Continued Cold In Area; Trace Of Moisture

Continued cold and cloudy weather is forecast for Pampa and the Panhandle today as a result of a cold front which swept into the area early Tuesday.

Temperatures here were beginning to level off and by 10 a. m. had risen to 20 degrees from the low reading today of 16 degrees. Yesterday's low was 14 degrees and the high 18.

Area farmers were more interested in the slight amount of moisture the front brought to the Panhandle. According to the KFDN transmitter snow gauge, the area received between one-tenth and two-tenths of an inch last night.

WELCOMED

Gray County Farm Agent Foster Whaley said this morning almost any amount of moisture is welcomed by area wheat growers. He said the blanket would protect young wheat against freezing.

There will have to be quite a bit more moisture, however, before the outlook for a good 1952 Panhandle wheat crop can be improved. Whaley said. He said roots are lying in a dry layer about 12 inches deep. There is about a 3-inch layer of moist earth on top, the 12-inch dry layer, then another moist layer.

He said the two moist areas would have to be joined before the Panhandle could have a wheat crop. This will take several snows.

MORE SLEET

According to the weather bureau, the Panhandle will get more sleet and freezing rain this afternoon and tonight. Temperatures are expected to remain at about the same level today. The Associated Press reported today the cold front has stopped moving southward.

No low temperatures were forecast for the Rio Grande valley, with the front drawing a stationary line across the state just north of Houston.

REMAINS COLD

Most of the state remained cold and some communities reported sleet or freezing rain. The weather is expected to remain cold and cloudy the rest of the day. Temperatures early today ranged from a sub-freezing 18 at Amarillo to 72 at Brownsville, 150 miles away from the halted cold front.

Freezing rain and sleet fell at Amarillo, Dalhart, Mineral Wells, Vernon and Waco and other moisture was reported at some 15 other North and West Texas points.

Traces of snow were recorded at Amarillo, Lubbock, Plainview and Childress yesterday.

DP Program Is Aid In Solving Europe's Plight

WASHINGTON — (AP) — The head of America's displaced persons program, reporting today on its three-year operation, said its resettling of 336,000 refugees struck at the heart of the cause of wars.

Chairman John W. Gibson of the U. S. Displaced Persons Commission said it helped ease Europe's problem of overpopulation, which he called "a venomous postscript to World War II."

"That postscript," he said, "must be completely erased if the world is to remain at peace, for the free world, led by the United States, recognized it was also the harbinger of World War III."

The DP program, begun in 1948, ended Monday. Its place was taken by an "expellee program" scheduled to admit 54,744 German-origin Europeans expelled from their homes in Eastern Europe by Communists.

About half already are in the United States.

WIND UP REPORT

1. In three years, the United States issued visas to 336,000 DPs in the crowded western zones of Germany and Austria.

2. The program cost \$100,601,000 — that's \$299.41 for each DP or \$1.93 per U. S. taxpayer based on the latest census.

3. Of the 336,000 total, all but 36,000 already are resettled in the United States. The remainder are due within two months.

4. Of the total, 54 percent were males. By religion, 46 percent were Catholic, 34 percent Protestant and orthodox, 19 percent Jewish and 1 percent "other and unknown."

By age, 22 percent were under 14 years, 14 percent between 14-24 years, 44 percent between 25-44 years, 18 percent between 45-64 years and 2 percent 65 years and over.

Seventy-five percent of those admitted so far, compared with 55 percent off the U. S. population, entered the labor force.

Farmers were the most sought after, but 90 percent of all DPs "are now located in urban areas."

FIRST IN '52 — First baby born in 1952 is Brian Gregory Duncan, son of Mr. and Mrs. Ewart Ray Duncan, 1600 Williston. Birth came at 12:05 a. m. Tuesday. For both child and mother it is a happy occasion. Each will receive many gifts from local merchants besides celebrating the new year with a double meaning. (News Photo)

Russian Press Announces Death Of Maxim Litvinoff

MOSCOW — (AP) — An official foreign office announcement disclosed today the death of Maxim Maximovich Litvinoff, who keynoted his collective security policy as Soviet foreign commissar with the often-quoted declaration, "peace is indivisible." He was 75.

Litvinoff died Dec. 31 and funeral arrangements were completed when his death was announced today. His body lay in state in a foreign ministry conference hall where friends and colleagues

passed by to pay their respects. The funeral was scheduled this afternoon (5 a. m. CST). The day was gloomy, with cold rain drizzling from slaty skies.

Pravda, organ of the central committee of the Communist party, of which Litvinoff had been a member, called him an "old Bolshevik and outstanding Soviet diplomat."

Pravda's obituary notice was eight paragraphs long. It was printed on the back page.

The plump, fatherly-looking diplomat won western recognition for Bolshevist Russia and fought without success for collective force to prevent World War II. He was a wartime ambassador to Washington.

Litvinoff was foreign commissar from 1936 to 1939.

But his fortunes rose and fell with the Kremlin's feelings about the western democracies, and he was completely eclipsed after he was fired in the reduced rank of deputy foreign minister on Aug. 23, 1946. His fall from office foreshadowed the cold war, for of all Soviet officials he was regarded as the one who truly wanted to get along with the West.

News of his death was withheld for two days — for no stated reason.

The Tass agency account said only the newspapers carry a report from the USSR ministry of foreign affairs announcing the death of Maxim Litvinoff, former peoples commissar of foreign affairs of the USSR who died Dec. 31, 1951, after a prolonged illness.

The nature of his illness was not described. Litvinoff long suffered from a weak heart condition and an ailing stomach.

ESTIMATES PHASED THE number of marooned motorists in the towns as high as 1000. They occupied all hotel and motel facilities and some sought lodging with residents.

Also freed were several hundred skiers marooned at Alta and Brighton in the rugged Wasatch mountains near Salt Lake City.

Elsewhere in the mountainous west, an undetermined number of persons, including women and children, were at a road camp on the west side of 10,850-foot Wolf Creek pass on the Continental Divide in southeastern Colorado. They were isolated when a 1,000-foot snowslide blocked U. S. 160 on the east side of the pass Sunday night. The slide hit a truck and two men were reported missing.

In California, traffic moved again over Donner pass on U. S. Highway 40 between Reno, Nev., and Sacramento. Hundreds of sports fans had spent New Year's in resorts when the highway was closed.

MEXICO PROBES OIL MEXICO CITY — (AP) — Petroleum Mexicans, the government monopoly, plans to determine whether the newly discovered oil formations in West Texas extend into Mexico.

MOP TRAIN DERAILED SARITA — (AP) — A Missouri Pacific freight train was derailed at the station here yesterday, but no injuries were reported.

Fourteen of the 70 cars in the train were derailed. A spokesman for the railroad said four or five cars, containing asphalt and other heavy cargo, overturned.

Merchants Honor First Baby With Long List Of Gifts

Twenty one gifts will be presented by local merchants to Mr. and Mrs. Ewart Ray Duncan, 1600 Williston, their infant son, Brian Gregory, and attending physician, Dr. W. Calvin Jones.

Brian, born at 12:05 a. m. Tuesday, was Gray county's first baby in 1952, thus winning a contest sponsored by The Pampa Daily News and its advertisers.

In addition to prizes offered by merchants, Highland General hospital will pay hospitalization bills for Mrs. Duncan and her baby. This is the second year Highland General has offered this gift to the family of the first born.

A complete list of prizes is printed on pages six and seven in today's edition of The News.

Parents Of Missing Boys Maintain Vigil

DENISON — (AP) — A spokesman for the U. S. Corps of Engineers said the search for the bodies of three boys who drowned in Lake Texoma Dec. 8 has been virtually abandoned.

The body of a fourth boy, Shirley Thomas, 19, of Odessa, was recovered. Still missing are Robert Reed, 17, and Jerry Harrod, 17, both of Odessa, and Harry Kirkin, 19, of Abilene.

An engineers spokesman said grappling operations have been abandoned, but a small boat will be put out each day in a surface check of the lake.

COMPOSER DIES CORNING, N.Y. — (AP) — John J. Caddigan, 72, composer of the 1918 song favorite "The Rose of No Man's Land," died yesterday at the home of a daughter here.

Youth Surrenders In Hit-Run Death Of Two Teen-Age Girls

DETROIT — (AP) — Police said today a 20-year-old youth surrendered last night and said his car struck two pretty Pontiac girls who were left dying in a snowbank on New Year's Eve.

Held for questioning was Anthony Redmond, 20, of suburban Royal Oak. When he walked into the Royal Oak police station shortly before midnight he was accompanied by a 17-year-old youth, two 15-year-old girls who were with him on New Year's Eve, and the father of one of the girls.

Held as a witness was Doran Cushing, the other youth. The girls were released to their parents. Their names were not disclosed.

LEFT PARTY The two victims, Barbara Holloway, 17, and Jessie Anaston, 15, were struck as they walked along Woodward Avenue after they had left a party shortly before midnight.

Police quoted Redmond as saying he was driving north on Woodward in a heavy fog, "watching the time because of the New Year coming in."

"It was exactly midnight—we were saying 'Happy New Year' to each other — when I caught a glimpse of a girl's coat and felt a bump."

He said he got out and saw one of the girls lying in the snow. He said another car came

along and he stopped it, telling the driver to call police.

"I had been in trouble with the police before, and I knew I was in a jam," officers quoted Redmond as saying. "We had a case of beer with us and two 15-year-old girls in the car."

"I told Cushing to grab the beer and throw it in the field," Redmond as saying. "We had a went to telephone police, adding, 'We were so scared we drove away.'"

Two college youths, Samuel Harrell, a junior at Clemson college in South Carolina, and Gerald Sleaf, a Wayne university junior, had led police to the scene of the tragedy, telling officers of the youth who had stopped them.

SHAMROCK LIONS HEAR Student From Kemper SHAMROCK — (Special) — Shamrock Lions last week heard Billy Burden, student at Kemper Military academy, Missouri, discuss "The Kemper Christmas Spirit," and then turned over regular dues to the Good Samaritans, organization for the benefit of underprivileged children.

Burden, who attended Shamrock schools last year, said Kemper has a remarkably beautiful campus and precision in all its activities.

Negotiators Give A Six Point Plan

Begins With Man-For-Man Exchange

MUNSAN, Korea — (AP) — Allied truce negotiators presented a six point plan today for releasing all prisoners of war and repatriating civilians in Korea.

The plan starts out on a man-for-man basis and winds up as an all-for-all exchange, said Lt. Col. Howard S. Levie, spokesman for the United Nations command.

The Communists took one look at the proposal and then said in effect, "it stinks," reported Rear Adm. R. E. Libby, Allied negotiator.

Libby expressed hope North Korean Maj. Gen. Lee Sang Cho, Red negotiator, would change his mind after he studies the complex plan and understands it.

The proposal is intended to provide a compromise between the UN man-for-man exchange of prisoners proposal and the Reds all-for-all demand, and at the same time provide for repatriation of all civilians who want to go home.

The negotiators on the prisoner question meet again at 11 a. m. Thursday (8 p. m. Wednesday CST). So will a second subcommittee on supervising a Korean truce which hangs up again on whether the Reds may rebuild their air fields during an armistice.

A UN command communiqué said the key to its new "proposal is the principle of voluntary repatriation for all POWs and civilians."

Lee said the plan contained things "we politically cannot agree to." He did not amplify.

IN TOKYO In Tokyo, Col. George Patrick Welch, official spokesman for Gen. Matthew B. Ridgway's headquarters, summed up the UN plan like this: "In principle, we are proposing an exchange of everyone who wants to be exchanged."

Anyone who did not want to be repatriated would not be sent back against his will. The International Red Cross would act as a supervising agent.

South Korean President To Make Appeal

CHINHAE, Korea — (AP) — South Korean President Syngman Rhee said today he may go to Washington and ask President Truman to oppose any armistice that leaves Korea divided.

Rhee said in an interview he had confidence Mr. Truman would oppose an armistice which "would leave my people at the mercy of the Communists."

"Maybe it would be a good idea to go to America and see Mr. Truman and talk to the American people," Rhee said.

Rhee expressed fear that the truce negotiation at Pusan might be concluded on terms that he and his people cannot accept.

"I am afraid our friends are sacrificing our safety in order to come to an understanding with the Communists," he explained.

"When the UN command allowed the Communists to keep Kaesong it meant no satisfactory truce would be reached."

"Kaesong is the gateway to Seoul and our ancient capital cannot be recaptured, rebuilt and operated as it was before the war as long as the enemy has an open road to its heart."

LONDON — (AP) — Still clinging to his storm-cracked and wallowing ship in the Atlantic, Capt. Kurt Carlsen radioed today that he would stay aboard until he is towed to port or sinks. A new storm threatened.

If he leaves, the ship and cargo become a free prize on the high seas for any takers.

Carlsen stood his watch alone through the fifth night since he ordered all others to abandon the American freighter Flying Enterprise and again reported by radio that he was in good spirits.

The U. S. destroyer John W. Weeks early today reached the side of 6,710-ton freighter to join the U. S. Navy supply ship Golden Eagle, which has been standing by some 100 miles south of Ireland.

The British tug Turmoil was ready to put out from Falmouth and take the Flying Enterprise in tow.

It was expected to take the tug at least a day to reach the disabled ship. She is heeled over with a 60-degree list.

Another storm was reported brewing with winds reaching gale force in the area of last week's storm that disabled several ships.

CIO Delegates Meet Today To Decide Steel Strike Fate

George A. Inman Dies Early Today; Service Thursday

George A. Inman, 56, died suddenly at his home, 314 N. Ballard, at 3 a. m. today.

Mr. Inman had been a resident of Pampa 36 years moving here from Sherman where he had operated a dairy. He farmed in Gray county and worked with Phillips Petroleum Co. production department.

He was deputy sheriff under Sheriff Earl Talley. He had also served as game warden and for the last four years operated a used car business.

He is survived by his wife, Bessie; two daughters, Mrs. Malcolm Foster, Corpus Christi and Mrs. Jack Gray, Temple; three grandsons; one sister, Mrs. Barney Caughey, Sherman; two brothers, Robert of Keller and Raymond of Houston; one aunt, Mrs. Arintha Noles, San Diego, Calif.

Funeral services will be held at 3 p. m. Thursday in Dukenkel-Carmichael chapel with Rev. Emyr Tyler, pastor of First Christian church, officiating.

Burials are Richard Stedman, Elwin Pursley, Owen Hanley, Wilson Howell, George Walters and M. D. Milligan.

Interment will be in Fairview cemetery, with arrangements under the direction of Dukenkel-Carmichael Funeral home.

Inspection Points For Pampa Autos Wait For Supplies

Pampa's six known vehicle inspection stations were still waiting final approval of the State Highway Dept. this morning.

Although the Highway Dept. has yet to release a list of authorized inspection stations, a survey this morning disclosed six auto agencies in Pampa have been tentatively appointed inspection stations. They are: Tex Evans Buick Co., Tom Rose Ford Co., J. C. Daniels Motor Co., Culberson Chevrolet Co., McWilliams Motor Co. and Purisley Motor Co.

Deck replaces John Kinard who was transferred to the Brownsville Herald as general manager. Deck came to Pampa Dec. 1, 1951, from the Colorado Springs Gazette Telegraph where he was employed as an advertising salesman since September, 1949. Deck has been with the House organization since 1942 with the exception of three years' Navy service.

Deck is married, the father of a son, and lives at 1212 Duncan.

Twins Are Born In Different Years

ONEIDA, N.Y. — (AP) — Mr. and Mrs. Samuel Parteko of Lebanon have brand new twins, born in different years.

A girl, Anita Lind, was born at 11:27 p. m. Monday night, 1951. A boy, Terry Lewis, arrived at 12:01 a. m. yesterday, 1952. The Partekos have a 3-year-old son, Eugene Paul.

Poll Tax Sales Stand At 821 By End Of Year

Poll tax sales for 1952, elections stood at an approximate 821 by the close of business, Dec. 31, 1951, incomplete records of the county tax office showed this morning.

By 9 a. m. the first four receipts to be issued this year passed into the hands of potential voters.

With major elections coming up this year — virtually everything from President of the United States on down to justices of the peace — county officials expect the potential voting strength of Gray county to climb to 6500 or 7000 as compared to last year's potential of slightly more than 5000.

Local politics appeared today to be less active than during 1950 with only a few scattered races now in the offing.

Although most of Potter county's elective officials publicly announced their intentions yesterday, Gray county officials declined to make any similar move. However, most of the incumbents have stated they would seek re-election, and will publicly announce within the next few days or weeks.

While the incumbents were remaining inactive, their potential opponents were equally inactive. However they are expected to show some signs of life before the deadline for paying poll taxes, midnight Jan. 31, rolls around.

Local politics appeared today to be less active than during 1950 with only a few scattered races now in the offing.

Although most of Potter county's elective officials publicly announced their intentions yesterday, Gray county officials declined to make any similar move. However, most of the incumbents have stated they would seek re-election, and will publicly announce within the next few days or weeks.

While the incumbents were remaining inactive, their potential opponents were equally inactive. However they are expected to show some signs of life before the deadline for paying poll taxes, midnight Jan. 31, rolls around.

OUTPUT SUFFICIENT The administration has clearly decided that with record steel output insufficient to meet combined military and civilian needs, it will not permit a production stoppage. The rearmament program is just beginning to hit full stride after the long tooling up period, and thus the need for steel is rocketing.

By the time this strike plans, the union would get an early hearing before the wage board. WSB already has invited union and steel industry officials to meet in Washington next Monday to establish procedures for early military and civilian needs, and on the union's demand for a change in the provisions of the Taft-Hartley law.

Benjamin Fairless, U. S. Steel Corp. president, has been invited to speak to the union convention tomorrow. But he turned down the bid Monday, saying he doubted there was much chance of changing the union men's opinion.

Fairless said he was still waiting for the union to explain "how this country can have round after round of large wage increases and resulting price increases without more and more inflation which is certain to injure everyone."

Captain Clings To Flying Enterprise

LONDON — (AP) — Still clinging to his storm-cracked and wallowing ship in the Atlantic, Capt. Kurt Carlsen radioed today that he would stay aboard until he is towed to port or sinks. A new storm threatened.

If he leaves, the ship and cargo become a free prize on the high seas for any takers.

Carlsen stood his watch alone through the fifth night since he ordered all others to abandon the American freighter Flying Enterprise and again reported by radio that he was in good spirits.

The U. S. destroyer John W. Weeks early today reached the side of 6,710-ton freighter to join the U. S. Navy supply ship Golden Eagle, which has been standing by some 100 miles south of Ireland.

It was expected to take the tug at least a day to reach the disabled ship. She is heeled over with a 60-degree list.

Another storm was reported brewing with winds reaching gale force in the area of last week's storm that disabled several ships.

Survivors, told harrowing stories of their escape from the sea, Carlsen calmly directed the

ATLANTIC CITY — (AP) — Delegates representing the million-member CIO Steelworkers union gathered today to decide whether to cancel a threatened industry-wide steel strike.

Phillip Murray, head of both the steel union and the CIO itself, called the steelworkers' executive board together (1 p. m. CST) to map plans for an extraordinary union convention beginning tomorrow.

Murray and the board are expected to recommend that the convention call off the strike threat until the government's wage stabilization board (WSB) can come up with a compromise solution in the steel labor dispute.

Murray checked the decision on a more prolonged strike postponement to the specially-summoned convention.

The upshot of the meetings here while providing a forum for airing the union's wage and other demands, is expected to give Murray a free hand to call a strike some time in the future if he thinks one necessary.

Murray has asked for an 18.2 cent average hourly pay boost and a score of other changes. The industry has said no pay or other changes are justified at this time.

The union seemingly has little choice but to cancel its strike plans. Mr. Truman has emphasized he will use every law on the books to prevent a walkout. This would include the injunction provisions of the Taft-Hartley law.

OUTPUT SUFFICIENT The administration has clearly decided that with record steel output insufficient to meet combined military and civilian needs, it will not permit a production stoppage. The rearmament program is just beginning to hit full stride after the long tooling up period, and thus the need for steel is rocketing.

By the time this strike plans, the union would get an early hearing before the wage board. The Farmers Are Borrowing Money

American farmers are borrowing more money these days to meet ends meet, and there may be warning there that the nation's agricultural expansion is reaching a leveling off stage.

Many farmers have become capitalists in the past decade and have incurred the risks attached thereto. The old days when the could pull in his horns and live on his land for 15 to 18 years are gone for many farmers.

Nobody knows exactly how many billions farm folks have spent on new tractors, refrigerators and other modern mechanisms in the immediate past. But the total has been tremendous. Official figures put farm cash income at close to \$6-billion yearly for the past five years. It aggregated only about \$9 billion annually in the years just before the war.

Several factors appear to be behind the borrowing trend. Many farm commodity prices have slipped in recent months. But the cost of running farms keeps inching upward.

Since February the farmers' profit margin has slowly decreased as the price of staples received for agricultural staples has fallen 7 percent, according to Agriculture Department estimates.

The Nation's Press

THE KEYS TO THE VAULT

(The Wall Street Journal)

There is a vault and in it are kept the money and the treasure of the community. All persons are required to contribute to the vault periodically and the money drawn from these accumulations is supposed to be for the benefit and protection of the community.

But, in the case of this vault we write of the people become hemmed with a number of projects—many of them quite worthy in themselves—and they decided to undertake them.

Thus a good many keys to the vault were passed out and the people who had them were running rampant with them.

Well, when the thing is described in that way, it becomes pretty apparent that the scene is not likely to work very well. No one person can know what the many people with keys to the vault are doing.

Then there are men who vote "right" and have ways of ousting up other voters who will agree with them. Why should they have keys?

Well, those who passed out the keys were not so careful as they might have been. So it came about that suspicions were raised and there developed that some of the suspicions were not unfounded.

That is fundamental, and the corrective must be a radical alteration of present practices.

The immediate remedy must be to put the keys in the hands of people who realize that they are the trustees of other people's money and who will act accordingly.

Baxter's Views

BY DAVID BAXTER

OBITUARY: "He certainly died with a fine set of teeth," the undertaker remarked as he surveyed the youthful corpse.

No doubt about it. From the time he was a mere infant, the young man had been thoroughly and consistently fluoridated.

However, the PTA had been told by responsible dentists and agents of the chemical people and the makers of fluoride-dispensing machinery that fluoridating the city's water supply would guarantee hard teeth in children up to 10 years of age.

So the youth's parents, instead of experimenting with their own son only by having fluorides prescribed for him, voted to place the chemical in the city's water supply and force it on everyone.

Well, when the thing is described in that way, it becomes pretty apparent that the scene is not likely to work very well.

Then there are men who vote "right" and have ways of ousting up other voters who will agree with them. Why should they have keys?

Well, those who passed out the keys were not so careful as they might have been. So it came about that suspicions were raised and there developed that some of the suspicions were not unfounded.

That is fundamental, and the corrective must be a radical alteration of present practices.

The immediate remedy must be to put the keys in the hands of people who realize that they are the trustees of other people's money and who will act accordingly.

LOOKING SIDWAYS

By WHITNEY BOLTON

It's over now. The ribbons have been thrown away, except for those good enough to wind around the neck of a special present during the year.

There wasn't any mink in the house and what champagne was poured came in an ornate basket from a movie company.

Well, when the thing is described in that way, it becomes pretty apparent that the scene is not likely to work very well.

Then there are men who vote "right" and have ways of ousting up other voters who will agree with them. Why should they have keys?

Well, those who passed out the keys were not so careful as they might have been. So it came about that suspicions were raised and there developed that some of the suspicions were not unfounded.

The immediate remedy must be to put the keys in the hands of people who realize that they are the trustees of other people's money and who will act accordingly.

Well, when the thing is described in that way, it becomes pretty apparent that the scene is not likely to work very well.

Then there are men who vote "right" and have ways of ousting up other voters who will agree with them. Why should they have keys?

Well, those who passed out the keys were not so careful as they might have been. So it came about that suspicions were raised and there developed that some of the suspicions were not unfounded.

National Whirligig... Farm Commodity Scandal To Put Brannon In 'Hot Seal'

By RAY TUCKER

WASHINGTON — Corruption, destruction and mishandling of more than \$2,000,000 worth of farm commodities owned or held by the government will soon be disclosed by a splendid profit to political friends and speculators in many instances the insiders profited by fixing it so that products would be placed in "hot seal" warehouses at a high rental.

Senator Williams, a grain dealer himself, has proof that certain political interests in Missouri, Kansas and Oklahoma bought surplus property for a profit including World War II commodities, and then rented them as warehouses to the Commodity Credit Corp. at profits ranging as high as 100 percent.

Well, when the thing is described in that way, it becomes pretty apparent that the scene is not likely to work very well.

Then there are men who vote "right" and have ways of ousting up other voters who will agree with them. Why should they have keys?

Well, those who passed out the keys were not so careful as they might have been. So it came about that suspicions were raised and there developed that some of the suspicions were not unfounded.

That is fundamental, and the corrective must be a radical alteration of present practices.

The immediate remedy must be to put the keys in the hands of people who realize that they are the trustees of other people's money and who will act accordingly.

Well, when the thing is described in that way, it becomes pretty apparent that the scene is not likely to work very well.

Then there are men who vote "right" and have ways of ousting up other voters who will agree with them. Why should they have keys?

Well, those who passed out the keys were not so careful as they might have been. So it came about that suspicions were raised and there developed that some of the suspicions were not unfounded.

Bid For A Smile

Two intoxicated men wandered into a public dance hall. One asked the bartender for a drink and was told to take the first drink to the right and to go down three steps. Due to the intoxication he mistook the bartender for the elevator door by mistake and fell five stories to the basement. The friend watched his sudden departure and leaning through the door called out:

Ruth Millett

There is one type of woman who is never attractive to anybody long. That is the woman who is one person for show and another person when she thinks no one important is sizing her up.

You are bound to know at least one woman who has a "best" personality for special occasions, and a careless personality for every day use.

She is the kind whose voice turns from sugar to curtness when she answers the telephone, depending on whether or not the caller is Mrs. Important inviting her to a tea, or Mrs. Workhard waiting to sell her a magazine subscription.

She is the kind of woman who treats her children impatiently until a visitor comes into the living room and then starts calling them "Darling."

She is the woman who saves her compliments for those who need them the least. She uses compliments, not to give a lift to those who need it, but to ingratiate herself with the "right" people.

She is the woman who always saves the best for company—figuring there is no point in making much of an effort for the family. You'll find her family eating in

Writers Club Plans Thursday Meeting

The local writer's club will hold its first meeting of the year Thursday in the home of Mrs. O. L. Brummett, 515 Yeager. The meeting is scheduled for 7:30 p. m.

Tips For Tasks

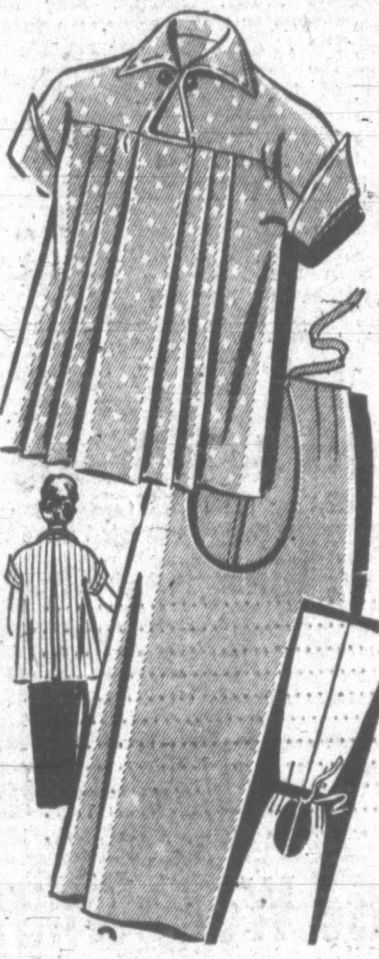

Don't discard powder puffs. Use them as a buffer when cleaning silverware. Large bath powder puffs are handy, too, for spreading cleaning fluid on mirrors and windows.

the kitchen unless company is expected. She is the woman who is never as careful of the feelings of those who serve her as of those she considers her superiors.

She is the woman who can dress up to look like a million when she is going to a party, but who goes around the house looking like a wreck.

She is the woman who is more interested in buying "show" than in buying comfort, when she selects the furnishings for her home. She is not one person, but two distinct and separate personalities. However, she never manages to hide her ordinary self for long. That is why for all her efforts she never succeeds in keeping anyone impressed for any length of time.

So Comfortable To Wear

A serious advocate of jewelry for all occasions, glamorous Magda Gabor especially likes the versatility of pearls combined with other stones. On the left, a young woman wears a gala gown highlighted with equally festive jewelry. Notice the subtle pearl touch to the necklace. Magda suggests that you never neglect your daytime jewelry, either. Clusters of bracelets on your wrist, necklace and earrings (center) are perfect sweater and skirt accessories. Jewelry doesn't have to be flamboyant to be beautiful. In order not to detract from the exquisite design (right) of evening clothes, a simple three-strand pearl choker with matching bracelet and earrings are the also favor a brooch on low-but necklines. Above all else, the famous beauty firmly believes the jewelry you wear must express your own individuality.

By SUE BURNETT
Here is a charming frock for the mother-to-be that is designed for comfort and smartness. The loose jacket is softly pleated with keyhole neck and deep cuffs. The slim skirt provides for needed adjustment.

Pattern No. 8742 is a sew-rite perforated pattern in sizes 12, 14, 16, 18, 20, 42. Sizes 14, skirt, 1 7/8 yard of 35 or 38 inch; jacket, 3 1/8 yards.

For this pattern, send 30¢ in COINS, your name, address, size desired, and the PATTERN NUMBER to Sue Burnett (The Pampa News) 1150 Ave. Americas, New York 19, N. Y.

CHILDREN NEED MILK
Children who drink less than four cups of milk a day often fail to have enough calcium for the normal development of their bones and teeth; and enough vitamin A, riboflavin and other B vitamins for healthy tissue, good digestion and sound nerves.

USE FOR KALE
If your family doesn't like kale served as a vegetable to accompany the main dish, try making a potato and kale soup. Seasoned well, this soup is often accepted with the plain vegetable is rejected.

TO GAIN WEIGHT
Persons who want to gain weight should be on a regular regime. They should eat at regular hours, have enough rest and recreation and some mild outdoor activity. Mealtimes should be as relaxed as possible, with no worrisome subjects brought up during them.

NUTMEG GRINDER
A new nutmeg grinder on the market gives old-fashioned flavor to many foods. Try grinding a bit of the fresh, flavorful spice over such vegetables as spinach and nutmeg; and over such desserts as apple or peach cobbler, pear pie and vanilla ice cream.

SERVE CABBAGE RAW
Serve cabbage raw often because a generous portion of cole slaw provides a fair amount of necessary vitamin C. When you cook cabbage, most of its vitamin C is destroyed.

"COLORED HEARING"
About one of every 20 people has "colored hearing." Certain sounds not only are heard, but also are seen as colors by those with colored hearing.

Here's Gingerbread in party dress. This two-layer affair is filled with fresh applesauce and topped with whipped cream cheese.

Who cannot remember his delight as a child with munching a fat Gingerbread man? An old-fashioned dessert, Gingerbread still finds a popular place on the modern menu as "cake" or muffins. Bakers offer a number of molasses-and-spice desserts in the Gingerbread class. But Gingerbread is easily made at home too, as this recipe proves. Though it can stand alone with its mellow molasses flavor and exhilarating spices, Gingerbread looks pretty with a whipped cream cheese icing. You may give it an applesauce-filling, if you're making the two-layer kind. A hot lemon sauce makes a good topping for Gingerbread Muffins served as dessert. In any of these roles, Gingerbread provides dessert enjoyment at a minimum of cost, yet proffers excellent nutritional value. It is especially high in the food mineral iron provided by enriched flour, eggs and molasses, plus the B-vitamins of enriched flour.

GINGERBREAD

2 cups sifted enriched flour
1/2 cup sugar
2 teaspoons baking powder
1/2 teaspoon salt
1/4 teaspoon soda
1/2 teaspoon ginger

1/4 teaspoon cinnamon
1/4 teaspoon cloves
EGG, beaten
1/2 cup molasses
1/2 cup sour milk
1/2 cup melted shortening

Sift together flour, sugar, baking powder, salt, soda, ginger, cinnamon and cloves. Combine eggs, molasses, sour milk and shortening. Add to flour mixture stirring until smooth. Pour into greased muffin pans or 2 8-inch layer pans. Bake in moderate oven (375°F.) about 20 minutes for muffins or 30 minutes for layers. Makes about 16 2-inch muffins or 2 8-inch layers.

Terps, Illini Bid For Vols' Rating

Bowl Games Make Grid Poll Shaky

By ORLO ROBERTSON
NEW YORK — (AP) — Tennessee may be the nation's No. 1 college football team but you would have a mighty tough job today convincing either Maryland or Illinois.

The boys who operate the split-T formation for Coach Jim Tatum at Maryland soundly whipped Gen. Bob Neyland's Tennessee volunteers 28-13 yesterday in the Sugar Bowl at New Orleans.

Illinois' vaunted Stanford's Int'l Kingspins of the Pacific Coast Conference, 40-7 in the Rose Bowl. Maryland ranked third in the Associated Press poll. Illinois was fourth, three notches above Stanford.

GOOD CROWDS
The Rose Bowl, granddaddy of all post-season gridiron classics, and the Sugar Bowl headed a nationwide card of 13 games which drew more than 400,000 fans. Millions more looked in on the Illinois-Stanford affair at Pasadena, Calif., via a nation-wide television hookup.

The bowl at Pasadena was packed with the largest turnout, 96,825 while another 82,000 jammed into the Sugar Bowl.

The 1951 rankings ran true to form in the Orange Bowl at Miami, Fla., where Georgia Tech (No. 5) edged Baylor (No. 9), 17-14 on Pepper Rodgers' 10-yard field goal in the closing minutes.

But Kentucky's Wildcats, riding on the arm of Vito (Babe) Parilli, dumped No. 11 ranked Texas Christian 20-7 before 75,000 in the Cotton Bowl at Dallas. Kentucky was ranked 15th.

Other results included: Miami (Fla.) 14, Clemson 0, in the Gator; Texas Tech 25, College of Pacific 14, in Sun; Houston 26, Dayton 21, in the Salad; Stetson 35, Arkansas State 20, in the Tangerine; Camp Drake Army 26, Yokosuka Naval Base 12, in the Cherry at Yokohama, Japan; Hinds J. C. 27, San Angelo J. C. 22, in the Oleander; Bethune-Cookman 27, Texas College 13, in the Steel; Prairie View 27, Arkansas A&M 26, in the Prairie; and San Diego State 34, Hawaii 13 in the Pineapple Bowl at Honolulu.

VOL STREAK ENDS
Ed (Big Mo) Modzelewski and Ed Fullerton, a pair of hard hitting backs from Pennsylvania's coal regions, were largely responsible for ending Tennessee's all-winning streak at 20 games and stretching Maryland's string of victories to 12.

Modzelewski, ripping the Tennessee line to shreds, outgained the entire Volunteer team as he picked up 153 yards in 28 tries. Fullerton scored two touchdowns, one on a 46-yard sprint after intercepting a pass tossed by all-American Hank Lauricella.

The Maryland defense was so tight that the Vols gained only 81 yards on the ground and Lauricella was held to a net gain of one yard in seven times he toted the ball.

In contrast to the Sugar Bowl game in which Maryland took a 21-0 lead on three touchdowns within seven minutes early in the game, Illinois and Stanford staged a ding-dong affair for two periods with the Indians holding a 7-6 half-time advantage.

Midway in the third period Stan Wallace, Illini halfback, intercepted a pass from Stanford's Gary Kerker and sped 54 yards to the Stanford 12. On the third play Stanford's Bill Tate ripped around right end for five yards and a touchdown.

From there on the Illini poured it on to continue the Big Ten's dominance over the PCC in the classic. They posted 27 points in the final period to break a Rose Bowl record for points in one quarter. The previous high was 22 made by Alabama in 1935.

BRIGHT HITS BOOKS
SAN FRANCISCO — (AP) — Johnny Bright, Drake's great Negro ball, doesn't let post-season football interfere with his studies.

Johnny borrowed a sports writer's typewriter to do his homework between workouts for the Shrine East-West game.

His chief chore: A term paper on juvenile delinquency.

Kansas Jayhawkers Named Top Cage Team For Week

By JOE REICHLER
NEW YORK — (AP) — Phog Allen's all-conquering Kansas Jayhawkers edged out undefeated Illinois as the nation's top-ranking college basketball team today in the weekly Associated Press poll.

Team standings with points figured on a 10-5-7-4-3-2-1 basis (first place votes in parentheses):

1. Kansas (31)	761
2. Illinois (23)	739
3. Washington (20)	688
4. Kentucky (6)	594
5. Indiana (6)	553
6. New York U. (5)	545
7. St. Louis (3)	459
8. St. John's	391

Big Ten Crumbles Pacific Coast Sixth Straight Time

PASADENA, Calif. — (AP) — Illinois released awesome power in a four-touchdown last quarter to crush Stanford, 40-7, here for 96,825 in the Rose Bowl.

Stunned spectators saw Stanford's defense crumble into the sixth straight defeat of the Pacific Coast Conference by the Big Ten in the New Year's Day classic.

But later when someone asked Illinois Coach Ray Elliot to compare the brand of football in the two leagues, he said:

"There actually isn't much difference in the brands. The coast plays a grand game."

Stanford's defense was geared to stop Illinois on the ground, and succeeded fairly well for half the game. But its heavier line couldn't stand up through 60 minutes of the constant charge of Illini forwards, and when it finally cracked, it fell completely apart.

In nine minutes, 23 seconds of the fourth quarter, four touchdowns poured across. Up to then, the score was a respectable 13-7, the one-touchdown margin most of the experts had predicted.

Stanford's net on the ground was 83 yards. All that kept Stanford in the ball game for three quarters was the strong right arm of Gary Kerkerian, who completed 11 or 22 passes for 166 yards. When he was injured in the final quarter, what fire tailback Billy Hair, moved to both sides to help break up the Tigers' attempts at end runs and stopped everything else that came his way.

Over 400,000 See Bowls

NEW YORK — (AP) — Topped by the 96,825 turnout for the Rose Bowl, post-season football games yesterday attracted more than 400,000 fans.

Here are the figures:

Rose (Pasadena, Calif.)	96,825
Sugar (New Orleans)	82,000
Cotton (Dallas)	75,000
Oving (Miami, Fla.)	65,837
Gator (Jacksonville)	37,000
Salad (Phoenix)	37,000
Sun (El Paso)	15,000
Prairie (Prairie View, Tex.)	8,500
Oleander (Galveston)	6,000
Steel (Birmingham)	1,500
Tangerine (Orlando, Fla.)	12,500

Cats Say Defense Won, While Horned Frogs Point To Parilli After 20-7 Cotton Bowl Defeat

By WILBUR MARTIN
DALLAS — (AP) — Kentucky's defense was the reason it smothered Texas Christian University in the 16th annual Cotton Bowl here yesterday.

Parilli was magnificent yesterday as he passed, ran and punted TCU defense faked the Horned Frogs into a state of confusion. Two of his eight completions were for touchdowns, the first covering eight yards to all the way.

The brutal defense of the Horned Frogs into a state of confusion. Two of his eight completions were for touchdowns, the first covering eight yards to all the way.

Parilli was magnificent yesterday as he passed, ran and punted TCU defense faked the Horned Frogs into a state of confusion. Two of his eight completions were for touchdowns, the first covering eight yards to all the way.

Texas Christian staged four scoring drives, but had only one to go all the way. The brutal defense Kentucky mounted inside its ten-yard line stopped one on the four, another on the one and another on the two. These were the deepest penetrations outside Bobby Jack Floyd's third period 45-yard scoring sprint.

A crowd of 75,000 watched the clubs square off. Of this, each team collected between \$123,000 and \$124,000. Texas Christian was to ante 25 percent of its share to the Southwest Conference.

"It was a team job," said Kentucky Coach Paul (Bear) Bryant, adding the Wildcats' "defense" was the difference.

"Good protection for Parilli's passing" was a major factor he said.

Parilli didn't think he had a very good day (he tried 20 passes), but TCU's assistant coach, Abe Martin, summed up the Horned Frogs' feelings when he said: "Parilli shot us down."

Gilbert Bartosh, who quarterbacked TCU's only touchdown drive, claimed Parilli was the "best passer I ever saw." It was Bartosh who ran and passed TCU to Kentucky's 43 yard line, then called on Floyd. Jumping Jack came through with the longest string against a Kentucky first string defense in 31 games.

TCU Coach L. R. (Dutch) Meyer after the game sat in a raw Cadillac given him by ex-lettersmen of the Fort Worth school and gave Kentucky credit for having a "terrific" team.

"When your kids play the best they can, that's about all you can expect," he said.

PARILLI, FLOWERS HONORED
Kentucky blunted a 71-yard TCU drive on its four minutes after the game began. Then the Wildcats struck back for their first touchdown. A 31 yard pass, Parilli to Steve Mellinger, set

Terps Use Vols' Style To Gain Win

By STERLING SLAPPEY
NEW ORLEANS — (AP) — Coach Jim Tatum taught his Maryland Terrapins lessons from the Tennessee school of football—lessons in waiting for the breaks—and those were the tactics Maryland used to slant the route of Tennessee, and win the Sugar Bowl championship.

Tatum and Maryland didn't have to wait long yesterday for those breaks against the national champions. They came in the first half and Maryland moved brilliantly forward to a 28-13 upset victory.

The smooth, even manner in which Maryland operated and the great wreckage it wrought on one of the highest regarded teams of the last 15 years, may prove to be a big factor in swinging more coaches and teams to the split-T attack.

Maryland is the prime example of split-T precision and power. Tennessee this season was the prime example of single wing power.

The victory was No. 12 in a row for Maryland. For Tennessee the defeat was the first in 21 games. Both teams got \$119,000.

Fullback Ed Modzelewski, quarterback Jack Scarbath, left halfback Bob Shemonick and right halfback Ed Fullerton ran behind Maryland's giant split-T lines as if it were a wall unpenetrable by the Tennesseans.

Modzelewski, a second string all-America with 210 pounds of muscle and bone fashioned on his churning legs, ran 28 times and nearly gained twice as much as all the Tennesseans combined.

Maryland's gain split-T lines as if it were a wall unpenetrable by the Tennesseans.

Texas Doubles Champ

MIAMI BEACH, Fla. — (AP) — Sammy Giammalva, Houston's star, teamed with David Harum of Coral Gables yesterday to win the doubles title in the Orange Bowl junior tennis tournament.

Giammalva won the singles title Monday by ousting top-seeded Tim Coss of Washington, D. C.

Boys Clubbers Meet Borger Team Friday

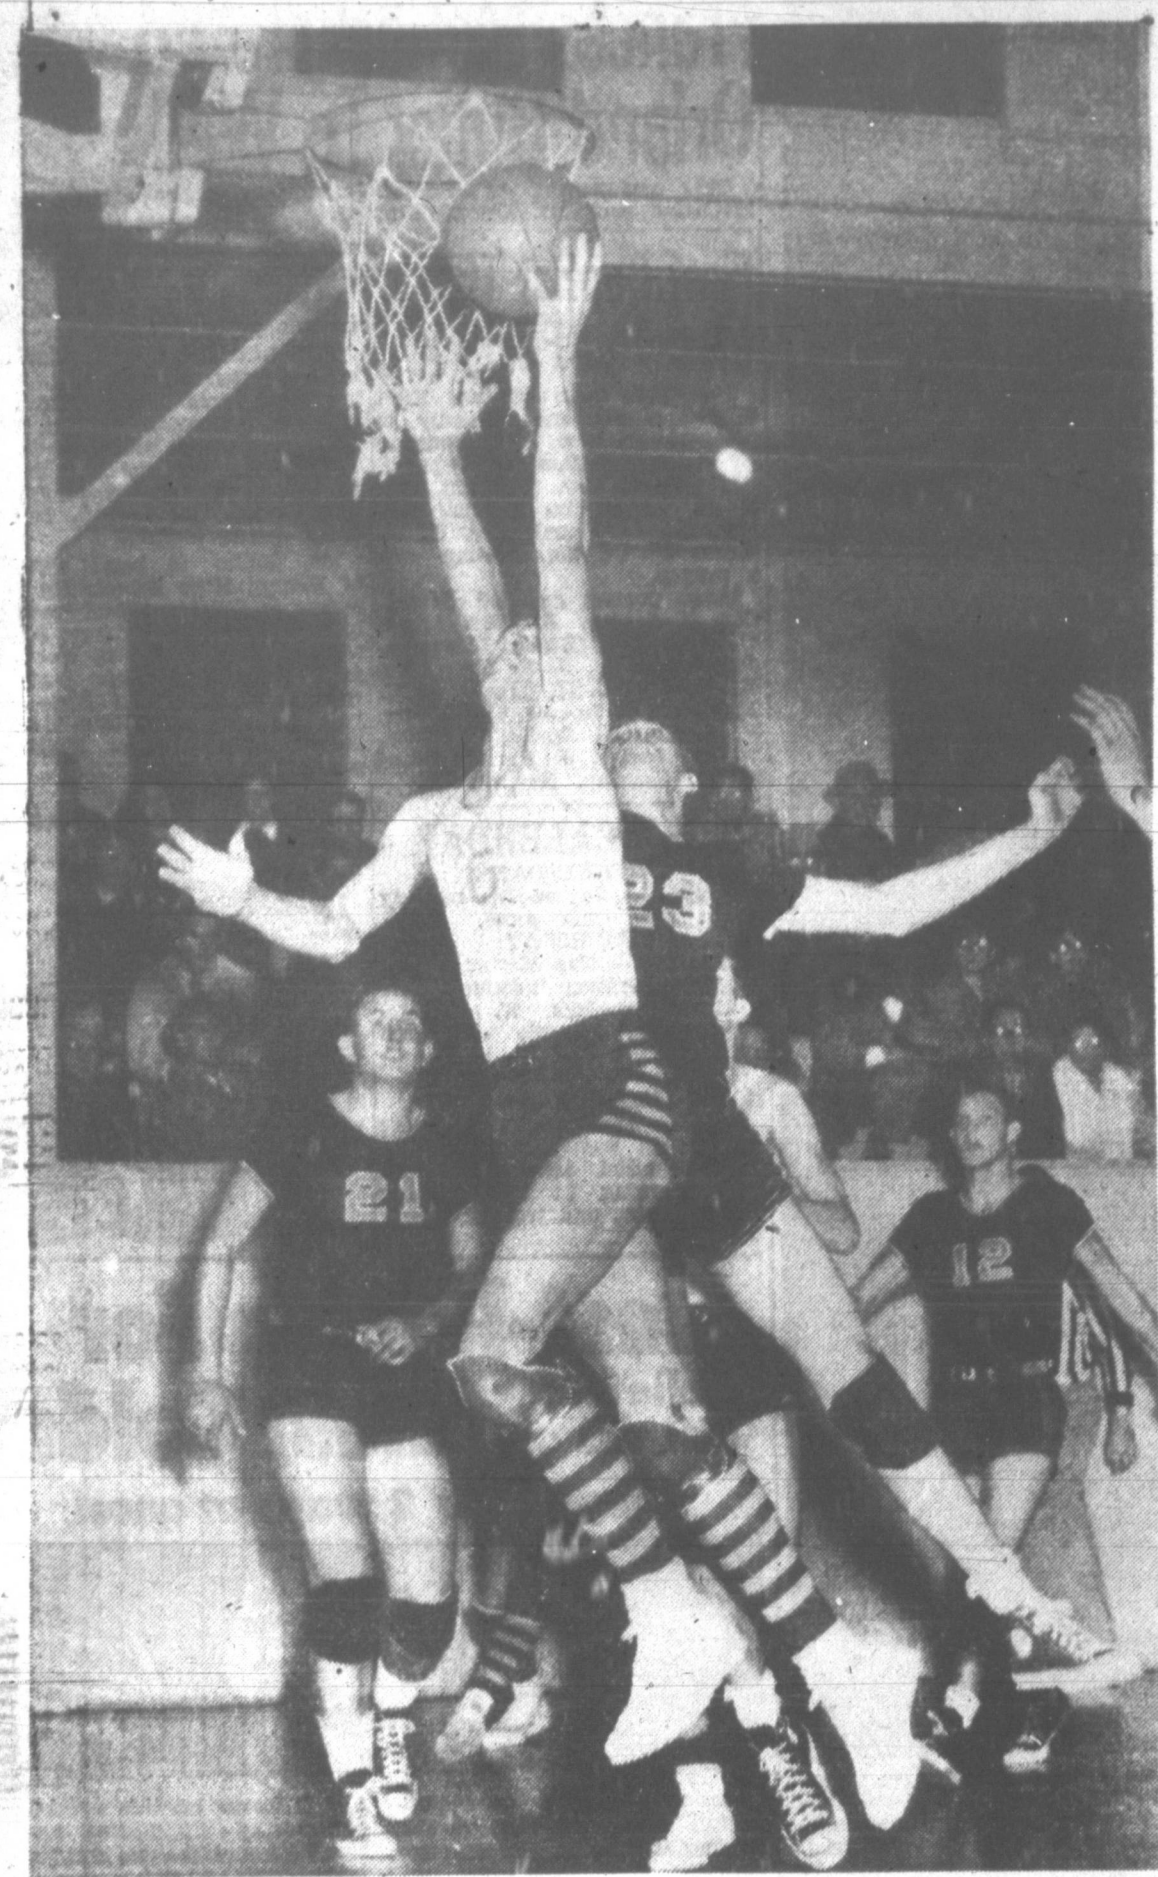

Pampa Boys Club mittmen travel to Borger Friday night to meet a combined team of Borger and Slinnet glovers in a team match. The fights are scheduled to start at 8 o'clock.

At least a dozen matches are scheduled for the high school gymnasium each afternoon.

Hatters Win

ORLANDO, Fla. — (AP) — Stetson's Hatters came back strong in the second half to win the Tangerine Bowl football game with Arkansas State New Year's night, 35-20.

The Hatters, behind 7-13 at the half, won on the passing of Bill Johnson, who threw for three touchdowns.

ONE WAY STRETCH — Jimmy Bond, Harvester sophomore forward, stretches for two points during last night's game against the Phillips Blackhawks at the Junior high gymnasium. Trying to guard the lanky high scorer is Buddy Gray (23) while teammates Bobby Wells (21) and Teddy Reddick (14) look on. Bond led the Harvester scoring for the night with 15 points. (News photo by Don Duncan, staff photographer.)

Hustling Harvesters Stomp Phillips Blackhawks, 62-36

Pampa's Hustling Harvesters, runaway early in the first period, took — during the second period — during the second period.

McNeely led the starting five play the third period and they ran the count to 54-25 before giving way to the second string for the final quarter.

It was a ruckus ball game, with both clubs playing wide open ball. The fine driving offensive play of Tommy Smith, the playmaking of Jimmy Duane, and the work on the boards of the Bond brothers and Woods, made it appear that the Harvesters are ready for the Christmas tournament which opens Friday.

The Harvesters are defending champions of that two-day affair, and on the strength of their record of 11 wins and 0 losses, will be strong favorites to repeat. The bracket of the meet hasn't been received as yet, so the Harvesters' playing schedule is unknown.

In the preliminary game, the Guerrillas also sharpened up for tournament play. They knocked out a 53-41 win over the Phillips B team in a rough and tumble affair. The B squadders led all the way, 15-8 at the first quarter mark, 27-22 at halftime, and 38-32 as the fourth period opened.

Ed Dudley led the Guerrilla scoring with 16 counters on five field goals and six free throws. He was followed by Doug Randolph with 11 and Ray Cooper with nine.

SPORTSMAN'S DIGEST

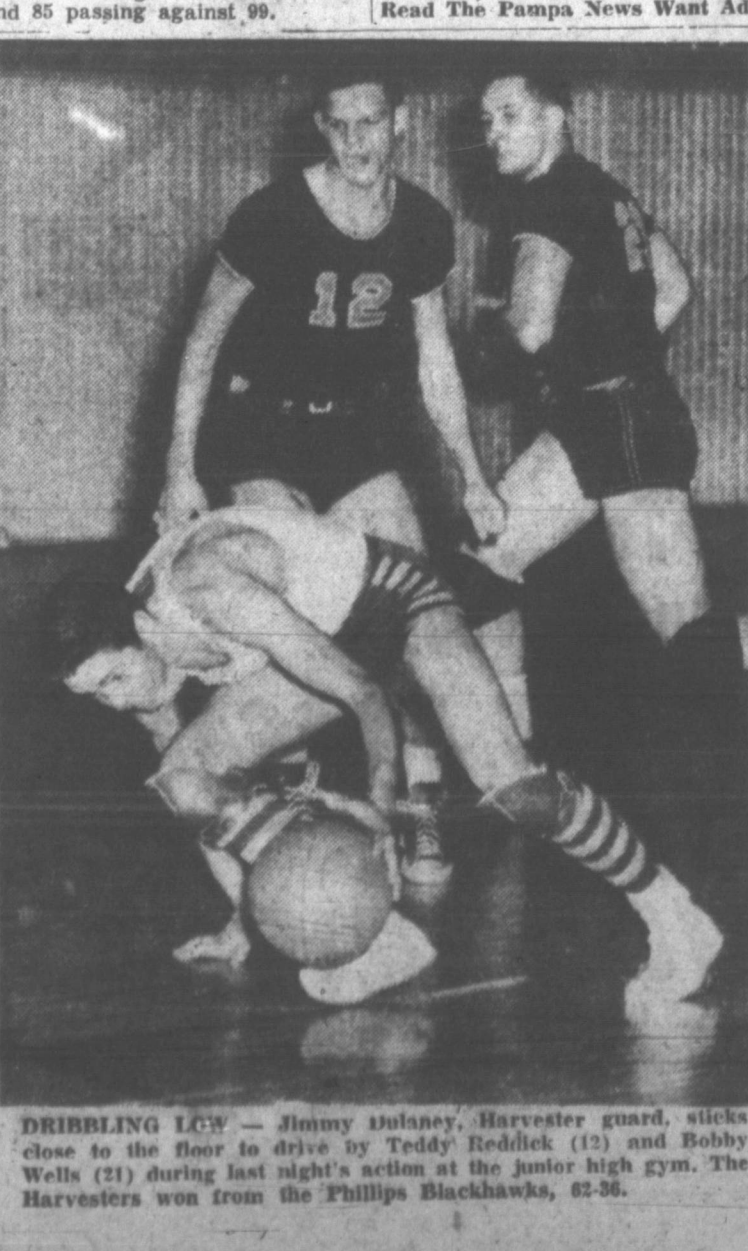

By Hal Sharp

GUARD YOUR FLIES FROM WINTER MOTHS

AVOID THE DISAPPOINTMENT OF FINDING THE MOTHS HAVE DEVOURD FEATHERS AND HAIR FROM YOUR FAVORITE (AND EXPENSIVE) FLIES DURING THEIR WINTER STORAGE.

DIP FLIES IN KEROSENE AND LET THEM DRY BEFORE STORING THEM IN A METAL CONTAINER.

WHEN YOU WANT TO GO FLY FISHING AGAIN JUST HOLD THE FLIES OVER A STEAM JET FOR A MINUTE TO RE-STORE THEM.

DRIBBLING ICE — Jimmy Duane, Harvester guard, sticks close to the floor to drive by Teddy Reddick (12) and Bobby Wells (21) during last night's action at the junior high gym. The Harvesters won from the Phillips Blackhawks, 62-36.

Raiders Accept COP Errors To Win

EL PASO — (AP) — College of the Pacific made too many mistakes and Texas Tech took advantage of all four of them.

Take it from their coaches, that's why Tech's Red Raiders triumphed yesterday, 25-14, in the Sun Bowl.

Coach Ernie Jorge of the Pacific Tigers from Stockton, Calif., put it this way:

"Texas Tech has a very alert and sharp ball club. You can't make mistakes against it and win — and we made four."

Commenting in a like vein, Coach De Witt Weaver of the Techs from Lubbock, added:

"We made some changes in our defense in the second half, and our boys knocked 'em loose from the ball."

Both were talking about four costly fumbles by COP bats. Two led directly to touchdowns which won for Texas Tech, and the others stopped possible counter scoring and kept the Tigers off balance.

Tech also intercepted four passes without losing any of its own.

Junior Arterburn, 175-pound all-Border conference quarterback from Ranger, Tex., led the attack from Tech's split T. He scored the winning touchdown early in the second period, passed for another and was the key in the Tech offense.

Slender Eddie Macon, Negro speedster for Pacific and the first of his race to play in the Sun Bowl, shared rushing honors with Tech fullback Jim Turner. Macon totaled 60 yards for 10 carries. Tech struck twice in the first period, and once each in the second and third. COP scored touchdowns in the first and second periods.

SWC Cage Race Underway Tonight

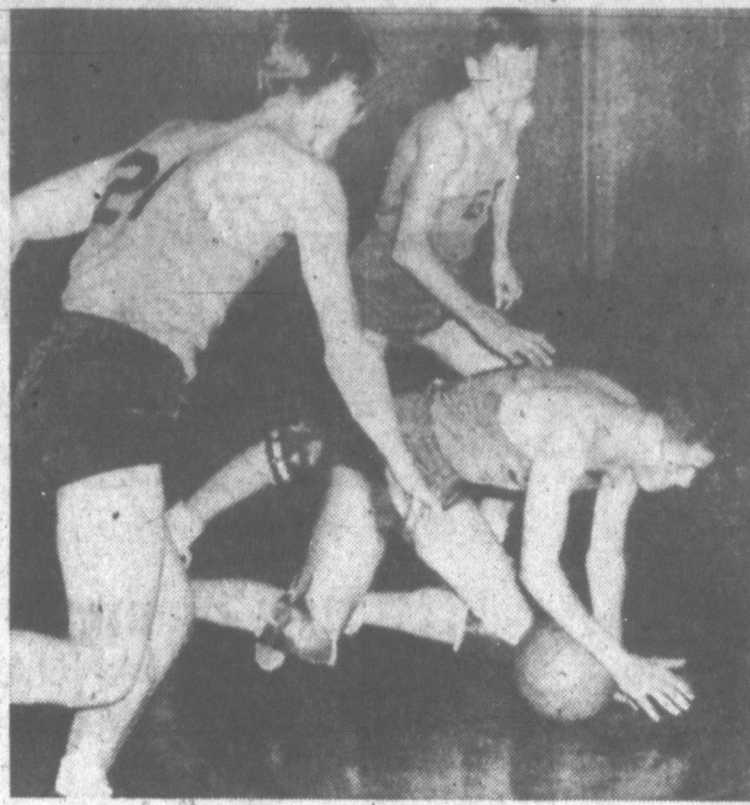

By the Associated Press
Texas Christian, rated most likely to succeed in the 1952 Southwest Conference basketball championship, meets an arch-rival, Southern Methodist, tonight in Fort Worth.

It will be the first game to count in the season's standings and the Horned Frogs, who won last week's Southwest Conference basketball tournament, are eager to get off to a fast start.

The Christians had a shocking, easy time in polishing off Texas A&M in the tournament finals, 65-35.

Two of the conference's leading individual scorers will meet in tonight's TCU-SMU clash. George McLeod of the Christians is leading in pre-season game points with 182. Derrell Murphy of SMU is sixth highest scorer with 136 points.

Conference teams will play a three-game schedule this week. TCU and SMU will see action again Saturday night. Texas Christian meets Texas at Fort Worth and Southern Methodist is host to Rice at Dallas.

TUMBLE — Ray Cooper, Guerrilla forward, recovers a fumble during last night's preliminary game with the Phillips B team. He beat Hawk Simms (21) to the ball while teammate George Depee (65) looks on. The Guerrillas downed the Hawk B squad for the second time this year.

Sports Round-Up

By HUGH FULLERTON, Jr.
NEW YORK — (AP) — Getting a head start on the Olympic year, the U.S. bobsled team already has dropped a few alternates and the ski team has announced a curtailment in order unless more money is forthcoming. You'll hear more of the same thing right up till the last extra team manager goes overseas next August.

Meanwhile the hockey folks must be having a good laugh out of it all. Remember the loud and prolonged argument whether the Amateur Athletic Union or the Amateur Hockey Association had authority to send a team to the 1948 Olympics? Well, they finally settled that with the AHA getting the recognition it wanted and equal representation on the Olympic hockey committee. The 1952 team has been chosen and now the AHA folks can sit back and wait for the Olympic officials to come up with the money.

If there's difficulty, which seems likely, nobody will be left behind because the "pros" — as the AHA folks were called — can always figure out a way to finance such a tour. They're just not doing it until asked.

It might be a good thing if somebody figured out a reliable four-year plan for financing all Olympic trips instead of depending on last-minute contributions.

QUOTE, UNQUOTE

Don Barkdale, who had his troubles making the jump from AAU to professional basketball: "The Phillips Oilers wouldn't be very much better than a last place club in the NBA. In 1948 they were strong and would have been tough among the pros, but this year they aren't that good."

ONE-MINUTE SPORTS PAGE

Bill Bevens, the ex-Yankee pitcher, gives Wayne Anderson and sportswriter Tom Meany a credit for his comeback that earned him another big league trial with Cincinnati. Anderson, the Reds' trainer, worked over Bevens' arm for two years and then tipped off boss Gabe Paul that Bill was in condition. Meany gave him "something to work for" by traveling from New York to Salem, Ore., to write a story on Bevens. Syracuse U. is expanding its television sports coverage this winter to include swimming along with wrestling and gymnastics.

Racing folks in Florida already are getting steamed up about the second "horsemen's open" golf tournament, to be held at Miami Springs in February. Probably will have "straight, place and show prizes."

CLEANING THE CUFF

Tommy Loughran, who was one of the best jobbers in the boxing business, used to train by holding a ten-ounce dumbbell at arm's length for as much as a half hour. That made it easy to keep his left, weighted only by a glove, stuck into some guy's face for 30 or 15 rounds, but Larry Babney, Bayliner in the Orange Bowl game, caught every inning of all 20 games for the 1951 baseball team. Marquette's basketball combination of Doug Gill and Rube Schultz tried rooming together until they found that Gill plays too conservatively while Schultz likes to accompany polka platters with his tuba. Hope it was a sound-proof room.

North Plains Meet Underway Tonight

The ninth annual North Plains Invitational Basketball tournament gets underway at Claude tonight with a pair of games, starting at 7:30.

The opening game has the White Deer Bucks, coached by Cuby Kitchens, facing the Summit Raiders. In the other contest, the host Claude Mustangs meet the Gruver Greyhounds at 8:45.

These are the only two games on the schedule for the first of the four-day tournament which winds up Saturday night.

Thursday play starts at 3 p.m., when the Pampa Guerrillas meet Panhandle and at 4:15 Lefors plays Groom. Thursday night, Phillips, Happy and Stratford go into action against some of the first round winners.

If the Guerrillas win they play Phillips at 9:30 Thursday night, and if they lose they meet the loser of the second round game between Happy and the Phillips. The Claude girls, defending state champions, will play exhibition games against McLean on Friday night and Gruver Saturday.

100 Exciting Years Wrapped In Greatest Sports Stories

By HARRY GRAYSON
NEA Sports Editor

NEW YORK — (NEA) — The next best thing to having 100 years' experience as a sports writer, which is what most of us will feel like we have been through on awakening to the cold, gray dawn of Jan. 1, is to read a new book titled, "The Greatest Sports Stories From The New York Times."

This voluminous work takes you behind the scenes of the sports classics of the century from 1851 to the present.

As an example of how sports writing has improved or deteriorated, according to your taste, the opening account, dated Oct. 3, 1851, on the first America's Cup race, rambles on for several pages of flowery prose before reluctantly informing the palpitant reader who won. By 1888, in an account of the first Futurity, things had improved to the point where the reader in the first paragraph was given the winner.

That sports writers of yesterday were more given to understatement than the poor wretches of today is attested in an account of the John L. Sullivan-Jake Kilrain bout in 1889.

In describing how the contestants and spectators were moved from New Orleans, from whence they were chased, by special trains to Richmond, Miss., the anonymous Times reporter records, "Among the passengers were Attorney General Rogers and Chief of Police D. C. Hennessy (both of New Orleans). They stated they were only going as far as the State line, to see that the fight did not occur in Louisiana, but as they failed to return it is presumed that they continued on the way with the others."

Of the match in which James J. Corbett defeated the Great John L., The Times reporter says, "Surprisingly contrary to modern belief, Sullivan showed up in splendid shape, massive in proportions."

Of the opening of Belmont Park in 1905, The Times records that, "Forty thousand people journeyed to the plains of Hempstead, an amazingly large crowd for the first day. That tracks already were working up to parking problems is attested by a paragraph which says, "Possibly one of the most impressive big things about the occasion was the automobile show. There were five acres of automobiles in the enclosure."

Harry Cross, describing how Charlie Brickley's five field goals topped Yale in 1913, sums it all up nicely in a paragraph, "The newsies here tonight are not screaming about Harvard's triumph, but are yelling, 'Wuxtra! Wuxtra! All about the New Haven wreck!'"

Fred Van Ness called the turn neatly in describing how upset beat Man O' War, "The manner in which he ran stamped Man O' War as the best in his division. He would have walked home with anything like a fair chance."

A charming picture of the state of the nation in the prosperous, untroubled and easy-going 1920s is contained in James E. Hays' story about how Senators beat the Giants to win the 1924 World Series.

"The President has issued a statement on behalf of a grateful nation," Harrison recorded, "and there is some prospect that the House and the Senate will meet in special session and pass a resolution naming Walter Johnson and Bucky Harris as the greatest heroes of the day."

From James P. Dawson comes an account of the "long count" in the second Tunney-Dempsey match. He shows Dempsey in the argument that has been raging since the memorable night in Chicago in 1927.

"The knockdown brought the knockdown timekeeper, Paul Beeler, to his feet. He bawled 'one.' When he saw Dempsey in his own corner, directly above Tunney, Beeler's count stopped. Referee Dave Barry never even started one."

"It is the referee's duty to see that a boxer scoring a knockdown goes to the corner farthest from his fallen foe. It is the duty of the knockdown timekeeper to delay the count until this rule is obeyed."

Yes, sir, this 680-page book (A. S. Barnes and Company — \$4.95) runs the gamut from crew racing to polo. Reading it is the next best thing to being a sports writer for 100 years.

And not half so wearing on the nervous system.

San Angelo Rams Fall In Oleander

GALVESTON — (AP) — A three touchdown scoring spree in the last quarter won a 27-22 victory for Hinds Junior College of Raymond, Miss., over the San Angelo Rams in the fourth annual Oleander Bowl yesterday.

The Hinds Eagles scored first on a 66-yard run by Willy Juenke but were held scoreless for the next two quarters.

Trailing, 7 to 22, at the end of the third, the Eagles opened their final quarter touchdown parade with a 60 yard drive capped with a 19-yard touchdown pass from James Ratcliff to Earl Jefferson.

Their next TD came when they received a Ram fumble on the 19 and Ratcliff sneaked across from the two. The final and winning touchdown came in the final three minutes of play on a 45 yard scamper by Hugh Montgomery. Roy Price converted after three of the four Eagle touchdowns.

The San Angelo Rams started their first touchdown drive in the opening period after recovering a Hinds fumble on the Eagle's seven. Douglas Cameron crashed over from the one.

The Rams took the lead in the second quarter when Dean Shaver carried the ball across from the one-foot line.

In the third quarter the Rams drove to the Eagle's nine but the attack bogged. A. C. Talley then kicked a field goal.

The final Ram touchdown came on a pass from Kenneth Henson to Taylor Meeks after San Angelo recovered a blocked Hinds punt.

Talley converted after the second Ram touchdown. The other attempts to convert fizzled.

Golden Gloves Entry Blank

All contestants in open division must be 16 years of age or over.

Fill out the blank below and mail to Golden Gloves Editor, Pampa News, Box 901, Pampa, Texas.

NAME

ADDRESS

AGE WEIGHT EXPERIENCE (No. of Bouts)

The above named boy has my permission to participate in Golden Gloves.

signature of parent.

The Pampa District Golden Gloves tournament is scheduled for Jan. 14, 15 and 16 in the junior high school gymnasium.

Texas College Is Steel Bowl Loser

BIRMINGHAM, Ala. — (AP) — Quarterback Ray Thornton was the difference as Bethune-Cookman of Daytona Beach defeated Texas College, 27-13, in the Negro Steel Bowl game here New Year's Day.

The 180-pound sharpshooter passed for two touchdowns, set up another with a long pass, and scored a fourth himself.

Thornton passed 32 yards to right half Clyde Saunders for the first touchdown early in the opening quarter, then climaxed a long march in the second with a five-yard scoring sprint around end.

Texas College, of Tyler, Tex., fought back for a 13-13 tie at the half.

Left half John Wilson broke loose for 33 yards and a touchdown in the first quarter and O'Dell Ladd converted. Right half Louis Hicks smashed over from the one just before the half for the other Texas touchdown.

Thornton then tossed 29 yards to Norman Townsend, and fullback Howsie Tenner carried over two plays later from the 12 early in the fourth quarter.

Lefors Ringmen Due To Begin Hard Work Today

LEFORS — (Special) — Lefors mittmen don the gloves Jan. 3 in preparation for the 1952 boxing campaign.

Long a stout contender in regional fistfights, the Pirates again will field a strong aggregation headed by such returnees as Cecil Sanders, Darwin Teeters, Jerry Henderson, Fred Blackwell, James Warner, Carroll Welch, Pee Wee Crutcher and the tough Eddy Clemons.

Some other candidates are expected to announce their intentions soon. Coach Bob Callan, whose brother, H. W., coaches Shamrock, expects the rivalry between the two towns to be as intense as ever. Naturally, John Lee's Wellington Skyrockets and the Pampa Boys' Club will have to be reckoned with.

Fanhandle, which announced the abandonment of the manly art last fall, might field an independent team of some of the outstanding fighters, it was reported.

All area teams will probably be represented at the Pampa district Golden Gloves tourney, Jan. 14, 15 and 16, and the Shamrock and Wellington invitationals.

Clarendon, a strong contender in the past, has not announced its plans.

SPORTS AFIELD

By TED KESTING

Suppose you were on a wildlife quiz program and the man asked you to name North America's most mysterious carnivore. Also suppose he hesitatedly gave you the following clues: (1) That the animal is a member of the weasel family, weighs up to 20 pounds and reaches a maximum length of four feet; (2) that it is a cannibal and no animal surpasses it in ferocity and blood-thirstiness; (3) that it is the only killer able consistently to prey upon its own kind; (4) that in the trees it is the fastest of all four-footed creatures; and (5) that its pelt is equal to Siberian sable in richness and luster.

The answer is the pekan, or fisher — largest of the martens. But nobody would be blamed for fluffing the question. Certainly no other animal on the continent has been a greater genius at keeping his family secrets inviolate.

It is only in recent years — after the fur farmers finally solved the puzzle of propagating the fisher domestically — that we have had any real knowledge about this formidable animal's life.

The female fisher, according to outdoor writer Russell Annabel, has an incredibly long gestation period. Mating takes place in the spring, late March to early May, with the young not arriving until almost a year later.

"The litter varies from one to five, with three and four being most common. Four to nine days after the young are born the mother fisher goes out to mate again. It is she who seeks the mating. She is a devoted mother, but at this time, until she finds a male and mates, her helpless babies are forgotten. The reason for the basic fishers.

Fishers are fastidious in appearance, but not about what they eat: snakes, toads, frogs, mice, beetles, grubs, and even birds' carcasses, which no other animal will eat. But they do not eat fish. "Pekan," an Indian term, is a better name.

They are the outstanding cannibals of the wild since they prey relentlessly on their blood relatives, the martens. They resemble their relatives but range in color from grizzled gray-brown to jet-black and often have white patches extending from their chests back along their bellies.

Sports Mirror

By The Associated Press

Today a year ago — Bradley was voted the top basketball team in the country in the weekly AP poll.

Five years ago — The New York Yankees announced veteran Frank Crosetti signed a player-coach contract.

Ten years ago — Bernie Bierman, Minnesota football coach, has been called to duty by the Marines.

Meyer Has Praise For Ex-Shamrock 'End

SHAMROCK — (Special) — Coach "Dutch" Meyer of TCU had high praise last week for Wayne Martin, junior defensive end for Shamrock.

Meyer said the former Irish star had "really saved us a number of times" during the past season.

Martin was a defensive starter throughout the season, a former all-state end for the Irish. Coach Meyer said that Martin, playing on defense, had failed to receive the praise due him, in comparison with other Southwest conference ends, because of his pass responsibility, when other ends were crashing through to break up other types of plays.

Lassie Star Home

SHAMROCK — (Special) — Shamrock basketball fans remember a lot last week when they saw Peggy Porter, 1951 graduate, back for the holidays.

Peggy, now a student at North Texas State, Denton, hooped 211 points for the Irish Lassies last year. 36 of them in one terrific scoring burst when the Irish trimmed Lefors 65-10.

But even then the tough McLeanites were too strong. Shamrock won second in the District 2-A tournament at McLean, being downed in the finals by the McLean Tigerettes, 48-24, who then took second in the state.

Peggy was usually the scoring leader for the Lassies.

Ex-Chicago Cub Pitcher Slain

EL MANTE, Mexico — (AP) — Officials will decide today whether there will be a trial in connection with the fatal shooting Saturday of a former Chicago baseball star.

Hiram Bithorn, 36, Chicago, once a top hurler for the Chicago Cubs, died in a Ciudad Victoria hospital Dec. 29 of a .45 bullet wound in the stomach. An El Mante policeman was questioned.

Dist. Atty. Jesus Govea said last night his investigation indicated Bithorn was shot when he attempted to break way from the policeman after being arrested.

The former pitcher apparently was stranded in El Mante and attempted to steal his car, Govea said.

He was detained for questioning after he told police he had no registration documents for the car nor personal documents for himself.

Govea said Bithorn asserted his documents were at his mother's home in Mexico City, and the policeman, Corporal Ambrosio Castillo Cano, was ordered to escort Bithorn by bus to the capital to get them.

The policeman told officials he fired his .45 pistol when Bithorn struck him and attempted to break away enroute to the bus.

FIRE — Ray Cooper (80), Guerrilla forward, sank a two-pointer during the preliminary game with the Phillips B team. Teammate Doug Randolph, (15) watches while two Hawks, Griffin (11) and Glasgow, fall in attempts to block the shot.

Good Weather To Improve Hunt

AUSTIN — Those Texas sportsmen, discouraged by the 1951 hunting seasons were consoled by the executive secretary of the Game and Fish Commission.

He said that while "the luck of many hunters was very bad because of a game shortage, conditions are not so dark that they cannot be improved by two or three good years of weather."

"The ravages of the drought have been particularly severe for the deer and turkey," said the executive secretary. He pointed out that the deer toll from the drought will be accentuated by many more winter deaths from starvation.

"One bright spot on the hunting horizon this year," he said, "was the extraordinarily good quail hunting in the Panhandle. And this fine crop of birds will serve to stand as hope for the hunters since the Panhandle situation shows the difference provided by favorable weather conditions."

"While most of the state has been blighted by the dry weather, the Panhandle has had more normal moisture. This is reflected in the splendid quail crop."

In the case of wild turkey which have deteriorated badly in the state, the executive director said a change to more favorable weather "should find the turkeys rebounding quickly."

He relayed encouragement for such hunters about a diverse waterfowl prospects, citing that Canadian nesting areas had good fall rains.

Twenty years ago — Vincent Richard won the national indoor professional tennis tournament in New York.

Campbell Still Around For Boxing Season

SHAMROCK — (Special) — Bobby Campbell is through playing football for the Irish, but his big punch in boxing is still potent.

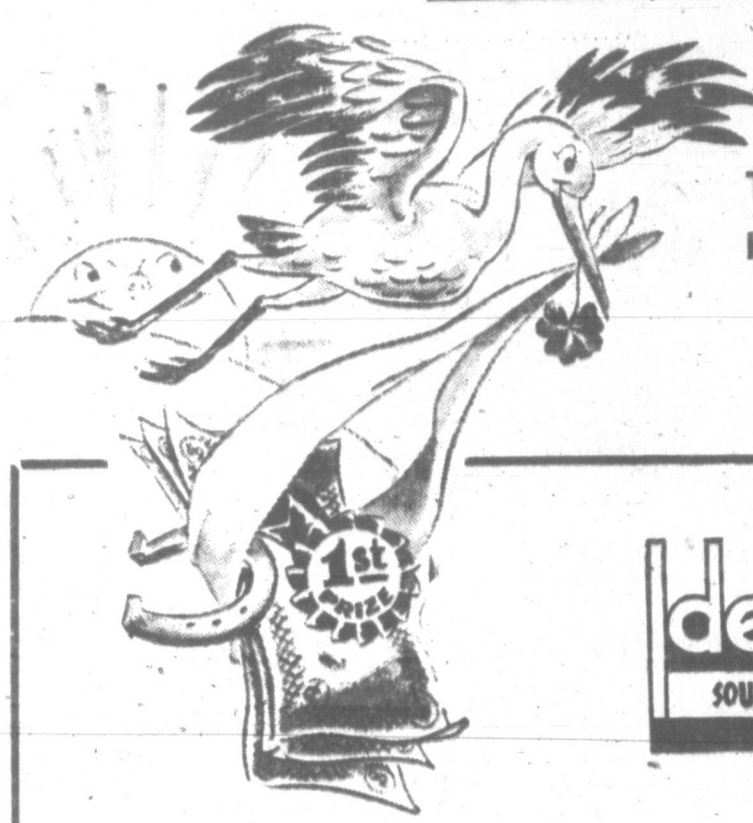

Although only a junior, the defensive end will be ineligible in 1952 because of overage, but he's plenty eligible for beak-busting this year.

Known as the KO king because of having won 13 of his last 14 battles by KOs, he will be in there swinging for more KOs in the tourney battles at Shamrock and Pampa.

Coach E. W. Cujan said the 147-pound bruiser was very discouraged in 1950-51 because he couldn't find opponents for him. No one seemed to want in the ring with him.

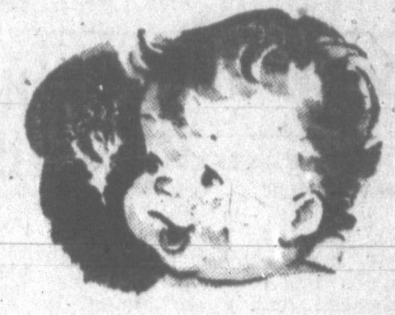

Campbell had given as an earlier reason for not coming out this year, the lack of opponents. Now he's raring to go.

MORE PRECIOUS THAN RUBIES

By Nina Wilcox Putnam

Copyright 1951 by NEA Service, Inc.

THE STORY: Alma Conroy, jewelry designer, has learned that her husband, entranced with money by the firm where both are employed, has lost or spent \$2000 of the money while on a spree. In order to replace it, Alma takes some ill-gotten jewels of her own to a gold-buying firm, but upon her arrival, she finds the proprietor missing.

XVI

INSTINCTIVELY Alma let out a smothered scream which was lost in the thunderous music which was still pouring from the radio. Then she called out wildly, "Help! Help!"

"There was, apparently, no one near enough to hear her, and with a super-effort she fought down her rising panic. She must not yell, like that, she must keep her head—do something!"

Where were all the people who belonged in the outer office? Would they never come back? Struggling against the shock and the nightmarish feeling of unreality she tried to think clearly. What ought she to do? Find some other office on the floor and tell what had happened? Ring for the elevator man, call the police? That was it, of course!

The right thing to do was to call the police! But if she did she ought to stay there—right where she was with that—what thing on the floor!

Besides if she called the police, she would be questioned. The box of old trinkets she carried would be examined, her need for selling them pried into. Her name would come out in the newspapers—Tommy's name too. And Trumbull!

That was almost the worst aspect of the whole wretched situation; The House might be involved, for this dead man, who looked as if he must be important, possibly the very person who had dealt with the House in years past, would be connected with

Inflation's Pace Eased

WASHINGTON — (AP) — Inflation's pinch on the public pocketbook, which tightened at lightning pace after the first shot was fired in Korea, eased off in 1951.

By year's end housewives watching the family budget weren't quite as concerned as they had been 12 months before. The brakes had been put on the rising cost of living.

Prices still were on the upgrade, but the pace had been slowed. Living costs, as measured by the Bureau of Labor Statistics, hopped upward only about two percent from the first of this year through November. This contrasted with an eight percent jump from the Korean outbreak in June, 1950, through the rest of that year.

Generally, three major factors were credited in 1951 with checking skyrocketing prices:

1. Government controls applied for the first time with the nation technically at peace. The biggest action was the general freeze of prices last January 26, followed by numerous price orders that held increases to a minimum.

2. Consumer resistance to buying as inflation moved the cost of many goods above the average family income, and government action to curb hoarding.

3. A drop of raw material costs in many fields because of consumer resistance to purchasing high-priced finished goods and because supply overtook demand. A speed-up in production after shooting started in Korea had boosted many inventories far above normal.

But, even with inflation slowed to near snail's pace, government experts continued to watch price barometers with a wary eye. They still saw danger ahead.

Michael V. DiSalle, the government's chief price stabilizer, and other officials agreed the big test hinged on the speed of defense spending. They said that if spending moves forward at an evenly accelerating pace, prices can be held down.

At any rate, DiSalle said he is confident there will be no repetition of the runaway inflation of late 1950 that brought on the need for direct controls this year. He said he trusts the government's stabilization program can hold price ceilings "somewhere about their present levels."

OVER THE PEAK IN BIRTHS
 The nation's birth rate has continued its downward trend since 1947. Then, nearly 4,000,000 infants were born—largest baby crop in U. S. history. The next decade is almost certain to see further decline in the rate, if only because fewer persons are now at the age of parenthood as a result of the drop in births during the 1930's. Data for the Newschart are from "Children and Youth at the Midcentury." (Copyright 1951, Health Publications Institute, Raleigh, N. C.)

CITY POPULATION UP—Bureau of Census figures show it's becoming harder to keep 'em down on the farm. The Newschart above shows the rapid increase of city dwellers since 1930, while rural population is increasing at a much slower pace.

Consumer Price Index
 The cost of living for 1951, measured by the Bureau of Labor Statistics' Consumer Price Index, continued to reach record highs each month as shown on Newschart at right. In October the index hit an all-time high of 187.8—with government experts predicting more inflation and higher cost of living for the immediate future. Chart on left shows the index from 1939-50 using the 1935-39 average of 100 as the "norm."

They'll Do It Every Time

To HEAR JERKLEY SOUND OFF—THE ARMY SHOULD HAVE CLEANED THINGS UP IN ABOUT THREE DAYS...

THEN HE GOT HIS DRAFT NOTICE... AND TO HEAR HIM NOW, IT'LL TAKE TILL 1955 FOR HIM TO GET READY...

WHAT'S THE MATTER WITH THEM GENERALS IN KOREA? NOW WHAT ARE THEY STALLING ABOUT? THEY SHOULD'VE HAD THIS WAR OVER IN A WEEK—A FINE WAY TO RUN AN ARMY...

B-BUT—I CAN'T REPORT NEXT MONTH! I CAN'T GET MY AFFAIRS IN ORDER THAT FAST! I GOT THINGS TO DO—MY MY COUSIN'S GOT LUMBAGO—CAN'T I HAVE A DEFERRMENT FOR A YEAR OR SO?

THANK AND A TIP OF THE HAT TO THE GUY WHO CLEARLY GOT THESE GUYS INTO THIS WAR.

See Maxine Stalcup for Automobile Liability Insurance, State Farm Mutual, Phone 3637-W. Day and late evenings.

Mrs. Helen Eberly of Los Angeles, Calif., visited friends here over the weekend. She is a former resident and was a nurse in Worley hospital before moving to California.

If you fail to receive your Pampa News by 6 P.M. call No. 9 before 7:00 P.M.

Mr. and Mrs. Charles Laffoon are visiting here with his parents, Mr. and Mrs. Phips Laffoon. Another guest in the Laffoon home is Mrs. Laffoon's mother, Mrs. G. Watson of Cisco.

Lost: 6-month-old Pekinese pup, with black face, scar over left eye. Call 4097-W or 4183-W.

Pfc. Tommy Nash, Pfc. Cleburne Light, Pfc. Leon English and Cpl. Dale Smith left Monday for Keesler field in Mississippi after a 10-day visit here.

Notice new serving hours announced by O & Z Dining Room. Noon meals, 11:30 to 2:30 p. m. Evenings: 5 to 7. Meals, \$1.00. 306 N. Cuyler, Closed Sunday.

Miss Daisy Jim Daugherty of Amarillo visited friends and relatives here over the weekend. She is a sister of Mrs. Rufe Thompson and Mrs. Edwin Vicars.

For rent: furnished garage apt. 705 N. Gray. Phone 5257-W.

Mr. and Mrs. Tony Lee Timmons, 315 S. Ballard, announce the birth of a daughter at 8:44 a. m. today. She has been named Lea Ann.

Rotary Club Inducts Two Members

Pampa Rotary started off the new year today with the induction of two new members and one proposal for membership.

Brought in as new members were Hugh Peoples and Miles Neighbors who were inducted by Travis Lively.

Capt. Charles Robison, commander of the Pampa National Guard unit, spoke to the club on the purposes of National Guard units.

He termed the National Guard the largest reserve component of the United States Army and recalled that its mobilization in 1940 and early 1941 virtually doubled active force of the army and was commanded by then Lt. Col. George Washington and later by George Starshill.

Robison said work with guard units takes time and energy and is also his hobby.

He decried the lack of interest by Pampans and Texans in their National Guard units saying that during WPA days Texas built roadside parks while Oklahoma and other states built guard armories. Only 17 armories are now located in Texas.

He told Rotarians the local unit — Headquarters and Headquarters Btry., 474th Field Artillery, 4th Cavalry Division, now has 12 officers and 62 men but has an allowable peace time strength of 14 officers, and 120 men. The type of men accepted for enlistment must be high calibre men — "the type you would want your sons or brothers to associate with," he said.

Rev. Douglas Carver, president over the business meeting in the absence of Club President George Scott.

Dividends Are Paid By Security Federal

The 47th semi-annual dividend was paid Monday by the Security Federal Savings and Loan Assn. to 1436 Panhandle people.

Aubrey Steele, secretary-treasurer of the association, stated \$51,857.63 had been paid in the last dividend period.

Pleads 'Not Guilty' To Driving Charge

A plea of not guilty to a charge of driving while intoxicated was entered today in county court by Wirt Edward Ellis, 28 N. Nelson. Bond was set at \$500.

Ellis was charged after an accident Tuesday at W. Foster and Snyder involving two cars.

Police said the mishap occurred when Ellis backed from a curb and was in collision with a car driven by Sammie Lee McClelland, 420 Henry. Investigating officers estimated total damage at \$165.

Boyle Welcomes Newcomers, Gives Little Encouragement

By HAL BOYLE

NEW YORK — An open letter to any child born on New Year's day:

Welcome, to the world, kid. Something new has been added — you! and we need you.

You arrived with a cry; you'll leave with a sigh, years and years from now. The first thing you got was a free spank on the bottom, and you'll spend the rest of your life trying to earn a pat on the back.

It's a strange wonderland you came into, isn't it? Everything is warm and soft and cozy. But already you've got troubles — big monsters in white coating at you, picking you up, setting you down, trapping you and unwrapping you as if you were something being exchanged at a department store.

Set up a cry, kid. Get red-faced and indignant. You'll be doing it a lot later, too. There's plenty to be indignant about.

And your eyes — they don't focus yet, do they? You can't even see what's across the room? Don't worry. The human race has been trying for 25,000 years to see beyond its own nose — and only a few have the vision to do so.

Do you find it odd to be alive? Well, you probably always will. It's such an odd and unpredictable rhythm of pain and pleasure, despair and wonder — this being a prisoner in the pattern of time.

Would you like to know what lies ahead? That's easy. Here's the usual formula:

First you grow up, then you start growing down. Your gum your milk now, then you get teeth, then the teeth hurt and you pull them out, and then you gum it the rest of the way — right back where you are today.

And your bones and sinews? You can't count on them either. They'll grow and get stronger, then they'll play traitor to you, too, as weakness creeps back into them.

What can you count on to endure in your new home of flesh? Somewhere in it is something called a mind, and it is this that will give you most joy or most hurt, become your stoniest friend or an interior enemy that will destroy you. Feed it when you're young, however, and it will sustain you when you are old.

What lies ahead, kid? Well, growing pains and puppy love, sunsets and tight shoes, matrimony and the installment plan — work, play and death in the Garden of Eden, as new as you.

Sincerely,
Hal Boyle

1951 Has Been A Wacky Year When Contradictions Ran Rife

NEW YORK — (AP) — This year has been a wonderfully wacky year. We'll scarcely miss it. Because 1951 was the year that you and our government did one or more of these things:

You started the year with scare buying that drove prices up and ended it with scare selling that gave manufacturers and merchants ulcers.

Your government froze prices — and the cost of living kept on rising. And little by little your government raised the ceilings.

At the same time your government set price ceilings on a lot of items that your merchant is trying awfully hard to get rid of — at much less than ceiling prices.

Every so often, officials shouted about the danger of coming shortages which made you rush out and buy — and next day other officials warned you about inflation to come and urged you not to buy.

Believing in shortages to come, your merchant and factory owner rushed out and stocked up with goods and raw materials — and spent anxious months wondering how they'd ever get out from under the load of those unsold inventories.

Controls were slapped on war-essential raw materials — and later there were complaints of defense production wasn't proceeding as fast as planned while civilian goods makers were laying off workers right and left.

This was the year that wholesale prices went up 10 percent.

NOTICE OF EXECUTION SALE
STATE OF TEXAS
COUNTY OF GRAY

By virtue of an order of sale and execution issued out of the 31st District Court of Gray County, Texas, on the 18th day of November, 1951, in favor of T. M. Brooks, P. M. Prescott, O. W. Cunningham, O. E. Tidwell and Bert H. Jovovich, respectively, and against Milrea Chambliss, in the case of T. M. Brooks vs. Milrea Chambliss, et al. No. 19,228 on the docket of said Court, I did levy upon the following described real estate situated in Gray County, Texas:

All of Lot No. 12, in Block No. 3 of the Bone and McCoy Subdivision of 1934 1st and 1st of the Suburbs of Pampa, Gray County, Texas, according to the recorded map or plat of said subdivision in Volume 111, Page 647 of the Deed Records of Gray County, Texas.

And on the fifth day of February, 1952, being the first Tuesday of said month, between the hours of 10:00 a.m. and 4:00 p.m. on said day, at the courthouse door of said county, I will offer for sale and sell at public auction, for cash, the above described real estate.

Dated at Pampa, Texas, this 15th day of December, 1951.

WILF JORDAN
Sheriff, Gray County, Texas
By: R. R. Thompson
Deputy.

Dec. 15 - 26 - Jan. 3

CAR MEETS TRAIN — Usually when a car and a train collide the car receives worse damage. The car above is no exception. Its driver, Walter Jackson, 405 Maple, said he failed to see the train at the 700 S. Gray crossing at 7 a.m. today. Police said, and collided with a train which was backing across the intersection. No one was injured. (New Photo)

\$350 Damage To Taxicab In Accident Here Early Today

An accident at 7 a.m. today in the 700 block of S. Gray involving a taxi and a train resulted in damage estimated by police at \$350.

Officers said the taxi, driven by Walter Jackson, 405 Maple, was going north on Gray when it hit the train which was backing across the tracks. Jackson was not injured.

No charges have been filed by police.

AUSTIN CARS UP

LONDON — (AP) — The Austin Motor Co. announced today immediate price increases on all makes of cars and trucks, ranging from 53 pounds (\$92.40) to 155 pounds (\$428.40).

Construction Underway Again On Canadian River Bridge

CANADIAN — (Special) —
By CARL ZYBACH

Pile driving operations at the site of the new million-dollar highway bridge on the Canadian river here were underway again today after a section of the giant main boom of the driver crumpled late last week. The damaged section of the boom was removed and rushed to Dallas for repair.

Citizens of Canadian, and users of U.S. Highways 83 and 89 are elated by the progress of the bridge project which is almost two months ahead of schedule, the State Highway Dept. having predicted as late as last summer that work could not begin before Feb. 1. However, the earlier arrival of the heavy steel pilings enabled the contractors, Austin Bridge Co., to begin on the project early in December.

Right-of-way for the approaches has been cleared of brush and trees, and the fill on the north side is apparently complete from the railroad underpass to the river bank.

Bridging a "bottomless" river that is three quarters of a mile wide presents some tough engineering problems, but that's what engineers of the Austin Bridge Co. are doing here.

How it's done is explained, in layman's terms, by resident highway engineer Leo Cantrell.

To say that the river has no bottom is not much exaggerated. As far as bridge builders are concerned it hasn't.

Tests were drilled to 150 feet at the south bank, Cantrell says, without finding any firm foundation, while on the north bank "red-bed" was encountered at 90 feet. How deep the river sand may be in places nobody knows.

Since the big steel H-beam pilings are only 70 feet long it follows that the bridge supports have to be "ripped" in sand.

The steel beams are driven into the sand at an angle, (an inch and a half per foot off of vertical), and eight of them for each of the 37 concrete piers which will support the bridge. Four pilings to each side. Then the concrete piers are poured around them at the top, holding them

\$5-\$100 Fine For U-Turn In Shamrock

Shamrockers who violate the no U-turn ordinance at the corners of First and Main or Fourth and Main will be subject to a fine of from \$5 to \$100, according to terms of the ordinance passed by city councilmen just before the holidays.

City officials have installed two "No U-Turn" signs and Herbert Callan, city police officer, says he has repeatedly warned traffic violators that they will be subject to arrest beginning Jan. 4.

2 Shamrock Children 'Improved' At Clinic

Two Shamrock children are reported improved at the West Texas Polio center in Plainview, Sue Ann Benson, daughter of Mr. and Mrs. Lyman Benson, is said to be much improved and has been removed from the isolation ward.

Meanwhile, four-year-old Marvin Patton, son of Mr. and Mrs. R. M. Patton, is now able to walk a little.

Home For Holidays

Chaplain Edward C. Derr is spending the holidays with his family here. He flew in from the East Coast, where he is serving aboard the U. S. Yellowstone.

Rev. Derr is a former pastor at the Shamrock First Baptist church, being recalled to duty last year. Mrs. Derr is a sixth grade teacher at Shamrock's junior high school.

Suppose Your Child Needs Aspirin In The Middle Of The Night?

How good to have St. Joseph Aspirin For Children handy for instant use! Approved by thousands of doctors. Your child will like its orange flavor — you'll like not having to break or cut tablets — each is 1/4 adult dose. Don't wait. Be prepared — buy St. Joseph Aspirin For Children today. 50 tablet bottle 35c.

rigidly in this position, and they just can't sink.

The concrete piers which will be poured around the tops of the pilings will be spaced 81 feet, 3 inches apart. Across these heavy steel beams will be placed to span the gap and support a solid concrete roadway capable of carrying many times the volume of traffic now carried by the old bridge.

How long will it take? Perhaps a year or more. Much depends, the engineers say, on how fast the pilings can be driven. Each must be driven at an exact angle, and at an exact spot. If it strikes some object submerged in the sand, and there are lots of them — driftwood, logs, and possibly wrecked wagons or cars — then that means delay while the object is cut through or removed.

Anyway, progress on the Canadian river bridge is a topic of increasing interest along U.S. 89 from coast to coast.

Irish FFA Boys Butcher 48 Hogs

SHAMROCK — (Special) — H. C. Weatherly's FFA boys killed 48 hogs for area farmers during December, butchering them at the FFA building on the high school campus.

Weatherly said the hog-butchering program would be continued Jan. 7 and 8, with a small fee for the service.

"The boys have really become quite efficient," the long-time vocational agriculture teacher said. "But we are not now trying for any records as we did in 1950."

BUY SHAMROCK CAFE

SHAMROCK — (Special) — Danna Howerton and Cornell Knight, new owners, will open the U-Drive-Inn for business here New Year's day.

ITCH

Don't Suffer Another Minute

No matter how many remedies you have tried for itching eczema, psoriasis, infections, athlete's foot or whatever your skin trouble may be — anything from head to foot — WONDER SALVE and Wonder Medicinal Soap can help you. Developed for the boys in the Army — now for you folks at home.

WONDER SALVE is white, granular, antiseptic. No ugly appearance. Safe for children. Get WONDER SALVE and WONDER ANTISEPTIC SOAP — results of money refunded. Truly wonderful preparations. Try them.
