WEATHER

West Texas clear to partly cloudy and continued warm this afternoon tonight and Thursday, a few widely scattered evening thunderstorms in the Panhandle.

Cease-Fire Agenda Still Is Blocked

SEOUL, Korea — (AP) — Allied and Red envoys agreed today on two points of the cease-fire agenda but a dispute over "at least one major point" is locking the start of actual Korean war armistice negotiations.

The United Nations announced this tonight after negotiators returned from their longest session this week. It was the first report of agreement on any part of the agenda.

Vice Adm. C. Turner Joy, head of the UN cease-fire team, accepted Communist wording for two agenda items at the close of Tuesday's conference, the announcement said.

When he did so, "the entire Communist delegation seemed to show gratification, perhaps mixed with a certain element of relief," said Brig. Gen. William Nuckols of the U.S. Air Force. Nuckols attended the session in Kaesong.

And when Admiral Joy presented the allied view on the major unresolved question, Nuckols said, the two "Chinese members of the Communist delegation nodded and appeared to appreciate the United Nations viewpoint."

Neither Nuckols nor the formal headquarters announcement disclosed the points agreed upon in the sixth day of conferences. Nor did they say what was the major stumbling block to reaching a "mutually acceptable agenda."

But General Matthew B. Ridgway, supreme allied commander, described it as "essential" to the success of the cease fire conference.

The U.N. communique said: "At least one major issue remained unresolved when the conference recessed for the day."

"Agreement on the key point is essential to the successful completion of the first phase of the negotiation."

Observers speculated that the key question was whether to discuss withdrawal of foreign troops from Korea. The Communists want this on the agenda. The (See CEASE-FIRE, Page 2)

Little Hope Seen For Spending Cut

WASHINGTON — (AP) — Senator Byrd (D-Va) indicated today that government spending plans for next year have dimmed his hopes the Senate can trim the \$7,200,000,000 tax hike passed by the House.

Byrd also said he does not see where Congress could find the new taxes to balance the \$85,000,000,000 budget proposed for the year starting next July 1.

The Virginia senator is acting chairman of the senate finance committee which continues its hearings today (9 a. m. EST) on the house measure. Senator George (D-Ga), the chairman, has gone home for a two-week visit.

When the committee started hearings on the bill weeks ago, Byrd indicated he thought the tax increase might be held below \$5,000,000,000 without unbalancing the budget in the current fiscal year.

But the senator told newsmen today this was before he heard the administration's \$85,000,000,000 spending estimate for fiscal 1953 — the year when defense outlays are expected to hit their peak.

Any surplus generated this year would help in meeting a fiscal 1953 deficit. This deficit could be as high as \$17,000,000,000 even if Congress accepts President Truman's plea for a \$10,000,000,000 tax hike this year.

Byrd said it would be virtually impossible to balance an \$85,000,000,000 budget so, he said, would mean going into some highly unpalatable tax field such as transactions levy. This would be worse than a sales tax, he said, since it would be applied at each stage in the manufacture of a product.

The Virginia senator did not shut the door to a reduction in the House tax bill, however. If \$4,000,000,000 or \$5,000,000,000 can be cut off this year's budget, he said, the tax bite can be reduced, too.

King Makes First Official Decision
BRUSSELS, Belgium — (AP) — Newly-crowned Baudouin I of Belgium today made his first official decision as king. He refused to accept the traditional government resignation offer.

Premier Joseph Pholien advised parliament of the decision this morning.

First Entries Received For Top O' Texas Kid Pony Show
Entries in the Kid Pony Show, set for Aug. 7, began rolling into the local rodeo headquarters as "rodeo week" in Pampa draws near.

Bobbie Lee Andis, 9, winner of the 1950 Group II contest, Linda Kay Andis, 6, 1950 winner of the Group I contest, were the first entries in this year's show. They are the daughters of Mr. and Mrs. Bob Andis, 4710 Mary Ellen.

St. Louis Area Braces For Onslaught Of Raging Flood

County Tax Slash Promised

Proposed county tax valuation boosts will be reduced by one-half, County Judge Bruce Parker said in a statement this morning to The Pampa Daily News following a re-survey of the county's needs for 1952 operations.

A recent survey of the county, outside of Pampa and the Pampa Independent School District, was completed by the Southwestern Appraisal Co., Fort Worth. Upon completion of the survey, cards showing proposed valuation increases were sent property owners over the county. These cards caused some protests and led to a check-up of what the county actually needed for normal operations during 1952.

As a result of the checkup by County Judge Bruce Parker, and the county commissioners, the following joint statement was issued late this morning:

"We wish to make the following statement concerning equalization and proposed tax increases in Gray County.

For several months the commissioners' court has been working toward equalization of values and has employed skilled people to aid in this effort. A proposed change in value requires that a notice setting out a proposed value be sent to each taxpayer and a hearing be held on the matter. However, upon completion of the survey, it is found that the total of such valuations exceed the present needs of the county.

"In view of this fact, the commissioners' court has decided to increase the tax rate by not more than one-half of the proposed increase indicated on the cards recently mailed to each taxpayer. Consequently all proposed increases will be automatically reduced by at least one-half."

The court, serving as a board of equalization for these properties, will be in session Monday, July 23, 1951, and continue through the week or until all taxpayers who wish to meet the board shall have an opportunity to be heard.

The statement was signed by Judge Parker and each of the four commissioners, Arlie Carpenter, J. W. Graham, Fred Vandenberg and Ernest Beck.

Mass Meeting Slated To Explain Bond Issue

A town hall type mass meeting to discuss the July 28 bond and tax election has been called by the Veterans of Foreign Wars for 7:30 p.m. Tuesday, July 24, Jones Seltz, commander of the VFW post said yesterday.

The VFW commander told The Pampa News the meeting would be held in the American Legion - VFW meeting hall, W. Foster and S. Russell as a part of the organization's town hall meetings program.

Atty. Ross Buzzard will serve as moderator. Three speakers, all talking from a neutral standpoint on each of the three questions, will start the meeting off. They will be followed by those persons who may want to talk for or against the issues, or who want to ask questions.

Seltz, said County Judge Bruce Parker would explain the \$200,000 road and bridge bond issue; Farris Oden, the \$168,700 airport bond; and E. J. Dunigan, the 16 cent tax assumption question.

President Makes Survey Of Damage

ST. LOUIS, Mo. — (AP) — Emergency crews worked feverishly today to bulwark dikes and check rising water that already has caused a loss of nearly \$1,000,000 to factories and rail yards in the immediate vicinity.

Four hundred residents of West Alton, Mo., and vicinity ignored warnings to evacuate their low-lying homes as Army Engineers, Coast Guardsmen and other workers abandoned efforts to strengthen dikes to the point where they could hold back the torrents.

As St. Louis was bracing for the flood, already the nation's costliest, President Truman made a first hand aerial survey of conditions, and the federal government rushed efforts to rehabilitate vast areas of Kansas, Missouri and Oklahoma.

The situation at St. Louis was becoming worse hourly as the mighty Missouri continued to pour its tremendous volume of flood waters into the Mississippi.

St. Louis city officials said there appeared to be no danger to the city of St. Louis, where there already has been an estimated loss of \$750,000 in the immediate area.

Nevertheless, they and Red Cross officials met to prepare emergency flood plans, just in case. Nature of the plans was not disclosed but they were believed to cover an emergency water distribution system in case the city's plants are put out of commission.

Evans, St. Louis prepared for the onslaught of the mighty torrents, thousands of persons still were homeless in the Missouri-Kansas flood area upstream.

Water had subsided at Kansas City, but the major portions of the flooded industrial districts were still under water — eight to 10 feet of water at some places.

The same was true at Topeka, where nearly 8,000 persons still lived in refugee centers because of deep flood waters pouring over their homes.

The crest of the Missouri is approaching Jefferson City, the state capital in the center of the state.

U.S., Spain Open Talks On Defense

WASHINGTON — (AP) — Secretary of State Acheson announced today that the United States has opened talks with Spain's Franco government on its possible role in the defense of Europe. He conceded that this country is split with Britain and France on the question.

Acheson declared in a statement read to his news conference that "military authorities are in general agreement that Spain is a strategic importance to the general defense of western Europe."

Acheson said he understands the Spanish government may make an announcement tomorrow about changing some of its policies which have been criticized here as dictatorial.

Referring to Adm. Forrest Sherman's talk with Franco on Monday, Acheson said it was "natural" that talks should be started to find out what Spain might be willing and able to do to build the common defenses against possible aggression. Sherman, chief of naval operations, is on a European tour concerned mainly with Atlantic pact defenses. Spain is not a member of the defense alliance.

Lay Plans For X-Rays
Plans will be laid next Wednesday for annual chest x-rays in Gray County.

Charles H. Hoover, field representative of the Texas Department of Health requested the meeting in a letter to Dr. J. M. Key, Gray County Health Officer. The purpose, Hoover said, is to explain how Gray County citizens can help in the survey.

To be successful, he added, everyone must cooperate. Jack Edmondson, president of the Gray County Tuberculosis Association, said he will ask all professional and social organizations to be represented.

The meeting will be held in the District Court Room at 8 p.m.

Polio Association Re-Elects Officers
Last year's officers of the Gray County Chapter of the National Foundation for Infantile Paralysis were re-elected at the last monthly meeting of the group.

Rev. Edgar Henshaw was re-elected chairman. E. O. Wedgeworth, secretary, and Ray Evans, treasurer.

Attending the meeting were the following members of the board of directors: Henshaw, Clarence Kennedy, Dr. D. F. Bonner, Mrs. Arthur Teed, I. J. Huval, Roy Taylor, Bob Baker, Mrs. Harold Rinehart, Evans, Bruce Parker, all of Pampa; and Paul M. Bruce, Alamogordo.

Oil Companies Figuring Taxes

Tax experts of various oil companies operating in Gray County started their annual figuring this morning in the county court room.

Armed with calculators, adding machines, maps, production figures, inventories etc. the tax men went to work with the county auditor, a 20 county commissioners after a short talk on the County Judge Bruce Parker.

The county's financial problems by

State Boosts Oil Allowable

AUSTIN — The Texas Railroad Commission today ordered minor changes in production schedules of two fields to boost the state's August oil allowable to 2,983,452 barrels daily. That is a 2,623 barrel a day increase over the present figure.

In line with testimony of major oil purchasers at the statewide proration hearing, the commission retained a statewide producing schedule of 10 days for August. The East Texas field will remain on 19 days despite a 6.02 pounds per square inch drop in bottomhole pressure during June.

Police Delve Into Death Of Executive

CHICAGO — (AP) — Police delved into the business and personal affairs of Charles Crane, 37, a wealthy paper company executive, today as they hunted a motive for his mysterious slaying.

"We have no clues at all," said Lieut. John Golden, chief of homicide detectives. "The motive may have died with him."

Crane, who in 10 years rose from a \$50 a week dock hand to virtual operator of the Thomas Paper Stock Co. which grosses from \$6,000,000 to \$8,000,000 a year, was shot to death yesterday.

Crane was sitting in his car outside the company plant in the Goose Island district — on the city's near northwest side — when a green-shirted gunman approached. He fired two shots. The bullets struck Crane's face and head at close range, killing him instantly.

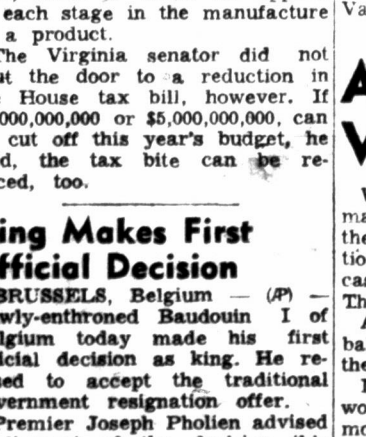

The gunman fled to a car parked nearby and drove away with a companion. Police said three men heard two shots and saw the slayer running from Crane's car.

Clovis Air Base To Be Reopened
WASHINGTON — (AP) — The Air Force hopes to begin reactivation of Clovis, N.M., Air Force Base about Sept. 1.

Officials notified Rep. Dempsey (D-NM) yesterday that the base definitely is to be reactivated but whether the reopening will begin Sept. 1 depends on passage of appropriations legislation.

"I'd like it better if we'd look in The News' Want Ads for a cottage at some lake."

Bobbie Lee Andis, 9, winner of the 1950 Group II contest, Linda Kay Andis, 6, 1950 winner of the Group I contest, were the first entries in this year's show.

Absentee Vote Slow

With only five voting days remaining for absentee balloting on the July 28 bond and tax election, not one ballot has been cast in County Clerk Charlie Thut's office.

All issues appear on the same ballot in a binder in which they were called.

It was first believed the county would have to have two or more ballots for the election, but bond election experts found only one ballot is necessary.

Midnight, Tuesday, July 24, three full days before the election — is the deadline for absentee voting in the county clerk's office; if mailed, they must be postmarked before midnight, July 24.

Appearing first on the ballot is the road and bridge bond issue, followed in the support and the 16 cent tax assumption third on the list.

Neither of the bond questions have the amount printed on them.

Contract Awarded For Bridge Repair
The State Highway Commission yesterday announced that Bell, Ercden, Barker and Given, Amarillo construction firm, was low bidder on repairing the Lake McClellan Creek bridge along Farm-to-Market Road 291 that was washed out during recent downpours.

State highway engineers estimated the bridge repair job would run approximately \$25,000. However, the low bid received yesterday by the Amarillo concern was \$17,499.

Local Merchants Supporting Event: More Than \$500 In Prizes Donated For Soapbox Derby

More than \$500 in merchandise and trophies will be given to contenders in the local Soap Box Derby Sunday, according to Dick Stowers, general chairman, and Paul Brown, committee advisor.

Most of the \$4 prizes have been donated by local merchants. They include fishing and other sporting equipment, gift certificates, watches, fountain pens, tools, cameras, bicycles and many other items.

Prizes are to be awarded July 24 at a Junior Chamber of Commerce luncheon.

Soap Box Derby racers were inspected yesterday at Borger by a group of Pampans. Sixteen cars were checked to make certain they were built according to rules listed in the All American Soap Box Derby rule book. Today, local racers were to be inspected beginning at 1:30 p.m. in the high school gymnasium.

Trial runs will be conducted Saturday afternoon at Derby Downs north of Pampa to give each boy a chance to try out the course. That night, cars will be kept at the Downs and guarded by members of the Junior Chamber of Commerce.

Sunday's races are scheduled to get underway at 2 p.m. Stowers announced. Approximately 50 heats will be run during the afternoon and plans have been made to assure that they will be run as speedily as possible, committee members said.

Winner of the Pampa Soap Box Derby will be given an all-expense trip to Akron, Ohio for the national trials as a guest of the Pampa Daily News.

Boeing Takes First Multi-Purpose Plane

WASHINGTON — (AP) — The Boeing Airplane Co. said today it has just delivered the first production airplane of a new multi-purpose C-97 freighter series to the Air Force in Seattle.

The company said the 72-ton plane is the first production model designed to operate with a changeover requiring only a few hours — as a tanker, troop transport, cargo carrier and hospital plane.

Install it yourself — save 10%. See the complete line of washed air coolers for home and business. Bert A. Howell & Co., 119 N. Ward, Ph. 152 — adv.

Area Scouts Leave Today For Ten Days Canoeing In North

Destination 'Canada' Explorer Scouts and their leaders from the Adobe Walls Boy Scout Council boarded a chartered bus in Borger at 6 a.m. today to begin their four-or-five-day trip to the Canadian canoe trails in the Quetico National Forest in Canada.

Original plans were to make the trip through Kansas. Because of floods in that state, the route will be to Hastings, Neb., Des Moines, Iowa, Duluth, Minn., and Ely, Minn.

On reaching Ely, the group of 36 will proceed to the Canoe Region X of the Boy Scouts of America. Here they will be outfitted with canoes, packs, food and other equipment and will receive instruction in handling canoes. A guide will be assigned each crew.

Area Scouts Leave Today For Ten Days Canoeing In North

Some will travel most of the ten days and the others will camp out along the way, taking shorter routes.

Explorers and their leaders will do their own cooking using dehydrated foods with the exception of the fish they catch.

Leaders of this year's trip are E. C. Kilpatrick, Pampa, camping and activities chairman of Adobe Walls Council; Howard Culp, Borger, advisor of Post 23 and one of last year's leaders; Roy Sullivan, Perryton, advisor of Post 35; and Robert Hogan, Pampa, served as the leader of the Adobe Walls Council Canoeists to Philmont in New Mexico earlier this year.

Three other men will accompany the group to give added supervision. They are Kenneth Simpson, Borger, Truman Cooper, Pampa, and Burt Smith, Claremore.

Oil Companies Figuring Taxes

Tax experts of various oil companies operating in Gray County started their annual figuring this morning in the county court room.

Armed with calculators, adding machines, maps, production figures, inventories etc. the tax men went to work with the county auditor, a 20 county commissioners after a short talk on the County Judge Bruce Parker.

NOTICE OF ELECTION FOR ADDITIONAL COUNTY AD VALOREM TAXES

THE STATE OF TEXAS COUNTY OF GRAY NOTICE TO THE QUALIFIED PROPERTY TAXPAYING VOTERS OF GRAY COUNTY, TEXAS, WHO OWN TAXABLE PROPERTY THEREIN AND WHO HAVE DULY RENDERED THE SAME FOR TAXATION:

TAKE NOTICE that an election will be held throughout GRAY COUNTY, TEXAS, on the 28th day of July, 1951, for the purpose of determining whether the Commissioners' Court of said County shall be authorized to levy, assess and collect additional county ad valorem taxes, the proceeds thereof to be used for the construction and maintenance of farm-to-market and lateral roads, or for flood control, either or both, as the Commissioners' Court may determine, all in accordance with the provisions of Section 1 of Article 3 of the Texas Constitution, and Article 704a, Vernon's Annotated Texas Civil Statutes of 1925, as amended.

IT IS FURTHER ORDERED that the ballots for said election shall be prepared in sufficient number and in conformity with House Bill Number 357, passed by the Fifty-first Legislature in 1949, and that printed on such ballots shall appear the following:

ORDER FOR ELECTION FOR ADDITIONAL COUNTY AD VALOREM TAXES

THE STATE OF TEXAS COUNTY OF GRAY

ON THIS, the 9th day of July, 1951, the Commissioners' Court of Gray County, Texas, convened in regular session at the regular meeting place thereof in the courthouse at Pampa, Texas, the following members of said Court, to-wit: BRUCE L. PARKER, County Judge, Presiding; and

ARLIE CARPENTER, Commissioner, Precinct No. 1; J. W. GRAHAM, Commissioner, Precinct No. 2; FRED E. VANDERBURG, Commissioner, Precinct No. 3; Wm. EARNEST BECK, Commissioner, Precinct No. 4.

When, among other proceedings had by said Court, the following: Commissioners Vanderburg introduced the following order and moved its adoption by the Court:

WHEREAS, by an amendment to the Constitution of the State of Texas adopted at an election on November 2, 1948, being Section 1 of Article 3 of said Constitution, it was among other things provided that from and after January 1, 1951, no state ad valorem tax shall be levied upon any property within the State of Texas for general revenue purposes, except as authorized by law, and that the several counties of said State shall be authorized to levy ad valorem taxes upon taxable property within their respective boundaries for county purposes, except the first THREE THOUSAND DOLLARS (\$3,000) valuation of residential homesteads, not to exceed SIXTEEN CENTS (16c) on each ONE HUNDRED DOLLARS (\$100) valuation of taxable property in said County, (until the amount of said maximum tax shall be changed as authorized by law), which tax shall be in addition to all other ad valorem taxes heretofore authorized by the Constitution of the State of Texas, provided the revenues therefrom shall be used for the construction and maintenance of farm-to-market and lateral roads, or for flood control, either or both, as the Commissioners' Court may determine, all in accordance with the provisions of Section 1 of Article 3 of the Texas Constitution, and Article 704a, Vernon's Annotated Texas Civil Statutes of 1925, as amended.

Each voter shall mark out with black ink or black pencil one of the above expressions, thus leaving the other as blank, indicating his or her vote on the proposition.

Not only those who are qualified property taxpayers voters in said County and who have duly rendered their property taxes shall be entitled to vote at said election.

The polling places and presiding judges of said election shall be as follows:

Presiding Number-Voting Place Judge

1. Lefors School Building Lefors, Texas Mrs. Bill Mullin

2. Harrah Methodist Church Harrah, Texas Dick Walker

3. Grandview Schoolhouse Grandview, Texas Jim McCracken

4. W. J. Ball Residence Alan Reed, Texas W. J. Ball

5. City Hall, McLean, Texas City Hall, McLean, Texas

6. Laketon Schoolhouse Laketon, Texas Ennis Jones

7. C. C. Stockstill Residence C. C. Stockstill

8. Hopkins Schoolhouse Hopkins, Texas John Mackie

9. Woodrow Wilson School Pampa, Texas Gus Green

10. Courthouse, Pampa, Texas Courthouse, Pampa, Texas John I. Bradley

11. Store Building, Kingsmill Store Building, Kingsmill Mrs. Rex McKay

12. Oddfellow Hall, Pampa, Texas N. P. Brown

13. Community Hall, Phillips Camp, Texas N. M. Kite

14. McCullough Methodist Church Pampa, Texas N. M. Kite

15. Carpenters Union Hall, Pampa, Texas Mrs. Jess Clay

16. Rose Motor Company Pampa, Texas Ed Anderson

17. Cubine Building, McLean, Texas J. E. Kirby

18. Webb Schoolhouse Webb, Texas Mrs. Charlie Webb

The County Judge shall cause notice of said election to be posted at the courthouse door and at a public place in each voting precinct in said County not less than fourteen (14) days next before said election, and the same shall be published on the same day in each of two successive weeks in a newspaper of general circulation published within said County, the date of the first publication to be not less than fourteen (14) full days prior to the date for election.

A substantial copy of this order shall serve as proper notice of said election.

The above order having been read in full, the motion of Commissioner Vanderburg for its passage was duly seconded by Commissioner Beck.

Thereupon, the question being called for, the County Judge put the motion to a vote of the members of the Commissioners' Court, and the motion carried by the following vote: Commissioners Carpenter, Graham, Beck and Vanderburg voting "AYE"; and none voting "NO".

PASSED AND APPROVED, this 9th day of July, 1951.

BRUCE L. PARKER, County Judge, Gray County, Texas

ARLIE CARPENTER, Commissioner, Precinct No. 1.

J. W. GRAHAM, Commissioner, Precinct No. 2.

FRED E. VANDERBURG, Commissioner, Precinct No. 3.

Wm. EARNEST BECK, Commissioner, Precinct No. 4.

IN TESTIMONY WHEREOF, I have hereunto signed my name, officially and affixed the seal of the Commissioners' Court of Gray County, Texas, this 9th day of July, 1951, pursuant to authority given by law and the above order of the Commissioners' Court of said County.

BRUCE L. PARKER, County Judge, Gray County, Texas

ARLIE CARPENTER, Commissioner, Precinct No. 1.

NOTICE OF ELECTION FOR THE ISSUANCE OF COUNTY AIRPORT BONDS

THE STATE OF TEXAS COUNTY OF GRAY NOTICE TO THE QUALIFIED ELECTIONS OF GRAY COUNTY, TEXAS, WHO OWN TAXABLE PROPERTY IN SAID COUNTY AND WHO HAVE DULY RENDERED THE SAME FOR TAXATION:

TAKE NOTICE that an election will be held throughout GRAY COUNTY, TEXAS, on the 28th day of July, 1951, for the purpose of determining whether the Commissioners' Court of said County shall be authorized to levy, assess and collect additional county ad valorem taxes, the proceeds thereof to be used for the construction and maintenance of farm-to-market and lateral roads, or for flood control, either or both, as the Commissioners' Court may determine, all in accordance with the provisions of Section 1 of Article 3 of the Texas Constitution, and Article 704a, Vernon's Annotated Texas Civil Statutes of 1925, as amended.

IT IS FURTHER ORDERED that the ballots for said election shall be prepared in sufficient number and in conformity with House Bill Number 357, passed by the Fifty-first Legislature in 1949, and that printed on such ballots shall appear the following:

ORDER OF THE COMMISSIONERS' COURT ORDERING COUNTY AIRPORT BOND ELECTION TO BE HELD IN GRAY COUNTY, TEXAS

THE STATE OF TEXAS COUNTY OF GRAY

ON THIS, the 9th day of July, 1951, the Commissioners' Court of Gray County, Texas, convened in regular session at the regular meeting place thereof in the courthouse at Pampa, Texas, the following members of said Court, to-wit: BRUCE L. PARKER, County Judge, Presiding; and

ARLIE CARPENTER, Commissioner, Precinct No. 1; J. W. GRAHAM, Commissioner, Precinct No. 2; FRED E. VANDERBURG, Commissioner, Precinct No. 3; Wm. EARNEST BECK, Commissioner, Precinct No. 4.

When, among other proceedings had by said Court, the following: Commissioners Vanderburg introduced the following order and moved its adoption by the Court:

WHEREAS, by an amendment to the Constitution of the State of Texas adopted at an election on November 2, 1948, being Section 1 of Article 3 of said Constitution, it was among other things provided that from and after January 1, 1951, no state ad valorem tax shall be levied upon any property within the State of Texas for general revenue purposes, except as authorized by law, and that the several counties of said State shall be authorized to levy ad valorem taxes upon taxable property within their respective boundaries for county purposes, except the first THREE THOUSAND DOLLARS (\$3,000) valuation of residential homesteads, not to exceed SIXTEEN CENTS (16c) on each ONE HUNDRED DOLLARS (\$100) valuation of taxable property in said County, (until the amount of said maximum tax shall be changed as authorized by law), which tax shall be in addition to all other ad valorem taxes heretofore authorized by the Constitution of the State of Texas, provided the revenues therefrom shall be used for the construction and maintenance of farm-to-market and lateral roads, or for flood control, either or both, as the Commissioners' Court may determine, all in accordance with the provisions of Section 1 of Article 3 of the Texas Constitution, and Article 704a, Vernon's Annotated Texas Civil Statutes of 1925, as amended.

Each voter shall mark out with black ink or black pencil one of the above expressions, thus leaving the other as blank, indicating his or her vote on the proposition.

Not only those who are qualified property taxpayers voters in said County and who have duly rendered their property taxes shall be entitled to vote at said election.

The polling places and presiding judges of said election shall be as follows:

Presiding Number-Voting Place Judge

1. Lefors School Building Lefors, Texas Mrs. Bill Mullin

2. Harrah Methodist Church Harrah, Texas Dick Walker

3. Grandview Schoolhouse Grandview, Texas Jim McCracken

4. W. J. Ball Residence Alan Reed, Texas W. J. Ball

5. City Hall, McLean, Texas City Hall, McLean, Texas

6. Laketon Schoolhouse Laketon, Texas Ennis Jones

7. C. C. Stockstill Residence C. C. Stockstill

8. Hopkins Schoolhouse Hopkins, Texas John Mackie

9. Woodrow Wilson School Pampa, Texas Gus Green

10. Courthouse, Pampa, Texas Courthouse, Pampa, Texas John I. Bradley

11. Store Building, Kingsmill Store Building, Kingsmill Mrs. Rex McKay

12. Oddfellow Hall, Pampa, Texas N. P. Brown

13. Community Hall, Phillips Camp, Texas N. M. Kite

14. McCullough Methodist Church Pampa, Texas N. M. Kite

15. Carpenters Union Hall, Pampa, Texas Mrs. Jess Clay

16. Rose Motor Company Pampa, Texas Ed Anderson

17. Cubine Building, McLean, Texas J. E. Kirby

18. Webb Schoolhouse Webb, Texas Mrs. Charlie Webb

The County Judge shall cause notice of said election to be posted at the courthouse door and at a public place in each voting precinct in said County not less than fourteen (14) days next before said election, and the same shall be published on the same day in each of two successive weeks in a newspaper of general circulation published within said County, the date of the first publication to be not less than fourteen (14) full days prior to the date for election.

A substantial copy of this order shall serve as proper notice of said election.

The above order having been read in full, the motion of Commissioner Vanderburg for its passage was duly seconded by Commissioner Beck.

Thereupon, the question being called for, the County Judge put the motion to a vote of the members of the Commissioners' Court, and the motion carried by the following vote: Commissioners Carpenter, Graham, Beck and Vanderburg voting "AYE"; and none voting "NO".

PASSED AND APPROVED, this 9th day of July, 1951.

BRUCE L. PARKER, County Judge, Gray County, Texas

ARLIE CARPENTER, Commissioner, Precinct No. 1.

J. W. GRAHAM, Commissioner, Precinct No. 2.

FRED E. VANDERBURG, Commissioner, Precinct No. 3.

Wm. EARNEST BECK, Commissioner, Precinct No. 4.

IN TESTIMONY WHEREOF, I have hereunto signed my name, officially and affixed the seal of the Commissioners' Court of Gray County, Texas, this 9th day of July, 1951, pursuant to authority given by law and the above order of the Commissioners' Court of said County.

BRUCE L. PARKER, County Judge, Gray County, Texas

"Just idle curiosity, of course, but do you love me?"

Congress' Probes Cost \$8 Million

By JAMES MARLOW
WASHINGTON — (AP) — The detective business in Congress is running into big money: almost \$8,000,000 spent on special investigations since 1947.

This came out last week in a report by a staff of experts on Congress, working for the Senate's Expenditures Committee. They don't complain about the number of investigations. But they think they're needlessly expensive.

Ed Myatt spoke to members of the Junior Chamber of Commerce at the luncheon meeting Tuesday on the coming Gray County Airport election and bond issue.

South Texas Suffers From Hard Drouth

HOUSTON — (AP) — Gulf Coast, East and South Texas farmers and stock raisers are currently in the grip of a searing drouth, which may well cause them a loss of \$75,000,000 or even more.

The extent of the full loss, of course, depends on how soon rains come. In some counties, agriculture was given a leeway of only a week or 10 days.

The hardest hit area of Texas apparently is Nueces County, where Grady Stiles, veteran farm editor of the Corpus Christi Times, called said the cotton crop will be cut from a normal crop of roughly 100,000 bales to a possible 10,000 bales.

Jaycees Hear Airport Talk

Ed Myatt spoke to members of the Junior Chamber of Commerce at the luncheon meeting Tuesday on the coming Gray County Airport election and bond issue.

In the May election, the Jaycees supported the northwest lot of the airport and will do so again. Myatt pointed out that the new terms are \$120,000 less than the last election called for and that the facilities proposed are more than before.

Some Saying Country In Good Shape

By SAM DAWSON
NEW YORK — (AP) — Too much talk about the slump in some of our industries may be hiding the fact that the country as a whole is still rocking along at a rate that would be considered good by any normal standards.

Earnings statements from two business giants today add to the pleasant scene. American Telephone and Telegraph reports the biggest per share earnings since 1929, and DuPont says sales are up 22 percent over last year, but higher taxes cut earnings back slightly.

Too Few Byrds In Government

Harry Truman was once quoted as saying "I had more than many Byrds in the Senate."

The Virginian, whose protests are just beginning to be heard, publicly disclaimed any relationship with the present New Deal Democrats.

The following excerpts have been taken from his recent speech and we believe they are worthy of passing on to our readers.

"Waste and squandering of public funds comes first among the irresponsible policies of the administration at Washington."

Let me review briefly these financial burdens we must bear, because fiscal solvency is not only the foundation of our constitutional democracy but economic strength is the source of capacity for military preparedness.

"The enterprise system is a greater deterrent to world conflict and a more dependable peace than a United Nations will ever be. It is the only force in the world that Russia fears and recognizes."

This system can be destroyed by excessive and unreasonable taxation, by government regimentation, by government competition, by state Socialism. It can be destroyed by national incoherence, by this economic system, I think it is Russia's sinister purpose and we must admit that headway is being made in this direction."

"On January 15, Mr. Truman sent a message to Congress in which he said: 'The government must practice rigid economy in its non-defense activities. Many of the things we would normally do must be curtailed or postponed.'"

"Yet a week later, Mr. Truman sent a message to Congress in which he actually increased civilian spending to highest level in the history of our country. He incorporated all of his socialistic measures known as the Fair Deal. I said then, and I repeat now, that considering us, this budget recommendation represented the very height of fiscal irresponsibility. Not only was domestic spending increased, but new and costly ventures in government spending were included."

"There are now 2,400,000 civilians on the federal payroll in the executive branch. The number of new employees being added to the payroll is little less than a national scandal. This new employment has been averaging nearly 500 additional employees a day for a year. The cost of the federal civilian payroll is now running at an annual average of \$8.5 billion, more than it cost at the peak of World War II."

"I say to you that Santa Claus must be put in deep freeze."

"The President says it is an insult to the intelligence of the American people to say we are on the road to Socialism. I have said, and I repeat now, that should the proposals of Mr. Truman be adopted, we would become a socialistic state from which there can be no retreat. I submit to the President, these questions: 'If he is against Socialism, why is he pressuring Congress to adopt socialized medicine? The appropriation for the beginning of socialized medicine was included in his last budget. It is true the President calls it a national health plan, but it is the British brand of socialized medicine and is frankly admitted by the British to be Socialism.'"

"Then, why is the President promoting the Brannan plan? Nothing more socialistic has ever been proposed than the Brannan plan. It will compel the farmers to be wards of the government and the chief income of individual farmers would be distributed payments, from and controlled by the federal government. The only sincere thing Mr. Brannan has said about this Truman administration plan is that he could not estimate the cost of it."

"Then the President is advocating socialized housing, which is partial form, at least, is already underway."

"If you socialize your health, socialize your food, and socialize the government, you have taken an irrevocable step to state Socialism from which there is no retreat. Socialism and free enterprise cannot live under the same roof. England thought so but now, after her sorrow, she has found that it cannot be done."

"Let us remember that if partial Socialism is established under the same roof with democracy, Socialism will gradually crowd out the democratic institutions. To the unthinking this (Socialism) easy road to living has many attractions, but democ-

Better Jobs

By R. C. HOLLES

Teaching Group Wants Federal Aid—Endorse With-Hiss, United Nations.

The organization planned the National Education Association, composed of thousands and thousands of public school teachers, have been meeting in San Francisco.

They advocate what could be expected from any Red organization. They object to the word "Red", but there is no word that seems to describe them better.

They advocate the things that will lead to more and more statism—more and more collectivism—more loss of human liberty. The news report says "the NEA condemns the careless, incorrect and unjust use of words as 'Red' and 'Communist' to attack teachers and other persons who in point of fact are not Communists, but who merely have views different from those of their accusers."

Now just what views do believers in tax supported schools have? They have the view that the state has the moral right to do as they do in education, and that they want to do it from individuals and use it to propagandize their own ideas. If that is not Red doctrine, if that is not socialistic and a form of communism, then nothing is socialistic or Red or communist.

They contend that teachers should have the privilege of presenting all points of view. Why in the world should the youth of the last study the trillions and trillions of ways of doing things wrong? When they attempt to do that, they do not have the time to study the moral principles that should guide human relations.

ARE THEY HOSTILE TO RELIGION?

They take the stand that they should not teach religion, but that they should teach moral and spiritual values. I have never been able to find any public school teacher who would attempt to set down his guide of moral and spiritual values.

If they disregard religion, what do they use as a moral guide to determine whether or not a thing is moral and spiritual? The only guide they seem to use is that which might make right—that the majority believe in it. The majority determines moral and spiritual values. They cannot use the Golden Rule or the Commandments as a guide to determine spiritual and moral values. They are completely violating these great moral principles. They would be embarrassed if they even attempted to set down any principles as a basis for their conduct. Yet they palaver about being able to teach moral and spiritual values.

The fact that they cannot teach moral and spiritual values and do not do so is largely the reason we are in the predicament we are in today. It is largely, the reason we have long periods of unemployment, staggering taxes and one war after another.

This group of public school educators go on record with Alger Hiss as saying that "the United Nations should be supported by teachers, in and out of the classroom, as the organization recognized by the government to maintain security and peace."

How much security and peace have we had since we have had the United Nations? The United Nations is in violation of the principles set forth in the first official document of the United States—the Declaration of Independence. It would take away from the people the United States that what form of government and substitute a collectivist form of government—a Red form of government. If you please—a socialistic form of government, that would take away more and more of the individual's right to choose.

"These educators" do not seem to know that peace and security come from the heart—not from politics, not from the sword, not from counting noses backed by the sword. And this group of miseducators go on record as favoring the "Federal funds be made available to public schools, but not provided for nonpublic schools either directly or indirectly."

They are perfectly willing to use force to make the man who does not believe that tax supported schools can educate pay for them whether he uses them or not. What standard of justice is that other than might makes right?

What they advocate in their resolutions is exactly what could be expected from a group of teachers who believe that they do not need to render service so long as that people will pay them on a voluntary basis, as is the case with every individual in private enterprise. They do not believe in private enterprise because they are a part of collectivism and socialism. In other words, they are unprincipled individuals. How can unprincipled individuals really educate the youth of the land? It is because they are unprincipled that I have never been able to find any public school teacher who would attempt for \$100 to harmonize the United States with the Commandments, the Golden Rule and the Declaration of Independence. I had one man who took the \$100 but who frankly admitted that public schools and government are not governed by the Golden Rule, the Commandments or the Declaration of Independence.

It is a crime and a shame that we compel the youth of the land to come in contact with teachers of this kind who hide under the guise of being real educators.

It is founded upon the strength, the enterprise, the dignity and the labor of the individual. It can only be preserved by the individual doing things for himself instead of having the government do them for him with all the regulations and restrictions and expense that go with it. "I close with a quotation from a great Southerner, Benjamin Hill, Georgia. No statement could more succinctly state up a responsibility of today. He said: 'He who saves his country saves all things. And all things dying shall curse him. But he who lets his country die and all things die shall curse him.'"

Baxter's Views

BY DAVID BAXTER

An evangelist named Branham has been conducting some revival services in Southern California and considerable controversy has arisen about the subject of Divine healing. The Pentecostal groups, from which Branham springs, put a lot of stock in the fact of healing while a Church of Christ preacher has been challenging these claims and offering to raise someone from the dead every time a bona fide physical healing can be proven by the evangelist.

While I have some doubt about wily-advertising claims about the cause of Christ, any good because of a lot of people who expect to be healed direct and are not, will be chagrined, there is no doubt in my mind about God's being able to bring about a cure if He wants to. If His ways are "Mysterious" then it is just possible that He may heal someone in a most unexpected way.

In this connection, I cannot overlook the case of little Donny Marton, not quite 2 years old, who was given up as a hopeless case by doctors during a rare brain tissue disease. He hasn't even been able to stand up for over a year and his weight shrank to 120 pounds.

Donny's father, hearing of evangelist Branham and hopeful that the child might yet escape death, carried the child in his arms on a long bus trip from Canada. Branham prayed for Donny and the child, at least, seemed to see some improvement in his condition. Which is neither here nor there.

What happened was that Dr. William T. Grant, a great brain specialist of Pasadena, California, heard of the case and offered to perform a delicate brain operation on Donny free of charge.

A short time ago the operation was performed and he has just now had word that, after several days of observation, Dr. Grant says the operation was a success and that Donny will recover. That is mighty good news.

But what about "Divine" healing? Well, note the chain of circumstances while remembering that "God moves in mysterious ways His wonders to perform." Obviously no "direct" cure was effected on the spot when the child was brought to the evangelist. However, the evangelist had not been there then. Donny's dad would hardly have brought the lad from Canada, the brain surgeon would not have heard of him, no operation would have been performed and the chances are about 100 per cent that Donny would be very near it.

By a most remarkable line of incidents Donny was (or is at least pronounced) rid of his (incurable) brain malady—whether through God's having used the evangelist or the doctor is not an instructor. But Donny IS ON HIS WAY TO GETTING WELL. Dr. Grant himself assures us of that. "God moves in mysterious ways His wonders to perform."

And let me remind you that when the surgeon finally pronounced the operation a success, the Canadian boy's father joyfully said, "I've had faith all the time that I'd be able to take him home with me."

Apparently that simple faith has been more than justified. No matter who or what the INSTRUMENT will anyone deny God's credit?

A doctor, a brain surgeon, is a CREATOR, just as we are all created beings. "We brought nothing into the world and we can take nothing out." As St. Paul wrote to young Timothy, "Whatever a creature is, whatever talents he has been given, is entirely due to the CREATOR. Whom we call God. Who can say that He has not endowed some people with remarkable medical or osteopathic or chiropractic or other mediums of healing just as He has given many people distinctive abilities in various walks of life? To charge this all up to "accident" is an atheist idea I have never found the slightest ground for. Why shouldn't an omniscient God be able to heal anyone He wants to—by faith—through using any instrument He wants to? In Donny's case it seems the actual operation instrument chosen was the brain surgeon, Dr. Grant. Whatever the circumstances, God is glorified. Did not even the GREAT healer, Jesus, Himself glorify God?

I have been very much intrigued by such cases as the Canadian lad's and in observing the circumstantial events surrounding them—the mysterious (to us) ways in which they are brought about, I almost lost sight of the theological argument between the Church of Christ preacher and the evangelist because of the big, over-all dazzling power of God in bringing events about.

An applicant for a position on the police force was asked: "Examinee—if you were ordered to disperse a crowd what would you do?" Applicant—"I'd pass around the hat, sir!"

The customer explained to the waitress that his son was sewing the eggs too easy, and son on. Finally he said: "Customer—And when you order that check, make it lean."

Waitress—Yes, sir, which way?

AM I SURE? TOLD BOB I WAS STAYING HOME TO WASH MY HAIR—THE ONE NO-ONE ELSE CALLED.

The late Charles Ross, President Truman's secretary, told me that he had seen the man who was in the White House as representative of a Greek language newspaper, although she did not write Greek. Her assignment was terminated by General Harry Vaughan at the request of President Truman.

The time referred to was the fall of 1944 when, victory was assured and "intelligence reports indicated a very aggressive" policy in Soviet Russia, "not at all in line with the kind of cooperation everyone was hoping for."

When Andrew Older died on Oct. 8, 1950, the Washington Post, the political voice of the Frankfurter group, ran the story on page one of the second section, indicating that, in the opinion of the Post, he was an important man in the history of the Communist Party in Washington, D.C.

Senator Joe McCarthy, of Wisconsin, has discussed on the Senate floor and placed in the Congressional Record at long, detailed series of accusations against Pearson on the subject of Communist and pro-Communist propaganda.

Although Pearson habitually tosses out sly intimations that he knows what goes on "behind closed doors" and even relates verbatim quotes of unrecorded, spontaneous, private conversations, he now claims that Andrew Older, his own reporter, concealed from him his membership in the Communist Party in Washington, D.C.

Older was exposed as a Communist by the testimony of Mrs. Mary Markward, an undercover agent of the FBI who joined the party and was a spy within its ranks for seven years. Long ago the fact was exposed that David Karr, a "leg-man" employed by Pearson both as a reporter and as a torpedo to deliver threats against individuals, had been employed by the Daily Worker, the official organ of the Communist Party in New York. Markward said the custom was to exclude non-Communists. Karr is an alias. Karr's wife was placed in the White House as representative of a Greek language newspaper in this secretive Greek. Her assignment was terminated by General Harry Vaughan at the request of President Truman.

WASHINGTON — (NEA) — New Gov. Thomas E. Dewey's trip to the Far East was made at the suggestion of John Foster Dulles, who has been chief negotiator of the Japanese peace treaty.

Originally, Governor Dewey had planned to go to Europe. Ambassador Dulles, who was Dewey's principal foreign policy adviser in his races for the Presidency, reminded the governor that he had been to Europe two years ago, but had never visited the Pacific.

Since the Far East is to be an important area, Dulles thought Governor Dewey should become better acquainted with its problems, first-hand.

Ambassador Dulles arranged the trip and made appointments with many of the people Governor Dewey is to see in Japan, Formosa, Hong Kong, Indo-China, Indonesia, Singapore, Australia, and New Zealand.

U. S. Air Force is having a tough time trying to figure out what it needs so many men, and what they all do. When the Air Force had 48 groups, it had 411,000 men. Doubling the size of the Air Force was expected to call for only twice as many men. But the personnel estimates for the 95 group Air Force now being built up call for over 1,000,000 men.

The brass can't understand it. "You just don't need that many people," says NOT ON WALL STREET.

While the Hungarian Communist government continues kicking Americans around, Hungarian embassy officials in the United States are being right ahead with plans to re-open the New York and Chicago consulates. They were closed in retaliation for American business man Robert Vogeler's arrest and imprisonment on phony spy charges.

Hungarian government did have to get a new location in New York. Before the Vogeler arrest, they had consular offices in Wall Street area. They decided that wasn't a good address for their second consulate offices, so they changed.

Biggest manpower shortage now reported is in graduate engineers. Survey of American industry has indicated that 70,000 young engineers are now wanted by employers. But only 29,000 engineering students were graduated by technical schools this June.

And only 19,000 high school graduates have indicated they will enter engineering schools this fall. Assuming the customary drop-outs and failures, this will nowhere near supply demand for engineers four years hence.

Dr. Arthur Flemming, U. S. power adviser to Mobilization Director C. E. Wilson, has just set up new advisory committee to increase number of students taking engineering courses.

More women may be urged to take up engineering. And a new plan to finance qualified students unable to get money for their own technical education, may have to be adopted.

Transfer of the Pacific Islands Trust Territory from Navy Department to Department of Interior supervision leaves few spots under U. S. military government.

Waik, Midway and Johnston Islands, important as mid-Pacific airbases, are still under the military government.

The Ryukus and the Bonin - volcano islands are under military government, pending settlement of the Japanese peace treaty.

Rain Threatens Heavyweight Bout

PITTSBURGH — (AP) — A threat of late evening showers hung over the outdoor Ezzard Charles-Jersey Joe Walcott heavyweight championship fight as the gladiators sweated out the hours for their third title clash at 8 p. m. (CST) tonight.

This is Pittsburgh's first heavyweight title scrap and the Forbes Field car has caught on big in the Smoky City. The only answer to the unusual stir over this road show is Charles. The 30-year-old Cincinnati negro considers this his second home town and his appearance here in defense of his crown is a fulfillment of an old promise.

Otherwise the future would be difficult to understand. Lean Ezzard, in the sharpest condition of his life, is a 4 to 1 favorite in a very light betting market to whip the 37-year-old perennial challenger as decisively as he did in their other collisions in Chicago and Detroit.

The promoting McGinley-Rogovits Company already has a crowd of 20,000 is expected to contribute over \$175,000 for the 15 rounder. The bout is being telecast over the Dumont network and will be broadcast Pittsburgh and nearby Johnstown, Pa., will be cut out of the telecast.

In the event of a postponement, the bout will be staged tomorrow. Tom Gallery, Dumont executive, said the telecast would be put on the next day, too. Gallery said the TV network is the largest ever for a fight and he estimated that over 6,000,000 people will watch it.

A group of TV set manufacturers, eager to give home viewers a free look at the fight, and, ironically, sell more sets, outfit a brewing company for the air rights with a lush offer of \$1,000,000. Thus Charles and Walcott will cut another fat melon. Charles will get 40 percent of everything and Walcott 20.

Hubs Halt Jesse Priest

LUBBOCK — (AP) — Paul Dobkowski's two-run homer in the bottom of the sixth inning provided Lubbock with a 2-1 victory over Albuquerque here last night and handed Jesse Priest, who had won 17 consecutive victories without a defeat, his first loss.

It was a thrilling mound duel between two batting teams, with Ken Michael matching Priest pitch for pitch. Michael notched his sixth victory against a single loss, allowing only four hits, same number given up by Priest.

Stars Name Hersh Martin

DALLAS — (AP) — Players of the north squad today named Hersh Martin, manager of the Albuquerque Dukes, to pilot them in the first game of the Texas-New Mexico League's all-star baseball game.

League President Milton Price said the south squad had not agreed. The game will be at Bor-finished its balloting for a manager.

This is the fourth straight year Martin has been honored as an all-star game manager. He was selected before in 1948, 1949 and 1950.

Each squad has 16 players. The north men were named from Albuquerque, Borger, Clovis and Amarillo clubs. Those of the south were picked from Abilene, Lamesa, Lubbock and Pampa.

Pioneers Slap Lamesa, 12-2

LAMESA — (AP) — The Clovis Pioneers handed the Lamesa Lobos their third straight defeat here last night in the series opener before 816 fans, pounding out 14 hits for an easy 12-2 triumph.

Righthander Joe Patz led the Lobos, who have been leading the league in team batting for weeks, to five hits scattered over six innings. The loss prevented Lamesa from taking over third place, as Lubbock dumped the Albuquerque Dukes, 2-1.

The pesky Pioneers jumped on Lamesa's ace, Ed Arthur, and Herb Damico for all their runs in the first three frames. Juan Navarro held Clovis scoreless in the last six innings, but the Lobos could do little with Patz's offerings.

The Sox other tally came in the ninth on a home run by Murray.

The Oilers picked up their other run in the seventh when Rice doubled with two out and scored when Murray dropped Woldt's fly ball in centerfield.

SPORTS MIRROR

By The Associated Press

Today a year ago — Lynn Patrick, former New York Ranger hockey coach, was named coach of the Boston Bruins.

Five years ago — The St. Louis Cards edged the Philadelphia Phils, 5-4, to move into first place in the National League by a 1-2 game.

Richards Predicts Flag For His Amazing Red-Hot Chisox

(By The Associated Press)

The White Sox told? Don't tell that to Casey Stengel and his New York Yankees.

They know better after what happened to them last night. They had Chicago whipped only to see Paul Richards' amazing Sox snatch the victory right out of their mitts with a three-run blast in the eighth inning and the "decider" in the tenth.

Chicago won, 4-3, after trailing 3-0 in the eighth. The triumph gave the Sox sole possession of second place in the American League, only two percentage points behind the pace-setting Boston Red Sox.

Cleveland climbed into a virtual third place tie with New York, defeating the Red Sox, 8-6, as Bob Feller became the first pitcher to rack up 13 triumphs. Only a game and a half separates the four clubs.

The White Sox' uphill victory emphasized Richards' pre-game statement that his club will not crack up.

"We don't intend to fold," he said. "The Yankees, Red Sox and Indians will fold before we do. We'll be on top at the end."

Did Paul realize he had picked the White Sox to win the pennant? Did he want that statement to stand?

"Yes," he replied. "I want it to stand. I know it's going to get tougher but that's how I feel about my ball club. We're going to win."

The outlook was gloomy for Chicago as the Sox faced Alvin (No-Hit) Reynolds in the eighth inning because of Hank Bauer's two-run homer in the seventh.

But, as on so many previous occasions, he never-say-die White Sox refused to concede. A walk, successive singles by Nellie Fox, Eddie Stewart and Minnie Mi-noso — and the score was tied at 2-2. Eddie Robinson grounded out and Stewart crossed the plate with the lead run.

The Yankees knotted the count at 3-3 in the ninth on a pair of walks, a double by pinch hitter Bobby Brown and Johnny Hopp's infield out.

A double play stopped the White Sox in their half of the ninth. In the 10th, however, with Stubby Overmire on the hill, Stewart doubled. After Mi-noso was given an intentional pass, Robinson came through with a single to center, bringing Stewart home with the winning run.

A near-capacity crowd of 45,500 saw Bill Rogovin go the distance for his sixth win. Rogovin was making his first start since his heart-breaking 17-inning loss to the Red Sox last Thursday.

Feller yielded eight hits including home runs to Lou Bour-deau and pinch hitter Charley Maxwell as the Indians moved to within three percentage points of the third place Yankees. The Indians scored five unearned runs in the third. A pair of bunts by

Dale Mitchell and Bob Avila, a walk to Feller, a passed ball, an error by Boudreau (playing first base) singles by Luke Easter and Al Rosen and a double by Bob Kennedy finished Mel Parnell.

The smallest night game crowd ever to see a game in Detroit—15,746 fans — watched the Tigers whip the Philadelphia Athletics, 8-5.

Tommy Byrne of the St. Louis Browns shut out Washington, 2-0, on four hits after Sandy Consuegra had pitched the Senators to a 7-2 victory over the Browns in the first game of a twin bill.

Pittsburgh's last place Pirates sipped Brooklyn, 4-3, but the Dodgers retained their eighth game lead in the National League as both New York and St. Louis were beaten. The Chicago Cubs defeated the second place Giants, 7-4, and the Boston Braves shut out the third place Cardinals, 4-0. Cincinnati beat Philadelphia, 2-0, but the Phils came back to win the second game, 10-0.

Bill Howerton singled home George Metkovich in the eighth with the run that beat the Dodgers.

Phillips Youth USGA Entrant

By The Associated Press

Jimmy Powell of Dallas stroked a 69 at San Antonio yesterday to qualify for the USGA National Tournament at Champagne, Ill., July 25-28.

Powell qualified over the par 71 Brackenridge Park course along with Floyd Addington, also of Dallas, who posted a 72.

Four others qualified over the Abilene Country Club course yesterday. They were led by Bob Bean, Jr. of Abilene, who had a one-over-par 73. The other three qualifiers and their scores were: Billy Gilmore, Odessa, 74; Marcelino Moreno, Midland, 74; and John I. Farquhar, Phillips, 75.

Brown Hurls Gasser Victory

ABILENE — (AP) — Abilene's new pitcher, slender Art Hamilton of Austin, made a favorable impression upon the home folds last night even if the Blue Sox did blow the ball game to the Borger Gassers.

Borger won, 3-1 with two unearned runs in the first inning, another in the fourth.

Star of the game, however, was Borger's veteran manager-pitcher, Lloyd Brown, who stilled the Blue Sox bats with one hit until the eighth, gave up the lone Abilene run on two singles and two walks in that frame. He was touched for the fourth and fifth hits in the ninth, but the batters did not first and third.

Borger, 200 100 000-3 8 2 Abilene, 600 000 010-1 5 4 Brown and Calahan; Hamilton and Howland.

DODGE "Job-Rated" TRUCK!

How Dodge trucks are "Job-Rated" to fit your job

A Dodge "Job-Rated" truck is engineered at the factory to provide the best in low-cost transportation. Every unit from engine to rear axle is "Job-Rated" — factory-engineered to haul a specific load.

Every load-CARRYING unit — frame, axles, springs, wheels, and tires — is engineered to provide extra strength and capacity necessary to support the load. Every load-MOVING unit — engine, clutch, transmission, propeller shaft, rear axle, and others — is engineered to move the load under most severe operating conditions.

A range of over 350 G.V.W. chassis models gives you your best opportunity to select a truck that will meet your operating conditions.

Plenty of power for your job. Power has been increased up to 20% in eight great engines—94 to 154 hp. You get top economy, too—thanks to high compression ratio, 4-ring pistons with chrome-plated top ring, and many other extra values.

Easy handling—You can turn, park, back up and maneuver with the greatest of ease... because of cross-steering, short wheel-base and wide front tread. Other aids to easy handling are the comfortable new steering wheel position and extra cab visibility.

Bigger payloads—Balanced weight distribution enables you to haul bigger payloads on a Dodge "Job-Rated" truck without danger of overloading. Because the engine has been moved forward and front axle back, the right proportion of the load is carried on each axle.

Extra comfort—Famous "Pilot-House" cab gives you safe, all-around vision with extra-big windshield and rear quarter windows. "Chair-height" seat is widest of any popular truck. New "Orifold" Shock Absorbers on 1/2, 3/4, and 1-ton models give smoother ride.

Fluid Drive—Only Dodge offers Fluid Drive. Available on 1/2, 3/4, and 1-ton models. You start with amazing smoothness. Gearshifting is minimized. Wear is reduced on vital parts. Fluid Drive protects your load by minimizing damaging jolts.

Congressman Says U. S. Should Spend Its Money At Home

WASHINGTON — (AP) — Destructive floods in Kansas and Missouri, Rep. Dempsey (D-NM) says, should teach Congress it would be wise to provide flood control before spending vast sums of money in other countries. Dempsey told the house: "I feel we should first take care of our own nation, secure it from catastrophe such as we

are encountering now and which we should have taken care of long before now. "In my state of New Mexico we are so short of water that you are not permitted to wash your automobile, or to water your gardens except under rationing orders. "Water is a terrifically destructive thing. It destroys if it does not visit you often enough and it destroys if it visits you too often and you do not make preparation in the way of impounding the water. We have long delayed doing those things which we should do."

I wouldn't let ANYONE talk to me the way he talks to himself!

Van Zandt Oldster Has Snuff Record

BEN WHEELER, Texas — (AP) — The champion snuff dipper of Van Zandt County never spits. That's quite a mark to aim at, admits 82-year-old Elbert Weaver, retired farmer in this little northeast Texas town. Weaver has been dipping snuff for 72 years. Started when he was a 10-year-old lad in Alabama. He has proof he dips without spitting. Once he spent 14 hours on a bus. Took a fresh dip of snuff every five minutes. Never spit once. Local observers say this outdoes the best dippers in adjacent (and rival) Henderson County by a good four hours. Weaver figures he takes a fresh dip about 144 times a day. He does a lot of his figuring while sitting in town on Saturday evenings. Been dipping snuff and talking, while sitting in Ben Wheeler, for 3,000 Saturday evenings. He estimates that in his 72-year dipping career he has spent \$1,850 for snuff. Only \$750 for hair cuts. Among those Weaver has out-lived are several doctors who proclaimed against the use of

Rugged Oldster

GRANBY, Mass. — (AP) — Marshall E. Olds is rugged. He celebrated arriving at the age of 80 by piling ten acres of land in two weeks and spitting up a century-old maple tree nearly four feet in diameter. He's lived in the same house 60 years.

snuff. Weaver himself won't credit snuff for his longevity. But it's evident snuff hasn't put him in an early grave.

Weaver lives alone and has just enough money for food, clothes and snuff. He quit farming eight years ago, after 50 years of it. That was enough.

Once he told a newspaper reporter he would marry any old maid or widow in nearby Canton (the county seat). He said he'd run off with some man's wife if he didn't get any answers. It got into the papers. Weaver got two replies. One man said "if you run away with my wife I'll shoot you with a shotgun." The other offered his wife if Weaver would take their seven youngsters.

Weaver turned them both down. An anonymous Henderson County dipper told the Athens Review that Weaver's non-spitting claim ain't so much. "He's got a good record in that particular department," the Henderson Countyman admitted. "But that ain't all there is to it."

"This man Weaver may go longer without spitting than we can down here, but I'll bet my best coon dog he can't come as close to spitting in a gnat's eye at ten feet as some of us hereabouts."

Rainmakers Deny Seeding Brought On Kansas Flood

DENVER — The West's biggest cloud-seeder says Kansas and Missouri were flooded by mother nature's own rain and the artificial rainmakers had nothing to do with the deluge.

Dr. Irving F. Krick said the seeding of clouds with silver iodide crystals, which is big business with him, couldn't have caused the floods. Krick made the statement in replying to Senator Case (R-KS).

Case said in Washington, D.C., that operations of "rain-makers" might have had something to do with the floods. The senator said "it is recognized that there is a possibility that silver iodide mist released in the western and northern states may have drifted downwind into Nebraska and Kansas, or that rain-makers stirred up unknown weather reactions causing heavy rains there."

Krick, president of Water Resources Development Corp., of Denver, said: "We've been seeding clouds during storm periods in our operating areas all the way from Canada to Mexico and if we were having any influence on what was happening in Kansas it is only reasonable to look for floods in other states east of where we were seeding. There have been none."

No Peace Parleys Had Reds Been Winning Korea Conflict

By HENRY McEMORE
Questions I'd Like Answered: If the Reds had driven our troops into the sea a year ago, as it seemed they would, would they have asked for a peace parley or agreed to a cease-fire order?

Would Generals Whan Poo Lulu, Sing Lee Mortar, and Jung Ho Joe have said, "This Korean war is a waste of men and time, so will Americans velly well meet us and arrange honorable peace?"

My answer to my own question is "No," spelled with a million "N's" and a million "O's." The Reds would have piled it on, making enough face, as they call it, to launch a thousand ships, all of heavy tonnage. If the U. N., meaning the U. S., signs with the Red bandits, it will have lost enough face to cover the blushes of all free, tough, and independent men.

What happens to an automobile in a year? They are advertised as being the last word in the engineering field, built to standards higher than a box kite in a high wind, precision tooled, hand-rolled, painted by men whose fathers painted cars, and turned out as gems which, if given ordinary care, will give a lifetime of satisfactory performance.

That's the kind of cars we buy. We believe every word. Then comes the time to turn them in on a newer model. What do we find? We find that the "gem" is a tired, worn-out, exhausted, no-good bum. Only the other day I tried to sell my 1949 car, with only 12,000 miles on it. Owner-driven. Heater — cooking perfectly. Radio — without a fault. White walls tires — pure as snow. Upholstery — spotless and not worn a whit. Motor — ticking like a mile runner's heart. Carburetor — head of his class. Fan belt — a member of the automobile choir. Springs — asked to the best automobile springs parties. Bumpers — president of the automobile springs Rotary club. Tail light — as bright as a coon hunter's lantern. In short,

of what, I wanted to know. The motor is just broken in, the whole car is just as good as when I bought it for close to \$4,000. My answer to my own question: a high class, high octane racket.

"I got the story on 50,000 Miles-No Wear and changed to New Conoco Super Motor Oil"

says Walter Jones, Buick Dealer Fairview, Oklahoma

"I use Conoco Super Motor Oil in my demonstrator. It gives me a better sales advantage, because of the quieter motor. I use it in my own car, too!"

"50,000 Miles - No Wear!" Proved Here:

After a punishing 50,000-mile road test, with proper drains and regular care, engines lubricated with new Conoco Super Motor Oil showed no wear of any consequence: in fact, an average of less than one one-thousandth inch on cylinders and crankshafts. AND gasoline mileage for the last 5,000 miles was actually 99.77% as good as for the first 5,000!

SCHOOL BUS OPERATOR
"Operating in all kinds of weather, with frequent starting and stopping, sure gives an oil a test all its own," says Paul F. Gadke, School Bus Operator, Stanwood, Iowa. "Conoco Super is my oil! It does the job for me in every way."

PRODUCE BUYER
"Time is the element in my business of buying and selling perishable produce," writes Hamley H. Payne, Twin Falls, Idaho. "In the 65,000 miles I have used Conoco Super, I've spent no money for repairs, and gasoline mileage has been fine!"

Ask Me About "50,000 Miles No Wear!"

CONOCO SUPER MOTOR OIL

THIS IS GREAT OIL
