

Mystery Lifted From Pantex; Now Producing

AMARILLO — (AP) — Some of the veil of mystery was lifted from the Atomic Energy commission's Pantex plant.

In response to newspaper requests for a progress report, Field Manager Walter W. Stagg announced:

1. One unit of the plant, 12 miles northeast of here, has been finished and production is underway.

2. Detonations of "conventional high explosives" soon will be heard.

Stagg's carefully worded announcement said:

"The new installation is performing varied testing and production for the Atomic Energy commission, involving so-called conventional high explosives.

"The nature of our operations requires the burning and firing of high explosive materials at protected sites within the Pantex area. Such activity will be publicly noticeable outside the Pantex grounds. There will be no hazard to the public."

Stagg said that under certain climatic conditions — especially when tests are conducted under layers of heavy, low clouds — the noise may be quite noticeable for long distances.

The construction force is now at a peak 1,500 level. Administration and operating personnel at Pantex will eventually approximate 1,000 or 1,250 persons, Stagg said.

SOWING SEED AT CELANESE — For one of its many projects, the Gray County Soil Conservation district has undertaken to plant seed over 300 acres of land surrounding the Celanese Corp. plant six miles west of Pampa. Celanese officials requested this be done in an attempt to stop the blowing of dust around the plant. The three grass drillers, costing \$750 each, plant 24 feet at a time and can cover 50 acres daily. In the truck is Clarence Broadhurst while Barney Brummett stands on one of the drillers. announced reactivation of part of the ordnance plant. Stagg said no work involving radioactive materials will be conducted at Pantex.

Organized Reserve Sets Up Reorganization Of Districts

AUSTIN — The 22nd Armored Division, Organized Reserve, Armored to the 75th Infantry one of the two divisions with headquarters in Texas, will be redesignated the 75th Infantry division under the program to improve the effectiveness of the reserve forces announced by the Department of the Army to commanders of the Army's 25 ORC Divisions at a conference in Washington earlier this month. Complete details of the changes that will occur in units below regimental headquarters level are not available at this time, however, annual summer field training will be conducted by the redesignated units.

The reorganization program is primarily a geographical rearrangement of units to facilitate the training, supply and administration of reserve organizations. It is based on manpower potentialities and experiences encountered during the recent partial mobilization, Army official said.

Ken Raffensberger of the Cincinnati Reds has averaged less than two bases on balls per nine innings since he entered the National League. These figures include intentional passes.

Infant Mortality Rate Decreases

ROME — (AP) — Italy's infant mortality rate is decreasing sharply.

From 11.52 percent in 1941, the index dropped to 6.41 percent in 1950. It continued its downward trend in 1951, the National Statistics office announced.

The reduction was credited largely to increased activity by

WARREN'S ARMUP

By Warren Hesse—News Sports Editor

QUESTION: Who holds the American League record for circling the bases against time?

PAMPA BASKETBALL FANS got a big treat last night in watching the Noblitt-Coffey Chiefs battle the Amarillo Air Force Base Am-Jets. It was a fast game all the way, marked by brilliant shooting on both teams.

A good crowd of nearly 1000 fans saw the game, and raised over \$600 for the March of Dimes. The thanks of the March of Dimes officials goes out to both the Chiefs and the Am-Jets for the game.

That is the type of basketball that Pampa fans can now have with the new fieldhouse. Traveling exhibition teams can be obtained to play the Chiefs, who, without a doubt, are the best of the independent teams in the area. Last night they played without two of their regular starters, J. W. Malone and Don Lloyd, but were bolstered by the presence of James Gallimore, Malcolm Douglass and Cuby Kitchens.

The Chiefs will give any team a battle all the way, despite the years that are creeping up on many of the fellows on the club. The next regular scheduled contest for the crew will be on Feb. 11 when they play the Whiskered Wizards at the fieldhouse. The Wizards, downed the Chiefs by eight points last year, and the home club will be out to turn the tables in a couple of weeks.

Other traveling teams are being sought. Already the Globetrotters have been scheduled for Amarillo. Attempts are being made to schedule them for the Phillips Junior High gymnasium on Sunday, March 2. But the limited seating capacity of the Borger gymnasium may make it impossible to schedule the Trotters there. It's almost necessary to have a 2,000 seat building in which to play to make a good meet. Also being sought are the Detroit Vagabonds and the Phillips 66's.

Congratulations to Ivan Noblitt for being one of the outstanding sports fans of the city and making good independent basketball possible for the Pampa fans.

What a weekend for basketball this is going to be. The Reapers and Chiefs games yesterday started it off. The Harvesters pick up the ball tonight and tomorrow night against the San Angelo Bobcats and the Abilene Eagles, and then on Monday the Phillips Junior High school squad faces the Reapers in a first-place battle. Then on Monday night comes the game that might end the basketball season in a hurry.

That's when the Pampa newsman and radiomen battle the Amarillo scribes and talkers. It should be quite a contest. Rumor has it that the Pampa team has been reading all the information available on how the game of basketball should be played. Most sought after literature is Ozark Ike, where the game is played like the Pampa squad will play it.

Pampa has a secret weapon in a 12 foot, 5 inch tall center. This ought to be enough height to guard around Putt Powell. I've already informed Mrs. Powell, (Putt was in bed and didn't wish to be disturbed that I wanted to guard her husband. I figure he's too fat to move around much, and I know old grandpa is too old.

Anyway, no matter what the outcome, it's bound to be a thrilling, fast contest. The Pampa team is in excellent shape. Some fool even suggested we work out again. That would be twice. But back to basketball. The Harvesters indeed have their work cut out for them this weekend. This is probably going to be the roughest two-game week-end left on their schedule. Both clubs coming into the fieldhouse are hustlers and sharpshooters. That kind of team can always upset if they aren't met with plenty of hustle.

The Harvesters have a good club this year, one of the best that Coach Clifton McNeely has put out in amassing a record of 88 wins and 25 losses going into this season.

We'll take them all the way.

ANSWER: George Case, formerly of the Washington Senators, circled the bases in 13.5 seconds in 1943.

Sports Roundup

By GAYLE TALBOT

NEW YORK (AP) — In the firm belief that any complete sentences uttered by Casey Stengel deserve to be passed along to the nation's baseball fans, we are happy to present a selection of the famous manager's observations during his first press conference of the 1952 season.

There may be instances in which the reader will not be too sure what Casey is talking about and will wish that the pilot of the world champion Yankees might have taken his hand away from his mouth while speaking, but think nothing of it. That is one of the professor's principal charms. We give you him:

"Now these big young fellows I've got, every club is asking about them, but I won't give up five players for any one player. These boys I've got they can hit that ball over your head and they want in.

"These kind of players, the club's got 'em and I'm selfish and don't want to give 'em up. We win this here pennant, so why should we trade? Strangers sometimes annoy you. Sure, I was anxious to get that fellow Garver (Ned Garver, St. Louis Browns pitcher) last year, but I had to change my mind about giving up too many players.

"They keep saying I'm bringing 'em along too fast, these young fellows. How about Mantle and McDougald and Morgan? They didn't hurt as much last year did they? How about that Branch Rickey, he's bringing 'em along fast at Pittsburgh, isn't he? He'd better.

"Who's going to take Joe DiMaggio's place in centerfield? Why, somebody ought to be able to catch a ball out there. All he's got to do is keep running until he gets to the ball. That's all that fellow with the Giants (Willie Mays, presumably) did, wasn't it? I hear he did pretty good.

"Maybe I'll have to put Gene Wooding out there, but I'd rather keep him in left. Nobody in the league can play left field at the Stadium like he does. If I could tell you how good Mantle's legs are going to be maybe I could tell you whether we'll win another pennant. But I don't know, and neither do you.

"Tell you one thing, I've got the third best first baseman in the league. Fellow named Joe Collins. Only ones I'll put above him are Fain of the Athletics and Robinson of the White Sox. Luke Easter? He was crippled last year. He was a liability to Cleveland. If his leg's well, that changes the picture, we'll put him there.

"Don't ask me what's going to be my lineup. I can't even tell you during the season. How do you know I'm going to lose Jerry Coleman and Bobby Brown? Maybe Coleman won't be able to pass that Marine examination. Sometimes you can't pass an examination after four or five years.

"I'll have good pitching. Some of 'em will be a year older is all. Allie Reynolds is going to be all right. His arm is only swollen about twice its normal size now. That's a fine sign. I've never seen a club that had too many pitchers.

"Cleveland should be the club to beat. They finished second last year, didn't they, and they haven't lost anybody. The White Sox should be better. Boston, they've got a lot of problems if they lose Williams and Stephens both. Stephens was out with injuries the last of the season. But maybe Williams won't pass that examination either.

"Yes, we've been having a little rain out in Glendale. Fact is, it's the most damn rain we ever had. When a man walks in the house he doesn't look for his wife, he looks up to see if the ceiling's leaking. If it ain't leaking everything's all right."

The Syracuse University football team will play two night games this season. They meet Boston U. at home under the lights on Sept. 23 and Temple at Philadelphia the following Saturday night.

CHOICES — Duane Jeter, top, and George Depee, lower, were selected as "Harvester of the week" and "Guerrilla of the week" by the "Little Harvester," Pampa High school publication. Jeter, senior center on the Harvesters, stands 6-4, while Depee hustles on the guerrilla first team.

Wildcats Dump Wheeler Twice

CANADIAN (Special)

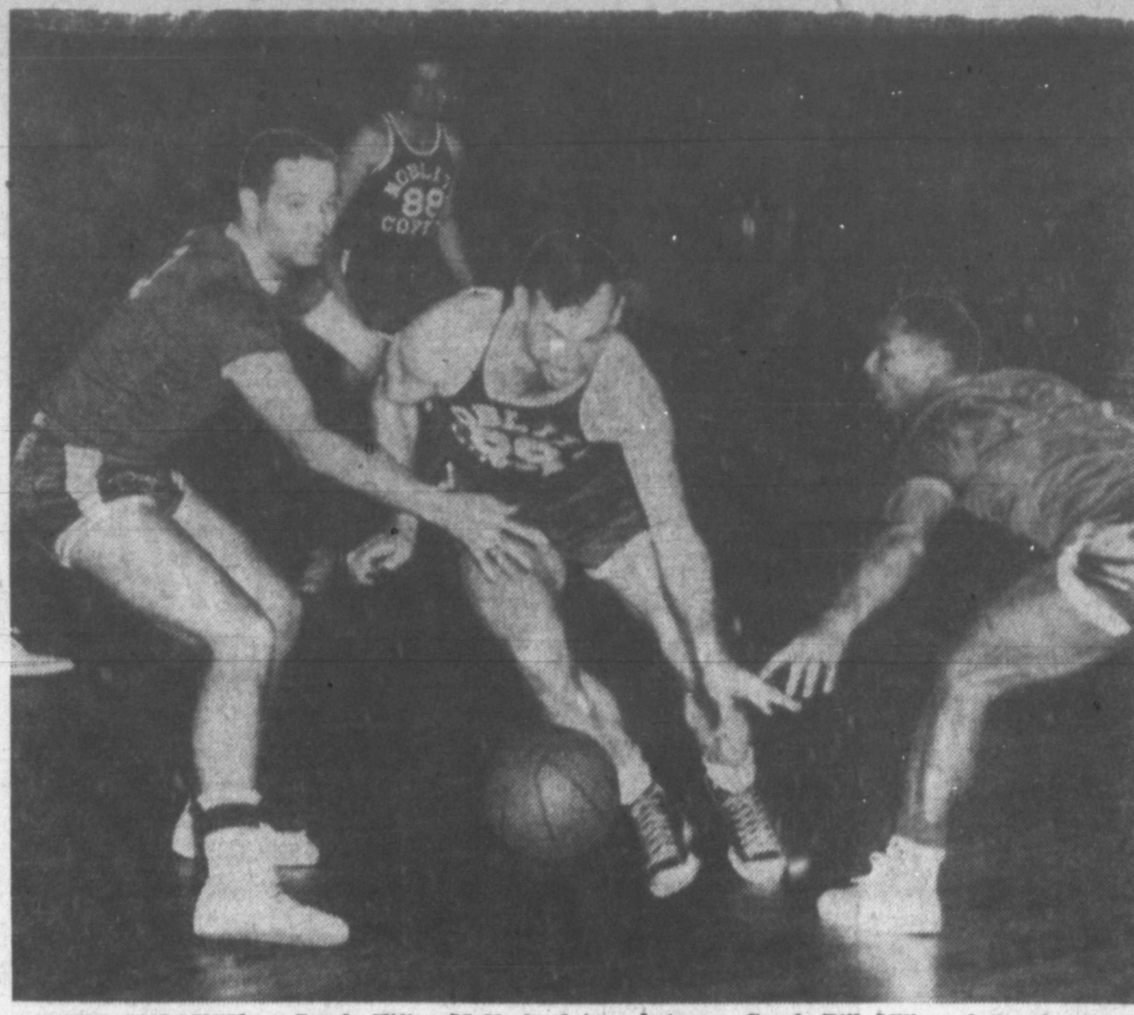

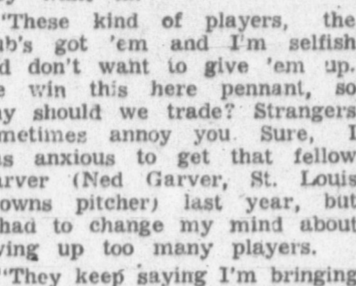

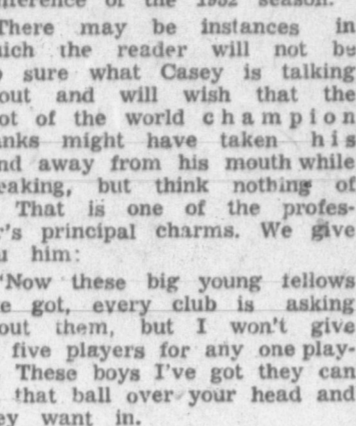

The Canadian Wildcats opened conference play last night at Wheeler winning both games. The Canadian girls defeated Wheeler girls in the first game 27-23. This was a close game all the way, Canadian leading by one point at the end of the first quarter and the half, and with the score tied up at the end of the third quarter. Ann Rathjen of the Canadian ladies tossed in 14 points for high scoring honors of the evening. The Canadian guards turned in their usual masterful performance.

The Canadian boys defeated the Wheeler boys in the second game of the evening 43-38. Canadian jumped to an early lead, and early in the first quarter led 6-1, but failed to score again in the quarter, and Wheeler tied the score at 6 all just before the end of the quarter. Canadian banded back in the second quarter, however, to tally 13 points to 5 for the Wheeler Mus-jangs, and Canadian lead at the end of the third quarter 25-23. Wheeler made their greatest threat in the final quarter as they scored 15 points while the Wildcats scored 8. James Clark of Wheeler scored 17 points, while Danny Conklin scored 15, and J. T. Lill 14 for the Canadian Wildcats. Both teams have been badly hampered for the last week by colds and flu.

Canadian travels to McLean tonight for games with the McLean teams, and then will entertain the Wheeler teams and McLean teams at Canadian next week.

Fast Footwork Aids H-SU Star

ABILENE (AP) — The fast footwork which has made Bill Preston Sr. of Abernathy the highest scorer on the Hardin Simmons University basketball team will come in handy. A member of the naval reserve, he has been notified to appear in Dallas Feb. 14 for a physical examination. The following day he is due to report for an Army physical at Plainview at the request of his draft board.

COMING THROUGH — Coach Clifton McNeely drives between Coach Bill Miller of the Am-Jets and Skeets Taylor during last night's March of Dimes game at the fieldhouse. McNeely led the scoring for the night with 26 points. Garland Head, Dumas coach, watches McNeely drive in the background. (News Photo by Ken Hardin)

Lions Club To Run Brownsville

FORT WORTH (AP) — President Howard L. Green of the Gulf Coast League announced today that the Brownsville club will be operated by the Lions Club there.

"It is the first time in the history of Texas baseball, to my knowledge, that a civic club has taken over operation of a professional baseball club," Green said. The last obstacle to the deal was cleared when league directors approved transfer of the Brownsville franchise from the Brownsville Baseball Club, Inc., headed by M. M. Holder, to the Lions Club, of which D. A. Crossley is president.

Green said a fraternal order, the Elks, has operated a Hutchinson, Kans., baseball club for the past three years and that the Jaycees operate the Union City, Tenn., club of the Kitty League.

Second Day Worst For Cage "Stars"

They say the second day is the worst, and many local radio announcers and newspapermen are finding that to be true today as they dragged aching muscles and tired bodies through the day. The local talkers and writers were slowly recuperating from a hard workout Wednesday night in preparation for the Monday night game against the Amarilloans.

The game will be played in the fieldhouse starting at 8 o'clock, with all proceeds going to the winning team to be turned over to that city's March of Dimes drive. No established ticket price will be set, admission being by donation to the March of Dimes.

The Amarillo squad, which will see such characters as Hank and Bill Brown, Putt Powell, Jess Richardson, Julius Levine, and we hope Harry Gilstrap, battled through a similar exhibition last Monday night at Amarillo, with the By-Liners (writers) defeating the Yak-Yaks (radio men) by one basket.

The Pampa squad would be anchored by over 600 pounds of Coy Palmer and Ed Dyeus. The Pampans were virtually assured of the weight edge if not the scoring edge. Others who will see action for Pampa include Kay Pancher, Jack McElrath, Warren Hasse, Speck Reynolds, Joe Reynolds, DeWayne Cudney, Bill Hutchinson, Jimmie Terrell, and any others who can be recruited from the ranks of Pampa's newspapers and radio stations.

Shamrock Quintet Meets 'Norwood'

SHAMROCK (Special) — Coach Scott McCall's Irish face the toughest crew of the season here Feb. 11 when Samnorwood's ace cagers come to town. A week later the quintets engage at Samnorwood.

Training virtually 12 months a year, the Samnorwoods are traditionally among the toughest competition in the area, but this time they are even better. Located nine miles southwest of Shamrock, the little high school has built up a basketball reputation through the years.

Samnorwood last year whopped the Irish boys, 41-22, when the Irish had two scoring aces, Vernon Tarbet and Vaughn Terry, who made 327 and 267 points respectively during the season.

This season they have a not meet, but the Samnorwood crew won the Canadian tourney with a 58-35 victory over Briscoe, which won two of three from the Irish.

Samnorwood's Lawrence Overcast hits from 20 to 25 points per game, but Alexander is also hogginging forward. Proof of the Samnorwood strength is a 29-point licking they plastered recently on Wellington, victor over the Irish twice, 49-41 and 47-27.

Shamrock's girls probably have a chance against the Samnorwood lasses, though the latter are quite good. The Irish Lassies have looked spectacular, especially in the 53-42 loss to McLean, but have been an up-and-down team.

Upset Sparks Four-Ball Play

HOLLYWOOD (AP) — A major upset marked the opening round of the Hollywood four-ball golf tournament yesterday when the favored team — Mary Ann Downey of Baltimore, Md., and Mary Lena Faulk of Thomasville, Ga. — was sidelined.

Miss Downey and Miss Faulk, finalists in last week's Helen Lee Doherty tournament at Miami, were ousted, 1-up, by Kathy McKinnon of Lake Worth, Fla., and Mrs. H. V. Stone of Ware Shoals, S. C.

Other first round results included: Marjorie Lindsay, Decatur, Ill., and Pat Gavern, Midland, Tex., defeated Evelyn Odom, Miami, and Mrs. George Wilcox, Miami, 6 and 5.

Robin Roberts of the Phillies was the toughest pitcher the Giants and Cardinals faced during 1951. New York averaged only 2.45 runs per game and St. Louis only 1.71.

In Duke University's first 34 basketball games this season, Bernie Janicki scored 212 points and made the same number of rebounds.

Amazing How Fresh Money Shows For Pro Grid Clubs

By HARRY GRAYSON
NEA Sports Editor

DALLAS, Tex. (NEA) — Any owner now in it will tell you that professional football is not a sound investment.

Millions were lost during the war between the National League and the late All-American Conference. Well-to-do men have plumb tapped out backing their football fancy, throwing good money after bad. Lex Thompson failed to show a profit with championship clubs in Philadelphia, then knew when he had enough. Practical Del Webb of the baseball Yankees made his partner, Dan Topping, get out of the money gridiron game.

The latest casualty is Ted (Kate Smith) Collins, the radio announcer, who dropped a sizable fortune with the Yanks, for the privilege of running up and down the sidelines in Boston and New York.

Not more than eight, if that many, of the 12 clubs made money last season.

Yet when the league was forced to take over the Yankees franchise, and save Collins with \$100,000 for the same, Commissioner Bert Bell found the young Miller brothers — Giles Edwin and Connell — clamoring in Dallas for more of the same treatment.

Giles Miller, a handsome, black-haired, brown-eyed, man of 31, and constructed like a running guard, literally got his teeth into football when he had his front ones knocked out scrimmaging with ineligible against the Texas varsity in 1936.

Respected Cornell Miller, 33, is the big chief of the fun-loving Dallas "onehead" Club, which possibly in some measure could account for the deal.

The hobby soxers' switch to

Levis put the Millers in position to satisfy their insatiable desire to be associated in some way with football. Their mills at Waco and McKinney manufacture blue denim, ticking and cotton fabric.

Pro football in Texas was the notion of Gordon McLendon, but reasons best known to himself and the league, the man who built the Liberty Broadcasting System will not be a stockholder.

The Millers are making the new organization, the Dallas Rangers, a stock deal, but Commissioner Bell already has seen fit to limit the number of stockholders.

TOO MANY OVER-RIDES — Dallas men who should know say that with proper promotion and management there is no reason why the Rangers shouldn't go over the long haul.

But those with whom your reporter talked, and they are men of affluence and experience, a banker and oil operator, among them, want no part of the Millers' setup.

There are too many over-rides, as they say in the oil business. It is said that the Millers boys' parents — the father is Clarence R. Miller, chairman of the board of the textile firm and a horse and cattle fancier — now to like.

The biggest objection is the \$25,000 a year for eight years, or \$200,000, for the remaining lease on Yankee Stadium.

The Rangers thus start by paying a double rental — to the New York Americans and the Dallas Cotton Bowl.

The publicity broke prematurely, however, and the Millers will give it a whirl if for no other reason than to save face.

The money always turns up for professional football.

Teacher To Referee

SHAMROCK (Special) — Kenneth Laycock, Irish history instructor, has a new avocation — refereeing basketball games.

Laycock and Coach H. W. Callan refereed 26 games in the Wheeler county junior high tournament here and at Lela last week-end. Laycock said he believed teaching history is easier.

The hobby soxers' switch to

Swing and a Miss — Bud McLean, former Oklahoma A&M cager, swings at the ball with a wild left. But misses, and James Gallimore (38) leaps high with a right hand hook during last night's Chiefs-Am-Jets game at the fieldhouse. Watching expectantly are Skeets Taylor of the Jets and Cliff McNeely of the Chiefs. (News Photo by Ken Hardin)

Army Drafts Arm Of Vinegar Bend

LEAKESVILLE, Miss. (AP) — Wilmer (Vinegar Bend) Mizell, Texas League strikeout artist, will report for military induction Feb. 14 under orders announced yesterday.

The armed forces' gain will be the St. Louis Cardinals' loss. He had been tapped as a Card prospect after pacing the Texas League with 257 strikeouts last year.

He won 16 and lost 14 games, but held opposing teams to a 1.86 earned run average.

The Green County draft board reported his selective service call. Mizell was classified 1-A after a physical examination last month. He said then that he hoped he could play baseball in the Army to keep his pitching arm in shape, and have enough "stiff" left after two years of military service to play major league ball.

The lanky 21-year-old lefthander had been driving a dump truck at Mobile, Ala., until his troublesome tonsils were removed recently. He commuted daily from his home just across the Mississippi line from Vinegar Bend, Ala., 60 miles from Mobile.

THE PATRIOTIC POWER

WHAT STRENGTH IS HERE! Steam and electricity, heat and pressures; but also men at work! Power harnessed for a nation that feels its duty to help mankind. Millions of men at the front and millions more preparing to go. Millions of other men at home being saved by the cold wet soldier on the firing line. How much they depend on good materials we can send them! We are making the sinews of war. They are the warriors. *We are partners together. Each serves the other and we win or lose together.*

THE SOLDIER at the front may save our bodies from disaster but he cannot save our soul. God must do that. *We cannot be men of truth and character if we let those fellows down.* They are risking their lives in our military service. Let's gird ourselves for the task. Let's be brothers of the spirit with our fighting men wherever they may be.

OUR JOB is pleasant work compared with what our great armies are doing. Let's not complain. *Let's pay our taxes with a smile. Let's honor the men who are dying for us. Let's nerve them to fight their best by not failing them on the home front.* May the great industrial power of the Democratic nations of the earth together with the very best from every citizen, defeat the tyrants of greed and hate.

YOU IN THE CHURCH
THE CHURCH IN YOU

Character is a by-product of the church. It is here that young and old alike are showered with benedictions that fortify and influence for a better citizenship and a stronger democracy. In the church the ministerial are molding religious character. Statesmen today declare that the church alone can furnish leadership to handle the affairs of state in these perilous times. Then we with our children should go to the church of our choice on Sunday. "You in the Church and the Church in you" form a combination for good. Be a regular CHURCH-GOER and a daily BIBLE READER.

Canadian First Baptist WMU Has Annual Banquet Honoring High School Seniors

CANADIAN (Special) — "Hawaii Calls" was the theme used at the annual banquet given by the WMU of the First Baptist church Monday evening, honoring the senior class of the Canadian High School.

Special entertainment and the evening's program was furnished by a group of students from Wayland College of Plainview, who are natives of Hawaii.

A prelude of Hawaiian music was played on the organ by Miss Jan Waters, and the guests were greeted by Miss Matsui Nagata, who placed a colorful lei around the neck of each. Miss Nagata, who was attired in native costume, sang several songs of her native land during the program.

Principal speaker was Paul Gima, who gave a travelogue of Hawaii and stressed the international education plan that is a feature of Wayland College curriculum.

Rev. Taft Holloway, pastor of the church, gave the invocation and welcoming speech, and Bill Nakahira served as master of ceremonies. Supt. A. H. Breazeale gave the benediction.

The menu was in keeping with the Hawaiian theme and featured dishes of the islands. Running the length of the banquet table was a scene suggestive of the famous Waikiki Beach. Miniature palm trees, set in sand and sea shells, were reflected in lakes of water. Grass huts and groups of tiny beach furniture were placed at intervals throughout the scene.

Nut cups were highly polished sea shells, and the program and menus were done in deep blue and red, showing a native beach scene with Diamond Head in the distance and a full moon hanging low.

Special guests included Rev. and Mrs. Holloway; Supt. and Mrs. Breazeale; Principal and Mrs. Harvey Trull; the organist, Miss Waters; Clyde Ray, school photographer; the entertainers, Bill Nakahira, Matsue Nagata, and Paul Gima; Mrs. Preston Hutton, senior class sponsor, and Mr. and Mrs. Jack King.

Members of the senior class attending were Buddy Gross, Donald Hodges, Bob Kemp, Ethel Mathers, Billy White, Garton Rogers, Joyce Cumutt, Ann Jean Wootton, Shirley Jones, Louise Zybach, Jerry Horton, Barbara

A & M Clothing Specialist Teaches Special Class Here

Miss Nona Robertson, Texas A&M clothing specialist, left Pampa today after spending two days in special sessions here.

Miss Robertson instructed a special class Wednesday for county 4-H leaders in getting the opening their discussion Miss Robertson explained, "Time is the greatest problem in 4-H work and that's why leaders are such important assistants to the home demonstration agents."

Her class included instruction in fabric and design. She advised these should be selected for the needs and skill of the person using them.

"Always buy solid and firmly woven material," she said, "and tell your beginners not to select plaids and stripes — they are difficult to match."

Leaders here are teaching simple methods that eliminate basting. Miss Robertson stressed proper selection of fabric will eliminate basting entirely. She also explained steps in getting the hem and stripes — they are "do's and don'ts" in sewing.

She concluded her discussion with a demonstration on marking, explaining use of the tracing wheel and tracing paper.

Fifteen county 4-H leaders attended the class. Mrs. Frances Stanton, Wheeler Home Demonstration agent, was also present.

Thursday Miss Robertson conferred with Miss Ruby Potts, 4-H advisor.

When It's Round-Up Time For Eating, Feed 'em Wagon Wheel Dinner

CORN and meat loaf with a western accent are made economically and conveniently with canned whole kernel corn and meat loaf with a barbecue sauce. The meat loaf pie is a thrifty combination of ground beef, rolled oats and evaporated milk.

Catches Their Fancy Wagon Wheel Dinner is one to catch the fancy of the men in your life. It is colorful and easily made by cutting the meat loaf into pie shaped wedges and surrounding it with corn.

ASTOUNDING NEW BEAUTY SERUM FOR AGING SKIN arrives here from Paris!

Now! One of the most revolutionary beauty treatments of all times is being imported direct from Paris for women over 40 (or younger, if their skin is aging). It's the only beauty treatment of its kind. Nothing can even begin to compare with it. It's called "Le Secret de Blanche Delysia" after the fabulous French beauty who developed it from an ancient beauty ritual — a secret which was closely guarded for many centuries.

"Le Secret" comprises seven magic little vials which hold a true natural beauty serum for aging skin. Astounding in principle — in breath-taking results. "Le Secret" imparts a renewal of fresher, firmer-looking, younger-appearing skin. It has given really splendid results in every case treated.

Famous in France For years rumors have reached this country about "Le Secret". Some American women traveling abroad returned and were openly accused by their friends of having a "face lift" — so amazing was the improvement in the appearance of their skin. These women had merely discovered "Le Secret".

Primrose House — the aristocrat of cosmetic houses — thoroughly investigated "Le Secret" and is now importing it direct from Paris. It's simply a "must" for a woman who wants to keep her skin looking youthful, firm and alive!

Of course they're Electric!

Housewife's helpers. What better description for automatic electric appliances and the dependable electric service symbolized by Reddy Kilowatt. An automatic electric clothes washer and an automatic electric clothes dryer are outstanding housewife's helpers — and, surely on wash day a housewife can use some helpers.

Automatic electric washers take all the hard work from the washday task. Gone are wringing, bending over tubs, hand scrubbing. And then the automatic dryer completes the job — eliminates the long walk to the clothes line, the bend down to pick up, the stretch to hang up, the worry about the wind, the dust, the rain or snow.

Automatic electric clothes dryers and washers — real housewife's helpers — are available at your electric appliance store. See them now. Buy them for more pleasant wash days.

SLICK JOB—Dr. Gustav Egloff, Chicago petroleum expert, shows off a warm blanket made entirely from oil. Speaking before oil men in Kansas City, Dr. Egloff pointed out that most of the clothes he is wearing were also made out of synthetic fabrics obtained from petroleum.

CUP FOR CAPTAIN CARLSEN—Boston University co-ed Mona Bloomberg holds a 124-year-old silver chalice which will be awarded to Capt. Henrik Kurt Carlsen, heroic skipper of the lost American freighter Flying Enterprise. The chalice previously awarded to sea Capt. Ingram Chapman in 1828, will be presented to Carlsen by the New England Antique Association for his gallant efforts to save his storm-battered ship. In its million-dollar mixed cargo, the Flying Enterprise carried a small irreplaceable fortune in European art objects and antique furniture destined for U. S. collectors.

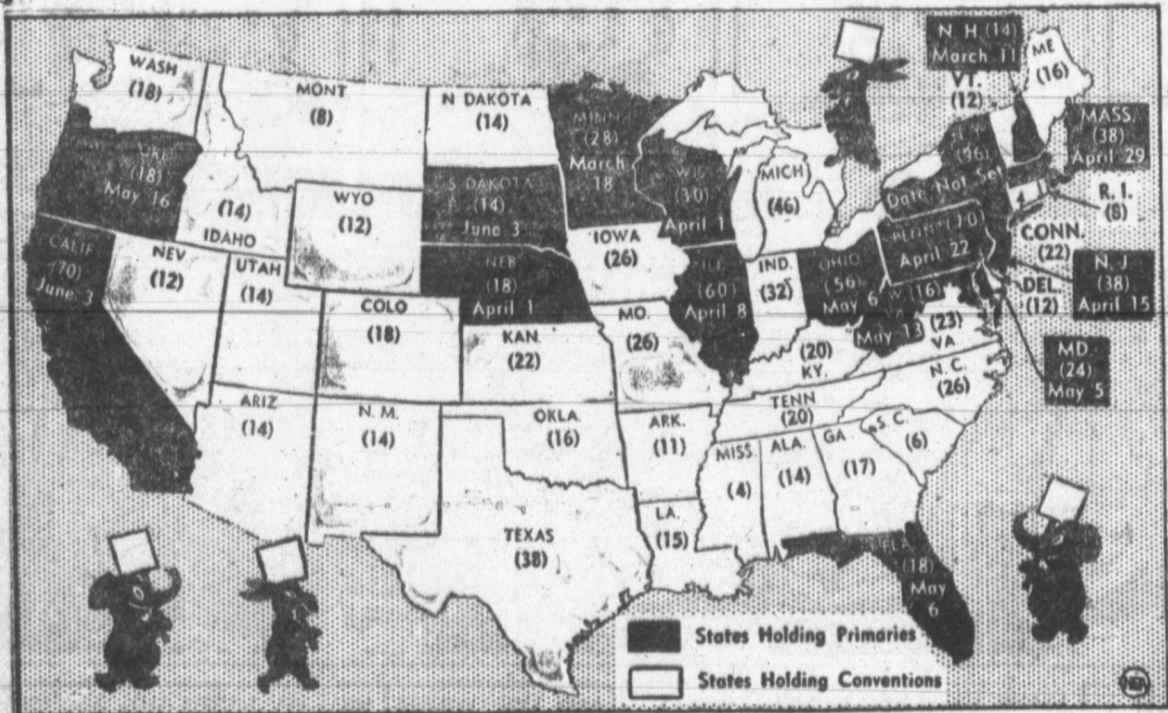

SNEEZELESS SWEATER—No need to suffer from frost-bitten nose these frigid days if you just have a hand-knitted nose-warmer like that worn by Producer Wilbur S'eech in New York. Helping adjust the snout-sweater is comely actress-model Renee Forrest.

WINDFALL FROM UNCLE SAM—William Moore, a printer of Cleveland, Ohio, finally got the refund for overpayment of his 1949 income tax. On January 22, 1952, he received a Treasury Department check dated March 28, 1950. Here he looks with puzzled admiration at the pretty baby-blue check, printed on heavy, expensive paper, all fixed up with punch holes for those "thinking" machines they have down in Washington. The check was for one cent—the amount of his refund. Moore is trying to find out how much of his tax money it cost the government to do the book-keeping, write and mail the check and nurse it along on its nearly two-year trip to his mailbox.

DECK SCRUBBER—"Dutch" Bandholz, above, is a card specialist in Las Vegas, Nev. His specialty is cleaning the hundreds of decks of playing cards used by a gambling house there. To clean the deck, "Dutch" uses his own secret formula, with which he's seen polishing off a card straight.

PRIMARY TIME IS NEAR—The newsmag above shows states holding Presidential preferential primaries and those holding nominating conventions. Date of each primary is given. Numbers in parenthesis denote each state's delegation to be chosen for the GOP national convention in July.

STREAMLINED CYCLING—A conventional cyclist in Berlin stops to stare at the radical design of the two-wheeler ridden by a young woman in the American sector of Berlin. Her bike, equipped with gear housing, mudguards and a well for packages was designed by Walter Fischer, a Czechoslovakian refugee.

HOLDING ON—Coach Jimmy Phelan found himself in a precarious position when a wealthy Dallas combine reached out and purchased the New York Yanks of the National Football League. With the change in ownership, Phelan, an able mentor for 33 years, was left guessing as to whether or not his services would be retained. (NEA)

BULLDOZER—Manolo Gonzalez, cape and sword still in his right hand, gets the worst of the going here as he is uplifted and shaken by a turning bull during a corrida in Mexico City. The diminutive Spanish matador suffered internal injuries and a concussion. (NEA)

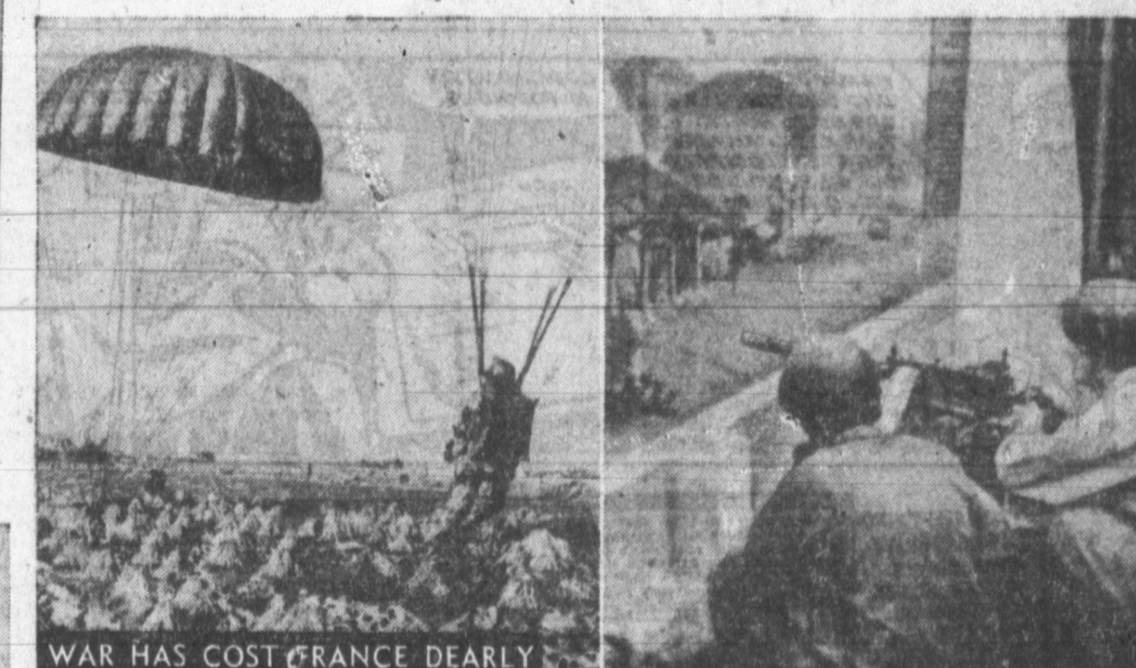

CAPITOL CLEAN-UP—Sen. Joseph R. McCarthy (R., Wisc.) tries out an outside broom sent him by constituents from Little Chute, Wisc., to help him "clean up the capitol." McCarthy's specialty has been in trying to ferret out Communists in government agencies.

SPARKS RED CROSS DRIVE—E. Roland Harriman, national president of the American Red Cross, unveils the original painting of the 1952 fund-raising campaign at the headquarters of the New York City chapter. The annual Red Cross drive goal is \$85 million.

WAR HAS COST FRANCE DEARLY
War, now in its sixth year, has cost France 30,000 dead and about \$2.5 billion. In addition, it has tied down the hard core of her Army—12 divisions—badly needed for Western European defense. Above, French paratroopers land in a soggy rice paddy, and (right) machine gunners stand ready for Communist assault in an unnamed city. Weapon is probably a U. S. 30 caliber light machine.

"AS FAR AS I GO, BROTHER"—Jockey Dick Kurowski was enjoying the ride just fine until his mount, Brown Alligator, reached an open-ditch jump during the Express Steeplechase at England's Sandown Park. Here Kurowski emulates a circus acrobat while his horse balks and takes to air. (NEA)

COON OVER NASHVILLE—Flying proudly from atop the dome of the Tennessee state capitol building in Nashville is a giant replica of the coonskin campaign cap worn by the state's Democratic presidential nominee, Sen. Estes Kefauver, and his followers. Idea for the campaign banner came from Mrs. Mary Blaker, executive secretary of Davidson County's Kefauver-for-President Club.

DRIFTING ALONG—This picture gives you a good idea of the way Old Man Winter has paralyzed transportation in the snow-bound Midwest. It shows a snow plow cutting its way through a typically deep drift on one of the roads north of Chicago.

AEC Panel Claims Workers Not Given Proper Checks

LOS ANGELES — (AP) — About 300 men hired to work at the Atomic Energy commission's Nevada proving grounds were not given proper security checks, an AEC dispute panel has been told. Wilber E. Bowers, timekeeper for the McNeil Construction Co., testified Wednesday that checks were not made on some 300 of 447 men he hired for a construction project because of a shortage of forms calling for detailed background information. The panel is hearing a protest by the McNeil firm against cancellation of its \$661,000 contract for erecting a control building on the site. The AEC voided the fixed-fee contract on the grounds McNeil didn't finish on time. McNeil contends it was delayed because of labor "pirating" by Hadcock Engineers, Ltd., which took advantage of its cost-plus contract to pay extravagant overtime. Bowers said when his supply of security check forms was exhausted, he wrote the AEC's security board in Las Vegas for more. "My request was ignored," he said. Bruce McNeil, president of the firm, accused the government of authorizing burning of between \$24,000 and \$36,000 worth of lumber after his contract was voided. He described it as "usable form lumber, which can be used repeatedly," and said he intends to sue for damages. Other disclosures of \$250 a week wages for laborers and \$756 weekly for plumbers drew Washington reaction Wednesday. The Senate House Atomic Energy committee ordered a hearing on test site workers' wages and the wage stabilization board ordered a similar probe. AEC Chairman Gordon Dean told the Senate House committee that the pay was for an emergency work stint to finish installations in time for scheduled tests last fall. The bonanza payment, \$756 to plumbing superintendent M. H. Stewart of Indocor, represented 123 hours of work — 40 at straight time, 83 at double, plus \$35 for subsistence. Dean said it was necessary "to keep the project moving."

Civil War Vet Expects To Live Many More Years

ROCHESTER, N. Y. — (AP) — "It won't be me who will be dead," says James A. Hard, 110. That was Hard's reaction to calculations of the Veterans Administration that there would be only one Union Army Civil War veteran on its pension rolls in the year ending June 30, 1952. VA records show four Civil War veterans still alive, including Hard. They receive pensions of \$1,440 a year. The budget for next year includes a pension for only one. Hard, oldest of the four, snorted. "It won't be me who will be more years. I've cut down to five cigars a day. I feel fine. I eat fine. And I sleep fine."

Wainwright Not A Politician

SAN ANTONIO — (AP) — General Jonathan Wainwright notified Wisconsin Republican leaders that he is withdrawing as a "favorite son" candidate for President in the forthcoming primaries in that state. "After further consideration I am withdrawing because I do not care to become involved in politics," said the 85-year-old hero of Corregidor.

He Should Know

WHARTON, Tex. — (AP) — Sheriff T. W. (Buckshot) Lane was speaking on carelessness on the highways in a radio broadcast. Even as he spoke into the microphone yesterday, he heard a loud squeal of tires... then a grinding crash. An automobile had crashed into a parked vehicle.

Elizabeth, Philip Start On Another Long Royal Tour

LONDON — (AP) — Princess Elizabeth and the Duke of Edinburgh set out Thursday on another long tour to give new millions in the British commonwealth their first glimpse of royalty.

The slim, 25-year-old Princess, who someday will ascend the British throne, goes with her husband this time to three continents — African Kenya, Ceylon, off Asia's southern tip, then "down under" to Australia and New Zealand. Ahead of them are five months and 30,000 miles of visits designed to help hold Britain's shrunken empire together.

A true royal sendoff marked the couple's departure by plane from London airport (at 7 a.m. EST). King George and Queen Elizabeth arranged to take three-year-old Prince Charles and 17-month-old Princess Anne to the airport to wave goodbye to their traveling parents.

Also at the airport was Prime Minister Winston Churchill, who knows as well as the next man the value of royal tours in holding the commonwealth together.

Departure for Elizabeth and Philip comes just six weeks after they returned from a 75-day triumphant tour across Canada and back, with a short side visit to President Truman in Washington.

On this new trip, they are substituting for the King and

Queen. The parents' long-planned tour of the Atipodes was cancelled months ago because of the monarch's ill health. The young folks will try to make up for it with a far more extensive tour than was planned for George and Elizabeth.

Elizabeth and Philip fly first to El Adem, in Libya, then across Africa to Nairobi, Kenya, which was not on the King's itinerary. They will stay in Kenya a week, part of the time making their first visit to the hunting lodge which the colony gave them as a wedding present.

At Mombasa they will board the liner Gothic and will sail to Ceylon. There they will visit Kandy, last capital of the Kandyan kings, and the famous Buddhist shrine, the Temple of the Tooth.

The couple's Australian tour starts at Perth on April 1 and will extend around the south and east coasts of that commonwealth. Before reaching Sydney they will visit Tasmania, then will rest for two or three days at a big sheep ranch in Murrumbidgee valley in the latter part of April.

The tour of New Zealand opens at Wellington May 7 and will include a holiday on a Canterbury sheep station and a reception by the Maoris, the Antipodes' original settlers, at Rotorua.

Lady Pamela Mountbatten, 24-year-old daughter of Vice-Admiral Earl Mountbatten and Philip's cousin, is accompanying Elizabeth as her lady in waiting. The Princess' private secretary, equestrian and five other members of the royal staff also are going along.

Actors Most Temperamental Declares Hollywood Actress

By BOB THOMAS — HOLLYWOOD (AP) — Who has the most temperamental actors or actresses? The actors, says Maurea O'Hara.

Miss O'Hara is obviously an actress. She is also red-haired and Irish, so one would expect her to set a tantrum on the movie sets. But no, she remarks, it's the male members of the casts who get temperamental.

"What do they do?" she asked. "Many things," she replied. "They come in late to the studio in the morning. They fret about their makeup. They have a tizzy because they don't have enough dialog. They spend minutes in front of a mirror as they can't get one lock of hair to dangle correctly on their foreheads. They are late getting into their costumes after lunch."

"Oh, yes, it is the men who have the temperamental and the vanity," she vowed, "not the women." However, she hastily made an exception of her present co-star, Errol Flynn, who is "extremely nice." (Probably the first time he has been called that.)

George Sherman, who is directing the pair in "Against All Flags," remarked that temperamental is a negligible factor in movie-making nowadays. The veteran director said that star tantrums have virtually disappeared from the Hollywood scene in the last two years.

"The only one who gets away with it any more is Shelley Winters and she's crazy," he said frankly. "I directed her in her first picture after she made her hit in 'A Double Life.' She said to me, 'George, you understand me. You know I'm crazy, and all these other people have to find it out the hard way.'"

Sherman said that the industry could no longer afford time-wasting temperamental.

"Supposing we got into a hassle with an actress who didn't like a dress that had been made for her," the director cited. "We might go around and around on the subject for a whole afternoon. Meanwhile, 110 members of the crew would be sitting around without getting any film shot. An afternoon's delay would mean the loss of at least \$10,000 or \$12,000."

Sherman, who started with the old Biograph Co. in 1920, spoke wistfully of temperamental in the old days.

"The star was king in those

Wings Over Jordan' Choir Sings Here

The "Wings Over Jordan" Negro choir will present a concert at 8:30 p.m. Sunday in the Pampa Junior High school auditorium.

The concert, under sponsorship of the Pampa Ministerial Alliance, is free to the public. Only a free will offering will be taken.

The choir, directed by Rev. Glyn T. Settle, now is on a goodwill tour to foster friendlier relations between the two races and to combat the influence of communism in America as it affects the American Negro.

"Wings Over Jordan" was organized in 1937 and today has won the title of the world's most

renowned Negro choir. During World War II its members spent more than 10 months overseas, the only choral group to be sent to the battlefield.

At present, Rev. Settle feels that everyone, with or without the price of a ticket, should have the opportunity to hear the group and to understand its members better through the universal language of music.

George Mikan, known in basketball circles as "Mr. Basketball", once was boy mayor of Joliet, Ill. for a day.
