

FORTRAN FORTRESSES ESCORT BY FIGHTERS LOAD BOMBS ON BERLIN FOR FIRST TIME

Japs Lose 3,000 Soldiers in Admiralties

Land-Locked Pampa Builds Ship Parts For Naval Vessels

From a humming plant in the Texas Panhandle, fashioned by workmen who never sniff the sea, come transverse bulkheads for destroyer escort vessels and landing craft splashing on schedule off the ways at New Orleans, Orange and Houston.

By truck down ribboned highways, chattering over a network of gleaming rails, and swishing on barges through canals, the products of millions of dollars in subcontracts held by the Pampa plant and others in Texas, Oklahoma and Louisiana speed to the Gulf of Mexico as a contribution to the nation's giant shipbuilding effort, the Associated Press reported from Dallas.

On the Gulf the navy said Saturday in sketching the picture, such things as transverse bulkheads produced in a Pampa plant which once serviced carbon black manufacturers are fitted into the hulls on the ways or in the fitting basins.

The fabricating division of the Cabot Shops here it was revealed for the first time Saturday, are now producing the bulkheads for naval vessels.

How assemblies come from a Plaquemine, La., company which built footings for the Mississippi river bridge at Baton Rouge. Pilot houses and conning stations are made at Baton Rouge; bulwarks and breakers come from a Tulsa concern which once made oil field tanks; ship rudders are fashioned at Enid, Okla.; pipes at New Orleans; ramps at Oklahoma City; and anchor and light supports at San Antonio, the Associated Press said.

Lieut. Comdr. F. Livers, officer in charge of the Dallas operation division, explains that the navy desires, but does not require its big shipbuilders to do contract work. Most of them do not fabricate the bulk of their equipment.

LeFors Wet-Dry Vote Scheduled

Qualified voters of LeFors, Laketon, and Farrington will go to the polls in their counties Saturday to decide whether or not they will continue sale of intoxicating liquors in justice precinct 1.

The area corresponds to county commissioners precinct 2 which consists of the voting precincts of the three places mentioned.

If precinct 1 votes dry, this will mean that Pampa (precinct 2) will be the only wet spot in the county as Grandview, precinct 3, Alaneed precinct 4, and McLean, precinct 5, are already dry.

The election question Saturday will be stated as "for prohibiting the sale of all intoxicating liquors" or "against prohibiting" the same.

Polls will open at 8 a. m., close at 7 p. m., and the places and officials are named below:

LeFors, voting precinct 1, LeFors school, John Farrington, judge, G. O. Carruth, clerk; Laketon, voting precinct 6, Laketon school, Ennis Johnson, judge, Walter Jones, clerk; Farrington, voting precinct 7, Farrington school, Jess Goad, judge, C. C. Stockstill, clerk.

County commissioners passed the order of election on Feb. 14.

Livestock Prices Up; Wheat Is Unchanged

AUSTIN, March 4.—(AP)—Practically all classes of livestock and all grains but wheat increased in price between Jan. 15 and Feb. 15, in Texas, the U. S. department of agriculture reported today. Most prices likewise advanced, but were still under the figure on Feb. 15 a year ago.

Prices for horses, mules and milk cows gained. It was the first increase in the average price of milk cows since the start of a downward trend in June, 1942. Hogs brought an average of \$12.40 per 100 compared with \$12.30 in mid-January; beef cattle, \$10.60 per 100 compared with \$9.80; veal calves \$12 and \$11.40.

Wheat is unchanged at \$1.44 a bushel; corn was up 4 cents a bushel to \$1.28; oats 3 cents a bushel to \$1.09; barley 5 cents a bushel to \$1.15. Hogs declined seasonally 3 cents per dozen to 31 1/2 cents, but this figure was a cent and half lower than a year ago and the lowest monthly average since September, 1942.

Grain sorghum was up 5 cents a bushel to \$2.05 and hay prices continued to be strong.

I SAW...

A crowd that looked like the Top O' Texas Fiesta when the four busloads of draftees assembled Friday afternoon at the court house, Lubbock-bound. It was the biggest group of draftees Gray has ever sent. Pampa's mayor, Fred Thompson, and the 31st district attorney, Walter E. Rogers, were in the contingent. The latter was group leader. Grover Lewis, commercial printing manager of The News, was also among the rookies.

Yanks Suffer 61 Men Dead, 244 Wounded

(By The Associated Press)

Three thousand Japanese have been killed and wounded by test-fired Texas cavalrymen in the first five days of the battle for Los Negros island in the Admiralties, Gen. Douglas MacArthur announced today.

Most of the Japanese were mowed down as they charged in successive waves throughout Friday night and early Saturday morning into the leathery fire of the dismounted first cavalry. Seven hundred were buried on the edge of Momote airdrome captured by the invaders when they landed Tuesday.

"Again and again his (the enemy's) forces hurled themselves against our lines in an incessant but futile effort to reach the field," MacArthur said. "Wave after wave was destroyed before his forces finally recoiled in complete defeat after one of the fiercest encounters of the war."

Against these surprising losses only 61 Americans were killed and 244 wounded.

After stopping the attacking forces, the Americans prepared to continue their advance behind low-flying warplanes.

American destroyers moved in close to nearby Manus island, a source of Japanese reinforcements pouring on to Los Negros, and shelled Seidler harbor at Lorenau.

Adm. William F. Halsey's bombers returned to Rabaul after bad weather had forced a one day lay-off, and sank two cargo ships and left a gunboat in flames.

Eastern outskirts of the Caroline islands, guarding Japan's Truk from the Central Pacific American offensive, were bombed by four-engineered Army Liberators Thursday, Admiral Chester W. Nimitz announced yesterday.

Shipping facilities were hit at Kusaie, easternmost of the Carolines, while the airdrome was attacked at Ponape. It was the eighth raid within three weeks of Ponape which lies only 400 miles east of Truk and about the same distance south of the recently captured American bomber base at Eniwetok atoll in the Marshall Islands. Kusaie has been struck nine times since Jan. 17.

The first full-scale battle in northern Burma appeared to be shaping itself as the Japanese and American-trained Chinese troops approached to within three miles of Mawgan on the north and west. The Chinese route over more than 100 miles of mountains and jungles to open a new supply route to China, see a highway lying ahead of them for the first time.

Approximately 40 men, representing a cross-section of Pampa, met in the city commission room Friday night and talked over the usual situation of having three public offices going begging for candidates.

The group decided it was essential that three capable men be drafted for the posts and be urged to accept the draft as a civic duty.

Farris Oden was elected chairman. Following several lines of discussion a motion finally was adopted to pick three men from the group present who would, in turn, select a committee of five to get the consensus of three men to be candidates.

Arthur M. Teed, Oden and C. A. Huff were asked to select the committee. Each man at Friday night's discussion a motion finally was adopted to pick three men from the group present who would, in turn, select a committee of five to get the consensus of three men to be candidates.

Mitchell Hill, V. L. Boyles, Ewing Williams, J. E. Muefee Jr., and C. A. Huff. These men were instructed to meet as soon as possible and begin the task of finding three candidates.

Williams was named chairman of the "candidate-hunting" committee and it was agreed that, if necessary, another meeting of the whole group would be called. The consensus was, though, that the five-man committee go ahead and draft three men who would receive general public approval.

As soon as the committee has made its selections for a city ticket the names will be announced in the newspaper," Williams said.

Each man at Friday night's meeting submitted one or more names of prospective candidates. This was done at the request of the newly-appointed committee.

Under the Snell appointment, Cordon will serve in the senate until the general election in November.

They are First Lt. Blanche F. Sigman of East Akron, O.; First Lt. Carrie T. Sheets, of Camp Hill, Pa.; Second Lt. Marjorie Morrow, of Audobon, Ia.; First Lt. Glenda Speilhaus, of Crosby, N. D.; Second Lt. LaVerne Farguhar, Sidney, Tex.; Lieutenants Sigman, Sheets and Morrow were in the Feb. 7 bombing and the others in the later bombing.

FATHER OF ENGLISH BABIES SEEKS DIVORCE

Miss Norah Carpenter, daughter of a miner of Heanor, Derbyshire, England, is shown above with the quadruplets born to her, one of whom later died. Below is S-Sgt. William Thompson, Jr., of Pittsburgh, and his American wife. Thompson issued a statement in London saying he was the father of Miss Carpenter's babies and declared he hoped to get a divorce to marry her. In Pittsburgh, Mrs. Mary Jenemann, Thompson's mother-in-law, said: "We're not going to take any steps until this thing dies down." Thompson's father said he hoped to see the American wife and ask that she "free Billy, give him a divorce so he can marry the English lady and give their children a name." (NEA Photos.)

U. S. Refrains From Dealings With Farrell

WASHINGTON, March 4.—(AP)—United States Ambassador Norman Armour has been instructed to refrain from entering official relations with the Farrell regime in Argentina pending developments, Acting Secretary of State Stettinius announced today.

In a formal statement Stettinius said that this government has reason to believe that Argentinian groups not in sympathy with the declared Argentinian policy of joining the defense of the Western Hemisphere were active in the requirement of President Gen. Pedro Ramirez and the assumption of the presidency by Vice President Farrell.

Stettinius said that since the American foreign policy is at present governed primarily by considerations of support for the prosecution of the war the department of state has instructed Ambassador Armour to refrain from entering official relations with the new regime pending developments.

Asked if the instructions to Armour constituted a suspension of relations with the Farrell regime, Stettinius replied that this government never had begun relations with that administration.

He said he would not go so far, however, as to say that this constituted a policy of non-recognition. He said that the United States situation with regard to Argentina was in an earlier stage than dealings with Bolivia, where a policy of non-recognition has been adopted.

He implied that the way was still open for establishing relations with Argentina and said there were many steps which Argentina could take to bring this about. For one thing, he said, Argentina could indicate its Axis diplomatic, military, and other agents who are still free in Argentina. He added that Argentina could clean up Axis espionage which still functions in that country.

The British ambassador to Argentina is under instructions to refrain from making any move that would even imply recognition of the Farrell regime, it was learned reliably in London today.

Bolivian Foreign Minister Jose de Mesa said today that his government is under instructions to refrain from making any move that would even imply recognition of the Farrell regime, it was learned reliably in London today.

Rail Ticket Scalping Broken up in Miami

MIAMI, Fla., March 4.—(AP)—J. Edgar Hoover, director of the federal bureau of investigation, announced today the arrest of 31 persons at Miami and Miami Beach on charges of trafficking in railroad reservations.

He said those arrested included 16 railroad employes, 14 hotel workers and one taxicab driver.

Hoover declared they were making a profit of between \$15,000 and \$30,000 a month in their deals with tourists desperate for railroad accommodations.

The arrests were made, he declared, accordance with a federal law which prohibits the sale of railroad reservations to one person for a higher price than is charged another.

Daniels Says He Will Talk To Senators

WASHINGTON, March 4.—(AP)—Jonathan Daniels, presidential administrative aide whom a senate subcommittee proposed to cite for contempt because of refusal to answer questions, said tonight he is willing to appear as requested and answer the questions in issue.

Daniels' previous stand had raised the possibility of a head-on collision between the executive and legislative branches.

He wrote Chairman Smith (D-SC) of the agriculture subcommittee that he had changed his attitude after talking with the president.

Smith commented: "So far as I am concerned it is very satisfactory to me."

"It settles the point we were striving at in our contempt proceedings. We thought we had the right to get all the facts."

Smith added that he would call the senate report effort to remove Daniels from the committee at any time if it desired.

Daniels had taken the stand that his position of confidence in the White House administrative offices kept him from answering the questions involved, chiefly whether he had asked Harry Slattery to resign as head of the rural electrification administration.

Earlier Smith announced after a two-hour closed session that the subcommittee would recommend to the full committee, which Smith also heads, that action be taken to bring Daniels before the senate "to cause why he should not be adjudged in contempt."

The subcommittee has been investigating a report effort to remove Slattery as REA administrator. Slattery testified he was invited to the White House and asked by Daniels to resign.

Daniels refused last Tuesday to tell the subcommittee whether the incident had occurred, taking the stand that his relationship with the president was confidential and that his reply would not serve the public interest.

"Cotton Ed" Smith, violent anti-New Dealer, thereupon instructed committee counsel Carroll Bondy to look up precedents on contempt of the senate and report today.

Secretary of Agriculture Wickard likewise has declined to answer questions propounded by the subcommittee, but Smith declined to say whether action is planned in that instance.

Conviction carries a penalty of up to a year's imprisonment or a fine of \$1,000.

Lepke Dies In Electric Chair

OSISING, N. Y., March 4.—(AP)—Louis Lepke, Buchalter and one of his accomplices, Emanuel (Mendy) Weiss and Louis Capone, assassinated in "Murder, Inc.," died today in the electric chair at Sing Sing prison for the 1926 murder of Joseph Rosen, Brooklyn candy store proprietor.

Lepke's hope for life through the courts was exhausted 10 hours before execution time when the high court refused a petition that would have caused another stay of the execution.

About the time the supreme court was considering an appeal to review a lower court denial of a writ ultimately designed to return Lepke to federal custody, Lepke's wife, Betty, gave this statement to reporters at a restaurant within the prison's shadow, saying it was from her husband:

"I am anxious to have it clearly understood that I did not offer to talk and give information in exchange for any promise of a commutation of my death sentence."

The New York Daily News said last Thursday Lepke had made a statement through which he hoped to escape the chair.

Nurses Killed In Bombing Named

WASHINGTON, March 4.—(AP)—The war department made public today the names of the five army nurses who died in the bombing of field hospitals in the Anzio beachhead on Feb. 7 and 10.

They are First Lt. Blanche F. Sigman of East Akron, O.; First Lt. Carrie T. Sheets, of Camp Hill, Pa.; Second Lt. Marjorie Morrow, of Audobon, Ia.; First Lt. Glenda Speilhaus, of Crosby, N. D.; Second Lt. LaVerne Farguhar, Sidney, Tex.

Lieutenants Sigman, Sheets and Morrow were in the Feb. 7 bombing and the others in the later bombing.

14 Planes Lost As Yanks Fight Through Storms, Bitter Cold

LONDON, March 4. (AP)—Berlin was bombed by American Flying Fortresses today for the first time in the war as part of an extensive daylight attack on eastern Germany by the U. S. eighth air force.

Plunging 600 miles into the heart of the reich, one formation of heavy bombers hit the capital itself, it was disclosed tonight, with the help of an escort of Mustangs which also went all the way to Berlin to equal the deepest fighter penetration ever made into Europe.

Fourteen bombers and 26 fighters are missing from the operations, headquarters stated in a tentative accounting that said nine enemy planes were destroyed by the fighters. The number shot down by gunners in the fortress was not yet known, headquarters added.

Small Gains Are Reported By Russians

(By The Associated Press)

Soviet troops striking toward the Pskov-Warsaw railway south of Pskov Saturday captured Pskov, three miles east of the railway, while in the Allies held solidly to their beachhead south of Rome.

Moscow also announced that Red army troops in the north won several "heavily fortified strongpoints" in their fight to widen their Estonian bridgehead near Narva.

The Russian nightly communique reported gains in the Ukraine as Soviet troops south of the captured iron-ore town of Krivoi Rog crossed the Ingulets river and captured seven localities.

Pskov, three miles east of the Pskov-Ostrov-Dvinsk-Warsaw rail line, is 16 miles northeast of Ostrov. In this sector a highway from Pskov to Ostrov parallels the railway less than a half-mile to the east.

(The London radio, quoting "agency messages," said the Russians had reacted to the highway linking the two German fortresses of Pskov and Ostrov.)

No other details were given by the official bulletin, which for the past three days has given unusually brief reports.

Vichyite Pleads For His Life

ALGIERS, March 4.—(AP)—Pierre Pucheu, on trial for treason for his acts as minister of the interior in the Vichy government, declared today that Marshal Petain now believes Germany eventually will be defeated and that "the policy of collaboration is dead."

Fighting for his life before a military court after indictment by the French committee of national liberation in its purge of collaborators, Pucheu dramatically spoke in his own defense at the opening session, declaring that the Vichy government had prevented the Germans from totally occupying France, smashing through Spain and occupying North Africa before the Allied landings.

Pucheu said he had negotiated with Gen. Henri Girard and U. S. Charge D'Affaires S. Pinckney Tucker late in 1942 before the Allied landings in North Africa.

Later Pucheu said he sought to have Marshal Petain join in this scheme but the chief of state dismissed the idea as being childish.

Childress Cagers Bow To Bigons, 29-20

AUSTIN, March 4.—(AP)—The giant-killers met one giant too many tonight. The San Antonio schoolboys' basketball team, the Childress Cagers, bow to the Bigons, 29-20 for the Class AA championship of Texas schoolboy basketball.

Roosevelt Begins 12th Year in White House

WASHINGTON, March 4.—(AP)—President Roosevelt, his family and friends, prayed for peace at religious services in the White House today commemorating the 11th anniversary of his inauguration.

Rain, which has deluged inauguration crowds nearly every four years, pattered on the windows of the East Room as the gathering joined in a plea for heavenly guidance for "thy servant, Franklin" and to "save us from all false choices."

This was the setting as the tradition-breaking third-term president embarked on his 12th year in office, a year that bids to be one of the gravest ever confronting an American leader.

The president sat in a front row chair, near Mrs. Roosevelt. Mrs. John Beettiger, a daughter, and her son, John, Frederic A. Delano, an uncle, and Miss Margaret Buckley a cousin.

Also attending were Crown Prince Maritza and Crown Prince Olav of Norway, Vice President Wallace and Mrs. Wallace, cabinet members supreme court justices, heads of the armed forces and other government officials.

LeFors Constable, Justice to Run

LeFors added two names to the political battle of 1944 today with candidates for election as constable and justice of the peace.

The Pampa News is authorized to announce the candidacies of Henry J. Shoffit for constable and H. M. Guhrig for justice of the peace, both for re-election in precinct 1 (LeFors).

BERLIN—Bombers are back.

once-mighty German air force sent up only 30 to 40 fighters in defense of the city.

Fliers said they saw bombs crash down on "buildings surrounded by trees." The American crews had been tense for days because of their knowledge that the "Big B" was coming up. Most of them were apprehensive of powerful resistance as they were briefed in the pre-dawn darkness. Some of them—including men making their first mission didn't expect to get back alive.

The weather over Germany was almost unbearable. Fliers wearing two suits of heavy underwear and electrically heated outer suits nearly froze. As the clouds and snow thickened over Europe, a majority of the big armada cut over to hit other unidentified targets in eastern Germany in order to take advantage of more favorable weather.

The exact size of the force which smashed at Berlin remained an official secret, but when the story is told in its entirety, it undoubtedly will be one of the epics of the war.

The formation which hit the capital was led by Lt. Col. Harry G. Mumford of St. Louis, Mo., Calif. See FORTRESSES Page 8

DETAIL FOR TODAY

PX is short for Post Exchange, known in some Army camps as the canteen. It is the gathering place for all during after-duty hours. Here the soldier finds the closest resemblance to the corner drug store back home. He also finds girls, rare enough in an Army camp, for many of the persons behind the counter are soldiers' wives. The PX sells about everything. No one ever tells his buddies he's going to the PX for fear he'll be asked to bring back something for everyone in the barracks.

Have new handies put in garden tools and shovels now. Lewis Hardware.—Adv.

Fabulous Team of Smith And John Sullivan Invade Mexico

Sell 'Em Ben Smith, left, and John L. Sullivan are boosting the boom south of the border.

By HARRY GRAYSON
NEA Staff Correspondent
MEXICO CITY.—Among the foreigners who are lending a hand to Mexico's boom are Americans of every sort and skill. But no others are as fabulous as the new Irish partnership of Smith and Sullivan.

Ben Smith when he was the first prominent racing figure to head south with his horses. The two talk and think alike—quickly and clearly. They have the same boundless energy and yen for adventure and gambling. They hit it off well immediately, became fast friends.

Bernard E. Smith, erstwhile No. 1 Bear of Wall Street, had not met John Lawrence Sullivan when a year ago he built the Hipodromo de las Americas, the finest racetrack in the world.

Transportation was next to impossible. Owners were told that their horses could not run in such a high altitude. It was tough to get racing men to try to ship to Mexico City. So John L. Sullivan made quite a hit with "Sell 'Em

Sullivan, the Texas oil man, raiser of thoroughbred horses and one-time associate of William O. Hell, the Golden Greek, is probably worth \$25,000,000. There is no telling what fantastic amount Ben Smith is worth. He probably doesn't know himself.

Sullivan, whose father was a cousin of the Boston Strong Boy, has purchased a large hacienda in Mexico and plans to fine a breeding establishment as there is on earth. There will stand his stables, Counterglow, Hygro and Liberty Limited, and 30-odd brood mares. This is the first important move along breeding lines below the Rio Grande in connection with the new track.

But breeding and racing alone are not taking Sullivan from San Antonio to the land of Montezuma. The ubiquitous Ben Smith has vast potential oil holdings in Mexico. And John Sullivan is a practical oil man.

It seems strange to see Smith, who got his big bundle in the faltering market of the Hoover administration, operating a race-track in Mexico, but Sell 'Em Ben watches the clicking mutuel machines and tells you it's good business, especially when it's tax free for five years.

Smith's entrance into the racing game in a foreign land was characteristic of the man. The track was the idea of Bruno Pagnini, a little California Italian who had interests in Mexico. He saw its possibilities despite two

previous failures, the last one 23 years ago. He went to New York to see Smith.

"He had a good proposition, so I gave him 8,000,000 pesos," Sell 'Em Ben tells you casually. That was \$1,600,000.

Smith, who read Horatio Alger as a boy and outstripped all his characters, dropped into Mexico City enroute to New York from Caracas, where, as chairman of the board of the Seaboard Construction Co. he bid on a \$40,000,000 job—a new water supply system for the Venezuelan capital.

Sell 'Em Ben, now 56, becomes more fabulous and legendary with the years. An ordinary week takes this product of New York's Hell's Kitchen from Venezuela to Mexico to Manhattan to northern Ontario and British Columbia, the Yukon and California and back.

Gold, oil, cattle, aircraft and shipbuilding, manufacturing, contracting, racing—all these interests this amazing figure, who still seeks to keep his name out of print.

I asked Smith where he learned mining. He had to quit school at 13—which probably was a great break because he caught on quickly as a boy, posting quotations on brokers' boards.

"I don't know anything about it," he replied. I asked him where he acquired his knowledge of engineering. "I don't know anything about that either," he answered.

Then he added: "Hell, you can buy all that stuff." Ben Smith has been buying and selling since he was a kid, and he isn't selling Mexico short.

Three Panhandle Locations Staked

Oldham county jumped into the Panhandle oil picture last week with the notice of intention to drill filed with the Pampa office of the Texas Railroad commission by Standard for a well 16 miles north of Vega. It will be the C. S. and W. F. Herling 1.5,398 feet from the west and 1,305 feet from the south lines of League 307, Block H-3, Capitol Lands survey.

There were three intentions in all filed. The other two were one in Hutchinson and one in Gray county. For Gary, it was the S. L. Ball Drilling company's S. L. Ball 1, described as "narrow" strip of land, 29.8 acres, 3 miles long, lying in 2 miles north and south, and 1 mile east between Sections 9, 10, Block B-2, and Section 5 and 6, Block H. A. W. Wallace survey.

"Present location is 151 feet from the property line at the east end of the strip, being 61 feet, 5 inches from the south, and 61 feet, 5 inches from the north line, that being the center of the strip." In Hutchinson, J. A. Whittenburg et al 4 will be drilled by the Hedgecock-Whittenburg estate, 3 miles south of Stinnett, in Block X02, Section 13, H. and C. B. survey, 2,310 feet from the north and 330 feet from the east lines.

Oil wells tested totaled only two one in Gray, the Texas Chapman A-14, 58 barrels, the other in Carson Skelly's Schaffer Ranch 180, 237 barrels.

Stassen Supporters To Campaign Actively

WASHINGTON, March 4.—(AP)—Supporters of Lieut. Commandant Harold E. Stassen served notice today they intend to demonstrate by an active campaign before the Wisconsin primary April 4 that they are putting the former Minnesota governor in the Republican presidential race for keeps.

Announcing he would make two speeches, March 13 at Madison and March 14 at Milwaukee, Senator Ball (R-Minn.) said he and Gov. Edward J. Thye of Minnesota, Stassen's successor, would spearhead a Wisconsin drive for delegates. There have been some suggestions that the Stassen campaign, proceeding without visible approval from the 36-year-old naval officer, might be only a long-range affair designed to get Republican voters acquainted with him as a 1948 possibility. But Ball denied this as well as rumors that Stassen might be regarded as a "stalking horse" for any other candidate.

Name Replacing 'Kindergarten' Asked in U. S.

Remember how in World War I the hamburger was renamed the liberty sandwich? Something of the same kind is happening now to the word kindergarten, which is a German word meaning literally a garden of children.

Texas have a chance to win a War Bond for the best American substitute for the Germanic kindergarten in a contest to be judged by Louis C. Elbert, vice-president and general manager of the Galveston News-Tribune and George Murray Hulbert, a federal judge and Mayor Eugene Sperry of New Deal, N. J.

The contest, closing March 31, is open to all persons and ages with the award of a War Bond, amount not stated, for the best Texas entry and also for the outstanding national selection. Entrants can submit as their position, righted the German and turned its fire on the Germans. The Nazis were turned back in this sector.

The only other living woman hero of the Soviet Union is Valentina Grizodubova, an aviator.

Firestone Says Rubber Crisis Is Licked

SCHENECTADY, N. Y., March 4.—Harvey S. Firestone, Jr., believes "the rubber crisis has been licked." The president of the Firestone Tire and Rubber Co. declared in a radio broadcast last night:

"This year there'll be in operation synthetic rubber plants with an annual capacity of 850,000 tons. And an increasing amount of natural rubber will be available from Liberia, Ceylon, South America and other rubber-growing areas still open to the United Nations."

Firestone observed, however, that we face the immediate problem of obtaining more machinery, more factory space and more trained manpower. All three will be necessary to turn all the rubber into tires and other products.

PAAF to Stage Merry 90s Show Tomorrow Night

Personnel at Pampa Field are due to view another of the now famous special services extravaganzas in the post theater Monday night, March 6, at 8:45. The whole presentation will be based on the "Gay Nineties" and some of the outstanding events of that period.

Most of the humorous portion of the show will be laid in a series of old-fashioned tableaux of pantomime skits built around such famous works of art as "Dangerous Dan McGrew" and "Casey At The Bat."

The motif of the "Gay Nineties" has long been recognized as an ideal background for any and all sorts of vaudeville and light musical comedy, particularly since the big producers in Hollywood have achieved such successes as "Sweet Rose O'Grady," "Coney Island" and "Strawberry Blonde."

The post orchestra under the direction of Sgt. Albert Fish will play a musical background of old fashioned tunes blended with their own arrangement of more modern ditties. The program will be packed with barber shop harmony and catchy tunes of yester year, plus dance routines staged by Sgt. Hugh R. Best, "maitre extraordinaire" of the special services department.

Girl Machinegunner Is Russian Hero

MOSCOW, March 4.—(AP)—Manshut Mamudova, 20-year-old machinegunner who fought on in battle despite wounds and inspired her Red Army comrades to hurl back a German attack, has become the second living woman hero of the Soviet Union.

The broad-faced, black-eyed girl from Kazakhstan, joined the army as a volunteer in 1942, and asked for machine-gun duty.

"But you know nothing about machine-guns," said her commander. "That's all right, I'll learn," she said.

She learned with rapidity to operate the gun—and with considerable accuracy. The Red Army's winter offensive found Manshut in the front ranks, where the Germans launched fierce counterattacks, raining mortar fire on Manshut's sector.

She held her ground, said the Red Star newspaper account of her heroism, for almost an hour before a shell overturned her gun and wounded her in the head.

She regained consciousness, saw green-uniformed men moving upon her position, righted the gun and turned its fire on the Germans. The Nazis were turned back in this sector.

The only other living woman hero of the Soviet Union is Valentina Grizodubova, an aviator.

14 Kansas Oil Wells Completed

TOPEKA, Kans., March 4.—(AP)—Two pool operators were among 14 Kansas oil wells complete for 7,930 barrels a day in the week ended Wednesday, compared with 22 producers brought in for 11,825 barrels in the preceding seven-day period.

New drilling tapered off, with 29 starts reported compared with 48 for the previous week. Productivity reports were made on these discovery wells:

Russell county—Nadel-Gusman's No. 1 K. Janne (Janne-Arbuckle pool), CW2 SW NW of 24-15-12W, 143 barrels daily.

Rooke county—Continental's No. 1 Burgettman (Palco pool), NE of 5-10-20W, 3,000 barrels a day.

Expecting a Baby?

Mother's Friend helps bring ease and comfort to expectant mothers. MOTHER'S FRIEND, an especially prepared emollient, is useful in all conditions where a bland, mild anodyne massage medium in skin lubrication is desired. One condition in which women for more than 70 years have used it is an application for massaging the body during pregnancy. It helps keep the skin soft and pliable... thus avoiding unnecessary discomfort due to dryness and tightness. It refreshes and tones the skin. An ideal massage application for the hands, tingling or burning sensations of the skin... for the tired back muscles of cramp-like pain... in the legs quickly absorbed. Delicately scented.

Mother's Friend

Highly praised by scores of mothers and nurses. Just ask any druggist for Mother's Friend—the skin lubricant. Try it tonight!

Three-Cornered Pin-Up Problem Solved

Three-Cornered Pin-Up Problem Solved

What with the shortage of safety pins, Mrs. Joseph Williams had no snap in solving the problem of providing anchorage for three-cornered coverings for her 14-month-old twins, Judy and Joan. But when along came twin sons, David and Douglas, problem was twice as bad. An appeal to a Minneapolis, Minn., paper brought more than 3000 pins to Mrs. Williams. She's shown in action above.

"Progressing With Pampa"

Many Parents Are to Attend 44-C Graduation

Space is going to be at a premium around Pampa next week-end if letters from the cadets parents from 21 states can be taken as an index.

The graduation crowd for the 44-C class will be much larger than usual and quite a number of visitors will be assigned to rooms in private homes because of lack of sufficient hotel space, according to Frank Culberson, chairman of the army hospitality committee of the Pampa Chamber of Commerce.

Other members of the committee are Leihman Langston, Roy Bourland, Dr. Roy A. Webb, J. B. Mass, Henry Ellis, Fred Thompson, Luther Pierson and Lt. Harold B. Smith.

"Pampa hotels are cooperating fine, but it looks like this graduation crowd is going to be larger than the hotels can possibly handle," Culberson said yesterday.

Food for the visitors likely will be a problem next Saturday and Sunday, with the crowd all here. Alex Schneider of the Schneider hotel has requested the committee to suggest to Pampa people who patronize the hotel coffee shop on Sundays, to cooperate by preparing food at home so that the hotel can better handle the large number of visitors expected.

Many complimentary letters have been received from distant states, thanking the army hospitality committee for travel information sent out with letters to the parents.

Mrs. Robert S. Gentskow of Salem, Ore., who is expected to arrive on the train from Amarillo this morning, writes:

"My husband has been a cadet since August, 1942, and since then our boys and I have traveled with him a great deal. Your hospitality is unequalled anywhere.

"Your sending transportation schedule is a splendid idea. I can come from Amarillo at 6 a. m. My ticket agent was going to send me on to Childress."

Floyd G. Davison of Berlin, N. H., who is expected to arrive next Saturday, writes:

"Thank you very much for your thoughtfulness. We have never visited Texas and are looking forward to our visit with a great deal of pleasure."

Mrs. Elizabeth Raabe, Los Angeles, writes:

"Thank you for your offer to help with my reservations while in Pampa. I will arrive at 2:57 p. m. March 11, and I appreciate your interest."

"Thanks so much for your letter and offer to help me get a room," Mrs. Elizabeth Mills of Saint Petersburg, Fla., writes, who is expected Wednesday.

In between Florida, California, New Hampshire and Oregon, a large number of similar letters have been received from parents who are grateful for the assistance with their housing requirements.

Following is a list of states together with the number of people from those states, who have written intentions of attending the graduation: Arkansas 3, Wyoming 2, New Jersey 2, California 3, Colorado 1, Nebraska 2, Florida 4, Kansas 15, Oregon 2, New Hampshire 2, Missouri 12, Utah 2, Louisiana 13, Ohio 10, Oklahoma 29, Texas 23.

A few of the visitors have already been assigned to be guests in Pampa homes and a number of other assignments will have to be made this week. Culberson announced. Among those already assigned, their home address and local home where they will be guests are the following: Mr. and Mrs. Fred Dennis, Cincinnati, to be guests of Mr. and Mrs. J. B. Mass; Mr. and Mrs. D. E. Hillman, Mrs. Vera Levens and Mr. John G. Hillman, Bloomington, Ind., to be guests of Mrs. I. W. Spangler; Mr. and Mrs. Moser, Palestine, to be guests of Mr. and Mrs. Roy Sewell; Mrs. Dewey F. Moser, Palestine, to be guest of Mr. and Mrs. W. C. de-Cordova.

Mrs. Alice Nafe, Muskogee, and Mrs. Jackson M. Nafe, Blackwell, Okla., to be guests of Mr. and Mrs. Bert Kiser; Mr. and Mrs. Walter W. Thompson, and Miss Rosella Myers, Norman, Okla., to be guests of Mr. and Mrs. H. H. Heiskel; Mr. and Mrs. Lon H. Judy, Pilot Grove, Mo., to be guests of Mr. and Mrs. Henry Ellis; Mr. and Mrs. W. W. McDonald, Quincy, Ill., to be guests of Dr. and Mrs. Roy Webb; Mr. and Mrs. G. P. Hafkemeyer, Houston, to be guests of Mr. and Mrs. Mel B. Davis.

TODAY on the HOME FRONT

WASHINGTON, (AP)—The legal fraternity has a way of saying things.

How can a man on trial know that when his lawyer tells the judge "I move for the withdrawal of a juror," he really is saying "I ask you to declare a mistrial?"

A committee of 18 appointed by the supreme court has an idea which doesn't go so far as it might, maybe, but is still an idea.

The committee has drawn up a book of rules for simplifying criminal procedure in federal courts. The book is almost entirely about rules.

This is how the committee suggests writing an indictment against a man who shot another to death on government property:

"The grand jury charges: On or about the day of —, 19—, in the district of —, and on lands acquired for the use of the United States and under exclusive jurisdiction of the United States, John Doe with premeditation shot and murdered Richard Roe."

Now with a little more work even that recommended form might be pulled together a little better but it's a big improvement over a lot of indictments being written nowadays.

Here's a sample of that type, given by the committee as a horrible example running to more than 500 words. We've cut pieces out of it, here, there to shorten it, particularly the first 250 words which explain the date, location and the fact that the property was owned by the government.

"John Doe did then and there knowingly, wilfully, unlawfully, purposely, deliberately, premeditated feloniously, of his malice aforethought, and with intent so to do, kill and murder Richard Roe, a human being, the said murder being perpetrated in the manner and form heretofore set forth by the said John Doe, then and there holding in his hand a certain pistol, loaded with powder and leaden steel bullets, and which said firearm so held by the said defendant, John Doe, he fired, shot and discharged towards, against and into the body, abdomen, chest and limbs of the said Richard Roe, thereby mortally wounding him, the said Richard Roe. And the said bullets and the mortal wounds inflicted thereby did languish, and languishing did die on or before—day of April, 19—."

The indictment concluded that this was all contrary to law. The murder, we mean, not the indictment.

Baby Daughter Smothers to Death

DALLAS, March 4—(AP)—Patricia Anne O'Brien, 9-months old daughter of Mr. and Mrs. H. L. O'Brien, smothered to death early today.

Investigators said the girl's brother, Jerry Lee, 2, rolled over in his sleep, entangling her head in the bed clothing.

Doe, then and there holding in his hand a certain pistol, loaded with powder and leaden steel bullets, and which said firearm so held by the said defendant, John Doe, he fired, shot and discharged towards, against and into the body, abdomen, chest and limbs of the said Richard Roe, thereby mortally wounding him, the said Richard Roe. And the said bullets and the mortal wounds inflicted thereby did languish, and languishing did die on or before—day of April, 19—."

The indictment concluded that this was all contrary to law. The murder, we mean, not the indictment.

Fish, Free In Brook, Watch Jailed Yanks

By MEL MOST (Associated Press Correspondent from German Internment).

LIEBON, March 4—(AP)—Unlike the rest of Europe, Germany is not hungry, although the people live on a monotonous, unappetizing diet with many deficiencies.

That is to say, the civilians do. At Baden-Baden about the only thing that kept us there was parcels from America, and our 12 ounces of meat a week against the civilians' 8-ounce allotment. Furthermore we always got it, whereas the civilians often missed.

In addition, we had potatoes at almost every meal to provide bulk. For the rest, it was mainly weak soups from cookery stock, unattractive vegetables, such as turnips, and a curious pudding, reputedly of some kind of powdered fish bones and variously flavored. Dehydrated whitefish, which swells up when cooked, not only is vile tasting but actually caused several cases of blood poisoning among the internees.

We rarely saw any fruit or green vegetables, and then only for a fortnight in season. Early in our interment we got two omelets, but never saw an egg again until we reached Spain. There was a noticeable worsening of food as the year progressed.

The most tantalizing thing was a shallow brook full of trout which watched us tranquilly all summer. It was probably the only aquarium where free fish could come and have a look at locked-up people.

We were never served any coffee or tea and Ersatz substitutes were pretty bad. Unlimited beer could be had free.

We also got an unlimited supply of inedible, dark brown, heavy bread, but on the other hand, each

Fort Worth Powder Blast Toll Is Five

FORT WORTH, March 4—(AP)—Sharply revised restrictions on storage and use of explosives was planned by Fort Worth and Tarrant county officials Saturday in the wake of a series of blasts which Friday destroyed the Pan-American Fireworks Co. near here, killing five persons and injuring six.

William Engelke, owner of the plant, which was manufacturing simulated bombs and other explosives for use in training military personnel, said he planned to rebuild the concern, if permitted to do so. He was the only one of six persons injured who remained hospitalized Saturday and his condition was not serious.

Funeral arrangements were being made for the dead: C. H. Baker, 70; Mrs. Leona Dawson, 46; Mrs. Monnie Bradshaw, 50; Mrs. Ethel Lassiter, 41; and Mrs. Kate Rosenberg, 43, all employees of the plant.

Still apprehensive over considerable stores of powder remaining in a building at the blast site, officials called out a company of Texas State guards to patrol the danger area.

Free Japan' Group Reported in China

CHUNGKING, March 4—(AP)—Establishment of a "free Japan movement" in the Communist-occupied territory of North China, apparently composed of a few Japanese prisoners and intellectuals at outs with the Tojo regime in Tokyo, was reported today in the New China Daily News, Chungking's Communist newspaper.

The league sponsors were said to intend their movement to be the foundation of a post-war government in Japan and to have outlined a policy embracing these points: Halt the war, withdraw Japanese troops from occupied areas, punish those responsible for starting the war, negotiate peace pacts, build independent and friendly relations with other nations, initiate a peaceful economic policy, stamp out every vestige of Japanese militarism, guarantee the Japanese people political freedom, independence and sovereignty, improve the livelihood of the people, and organize a progressive all-party people's government.

Pre-Flight School Set-Up Changed

SAN ANTONIO, March 4—(AP)—The pre-flight training school for navigators and bombardiers in the central flying training command has been transferred to the San Antonio aviation cadet center from Ellington Field at Houston, cadet center authorities announced today.

Pre-flight classes for navigation and bombardier cadets got underway at the cadet center here this week under the direction of Lt. Col. John W. Williams, who was in command of the pre-flight school at Ellington Field.

Six-Month Quarantine Is Pleasant Fate of All Dogs Sent to England

By TOM WOLF
NEA Staff Correspondent

LONDON, March 4.—It's quite obvious that the author of the line that "mad dogs and Englishmen go out in the mid-day sun" was not English. Not only is there in England no mid-day sun (or any other sun, but there are no mad dogs here, either.

All of which indirectly explains how General Eisenhower's Scottie, Telex, and Lieut. Jack Roberts' much-publicized cocker spaniel, Rob Roy, among others, happen to be languishing in solitary confinement in handsome quarantine kennels near London. This is the doggy tale:

Britain has been free of rabies since before the turn of the century. To keep her that way, the Ministry of Agriculture and Fisheries (don't struggle over the connection between rabies, food and fish) has insisted that dogs imported to Britain serve a six month quarantine.

This quarantine may be spent in any of a number of Ministry-authorized kennels, the largest of which are at Hackbridge, Surrey, about a 20-minute train ride from central London.

In normal times the Hackbridge kennels can handle about 250 dogs in quarantine—which is a large number when you consider that during the six-month isolation period no two dogs may ever come in contact with one another. These days there only about 40 dogs in quarantine, most of them belonging to wartime commuters such as airmen, merchant navy captains, and service or governmental bigshots.

Right now Hackbridge has what amounts to an American wing, housing not only Telex and Rob Roy, but Koko, a spaniel owned by General Eisenhower's chief of staff Maj.-Gen. W. Bedell Smith; and Cacie, a Scottie bitch belonging to Commander Harry Butcher, Eisenhower's naval aide.

As a matter of hitherto-unpublished keyhole fact, Cacie is Telex's wife, and obviously there are going to be offspring. As a concession to this romance, Hackbridge has cut a window between the two dogs' kennels so that they can see each other during Cacie's double confinement.

Despite the hardship of a solitary life, quarantine isn't so bad. The dogs get more individual care than do most humans these days.

The presence of a boarder with so renowned a master as General Eisenhower caused no undue excitement at Hackbridge. In its 40-year time, Hackbridge has housed such celebrities-in-their-own-right as Hippy—the dachshund about whom Sir Neville Henderson wrote a book after the failure of his mission to Germany in 1939. And currently boarding here are four dogs whom Lord Lillithgow brought back from India at the end of his term as Viceroy.

The war hasn't upset Hackbridge much. There are still enough dog biscuits to go around, along with unrationed items such as horsemeat and vegetables. Air raids, much to every one's surprise, don't bother the dogs at all.

In fact, about the only doggy aspect of the war worrying anyone at the moment is the Ministry of Agriculture and Fisheries' sneaking suspicion that American airmen, flying direct from the States or the Mediterranean, may be smuggling in mascots without submitting them to quarantine.

Negro Convicted In Detroit Riot

DETROIT, March 4.—(AP)—Aaron Fox, 18-year-old negro, was convicted of second degree murder late last night by a recorder's court jury in a case growing out of Detroit's June, 1943, race riots.

Fox was charged with first degree murder in connection with the death of Dr. Joseph de Horatils, Detroit physician.

Thirty-four persons were killed in the rioting and several hundred injured.

"Ike's tyke," they call him at Hackbridge Kennels, England, where Telex must finish a six-month quarantine before joining General Eisenhower. Kay Sutton, a kennel employee, is combing the Scottie.

Gray's Part In War Bond Drive Receives Praise

Nathan Adams, state chairman of the war finance committee, in a telegram received from Dallas Saturday by The Pampa News, cited Gray county for its outstanding contribution to Texas' impressive achievement or oversubscribing its \$395,000,000 War Bond goal in the Fourth War Loan by \$84,496,793.

In a letter to Gray county chairman Judge S. D. Stennis, Adams said:

"Texas made a really magnificent record and you as county chairman and the army of volunteers working on the firing line are responsible for this fine showing.

"I know you and your committee went all-out on this campaign, and I wish we could give you a well-deserved rest, but Texas has been assigned a series of E, F and G War Bond quotas for March of \$30,000,000.

"We have provided beyond question that we have the ability to do our part in War Loan drives. Now let's show our boys on the battle fronts that we can make our regular monthly quotas also."

Adams in his telegram to The News also disclosed that the average Texan dug deep into his pocketbook to buy a record-smashing \$144,485,324 worth of series E bonds, or \$14,815,324 more than the \$130,000,000 asked for.

"That grand total has attracted nationwide notice," Adams said, citing a telegram from Secretary of the Treasury Morgenthau which congratulated the members of the Texas organization.

No New Loans From FSA Available

No additional new loans can be made to farmers by the farm security administration this fiscal year because funds for such purposes have been exhausted, Arrell Cummings, FSA supervisor in Hemphill, Gray, Lipscomb, and Roberts counties, announced here Saturday.

Congressional limitation of FSA funds for 1943-1944 greatly restricted the number of initial loans which could be made, Cummings said. In accordance with national FSA policy supplemental loans needs of farmers already cooperating with the FSA program must be taken care of first.

Supplemental loans are being made only where the county supervisor is convinced that such additional funds will enable the FSA family to greatly increase its food production program.

Cummings said he had been asked by Ray Davis, Amarillo, director of the region comprising New Mexico, the Oklahoma panhandle and the western portion of Texas, to assist insofar as is possible all new applicants in securing necessary financing from other sources.

Magazine Writer Calls Hollywood Modern Florence

Hollywood is dubbed the modern Florence and rated "so much better than it ever lets yo suspect," in a Liberty magazine article by Greta Palmer.

"The movie capital is 'America's most cosmopolitan town, and it's doing a job we should applaud as patriots.

"For Hollywood pictures are shown all over the world. We Americans have more than 80 per cent of the world film market—and don't think other nations aren't casting sheep's eyes of envy at it. They are.

"Other countries subsidize their producers in the hope that their pictures will be shown outside of the country. Hollywood, with no subsidies and no advertising, no support except the nickels and dimes of satisfied customers, has become one of America's big export industries."

Spain to Get Oil Shipment From America

PHILADELPHIA, March 4.—(AP)—A quarter-million gallons of high grade Pennsylvania lubricating oil in 55-gallon drums has been loaded at an East coast port and will be shipped to Spain within the next few days, the Philadelphia Record said in a front page story today.

The newspaper said it received its information "from an indisputable source" and added that the shipment is "in direct contradiction to the policy which the public has been led to believe is followed by the state department."

The newspaper said the policy of the state department, as reported from Washington with department approval, was:

"There has been an embargo on oil shipments to Spain since Feb. 1 from the Western Hemisphere—an embargo in which Great Britain joined."

A state department spokesman, when informed of the oil shipment, said the embargo does not, and never has, applied to "packaged oil," the Record reported.

In Washington state department officials refused to confirm or deny the story, but told the Associated Press however that the policy statement issued in January on the subject embargoed only tanker ship-

Notes
RED CROSS VOLUNTEERS

By MRS. H. H. HAHN

Among the many valuable services of the American Red Cross, that of conducting courses in home nursing is one of the most important at this time from the standpoint of community safety.

We are glad, indeed, that the Pampa chapter of the Red Cross is announcing further opportunity for women of this community to take the home nursing course.

The oft-made excuse, "I haven't time," is not so easy to offer in relation to the home nursing course. There are only 12 sessions, of two hours each. Surely almost everybody can spare that time in the interest of family and community.

Just as a person who has had Red Cross first aid training becomes more "safety conscious," so does a person who has had Red Cross home nursing become more "health conscious." The course suggests ways to help maintain a healthy household and to shorten the illnesses that may develop. It has "help the doctor" values in this day of fewer doctors who, with fewer nurses to aid them, must rely upon home nursing abilities to hasten the recovery of patients.

Home front health is a wartime necessity. Home nursing knowledge is a community asset any time and will be useful in the coming post-war periods, when many households will want to make as comfortable as possible those fighting men who have known fewer comforts in the emergency, or who are returning disabled from their nation's service.

The Red Cross classes should be filled to capacity.

One billion surgical dressings have been made by American Red Cross volunteers and shipped to army medical depots during the past two years, according to Mrs. Richard Bissell, national director of Red Cross volunteer services.

More than 3,000,000 dressings a day are now being produced, representing approximately 90 per cent of the army's requirements for dressings. Virtually all of these dressings go overseas.

In addition to meeting army requirements, Red Cross volunteers have prepared a number of dressings to meet navy requests. Above army and navy requests the Red Cross has shipped 48,000,000 dressings overseas for civilian war relief since 1939, and also supplied civilian hospitals in this country.

One group of surgical dressings workers whose diligence all of us may admire is the Monday morning group of which Mrs. Clarence Barrett is chairman and Mrs. Walter Daugherty is co-chairman. A picture of this group appears today in this paper. Think of going down every Monday morning at 9 o'clock and working for 3 hours. No blue Monday for these workers. They have made their share of the billion dressings mentioned above.

Mrs. C. P. Buckler, surgical dressings chairman, reports that of the 30,000 2x2's recently received, about half remain to be made. The women of Canadiana have completed more than 900 of these dressings, and their fine work is greatly appreciated. Mrs. Buckler states that all workers in the surgical dressings

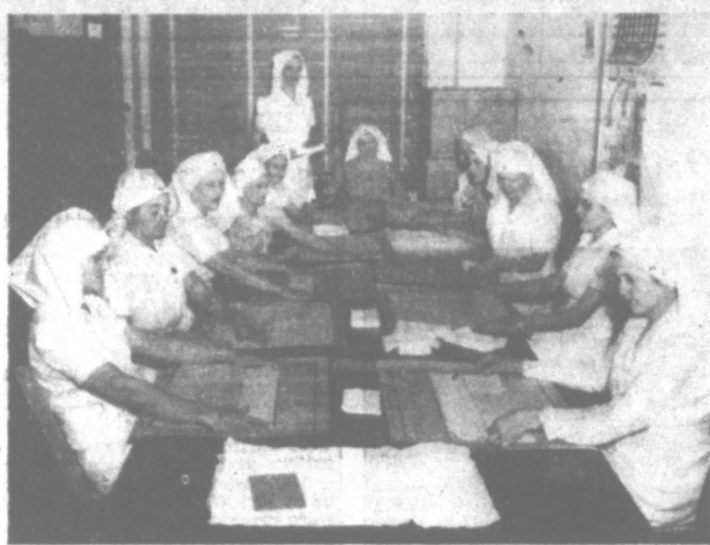

department are improving steadily.

At this time there are in the production room some curtains to be hemmed at top and bottom and down one side. They are to be used in the Service Men's club in the recreation room at PAAF. Anyone who can help in sewing these curtains is asked to call for them at the production room on either Tuesday or Friday afternoon, between 1:30 and 4:30. The service men bought the material themselves, and all they ask us to do is the stitching. Let's not keep them waiting.

The soldier, sailor or Marine overseas is never far from his family than the nearest Red Cross worker, thanks to home service which is his direct link with home in time of emergency. Through the local home service committee, a serviceman can quickly get information regarding family health, welfare and living conditions. In time of emergency he may apply for a loan or a grant to meet pressing family needs. Home service also supplies information requested by the military for use of commanding officers in decisions regarding emergency furloughs.

This is one phase of the Red Cross program which is conducted by all of the 3,756 chapters in the nation, and like all Red Cross services, home service is absolutely free.

Hands At Work

RED CROSS surgical dressing groups are shown above folding bandages to be sent to the fighting fronts. This is the Monday afternoon group of which Mrs. J. C. Richey is chairman, and Mrs. A. L. Sweigart, co-chairman. Pictured above, left to right are: Mrs. Ray Wells, Mrs. Henry Apple, Mrs. Ky Duncan, Mrs. Hal Overstreet, Mrs. D. E. Wallace, Mrs. J. C. Richey, Mrs. George Bryant, Mrs. Mable Foster, Mrs. Raymond Harrah, Mrs. Arthur Arnt, Mrs. A. L. Sweigart, Mrs. B. M. Vaughn.

Remember those comfort kits you helped to make and fill with writing materials, razor blades, shoe cloth, etc.? Here is a letter from one of the men who was given a kit upon leaving for overseas duty:

F. P. Dostal, Capt. 0490864,
108 Station Hosp. A. P. O. 4652
Postmaster, San Francisco, Calif.
Sept. 13, 1943.

Dear Friends:

You are filling the gap in life that would be void—and I assure you that I and millions like me thank you. Right now I am in a Red Cross building in town. So may I thank you again. Good luck to you.

Sincerely,
F. P. Dostal, Capt.

PRISONER OF WAR COMMITTEE SET UP HERE BY RED CROSS

Relatives and friends of American prisoners of war and civilian internees in enemy lands can now receive latest information of prison camp conditions and privileges through the newly organized prisoner of war sub-committee of the Pampa Red Cross chapter. Joe Key, chairman of the local Red Cross chapter, announced today.

Under the chairmanship of Mrs. Hal Suttle, this sub-committee will supply current information on relief measures taken by the Red Cross in behalf of American nationals held by the enemy, and advise of postal and other regulations governing communication with prisoners.

Stating that about 40,000 Americans are held by Japan and Germany, the Red Cross spokesman said the prisoner of war sub-committee will be provided with lists of prisoners from Gray county and will advise their next-of-kin how they may send mail and gifts to them.

The new sub-committee will function as a part of the Pampa Red Cross chapter's home service program for servicemen and their families. Mrs. H. W. Morrow will serve in an advisory capacity, being in the office on Tuesday and Friday of each week.

In reviewing the function of her sub-committee, Mrs. Suttle said: "We shall do our best to provide relatives and friends of prisoners of war with the most recent and accurate developments concerning prison camp conditions, relief measures and communication regulations. As new information is received, it will be supplied to the local newspapers for publication. We shall also be pleased to consult with next-of-kin and others concerned with prisoners of war and to advise them in any way possible."

Holy Souls P.T.A. To Meet Wednesday

Holy Souls Parent-Teacher Association will have a regular meeting Wednesday at 3 o'clock in the school auditorium.

Mrs. Dan Busch will be speaker for the afternoon on the subject, "Preparing to Meet Post-War Mental Problems."

Following the speech, the school chorus will present vocal selections under the direction of sister Mary Blanche.

Executive board members will meet after the social hour Monday evening at 8 p. m. in the home of Mrs. Fred Hartjen, 710 N. Somerville.

Prizes Awarded 4-H Club Girls

A meeting of the Junior High 4-H club girls was held Wednesday when three prizes were given for garments made in 4-H club work.

First prize went to Betty Dulaney second to Pauline Martins and third place to Betty Ann Green. Judges were O. G. Smith and Mrs. Allen Vandover. Garments made were skirts, blouses, slips and decorative gadgets.

Attending the meeting Wednesday were: Betty Dulaney, June Harvey, Mary Jo Stewart, A. B. Bell, Pauline Martins and Betty Ann Green.

Earson, John Hankins and L. A. Barber.

Prop Wash

By HELEN McLAUGHLIN and MARY PARD

Ann Blower has gone to her home in Wyoming, therefore—we both are pinch hitting for her. Ann expects to return next week and will continue gathering the news.

The picnic which was scheduled for Monday has been temporarily postponed as we all know what the weather was like, but it was announced at the regular meeting of C. W. C. that it will be held in the near future. There will be an election of a Secretary next Tuesday as Mary has a job. Mrs. Schwartz, one of the sponsors of C. W. C. explained a little of the background of the club and the part which the sponsors take in assisting the girls. Mrs. Tabor has asked us all again to make use of her home for

bridge, coffee, or just a chat. She has been especially generous in this respect and we have had a lot of fun there.

The coffee for the 44-C girls will be held Monday morning at 10 a. m. at the home of Mrs. Chas. E. Ashby, 1305 Mary Ellen. This event is given by the girls in the lower class for those in the upper class and all Cadet wives are invited.

Nancy Seelye and Iris Taylor served the refreshments which consisted of brownies and cakes. The brownies were served on napkins and the cakes in the bottle—the result being no dishes to wash. Bingo and bridge were played after the meeting.

Barbara and Ruth put up the drapes in the upper class day room Tuesday night. We would like to express our thanks to Mrs. M. M. See PROF WASH Page 11

(Continued from Page 10)
Booth who so kindly gave her sewing machine for the use in making the drapes. They look very nice and certainly add to the appearance of the room.

Mrs. J. Billings of Dallas, Texas arrived in Pampa Thursday to stay with her daughter Jane Jones. Jane has been ill for several days and we are all hoping she will be okay in time for graduation which is not so far away.

Speaking of graduation reminds me of the rush on bars Wednesday after we heard the news. The cleaners are busy putting the last minute press on the new uniforms before inspection. Everyone has been searching for films for the pictures to be taken on that day.

Both of us hope for the early return of Ann but in the mean time don't forget the coffee Monday. Also Mary Ford is chairman of the decorations committee for the 44-C formal dance.

plane reservations in their pockets Tuesday night as this word spreads of the good music and the fun everyone has had at the dance at the recreation hall at the field.

Those of us who were in Coffeyville will remember Hazel Taft of Tall-hasse, Fla., who returned home to be with her son. Hazel expects to arrive next Thursday to be with her husband at graduation.

Mrs. Betty Catron arrived this week from her home in Akron, Ohio to visit her husband Cadet Catron. Betty is staying with Virginia Copeland with whom she lived while in San Antonio.

Iris Taylor was surprised at a birthday party given in her honor at the Schneider hotel Saturday afternoon. Adele Sternberg, Nancy Seely, Jane Jones, Ruth Heitzler, Barbara Higgins, Dorothy Meyers, Shirley Jensen, Virginia Copeland, Diane Sternberg and the hostesses Marzale and Helen all participated in a game of bridge after the cakes and cake were served.

Both of us hope for the early return of Ann but in the mean time don't forget the coffee Monday. Also Mary Ford is chairman of the decorations committee for the 44-C formal dance.

Alice Faye's Singing Features Fox Musical

By BROWNWOOD EMERSON
Bus Berkeley glamor at its most glamorous, rhythm of Leo Robin and Harry Warren, the singing of Alice Faye, the comedy of Phil Baker, and the music of Benny Goodman, are the ingredients that make up Fox's musical.

New Tunes you will hear in this picture are "The Polka Polka Dot," "A Journey to a Star," "You Discover You're in New York," "Minnie's in the Money," "Paducah," "The Lady in the Tutti Fruiti Hat," and the melody with the income tax theme, "No Love, No Nuttin'".

It's beautiful Alice Faye, singing those love songs as only she can sing them; Carmen Miranda "Rumba One" on your hit parade, as delightfully delicious as ever; and Phil Baker, radio's funny fellow with the 664 question, who are starred with Benny Goodman and his Orchestra in "The Gang's All Here," 20th Century Fox's gay new Technicolor hit opening at the LaNora theater today.

Adobe Walls Here
Making "The Woman of the Town" something more than a super-western, is the fact that one of the players has the role of William Barclay (Bat) Masterson, whose deadly shooting was a factor in enabling 28 men and one woman to repulse a band of Indians that attacked Adobe Walls 30 miles east of Summit.

You won't see the battle in "The Woman of the Town" which has its locale in Dodge City, Kas., where in 1876, Masterson was marshal, but it is interesting to note the connection with Panhandle history. "The Woman of the Town," a Harry Sherman production for United Artists, is showing Thursday, Friday, and Saturday at the LaNora.

At the time Bat was Dodge City marshal, he met and fell in love with Dora Hand, whose personality enabled her to be a philanthropist.

Land of Cotton
If there is one thing alone that would make every Texan want to see the paramount Technicolor musical showing today and tomorrow at the Crown, it's that rebel yell that comes forth from the audience when Bing Crosby sings "Dixie" in the picture of the same name.

Crosby, Lynne Overman, Eddie Foy Jr., Billy de Wolfe, Dorothy Lamour and Marjorie Reynolds are in the cast. Among the songs you will hear will be Buffalo Gals, "Swing Low Sweet Chariot," "Last Rose of Summer," and the modern "Sunday Monday or Always, "If You Please," "She's From Missouri."

BUY BONDS

USO Muses

By Sgt. Arthur Arluck

One of the best features of a furlough or for that matter any trip or visit, is that the return makes one the center of attraction for a spell. People gather around and want to know about the trip, what was seen and what was done by the returning son or daughter.

Of course what I wrote with the assistance of other Junior Hostesses, planned and executed the Washington birthday celebration. They decorated the place, arranged the entertainment section, comic section in Washington's time. The cherry tree used for decoration is still around—not because no one could find an axe or because no one around aspires to the presidency. It just looks too good to be removed or disassembled.

Jean Gurley and Mary Jane Davis were in complete charge of the Western party way back on February 17th. From what we hear, after they got through decorating the place for the occasion with Indian blankets, saddles, bridles, lariats, cowboy regalia and a pile of hay, it really looked like a bit of the old West, like Hollywood on location for a "Hoot Gibson" picture.

The momentous occasion of our absence and which we just missed by one day was last Tuesday's Leap Year Party. Mollie Kennedy (who is mentioned often in this column but deserves it every time) and Vivian Lafferty were the Jay Aitches of that most successful affair. Highlight was a mock marriage ceremony which went off in fine style.

The story of "Dixie" is the story of the Virginia minstrel of 1843, of Dan Emmett, the original minstrel man.

Crosby, Lynne Overman, Eddie Foy Jr., Billy de Wolfe, Dorothy Lamour and Marjorie Reynolds are in the cast.

(By The Associated Press)
MEATS, FATS, ETC.—Book three brown stamps Y and Z valid through March 20 and retain old values of 8, 5, 2 and 1 points. Book four red stamps AS, BS and CS good through May 20, worth 10 points each.

PROCESSED FOODS—Book four green stamps K, L and M valid through March 20 and retain old values of 8, 5, 2 and 1 points. Book four blue stamps AS, BS, CS, DS and ES valid through May 20, worth 10 points each.

SUGAR—Book four stamp 30 (previously scheduled to expire March 31) good indefinitely for five pounds. Stamp 40 valid for five pounds for home canning through Feb. 28, 1945.

SHOES—Book one stamp 18 and book three "airplane" stamp 1 good indefinitely.

GASOLINE—In Southwest 10-A coupons valid for three gallons March 21 and B until April 15. C and C-1 coupons good for two gallons. B-2 and C-2 coupons good everywhere for five gallons.

room was Mollie Kennedy, and she (or he) was very handsome in GI blouse and cap. She or he (or they) very tenderly lifted the bride's veil of cheesecloth and kissed him or her (or them) to complete the ceremony.

To complete the cast who mimicked life's most critical event, Waitline West and Pauline Forman acted as the bride's parents, Pvt. Robert Kavenash was the preacher, Roy Frankie, the bridesmaid, Claude Lord and 2/2c Bill Brady, flower girls, and Pvt. Robert Johnson, ring bearer. Three cute little GI flower girls (or boys) remain unidentified, playing their parts well but in honor of publicity, LaNelle Scheibagen sang a parody of "I Love You Truly," which reviled the bride and groom but had the audience in titters.

Using Leap Year again for eccentric doings, the girls reversed tradition and convention by choosing a pin-up boy. He's Roy Frankie, and long may he reign or rather stay pinned up.

This past Thursday, and this is no longer hearsay, June Mullinax and Virginia Windsor, fair daughters of Texas, decorated the USO and planned the proceedings for the Texas Independence Day celebration. With the help of Frances Deering, they filled the place with ornaments of Texas history, including their own large version of the Alamo and the six flags which have waved over Texas lands during its history. The Post band was on hand again to render the proper music for so important an occasion.

Pfc. Steve Delli Santi is very popular with the USO staff these days. He bribed them some time last week by cooking up one of his famous Italian spaghetti dinners for their indulgence. Foul or fair method, he remains their fair-haired boy and until someone comes along with a better recipe, he's got no competition. Can anyone make good-tasting chicken fricassee? Well, so can lots of other people.

In answer to some people's queries about USO's for Negro servicemen in New York there are none. Such being the case because they are welcome and suffer no restrictions in any of New York's USOs which provide for the entertainment of service men and women of all the Allied nations regardless of race, color, or creed.

Governor Cites His State Record

RANGER, Texas, March 4.—(AP)—Gov. Coke Stevenson said here Thursday that through all his efforts to reduce state expenses and balance the budget, funds for schools, for the unfortunate and the aged had not been reduced.

Speaking on an Independence day program at Ranger High school, the governor said the Texas declaration of independence complained that Mexico had not provided public schools in Texas, but that today Texas has more state-supported institutions of higher learning than any other state in the union, exclusive of junior colleges and high schools.

Billie Lou Kitchens was born in Desdemona, Texas, October 2, 1926. Her ambition is to be a housewife.

MacArthur Makes Quick Visit To Momote Field

By MURLIN SPENCER

AN ADVANCED NEW GUINEA BASE, March 4 (AP)—They told us on the beach that MacArthur was coming ashore but we just looked at each other, and then he came," said Capt. Phil North, of Fort Worth, Texas, press relations officer.

"He was the first one off the Higgins boat and there had been heavy firing up to within a few minutes of the time he reached the beach. He was ashore for some time, inspecting everything there and even visiting two dead Japs who had been shot shortly before he arrived. Then he returned to his warship and it left immediately."

North went ashore with others early in the landing and was walking along the beach in mid-afternoon when "a sergeant came up to me and said, 'don't tell anyone but MacArthur is coming ashore soon; he's on a warship.'"

"I am coming ashore in a few minutes," was the official word shortly afterward from MacArthur.

"That was about 3:45 p. m.," North said.

"Just five minutes before, cavalrymen had killed two Japs. We went out to the jetty and watched a Higgins boat come in. MacArthur was standing front, dressed in khaki, wearing a gabardine coat and an elaborate cap we have come to know so well."

With him were Adm. Thomas C. Kinkaid, Col. Lloyd Lehrbas and others.

"He walked down the trail to the (Momote air) strip and asked who was the first man ashore. Brig. Gen. William Case (Providence, R. I.) said, 'I am the first man ashore. Lt. Frank Henshaw, of Alice, Texas."

"When we came to the edge of the strip, there were a number crowded around by that time and MacArthur said, 'we don't want the party bunched up.'"

MacArthur, Chase and Kinkaid walked a ways and one of them said he thought it time to go back. We saw a bunch of soldiers out on the edge of the strip and we were told two Japs had been killed there. So MacArthur walked over there. Then we talked and he looked up pills-bombs, returned to some of the boys and Chase brought up Henshaw, telling the general this was the first man ashore.

"On the way back, he walked along where the boys were dug in. He told Chase it was time to be going and walked back to the Higgins boat.

"As the boat was ready to pull out the general told Chase, 'you have got your teeth into him (the Japanese), now hold on to what you take.'"

"Then he returned to the warship and the warship sped away immediately."

San Angelo Man Is Acquitted of Murder
SAN ANGELO, March 4 (AP)—Tom J. Massey, 44, former laundry truck driver, was acquitted of a charge of murder with malice in the death last Oct. 7 of his 29-year-old wife, Lorena.

The 5th district court jury deliberated 30 minutes before returning the verdict Tuesday night.

Mrs. Massey was found dead on the floor of her bedroom, shot through the head.

SIDE GLANCES

"Politics, engineering and the stock market were okay in your day, gramps, but there isn't enough dough in it—I'm going to diet and be a swoon-crooner!"

Market Briefs

NEW YORK, March 4 (AP)—Scattered figures and sporadic activity marked the opening of today's stock market while many leaders looked in the wings.

Schenley jumped about 3 points to the best level of the year. White Rock was a new 1944 top.

Rail, stock, mortgage, railroad, utilities, copper and oil all did little either way and near-closing prices were moderately irregular. Transfers for the two hours were near 300,000 shares.

Ahead most of the day were Distillers Corp., National Distillers, Montgomery Ward, Johns-Manville, Bethlehem, Pont and General, and Sealed Air. On the off-side were U. S. Steel, Santa Fe, Western Union, "A" Westinghouse, United Aircraft, General Motors and Sears Roebuck.

In the cash forward tenders were exhibited by Phoenix Securities, Panter, American Cyanamid "B" and Ciba Service.

Woman Mistaken For Dog Shot to Death

SAN ANTONIO, March 4 (AP)—Mrs. Gladys Stratton, 37, was shot fatally early Thursday and an 83-year-old retired carpenter was quoted by Police Officer Joe Morales and Jimmy Salinas as saying he mistook the woman for a prowling dog.

Morales and Salinas told this story: While answering a call to investigate a disturbance, the officers heard a shot which sounded as if fired at the rear of a residence. They went to investigate, calling out that they were policemen. Beams from their flashlights revealed the figure of a bare-footed woman dressed in black lying on the rear steps of the carpenter's house. She had been shot once in the head.

The carpenter told Morales and Salinas he was sleeping on the back porch, was awakened by a noise in the back yard, took his 38 calibre pistol from under his pillow and fired once at what he thought was a large dog on his back steps.

Mrs. Ethel Leo Mosley, a landlady at a nearby house, told the officers that Mrs. Stratton had left there immediately after she telephoned police and asked their assistance in quelling a disturbance.

Mrs. Mosley said the victim was the wife of S/Sgt. Joseph P. Stratton, who has been serving overseas.

The carpenter was held for investigation. No formal charges had been filed.
