YOU'LL JUST LOVE IT, DADDY — That's what three-year-old Zana Kay Hollis said to her Dad this morning on Father's Day as she hid a gift behind her back! Leonard H. Ellis, 1920 Mary Ellen, is the pleased Pop, and no wonder — besides Zana Kay he has a week-old son to wish him happy Father's Day! (News Photo)

Allied Guns Thunder Across Korea As Commies Fall Back

TOKYO — (AP) — Allied guns thundered across Korea Saturday night, firing with the aid of giant searchlights as Reds fading back to new positions, well north of Parallel 38.

The no-man's-land between the opposing forces widened as the main body of Reds withdrew over the North Korean hills. United Nations divisions showed no disposition for hasty pursuit.

U.S. Gen. James A. Van Fleet, Eighth Army commander, said the Reds still have unexpected reserves and, "we do expect a third round of the Chinese spring offensive."

AP correspondent Stan Carter said in a field dispatch late Saturday night that two large concentrations of Reds were reported moving toward allied lines in western Korea. Planes scouted the area but found only small bands of Communists.

Some UN troops patrolling the area across the Injin River said one large group of Reds moved southwest in the area directly west of Yonchon. Yonchon is 35 miles north of Seoul and seven miles north of Parallel 38.

The patrols said there was another large concentration several miles north of Korangpo, a town a mile south of 38.

However, other patrols ranged far in the same general area without finding Reds.

The sector northwest of the Injin is the only one where any sizable units of Communists still are south of Parallel 38.

Chinese and North Korean resistance slackened Saturday after days of bitter hand-to-hand Red fighting, covering the main Red withdrawal.

In the western area, north of Seoul, allied tank and infantry patrols probed for miles north of the Injin River beyond Munsan and Korangpo with little contact.

Other patrols ranged far ahead of allied positions in central Korea's Pyongang Valley without finding Reds. This was in the Chorwon - Kumhwa - Pyonggang triangle, the staging area for the Reds' two ill-fated spring offensives.

Allied planes spotted trucks moving south toward Pyonggang, the triangle's apex, 29 miles north of Parallel 38.

On the east-central sector north of Yanggu and Inje, North Korean pressure eased. The Reds were observed digging in on rugged mountains north of Yanggu. Two half-hearted Red counter-

attacks northwest of Inje were repulsed.

The only stubborn Chinese fighting was in the center against the twin-pronged allied thrust at Kumsong. Reds retreated from the shattered triangle to Kumsong, 12 miles northeast of Kumhwa and 29 miles north of Parallel 38.

One allied spearhead was aimed northeastward up the Kumhwa-Kumsong highway.

The other, a power-packed UN tank infantry team, approached Kumsong from the south up a narrow mountain corridor. It began the push at Sanyang on the Hwachon - Kumhwa road and two days ago reached within nine miles of Kumsong after a bloody and bitter fight with Reds dug-in among the ridges.

Open House Is Scheduled For The News Friday and Saturday

Friday and Saturday will be formal opening days for The Pampa Daily News, according to an announcement made by Publisher Ralph Julliard.

Visiting hours Friday are from 1 to 5 p.m. and Saturday, 10 a.m. to 10 p.m. for the public to see the modern newspaper plant on Atchison at Somerville.

During these hours, the public will be conducted on tours of the building and given an opportunity to see a modern newspaper in operation from the front business office to the press room.

A special section will be published Thursday in The News and will be devoted to the description of the building and explanation of how the paper is published.

Contracts were let for construction of The News one month less than a year ago. M. B. Allen was the contractor of the building. This is the only building in Gray County that was constructed by the new system of laying the concrete floor first, and molding the walls in forms, then raising them.

It is, at least, a finished product and the public will be allowed to see one of the most modern newspaper plants on the Plains when the opening begins Friday.

Nation's Fathers Have Great Responsibility, Says Kefauver

(Selected father of the year by the National Father's Day Committee because of his leadership of the Senate Crime Investigating Committee, Senator Estes Kefauver (D-Tenn) has a four children. He wrote the following article exclusively for the Associated Press.)

By SEN. ESTES KEFAUVER WASHINGTON (AP) — The title of "Father of the Year" means a great deal to me. I have taken very seriously the responsibility which I feel in attempting to represent symbolically fatherhood of America, because fatherhood itself is a very serious and awful responsibility.

It is very easy for us fathers to be intolerant to so conduct ourselves in dealing with our children that they fear to bring their problems to us. It is difficult to so conduct ourselves in daily living that we will provide the correct example for the fertile minds of little ones.

In this day of investigation, complaint and criticism, fathers are going to find it difficult also to instill in our children the proper respect for law and order. With so much being said about the vagaries in government and the defalcation of those in authority, unless attention of our youth is called to the greater goodness reposing in authoritative circles, our children will gain the impression that all government and all who work in it are bad.

Nothing can be further from the fact. For every individual occupying an official role who yields to temptation and departs from the letter or spirit of his oath of office, there are tens of thou-

sands who treat their positions as sacred trusts.

For every gangster or racketeer who lives the life of the outlaw or treads the twilight zone between law and outlawry, there are hundreds of thousands of honest, civic-minded, God-fearing citizens who discharge creditably their responsibilities as citizens.

America is more good than evil, and we must never let our children or ourselves gain any other impression.

With the exception of setting the right example, I think the next most important element in instilling a genuine respect for law and order in our children is that of being real comrades to our children. Often, the improper "bending of the twig" comes when we are so busy with our own interests that we leave our children to the influence of others.

Where the parents fall down others step in. It may be the juvenile delinquent. It may be the budding professional criminal. Whatever the influence may be, it is not motivated by the love that a parent has, or should have, for his own offspring.

We can assure respect for law and order in the next generation as living examples of the highest principles of American citizenship, and by filling the gap of comradeship with our children and not risking that someone who cares less will fill it the wrong way.

Have your air conditioner serviced by experienced service men. Copper tubing, pads, pumps, etc. for replacement. Bert A. Howell & Co., 124 N. Third, Pampa, Tex.

MacArthur Says Spending Making Servants Of Public

General Deplores Drift To Socialism

FORT WORTH — (AP) — Gen. Douglas MacArthur Saturday whiplashed the Truman administration on the domestic front by charging the high cost of government is rapidly making the American people "servants of the state."

Winding up a whirlwind four-day speaking tour, the ousted five-star general protested against "the drift toward socialism," and a drift away from the moral standards "from which were evolved the American tradition."

He called for the American people to demand a level of morality in government that will restore confidence and faith.

And he asked "that truth replace false and slanted propaganda in public information . . . and that national policy be determined with primary regard to the ultimate well-being of our own people."

At no point in the speech delivered in a high school stadium did the general make any direct reference to foreign policy

or to the Korean war — the major issues on which he has based his previous attacks on the administration.

Once again MacArthur's crowd-pulling appeal failed to draw a full house. The crowd here was estimated at 15,000 — the smallest of all his Texas audiences.

At Houston Thursday night, city officials there had expected 70,000 people to turn out. Only about 20,000 showed up in the big Rice Institute stadium.

Friday night MacArthur spoke in the Cotton Bowl in Dallas which holds 76,000 people. Officials estimated the crowd at 27,500.

MacArthur came to Fort Worth by automobile from Dallas — 35 miles away — after attending a breakfast given by the Texas Press Assn. There the general shook hands with all those present before taking off for Fort Worth.

He received an ovation from crowds estimated by police to total 100,000. He was accompanied to the city by Fort Worth publisher Amon Carter.

MacArthur told his audience he had found in Texas "a vast reservoir of spiritual and material strength which fills me with a sense of confidence in the future of our nation."

He said with such resources come can outstrip the United States, in preceptual progress "nor safely challenge us to the tragedy of war."

Then he added: "these facts should be thoroughly understood by every American citizen to offset efforts which are being made through propaganda to sow the seeds of fear and timidity in the American mind, to portray our nation as weak and our potential enemies as strong."

"There could be no greater disservice to our beloved country than is reflected in such a fantastic effort to tower our

White Deer Fund Passes \$7000 Mark

The latest contribution reported to the fund raising committee for the White Deer disaster was \$166.75 donated by Cabot Pampa office and warehouse employees.

Total contributions recorded early Saturday had reached \$7127.75.

Governor Absent As Division On Parade

CAMP POLK, LA. (AP) — A line of vehicles 15 miles long paraded two abreast under threatening skies Saturday as Texas' 49th Armored Division reached the halfway mark in its summer training.

It was Gov. Allen Shiver's day, but the Texas governor failed to appear due to a prior engagement. Instead, Maj. Gen. K. L. Berry, the state adjutant general, stood beside the 49th's commander, Maj. Gen. Albert Johnson, to take the division salute.

WE HEARD . . . That Jim Moreau of the fuels and chemicals branch of the Office of Price Stabilization will be here Monday in the chamber of commerce office to discuss prob-

"CONGRATULATIONS ON A FINE JOB, DICK," said Pampa Oiler ball club owner Doug Mills yesterday afternoon while on a personally conducted tour of the new Hughes Building. Mrs. Mills, standing between her husband and Dick Hughes, owner of the new building, adds her congratulations to the Pampa builder as a group of people touring the building during formal opening look on. (News Photo)

Road, Bridge Bond Election Is Called

The first of three special elections, two of them bond issues, was called for July 28 late Saturday morning by the county commissioners court.

The election called yesterday was the \$200,000 road and bridge improvement bond.

Because two more bridges were destroyed, the original estimate of \$132,000 was upped to \$200,000. This will also include a four-mile stretch of farm-to-market road leading to the northwest field.

The \$448,700 airport improvement bond issue will not be officially called until July 9, regular monthly meeting of the commissioners court. The same holds true for the special election asking approval of the county's assumption of the 30-cent ad valorem tax recently relinquished by the state.

Petitions, bearing names of more than 50 qualified voters were presented the court Saturday for the road and bridge bond issue. Petitions asking for the special airport improvement bond election are being circulated now by civic leaders over the county. This petition must be signed by 10 or more of the qualified voters.

However, the commissioners could, if they wished, call the airport bond election without a petition, but if a petition is used state election laws require 10

Thousands Visit New Hughes Bldg.

Thousands streamed through the offices and shops of Pampa's ultra-modern Hughes Building during its first formal opening day Saturday.

A preview opening was held Friday night for close business associates and public officials from the local and surrounding areas. Following a tour of the building, guests were invited to a reception held in the Cabot Co. auditorium.

Listed among the 200 visitors Friday night were Rep. Walter Rogers and State Senator Gray Hazelwood, Amarillo.

According to Dr. H. H. Hicks, chairman of the tenant committee, almost as many out-of-town people have explored the building as Pampa people.

People have come from as far as Lubbock, he said. He expressed his thanks to the newspaper and radio stations for their cooperation in delivering the information to out-of-town people so that they would be able to attend the opening.

Dr. Hicks also said that the tenants of the building have come to realize the importance of the building since the beginning of the formal opening.

The final hours of the formal opening and building tour will be from 1 to 5 p.m. today.

Clear Skies Are Foreseen

A summer day settled on Pampa Saturday and this only after a stormy, lightning quickened night.

Weather observers, according to the Associated Press, thought West Texas might escape the element violence this weekend although early forecasts predicted scattered showers in the Panhandle, South Plains and from the Pecos Valley eastward Saturday night.

However, late in the afternoon, the skies were still brilliant with hot sunlight.

In the turbulent Friday night storms, tornado winds swept Merkel, Fort Worth, Abilene and Lubbock, causing considerable damage.

Smashing winds left Merkel's main street littered with debris as they skipped destructively down its length, wrecking stores, damaging buildings and homes.

Lowest temperatures recorded here Friday night were 53 degrees and the high Saturday was 83.

About four-tenths of an inch of rain was registered.

Let's go Evrtruding. Lewis Hardware - adv.

36 Killed In Orphanage Blaze

MONTREAL, Que., (AP) — Roman Catholic nuns placed at 36 today the number killed by fire in the Ste. Cuneonde orphanage.

The mother house of Gray nuns, who operated the home, said the total was made up of 30 recovered and identified bodies, four unidentified bodies and two persons missing and believed dead.

The identified dead were 27 women, all inmates, and one nun, an employee, and two nuns.

Fire swept through old five-story stone and timber hospice in a matter of minutes Friday after it was discovered near the base of an elevator shaft.

Among the 400 persons cared for by 25 nuns were about a dozen blind men and women and some crippled boys and girls.

Means Of Restoring Travel In Area Slated For Discussion

The quickest way to reconnect the island of Pampa to the mainland of Texas, will be sought Monday noon when the chamber of commerce's board of directors meet with Guy Lott, State Highway Department district engineer.

The parley will be held in the Schneider Hotel dining room. Local State Highway Department officials have also been asked to attend.

In a telephone conversation yesterday afternoon, Lott told E. O. Wedgeworth, chamber manager, he would have definite reports of what can be done to ease the traveling situation in and out of Pampa.

The improvements Lott is expected to explain are believed to center around making permanent or semi-permanent roads out of present dirt-road detours.

The numerous evening thunder showers have made some of the detours almost impassable.

Many of the city's businessmen who depend largely on dealings with firms in other parts of Texas, and other states, have been complaining about the "slick" conditions of the detours, sometimes making them travel more than 100 miles to reach a destination only 30 highway miles from Pampa.

The condition has also hampered operations of heavy duty trucks coming into Pampa from other cities as well as passenger

Renowned Jurist Dies Suddenly

WASHINGTON — (AP) — Federal Judge T. Alan Goldsborough died unexpectedly Saturday night at his daughter-in-law's apartment here. He was 72.

A close friend of the family said the noted jurist was visiting Mrs. T. Alan Goldsborough, Jr., for a Father's Day dinner. He also was celebrating his 42nd wedding anniversary.

Goldsborough attained prominence as the federal judge who twice punished John L. Lewis.

MacARTHUR

(Continued from page 1)

own self-assurance and confidence that of those unfriendly to us.

But then he warned that despite America's material and spiritual reserves, the people must guard carefully the fundamental basis which produced them.

He went on to say:

"For the drift away from our competitive system of free enterprise is threatening the initiative and incentive of our people and throttling the energies essential to maintain the level of our material progress.

"The drift away from the truth is leaving the people confused and bewildered. The drift away from those high principles and moral standards from which were evolved the American tradition is creating doubt and uncertainty and lowering the moral tones of the American way of life.

"The drift downward of the purchasing power of our currency which has progressively fallen as it has become increasingly influenced by the political fortunes of the moment continues unabated.

"The drift upward in the cost of bureaucracy and the expenditure of public funds in complete disregard of the tax burden that accelerated so alarmingly that the people are rapidly becoming the servants of the state.

"The drift toward socialism through indirect internal pressures faces us with the inevitable collapse of individual initiative and full personal energy.

"This means, he said, that the safeguards must lie in the 'ultimate power' of the people to rule.

In conclusion, MacArthur said his Texas trip was not to receive tribute, but to pay an old soldier's tribute in a great segment of the American People.

In his speech in Austin last Wednesday, MacArthur hit at both the foreign and domestic policies of the administration. But this time he concentrated his attack solely on the domestic side to broaden the range of his dispute with President Truman.

The President fired MacArthur because of their sharp differences over the best way to fight the war in Korea. But MacArthur has made it clear that in the future he will attack his opponents not only on the foreign issues but on the home front also.

During the past four days, the general has charged the administration with appeasement in Korea, moral weakness, false propaganda, and an effort to mislead the people about the basic issues in the dispute over Korea war policy.

There appears no doubt that MacArthur, in his Texas tour, has disclosed the basis of his dispute with the administration. He will wage in the future.

At the equator, twilight is very short because the sun goes down more quickly in the latitudes than farther north or south.

Emergency Contract Signed For Rebuilding Miami Bridge

MIAMI (Special) — An emergency contract has been given to Austin Bridge Co. of Dallas, for re-construction of Red Deer bridge, washed out June 5.

The company moved its equipment into Miami Monday and workmen have been removing wreckage of the former bridge in preparation for building the new one. Preliminary work was completed Wednesday. Construction on the new structure was slated to begin Thursday, had it not rained again Wednesday evening and washed out the temporary crossing in the bottom of the creek.

M. H. Holland, company supervisor, stated that as soon as the temporary crossing can be restored work will start on the new bridge. Workmen were laying a base of steel wire on the creek bottom Thursday.

Fourteen-inch steel piling will be used under the new bridge replacing the old wooden

Two Given Prison Terms

Prison terms of three and a half years were given two local men Friday afternoon by Judge Lewis M. Goodrich in 31st District Court.

The two were indicted last week by the Gray County Grand Jury along with several others. The two entered pleas of guilty to charges of burglary.

A two-year sentence was handed to Roy U. Armstrong who is under a five-year suspended sentence. Armstrong, Judge Goodrich decided, must serve both sentences on an accumulative basis, making his term seven years.

Indicted on one of 13 burglary charges, Elijah Williams was sentenced to three years.

The pair will be transferred to the state penitentiary at Huntsville within the next 10 days.

Building Contracts Dwindle In State

AUSTIN (AP) — Building contracts dwindled to \$83,283,750 in Texas this week — a 20-million dollar drop from the previous week.

Texas contractor, building trade journal, reported non-residential lettings accounted for more than half the total at \$47,118,090. Residential awards added \$2,849,282 and engineering contracts, \$716,378.

Shamrock Carbon Black Plant Begins Partial Production

SHAMROCK (Special) — Shamrock's carbon black plant went into partial production here last Tuesday noon, reports Harold Teegerstrom, plant superintendent.

When completed, the big North plant, six miles east, will contain three units. At present only the first unit is operating, but it is on a 24-hour schedule. Installation of the second unit is now being made, with production from it slated for the period July 15 to Aug 1.

Plans for the third unit were announced when the 22 United Carbon officials visited Shamrock about a week ago. Production from it probably will start in October, but may be as early as Sept. 20.

The Shamrock plant is the world's finest furnace type installation," stated Grant Thomas, company public relations chief before the visit.

Before the plant went into

Little Damage In Local Accidents

Little damage was reported in two accidents that occurred on Gray Friday, one involving two teen-agers.

A Pampa teen-ager was charged with driving in the wrong lane, and a Kingsmill youth was charged with improper parking in an accident at the Texas intersection of N. West.

Another accident Friday night at Francis and Gillespie involved Loyd Merton Smith of Elk City, Okla., and Wallace Junior McPeak, 307 N. Warren.

Both cars were traveling in the same direction. Smith slowed his car, and McPeak slid on the wet pavement, hitting the Smith car. Damages of \$300 were reported on the McPeak car.

Two Pampans To Represent Texas

Two Pampa teen-agers have been chosen as two of four Texas delegates to spend five days this month in New York and Lake Success studying the United Nations in action.

Making the trip will be Roy King, past chief ruler of the Junior Odd Fellows of the Grand Lodge of Texas, and Dolores Cramb, recently installed as state president of Theta Rho Girls Clubs of Texas.

About 250 young delegates from the United States and Canada will participate in the Odd Fellowship's "United Nations Pilgrimage for Youth" which began as an experiment last year, and is scheduled to become an annual pilgrimage event.

Two other delegates from Texas were chosen to make the trip, and King, who is 19 and beyond the 17-year age limit, received a special appointment from the national youth chairman, Miss Cramb was elected by other Theta Rho girls over the state.

The Texas delegation will be in New York and Lake Success June 25 through June 29, and will be the second of four groups to make the trip during June and July.

The youth pilgrimages are sponsored by lodges who aim to give young people under Odd Fellowship auspices an opportunity

to study the United Nations at while attending school. Miss Cramb will be a senior next year at the local high school and is a member of the choir.

Tours are planned for the young people enroute to New York, and boat trips around Manhattan Island, tours of Rockefeller Center and other sights of interests are scheduled.

King is a graduate of Pampa High School with the class of 1951, and was active in athletics.

Pastor, Youths Attend Social

SHAMROCK —(Special) — Rev. J. Tracey Hopper, pastor of the First Christian church here, was

to take three of his younger boys in the congregation to a Christian Social meeting at Cedar Canyon, near Canyon, today.

The three will attend the three-day session. They are: Charles Harrington, Jerry Jett and Joe Foreman.

ROY KING AND DELORES CRAMB — Look over the schedule of their planned trip to New York City and Lake Success to view the United Nations in action. The Pampa teen-agers were chosen as two of the four delegates to attend from Texas at a state meeting of the Junior Odd Fellows of the Grand Lodge of Texas and Theta Rho Girls Club of Texas held last week in Fort Worth. Lion President Is Named

Sherman White was installed as Boss Lion, of the Lions Club at the luncheon meeting last week.

Other new officers are Ham Luna, last year's president, installed as vice-president; O. K. Gaylor, reelected secretary-treasurer; John Vantine, Tail Twister; Ed Cleveland, Lion Tamer, and Harold Miller and Joe Donaldson on the governing board.

Installing officer was Ralph Randle, of Panhandle, who is a past district governor of District 2-T1. He spoke to the Lions before the installation and pointed out that an installation service is another example of the "feeling of permanence and continuity that is a part of any Lions Club."

Randle presented the gavel to the new Boss Lion White as the symbol of authority. The outgoing president, Boss Lion Luna gave the new president the lapel button that goes with the office. Art Teed introduced the installing officer.

• Oven has glass window and light
• Clock-Timer and waist-high broiler

You'd expect to pay far more for these extras found only on finest ranges. Minute-Timer is kitchen clock too. Handy appliance outlet, concealed cooktop fluorescent lamp. 1 giant and 3 regular burners with center-ring grates. 20" oven holds largest roasts. Waist-high broiler eliminates stooping.

Young Joe Conrad Wins Amateur Title

CORSICANA — Young Joe Conrad, the North Texas State College red-head, won his greatest golf glory Saturday as he plodded 37 weary holes in intermittent rain and stifling heat to triumph over Capt. Fred C. Moseley of San Antonio for the Texas amateur championship.

In one of the greatest finals of 42 years of title play in the Texas Golf Assn., Conrad gam-bled when he had to win or fade and brought him victory over the brilliant Air Force officer who failed in his second attempt at the big prize.

The gamble — the real pay-off — came on the 16th hole of the afternoon round. Conrad was to the left of a trap 50 feet from the green. There was mud on the ball and it was on skinned ground in a tough lie. Conrad chose to roll the ball through the sand trap rather than pitch over the green. "I figured I couldn't hope to get closer than five feet of the hole by chipping," he explained. "I took a chance."

Moseley had him one-up at the time. Conrad used a five-iron to roll the ball down the embankment, through the sand, up the other side and three feet away from the pin. He rammed it down while Moseley two putted from seven feet away. That squared the match.

Counterpoint Slakes Winner

NEW YORK — (AP) — Sonny Whitney's Counterpoint, another flying son of the great Count Fleet, came hustling down the stretch Saturday to upset the dope and capture the \$100,000 Belmont stakes.

The strapping chestnut colt took charge of things midway on the final turn of the tough mile and one-half classic, and played follow — the leader all the way to the wire where he lounced home four lengths to the good of George D. Widener's battlerfield.

Counterpoint paid \$2.30, \$5.30, and \$3.70 at the mutuels. Battlerfield was \$3.50 and \$2.70. Battle Morn was \$1.20 to show.

Battlerfield, the 1951 two-year-old champion, and the mutual choice at 9 to 5, never came close to the winner after jockey Dave Gorman gave the word "go." But Battlerfield was clearly the best of the others, particularly in view of the fact that Jack Amiel's Kentucky Derby winner, Count Turf, finished seventh in the field of nine three-year-old colts.

Battlerfield beat Battle Morn, owned by the Cain Hoy stable of Harry F. Guggenheim for second place by a length and a half. Battle Morn was an easy nine lengths of daylight ahead of Texas Sam E. Wilson, Jr.'s Foyal Mustang.

Wheat was grown in southwest Asia more than 6,000 years ago.

There will be three leagues this summer, senior boys, and junior boys and girls. Not enough senior girls were formed to continue play of that league.

The schedule and umpires for this week are as follows:

Monday — Central Baptist vs. Holy Souls, 7 p.m.; First Christian vs. First Methodist, 8:30; Ralph Gardner, Ted Evans;

Tuesday — Salvation Army vs. Calvary Baptist, 7 p.m.; First Baptist vs. McCullough Methodist, 8:30; Joe Fischer, B. M. Behrman;

Thursday — Holy Souls vs. First Baptist, 7 p.m.; First Methodist vs. Central Baptist, 8:30; J. Campbell, G. Gracey;

Friday — Calvary Baptist vs. First Christian, 7:00; McCullough Methodist vs. Salvation Army, 8:30; G. Thompson, Joe Wells;

Monday — First Christian vs. First Methodist, 7 p.m.; Central Baptist vs. Salvation Army, 8:30; R. McKinney, M. Marx;

Tuesday — First Baptist vs. McCullough Methodist, 7 p.m.; Nazarene vs. Calvary Baptist, 8:30; I. Noblitt, Tom Brooks;

Thursday — First Methodist vs. Central Baptist, 7 p.m.; Salvation Army vs. First Baptist, 8:30; Bob Baker, Joe Black;

Friday — Nazarene vs. Calvary Baptist vs. First Christian, 8:30; Ross Buzzard, M. Denson;

Monday — First Methodist vs. Calvary Baptist, 7 p.m.; First Baptist vs. Central Baptist, 8:30; H. Laycock, Les Hart;

Thursday — McCullough Methodist vs. Calvary Baptist, 7 p.m.; Central Baptist vs. First Methodist, 8:30; Dick Pepin, John Skelly;

Church Softball Program Begins

Play in the Kiwanis Church Softball Leagues will begin tomorrow night on the new diamond located at the Hobart Street Park, according to Arthur Aftergul, commissioner of the leagues.

There will be three leagues this summer, senior boys, and junior boys and girls. Not enough senior girls were formed to continue play of that league.

The schedule and umpires for this week are as follows:

Monday — Central Baptist vs. Holy Souls, 7 p.m.; First Christian vs. First Methodist, 8:30; Ralph Gardner, Ted Evans;

Tuesday — Salvation Army vs. Calvary Baptist, 7 p.m.; First Baptist vs. McCullough Methodist, 8:30; Joe Fischer, B. M. Behrman;

Thursday — Holy Souls vs. First Baptist, 7 p.m.; First Methodist vs. Central Baptist, 8:30; J. Campbell, G. Gracey;

Friday — Calvary Baptist vs. First Christian, 7:00; McCullough Methodist vs. Salvation Army, 8:30; G. Thompson, Joe Wells;

Monday — First Christian vs. First Methodist, 7 p.m.; Central Baptist vs. Salvation Army, 8:30; R. McKinney, M. Marx;

Tuesday — First Baptist vs. McCullough Methodist, 7 p.m.; Nazarene vs. Calvary Baptist, 8:30; I. Noblitt, Tom Brooks;

Thursday — First Methodist vs. Central Baptist, 7 p.m.; Salvation Army vs. First Baptist, 8:30; Bob Baker, Joe Black;

Friday — Nazarene vs. Calvary Baptist vs. First Christian, 8:30; Ross Buzzard, M. Denson;

Monday — First Methodist vs. Calvary Baptist, 7 p.m.; First Baptist vs. Central Baptist, 8:30; H. Laycock, Les Hart;

Thursday — McCullough Methodist vs. Calvary Baptist, 7 p.m.; Central Baptist vs. First Methodist, 8:30; Dick Pepin, John Skelly;

Odessa Manager Tops Longhorns

(By The Associated Press) — Robert (Pepper) Martin, hustling manager and third baseman of the Odessa Oilers, has taken over the batting leadership in the Longhorn League. Martin has put together 55 hits in 133 times at bat for a .414 average, 17 points better than Pat Stasey, Big Spring, second among the regulars.

Martin, only regular hitting above the .400 mark, also is tied for the lead in home runs. He has collected 12, the same number as Wayne Wallace, San Angelo, home run leader a week ago.

Julio De La Torre, Artesia, has collected the most hits, 82, and Leo Eastham, Odessa, the most runs, 67. John Reimold, Vernon, has driven in 62 runs to lead in that important field. He also has the most total bases, 114.

Stasey leads in doubles with 15, while Warren Phillips of Sweetwater had seven triples to tops. Leo English of Vernon has stolen 18 bases.

Indio Beltran, San Angelo mound ace, has the best pitching record, seven wins against 10 losses. Dean Franks of Roswell worked in the most innings, 120, and completed the most games, 11. Marshall Epperson, Vernon, is the strikeout king with 77 to his credit. Mike Forniela, Big Spring, has the best earned run average, 2.57.

Four of the night teams have club batting averages above the .300 mark with Big Spring the leader, .310. Others are San Angelo, .304; Artesia, .301, and Roswell, .300.

Largest Fish

The largest fish ever captured was a spotted whale shark, 38 feet long and weighing 26,994 pounds, harpooned off the coast of Florida by Captain Charles Thompson in 1912.

Flying Spikes Of Jack Davis

SEATTLE — (AP) — The flying spikes of jumping Jack Davis scratched a high hurdle record into the books Saturday and marked the trail to the 16th National Collegiate Athletic Association track championship for the Trojans of Southern California.

For awhile the men o'mighty Troy, who wound up with 56 points, were challenged by Morgan state, but the little Balliu-more College ran out of manpower and finished third with 38.

Thrills piled on thrills for the shirt-sleeved crowd of 9,500 from the moment Warren Drumzier of Michigan State scored a surprise victory in the mile, until Don O. Laz of Illinois closed out the 1951 meet with a record-breaking vault.

The iron-muscled Laz tried twice to give the crowd a glimpse of a 16-foot vault, but he had to settle for a high of 14 feet, 9.3-4 inches. That was enough to wipe out the N.C.A.A. record set at 14 feet, 8.7-8 inches by William Seton of U.S.C. in 1937.

Davis took off like a startled kangaroo in the high started event and led all the way for a clocking of 13.7. It beat by two tenths of a second the mark held jointly by Edward Dugger of Tufts, Craig Dixon of U.C.L.A., and Dick Atlessey of U.S.C.

Although just two meet standards were beaten, Washington's stadium records were scattered like chaff. Nine of the 14 vaults put new makers in the host field's book of records.

Jim Dillon of Auburn took the discus at 167 feet, 5.3-4 inches; and the shot crown went to Darrow Hooper of Texas A&M. For a throw of 83 feet, 11 inches A&M gained eighth place with 17 points; Abilene Christian, Arkansas, Navy and Idaho tied for twenty-seventh with four apiece, and Southern Methodist tied with Columbia and San Francisco at thirty-sixth with one point.

Odessa Manager Tops Longhorns

(By The Associated Press) — Robert (Pepper) Martin, hustling manager and third baseman of the Odessa Oilers, has taken over the batting leadership in the Longhorn League. Martin has put together 55 hits in 133 times at bat for a .414 average, 17 points better than Pat Stasey, Big Spring, second among the regulars.

Martin, only regular hitting above the .400 mark, also is tied for the lead in home runs. He has collected 12, the same number as Wayne Wallace, San Angelo, home run leader a week ago.

Marshall Epperson, Vernon, is the strikeout king with 77 to his credit. Mike Forniela, Big Spring, has the best earned run average, 2.57.

Four of the night teams have club batting averages above the .300 mark with Big Spring the leader, .310. Others are San Angelo, .304; Artesia, .301, and Roswell, .300.

Leon Pitches Abilene To Win

ABILENE — (AP) — Cuban Izzy Leon held the Amarillo Gold Sox in check except for two innings here Friday night to register his ninth pitching victory as the Blue Sox took Amarillo, 7-4, in a series opener.

Leon helped his own cause with a bases-loaded brushing single to right in the fifth to drive in two runs, after recovering from momentary wildness in the second when he walked in two Amarillo runs. He gave up but three passes all night, all of them in the second, to two after he had loaded the bases.

Irish Challenge NCAA On TV

SOUTH BEND, Ind. — (AP) — Notre Dame, one of the nation's leading football powers, has challenged the legal authority of the NCAA to curb live telecasts of college football games.

President John J. Cavanaugh of Notre Dame in a statement alleged that NCAA policy makers have used "dictatorial powers."

Notre Dame did not break with the NCAA, however, or openly defy the NCAA policy which provides that only one game be telecast on the TV network each Saturday. But Cavanaugh did not announce whether the Irish will televise their home games this fall.

Oilers Split Pair; Clovis Here Today

Hyde Pitches Today; Trade Gil Castillo

Virgil Richardson's first victory as manager of the Pampa Oilers came in spectacular fashion last night as righthander George Payte hurled a one-hit victory over the Borger Gassers after the visitors took a first game 5-1 win.

The lone hit off of Payte came in the fifth inning when Nim Free, diminutive Gasser outfielder, slammed a double into right centerfield.

This afternoon the Clovis Pioneers move into Oiler Park for a single contest starting at 2:30. Mack Hyde is the probable starter for the Oilers. Monday night the two clubs will play a twin-bill.

Following last night's double-header the Oilers had to cut down their roster to make room for Jake Phillips, who has been on five day look. In the move, Gil Castillo, a veteran infielder, was traded to Borger for infielder Jimmie Banks, a rookie. The deal once again brought the Oilers down to the league limit.

The Oilers also announced that the deal that was closed on the telephone for Jerry Folkman failed to materialize on paper as injuries overtook the Dukes and they decided to keep the infielder.

Payte was superlative last night in his one-hitter. He was in trouble almost every inning, except for the fourth and seventh. Errors by his teammates gave life to four Borgans, walks put two more on the bases and a hit batsman accounted for the other runner.

The lone run of the game came in the sixth with one out. Rice doubled into right centerfield and Deck Woldt bashed a pitch down the rightfield line to score Rice on a close play at the plate.

Jim Cain was the losing pitcher in the second contest, though he allowed but four hits and walked none.

Father's Day

Today being Father's Day, the Pampa Oilers will give a gift of appreciation to each of the first 250 fathers to purchase tickets to this afternoon's game between the Pampa Oilers and the Clovis Pioneers. Game time is 2:30.

In the first game the Oilers trailed all the way. Bill Manning hit a George Matthews pitch back over the leftfield fence in the second. Three hits in the third brought the Gassers another run and two Oiler errors in the fourth accounted for another.

In the fifth inning the Gassers put together three solid singles for two more to ice the game.

The lone Oiler tally came on a home run by Joe Fortin in the fourth inning.

Adrian McBride, lanky left-hander, was the winner in the opening. The Oilers downed the Pioneers, 5-1.

This afternoon's game will be a Father's Day special, with a little gift of appreciation going to the first 250 fathers to purchase tickets to the game.

In other games around the league last night Abilene came from behind to trim the Amarillo Gold Sox, 12-6. Lamesa defeated Albuquerque, 12-2.

Red Sox Crush Garver, Browns

BOSTON — (AP) — Two homers by V. Stephens and another by Clyde Volmer provided eight runs Saturday as the Boston Red Sox crushed Ned Garver, the St. Louis Browns' ace, for a 10-5 victory.

Wertz socked his 11th homer to open the Tiger ninth. On a hot Evers singled, Bob Swift forced Kolloway at second but when Gerry Coleman threw wide to first attempting a double, Kolloway scored. Cain doubled Swift to third and when Phil Rizzuto booted the relay, Swift scored.

The Yanks put two on with two out in the third but failed to score. They put two on with none down in the ninth but Yogi Berra bounced into a double play and Gil McDougald grounded out to end the threat.

Maglie Notches Tenth Victory

PITTSBURGH — (AP) — Sal Maglie became the first National League pitcher to win ten games Saturday as he hurled the New York Giants to a 6-1, three-hit victory over the Pittsburgh Pirates.

Maglie pitched a complete game, allowing only one run on three hits and one walk. He struck out seven.

Maglie's record now stands at 10-1. He is the only pitcher in the league to win ten games in 1951.

Edwards Paces Cubs Over Bums

CHICAGO — (AP) — Bruce Edwards celebrated his Chicago debut Saturday by blasting a three-run seventh inning homer to lead the Cubs to a 6-1 triumph over his former Brooklyn Dodger teammates.

Edwards pitched a complete game, allowing only one run on three hits and one walk. He struck out seven.

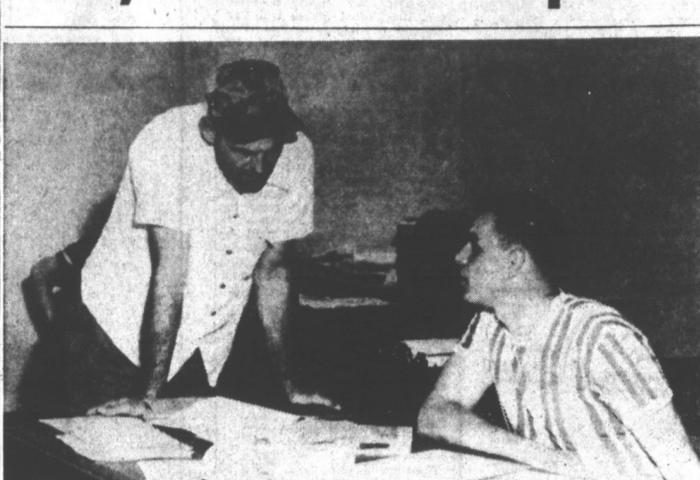

Hochstatter Is Player Of Week

Breaking the tape ahead of his competition, in a photo-finish or by a squeeze, or a cat's whisker, the fast flying Hubber outfielder — Earl Hochstatter — won for himself the star of the week honors in the voting through Sunday June 10.

Hochstatter rocketed to the fore early in the week when on June 5, in the Hubber's first game of a bargain bill, he put together a perfect day with four-for-four composed of 3 singles and a double drove in the club's first 3 runs to give the Hubbers the lead; scored twice himself and stroled once. Earl handled two chances afield without error, but there is no doubt about it — he sparked the two rallies which won for Lubbock.

In a "crucial" game with arch rivals from Dawson County Earl produced the telling blow on June 7 when he saved his hitting against the Lobos that night to produce a triple in the eighth inning, with two away and the bases loaded to account for the winning margin. Earl's

Ben Hogan, The Mighty Comeback Man, Takes Third Open With 287

THE PLOTTERS — Looks like some tough sledding ahead for Pampa's competition in the West Texas-N. Mex. league if the local team's two managers have their way. The candid camera caught Virgil Richardson (left) newly appointed Oilers' manager and business manager Warren Hasse in a serious huddle which probably bodes ill for the rest of the league. (News Photo)

Tops Victory With 3 Under

BIRMINGHAM, Mich. — (AP) — Golf's mighty little "comeback man," Ben Hogan, staged another of his incredible finishes Saturday to win his third National Open championship in as many tries with a 72-hole score of 287.

Five strokes back of South Africa's Bobby Locke going into the final day, the wiry shotmaker from Fort Worth, Tex., climaxed his victory with a three-under-par 67, sinking a birdie 14-foot putt on the final green.

Up to this point, the trapped, 6,927-yard monster known as Oakland Hills had remained unsullied in face of some 350 rounds.

Hogan finished two strokes better than Clayton Heafner, the bull-shouldered professional from Charlotte, N.C., who later came in with his own par-wrecking 69 for a 289.

Locke — old muffer face, the golfing golf propector from the diamond mine district around Johannesburg — lost his famous putting touch in the pressure of the last day grind and registered third with 291. He had final rounds of 74-73.

Bracketed at 293 were Lloyd Mangrum, the 1946 champion from Niles, Ill., and Julius Boros, a freshman professional from Southern Pines, N.C., just a year out of amateur ranks.

In effect, the victory was Hogan's third in a row since he triumphed in 1948 at Los Angeles' Riviera Club, setting an all-time record of 276, and in 1950 at Merion, in Philadelphia, where he won by a score identical with Saturday's 287.

He missed the 1949 tournament because of a near-fatal automobile accident from which it was feared he might never recover.

He becomes the third man in history to score as many as three open conquests and he is the first repeater since Ralph Guldahl in 1937-38. Willie Anderson won four championships back in the early 1900's and the matchless Bobby Jones bracketed as many during the decade of the roaring twenties.

"Under the circumstances it was the greatest round of golf I ever played," Hogan commented after his big 67 had gone on the scoreboard.

Cain Hangs Whitewash Job On Yankees, Bengals Win 4-0

NEW YORK — (AP) — Lefty Bob Cain, extremely effective against the Yankees, turned in his best performance of the season Saturday as he pitched the Detroit Tigers to a 4-0 five-hit triumph.

Cain, who beat the Yanks four times last year as a member of the Chicago White Sox, was in trouble in the third and ninth innings only.

Eddie Lopat, who went down to his fourth defeat, was the victim of shoddy fielding. The Tigers scored in the first with the aid of an error and wrapped it up with three in the ninth with the help of miscues.

The Tigers loaded the bases in the first on a walk, single and error. Vic Wertz bounded into a double play and Johnny Lipon scored.

Wertz socked his 11th homer to open the Tiger ninth. On a hot Evers singled, Bob Swift forced Kolloway at second but when Gerry Coleman threw wide to first attempting a double, Kolloway scored. Cain doubled Swift to third and when Phil Rizzuto booted the relay, Swift scored.

The Yanks put two on with two out in the third but failed to score. They put two on with none down in the ninth but Yogi Berra bounced into a double play and Gil McDougald grounded out to end the threat.

The Pampa Daily News

City's Golfers Open Firing Today In City Golf Tourney

Firing began this morning at the City Golf Tourney, which enters day, June 24. The second round must be completed by Sunday, July 1; the third round by noon, July 8; and the fourth and final round starts at 1 p.m. on July 8.

Those golfers who are desirous of competing for medalist honors may shoot their rounds either today or next Saturday, June 23.

Johnny Austin, club professional, is anticipating a record number of entrants seeking to unledge Grover Austin, Jr., an city champion. Among the strongest challenges will be those of C. F. McGinnis, who this year won the Phillips Invitational, and Malcolm Douglas, Texas A&M golfer. Douglas was runnerup for medalist honors at the Greenbelt tournament in Childress, which enters the finals today. A man of the strongest challenges will be those of C. F. McGinnis, who this year won the Phillips Invitational, and Malcolm Douglas, Texas A&M golfer. Douglas was runnerup for medalist honors at the Greenbelt tournament in Childress, which enters the finals today.

Hogan Released By Hershey Club

HERSHEY, Pa. — (AP) — The Hershey Country Club announced today the contract of Ben Hogan, head golf professional at Hershey for the last 10 years, will not be renewed.

Club officials said they no longer wish to continue the policy of having a playing professional represent the club. Hogan's one-year contract expired yesterday.

Several weeks ago Walter Hall of Hyanis, Mass., was recommended by Hogan for the position of resident pro at Hershey. Hogan succeeded Henry Plead as head pro in 1941. Byron Nelson became a great star of the game while pro at Hershey during the 1930's.

Hitting Not All, Bears Proving

(By The Associated Press) — Hitting isn't everything when it comes to baseball. The Texarkana Bears are proving that in the Big State League this season.

The Bears are in third place in team hitting with a .288 average behind Temple, the leader with .295; five points better than Tom Jordan, Austin manager, with .288. Santamauro has collected 12 home runs, one more than his teammate, Jim Matthews.

Dean Stafford, Sherman-Denison outfielder, has driven in 62 runs and has 128 total bases to lead these departments. Jack Phillips of Wichita Falls, has scored 57 runs; Cecil McCung, Wichita Falls, has 20 doubles, and Sal Zummo, Temple, 7 triples, all leaders in their departments. Zummo also leads in stolen bases with 17.

Billy Sweet, Gainesville ace, is the leading pitcher with a 9-0 record. Stumpy Jones, Austin left-hander, has the most wins, 10, and Don Spkyer, Temple, the most completed games, 11.

Carmon Ferrulo, Wichita Falls, is the strikeout king with 88 to his credit.

How lifted the Hubbers to third place in the standings, ahead of the Lamesas.

Hochstatter gathered his victory margin, however, by kicking up quite a fuss during the week with 13 hits for 23 AB's in 7 games... right close to .574 for the period.

Three centers, southeast Asia; arch rivals from Dawson County; Earl produced the telling blow on June 7 when he saved his hitting against the Lobos that night to produce a triple in the eighth inning, with two away and the bases loaded to account for the winning margin. Earl's

Sports Round-Up

By HUGH FULLERTON, JR.
NEW YORK — (AP) — For the love of Mike! Ray Dumont is at it again! The cigar-smoking baseball maestro of the National Baseball Congress tried out a jumping-jack microphone at the plate about ten years ago so the fans could listen in on conversations between ball players and umpires... They quickly learned to keep away from the thing while using sulphurous language... Now Ray has purchased a tiny microphone about the size of a dime, which comes with an amplifier and transmitter no bigger than a hearing aid... The ump will wear it in his breast pocket during all NBC tournament games in August. The thing is supposed to pick up every sound on the diamond and transmit it to a receiver in the press box and thence to the public address system... Dumont's idea is to purify the athletes' language as well as to let the fans in on discussions on the field... Can't you picture Leo Durocher charging out from one side of the field and Frank Frisch from the other — both say: "Goodness gracious, Mr. Warneke!"

IT'S JUST FINE
 When the Anna-Joneboro, Ill., Moose baseball team arrived for a game with Orient, Ill., Manager Clyde Reid was fined \$10... The guy who collected the fine was the same Clyde Reid, president of the Egyptian League... What's more, league proxy Reed told Manager Reid that a second offense would cost him \$40.

ONE-MINUTE SPORTS PAGE
 Although the Yankees knocked off the White Sox three out of four games, Nelson Fox banged out five hits in the series... The Yankees pitchers have to be good to our Nell... And did you notice that the Sox drew over 130,000 cash customers those three days? That's about what the Browns will draw all season... Roberto Devine, the Palm Beach golf tournament winner, credits Jimmy Demaret's teaching with making him a real golfer. Maybe he should give Jimmy some lessons now... Michigan State's baseball team belted 27 homers in 26 games this spring and still didn't win the Big Ten title. Who says those college boys can't hit?... Charles Hubbard, the end from Morris-Harvey College, is being touted by the football giants as a rookie "sleeper"... The kid wrote boss Jack Mara: "The kid loves the game more than I do, and there are few ends, if any, that are as fast or have better pass-catching ability. This I know from checking statistics..."

CLEANING THE CUFF
 Paul Dean, Jr. (the pitcher) of the Little League last week. He also made five of his team's 22 hits as Lubbock "hipped" the opposition by a 44-0 count... The kid's one of Uncle Dix's stories about what "Me and Paul" used to do... The USGA now reports that some of those golf balls that were found overweight and illegal for the Open now have been okayed. The manufacturer has reversed the colors in

PHILADELPHIA — (AP) — Shortstop Eddie Joost tripled with two out in the eleventh inning Saturday to score pitcher Morris Martin and give the Philadelphia Athletics a 6 to 5 victory over the Chicago White Sox. It was the third successive defeat the cellar dwellers handed the American League leaders.

Chisox Lose In Eleventh

PHILADELPHIA — (AP) — Shortstop Eddie Joost tripled with two out in the eleventh inning Saturday to score pitcher Morris Martin and give the Philadelphia Athletics a 6 to 5 victory over the Chicago White Sox. It was the third successive defeat the cellar dwellers handed the American League leaders.

Nell's Record Book Available

One of the "musts" for West Texas-New Mexico League baseball fans is the league "Record Book" compiled and published by Gordon Nell, longtime favorite of the league's fandom. Nellie has put in long and tedious hours on the book and the first edition each year of the records of the season before, complete with photographs.

Nell received the complete cooperation of Milton Price, league president, and all of the records of the league in order to make a thorough history available to the fans. The book may be purchased at Oiler Park.

It contains pictures of most of the record-breaking and record-setting figures of the league, team photos of the pennant winners, and various other personalities.

Sooners Near NCAA Ball Title

OMAHA — (AP) — Oklahoma's baseball team, which plays the game as though it weren't a collegiate minor sport, Saturday had an inside track on the NCAA baseball championship.

The Sooners defeated Southern California 4 to 1 Friday night to remain the only undefeated team in the double elimination tourney here and win a berth in last night's tourney final.

Tennessee Friday shut-out Springfield (Mass.) College 2 to 0 and Utah outslugged Texas A&M 15 to 8, Springfield and the Texas Aggies, each once beaten, were eliminated.

FIREMEN'S WEEK OBSERVED
 Austin — (AP) Texas will observe Firemen's Week June 18-23. Gov. Allan Shivers designated the dates, declaring that firemen's loyal and unselfish devotion should have proper recognition.

The markings of those that are approved.

THIS IS THE LIMIT — Herman Schneider, 63, does not have to go 100 miles or more to fish. Schneider displays his usual daily catch of more than 100 perch, taken from Lake Michigan, smack dab in Chicago. The veteran's normal fishing day starts at 5 a.m. and ends at 6 p.m. (NEA)

Greens Gossip

By HOGAN O'SNEAD
 I watched the Greenbelt Golf Tournament at Childress last Thursday and Friday and saw the Pampa team composed of C. F. McGinnis, Clare Freeman, Harry Wilbur and Malcolm Douglass take the City Walker Cup home with a fine total of 298 strokes. The cup will be on display at the golf shop and will be the property of the Pampa Country Club for one year.

Malcolm Douglass and Dick Odgers are still playing in the regular tournament while Mark Heath and Tommy White are playing in consolation. (At least they were when I had time to write this.)

Clare Freeman, C. F. McGinnis and Harry Wilbur were defeated in the first round of play. Thus far it has been a very good tournament and I hope the Pampa boys who are still in will come home with the title. Play continues through today.

Tommy Cox won his flight in the Amarillo Junior Chamber of Commerce Tournament for boys 17 years of age and under. He had 17 strokes, which is very good in anybody's league. Other boys playing in the tournament were Buster Carter, Charley Austin, Ronnie Mullins and John Smith.

The city golf tournament begins today with qualifying rounds being played today through Saturday. First round matches will begin one week from today and from here it's going to be a toss-up as to who will come out as champion.

Our vote for the best round of the week goes to Les Heen, who fired a hot 78 the other day, his finest round ever. He took a fine time to shoot it to clip Ralph McKinney, Red Weathered and Fred Thompson.

Jeff Bearden along with him to share the spoils. Guess that Les' lessons from Johnny have helped.

SPORTS AFIELD

By TED KESTING
 This is for the man trying for the first time to catch trout on flies. But before we start, let's remember that trout aren't complete nitwits — they are shy, timid. So walk lightly and don't let them see you.

But the first step is to find them. The most generally productive spot and the most easily fished is a narrow tongue of current entering a pool from a swift, shallow stretch. The greatest amount of food will be concentrated there. And trout will be watching the current, ready to dart out and grab an enticing morsel.

If you can cast down there, well and good. But you can get just as many trout by merely stripping line from the reel and letting the current wash the fly down to the good spot.

It calls almost for a sixth sense to hook trout with a fly drifting naturally on a slack line. Jason Lucas cautions beginners to remember this: When working the fly, keep the rod tip low, with leader and line straight from fly to rod grip where the line passes under a finger of the right hand. Let the line slip in and out under that finger or you'll be in trouble.

Use your left hand, not the rod tip, to give the fly little jiggles. When your left hand gets back too far, reach out and take a fresh hold behind that forefinger, forming a coil in your left hand with the slack. Thus, when a trout takes the fly, your fingers feel him instantly and before he can turn, it's pure reflex action to jerk back your hand and set the hook.

Don't give a hard jerk — a quick little tug does it. As soon as you've hooked him, raise the rod to the vertical, to play him against his full spring. To do this, you of course, let line slip freely under that finger of the right hand; when there's enough out, a gentle pressure of the finger against the cork grip stops it, or causes a mild brake to slow him. A small trout is played by stripping in line with the left hand. A big fish can be handled best by playing him from a single-action reel.

Elliott's Blast Defeats Redlegs

CINCINNATI — (AP) — Bob Elliott's 10th homer of the season with Sam Jethroe on base in the ninth inning Saturday clinched the Boston Braves' 3-0 shutout over the Cincinnati Reds. Lefty Warren spun held the Reds, who had beaten the Braves in eight previous starts, to four hits.

Shamrock Faces McLean Today

SHAMROCK — (Special) — Shamrock's Green Sox will be a very good club before the season ends," predicted Bill Rushing, Sox center fielder. Bill was commenting on the improvement in the past four games and especially the close, 5-4 battle with Wheeler last Sunday.

"Wheeler is one of the best in the Panhandle League, and so is Ericose. Bryan Close pitched very good ball for eight innings, then seemed to tire. J. D. "Red" Cook finished."

Shamrock collides with McLean at the local park just west of the underpass on 66 at 2:30 Sunday. "We think we can take them," Rushing asserted. Last week McLean and Allison played a 4-4 tie called in the 12th.

Although Shamrock was never ahead of the tough Wheeler crew, they made no errors and the Wheelerties made two. Shamrock tied up the battle in the first of the ninth, when Bill Rushing drew a walk, stole second, took third on a passed ball and came in home on another passed ball.

But Wheeler won in the last of the ninth with a homer by Rowe Green.

Jimmy Tallant hit four for five, one of them a towering double to left-center. Bobby Burrell, a southpaw, will be on the mound to start the McLean contest today, Rushing said. Burrell has shown well in early contests, although he is only 17. Allison will be here the following Sunday, June 24.

AND NOBODY WAS HURT—A stock car driven by Bob Nohly of Waukesha, Wis., left, smacks into one manned by Milwaukee's Edward Anderson in the first lap of the feature race at Hales Corners, Wis. Despite the terrific crash and near general pile-up, neither strapped-in, helmeted chauffeur was hurt. (NEA)

Lobos Move Into Third; Top Dukes

LAMESA — (AP) — Lamesa's Lobos took over third place in the West Texas-New Mexico League here Friday night, outscoring the Albuquerque Dukes, 16-12, in an old-fashioned slugfest witnessed by 1273 customers.

The two teams clubbed out a total of 35 hits in the ball game which was delayed 40 minutes by a dust storm in the top of the fifth. The Lobos survived an eight-run outburst by the Dukes in the fifth which gave Albuquerque a 10-4 lead and came from behind with big rallies in their last three frames to win. Lamesa collected 20 hits off left-hander Bob Spence and Lou Lockhart, sending Spence to the showers with his fourth defeat in the seventh.

A trio of homers were the big blows for the Lobos. Glenn Burns belted his 13th round-tripper in the first frame with one aboard. Mel Hicks hit his third four-mast in the seventh with one man ahead to put Lamesa ahead to stay, 11-0, and John Fetzer flailed his eighth homer with the bases loaded in the eighth to give Lamesa a comfortable winning margin.

The Dukes got 15 safeties off Manager Jay Haney, making his first start on the hill, Mel Hicks and Jim Reynolds. Reynolds re-

Louis Scores 6th Round Knockout

NEW YORK — (AP) — A jub-with Jersey Joe Walcott in Pittsburgh on his agenda and Louis said "I want a couple of more fights before then. Maybe one in Germany and one more."

"I'll go along with Louis over Charles," said the battered Brown Bomber of ten years ago, hollered for Ezzard Charles to day and there wasn't a soul who would dare hush him down.

With the exciting memory of the Bomber's explosive six-round knockout of Lee Savold fresh in mind, hardened boxing men and Savold himself, will bet you even money that Louis will take back the prized crown he held so long.

And he'll probably get his chance in Detroit this September. Charles has a July 18 date placed Haney in the fifth and picked up his fourth win of the season. Hicks came in from first base three times during the ball game to pitch to Allen Maul in the fifth and to Manager Hershel Martin in the eighth and ninth. Maul rapped out a run-scoring single but Hicks got Martin out both times, tagging on Ay Suoz's pop and up in leftfield ending the ball game.

Bears Get New Baseball Coach

WACO — (AP) — A. E. (Pete) Jones, business manager of athletics at Baylor University, has been named to fill the vacancy on the university's coaching staff, athletic director George Sauer announced Saturday.

Sauer said that Jones will coach the Bruin baseball team in addition to his present duties. Jones, a graduate of Baylor, captained the school's 1928 football team and was a standout baseball player here from 1926 to 1928. He coached and caught schools in Bryan for 12 years and was business manager of athletics at Texas A&M for two years. He returned to Baylor in 1946.

He has previously served three seasons as varsity baseball coach at Baylor with his teams winning 57 and losing 34 and never finishing lower than third in the SBC race.

It was a one-sided battle all the way as Louis snapped Lee's head back with jarring left jabs and belted him to the head and body with short rights and uppercuts. From the second round on, Savold gushed blood from his aching nose and from the third on his face was a crimson smear.

First Lieutenant Fred A. McClure, Commanding Officer.

BLUE PRINT FOR LIVING

He is a wise builder who sits down to count the cost and make careful plans for the construction of his house. Rock and tree and mine and gravel pit, materials from many sources, are to be brought together and assembled into a unity. There must be a clear understanding of what is wanted. *The plan must be drawn for all workmen to follow. The laws of nature must be obeyed.* How important then that the builder shall sit thoughtfully before the drawing sheet, before he sets his hands to square and compass and rule and all the tools of the builder! Architect, contractor, carpenter, mason and all the rest must follow a common plan, if a good house is to be the result.

How much more important is the building of a home! Persons are here to live together. Minds and wills are to be harmonized, women and men and children are to get on in sympathy and understanding. *The builders of a home need a plan, a blueprint, a guide for all to follow, if there is to be a genuine home.* The Bible has served as the sacred blueprint for Christian homes for eighteen hundred years. Differing minds and wills work together better, if each knows the other to be seeking to follow the divine will. Forgiveness flows from love and trust which have been inspired by common prayer and worship. The Bible in the hands, love in the hearts, prayer upon the lips, a common purpose to do His will; these are the promise of a good home. *These are our blueprint to living.*

YOU IN THE CHURCH THE CHURCH IN YOU

Character is a by-product of the church. It is here that young and old alike are showered with benedictions that fortify and influence for a better citizenship and a stronger democracy. In the church the ministerial are molding religious character. Statesmen today declare that the church alone can furnish leadership to handle the affairs of state in these perilous times. Then we with our children should go to the church of our choice on Sunday. "You in the Church and the Church in you" form a combination for good. Be a regular church-goer and a daily BIBLE READER.

109 SOUTH CHUYLER PAMPA

OLD COWBOY — Tex Cross, old-time cowhand who once worked for the Matador and XIT ranches in the early part of the century, looks over a replica of an old covered wagon he fashioned. Tex was here visiting his niece, Mrs. A. D. Fish. (News Photo)

**Worked For XIT And Matador:
Old-Time Cowboy Makes Stop
In Pampa; Recalls Old Days**

A breath of the Old West blew into Pampa last week as L. S. "Tex" Cross, old-time cowboy swung through the southwest visiting friends in the area.

Tex, now a deputy sheriff for Los Angeles, Calif., County, is an uncle to Mrs. A. D. Fish who lives at 920 W. Buckler. He was here about three days.

He told of the old days when he was a hand on the famous XIT ranch and a wrangler for the Matador Ranch.

He said he started with the XIT as a kid wrangler in 1893 and worked in the organization's divisions from Lubbock to Wyoming.

He related one instance while working for the Matador. The ranch had division headquarters here in Pampa on the location of the old Schneider Hotel. This spot is directly across the street from the present hotel site.

A young cowhand rode up and asked for a job. He was hired and stayed with the organization until the cattle were moved to Kansas City.

The cowhand was a comical fellow, Cross remembers, and kept the crew amused with his jokes and rope twirling.

But in Kansas City, the young fellow was offered a job by a theatrical agent to go into vaudeville.

He took the job and stayed in his entertainment business the remainder of his life.

The cowhand was Will Rogers. Cross also can remember other famous cowboys and worked several of them.

One in particular was a wagon boss for the Suggs Bros. organization in the Comanche Nation in Oklahoma. The wagon boss was the famous Tom Mix. Cross hit the road eventually with Mix and Boogie Red and Tex Macdon back in 1905 for a touring video. He covered most of the West with the group until he had to return to Oklahoma to take care of his homestead near Jaymon. The others stayed together and rode into prominence in the early movie business.

Tex said he had decided to go to California several years after returning to Oklahoma.

He took a train to California and looked up Tom Mix. Cross said he carried his gear with him on the train but didn't have a horse.

He asked Mix if there were any jobs around. Mix asked a writer named Hart and Hart in turn asked a movie producer J. W. Griswold. Griswold got a job with Hart supplying the needed horse.

The writer was the famous William S. Hart and the film boat, trailer and car all rolled in which Tex worked was "The

Clansman" later changed to "Birth of a Nation," by Dixon.

Tex worked for many of the famous old ranches in the area and is a member of half a dozen cowboy associations across the nation.

His life is wrapped around the Old West and old cowboys and others connected with the West are among his closest friends.

His hobby even, is steeped in Old West lore.

He has made dozens of replicas of old stage coaches, old buildings, cowboys, horses and any other thing that reminds him of the days when he punched cattle.

Another hobby is a large collection of branding irons from most of the famous old spreads including the 6666, DDD, XIT and Matador to name a few.

Tex left Pampa last week, heading for other spots in the country that still have some association with the country he knew as a cowboy.

**Sister Of Lefors
Woman Is Assigned
To Germany Post**

Miss Francis O. Wood, sister of Mrs. Joe K. Clarke, Lefors, has been assigned to Frankfurt, Germany, as an assistant field director for the American Red Cross in Europe.

Before her European assignment, Miss Wood served on temporary duty at Lackland Air Force Base Hospital in San Antonio, helping to care for casualties flown from Korea.

Since joining the Red Cross in 1943, Miss Wood has served as head recreation worker in military hospitals in the states, in personnel service in the Philippines, and as supervisor of overseas volunteer units in the Philippines and Okinawa.

She has been an assistant field director in field offices in Yokohama, Japan and Guam. After returning home in 1949, Miss Wood served as an assistant field director at Selfridge Air Force Base, Mich. and Camp Hood, Tex.

In her new assignment, Miss Wood will be one of more than 200 Red Cross staff members assisting members of the armed forces and their families in Europe and North Africa.

Before sailing for Germany, Miss Wood visited her sister in Lefors and with her father and sister in Wheeler.

**All-Out Launching
CLAREMORE, Okla. (AP) —**

Meloy Aldridge backed his auto and trailer to the edge of Lake Claremore to launch a motor boat. The brake slipped and William S. Hart and the film boat, trailer and car all rolled into 12 feet of water.

Wheeler Sailor Is Assigned To Ship

WHEELER — (Special) — Johnny Ahler has been assigned to the ice breaker, USS Barton Island since his recall to the Navy in April. Mrs. Ahler left for California with Mr. and Mrs. Carroll Pendleton on Tuesday to join her husband at Long Beach, Calif., until the Barton Island leaves sometime next month.

Vet School Is Expanding

WHEELER — (Special) — The veterans school of Wheeler County is expanding its program against the deadline of July 25. There are 370 now enrolled and it is expected that there may be 500 in the program before the deadline for enrollees. Classes in Canadian, Allison, Mobeetle, Kelton, Shamrock and Wheeler cover courses in welding, cabinet making, business, body work, mechanics, agriculture and advanced agriculture.

George Gandy, co-ordinator of the program for Wheeler and Hemphill Counties will be glad to give any information requested by veterans. His offices are in the Wheeler County Court House.

Rodeo Performers In Matched Roping

SHAMROCK — (Special) — Shamrock fans will be interested observers today when the top rodeo performers compete at Shamrock, just south of here.

Matched roping is the tops in entertainment slated for that day. Bill Towns of Wellington and Kenneth Kromer of Vinson, Okla., will be matched with Johnny Freeman of Higgins and C. M. Coffey of Miami.

Twenty Brahma calves will be in the Shamrock area. They have had ropes on them only once this year, and will be plenty tough, says Fred Johnson, secretary of the Shamrock Rodeo Assn.

Shamrock will hold its annual Fourth of July Rodeo as scheduled, Johnson says.

Pampan Is OU Graduate

John C. Burton, son of Mr. and Mrs. D. V. Burton, 515 N. Russell, was graduated from the University of Oklahoma recently where he won the Phi Sigma award for outstanding achievement in bacteriological science.

The Pampan, who received his Master's Degree, has gone to Dougway, Nev., where he will work in a bacteriological laboratory for warfars.

Mr. and Mrs. Burton were in Norman for their son's graduation exercises.

The earliest known organized system of shorthand was practiced by the Romans and dated back to 88 B. C.

Wheeler Girl Is Graduate Of TSCW

WHEELER — (Special) — Miss Elwanda Simmons, daughter of Mrs. C. O. Killingsworth of Kelton, received her B.S. degree in the commencement exercises at T.S.C.W. June 4. Miss Simmons was one of eleven graduates to receive the Alpha Lambda Delta Certificate of Award for having completed four years of college work at Texas State College for Women and maintaining a 2.5 grade point average. She was one of the 48 graduates of the class of 269 graduates for 1951.

In addition to completing the prescribed major in home economics education and a minor in chemistry she belonged to many clubs on the campus. She was a member of the Alpha Lambda Delta Society, Alpha Chi, the

HIGHWAY ACCIDENT — The car shown above, owned by Jodie C. Partin of Pampa, was a total loss after it was hit twice Friday night on Highway 60, about a mile and a half east of town. Highway patrolmen said the automobile, parked on pavement without lights, was hit first by a pickup driven by W. C. Epperson of Pampa and a few seconds later by a truck tractor and semi-trailer owned by General Supply Co. and driven by Jesse M. Riley. Partin was fined \$45 Saturday in Justice Court. (News Photo)

FORT WORTH LADY LOSES 20 POUNDS

"I like Barconrate very much. It has done wonders for me," writes Mrs. T. V. Pace, Route 5, Box 160, Fort Worth, Texas. "When I commenced to take Barconrate, I weighed 144. I had high blood pressure. I have now taken four bottles and lost 20 pounds, do not have high blood pressure, sleep and feel fine. It is a wonderful medicine."

Many people have reported amazing results with this home recipe. It's easy to make at all and costs little. Just go to your drugist and ask for 4 ounces of liquid Barconrate. Pour this into a pint bottle and add 12 ounces of canned grapefruit juice. Then take two table-spoonful

twice a day. That's all there is to it. If the very first bottle doesn't show you the simple, easy way to lose bulky fat and help regain slender, more graceful curves; if reducible pounds and inches of excess fat don't just seem to disappear almost like magic, from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back.

NORTHERN FORESTS
 Some of the largest and most valuable timber forests of the world are north of latitude 60 degrees. Mining and fishing industries also flourish there.

LOST 12 POUNDS

"I have taken 2 bottles of Barconrate and lost 12 pounds," says W. C. McRoy, 1923 Sixth St., Lubbock, Texas. "I feel lots better."

Civil Defense Kiwanis Topic

Civil Defense was the topic of the Kiwanis Club meeting Friday.

A film called "Survival Under Atomic Attack" was shown to the group and Mrs. Mary Ann Duke, home demonstration agent, spoke briefly about what is being done in Gray County in civil defense work.

The movie showed what to do in case of atomic attack against its three main effects: blast, heat, and radioactivity. What to be done in the home, when the alarm is sounded, and how to make preparations now to be ready when an attack might come.

Mrs. Duke said that a committee of women in home demonstration is placing questionnaires in various homes in the county to find what the homes are doing to prepare for civil defense, and explained other work of different organizations in the interest of preparing for disaster.

The speaker was introduced by Jimmy Massa, chairman of the Kiwanis Education Committee.

Faculty For Wheeler Set

WHEELER — (Special) — Wheeler faculty has been named for the coming year by Supt. W. O. Carrick. There are two vacancies to be filled as yet. A total of 17 members will be on the faculty when school convenes next September.

The high school teachers will be Supt. W. O. Carrick, Mrs. Nadine Carrick, commercial subjects and math; C. T. Paddock, high school principal, math and girls basketball; B. K. Barham, high school science and driver education; Mrs. C. R. Holt, high school English; Mrs. Emma Hastings, high school vocational home making; I. Q. Sewell, high school vocational agriculture. High school coach and social science teacher position is still open.

The grade school faculty will include Barney Teague, principal and math in the fifth, sixth and seventh grades; Mrs. Cecil Paddock, language arts in the fifth, sixth and seventh grades;

The World Of Books

WORLD SO WIDE: by Sinclair Lewis; published by Random House. This is the last of the books written by our greatest contemporary satirist. In it, he takes a few Americans to Italy, settles them in an American Colony and shows how they would, no doubt, act.

Americans in America have always been Lewis' topic until this last novel. He died last fall shortly after finishing the book while on a vacation in Italy and Europe.

All of Lewis' Americans are of the upper middle class. And he knows them as if they were all a part of him, which, actually, they were. But he was able to set down their traits and actions, from a satirical viewpoint that was cutting and hard, but surprisingly true.

In "World So Wide," Lewis tells of Hayden Chart, a Colorado architect, who takes a trip abroad after his wife's death. He goes to Florence, Italy, studying medieval culture and falling in love with Olivia Lomond, a scholar and authority on 16th Century Italian architecture.

Things develop and are efficiently complicated by the other people who arrive from stateside in the Colony.

Florentine culture as a background for these people is a delicious treat — like painting one of the "Brave Bulls" on a colorless canvas.

THIS IS THE HOUR: by Lion Feuchtwanger; Viking Press. The author of "Proud Destiny" again brings us a story of the Napoleonic Era. This new one has a setting in Spain — and is a story of Francisco Goya, the great Spanish painter.

Spain was turbulent at the time, as was most of Europe and its people have always been a fiery lot. Mix the personality of a temperamental painter and Spain's great lady, the Duchess of Alba, and her impetuous nature, and you have the colorful novel that comes to us in a bright yellow-backed book with red trim.

The author has employed a very appealing little knack to this book. At the end of each chapter is a short poem. Sometimes this poetry rhymes, more often it is prose poetry and most of the time has a "Hawthorne" type rhythm.

Besides adding a little flavor to the book, it's pretty good poetry — and it makes a stepping stone right into the next chapter. GS.

Miss Joyce Webb, Kenneth E. Parker Exchange Vows In Church Of Christ

MIAMI (Special) — In an afternoon ceremony, Miss Joyce Webb, daughter of Mrs. Irene Webb of Miami, became the bride of Cpl. Kenneth E. Parker, son of Mr. and Mrs. John Parker of Pampa, Thursday, June 7, at 2:30 p.m. The Francis Avenue Church of Christ, Pampa, was the scene for the impressive double-ring service, which was read by the pastor, J. P. Crenshaw.

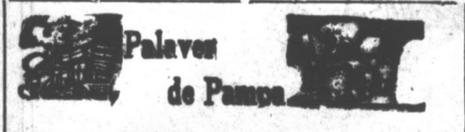

Altar vases were filled with pink and white-mixed bouquets, and the altar was flanked by basket arrangements of white gladioli, and backed by Eureka palms. White peonies marked the aisle and completed the decorative setting.

Traditional wedding marches were softly hummed as an accompaniment for the entrance and departure of the wedding party, by a quartet composed of Misses Mona Cox of Pampa, Geraldine Perkins of Lefors, and Misses Gordon Frasier and Dave Tubbs of Pampa. They also sang "Because," as a prelude to the exchange of vows.

Entering on the arm of J. R. Perkins of Lefors, a close friend of her family, the bride was attired in a ballerina-length gown of white lace over satin. Her tiered fingertip veil of illusion was attached to a halo of satin studded with seed pearls. For

something old she wore a three-strand necklace of pearls. She also carried out the other traditions of the bride's costume. She carried a single white orchid on a white ribbon. Her sister, Mrs. Cecil Gill attended her as matron of honor. She wore an afternoon dress of navy blue, a white picture hat and white accessories. She carried a nosegay of a single mauve peony surrounded by white carnations. Gordon Frasier of Pampa was best man. Serving as ushers were James Roy Gill, Miami, and J. E. Parker, brother of the bridegroom.

For her daughter's wedding, (See JOYCE WEBB, Page 12)

PEG O PAMPA

CROQUETTES — Tuna, salmon, chicken — just name it and we have had it at our house this week. The beef shortage has not been too noticeable, but I declare it's a challenge to the menu-maker to have meat temporarily taken off the table. Does us good to shop around for some new and interesting food that can substitute for meat if we do have to cut down on our intake — and at present prices who hasn't cut down? Another sign of the times.

DO WISH THIS RAIN WOULD ease up. It's time to start outdoor square dancing and a new school starts the 19th and goes through June 23. Bob Sumrall will instruct the course and anyone interested is requested to contact John McFall. Plans for the course to be conducted on the Hobart street slab, but in case of rain, Peg hopes another meeting place is designated. This square dancing still seems to be going strong.

SOME PEOPLE are wondering just how the baby pool in the City Park gets so dirty so quickly. With polo season in progress, it's terrible to see the small fry playing in muddy, debris-filled water. Parents should double-check to make sure the kiddoes are keeping their dogs out of the water. Fact is, parents should be more careful about knowing when their children are in water. It's a sad thing to see a small child playing in the City park pool in the dusk with no adults about. There can't be people supervising the pool, and it's such a nice place. It's shameful the children haven't taken better care of it so far this year.

PANORAMICALLY: One of the nicest people we know is Mrs. H. H. Gull... she's the kind of a person who makes one glad to live in Pampa, the friendly city... believe she's a native Tennessean, but nonetheless deep-rooted in Pampa... The Stanley Brandts have their daughter home for the summer... lovely addition to our scene... Mrs. John B. Hessey better... hear such nice compliments on her... she's a new officer in the Methodist W.S.C. Does anyone else but Peg see the resemblance of Dr. Overton and Quentin Williams?... She would like to see what re-decorating has been done at the W. A. Spoonemore's... friends say the living room is larger and all green... sounds so nice... like those two... See the loveliest flowers in bloom... the R. B. Faggs residence... Also at Mrs. Frank Shotwell's... (mentioned that earlier this year... it's worth repeating)... Heard lovely reports on the Horace McBee's daughter's wedding yesterday... one of season's first brides, Bonnie taught in the Dallas public schools last year, believe it was... Dr. and Mrs. Falkenstein and children make a nice family group... So do the Bob Triplehorns.

HATS OFF to the people who instigated the summer youth program! We are anxious to see how those few leaders take care of the county children who will undoubtedly enroll in the course. Looks like there. Folks here have waited too long and worked too hard to get there! We have to be some volunteer work... we bet there's no problem such a program here not to support it. Maybe Peg can take management from the program leaders on "how to keep the most children the most interested in something besides mischief!" That registration is at the junior high gymnasium at 9 or 9:30, think it is. No charge.

BIG TALK these days is about vacations... where to go, etc. Never heard of so many folks heading for Colorado where they can play in the snow. A gang of the young set is in that vicinity. Dr. and Mrs. C. E. High are vacationing there, so's Mrs. Jim Hopkins. Cuba last year and the George Cress vacation in Cuba this month. The M. F. Waggoners have gone the way of California, and the R. L. Edmondsons are spending a holiday at their ranch. Dr. Jones was up North last week, and don't have any details, but we heard the Aubrey Steeles have made their vacation. Mrs. Elsie Ligon is in the Nation's capital, and the H. A. Gillilands were due back this week from the Pacific Northwest... any direction you travel, you're likely to run into somebody from home!

Had A PLEASANT note from a man this week who confesses to reading this palaver every week... so it's not just women's talk! That's especially good to hear this week when we want to pay tribute to all the fathers in Pampa on their big day. Sometimes we forget that fathers are husbands, too, so I'm sending Mr. Peg a "thank you note" on this Father's Day... a thank you for getting up to see about the children during the night; and for the countless bottles he's warmed for getting sinner and arranging quiet evenings "for two"; for insisting that I, above everyone, should have an extravagant dress he admired in a shop window; for letting me beat him on that last nine holes of golf; and last of all, thanks for being such a good sport about being the other half of

What's Cookin' In Gray County HD Club Work

By MARY ANNE DUKE CHIGGER CONTROL We're having quite a few people ask what to do for these "pesky chiggers." To find out the easy way if chiggers are really present, James A. Deer, extension entomologist, says place a piece of black cardboard edge-wise on the ground. If chiggers are there you'll see the small pinkish mites moving rapidly over the cardboard.

Deer says emulsions of some of the newer insecticides like chlordane, lindane and toxaphene are effective in chigger control. Apply chlordane or toxaphene emulsion at the rate of two pounds per acre. These sprays can be applied with knapsack sprayers, using 20 to 25 gallons per acre or about one gallon to each 1800 feet.

WHAT'S IN A FOOD Here's help for another common question to the agent: "Where can we find out which foods give us the most nutrients for our money?"

For those who want a general idea of the nutritional value of familiar foods, the number of calories different foods provide for body energy and the amount of protein, key minerals, vitamins and other nutrients the foods contain, specialists in the U.S. Department of Agriculture have prepared an eight page leaflet, "Food Values in Common Portions."

The leaflet can be ordered (call HD agent for price) Superintendent of Documents, Washington 25, D. C. A 25 percent discount is allowed on orders of 100 or more copies.

The leaflet also shows the National Research Council's table of recommended daily dietary allowances for individuals, popularly known as the "nutrition yardstick." This table makes it possible to judge roughly how well a day's food provides nutrients needed; and also how well a particular food can contribute to the body's needs.

ATOMIC ATTACK FILM The film "Survival Under Atomic Attack" has arrived. This film is an official U.S. Government Civil Defense film. The film shows the bomb's true dangers as well as secrets to save your life in case of an atomic attack. Contact the agent's office for the use of this film.

Bridal Shower Is Compliment To Bonnie Nell McBee

A miscellaneous bridal shower in the home of Mrs. Bob McCoy, 210 W. Harvester, Wednesday afternoon, honored Miss Bonnie Nell McBee.

Co-hostesses were Mrs. McCoy, Mrs. A. E. Carruth, Mrs. C. W. Lawrence, Mrs. W. Mullinax, Mrs. H. H. Boynton, Mrs. J. G. Cargile, Mrs. W. Purviance, Mrs. Oscar McCoy, Mrs. F. W. Shotwell, Mrs. H. F. Barnhart, Mrs. W. E. Jarvis and Mrs. Clara Mealer.

Dorothy Perkins roses and a delphinium decorated the home, carrying out the honoree's chosen colors of pink and blue. On the piano a green crystal epergne held Dorothy Perkins roses and an antique bowl of the roses graced the mantel.

The table was covered with an imported white linen cloth and centered with an antique cut glass bowl of pink carnations and blue delphinium. The center arrangement was flanked by blue candles. Other appointments were in cut glass and crystal.

The bride's aunts, Mrs. Barnhart and Mrs. Mealer, served pink punch and cakes iced in pink and blue. Mrs. Mullinax and Mrs. Lawrence were at the guest register.

Miss Carol Paxton provided background piano music.

The guest of honor received a corsage of pink split carnations, her mother, Mrs. Horace McBee, also wore a pink carnation corsage; her sister-in-law, Mrs. Lawrence McBee, wore a blue corsage; and her aunts, Mrs. Barnhart and Mrs. Mealer, had yellow corsages.

Approximately 50 guests called and about 100 who could not be present sent gifts.

Senior Department Of Methodist Church

Installs This Morning

New officers of the senior department of the First Methodist Church will be installed in a worship service this morning.

New officers are Eugene Bonny, president; Herman Van Sickle, vice president; Jane Wilson, secretary; Molly Nelson, parliamentarian.

Commission officers are as follows: worship, Phoebe Carter, chairman; John Teed, co-chairman; missions and world friendship, Byron Byars, chairman; Billy McKee, co-chairman; evangelism, Adelaide Williams, chairman; Judy Nancy, co-chairman; community service, Shirley Cook, chairman; Joe McWilliams, co-chairman; recreation, Sue Lynn McFall, chairman; Jackie Weathered, co-chairman.

June Gull is chairman of music, and co-chairman is Wynell Weathered. Rochelle Smith is publicity chairman and reporter.

Former president of the MYP is Betty Jackson.

SOCIAL CALENDAR

WEDNESDAY A regular meeting of the Bishop Seaman Guild of St. Matthews Episcopal Church will meet at 10 a.m. Wednesday, June 28, in the home of Mrs. Charles Russell, 1811 N. Russell.

Miss McBee, Mr. Fabian Wed

MRS. HAROLD F. FABIAN

JUNE BRIDE — Mr. and Mrs. J. H. Spoonemore, 463 Hughes, announce the approaching marriage of their daughter, Doris Marie, to Robert Tunner Smith, son of Mr. and Mrs. C. M. Smith of Hiwassee, Ark. The wedding will be solemnized in the Central Baptist Church at 8:30 p.m. June 28 with the Rev. Hal Upchurch officiating.

Patsy Joyce Alcorn, Bobby Phillips Exchange Wedding Vows In Clovis Rites

An informal wedding ceremony read in Clovis, N.M., June 4 united in marriage Miss Patsy Joyce Alcorn, daughter of Mr. and Mrs. W. Clint Alcorn of Fort Worth, and Bobby Jack Phillips, son of Mr. and Mrs. Alva Phillips of the Merten Lease. The ceremony was read at 8:30 in the evening by the Rev. J. Maddox, pastor of the First Baptist Church in Clovis.

Accompanying the couple to Clovis were Miss June Lynch of Fort Worth, cousin of the bride, who served as her maid of honor, and Bobby Hayes of Pampa, who was the bridegroom's attendant.

The bride wore a blue dress and a corsage of pink carnations for the ceremony, Miss Lynch next year.

Baskets of white peonies and baby breath, woodwardia fern and white tapers in four candelabra formed the setting in the First Methodist Church for the wedding ceremony of Miss Bonnie Nell McBee and Harold F. Fabian yesterday afternoon. Dr. Orion W. Carter officiated as the double-ring vows were exchanged at 4 o'clock.

The bride is the daughter of Mr. and Mrs. Horace McBee, 408 N. Somerville, and the bridegroom is the son of Mr. and Mrs. F. G. Fabian of Raymondville.

At the organ, Harley Bulla played traditional wedding music and accompanied the vocalist, Miss Betty Jane Boynton, who sang "I Love You" (Greig) and "A Sweet Mystery of Life," and Miss Janie Branson who sang "The Lord's Prayer."

Mrs. Lawrence S. McBee of Torrance, Calif., was matron of honor for her sister-in-law, and bridesmaids were Mrs. George L. Casey and Miss Geraldine Carruth. Junior bridesmaids were Miss Carolyn Sue Smith of Amarillo and Miss Sarah Elizabeth Barnhart of Kress, second cousins of the bride. Mrs. L. T. Anderson of Dallas and Miss Martha Kurtz of Houston lighted the candles. Miss Kurtz is also a second cousin of the bride.

L. T. Anderson of Dallas served as best man and ushers were Lawrence S. McBee, brother of the bride, and George L. Casey. Given in marriage by her father, the bride wore white imported embroidered organza over white satin. Topping the fitted bodice was a draped bertha caught by circles of seed pearls. Nylon net filled in above the bertha and was outlined with small pearls, forming a high neckline. The bertha and matching mitts were edged with narrow ruffles of nylon tulle. The fingertip-length veil of nylon illusion fell from a seed pearl tiara.

For something old the bride wore a double-heart bar pin, a family heirloom; her something new was her dress; her wedding veil was borrowed from Mrs. L. T. Anderson and for something blue she carried a small bow of blue ribbon in her bridal bouquet, which was a white orchid encircled in white carnations.

The matron of honor wore a gown of blue eyelet embroidery over taffeta fashioned with a full skirt and fitted bodice with a double collar. Her Juliet cap and short mitts were of matching material and she carried a bouquet of blue and pink carnations.

Miss Carruth wore pink eyelet embroidery made in the same style and carried a bouquet of deeper pink. Mrs. Casey's gown was also in the same style and was of yellow eyelet embroidery. Her bouquet was of deeper yellow flowers. The junior bridesmaids were in yellow organza and pink organza fashioned after the dresses of the other attendants, and their bouquets were of mixed sweet peas. Miss Kurtz was in pink and Mrs. Anderson in toast.

The bride's mother wore a pink lace dress with white accessories and two white gardenias pinned to her corsage. At the reception, held in the church parlor, cake and punch were served from a table laid with a white satin cloth and centered with white flowers and white tapers in crystal candelabra. Mrs. L. T. Anderson and Mrs. Gardner Clapp served cake and Miss Joan Thompson and Miss Patricia Lively ladled punch.

Others in the house party were Mrs. Clara S. Mealer, Mrs. H. F. Barnhart, Miss Joyce Harrah, Miss Joan Stroup, Mrs. W. R. Campbell, Mrs. Sherman White, and Mrs. Harold Wright. For the trip to Dallas, where the couple will live, Mrs. Fabian wore an aqua silk shantung suit with beige accessories and an orchid corsage.

Mrs. Fabian is a graduate of the Pampa High School and of Texas State College for Women in Denton, where she was a member of Sigma Alpha Iota, honorary music fraternity. Mr. Fabian attended Southwestern University in Georgetown and is now a junior student at Southwestern Medical College in Dallas, a division of the University of Texas. He is a member of the Phi Kappa Phi Honor Society. (See MISS MCBEE, Page 12)

Bridal Shower Fetes Mrs. Bill Stafford

A miscellaneous bridal shower in the home of Mrs. Lloyd King, 2001 N. Coffee, Tuesday evening, honored Mrs. Bill Stafford, the former Miss Karla Jo Wyatt. The honoree's chosen colors of blue and white were used in decorations and refreshments, and she received a corsage of blue carnations. A lace cloth, underlaid with blue, covered the table, and blue punch was served with blue and white decorated cake and blue and white mints Mrs. King served.

Guests were Mrs. Paul Lefebvre, Mrs. Vernon Hall, Mrs. G. L. Stafford, Mrs. J. Cotten, Mrs. Willie Smith, Mrs. R. K. Parsley, Mrs. James L. King, Mrs. Jamie King and Mrs. Ronald Johnson.

Miss Betty Kiff, Miss Charlotte Allison, Miss Ouida Williams, Miss Shirley Caldwell, Miss Harriet Swartz, Miss Ann Perkins, Miss Betty King, and Miss Vivian Brake. Mrs. Ed Johnson, Mrs. B. L. Brown, Mrs. C. Davis, Mrs. Tom Eckerd, Mrs. James Washington, Mrs. Ruth McCaw, Mrs. Thurman Stapleton, Mrs. C. W. Mastress and Mrs. Bill Hess.

TO MARRY JUNE 29

LEFORS — (Special) — Mr. and Mrs. W. K. Bigham of Lefors, announce the approaching marriage of their daughter, Melba Eugenia, to Max D. Holland, son of Mrs. Mary E. Holland of Pampa. The wedding will take place at the First Baptist Church in Lefors, June 29, with the Rev. Dan Beltz officiating.

The bride-elect was a student at Lefors High School and an active member in FHA, lettered in volleyball, played on the basketball team and was Carnival Queen attendant during her sophomore year. The bridegroom-to-be attended Pampa High School where he

was a member of the A Cappella choir. Since his graduation in 1949, he has attended Texas Agricultural and Mechanical College. The couple will make their home in Bryan where Mr. Holland will continue his school work.

PAMPA NEWS, SUNDAY, JUNE 17, 1951 PAGE 11

Mr. and Mrs. R. A. Lyle Of Wheeler Celebrate Golden Wedding Quietly

(picture on next page) WHEELER — (Special) — Mr. and Mrs. R. A. Lyle celebrated their 50th wedding anniversary quietly at home yesterday. They were married in Custer County, Okla.

The Lyles get great pleasure from working in their yard and garden. The garden is largely Mrs. Lyle's project; however, since Mr. Lyle has been in ill health most of the past two years, they have lived in Wheeler since 1921. Mr. Lyle farmed in the county two years before becoming a full time carpenter in Wheeler.

They are active members of the First Baptist Church. They were charter members of the Aberdeen Baptist Church which has since been moved to Lutie.

In the early years in Collingsworth County they lived in a dugout and attended Sunday School under an arbor built for that purpose near the Mill Iron rock ranch house. The Mill Iron was one of the few buildings above ground in the area at that time. When the Aberdeen Church was organized the Lyles rode the nine miles to and from church in a wagon and attended both the morning and evening services.

The Rev. Smith, Louise Smith Lyle's father, filed on land in Custer County when she was 16. One of the neighbors R. A. Lyle, and his family had moved there from the Cherokee Strip. This was before the land was on the strip. When Louise was 20 and R. A. would be 21 in September the two were married. Louise's Baptist missionary father was not at home at the time. The town of Thomas Okla., now stands on the old Lyle homestead.

The Lyles have one son, Glen who lives with his family in Shamrock. His three children are Iris Lee who works in Amarillo, Teresa who taught in the Miami school last year, and Bob who will be a senior at Texas Tech in the fall. Three of R. A. and Louise's children have died.

The farm background of the two is reflected in their garden and in the informal flower garden of their back yard. Everything from tiny Johnny-jumpups to regal lilies grows under their tender care. Mrs. Lyle knows where each of her plants came from and loves the old flowers best. Potted plants line the steps absorbing the sun and more are in the house for pleasure there. Large elms shade the house from the afternoon sun and mute the traffic noises of Highway 83.

Mrs. Lyle says, "We hadn't thought much about it (the anniversary). The grandchildren may not even know anything about it. I imagine they'll be over Saturday or Sunday."

Marcheta Hall Has Birthday Party

Marcheta Hall, daughter of Mr. and Mrs. Roy Hall, 1123 E. Frederic, celebrated her 14th birthday June 3 with a birthday dinner at the home of her grandmother, Mrs. Roxie Hall, Iowa Park. Miss Hall is leaving this morning to attend the 28th session of the Grand Assembly of Texas Order of Rainbow for Girls.

Anne O. Wheeler, Virgil Ludden Wed

The marriage of Anne O. Wheeler and Virgil A. Ludden has been announced. The ceremony was performed in the parsonage of the Church of Christ in Lefors at 7:30 p.m. May 26, with the Rev. Robert Bolton officiating. Mr. Ludden is the son of Mr. of the late Mr. and Mrs. O. E. O'Brien of Okmulgee, Okla. Mr. Ludden is the son of Mr. and Mrs. Ben A. Ludden, 1101 N. Charles, Pampa, former residents of Canadian.

Mrs. Ludden is employed by Phillips Petroleum Co. and Mr. Ludden is employed by H. E. Thompson Parts and Supplies.

Kitchen Tips To Newlyweds

By GAYNOR MADDOX
NEA Staff Writer

Don't forget, meat and potatoes are important in a happy marriage.

Today we give you the first in a series of "Six Food Lessons for the Bride."

Today's lesson is on meat and potatoes plus a friendly not toward apple pie and a hunk of cheese. Here's the dinner: clam and tomato juice, chopped steak, oven barbecued, savory potatoes in chive sauce, green salad, brown 'n serve rolls, apple pie, snappy cheese, coffee.

Savory Potatoes in Chive Cream
(Makes 2 to 3 servings)
One and one-half cups diced raw potatoes, 1 (3-ounce) package chive cream cheese, 1-2 cup milk, 1-2 teaspoon salt, dash of pepper.

Place potatoes in saucepan. Let cheese soften at room temperature; stir in milk, blending well. Add salt and pepper. Pour over potatoes. Cook for 20 minutes over medium heat, stirring occasionally. Serve hot.

Chateau Basil Sauce
(Makes 1-1/4 cups sauce)
Two tablespoons butter, 2 tablespoons flour, 1-2 teaspoon salt, dash of pepper, 1-8 teaspoon basil, 1 cup milk, 1-4 pound processed cheese food, shredded.

Melt butter in saucepan and remove from heat. Stir in flour, salt, pepper and basil, blending well. Gradually stir in milk. Return to medium heat and cook, stirring constantly, until thickened. Add cheese and stir until -gus on toast.

Miss Barbara Adams, Harry Scott Marry

Miss Barbara Aline Adams of Athens became the bride of Harry Scott in a ceremony read in the parsonage of the Baptist Church in Clovis, N. M.

Accompanying the couple to Clovis were the bridegroom's parents, Mr. and Mrs. T. N. Scott, and Donald and Tommy Scott, of Stinnett, formerly of Pampa.

Mr. Scott is a graduate of the Pampa High School and is employed at Snyder by E. L. Farmer as off manager and pipe foreman.

The highest clouds are found about six miles above the surface of the earth.

WE, THE WOMEN

NEA Staff Writer
By
BETH MILLET

It has been quite the thing during the past ten years to tell grownups what they owe adolescents. But it hasn't been so popular to tell adolescents what they owe adults — particularly the two who are responsible for them, their parents.

Here, anyway, are a few of the things that you members of the high school crowd owe your own parents.

ONE. To abide by parents' wishes in such matters as where you go, whether or not you drink and smoke, and similar questions. An adolescent can often put a lot over on a doting parent, but it isn't playing fair.

TWO. To give as well as take. Maybe your best friend isn't expected to do anything around home. Nevertheless, if you know your own mother needs a helping hand, you should lend it.

THREE. Not to put the pressure on Mom and Dad for things they can't afford. Here again, if you're pathetic enough about it, you may get the things you believe you just can't get along without. The fact that parents hate to deny their children anything is one you shouldn't take advantage of.

NO DECEIVING THEM

FOUR. To be honest with them. Telling yourself you don't want to upset them or that they won't understand is no excuse for deceiving parents.

FIVE. To let them know you really do appreciate all they are doing for you and are trying to do. They've got a pretty big job, you know, trying to guide you as wisely as they can, to give you as much as they can, to understand you as well as they can. Let them know you appreciate them and that will make it all worth while.

SIX. To spare them a little of your time. You've lots of interests, of course, but it's a great pleasure to parents occasionally to have a teen-ager do something with them without acting as though it is pretty boring.

REGAL REPRESENTATIVES
Canadian Governors - General are appointed by the King and represent the crown, performing functions similar to the King in Great Britain.

TO MARRY — Mr. and Mrs. B. Clark LaPrade, 500 N. Wells, announce the engagement and approaching marriage of Mr. LaPrade's cousin, Charlene Williams to Vernon Garner, son of Mrs. Bertha Garner of Pampa. The wedding is scheduled for August 31 and will be in the Harrah Methodist Church in

Not The Rocking Chair For Grandma, But A Typewriter

By CYNTHIA LOWRY
AP Newsfeatures Writer

Mary Heaton Vorse, a veteran and able writer who can keep pace without heavy breathing with her juniors, has a few salient and heartfelt remarks to make about attitudes of younger people toward men and women on the afternoon-side of 60.

What Mrs. Vorse has to say makes sense — as it usually does. It should be pointed out that many years ago the lady tossed off what has become a classic prescription on becoming a writer: "by applying the seat of the pants to the seat of the chair" in front of a desk — and writing.

Mrs. Vorse's thesis is based on the familiar line about being as young as you feel. But she says with considerable justification, no matter how colt-like one feels, no matter how active one is, younger people frequently and thoughtlessly keep reminding about the onslaught of years.

She is writing, in the *Woman's Home Companion*, specifically about persons who are past 65 — as, I presume, she herself is. I agree with her and I propose to mend my ways immediately about assisting older people on the stairs and marveling at the activities of some spirited octogenarians I know. However, I don't think Mrs. Vorse goes far enough in her counseling.

It is my impression that all women past the age of 30 are constantly subjected to the spectre of age. It's no wonder most women are skitterish about confessing to their years when, by popular consent among editors, romance writers and advertising copy writers, there seems to be a ban on anything very exciting happening once past that deadline of years.

According to one school of thought allied closely to cosmetics manufacture, once a woman has crossed the threshold of the thirties, her complexion is doomed unless she slathers all manner of gop upon it night and morning. She must ever be on the alert for those tiny networks of wrinkles around the eyes which are symptoms of age — never brought on by squinting down the fairways or from frequent laughter. And her throat — well, it's bound to get into the crepe stage which is one step removed from the velvet ribbon-and-pearls department.

By some sort of cabal, heroines in romantic magazine fiction can never have passed their 30th birthday—except, of course, are widows, with one or two young children. The illustrators of those pieces of fiction signify a widow's advanced age by painting in a white streak of hair. I have known lots of women, including widows, who reached 40 without any gray hair.

Then there is all that scary stuff about women past their 30s watching their diets like mad and avoiding the lurking spread around the middle. There is the nice-nelly language of the advertisements describing girdles, foundation garments and dresses for the "mature" figure, illustrated invariably by skinny bean-poles who show they are "mature", by doing their hair in a bun at the back and wearing a bored air.

Mrs. Vorse complains that being congratulated on keeping out of a rocking chair and having people marvel that she can travel under her own steam makes her aware of her years, even if she doesn't feel them.

All this concentration of impending collapse of figure, ruination of complexion, lack of romance and sober dressing makes the younger women feel that after 50 life is presumed to pass them by.

As a matter of fact, whether a woman is 30 or 65, she's a lot younger for her years than she used to be, and much more full of pep.

Pampa Man Is Fined For Worthless Check
Sam Hudson, Pampa, was fined \$10 and costs in County Court Friday on charges of swindling with worthless checks.

These check offenses, one in May and another in June, are the first known for the Pampa, county officials said.

Dress-Up Dress

By SUE BURNETT

Here is a stunning frock for afternoon occasions that you can make with confidence. The skirt is softly draped on one side, waist features that popular cross-over design. Accent with large jeweled buttons.

Pattern No. 8698 is a sew-rite perforated pattern for sizes 12, 14, 16, 18, 20; 40, 42. Size 14, 4 yards of 39-inch.

For this pattern, send 25 cents plus five cents for first-class mailing, in COINS, your name, address, size desired, and the PAT-25 cents today.

Joyce Webb

(Continued from Page 11)

Mrs. Webb wore a pastel blue sheer dress with white accessories and a pink carnation corsage. Mrs. Parker, mother of the bridegroom, wore a blue crepe dress with white accessories and a white carnation corsage.

The guests, only relatives and close friends, were registered in the bride's book by Miss Kitty Ware of Miami.

The couple left immediately for a short wedding trip.

Mrs. Parker was graduated from Miami High School and has attended Abilene Christian College, Abilene, for the past two years. She is now enrolled at West Texas State College at Canyon.

Cpl. Parker, who attended Miami High School, is now stationed at Fort Sragg, where he is serving in the U. S. Army Air Force.

Defense Group To Hold Meet

SHAMROCK — (Special) — Wheeler County Defense organization is scheduled to meet at 8 p. m. Tuesday, reports Glenna Helley, secretary. They will meet at the Community Building.

Called For Rain

ALVA, Okla. — (AP) — A meeting of Woods county farmers and ranchers to discuss details of a rain making project was postponed. The reason — the rain-making corporation said its weather chart predicted rain and attendance would be cut.

PLAN SCHEDULE — Marvin Bowman, director of the summer recreation program here, discusses the youth plan with three of his assistants, Harry Kelly, standing, Beth Bowman, seated, and Charles Meech, right. Registration for the program will begin at 9 a. m. in the junior high gymnasium. (News Photo)

Registration Opens Monday For Summer Youth Program

Pampa's summer youth program gets underway at 9 a. m. Monday when local children from six years through high school age enroll in the two-month event.

Parents are asked to attend the registration with their children so that general information and instruction may be given at that time. All children must have the parents' consent to participate in the program.

The summer plan for local young people calls for afternoon activities from 1 to 5, and some special morning activities during the summer.

All sports, arts, crafts, games and hobbies will be presented in the program.

Assistants to Marvin Bowman, director of the program, are Harry Kelly, Beth Bowman, Charles Meech and Betty Tom Tripp.

Bowman holds a Masters Degree from West Texas State College where he majored in government and physical education.

He is football coach at Pampa Junior High School.

Harry Kelly is football and basketball coach at Spring Creek School and holds a B. A. Degree from West Texas State. He has done graduate work at Texas A&M, Washington and Lee and the University of Wisconsin. He has had 16 years teaching experience.

Beth Bowman is a physical education instructor in Pampa Junior High for four years. She is a graduate of Texas State College for Women.

Charles Meech holds a B. S. degree from Northwestern State College, where he majored in music, mathematics and science. He has had 23 years experience in high schools, junior high schools and grade schools.

Betty Tom Tripp, another director in the recreation program, has taught physical education in Pampa Junior High for three years. She is a graduate of Oklahoma College for Women.

Irish Businessmen Consider \$2500 City Economic Survey

SHAMROCK — (Special) — Shamrock businessmen may spend \$2,500 to have a complete economic survey made of the Shamrock trade area.

Randall T. Klemme, director of agricultural-industrial development service at the Oklahoma A&M College, Stillwater, would be in charge of the survey if it is made.

Klemme came to Shamrock last week at the invitation of the chamber of commerce to discuss the project. Advice and counsel by the college department are due to expenses incurred in the survey.

Klemme did not urge the community to buy a survey, for he pointed out that they can make only two such exhaustive surveys a year, and one is already

scheduled for Hobbs, N. M., this year.

Survey could not begin for another six months, and perhaps not before spring, Klemme said.

The study would include all the factors that enter into the economic life of the community, including population, social trends, age levels, consumer buying tendencies, etc.

Al Ryan, chamber of commerce head, and Pat Ryan, secretary-manager, indicated a decision would be deferred for a while.

Shamrock Scouts Rate At Ki-O-Wah

SHAMROCK — (Special) — Shamrock Explorer Scouts of local Post 78 gave a good account of themselves at Camp Ki-O-Wah early this month, officials reported.

The group, Chuck Woolly, Bill Mac Walker, Donald Settle, Richard Cook and James Earl Turnbow — were one of only four posts that completed their 12-mile hike in approved fashion, reading the maps and guides correctly.

Two of them, Mac Walker and Turnbow, won the right to enter the Camp Philmont contests in bait and fly casting and the handling of fishing equipment.

Donald Settle scored high in the junior and senior archery contest and will be one of three area scouts to represent the district council in archery at Philmont.

They were accompanied by R. C. Hofmann, local post leader.

Private Swimming Lessons To Be Taught By Coach

SHAMROCK — (Special) — H. W. Callan, Irish coach and director of the swimming pool summer recreation service, announces registration for private lessons in swimming.

Callan and Joel Sanders will give lessons in the mornings at the pool, with other lessons scheduled for 1 to 1:30 p. m.

Group lessons open the afternoon session, when the pool is thrown open to the public, from 1 to 10 p. m. However, no lessons are given after 1:30.

He is serving his third summer as swimming pool director.

Presbyterians In Conference

LONGVIEW, Tex. — The Cumberland Presbyterian Church is considering assuming sponsorship of a school it founded — Cumberland University of Lebanon, Tenn.

The church founded the school in 1842, but later the Presbyterian church (USA) took over and then it was sponsored by the Tennessee Baptist convention. This group gave it up about six weeks ago.

The Cumberland Presbyterian Church is holding a conference here along with the women's missionary union.

Kiwanis Group To St. Louis

Three Pampa delegates to the Kiwanis International convention in St. Louis, Mo., left this weekend. They are Clinton Evans, Carlton Nance and Leslie Hart. Hart will represent the district governor of this district in the absence of Roy Bass of Lubbock, who is unable to attend.

These delegates are among the anticipated 10,000 Kiwanians and their families who are meeting through June 21, to elect international officers for the coming year and participate in panel conference on various activities sponsored by Kiwanis.

The administrative theme this year is "Freedom is Not Free." Delegates in attendance represent more than 200,000 Kiwanians from every state, Canada, Alaska and Hawaii.

Nationalists List Executed Leaders

TAIPEH, Formosa — (AP) — The Chinese nationalist defense ministry today published a new list of former nationalist officials it said were executed by the Reds.

All defected to the Reds when the Communists overran the mainland.

The list included Chu Ting-Ching, former governor of Hupeh; Gen. Yun Chi, formerly vice-president of the peace preservation corps in Hupeh, and Wei Jui-Ling, former mayor of Kwelin, Kwangsi.

Veterans Reminded Of Education Bill

SHAMROCK — (Special) — Harris B. Zeigler, Wheeler County service officer, reminds veterans that rights under the G. I. Bill for education expire July 25, for those who were out of service by July 25, 1947, and those released later have four years after discharge to enter training for schooling.

Zeigler said it is not enough to file an application for education after that date, but the applicant must be in training July 25 of this year, or his benefits are lost. This is provided he has not previously enrolled.

Hearing Aid Authority Will Visit Pampa

Mr. Cecil Robinson will be in Pampa all day Wednesday, June 20, to show the Hard of Hearing the latest progress that has been made in the hearing field. Mr. Robinson will make free hearing tests and demonstrate the new Beltone Melody Hearing aid... will show you how you may hear clearly... and UNDERSTAND... with NO BUTTON SHOWING IN YOUR EAR!

For home demonstration phone Schneider Hotel, Phone 699

State Line Fair To Be Held At Shamrock Sept. 20, 21, 22

SHAMROCK — (Special) — Shamrock will have the State Line Free Fair this year after all.

Directors of the State Line association voted last week to hold the affair Sept. 20-21-22. Previously it had been decided not to hold it because of a national emergency. For this same reason, the annual St. Patrick's Day celebration March 7 was cancelled.

Dusan Pakan, farmer of the Pakan community north of town, was elected president of the 1951 association, while Wood Coleman, Shamrock farmer, is the new vice-president. Mary Charles Nunn is secretary, and Ben Parks, Shamrock banker, treasurer, a post he continues in.

Division chairmen are: community booths; Robert Ledbetter, Monty Mitchell and Coleman

Walton; women's department, Miss Jo Wylie and Mrs. Emma Hastings; flower show, Mrs. Grace Skidmore; educational exhibits, George Gandy and O. L. Christie; swine, Ray Siegmund and I. Q. Sewell; best cattle, H. H. Reeves, Hubert Tindall and Linden Sims; dairy cattle, Howard Weatherby (vocational agriculture instructor), Lefty Thomas and Buck Breeding. In addition to Ben Parks, finance committee members are: Bill Walker, El Smith, Lonnie Parks, Stuart Tisdal and R. F. Douglas.

Greater safety in railroad travel is promised with an improved electrical device to detect invisible flaws in rails. This device is an improvement over older types because it will detect flaws near rail joints, which others fail to do.

LET'S GO! THAT TANGLE MAKES ME TANGLE!
I THOUGHT WE MIGHT JUST WALK DOWN BY THE POND!
OH, IF I COULD ONLY BE MYSELF!
RETIRED FROM THIS BEAT?
I'M DONE IN, JAN! LET'S CALL IT A NIGHT!
GOODNIGHT! SEE YOU AGAIN SOMETIME!
SOMETIME MEANS NEVER, JAN! AND I TRIED SO HARD TO BE A B-BALL OF FIRE!
ME DID? WONDERFUL! YOU SCARED HIM OFF AND SHOWED HIM JILL IS REALLY HIS TYPE OF GAL!
IT'S FUNNY, BUT HE ASKED ABOUT THE REAL ME SEVERAL TIMES!
BUT HOW TO GET HIM BACK??

Blondie

H-M-H... NOTHING BUT A LITTLE HUNK OF ROAST BEEF FOR A SANDWICH.
LET'S SEE WHAT I CAN FIND TO GARNISH IT! MUSTARD, PEANUT BUTTER, KETCHUP, MAYONNAISE, HORSE-DAISY, CATSUP, LETTUCE, RADISHES!
FOR GOODNESS SAKE, WHAT'S THAT?
JUST A PLAIN LITTLE OLD ROAST BEEF SANDWICH.

Alley Oop

AW, OOP, MY GOSH, I'M SORRY AS HECK I CALLED YOU AN OLD MIDDLE-AGED WRECK!
AWRIGHT, IT'S NO WONDER Y'DID TH' WAY I'M GOT UP...
...BUT I'LL SOON GET DOWN TO ESSENTIALS!
NOW, BY GADFRY, AIN'T I BACK SOMEWHERE NEAR WHAT I OUGHTA BE LOOKIN' LIKE, EH?
GOLLY OOP AN' HULLY GEE, YOU'RE A SIGHT FOR EYES TO SEE!

Bo

YES SIR... OUR POSTMASTER RULED THERE'S JUST ONE LAW ABOUT DOGS... IF THEY'RE VICIOUS, WE DON'T GO INTO THE YARD.
OUR POSTMASTER IS A FINE MAN... THE GREATEST!
NO DOUBT... BUT WHAT I WAS GETTING AT WAS THIS...
KNOWING YOU HAD TO CONFER WITH DOGS, I THOUGHT YOU'D BE FAMILIAR WITH THE LAWS REGARDING A DOG OWNER'S LIABILITY. OF COURSE I COULD CONSULT A LAWYER, BUT...
NO NEED TO, MR. GREEN. I KNOW THE MAN TO SEE... JUST MOVED IN ON THE NEXT BLOCK... SPEAKS SIX FOREIGN LANGUAGES AND KNOWS ALL ABOUT EVERYTHING. COL. WORTHY IS HIS NAME.

Keep Your Eye On KPND

By PHIL SOLBERG
Meeting all of you fine people out there during the KPND open house makes one thing certain: it is that your old friends for 15 years, KPND, has thousands of friends. As long as there are more than two people in a listening audience, you are bound to have a difference or choice of music, programming, news coverage etc. After speaking personally with most of the people that passed through our new studios, our staff here at KPND was happy to find that for the most part, we pleased you one hundred percent in the past years on the air.

Today the new studios will be open for your inspection from 1 to 5 p.m. Please come and visit us. We will be happy to greet you. Parked just near our main entrance to our studios and the "Red Door" is an easel. And tacked to its frame is the picture of each and every member of our staff plus some of your favorite Mutual Network Stars. You won't want to miss the face of all faces, Rudy (just back from his vacation) Marti. The difference is the tan he received. (Oh man! am I lucky I cleared myself there.) Thanks for dropping around. I hope you are as proud of your station as we are, because it IS yours, good listeners... for many more years to come. The best in music, tops in sports and the best news coverage possible in local and national.

DID YOU KNOW THAT... Mutual's "Twenty Questions" fun-fests are heard throughout most of the civilized world? The MBS Saturday night programs (7 to 7:30) are heard throughout the U. S. A., Hawaii, Alaska and Puerto Rico via Mutual's own facilities and in Canada via C.B.C. The program is re-broadcast via 60 short-wave transmitters of the "Voice of America," and is beamed to U.S. armed services personnel throughout the world via the Armed Forces Network. Also that Mutual's personality star, Bob Poole, receives the bulk of his fan mail during the summer months — and for one particular reason. Bob, who conducts "Poole's Paradise" every weekday following Mutual's Game of the Day, features such melodies as "I'm Dreaming of a White Christmas" on his summer broadcasts. And did you catch Bob Poole's personal greeting to KPND? He galloped up with his horse and the aid of his sound effects man "Butterball" and bent over backwards to wish all of us "Good Luck" in our new studios. As "Jingles," "Wild Bill Hickok" for the MBS Sunday adventure series, gravel-voiced

Shamrock Women Return From OU Writers' Clinic

SHAMROCK — (Special) — Mrs. John Harvey and Mrs. J. M. Porter have returned from the University of Oklahoma, where they took some short courses in writing at the Oklahoma Writers' clinic last week.
Mrs. Harvey, Shamrock, and Mrs. Porter, Wheeler, took courses from Walter S. Campbell (Stanley Vestel), Foster Harris and David Russell, professor of poetry at Southern Methodist University.
Both are writers of the Wheeler county area, both authors of books. Mrs. Harvey having produced a novel, "Generation Unto Generation," while Mrs. Porter contributed "Memory Cups."
They are both members of the Panhandle Panwomen's organization and will go to Amarillo Monday to attend a garden party and then remain Tuesday for a district meeting of the group.
They will be accompanied by Mrs. A. R. Hugg, newspaper writer, and Mrs. George Stanley, society editor for the Shamrock Texan and news correspondent.

Wheeler 4-H In Roundup

WHEELER — (Special) — Wheeler County 4-H Clubs will be represented at the state roundup at Texas A&M this year. Out of a possible four competing teams, Wheeler will have four. The dairy judging, the livestock judging, the grass judging and the rifle team all won second places in the district meets and are eligible for the contest.
The first three placed second in Lubbock June 9 with first place honors going to Gray and Randall. The rifle team won second place at Pan Tech Farms in Amarillo Tuesday with a 376 score, eight points under the first place 382 by the Roberis County team. County Agent R. D. Seigmund and Assistant Agent Robert Ledbetter will accompany the sixteen contestants to the roundup.
The girls 4-H Clubs will have two delegates with Home Demonstration Agent Mrs. Emma Hastings. La June Mann won the right to represent Wheeler county by winning the blue ribbon in the dress revue. The other delegate has not been chosen.

Oklahoma Man Fined For Worthless Check
An Oklahoma man, Paul Gauder, pleaded guilty to charges of swindling with worthless checks in county court Thursday, and was fined \$35 and costs.
The check was passed here about two months ago. Sheriff's officers from Oklahoma apprehended the man.

Andy Devine rides hard tracking down outlaws. In real life Andy's riding hard, too — trying to track down a teal decoy formerly used by former President Herbert Hoover. Andy stumbled over the old wooden, hand-carved decoy while hunting on the West Coast, in territory where Mr. Hoover used to hunt many years ago. He picked it up, saw the initials "H. H." burned into the bottom of it, then took it to an antique dealer to have the paint restored. He's never seen it since but hasn't given up the search. You have to hand it to Rudy Marti, he has started a regular series of hard hitting local news-casts daily following news on the national front with Frank Singheiser. If you listen every morning Monday through Friday at 8:30 a.m. you will hear the most power-packed 10 minutes of national and local news possible to squeeze in, on a 10-minute segment. You will hear a complete coverage of just what happened while you were sleeping. Malone and Keel Pharmacy is the sponsor. Time for the awards of the week. I am handing that over to all of you out there for coming down and visiting us. And I quote the staff "You're wonderful!"
Fluff of the week... Goes to Gordon Anderson, staff announcer. "Rip Van Winkle Anderson" we now call him. He made the error unconscious like, what I mean is he "OVER-SLEPT," yep, missed his program entirely. Excuse? He didn't give any but we know all about it. He ran the Variety OF THE WEEK "Rose, Rose I Love You," Frankie Land. Keep smiling and stay tuned to us always, we will be doing the best we can to bring you the next 15 years and always at 1340 on your radio dial.

Three weeks of training are in store for Midshipman R. F. Freeze, USNA, son of Mr. and Mrs. Al Schneider of 1012 Duncan, Pampa, who, beginning Aug. 11, will participate in Operation Camid VI, a combination of amphibious training with aircraft carrier indoctrination and a series of continental air cruises.

Participating in the Naval shore bombardment of the Korean east coast is Eldon G. Turnbo, fireman apprentice, USN, son of Mr. and Mrs. Y. E. Turnbo of 318 North Faulkner, Pampa, and husband of Mrs. Olga Turnbo of 1115 Cooley dr., Berger. Turnbo is serving aboard the destroyer USS Orleck. At the outbreak of hostilities in Korea, the Orleck was undergoing overhaul in the U. S. Upon completion of repairs she was assigned to a task force operating in Korean waters.

Pvt. Friday P. Todd, 19, of Pampa, has completed his Air Force basic airman indoctrination course at Lackland Air Force base, the "Gateway to the Air Force."

Lackland, situated near San Antonio, is the world's largest

Famous Summertime Treat Has Its 100th Anniversary Today

It's summertime! And when the days get a little longer and the sun a little hotter, an old familiar chant comes ringing back from our childhood, "You scream, I scream, we all scream for ice cream!"

Grownups and kids alike have consumed tons and tons of ice cream since its commercial introduction 100 years ago today.

This frozen delight containing a little cream, sweetening, flavoring and eggs was first known in Italy in the 1800's, but it was in June, 1851 that a Baltimore milkman with four routes experimented with

Somewhat hesitatingly, a few stores marketed his product — and ice cream, considered typically a 100 years later, it still holds an important place in our diet.

Ice cream, considered typically American, is sometimes said to have been introduced by Dolly Madison at the White House in 1809. And though ice cream was not American born and is a thriving industry in Great Britain and other countries, many foreign markets once advertised their product with "Just Like American." The con-

tinental cream is more often compared to our mousses, parfais or frozen custards.

The manufacture of ice cream is a major industry, but not all ice cream is sold in the drug stores and ice cream drive ins. There's still the "home-made variety."

Making ice cream is a favorite pastime at the end of a summer day when all the family gathers round to take a turn at the freezer.

Ice houses do a thriving business and sell countless sacks of crushed ice to ice-cream-makers.

Pewter freezers in wooden tubs were first used in freezing ice-cream, but the metal cans have become common in the United States. The paddle (or dasher) revolves in the metal can and gives the cream a smooth texture.

The principle upon which the hand home freezer works is simple — the ice cream freezes because enough heat is withdrawn from it to reduce it to the freezing point. People are careful to put one-third salt and two-thirds ice in the wooden bucket when it comes time to freeze the cream; too much salt melts the ice.

Many electric ice cream freezers are used now, but the hand freezers are still numerous. (Years

ago when electric refrigeration came in, one of the selling features was that ice cream could be made in them!) The days when the ice cream vendor wandered through neighborhoods, ringing his bell, are almost gone, but a freckled faced youngster lickin' an ice cream cone is still one of the most typical sights on a summer day!

Little Change Noted In Area Oil Field Activity For Week

PAMPA NEWS, SUNDAY, JUNE 17, 1951 PAGE 17

Awards Presented By Cities Service

Awards in recognition of long-time service were presented yesterday to 24 employees of Cities Service Oil Co. (Del.) in this area. Honored were one veteran with 25 years of continuous service, two with 20 years, five with 15 years and five with 10 years of service.

The presentation of service awards was the highlight of a family picnic at Lake McClellan yesterday. A brief talk was made by J. A. Cleverley of Bartlesville, assistant general superintendent, oil production division. Also attending from Bartlesville was Frank M. Perry, manager of the gasoline-chemical division.

Operation of the Cities Service Oil Co. was favorable in all div-

sions during 1950, the speaker said. An extensive construction program was carried out and exploration, drilling, pipeline, manufacturing and marketing operations were expanded aggressively.

Cities Service Oil Co.'s employment was pointed out as "outstanding," in that more than 50 percent of all employees have been working for the company for 10 years or longer. About 950 service awards will be presented to employees this year, the speaker said.

Employees to whom awards were presented at the Pampa meeting were: C. P. Conover, 35-year award; C. H. Darling and Kirby G. Ragain, 30-year awards; H. Bedenbender, Earl Eaton, James G. Roberson, D. Russell and C. E. Jowell, 25-year awards; H. V. Turner, Louis Roenfeldt, E. E. Engle, J. P. Wilson, C. R. Williams and George B. Jay, 20-year awards; Bert Lundy, M. Lee Cox, J. M. Foster, Arthur Griggs and W. A. Morey, 15-year awards; Albert W. Fraizer, Crawford Hughes, F. L. Hogeart, Andy S. Largin and Haskell E. Kennedy, 10-year awards.

Summary of Panhandle oil field activity last week showed little change as compared to the previous seven-day period.

Operators staked 21 new locations and completed six wells the past week. Of the completions, five were new oil wells with a total increased potential of 301 barrels while one was a dry hole.

The previous week, three oilers were completed for 136 barrels accumulated production and four were dry holes.

Phillips Pet. Co., was moving in materials last week for its Hobart Ranch deep test in northern Gray County.

Elsewhere in the Panhandle, a new wildcat location may be staked in Ochiltree County by The Texas Co. It is understood the new location will be made a mile and a half north of the company's J-B McGarraugh which was recently completed for 264 barrels flowing.

Pastor Conducts Bible School
SHAMROCK - (Special) - Rev. S. M. Bean, circuit pastor for the Shamrock Methodist district, is conducting a vacation Bible school at the Dozier Methodist church.

Rev. Bean conducts the school from 1 to 5 every afternoon this week.

He came to Shamrock the first week of June as the new circuit pastor, replacing Rev. Cleveland. Bean pastors churches at Dozier, Kelton and Sannorwood, all areas in the Shamrock vicinity, and lives in a pastorage on North Wall here.

Women Home From Writer's Classes
WHEELER - (Special) - Mrs. J. M. Porter of Wheeler and Mrs. John Harvey of Shamrock returned from the Professional Writers Short Course at Norman Okla. and a weekend in Oklahoma City. Nearly 325 writers and hopefuls attended the annual short course conducted by Dr. Walter S. Campbell of the University of Oklahoma and leading professional in other fields of writing.

Slight Drop In Activity

DALLAS - A total of 2637 rotary rigs were active in oil-fields of the United States and Canada for the week of June 11, according to a report to American Assn. of Oilwell Drilling Contractors by Hughes Tool Co. This total compares with 2640 reported operating a week ago, 2547 a month ago and with 2259 in the comparable month of 1950.

A comparison by principal areas for the past two weeks, shows: Pacific Coast, 140, unchanged; Oklahoma, 299, down 7; Kansas, 180, up 4; Rocky Mountain, 154, up 9; Canada, 133, up 4; Ark-La-Tex, 154, down 7; West Texas & New Mexico, 851, up 9; Gulf Coast, 573, down 10; Illinois, 153, down 5.

Sausage making became an art in the Middle Ages. Some sausages popular today derived their names from the cities in which they originated, as for example: frankfurters (Frankfurt), bologna (Bologna, Italy), romano (Rome), genoa salami (Genoa).

Through conservation - production allowables, repressuring and utilization - the commission has been able to maintain a yearly production of around 30,000,000 barrels for the past several years. Arkansas ranks tenth among the petroleum-producing states.

From 1925 to 1936, the state's output of crude dwindled fast, dropping to around 10,000,000 barrels. From the mid-thirties after regulations were applied, annual production has climbed.

Conservation hasn't accounted for all the increase. New pools, new wells in old fields and repressuring have helped replace a normal loss in worn-out fields. Wildcaters constantly are on the prowl.

So far, oil production in Arkansas is limited to seven counties - Union, Columbia, Ouachita and LaFayette in the main, with Miller, Calhoun and Nevada in the secondary. At the moment, Nevada County is being watched as closely as a promising sophomore football player.

Last year, a new pool, Bodcaw, was discovered in the county and later, another pool was opened at Falcon, below Bodcaw. It still is being exploited and some oilmen are keeping their fingers crossed on developments in that area.

Most wells in Arkansas are shallow. A good average producing depth is 4,000. Many produce around 3,000 or less. Ten thousand feet is about the drilling limit. Few wells reach or exceed that depth.

Oil tests have been made all over the state, but the search for new crude reservoirs has been fruitless except in the southwest. Some oilmen believe that someday, crude will be discovered in another area in the state - possibly in the south-eastern Mississippi delta.

But the consensus seems to be that barring a big new discovery, Arkansas' chances of increasing its crude production lie in the occasional new producers, extension of secondary recovery processing and drilling deeper in the southwest. Some hold that oil is to be found at around 12,000 feet.

Right now, with tubular goods in short supply and drilling costs running up from \$10 per foot, few firms or individuals are willing to risk \$100,000 or more on a deep test.

But as one observer remarked: "Don't be surprised to see somebody try it one of these days and hit it."

Arkansas Making Attempt To Improve Its Oil Rank

EL DORADO, Ark. - (AP) - Remember Smackover field in Arkansas? It was the scene of one of the nation's greatest oil booms back in the roaring twenties.

Its fling was brief. Smackover reached its peak in three years. In 1925, it produced about 80,000,000 barrels of crude. Companies and individuals worked the field with gay abandon - that was before conservation - and Smackover's decline was a rapid one.

Even so, at the end of 1949, Smackover ranked as the nation's ninth greatest field, with an accumulative yield of 422,758,000 barrels.

Through the years since '25, new producers have been found in Smackover, but other pools were found in this south-western section of Arkansas. The old star faded further from the limelight.

In recent weeks, however, Smackover has taken a new lease on life. It is too early to tell, however, whether it will amount to another brief fling or is the beginning of a comeback.

Two wells have been brought in - one in a new sand at 2,950 and another at a new shallow level. The latter blew oil over the derrick head to remind oldtimers of Smackover in its prime.

One thing is pretty certain, should Smackover spring back, it isn't likely to reach its 1925 stride, even if it could. The state oil and gas commission wouldn't permit it. Arkansas now is a leader in conservation regulations. It learned a lesson from its one big boom. There are strict regulations on the amount of crude that can be pumped from wells these days.

Through conservation - production allowables, repressuring and utilization - the commission has been able to maintain a yearly production of around 30,000,000 barrels for the past several years. Arkansas ranks tenth among the petroleum-producing states.

From 1925 to 1936, the state's output of crude dwindled fast, dropping to around 10,000,000 barrels. From the mid-thirties after regulations were applied, annual production has climbed.

Conservation hasn't accounted for all the increase. New pools, new wells in old fields and repressuring have helped replace a normal loss in worn-out fields. Wildcaters constantly are on the prowl.

So far, oil production in Arkansas is limited to seven counties - Union, Columbia, Ouachita and LaFayette in the main, with Miller, Calhoun and Nevada in the secondary. At the moment, Nevada County is being watched as closely as a promising sophomore football player.

Last year, a new pool, Bodcaw, was discovered in the county and later, another pool was opened at Falcon, below Bodcaw. It still is being exploited and some oilmen are keeping their fingers crossed on developments in that area.

Former Resident Dies Wednesday In Bristow, Okla.

O. W. Bray, former resident, died Wednesday morning in Bristow, Okla., it was learned here today.

Mr. Bray, a Phillips employee 23 years, lived in Pampa 14 years prior to his retirement eight years ago. He was in the production department of Phillips company, and lived with his family in the camp south of town before moving to Bristow.

He is survived by his wife and a daughter, Audrey, who is teaching in the Tulsa public school.

Funeral services are to be conducted in Bristow with burial in the Memorial Cemetery at Oklahoma City beside his son who died in Pampa in 1935.

Buick's newest engine - the F-263 Fireball - gives this year's SPECIAL the highest power in SPECIAL history

Remember-only BUICK has a FIREBALL ENGINE

We get a chuckle, sometimes, over all the fuss that's being made about "new engines."

You'll note that the key feature of their design in every case is the valve-in-head principle - whether these engines are already in production or still in the dream stage.

Fact is, it takes this design to get the most from "high compression" - and how high you can go depends upon the available fuel. Using this design, wartime aircraft engines operated on 100 octane gasoline.

It also takes this design to get the more-miles-per-gallon which folks like in an automobile.

So what gives us a chuckle is this: No other type of engine has ever been used in a Buick - which means that Buick owners, all along, have been

When you come to check the field you'll find that there's a sweet freedom from roughness in this engine's operation - tracing to the fact that the whole mechanism itself is engineered smooth, and the further fact that every Fireball Engine gets a Mikropoise balancing after assembly.

getting a lot of things that others have just "discovered."

But that's not all. They get something more - vastly more - because today's Fireball Engine has one standout feature found in no other automobile.

That name "Fireball" isn't just a trick

A Father's Day Memoir; Dad And The Chinese Chow

By HAL BOYLE

NEW YORK — (AP) — Dad only tried to woo one dog in his life — and he lost.

He had a wonderful way with dogs, and he was proud of it. He loved them, and they loved him. But they had to take him on his own terms.

He was a big-hearted man, generous beyond his own imagination. But he had a practical man's view toward both his children and his dogs. He thought they should obey him. That was his first and last law in dealing with them. He was an easy taskmaster, and if they obeyed him everything was fine. If they didn't — well, trouble and lightning.

For a long time there was a kind of race as to whether dad would end up with more children or dogs. The children stopped at five, and the dogs won. Often there were as many as a half dozen or more around.

Dogs would follow dad home, instinctively liking him. People would give him dogs. And dad would buy dogs — any dogs.

"They keep away burglars," he'd say defensively, and it did no good for mother to point out it would be cheaper to let an occasional burglar ransack the house than to go on feeding so many dogs. As a matter of fact a burglar did get into our house one night, and we figured later one of our dogs piloted him up the stairs.

Dad had beagle hounds. He had fox terriers. He even had a gigantic great dane. And what do you think's the first thing she had? Puppies.

All these dogs shared a happy canine paradise with dad. They'd do anything he said. Then one evening he brought home a Chinese chow puppy, and it promptly bit him. That began the feud.

From the start the chow wouldn't obey mother, dad, or their four sons. But for our little sister, Dolores, he would do anything. He had only one heart to give, and he gave it to her utterly. And for no one else in the world did he have any use whatsoever.

He quickly grew into a powerful, beautiful, cinnamon-tawny animal. He refused to associate with the other dogs, and he was as grouchy and bad-tempered as an old English lord with the gout. A few of the braver dogs that tried to tangle with him soon gave that up as a lost cause. Ching was a king in battle. He never sought a fight, and never lost one.

Month after month dad tried in every way to win over Ching. He couldn't understand why any dog boycotted him. Ching would romp happily by the hour with Dolores, but snarled if dad put out a friendly hand.

Dad tried to bribe him with juicy bones, and Ching wouldn't buy. He tried to make him jealous by playing with the other dogs. Ching would get up and trot boredly away. If he gave orders, Ching just glared at him.

Once dad whistled to him and

Ching turned and looked at him, then deliberately sat down and looked the other way. Dad became so angry at this snub that he stepped forward and punted him about ten feet — the only time he probably ever kicked. But Dolores put her arm around Ching and wept, and he got to tug around and gave him a cold stare that said in dog language: "Peasant."

Dad was so furious he was going to give Ching away on the grounds he was dangerous and might bite the neighbor children. But Dolores put her arm around Ching and wept, and he got to tug around and gave him a cold stare that said in dog language: "Peasant."

Ching died as lonely and

mysteriously as he had lived. One morning we came out and found him dead in the front yard, his fine head buried in his cinnamon paws. If he had been ill, it was his own secret.

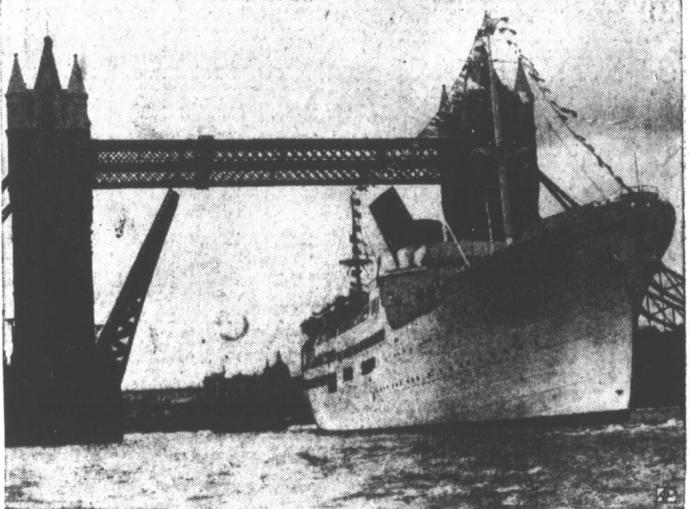

Because our sister loved him so, dad gave Ching a decent Christian burial, but he never forgave him.

"I always thought that dog had a sneaky Oriental look," he'd say whenever Ching was mentioned in after years.

And dad never again brought home another chow. He wouldn't risk the second hurt of having another dog that didn't love him. Dad liked to be dad — to his dogs as well as his children.

Johnson Grass Killer Proved By Experts

AMARILLO, Tex. — (AP) — The Texas agricultural experiment station here has proven that chemicals can effectively kill that scourge of the farm — Johnson grass.

But three experiment stations, Texas A&M experts admit, chemical eradication of the grass is too expensive at this stage of development to allow its use on acre fields.

But the chemicals do have important uses in places where they can't easily or effectively reach the grass with plows or mechanical means. And the researchers contend the chemicals are cheaper than digging out the grass with hand tools.

The grass shouldn't be allowed to grow uncontrolled, the experts point out, for plants along fences and in roadside ditches can badly infect clean fields.

The report was prepared by R. D. Hamilton, assistant agronomist of the Amarillo conservation experiment station; C. J. Whitfield, superintendent of the station; and H. E. Rea, associate professor of agronomy at Texas A&M college.

The experiments were conducted in roadside ditches about one mile north of Bushland in Potter county.

The researchers reported up to 100 percent kill resulted from use of sodium trichloroacetate (TCA) and polyboron-chlorate (P-C).

Sixty to 90 percent of the old Johnson grass plants treated with P-C in October, 1949, were dead the next June 15. Plots receiving these treatments did not become reinfected with seedlings until August, 1950.

Ninety-five to 100 percent of the old plants were dead by August, 1950, on the plots treated with TCA the previous June. These plots later became reinfested.

Rainfall has considerable effect on the amount of kill and the length of time the ground remained sterile. Rainfall is needed to send the chemicals down to the plant roots but rain also favors growing of seedlings.

The two chemicals used in the tests overcome objections raised against other chemicals used by farmers for some time. Sodium chlorate and atrazine are effective Johnson grass killers but both are highly inflammable. TCA, on the other hand, may cause irritation if too much falls on the skin.

READY FOR ENDURANCE TEST — Old and new autos line up at Princeton, Mass., for two-mile climb up Mt. Wachusett. All cars made it except a foreign-built 1921 model.

ANNOUNCEMENTS

1 Card of Thanks 1

His smiling way and pleasant face, Are a pleasure to recall; He had a kindly word for each, —And died beloved by all. Some day we hope to meet him, Some day, we know not when, To clasp his hand in a better land, Never to part again.

C. E. STACKHOUSE

We wish to express our heartfelt thanks to our many friends and neighbors for their help and kindness during the illness and death of our husband and father, Charles Stackhouse. We also want to thank Dr. Frank Kelley and the nurses of the Highland General Hospital, and Bro. E. Douglas Carver, and the ladies who sang, and the ones who prepared the lovely meals for us during our sorrow. May God bless each and everyone of you.

Mrs. Stackhouse
Mr. and Mrs. T. E. Anderson
Mr. and Mrs. C. R. Stackhouse.

AWAY

I cannot say and I will not say That he is dead—he is just away! With a cheery smile and wave of the hand, He has wandered into an unknown land. And left us dreaming how very fair It needs must be since he lingers there. And you — O you, who the wildest year For the old-time step and glad return, Think of him as failing on as dear In the love of there as the love of Here. Think of him still as the same, I say; He is not dead—he is just away!

LEEO PAYNE

We wish to express our sincere appreciation to our many friends and neighbors for their kindness rendered us in the death of our husband and father, Leo Payne, on June 2, and for the lovely flowers and food.

Mrs. Anna Hilburn
Family.

PRESENTATION — Hugh Burdette, head of the Cabot Southwest Division, presents the first Cabot Award of Journalism to C. L. Thompson, president of the West Texas State College Foundation. The company has established the cash award to be presented each year to the school for the journalist who writes the most publishable article on a subject to be chosen by a college staff member, journalism department member and editor of the Canyon News.

Shamrock To Get One New Teacher

SHAMROCK — (Special) — Shamrock schools will be entitled to only one new teacher because of the annexation of Bethel, rural school northeast of the city, says Supt. Elmer J. Moore. Shamrock schools will have 42 teachers next fall, compared to 41 in 1950-51. The teachers at Bethel, Mr. and Mrs. E. T. Brown, will join the Irish grade school staff. Ordinarily, the Irish would be entitled to at least two new teachers, since the students in the Bethel District have been added by the May 19 consolidation election, but many of them were attending the Texola, Okla., school and therefore can't be counted when applying for state funds, Moore said. Both the Browns had been rejected to the Bethel school posts, by the Bethel school board, previous to the annexation and abandonment of grade school training at Bethel. They were immediately hired at Shamrock following the merger.

Don Davis Elected High School Prexy

Don Davis, son of Mr. and Mrs. E. V. Davis, former Pampans and now of Salem, Ore., was recently elected president of Salem High School, and is now attending the National Assn. of Student Councils in Boston. The former Pampa Junior High School student was elected from a student body of 1700. He is active on the track and football teams, a member of the drama club and of the A. Alonzo Staggs Hi Y.

Sausage is one of the oldest forms of processed food. Even Homer referred to sausage in the Odyssey.

Cabot Gives Scholarship

Cabot Carbon Co., has established the Cabot award of journalism at West Texas State College foundation, according to an announcement by company officials. A cash award of \$150 will be presented each year to the WTSC journalism student who writes the most publishable article on a subject to be chosen by a committee composed of a member of the college administrative staff, member of the college journalism department and the editor of the Canyon News. The board will establish rules, select judges and suggest or specify subjects. One representative of Cabot Carbon Co., will sit on the board in an advisory capacity.

The award was established, Cabot officials announced, to encourage students of journalism at WTSC to write stories of the development and history of the Panhandle.

Hugh (Buck) Burdette, Pampa, vice-president and general manager of Cabot Carbon Co., last week made the presentation of the fund to C. L. Thompson, president of the WTSC foundation.

Winner of the first Cabot Award of Journalism was Don Turner, former Panhandle resident now living in Canyon. His article was picked as the most publishable by three Panhandle newspaper men who judged the articles.

PRIBILOF SEALS

Pribilof Islands, in the Bering Sea noted as the famous breeding place for the fur seal, have some 3,000,000 of these animals there each summer. The seals migrate south in the winter.
