THIRD BIRTHDAY — Jo Ann Holt was born 12 years ago, but this is only her third official birthday celebration. She was born Feb. 29, 1940 and since that was a leap year, rates only one official birthday celebration each four years. The only consolation Jo Ann can find is that she doesn't have so many candles to blow out. (News Photo)

BIRTHDAY CELEBRATION A LONG WAY OFF — This is a big day for the baby girl born this morning to Mr. and Mrs. W. C. Scott, but it's going to be a long time before she gets to celebrate it — Feb. 29, 1956, to be exact. The child was born shortly after 8 a. m. this leap year day to Mr. and Mrs. Scott who live at 732 N. Banks. If one can detect a faint look of disappointment on the little girl's face, you can understand why. (News Photo)

A MAN with an eye-dropper may be respected when he has a small bottle of medicine to be applied in small doses. But it is not proper in the realm of religion. "The mercy of God is an ocean divine, a boundless and fathomless deep," an eye-dropper is a poor conveyor of such richness and abundance. We are heirs of infinite goodness and grace; the everlasting God seeks to pour into our souls His lavish gifts of grace and goodness. How poor and how unfortunate is that life that will take the Father's bounty only by the eye-dropper method!

BUT isn't that the way too many of us accept our religion? The great Book with its eighty volumes (including the Apocrypha in the Pulpit Bible) lies before us for our reading, our enjoyment and profit. How much time do we take out of the twenty-four hours to dedicate to its reading? The great Father God seeks to talk to us through the varied ministries of the world of beauty, through the noble living of saintly souls, through the rich services of the Church. How faithfully and well do we listen for the divine Voice? The best thoughts of earth's truest citizens have been inscribed in great books and placed near us in the libraries of our towns and cities. How much of our thought has been taken from these fountains of inspiration?

ARE you and I only 'eye-droppers' in the field of education and culture and religion? Are you too easily satisfied with good things which God has offered us in such abundance? Let's live greatly and richly. Why not make the whole world our home, attend our church and be citizens of the kingdom of God?

YOU IN THE CHURCH
THE CHURCH IN YOU

Character is a by-product of the church. It is here that young and old alike are showered with benedictions that fortify and influence for a better citizenship and a stronger democracy. In the church the ministerial are molding religious character. Statesmen today declare that the church alone can furnish leadership to handle the affairs of state in these perilous times. Then we with our children should go to the church of our choice on Sunday. "You in the Church and the Church in you" form a combination for good. Be a regular CHURCH-GOER and a daily BIBLE READER.

Guys, Gals Differ On What Virtues A Wife Should Have

By HAL BOYLE

NEW YORK — (AP) — Millions of lonely single girls are hoping this leap year day because they aren't among the harried married. "What does it really take to win a husband?" they wonder. The answer to this stupor is more important to industry scientists than to the average woman. Scientists have been unable to come up with a test tube solution. Now business is trying to solve the problem. For the creation of new families is becoming more and more important to industry. If people quit getting married, the nation would soon smother with unsold refrigerators, washing machines and lawnmowers. I have at hand the results of a little business research into the matrimonial field. It is a survey made by Shadow Wave, a Lever Brothers home permanent. This firm polled about 100 guys and 100 gals on this ques-

tion: "What are the five most important weapons in a girl's arsenal needed to get her man and make 1952 a successful leap year?" The returns are in, and, I must say, very distressing. The disturbing truth is that there are dramatic and fundamental differences of opinion between the sexes on just what qualities a man looks for in a mate. Even where there were areas of agreement, the emphasis differed. Both sexes agreed the girl ought to be well-groomed and attractive in appearance. But the girls themselves stressed neatness, while the bachelors voted heavily for more definite feminine allure. "Pleasing personality" was high on the men's list; the women voted for "charm," and just what that covers remains a mystery. The ability to cook rated near the top with the lads, but the lassies hardly even mentioned the kitchen art. Many men put down "a sense of humor." The girls worded it more often "the ability and willingness to humor him." In general the bachelor girls pictured the prospective bride as a nice clean girl — it was amazing how many mentioned cleanliness — in love with health and home, conversationally gifted and so informed about her husband's business affairs she could even help him figure out his income tax. This ideal bride, seen through the men's eyes, however, could best be portrayed as Rita Hayworth with her vocal chords removed, standing in a boudoir with a trying pan in her hand. The difference between the sexes showed up most clearly in the matter of conversation. Most women were dreamily sure men yearn for a wife to "be able to discuss many subjects intelligently," be "a good conversationalist," or "a lively talker." The fellows themselves, on the other hand, showed a morbid dread of wifely loquacity, or, as they put it, "nagging." One said flatly: "She should remember that the less she has to say, the less she will have to explain."

Giles Okays Claims On Vacant Land

AUSTIN — (AP) — Two more land vacancy claims running through valuable West Texas oil producing lands have been approved by State Land Commissioner Bascom Giles. Vacancies of 95.02 acres in the Tex-Harvey field in Midland county and 289.2 acres in the Scurry county field were recognized by the rulings, Mike Rowan, assistant to Giles, said Thursday. The Midland county claim, running along a two-mile strip in townships 2 and 3 south, Block 37, was filed by Dr. G. Frank Dillon, Big Spring. The strip lies perpendicular to another vacancy of 660 acres declared in the Spraberry oil area last week. The Scurry county claim, filed by E. A. Carter, Coleman, envelops eight producing oil wells. The vacancy resulted from failure of a system of surveys to fill in completely to the south line of an inverted "L" shaped survey in Block 97 about 6 1/2 miles north of Snyder. The state school land board priced the Midland vacancy at \$40 an acre and the Scurry vacancy at \$50 an acre. The board is barred by law from considering mineral values in setting prices. Good-faith claimants — those holding the lands — have first priority on purchasing the land. The claim filers automatically receive one-sixteenth royalty interest. The state also retains a royalty interest. A third vacancy claim in the Spraberry oil area, filed by Charles Krueger, Austin, was not approved. Giles ruled no vacancy existed.

Ronald Reagan To Marry On Tuesday

LOS ANGELES — (AP) — It's wedding bells next Tuesday for actor Ronald Reagan and actress Nancy Davis. The couple announced they will marry at "some small church," as yet unselected, and honeymoon for two weeks in Phoenix, Ariz. It will be Miss Davis' first marriage. Reagan is divorced from actress Jane Wyman. They have two children.

Experiment In Texas Town May Be Key In Polio Fight

FROST, Tex. — (AP) — Seven months ago nearly 400 persons in this small Texas town took five rabies shots each in an experiment to determine whether this would prevent polio. Since that time no polio case has been reported in Frost. Seven months ago seven of Navarro county's 12 polio cases were in the Frost area. Reporting this, doctors who made the experiment were careful not to claim the experiment had yet proved anything. Dr. Herbert E. Hipps of Waco first advanced the idea, saying only that "people who have received rabies shots generally don't have polio."

Dr. Hipps said: "We'll have more definite information on its success after about six months. By September we should know if our tests helped. Frost has a history which usually results in polio cases during August and September. If some occur this year we can be led to believe the experiment was worthwhile." Despite Dr. Hipps' caution, people in the Frost area are enthusiastic. Dr. A. L. Grizzaffi, past president of the Navarro County Medical society, said many had told him they would be willing to take the rabies shots again. "We aren't certain what caused the down curve, but we like to believe last summer's experiment might be responsible," said Dr. Grizzaffi. The absence of polio here is counter to an unusually high winter incidence in Texas generally which has led Dr. George W. Cox, state health officer, to believe the state may have a record polio year. Dr. Will Miller, acting director of the Corsicana-Navarro health unit, who alone "shot" more than 200 patients the first day of the experiment, said people in their counties have inquired whether free rabies shots will be given here again this year. Dr. Miller said the program at Frost last year cost about \$1500 but will be offered again this year "if funds are available." The expense of the 1951 tests was absorbed by Dr. Miller and others. The Corsicana doctor said he knows of no ill effects among those given the rabies shots. Truman Newson, superintendent of schools in the Central Texas town of about 600 people, said "we haven't had a polio case in our schools since the shots were given last August."

Study Underway On Lone Star Request

WASHINGTON — (AP) — The Defense Production Administration says it is studying a proposal of Lone Star Steel Co., Dallas, for a \$50,650,200 expansion of its plant at Lone Star, near Daingerfield. The expansion, proposed to increase pig iron production, would include a blast furnace. DPA officials said a decision on the application is unlikely for at least two weeks because of a pending study of the overall iron and steel situation. One DPA division is studying Lone Star's application for a five-year federal tax write-off of the expansion cost rather than the 20-year period normally allowed. Another division is studying the company's application for a Reconstruction Finance Corp. loan.

White Deer Honor Group To Initiate

WHITE DEER — (Special) — Sixteen juniors and three seniors have been elected to membership in the White Deer chapter of the National Honor Society and will be initiated at a formal ceremony, 7:30 p. m. March 10, in Skellytown auditorium. After the initiation, a reception honoring the new members and their parents will be held. The initiates are Guyda Baten, Barbara Bentley, David Bradford, Betty Lou Cofer, Nancy Ford, Jerry Foose, Yvonne Henry, Alma Howard, Barbara Jo Huffines, Patricia Kalka, Laverne McAdams, Carl McCabe, Philip Rapstine, Morlan Shuman, Floyd Travis, Betty Webster, Eddie Wesner, Betty West, and Bill Wilkerson. Present members are Bob Best, president; Harold Deaa Williams, vice president and initiation chairman; Wanda Richardson, secretary; Betty Jean Williams, treasurer; Margaret McMan, Marilyn Bagley, and Barbara Lewis. Miss Claudia Everly is sponsor. To be elected to membership in White Deer chapter of the National Honor Society a student must be of junior or senior standing, have a grade average of 88 or above for all the years he has been in high school, and be approved by the faculty committee on leadership, character, and service. Since its organization in 1938, the White Deer chapter has initiated slightly over 100 members. The group coming in this semester is the largest ever initiated in one year.

Miami To Vote On Four Aldermen

MIAMI — (Special) — The city election for Miami, which will be held April 1, will call for the election of four aldermen, this year, instead of the usual two or three. Terms of Bruce Maddox, Dan Graham and Fred Gordon will expire, and the vacancy of Ed Hayes, who resigned to become County Judge, will also have to be filled. This leaves Mayor R. J. Bean and Alderman James Seitz, alone, of the present board.

Freak Air Accident Claims Second Life

MEXICO CITY — (AP) — A freak aviation accident at the ancient Pyramid of the Sun eight days ago claimed its second victim Thursday. Mrs. William Bailey, Yorkville, Ill., one of a group of tourists struck by a low-flying plane, died in the night. Her sister, Mrs. Eleanor Wernmont of Aurora, Ill., wife of the agricultural attache of the U.S. embassy, was killed at the time. Her daughter, Geraldine, is recovering. Jose Gail Velazquez, 18, Colombian pilot of the rented plane, is being held for trial on charges of nomicide.

New Mexican Capitol Closer To Panhandle City Than Austin

AUSTIN — (AP) — The University of Texas Department of Geography offered figures today to help settle the question over how many states have capitals closer to Amarillo than the Texas capital. Dr. Donald Brand, geography professor, said the answer is three — no more. With a big globe and calipers as capital. Dr. Brand's assistants measured these geographic airline distances: Amarillo to Santa Fe, N.M., 230 miles. Amarillo to Oklahoma City, Okla., 240 miles. Amarillo to Denver, Colo., 355 miles.

Amarillo to Austin, Tex., 415 miles. Amarillo to Little Rock, Ark., 535 miles. All other capitals were farther away than Austin. Topeka, Kan., however, ran a close race at 425 miles, he said. Dr. Brand said his figures were accurate within five airline miles. If he is a full five miles too low for Austin and five miles too high for Topeka, then the two capitals would tie for fourth place, but he doesn't see much likelihood in the possibility. Closest capital beyond Topeka was another 15 miles across the

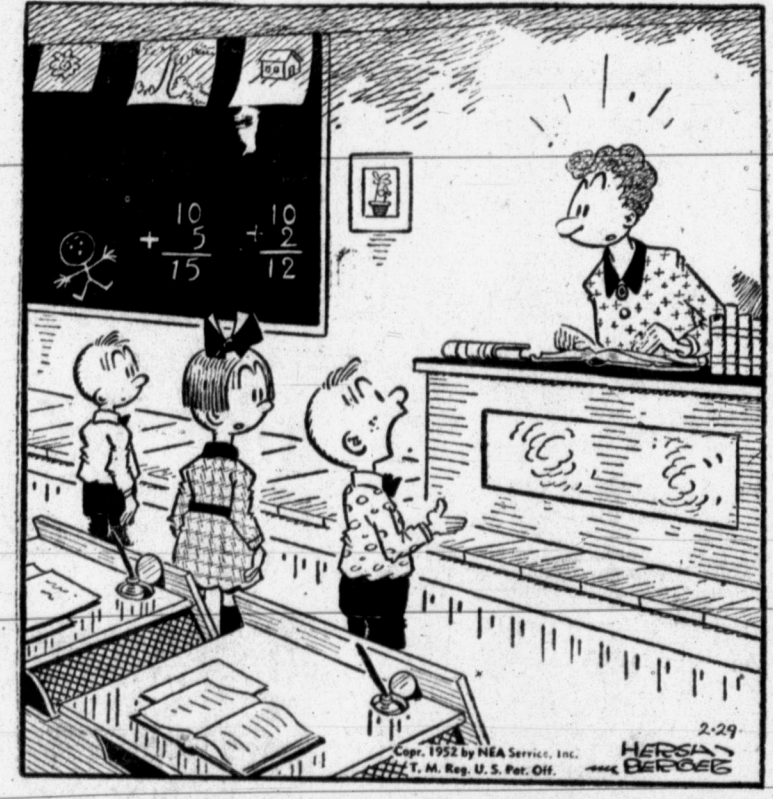

Purse Snatcher Picks Wrong Victim

HOLLYWOOD — (AP) — A purse snatcher picked the wrong victim in "mistress Verna Loh, 29, accosted while walking home from work. When he put his hand over her mouth and grabbed for her purse, she (1) hit him (2) kicked him and (3) screamed bloody murder. He fled, bruised and scratched, without the purse. "It was payday," Miss Loh told police. "I wasn't going to let him have my money."

globe — Cheyenne, Wyo., at 440 miles. Lincoln, Neb., was farther — 475 miles. Recent claims had put the Texas Panhandle city closer to all of the five state capitals than to Austin. The claims were apparently only three-fifths correct, if you're a globe-and-caliper supporter.
