, and Pampa has been compelled to play both of those schools before Thanksgiving. The interscholastic league rules provide that playing dates shall be decided by drawing, and this procedure may be followed at Plainview Friday.

The meeting was called last Saturday by Supt. M. H. Duncan of Lubbock. Representatives of Pampa, Lubbock, Plainview, Slaton and Amarillo school will be present.

HOME ECONOMICS

The home economics department of Pampa high school was given generous praise and helpful recommendations in a report made recently by Miss Sibyl Thomas, supervisor for the state board for vocational education.

"Pampa has a new, well-planned department," Miss Thomas stated. "The department consists of a foods laboratory, clothing laboratory, living-dining room, adequate storage space. When financial conditions are better the dining-dining room will be refurnished and new tables will be provided for the clothing laboratory."

"In her recommendations to strengthen the department, Miss Thomas urged the purchase of three books on nutrition and child care. "Departmental files are in good order," she wrote. "A four drawer steel filing case should be provided as soon as possible. The conference periods provide time for personal conferences with all the girls. As much visiting as possible should be done. Both teachers are doing good work. High standards are maintained throughout the department."

OIL INDEPENDENTS GATHERING AT WASHINGTON FOR CAMPAIGN

WASHINGTON, Jan. 4. (AP)—As congressional sponsors of an oil tariff gathered their forces and opponents sit quietly waiting, the independent producers' leaders are on their way back to the capital to press their appeal.

Just how far their campaign will get at this session remains an unknown factor. Seekers of protective petroleum levies insist they will get a vote and are optimistic over their chances. "Toes of a tariff, less outspoken, are equally certain there will be none."

Wirt Franklin of Tulsa and Ardmore, Okla., president of the Independent Producers' association, and Russell B. Brown, counsel of the group, are due to return to Washington tomorrow to carry on their drive among members of congress, rallying aid.

Marvin Less of Wichita, president of the Kansas division of the association, has been here several days. Marrs McLean of Beaumont, one of the leading Texas independents, arrived today. Others are expected tonight and tomorrow.

They will resume their visits to various members of congress, urging support for \$1 a barrel duty on crude petroleum and 50 per cent ad valorem on refined products.

Welfare Board to Choose Manager

A secretary-manager for the Pampa Welfare Board will be selected at a meeting of the board at 10 o'clock tomorrow morning in the chamber of commerce rooms. President Alex Schneider announced this morning. Other officers were elected at a meeting two weeks ago. Mr. Schneider was re-elected to the presidency.

The board will discuss plans for completing the drive which has been delayed because of adverse weather. Only one-half the quota has been collected.

Mrs. H. F. Barnhart and daughter Miss Frankie Barnhart returned yesterday from Amarillo where they visited for the past week.

Uncle Sam saves millions in interest on the public debt on Feb. 29, theoretically, and federal employees give him an extra day's work.

Julius and Augustus Caesar were responsible for adding Feb. 29 to every fourth year, but it was the Scottish law that really started Leap Year. The original decree, in 1263, stated "that during the reign of Margaret, the maiden lady, of both high and low estate, shall have liberty to speak ye man she likes. If he refuse her to his wife, he shall be mulct of one hundred pounds, or less, as his estate may be, except and always if he can make it appear that he is betrothed to another woman, then he shall be free."

But whether the ancient law was enforced is not recorded.
