Cabot Visit Completes Plant Tours

Top Cabot Co. executives were Kiwanis club guests today in observance of Texas Industrial week. After speeches by Charles Robinson, Fishie Panhandle Grain Co., and Carl C. Periman, Federal Bureau of Investigation, members toured the Cabot gun tube plant. Robinson said business in other states looks toward Texas because Texas has comparatively few business - discouraging taxes. Periman told several anecdotes on FBI investigation and said the bureau was charged with the protection of vital industries in the Panhandle. He said the FBI was effective because of the confidence the public had in it. The tour today and the Robinson speech were the last in a series sponsored by the Kiwanis chapter of commerce for Texas Industrial week.

VOTING BOOTHS ARRIVE — Gray county's new all-steel, collapsible voting booths arrived by rail today. Left to right, County Commissioner J. W. "Bill" Graham checks the box numbers; A. G. Keith, Santa Fe Railroad, and Bert McKee, court house custodian, unload the booths. Each of the 20 boxes contain five election booths, purchased by the county several weeks ago for \$1976. By law, they are to be used only in cities with populations of 10,000 or more. This means the booths will be used only in Pampa. (News Photo).

Pampans To Polls Saturday To Fill School Board Seats

Voters will choose Saturday two members of the five-man Pampa Independent school board. They will be able to select from a field of five candidates. Members of the League of Women Voters ask all eligible voters to cast their ballots.

Poll Tax Sales Show No Increase Of Vote

Will voters show the same interest in government on election day that they showed when paying poll taxes or securing exemptions this year? They haven't in the past. The public in 1952, and the latter part of 1951, showed marked interest in the presidential election. They did, too, in 1948, but apparently something happened to kill that interest when election day rolled around. This year, Gray county has the strongest voting potential in its history, a total of 9554 known eligible voters. In 1948, when its voting strength reached 7415 known eligible voters, only 5696 cast ballots for the six presidential nominees. President Truman, of course, carried the county with 3699 votes; Thomas E. Dewey was second with 1594; Strom Thurmond, the States Rights candidate, picked up only 364, while Progressive party candidate, Henry A. Wallace, polled a weak 4, just nine votes less than the Prohibition party's candidate, Claude A. Watson, who polled up 15. Norman Thomas, the perennial Socialist candidate, came up with a big "goose egg."

The voting booths at the Junior High school will be open Saturday from 8 a. m. to 7 p. m. "This is an important an election as we will have all year," said Mrs. F. M. Culberson, president of the league. The league is sponsoring a radio interview of the five candidates at 8:05 p. m. today over KPDN. Mrs. Culberson and Mrs. H. H. Hahn, league vice-president, will conduct the interview. Frank D. Smith, of Smith's Quality shoes, and J. C. McWilliams, service station operator, are seeking re-election after serving their first terms. Seeking their first terms are: Elmo Hudgens, a welder and a member of the Gospel Aires singing group. W. B. Moore, a grocerymen. He is the first pampa citizen in Gray county to seek a school board post. E. L. Green, Jr., a Cabot executive. He filed after many names were obtained on a petition. Rumors that he is backing the Quakerback club have been denied by Green and officers of the club. For the two-way race for one school board seat last year, 497 ballots were cast. The women voters hope to go out a better representation Saturday. All residents of the Pampa Independent School board district are eligible to vote providing they have a poll tax receipt, or exemption. The district covers rural territory in addition to the city limits. The league considered holding a presidential preference straw poll, in conjunction with the school board election, but because of the shortness of time and other factors decided against it.

When election day dawned only 4912 bothered to go to the polls and vote for or against Walter Rogers and Republican Congressman A. G. Gull. Gull carried the county by 2585 to 2377 count, but lost over the district to Rogers. By way of comparison, the figures for those two past election years as compared to 1952 look like this: 1948 — Poll taxes paid were 6582; exemption, 868 for a total of 7450. 1950 — Poll taxes paid were 5554; exemptions, 718 for a total of 6272. 1952 — Poll taxes paid were 8321; exemptions, 1233 for a total of 9554. This year Hutchinson county can outvote Gray county by 1249 ballots — if every known eligible voter in each county goes to the polls in November. Hutchinson has a known eligible list of 10,808 voters, according to a dispatch by the Associated Press.

Some Cannot Be Explained: Air Force Will Continue To Check 'Flying Saucers'

WASHINGTON (AP) — The Air Force says it is continuing to check all "flying saucer" reports and welcomes them. But checking is done now through "normal staff channels" rather than as a special project. "In most cases," an Air Force spokesman said, "the findings have proved to be weather balloons and natural phenomena. There remains, however, a number of reported sightings that cannot be explained, and as long as this is true, the Air Force will continue to study the problem." All reports are turned over to the air technical intelligence center at Wright-Patterson Air Force base. The spokesman said this continued interest should not be interpreted by the public "that new evaluations have been made or that new conclusions have been reached. This is not the case." The statement was in answer to queries concerning a Life magazine report that the Air Force is taking new, serious interest in "flying saucers." The article said the Air Force had changed from its previous policy of "official calm" and now is maintaining constant intelligence investigation of unidentified aerial objects. "The Air Force is now ready to concede that many saucer and fireball sightings still defy explanation," Life said.

Rep. Rogers Visits In The Panhandle

Rep. Walter Rogers arrived in Amarillo by air late yesterday afternoon for a three-day stay in the 18th Congressional District, and to address a rural electrification and chamber of commerce sponsored meeting in Tulsa. The Pampa congressman will talk to the public meeting on the United States position in world affairs today. While in the district he will also attend the Panhandle Press Assn. held this weekend in the Harrington Hotel, Amarillo. He is to legis-

Steelworkers Schedule Walk-Out April 9th

Mills Will Begin Cooling Furnaces

NEW YORK (AP) — Formal notice was served on the steel industry today that 700,000 steelworkers will strike Wednesday for higher wages and a union shop. An industry spokesman said mills will start cooling furnaces immediately. David G. McDonald, secretary-treasurer of the CIO Steelworkers of America, dropped the strike notices in the mail last night. He also sent notices to the union's locals. McDonald said 200 notices were sent to steel companies — several to some companies to cover various contracts and agreements the union had with the management. CIO Leader Philip Murray, who also heads the steelworkers union, intended to leave today for Pittsburgh with McDonald and other union officials who negotiated unsuccessfully here with representatives of major steel companies.

The union insisted the industry comply with the wage and other proposals by the Wage Stabilization board. The industry balked and refused to authorize steel price increases sufficient to meet increased labor costs entailed in the WSB recommendations. In Cleveland, Walter P. Reuther, 1,000,000 CIO United Auto Workers, pledged "100 per cent support" to the steelworkers. Reuther did not elaborate. It appeared that only a government order for a Taft-Hartley law injunction could stave off a strike in mills that produce 95 per cent of the country's steel. The industry said it would resist a seizure. The union said it would fight any move for an injunction. The Taft-Hartley law provides an 80-day, no-strike injunction under national emergency provisions. Wage negotiations between the industry and the union collapsed yesterday. Promptly an industry spokesman, John A. Stephens, said "cooling their furnaces" today.

And CIO-USA President Philip Murray said late last night that a strike notice already had been drafted, ready to put in the mails this morning to the companies and union locals. Under an agreement with Wage Stabilization Board Chairman Nathan P. Feinsinger, the union is committed to give a 96-hour notice to the industry before a strike.

Lawn Rates For Water Users Near

City officials this morning reminded homeowners that the season for going on lawn rates is "just around the corner." City Manager Dick Pepin said some residential properties stay on the lower rate the year round, while others go on it during the summer months.

Lawn rates are offered only to home owners, not to commercial establishments. Although the minimum monthly charge on the lawn rate is higher than the straight rate, the overall charge in use of large quantities of water is cheaper. Pepin cited several examples: A home owner using 3000 gallons per month would pay \$3.30 if on the lawn rate but would pay \$3.85 if he was on a straight rate; for 15,000 gallons he would pay \$4.84 on the lawn rate but the bill would be \$5.16 on straight rates; using 20,000 gallons per month would cost a property owner \$5.94 on lawn rates and \$7.81 under the straight rate. The lawn rate minimum charge, however, is \$3.30 up to 3000 gallons while the straight rate minimum is \$1.65 for the first 3000 gallons. Additional water runs cheaper under the lawn rate, bringing monthly bills down, Pepin explained. To get on the lawn rate homeowners must go to the city water office and apply for it. They have the option of going back to straight rates whenever they choose, the city manager added.

This ad which ran 3 days at a total cost of \$3.19 brought results. The item was returned to its owner, W. S. Wooten on Thursday of this week.

Mail, Phones Substituted For WU Wire

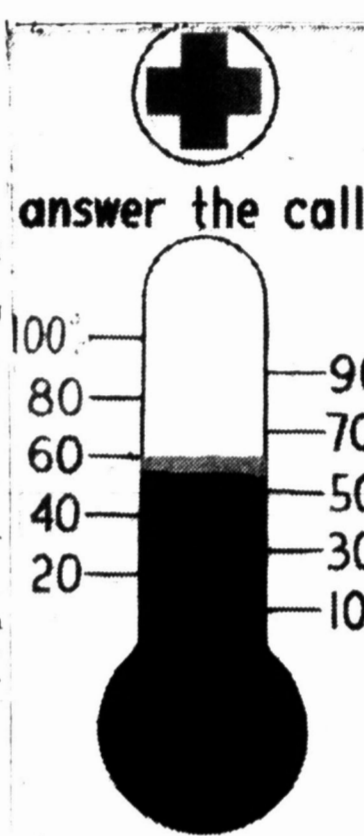

Pampa users of Western Union continued today to substitute U. S. air mail service and long distance telephone for the telegraph as the nation-wide strike of Western Union employees went into its second day.

Traffic of the local WU office is about 400 telegrams sent and received a day, said Manager Bob Watson. The company and the Commercial Telegraphers union (ATLU) continued their negotiations in Washington. Meanwhile, the company reopened operations in 40 key cities, including Dallas, with the use of supervisory help. In Pampa, the three office girls, the manager and two messengers are affected by the strike. Managers in smaller offices such as Pampa are considered eligible for membership in the union unless they are in the line of the company and the union. In cities like Dallas supervisors are not union and thus are in a position to operate facilities during the strike. Cabot Co., largest users of WU here is using long distance service in place of wires. However, telephone officials said there was no appreciable effect in the number of toll calls made because of the strike.

Some 31,000 workers went on strike Thursday in the first nationwide telegraph strike since 1919 to back demands for wage boosts of about 50 cents an hour. Present wages average between \$1.53 and \$1.63 an hour. Good fir. 2x4 and 2x6, \$7.25 per hundred. White House Properties.

Taft And Ike Backers Jockey For Position In Two Races

By The Associated Press. Supporters of Sen. Robert A. Taft of Ohio and Gen. Dwight D. Eisenhower maneuvered busily today for delegates in two important Mid-West Republican state conventions — Iowa and Michigan. The odds appeared about evenly divided for both presidential aspirants in each state. Backers of other candidates were not so active. Michigan's GOP convention doesn't open until tomorrow in Detroit but the backstage was abuzz with cautious horse-trading. Iowa Republicans meet in Des Moines today to select 26 delegates to the Chicago National convention. Informal caucuses by counties and congressional districts left the outlook muddled. But it appeared from preliminary commitments that Taft and Eisenhower were running neck and neck, backers of each claiming four of the eight districts. Each district picks two delegates and 10 will be chosen at large. The 3000 Republicans also will be asked to support a proposed Republican national farm plank. In Michigan Republicans appeared agreed to compromise on dividing the state's 46-vote electoral college rather than risk a show-down fight. The convention will choose 10 delegates — at large and 10 districts will select the other 26 in pre-convention sessions. Leaders of both the Taft and

Legal Points Argued In Case Of Lefors Coach

Attorneys in the damage suit brought by ousted Lefors coach Frank Sonntag, against the Lefors school board, argued technicalities before District Judge Lewis M. Goddard in 31st District court today. Attorney Arthur Teed, representing the school board, argued that Sonntag did not have legal rights to come before the courts because he had not used the channels of appeal through the school system in accordance with the state laws. Defending Attorney E. O. North of Amarillo contended that Sonntag is entitled to a court hearing because the board's action discharging him Dec. 11 was void because they violated provisions of the contract he said. Both attorneys cited cases in support of their arguments and witnesses were to be called substantiating the school board's stand but by 2:10 p. m., the first witness had yet to be called. The hearing is being held without a jury to determine whether the case will be tried in court or thrown out to go through the regular school appeals channels.

Clean-Up Campaign Is Blown Sky-High With Double Firing

WASHINGTON (AP) — The Truman administration's we-can-clean-up-the-government-ourselves program — as organized two months ago — has blown sky high. And a federal judge from Philadelphia, friendly, 56-year-old James P. McGrath, was called in today as the nation's attorney general to try to pick up the pieces of the anti-corruption drive. McGrath's — if confirmed by the Senate, and it looks as if he will be — must come to Washington in the slippery aftermath of the biggest government explosion to rock the capitol since President Truman's middle-of-the-night dismissal of Gen. Douglas MacArthur.

The known casualties: J. Howard McGrath, attorney general, McGrath plummeted out of the cabinet of his old friend Harry Truman yesterday with a heavy heart, a statement that he was paying the penalty for not doing his duty as he saw it, and a tip to his successor, Frank B. Rowley, to bring asbestos suits with you. Newbold Morris, Republican "cleanup chief" for the administration, McGrath fired Morris with rare abruptness just before going onto the greased skid himself. Morris led puggons from a park bench for a while, then averred he was fired because he wouldn't turn his corruption-investigation into a whitewash.

The man at the top, Harry Truman, announced the resignation of his 1945 campaign manager, McGrath, as calmly as you please at a turbulent jam-packed news conference. Truman said McGrath would take over what he called the program. Question developed that he meant the clean-up — the — government program. So. Home to New York goes Morris. And in his own good time McGrath was going back to Providence, R. I., after a public career that once seemed pointed toward the Supreme Court bench but one that left him, the sixth man to depart from the Truman cabinet in a tattle of fireworks.

Tornadoes Strike Gulf Coast Area

MOBILE, Ala. (AP) — Tornado winds skipped through Alabama and Louisiana today causing heavy property damage and injuring more than a score of persons. Several were reported killed. The storms lashed the Alabama Gulf coast area injuring several people and heavily damaging a public school plant. A violent windstorm struck New Orleans and adjoining Jefferson Parish county and six persons were reported killed and at least 17 others injured. The storms bore out a United States Weather bureau prediction at Washington of the possibility of a few small tornadoes in Alabama, Florida and Georgia today. Two weeks ago the bureau successfully forecast the devastating tornadoes which ravaged the Southeast.

The Mobile blow apparently did the heaviest damage in the number of reported deaths, about eight miles from the city. Services Saturday For Grady Stedum, Car Accident Victim. Funeral services for 16-year-old Grady Stedum, who died yesterday from injuries he received in an accident April 1 near Sunday, will be held at 10 a. m. Saturday in Sunday. Services will be held in the First Baptist church with Rev. M. C. Upham officiating. Burial will be in Fairview cemetery. Pampa, under direction of the Duinkerke-Garmichael Funeral home. The youth was critically injured at 9:30 p. m. Tuesday while riding a motorcycle with a companion, Gray Patterson, 14. The boys collided with a car driven by Gey W. F. McCuskey, pastor of the Sunray Assembly of God Church. Officers investigating the crash reported that the boys were riding without lights and an oncoming car hindered the minister. Young Patterson was thrown on to the soft shoulder of the road and suffered only minor injuries. The Stedum boy was thrown on the hood of the McCuskey car. Yesterday a brain specialist operated on the Stedum youth at Dumas Memorial hospital, but he died at 4:15 p. m. Surviving besides his parents, Mr. and Mrs. Paul Stedum, Sunday, are his paternal grandmother, Mrs. L. S. Stedum, Pampa; an uncle, C. R. Stedum, Pampa; maternal grandmothers, Mrs. Mollie Rowe, Pampa, Okla., one brother, Johnny, and two sisters, Karon Kay and Evelyn.

Girl Scouts Help In Cancer Drive

Girl Scouts Saturday will make their contribution to the cancer drive being conducted this month. Brownies, along with their mothers and leaders, will be selling "Swords of Knowledge," small emblem of the American Cancer Society. Sheriff Recovers Stolen Automobile

Sheriff's officers late yesterday recovered a 1942 Pontiac which had been stolen here in Pampa Tuesday night. The automobile belongs to O. O. Boatman, now of Panhandle, but who lived here Tuesday night when the car was taken. It was stolen from the Cook apartments. Officers reported the automobile was damaged. The windshield and door glass were broken, two fenders burred and the hood damaged. Deputies said several hundred dollars worth of carpenter tools in the trunk were not bothered. Apparently they were not discovered by the thieves, officers said. No trace of the thieves has

Teachers Top Anglers

SHAMROCK — (Special) — Sunday Irish teachers proved they're as good anglers as any in these parts.

Coach E. L. Hill, Douglas McLemore, history instructor for junior high, and Thomas H. Baker, Lela principal, went to a lake east of Shamrock and returned shortly with 26 yellow perch.

All three are top men in the Schoolmasters club of Wheeler County and likewise caught the fish when the group went to Britt's lake near Wheeler last spring.

Truman Financially Ready To Leave President Job

WASHINGTON — (AP) — Harry S. Truman seems likely to be more comfortably fixed financially when he leaves the White House than he was when he entered it seven years ago.

There is no information available on how much of his pay the President has been able to save away, but some of his associates believe it's enough to keep the wolf from coming anywhere near the Truman doorstep.

The President, who announced

Roast Beaver Tastes Good

HELENA, Mont. — (AP) — A customer asked caterer Fred Jorgenson to stuff and roast two beavers.

"They smelled like we were cooking cottonwood trees," he said. "But they got nice and tender like chicken." Jorgenson reported the patrons "licked the platter clean."

means some of his cronies in the government will be looking for new jobs next January. For example, the President's Army aide, Maj. Gen. Harry H. Vaughan, undoubtedly will go out with his chief.

Vaughan, often on the hot spot during his seven years with the White House, is a reserve officer who probably won't remain on active duty.

In the cabinet, only Secretary of the Treasury Snyder is generally regarded as being in the category of presidential cronies. Snyder is known to have had several offers to go back into the banking business, but he has preferred to stay on with Truman.

A new President will want to select his own cabinet, so there probably will be new men running the top departments.

As for the White House staff, most of the members reportedly are expecting to step out with Truman. They include:

"It's the only way we can get them to pass this place without their trunks through the window!"

A Cool Note In A Hot Campaign

CHICAGO — (AP) — Here's a cool note in the hot political situation.

Two big air conditioning machines arrived in Chicago yesterday for installation in the international amphitheatre where the two national conventions will be held in July.

When he took office April 2, 1945, the presidential pay was \$75,000 a year — all of it taxable. As vice president under Franklin D. Roosevelt from January until April of that year, Truman was paid at the rate of \$20,000 a year — a job that now pays Alben Barkley \$30,000 and a \$10,000 non-taxable allowance.

As a senator from Missouri before he was elected vice president, Truman's salary was \$10,000 a year. That was \$2,500 less base pay than senators now receive, and they also currently draw a \$2,500 tax-free expense allowance.

After becoming president, Truman let it be known that as a senator he had to hire his wife as his secretary because his \$10,000 salary would not pay all his expenses.

In 1947 when he had been President two years, it was estimated that he would have only \$4,200 left of his \$75,000 salary after payment of taxes and expenses for 12 months.

At that time there were predictions that instead of any savings when he stepped out of the White House he probably would be faced with a rather heavy personal debt.

The big pay increase in 1949 seems to have reversed that situation. Helping, too, were the more than three years the Trumans lived at Blair House — from November, 1948, until last week — while the White House was being remodelled.

Expenses were much less at the temporary living quarters across Pennsylvania Avenue. Less domestic help was required and there was a big saving on entertainment.

With more pay and a reduction in expenses, the President had a chance to save for that rainy day. And those around him figure he probably did a pretty good job of it.

Truman is a frugal man with simple tastes and can be expected to live modestly when he returns to private life.

There is no federal pension for ex-presidents, and congressional officials say he isn't eligible for a pension based on the 10 years he was a senator. The pension plan for former members of Congress went into effect after he was in the White House, and it had no retroactive feature.

Truman's decision to bow out

Zale Jewelry Stores Have Twenty-Eighth Anniversary

Irving Schwartz, manager of the Zale Jewelry store in Pampa, announces the 28th anniversary Saturday of the seven-state company and the opening of the 38th outlet in Wichita, Kan.

The company was founded in 1924 in Wichita Falls by Morris B. Zale. The Pampa store was opened in 1940.

Zale designers and jewelers are stressing many new approaches in jewelry designing, Schwartz said.

The Pampa store employs 14 persons.

The scope of the anniversary and new store opening is expressed in the advertising and decoration theme of "So big it took months to prepare... Now yours to share."

Officials said the 28th Zale year marks an expansion in importation, design, and manufacturing. The company maintains diamond buying offices at the center of the diamond-cutting industry, Antwerp, Belgium.

liberal credit policy of a year to pay with no interest or carrying charges and for its tremendous advertising schedule in newspapers.

NEW YORK COTTON
NEW YORK — Cotton futures moved over a fairly wide range in mixed dealings Thursday. The market displayed rallying tendencies at times on mill and commission house buying, but the upturn appeared to bring out increased hedging and profit taking which discouraged any sustained advance. There was further short covering in nearby May, propped by the tight spot cotton situation, along with switching from that month to later deliveries.

Futures closed 50 cents to \$1.65 a bale lower than the previous close.

Bobo Newsom Begins New Hitch In Majors With Senators

By RALPH RODEN
Associated Press Sports Writer
Old Bobo Newsom is back. Newsom, who claims he has spent more years in Washington than any other man with the exception of the late president, Franklin D. Roosevelt, has signed for his fifth hitch with the Senators.

Baseball's famous nomad, who owns up to 43 years of age, hooked on with the Senators as a relief pitcher yesterday. Newsom had been working out with the Senators at Orlando, Fla., and looked pretty good. Washington Manager Bucky Harris said:

"If Bobo isn't a changed man, he's putting on the best act I know."

"When Newsom dies, they ought to cut off his right arm and place it in the Hall of Fame at Cooperstown. He still has a lot on the ball and I think he can help us as a reliever."

Newsom hasn't graced the major league scene since 1948 when he was released by the New York Giants. He won 30 games for Chattanooga and 17 for Birmingham of the Southern Association the past three seasons.

In addition to the Senators and Giants, Newsom has pitched for the Chicago Cubs, Brooklyn Dodgers and every American League club except Cleveland and Chicago.

Newsom found time in his travels to win 206 big league games. Bob Feller of Cleveland is the only other active major leaguer with more than 200 victories.

The showman righthander has plenty of stories. There's the one he tells about the first time he was shipped back to the minors.

Newsom came up to the Cubs in 1932 when Rogers Hornsby was the manager. In an early season game infielder Hornsby played right field.

"I remember there was nine balls hit against the righthander and Hornsby misplayed every one of them," Newsom relates.

"I never saw a guy run so much. Hornsby didn't say nothing to me in the clubhouse after the game but the next day I was with Reading."

With Newsom around life with the Senators shouldn't be dull.

The Cincinnati Reds spoiled Newsom's return yesterday by beating the Senators 5-1, at Charleston, S.C. Lefty Harry Perkowski went all the way and checked the Nats on five singles. The Reds collected eight blows off Bob Porterfield and Sandy Consuegra.

Russ Meyer of Philadelphia also went the distance as the Phils nipped the St. Louis Cardinals, 4-5, at Waycross, Ga. Meyer allowed only four hits including three in the second inning when the Cards scored all of their runs.

The Boston Braves edged the

Brooklyn Dodgers, 5-4, in 13 innings at Mobile, Ala. Ebbie St. Claire doubled home the winning run before 10,503 fans, largest crowd ever to witness a baseball game in Mobile.

Dave Philley socked a three-run homer to spark the Philadelphia Athletics to a 6-4 victory over Columbia of the South Atlantic League at Charleston, S.C. The Chicago Cubs scored their seventh straight victory as they turned back the Pittsburgh Pirates, 10-5, at Beaumont, Tex. Roy Smalley paced the assault with a three-run homer.

Dallas of the Texas League held the Boston Red Sox to a 1-1 tie in a game that was called because of rain after five innings. Don Lenhardt homered for Boston.

Rookie outfielder George Wilson continued his fine hitting for the Chicago White Sox by doubling home the winning run in the eighth inning in a 2-1 triumph over the St. Louis Browns at San Antonio, Tex.

Rain cancelled scheduled games between Cleveland and the New York Yankees and another White Sox squad.

Texas Relays Celebrate 25th Anniversary Tomorrow

AUSTIN — Their eyes cocked toward the Olympic games, Texas sprinters and field stars moved into the twenty-fifth Texas Relays today with a half-dozen records due to tumble before the efforts of such mighty performers as Bob Richards, the pole-vaulter, and giant Darrow Hooper, Texas A&M's weight lifter.

Richards comes here from tiny La Verne College of California, where he teaches religion, for another heroic try at the world's record held by Cornelius Warmerdam at 12 feet 8 1/4 inches. Of certain, he is due to surpass anything ever done in the vaulting pit at the Texas Relays. The record is 14 feet 2 1/4 inches, set by George Rasmussen of Oregon in 1919. The Rev. Richards has exceeded 15 feet some two-dozen times with his best being 15-4 3/4 at Chicago last year.

Hooper, who thinks nothing of pitching the shot over 51 feet, should wipe out his own record of 53 feet 1 inch, hung up last year.

Richards and Hooper are considered the only record certainties among the individuals, except that there are some new events—like the 1,500 meters, 200 meters and 5,000 meters—and those will be automatic records. The relay events are likely to add several new standards and everybody is excited over a projected glittering duel in the 100-yard dash in which two of the entries have done 9.5 seconds—just a tenth of a second over the Texas relay mark. These are Dean Smith of Texas and Ray Renfro of North Texas State. Charles Thomas of Texas ran a 9.6 last week and Sammy McWhirter of University of Houston did the same two weeks ago.

Oklahoma is expected to dominate the middle distance relays, Texas the sprints and Kansas the distances.

It's a five-division affair—university, university-college, college, junior college-college, freshman-academy and high school—with 1,082 individual entries from 110 institutions from nine states. There are 18 universities, 15 colleges, four service teams (which will compete in the university class), 20 junior college and freshman teams and 53 high schools.

Preliminaries are scheduled this afternoon in all classes and there will be a smattering of finals the open 6,000-meter run, university sprint medley relay, university distance medley, junior college-freshman sprint medley, open 200-meter dash and high school high jump. More prelims come up tomorrow morning then all remaining finals will be run tomorrow afternoon. In all there are 36 events.

Racing Program Set For Sunday

The weekly horse racing program sponsored by the Pampa Training Club will have four events Sunday. Post time is 1:30 at the track, 1 1/2 mile east of the south city limits.

The first two events will be 3/8 mile, the third 250 yards for quarterhorses, and the fourth, 300 yards.

Houston Cards Cowboy

LARAMIE, Wyo. — The University of Wyoming Cowboy football team will meet the University of Houston at Houston Dec. 6.

Gafford And Palmer Set Masters Pace

AUGUSTA, Ga. — (AP) — A brace of slightly unsuccessful tournament golfers — Ray Gafford and Johnny Palmer — looked over their shoulders today from lofty first place in the Masters and saw a terrible twosome.

One stroke behind the leading 69 shooters at the Masters' second round began were Benjamin Harrison Hogan — 1951 National Open and Masters champion — and Samuel Jackson Snead — the 1951 PGA champion. Also at 70 was Al Beselink.

Those five led the charge on par at the Augusta National's par of 36-36-72. Eight others sliced off one stroke.

Shooting 71 were Johnny Revolta, Fred Hawkins, Doug Ford, Lloyd Mangrum, Tommy Bolt, Skip Alexander, Lew Worsham and Joe Kirkwood.

For six seasons Johnny Palmer of Badin, N. C., has been a regular on the Professional Golf Association circuit but only occasionally has he come up with the kind of shooting so often expected from him.

This is Gafford's first outing of 1952 after a minor operation Jan. 15. He came to the Masters partially to look over the running of a first class tournament. On his home-Northwood Course in Dallas will be played the National Open in June.

Snead was erratic yesterday, bouncing from sixes on two holes to twos on three holes. He was in the woods, under a small pine tree, in a creek and on the 18th hole he shot to the wrong green.

Still, he got a scrambling 70 for one of the Masters' strangest rounds.

Small, middle of the road golfer and especially good day off the tee gave Hogan is fancy 70. Gene Sarazen took an eight on a par three hole and retired from the shooting match.

Johnny Bulla's score card was kept improperly. He signed it without noting the error and turned the card in. When he realized the mistake, he followed golf rules and disqualified himself.

The gallery that followed play over the 6,950-yard course was described by oldtimers as the largest opening round crowd in Masters history.

UMPIRE

By BEANS REARDON
NEW YORK — (NEA) — Q. Who hit the most pinch-hit home runs in one season?

A. Johnny Frederick of the Brooklyn Dodgers, in 1932, hit six. Joe Cronin of the Red Sox holds the American League record with five, in 1945.

Q. What pitcher hit the most homers in a season?

A. Wes Ferrell hit nine for Cleveland in 1931.

Q. Has there ever been a triple header in modern major league baseball?

A. Yes, between Cincinnati and the Pirates at Pittsburgh, Oct. 2, 1920. The Reds copped the first two contests, 13-4 and 7-3, but dropped the nightcap, 6-0, in six innings.

Q. When did the Giants end their 11-game losing streak in 1951, and who was on the mound for them?

A. On April 30th, with Sal Maglie pitching and Sheldon Jones relieving, the National League champions started on their way to the pennant with an 8-5 win over Brooklyn.

GIVE UP — Alex Kasaboski applies a Boston crab hold to George Lopez to win the third and final fall at the Southern club last night. Kasaboski took the first fall and Lopez the middle one. The referee is Frankie Hart. (News photo by Ken Hardin)

Kasaboski, Pavich Win Main Events

Alex Kasaboski, the rowdy Russian by way of Canada, and Johnny Pavich, the Hungarian strong boy, came out winners last night in the double main event on the weekly wrestling card at the Southern Club.

Kasaboski employed his usual methods to gain the two falls necessary to defeat George Lopez, Mexican judo artist. Lopez gained the middle fall in short time with a left arm stomp.

Kasaboski took the opening fall in 19 minutes with a left arm lock followed by hard rights to the kidney that referee Frankie Hart was unable to catch. But they forced Lopez to give up. The Canadian roughie took the third fall in 15 minutes with a Boston crab hold, much to the consternation of the customers who wanted the well-built Mexican to win.

Kasaboski used his usual hair-pulling and slugging methods. Lopez tried to counter with judo chops, but couldn't handle the roughie.

In the opening event, young Gene Detton, subbing for the injured Frankie Hart, who tore three ribs loose in a match at Plainview Monday, succumbed to Pavich's power. The first fall went to the Hungarian in 21 minutes when he followed a drop kick with a shoulder pin. Detton came hustling back after the first intermission and in one

Harvester Track Team To District

Harvester thincads tomorrow will seek to gain entrance in the regional track meet at Lubbock two weeks hence when they compete in the District 1-AA track carnival at Canyon.

The Harvester will be favored in the runner-up position with the strong, though injury riddled Amarillo Sanges, the popular favorites. The Sandie second team recently outscored the Pampa trackmen at the Big Spring Relays when the Sandie A squad was at the Bluebonnet Meet. Thus, despite injuries, the Amarillos will have to be strong favorites.

Other teams entered in the meet include Plainview and Borger. Winners of the first three places in each event will participate in the regional meet. There it is expected to be another clash between the powerful Odessa Bronchos and the Sandies.

The Harvester's hopes of gaining a lot of points were hurt through injury and illness this week. Hurdler Alvin Ward came down with a bad case of tonsillitis

Grand National Runs Tomorrow

LONDON — (AP) — There were three joint favorites and 48 guesses ready today for 1952 running of Grand National Steeplechase and each was as good as the other.

Forty-eight will be at starting gate at Aintree tomorrow for the 10:15 getaway that will wind up some 10 minutes later after a four mile, 856-yard chase over 30 treacherous hurdles.

It's a race where favorites usually don't count for much but Britain's legalized bookmakers spread the nod among three likely prospects — Royal Tan, Teal and Freebooter all at 100-7. Royal Tan finished second last year. Freebooter won 1950 but fell in '51 running. Teal who once changed hands for 22 pounds (\$61.60) is a newcomer to Aintree.

The final callover on bookmakers odds will take place today at 1 p.m. (EST).

Two American owned horses will be in the jumping classic-possible a 100-1 outsider owned and ridden by 19-year-old Gene Weymouth of Delaware and St. Kathleen II, a 50-1 entrant owned by Sam Small.

Texas Dan, owned by H. H. Riddell dropped from the race last night. Riddell said the horse

CUERO — The Pampa Oilers travel to Gonzales tonight where they will seek to even the score with the Amarillo Gold Sox, who last night blasted the Oilers 13-3, in a spring exhibition game here.

Manager Jake Phillips has selected righthanders Dick Turnbow, Dale Homsley and Max Molberg as his pitching choice for tonight. The Gold Sox made the most of the pitching of Jack Votaw and George Payte last night, shelling the pair for 12 of their 13 runs. Eight came off Votaw and Payte was tagged for four as he worked the final three frames.

Husky Mack Hyde had the best luck against the Amarillos, being socked for but one run in the three frames he hurled.

Witness was a contributing cause to the Oilers downfall, the Sox picking up but 10 hits, but mixing them well with the walks and around one Oiler miscue to tally 13 times.

The Oilers were held to seven hits, three of them by first baseman Ed Sudol, Blanc Wold, Calo and Phillips each picked up a hit.

Wednesday the Oilers whipped the Colorado Springs Sky Sox, 3-2, in extra innings in their opening exhibition game.

The Oiler roster was expected to be completed today with the arrival in camp of both Pitcher Juan Montero and Catcher Don Moore. Montero, after notifying the club he wanted to buy his release, turned up in Houston yesterday and was seeking further instructions as to where to report. Moore was expected in camp anytime, having said he would arrive the first of the month.

Mary Connors, husky Gold Sox first baseman, provided the big punch in yesterday's game, blasting out a four-run homer off Votaw. Sudol got the power for the Oilers, with a double mixed in his three hits.

The Oilers rest Saturday and then pay Roswell at Pleasanton Sunday.

Willie Schmidt Sticks With Cards

NEW YORK — (AP) — Willard Schmidt, the young sensation of the St. Louis Cardinals, is not unlike the man who came to dinner but stayed on as a permanent guest.

Schmidt is a 22-year-old farm boy from the wheat fields of Hays, Kans., who came to the Cardinal training camp as a batting practice pitcher and turned out to be the find of the camp.

His stay with the Cards, this sturdy built righthander caused Manager Eddie Stanky to revise his entire pitching alignment. Not only is Schmidt sure to be scratched from the Houston roster and made an official Redbird, but he is almost certain to win the job as the team's pitcher.

"From what I have seen of Schmidt," observed Stanky, "He is a major league pitcher. That includes the arm, head and stomach."

In his first five appearances in his stay with the Cards, this league competition, Schmidt set the training camp agog by hurling 20 innings without allowing an earned run. During that amazing string, he yielded nine hits, walked only seven and fanned 18.

Schmidt did not fare too well in his sixth start, giving up four hits and as many runs in two innings. Even then he won Stanky's praise by the manner in which he bore down and retired the next six Phillies after Willie Jones had hit a grand slam homer to account for all the runs off Schmidt.

Before that game Stanky had said "I don't care if he gets knocked out in less than an inning. He's shown me he warrants his stay with the Cards."

Although he has had only three years of experience in organized ball, Schmidt has the poise of a veteran and is the possessor of fine control. He also is an alert fielder and seems to have good baseball instinct. He gives the impression of being a gather on the hill and is reminiscent of Robin Roberts in the way he takes charge out on the mound.

Casey At The Bat: No. 5 New Yankees Follow Old Bomber Trend

By CASEY STENGEL
Yankees' Manager
(As told to Harry Grayson
NEA Sports Editor)

This year's season of the Yankees pre-training camp school at Lake Wales, Fla., turned up some pretty fair country ball players. I think they'd do well in the city, too.

These boys are the Yankees of the future. For some of them, the future may be here already. They're reminders of the old Yankees who earned the nickname, Bombers. They are large fellows, who can hit the ball a country mile and I'm not going to tell that joke again. And the pitchers are big boys who can rear back and power the ball.

Item One in this choice collection is Andy Carey. When we picked him from the St. Mary's campus, in California; the late and great scout, Joe Devine, said the six-foot-three Casey couldn't miss at third. I don't think he can.

We had Carey, Nov. 21, at our Phoenix school a year ago, and he got good grades when he did postgraduate work at Kansas City in triple A ball. He hit 14 homers, batted in 72 runs, compiled a .288 batting average in 120 games.

Kal Segrist is the next new name to consider. Kal was the second baseman on last year's Elites at Kansas City. He hit 12 homers, batted in 72 runs, compiled a .288 batting average in 120 games.

We're giving some thought to changing him into a first baseman.

Then there was a nice, economy-sized assortment of outfielders, Archie Wilson, Bob Cerv and Earl Skowron. With Joe DiMaggio gone, we're sort of interested in young outfielders. It's only natural.

The first time I saw Wilson, a right-hander, he batted the ball over the trees in right field at the University of Southern California's Bovard Field. Last year, in the International League, he led the loop in his (1941), in total bases (328) and in runs batted in (112). He hit 28 homers and was the most valuable player. Worth a look, I'd say.

Cerv has 202 pounds behind the bat when he swings it. We brought him up for a look from Kansas City last season, and he swung the heaviest bat in the American League. I couldn't even lift it. He could lift it — and swing it and hit a baseball with it.

At Kansas City, he won the American Association batting title with a .344 mark. He had 28 homers, 21 triples and 22 doubles. Skowron's season at Norfolk in the Piedmont League last year was his first in organized ball. He hit 18 homers, drove in 78 runs and batted .334. Bill was a

All About The Author

Some of Casey Stengel's merriest days on the diamond were spent as manager of the Brooklyn Dodgers in 1944. Before his Superbas took the field against the Giants in a Spring training exhibition game that year, Casey delivered a dressing room lecture to them.

"I don't want any hand-shaking out there today," he said. "If any of you fellows have friends on the other side, wait until next October to become sociable. I don't want any talking either. If you feel you must say something be sure to say it with a snarl. A ball game ain't a junior prom. Get what I mean?"

One of the young rookies didn't. He wanted details.

"What is a junior prom?"

"You don't know what a junior prom is?" thundered Casey Stengel. "A junior prom is a prom that ain't old enough to be a senior prom!"

CASEY (HIMSELF) STENGEL

With the same Texas League club was Harry Scheffer, a six-foot-three hurler who posted a 19-9 record and a 2.58 earned run average to go with it. He has good control, which is a delightful state of affairs.

There are others — like Jim Russell (22-9 record and 296 strikeouts for Twin Falls) and Merlin Nehring (20-4 with Joplin) — but they're a year or so away.

I can wait.

Eagles Contenders For Texas Crown

By JERE R. HAYES
Sports Director
Dallas Times-Herald

DALLAS — (AP) — Improved hitting, a capable curving coops and a stronger defense should provide L. D. (Dutch) Meyer's Dallas Eagles with what it takes to scrap it out for the 1952 Texas League pennant.

This is no prediction that the Eagles will cop the bunting. It will take some mighty good breaks for that to come to pass. But the Eagles certainly should go no worse than third, where they finished in 1951.

Right now, it looks like the Eagles are loaded in the major department. With Lanfranconi, Hal Beckwith, Earl Varnley and Albin Alberts are holdovers from 1951. Lanfranconi should be as effective as he was last season, and there is reason to expect improvement from Erickson and the two lefties. Varnley and Beckwith, last year's first and second season in Class AA company, and the added experience should help.

Newcomers expected to make the grade are Orel Dryden, a 9-2 winner with Ardmore last season; Hal Bundy, ex-Pro in Wichita; Don Moss, who had a 7-6 record at Wichita, and Pete Mazur, a lefty who formerly performed for Houston.

Overall, the pitching looks as good, if not better, and Cleveland has promised additional help. Joe Macko, who had a good year at Wichita after failing to make the grade last spring, stacks up as the first-sacker, although Allen Maul, who clubbed the ball at a 342 clip for Albuquerque, is still in the running. Hal Bundy, ex-Pro in Wichita, seems a fixture at second, and Bob Cullins, a .205 hitter last season, has been moved to third base, a spot where he is at home. Clyde Perry, the puny-hitting but sensational fielding shortstop, is still in the running. Ed Bundy, ex-Pro in Wichita, at that post, with Al Joe Hunt, a .306 hitter at Gainesville, ready to step in if Clyde's stickwork becomes too weak.

Eddie Knoblauch, who joined the Eagles late last season and stood out both offensively and defensively, will be center and be the sparkplug of the club. In right field will be Johnny Creel, a .296 hitter at Oklahoma City last season and one of the best hustlers in the loop. Jodie Beeler, who hit a respectable .314 last season, will be left fielder with Harry Schertling, husky .344 slugger from Gainesville, trying to crowd into the meadow combination.

Of course, if this combination doesn't "go," Cleveland has promised help. But as it stands, it appears to be a stronger ball club than Manager Dutch Meyer fielded in 1951. The Eagles can be expected to make a fight of it. Dallas League club to carry a Negro player are slim. The Negroes on the Dallas roster failed to make the grade, and if Dallas carries one, he'll have to come from the Cleveland farm system. Whether the Indians have one capable of playing double A ball is questionable.

NEW GUARDSMEN — John V. Young, left, and Sammy P. Gannoy, center, are shown being sworn into the H and H Co., 47th FA of the Pampa National Guard by Commanding Officer Capt. Charles Robinson this morning. Both are Pampa athletes. Young a Harvester footballer and Gannoy a Boys club miltman. The Guard is open to all boys who have not passed 18 years, six months in age. They will receive a 1-D classification. There will be someone at the Armory on West Brown six days a week to answer any questions. (News Photo)

Training Camp Baseball Briefs

ST. PETERSBURG, Fla. — (AP) — Manager Casey Stengel of the New York Yankees admitted today he is not through experimenting with his infield and as proof he installed Mickey Mantle at shortstop.

Since Phil Rizzuto will be the only reliable shortstop after Jerry Coleman departs for the Marines on May 2, Stengel will have to find a substitute in the event something happens to Phil.

"Gil McDougald, and Carey or Kal Sigrist all might be able to do a job at shortstop," Stengel said. "Why Mantle might even do it. He looks pretty good out there."

WICHITA, Kan. — (AP) — There was only one subject of conversation in the camp of the New York Giants today — Monte Irvin's broken ankle.

"We'll carry on without Monte," said Manager Leo Durocher gloomily. "The big job is mending the ligament in his ankle."

"I wish it had been me," commented Catcher Wes Westrum.

MOBILE, Ala. — (AP) — Manager Chuck Dressen of the Brooklyn Dodgers said today he was thinking of taking Jackie Robinson out of the cleanup spot — but he hastened to add that he meant it as a compliment to Jackie.

"I'd like to have him bat third," said Dressen, "because he can do three things as well as anyone on the club. He can hunt, he can hit behind the runner and he can hit away."

If Robinson is upped to the third spot, Dressen plans to make Catcher Roy Campanella cleanup man.

MONTGOMERY, Ala. — (AP) — Manager Tommy Holmes today called upon lanky right-hander Dick Donovan to pitch the Boston Braves to their fourth win in five spring starts with Brooklyn Dodgers. Charlie Dressen's hurling choice was his capable southpaw, Chris Van Cuyk.

Holmes was deeply impressed by the relief performances given by Lew Burdette, Vergil Jester and Bert Thiel yesterday while the Tribesmen were taking a 13-inning game from the Dodgers, 5-4, before a 10,563 Mobile crowd.

FORT WORTH — (AP) — Ted Williams was due back in left field today for the Boston Red Sox's exhibition game with the Fort Worth Texas Leaguers. The slugger, who passed his Marine flyer physical test in Jacksonville, Fla., on Tuesday, rejoined his teammates in Dallas yesterday after rain washed out their game with the Eagles in the fifth inning with the score tied at 1-1.

Manager Lou Boudreau planned to pitch Mel Parnell and Ray Scarborough against the Fort Worth club.

DALLAS — (AP) — Manager Paul Richards, who has had little to cheer about this spring, received the brightening news to-

Hot Rod Club Meets Tonight

There will be a special called meeting tonight of the Pampa Hot Rod Club at the Stanton Chevron station on the Amarillo highway. The meeting will start at 7:30.

All members are urged to be present as all cars entered in the race April 13 will be numbered.

In the first of nine games of the trip north.

HATTIESBURG, Miss. — (AP) — A gala welcome was planned here today for the Chicago Cubs whose personnel director, Wid Matthews, is a Hattiesburg favorite son.

The Cubs, seeking their eighth straight win, will send Bob Rush against the Pittsburgh Pirates' Murry Dickson.

More than 3,000 seats were sold days before the game. It was the first appearance of a major league team in Hattiesburg in 28 years.

The Cubs thumped the Pirates 10-5 in Beaumont, Tex., yesterday.

SAN ANTONIO — (AP) — Managers Rogers Hornsby planned to use Tommy Byrne and John Hertz on the mound today in the St. Louis Browns' game against the Chicago White Sox.

The Sox earned a 2-1 decision over the Browns in their contest yesterday. The Sox spoiled a string of 17 scoreless finishes by Ned Garver when they pushed in a run in the fifth inning.

Speaker Celebrates Birthday No. 64

DAYTONA BEACH, Fla. — (AP) — Tris Speaker celebrated his 64th birthday today and observed that being able to pitch to a batter's weakness is the key to a hurler's success.

Speaker, a member of baseball's Hall of Fame and an instructor at the Cleveland Indians minor league farm camp here, put it like this: "I think 75 percent of pitching is control. It is proven to me because pitchers like Joe Wood, Lefty Grove, Walter Johnson, Bob Feller and others came up to the majors with lots of stuff, but were somewhat wild.

"As they began to lose their stuff, they developed control and still won on their ability to pitch the ball to the weakness of the batter. That's what Bob Feller was fast, he was wild enough to keep the batters worried. Now he has control and he still wins. That convinces me how far control goes."

Speaker, Cleveland's great center fielder and the Indian's manager from 1919 to 1926, had a life time batting average of .345. He does not subscribe to the theory that hitters are born.

The Hubbard City, Tex., veteran said "an athlete must have the good natural swing and coordination but he must work hard to develop these qualities to become a good hitter."

Speaker, who has been active in baseball since 1908, single out the lively ball and night games as the two innovations which have brought the greatest changes in the national pastime.

DALLAS — (AP) — The Dallas Eagles of the Texas League today announced signing of Jack Kramer, right-handed pitcher released at the end of the 1951 season by the New York Yankees as a free agent.

Kramer, six-foot-two in New Orleans resident, broke into the majors with the St. Louis Browns in 1939, was traded to the Red Sox in 1948, went to the New York Giants in 1950 and to the Yankees in 1951.

Air Force Tournament Into Final Matches Tonight

AMARILLO — (Special) — Sgt. Eugene Cooper, Pampa slugging southpaw, was declared light middleweight champion of the Air Force boxing tournament here, also known as the "Warrior" tournament, when he defeated Earl Skowron in his division.

The Northern Zone tournament, originally scheduled for three nights, will finish tonight in front of the failure of entrants to arrive from two bases. At the end of the first night of fighting, Sheppard Field led four winners, Carswell AFB had three, Amarillo AFB had two and Perrin Field had none.

The fights will be held tonight in Hangar 4000 on the field, are free to the public, and start at 8 o'clock.

Cooper will fight an exhibition tonight with light heavyweight champion Jesse Woodard of Amarillo, who won his crown last night.

Winners of the Amarillo tournament proceed to the Southwest meet at Sheppard Field on April 14-15-16. The ultimate goal of the contestants is a shot at berths on the U.S. Olympic boxing team.

Last night's results:
Lightweight — James C. Ubbes, Amarillo, defeated Red T. O. D. Amarillo, Donald Ward, Sheppard, TKO'd Edward Carter, Amarillo, 1:40 second round.
Light welterweight — Kaye DeWar, Carswell, defeated Robert Craig, Sheppard; Eddie James, Sheppard, KO'd Robert Smith, Perrin, 1:42 first.
Welterweight — Jackie Pete, Sheppard, defeated Serando LaRiga, Perrin; Chuck Ward, Carswell, defeated Joseph Davis, Sheppard.
Light heavyweight — Jesse Woodard, Amarillo, (championship), defeated Don Fleeman, Carswell, KO'd Robert English, Perrin, 0:42 second.
Willie Banks, Sheppard, TKO'd Hugh Garland, Carswell. (Didn't answer bell for second.)
Tonight's pairings:
Lightweight consolation — Fred Todd, Amarillo, vs. Ed Carter, Amarillo.
Light welterweight consolation — Robert Craig, Sheppard, vs. Robert Smith, Perrin.
Welterweight consolation — Fernando LaRiga, Perrin, vs. Joseph Davis, Sheppard.
Finals:
Lightweight — Gene Cubb, Amarillo, vs. Donald Ward, Sheppard.
Light welterweight — Kaye DeWar, Carswell, vs. Eddie James, Sheppard.
Welterweight — Jackie Pease, Sheppard, vs. Chuck Ward, Carswell.
Exhibition — Gene Cooper, Amarillo, light middleweight, vs. Jesse Woodard, Amarillo, light heavyweight champion.
Middleweight — Howard Lee, Amarillo, vs. Steve Lickfeldt, Sheppard.
Heavyweight — Willie Banks, Sheppard, vs. Don Fleeman, Carswell.

the 18th hole, and it took a five-foot birdie putt, before winning a bid from Barbara Dawson, Piedmont, Calif.

Miss Anderson defeated Marie Jacks, Phoenix, 3 and 2. Miss Lindsay ousted Mrs. Jack Kennedy, St. Louis, 7 and 6, and Miss Romack defeated Mrs. John Holt, Longview, Wash., 5 and 3.

In the lower bracket, Mrs. Bowman, who also starred at Corvallis and Portland before moving to California last June, got the jump on Miss Downey on the first hole. She held a four up lead at the turn and closed out the match with a 40-foot putt for a birdie three on the 14th.

Miss Garner edged Mrs. Eldon Edes, Hollydale, Calif., 3 and 2. Mrs. Stamps like Mrs. Bowman a smooth swinger, defeated Mrs. Margorie Lindsay of Decatur, Ill., headed into the quarter-finals of the Trans-Mississippi Women's Amateur Golf Tournament today at the Arizona Country Club.

Relegated to the sidelines was the defending champion, Mary Ann Downey of Baltimore, Md., beaten yesterday by a newcomer to the Trans-Miss competition Mrs. Lyle Bowman of Richmond, Calif., 5 and 4.

Today's lineup of matches:
Grace De Moss, Corvallis, Ore., vs. Edean Anderson, Heiema, Mont.
Miss Lindsay vs. Barbara Romack, Sacramento, Calif.
Mrs. Bowman vs. Pat Garner, Midland, Tex.
Mrs. Dorothy Stamps, Oakland, Calif., vs. Mrs. Cliff Prather, Phoenix.

Feature battle was between Miss Lindsay, 1950 Trans-Miss winner and runner-up the year before, and California's Barbara, a 19-year-old comer whose booming shots have drawn praise around the country the past few months.

The De Moss-Anderson match promised to be close, too. The two are former college partners at Oregon State and are close friends.

A hearty 'WELL DONE' to Pampa's
CARBON BLACK INDUSTRY

GENERAL ATLAS

CABOT BOWERS

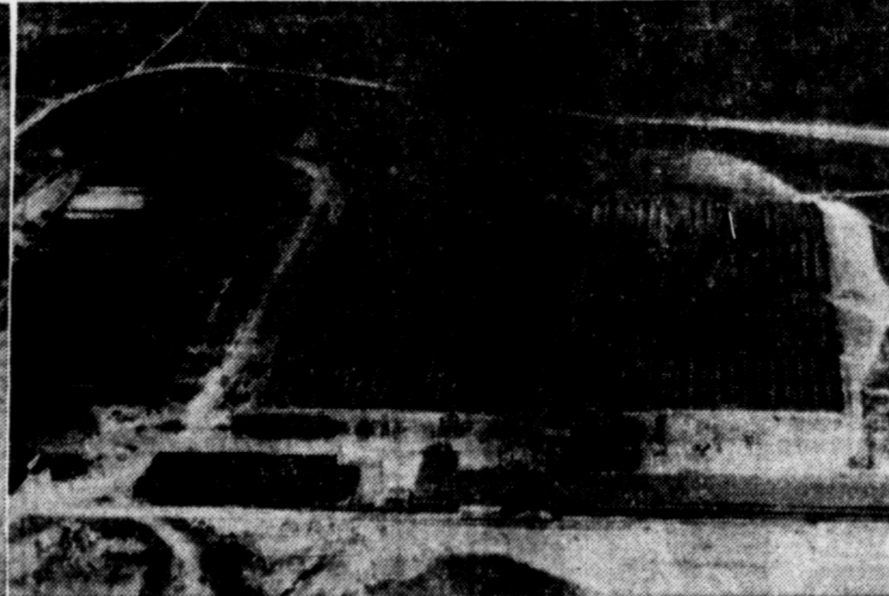

COLUMBIAN PLANTS 5 AND 6

Carbon black, hidden magic in a multitude of items used daily by Pampanos, too often doesn't receive due credit for the part it plays in our everyday lives. But its absence would be quickly noticed.

Tires, combs, ink, rubber coats and boots — an endless array of articles — depend upon the varying grades of black for quality, strength, body or color. Producing this vital product is the full-time job of at least seven plants in this area — both furnace and channel.

It is during this week, Texas Industrial week, that honor is paid to these industries which utilize a great percentage of the natural gas produced in the Panhandle and provide additional income for Pampa and the area. The carbon black plants deserve credit for a job being well done.

Baking School Held This Week In Panhandle

Miss Helen Dunlap, home demonstration agent, this week attended an instruction school in Panhandle to train leaders in making small cakes and cookies. County 4-H leaders will be taught by Miss Dunlap and they in turn will teach the girls. A county exhibit will be held in the summer, the winners of which will compete at the Amarillo fair. One of the major problems in baking cakes and cookies here is that high altitudes alter the reaction of ingredients in standard recipes, Miss Dunlap said.

Boogy-Man Lon Chaney Wants Less Blood On TV Pictures

HOLLYWOOD — (P) — What television needs, says boogy-man Lon Chaney, is more old-fashioned horror and less blood and guts for the children viewers. "That coming from a father and grandfather. But Chaney backs it up with this reasoning: "I don't mean that you should scare the kids on TV. I mean TV could put on the kind of horror things that my father did and that I have tried to do on the screen, although the studios seldom let me. My father may have looked like a monster, on the screen, but he was never a

menace. He played a simple fellow who was victimized by others; the only violence came with the retribution at the end of the picture.

"I think such stories would be much better for kids than the stuff they are getting from TV now. The westerns and other pictures are full of shootings and beatings.

"And I'm still going strong. I've been in show business for 47 years. I've got two grand-children and another on the way. I questioned the 47-year age, so Chaney explained: "My dad brought me on the stage when I was six months old. I don't mean I just was shown to the audience. I used to stand up on my father's hand and do other tricks. I was the same then as I am now — strong and dumb."

I have my doubts about the latter statement. If Chaney is dumb, other actors would like the same brand of ignorance. He is a steady worker in the movie mills and has returned from a TV spree in New York.

"And I just went out on a vaudeville tour." He related. "I brought the dramatic sketch back to vaudeville, which isn't as dead as people think it is. I went out for three weeks and ended up on the road for four months. Now I've got enough bookings to last me for four years."

Graham B. Smedley Seeks Second Term On Supreme Court

AUSTIN — Associate Justice Graham B. Smedley filed today as candidate for a second term on the Supreme Court of Texas with the state Democratic Executive committee.

Justice Smedley is serving his first six-year term as a member of the state's highest tribunal. He rose to the position from the Supreme Court Commission of Appeals to which he had been appointed by the Court in 1933.

In 1913 he was one of six assistants serving under Attorney General Ben F. Looney and was in charge of the state's cases involving public school lands, oil and gas rights, irrigation and similar matters. He handled the state's recovery of 60,000 acres of West Texas land paid in excess for construction of the present state capitol.

He wrote all of the opinions construing public land laws, newly-enacted irrigation laws and oil and gas prospecting laws. Smedley also represented the state in the heavy volume of court cases arising from these legislative acts.

Smedley served in the attorney general's office for five years and then returned to private practice until his appointment to the appeals commission. Prior to 1913 he was county attorney of Midland county.

Author of a digest of oil and gas laws, he has been a member of the editorial board of the Texas Law Review for 15 years. He also is an elected member of the American Law Institute.

Government statistics showed 830,000 women specialists graduated from higher educational institutions over one million studying in higher and secondary educational institutions and 207,000 women doctors. Forty percent of the agronomists are women.

NOTICE TO BIDDERS Sealed proposals addressed to the Mayor and City Commission of the City of Pampa, Texas, will be received at the office of the City Secretary, City Hall, Pampa, Texas, until 10:00 A.M., April 22, 1952, for furnishing all necessary machinery, superintendence, labor and materials for furnishing and installing a deep well turbine pump.

Bidders must submit Cashier's or Certified Check issued by a bank satisfactory to the Owner, or a Bidder's Bond from a reliable Surety Company payable without recourse to the order of C. A. Huff, Mayor, in an amount not less than five (5%) percent of the largest possible bid submitted as a guaranty that Bidder will enter into a contract and execute bond and guaranty in the forms provided within ten (10) days after notice of award of contract to him. Bids without required check or Proposal Bond will not be considered.

The successful Bidder must furnish performance bond in the amount of 100 percent of the total contract price from a holding company holding a permit from the State of Texas to act as Surety, or other Surety or Sureties acceptable to the Owner.

All lump sum and unit prices must be stated in both script and figures. The Owner reserves the right to reject any or all bids on a defective basis. In case of ambiguity or lack of clearness in stating the prices in the bids, the Owner reserves the right to consider the most advantageous construction thereof, or to reject the bid. Unreasonable (or "unbalanced") unit prices will authorize the owner to reject any bid.

Attention is called to the fact that there must be paid on this project not less than the general prevailing rates of wages.

Instructions to Bidders, proposal forms, specifications and plans are on file at the office of the City Secretary at Pampa, Texas.

Copies may be secured from ROBERTS MERRIMAN, Consulting Engineers, 218 N. Russell, Pampa, Texas. CITY OF PAMPA, TEXAS

NOTICE TO BIDDERS

Sealed proposals addressed to the County Judge and Commissioners' Court of Gray County, Texas, will be received at the office of the County Clerk, Pampa, Texas, until 1:30 P.M., April 22, 1952, for furnishing all necessary materials, machinery, equipment, superintendence and labor for the construction of a bridge near Lefors, Texas, and repairing a bridge across McAllen Creek.

Bidders must submit Cashier's or Certified Check issued by a bank satisfactory to the Owner, or a Bidder's Bond from a reliable Surety Company, payable without recourse to the order of C. A. Huff, Mayor, County Judge, in an amount not less than five (5%) percent of the largest possible bid submitted as a guaranty that Bidder will enter into a contract and execute bond and guaranty in the forms provided within ten (10) days after notice of award of contract to him. Bids without required check or Proposal Bond will not be considered.

The successful Bidder must furnish performance bond in the amount of 100 percent of the total contract price from a Surety Company holding a permit from the State of Texas to act as Surety, or other Surety or Sureties acceptable to the Owner.

All lump sum and unit prices must be stated in both script and figures. The Owner reserves the right to reject any or all bids on a defective basis. In case of ambiguity or lack of clearness in stating the prices in the bids, the Owner reserves the right to consider the most advantageous construction thereof, or to reject the bid. Unreasonable (or "unbalanced") unit prices will authorize the Owner to reject any bid.

Bidders are expected to inspect the site of the work and to inform themselves regarding local conditions. Attention is called to the fact that there must be paid on this project not less than the general prevailing rates of wages which have been established by the Owner as the following:

Mechanic	General	General
Workman	Prevailing	Prevailing
or Type of	per diem	Hourly
Labor	wage based on	wage
8 hr. working day		
\$10.00 to \$14.00	\$1.25 to \$1.75	
Skilled	\$2.00 to \$3.00	1.00 to 1.25
Unskilled	60c to 80c	75c to 90c

(Detailed Labor Specifications and Corresponding Wage Rates are set out in the Specifications.)

The Bidder's attention is also called to the special provisions concerning minimum wages and hours of employment included in the Specifications, and that compliance must be insured with House Bill No. 54 of the 42nd Legislature and House Bill No. 115 of the 44th Legislature of the State of Texas, and also all Federal Wages and Hours Legislation applicable.

Instructions to Bidders, proposal forms, specifications and plans are on file at the office of the County Clerk at Pampa, Texas. Copies may be secured from Roberts & Merriman, Consulting Engineers, 218 N. Russell, Pampa, Texas, or 1210 Avenue Q, Lubbock, Texas, upon deposit of \$25.00 each, which deposit will be returned to the Bidder on submission of a bona fide bid on the work with such Plans and Specifications, or upon returning the Plans and Specifications immediately after examination of same, and advising the Engineer that bid will not be submitted; otherwise, the deposit shall be forfeited. No obligation assumed to return deposits under other conditions.

(By Bruce L. Parker, County Judge, Gray County, Texas)
