Union Holiday Continues In The Panhandle

Union electricians today continued their holiday in the Panhandle, but Pampa contractors and union members said they still did not know what the situation was. The scene was described by one contractor as "very quiet, very peaceful, with nothing being

Electricians whom The Pampa Daily News was able to contact said they had no gripes against the local contractors.

A meeting of some of the electricians was supposed to be held in Pampa last night, Vanice Belflower, said by a local contractor to be in charge of Pampa men, could not be reached for comments on the walkout.

Amarillo contractors decided yesterday to sit tight against union demands. These are supposed to include mileage pay, vacation money, subsistence allowances, and hike in the \$2.50 an hour base rate.

Why Dogs Bark At Newspaper Boys By JOE STETSON Dog Editor

It is surprising how many enthusiastic dog owners, real dog tovers who have had many dogs through the years, will tell a novice that the remedy for a particular dog problem is simple.

"Just use a newspaper," they say. I have heard this since I was old enough to pronounce the word housebroken.

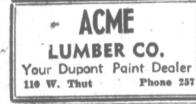

They continue (and it sounds logical): "Roll the paper up and hit him with it whenever he misbehaves. The paper is light and won't hurt him and it is effective because it makes a lot of noise."

Newspapers have played an im-portant part in the education of millions of dogs. Every one of these dogs has developed as strong an aversion to newspapers as a schoolboy does to books. Is it any wonder then that many dogs bite or bark at paper boys or

First, an observation which could come only from the lips of the ignorant: "At the time of the drafting of the original (Federal Reserve) act, there was no developed understanding of central banking functions as we think of such functions today." What shall I render unto the Lord for all His benefits?" (Psalms 116:12). Every man of earnest and serious mind must ask himself this question as he meditates on the goodness and the Grace of God toward him. We want to do what is right in our every association with God and man. The Government takes as its proper share at least twenty per cent of every man's income. WHAT IF GOD SHOULD REACH DOWN INTO YOUR LIFE AND MINE AND TAKE WHAT REALLY BELONGS TO HIM? How much would be left for us? Have you raised corn? Or did you and God work together in making the corn crop? And just which of you put more time and energy into the process? Have you "struck" oil? Who spent centuries creating the oil and holding it in the underground lake until you came along? Is the oil really all yours? What is God's share? YOU AND GOD ARE PARTNERS IN THE OIL BUSINESS; WHAT IS HIS PORTION?

esus Christ is our revelation of the generosity of God who has been the eternal

ewish and Christian people have agreed that we ought to give at least a tenth . our income to God and His Church for the carrying on of His redemptive program.

Giver, enriching us with every sort of good thing. From the day of the first creation God!

has been at work with and for man. Each of us represents in his body and in his soul

the everlasting toil of God, who truly wants to make us His children and who desires

us to join Him in making an ever better world for His sons and daughters to live in.

JESUS IS OUR PATTERN OF WHAT A MAN CAN GIVE TO HELP IN THE

A tenth will not necessarily discharge all our debt; but it will show a sense of deep grat-

itude. Everything is His, even the cattle of a thousand hills and the abundant harvest

from the fields. He gives us everything which makes life abundant. Our ideal is to join

in the prayer, "Take my life and let it be consecrated, Lord to Thee." Let's be good

partners with God. Let us be His co-workers. MAY WE GLADLY GIVE BACK TO

PURPOSE OF GOD. HOW MUCH DID JESUS GIVE BACK TO GOD?
