PRESTON SMITH challenges Gov. Briscoe

JIM BAUM in open 17th Dist. Congressional race.

KENT HANCE vies for 19th Dist. Congressional seat.

Candidates

Throw Hats In Ring

The 1978 Primaries promises to have long slates of Political aspirants for the Governorship, one Senate seat and two Congressional seats in our area.

Former Governor Preston Smith's re-entry into the political ring has caused the most speculation. Attorney General John Hill apparently plans to add his name to the Democratic primary slate for Governor and of course, the incumbent Dolph Briscoe.

On the GOP side, Republican chairman Ray Hutchinson announced his intentions of getting back into public service. This may be a no-hum primary unless former Gov. John Connally is successful in stirring up some Republican opposition there. It is rumored that the GOP would like to see former Ambassador to Great Britain Anne Armstrong enter the gubernatorial race. Mrs. Armstrong would not be as easily ignored as the last woman who made a bid for the Governorship.

Senator John Tower (R) though the incumbent, apparently will have his work cut out for him in November. So far there have been two Democrats to show interest in this race. State Congressman Bob Krueger would be a strong candidate should he de-

cide to run. Joe Christie, State Board of Insurance Chairman plans to make his intentions known in October. No Republicans have made the bid yet.

With two long time Congressmen retiring in 1978, this will leave the 17th and 19th Congressional race wide open.

In Borden County's district, the 17th, long time Congressman Omar Burleson (D) has announced he will not seek reelection. The first to announce his candidacy for this office was A. L. (Dusty) Rhodes of Abilene. A 45-year old trial lawyer and businessman, Rhodes has practiced in virtually all of the County, State & Federal courts in the 17th District.

Rhodes is engaged in several business enterprises, serves on numerous boards and is president of Big Ed Oil Co., and the Christi Co. inc.

Democrat Jim Baum is the second candidate to announce for this race. A resident of Big Spring for the past 12 years, he also is a native of Abilene.

Baum, 40, is manager of KBYG in Big Spring. His civic involvement includes serving on many boards in Big Spring.

No Republican has announced to date, but Bill Fisher of Abilene is considering throwing his

hat into the ring. Borden County's own Rich Anderson declined strong overtures from both Republican and Democrat party officials to offer his name as a candidate. "I am still deeply concerned with the direction the Government is taking and would like to accept this challenge, but due to pressing business involvement, I cannot accept the offer," Anderson stated.

With the retirement of Senior Congressman George Mahon of the 19th district, that race seems to be drawing the largest crowd.

In the Democratic field, the name of State Senator Kent Hance is the most prominent. To date he is officially joined by state Rep. Jessie T. George in the bid for U.S. Congressman. Trinity Church senior pastor, the Rev. Morris Sheats said he will announce a decision in the near future about becoming a democratic opponent.

Republican George Bush Jr of Midland has announced his intentions of running in the Republican Primary. Other well known Republicans considering entering the contest are Dr. Jim Grandberry of Lubbock, Jim Reese of Odessa and Ernie Angelo of Midland.

Loans To Japanese

Washington, D.C.--Texas cotton farmers stand to gain from a new decision by the Export-Import Bank of the United States, Congressman Bob Krueger said today.

Krueger joined the successful effort by members of the Texas delegation to have the Eximbank reconsider its earlier decision not to extend \$75 million in loans to Japanese importers of U.S. cotton.

"I am pleased to be able to tell Texas farmers this good news," Krueger said, "because increasing our agricultural exports is the only real solution to the cost-price squeeze our hard-working farmers find themselves in."

Krueger said increasing agricultural exports is also the key to the U.S. balance of payments problem, created by rising prices of oil imported to the U.S.

"We had been concerned that Japanese imports of U.S. cotton might drop off, because of weakening worldwide demand for cotton, and the tendency of international buyers to look elsewhere, in a tight money market,

for cotton imports," Krueger said.

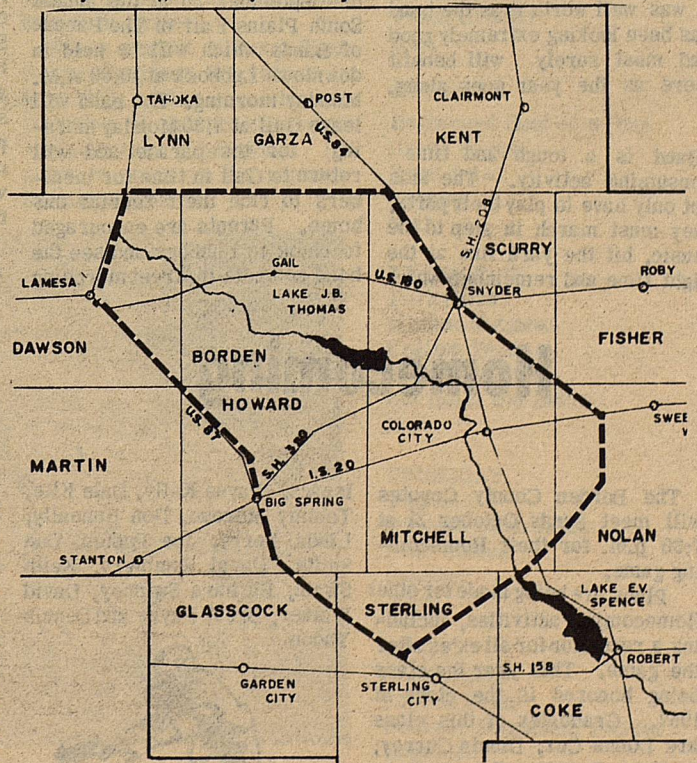

"Because of current low cotton prices, Texas farmers need all the help they can get," Krueger said, "and this is a step in the right direction."

Two CRMWD execs talk

GALL.—Two Colorado River Municipal Water District representatives talked to the Borden Lions Club about the weather modification program Tuesday morning Sept. 6.

R.A. Schooling, coordinator of the modification program, gave the background of the CRMWD activity, together with the evaluation program of the Texas Weather Development Board, and more recently the Bureau of Reclamation HHPLEX (High Plains) weather modification experiments.

Mechanics and technical aspects of the program were explained by John Girdzus, meteorologist. He also answered numerous questions raised by members. Jarrell Edwards, president, presided and Pal Porter, program chairman, was in charge of the presentation.

Coyotes Defeated By O'Donnell

The Borden County Coyotes were defeated by the O'Donnell Eagles Friday night 28-6.

The coyotes played well against the much larger Eagle team. Penalties and key injuries caused the Coyotes' offense to stall at key moments. The offensive line as a whole played a much improved ballgame. The defense was improved over last week, but still has a way to go before it can expect a shut-out.

The Coyote defense allowed 294 yards to be gained, but most of these occurred on three plays. The Coyote offense gained only 163 yards. Craig Peterson, the leading rusher for the Coyotes, gained 77 yards. Peterson was followed closely by Travis Rinehart and Pat Toombs. Also outstanding in this area were Tony Benavidez, Tim Smith and Johnny Jackson.

The Coyotes will play Loraine here Sept. 23, at 7:30.

Young Coyotes Lose

Roster

Borden County Junior High opened its football season with O'Donnell on Thursday night. The young Coyotes were defeated 24-8 by a much larger O'Donnell ball club. The Eagles shot to a 24-0 half time lead. The Coyotes came back the second half and played much better football. The young Coyotes drove the ball 80 yards to score early in the fourth quarter. This drive by Mike Peterson and Darrell Green was capped off by Jym Rinehart for the score; with Mike Peterson carrying the P.A.T.

Outstanding players for the Coyotes were Mike Peterson, Darrell Green, Jym Rinehart, Bryn Bradshaw, Junior Benavidez, Chip Smith, Glen Gray, Mike Vaughn, and Jibber Herridge.

The Junior High will play Greenwood here on September 29.

Band News

The Coyote band is hard at work backing our football team and preparing for competition each week with the bands representing the communities on our schedule. The band turned in its finest performance of the year against the Forsan band two weeks ago. Enrollment in the band is up a little this year with 55 members wearing the red, white and columbia blue.

The band would like to express their appreciation to all parents for their cooperation which enabled the band to have a month of after-school practices during August and September. We realize sacrifices had to be made and plans changed at times, but it was well worth it as the band has been looking extremely good and most surely will benefit more as the year goes along.

Band is a tough and time consuming activity. The kids not only have to play their parts, they must march in step to the music, hit the yard line at the right time and remember which

way to turn, when to turn, and how to turn. It is hard to put all of that together. This year's upper classmen certainly deserve a salute for their hard work and spirited leadership. It takes a great amount of self-discipline and desire to fit oneself into a group activity that is large and demands a great deal of conformity, and only approximately 50% of all students joining band find it to be an enjoyable, satisfying experience; however, this ability to "hang-in there" when the going gets tough and demanding is what develops some of our finest citizens, whether the activity is athletics, band or academics.

The Coyote band will represent our school and community on September 26 at the annual South Plains Fair in The Parade of Bands which will be held in downtown Lubbock at 10:00 A.M. Monday morning. The band will leave Gail at 7:30 Monday morning for the parade and will return to Gail in time for members to ride their regular bus home. Parents are encouraged to come to Lubbock and see the band compete in street marching

along with approximately one hundred bands from the South Plains and New Mexico.

The date for the Region VI University Interscholastic League Marching Contest has been set for Saturday, November 12, 1977. This is the most important day of the fall season for the band as they will be competing for the first of three University Interscholastic League Ratings to be given this year. The band has had a long string of 5 consecutive Division I Ratings in marching interrupted the last two years by Division II Ratings and is determined to pick up that string again this year. Please mark this date on your calendars and if possible, plan to attend and support our band at the marching contest to be held in Odessa, Saturday morning November 12, 1977 at Barrett Stadium. This will be your one opportunity to see our entire band on the field performing as we are able to make use of our fine athletes who play football and play in the band also.

School Board Meeting

The Board of Trustees for the Borden County Independent School District met in regular session on Monday, September 19 in its regular meeting place at 8:00 p.m.

After routine business of minutes and bills, sealed bids were opened for the purpose of purchasing a school car. The Delta 88 Olds from Snyder Motor Company was selected. Bids were also opened for the purpose of selling the school car. Mickey McMeans was the successful bidder with a bid of \$3800.00.

Other bids were opened for the purpose of purchasing butane and gasoline for the school for the period of one year. McCann Butane of Big Spring was awarded the butane contract for

a price of \$.055 above weighted average cost. The contract on gasoline was awarded to Gulf Oil Corporation of Lamesa (Fred M. Flaniken).

The Board heard the financial report, the attendance report, and the building progress report from the Superintendent.

The school district ended the fiscal year with no deficits in any account. The attendance was reported at 249 students as of September 19. Building progress was reported to be running ahead of schedule.

In other business, the Superintendent extended an invitation to the Board to attend the TASB-TASA Convention in San Antonio on September 24, 25, and 26.

A change in the school calendar was made as follows: January 2 will be one of

the Christmas Holidays December 21 will be a day of school for students December 22 will be a teacher workday instead of December 21

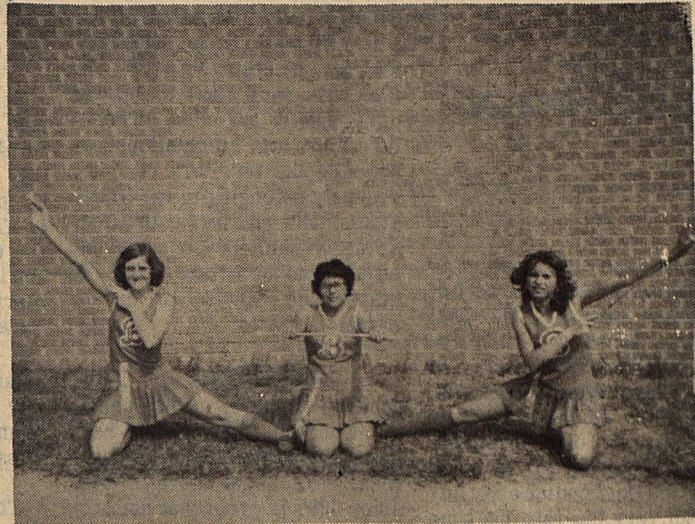

May 19 - Third Quarter ends
May 14 - Baccalaureate Services

May 18 - High School Graduation

May 19 - Junior High Graduation

Sealed bids were opened for the purpose of selecting library furniture for the new library-resource center. The Board asked the building committee to study the bids and make a report back to the Board as to which furniture was selected.

Rich Anderson, President, declared the meeting adjourned at 10:30 p.m.

Borden County Junior High Twirlers for the 1977-78 football season are -left to right- Kay Copeland, Terrie Moreno, and Stephanie Stephens.

These three young ladies will be traveling to each ball game to support the Junior High Football players, Cheerleaders and twirlers. They are drummers for this season. Left to right- Shellie Peterson, Lorri Doyle, and Kelly Williams.

Next to the Declaration of Independence, the Constitution of the United States is the most important document of this Nation. The Declaration created US, the Constitution governs US. At least the Constitution sets the boundaries of government. We do a bang-up job of celebrating the Declaration each July 4th. But very few take the time to observe the creation of the Constitution. So let's observe--. The Constitution was written in 1787 but it was not until 1788 that the existing States had ratified it. It was 150 years later that Constitution Week was instigated. At the insistence of the Daughters of the American Revolution, the week of September 17-23 was designated by an Act of Congress to be annually observed as Constitution Week.

In a short ten years, we will celebrate the 200th birthday of this Constitution. That celebration should be no lesser a gala than the Bicentennial was. But it takes time and a lot of preparation to give a party. And one of the prerequisites is to know the honoree-to be loyal to him-and to wish him many more birthdays.

Knowing the honoree will require some review and study. We should know how many Amendments there are. We should know that the 25th Amendment allows a vacancy in the office of Vice President to be filled by appointment by the President with approval of Congress. This Amendment practically negates the line of succession-V.P., Speaker of the

House, Cabinet. This was ratified in 1967.

We should know that the Constitution says: Relation of the United States to States and Territories--Section 3. (2) The Congress shall have the power to dispose of and make all needful rules and regulations respecting the territory or other property belonging to the United States; and nothing in the Constitution shall be so construed as to prejudice any claims of the United States, or of any particular State.

See there--Treaties are ratified by 2/3 vote of the Senate. But Congress (that means both Houses) has the power to dispose, etc. Right there in print since 1787 is proof that not only Senate ratification of a new Panama Canal treaty is needed, but approval of the House of Representatives is also necessary.

We should know too that there is a ground swell to have a Constitutional Convention and re-write the original binding document. Whoa now--can't you imagine the chaos? Everyone, including me would want their oar in. And since none of us has learned the King's English in two generations, the wording would be as debauched as that of the new Episcopal Prayer Book. Better--let's just leave well enough alone and consider impeaching those buzzards who are handing down such irrelevant interpretations.

And we should know that the Center for Democratic Institutions has already re-written the Constitution. It is a Constitution of the New States of America. Here's the Preamble: So that we may join in common endeavors, welcome the future in good order, and create an adequate and self-repairing government--we, the people, do establish the Newstates of America, herein provided to be ours, and do ordain this Constitution whose supreme law it shall be until the time prescribed for it shall have run.

Now re-read the beautiful Preamble of the Constitution that belongs to US and decide whose birthday party you'll celebrate.

Deaths

Kiker's Kolumn

Borden County Farm Tour had an attendance of 33 people. Special guest on the farm tour was Joe Carter, agronomy teacher from Western Texas College in Snyder. Mr. Carter brought his students to the Fluvanna Tour.

Cotton varieties, weed control, irrigation, and pecans were topics discussed on the tour.

Mr. Leon New, Irrigation Specialist, and Dr. James Leser, Entomologist, both of Texas Agricultural Extension Service in Lubbock were on the tour.

A special thank you goes to Buddy Telchik, Jack McPhaul, Kenny Hensley, Jim Burkett, Randy Hensley, Herman Ledbetter, Bob Dyess, Buddy Drum, Buck Lemons, Glenn Toombs, and Don Wills for putting in demonstration plots and allowing us to visit their farms.

There are about 26,600 acres of cotton in Borden County this year compared to 23,600 acres in 1976. This is an increase of around 3000 acres of cotton.

Crops throughout the county are very spotted with a range of more than a bale/acre to less than 1/2 bale per acre.

Cattlemen Descend On Washington

Independent Cattlemen's Association leaders from across the state headed by President T. A. Cunningham descended on Washington Sept. 19 for one more try at curtailing beef imports during talks with Congressional and international officials concerning the plight of the cattle industry.

The association's leaders left Austin's Municipal Airport early Monday, Sept. 19 and returned to Austin late Wednesday, Sept. 21 after participating in what they view as their last opportunity to provide input into the international Trade Commission's two-pronged investigation of charges that the domestic cattle industry has been financially damaged by excessive beef imports.

The investigation began last spring after beef producers in South Dakota filed a complaint with the Commission charging that beef imports had caused substantial damage to the domestic cattle industry. After four hearings in South Dakota, Kansas, New York and Texas, the Commission ruled that beef imports are not the sole cause of injury to the domestic cattle industry.

However, the Commission set up the fifth hearing in Washington so that cattle producers, farm organizations and individuals can supply any evidence they believe will support their contention that the 1964 Meat Import Act is inadequate and should be revised.

Cunningham testified at beef import hearings in Fort Worth and New York and will testify again in Washington.

Cunningham says that the 1964 Meat Import Act is too lenient, allowing beef from foreign nations to flood into this country when domestic supplies are more than enough to feed America's people. The imports create a depressed market for American cattlemen, he says, proving that import quotas must be revised.

"We're not against imports when our supplies of beef are not adequate and do not fill consumers' needs," emphasized Cunningham. "But domestic producers have proved time and time again that they are capable of supplying all the beef we will ever need. The association believes that domestic markets must be protected so American producers can start making a profit again. It's ironic to us that the Meat Import Act is written in such a way that imports flood our country when we least need them."

While in Washington, ICA members will hold a reception for members of Congress, Washington leaders, and high-ranking departmental officials to discuss the depression that the cattle industry has been in the last four years.

Job Matching Fair

Lubbock--The eighth TEXAS FIRST Job Matching Fair will be staged September 24 in Lubbock, it was announced Friday.

Five hundred jobs ranging from psychologists to production workers have already been listed by 26 employers for the one-day event.

"These are by no means the final figures," Jerry Heare, community development director of the Texas Industrial Commission, said. "The number of jobs available has risen continuously and we expect it to keep on climbing right up to the day of the fair."

Job seekers who wish to attend are urged to preregister by contacting their local Texas Employment Commission to have their qualifications forwarded to the Lubbock TEC.

"We are encouraging people from throughout the state to come to this fair because of the wide variety of jobs that will be available," Heare said. "We feel that anyone who needs a job will have an excellent opportunity of finding one here."

Examples of jobs listed are welders, electrical assemblers, secretaries, clerk typists, truck drivers, mechanics, cashiers, RNs, LVNs, custodians, housekeepers, sales people, security officers, warehousemen, cloth-

ing clerks, MHMR aides and machine operators. For senior Texans, there are several openings for Foster Grandparents.

The fair, sponsored locally by the Chamber of Commerce, South Plains Chapter of the Texas Association of Business, TEC office and the South Plains Regional Planning Commission, will be held at the Koko Palace, 50th St. and Ave. Q, from 9 a.m. to 3 p.m.

The Lubbock Fair will be held one week after a Marshall Job Matching Fair, scheduled for September 17. Eight hundred jobs from 40 employers will be available at the Marshall Civic Center from 9 a.m. to 3 p.m.

Job Matching Fairs are part of Phase Two of Governor Dolph Briscoe's TEXAS FIRST campaign initiated in 1975 to overcome recessionary trends in the state. The program has been successful in helping employers who need workers and Texans who need jobs get together. More than 2,000 people have found employment as a direct result of the TEXAS FIRST Job Matching program.

Five state agencies work with local organizations in conducting the fairs. They are the TIC, TEC, Texas Department of Community Affairs, Texas Education Agency and the Office of the Governor.

PUBLIC NOTICE
SUMMARY OF PROPOSED
CONSTITUTIONAL AMENDMENTS
GENERAL ELECTION NOV. 8, 1977

NUMBER ONE ON THE BALLOT
(S.J.R. 18)

S.J.R. 18 proposes an amendment to the Texas Constitution to provide for expanding the Court of Criminal Appeals from its current membership of five judges to nine judges and to permit the court to sit in panels of three judges.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendment increasing the size of the Court of Criminal Appeals to nine judges, and permitting the court to sit in panels of three judges."

NUMBER TWO ON THE BALLOT
(S.J.R. 13)

S.J.R. 13 proposes a constitutional amendment to provide for an additional \$200 million in bonds or obligations of the State of Texas for the Veterans' Land Fund and to allow surviving widows of veterans to purchase tracts under certain circumstances.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendment to provide for an additional \$200 million in bonds or obligations of the State of Texas for the Veterans' Land Fund and to allow surviving widows of veterans to purchase tracts under certain circumstances."

NUMBER THREE ON THE BALLOT
(S.J.R. 3)

Under current Texas law a person charged with a felony offense who has previously been convicted of two felony offenses may be denied bail. S.J.R. 3 proposes an amendment to the Texas Constitution which would also result in the denial of bail, for a limited time and subject to appeal, to a person accused of committing a felony while on bail for a prior felony for which the person has been indicted, or accused of a felony involving the use of a deadly weapon after being convicted of a prior felony.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendment permitting denial of bail to a person

charged with a felony offense who has been theretofore twice convicted of a felony offense, or charged with a felony offense committed while that person was admitted to bail on a prior felony indictment, or charged with a crime involving the use of a deadly weapon where there is evidence such person has been convicted of a prior felony offense; providing for a 60-day limit to that person's incarceration without trial; and providing for that person's right of appeal."

NUMBER FOUR ON THE BALLOT
(S.J.R. 5)

S.J.R. 5 proposes an amendment to the Texas Constitution authorizing the legislature to grant exemptions or other relief from ad valorem taxes on property designated for the preservation of cultural, historical or natural history resources.

The wording of the proposed amendment as it will appear on the ballot is as follows:

"The constitutional amendment authorizing tax relief to preserve certain cultural, historical, or natural history resources."
