## Group Says Style Show Successful

The fall fashion show, "Travel Togs" sponsored by Epsilon Sigma Alpha, given yesterday in Cabot auditorium in the Hughes building, was a success, both financially and "fashionably" according to Mrs. Bill Ragsdale, ESA president.

This the fourth year the sorority has sponsored the fashion show in the interest of Gray county school children. Last year's proceeds went toward an audiometer, a device for testing a child's hearing, and this year's will go toward completing the audiometer 20-head-set phones, so more children can be tested in a shorter period of time.

Mrs. Ragsdale said the show was a great financial success and the order for the head-set will be placed shortly.

In spite of yesterday's sunny skies and rising temperature Pampa women donned their new fall wardrobe at the show, as usual giving the models a race for fashionable appearance.

A new note was added to yesterday's show in that at both the 2 p. m. and 4 p. m. showings many of the women spectators had their husbands at their sides.

Heretofore the show has been attended almost entirely by the feminine faction.

The ESA colors, blue and gold, were used extensively in decorations and in the punch and cakes. Blue ice cubes chilled the gold punch and gold cups teamed with blue plates. The refreshments were served buffet style from a long table centered with deep pink roses.

The stage held a large gold "ESA" and baskets of gold chrysanthemums. Forming a back-

may seal or impound public records; that they divulge only such information as they think is good for the people to know; that they extend 'military security' as shown by the dangers in an executive order issued within the week.

"This is the pattern by which the Fascists in Italy, the Nazis in Germany, the Bolsheviks in Russia, and the Peronists in Argentina, began to limit the rights of their people to know, forced their newspapers into complete subjection, and were able to take from them all their democratic rights as well."

The theme for the meeting was set by John S. Knight, editor and publisher of the Chicago Daily News, when he said: "The threat to freedom of information in the United States is a very real one. This insidious trend is gaining momentum day by day. Unless our newspapers and other media of information block every effort to use punitive measures against us, and convince the public of the rightness of our position, we too may live to see the day of our destruction."

### Civic Culture Club Has Meeting In Mrs. Steele's Home

Mrs. Katie Vincent was hostess to the Civic Culture club in the home of Mrs. Dudley Steele, 908 N. Somerville.

For roll call Mrs. Steele gave a resume of a talk made by Wes Izzard at the Country club on Tuesday.

Mrs. Emmett Gee was program leader and read a paper on "Family Living Today." Mrs. Gee said "Homemaking is the number one career; it is more than just housekeeping. There are no problem children, just problem parents."

In conclusion Mrs. Gee said "The trouble with the world today is that there are not enough of the right kind of homes. Every home which develops a fine, loving, Christian spirit is a strong link in the chain of friendship which alone can hold the world together."

Mrs. Vincent served cake and coffee. Others present were Mrs. E. A. Shackleton, Mrs. Leo Paris, Mrs. Irvin Cole, Mrs. H. W. Waters, Mrs. N. M. Moyer, Mrs. A. C. Houchin, Mrs. J. B. Townsend, Mrs. Lloyd Rheinhart, Mrs. D. W. Coffman, and Mrs. Willis White.

A couple of tablespoons of chili sauce and two more tablespoons of finely chopped watercress added to a half cup of French dressing give the dressing zest. Its good served over a hard-cooked egg salad.

### Regular Meeting Held By El Progresso Club

Mrs. Knox Kinard was hostess to the following members of El Progresso Tuesday: Mrs. Harold Wright, Sam B. Cook, Bob McCoy, H. H. Tyler, P. C. Ledrick, George Walstad, Dave Pope, Hardy Pitts, Edgar Henshaw, Carlton Nance and Grundy Morrison.

The meeting was opened by playing the records of the address of the president of the general federation to the annual convention of clubs held in Houston in the spring. This was followed by a talk by Mrs. Grundy Morrison on "What is General Federation of Women's Clubs?" She divided her talk into two parts, "Why Be a member of the Federation?" and "What the Federation has Accomplished."

Mrs. Tyler, president of the club, had charge of the business meeting. Mrs. Harold Wright, federation counselor, gave excerpts from the Texas Clubwoman; Mrs. W. R. Ewing reported the proposed changes in the constitution of the Council of clubs.

The next meeting will be Oct. 9, with Mrs. Sam B. Cook and Mrs. Harold Wright at 909 Christine.

When you slice smoked tongue start at the small end and hold the knife diagonally so as to get good-sized pieces. When you get toward the middle of the tongue you can start slicing crosswise. Along with a vegetable salad and crusty rolls, the cold smoked tongue slices will make a delicious hot weather meal.

Morals and the Welfare State. I am continuing to quote from remarks made by F. A. Harper of the staff of The Foundation for Economic Education before a group of ministers at Peoria, Ill. He divided his talk into several Moral Postulates. The first one, reported in the last issue, was that economics and morals are both of one inseparable body of Truth. Now Dr. Harper continues under:

Freedom Crusade Needs Examination

Many and varied are the schemes of the "freedom crusaders" who could bring their own particular type of "democracy" to all the world — whether the world wants it or not — and one of more subtle approaches is that of the Communist.

Another facet of this approach is that of the sponsors of the Crusade For Freedom, who pledge to "resist" Communism and its tyranny — both at home and abroad — with the weapons of the Truth.

To this end, the Crusade is seeking financial support of 25 million Americans so that the sponsors can send broadcasts into the nations "behind the Iron Curtain." Such a campaign, the sponsors hold, will minimize the risk of "Moscow making a mad move to war."

Up to this point, there can be no objection for the money to be raised is to be done by voluntary subscription and if the donors do not give, it is their own business. What is important, however, is what is to be said in these broadcasts — something that the contributors can know little, if anything about.

It's Your Money

TRUMAN SLOGAN: Mr. Truman doesn't like statistics applied to his mal-administration. His slogan is prosperity. He doesn't want his war and bankruptcy exposed to public gaze.

Recently, in desperate defense of his policies, Mr. Truman indulged once more in sailing his painted ships upon a painted ocean. He described the published articles and outspoken criticisms that have laid bare the fallacies of his Fabian socialist regime. Obviously talking for public consumption, Mr. Truman said:

"After... taxes, the people have an average per capita income that will buy 40 percent more than it did in 1939." He ignored the 50 percent loss in buying power that has been taken by all of the fixed-income group. And he failed to mention that since 1939 the average family debt, through federal mismanagement, has increased 500 percent to the startling sum of about \$9,800 a family, that taxes are moving to an all-time high, and that this family debt is expanding with no limit in sight.

PRIDE IN EXTRAVAGANCE: Mr. Truman is "proud" of his budgets—past, present, and future—and he claims to know personally every figure in every budget he has submitted while other people "talk about the budget and don't know a figure in it."

Baxter's Views

DAVID BAXTER

ARTUKOVIC CASE. Some time ago this column exposed some of the background activities of a man named Andrija Artukovic, of Trieste, California. A former Yugoslav minister of justice and state official, I pointed out that Artukovic during that time was also a member of the dreaded terrorist organization, the Ustashi, which murdered Serbians and Jews wholesale. Artukovic's chief was Ante Pavelic, the assassin of King Alexander and French prime minister Barthelemy. These men were the heads of the Nazi puppet state in Yugoslavia during the time the country was occupied by the Germans. Artukovic signed the declaration of war against the United States.

At the time I wrote about this man, I raised the question of how he got into the United States and who has been protecting him. I pointed out that a former Yugoslav priest was vigorously defending the man here in America and trying to keep him out of trouble. Artukovic is not an American citizen and, considering that he signed a declaration of war against us, it seemed to me a bit odd that he should now find this country a haven of refuge.

Since then the Tito government has formally moved to have him extradited to Yugoslavia for trial on specific charges, ranging from the murders of a hundred Serbs and Jews to tortures in concentration camps for which he, as minister of justice, was alleged to be responsible. For some years he has been employed at \$100-a-week as a bookkeeper here and he has a wife and several children. The Yugoslav government is not asking for the family's return. They want Artukovic only. It is claimed that he is not wanted as a political enemy but as a criminal, responsible for the wholesale murder of entire families.

Frankly, I feel a little sorry for Artukovic when his wife and children visited him in jail. The youngsters naturally think a lot of their dad. But then, I wondered how thousands of little Yugoslav children must have felt when their fathers and mothers were mercilessly tortured and put to death — allegedly by Artukovic's orders. The man seems to have an unlimited supply of money. He has been serving the FBI as an spy against the Communists, may I recall some other information concerning this magazine?

The Ladies Home Journal, as you may know, is a property of the Curtis Publishing Co. Twenty or more years ago there was no more conservative house in the country. The LHJ was devoted to the Republican form of government and was a most honest and patriotic. During the New Deal, however, Eleanor Roosevelt moved in as political house-mother to promote her peculiar propositions and practice her fascinating method of dodging a question but seeming to give a honest answer.

Artukovic and his friends state that if he is extradited to Yugoslavia he faces certain execution. Tito seems very anxious to get him into his hands. Artukovic is a Croat and Yugoslavia is made up of the Croats and Serbs. I don't think the religious arguments advanced for Artukovic hold much water. Croatia is a solidly Catholic country. Serbia, on the other hand is just as solidly Orthodox. Yet Tito, a Serb, was also a Catholic until he became an atheist. Artukovic on religious grounds. It seems to me this religious angle has nothing to do with the issue and is played up in his favor by his man's friends merely to win religious sympathy for him and to represent him as a "martyr."

In any event, Artukovic has about as much business in this country as Hitler would have if he declared war on us, he sneaked into the country illegally and has been well "protected" for several years. He hasn't, for as I've been able to learn, made any money to become a citizen, and the United States is certainly under no obligation to be his guardian. It's a Yugoslav affair.

This man is not being prejudiced. He may be innocent. And he won't be extradited until it's proven before an AMERICAN court that he committed the crime charged to him. The courts must present positive evidence in OUR courts before he can even be sent there and tried in theirs. What more can he ask?

Statistical Abstract of the United States, and had been part and parcel of his 1950 budget compared with the 1940 budget of Roosevelt. The "butterfly statistics" show. Between 1940 and 1950 the Department of Commerce expenditures increased 1,049 percent, the Department of the Interior 896 percent, the Department of Labor 1,283 percent, the Department of Justice 158 percent, the State Department 1,524 percent, and the cost of independent offices was up 276 percent to a level of \$5,052,499,925. Mr. Truman contended that civil administration had taken but 6 percent of the 1950 budget, that this would drop to about 4 percent for 1951, and that it would probably be still smaller for 1952. These figures seem arbitrary and absurd. In addition, they are deceptive. The 6 percent is measured against a budget of about \$40 billions for 1950, and the 4 percent against approximately \$47 billions for 1951. For 1952 it will be calculated on the basis of a known budget of \$71,600,000,000, and a possible budget of more than \$95 billions. So, even if the percentage figures were factual, the material difference is not in proportion to the percentage change. THE DOCTOR SAYS

By EDWIN F. JORDAN, M. D. Written for NEA Service

Caesar's wife is supposed to have had a child who came into the world by means of removal through a cut made into the abdomen and whence the child was born. This operation has been called Caesarian section and many children have been brought from their mothers in this way. The operation raises questions of some importance.

Q—My first child was born by Caesarian section. Is it possible to have a second one by natural birth?—Mrs. D. F. A—It used to be the general rule that once there has been a child born by Caesarian, subsequent children must also be taken the same way. Now, however, there are some exceptions.

Q—I have a teen-age boy who ruins his shirts and sweaters by excessive sweating under the arms. What would help this?—Mrs. D. C. would be for him to use one of the commercial antiperspirants of which there are several on the market.

Q—I had a badly bruised leg a year ago and the leg still swells a good bit. It is a keloid?—Reader. A—A keloid is a sort of tumor of the skin made up largely of scar tissue. It generally occurs after injury and has an unfortunate tendency to recur if removed.

Q—Can anyone explain why I have dreams of the most beautiful colors? I seldom have black and white dream and I dream almost every night.—Mrs. J. M. C. A—One of my daughters also reports dreams of contact lenses. I don't know the reason but suspect it is a particularly active sense of imagination for color. It would be interesting to know whether artistic persons were more likely to dream in color than the rest of us.

Q—Please explain the advantages and disadvantages of contact lenses as compared with regular glasses. It seems they would be more desirable. If an why are not contact lenses, especially the rich executives, with final authority on advertising contracts, would be a little watchful. But they seem to leave it all to the advertising agencies. And many of the agencies have been crawling with Weir Deaters and worse for 15 years and are daily more so.

Welfare State program... He says, "The theory is that, whether done by one person alone, or by many in a pack... or by one who has been selected by the members of the pack as their agent."

Welfare State is involved, the moral precept, "Thou shalt not steal," becomes altered to say: "Thou shalt not steal, except for what thou deemest to be a worthy cause, whereas thou thinkest that thou canst use the loot for a better purpose than wouldst the victim of the theft." And the precept about covetousness... seems to become: "Thou shalt not covet, except what thou wouldst have from thy neighbor who owns it."

Dr. Harper calls this double standard—"moral schizophrenia," and he states: "Forgotten, it seems by many, is that, while we admire Christ, it is the fact that He did not resort to theft in acquiring the means of his material benefactors. Nor did he advocate theft for covetors in the collective activities in which we participate... If, as adults, we practice collective thievery (and violence) through the Welfare State, and advocate it as right and good, how can we question the moral character of those who wish for more and rob the candy store?"

He concludes ominously: "Moral individual conduct cannot persist in the face of collective immorality under the Welfare State program. One side or the other of the double standard of morals will have to be surrendered."

This then is today's question to the professional Communist: Do you apply exactly the same moral principles to your actions in a collective group, as you do to yourself as an individual person? And if not—why not?

before the Dishes Are Done

By BETTY KNOWLES HUNT. CHRISTIANITY AND COLLECTIVISM: One of the most tragic paradoxes of our era is the "double standard" in moral principles proclaimed by so many of our Christian leaders. They lay down one set of rules for individuals, and another set for collective groups. Thus, honesty, grit, and stealing are good, unless you are an adult, and another set for collective groups. Thus, honesty, grit, and stealing are good, unless you are an adult, and another set for collective groups.

Dr. F. A. Harper, of the Foundation for Economic Education, has examined this vital issue in a little booklet called "Morals and the Welfare State." Referring to the Decalogue, he points out that only two of the Ten Commandments are directly related to economic matters. These are: 1—Thou shalt not steal, and 2—Thou shalt not covet. He asks: "Steal what? Covet what? Private property, of course. What else could I steal from you, or covet of what is yours? ... As Dr. D. Elton Trueblood has aptly said: "Stealing is evil because ownership is good." Thus we find that the individual's right to private property is an unstated assumption which underlies the Decalogue. Otherwise these two admonitions would be empty of meaning."

He reminds us that: "Two of Welfare's leading exponents of the Welfare State concept found it necessary to denounce this moral code completely. Marx said: 'Religion is the opium of the people.' And Lenin said: 'Any religious idea, any idea of a good God... is an abominably nasty thing.'"

Dr. Harper sincerely believes that most individuals are intuitive moralists. To prove his belief, he poses three questions: 1—Would you steal your neighbor's cow to provide for your present needs? 2—Would you steal your neighbor's cow to provide for a known case of another neighbor's need? 3—Would you try to induce a third party to do the stealing of the cow, if he were given to this needy neighbor? "I believe," he writes, "that the almost universal answer to all these questions would be 'No.' Yet the facts of the case are that all of us are participating in theft every day. How? By supporting the actions of the collective agent which does the stealing as part of the

### Johnson's NO-ROACH Modern Way To Control Roaches

A new product, an odorless coating that controls roaches, is one of the most effective on the market!

Just paint Johnson's NO-ROACH on surfaces where roaches and water-bugs gather. The coating is invisible, stainless and sanitary. Roaches, ants and water-bugs that walk across it, pick up a particle on their feet, become paralyzed and die within four hours. Within three or four days — time for the eggs in the nests to hatch — you will be amazed at NO-ROACH's effectiveness.

The liquid is easily applied with a brush. It contains no DDT, phosphorus or sodium fluoride. Such products do not have the residual toxicity of NO-ROACH, which stays effective for months and which helps prevent re-infestation by killing the occasional strays that come wandering in to walk across the coating. You may apply NO-ROACH by brush only where you want it. Avoid the use of contaminating sprays and messy powders. Use Johnson's NO-ROACH, the modern way to control roaches, ants and water-bugs.

Available at Cretney Drug Company. Eight ounces for 89 cents, pint for \$1.69, and a quart for \$2.98.

It shouldn't be too long before the cockroach joins the dodo and the auk and the dinosaur as an extinct curiosity. There's always a reason why a species dies out, and in the case of the cockroach, a lot of credit will go to Johnson's NO-ROACH, a sensational new product which kills them quickly, surely, and easily.

No one will weep over the cockroaches going away. They are one of the most ancient pests, and in quite recent days, experiments in laboratories indicate

### Need For Ice Refrigeration Doesn't End With Summer

The importance of ice in the daily lives of Mr. and Mrs. America is hard to overstate. The manufacturing of ice and its distribution to store and home supplies a livelihood to a large segment of the population.

Pampa Ice Manufacturing Company, located at the corner of Foster and Gray, is one of the most progressive firms engaged in the problems of refrigeration for modern users of refrigeration equipment. Carl Rundtree and his staff are not just ice-handlers; they are highly proficient and scientific experts in the ice-refrigeration field. Whether it is a problem of home refrigeration or major difficulty in bulk storage at the local market, they have the answer.

Not only does Pampa Ice Manufacturing Company supply the manufactured ice to residential and commercial users of Pampa, but it also supplies the equipment to be used for storing the ice and the products to be refrigerated. Investigate the advantages and the possibilities of manufactured ice refrigeration by inspecting the modern Ice - Refrigerators available at Pampa Ice Manufacturing Company.

Some people are inclined to believe that the importance of refrigeration diminishes with the end of the hot-weather season. It is not true. Even when regular summer season is at end, the fall weather is hot, Indian summer makes its appearance, and mild winter weather can not be trusted to maintain sufficient refrigeration for safety. The protection of health requires year round, positive refrigeration.

### Mead's Fine Bread Builder Of Strong Bodies Eight Ways

Summer is gone. Vacation time is past. Crisp fall air, school bells, and football games have taken their place. The sandpile set is hard at play, the kids are back in school, Mom is embroiled in fall housecleaning and Dad faces a busier-than-ever schedule.

Meads Bakery reminds you these busy days and cooler weather mean that you need extra energy. You should realize that your body, the world's best engine, runs best on bread. There is no finer bread than Mead's. It has a delicious flavor that will please even the fussiest eater at your house.

Mead's Bread helps build bigger, stronger bodies in eight ways. Each loaf of bread supplies as much protein for building MUSCLE as does a serving of roast sirloin of beef; as much calcium for BONES and TEETH as contained in a helping of cottage cheese; as much phosphorus for CELL METABOLISM as one egg; as much iron for RICH RED BLOOD as found in three lamb chops.

As much Vitamin B-1 to maintain normal APPETITE as supplied by a serving of fried liver; as much Vitamin B-1 for GROWTH processes as three slices of American cheese; as much Nicotin to help maintain MENTAL HEALTH as six sardines; as much ENERGY for work and play as two glasses of milk.

Mother, your family's health is your responsibility. Good health is possible only where there is proper nutrition. At times it is not easy to get some members of the family to eat the proper foods but as stated above many of the necessary daily food requirements are met by Mead's Bread. And because it is so delicious anyone will enjoy it. There are many ways in which bread may be served. Try some of the varied ways with that extra good Mead's Bread. Get some extra time that you go to the grocery store. You will find it in the bright yellow wrapper. And because "It's Fresh-erized" it will stay fresh and good until the very last crust is eaten.

# Giants, Dodgers Open Playoff For National League Crown

## Robinson Hero In Dramatic Brooklyn Victory Over Phils

**BROOKLYN** — (AP) — The New York Giants "miracle men" of '51 and the dead game Brooklyn Dodgers charge into hand-to-hand combat for the National League pennant today in the opener of a best-of-three playoff series.

The tie resulted yesterday under the most dramatic circumstances when Jackie Robinson's 14th inning homer gave the Dodgers a 9-8 edge over the Phils after the Giants had subdued Boston, 3-2, behind Larry Jansen.

All even at the end of the regular 154-game schedule, the Giants and Dodgers collided at Ebbets Field at 1:30 p. m. (EST). And collided may be the proper word for this feud of bitter rivalry. The series continues Tuesday at the Polo Grounds. If a third game is necessary, it also will be played at the Polo Grounds Wednesday.

Barring rain, the world series with the New York Yankees will start Thursday at Yankee Stadium. That goes, even if the Giants or Brooks win in two straight.

Cloudy weather and a little relief from the topcast temperatures of the last two days were forecast by the weatherman.

Jim Hearn (16-9) was Manager Leo Durocher's choice to work for the comeback Giants, who earned tie by chopping down a 13-1 game D o d g e r lead of Aug. 11 in a furious .841 stretch drive.

The ex-St. Louis righthander, picked up for the \$10,000 waiver price last year, had a 2-3 record against the Dodgers. Brooklyn leads the Giants 9-2 at Ebbets Field and 13-9 for the season.

Chuck Dressen of the Brooks, fresh out of pitchers after his team's desperate last stand, had Ralph Branca (12-10) for the opener. The big righthander was 2-4 against the Giants on the season. He pitched 1-13 innings yesterday in relief of Preacher Roe.

While the Dodgers and Giants continued their frigate, the American League champion Yankees scheduled daily workouts to keep in fighting trim. Manager Casey Stengel already has named Alie Reynolds, his double no-hitter, to pitch the series opener.

This was the second playoff in the storied history of the National League, now celebrating its diamond jubilee. In 1946, St. Louis and Brooklyn fought to a dead heat and the Cards polished off the Dodgers two straight.

Back in 1908, as an aftermath of the famous "Fred Merkle didn't touch second" controversy, the Chicago Cubs beat the Giants in a post-season playoff of a tie game. But that wasn't any playoff series, only a replay of the disputed game that ended in a 1-1 tie.

If past records mean anything, the Dodgers rate a solid edge in their home park where Sal Maglie was the only Giant to win. Until their late season slump, the Dodger big guns of Gil Hodges, Roy Campanella, Andy Patko and Jackie Robinson were bombing the convenient left field seats. And Duke Snider was smashing long drives over the right field screen.

In the 11 games played at Ebbets Field, the Dodgers belted 21 home runs to 10 by the Giants. Snider hit six out of the park, Hodges four and Campanella and Carl Furillo three each to lead the pack. Bobby Thomson smashed three and Monte Irvin two for New York.

But the charged up Giants, under full steam of a seven-game win streak, are in no mood to worry about past performance. They made their drive in the last seven weeks when they won six of seven from the Brooks. Dressen feared the Dodgers

## Football Browns Lose Opener

**NEW YORK** — (AP) — The greatest of baseball pennant races had its first defeat in the Cleveland Browns — pro football's greatest team — an almost obsolete item.

But lose the Browns did, and to a team which last season won only three games — the San Francisco 49ers.

Guided by the deft Frankie Albert, the 49ers yesterday upset the mighty Browns, 24 to 10, in San Francisco.

In other openers — and they all ran true to form — Detroit defeated Washington, 35 to 17; Philadelphia edged the Chicago Cardinals, 17 to 14, and the Chicago Bears whipped their perennial enemy, Green Bay, 31 to 20.

The Pittsburgh Steelers entertained the New York Giants in Pittsburgh tonight.

Faced by Bobby Layne's aerials, Detroit ran away from Washington after a close first half, which saw the winners holding a slim 14-10 lead. The Lions iced the game by scoring 21 points in the final 30 minutes while holding Washington to seven. Layne, the Texas U. bomber, hit with 20 of 26 passes for 310 yards.

## Royals Leading Little Series

**MILWAUKEE** — (AP) — The little world series with its 1951 principals, Montreal's International League Royals and Milwaukee's American Association Brewers, resumes here tomorrow night in the Royals ahead, 2-1.

Montreal took the opener, 6-3, Wednesday while the second game, postponed twice due to bad weather, finally went to the Brewers Saturday 4-3.

Yogi Berra (.294) probably is the "best catcher in the American League. He's a dangerous long ball hitter and a much improved receiver over his poor 1947 series.

Brooklyn has a standout catcher in Negro Roy Campanella (.327). He hit 33 homers and drove in 108 runs.

Wes Westrum (.223) did the heavy work for the Giants. His 20 homers and 69 RBI proved his ability to hit the long ball.

## Yankees Rely On Pitching For Series

**NEW YORK** — (AP) — By the time the two-deep Brooklyn staff and the New York Giants decide the National League pennant, the well-rested New York Yankees should have a solid edge in pitching for the world series.

Pitching was Manager Casey Stengel's ace in the hole for a third straight Yankee pennant. His solid big three of Allie Reynolds (17-8) Vic Raschi (21-10) and Ed Lopat (21-9) commanded respect of the American League.

There is no reason why this veteran trio, already tested in series competition, shouldn't prove hard to beat in a short series.

Brooklyn leaned on Preacher Roe (22-3) and Don Newcombe (22-9) and Don Newcombe Carl Erskine (16-12) picked up half his wins on relief and Ralph Branca (13-10) did his best work before the all-star game.

The Giants gave better equipped, Leo Durocher has the top winner in the league in Sal Maglie (23-6), dependable Larry Jansen (22-11), Dave Koza (10-9), Jim Hearn (18-9) and Sheldon Jones (6-10) for starting roles and George Spencer (0-4) for relief.

Back of the big three, Stengel would have trouble picking a fourth starter from Johnny Sain (2-1), ex-Boston Brave, and Tom Morgan (9-3).

Bob Kuzava (11-7), acquired from Washington in mid-June, was Stengel's best relief man. Joe Ostrowski (6-4), Stubby Overmire (2-7), Art Shallock (3-1), Bob Hogue (1-0) and Frank Shea (5-5) round out the bullpen staff. Lopat, Kuzava, Ostrowski, Overmire and Shallock are left-handers.

Brooklyn popped up with a late season comer in Clem Labine (4-1) who took his regular turn in September. Clyde King (14-7), a relief savior in early season, lost his effectiveness. Clarence Loofer (1-2), yesterday's relief winner at Philadelphia, Phil Hauptstad (0-1) and Johnny Schmitz (2-8) are the others. Roe and Schmitz are the southpaws.

Durocher has used pretty much of a six-man staff in September although Al Corwin (6-1), a rookie from Ottawa won five for him in August. Montie Kennedy (4-2), saw only relief action and Alex Konikowski (0-0) got in only three games after moving up from Ottawa. The five all right-handers except Koza and Kennedy.

Yogi Berra (.294) probably is the "best catcher in the American League. He's a dangerous long ball hitter and a much improved receiver over his poor 1947 series.

Brooklyn has a standout catcher in Negro Roy Campanella (.327). He hit 33 homers and drove in 108 runs.

Wes Westrum (.223) did the heavy work for the Giants. His 20 homers and 69 RBI proved his ability to hit the long ball.

## Two New Formations Feature First Big Weekend Of Collegiate Football Action

**NEW YORK** — (AP) — Two new football formations have bobbed up — the Navy T and the Notre Dame I.

Notre Dame's I formation isn't exactly new. It was used by a couple of southern schools last year including VMI. Frank Leahy admitted "we borrowed it."

Both added a little razzle-dazzle. The Navy T is designed to hide the ball even more than the regular T. If the opponents can't see it, pity the poor fans.

The Navy T has one back far out on the flank. When the ball is passed to the quarterback, the back on the flank starts a reverse followed by the other two backs. The quarterback can give it to any of the three passing backs or hold it himself.

The Notre Dame I simply lines up all the backs in a straight line. The quarterback gets the ball, and then all four backs start to race to one side or the other. Confuses the opposition.

The Notre Dame alignment was the more successful. The Irish sprung a complete surprise by pulverizing Indiana, 48-6. Navy could do no better than tie Yale, 7-7.

The Notre Dame triumph, combined with Kentucky's second straight defeat, may cause some shuffling in the national rankings. The Irish were not rated in the top 10 in the Associated Press pre-season poll, while Kentucky, which bowed to Mississippi Saturday, 21-7, was given the No. 7 spot.

Kentucky plays Georgia Tech this week. The second and third teams in the crystal ball poll, Michigan and Ohio State, meet in Columbus while Oklahoma, No. 4, and Texas A&M, No. 6, clash in College Station, Notre Dame plays Detroit, Navy meets Princeton.

Michigan State polished off Michigan, the defending champion, 14-0. The Vols were rated at 25-0 after a mediocre showing in its 6-0 opening victory over Oregon State a week ago.

Ohio State won a squeaky one 7-0 over SMU, a pretty fair outfit. Michigan State probably will rule a one-touchdown favorite against Ohio State.

For comparative scores of the coming Oklahoma - Texas A&M game, the Sooners stopped William and Mary, defeated edition, 14-7, while the Aggies toyed with from Ottawa. The Vols, one also probably will be a top 10.

Tennessee gave no cause for alarm, and still stands as the overwhelming favorite to cop the Southeastern Conference title, after defeating Mississippi State, 14-0. The Vols were rated at the top of the heap nationally before the campaign started.

Washington was regarded as the big threat to California in the Pacific Coast Conference, but the Huskies had trouble getting past Minnesota, 25-20, while California was showing under Pennsylvania, 35-0. Penn was supposed to be a power in the Ivy League, so — unless the quarters were overrated — Pappy Waldor's Golden Bears look to be in, again.

If Cornell's close 21-14 victory over Syracuse is any indication, Yale could romp home with the Ivy title, on the basis of its deadlock with Navy.

## Mrs. Fade Holds Lead To Win Ladies Handicap Crown

**Mrs. Nola Fade** withstood a last minute rush by Mrs. Edith Hughes yesterday to win the annual Pampa Ladies Golf Association handicap golf championship. Mrs. Fade, who held a seven-stroke lead at the two-thirds mark in the 54-hole event, finished with a net of 218, one stroke better than Mrs. Hughes.

Third place went to Mrs. Floy Heath, who had a net score of 223.

Defending champion Myrtle Prigmore finished with a 228.

## Garver Wins 20 For Last Placers

**ST. LOUIS** — (AP) — Ned Garver's teammates say he didn't have his usual stuff yesterday, but he won his 20th game of the year.

The St. Louis Browns pitcher won his 20th game of the year. He became the first American League hurler since 1924 to win 20 games with a last-place club.

He walloped his only home run of the season.

The Browns beat the Chicago White Sox 9-5.

## Texas Golfers Defeat Oakies

**WACO** — (AP) — Texas pro golfers won a 21-12-8 1-2 victory over Oklahoma and Kansas golfers yesterday to regain the Texas-Oklahoma cup at Ridgewood Country Club course here.

Odie Beck of Waco and Elroy Marti of Houston shot 67's in the singles matches as the Texans captured 13 of the 30 played.

Bennie Adams of Albus equalled the Ridgewood course record held by Waco's Harold Clark and tied Friday by Henry Ransom of Dallas. Adams fired a six-under-par 64.

## Perfect Marks Owned By 24

(By The Associated Press)

The clash of eight undefeated, untied teams feature the top divisions of Texas schoolboy football this weekend.

Only 24 such teams are left in the Class AAAA and Class AAA divisions. Battles of the unbeaten involve only two AAAA teams.

The headliner matches Lamar of Houston with Brownsville of Class AAA. Vying in interest will be the tussle between Abilene of AAAA and Breckenridge, the AAA power.

In Class AAA Brownwood meets Midland and Cleburne takes on Longview.

There are 55 games in the two divisions with six in AAAA being conference affairs and four in AAA counting in the championship race.

The AAAA unbeaten, untied ranks were reduced by four last week as El Paso, Jefferson (El Paso), Sunset (Dallas) and San Jacinto (Houston) fell. Sunset, however, played a tie with Arlington Heights (Fort Worth), thus remains among the unbeaten teams.

Undefeated and untied are Pampa, Borger, Amarillo, Abilene, Lubbock, Miller (Corpus Christi), Ray (Corpus Christi), Jeff Davis (Houston), Lamar (Houston) and Milby (Houston). Undefeated but tied are Odessa, San Antonio Tech and Sunset.

## Buffs Take Game Lead In Playoff

**BIRMINGHAM** — (AP) — Al Pappi, Houston knuckleballer, will have a chance tonight to reverse the opening Dixie Series win scored against him in Birmingham.

Manager Al Hollingsworth will send Pappi to the mound as the Texas League Buffs bid for their third victory in four starts against the Southern Association playoff champions, Birmingham.

Leftfielder Larry Giggins salted away yesterday's battle with a three-run homer in the sixth that broke the hearts of 16,651 fans.

His circuit blow ended a pitchers' duel between righthanders Bobo Newsum of the Barons and Fred Martin of the Buffs, both former major leaguers.

## Quarterbacks To Meet Tonight

**Pampa Quarterbacks** tonight will get a look at a lot of football through the medium of movies when they will see the films of the Pampa-Vernon game of last Friday, the Texas Tech-West Texas State game of two weeks ago and the Texas-Texas Tech game of 1950. The last two are through the courtesy of the local Red Raider Club.

Meeting time is 8 p. m. in the junior high school auditorium.

Present for the meeting will be the school football coaching staff to discuss last week's game and to give a preview of next Friday night's game with Plainview.

Mount Baker, in Washington state, reaches an altitude of 10,694 feet.

## Pennant Play In SWC This Week

**DALLAS** — (AP) — The Southwest Conference started playing for the pennant this week but this is quite incidental to a rousing intersectional schedule headlining Texas A&M with mighty Oklahoma.

The Aggies take on the Sooners at College Station Saturday night. It's a feature battle of the nation.

Arkansas and TCU play at Little Rock Saturday night.

This game finds Arkansas undefeated and with as good a record as compiled all last season. The Razorbacks won two games in 1950; they already have beat Oklahoma A&M and Arizona State. The Christians lost to Kansas. But snuffing into it last week, trouncing Nebraska 28-7.

At New Orleans Baylor tackles Tulane.

The Texas-North Carolina clash at Austin, Rice-LSU battle at Baton Rouge and SMU-Missouri meet at Dallas have their share of national interest.

Arkansas, A&M, Texas and Baylor are undefeated. The Aggie school kept its record intact last week by beating Texas Tech 20-7, but wasn't particularly impressive. Oklahoma was opening with a 49-7 strapping of William and Mary.

Texas trimmed Purdue 14-0 and has the conference's best record. The Longhorns shot down Kentucky 7-0 in their first time out. North Carolina lost to Georgia 28-16 last week.

Baylor faces some real trouble. Tulane last week beat Miami 21-7 and looked quite good indeed. The Bears opened with a 19-0 win over Houston but laid off last week.

Rice, which bowed to Clemson 20-14 will be playing the team that whipped heralded Alabama. LSU walloped the Tide 13-7.

SMU figures on finally breaking into the win column. The Methodists, who lost to Ohio State 7-0 last week while giving the Buckeyes some anxious moments, take on a Missouri team that edged Oklahoma A&M 21-20. Oklahoma A&M whipped by Arkansas 42-7.

would follow in that order.

Jansen's 22nd victory clinched the tie at Boston. Except for the first and ninth he held the Braves in check. In the nerve-racking ninth, Boston clubbed him for three of its five hits, scored a run and had the winning run on base. Willard Marshall, an ex-Giant, lofted to Irvin for the last big out.

# It Pays To INSULATE...

"The insulation batts that this owner is so easily laying in between the joists of his attic floor will save him \$40 in fuel costs this winter! That means that the insulation will pay for itself in a few seasons — he'll be money ahead from then on! Insulation makes your home cooler in summer, too, and adds to the resale value!"

Fuel prices are bound to advance — that's one big reason for insulating now. Insulation itself may get scarcer under war conditions — go up in price — that's reason number two. We sell insulation of all kinds: rock wool, balsam wool, metal oil, wall-board. It comes in batts, bulk, sections or rolls — easy to install by the owner or any qualified workman.

# Storm Windows and Doors

"Cold winter ahead! And fuel may be more expensive, too, if the last war is any example. So good, draft-proof storm windows and doors are a real 'must' — especially if, at some future time, fuel is rationed. Rationing or not, it's common sense to have a home less costly to heat. Why not let us fill your storm-sash needs?"

We sell both fixed and movable storm sash, with a choice of several kinds of bracket attachments. We make them ourselves to your order — or we will supply the needed lumber to you or your contractor. Our storm windows are built to last for years; we use finest seasoned lumber. We have a plentiful supply at present and we suggest that you order now while prices are still low.

# FREEDOM OF THE PRESS - From Zenger to Oatis (1) Illustrat. By Ralph Lane

There are few countries in the world in which such an accusation could be whispered, let alone printed or shouted with impunity. But, nevertheless, Americans take the freedom of their press as much for granted as the daily arrival of their newspaper. Today begins the story of those battles in the continuing war for the right to let the people know the truth.

The first shots fired for press freedom were letters signed by "Silence Dogood," pen name of Benjamin Franklin. Thrust under the door of the New England Courant at night, Benjamin's letters were published by his brother James, editor of the Courant in 1722.

As many of the letters sharply criticized the British government of Massachusetts, James Franklin was thrown in jail. Upon release, he defied an order to let the Royal Secretary of the Colony censor his paper before printing it. He was arrested again, but popular feeling ran so high that he was set free, thus ending press censorship.

## Coffee Wins Irish Honors

**SHAMROCK** — The Top of Texas rodeo's all-around cowboy, C. M. Coffee, Miami, repeated his Pampa performance to win identical honors last week at the Lions club sponsored State Line Fair rodeo here.

Coffee was crowned king of the rodeo cowboys by placing in four events: calf roping, team roping, bull dogging and bareback bronc riding. Besides his winning money Coffee was awarded a Stetson hat donated by Hunter's department store.

It was the first annual rodeo to be held in conjunction with the new State Line Fair. The fair was reported as being a success as far as staying on the black side of the ledger is concerned.

Pat Ryan, chamber of commerce manager, reported an expenditure of \$2113.54 as against an income of \$2258.98 — a profit of \$145.44.

## Four Fined \$35 In City Court

A \$5 fine for having no operators license was levied against a man who gave his name and address as G. L. Sandurs, 418 N. Christy.

Two charges for having loud mufflers and one charge of running a red light were dismissed.

## Planning Ahead Conserves Time

While you're preparing to repaint a room, plan for any desired rearrangement of pictures and wall decorations. This is the ideal time to try that picture a little higher... a little lower... or in an entirely new grouping. If at first you don't succeed, keep on driving nails. It's a simple matter to plug up such experimental nail holes with spackling material and smooth them with your finger. When you've achieved the effect you desire, you'll be all set to put your room to rights in record time once the paint is dry.

## Pampan Fined \$100 For Drunken Driving

Lerskov H. Hardin, 121 S. Starkweather, was fined \$100 and costs in county court yesterday on a charge of driving while intoxicated.

The charge was filed following an accident Friday at 3:40, involving two vehicles on W. Foster.

As Hardin backed his car away from a curb, he angled it too much, hitting another car, driven by Ernest W. Voss, 1214 E. Francis, legally parked at the curb. Voss was charged with operating a vehicle without a commercial operator's license.

Damage to the cars was slight.

## None Hurt In Plane Crash

**FORT WORTH** — (P) — A B-29 Superfortress undershot a runway, crashed and burned Saturday while attempting an emergency landing at Carswell Air Force base.

All five members of the civilian ferry crew aboard the four-engine bomber survived. The worst injury was a second-degree burn.

The bomber was being ferried from Pyote Air Force base, in West Texas, to Marietta, Ga., where it was to be modified. The ship had been taken out of storage at Pyote. Members of the crew were from the Lockheed aircraft servicing at Warner-Robins, Ga.

The tail assembly sheared off the big plane as it crashed into an embankment short of the runway. The fuselage slithered along the runway and tore itself to pieces. Flames erupted from the bulk. The left wing and its two engines ripped off the body.

The pilot of the crippled ship radioed Carswell for emergency landing permission 30 minutes out from the base. He reported an excessive fuel leak.
