

Anti-Four-Termers Will File Electors Under New Party Name

By DAVE CHEAVENS.
AUSTIN, Sept. 23.—(AP)—A new party which will file its own slate of presidential electors was organized here today by a group of Texas anti-Roosevelt democrats in a closed convention.

The new party's statement said it believed that a large majority of Texas people "resent and condemn the usurping of the democratic party name by communists, big-city machine politicians, Bronx Negro politicians and the C. I. O. political action committee, x x x."

supreme court, unanimously ruled that Roosevelt-pledged electors nominated by the September state democratic convention, and not the electors chosen at the May convention, should be certified for printing on the Nov. 7 ballot as the democratic electors.

Willis said it had not been decided what names would be filed. The effect of today's supreme court decision was to expunge from the democratic column the names of presidential electors who have said they would not vote for Roosevelt and Truman.

the right of the democratic party to determine the qualifications for its own membership, met in caucus Saturday morning.

"Since the supreme court has by its decision nullified the action of the May convention, the convention was held in Austin on Saturday afternoon and party organization completed."

"It is the purpose of the party to certify persons for presidential electors and give the voters of Texas an opportunity to register their votes in the November election for electors who will stand for the true Jeffersonian principles of democracy and for restoration of constitutional government, freedom of the press, and freedom of private enterprise."

will be waged unceasingly upon the high planes of principles until victory is ours in November."

Germans Dig In On East Bank of Rhine

By EDWARD J. KENNEDY
Associated Press War Editor
Thousands of troops and major supply reinforcements were dropped to the British Second army by the First Allied airborne army, it was announced officially at supreme Allied headquarters last night, and hope swelled for a link-up between the battered and encircled British forces at Arnhem and the relieving armies across the Neder Rhine in Holland.

Hope for the "lost division" also was strengthened by the announcement that the long, thin supply line of Dempsey's army was again intact. British forces beat off German SS troops and tanks that had cut the Allied line at the Dutch village of Veghel. Rocket-firing Typhoons helped break the German hold at Veghel.

Ah—chev! Pardon.
It's hay fever season. It started last week and if you suffer from this asthmatic disorder caused by pollen or dust, the only consolation is the fact it won'd last but a week or two more.

Midland Bulldogs Bring Defeat To Harvesters

T Formation Nets Victory

The old hocus pocus was pulled on the Pampa Harvesters here Friday night when the Midland Bulldogs scored an 18 to 13 victory over the fast stepping eleven.

Over 4,000 spectators saw the thrilling classic when the Bulldogs worked their famous Chicago Bears "T" formation and used an aerial bombardment over the Harvesters that will long be remembered.

Scoring their first touchdown in the first two minutes of play, the Harvesters felt they would win a sure victory over the Bulldogs, but Midland retaliated with a touchdown before the first five minutes had elapsed, hence the score in the early phase of the exciting game was tied 6 to 6.

The Harvesters line gave forth with brick wall resistance, and could not be penetrated by the Bulldogs. The Bulldogs won their initial 1944 game by the perfect timing of the famous Chicago Bears "T" formation and lateral passing.

Campbell, McCracken, Clay, Vaughn, Grantham and Cree for the Harvesters play undisciplined football. They furnished the thrills that kept spectators on edge during the entire time of play, but the Bulldogs four horsemen, Yeager, Roy, Richards and Hale led the Midlanders to victory.

This is the way it was done:

First Quarter
Pampa kicked to Midland. Hyatt for the Bulldogs received the ball on the 12 yard line and returned it to the 30 yard line. Bill Bird for the Harvesters recovered the ball when the Bulldogs fumbled. Grantham gained five yards through the Midland center and Campbell carried the goal on a perfect "T" formation play. Campbell tried for the conversion but the kick was blocked.

Kick-off by Pampa, received by Roy who returned the ball to the 35 yard line. Roy plunged the line for a two yard gain. Richards gained seven yards for the last down through Harvesters center. Hale picked three yards and Richards got left end for 64 yards and pay dirt. Both teams scored in the first five minutes. Conversion; lateral pass was no good.

Midland kicked. Harvesters received on the 10 yard line and returned to the 44 yard line. Campbell, around right end for seven yard gain Vaughn got a first down for the Harvesters when he worked a "T" for 13 yards. Grantham got three yards through center, and Clay picked seven yards around left end. Grantham carried the ball six yards around right end for another first down for the Harvesters.

Clay lost one yard in a center plunge and Campbell on the next play gained four yards around right end. Grantham lost three yards in a play around left end. Campbell gained nothing in a try around right end. The ball went to the Bulldogs because of downs. McCracken replaces Vaughn.

Richards gained four yards in a drive around right end. Score: Pampa 6, Midland 6.

Second Quarter
Hale on Midland's seven yard line. Ball picked four yards through center on "T" formation. Hale again gained five yards on another "T" formation play. Richards punted from 10 yard line. Campbell returned the ball to the 35 yard line. Vaughn replaces McCracken. Campbell took the field in the next play when he ran for the 27 yard play for a goal. McCracken replaces Clay. McCracken kicked for the conversion. Score: Pampa 13, Midland 6.

Campbell kicks. McNeal for the Bulldogs receives ball on 25 yard line and ran back to 34 yard line fumbling the ball in a series of short kicks when he attempted recovery. Ball recovered by Midland. Hale gained five yards through center. Richards picked five for the first down around right end. Richards pass to Roy for four yards good. Midland five yard penalty for offside. Hale gained five yards through the Harvesters center on "T" formation. Fourth down, three yards to go. Hale through center, no gain. Pampa's ball on 38 yard line.

Grantham fumbled ball on fake play and recovered on 33 yard line. Grantham lost another yard on line plunge. Midland five yard penalty for offside.

Campbell, carrying the ball around the Midland right end was downed on the 44 yard line for five yard gain. Campbell tried around left end, Midland was penalized 15 yards for holding.

Clay punted from the 27 to 50 yard line. Richards, wide around right end, fumbled but recovered on the 34 yard line. Hale picked three yards through Pampa center. Richards attempted a pass to Hale but it was no good. Richards passes from 28 yard stripe. Pampa's ball on downs. Vaughn replaced McCracken. Ball on 25 yard line.

Clay gained five through left tackle. Campbell picked six yards around right end, for first down. Vaughn five yards gains through center on fake pass. Half ended with Vaughn in motion. Score: Pampa 13, Midland 6.

Third Quarter
Pampa kicked. Hale received on 30 and was thrown back to the 44 yard stripe. Richards gained one yard through center. Richards punted to Pampa 5 yard line. Grantham downed the ball on the 11 yard line. Campbell picked one yard on "T" play. Campbell punted in the next end, fumbled but recovered by Richards. Richards pass to Hale complete for 14 yard gain. Richards fumbled but Midland recovered on 20 yard line. Richards passed to Hale for a yard gain. Richards passed to Hale for another eight yard gain. Hale tried for the goal but failed. Richards invades Harvester line for score.

Pampa 13, Midland 12. Conversion by Richards was no good.

Vaughn replaced McCracken. Midland kicked to Pampa. Ball went over the top to 23 yard line. Campbell gained five through center. Clay gained three yards through left end lost two yards. Campbell gained two yards around left end. Clay fumbled on 20 yard line. Midland recovered the ball.

Hale gained two yards through center. Richards passed to Hale then to Hyatt was perfect coordination for pay soil. Roy conversion pass was no good.

Score, Pampa 13, Midland 18.
Midland kicked to Pampa 10 yard line. Ball was received by Campbell on the 12 yard line and returned to the 30 yard line. Campbell gained five through center. Clay gained three yards through left tackle.

Campbell gained 1 yard through center. Quarter ended. Score: Pampa 13, Midland 18.

Fourth Quarter
Clay kicked for Pampa to 30. Roy returned to 35. Hale lost a yard bucking line. Richards dropped ball but recovered. Richards punted from 35 yard line. Grantham for the Harvesters received and returned five yards from the 30 stripe, but play was called back and Pampa was again penalized five yards for offside. Richards to McNeal pass was incomplete. Yeager did not gain in the next play.

Pampa got ball on downs at 40 yard line. Clay lost a yard. Campbell gained a yard, wide around right end. Clay picked 25 yards from the Bulldogs wide around right end for first down on 15 yard line. Edwards was injured by resumed play.

Clay gained yard through center, and Grantham lost five yards in the next play when he attempted a wide around right end. Clay gained four yards wide around right end, ball went to Midland on downs on Midland ten yard line.

McCracken replaced Vaughn. Midland's Hale gained nothing through center. Richards gained five yards around right end. Richards punted in the next play. Ball went into bleachers on Midland 14 yard line. Clay fumbled on pass and ball was recovered by Midland.

Hale gained nothing through center. Hale lost a yard by center plunge. Roy punted from 45 yard line, ball going out of bounds on 37 yard line. Pampa passed, Clay to McCracken was incomplete. Vaughn passed to Cree for 10 yard gain making the first down. Vaughn attempted another pass but the pass was no good. Vaughn tried another pass, but it was incomplete.

Campbell passed to Cree and then Cree to Grantham was good for 30 yards and the gun.

Score: Pampa 13, Midland 18.
How they started (Weights in Parenthesis)
PAMPA PO. MIDLAND
Cree (141) LE (140) Hyatt

Former Teacher
Principal Frank Monroe of Midland former Pampa junior high school teacher, accompanied by Mrs. Monroe, was in the bleachers rooting hard for the Bulldogs.

Monroe revealed that nothing would please him better than to see the Bulldogs defeat the boys he had taught when he was in junior high here about three years ago. He was popular in Pampa school activities and was an active junior chamber of commerce worker.

HARVESTER BACKFIELD STARS

Randall Clay (left), 165-pound right halfback, and Johnny Campbell, 130-pound full back, who starred against the Bulldogs Friday when the Harvesters saw defeat.

Harvesters To Face Heavily Armed Sooners

Oklahoma City Central High school is the next foe of the fast stepping Pampa Harvesters. The Sooners will meet Pampa on the local grid field next Friday night. Striking with air power the Sooners upset plans of the Ponca City eleven entering the Oklahoma state high school football meet when they scored a 14 to 0 victory over that team in Taft stadium, Oklahoma City, Friday.

The Sooner team will bring weight averaging 182 pounds to combat the Harvesters.

Sooner Captain Les Ming, 195 pound fullback, is the boy that will be a watchful eye, for Ming is rolling up quite a reputation for himself this year.

The Sooners probable lineup against the Harvesters is:

| NAME | WEIGHT |
|-----------------|----------|
| Bill Hoffman | P.O. 180 |
| Wayne Burrows | L.E. 180 |
| Harold Merideth | L.T. 165 |
| Bill Southern | R.G. 165 |
| Raymond Carr | R.T. 160 |
| Jim Bennett | R.H. 160 |
| Bob Vaughn | P.B. 195 |
| Les Ming | P.B. 195 |
| Pat Knox | B. 115 |

Texas Aggies Sink Bryan Field 39-0

COLLEGE STATION, Sept. 23—Texas A&M breezed to a 39-0 victory over Bryan air field here today featuring spectacular runs, long passes and an airtight defense.

The Aggies gained 147 yards rushing to 3 and made five first downs. Cashion threw four passes, completed three for a gain of 59 yards while the fliers threw five and completed one for two yards, and one was intercepted. The Aggie band fielded 90 members and it was announced as many more will be added next week by new freshmen already registered, to bring the organization back to its prewar figure of 200 pieces.

Lubbock Turns Air Power On San Angelo

(By The Associated Press)
Defeats stung the defending state champion San Angelo Bobcats and the heralded Denison Yellow Jackets Friday in the wake of a round of rousing upsets in Texas school-boy football.

San Angelo, which had won 15 straight games, fell before pass-minded Lubbock 7-0 Friday night to push the Westerners forward as one of the state's top teams while Denison was nipped out 14-13 by Waxahachie, which had lost the week before to Fort Worth Paschal.

Elsewhere surprises piled up. Longview's Lobos took a 41-0 plastering from Fort Arthur. Austin beat Temple 7-6 and Waco smashed Jeff Davis of Houston 47-7.

White Falls shoved forward as a leading contender with a 32-0 victory over Amon Carter-Riverside of Fort Worth. Tyler continued to look like Marshall's main worry in East Texas by downing Athens 58-0 in a District 11 conference game while Marshall was trimming Nacogdoches 52-7, and down at Corpus Christi Greenville marched into a top spot by outscoring Corpus Christi 21-12.

Harvard Ramps Over Bates at Cambridge
CAMBRIDGE, Mass., Sept. 23—(AP)—Mar Jenkin and Bob Chapple each registered a pair of touchdowns as Harvard's informal football forces rumped over Bates, 43-6, today before an 8,000 crowd at the stadium.

Cook green tomatoes ten to 15 minutes longer than ripe ones.

Sports Roundup

By HUGH FULLERTON, JR.
NEW YORK, Sept. 23—(AP)—When that ball field battle between the Browns' Tom Turner and Washington's Roberto Ortiz was in full swing the other night, three civilians came onto the field and tried to separate the batters. Ellis Clary, St. Louis sub infielder, grabbed one of them and started to haul him back to the stands. Just in time he found he was giving the Bums' rush to umpire Hal Weafer... one reason why manager Eddie Walker called off that chalky Wright-Jackie Wilson fight in Washington, thus setting the stage for another inter-commission feud, was that the promoter didn't bother to tell him about the postponements.

When Coach Paul Brown got his first look at the Great Lakes array of football talent, his comment was: "Gee, I wish we played Michigan."

SHORTS AND SHELLS
Looking at the National League (baseball) standings, it appears that the National League (football) didn't have such a bad idea when it joined Pittsburgh to the Cardinals... First report on how to get around the new eastern kickoff rule came from last week's Franklin and Marshall-Seranton game. F. and M. scored the one-inch and Marshall-Seranton game. F. and M. scored the one-inch tee, placed the ball sideways on the ground and booted the ball so it didn't go out of bounds but took some unpredictable bounces... the Tigers' Dizzy Trout now wears glasses only off the ball field. He found it too easy to lose or break those expensive contact lenses... Attention bowlers: Howard P. Graves of San Francisco rolled 30 consecutive spares without a strike last July.

GET IT RIGHT
When Jimmy Johnson was taking his new fighter, "the mighty melli-chell" (well, he looks like a fighter) around to visit local scribbles, he related how the Argentine heavy-weight had said his ambitions were to fight Joe Louis and meet Hedy Lamar. Someone who spoke Spanish asked Melichell if that was right. "No," the mighty one replied, "I'd rather fight Hedy Lamar and just meet Joe Louis."

The Gophers, holding a 13 to 12 advantage, saw the Seahawks take to the air effectively in the final period to pull the game out of the fire.

Illinois Puts Pressure On Indiana Eleven

CHAMPAIGN, Ill., Sept. 23—(AP)—The University of Illinois football team opened the 1944 Big Ten campaign by downing a powerful Indiana eleven, 26 to 18, today before 7,000 spectators.

Indiana surged ahead in the first half but with freshman Paul Patterson running and passing, Illinois overtook the surprising Indiana team in the fourth period.

The Indians counted all their touchdowns on short plunges not more than three yards from the goal line.

Patterson sparked the Illini to tie the score at 12 all at the start of the second half, shaking off tacklers from the Indiana 29 yard line to the goal line.

Young, national collegiate sprint champion, put the Illini in the lead on his 15-yard touchdown run after receiving a 21-yard pass from Greenwood in the fourth period.

Face powder is used by about 90 per cent of American women.

In Rome, women used to rouge their knees and elbows.

Servicemen Series Is Star-Studded

HONOLULU, Sept. 23—(AP)—Virgil Trucks' sparkling shutout pitching left the navy with a one-game bulge over the army today as the servicemen's star-studded "world series" went into its second contest in jammed Furlong stadium.

Trucks, former Detroit Tiger ace, pitched four-hit ball for the navy's 5-0 initial triumph yesterday, while his mates swarmed over Johnny Beasley, ex-St. Louis Cardinal, who was jerked after the seventh.

Beasley handed out seven walks and nine of the navy's 10 hits before giving up the army mound to semipro hurler Don Schmidt.

Trucks fanned five batters, including Yankee Joe Gordon for the final out, and collected two hits, one of them driving in a run.

All seven games of the series will be played out, even if it is decided earlier, so that as many servicemen as possible may see the collection of former major league stars.

The army players are from the seventh AAF team, Hawaii senior league champs. The navy outfit has been assembled from the islands and the mainland.

Duke Tramples Richmond 61-7

DURHAM, N. C., Sept. 23—(AP)—Scoring easily in every quarter, Duke university steam rolled to a 61-7 victory over Richmond today in a southern conference football game before 8,000 fans. A group of unpublicized reserves led Duke much of the way.

Arkansas Upsels Favored Missouri

ST. LOUIS, Sept. 23.—(AP)—A perfect placement kick for a point after touchdown gave the University of Arkansas a 7 to 6 victory over the favored University of Missouri Tigers today on the sodden gridiron of Walsh stadium.

Held on the defensive through most of the game, the Razorbacks score came on a blocked punt by Melvin McGaha late in the third quarter. Henry Ford fell on the slippery pitch in the end zone for a touchdown and Jim Young kicked the extra point.

Missouri, forced to use a running attack when the weather broke up aerial maneuvers, came back midway in the final period with a sustained 66-yard drive and Acting Captain Paul Collins plunged over from the three. Don Litzinger, kicking specialist, was rushed into the game, but his try angled just outside the crossbars.

Time ran out before the Tigers could again move into scoring territory.

The game, witnessed by 8,500 spectators, was the first of the season for both elevens.

Basque whaiemen are believed to have fished in Newfoundland waters in the 14th century.

Section C Team Holds Top Place For Softballers

Headquarters softball squad of the enlisted men's league at Pampa army air field scored a victory over the Section B squad Wednesday evening in game exceptional in its mediocrity.

No other games are scheduled in the league this week.

Standings for the week reveal Section C, with three played and won in top place, followed by Section B with two games played and one won.

FOOTBALL RESULTS

By HAROLD CLAASSEN
NEW YORK, Sept. 23.—(AP)—A touchdown score after the final gun brought UCLA a 13-13 tie with Southern California and a spectacular performance by Jim Youel gave Great Lakes a 27 to 18 verdict over Purdue today as football strode back onto the nation's sports stage.

St. Louis over Philadelphia PHILADELPHIA, Sept. 23.—(AP)—Bud Beverly let the Phillies down with six hits in pitching the St. Louis Cardinals to a 6-2 victory here today. Dan Litzinger hit a three run homer in the seventh for the Cards.

PITTSBURGH OVER NEW YORK
NEW YORK, Sept. 23.—(AP)—Pinch hitter Tommy O'Brien's two-run single with the bases full in the 13th inning gave the Pittsburgh Pirates a 6-4 victory over the New York Giants today. Rip Sewell, pitching one scoreless round, gained his 20th victory of the season.

Bruins Wallop St. Mary's 31-7
EERKELEY, Calif., Sept. 23.—(AP)—Before a shirt-sleeved crowd of 40,000, University of California's Bears opened their football season today by walloping the juvenile-powered St. Mary's college Gaels, 31 to 7.

Blackland Defeats Tarleton 24 to 0
WACO, Sept. 23.—(AP)—Blackland army air field opened the football season today with a 24-0 victory over the John Tarleton plowboys who could get no closer than the Eagle 35-yard line.

So. Cal.-UCLA Grid Classic Results In Tie

LOS ANGELES, Sept. 23.—(AP)—UCLA put on one of the most sensational finishes any football game ever had in Los Angeles' giant memorial coliseum today to get a 13-13 tie with the University of Southern California.

Sixty thousand persons who endured 100 degree plus heat to watch the powerful Trojans push over touchdowns in the second quarter, could hardly believe what they saw as the fighting Bruins suddenly unleashed an irresistible ground attack that carried 49 yards to a touchdown in six plays, they were even more stunned when Johnny Roesch, 160-pound halfback, gathered in a Trojan punt as the timer's gun sounded and dashed 74 yards through the bewildered men of Troy for another one.

That was only part of the drama, however. Quarterback Bob Waterfield of the Bruins went back to boot the placement and thousands rushed from their seats and crowded the sidelines. The ball hit the crossbar and an upright and bounded wildly to the left. The players and the officials were lost as the crowd swarmed the field and it was a full minute before the referee could signal that the ball had gone over the crossbar for the tying point.

National Football Leaguers Clash

CHICAGO, Sept. 23.—(AP)—The national football league race gains momentum tomorrow as three teams, including the champion Chicago Bears, make their debuts on two fronts.

The Green Bay Packers, who opened the chase last Sunday with a 14-7 victory over the Brooklyn Tigers, play host to the Bears in

Rationed Extras Now Get Extra Gasoline Mileage

All over the country, thousands of rationed car owners, truck fleets, taxi cabs, motorcycles and tractor owners report gasoline savings up to 30%. These people have been enjoying extra gasoline mileage by installing a Vacu-matic to their carburetor. This new device is entirely automatic. Nothing to regulate or adjust and can be installed in 10 minutes. The Vacu-matic Co., 7617-877-M State St., Wauwatosa (13), Wisconsin, are offering a Vacu-matic to anybody who will install it on their car and help introduce it to others. Write them today for particulars as to how you can get your Vacu-matic or just send your name and address on a penny post card.

Minnesota Loses To Iowa Seahawks, 19-13

MINNEAPOLIS, Minn., Sept. 23.—(AP)—Minnesota's weakness on pass defense when the Iowa Seahawks had their backs to the wall in the final minutes of the fourth period gave the Iowans a 19 to 13 decision in the Gophers' opening game of the season before 31,687 fans today.

Minnesota was outplayed defensively by a considerable margin in the first two periods but came back in the last half to play the Seahawks on even terms until the visitors took to the air.

After a scoreless first period, the Seahawks drove deep into Minnesota territory three times and late in the period, Ray Swanke, Iowa substitute ran 35 yards unmolested after intercepting a lateral pass to score.

Amarillo Spills Abilene 12 To 0

Amarillo put the skids under Abilene last night when they scored two fast touchdowns in the second quarter, at Abilene.

On the third play of the game Paul Miller passed to Rudy Bauman who made the first touchdown. Amarillo again scored in the same quarter when Abilene lost the ball through a fumble with Richard Mixon recovering, on the 25 yard line, for the touch.

Both conversions were incomplete kicks. No scoring was recorded after these two fast plays.

Of the nine provinces of Canada, seven have a coast line on salt water.

Expecting a Baby?

MOTHER'S FRIEND helps bring ease and comfort to expectant mothers. MOTHER'S FRIEND, an exquisitely prepared emollient, is useful in all conditions where a bland, mild anodyne massage medium in skin lubrication is desired. One condition in which women for more than 70 years have used it is a application for massaging the body during pregnancy. It helps keep the skin soft and pliable, thus avoiding unnecessary discomfort due to dryness and tightness. It refreshes and tones the skin. An ideal massage application for the numb, tingling or burning sensations of the skin. For the tired back muscles or cramp-like pains in the legs. Quickly absorbed. Delightful to use.

Brent Carruth Is Pig Show Winner

Brent Carruth, Gray county 4-H club member, was yesterday awarded a \$125 registered Jersey heifer when his gilt took first place in the annual Sears-Roebuck pig show.

The show, staged annually by Sears-Roebuck for 4-H club members, was held in the parking lot east of the county courthouse. Eight gilts and one boar were on exhibition at the show judged by C. J. McGee, vocational agricultural teacher at McLean high school.

Amount of Paper Collected Is Up

Under a new program at Pampa army air field the use of paper in the last month has been drastically cut and an intensified search for usable paper salvage has reached the total 36,000 pounds monthly, as contrasted with 10,000 pounds or one carload, collected each month previously.

PAAF Personnel Is To Be Entrained

Pampa army air field military personnel who will be in Dallas this afternoon or any Sunday afternoon hereafter will have the opportunity to dine and dance free with Dallas beauties of the Career Girls Defense corps of Dallas at the Winter Plantation club, according to an invitation by Col. Mildred De Spain, commanding officer of the Defense corps, received at the local air base.

Plain and Fancy Spotters

Fur Accessories Enliven Ensembles

NEW YORK—Leopard and ocelot pelts, and science's clever imitation of these jungle-born polka dots in fur-like fabric, make boldst bid for eyes this fall in fashion accessories.

These glamorous spots before your eyes may be confined to a bag, a muff or a hat. They play up the drama of collar and cuff ensembles, vests for suits, dickey-like affairs with peplums that are worn with dresses. They make pockets, face veils, line coats or parkas— Eskimo-like hood—that snap on or

off of coats, as illustrated by the snappy rust-colored trench-type topper, modeled by Columbia film star Georgia Carroll at the right. Teamed with a mammoth-sized leopard bag, the face-framing parka lined with matching fur is calculated to satisfy any girl's quest for glamor.

So is the test-tube imitation of the leopard's spots, in a fur-like fabric of Dupont rayon yarn. Launched last year to line raincoats, it wins its spurs this fall as an adjunct of smart dress and suit ensembles. In the photograph at the left you see the leopard-printed fabric used to line a topcoat of dark green wool and to make vest-like jacket of the suit with which it is ensemble.

Mary Helen Ward To Become Bride Of L. E. Gribble

Mrs. and Mrs. Clarence Ward have announced the engagement of their daughter, Mary Helen, to L. E. Gribble, Jr., son of Mr. and Mrs. L. E. Gribble of Wellington, Texas.

Miss Ward is a graduate of the 1934 Pampa Senior class.

Mr. Gribble is stationed at Camp Sibert, Ala., with the Chemical Warfare Division. Before entering the service Mr. Gribble attended the University of Texas where he majored in chemical engineering and was a member of Sigma Chi fraternity.

Birthday Party Is Given in the Home Of Carolyn Dunham

Mrs. Harold Dunham entertained a group of children in her home at 434 S. Banks, Friday evening with a lawn party honoring her daughter, Carolyn.

The yard was decorated with yellow and blue flower arrangements and the children played out-door games with prizes awarded to winners.

Miss Peggy Rose conducted games. Drucella Anderson gave a birthday reading, Carolyn and Patsy Kay White did a tap dance and sang.

A chocolate birthday cake decorated with blue and gold candles was served on the table. "Happy Birthday" was inscribed on the cake. Jerry Ray Boston lighted the candles and all the children made their wishes.

Gifts were opened and Mrs. Dunham served gelatin and cake to: Mary Dell Church, Billie Rose, Gale Campbell, Frankie Walker, Jr., Drucella Anderson, Morris Morgan, Jerry Boston, Beverly Ann Atkinson, Forest Allen Church, Peggy Rose, Adajean Morgan, Gennie Dell Atkinson, Patsy Kay White, Dorothy Nell Rose and the honoree and her parents, S. Sgt. and Mrs. Harold O. Dunham.

Birthday Dinner Given in Hallman Home Friday

Mrs. Roy Hallman honored Clifford F. Howard and Mr. Hallman with a birthday dinner Friday.

A complete dinner menu and orange-leaf birthday cake was served to the following:

Walter J. Hayes, Lewis Allen, Clifford Howard, Mrs. Fay Howard of Los Angeles, Cal., Norma Joyce, Jackie Lee, Jacqueline Ray and Janice Howard, all of Santa Ana, Cal.

Luncheon Held for Catholic Council

A social hour and covered dish luncheon preceded the business meeting of the Parish Council of Catholic women when the group met Wednesday in the home of Mrs. L. H. Sullins, 601 North West. Mrs. Dick Sullins was assistant hostess. The council re-elected Mrs. M. F. Roche president and Mrs. R. J. Kiser, secretary. Mrs. D. C. Kennedy was elected vice-president, and Mrs. Win. Herr parliamentary.

A resume of the year's work of each committee was given along with announcements from the Altar society and Holy Soul's Parent-Teacher association. Plans were discussed for the establishing of a Catholic Youth club.

Delegates to the Diocesan convention which will be held in Amarillo, Oct. 1, were elected. Mrs. Gus Flurry will serve as delegate from the PTA and Mrs. M. F. Roche from the Altar society. Mrs. L. H. Sullins and Mrs. D. C. Kennedy were elected alternates.

A banquet at the Amarillo country club at 6:30 p. m. will conclude the convention. Those wishing reservations should contact Mrs. L. H. Sullins, telephone 33 not later than Wednesday, Sept. 27.

The next meeting of the council will be held in the home of Mrs. Russell Chisholm.

Christian Science Topic Is 'Reality'

"Reality" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, September 24.

The Golden Text is: "Every good gift and every perfect gift is from above, and cometh down from the Father of lights, with whom is no variableness, neither shadow of turning" (James 1:17).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Be ye therefore perfect, even as your Father which is in heaven is perfect" (Matthew 5:48).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "God is the creator of man, and the divine principle of man remaining perfect, the divine idea or reflection, remains perfect" (page 470).

The hydrox, a small fur-bearing animal of West Africa is called "Sensibil" because the natives because "it has so much sense the leopard can't catch it."

Informal Dance Held Friday By Members of Rainbow Girls

Following the Pampa-Midland football game Friday evening, members of the Order of Rainbow for Girls entertained with an informal dance at the country club.

Harvester colors of green and gold decorated the club room and placards were displayed announcing the candidate for student council president. Music was furnished by nickelodeon.

Sponsors were Mr. and Mrs. J. Y. Pooch, Mr. and Mrs. W. L. Parker, Mr. and Mrs. Henry Reynolds, Mr. and Mrs. Burl Graham.

Attending were Phyllis Ann Parker, Mickey Onada, Earlene Davidson, Richard Schleg, Betty Barrett, Edell Hancock, Douglas McDonald, Billy W. Lane, Sibell, Mary Jane Chambers, Jimmie Green, Lou Marsell, Ruth Castka, Carroll Chisum, Joe Glaxner, Patsy Ferguson, Betty Hawthorne, Phyllis Casey, Kathryn Rose, Wanda Gordoth, Brent Blankvist, John Hawkins, Bill Dixon, Betty Holt, Bob Parkinson, Ronald Rice, Laverne Baltes, Glen Keyes, Winnie Cox, Dale Thut, Jimmy Kline, Jacky Hays, Ruthie L. Franks.

PAGE 7

Of Cabbages and Queens

By Jane Bara

If you worry about what people think of you, it indicates you have more confidence in their opinion than in your own.

Our prize gag: Last week we stopped in at the USO. Said a rookie to a cokie, "Sweet thing, can I have the last dance with you?" Said cokie to the rookie: "Yes, fiddle-foot, you CAN and DID."

We've had a red a bit th critical paper stuation. Almost every paper magazine issued is containing helpful hints on how 2 see the world around. Cutting down border space, making drawings smaller... all ways we can't remember.

With all that staring us in the face we can't possibly think up a good editorial sort of thing to add to this week's cabbage pot. Besides that, an editorial is a way of telling people what you think and not fooling around about it. We saw George last week and he says his girl gave him an editorial... Let's see, we saw George on Wednesday—umm, yes, that was the day Elinor stayed at home.

"Don't rebuke anybody publicly—not even a husband." Pardon us—that should read, "most of all a husband."

Calls have gone out for millions of women to exchange kitchen aprons for overalls; for women whose hands are skilled in sewing, in cooking, in mending, in cutting dies and running drills. War jobs are not only in munition and aircraft plants but they are in every kind of work that keeps the wheels turning for war production or on the home front.

A new kind of war job has currently been taken over by Oneda Merrill, Marian Martin, Claudia Stokes and Verna Long. They are working in water pump stations being put into little green and red, such, the girls get the job done. Being a pumper is not a run-of-the-mill sort of job, so we think congratulations are in order.

The next thing you will see will be women umpiring baseball games. That DOES make a strong will. The last time we attended a baseball game a woman was the umpire. The only thing wrong was that she says no man is safe when he's out.

During the game we saw a woman stand up at the first inning and stretch. She stood up at the second inning too—she was wearing her two-way stretch, you know.

Seems to be a lot of talk going around about relax, relax, relax, be yourself, don't take things so seriously, relax, relax, and you'll sleep better and be a nicer, healthier, sweeter person.

But up to now no one has ever told us just exactly how to do it. But EVERYONE has said at some time or another: "Relax, you know, you don't know how to relax."

Well, at last we have found specific instructions, thank goodness. And from now on it will be as nothing to conquer the world single handed.

To relax, so says the article, lift and arm and drop it as though it were a rock. Do not lay it down. Then leave it along. When you have relaxed both arms and legs this way, the muscles of the trunk, neck and head will have a tendency to relax automatically. (Go on, try it an see). All this happens IF you leave them alone. Let the body be still. Remember, it wants to relax and it will if you let it.

A woman, we are told, should have five husbands: an intellectual companion, a musician, a cozier, a financial adviser, a practical plumber and electrician, and at least one romantic playboy.

Nicest song we've heard in a many a moon is something like "Magic in the moonlight." However, we won't cross our hearts that we are correct on the title—but it's a pretty tune.

"Things are lookin' bad!" Everyday one of our friends lures us into the corner drug. At first it was something mild like a lemon phosphate or a limeade—but soon we were on our way to the corner and we slipped into drinking orangeades. Finally—yes, finally—we drank a root beer with a head on it.

Destiny and ruin—oh, we dreamed of we malted milks—we were ruined. The final blow came when we stopped drinking of malted milks and just plain malteds. We began to dream of double-malted-tuttie-frutties.

Then the milk shortage came. We couldn't do without malted milks. Our brain pounded—perspiration fairly poured—drip-drip-drip-drip—drip—drip MONOTONOUS AIN'T IT??? off our brow. What could we do?

YES—it was cotton candy! There it was purple cotton candy—red cotton candy—green and blue cotton candy... it was beautiful and how I loved it!

If you think the things you do—the little kindnesses you show—are forgotten soon after you do them, quit kidding yourself because they are not.

Not for a long time. Maybe never. All this was proved when we received a letter from Col. C. L. Mosley and 14 other soldiers who are now in the Battery General hospital in Rome, Ga.

The soldiers told us that THEY WOULD BE VERY GRATEFUL if we would think the people in Pampa for the many things they did for them during their short stay here on their way from the Pacific.

SOCIETY

Fall Flower Show Is Set For Friday

The Pampa Garden Club will have its Fall Flower show in the City club rooms September 29 from 3 to 10 p. m. Entries may be made until 12, noon, but at that time the club rooms will be closed to all except entries of school children who wish to enter flower arrangements in the Junior division. Entries in this section will close promptly at 12:30. The club rooms will not be opened again until 3 in order to allow ample time for judging.

Miss Jean Barnes Is Named Honoree At Dinner Party

A crystal shower and dinner party given to honor Miss Jean Barnes, bride-elect of William A. Duer, was held in the home of Mrs. W. L. Lovings, 812 Christine.

Dinner was served at individual tables. Several garden flower arrangements were placed throughout the entertaining rooms.

The guest list included Mrs. Tex DeWeese, Mrs. Ralph Dunbar, Mrs. Don Conley, Mrs. Del Beagle, Mrs. Jack Hanna, Mrs. Calvin Jones, Mrs. Jack McCreery, Mrs. Hugh Burdette, Mrs. Nolan McKean, Mrs. Sloane Garlington, Mrs. Gus Howard and the honoree.

Miss Lonnie Willis, Mrs. Sloane Garlington, Mrs. Addie Mae Bryan, and Mrs. Tex DeWeese will be joint hostesses at a coffee this morning in honor of Miss Barnes in the home of Mrs. DeWeese, N. Gray St.

Kiwanians To Be Hosts Tonight at Watermelon Feast

A watermelon feast will be held this evening at 6:30 when members from the Pampa Kiwanis club will be hosts at the USO.

Garnet Reeves and Malcolm Denson, chairman, will be assisted by the following Kiwanians: Gulford Branson, Arthur Rankin, John Plant, Joe Fischer, Rayburn Denson, D. A. Caldwell, B. B. Altman, Harvey Waters.

Boys from the Pampa Army air field will be guests.

NO IDEAS? HARTFORD, Conn.—Whether or not the pace was too swift, they didn't say, but the idea-a-month club of Norwich acted on their latest idea and have filed papers of final dissolution with the secretary of state's office here.

"Thanks to them for their words, their thoughts, for the little present of remembrance to treat us like one of THEM."

So to Pollyanna Lynch, Jean Wilgus, Helen Harris, Tina Crawford, Dorothy Kratzer, June Kirby, Virginia, Thelma Cabore, Annabelle Love, Velma Osborne, and to all the members of the Rotary club at Pampa for their swell show—go thanks from 14 soldiers.

Had a letter from our girl friend out in Wyoming. She says she got fired from the newspaper because she didn't get wind of the hurricane.

FOR MEN ONLY:—With winter coming on you are probably worrying about the possibility of having to buy the wife a new fur coat. Well fellows, here are the tried—the sorely tried—arguments, but you may as well dig down.

1. "CAN'T AFFORD IT."—This is pure formality, for the wife will recount her economies and remember that she hasn't had a THING to wear since Pearl Harbor. More than that it is SIMPLY crushing that George, (the dumbest guy in town) can afford to buy his wife a coat, so a man as positively brilliant as you are buying about the possibility of having to buy the wife a new fur coat. Well fellows, here are the tried—the sorely tried—arguments, but you may as well dig down.

2. "THINK OF ALL THE POOR LITTLE ANIMALS WHOSE LIVES WOULD BE SNUFFED OUT." etc. Tart response: "Of course if an ole mink is more important than your wife..." or maybe she will come across with something like "In that case you perhaps don't want steak tomorrow night." (really, this argument rarely ever works.)

3. "LOOKS LIKE A WARM WINTER." Counterattack: "You didn't seem to think so when you had that argument with the ration board about fuel oil coupons."

4. "BUT YOU LOOK SO SMART IN A CLOTH COAT." Then the wife comes out with—"That didn't stop you from having a long conversation with a blonde in a fur coat at the railroad station. Oh, I heard all about that."

5. "WAIT TILL THE TAX GOES DOWN." Wife won't be outdone. She has on hand such arguments as "Does that mean you aren't buying any more bottled good for the duration?" By the way, what was the amusement tax when you entertained your old school chums at the Club club the other night.

See? The answer to the fur coat question is that you can't talk your wife out of a fur coat. But keep trying, brother, for the sake of male solidarity. And wire, collect, if you happen on to the right answer.

The girl stood on the burning deck, darning a pair of socks, seeing the fire she jumped and yelled with the greatest kind of alarm... HOT DARN!

Soft soap is 90 per cent lye. Looks like Mary Margaret Gribble won't be MISS Gribble very long 'cause she has a sparker and on the right finger too!

An aphelid is a man who has no invisible means of support.

Miss Shackelford, A-C Harry Enoch Will Marry Today

Miss Velma Shackelford, daughter of Mrs. Jewel Shackelford, 816 E. Jordan, will become the bride of Aviation Cadet Don Enoch, son of Mr. and Mrs. Harry Enoch, 270 Fowers, New Brunswick, N. J., in a single ring ceremony to be read this afternoon at 4 o'clock.

The marriage ritual will be read by the Rev. Robert Boshen in the First Presbyterian chapel.

Organist Bob Murny will give nuptial selections built around the "Star Dust" theme. "The Lord's Prayer" will follow the opening prelude, "Ave Maria," "O Promise Me," Schubert's "Serenade," will be played. "I Love You Truly" will be soft background music and Mendelssohn's Wedding March will be the recessional.

Miss Jeanne Cox will attend as bride's maid wearing a street-length dress of fuchsia with black accessories.

Bobby Dickens, formerly of New Brunswick, stationed at PAAF will serve as best man.

Miss Shackelford will wear a street-length dress of powder blue fashioned with a jabot front and lace trim. Her accessories will be black and she will carry a nosegay of tiny rose buds with stephanotis.

Following the ceremony a wedding dinner will be held at the Schnelker hotel. Guests will be A/C and Mrs. Inard Solo, A/C Harvey Cadet and Miss Jeanne Cox.

The bride graduated from Pampa High school and has been employed as an announcer of Radio Station KPDM.

A/C Enoch graduated from New Brunswick High school and was employed with the Baritan Arsenal company in New Brunswick.

Mr. and Mrs. Enoch plan to make their home in Denver and A/C Enoch will be stationed at Lowry Field, Denver, Colo.

Mrs. C. H. Brown Entertains Group At Surprise Party

Fern D. Berry, S-I-C, was the honored guest at a surprise party given on his birthday anniversary in the home of Mrs. C. H. Brown, 514 S. Faulkner, Sept. 20.

Patriotic scheme of red, white and blue was carried out with the liberty table and matching plates and napkins.

Supper was served to Mr. and Mrs. Frank Berry, Frankie, Jean Berry, Mr. and Mrs. C. H. Brown, Mrs. Morris Crowmover, Mr. and Mrs. H. C. Fisher, Mr. and Mrs. J. M. Hill, Mrs. J. E. Willford, Jr., and MM-3/c Clyde McCracken.

Out-of-town guests were Mr. and Mrs. Lee Vaughn of Wimsboro, Tex., an Mr. and Mrs. Henry Berry of Houston, Tex.

The Pacific is the largest and deepest of the oceans, and with dependent seas has an area of about 55,000,000 square miles—equal to the entire land surface of the globe.

Immature green tomatoes that show no signs of turning color are good for cooking and preserving.

Rothmoor coats, famous for their beauty, are equally famous for superb tailoring. These are the wonderful kind of coats that keeps their smart lines smart over the years.

Pampa's Quality Department Store

Notes

A little known fact about Red Cross home service is that it functions twenty-four hours a day. Four members of the home service volunteer corps take turns at being on duty during the hours that the Red Cross office is closed; that is, from 5:00 p. m. to 9:00 a. m. daily and from 1:00 p. m. Saturday until 9:00 a. m. Monday.

Last Sunday was a typical day for the home service worker whose turn it was to be on duty. In this case, Mrs. Carl Wright was the worker. About 2:00 p. m. when most of us were having our dinner, Mrs. Wright received a telephone call from the Santa Fe station, stating that word had been received from the conductor of a train approaching Pampa that a Navy man was on the train, and that he had no funds for food. The conductor had asked the Santa Fe to get in touch with the Red Cross here. The train was the morning train but had been delayed by a freight train wreck on the track in front of the passenger train, and was expected to reach Pampa, about two-forty p. m. Mrs. Wright hurried down to the station, taking along the papers she would need. She watched for the conductor when the train came to a stop, thinking the Navy man would be with him; she saw the conductor alone—alone—close at his heels were an M. P. and a man in Naval uniform. These two made a dash for the station, encountering her on the way. She asked if they were looking for the Red Cross and received an emphatic affirmative. The M. P. explained that he was on the run from Clovis to Woodward, Okla. and that he had observed the sailor's failure to go to the dining car when all other servicemen on the train went in to eat. A few questions revealed that the Navy man was traveling under sealed orders from his station in California to

one in Oklahoma; he had been given his orders and had only a few minutes to catch his train, no time to collect his belongings or obtain any money. All he had was a bit of change in his pocket. He had already missed several meals by having been on the train which was delayed by the freight wreck, and there was a good chance he would miss some more, perhaps even have an overnight stay somewhere before he reached the new station. Mrs. Wright obtained the information she needed to fill out the papers, required in such cases, from the outside of the envelope containing the sealed orders. The man was clutching this envelope in both hands, as every one knows, a sailor's uniform is singularly lacking in pockets. Time was short, as the conductor had warned them that the could not hold the train more than a few minutes.

"As soon as I had the necessary information," Mrs. Wright said, "The Red Cross arranged to help him out financially. The smiles and thanks of the M. P. and the sailor made worthwhile any effort I had made. The boy was so relieved to have some money that he simply beamed."

Next Wednesday, Sept. 27, a conference of Red Cross workers will be held at the Herring Hotel in Amarillo. Among those expected to attend from Pampa are the Home Nursing chairman, Mrs. W. R. Campbell, and her committee; water safety chairman, John Skelly; Junior Red Cross chairman, H. A. Yoder, and committee; the chapter chairman, Joe Key, and Mrs. J. B. White, the executive secretary.

The local office of the Red Cross has recently had many inquiries concerning getting men out of the army or navy. Frequently the wife of a serviceman states that she is ill, and that she wants her husband released. The Red Cross can only say, "The war is far from over, and while we should like to see all the men come home, only the serviceman and his commanding officer can start proceedings for a discharge."

The Red Cross is ready at all times for consultation, and a 24-hour service is maintained for emergency messages.

The V. F. W. Auxiliary provided the entertainment at the post hospital Wednesday evening, Sept. 13. The group included Mrs. Roy Showers, chairman, Mrs. Clyde Blackwell, Mrs. Nellie Ford, Mrs. B. S. Via, Mrs. Irvan Cole, Mrs. E. J. Bryan, and Mrs. W. D. Benton. Five cakes and three gallons of ice cream were served to 32 patients, the orderlies, and the nurse in charge. Some of the boys were really ill; two were to undergo operations the next day, and one had recently had an opera-

tion. These were unable to take refreshment.

On Wednesday evening, Sept. 20, the Red Cross gave a musical program, featuring a sextette. Approximately 25 patients composed the audience.

Mrs. E. J. Epps, production chairman, reports that the Pampa chapter has accepted a quota of 500 comfort kits to be sent in unfilled; also, 50 pairs of hospital sluffs, 500 washcloths (to be made of terry and 100 covers for hot water bottles) of ice bags. "There will be plenty of work for all, as soon as the material arrives for these articles. Meanwhile, we need more knitters; we have many pairs of socks on hand to be made, and although the knee bands are being checked out satisfactorily, the socks are moving very slowly."

Mrs. Epps expects the material for the 500 kit bags to arrive momentarily, as the tapes have already reached the production room.

All materials to be used in filling the 432 comfort kits recently made by Pampa women are now on hand, and Mrs. Raymond Harrah, committee chairman, plans to fill the kits Monday.

59,000 surgical dressings, or 20 cartons, are packed weekly to be shipped, according to Mrs. C. P. Buckler, chairman of surgical dressings.

"This represents our summer's work, and Pampa women may well be proud of what they have done," said Mrs. Buckler. "This leaves only 27,000 on hand, and we should like to have enough help to get them finished before another quota reaches us. We might even have a short vacation from this work, if we can increase the number of workers."

"Especially do we wish to acknowledge the fine work done by the Canadian women. Their assistance has been invaluable in the prompt completion of our quotas. A large amount of finished work was received last Thursday from Canada, and the Pampa chapter is most appreciative," Mrs. Buckler added.

At the meeting of the local camp and hospital committee, Monday evening, Sept. 18, 23 organizations were represented. Mr. Otto Unruh, Red Cross field director at PAAF, discussed the entertainment and recreation program recently inaugurated at the station hospital. He emphasized that the ones for whom the programs are given are ill, varying only in the degree of illness, that this group is made up of various types of individuals, from different parts of the country. "Programs should be of recreational nature, allowing for some participation by the patients. Some may be educational, such as book reviews; magic tricks or amusing stunts might be planned," he stated.

All programs should be planned in detail, then submitted to Mrs. W. R. Campbell, chairman of the entertainment committee, who in turn will clear them through the field director and military. Wednesday nights are reserved for entertainment, while the Sunday programs are of a religious nature.

The Pampa Garden Club recently took eleven bouquets out to the hospital at PAAF. Mrs. W. F. Yeager, Garden Club representative to the camp and hospital committee, stated at the meeting Monday that flowers for special occasions would be provided by the Garden Club during the flower-growing season.

Tune in KPDN Mondays and Saturdays from 8:15 to 8:30 a. m. to hear the story of Europe's children today and what our soldiers are doing for them, on the "Food For All" show. Miss Velma Shackelford, staff member of KPDN, presents this dramatic series for the Pampa chapter, American Red Cross.

Miss Clara Brown, nutrition chairman, emphasizes the importance of these programs on nutrition. "This radio series will be of interest to everyone who likes to eat and who wants to continue eating well, and economically during wartime restrictions," she said.

Fats For Manila For Gunpowder

Col. Carlos Ramulo of the Philippine Army, former aide to General MacArthur, and last man off Bataan, recently appointed Philippine Resident Commissioner, here examining a 30 caliber carbine rifle, urges American women to save used household fats to help replace fats and oils formerly imported from his native land. Used fats are needed to make munitions and medicines he points out.

President Alludes To Coming Election

WASHINGTON, Sept. 23.—(AP)—Declaring there probably will be a lot of such things before November 7, President Roosevelt said today that anybody who has undisclosed information about the Japanese attack on Pearl Harbor had better communicate with committees now investigating it.

The subject came up at his press conference when a reporter asked Mr. Roosevelt if he intended to order court martial proceedings against military men in charge at Pearl Harbor when the Japanese struck.

Wouldn't it be just as well to hear from the committee now working on it? The President asked.

The reporter repeated a story told in congress—and subsequently denied—that the Australian government had advance intelligence reports on the Pearl Harbor attack.

Mr. Roosevelt said he knew nothing like that and added that anybody with information of that kind had better submit it to the investigating boards. With a smile, he said there might be a lot of things like that talked between now and November 7, date of the presidential election.

Ancient Rome women were fond of beauty masks and milk baths.

Hospitals, Current Events Discussed At Methodist Meet

Circle One of W.S.C.S. met in the First Methodist church parlor with Mrs. George Parks serving as hostess. Singing opened by the group singing, "Sweet Peace, the Gift of God's Love." Mrs. Dan Leitch gave the devotional from the Upper Room. Mrs. George Parks discussed the uses of medicine in the United States. Mrs. Thurman Cline discussed the Methodist hospitals and Mrs. Dan Leitch gave current events in religion.

Mrs. H. R. Vanstickle discussed the Harlem problem in New York City. Mrs. Hugh Anderson closed meeting with a prayer. Refreshments were served to 10 members.

Mrs. W. R. Campbell, 706 N. Frost, was circle two hostess with Mrs. R. J. Epps serving as co-hostess. The meeting opened with the singing of "Jesus, Lover of My Soul" followed by a business meeting conducted by Mrs. Sherman White. Mrs. Raymond Harrah gave the devotional, "Brotherly Love." Mrs. W. W. Boynton talked on the uses of medicine in the United States and the meeting was dismissed with a prayer by Mrs. Joe W. Shelton. There were 14 members present.

Circles Three and Four met together at Mrs. G. R. Rhodes at Shell camp. Devotional was given by Mrs. J. K. Sweet. For her subject she chose, "Broadcasting for Jesus." Mrs. Guilford Branson talked on the various hospitals supported by the W.S.C.S. Mrs. Travis lively conducted a short business meeting which was closed with the Lord's Prayer given in unison. Refreshments were served to 13 members and six guests.

Circle Five met in the home of Mrs. Aubrey Steele, 1217 N. Russell. Mrs. W. D. Waters had charge of the business meeting and announced that circle five would be hostess to the other circles at the quarterly luncheon, Sept. 30, in the church basement. Mrs. Steele told about the Brewster hospital in Jacksonville, Fla., for the training of negro nurses. She also told of the Freeman clinic in El Paso for Mexicans. Mrs. E. W. Lane described the Maynard hospital in Alaska for mixed races. Mrs. W. D. Waters spoke on "Hail in a Post War World." Refreshments were served to seven members.

Girl Scouts

Mrs. O. R. Owens, leader of Troop 6, which meets in her home on Merten lease, reports that they have enjoyed various troop activities during the summer, including hikes, swimming parties, bicycle riding and musical activities. The group is now working toward a troop minstrel badge, and will present a program this fall at the Army base hospital.

Next Thursday Brownies from Troops 10 and 20 will have a fly-up ceremony at the Presbyterian church. Around 18 girls will fly up to the Intermediate Girl Scout program.

Mrs. Ervin Pursley will be the leader of Troop 13 which meets at Horace Mann school. These girls have started second class activities, literature and dramatics.

Troop 21 and their leader, Mrs. John Mobley, had a troop meeting and a watermelon feed at the park Thursday afternoon.

Several Girl Scouts are getting service hour credit by doing specified work at the USO on Sunday afternoons. Elsie Hobbs, Dolores Miller, Edwina Beauchamp and Betty Lou Howard were the first of the group to volunteer for this service.

Troop 18 had their first meeting of the year at the leader's home, Mrs. George Roth, on Friday afternoon.

Mrs. E. N. Davis has volunteered to take the leadership of Troop 11 and will be assisted by Mrs. W. A. Rankin.

HEP!

KINGSBURY, Calif.—Young Donald Danielson noticed the cadets at St. Mary's preflight school drilling with wooden guns—just what he and his gang needed. Yes, said the school commander, the school had some old ones which weren't being used any more, but he didn't have authority to dispose of them.

So Donald wrote to President Roosevelt. Now the gang is hard at drill.

Farmer Laborers Needed at Once

Gray county grain growers are badly in need of 60 farm laborers, County Agent Glenn Hackney said Saturday.

In making his appeal for farm laborers, the county agent pointed out that workers would be segregated into groups of from 6 to 10; would be given transportation to and from the fields, meals, and paid at the rate of 50 cents per hour. Farm laborers interested in helping with sweet and grain sorghum shocking are urged to register at the office of the county agent in the courthouse, at once.

French chalk used in face powder is mined in Italy, France, India and Canada.

News of Interest To Oil Men

Gray, Moore Oil Intentions Tie

Gray and Moore counties led the field for intentions to drill this week when the Texas railroad commission revealed that these two counties ran a total of five intentions each.

Carson county with two interesting to drill, listed Phillips Petroleum company's Jordan number 19, I&G survey, 330' from north, 330' from west lines SW 1/4, section 114, block 4, 4 miles northeast of Roxana. Also Skelly's Schafer ranch number 204, I&G survey, 1350' from north of SE 1/4 section 126, block 3, 3 1/2 miles northeast of Skellytown.

Hansford county listed one intention to drill, when Phillips Petroleum company will drill Holloman number 1, P. S. L. survey, 3245' from west, 1909' from north lines section 2, block 1, 10 miles east of Texhoma.

Hutchinson county had two intentions; that of J. M. Huber corporation drilling the Mayfield number 7, DD survey, 1650' from south, 2970' from west lines sec-

tion 4, block R-2, and Shell Oil company's intention to drill G. B. Lucas number 7, J. M. Swisher survey, 16 miles northwest of Stinnett.

Gray county listed four of its five intentions as Phillips Petroleum company drilling Cassie number 1, H&G survey, 2340' from west, 2540' from north lines of section 156, block R-2, 12 miles south of Pampa; Phillips Petroleum company Harby number 1, H&G survey, 2635' from east, 2580' from south lines, section 223, block B-2, 17 miles southwest of Pampa; Phillips Petroleum company Pan-Cary number 2, I&G survey, 1451' from north, 330' from west lines of section 114, block 3, 1 mile west of Pampa; Phillips Petroleum company Pan-Cary number 3, I&G survey, 1451' from north, 330' from west lines of section 114, block 3, 1 mile west of Pampa, and Sloan Oil company will drill the other Gray county intention, Ruby Sackett number 11, I&G survey, 990' from south, 990' from east lines SW 1/4, section 148, block 3, 8 miles southwest of Pampa.

Moore county, who also listed five intentions with three of the five listings Phillips, Phillips

Petroleum company will drill the McFarlin number 1, H&G survey, 2651' from north, 2801' from east lines, section 34, block 44, 12 miles southwest of Dumas; Phillips Petroleum company, Fricella number 1, J. Pollevet survey, 2840' from west, 2640' from south lines, section 9, block 1, 10 miles east of Dumas; Phillips Petroleum company Vent, "B" number 4, T&N survey, 2624' from south, 2588' from east lines—section 4, block 6-T, 7 miles southeast of Dumas, and Texhoma Natural Gas company R. S. Coon number 25-M, H&G survey, 2670' from south, 2724' from south lines of section 188, block 44, 4 miles southeast of Dumas, and Texhoma Natural Gas company R. S. Coon number 26-M, H&G survey, 2670' from south, 2479' from east lines section 143, block 44, 5 miles southeast of Dumas.

Oil wells tested in Gray county included those on the Annie, Pan-Baer and W. Benedict leases.

FIGHT REOPENED FOR HIGHER CRUDE PRICES

The oil industry has reopened its fight for higher prices for crude oil; this time a general increase, not a subsidy or privileged payments.

Witnesses before the house small business committee at Austin the past week recommended a price increase of 35 cents a barrel. Many of the arguments favoring the increase were the same as have been presented for the last two years.

Witnesses did not cite for the record that (a) production of crude oil is the highest in history, (b) great strides and gains have been made under existing conditions, (c) drilling is at the highest rate since boom days of the Illinois basin, (d) wildcat drilling is near an all-time high, and (e) their ear a few bank-ruptcies in the oil industry than ever in history.

WAR HAS FORCED HUGE TASK ON OIL INDUSTRY

Progress made by the oil industry since Pearl Harbor has been in spite of low prices, shortages of materials, shortages of manpower, and an over-all economic condition that is not favorable to this essential industry.

War forced a gigantic task upon the oil industry; the know-how and guts of the industry brought about the advancement and today the military forces lack nothing in the way of petroleum products.

Leaders of the oil industry know that the post-war period is going to be tough on them, even though reconversion will not be as great a task as in some other industries.

HIGHER PRICES NEEDED TO SAFEGUARD STRUCTURE

The industry's plea for higher prices at this time was well stated by Russell B. Brown, counsel of the IPAA, who was one of the principal witnesses before the committee. He was speaking for some 18,000 independent producers.

The higher price is necessitated, he said, "to safeguard the economic structure of the industry."

Basic prices established during wartime, many of them un sound, have influenced on prices after the war. Crude oil prices have been pegged since before the war; subsidies and "adjusted" prices have not been sufficient to strengthen the basic price structure. In other words, the production division of the industry today is built on an antiquated, weak foundation—and the complete oil structure is maintained only by

Abbott and Costello Back on Local Screen

Abbott and Costello as a couple of hard working plumbers who suddenly become playboys in their Universal comedy, "In Society," open today at the LaNora, to show through Wednesday.

Abbott and Costello return to the screen after nearly a year's absence, in Universal's "In Society." The comedians play the part of two plumbers who suddenly find themselves in the midst of a fashionable set of people and the resulting antics are typical, but always good slapstick.

Also in the cast are Arthur Treacher, Marion Hutton, Steven Geray and Anne Gillis. Will Osborne and his orchestra furnish some excellent music. Jean Yarbrough directed and Edmund L. Hartmann was the producer.

"In Society" starts today at the LaNora and will run through Wednesday.

At The Rex

Jack L. Warner, executive producer of such historic pictures as "Sergeant York," "This is the Army" and countless others, has adapted Eric Ambler's gripping novel, "A Coffin for Dimitrios," for his work in "The Mask of Dimitrios." Zachary Scott, Texas born actor, makes his screen debut as Dimitrios Makropoulos, master criminal of Turkey.

Sydney Greenstreet, the fat man, tells you a story so astounding that it leaves the movie-goer breathless with the knowledge that any man could be so ruthless and unfeeling as the person Scott brings to life on the screen. Faye Emerson turns in the best performance of her career in the female lead. Peter Lorre, famous for his work in "The Cross of the Lorraine" and "In Our Time," Steven Geray of "Moon and

the strength of the refined products market.

VIEWERS EXPRESSED AT HEARING OF COMMITTEE

Brown told the committee: When California crudes increased 25 cents per barrel, there immediately followed a 50 percent increase in exploration."

Ernest O. Thompson of the Texas railroad commission said: "An increase of not less than 25 cents is needed for all producers because the flush wells today will be stripped at the present rate of production."

Clin Culbertson, also of the railroad commission, cited that 35 cents per barrel is needed, but if crude oil is placed on a parity with other commodities an increase of 59 cents is required.

Oil Witness Says Prices Should Be Raised 63 Cents

AUSTIN, Sept. 23.—(P)—All cost factors considered, the selling price of crude oil should be increased 63 cents per barrel, an independent producer testified before the house small business committee here.

The witness, Merle Becker of St. Louis, Mo., vice president of W. C. McBride, Inc., which owns production in several states, based his recommendation on a present day average value of \$1.83 per barrel compared to an average selling price of \$1.20.

Becker asserted independent producers actually were "selling oil for less than the cost of replacement investment in the ground."

The selling price, he said, should bring funds for:

- Exploration for new reserves.
- Replacement cost.
- Secondary recovery.

A fair return on invested capital. Maintenance of the industry as a healthy, going concern.

Also heard by the committee was detailed testimony concerning increased costs of operation.

George P. Livermore of Lufkin said drilling costs have increased 49 per cent since 1941. If the cost increase continues independents will have to stop drilling, he added. Livermore said 80 per cent of wells in this country were drilled by independents.

A. E. Herrman of Amarillo, a drilling contractor and producer, listed these operational cost increases: development 76 per cent; replacement of equipment 12 per cent; overall labor 51 per cent; lifting 62 per cent.

Herrman said roughnecks, a classification of oil field labor formerly earning 72 cents per hour now earn up to \$1.41 per hour.

A roughneck may earn \$600 a month, he testified.

"Roughnecks are coming up in the world," mused Rep. Estes Kefauver (D-Tenn.).

The Independent Producers' association in America will renew a request for a 35-cent per barrel increase.

Russell Brown, general counsel of the IPAA, testified Wednesday that the price increase application, denied a year ago, will be revived because oil men considered it more necessary than ever.

Why Was University Land Called 'Santa Rita' in First Place?

(Editor's Note: This is the second article on the Santa Rita well in the Texas oil series marking the 25th birthday of the Texas Mid-Continent Oil and Gas association).

Why was the test on the university lands called the "Santa Rita?"

Two Catholic women in New York, considering investing in the venture, sought the advice of the priest, and he admonished them to invoke the aid of Santa Rita, Saint of the impossible.

So they gave Frank Pickrell a sealed envelope containing a red rose and asked that he climb to the top of the derrick and drop the withered petals, at the same time saying, "I christen thee Santa Rita." He carried out this request.

The well was drilled just a short distance from the water well, which had been spudded in shortly before midnight of the final day on which operations had to start or the lease would be lost. The location for the oil test was chosen on the advice of H. H. Tucker, geologist.

Pickrell selected as the driller Carl Cromwell, then living in Cisco. "The big Swede," as his friends called him, was born near Thustville, Pa., where Colonel Drake drilled the first oil well in 1859. Cromwell took his wife and little girl, Carlene, to the lease. Life was indeed lonely—though, there was the train to wave at, and food was a problem, but occasionally a rancher would leave a quarter of beef.

Cromwell found it difficult to keep helpers and had to depend on cowboys, who of course were unfamiliar with drilling. The well had spudded in, August 17, 1921. Early Monday morning, May 28, 1923, Mrs. Cromwell was preparing breakfast when she heard a hissing without. Cromwell thinking it was an angry rattlesnake, went to the door—and the family saw oil going over the top of the derrick. "The impossible" had been achieved: the Santa Rita was an oil well!

Though this confirmed their hopes, Pickrell and Krupp had to drill other wells before complete success was attained because the discovery well made only 200 barrels its best day. In fact, it was not until the ninth well was drilled that they had a producer that was impressive in output—a 1,500-

Germany Will Try It Again

A mighty story in which Sigrid Schultz translates the undying German dream of world conquest into cold and harsh fact

STARTS TOMORROW IN THE PAMPA NEWS

How the Orient railroad was saved, because of the traffic that the finding of oil brought, how San Angelo doubled in population and towns sprang up when more and more gushers were drilled as the field spread and other fields were discovered, schools were built, church bells chimed where there had been naught but desolation, taxable values of counties increased many-fold, and ranchers, hit by drought, reaped a harvest in the form of lease money and their royalties from wells—in short, how the Permian Basin became one of the world's greatest oil areas, all this is too vast a story to attempt here.

Mainly as the result of oil from its land, the University of Texas has an endowment of \$43,000,000; the shacks are gone—replaced by the tower and other splendid buildings; and the dream of the

barrel.

Water cisterns built by the ancient Romans are used for modern apartment buildings in Philippeville, Algeria.

Gray County wheat farmers are buying single premium annuities, so they will have available cash when they have a crop failure.

Nominations, Elections Spotlight Week; Hot Campaign Expected Before Final Run-Off

Exciting Game Sees Midland Victors 18-13; Harvesters, Bulldogs Battle to Final Quarter

A passing rally late in the fourth quarter failed to save the Harvesters from the jaws of the Midland Bulldogs Friday night at Harvester stadium. The final score was 18 to 13.

Things started happening on the very first play of the game when the Bulldogs tumbled on their own ten-yard line and Bird, Pampa end, recovered for the Harvesters. Graham powered to the five and Campbell scored on an end sweep.

Several minutes in the same quarter Richards broke loose and scored from the fifty, then missed the kick for extra point.

Midway in next quarter, Pampa again scored, with Campbell dashing from the Midland 35. McCracken converted for the Harvesters.

Midland's next tally came when a pass from Richards to Hale left the Bulldogs on the one foot line. Two plays later Hale went over to pay dirt, Campbell tumbled on his own twenty late in the next quarter and Midland pounced on the ball to leave them in scoring position.

A few plays later they hung up the winning touchdown.

Nadine Edgerton Is New President Of Singing Group

"Oh, what can I do with all these girls?" Miss La Nelle Schieghagen was heard to query. It seems she was referring to the Girls Glee Club which has the largest enrollment in class.

Nadine Edgerton was elected president of the club. Nadine, a Junior, also sang in the Glee Club last year.

Students of both Pampa and Midland and Pampa High turned out in droves with the weather mild and dry.

Seniors Work in Office Received Half Credit

Working in the office this year are 13 seniors who will receive one-half credit as activity. Of these, four have had previous work in this capacity.

The following students help with attendance files, run errands, and call students to the office: Jean Beagle, Margie Roth, Colleen Chisholm, Mary Jo, Gallesore, Joyce Holden, Marie Gaylor, Joyce Hale, Wanda Jay, Shirley Sone, Anna Lou McCoy, John Robert Lane, Dorothy June Johnson, and Wynell Cox.

Cheerful Little Earful

Former Pampa High school students now stationed at San Diego, California, are Gene Robbins, Dick Matrey, Derrel Hogsett, Junior Barrett, Dale Butler, Randall Schultz, Lavan Greer.

Lt. Mickey Rafferty, former Little Harvester editor, is flying a P-38 over the island. He graduated from high school in 1942.

Pigskin Preview

Pampa Harvesters flashed in their new uniforms against the Phillips Blackhawks last Friday.

Coach Coffey received 42 green and gold jerseys Thursday, September 14. The team also has new football pants which are officer pink and khaki.

In preparation for the Stinnett game Thursday, the Gorilla team scrimmaged the second string Pampa Harvesters last Thursday.

About 35 students went out to the stands and watched the game while the first string had skill practice in the gym with Coach Ode Coffey in preparation for the Central game of Friday night.

Dee Griffin suffered a knee repeat injury and had to be carried from the field.

Davidson and Locke made the scoring plays for the Gorillas. Locke's score came when he caught a pass from Lafoon. Davidson's score was a total of 600 pounds; a 152 average.

Next week the Harvesters tangle with their most experienced opponent of the year—the Central Cardinals with twelve returning lettermen, five of whom were regulars last year.

Ernest Hoyler Leads 1944 Band

New 1944 Harvester Band president is Ernest Hoyler. Other officers are Randall Clary and Marilyn Keck.

Shirley Sone and Anna Marie Cox will do the band reporting. Director for the past two years, Ray Robbins has trained the largest first band to ever organize in Pampa High.

Mr. Robbins promises the annual band banquet and picnic this year. Plans are made to get jackets for all members of the band.

Every day last week was practice day on the field for the band, in preparation for the program Friday at the Midland game and for the stunt at the hall.

The band has attended both football games of the season colorfully dressed.

Eight Boys Needed In Machine Shop

In the machine shop there is room for eight more boys in the morning class. This class consists of freshmen and sophomores and lasts a full three periods.

Students in these classes have been studying general machine work, shop practice, all metal working machines, electric and acetylene welding, soldering, and pipe work.

ARE YOU AN AIR FAN?

Many of the younger generation are so well informed on this subject that they will be a credit to the cadet training program if it lasts until these boys are of age.

But there is a gruesome but inevitable side to future flying aside from that of a mode of transportation. This is aerial warfare. The world may be smaller due to long-range fast planes.

Our scientists, our draftsmen, and our engineers must keep the United States abreast of the times. But we all pray that our flying will bring us closer to our neighbors in this world and not inspire madmen like Hitler to attempt to conquer and oppress peace-loving people.

Many of us are air fans, but we hope to fly for pleasure and commercial development, not in war.

IT COULD HAPPEN HERE

The idea isn't new, but it is still a good one. There has been much talk of starting a "Teen Town" but so far nothing has materialized from the idea.

Artists Here To Entertain Wednesday

The distinguished musicians pictured here will entertain the High school assembly September 27 with a variety of selections in vocal solos and duets, piano solos and drama.

Some of these to be played are piano solos of "Liebestraum," "Flight of the Bumble Bee," and "Slavic Dance." Requests by the audience will be played. The "Moonlight Sonata" a dramatic sketch will conclude the program depicting the meeting of Beethoven with the charming Bettina Brentano.

Presented in costume, it pictures the meeting of Beethoven with the charming Bettina Brentano, and the naming and dedication of his famous Sonata. Interspersed music lends added interest.

The concert presented under the direction of Mr. Brandt have always been distinguished by the happy choice of selections. They are endorsed by the most exacting music teachers and enjoyed by the average individual with an average interest in music.

According to an advance press release this program will be "a concert of tuneful character and proven worth."

Friends, Romans, countrymen, lend me your ears. I seem to have lost mine in the blackout.

It seems as though Charlie Hatcher and Maureen Riley are very interested in each other.

Members Are Elected For Student Council

Students of room 112 have elected Gene Sidwell to lead them as president for the semester.

Bill Kribbs was elected vice-president and Sue Sumrall, secretary.

The program chairman will be elected in the near future, says Mrs. John Rankin, teacher.

Ivan Marlin, the boy with the personality smile, is homeroom president of room 206 since last week.

Supporting him are Beth Trullinger as secretary and George Galin as program chairman.

Students in Mrs. E. Ray Miller's room (301) met Wednesday afternoon for their class period to elect their class officers and to cast their vote to elect a head yell leader and the president of student council.

The following officers were elected: president, Adell Roberts; vice-president, Duke Menefer; program chairman, Charlene Olney; social chairman, Jim Gilbert; secretary and treasurer, Erna Lee Perkins; parliamentarian, Micky Casada.

Library Receives 66 New Books This Year

The library received another shipment of books this week. This will make 66 new books Miss Mary Gordon, librarian, has received this year.

Sixteen girls work in the library this semester. They are: Betty Coffey, Geneva Gault, and Betty Mosley at the first period. At the second period are Phyllis Casey and Mary Redus. Third: Wanda Webb, June Russell, and Jeanne Hickey. Fourth: Dorothy Bradford, Ina Lea Bidwell, and Mary Gordon. Fifth: Ruth Castka and Marion Whitten. Sixth: Jean Paxson, Betty Davis, and Doris Flood. These girls receive one-fourth credit per semester.

One of the most important new books is the latest "Who's Who in America." As the name implies, it tells of everyone who is someone important in America. They also have "Ten Years in Japan," "Border Command," and "Album of American History" which is by James Truslow Adams. Besides new books, Mrs. Gordon has subscribed for the Fort Worth Star-Telegram and the Dallas Morning News, along with several different Sunday editions.

Also, for the benefit of the seniors, a list is being made of every book by an English author. This is the first time this has been done.

Who's Who - New

George Lou Wilms and Joy Hutchins have entered senior high this year from Genesee, Kan., and Kermit, Texas, respectively.

George Lou likes history, Harry James for band leader, fish for food, and dancing for entertainment. Joy's favorites include English, Harry James again, ice cream, movies and tennis for fun.

Pampa High was honored by an early morning visit of a great Tuesday. This distinguished visitor bore his own opinion of high school: "Edu--" (translated means, "The grade is about as good as thea--")

TEXAS HIGH SCHOOL PRESS ASSOCIATION. Member of Panhandle High School Press Association, West Texas Scholastic Press Clinic, Texas High Press Association and Quill and Scroll, International Honor Society for High School Journalists.

Six Nominated For President Run-Off To Be Wednesday Afternoon. As hot as the coming November election has prospects of being, the student council presidential nomination took place during home room Wednesday with six students ranking highest now eligible for the final run-off which will be held after the assembly campaigns in home room next week.

Lab Students Using Microscope on Leaves. "Just a little bit further. Now, back just a tiny bit." Pass by the science lab while Mrs. J. B. Austin and her biology students are viewing the veins of an elm leaf and conversations like the words above may be heard.

Girls, Be Patriotic. Girls, do you want to earn some extra money? Leave your name with Mrs. Lou Roberts, school registrar. If you are interested in keeping children in the kitchen or in the evenings, Mrs. Roberts receives calls every day from mothers who are badly in need of help. This is a good opportunity girls, so don't forget and leave your name at the office, now.

There Were Many Sidelights on State Democratic Convention

By WILLIAM E. KEYS
DALLAS, Sept. 23—(AP)—Aftermath of the state democratic convention.

About that flag.

When the Roosevelt forces gained control of convention machinery after two roll call votes they ordered immediately that an American flag and a big picture of President Roosevelt be placed in the hall.

There were shouts that anti-fourth voters had needed to place a flag in the hall. But at the left wing of the stage stood properly "sprayed" in a standard, just like flag etiquette demands.

And when the convention finally ended J. A. E. ... of Houston, chairman of the anti-committee on arranging the convention, displayed a list of names he had outlined his preparatory work.

At the top of the list was "Him." When a new flag was brought in it was hastily placed to a back drop along behind the stage for speakers and clerical employees.

Phillips reports that some military personnel who happened to be around the convention hall complained informally that the flag was not displayed in line with flag etiquette.

The big unknown factor in pre-convention speculation on the conservative delegate voting strategy was who held which proxies, and the post balance of power in the event of a close roll call vote.

The man who swung the convention to the Roosevelt forces may have been County Judge M. J. Raymond of Laredo. The Webb county judge held proxies of delegations from several counties who did not send delegates. The Roosevelt faction's margin of favor on the first roll call vote was 29 44-70th votes. Judge Raymond cast his proxy votes for the Roosevelt forces.

Mrs. H. H. Welner of Seguin, democratic national committee woman from Texas, was on a south-bound train from Chicago during the hectic parts of the state convention.

When delegates and newspaper men boarded the train at Dallas she eagerly sought news of the meet. En route from Chicago she had been unable to buy papers.

It was necessary for her to attend in Chicago a meeting of the women's section of the national committee which mapped plans for the Roosevelt-Truman campaign.

Among the things Mrs. Welner didn't know was that the convention attempted to rescind her May 12 election as Texas committee woman and substitute Mrs. Clara Driscoll of Corpus Christi. Mrs. Driscoll promptly turned down the offer because she pointed out Mrs. Welner was seated by the national committee when it met in connection with the Chicago national convention.

Charles E. Simons of Austin, secretary of the executive committee, was replaced by the new group, was temporary convention secretary also. Further, he was also elected permanent convention secretary and it was necessary for him to remain on the platform and function as secretary after the Roosevelt forces took over.

For his work, when it was completed, he won a pat on the back and public commendation by James W. Alfred, permanent convention chairman and a key man in the Roosevelt victory.

Simons also introduced with a cordial greeting his successor as executive committee secretary, W. H. Kittrell, Jr., of Dallas.

The long pro-Roosevelt fight by

Mrs. Alfred Taylor of Austin (she led the May 23 convention walk out on Roosevelt forces and has since been very active in lining up delegates for the Dallas meet) was given recognition when the convention created a new party office, director of education and organization, and assigned it to Mrs. Taylor.

She was introduced to the convention by temporary chairman R. W. Calvert of Hillsboro as the person largely responsible for the victory of the pro-Roosevelt group.

Mrs. Taylor herself said the credit properly belonged to her co-workers.

There was no bolting at the Dallas convention. Although some of the delegates on the losing side did not remain in the hall, there was no organized or formal walk out.

Some of the anti-Roosevelt delegates stayed to the last minute and a resolute group in the Harris county delegation was heckling Alfred until seconds before the convention ended. He heckled right back.

A plan to give the anti-Roosevelt electors of the May 23 convention 12 seats in which to declare they would support the party's national nominees or be replaced was abandoned in committee. The time element in the elector fight was too close, it was decided finally.

Instead a new slate of electors was named.

Member of CIO Says GOP Had Its Chance

PORT WORTH, Sept. 23—(AP)—Michael J. Soldern, member of the CIO Political Action committee's speaker's bureau, says the CIO's plan of helping elect political candidates favorable to its program and to assist in defeating its enemies was offered to the Republican party but rejected.

Soldern told the CIO workers international union that "the PAC is not a Democratic group" at the union's closing sessions, after delegates had voted to seek blanket wage increases of ten cents an hour to offset the difference between rising living costs and wage hikes allowed under the little steel formula. The organization also voted to seek upward adjustment of wage scales when the work week reverts to 40 hours.

If the PAC were a Democratic group," Soldern said, "Texas would have retained in congress its Martin Dies, Alabama its Joe Starnes and California its John M. Costello."

Carl A. McPeak of Dallas, regional PAC director, termed the aims of the organization "not a business program and not a labor program, but a people's program to win the war, win the peace and insure postwar security."

ANTIDOTE

VANCOUVER, Wash.—A paid ad in the Vancouver Daily Sun urged all voters to listen to Gov. Thomas E. Dewey's radio campaign speeches—but the ad was signed by the clerk county democratic committee.

An increase in Dewey listeners would mean more votes for Roosevelt, said Edgar Swan, committee chairman.

The "Bad Lands" of North Dakota is a weird region of lonely ridges, isolated buttes and deep gullies with many strange formations of rock and earth.

SIDE GLANCES

"I can't decide whether he really thinks I'm as beautiful and accomplished as he says in his letters or whether he's trying to impress the censor!"

Soldiers Encouraged To Have Life Policy

Because many members of the army air forces who have lost their lives overseas without adequate insurance protection for their beneficiaries and consequently have brought financial hardship on those back home at a time when every cent counts, officials at Pampa army air field under war department orders have begun an intensive campaign to sell at least \$10,000 insurance to each officer and soldier by pointing out by lectures and interviews the advantages of national service life insurance.

Goal of the war department is to sell an average of \$9,500 to 95% of the military personnel in the armed forces.

Only service men can secure national service life insurance, which is issued at lowest premium cost, and without restrictions of "war risk" such as are now included in new commercial insurance policies. All administrative expense is borne by the government and the necessary premiums are deducted from monthly pay of military personnel.

National life insurance will guarantee a living monthly income for dependents and premiums for \$10,000 amount to about 25 cents each day, officials point out. If, for example, a member of the army is killed and his beneficiary were under 30, the beneficiary would receive an income of \$55.10 each month for 240 months. If the beneficiary is over 30 the income would be guaranteed for a lifetime. The income is provided no matter how few payments were made on the insurance.

After the war, the insurance can be kept or converted into other policies as long as the amount continues in is multiples of \$500 and

Truman Says Dewey Missed the Point

NEW YORK, Sept. 23—(AP)—The "indispensable man" proposition was originated by the republicans," U. S. Senator Harry S. Truman, democratic vice presidential nominee, declares.

"We never said there was an indispensable man. We say we believe there should be a man of experience in the White House at this time," Truman said in a statement during a press conference at democratic national committee headquarters when asked for comment on republican presidential candidate Thomas E. Dewey's charge at Portland, Ore., Tuesday night that President Roosevelt considered himself "indispensable to the entire world."

Asked if he had used words quoted by Dewey that "the very future of the peace and prosperity of the world depends upon his (Roosevelt's) reelection in November," Truman said he had, adding, "I think that is true."

Commenting in a formal statement on Dewey's speech, Truman declared:

"So far we have had not one constructive policy suggested by the minority party's candidate. He recites stories of alleged evils but offers no plan on correction or remedy.

"In short his arguments boil down to this—I concur in the administration's foreign and domestic policies in detail but I could do better with them than Franklin D. Roosevelt."

"A candidate should stay within the limits of veracity—or at least within shooting distance of probability."

Not less than \$1000. No medical examination is necessary, and after the first year it is converted it will have a regular cash value.

Both Parties Are Reported Sending Soldiers Letters

WASHINGTON, Sept. 23—(AP)—Republicans as well as democrats reportedly are sending campaign letters to American fighting men, with members of both parties in congress generally agreed that the soldier vote law offers no barrier to such activity.

Balancing earlier disclosure that pro-Roosevelt literature had accompanied soldier ballot applications mailed from Chicago, the Miami (Fla.) Herald Wednesday night quoted a naval officer as saying a republican vote bid had been enclosed with a Michigan war ballot mailed to a sailor at Miami and that other sailors from Minnesota and New Hampshire had received GOP literature in envelopes bearing their service numbers.

The officer, anonymous at his request, said GOP campaign material mailed with the Michigan ballot included support for the Dewey-Baker ticket and urged reelection of Gov. Harry F. Kelly, said the Herald.

In a statement released at Lansing, Mich., Kelly said "I do not believe this happened. I would be interested in more details concerning the basis for this story."

Senator Ferguson (R-Mich.), meanwhile, hinted that the senate campaign expenditures committee might probe the political activities of Chicago's Mayor Edward J. Kelly, for letter accompanied soldier vote applications mailed from Chicago. Ferguson said he is checking reports that Mayor Kelly has been "very active with respect to soldier voting matters" to decide "whether the activities warrant looking into by the committee."

FUNNY BUSINESS

Dorsey-Hall Fracas Is Aired in Court

LOS ANGELES, Sept. 23—(AP)—Jon Hall has testified that Band Leader Tommy Dorsey threatened his life and hit him with "a big black thing that came up and struck me between the eyes." And Dorsey's wife, the actor declared, slashed his nose clear through the nostril.

It happened during a bloody, screaming battle on a balcony in the Dorsey apartment last Aug. 5, Hall told the county grand jury which indicted Dorsey, his wife, Actress Pat Dane, and Allen Smiley, Hollywood figure, on charges of felonious assault.

Testimony of Hall and 11 other witnesses was disclosed when a transcript of the grand jury proceedings was filed with the clerk of the superior court Wednesday.

Hall said he had left a party in the Dorsey apartment, but returned with Miss Jane Churchill of Kansas City, Mo., to get her purse. He said he apologized for returning and put his arm around Mrs. Dorsey. Hall quoted the band leader: "What are you doing with my woman?"

"I asked him what he was talking about," Hall testified. "He said, 'I saw you look around to see if I was there.' I said, 'Tommy, you are drunk or you have been smoking the wrong kind of cigars.'"

Then, Hall asserted, Dorsey hit him with the "big black thing x x x a bottle, a club or a blackjack." Hall

Fort Worth Man Is Given 5 Years for Postoffice Theft

DALLAS, Sept. 23—(AP)—Alonso (Lon) Wetherly, Fort Worth postal clerk and former policeman, was given a five-year prison term by Judge T. Whitfield Davidson in federal court Thursday for theft of \$15,000 in currency and a number of bonds and securities from the mails.

Wetherly pleaded guilty to looting a mail pouch containing war bonds and federal farm loan securities designated for the Federal Reserve Bank of Dallas, and mailed by a Lubbock bank. He also pleaded guilty to theft of another sack containing nine articles, bound for the same depository. Among the contents was a registered parcel containing \$15,000 in currency, old type bills, which were to be exchanged for the smaller size.

Testimony revealed that authorities traced the theft of the money through the old type bills.

Wetherly said he used the money to cover gambling debts and do further gambling.

Judge Davidson sentenced the man in connection with theft of the second pouch. He withheld sentence on the first count of the indictment.

Complicated

BOSWELL, Ind.—Edward Dean Finley was one day old today, and so was his uncle.

A few hours after Edward's birth yesterday, his mother gave birth to a 12th child.

Edward and his uncle, William Dean Barrett, were reported "doing fine," along with mother and grandmother.

The Christmas tree is said to have been introduced into the British Isles when Albert came to England in 1940 to wed Queen Victoria.

AD-LESS DAYS

HOUSTON, Sept. 23—(AP)—Three "Ad-Less" days before Oct. 1 are planned by the Houston Post, which says in Friday's edition that it is "dangerously near" its newspaper quota for the third quarter of the year. The days will be Saturday, Sept. 23; Monday, Sept. 25; and Saturday, Sept. 30.

Little Leather-Bound Book Contains Several World-Famous Names

By **TEX EASLEY**
WASHINGTON, Sept. 23.—(AP)—In Senator Tom Connally's red-carpeted, ornate foreign relations committee room in the senate wing of the Capitol is a black-leather-bound book any autograph fan would give a pretty penny for.

It's a regular guest register, like that in most congressional offices, but it has some of the world's most important names scribbled among the pages along with a number of Texans who have dropped in to see the senator or his committee room.

On the first page is the name of Anthony Eden, British minister of foreign affairs. A little later Prime Minister Winston Churchill penned his name, followed by British Ambassador Lord Halifax.

One of the last to sign was roving Ambassador Robert D. Murphy, assigned to General Eisenhower's supreme Allied headquarters as a sort of trouble shooter handling diplomatic affairs. He simply signed his name and for address initialed: SRAEF.

Numerous diplomatic figures and even presidents of smaller countries also have entered their names, not to mention such celebrities as Carmen Miranda, the Brazilian singer, and Dana Andrews, a Texan who made good in Hollywood.

A war department press release dated "Myitkyina, Burma," telling of the arrival of members of a quartermaster outfit, says: "The detachment is well balanced. It even has its own barber, a necessity in the front lines. Private Charles V. Trilolo of Stafford, Texas, the

barber, wants to get to Tokyo before he sees home."
It was noted that the group had arrived by plane, and were there only ten minutes when they all "hit the alt trenches" to escape a flight of strafing Zeros.

Around the Capital: Miss Pat Fincher of Fort Worth, assistant science instructor at T. C. U. on leave to serve here as a navy department civilian employe, finally got a day off after three weeks work since arriving in Washington and looked in on house and senate sessions.

A proud great-granddaddy is 83-year-old Rep. J. J. Mansfield of Columbus. His granddaughter, Mrs. Chester Lee, recently became the mother of an 8-pound boy in one of the local hospitals. Mrs. Lee, whose husband is an army lieutenant, is the daughter of Brude Mansfield, employe here with the army engineers.

Naval Chief Petty Officer Miller Gloger of Columbus, on shore leave after many months at sea, visited Congressman Mansfield and did some sightseeing around the capitol. Mrs. Baxter Goodrich of Winnsboro visited the capitol, escorted by her congressman, Rep. Lindley Beckworth of Gilmer, and Mrs. Beckworth. Mrs. Goodrich's husband is a lieutenant commander on duty here at the navy department.

Secretary of State Cordell Hull, in a letter to Rep. Luther A. Johnson of Corsicana, writes: "While, owing to the continued refusal of the Japanese government to allow neutral observers to visit camps in the Philippines, our information on conditions in prisoner-of-war camps there is deficient, reports received concerning camps elsewhere in Japanese-controlled territory indicate that conditions are not as bad as we had feared they might be."

Congressman Hatton W. Summers of Dallas won high recognition for his work as chairman of the house judiciary committee from the American bar association which awarded him its annual medal "for conspicuous service to the cause of American jurisprudence."

More than 28 million pounds of French chalk are used in face powder each year.

Barbecue To Be Held Near LeFors Today

The annual barbecue of the Frank Keim council, Knights of Columbus, will be held at the Morrydan Oil company, Davis lease, near LeFors. All the parishioners of Holy Souls church are invited. There is no charge. The barbecue will start at 3 o'clock.

Monday evening at 8 o'clock in Holy Souls church, Lt. Leonard Baskert, O. F. M., chaplain in the Pampa army air school, will enroll

soldiers and men and boys of the parish in the Holy Name society. After the services in the church, refreshments will be served in the school hall. All the men and young men of high school age and over are invited.

OKLAHOMA CITY—The police department has issued a guidebook for officers, listing names and addresses of 120 of "Oklahoma City's better known beer joints, dumps and dives."

The department explained it doesn't want its men wasting time hunting for such places when sent on a call.

PAAF Recruiters Are Seeking Young Men

Young Pampa men who want to prepare themselves for an important role against the Jap-German combination before they are 18 and at the same time get their names on the roll of the world's greatest fighting organization, the army air forces, may do so under a new plan announced by the war department. Col. Charles B. Harvin, Pampa, army air field's commanding officer, said Saturday.

"If you're normal, healthy and 17 years old, you're not waiting to be told your future is in the skies of the world," Col. Harvin commented on the program.

First thing the applicant for voluntary enlistment in the air corps enlisted reserve (ACER) must have is a birth certificate or other proof of date of birth and citizenship, three letters of recommendation from reputable citizens and parents' consent before going to AAF examining board at the local air base and applying for examination and enlistment.

When called to active duty, on or after the applicant reaches 18 he will be a private in the AAF and assigned to an AAF basic training center, where he will get his first basic training as a soldier and learn the fundamentals of military life for five weeks and will be given various screening tests to determine classification as navigator, bombardier, pilot or gunner.

Seventeen-year-old men may also enlist in the ACER for army specialized training reserve and may receive academic training at the expense of the government in colleges and universities before being called to active duty.

Col. Harvin pointed out that all air crew members receive flight pay, which is half their base pay, plus their regular pay. He urged interested young men to call Capt. Evan K. Shelby, Pampa army air field, extension 355, for more information.

If you lack a clothesline, hangers hung from the shower rod can be used to hold drying clothes.

HATLEY GLASS and WALLPAPER CO.
216 N. Cuyler Phone 501

To the Boys and Girls of This City who enlisted in the U. S. Victory Waste Paper Campaign—

Thanks

from their Brothers and Dads at the Front!

From the foxholes of the Pacific Islands . . . from the hard-won crests of Italy . . . from every front where the men of this city are today grappling with our enemies . . . comes a great surge of gratitude to the boys and girls they left behind.

How proud they must be to know that when the nation faced a critical shortage of that vital war material . . . waste paper . . . it was the Boy Scouts who went from house to house like young Paul Revere rousing the householders and gathering the waste paper.

They spread the word that 700,000 products needed at the front are either wrapped or made with paper. They reminded us that food, blood plasma and shells are all paper-boxed. They told our grown-ups that many plane parts, helmet linings and camouflage strips are made directly from waste paper.

These Waste Paper Commandos got the ball rolling. But it's a continuing job. More and more waste paper will be needed till the war is won. They need help! Can adults stand idle when our children have shown the way? Get in touch with this newspaper or Scout Executive H. O. Olsen.

Help to shorten the war. Start collecting waste paper today!

SAVE A BUNDLE A WEEK SOME BOY'S LIFE

This expression of thanks sponsored by

Newspapers: Fold them flat (the way the paper boy sells them) and tie them in bundles about 12 inches high.

Magazines and Books: Tie them in bundles about 18 inches high.

Corrugated and Cardboard Boxes and Cartons: Flatten them out and tie them in bundles about 12 inches high.

Waste Paper (Paper Wrappers, Envelopes, Etc.): Flatten and pack down in a box or bundle, so that it can be carried.
