## Body Of Cab Driver Found On Desert

**BISBEE, Ariz., Jan. 12 (AP)**—The body of Coy Carroll Qualls, 30, missing Fry, Ariz., taxicab driver, was found on the desert nine miles east of Douglas, Ariz., today, and Sheriff I. V. Pruitt said he would file murder charges against three negro soldiers one of whom is in custody at Houston, Tex.

Qualls had been stabbed in the back of his head and beaten, Pruitt said.

The body was found about 3:15 a. m. by members of a posse of 400 men sent out after the sheriff was advised that one of the soldiers had confessed the killing and told where the body could be found.

Pruitt said he was advised by Deputy Sheriff W. B. Milner of Coconino Creek, Tex., that J. C. Levice, Port Huachuca soldier, had signed a statement admitting he was involved in the killing of Qualls.

In his statement to the Texas officer, Levice said he took no part in the actual killing of Qualls, but stood guard while his companions hid the body. He separated from the others at El Paso, Tex. Levice said he then rode a freight train to Pelly, Tex., the home of a sister.

Levice said the soldiers hired Qualls to drive them from Fry to Douglas for \$12.50. He related they stopped on the way and bought gin and the other two soldiers got drunk. During a stop along the road, according to Levice's statement, his companions hit Qualls with the gin bottle and beat him.

The soldier said Qualls' body was thrown out of the taxicab about nine miles west of Douglas. Pruitt reported, but the body was found nine miles east of Douglas.

The soldiers, Pruitt said, had driven off U. S. Highway 90 onto a side road. About six-tenths of a mile from the main highway they backed onto the desert and tossed Qualls' body between two giant cacti.

Qualls, a native of Bisbee, had been between two cacti with blood. He was last seen at Fry, a settlement near Fort Huachuca, the home station of two negro infantry regiments.

His cab was found abandoned in San Antonio, Tex., Saturday. The upholstery was caked with blood.

Pruitt said he would leave for Houston to return the soldiers for prosecution.

## Negro Soldiers Kept In Camp After Riots

**ALEXANDRIA, La., Jan. 12 (AP)**—Army officers kept negro soldiers in their nearby camps today following a riot here Saturday night in the city's "Little Harlem" section in which 30 persons were wounded, including 28 negro soldiers, one woman, and a state trooper.

Four of the soldiers, shot in the two-hour clash touched off when a white military police detail attempted to arrest a negro soldier, were in serious condition. Army officials said all the soldiers were either shot, clubbed or otherwise bruised as bullets, bricks, sticks, and rocks flew.

Chief of Police George C. Gray estimated that 3,000 negro soldiers were sent back to camps and that a crowd of 3,000 negro civilians was dispersed.

Practically all the negro troops involved were from northern states, principally New York, Pennsylvania, and Illinois. The injured woman was shot in the hip and the state officer injured a finger hitting a soldier.

## I HEARD . . .

Farris Oden saying that the rationing system had certainly cut down on the number of cars on the road. On a trip to Amarillo yesterday, Farris said he drove at an ordinary speed but not a single car passed him on the way over and only one car passed him on the return trip to Pampa.

## Court Rules In Lone Star Gas Case

**WASHINGTON, Jan. 12 (AP)**—The Supreme Court held today that the Texas supreme court acted within its rights in ordering a new trial in the Travis county district court to test the validity of a rate order fixing at 32 cents a thousand cubic feet the price at which the Lone Star Gas Company can sell gas for consumption in 270 Texas cities and towns.

This ruling was given in denying Texas officials permission to institute proceedings before the supreme court here seeking to have the rate order upheld.

Justice Frankfurter, who delivered the opinion, explained that a previous supreme court opinion in the litigation had been misinterpreted. He added that the question of whether the rate ordered produced confiscation was still open to the Texas courts and had not been passed upon by the United States supreme court.

Justice Roberts did not participate in today's decision. It was explained that he had "heard the argument and agreed to the disposition of the case but through absence was unable to join in the opinion."

The controversy grew out of conflicting opinions by the Texas supreme court and the state court of civil appeals over the meaning of a United States supreme court decision on the litigation.

In an opinion during its 1937 term the supreme court here returned the case to state courts "for further proceedings."

The court of civil appeals, after passing upon the evidence, then upheld the 32-cent city gas rate ordered by the Texas Railroad Commission.

Next, the state supreme court reversed the court of civil appeals.

**See COURT RULES, Page 8**

## Pampan Hurt In Wreck, Charged With Car Theft

A complaint was filed yesterday in court of Charles I. Hughes, justice of the peace, charging a man listed on the document as Charles Coleman with theft, in alleged connection with the taking of a 1941 Ford touring sedan Saturday, belonging to Roy Holt of Pampa.

Coleman suffered a broken arm, cuts, and bruises when the automobile overturned five miles west of Hammon, Okla., on a short-cut between Hammon and Haskell. He is in a hospital at Haskell, according to information from the sheriff's office.

The accident occurred when Coleman failed to drive the car around a curve.

Coleman, who at one time was employed by Holt, had listed Holt's name as the person to be notified in case of an accident. This information was contained on an identification card found in the vehicle. The automobile was taken Saturday night from Holt's garage at 533 S. Cuyler.

## Schools Hold First Air Raid Drills

**By THE ROVING REPORTER**  
The Roving Reporter this morning found out what school teachers and pupils should do during an air raid.

"They should march quickly but orderly into the halls and sit down quietly, and that's what they did at Junior High school and the four ward schools. The high school will hold a drill Thursday.

The more than 1,200 children filed out of their rooms and in less than a minute they were all seated in the halls, and some were studying. It was as if they were in their rooms and there was no talking or unnecessary noises. All students were seated except the couples who stood ready to use each fire extinguisher in the building.

In Junior High school, students went to the lower floors and did not sit on the steps. The upper floor is regarded as a protection for lower floors in an air raid and is vacated.

The five air raid drills in Pampa today followed the instructions sent out by the Office of Civilian Defense. Some of the rules are as follows:

Do not permit any pupils to leave the building.  
Do not allow any pupils to return to classrooms until the all-clear signal is given.  
Do not send the pupils home.  
You must get away from windows and from open doors. The large inside halls of most schools are suitable for an air raid refuge. Do not use the halls on the top floor of the building. Be sure there is more than one exit. (There were at least five in Junior High.)

If incendiaries hit the building, the fire guards should try to handle them and put them out with water spray.

The chance of a direct hit on any individual building is very small. You must guard against the blast of nearby high explosive bombs, and incendiaries and falling fragments of anti-aircraft shells.

The most important answer to that is we don't intend to be caught napping again—anywhere or anytime. We are not going to say again "It can't happen here."

There are two pages of the instructions from the O.C.D. and all the teachers in the air raid drills. Both pupils and teachers took the drill seriously, as they should have. There was no horse-play or boisterousness. It was serious business. And they did a good job, too.

## Rutherford, Leader Of Witnesses, Dies

**SAN DIEGO, Calif., Jan. 12 (AP)**—Lying on his deathbed, Joseph Franklin Rutherford, 72, world leader of Jehovah's Witnesses, voiced a last wish.

He asked disciples to bury him at dawn of the day after death in a hillside crypt at Beth-Sarim, the estate he built here for the Biblical King David's return to earth.

Rutherford died at the estate late Thursday in a passing kept secret until Saturday.

But today Rutherford's body was still unburied, his last wish thwarted by a county law forbidding burial on the estate because it is not a legally zoned cemetery.

## Dutch Valiantly Battle Invaders

**By The Associated Press**  
Japan's all-out gamble for a sweeping victory before the united nations can take the offensive carried her troops dangerously closer to Singapore today, touched off a preparatory artillery battle along the entire Philippine front and stirred up a hornets' nest of resistance in the Netherlands East Indies.

Dutch fighters by land and air struck at invasion footholds gained by the Japanese over the week-end and claimed that, with Allied aid, they had showered two Japanese cruisers, a destroyer and two transports with bombs.

The outcome of the land, sea and air battles for vital outposts in the Dutch archipelago was still in the balance; the fighting was mounting in bloody, destructive fury.

For assistance, the Dutch had United States warships and American and Australian planes.

"Our allies are energetically taking part in the fight against the invaders," said a communiqué.

"Allied planes yesterday shot down four Japanese planes over Minahasa while they further scored two direct hits on a Japanese cruiser and a near miss on a destroyer.

The morning two Australian planes near Manado were shot down in flames by the Japanese. "Our bombers this morning scored a direct hit on a Japanese cruiser lying off Tarakan while our Glenn Martin bombers also scored two direct hits on Japanese transport ships lying there."

The Dutch surprisingly found it possible also to help in the defense of Singapore. N. E. I. fighters were said to have shot down three Japanese raiders attacking the British base this morning.

In the Philippines, Washington announced, a heavy artillery battle flamed along the entire front. Ground activity increased and air attacks were renewed as the Japanese moved fresh troops into the western side of Mindanao.

In the Philippines, indications were that a new Japanese offensive was at hand. The Japanese appeared intent upon wiping out the valiant resistance of General Douglas MacArthur and his American-Philippine army which stood as a diversion of strong Japanese forces from other theaters of the war.

Japan would need thousands of additional troops to close in on Singapore or to expand her invasion footholds in the N. E. I.

In the most dramatic claim after the first shock of her attack on the N. E. I. was possession of the small city of Manado, on northern Celebes, a narrow arm of the Dutch archipelago, south of the Philippines, and the island of Tarakan, off the coast of Dutch Borneo to the northwest of Celebes.

Both points were naturally difficult to defend. In Malaya, the Japanese, despite the succession of British imperial withdrawals, were still more than 150 miles from Singapore on the western side of Malaya, probably no closer on the eastern side, although there has been little exact word on the locations of that front.

Nevertheless the Japanese had negotiated an important barrier on their way toward Singapore with the capture of Kuala Lumpur.

Loss of Kuala Lumpur, second largest city of British Malaya, was indicated meanwhile by the British when they acknowledged another retreat on the road to Singapore, withdrawal to new positions before Seremban, 35 miles southeast of Kuala Lumpur. The Japanese followed the imperial forces with heavy assaults.

Tokyo announced officially that her troops on Sunday entered Kuala Lumpur, one of the greatest centers for credit rubber in the world and capital of the federated Malay states. Kuala Lumpur is in Selangor.

With British withdrawal to the Seremban line, the battle for Singapore moved into another state of Malaya. Negri Sembilan, the last one to the northeast before Johore, which takes up the southernmost tip of the Malay peninsula.

## Ralph Will Be API Speaker

R. B. Ralph of Oklahoma City, manager of technical research of the Koco company in the mid-continent area, will be the speaker on the first 1942 program of the Panhandle chapter of the American Petroleum Institute, to be held at 8 o'clock tomorrow night in the city hall auditorium.

Entertainment will include singing and dancing by Berger High school students, Charlie Alford, chairman of the entertainment committee, hoped to secure pictures taken by "Old Tack" on a recent trip to Alaska, but they will not be available until a later meeting.

R. T. McNally, new chairman of the Panhandle chapter, will preside at tomorrow night's meeting.

## WAR BULLETINS

**LONDON, Jan. 12 (AP)**—Russia's Black Sea fleet, operating from the great Sevastopol base which the Nazis failed to destroy or capture, was shelling retreating German columns in the eastern Crimea today, reports reaching here said.

**BERN, Jan. 12 (AP)**—Germany, combating an outbreak of typhus fever, recently has rushed hundreds of additional doctors and nurses to eastern Poland and established an anti-epidemic center at Warsaw, the Berlin correspondent of the Swiss newspaper National Zeitung reported today.

A "battle against lice," the chief carrier of typhus, has resulted. Nazi soldiers, wearing heavy clothing for long periods without washing them, the newspaper said, have been beset with lice.

**NEW YORK, Jan. 12 (AP)**—Joe Louis passed his final physical examination today for induction into the army, and will take the last step Wednesday at Camp Upton, Long Island, which will change him to plain Private Joe Louis Barrow.

The heavyweight champion went through an hour and a half physical test at Fort Jay, Governor's Island, along with some 400 other selectees.

**ANOTHER PAMPA BOY** who is fighting with the armed forces in Uncle Sam's Navy is Dick Nies who is stationed on the U. S. S. Harvester in the Philippines. He has been in the navy three years. He attended high school in Pampa in 1936 and 1937. He is a nephew of W. G. Kinzer and is a brother of Mrs. Clyde White. He was raised at Perryton, Texas, and is 22 years old. That's a coincidence, his being stationed on the Harvester.

**ANOTHER GRAY COUNTY YOUTH** stationed at Fort Mills on Corregidor Island in the entrance to Manila Bay is Pfc. Donald Wayne Crossan, above, 60th Coast Artillery Co., Battery E. Crossan is the son of Mr. and Mrs. H. C. Crossan, LeFors.

## 25-Cent Cotton Talked In Capital

**WASHINGTON, Jan. 12 (AP)**—There was talk at the capital today of 25-cent cotton—music in many a Southerner's ear—as a joint senate and house conference committee prepared to rewrite the administration's battered price control bill.

The measure was approved Saturday by the senate, 81 to 1. Senator Nye (R-N. D.), the dissenter, opposed it because it contained no wage controls. The house previously had passed the measure in much different form.

Senator Brown (D-Mich.) chairman of the senate conferees and opponent of most of the amendments forced into the bill by an adamant farm bloc, said that as the measure now stood it probably would permit cotton to go to 22 cents a pound before any price controls could be instituted. Cotton now is about 18 cents a pound.

But some members of the farm bloc said they thought cotton might reach 25 cents a pound, if all of the amendments were retained.

Even some senate members who voted for the bill expressed dissatisfaction with it. Senator Vandenberg (R-Mich.), cast an "aye" vote and then turned to a colleague to remark in a voice audible in the galleries:

"But I don't like it." Brown estimated that the senate version of the bill would permit food price increases of 25 per cent above present levels, largely because of an amendment by Senator O'Mahoney (D-Wyo.), providing for upward revisions of farm "parity" figures on the basis of rises in industrial wages. O'Mahoney disputed Brown's contention.

Parity is a price for a farm commodity which would give it the same buying power it had in a basic period, usually 1909-15. The house as well as the senate provided that the

## Underwriters Will Raise Rates On Cars

**NEW YORK, Jan. 12 (AP)**—The National Bureau of Casualty and Surety Underwriters announced today increases in premium rates for automobile liability insurance to be made effective immediately by its members.

The change boosted by 3.5 per cent premiums for bodily injury and property damage insurance for private passenger automobiles in 33 states and the District of Columbia. It increased by 1.5 per cent the charge for coverage of commercial cars in 17 states and the district.

The bureau, with a membership of 36 leading stock companies, said mutual concerns would not necessarily be affected by the revision, although it is regarded as the official rating organization for such insurance.

**I SAW . . . . .**  
President L. H. (Jack) Johnson of the Junior Chamber of Commerce and he said that the award for distinguished community service which is presented annually each year by the Jaycees will be given this year at a banquet to be held Jan. 15. He said that the man who has been selected.

**FINE FEATHERED FRIEND**—Paucaud found at New York poultry show was this white crested black Polish cock.

## Connally Would Tax Fortunes Made Off Defense Contracts

**WASHINGTON, Jan. 12 (AP)**—Thorough overhauling of the excess profits tax system and the enactment of drastic levies which would skim off the major share of corporation earnings from war production operations were proposed today by Senator Connally (D-Tex.), a member of the Senate Finance Committee.

Amid signs that congress was growing impatient at the reputed failure of the treasury to explore new fields of taxation, Connally said he was certain there would be strong support for upward revision of levies which now range from 35 to 60 per cent on profits classed as "excess."

"Some of these companies are making fortunes out of defense contracts," the Texas senator told reporters. "We can get some of the money from them and we ought to overhaul the excess profits tax thoroughly."

This might involve, Connally said, a change in the method of computing such taxes. Corporations now have the alternative of figuring their excess profits levies on the basis of their invested capital or on the standard of post profits. The invested capital formula, favored by the treasury in the treasury in the past, has been opposed by Chairman George (D-Ga.) of the finance committee, who contended that many corporations with large capital stock issues thus avoided paying a fair share of taxes on admittedly large profits.

Underwriters Will Raise Rates On Cars

NEW YORK, Jan. 12 (AP)—The National Bureau of Casualty and Surety Underwriters announced today increases in premium rates for automobile liability insurance to be made effective immediately by its members.

The change boosted by 3.5 per cent premiums for bodily injury and property damage insurance for private passenger automobiles in 33 states and the District of Columbia. It increased by 1.5 per cent the charge for coverage of commercial cars in 17 states and the district.

The bureau, with a membership of 36 leading stock companies, said mutual concerns would not necessarily be affected by the revision, although it is regarded as the official rating organization for such insurance.

# Engagement Of Miss Townsend And Erwin Thompson Announced

## Nuptials To Be Solemnized Here On February 7

Announcing the engagement and approaching marriage of her daughter, Miss Betty Jo Townsend, Mrs. J. B. Townsend entertained with a progressive tea Sunday afternoon between 3 and 4:30 o'clock at home, 1202 East Francis avenue.

Miss Townsend is to become the bride of Erwin Thompson, son of Mr. and Mrs. E. C. Thompson of Miami, Okla., on Feb. 7.

Receiving the guests at the tea were Mrs. Townsend, Miss Townsend, and Mrs. O. P. Kephart of Spencerville, Ohio, grandmother of the honoree.

During the afternoon Mrs. Byron Hilburn sang several numbers with Mrs. Bill McCarty as accompanist. The bride-elect's chosen colors of blue, pink, and white were carried out in the low centerpiece of sweet peas, lilies, and carnations which were arranged in a silver inlaid crystal bowl on a large reflector on the lace covered table. White tapers in matching candelabra lighted the arrangement. Hand-dipped white illumine candles decorated the buffet. Miss Charlotte Warren, who poured tea, was assisted by Mrs. Freda Barrett.

All members of the house party wore rosegay corsages of pink, blue, and white flowers tied with small ribbon streamers. Tiny wedding bells were attached to small cards giving the names of the betrothed couple and the wedding date.

Registering in the white and gold bride's book were Mrs. George

## Kit Kats Entertain Members Of Four Social Clubs At Open House Saturday In Home Of Miss Jerry Stinson

Hostesses to Sub Deb, Tete-A-Tete, LaRosa, and Tarde Felice clubs were members of Kit Kat Klub who entertained with open house Saturday afternoon in the home of Miss Jerry Stinson.

Wearing formal gowns, the Kit Kats, Misses Mary Gurley, Imogene Sperry, Janice Wheatley, Jerry Nell Stinson, LaVerne Covington, Margaret Burton, Helen Marie Alexander, Bobby Lou Posey, Doris Ann Davis, Kathryn Homer, and Jean Chisholm, received the guests during the afternoon.

Decorating the rooms were arrangements of club and white flowers. Corsages of white sweet peas, blue and white, were repeated in the registry at which Mrs. Raymond Harrah presided. Mrs. Mel Davis poured tea which was served with refreshments of

white cake iced in blue and white, blue and white mints, and assorted nuts. Mrs. J. L. Sperry, club mophier, as well as Mrs. P. O. Gurley and Mrs. Reno Stinson, assisted in the serving.

Throughout the afternoon piano numbers were played by Miss Margaret Burton.

Registering were Misses Norma Lux, Oleta Rogers, Gretch Ann Burton, Anita Andrews, Betty Lee Thomson, Frances Shier, Ruthie Shier, Elaine Carlson, Virginia Lee West, Robbie Lee Russell, Betty Lou Leonard, Neva Lou Woodhouse, Beasenia Phelps, Esther Mullinax, Wanda Giles, Maxine Jones, Doris Jean Caldwell, Elizabeth Roberts, Joyce Warner, Beatrice Stotts, Gladie Farmer, Betty Jo King, Dora Taylor, Sara Florence Parker, Fern Simmons, Barbara Matthews, Nellie Roush, Colleen Bergin, Patricia Lively, Evelyn Kidwell, Martha Plieron, Loretta McArthur, Doris Alexander, Frances Crocker, and Anna Lois Alfred.

## Nyners Club Group Entertained With Party In Low Home

MIAMI, Jan. 12—The home of Mrs. Buford Low was the scene of an attractive evening party when the Nyners club and three extra tables of guests. The patriotic theme was featured throughout the evening.

Large white angel food cakes were presented to Mrs. J. D. Pritchard, who held high for guests, at the conclusion of a series of games. A social hour was enjoyed by Mrs. J. D. Pritchard, W. H. Carr, Paul Bowers, Sam Bowers, Wm. C. Loughlin, Tom O'Loughlin, Miles O'Loughlin, Ellis Locke, A. C. Wilkinson, D. I. Barnett, Horace Smith, Dale Low, C. V. Wilkinson, E. Sides, E. M. Ballengee, S. W. Corbin, and Misses Minnie Katherine Holmes, Mildred Cole, Lucile Saxon, and Juanita Wade.

A magnolia tree at Elkhart, Ind., bloomed twice in 1932.

## Nautical Princess

It is the immediate answer to what to wear! A figure moulding princess frock topped with a sailor collar which gives it last minute fashion newness! A dress to wear smoothly under your winter coat—and a warm dress, too, which you can make in smooth serge or gabardine, in wool or silk crepe, in pastels or dark colors. Easy to make and simple to finish with its braided trim around the jaunty collar!

Pattern No. 8102 is designed for sizes 11 to 19. Size 13, short sleeves, requires 5 1/2 yards 35-inch material, 3 1/2 yards 54-inch; 4 1/2 yards braid. For this attractive pattern, send 15c in coin, your name, address, pattern number, and size, to The Pampa News Today's Pattern Service, 211 W. Wacker Drive, Chicago, Ill. For any event which comes up—you'll find a correct, proper style suggestion in our Fashion Book, a catalogue of our recent patterns. Send for your copy today. Pattern, 15c; Pattern Book, 15c; One Pattern and Pattern Book, ordered together, 25c.

## Clothing Labels Topic Of Wayside HD Club Program

"Labels are our source of information for wise buying," Mrs. Nelson stated in discussing "Clothing Labels—How to Select" at the meeting of Wayside Home Demonstration club in the home of Mrs. R. R. House.

"They give us the size, quality, and durability. Never buy washable clothing unless it is sanforized and fade proof," she concluded.

"Gray count" can grow every kind of vegetable and most fruits," Mrs. J. S. Fuqua said, "if the time and effort are applied." She urged all members to plant a food for defense garden.

Refreshments were served to Mrs. Nelson, L. R. Taylor, S. J. Meador, Doyle Osborne, W. R. Taylor, J. S. Fuqua, Wood Osborne, W. A. Green, Lowell Osborne, J. W. Condo, Norman Walberg, A. B. Caruth, Harold Osborne, and the hostess, Mrs. R. R. House.

Next meeting of the club will be held in the home of Mrs. Doyle Osborne on January 23 at 2 o'clock.

## Rebekah Lodge Names New Team Captain At Meeting

At the weekly meeting of Rebekah lodge in the I.O.O.F. hall the resignation of Carl Baer as team captain was accepted and Vensel Castka was elected to succeed Mr. Baer.

At the regular lodge meeting next week, installation will be conducted with Cora Lee Baer presiding. Ester club will meet Tuesday at 12:30 o'clock in the home of Etta Crisler for a luncheon honoring Mrs. Alva Gantt of Tulsa, who is visiting here. The Panhandle Rebekah circle will meet at Amarillo Tuesday night with Ethel May Clay of Pampa, president, in charge.

Attending the meeting were Mae Forsyth, Ethel Mae Clay, Cora Lee Baer, Edna Braly, Frances Hall, Lilye Noblitt, Dorothy Voyles, Etta Crisler, Lola Medford, Lucille Claude, Emma Louvier, Bobby Drummond, Naomi Wilson, Sannie Sullivan, Arlene Neighbors, Pearl Cordell, Jess Clay, Elsie Cone, Cora Kolb, Lois King, Fred Poronto, Vensel Castka, Carl Baer, Ellen Kretzmeier, Tressie Hall, Ruby Wylie, Pearl Castka, Flo Spoonamore, and one visitor, Alva Gantt of Tulsa.

## The Social Calendar

**TUESDAY**  
Twentieth Century Progressive club will meet at 8 o'clock in the home of Mrs. J. L. Mullinax, 309 East Levee street. Nursery will be at Harrah Methodist church.  
B. M. Baker study group will meet at 1:30 o'clock at the school. A regular meeting of the P.-T. A. will be held at 2:30 o'clock.  
Sam Houston P.-T. A. study group will meet between 10 and 11 o'clock in Principal Kenneth Carman's office.  
Writer's group of American Association of University Women will meet at 7:30 o'clock in the home of Mrs. Clarine Brannon, 721 North Semoreville street.  
Ester club will meet at 2:30 o'clock in the home of Etta Crisler for a luncheon.  
B. G. K. club will meet at 7:30 o'clock in the home of Mrs. George Hoffman, 615 East Kismet avenue.  
Veterans of Foreign Wars auxiliary will meet at 7:30 o'clock in the Legion hall.  
A weekly meeting of B. G. K. club will be held at 7:30 o'clock.  
Business and Professional Women's club will have a business meeting at 7:30 o'clock in the city club rooms.  
Twentieth Century club will hostess to Twentieth Century Forum will meet in the home of Mrs. Ed Dunigan.  
Mrs. T. A. Perkins will be hostess to Twentieth Century Culture club.  
El Progresso club will meet in the home of Mrs. T. D. Hohart.  
J. R. Posey will be hostess to Varieties Study club.  
A regular meeting of Civic Culture club will be held at 2:30 o'clock.

**WEDNESDAY**  
First Baptist Women's Missionary society will have a 1 o'clock luncheon at the church with a program following. Executive board will meet at 12:30 o'clock.  
All circles of Women's Missionary society of Central Baptist church will meet at 2:30 o'clock. Mary Martha, Mrs. Frank Sileott, Annie Sallee, Mrs. H. C. Showers, Mrs. Garland James, Lillie Brantley, Mrs. W. H. Demaster, Lottie Moon, Mrs. C. C. Miller, and Vada Waldron, Mrs. Melton.  
Kit Kat Klub will meet in the home of Miss Jean Chisholm.  
Order of Eastern Star study club will meet at 2 o'clock in the Masonic hall.  
Women's Missionary society of Church of Brethren will meet at 2:30 o'clock in the church.  
Wednesday Contract club will have a bridge-luncheon at the Schneider hotel with Mrs. H. C. Berry as hostess.

**THURSDAY**  
LaRosa sorority will meet in the home of Mrs. Bobbie Lee Russell at 7 o'clock.  
Rebekah lodge will meet at 7:30 o'clock in the I. O. O. F. hall.  
Mayfair Bridge Club will be entertained. A regular meeting of Contract Bridge club will be held.  
**FRIDAY**  
Viernes Sewing Club will meet at 3 o'clock in the home of Mrs. S. C. Hanks at the Humble camp.  
Entre Nous club will meet at 2 o'clock in the home of Mrs. E. Shackleton.  
Entre Nous club will have a regular meeting in the home of Mrs. E. A. Shackleton.  
Order of Eastern Star will meet at 8 o'clock in the Masonic hall for initiatory grand matron.  
K. L. Club will have a dance at 9 o'clock at the Country Club.

## P.-T.A. Board Of Managers To Meet For Three Days

AUSTIN, Jan. 12—The Board of Managers of the Texas Congress of Parents and Teachers will convene here Tuesday at the Driskill hotel for their annual three-day mid-winter conference with approximately 50 members present.

This meeting, over which Mrs. Jack M. Little of Dallas, president of the Congress, will preside, will set the dates for the 15 district conferences; create boundary lines for the new district, sixteenth; assign state representatives to each district conference; select delegates to the national convention in San Antonio, May 4 to 7; plan the work of the state congress at this convention; discuss what parent-teacher associations can do in defense work; and carry on other business of the Congress. At this time, district and state chairmen will be asked to present their plans of work for the new administration.

Members of the board and their home towns are as follows: Mrs. Jack M. Little, Mrs. Rodgers P. Brown, Mrs. John C. Murphree, Mrs. J. C. Vanderwoode, Dallas; Mrs. E. H. Becker, Mrs. R. H. Davis, Mrs. C. R. Larimer, Houston; Mrs. J. William H. Persons, Waco; Mrs. J. E. Davis, Dawson; Mrs. R. H. Wilkins, Freer; Mrs. James B. Day, Rotan; Mrs. L. G. Byerley, Frank Monroe, Midland; Mrs. A. N. Dahl, Pettus; Mrs. S. G. Freeman, Seguin; Mrs. Chalmers W. Hutchison, Mrs. T. E. Wentworth, Fort Worth; Mrs. A. C. Surman, Post; Mrs. H. F. Godecke, DR. W. B. IRVIN, LUBBOCK; Mrs. W. T. Lechard, Mrs. H. P. Bybee, Mrs. Virginia Shamborough, Mrs. Warren S. Freund, Austin; Mrs. J. H. Moore, Deport; Mrs. R. W. Robbins, Athens; Mrs. LEWIS GOODRICH, SHAMROCK; Mrs. HUGH CYPHER, TORCHER.

Mrs. M. F. Griffin, Mrs. H. G. Stinnett, Jr., Plainview; Mrs. F. C. McCampbell, Gladewater; Mrs. R. M. Carter, Sherman; Mrs. W. A. Kay, Fort Stockton; Mrs. E. B. Fisher, Corpus Christi; Mrs. W. A. Pugh, M. C. Gonzalez, San Antonio; Mrs. T. R. Odell, Medicine Mound; Mrs. J. M. Floyd, Alpine; Mrs. Roger O. Garrett, Kosse; Mrs. A. L. Morgan, Mrs. J. S. Powell, Mrs. Tom Rigby, Beaumont.

Mrs. Fred Horn, Wortham; Mrs. J. E. GRIGGS, AMARILLO; Mrs. L. C. Cash, Pioneer; Mrs. W. I. Bishop, Justin; Mrs. Henry Mings, Tyler; Mrs. S. R. Hughes, Poetee; Mrs. W. B. LAMASTER, PERRYTON; Mrs. E. E. Holman, Taylor; Mrs. Maurice Clark, Jacksonville; Mrs. W. L. Richeson, Mankins; Mrs. L. P. Bloodworth, El Paso; H. S. Fatterree, Abilene; J. B. Golden, Wichita Falls.

## Woman's Study Club Has First Meeting Of Year Recently

MIAMI, Jan. 12—Woman's Study club held its first meeting of the new year in the home of Mrs. E. M. Ballengee.

Mrs. J. E. Kinney substituted as leader for Mrs. S. E. Fitzgerald, who was unable to attend because of sickness in the home. Mrs. Kinney reviewed an article, "So This Is Texas," from the Reader's Digest.

She stated that the average Texan is genuinely, even violently, convinced that he and his state have got something special; that there is nothing new about this attitude; it's as old as the Lone Star flag.

"There is something more to this feeling that Texans have than the mere bigness of the state," said the leader.

"It is natural for the Texan to want to be in the thick of any fight for freedom that is in progress," she continued. "This explains why the Royal Canadian Air Force received so many recruits from the Lone Star state that it was referred to in one dispatch as the Royal Canadian Texas Air Force."

The club welcomed Mrs. J. V. Coffey into its membership. It was voted to enter the County Federation with other clubs of the town and county to promote civic projects.

The hostess served refreshments.

Roundworms can cause real trouble inside you or your child! Watch for these warning signs: Bloating, loss of appetite, loss of weight, loss of strength, loss of vitality. If you are troubled with these signs, get the best known preventive worm medicine, used by millions for over 50 years. JAYNE'S VERMIFUGES, the best known preventive worm medicine.

Right after the holidays is a good time to check up on the cleaning situation—that is, what with entertaining, holiday feasting, and such, there's bound to be something spilled, somewhere. And it is important that such stains do not become "set" for the longer they are allowed to remain in the material the harder they will be to remove. Another point to think about is that some stains require one treatment—some another. So, if possible, mark special stains and their causes for your cleaner's guidance.

## Officers Installed At First Meeting Of Coltexo H. D. Club

Coltexo Home Demonstration club had its first regular meeting of the new year in the home of Mrs. Kenneth Irwin Friday afternoon.

Officers installed were Mrs. Kenneth Irwin, president; Mrs. LeRoy Spence, vice-president; and Mrs. Elgan Harrell, secretary-treasurer.

Mrs. Julia E. Kelley spoke on "Nutrition."

Other members present were Mrs. Melvin L. Roberts, J. E. Earhart, and Neal C. Jordan.

An all-day meeting will be held January 23 in the home of Mrs. Elgan Harrell.

## Mrs. Sides Hostess At Home Progress Club Meeting

MIAMI, Jan. 12—Mrs. E. Sides was hostess to Home Progress club this week when Mrs. A. L. Muncy was leader of the program for the afternoon. In keeping with the defense tempo being set by all American organizations, the leader's subject was a suitable defense treatise.

Mrs. Muncy discussed "U. S. Roads in War and Peace." Her talk, based on the facts given in an article from the National Geographic by Frederick Simplich, emphasized the importance of good roads to a nation in both a war and peacetime effort. Both the critic, Mrs. Mathers, and the parliamentarian, Mrs. Locke, gave reports on their subjects.

During the business session, presided over by the president, Mrs. Russell, a report from the nominating committee was read and acted upon, by the election of the following officers to serve the club for the next year: Mrs. A. L. Muncy, president; Mrs. E. C. Meador, vice-president; Mrs. R. B. Mathers, secretary; Mrs. Harvey Landrum, treasurer; Mrs. C. W. Bowers, corresponding secretary; Mrs. J. B. Saul, critic; Mrs. C. C. Carr, parliamentarian; and Mrs. R. B. Dial, reporter.

The hostess served refreshments to 14 members and guests, Mrs. Alfred Cowan and children.

### Today's War Analysis

By DeWitt Mackenzie  
Wide World War Analyst

The Japanese continued to clamp tighter the pincers with which they are striving to clutch the key defensive base of Singapore and the rich Dutch East Indies.

The heavy Jap offensive down the Malayan Peninsula towards Singapore was forced to further withdrawal of the British and apparently the abandonment of Kuala Lumpur, known as the crude rubber capital of the world. The Japanese also have made three fresh landings on the Dutch island of Celebes and claim capture of the Dutch oil island of Tarakan off Borneo.

This means that the Japanese have acquired fresh bases much closer to their quarry. The increase of the air-threat to the Allies in these gains is particularly serious. And, of course, the corollary must be the loss of valuable defensive bases to the Allies. However, nothing approaching a decisive action has yet taken place.

One of the most promising developments in the battle of the Pacific from the Allied standpoint is the remarkable striking power and morale being displayed by the Chinese and fresh offensives against the Japanese in several strategic sectors of the long front. The outstanding example of Generalissimo Chiang Kai-Shek's new-born initiative thus far has been the disastrous defeat administered to the invaders at the important city of Changsha, Hunan province. This really great triumph is reported to have cost the Japs 45,000 casualties already, and the mopping-up is continuing.

Such a grand exhibition by the Chinese, after five terrible years of standing off the far better equipped war-machine of the Mikado, certainly couldn't be anticipated. That makes it the more pleasing to see them now demonstrate that the Rising Sun has got to climb a lot higher in the sky before its rays carry light and warmth to all the spots where the Japs need them. The Japanese have spread themselves far too thin for safety in their efforts to make a conquest of such a huge slice of the world.

Because of the unexpectedness of General Chiang's strength, this column is getting inquiries as to the whys and wherefores. There is a combination of reasons which can be summed up thus:

1. Chinese morale naturally has received a tremendous lift through the acquisition of great new allies. That perhaps is the outstanding cause of the Chinese man's buoyant spirit, for there must have been many times during the long struggles against the invaders who he felt that he was the forgotten man.

2. As already indicated, the Japs are spreading themselves too thin and likely have been compelled to withdraw men and material from the Chinese front to meet the demands of the hurry-up job they have undertaken against the Anglo-American-Dutch combine. Thus we must attribute part of the apparent increase in Chinese strength to a weakening of the Nipponese in that theater.

3. But that doesn't give the whole story, for actually the Chinese are stronger, as they have been receiving war supplies in increasing quantities from the United States. These shipments have included badly needed fighting planes and bombers and, more to the point, a considerable contingent of American military pilots and mechanics have enlisted in General Chiang's army and have bolstered the Chinese air force greatly. Then to the Burma Road, China's lifeline, has been improved by American engineers and new trucks have been put to work, thereby increasing the flow of supplies.

That the Chinese will have much to do with the Allied victory in the long run, there can be little doubt. Their reservoir of manpower is inexhaustible, and China will provide invaluable bases for operations against the Japanese mainland. It remains to be seen how effective their help will be in the early critical days when the Allies need time to marshal their resources.

### Japs Play 'Swanee River' At Hongkong

CHUNGKING, Jan. 12 (AP)—Bomb-punctuated strains of such American folk songs as "Home Sweet Home" and "Swanee River" floated across Victoria bay from the mainland to Hongkong island during the last days of the siege of the British crown colony.

Japanese loudspeakers set up along the Kowloon shore blared these dulcet tunes in a misdirected and futile effort to spread melancholy among the island defenders, a British officer related today at Shukwan in an account of the island's gallant but hopeless stand.

Most of the British garrison—Quebec and middlewestern Canadians, Indians and British Tommies—never heard of the river. The garrison fought to the end with valor and resolution unimpaired by this loudspeaker barrage, added this officer, who escaped with a group of fellow officers and Chinese Admiral Chang-Chak in a small launch two hours after the colony's capitulation.

### Henderson Announces Retread Price Schedule For Used Tires

WASHINGTON, Jan. 12 (AP)—Government price officials worked today on a plan to fix maximum prices for used tires after laying down a ceiling on charges for tire retreading to halt "exploitation" of the public.

Leon Henderson, the price administrator, announced the retread price schedule yesterday in a statement saying that profiteering in the used and retread tire business had become so flagrant it "cannot and will not be allowed to continue."

The schedule goes into effect next Monday and Henderson said it would be followed shortly by an order limiting the resale price of used tires.

Table with columns: Size, Basic Tire Carcass, Retreading or Top Capping (1), (2). Rows include sizes like 6.00-16, 6.25-16, 6.50-16, 7.00-16, 7.25-17, 7.50-17.

### French Resident Shot To Death For Possessing Firearms

VICHY, Unoccupied France, Jan. 12 (AP)—Bordeaux newspapers reaching here today said a French resident, Charles Bazot, was executed Jan. 7 by a Nazi firing squad for possessing firearms.

Only local newspapers carried the announcement—as has been the case in other recent death sentences imposed by the German occupation authorities on Frenchmen.

At Douai, in the Nord department, 28 Communist suspects—six of them in absentia—were condemned yesterday to sentences ranging from death to life imprisonment at hard labor.

The BBC, quoting a report in Switzerland, said 62 German soldiers were executed at Besancon, in occupied France, because they murdered against orders to return to Russia after a furlough from the eastern front. CBS heard the broadcast in New York.

USEFUL Ferric oxide, a type of iron ore used by the steel industry, also is the chief ingredient of a powder used for polishing metals and glass.

### Allies Battle Jap Invasion Of Borneo

(By The Associated Press)

BATAVIA, N. E. I., Jan. 12 (AP)—Hard-hitting forces of the Netherlands Indies' allies (presumably bomber and fighter squadrons from the United States and Australia) were declared officially today to be taking part in vigorous counter action in which the fighting Dutch battled strong Japanese invasions of Borneo and Celebes.

Reporting the joint bombing of two Japanese cruisers, a destroyer and two transports yesterday and today, an official Dutch announcement declared that "our Allies are energetically taking part in the fighting against the invaders."

The war department at Washington said in its Sunday communique that American planes "attacked an enemy cruiser and two large transports in the Celebes sea with undetermined results. The Batavia report specifically mentioned Australian planes in action also in that area."

Japanese paratroopers and sea-borne forces were battling doggedly in an effort to improve their positions they won early yesterday at the oil center island of Tarakan, off northern Borneo and on the northern arm of Celebes.

"The fighting at both invasion points continues stubbornly," a special NEI armed forces statement declared.

Of the NEI and Allied aerial blows at the shipping which carried and supported the invasion, the special statement said: "Our Allies are energetically taking part in the fight against the invaders."

"Allied planes yesterday shot down four Japanese planes over Minabassa (northern Celebes) while they further scored two direct hits on a Japanese cruiser and a near miss on a destroyer.

"This morning two Australian planes near Menado (where the Japanese landed on Celebes) were shot down in flames by the Japanese.

"Our bombers this morning scored a direct hit on a Japanese cruiser lying off Tarakan, while our (American made) Glenn Martin bombers also scored two direct hits on two Japanese transport ships lying there."

While fighting alongside their Allies in vigorous defense of their own territory, Netherlands fliers also were reported taking part in Britain's defense of lower Malaya.

NEI fighters were said to have shot down three Japanese raiders attacking Singapore this morning. A single Dutch pilot was credited with two of the victories. Aneta, Netherlands Indies news agency, said his own plane finally was knocked out of the fight, but he parachuted to safety.

A communique reported bitter fighting on the little island of Tarakan off the northeast coast of Borneo and on the island of Celebes to the east, where the Japanese effected their landings yesterday despite a bombardment by Dutch planes which were said to have damaged two transports.

Japanese imperial headquarters claimed the capture of Menado, a town of 12,000 at the northern tip of Celebes, but the Dutch did not acknowledge the claim.

### No. 1 Stowaway Of 1938 Vindicates Sagacity of Juvenile Court Judge

By J. NORMAN LODGE

NEW YORK, Jan. 11. (AP)—Bobby Stap, 17, has vindicated the sagacity of Domestic Relations Court Justice Herbert O'Brien who saved him from reform school.

Bobby, you remember, was America's No. 1 stowaway back in 1938 when he traveled three oceans for a total of 34,000 miles "on the cuff."

Incorrigible, some people said. And after his sixth voyage without ticket, passport or permission from the ship's owners, police and social workers threw up their hands.

Not so Justice O'Brien. He saw that Bobby's background was nautical—his father has been a ship's cook for years—his bedroom was fitted to resemble a berth on a liner.

Said Justice O'Brien: "This lad comes naturally by his love for the sea. I do not think he is incorrigible. I do not believe him to be a truant. I do not consider him psychopathic. Reform school is no place for him. I am going to see that he is enrolled in the merchant marine school that he might satisfy his ambition to become a seaman."

Bobby enrolled and that was the last time the missing persons bureau had to look for him.

Now home on his first furlough, Bobby was graduated with first honors in his class at the sea school. He became a deck hand on a coastwise tanker. Within four months he was an able-bodied seaman. Today, at his home in Springfield Gardens, Queens, Bobby, now a strapping youth, fretted because his 21-day furlough didn't pass quickly enough.

He's spending his time cramming for a light boatman's license—a ticket that calls for a minimum age of 19. But Bobby believes that in the present emergency he might get his license.

It's great to be able to go to sea without hiding in lifeboats," Bobby said. "No more chiseling meals from galleys. No more ducking into holds. I'm 'AB' now and there's a chance I'll get a rating on my next cruise."

No small orders accepted in localities served by carrier delivery.

An independent Democratic newspaper, publishing the news fairly and impartially at all times and supporting in its editorial columns the principles which it believes to be right and opposing those questions which it believes to be wrong, regardless of party politics.

PLEDGE OF ALLEGIANCE—"I pledge allegiance to the Flag of the United States of America and to the Republic for which it stands, one nation indivisible, with liberty and justice for all."

News Carriers Came Thru

Newspaper carriers have for many years set up an admirable record of dependability and service. In all weathers, in all conditions of disaster and disorder, they deliver the news.

It is a pleasure to read a tribute to their carrier boys by the Honolulu Star-Bulletin. Despite the confusion attendant on the sudden and unexpected attack on the islands by the Japanese, the carrier boys never missed a delivery. "All around the island," the Star-Bulletin reported directly after the raids, "the paper is being delivered to its customers daily, and in most cases on time or ahead of time."

The Numbers Nuisance

The itch for the cheap prestige that goes with a low auto license number plate, or one containing one's initials or telephone number or the date of his great-grandmother's birth, has always been a nuisance. It never was worth the time it took public employees to handle it.

Now there is important work to be done, and no time at all for such monkeybusiness. Florida is charging an extra dollar for special plates of this kind. Indiana has had as many as 20,000 applications for special plates, a nuisance for whose existence there never was any excuse even in normal times. One way to save the taxpayers' money is to save the time public employees hitherto spent in catering to this peculiar form of megalomania.

The Light That Paled

Liberty Enlightening the World, colossal statue in New York harbor which was to have been fitted with three brilliant 3000-watt mercury lamps to throw its light defiantly far out to sea, must now be satisfied with two tiny 100-watt bulbs. Blackout regulations, of course.

We yield a pretty piece of symbolism to the necessities of war. The essential reality we do not yield. It is that Liberty's light may shine out as never before that we buckle down to our task of defeating her enemies.

She still stands as a symbol of Liberty darkened by the shadow of war throughout the world. It is our task to bring into being the day when her actual physical light, as well as her even now undimmed spiritual light, may shine forth again to enlighten the world.

A Little Child Dies

Thousands of men are dying every day as war sweeps around the world, and most of them are merely atoms in the day's casualty figures. Yet in all this carnage of death, a single figure stood out the other day.

It was that of a little Belgian child, one of 456 sent to Switzerland to undergo recuperative treatment for malnutrition. This boy of 14 was too far gone. Starved literally to death by the Nazi occupation of his homeland, this boy died before hospitalization could begin to set him on the road back to health. It is eloquent testimony to the fate of peoples whom Hitler has conquered.

This, too, lies at the door of those who elected to set the world afire to satisfy their criminal ambition.

The Nation's Press

Gov. Culbert L. Olson of California has proclaimed a "state of emergency" in that state. Earl Warren, attorney general of the state, finds an alarming similarity between the governor's proclamation and a statute passed in 1929 and designed, says Mr. Warren, for application only to limited areas that have suffered natural disasters. Under the 1929 act, and therefore presumably under Gov. Olson's proclamation, the governor could rule by decree, Hitler fashion.

While allowance must be made for the fact that Olson has a long established reputation as blowhard and showoff, and likewise for the fact that Warren is his political enemy, the picture is not enticing. We take some comfort in the fact that California is 2,000 miles away.

The federal government runs our wars. Americans face a problem of terrible import in delegating to the federal government the peremptory powers necessary to prosecute the war without having those powers used to destroy our own freedom. We cannot tolerate 48 little Hitlers throwing their weight about in the state capitals. There is no disposition to such conduct at Springfield and the people and courts of California will no doubt find methods of squelching it at Sacramento if Gov. Olson starts issuing decrees.

WAKE ISLAND. SYMBOL A New Star in Marines' Crown (Columbus, O., Dispatch)

Wake Island, says the Encyclopedia Americana, is an islet of rock in the Pacific ocean, lying 1550 miles northeast of Guam, and 3000 miles east of Luzon, Philippines. It belongs to the United States as a Pacific outpost of the Philippine archipelago. It is about one square mile in area, and its importance is due to the fact that it is on the cable and airplane routes between the United States and the Philippines.

Common Ground

"I speak the peace-world principle, I give the sign of democracy. By God I will accept nothing which all cannot have their counterpart of on the same terms."

PRICE CONTROL ON CIGARETTES

Now that we are in war, we are in great danger of forgetting the fundamental principles on which this country was founded; namely the right to freely exchange goods and services.

It is hard for the person who believes in the American way of life to understand why we should delegate Leon Henderson, with one man authority, to determine whether or not an institution, like tobacco companies, can raise the wholesale price on cigarettes. Certainly cigarettes are not a necessity and if people would rather have cigarettes at the higher price than do without them, they certainly should have this right.

And many people will have to do without them if the government keeps the price so low that only the efficient operators can exist. If they merely exist, sooner or later the supply will not meet the demand.

This price regulation on things, that by no stretch of the imagination could be regarded as military, needs to be watched. Especially is this true since the present Administration has shown a great desire to control and interfere with free enterprise before we were in war.

It is hard to understand the difference between our form of government and that of Hitler's if prices are to be regulated. When prices are regulated, sooner or later, it means a shortage of goods and the government officials then have the right to determine what people shall secure the limited supply. This leads to gross favoritism to bribery, to corruption and to stifling initiative.

These kinds of practices will not help win the war. They will tend to lengthen the duration of the war.

WHAT ARE THE PROPER FUNCTIONS OF LABOR UNIONS?

Inasmuch as I have repeatedly criticized the acts of labor unions, it might be well to go on record as to the specific things that labor unions could and should do.

Labor unions should attempt to make the law of supply and demand work. They should do this by keeping informed as to the relative value of labor in different lines of work and in different localities. They should have this information so that they can help their members find a job that will reward them most for their labor.

They could also, if they desired, have a mutual insurance policy to give assistance to those in need.

They could also help those who wanted instructions in learning how to produce more. They should not, however, give instructions to those who do not voluntarily want it.

This kind of a labor union could be of some service to the working man. It would tend to prevent employers from taking advantage of inexperience and make it unnecessary for worker to work for less than they could get working other places.

But modern labor unions are not functioning along this line of attempting to have all workers have equal opportunities for jobs. The whole trend of modern day labor unions is exactly the opposite. Price fixing and wage fixing are some things that labor unions should never attempt to do. They should never attempt to do this because no one, or no group of men, is wise enough to know the relative values of labor. All labor should be free to help adjust all wages so that every worker more nearly gets the same wage for the same skill and production and thus gets all that he produces.

If labor unions attended to the only business they can help, they would then be of service to all the workers.

cluded crown of the United States marine corps. And it is a symbol of American determination and fortitude and an inspiration for future generations of free men.

Fewer than 400 leathernecks, with 12 fighter airplanes and six five-inch guns, put up a 16-day fight against the enemy, destroying four of his ships and beating off attack after attack. And when communication with the tiny island was lost, the Japanese announced occupancy and it is supposed that Wake has surrendered.

Even though it may be apocryphal, the story of the marine corps' answer to a query of whether it needed anything at Wake, which was, "Yes, send us some more Japs," is typical of the marine corps spirit. One war, one regiment of marines is a common saying among the marines. And in defending Wake they have admirably lived up to it.

In taking their determined stand against vastly superior numbers the marines have caused definite damage to both men and equipment of the Japanese forces. That, apparently, was the assignment in Wake, and the marines carried it out to the limit of their ability. Wake may be gone, but its great symbolism can never disappear.

THE LINCOLNS

Diligent research has enabled Dr. Louis A. Warren of Fort Wayne to deny many of the traditions that have been current relative to Abraham Lincoln and his ancestors. In an address to the Society of Indiana Pioneers, at its yearly dinner in Indianapolis, he asked Hoosiers to remember that Lincoln lived longer in Indiana than he ever lived anywhere else. Indiana has been tardy, he said, in recognizing and emphasizing the influence of the Hoosier environment upon Lincoln's later life and public service.

Evidence collected in all parts of the country by Dr. Warren has enabled him to state that both parents of Abraham Lincoln came from good colonial stock. Thomas Lincoln was not the shiftless, ignorant, purposeless individual that many of the biographers of Abraham Lincoln have made him. Dr. Warren said that Thomas Lincoln owned three farms in Kentucky before he came to Indiana; he paid his taxes regularly, took part in public affairs, and is shown by store records to have made adequate provision for his family. The discovery of numerous documents signed by Thomas Lincoln destroys the myth that he could not write.

Another tradition blasted by Dr. Warren deals with the Lincoln habitation in Indiana. It was not a half-faced hunter's camp, as some historians and biographers have contended. Instead there is evidence that Thomas Lincoln built a log cabin as sturdy and commodious as those of his Hoosier neighbors, and that the family underwent no more hardship than did other pioneers of their era. Both Thomas Lincoln and Nancy Hanks descended from forebears who ranked high in the nation's early history and it is Dr. Warren's view that they made an equal contribution to their illustrious son's character.

There will be no night baseball in 1942, as it would be awkward to have a blackout just after the catcher had signalled for the high, hard one.

SUN'S EFFECTS The sun's energy output varies, but when the sun gets hotter, the earth gets cooler, since the increased solar temperature stimulates evaporation and winds here on earth.

Behind The News In Washington

By PETER EDSON WASHINGTON, Jan. 12.—News of the third meeting of the ministers of foreign affairs of the 21 American republics, convening at Rio de Janeiro, Jan. 15, may be buried by war bulletins but just the same, this conference is important in relation to what happens next in the western hemisphere.

Pan-American meetings used to be largely oratory. They're getting over that now and these sessions of the foreign ministers, after the plenary opening session and the speeches of welcome are out of the way, have been proceeding on the "What are we here for? Ok! Vamonos! Let's get going" idea.

Whereupon they break up into committees and try to get something done. Also, the delegates and their technical advisers are beginning to know each other now, and the informal gatherings across the hall and up in Gullerroy's room do almost as much for building hemisphere solidarity as anything settled around a conference table.

A good bit of formality was necessary in the Buenos Aires conference in 1936 and Lima in 1938. That was the wishful, sentimental period, but at the meetings of foreign ministers in Panama in 1939 and Havana in 1940 there was the real threat of the European war forcing the delegates to adopt realistic policies for safeguarding the hemisphere.

WELLES HOPEFUL The tide has now definitely swung in our direction, thinks Undersecretary of State Sumner Welles, the United States representative at the Rio meeting. The American republics are standing together and they manifest a greater desire to show unity with us.

For the first time, a much more varied assortment of advisers goes along with Mr. Welles. The undersecretary is generally regarded as sufficient unto himself in handling diplomatic angles of any international meeting, but so involved are the war issues that a panel of experts from government agencies make up the contingent from Washington.

Undersecretary of Commerce Wayne C. Taylor, president of the Export-Import bank, Warren Lee Florsom, Carl Spaeth, representing Vice President Wallace's Economic War board, and Co-ordinator of Inter-American Affairs Nelson Rockefeller, Vice-Chairman of the Maritime Commission Edward Macaulay, and in addition the director of monetary research from the treasury, the chief of the special defense unit from the Department of Justice, the director of the office of foreign agricultural relations from the Department of Agriculture, and a dozen others.

The purpose of this big delegation is to simplify the making of decisions at the meeting without having to refer technical questions back to Washington and so delay procedure. Interesting to note is the absence of army and navy officers. This is a peace meeting and not a war strategy board.

In spite of the size of the U. S. delegation, each nation gets only one vote, and that is cast by the official representative. In our case, Sumner Welles. As the meeting breaks up into committees, however, the member of the delegation assigned to each committee may cast the vote for his country.

TWO CHIEF POINTS With two main questions on the agenda prepared by the Pan-American union—preservation of sovereignty and territorial integrity of the American republics, and the strengthening of the economic solidarity of the American republics—the meeting will divide into two principal committees, but as there are various sub-topics under the main headings, everybody gets a chance to do something.

Even though the representative of any particular country is not officially a member of some sub-committee, still every country has a right to send one of its delegation around to any sub-committee and speak a piece to put over a particular point.

When all the sub-committees report and declarations are given to a drafting committee, which puts them in the four official languages of the American republics—English, Portuguese, Spanish, and French. The Portuguese is for Brazil and the French for Haiti. Then, at a plenary session, the 21 foreign ministers cast their votes and the Declaration of Rio becomes an important document which the diplomats will refer to for time to come. But they're all in the most general of terms.

SOUTH AMERICAN PIPELINE Wartime suspension of some sections of the Hawley-Smoot tariff act covering the exports of South America is being suggested as one measure to bolster Pan-American relations. Brazil now prohibits export of crude rubber to any country except the United States and has taken steps to prevent hoarding and holding for higher prices by Brazilian dealers.

German coffee growers in South America have tried to beat the blacklist by bootlegging their coffee beans to native plantations for resale. Argentine trade with Europe may run four million pesos for 1941, shipments being made to Sweden, Finland, Switzerland, and Spain.

Unsolved question is who gets these exports, ultimately?

# Yankee Lineup Will Be About Same As In 1941

**By MILT CARLIN**  
**BUFFALO, N. Y., Jan. 12 (AP)—**Marse Joe McCarthy is confident that despite war conditions his world champion New York Yankees "are going to be tough again."

The 34-year-old Yankee manager expects to open the 1942 campaign with virtually the same team that won last year's world series, providing Uncle Sam doesn't call too many of his players into the armed services.

Further, McCarthy is prepared to take the war and its possible inroads on his playing talent in stride. "After all," he commented, "the other major league clubs are in the same boat."

He's still in doubt about a first baseman with Johnny Sturm due to report for army induction next month—but he's far from worried. His biggest problem is choosing between Buddy Hassett, recently acquired from the Boston Braves, and Tommy Henrich, who fields the position like a veteran although normally an outfielder.

"Third base also might present a slight problem with Red Rolfe still on the sick list."

"It all depends on Rolfe's health," McCarthy observed, pointing out that Second Baseman Gerald Priddy, who came up with Phil Rizzuto from Kansas City last year, could play third if necessary. McCarthy said his infield probably would include Rizzuto at shortstop and Joe Gordon at second again with Frank Crosetti available for relief duty.

"Friday is a much better hitter than his last year's record indicates," Joe asserted, "and he should be a real asset to the team this year."

Among the newcomers McCarthy expects to work into the lineup are Fitcher John Lindell, a righthander who won more than 20 games for Newark last year to lead the International league, and Ziggle Sears, hard-hitting Newark catcher.

With Joe DiMaggio, Charley Keller and George Selkirk heading the parade of clouting Yankee outfielders and a veteran pitching staff on hand, McCarthy pointed out, there are two big problems for the opposition:

"Yes, sir, our pitching and hitting are going to be real problems for the other clubs."

# Carnegie Tech Wins First Cage Game In Two Years

**By HAROLD CLASSEN**  
**NEW YORK, Jan. 12 (AP)—**The infant basketball season, hardly out of its rompers, already is a howling success at Carnegie Tech—but a full grown headache at Wisconsin, Dartmouth, George Washington and the University of California at Los Angeles.

The Pittsburgh Scots, who hadn't tasted victory in two solid years, finally halted their losing streak at 27 games Saturday night by defeating Case of Cleveland, 42 to 37.

However, Wisconsin, whose coach labeled his present aggregation as good as his 1941 national collegiate champions, is resting at the bottom of the Big Ten circuit with three straight losses and for the thirty-seventh consecutive time the Uclans have been repulsed by Southern California.

Dartmouth, who has held the Eastern league title since its present athletes were in the kindergarten, was spilled in its 1942 opener by Harvard and highly regarded George Washington bowed to Duke, the Southern league's defending champion, although Matt Zunic hammered in five national collegiate titles in the Missouri Valley circuit a year ago, collide at Stillwater Thursday.

The Big Ten, where four teams have subbed all their league foes, tries to remedy the situation tonight with Minnesota likely to spill unscathed Iowa; unbeaten Purdue mixing with Indiana in the Hoosier civil war; all-winning Illinois at Ohio State and Northwestern protecting its unblemished record with Michigan the guest.

Tennessee and Auburn are the leaders in the Southern circuit and right now the Vols are sweeping out the gym for the coming of Coach Adolph Rupp and his Kentuckians. Rupp enjoys road games best when he draws at least one boo from each spectator.

Collapse of the highly regarded George Washington Colonials has lifted an unheralded William & Mary five to the top in the Southern circuit, one victory ahead of Duke.

The Blue Devils meet V. M. I. at Lynchburg tonight while William & Mary's big test is Tuesday against Richmond in the latter's new arena.

Wyoming and Colorado, the Big Seven favorites, each has a double task this week, the former at Brigham Young Friday and at Utah Saturday. The Buffaloes' foes are Utah State at Boulder Friday and a joust with Colorado State at Fort Collins the next night.

Kansas, along with Iowa State one of the Big Six title seekers, takes high scoring Charles Black to Missouri for the annual Tiger-Jayhawk feud on Wednesday.

Only four games are billed in the Eastern circuit, Columbia at Yale Wednesday and Penn at Boston Yale to give Dartmouth its second licking at Hanover the same night. Yale is at Penn and Cornell at Dartmouth on Saturday as examinations slow up the dribblers.

Southern California continued its monotonous domination over UCLA in the only league game in the Southern half of the Pacific Coast and this week tangles twice with California.

Washington's speedsters lead in the northern half and travels to Oregon State for a week-end twin bill while Oregon State enters the Washington State tonight and tomorrow.

Among the nation's independents and schools from smaller conferences, West Texas State immense five gained further stature by downing DePaul, 69 to 43, last week.

# New Mexico University To Play At Canyon Wednesday

**ALBUQUERQUE, N. M., Jan. 12 (AP)—**A possible race for second place takes the spotlight this week in Border Conference basketball in which the West Texas State Teachers of Canyon already appear to be a cinch for the title.

On the spot are the New Mexico University Lobos who collide Wednesday night with West Texas at Canyon, and then meet Texas Tech at Lubbock and Hardin-Simmons University at Abilene, Texas, on successive nights.

Although the Lobos aren't given much chance to upset West Texas' six-foot-plus team, the game is expected to test what, if anything, the Lobos really have.

Surprising victories in two initial border games last week put the Lobos in top place in the standings along with West Texas, victor in its four circuit games. Texas Tech, with three wins and a loss, is next to New Mexico.

In other league games, the cellar-dwelling New Mexico Azules follow New Mexico around the West Texas basketball circuit, and Arizona State of Tempe, another team that showed surprising power last week, invades Tucson against Arizona University Saturday night.

West Texas, which crowned a successful barnstorming trip Saturday with a 60-43 triumph over De Paul at Chicago, is unbeaten in 14 states. On the Eastern trip, the Teachers' topped off at Oklahoma City to win the sixth all-college basketball tourney.

New Mexico vaulted into a place with the Border Conference leaders by topping the defending champion, Texas Mines of El Paso, 42-38, and the New Mexico Aggies, 30-25. Tempe handed the Texas Tech Red Raiders their only defeat, 53-39, and knocked off Hardin-Simmons 43-38, last week to run the season standings to two won and one lost.

The Raiders nose out Arizona State of Flagstaff, 51-50, and then Arizona University, 53-47. Hardin-Simmons Cowboys bowed to Flagstaff, 38-25, and to Arizona, 50-25, as they followed Tech through Arizona.

Interested in is not Brown's success his first season as mentor of Ohio State but of the great set-up he built at Massillon where football prospects were fed to him from the ward and junior high schools, not in a general fashion but by positions.

Ted L. Jefferies, whose Wichita Falls team won the state title last season, was called "champ" by all the high school mentors. His is the greeting when he met Howard Lynch, coach of the state championship Amarillo team of 1940 which failed to win its district title last fall.

"Howdy champ," said Howard. "Hello, ex-champ," replied Ted.

**BLOOD-GROUP IS RECORDED**  
 Each soldier of the Australian expeditionary forces has his blood-group recorded in his paybook and on the reverse of his identification disc.

# Harvesters To Play At Berger Tuesday Night

Coach Oscar Hinger today announced a change in the Harvester basketball schedule which will take the high school basketball team to Berger tomorrow night for a conference game. The game was originally scheduled for Friday night, Jan. 16, when the coach plans to enter his team in the annual Shamrock tournament.

The next scheduled game here will be Jan. 24 when Dalhart will play here. The first conference game in Pampa is set for Jan. 27, when Amarillo will play here. On Jan. 30, Plainview is due to play another conference game at the local gymnasium.

To date, two games have been played in Pampa, an all-time low for the first six weeks of the basketball season. Coach Hinger has had trouble matching games.

The Pampa boys may have rough sledding at Berger, whose Bulldogs were finally whipped by Amarillo last week. The Sandies were held to even terms in the first quarter but after that the Amarillo boys overwhelmed the Berger boys by a top-heavy score. The game should give fans another chance to pick the district favorites.

Interested in is not Brown's success his first season as mentor of Ohio State but of the great set-up he built at Massillon where football prospects were fed to him from the ward and junior high schools, not in a general fashion but by positions.

# Ex-High School Coaches At Major Sooner Colleges

**By HAROLD V. RATLIFF**  
**Associated Press Sports Editor**  
 Echoes from the annual gathering of Southwestern and Texas high school coaches at Athens:

Past-talking, personable Henry Frnka, whose Tulsa university team won the Sun Bowl game, pointed to an unusual coaching situation in Oklahoma.

All three of the major schools there are tutored by ex-high school mentors. There's Jim Lookabaugh, once of Capitol Hill (Oklahoma City), now head coach at Oklahoma A. & M.; Dewey (Shorter) Luster, ex-Norman High coach, now directing the destinies of Oklahoma university, and Frnka, who got his start with Lubbock high, piloted Greenville to a state title and now is putting Tulsa U. in the football limelight.

Speaking of high school coaches graduating to colleges, many of the schoolboy mentors want Paul Brown of Ohio State as an instructor of the annual Texas Coaching school at Abilene in August. Brown won fame by losing only two games in ten years at Massillon, Ohio, high school.

What the Texas coaches are interested in is not Brown's success his first season as mentor of Ohio State but of the great set-up he built at Massillon where football prospects were fed to him from the ward and junior high schools, not in a general fashion but by positions.

Ted L. Jefferies, whose Wichita Falls team won the state title last season, was called "champ" by all the high school mentors. His is the greeting when he met Howard Lynch, coach of the state championship Amarillo team of 1940 which failed to win its district title last fall.

# Bookkeeping Class To Be Organized At School Tonight

A bookkeeping class for employed and adult students will be organized tonight in room 213 of the new high school.

The nights on which the classes will be conducted and the hours will be discussed tonight. All interested in taking the course are asked to be present.

Those unable to attend tonight may contact Principal Doyle F. Osborne or W. H. Galloway, coordinator, this week.

# FINLAND'S PRE-WAR FLEET

Before the war, Finland's fleet consisted of two coast defense ironclads, four gunboats, seven motor torpedo boats, three minelayers and five submarines.

A fruit which, in consistency and laws, resembles a hard-boiled egg, tapers on the canistel tree of Latin America.

# Rice Has Edge In Southwest Cage Contest

**By RICHARD WEST**  
**Associated Press Staff**  
 They raise the ante this week in Southwest Conference basketball—and the 1942 race may be over by Sunday.

Could be.

Rice and Arkansas—heavy favorites for this year's title—square off in Houston Friday and Saturday nights and should one sweep the series the whole affair may be virtually settled.

No other team has shown the ability to match these squads.

Both are the class of the conference—well fortified on defense sharp and sure in their attack, calm under pressure, impeccably coached.

Of the two, the Wise Old Owl at Rice has the edge.

The institute is studied with veterans. Two of them—Bob Kinney and Tom Closs—on a good night can score enough themselves to beat an average club.

Kinney poured 23 points through the hoop last week as the Owls crushed Texas, 62 to 38.

Arkansas is dangerous—but not up to last year's magnificent team that went through undefeated and set a conference scoring record of 646 points.

But there'll always be an Arkansas—in basketball.

In an emergency they seem to have just enough. Friday night a well-coached, determined Southern Methodist team—primed for victory—journeyed to Fayetteville. They were ready.

But Arkansas won, 35 to 33 Saturday night S. M. U. was even more determined.

But Arkansas won, 36 to 34.

Bob Carpenter and R. C. Pitts were outstanding for Arkansas and a fast-dribbling little guard, Johnny Sebeck, was almost the whole show for S. M. U.

Texas' capable sophomores bounced back after that disastrous defeat by Rice and trounced the Texas Aggies Saturday night in Austin, 46 to 32.

The Aggies are due for more of the same medicine tomorrow night when they meet Rice in Houston.

Texas goes north this week—a trip that always nukes or breaks a Longhorn basketball team. Friday night they play S. M. U. in Dallas. Saturday they play Christian in Fort Worth.

The Frogs—far better than in recent years but still not on the victory trail—lost to Baylor Saturday night in Waco, 32-44.

The Bears will meet the Aggies Friday night at College Station and S. M. U. tomorrow night in Dallas.

# Stinnett Kiwanis Basketball Team Seeks Competition

**STINNETT, Jan. 12—**After the recent impressive win over the International Clowns at Stinnett, the fast-stepping Stinnett Kiwanis basketball team is looking for new worlds to conquer. The team would like to play any team on Monday or Wednesday nights. A few Saturday night engagements can be handled.

The Stinnett Kiwanis team is composed of ex-West Texas State college players and they have only lost about three games in the past three years. Joe Hayes, George Washington, E. W. Jones, Coy Palmer, and Archie Stevens, from Texas Wesleyan, lead the charge for the Kiwanis.

Stinnett would like to play away from home, and games can be arranged by writing W. S. Christopher, Box 232, Stinnett. The team is sponsored by the Stinnett Kiwanis club and will go anywhere within a radius of 100 miles. They would like to meet some of the fast independent teams.

The Kiwanis team beat the Clowns 59 to 44, and the Phillips Pipelines 40 to 10, after losing to them 43 to 42 early in the season. Tentative games are arranged with Coca-Cola of Amarillo, Skellytown, and LePors.

# Stinnett Kiwanis Basketball Team Seeks Competition

# Cooper Leads Field In \$10,000 Los Angeles Open

**By ROBERT MYERS**  
**LOS ANGELES, Jan. 12 (AP)—**It was Harry Cooper against the field today in the final round of the \$10,000 Los Angeles Open and the last crack at the biggest purse on California's winter tournament trail.

The hurry-up veteran of 39 went into the finale with a two stroke lead over his brother pros, who were inclined to believe that he wouldn't have it when the curtain came down tonight.

Billed out of Minneapolis, Cooper has rounds of 69-71-70-210 for the par 72 of Hillcrest country club's tree lined, well trapped course. He bolstered his position yesterday after starting out on even terms with the tournament favorite, Benny Hogan, America's top money winning pro and low scorer in 1941.

Hogan shot a creditable 72 to go with his previous 70-70 for a 54-hole score of 212.

Cooper's fellow professionals were definitely not pulling against him. But off the record, as far as their names were concerned, they feared the pressure and last round jitters would get him.

The pressure undoubtedly was on "Lighthouse Harry" but he captured this tournament in 1928 and repeated his triumph in 1937. He might hang on to the finish.

Hogan, who had an official average of 70.28 strokes in 1941, showed no trace of cracking up under the strain despite his 72.

Lauffing behind, and a threat to both Cooper and Hogan, were two men just three blows out of first place. They were Slammie Sam Sneed, who shared the pre-tournament honor spot with Hogan, and long hitting Jimmy Thomson, of Del Monte, who won the tournament five years ago.

Sneed, of Hot Springs, Va., looked like the biggest threat. He hadn't had a hot round, but coasted into a 213 total behind rounds of 70-71-72. And still very much in contention was Horton Smith, the first round leader, with a 72 yesterday for 214.

George Halas tells Lt.-Com. John T. Tuthill, Jr., U. S. N. R., that the best football next fall will be played by service teams. Sid Luckman, the Chicago Bears' great ball-handler, smiles his approval.

# Military Camps Will Play Best Football In 42--Halas

**By HARRY GRAYSON**  
**NEA Service Sports Editor**  
**NEW YORK, Jan. 12—**George Halas, biggest man in the professional game, says the best football next fall will be played in military camps.

The pro, he points out, will necessarily have to get along with older men.

Colleges will have only skeleton squads.

Halas insists that time devoted to football by the military will not be wasted. Football formations come closer to military tactics than any other one thing. Football training is the kind of the soldier and sailor requires.

Ex-Ensign Halas recalls unbeaten Great Lakes Naval Training Station team of 1918 for which he played plenty of end. Paddy Driscoll, the old Northwestern luminary and Marquette coach now drilling the Chicago Bears' backs, was the left halfback. Jimmy Conzelmann, coach of the Chicago Cardinals, was a quarterback. Charley Bachman, the Michigan State coach, was the center.

"That Great Lakes team tied Knute Rockne's first Notre Dame team," Halas recalls, proudly. "With the Irish that autumn were the immortal George Gipp, Curly Lambeau of the Green Bay Packers was fullback. Little Joe Brandy was the quarterback. Hunk Anderson

# Four Lone Star Schools Swing In's Action

**(By The Associated Press)**  
 Four of the five Lone Star conference schools swing into action this week as the 11th annual basketball campaign gets under way.

The champion Stephen F. Austin Lumberjacks go to Denton tonight to meet the North Texas Eagles while East Texas is playing host to the Sam Houston Beakats at Commerce. Only the Southwest Texas Bobcats will rest this week. They will see their first conference action Jan. 26 when North Texas journeys to San Marcos.

Pre-season predictions give Stephen F. Austin the nod to retain their crown this year, but Coach Bob Shelton has lost most of his veterans to draft boards and the remaining few are expected to follow soon. North Texas, who has beaten Southern Methodist, Texas Christian, Howard Payne and other cage powers in pre-conference engagements, also lacks an experienced team.

East Texas and Sam Houston, co-favorites of the dopesters, expect to lose most of their key men to the armed forces before the pennant chase closes. Southwest, with few veterans but boasting a powerful aggregation, is considered a dark-horse possibility for the championship.

East Texas, with a loss to Rice Institute, the only mar on an otherwise perfect pre-conference record, is expected to lead the pack down the first stretch with Stephen Austin and North Texas their leading contenders for first honors.

# Benny Hogan Best Professional Golfer

**LOS ANGELES, Jan. 12 (AP)—**Benny Hogan was America's best professional golfer in 1941 according to the average strokes per round statistics. He was also the country's money winner.

Hogan, according to figures released by the Professional Golfers Association of America today, had an average of 70.28 shots per round in tournament play. It represented 101 rounds.

In order behind the little Hershey, Pa., Texas-born pro were Sam Snead, 86 rounds, 70.70; Byron Nelson, 82 rounds, 70.92; Jimmy Demaret, 50 rounds, 71.22; Henry Picard, 35 rounds, 71.22; National Open King Craig Wood, 79 rounds, 71.26; Clayton Heafner, 85 rounds, 71.58, to list the leaders.

# Louis Reports For Physical Exam For Induction Into Army

**NEW YORK, Jan. 12 (AP)—**Heavyweight champion Joe Louis reported to Fort Jay on Governors Island today for a physical examination preliminary to his induction into the army.

Accompanied by Promoter Mike Jacobs, Manager Julian Black, army officers and other selectees, the sleepy-eyed champion arrived at the island by ferry about 9 a. m. (EST).

In registering he gave his real name as Joe Louis Barrow and when asked for his occupation replied "Fighting—and let me at them Japs."

Louis is a resident of Chicago and had been notified to report there today for physical examination, but obtained a transfer here.

While Louis was being given a green identification tag, No. 473, and

# Sports Roundup

**By HUGH FULLERTON JR.**  
**(Wide World Sports Columnist)**  
**NEW YORK, Jan. 12 (Wide World)—**A lot of silly things have been said about the war and sports (and this may be one of them) but we can't see the necessity of cancelling the golf championships. . . . We can't think of anything that would have much less effect on the war effort than a women's golf tournament—unless it's the Court Tennis championships that already have been called off. . . . As long as the golfers are going to have competition, why not let them have a national title to aim at, even though it wouldn't mean as much as usual. . . . Court tennis (the rich man's game) made its contribution Saturday when Pierre Etchebaster, the world pro champ, licked a pair of amateur aces. . . . The N. Y. racquet and tennis club let down the best admitting members of the Links Brook, Knickerbocker, Yale, Harvard, Princeton and Columbia clubs (at \$5.50 per) and collected more than \$400 for the Red Cross.

**Today's Guest Star**  
 Jack House, Birmingham News: "Tony Galento's offering to fight Joe Louis for nothing isn't charity. It's all its worth."

**Monday Matinee**  
 Freddie Fitzsimmons, whose new bowling emporium opened the other night, is the 25th major leaguer (past and present) on the list of alley owners. . . . No doubt their place all feature strikes. . . . Billy McCorney will handle Eddie Lander, the Chicago lightweight, when he fights in the east. . . . Reports from Chicago say the Cubs have been inquiring about training facilities in San Antonio, Texas, and the White Sox have been shopping around Florida, although both clubs still say they're going back to California.

**Sportsport**  
 Back from coast-to-coast, recruiting tour, Gene Tunney reports he still is looking for physical instructors for the navy but isn't signing up any more boxers. Applicants now are required to have degrees in physical education from approved colleges. . . . Freddie Guinard, Joe Louis' secretary and closest companion, has been talking about entering the army when Joe does, but since he is the sole support of his mother he plans to stay at home and manage Joe's real estate. . . . Dippy Evans, the Notre Dame fullback, drove all the way from South Bend, Ind., to Philadelphia to take a job during the Christmas holidays. . . . Only casualty at a ski meet at Butte, Mont., last week was Ole Kolstad, who had his fingers frostbitten while he was manipulating a pencil as a judge.

**Relativity**  
 After Welterweights Billy Murray and Mal Williams had staged a rip-snort-crip at White Plains, N. Y., the other night, they met socially for the first time and were surprised to learn they were cousins. . . . Any baseball player would have told them that's what you call a guy who always gives you a hit.

**One On Him**  
 Air Commodore A. C. Critchley, the former sports promoter, thinks one hole-in-one is enough. . . . He made an act at Sunningdale recently and then reported: "In view of the high price of drinks, I'll do all I can to avoid a repetition of the feat."
