Reds, Allies Narrow Gap But Evade Biggest Block

Building Of Airfields By Reds Ignored

MUNSAN, Korea (AP)—Allied and Communist truce negotiators offered each other compromise package deals on troop rotation and ports of entry today.

Each side said "No."

But their differences were narrowed to only one port of entry and 5000 men in the monthly rotation plan. Originally, the difference was nine ports of entry and 70,000 men.

Once again the UN rejected the Reds' nomination of Soviet Russia as a member of the neutral inspection commission.

Repression of the Communist-led riot which left 69 Koreans dead and 142 wounded in an Allied compound for civilian prisoners were expected in the truce talks on prisoner exchange.

Observers said Red delegates would try to use the Kojiki Island incident as a lever to get their own way in the delicate negotiations for exchanging prisoners and displaced civilians.

Vice Adm. C. Turner Joy, chief Allied negotiator, refused to speculate on what proposals the Reds may make of the bloody riot.

Staff officers have been making slow but steady progress on a prisoner exchange, but are deadlocked on the key issue of voluntary repatriation.

The Communists have insisted that all prisoners in Allied hands be repatriated regardless of their wishes and have protested UN reclassification of about 37,500 as South Koreans.

The U. S. Eighth Army indicated the segregation of reclassified prisoners in Kojiki compound was responsible for the riot.

Political Activity Steps Up This Week

A new face appeared on the county political scene this morning when Paul H. Bowers of Precinct 3 filed with the county Democratic committee as a candidate for county commissioner.

At the same time political activity among incumbent county officers bubbled up as six filed for reelection.

Those filing for reelection this week were Sheriff E. H. Guter, County Tax Assessor Collector E. L. Leach, County Treasurer Ola Gregory, Precinct 2 County Commissioner J. W. "Bill" Graham, County Clerk Charlie Thut, and County Superintendent of Public Instruction B. R. Nuckols.

Nuckols, however, is actually filing for election to fill the unexpired term of Hueyln Laycock, who resigned last year to become superintendent of the White Deer Independent School district. Nuckols was appointed by the commissioners court to serve until the November general election. He elected to the unexpired term. Nuckols will serve two years, then may run for reelection for the full four-year term in accordance with state election laws.

The other five officials will serve two-year terms, if reelected. To date only Graham has drawn opposition of the type named above. E. C. Schuffer filed for the office several weeks ago.

County Judge Bruce Parker, who has yet to file for reelection or announce as a candidate, already has one opponent, Atty. J. H. Mingers, Jr. Parker is expected to have at least one other opponent. So is Graham.

So far as the Precinct 3 county commissioner race is concerned, Bowers is the only one to take any action. The incumbent, Fred Vanderburg, has made no official statement, but has previously indicated an unwillingness to seek reelection.

Severed Tanker Heads To Bay With 13 Seamen Aboard

BOSTON (AP)—The stern half of the severed tanker Fort Mercer with 13 seamen aboard early today headed for Narragansett Bay under tow of tugboats.

The Coast Guard cutter Spar, accompanying the procession, reported in an early morning message to Coast Guard headquarters that the towing was proceeding "satisfactorily" at four and a half knots an hour.

The half-ship had its propeller working to assist in the progress. The weather bureau reported it was snowing with a northwest wind of about 25 miles an hour at the scene.

Coast Guard officers said, however, the Fort Mercer was in no danger because it has long been in the lee of the land.

Two barges left New York last night to rendezvous sometime today with the Fort Mercer off Newport, R. I. Present plans call for the barges to relieve the Fort Mercer stern of most of its cargo of two million gallons of oil.

The Fort Mercer was one of two tankers to break in two in a howling northeaster off Chatham, Mass., last Monday. The other was the Pendleton.

Of the 84 men aboard both tankers, six are known to be dead, eight are missing and presumed dead and 87 rescued by daring coast guardsmen.

Five of the dead were from the Mercer and one from the Pendleton. The eight men presumed dead were swept from the bow of the Pendleton, both of whose halves later went aground.

Meanwhile, a Coast Guard board of inquiry heard testimony from a Fort Mercer crewman that he was "pushed a way" when he tried to tell the captain that the tanker was in danger.

Julio Molina of San Juan, Puerto Rico, testified yesterday that when he went to the bridge to report a plate had dropped off the side of the vessel hours before it split in two — he was told it was "none of my business" and was pushed away.

The ship's captain F. C. C. Paetzl of Houston, Tex., hospitalized with pneumonia and frozen feet in Portland, Me., denied he rebuffed Molina.

He told newsmen: "as a matter of fact, I don't even remember him coming to me."

Capt. Paetzl added the vessel's third mate reported a plate had fallen away and the Coast Guard was notified immediately.

Another crewman, C. W. Hindsley of Houston, Tex., who was on the Fort Mercer's stern with 33 shipmates, testified that although there were four licensed officers in that section, "not one could send or receive a single

Toss A Buck Across A River With Bargains Like These?

WASHINGTON (AP)—If George Washington were around today he wouldn't toss that dollar across the Rappahannock — he'd probably use it to buy a radio or television set or a typewriter. And get change yet!

The city named for the first President annually celebrates his birthday — which is today — by going on a unique buying binge encouraged by fantastic and widely advertised bargains.

This year is no exception. Lines began forming yesterday in front of stores offering a limited number of typewriters for 99c, radios for 69c, fur coats \$1.99, TV sets 99 cents, and such things as fence pickets for eight cents.

It was cold outside — a freezing 32 degrees last night — but hundreds of people were out to snatch the hot bargains inside.

Reportedly the first to show up was 29-year-old Leon Offenhausner from Gainesville, Va., 40 miles away. Reinforced by two

pairs of long underwear and a three pairs of socks, he said he bought a \$348 television set for \$37 last year, wants an electric range this year. He was in line over 26 hours ahead of time.

The quantity of many items on sale is limited. But virtually all stores offer a few loss leaders. Cut prices generally on other things advertised as bargains.

One store advertised rugs for \$1 each — but only two were offered at that price. Another offered what it advertised as "pearl necklaces" for 37 cents — and no limit.

The Evening Star had 144 pages yesterday, packed with Washington birthday bargains. It was an all-time weekday high for the paper, whose previous top was 126 pages, and one of the largest weekday editions of any Washington paper.

Just how the birthday bargain custom began isn't certain, but the reason for it is obvious: most government workers have a holiday, giving them time to shop. It also enables merchants to clean out basements, attics and warehouses of stacked up merchandise for the year's biggest one-day sale.

Want a peek at a few more of the bargains? Look below the numerous pictures of George Washington beating drums, chopping prices with various kinds of axes or looking dignified amid sliced ham, pancakes and pickles, and you'll see:

Radio, ans, percolators, toasters, waffle irons, sandwich grills — nine cents each while they last.

Typewriters (5) for 99 cents (plus one portable in a case for \$4.44).

Cabot Supervisors Told Cooperation Brings Efficiency

Cabot Carbon Co. supervisors and foremen last night were told cooperation of workers has resulted in a more efficient company.

Dudley Steele, assistant production superintendent, spoke to the group during a refresher meeting in the current job relations training in Cabot companies. The meeting was held at the Pampa Country club.

Steele denied that Cabot is selling the Kingsmill plant or closing any of the others. He explained that the company merely has agreed to sell gas to the Celanese Corp. of America.

The group was complimented for keeping grievances at a minimum within the company, especially since the organization includes both union and non-union employees.

During the meeting movies concerning leadership were shown by Horace Prince. Cabot job relations instructor.

Jimmy McCune was master of ceremonies.

Bowers Will Run For Commissioner

Paul H. Bowers, 37, of 18 miles south of Pampa, this morning announced as a candidate for county commissioner of Precinct 3, an office now held by County Commissioner Fred Vanderburg.

In 1942 he moved to his present farm located in the center of precinct 3.

TEMPTATION REPEATED — We don't know for sure what prompted George Washington to chop down his father's cherry tree. Probably he just wanted to try out his new hatchet. Well, the modern George, Bobby Gindorf, 11, has his new hatchet and a tree available. Bobby didn't touch the tree but if he had, he'd probably admit it. Actually, Bobby donned the costume to portray Washington in a play presented this morning at Horace Mann school. (News Photo)

Hasse Will Cover Tourney In Chicago For News Readers

Warren Hasse, sports editor of The Pampa Daily News, left this morning for Chicago, Ill., where he will cover the Tournament of Champions boxing tournament which starts Monday night at Chicago stadium.

The News, co-sponsor of the Pampa District Golden Gloves, feeling there is enough boxing interest to command special coverage, takes this means to further provide its readers with the best coverage in the Panhandle through Warmup's on-the-scene reports.

Two Amarillo champions will be fighting in Chicago, Pat McCarthy and Pete Perez, while a possibility still exists that a Pampa fighter, Eugene Cooper, may be there as a Texas representative.

Finals of the tournament will be held on March 7. Hasse will return shortly after the finals. In his absence, Bob Dixon, sports staff writer, will handle the sports department.

Californian Speaks To Local Moose In Installation Rites

Close to 100 members and candidates of Pampa Lodge 1385, Loyal Order of Moose, last night heard Junior Past Supreme Governor Walter F. Gibson, Oakland, Calif., paint a verbal picture of the "Child City of Moosecraft" following inductory ceremonies held in the lodge auditorium.

Gibson, in a brief talk, congratulated the class of candidates, telling them "you are now philosophers; helping others as you would want to be helped as you should ever be in need."

He encouraged the new candidates to invite their wives to come into the order by being a member of the Women of the Moose. He called the auxiliary one of the "greatest assets to any Moose lodge."

The class, largest in the history of the Pampa lodge, was represented by Atty. Don Cain at \$12 — the amount necessary during the candle light initiation ceremony performed by the Pampa degree team of Moosecraft.

Following the ritual ceremonies a social hour was held for members and candidates.

Mexico And Alaska Are Studied At Club Meeting

Talks on Alaska and Mexico were presented at the Twenty-first Century Allegro meeting this week in the home of Mrs. Betty Brock, Mrs. H. Pace Duster, Jr. was co-hostess. Program chairsmen were Mrs. H. L. Rinehart and Mrs. John Gorman.

Mrs. Harold Rinehart gave a talk on Alaska explaining that Alaska, largest of U. S. territories has the highest population range in world, guarding coastal line of Gulf of Alaska and reaching its climax in the interior where mighty Mt. McKinley rises to take its place as the foremost of all North American peaks in height and grandeur.

"Alaska's huge glaciers are the largest in the inhabitable world," she said. Before Vitus Bearing, a Danish captain led white explorers in 1778, Alaska was Indian and Eskimo country and the background of native customs and handicrafts is like a bright strand through Alaska's pattern. Of Alaska's Indians, the most striking of their ancient relics are the totem poles, those weirdly carved strange reminders of bygone days. Although Russia dominated Alaska's early history, English, Spanish and American explorers left their mark on the maps of the great territory.

On March 30, 1867, the treaty of purchase began the modern era in Alaska. Gold was reported along the Yukon as early as 1867, but it wasn't until 1868 that the first great strike was made in Canada's Klondike, resulting in the dramatic and exciting stampede of '98, the greatest gold rush in history. Today fish is king. The intricate sea lines offer the greatest fishing in world, and those fishing fleets are Alaska's greatest industry. Agriculture only now getting started, is Alaska's other industry. At present, Alaska is an empire in the making for Alaska is only at the inception of its tremendous economic development.

Mrs. John Gorman gave talk on Mexico. "In contrast to Alaska," she said, "Mexico is a steaming mass of rugged mountains and many jungles. Mexicans are predominantly Indian. Among these people we find sharp contrast from peons to millionaires. In the small villages, people are almost self supporting, growing and fabricating nearly everything they need. Mexican agriculture is predominantly 'hand and hoe.' Education is a feeble, but growing spark in respect to formal schools. Five reasons for Mexico's slow growth, are restriction of immigration, feudalism and serfdom; continuous revolution; large areas of barren soil, partly due to lack of irrigation; and high death rate. The majority of Mexicans are poorly fed, clothed and housed. Food, water and milk in many rural areas are unsafe.

"The capital of Mexico, Mexico City, is situated in a wide, fertile valley of Mexico, vivid with an odd mixture of tropical and mountain vegetation. It is called 'city of eternal spring.' The Mexican capital and its federal district form a political unit separated from the provinces which surround it. University City, located just outside Mexico City, the dream of M. C. Clark, scholars for more than 30 years, is becoming a reality. About 70

GIRL SCOUT NOTES

MRS. BOB ANDERSON, Public Relations Chairman

This year Thinking Day can have special significance for Girl Scouts in the U.S.A. An invitation has come from the Guides of Britain and Australia to join them and other countries in their observance. Each year they set aside a few minutes on the morning of Thinking Day for thinking and prayer for their Guide sisters all over the world. The time in our country has been set for 8 p.m. February 22. Keeping with this theme Girl Scouts of Troop 22 presented a five minute program, "Girl Scouts Own" on the radio. February 22 is the birthday of both Lord and Lady Baden-Powell and of course this country observes George Washington's birthday, too. Since 1929, this date has been set aside as Thinking Day, when Girl Guides and Girl Scouts all over the world think of each other and think what Guiding and Scouting means.

A few years ago, a Thinking Day fund was set up by the World Association, to which girls in other countries give voluntarily. The fund, which is kept by the World Treasurer, is used for the movement wherever it is most needed. Girl Scouts in the United States contribute through the Juliette Low World Friendship Fund to Girl Scouting and Guiding throughout the world.

All around the world, Girl Scouts and Guides are getting out their pens and their brushes, their sketchbooks and their pastepots, and are contriving original and ingenious little greetings which are destined to travel across continents and over oceans to Girl Scouts and Guide friends in other lands. Whether the journey is long or short, and whether the greeting is a charmingly executed sketch or a simple note, it says "You are a Girl Scout and I am a Girl Scout, and I think of you often" — but on our special Thinking Day I am taking the time to tell you so!

In the United States, Thinking Day, as a time for friendly greetings sent from Girl Scout to Girl Scout, is just beginning to catch the imagination.

TCU Can Clinch Crown Tonight

By the Associated Press
Texas Christian can clinch the championship of Southwest conference basketball tomorrow night. A couple of things would have to happen:

1. Texas Christian defeat Baylor at Waco.
2. Texas A&M beat Texas at College Station.

In those events, TCU would have a record of 9-1 and Texas, in second place, 6-4, with two games to play, TCU would have the title in the bag.

Anyway, TCU is expected to clinch at least a tie for the title by beating Baylor.

Also on the schedule tomorrow night is a game between Arkansas and Southern Methodist, both out of the race.

Bobcats Conclude Greatest Season

SAN MARCOS —(AP)— South Texas' undefeated Bobcats close the most successful home basketball season in the history of the college tonight when they meet Lamar Tech's Cardinals.

Riding the crest of a 21-0 season record, the best in the nation, Coach Milton Jowers' five will seek to extend this "ring as well as two other long-standing home victory mark and a 32 consecutive regular season success string.

The Cats were held to their lowest point total of the year by Lamar Tech in their last outing. Lamar began freezing the ball from the starting whistle and held the Bobcats to a 48-34 victory.

This game pits the two extremes in the Lone Star Conference. SWT has all but sewed up the crown with an 8-0 record and Lamar Tech is deep in the cellar with a 1-7 standing.

throughout the entire spring training season.

2-B Tournament Resumes Tonight

By BOB DIXON
Pampa News Sports Writer
MIAMI — With four games setting off the action the district 2-B Tournament got underway at Miami last night.

In the 1st opener Kelton stopped Booker 57 to 36. Ericsoe then tripped Higgins 47 to 34. Mobeette's girls slammed the Higgins lasses by a score of 55 to 35. And in the night's finale Miami won over Follett.

Tonight's action will have Kelton playing second place winners of the North (girls); Ericsoe playing second place winners of the North (boys), Mobeette tangling with the first place winners (boys) closing out the slate.

Kelton's win over Booker came as a result of two girls' deadly shots from the floor. Harris and Shafter accounted for 42 of their team's 57 points. Harris was high point with 24 while Shafter hit for 18. High point honor for Booker went to Holub with 16 and Meyer with 14.

Ericsoe's boys ran wild over Higgins for the first quarter then had to fight off a second period drive to keep their lead at halftime. Higgins looked as if they were going to get back in to the contest early in the third quarter but they faltered when the going got rough. Ericsoe took charge of the ball and set a breakneck pace. Higgins couldn't cope with it so they ran up one thing, however, and that was the fourth period was one of wild passes by Higgins and numerous personal fouls also by Higgins. They tried desperately to regain possession of the ball but they had no luck at all as the boys from Ericsoe held it until the very end. They won the game by a final count of 47-34.

EXCITING TILT
In the other girls contest Mobeette was able to steamroll Higgins by a score of 55 to 35. Most of their scoring was done by Morris who meshed 28 for the game's highest honors. Nancy Perigh got 17 for the honors on the Higgins team. The contest was close for the first quarter with both teams shooting wild. Mobeette led 10 to 8 at the end of the first period and 27 to 13 at the end of the second. Mobeette broke loose in the second frame and scored 17 points while holding Higgins to 5. For the rest of the game it was just to see how large a margin Mobeette could run up. The score at the end of the third quarter was 39 to 22. The lastest from Mobeette were able to score 16 points in the last period while Higgins got 13. At the final buzzer Mobeette had a 20 point lead as the score was 55 to 35.

The last game was the most exciting with Miami clipping Follett 53 to 51. It started out like it was going to be a rout. Miami jumped off to a first quarter lead of 12 to 4. It wasn't until four minutes had elapsed that Follett even scored. The second quarter saw Miami score 13 to 11. It wasn't until four minutes had elapsed that Follett even scored. The second quarter saw Miami score 13 to 11. It wasn't until four minutes had elapsed that Follett even scored.

Follett wasn't the same team for the final two frames. This was due largely to Chas Osborne, who suddenly caught fire all over the court. His second half surge was good enough to get him a tie for high point honors with Gene Hodges of Miami. Both had a total of 20.

Miami fought off the attack and was able to come out on top with a final score of 58 to 51.

Bratton Wins
CHICAGO —(AP)— Johnny Bratton, one time NBA welterweight champion, opened up just enough to win a split decision in 10 rounds from stolid Vic Cardell last night and was awarded a March 26 match with Billy Graham.

Liberty Barred By Major Parks
CHICAGO —(AP)— Baseball's broadcast difficulties were further entangled today as the result of a 12 million dollar suit by a big radio network against 13 major league clubs, their league presidents and commissioner.

The Liberty Broadcasting System filed the suit yesterday in U.S. district court. Liberty charged violation of the Sherman and Clayton anti-trust laws and a "continuing conspiracy to monopolize and restrain competition in broadcasting and creating play-by-play accounts of professional baseball games."

The suit said the Liberty network had been frozen out of the 13 major league ball parks although it had offered more money than other bidders for broadcast rights. As a result, the suit said, Liberty had had to cancel plans for its game-of-the-day broadcasts for 1952 and has lost four million dollars.

It asked triple damages totaling \$12,000,000.

Defendants are Warren C. Giles and Will Harridge, respective presidents of the National and American Leagues, Commissioner Ford Frick, and all major league teams except the Brooklyn Dodgers, Cincinnati Reds and Chicago White Sox.

The Dodgers, Reds and White Sox were omitted for "legal" reasons, said Gordon McLeod, young president of LBS.

Reapers In Top Spot Tie

The Pampa Junior High Reapers blasted the Elizabeth Nixon quintet of Amarillo by a score of 38 to 38 at the Junior High gym yesterday afternoon.

The win put the Reapers back into a tie for the Panhandle Junior High school basketball league lead as the Berger Poolies knocked off the Phillips Junior High team at Berger. Each club now has one game left to play.

If the race ends in a tie there will be no playoff, and each team will be declared a co-champion.

Jumping off to an early four point lead in the first quarter the Reapers were able to hold the Nixon scoreless for the first few minutes. The visitors found their scoring eye as they were able to tie it up at four all. After this they fell behind and were never able to catch up again.

The Reapers took the visitors by a score of 15 to 9 in the first quarter. They were paced by Gary Griffin who meshed 7 points. The Nixoners were paced in the first stanza by Bob Dobbins.

In the second quarter the Reapers made it a runaway by scoring 13 points while holding the visitors to a total of 6. They held a score 28 to 15 at halftime.

Farrell helped the visitors to score 11 points in the third period. This was not enough to get back in the game however for the Reapers were able to score 13. Farrell scored 9 of his teams points this period. He was also the game's leading scorer with 17 points. High point honors for the Reapers went to Harold Lewry who scored 16. The Reapers held a lead of 41 to 26.

In the fourth quarter most of the playing was done by reserves. The Nixoners were able to do nothing about it though as they only scored 12 while the Reapers were scoring 17.

Unknowns Pace Houston Open

HOUSTON —(AP)— Two unknowns paced the 10,000 Houston Open golf tournament today but the "big names" on the play-for-prize circuit were in a good position to take the lead.

Jerry Barber, Pasadena, Calif., and Earl Stewart, Jr., Dallas, shot identical 34-68 yesterday over the wind and rain swept Memorial Park course to take a slender lead.

Right behind at 69 were Jack Burke, Texas Open champion, Ivan Gantz, Eldwood, Ind., and Stan Horne, Montreal.

Bracketed at 70 were veterans Ed Oliver, Lemont, Ill., Fred Haas Jr., New Orleans, and Johnny Revolta, Evanston, Ill.

Grouped at 71 were John Barnum, Grand Rapids, Mich.; Jim Ferrier, San Francisco; Al Zimmerman, Portland; Jack Mann, Fort Worth; Bill Nary, Albuquerque; Loddie Kempa, Kansas City, and Jim Simpson.

Resting at even par 72 or close to it were most of the top players on the pro golf trail. These included Horton Smith, Detroit; Cary Middlecott, Memphis; Vic Ghazal, Inwood, L. I.; Dave Douglas, Newark, Del.; Frank Stranahan, Toledo, and Jimmy Demaret, Ojai, Calif.

Bobsledders Resume Olympic Bid; Button Figure Champion

By BEN PHEGAR
OSLO —(AP)— Germany's darling Andreas Ostler clinched an Olympic double today by capturing the four-man bobsled championship with two dazzling dashes down the 1,500 meter Frognerseteren chute.

The husky, nervous innkeeper, 32, followed up his two fine runs of yesterday with a pair of glittering descents that brought his bobsled a whopping victory over Stan Benham's American team.

Winner of the two-man gold medal earlier in the games, Ostler shattered the meet record with a third whirl of 1:16.55 and went on to beat the Americans by 2.65 seconds.

The Germans, who picked the three heaviest men on their eight-man squad to load up Ostler's racer, were clocked in 5:07.83 for the four runs. Benham, 39, Olympic veteran from Lake Placid, was timed in 1:16.72 and 1:18.54 for a total of 5:10.48. The Americans were seeking to retain the title won in 1948 by Frank Tyler's quarter.

America's No. 2 sled finished ninth in the field of 15 with times of 1:19.49 and 1:21.09 for 5:19.68.

Swiss sleds annexed third and fourth places, while Austria grabbed fifth and Sweden sixth. By picking up five points in the event, the Americans edged up a little on the pace - setting Norwegians in the team standings. Uncle Sam now has 78 1-2 points compared to the host country's 101. Third place Austria gained two points for a total of 68.

The bobsled is one of the two

finals on today's program. The other is the pairs figure skating in which the United States must again contend with the Germans for top honors.

Pau and Ria Falk of Germany are the current world champions and they will find their main opposition in Karol and Peter Kennedy of Seattle, Wash., whom they beat last year for the world title in Milan, Italy, by a fraction of a point.

The Kennedy kids won the world championship in London in 1950. They were sixth in the 1948 Olympics.

The United States picked up 17 points yesterday in men's figure skating, the only final event decided. Daring Dick Button of Englewood, N. J., won it, which came as a surprise to no one. He had a wide edge over the European champion, Helmut Seibt of Austria, who finished second, and Jimmy Grogan of Colorado Springs, Colo., who was third. Hayes Jenkins of Akron, Ohio, completed the American contingent with a fourth place rating.

Norway was locked out of the scoring column yesterday for about the first time since the games began a week ago. But it already has built up an insurmountable lead with 101 points. The United States is second with 73 1-2 in the unofficial table which counts 10 points for first place, five for second and then 4-3-2-1.

Austria is in third place with 56 followed by Finland 41; Germany 28; Italy and Netherlands 24; Switzerland 14; Sweden 13 and Great Britain 10; France 7;

Cooper On Way To Chicago Tourney

Eugene Cooper, the Panhandle's resident amateur boxer, left Amarillo by air today for Chicago. He was accompanied by Lt. Carl Hopf, physical training officer of Amarillo Air Force base, where Cooper is stationed.

Cooper was defeated in the semifinals of the state tournament earlier this week when a round. But Cooper reported yesterday that the eye was healing pretty good, and that he hoped to be able to come how get into the tournament of Chicago. Last year he was a finalist at Chicago, and this year was figured to be a leading candidate for national honors.

Cooper will be joined in Chicago by two other Amarillo fighters, Pete Perez and Pat McCarthy, both state champions.

Canada 6 1-2, Belgium 1; and Japan 1-2.

Far West, Scandinavia's 1950-3-year-old, has won three derbies - Danish, Swedish and Norwegian. He is the all-time leading money winner in Denmark.

I want to continue to quote from a speech made by Ben Morell, Chairman of the Board and President of Jones and Laughlin Steel Corporation, before the Illinois Manufacturers' Association.

COMPLEX AND COSTLY

Consensus following a recent graphic display in a Senate subcommittee meeting room in Washington must have been "how complex can you get."

Air Secretary Finletter presided over an exhibit which compared the \$3,000,000, fifty-pound Norden bombsight of 1944 with a monster calculating machine.

Second, those who are forced to surrender to Communism to meet the needs of political expediencies will realize the futility of maintaining their efforts when there is no reward for production.

What must have been of concern to the Senators was the implication that some of the most marvelous weapons in the world were being produced and purchased, but with diminishing returns.

America's salesmen will determine what kind of a year we have in 1952.

That's not just my opinion. It's shared by many of the nation's top industrial leaders.

Well, you'll be able to take your pick of the brands you want during most of this year, and maybe all of it.

You don't have to go far, incidentally, to find a real job. Many appliance distributors and even greater number of retail establishments are on the look-out for men and women who will work hard to learn the best ways to sell their wares.

DOUBTING THOMAS

Imogen McMurtry of Marysville, Calif., thinks "Mr. 'doubling Thomas' in the matter of the McCarthy-Gerald L. K. Smith-Judge Levitt squabble we discussed a short time ago.

That's a curious way of taking what a writer says, twisting it around and making it mean that the writer doubts some individual he's writing about.

For one thing, I did not so much as infer that Senator McCarthy's loyalty would have to be proven to me by anyone, much less a judge and jury.

I simply gave a faithful and accurate report of what I heard and saw. In my comment I said that I personally had no doubts about McCarthy's loyalty.

Fair Enough... Allies In Belegued Berlin Couldn't Stop Powerful Reds

By WESTBROOK PEGLER

FRANKFURT ON MAIN, Ger. — In writing my rather fleeting impressions of Berlin, the people of this human being who seem to me to be living dead, and of our people there, I may have made an impression on you which those Americans of the Army and the civil administration would scoff at.

Incidentally, when I commented on the remarkably sharp bearing of a young Negro sentry at the American headquarters, Lieut. Herb Kirk, our escort officer, an infantry soldier detached from the Fourth division back to the west in the Seventh army, said there was a Negro company doing show duty as guards of honor at other ceremonial assignments who had been compared with the British guards.

These soldiers have a corps of 100 men, 32 of them are white men. They are a very unusual command. The old Tenth cavalry was a rough, tough regiment, but these men have been complimented on their conduct by other Negroes during and since the occupation. There have been some bad fights between Negro and white American soldiers west of the Curian in recent months.

But, if it ought to be declassified because the only reason to keep it secret is to protect the situation of a ghastrly agreement.

Here is our American religious heritage, a little girl at her prayers as she prepares for sleep. Every child has a right to go to bed with a clear sense of the care and love of the God in whose world she has come to live. We impoverish little folk if we fail to surround them with heavenly blessing and providence. A child has a right to parental care and protection; a child has an equal right to a sense of divine concern for his happiness and well being.

"Our Father" is the affirmation of trust and of affection for God. "When ye pray, say 'Our Father.'" And that makes all the difference in the world. The child who learns early to associate her (or his) God with friendliness and goodwill will never be afraid in the presence of the Almighty. God must forever be loving and helpful, instead of the judge sitting on the bench of wrathful condemnation. To know that God is our Father helps greatly in our daily living. The child has no fear in her eyes nor in her heart. There are only gratitude and trust and happy affection. That is religion at its best. She learned it at home and at church. Let us see to it that our girls and boys shall grow up in the same environment of quiet faith and reverent worship. To that end we shall be reverent and prayerful parents; to that end every child shall have a place in the best religious instruction the church can provide.
