

**MANILA: VICTORY WHEEL HUB**

Map shows projected American sweep to Manila, capital of the Philippines, and distance areas demonstrate how capture of the city and its airfields will put Formosa, Jap-occupied coastal China and Indo-China within easy bombing range, and at the same time shrink the flight hours to Japan proper.

**Conflicts Noted In Paroles And Pardons System**

AUSTIN, Nov. 11.—(AP)—Apparent conflicts in Texas' body of laws governing operations of the board of pardons and paroles were cited today by State Auditor C. H. Cavness in a recommendation to the governor and legislature that such conflicts be eliminated.

Cavness has submitted what appear to him to be conflicts to the attorney general, and the study has been initiated, he said in his report.

Cavness also recommended that a legislative appropriation be set up to defray expenses in connection with the operation of county parole boards, and that the system under which these boards operate be given more clearly-defined legal status.

The system was initiated by Gov. James Allred. Cavness said that in the fiscal year 1943, 3,500 parolees were being supervised by these voluntary boards "at practically no cost to the state."

"While it is impossible to place a value on the rehabilitation of these parolees, we remark here that were these parolees still confined to the Texas prison system at a per inmate cost of 50 cents per day, the annual cost to the prison system would be more than half a billion dollars," Cavness' report continued.

"It appears to us," Cavness said in the report, the audit covering the period Feb. 1, 1937, to Aug. 31, 1944, "since no specific statutes exist relating to the activities of the voluntary parole system, appointment of voluntary board chairman and members, etc., that if and when the present pardon and parole laws are revised the voluntary parole system should be included in such legislation."

**813,986 Texas Votes Go To FDR**

DALLAS, Nov. 11.—(AP)—Returns to the Texas election bureau tonight from all of Texas' 254 counties, 213 complete, showed 813,986 votes for Roosevelt and 186,157 for Dewey.

The Texas regulars (anti-Roosevelt) had 129,285; socialists, 551; prohibitionists 888, and America firsts, 241.

The election bureau, which said the above figures represented its final report, estimated there still were 10,000 votes out. Of these, 4,400 were in Leon, Liberty and Rusk counties. The remainder of the untabulated ballots were scattered among various counties.

Rusk had about 2,000 votes not tabulated here; Liberty 1,200, and Leon county 1,200.

**New Waco Plant To Be Dedicated**

WACO, Texas, Nov. 11.—(AP)—The new fire-building plant of the General Tire and Rubber company, first of its kind in the Southwest, will be dedicated here Monday.

A message from Secretary of Commerce Jesse Jones welcoming the industry to Texas is to be read by Rep. W. R. Poage, (D-Texas).

Gov. Coke Stevenson will be represented at the ceremonies by Secretary of State Sidney Latham.

A group of writers and radio men brought to Texas for the opening of the Waco plant, next week will tour the state as guests of industrial concerns.

**WAR IN BRIEF**

**Santa Sends His Personal Check**

DENVER, Nov. 11.—(AP)—Stranded without funds, a 13-year-old Missouri girl wrote Santa Claus for help—and received it.

Amy Claus, who told police she came here "to see the mountains and real Christmas trees," wrote to her father, the Rev. Santa Claus, at Marshall, Mo. Her response came with a letter inclosing a check.

**Congress' Big Job Will Be To Make the Peace**

WASHINGTON, Nov. 11.—(AP)—The No. 1 problem of the new Congress, in the opinion of its member-elect, will be a world orpeation to preserve the peace.

A nationwide poll taken by the Associated Press indicates that a large majority of the men and women who will make up the 79th Congress, who respond to the poll of international peace machinery as their prime task. Their expressed desire to win the peace is predicated, of course, on speedy winning of the war.

A few of those who were interviewed said they favored creating an armed force to curb aggressors. Most members, however, merely emphasized the obligation of Congress to work for an enduring peace arrangement.

Putting the nation on a strong peacetime economic basis was rated as the No. 2 problem for the next Congress. Several members-elect spoke of revising the tax law as necessary to encourage business and produce jobs.

Senator Connally (D-Texas), who will continue as chairman of the Senate committee on foreign relations, said he would like to lead a fight for an organization that would enforce peace "with iron and steel." He predicted another conference, following up Dumbarton Oaks, will be held soon to construct the framework of a peace organization.

Rep.-Elect J. M. Combs, Texas democrat who will succeed Representative Dies: "The vital question will be to lay foundations of our peacetime economy. In doing that we should preserve and, in some instances perhaps, extend the beneficial social legislation of recent years including more adequate provision for aid to ex-servicemen and their dependents. Other pending measures include legislation to extend the time for court martial of army and navy officers in charge at Pearl Harbor when the Japanese attacked; a \$500,000,000 rivers and harbors authorization bill, and a \$1,000,000,000 flood control authorization bill. The latter two measures will die with the 78th Congress unless acted upon favorably."

**Paper Must Cut Down On Use of Newsprint**

WASHINGTON, Nov. 10.—(AP)—The war production board today ordered the Chicago Sun to reduce its consumption of newsprint by 886,890 pounds by the end of September, 1945.

The agency contended the newspaper was in "willful violation of an order limiting the use of newsprint."

The Chicago Sun is published by Field Enterprises, Inc., headed by Marshall Field, 3rd.

**Former Resident Is Missing in Action**

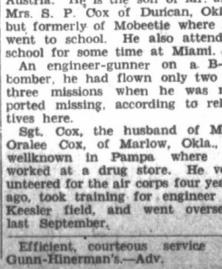

Sgt. Preston Cox, grandson of Mrs. P. F. Reid of 409 N. Somerville, has been reported missing in action following a mission over Austria. He is the son of Mr. and Mrs. S. P. Cox of Durican, Okla., but formerly of Mobeetie where he went to school. He also attended school for some time at Miami.

An engineer-gunner on a B-24 bomber, he had flown only two or three missions when he was reported missing, according to relatives here.

Sgt. Cox, the husband of Mrs. Oraice Cox, of Marlow, Okla., is wellknown in Pampa where he worked at a drug store. He volunteered for the air corps four years ago, took training for engineer at Keesler field, and went overseas last September.

Efficient, courteous service at Gunn-Hinerman's.—Adv.

**Churchill Arrives In Paris for Conference**

PARIS, Nov. 11.—(AP)—Prime Minister Churchill, returning to Paris for the first time since the black days of 1940, opened conferences on this Armistice Day with the French provisional government which are expected to center on the restoration of France as a first-rate world power.

His visit coincided with announcement that the United States, Britain, and Russia had invited the De Gaulle government to assume full membership on the European advisory commission, which is studying the problems of peace.

Churchill, who paused long enough to take part in the first Armistice Day celebration in France in five years, was believed to have brought at least informally qualified assurances from the "Big Four"—the United States, Britain, Russia and China—of what France is most anxious about:

France's early resumption of a bigger role in settling the future of Germany, and in establishing a world security organization.

The resumption of normal economic relations between France and Britain has been widely mentioned as prominent on the agenda, but this reliably viewed as being forced into the background because France's domestic economy has been paralyzed by the war.

More pressing are such matters as France's part in the occupation of Germany, France's collaboration in the war in the Pacific, and her views on stabilization of world peace.

The occupation question as far as France was concerned was not clarified at the Quebec conference and Churchill, fresh from Moscow, was likely to be at least an informal emissary. A statement issued by the American embassy said the ambassadors of the U. S., Britain and Russia "expressed their conviction that co-operation of the representatives of their countries on the commission with their French colleagues will help prepare the way for a solid and durable peace in Europe founded upon democracy, order and justice."

A statement published simultaneously by the Quai d'Orsay said France would be on "a basis of perfect equality" with the three other powers on the commission.

It is expected that Foreign Minister Georges Bidault, who received the invitation from the hands of the three ambassadors, will be the French delegate on the commission, which now is sitting in London.

Standing beside Gen. Charles de Gaulle at the Arc de Triomphe, Churchill reviewed a parade of French troops which for one hour marched down the Champs Elysees, and laid a wreath on the tomb of the unknown soldier.

Censorship was lifted to permit disclosure that the prime minister and his foreign secretary, Anthony Eden, had arrived by plane yesterday.

**Regents Assert Dismissal Made To Help College**

DALLAS, Nov. 11.—(AP)—University of Texas Regent Orville Bullington of Wichita Falls said today that Dr. Homer P. Rainey was discharged as president because the board of regents "believed his removal was absolutely essential to the welfare and full progress of the university."

The 30-page statement, issued by Bullington in behalf of himself and regents H. J. Latcher Stark, D. F. Strickland, and W. Scott Schreiner, on reasons for Rainey's discharge, answered in detail 16 criticisms of the board made by Rainey before the university faculty Oct. 12, and asserted:

"Neither I nor any other board member opposes academic freedom, and we have not denied it in any case. We are opposed to academic license.

"The board has not failed to recognize the proper relationships between it and President Rainey. The best evidence of this is that after six years as president he is able to find only 16 points of difference wherein the board had interfered in his recommendations."

Rainey in his appearance before the faculty listed 16 instances of what he called actual or attempted restrictive measures which he said the board had imposed or attempted to impose upon him.

Bullington said the board in discharging Rainey "acted after the most careful and earnest consideration of all questions involved," that they knew "serious repercussions were certain to follow. They have been told that many of the incidents which have happened would happen. They are prepared to accept and do accept full responsibility for the results of their action."

The board discharged Rainey at a meeting in Houston Nov. 1, and regents John H. Bickett, H. H. Weiner, and Dan Harrison then resigned.

University students cut classes and relations, said in their letter of march to the capitol to see Gov. Coke Stevenson. Stevenson, with whom representatives of the faculty, the student body, and ex-students association have conferred, has said he would name regents next week to replace the three resigned.

**V-2 Bomb Travels 3,500 Miles P. H.**

LONDON, Nov. 11.—(AP)—The German V-2 rocket bomb, described as a 13 1/2-ton wingless projectile which cuts through space at a maximum speed of 3,500 miles an hour, has been falling in Allied sectors in Belgium and France as well as in Britain, front dispatches permitted through army censorship said tonight.

A number of these new vengeance weapons, which cannot be heard because they are faster than sound, fell in one U. S. army sector alone in less than two days, and the rate has increased at various intervals, said a dispatch from Associated Press Correspondent Austin Bealmear. The censor deleted the origin of the dispatch.

In another dispatch from which the censor also had deleted the dateline, Canadian Press Correspondent Ross Munro, in describing this "reerless weapon yet produced in the war," said the Germans had been bombarding an Allied sector in Belgium.

Just where the bombs have fallen, Munro was not allowed to say, but the missile was termed poor in accuracy.

Today's German communique said the V-2 still was being fired at London, Antwerp in Belgium and at London.

The new German reprisal weapon was described by the correspondents as being about 48 feet long and five feet wide, and less effective.

See BOMB, Page 3.

**Nation's Highest Medal Awarded**

FORT SILL, Okla., Nov. 11.—(AP)—The Congressional Medal of Honor, awarded posthumously to Lt. Thomas Weldon Fowler of Wichita Falls, Texas, was presented today to his widow, Mrs. Annie Okes Fowler, by Maj. Gen. Ralph M. C. Pennington, commander of the field artillery school.

Field artillery school troops took part in a review held in connection with the ceremony. Mrs. Mattie Wilson Fowler, Wichita Falls, mother of Lt. Fowler, and Thomas Weldon Fowler, Jr., his eight-month-old son, were present.

The decoration was awarded Lt. Fowler by President Roosevelt for gallantry in action last May 23 at Carano, Italy. The young officer was killed June 3 while leading a tank platoon in the drive on Rome.

The citation recited Lt. Fowler's bravery in rallying disorganized infantry platoons which had encountered an enemy mine field. He cleared a path through the field, lifting out the mines with his hands, and led the men through under severe small arms fire, the citation said.

**Inauguration This Time To Be Simple**

WASHINGTON, Nov. 10.—(AP)—Mrs. Eleanor Roosevelt today promised a simple inauguration for the fourth term because of rationing and shortages.

"If we're unable to get certain things we'll have to do without them, just like any other household," she said, adding that frills definitely would be eliminated.

The First Lady asserted the election which returned the Roosevelts to the White House for another four years had given her "new confidence in the power of the people," she said at her news conference.

One of the reporters asked Mrs. Roosevelt if she considered that she had been one of the issues in the campaign.

"That was one of the phonies," she replied, declaring the people knew she had no "real power, or influence about vital issues."

**Three Escapees Are Returned to Prison**

HUNTSVILLE, Texas, Nov. 11.—(AP)—Three prisoners who escaped from solitary confinement at the Wynne State Prison farm near here yesterday were back in custody today.

One escapee, Leroy Robbins, 36, serving 27 years for murder and theft from Gonzales and Harris counties, was recaptured in Huntsville shortly after the break last night.

Guards found the other two today on the skylight of a dormitory building. Capt. R. H. Baughn, farm manager said. They were Harold Pannell, 30, serving a six-year term for burglary from Erath county, and Owen Massey, 44, serving life on conviction from San Jacinto county for robbery by assault.

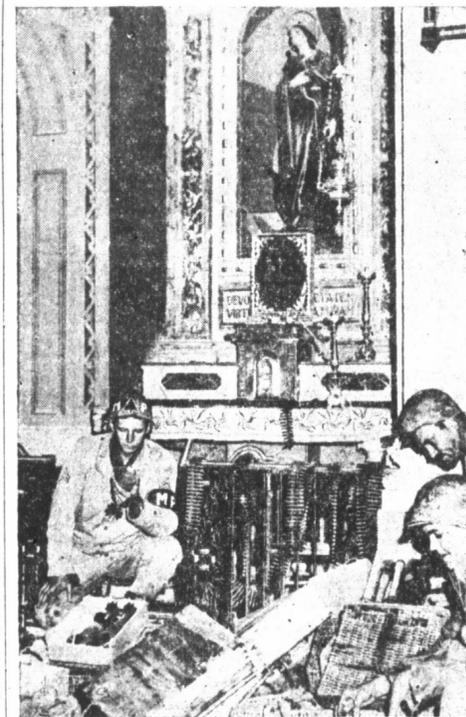

**Vandenberg Will Try to Stop Bill**

WASHINGTON, Nov. 11.—(AP)—Legislation to block an automatic \$1,500,000,000 increase in social security payroll taxes will be offered when Congress reconvenes Tuesday, Senator Vandenberg (R-Mich) announced today.

"I should think that 1945 would be rather a poor year to double payroll taxes," the Senator said, citing campaign declarations by both major parties favoring lighter tax loads on business as it reconverts to peacetime pursuits.

**NO PLACE IS SACRED TO NAZIS**

Belts of machine gun cartridges drape the altar rail while boxes of shells, grenades and other ammunition crowd the floor of a Lofana, Italy, church, which nazis had used as an ammunition storehouse. Some of Yanks who captured the town examined cache.

**2-Night 49-ers Benefit Party To Be Held Here**

An oldtime 49-ers party for the benefit of the Pampa American Legion and Pampa army air field non-commissioned officers will be held Nov. 25 and 26 in the N. C. O. club, W. Foster street.

M. F. Roche, legionnaire and chairman of the general arrangements committee, announced last night that the party would be held at the N. C. O. club for these two nights, and that the air of an oldtime western hot-spot with thousands and thousands of dollars in stage money being spent like water.

When 49-ers arrive at the door they will begin by buying a thousand dollars for \$1 in 1944 cash of the realm. Once inside they will use and spend the stage money.

"We appreciate very much the cooperation of the Pampa air field," Roche said, "and when we all get together I know everybody's going to have a good time."

Proceeds of the two evenings of fun will go into both the Legion and N. C. O. funds for the aid of soldiers and veterans.

**WHYS AND WHEREFORS: OFFICIAL SEES GROWING CIGARET BLACK MARKET**

WASHINGTON, Nov. 11.—(AP)—There is no good reason for an acute cigaret shortage at this time, says Thomas I. Emerson, enforcement chief of the office of price administration.

Emerson attributes the present cigaret shortage to two possible causes: an increase in smoking and hoarding by the public.

While production of cigarets this year for domestic consumption, is less than in 1943, it is greater than in 1942, he says.

Expressing concern over what he termed a "growing black market in cigarets," Emerson said that OPA field officers have been instructed to take immediate action to meet the situation.

Without naming specific areas, Emerson claimed that in some cities "racketeer-type practices" in the sale of cigarets have been appearing. He said the flow of cigarets into regular trade channels has been diminishing, and in some places sales are now on a bootleg basis.

W. E. Fitzgerald, OPA chief for the Detroit district, yesterday warned wholesalers and jobbers there to "clean up the situation."

Fitzgerald directed dealers to deliver 60 per cent of each retailer's June, 1943, purchases, or the OPA will move right into your offices and examine your books.

OPA officials said the cigaret situation has not yet reached serious proportions but "we are very much concerned that it may."

**SOVIETS Launch New and Violent Push on Budapest**

By EDWARD J. DENNEHY Associated Press War Editor

The general said the convoy was destroyed by Third fleet carrier pilots. The previous day Yank army airmen sank three transports and seven destroyers while they were on a similar mission in Leyte's Ormoc bay.

MacArthur declared that only remnants of the 8,000 Japanese fighting men in the second ill-fated convoy reached shore.

Adm. Chester W. Nimitz, reporting on the same operation, listed four transports, two destroyers and a destroyer escort sunk, two destroyers probably sunk and one damaged. He noted 13 Japanese planes shot down and five probably destroyed by carrier pilots to the 19 reported shot down by army fliers. Two Nippon planes were blasted out of the air near Third fleet carriers.

The carrier plane strike against the convoy, said by Nimitz to have been in the Camotes sea immediately west of Leyte, disclosed that Third fleet carriers have returned to direct support of Yank doughboys fighting on Leyte.

The convoy tried to slip in under cover of pre-dawn darkness but was intercepted by waves of naval planes.

The Japanese, their original Leyte garrison of some 35,000 men already liquidated, have landed fresh troops in excess of that number since Oct. 25.

Gen. MacArthur said it was clear that the new Japanese commander in the Philippines, Gen. Tomoyuki Yamashita, "has chosen western Leyte as the main battleground for his supreme effort to crush our liberating forces."

On Leyte fighting front spearheads of dismounted Yank cavalrymen pushed into the rugged mountains east of Ormoc road. Fighting paced eight miles south of west of Carigara bay, starting point of a southward drive by the First cavalry division. Doughboys maintained pressure against the stubborn Japanese in less than two days. Heavy rains slowed operations.

Yank army airmen shot down 19 Japanese planes in bombing sweeps over Visayan Islands west of Leyte and in the Ormoc sector.

**Redbugs Went Poplar Bluff, Mo., Nov. 11**

POPULAR BLUFF, Mo., Nov. 11.—(AP)—A man seeking to rid his bed of bedbugs last night accidentally set fire to his home. Firemen had to help him put out the blaze.

Fire Chief Barney Leimkuhler said no doubt some of the bugs got drowned.

**Soviets Launch New and Violent Push on Budapest**

By EDWARD J. DENNEHY Associated Press War Editor

U. S. Third army infantry and tanks spread ahead five miles through the German flank Southeast of Metz, crossed the Moselle river and at one point reached a position 18 miles from the Nazi Saar frontier yesterday, 26th anniversary of the First World War armistice.

In the east, Russian troops wheeling on Budapest from the Southeast in a new offensive, slashed through German-Hungarian lines at two places in the Cegléd sector, 35 miles from the Hungarian capital, Berlin said.

The Germans asserted the new Soviet drive was pointed at Budapest and toward a juncture with other Red forces threatening Budapest from the Northeast.

The advance units of Lt. Gen. George S. Patton, Jr., who marked his 59th birthday yesterday, split the German defenders South of Metz. "Here his progress is notable," the German high command said.

In this sector, the Third army was moving along the road south of Metz, bearing down on Commerieux, only seven miles from Metz, was about 14 miles away from the U. S. 96th division which edged forward four miles North of Metz.

The Sixth armored division sent vanguards across the Nied river through Han-sur-Nied, 14 miles Southeast of Metz. Another column reached the river at Lenzmud, nine miles east of Metz, and was 12 miles beyond the jump-off positions of four days ago. Doughboys of the 35th division drove ahead from Chateau-Salins forest on the Third army's right flank.

Although there was no armistice on any section of the 450-mile western front.

See SOVIETS, Page 3.

**\$19,900 Now in Community Fund**

Pampa's Community Chest fund still had not reached its \$21,000 goal last night, but J. W. Garman said he had the assurance from Dallas Bowsher and D. C. Caldwell, co-chairmen of the oil field division that when they made their final collections Monday the drive would be over.

Garman said the total last night was \$19,900. That is just \$1,100 short of the goal.

Garman said that on behalf of fund officials he also wanted to thank A. J. Beagle and R. G. Hughes, chairmen of the advanced gift drive; Ed Weiss and Lieb Langston, chairman of the downtown employees division, and all who have worked on the drive.

Garman said that with the assurance from Caldwell and Bowsher, it is hoped that success for the drive can be reported by Tuesday.

# Pampa Turns on Heat in Last Half to Defeat Lubbock 14 to 7

## Six-Year Jinx Broken As Harvesters Crack Up Westerners' Line

By SCOTT RAFFERTY

Six years is a long time to wait for a victory, but it was well worth it yesterday afternoon when the Pampa Harvesters triumphed over Lubbock's Westerners 14-7 at Harvester Park here.

Sparked by the backfield work of Randall Clay and Merle McCracken and by the brilliant defensive play of Jimmie Terrell in the line, Pampa came from behind after trailing 7-0 at the half to score in the third and fourth quarters, both touchdowns being countered by Clay. McCracken took care of the extra points with two perfect kicks from placement.

For the Westerners, it was George Brewer all the way. The 167-pound Lubbock star carried the ball on 90 per cent of running plays and did most of the passing. In the line, Moyer, playing at tackle was the big man, getting in on most of the plays, both offensive and defensive. Moyer's regular position is at fullback, but because of a knee injury he has been shifted to tackle where Coach Mule Davis can use his 198 pounds of dynamite to a good advantage.

The Harvesters couldn't seem to get going in the first half when the Westerners romped over the field almost at will. However, Lubbock made only a few long gains that did much damage. Pampa was only able to counter one first down in the initial half while Lubbock was getting three, but in the last half, the Harvesters rolled up eight to the Westerners' one.

Coach Otis Coffey said last night that the Westerners had little Johnny Campbell spotted, so he was moved to flanker in the last half. Lubbock had to send a man to cover him, giving Merle McCracken and Randall Clay ample opportunity to get away for several large gains. Lubbock also had to shift the whole line to the left to meet the Harvester flanker attack. That drove 82 yards in the third quarter for a touchdown.

**First Quarter**  
Dunham kicked off the Harvesters with Brewer returning from the five to the 25 yard line. Brewer went through the center of the line for two yards. Brewer again for 1 yard. Lowery got through for three yards. Davis punts 38 yards but Pampa did not return.

Dunham kicked off the Harvesters with Brewer returning from the five to the 25 yard line. Brewer went through the center of the line for two yards. Brewer again for 1 yard. Lowery got through for three yards. Davis punts 38 yards but Pampa did not return.

Clay lost 1 yard and Campbell followed by dropping two. Campbell gained three yards and Clay got off 35 yard punt. Lowery picked up nine yards on three plays but Davis was forced to punt. Clay received and carried three yards. Grantham passed intended for Cree but it was knocked down. McCracken fumbled on his own 18 yard line. Brewer picked up five yards on three plays. Brewer passed and was intercepted by Campbell on the Pampa five yard line where he was downed. Clay punted out to 50 yard line. Cole returned to the 40. Davis tried two times to get through but made no gain. Brewer picked up one yard and passed incomplete with Pampa taking over on their own 30 yard line. Campbell carried one yard. Clay followed with no gain and Pampa on next play was offside. Clay punted to 50 yard line with no return by the Westerners. Brewer picked up 6 yards as the quarter ended. Score: Pampa 0, Lubbock 0.

**Second Quarter**  
Davis picked up one yard and Brewer picked up the first down of the game. Brewer passed to Lowery who was incomplete. Brewer tried through for a four yards and then lost one. Lubbock was penalized for delay of the game. Davis punted 25 yards. Pampa did not return. Campbell lost three. Clay gained two and Campbell one. Clay got off bad punt and Lubbock got the ball on the Pampa 30 yard line. Lowery got two yards and Davis lost one on a reverse. Brewer slashed through for

## Sandies Wallop Plainview, 44-0

AMARILLO, Nov. 11—Amarillo Sandies won their third conference game and their seventh of the season yesterday when they ran over a highly-rated Plainview eleven 44-0 at Butler Field here.

Richard Dixon, hard-driving quarterback of the Sandies, stormed to three touchdowns in the first half, one on a 55-yard sprint. To Amarillo first string, leading 20-0 at the half started in the third period with a 56-yard touchdown run by Paul Miller, followed by John Bob Watts' pass interception and 30-yard run for another score.

Amarillo's second string then took over the scoring parade with Harlan Collins, brother of Dale Collins, Sandie captain, slashing through the Plainview line for 40 yards to bring the count to 38-0 at the end of the third period.

In the fourth and final period, Collins intercepted one of Jack Williams' passes to go 66 yards for paydirt.

First downs were close, Amarillo having only a 9-3 edge, probably because of the fact that their touchdowns were mostly scored on long runs.

## District Title Now in Bag For Golden Sandies

Unless they lose their remaining two games, with Brownfield and Lubbock, Amarillo's power-laden Sandies, on paper, have the District 1-AA title virtually "sewed up."

Plainview provided the Sandies with their "clincher" when the Bulldogs eleven dropped a 44-0 decision to the Sandstorm Saturday. The week's work leaves Amarillo in first place with three wins and no losses. Plainview and Pampa tied for second with two wins and a defeat each and Lubbock, Brownfield and winless Berger bringing up the rear.

Plainview and Pampa have yet to meet and the winner of that game can do no worse than second. If the Sandies win from Brownfield (which is likely) and lose to Lubbock, they still will be declared winner because of their victories over both Plainview and Pampa; all this is providing Plainview OR PAMPA, wins the rest of their games.

(Note: This is getting worse by the minute.)

In other words, here is who each team must play just so. Amarillo can go ahead with the title anyway.

Pampa—must play Berger and Plainview and by comparative scores, should win both games.

Lubbock—must play Berger and Amarillo. Berger is a snap (???) and Amarillo is anything but.

Amarillo—Lubbock and Brownfield are yet to be played, but both are given only an outside chance of upsetting the powerful Sandstorm.

Plainview—Brownfield is going to be rough, and Pampa may be tougher, but give the Bulldogs a chance and they might win either or both of these.

Berger—Don't say "poor Bull" dogs. They might surprise you. Didn't they score on Amarillo, which is more than Pampa or Plainview did?

Anyway you look at it, there can't be a more powerful lot of upsetting in this part of the country to STOP THE SANDIES.

## Ohio State in 54-19 Win Over Pittsburgh

COLUMBUS, O., Nov. 11—(AP)—Ohio State's victory over Pittsburgh power house needed the services of its regulars for less than a quarter of the game today as it walloped the University of Pittsburgh, 54 to 19, for the seventh straight victory of the season.

The hapless Panthers didn't have a look in until Acting Head Coach Carroll Widoes began sweeping the bench clean of substitutes. The Buck regulars rolled up a 20 to 0 lead in less than 15 minutes of action and spent the afternoon on the bench.

Second stringers did just about as well and the count mounted to 47 to 0 before the Panthers finally found their way to scoring territory. That was the third period and Pitt scored twice after that against an array of third and fourth string Ohioans.

## Tulsa Golden Hurricane Downs Oklahoma, 51-6

TULSA, Okla., Nov. 11—(AP)—Tulsa's Golden Hurricane, with third and fourth string players in action much of the time, stomped past the Southwestern University Pirates today, 51-6 to end a two-game losing streak.

The Tulsans tumbled away three touchdowns and on two other occasions were stopped close to the Southwestern goal by pass interceptions.

## Georgia Tech Trims Tulane

ATLANTA, Ga., Nov. 11—(AP)—Combining the brilliant running of Allen "Dinky" Bowen and the accurate passing of Frank Broyles, Georgia Tech made another bid for its third straight bowl invitation by overwhelming a versatile Tulane eleven today, 34-7.

## Phillips Tops White Deer In 13-6 Thriller

Special To The News.  
PHILLIPS, Nov. 11—The Phillips Blackhawks went into undisputed possession of first place in District 2-A by downing the heretofore undefeated White Deer Bucks, 13 to 6, on Hawks Field here this afternoon.

White Deer's loss today was the eighth of the season for both teams.

The Blackhawks now hold three wins and no losses in conference play. White Deer has two victories and one loss.

The scoring in today's game was opened by White Deer and the Bucks led 6 to 0 at the end of the first half.

White Deer scored late in the first quarter when Lopez went over from the 3 yard stripe on a line buck Urbanczyk had carried it down on the previous play from Phillips. Phillips missed the extra point.

The second quarter was a see-saw business with both teams doing their best on defense. There was no scoring in the second period.

After three or four plays in the third quarter Travis Davis recovered a blocked kick on the White Deer half to cross the goal. Don Williams kicked the extra point.

There the scoring ended. The final period was almost a repetition of the second, with White Deer tightening the defense and Phillips going on the offensive, too, to hold the lead. Phillips chalked up 11 first downs to White Deer's 6.

The game ended with Coach H. C. Walker's Hawks out in front. Coach Tyson Cox, of White Deer, had only the consolation that his Bucks played a magnificent game and lost a heart-breaker.

One of the largest crowds ever to see a District 2-A game was on hand for the contest which was a thriller.

The starting line-ups:  
For the Hawks: Ends, Davis, 158, White 152; tackles, Wits 165, Gillespie 178; guards, Burris 156, Seymour 125; center, Williams 170; halfbacks, McClellan 134, Eldridge 141; fullback, Delemeter 147, and quarterback, Hopper 160.  
For the Bucks: Ends, Bernard 174, Burns 130; tackles, Roan 146, Shurley 162; guards, Lassiter 145; halfbacks, Dickey 134, Paulley 135; fullback, Page 133; and quarterback, Urbanczyk 162.  
Score by quarters:  
Phillips ..... 0 0 13 0—13  
White Deer ..... 6 0 0 0—6

## Texas Loses To Cowboys, 13-8

MEMORIAL STADIUM, Austin, Nov. 11—(AP)—Two last-minute touchdowns by Cecil Hankins, with Bob Fenimore on the throwing end, gave the Cowboys of Oklahoma A & M a 13 to 8 victory over the University of Texas Longhorns today.

Up to the last period, when a Texas second team was sent on to the field, the Longhorns held firm offensive upper hand, keeping the Cowboys out of their end of the field by the simple expedient of retaining the ball. While the Aggies' first score was made against the Texas second team, the ram-paging Cowboys just as effectively ran over the first team that was sent back into the game, and was threatening to score again as the contest ended with the ball on the Longhorn five yard line.

Texas drew first blood with an automatic safety in the first period. Texas' touchdown came in the third period. Bell returned the kick-off 34 yards to his own 45, then he and Milk alternated at carrying the Big Red.

Passes and off-tackle slashes put the Longhorns in scoring position on the 12. Bell handed a shovel pass to Roger Evans who made it to the two-yard line. Then Milk formed through the center of the line for a touchdown. Billy Andrews failed to add the extra point.

The Longhorns coasted through the balance of the third, and Coach Dana Bible sent in 11 second-stringers. Fenimore passed 10 yards to Hankins, who dodged three tacklers and was finally brought down by two Longhorns just as he crossed the goal line. Fenimore passed to Hankins on the 25 for the Cowboys' second score.

Bobby Layne limped back onto the field, but it was too late.

Texas held the edge on first downs, 13 to 6, and gained 195 yards rushing to the Cowboy 109. But on pass plays, the Oklahoma netted 112 useful yards to Texas' scant 69.

## South Plains Will Play Mexican Team

LUBBOCK, Texas, Nov. 11—(AP)—South Plains army air field, the nation's only advanced glider school, will play host in Texas Tech stadium the afternoon of Nov. 26 in a football game with the national University of Mexico team.

The game will be played the day after Tech's homecoming game with Southern Methodist University.

The total area of Norway is estimated at 124,964 square miles.

## Pampa Gorillas Defeat Amarillo Yannigans, Puff Powell 20 to 12

Even if Pampa sports writers did try to dream a little on how the Harvesters could stay in the running for the District 1-AA grid championship and get confused on the method—one thing is certain.

Puff Powell, of the Amarillo News, is eating bitter words today. He said last week that the Amarillo Yannigans would wallop the ears off Pampa high school's Gorillas Friday by a score of at least 40 to 0. And just for the record, Powell also picked Lubbock to beat Pampa yesterday.

Well, the Gorilla-Yannigan game was played out at Harvester Park Friday afternoon (you'll find the details on today's Little Harvester Page in The News) and the final score was Pampa 20, Amarillo 12.

The Yannigans and the Gorillas made up of freshmen and sophomore players from Amarillo and Pampa high schools. They are the Sandies and Harvesters of next year.

So as far as 1944 football games between the two high school teams

## Texas Loses To Cowboys, 13-8

MEMORIAL STADIUM, Austin, Nov. 11—(AP)—Two last-minute touchdowns by Cecil Hankins, with Bob Fenimore on the throwing end, gave the Cowboys of Oklahoma A & M a 13 to 8 victory over the University of Texas Longhorns today.

## A. and M. Socks SMU 39-6 Blow

DALLAS, Nov. 11—(AP)—A high-powered offense that had been hobbled by fumbles roared unhindered today as Texas A & M crushed Southern Methodist 39-6 in the worst defeat handed the Mustangs by a college team in 26 years.

The Aggies dropped the ball just one time. It cost them a touchdown. But they held on to it the rest of the way and stormed for more than 350 yards on the ground and in the air to smash the Methodists down into the cellar regions of the Southwest conference.

A crowd of 17,000 roared approval of lightning air raids and a terrific running game that seeped through the Methodist defense virtually at will.

The Aggies were so good they gave up 148 yards in penalties—almost as much as SMU gained on the ground—and still had no trouble winning.

Pedro de Cieza de Leon discovered the mother of all potato chips in 1538. Instead of being cooked by

## Notre Dame Falls Before Army, 59 to 0

By TED MEIER  
NEW YORK, Nov. 11—(AP)—Any lingering doubts that Army doesn't have a great football team this year went out the window today as the West Point cadets plastered Notre Dame with the worst defeat in N. D. history, in ignominious 59-0 walloping before 74,437 at the Yankee stadium.

Capitalizing on a "fifth down" opportunity to score their first touch-down, the cadets quickly demoralized the Irish by converting two intercepted passes to take a 20-0 first period lead, then ran riot the rest of the game behind superb performances by Glenn Davis, Doug Kenna, Doc Blanchard, Dale Hall, Max Minor and a flock of other speedy backs.

The "fifth down" came soon after the opening kickoff when the Irish, pushed back to their five, apparently held for downs. They had dumped three army plays for no gain and on fourth down a pass fell innocently into the hands of Glenn Davis, ruled outside, giving the cadets their fifth try. This time Kenna skirted end for a touchdown and the rout was on.

At the half army touchdown-starved against the Irish since 1938, led by 33-0, bettering the 32-13 score navy hung on the Southenders a week ago.

Other Saturday Games  
While the army was increasing its prestige as the number one team in the country, Michigan trashed Illinois, 14 to 0, in the second day of the game before 42,200 at Ann Arbor.

In chalking up their fifth straight win, the Wolverines shocked Buddy Young, Illinois' fast back, and stuck to straight, old-fashioned football to score their two touchdowns in the first and last periods. Neither team completed a pass.

Pennsylvania, battered on successive weeks by navy and Michigan, warmed up for next week's meeting with army by smothering Columbia, 35-7, before 40,000 at Franklin field in Pennsylvania.

Ohio State and navy, ranked second and third in last week's Associated Press poll, overpowered Wake Forest, 34-7, before 40,000 at Franklin field in Pennsylvania.

Ohio State and navy, ranked second and third in last week's Associated Press poll, overpowered Wake Forest, 34-7, before 40,000 at Franklin field in Pennsylvania.

The Buckeyes piled up a 54-19 score on Pitt while navy, led again by Bob Jenkins and Clyde Scott, licked the Big Red 46-0.

Duke, upset victor over Georgia Tech last week, scattered the bowl dreams of Wake Forest by retaining the previously unbeaten and untied Deacons, 34-0.

Unbeaten and untied Mississippi state, sparked by Shorty McWilliams who scored three touchdowns, outlasted Auburn, 26 to 21. Georgia Tech regained a winning streak by whipping Tulane, 34-7. Alabama walloped Florida, 38-12; Georgia walloped Florida, 38-12; Alabama walloped Florida, 38-12.

### Surplus Property Will Be Sold

A sale of serviceable surplus property will be held at Pampa army air field on Saturday, November 25, under supervision of the office of purchasing and contracting officer. Sixty-eight different items will go on the block. With exception of 361 chinaware mustard pots, most of the items are hardware. A few of the mustard pots have been used. Items on the hardware list include: Condensers, two sizes; connectors, 12 types; thinwall couplings, two sizes; fuses, 15, 20 and 60 amp.; five types of fuses; five types of fasteners, three types of link fuses; three types of pipe straps; 3-way toggle switches; nine types of bushings; six types of sockets; two types of staples; four types of copper sleeves; two types of galvanized clamps; two types of conduit bends; and six types of conduit locknuts.

An "invitation to bid" will be furnished upon request. Bids will not be considered unless submitted on QMC Form No. 327, invitation number 41-293-S-45-3.

Interested persons were advised to request a copy of the "invitation to bid," which should be submitted without delay to "Commanding Officer Pampa Army Air Field, Pampa, Tex., Attention: Purchasing and Contracting Office."

### Gracie Reporting

Consolidated News Features  
En Route Across the Country—  
Well, here we are going to Boston to start our bond tour. Before we left we heard a lot of scary stories about how crowded the train would be, but George and I are in a great big drawing room. It's the new type drawing room—  
That's where seven people have a drawing to see which one gets the berth.

The other six go to the club car to sleep. But it's very hard to sleep there because it's full of republicans reading the "business opportunity" ads out loud.

Everyone said we wouldn't be able to get food on the train. But so far we haven't missed a single meal. We just wire ahead to the next town and have a man slick a sandwich through the window.

### Mrs. Lula Patton Dies Here at 74

Mrs. Lula Belle Patton died at her home here at 223 E. Albert street at 1:30 yesterday afternoon following a heart attack. She was 74, and had been a resident of Pampa for 26 years, moving here from Baylor county, Texas.

She is survived by her husband, W. H. Patton, and five daughters, Mrs. W. H. Black, Wheeler; Mrs. W. H. Stracener, LeFors; Mrs. J. R. Akridge, Forgan, Okla.; Mrs. J. P. Matthews, Pampa; and Mrs. V. G. Ritter, Pampa. Four sons survive: Clyde Lee of Goree, Texas; Elvie, Mobeetie; Bud of Pampa, Jack, Skellytown; one sister, Mrs. Leola Sweet of Ft. Worth, and one brother, Walter Jones, Dallas; 55 grandchildren, and 25 great-grandchildren.

Mr. and Mrs. Patton had been married 59 years. She was a member of the Calvary Baptist church.

Funeral services will be held under the direction of Duenkel-Garmichael funeral home at 4 o'clock Monday. Rev. E. M. Dunsforth will officiate at the Calvary Baptist church.

Palbearers will be Clay Bullock, Clyde Prince, Bryon Swanger, Henry Lane, Bill O'Neal and Lester Brewer.

### Pastor Appointments Will Be Announced

Appointment of pastors for Pampa's three Methodist churches is being made this weekend at the annual Northwest Texas Methodist Conference in Sweetwater.

W. D. Waters is attending, the conference as a lay delegate. Appointment of pastors for the new year is scheduled to be made at the conference today by Bishop C. C. Seelman, Dallas.

Methodist ministers here are the Reverends E. B. Bowen of the First church, R. L. Gilpin of McCullough and E. L. Naugle of Harrah Methodist.

### SOVIETS

(Continued from Page 1)  
tern front, the only other major activity reported was on the U. S. First army sector, where a swaying battle continued in Hurtgen forest Southeast of Aachen.

The German V-2 Rocket bomb—a 13 1/2 ton wingless projectile which hurtles through space at a maximum speed of 3,500 miles an hour—has been falling in allied sectors in Belgium and France, as well as in Britain, in front dispatches disclosed.

Two thousand American planes braved bad weather to hit German oil and steel plants and communications centers. British and Italian-based bombers smashed at similar targets in Czechoslovakia, Austria and Italy. Four bombers and one fighter failed to return from the raids.

In Italy, the British Eighth army advance from captured Porli in the Eastern Po valley was halted by German tanks and infantry outside the city at the Ravaldino canal.

### Military Funeral To Be Held for Colonel

TAYLOR, Tex., Nov. 11—(P)—A military funeral was to be held here Sunday for Lt. Col. Crawford Booth, Camp Hood public relations officer, who died of a heart attack at the camp last night. He was 51.

A native of Taylor, Col. Booth was educated at the University of Texas and Texas A. M. college. He served overseas in the air force in World War I and re-enlisted shortly after the U. S. entered the second World War.

**FOUR YEARS AGO TODAY**  
Nov. 11, 1940—British fleet air arm attacked Italian fleet in battle of Taranto, badly crippling three battleships, two cruisers and two auxiliaries. Two British aircraft lost. German and Italian planes raided London at 11 a. m. (Hour of Armistice 22 years before), 27 shot down.

### Truman Makes It 20 Tons Paper Point To Find New Friend Daily

KANSAS CITY, Nov. 11—(P)—Sen. Harry S. Truman, the vice president-elect, might well be the man for whom the familiar phrase, "Tom from Missouri," was started.

The Missouri man, who has only one hobby—hard work—talked in a no-holds-barred manner. He becomes impatient of long-windedness. Being exacting of himself, he expects definiteness from others.

The reason for Truman's success:

"The day never passes that Harry Truman doesn't make a friend," says one of his many acquaintances.

He likes to meet people, talk and shake hands. When home from Washington and official duties, he can be seen any afternoon near the federal building on Grand avenue shaking hands or discussing politics "off the record."

He has said many times he would rather be United States senator than vice president, but fate and party politics had different plans for him.

Truman headed the Senate committee investigating war expenditures and it was this committee's work, with its figures showing millions of dollars waste in war contracts, which skyrocketed him from obscurity to a national figure.

The senator is devoted to his family, headed by his 91-year-old mother, Mrs. Martha E. Truman. She lives at Grandview, 12 miles south of Kansas City, in the heart of democratic politics.

On election night, photographers asked Truman to pose before microphones.

As flashlights exploded, Senator Truman was before the microphones with Mrs. Truman and daughter on either side. Definitely he's a family man.

He is of medium build and dresses conservatively, usually in a dark blue suit, dark shoes and hose, but with a white shirt. He prefers a bow-tie. He does not smoke. If there's a piano around, he's apt to sit down and whip through one of the better known classics.

Truman shuns formality, calls friends by their first names and asks that they call him Harry.

His home is large and old-fashioned, on a corner of Independence, county seat, 10 miles east of Kansas City. There he is almost surrounded by relatives. Two brothers-in-law live in the same block and an aunt lives across the street.

The Truman family has been identified with Jackson county (Kansas City) for almost a century. Although he was born at Lamar, May 8, 1884, in southwestern Missouri, he has lived in Jackson county most of his life.

The senator is a member of the Baptist church at Independence, is a 32nd degree Mason and an active member of the American Legion.

Young Truman never was able to accomplish one of his most earnest desires, to get a college education. At about the time he should have gone to college his father, known as the "best hoss trader in the county," lost considerable money and there was none for higher education for the son.

He won an appointment to the U. S. Military Academy but failed to pass the physical examination—his eyes were weak.

So he went to work in the mailing room at the Kansas City Star on a railroad construction gang and as a bank clerk.

His grandmother asked the elder Truman and his sons to take over her 600-acre farm and they agreed.

For 10 years Harry Truman was a farmer; he still likes to call himself one.

His only political job during those days was to serve as judge of elections now and then.

World War I took Truman from the farm and he never returned.

He was one of the organizers of Battery F, 2nd Missouri field artillery.

His outfit, made up largely of Kansas City boys, saw action at the Meuse-Argonne and Verdun and as their leader, Capt. Truman won a place in their hearts. They gave him a huge loving cup and elected him president of their organization for life.

The war over, Truman returned to civil life. He went into the clothing business and it soon flourished.

Then almost overnight his clothing store business fell off, as the deflation of the early '20's set in. His store was stocked with clothing bought at a high price and there were no customers. It closed.

Out of a job, Truman turned to politics—temporarily, he thought. With the sponsorship of the Tom Pendergast machine he was elected county judge. In Missouri the county judges correspond to county commissioners in most other states and have no judicial duties.

As county judge he made a name for himself locally as a builder of good roads and drainage projects.

In 1934 came his big break. Pendergast chose him as his organization's candidate for U. S. senator, and he won.

Pendergast's "office boy," taunted opponents. But Truman stood loyally by his benefactor (said he: "I wouldn't desert a ship in distress") and in 1938 fought, unsuccessfully, for the confirmation of Maurice Milligan as district attorney. Milligan had prosecuted the Kansas City vote fraud trials, which sent scores of Pendergast workers to prison.

In 1940 Truman displayed his tenacity—and his years of making friends paid off. In an election in which few observers gave him a chance, he won re-nomination in a three-way fight against Milligan and Gov. Lloyd C. Stark.

He ignored the Pendergast "bossism" issue and ran as a new dealer.

It was in this campaign that he coined the phrase for himself—"the good right arm of the President" which now has come to be true, almost literally.

At normal temperatures and at atmospheric pressure butadiene is a gas, but it is often stored and shipped under higher pressure as a liquid for easier handling.

### 20 Tons Paper Goes from PAAF

Twenty tons of waste paper were piled into a freight car at Pampa army air field last Tuesday, as the annual salvage drive at the local air base continued to pay off.

Col. Charles B. Harvin, commanding officer, said that the estimated accumulation would enrich the United States treasury by \$375.

For a month and a half, newspapers, boxes, wrapping paper, old letters, paper of all sorts, poured through the rear door of the salvage warehouse from trucks. Inside the warehouse, a crew sorted, baled, weighed and stacked the ever-growing pile. An average of about thirty thousand pounds per day was collected, processed and stored.

### CONVOY

(Continued from page one)  
by Superfortresses, blasted vital military targets Saturday inside the Japanese homeland and in two major Nippon-occupied cities of China.

A large task force of B-29's employing secret instruments to locate targets, blasted dock and loading facilities at Nanking and military storage and trans-shipping installations at Shanghai. The bombed areas were termed "targets of vital importance in the Japanese war machine."

The 20th command said one Superfortress was missing while two Japanese planes were shot down, seven probably destroyed and 11 damaged.

Tokyo said 80 Superfortresses hit Kyushu and Saishu Island as well as Shanghai. Saishu is about 150 miles west of Northern Kyushu. The Japanese claimed there was "slight damage" and said B-29's "dropped after blindly dropping bombs from above the clouds." Tokyo said some B-29's flew over southeast Honshu Island, on which Tokyo is located, evidently on reconnaissance.

A B-29 raid on Fagan Island in the Marianas, and attacks by medium American bombers at Yap and in the Bonin Islands, also were reported by the Japanese.

China's military position darkened considerably as the Japanese, admittedly 350,000 strong in vital Kwansi province, threw a column westward some 50 miles south of Luichow. This force was within 7 1/2 miles of Chienking, on the highway leading to Yungning (Nanning). Capture of the link would give the invaders a tenuous land supply line reaching from Manchuria to Singapore.

The Chinese high command disputed Japanese claims to the capture of Luichow but acknowledged that the invaders had broken into Kweilin. Resistance continued inside Kweilin, the Chinese said.

Both strategic cities are in Kwansi. Kweilin is the hub of China's southeastern defense system. Luichow, important railway center is the site of the last advanced American airbase in southeast China.

American airmen were hitting the Japanese in Hunan and adjoining Kwansi provinces.

The Japanese high command reported capture of Kweilin and an Imperial headquarters communique said Japanese forces have "smashed the network of bases of the U. S. air force in this sector and established a superior strategic position on the China continent."

Chungking heard its first urgent air raid alarm this year. The million people of the wartime capital rushed to shelters during the night. The Japanese planes were over Seichwan but did not hit Chungking.

Chinese forces were gaining in Burma. One column was only eight miles east of Bhamo while another was pushing forward from the northeast. British troops were within nine miles of Naba Junction, 60 miles west of Bhamo.

The sinking of 45 Japanese vessels in Asiatic waters in recent weeks by British submarines was announced by London.

Potato growing started in the United States in 1719 when a group of Irish Presbyterians founded the town of Londonderry, N. H., and began to grow a crop.

### BOMB

(Continued from page one)  
The V-1 robot bomb first used against England.

The warhead contains almost a ton of explosives, and the fuel used to propel it weighs nine tons. It is shot from concrete ramps almost vertically, reaches a height of 20 miles before beginning a great arc toward its intended target. At the height of the arc, it is 55 miles from the earth and attains a velocity of 5,000 feet per second, or approximately 3,500 miles an hour.

Prime Minister Churchill said yesterday that the rocket travelled up to 70 miles high at a speed faster than sound, which would be something above 700 miles an hour at ground level.

Although you can't hear the projectile until after it has struck the earth and set off its ton of explosives, Bealmear said its descent from the heavens at night resembles a ball of fire.

Allied experts were quoted as saying that V-2 was not as effective in destructive power as the

### V-1 because of the huge crater it makes, reducing the blast. The robot bomb digs hardly any crater, going off on contact with maximum effect.

The V-2 also is a much more complicated and expensive weapon than the robot bomb, a product which takes an immense amount of machining. The warhead is not encased in heavy metal and there is no shrapnel effect, Munro's dispatch said.

The V-2 is a much more complicated and expensive weapon than the robot bomb, a product which takes an immense amount of machining. The warhead is not encased in heavy metal and there is no shrapnel effect, Munro's dispatch said.

# Arkansas Upsets Rice Owls With 12 to 7 Win

## All Southwest Conference Elevens To See Week-end Championship Play

By The Associated Press

For the second time this season all Southwest conference teams will be engaged in championship play on a week-end.

Saturday Texas Christian will meet Texas at Fort Worth, Rice will tangle with Texas A & M at Houston, and Southern Methodist will engage Arkansas at Dallas.

After this week there will be only four conference games remaining on the schedule. But there are a number of sectional contests

## Defeat Knocks Texas Team Out Of League Lead

FAYETTEVILLE, Ark., Nov. 11.—(AP)—Frank Lambright, an alert second string guard from Ashdover, Ark., stepped into the hero role today to lead the surprising Arkansas Razorbacks to a 12-7 upset win over the high flying Rice Owls.

The win, the second in many weekends over Southwest conference opposition, knocked the Owls from the league lead, and kept Arkansas in the running for the title.

With the Porks trailing 0 to 7 in the third quarter, Lambright broke through the Rice line, scooped up an Owl fumble and raced 38 yards for the first Arkansas touchdown. Later in the fourth quarter he broke up a Rice scoring threat by interfering with an Owl passer.

Arkansas scored both its touchdowns in the third quarter after Rice had counted Buddy Russ' smash through left tackle from the one yard line following a dazzling 8-yard broken field run by the Owls' highly-touted George Walmsley. Big Mike Schumchuk raced with Walmsley down the field and finally caught him just short of the goal. Lawrence converted.

Strappy Lamar Dingler, Arkansas' first string end, set up the second Arkansas touchdown by blocking Russ' kick on the Rice 17 while the Razorbacks recovered. Little Louis Bayne went over from the 16 inch line after a series of running plays.

Jim Young, whose extra point kicks brought Arkansas one point victories over Missouri and the Texas Aggies, failed in both conversion attempts.

## TCU Wins Over Texas Tech, 14-0

FORT WORTH, Tex., Nov. 11.—(AP)—The Texas Christian Horned Frogs, underdogs before the initial kick-off, played a lightning hot game of football to uphold Southwest conference prestige and defeat the Texas Tech Red Raiders from Lubbock 14 to 0, in an Armistice day grid tilt.

Led by big Norman Cox, a 195-pound fullback from Grandfalls, Texas, the Christians, who took the field minus some of their early season stars who were lost in a navy V-12 shuffle, scored a touchdown in each of the first and third periods to account for the win which gave them the victory and a tie in seven starts.

For the most part, the game was a battle of lines. Ball carriers on each side were constantly rushed and in many instances thrown for substantial losses. The exchange of punts were numerous.

Only two or three times were the Raiders able to penetrate close to paydirt. An offensive penalty robbed TCU of one golden opportunity. In an exchange of punts, Cecil Forris, a subbing back for Tech, took the ball on his own 10-yard line and raced the field before being overtailed on the Christians' 10, but the off-side penalty cancelled the run and gave the Christians a first down instead.

One serious injury marred the game. In the second period Jim Taylor, right end for Tech, took a pass good for seven yards, but suffered a head injury when tackled and was carried from the field on a stretcher. He was rushed to the Methodist hospital.

In first downs, the teams were tied 7 to 7, but in yards gained on the ground Tech had the advantage, 115 to 74. Nevertheless, the Christians managed to gain through the line when in sight of the goal marker. Both of Cox's touchdowns were registered through the middle of the Tech defense.

Tech went into the air nine times to complete five aeriels for 25 yards, and the Christians completed four out of eight.

## Miami High Eleven Makes It Six Straight by Defeating Vici 25-6

MIAMI, Nov. 11.—Coach J. M. Reswell's Miami high school football team, enlivened up its sixth straight win and the eighth victory of the season when it defeated Vici, Okla., high 25 to 6 in a conference game at Vici Friday afternoon.

All of the scoring was done in the last half. Both Vici and Miami dug in for the first half with strong defensive play and neither threatened to score in either the first or second quarters.

The picture changed at the beginning of the third quarter and Miami jumped to hard and fast offense. Miami's first touchdown came when McKenzie passed to Caldwell and he raced over the line. Miami failed to convert.

A few minutes later Dunivan received a punt and ran through the whole Vici team on a 60-yard jaunt into touchdown territory. Coffey passed to McKenzie for the extra point.

Then Vici started a passing attack which netted the lone touchdown. They missed the conversion point. Further attempts by Vici to score by the aerial route proved costly. Dunivan intercepted two Vici passes and each time ran for a touchdown.

Next week Miami plays an important conference game with Darronsett. If Miami wins this one it will necessitate a play-off game with Seiling, Okla., for the conference championship.

## Panhandle Beats Perryton, 40-6

PANHANDLE, Nov. 11.—The Panhandle high school eleven, defeated the Perryton squad here yesterday afternoon 40 to 6, in what was termed a rather easily-won game.

Panhandle will journey to White Deer for a game at 2:30 in the afternoon on November 17.

Thus far in the 2-A district conference, Panhandle has won two and lost one—beating Canadian and Perryton, and losing to Phillips, which has won two and lost none.

White Deer also has won two and lost none.

**UCLA WHIPS GOLDEN BEARS**  
LOS ANGELES, Nov. 11.—(AP)—Two successive pass interference penalties against California in the second quarter enabled UCLA to whip the Golden Bears in the rain today, 7 to 0. Most of the ball game was played in a heavy downpour and the crowd, under 3,000, was the smallest that ever watched a Pacific Coast conference contest in the 103,000-capacity memorial coliseum.

Corn, cononuts, sugar, hemp and tobacco are grown in quantity in the Philippines.

loped Mississippi, 34-6 and North Carolina Brekfligt whipped the Georgia navy 23-7, in other Southern tilts.

In two upsets Arkansas knocked Rice out of the Southwest conference lead, 12-7, and Kansas state surprised Kansas, 18-14. In other games in the Southwest the Oklahoma Aggies tripped Texas, 13-8, on two last period touchdowns passed by Bob Fennimore, and Texas Christian defeated Texas Tech, 14-0.

Baltimore (Md.), naval continued undefeated by walling the Cherry Point Marines, 50-7. The Iowa Seawhaws handed the Bunker Hill (Ind) Navy its first defeat, 33-7, while Great Lakes had to come from behind to beat the Third Air Force (Morris Field, N. C.), 12 to 10 on two last period touchdowns.

Missouri surprised by holding Oklahoma to a 21-21 tie in a big six conference encounter and Tulsa after two straight defeats, buried Southwestern, of Texas, under a 51-6 score.

UCLA defeated California, 7 to 0.

# France Goes Back to Work Via Fashions

## Paris Couturiers Are Paving Way For Country's Economic Revival

PARIS, Nov. 11.—There is more than meets the eye in the current fall fashion showings—more than the glitter and luxury of high-style clothes, the mincing walk of slim mannequins, the sleek chatter of smart women in colorful salons.

This is France going back to work. This is France, shaking itself free of the nightmare of German occupation, in quest of economic independence.

"The couturiers of Paris are paving the way for a resumption of French business life," says Roger Worth, third generation creator of a house which before the war dressed the royal courts of Europe. "This is a collective effort to defend French art in one of its most important branches—the art of dress."

The showings are being held at the direct request of the French government, he revealed.

The Worth collection stresses slender lines with all decorative effects massed at the front below the waistline in various interpretations of draped basque and pocket effects. It also shows modern variations of the log of mutton sleeve.

**RAINCOATS SPOTLIGHTED**  
Suits have wrist-length fitted jackets, sometimes of contrasting fabric or color, always completed with a delicate pastel crepe or vivid satin blouse with much detail work and embroidery.

Jerkies for extra warmth are a new feature. These are fashions of dretynite bright colors. Other fabrics include colorful cheviot and striped tweeds, moires, rayon crepes, satin, with corduroy and velvet popular for coats, suits and comfortable belted jackets known as "Canadiennes," inspired by those worn by Canadian trappers.

A swagger full-length coat in creamy Finland fox attracted much attention—also a model in French stone marten—all fur trimmings necessarily are unimportant in view of the shortage.

Every collection shows a model raincoat complete with hood for bicycling, also warm hostess gowns. There's an especially good Worth model of creamy corduroy with draped hood to protect from draughts.

Below-the-waistline interest is played up by leading Paris designers this season. The afternoon bolero dress above, featured in Lucien Lelong's collection illustrates two of the latest trends—twisted front draping and the flattering full-skirted look.

# Armistice Day Banquet Held for Young People of Baptist Church

The Young People of the Central Baptist church were guests at an Armistice banquet sponsored by the Women's Missionary Society Thursday night.

The table was decorated with red, white, and blue candles and red and white chrysanthemums. Small flags were used for place cards. Plate favors were small, book including the menu, program and songs with a flag pictured for the cover and tied with red, white and blue ribbon.

Miss Clara Jane Weathered and Miss Evelyn Patterson presided at the registrar.

"Our Service Men" was the theme of the program. Toastmaster was Sgt. E. P. Coe, assistant chaplain of PAAF; invocation was given by Carl Woods, Young Peoples Union sponsor; toast to service men, Clara Jane Weathered, response, Sgt. Coe; solo, "My Kind of People," Cpl. Hayward accompanied by Mrs. Hayward; guest speaker, Rev. Higdon, pastor of the First Baptist church.

The menu consisted of fruit cocktail, chicken, dressing, giblet gravy, vegetable salad, creamed potatoes, green beans, cranberry sauce, hot rolls, butter, cake, ice cream, coffee and lead tea.

Those registering during the evening were:

Sgt. Coe, Francis Sillcott, S/Sgt. James Schomate, Evelyn Patterson, Mr. and Mrs. Carl Woods, Pvt. Carl Pierce, Orpha King, Wilmetta Gurley, Madeline Newton, Maxine Payne, Kathleen Payne, Pvt. Howard Haralson, S/Sgt. Tom Latt, Louise Miller, Pvt. Abrahamson, Gusts Matthews, Juanita Prescott, Clara Jane Weathered, Maxine Patterson, Mr. and Mrs. J. B. Hilburn, Rev. and Mrs. Higdon, Douglas McDonald, Doris Taylor, Mr. Dick Miller, Cpl. and Mrs. Hayward.

# Twentieth Century Culture Members To Have Meet Tuesday

"The great man is he who does not lose his child's heart," is the quotation given in connection with the program topic, "Mothercraft," to be held when members of the Twentieth Century Culture club meet Tuesday in the home of Mrs. E. Douglas Carver, 121 N. 14th.

"Spiritual Guidance for Thy Toys," will be given by Mrs. J. M. Nutting and "The Child and Its Money," by Mrs. Joe Key.

An exhibit of treasured heirlooms will be displayed at the meeting.

# To Cure Insomnia Try These Sleep Inducing Tricks

Because efficiency as well as good looks suffer when a girl goes to work heavy-lidded from lack of sleep—production in war plants is said to go down 20 per cent—here's how to stop tossing on your pillow, if you're having that kind of trouble.

Lie stretched out and relaxed on your back, and establish a rhythm for breathing. Your rhythm in blissful sleep should be, if measured by a ticking meter, 14 slow beats per minute. Try to imitate that gentle heaving while you're wailing slumber, and you'll soon pop off.

See that bed clothes are tucked in loosely enough to keep you foot-free; that blankets are light as air; that sleeping garments are soft to the touch and unconfusing; that there's no sag to your mattress. If you're in too soft to give you firm support, placing a board between mattress and springs quite often proves to be a helpful remedy.

At the time of the Japanese invasion of the Philippines there were 32,000 radio receiving sets in the islands.

# Children's Book Week Will Be Observed, 12-18

Children's Book-week will be observed through this week in celebration of its twenty-sixth anniversary.

The theme this week is "United Through Books" and the slogan will fly in London, and Bombay, India, as well as in some of the South American countries and other nations.

In commenting on book week Mrs. James Todd, librarian, said, "What better way for boys and girls in the United States and those around the world to come to know each other than through books. Books will help build a lasting peace."

Book-week this year is a special event and it is also the two-hundredth anniversary of the first book ever published for children which was "The Little Pretty Pocket Book," published by John Newberry in 1744.

A large display of new books will be held at the library and all children are invited to visit the library during book-week. Boys and girls from 11 to 12 years old are asked to meet Miss Clarice Branson at the library Saturday morning, Nov. 18, at 11 o'clock for a story-telling hour and for a discussion of other fall and winter activities.

# Mrs. Ralph Kiser To Entertain Group

Mrs. Ralph Kiser will entertain members of the Parish Council of Catholic Women when they meet in her home, 1305 Christine, Wednesday afternoon.

A business meeting and social program will be held.

# T. E. L. Class Has Business, Social Meet At Luncheon

A covered-dish luncheon was served when members of the T. E. L. Sunday school class met Thursday at the home of Mrs. George Keeling.

Mrs. G. E. Fitch presided over a business session and Mrs. J. H. Hilliborn led the opening prayer. Mrs. Noah Jones gave the devotional. Mrs. Jones was elected secretary-treasurer to fill a recently created vacancy and Mrs. H. C. Chandler was elected reporter.

Plans were made for the class to remember shut-ins during the Thanksgiving holidays.

# McKernan Home To Be Scene of Club Meeting Tuesday

Members of the Twentieth Century club and their husbands will be entertained in the home of Mrs. Roy McKernan, 1305 Charles, Tuesday, November 14, 8 p. m. Mrs. Roger McConnell and Mrs. Roy McKernan will be co-hostesses.

The program will be in charge of Mrs. F. Floyd Stallings, assisted by Mr. Winston Savage, who will show some interesting and timely movies.

# Subsidies To Be Discussed Tuesday At Club Meeting

Members of the Twentieth Century Forum club will hear "Subsidies, Pro and Con" discussed by Mrs. Frank Carter when the club meets Tuesday at 2:30 in the home of Mrs. Arthur M. Tweed, 619, Somerville.

A business session will be held prior to the program discussion.

An orthographic projection in map-making shows half the globe centered on any desired point.

# Society

## Post-Nuptial Courtesy Extended Mrs. Odell Henry in Smith Home

As a post-nuptial courtesy to Mrs. Odell Henry, the former Miss Helen Teasdale, Miss Leont Smith of Amarillo, Miss Johnnie Davis and Mrs. Irl Smith were joint hostesses at a bridal shower in the home of Mrs. Smith-Thursday evening.

Music selections were played by Charlyn Rose Pocock after which Miss Smith sang with Miss Elsa Plants as accompanist.

Emphasizing a blue and white color motif, refreshments of blue and white sandwiches, cookies and nuts were served from a lace-covered table centered with an attractive arrangement of white chrysanthemums in a crystal bowl. Tall white tapers in crystal holders flanked the centerpiece. Repeating the color note, individual corsages of white sweetpeas, with blue ribbons, were presented to the guests. The honoree received a corsage of carnations.

Miss Plants poured coffee and Mrs. Jeff Beardon presided at the guest book in which the following registered:

Mrs. W. B. Henry, Mrs. Lloyd Bennett, Mrs. Wiley Pearce, Mrs. J. C. Davis, Mrs. Bobbette Lane, Mrs. Frederick W. Brook, Mrs. J. E. Ward, Mrs. Roy Gibson, Mrs. Herman Kreiger, Mrs. Harold Brown, Mrs. W. G. Gaskins, Mrs. W. B. Weathered, Mrs. Fred Thompson and Mrs. Robert Drake.

Miss Blanche Anderson, Miss June Hodges, Miss Elsa Plants, Miss Lena Jane Butcher, Miss Charlyn Rose Pocock, and the three hostesses.

Gifts were sent by Mrs. Howard Logan of Lubbock, Mrs. W. L. Davis, Mrs. Bobbette Lane, Mrs. Fannie Eller, Miss Billie Ross and Miss Betty Moonie.

## 'Justification' Is Program Topic at Missionary Meeting

With the Bible study for this week on "Justification," the various circles of the First Baptist W. M. U. met.

Circle one met with Mrs. A. French. The meeting opened with a prayer by Mrs. C. E. Willingham and Mrs. T. V. Lane taught the Bible lesson. Mrs. Allen Vandover presided.

Circle two met with Mrs. A. French. The meeting opened with a prayer by Mrs. C. E. Willingham and Mrs. T. V. Lane taught the Bible lesson. Mrs. Allen Vandover presided.

Circle three met with Mrs. A. French. The meeting opened with a prayer by Mrs. C. E. Willingham and Mrs. T. V. Lane taught the Bible lesson. Mrs. Allen Vandover presided.

Circle four met with Mrs. A. French. The meeting opened with a prayer by Mrs. C. E. Willingham and Mrs. T. V. Lane taught the Bible lesson. Mrs. Allen Vandover presided.

Circle five met with Mrs. A. French. The meeting opened with a prayer by Mrs. C. E. Willingham and Mrs. T. V. Lane taught the Bible lesson. Mrs. Allen Vandover presided.

Circle six met with Mrs. A. French. The meeting opened with a prayer by Mrs. C. E. Willingham and Mrs. T. V. Lane taught the Bible lesson. Mrs. Allen Vandover presided.

Circle seven met with Mrs. A. French. The meeting opened with a prayer by Mrs. C. E. Willingham and Mrs. T. V. Lane taught the Bible lesson. Mrs. Allen Vandover presided.

Circle eight met with Mrs. A. French. The meeting opened with a prayer by Mrs. C. E. Willingham and Mrs. T. V. Lane taught the Bible lesson. Mrs. Allen Vandover presided.

Circle nine met with Mrs. A. French. The meeting opened with a prayer by Mrs. C. E. Willingham and Mrs. T. V. Lane taught the Bible lesson. Mrs. Allen Vandover presided.

Circle ten met with Mrs. A. French. The meeting opened with a prayer by Mrs. C. E. Willingham and Mrs. T. V. Lane taught the Bible lesson. Mrs. Allen Vandover presided.

Circle eleven met with Mrs. A. French. The meeting opened with a prayer by Mrs. C. E. Willingham and Mrs. T. V. Lane taught the Bible lesson. Mrs. Allen Vandover presided.

Circle twelve met with Mrs. A. French. The meeting opened with a prayer by Mrs. C. E. Willingham and Mrs. T. V. Lane taught the Bible lesson. Mrs. Allen Vandover presided.

Circle thirteen met with Mrs. A. French. The meeting opened with a prayer by Mrs. C. E. Willingham and Mrs. T. V. Lane taught the Bible lesson. Mrs. Allen Vandover presided.

Circle fourteen met with Mrs. A. French. The meeting opened with a prayer by Mrs. C. E. Willingham and Mrs. T. V. Lane taught the Bible lesson. Mrs. Allen Vandover presided.

Circle fifteen met with Mrs. A. French. The meeting opened with a prayer by Mrs. C. E. Willingham and Mrs. T. V. Lane taught the Bible lesson. Mrs. Allen Vandover presided.

Circle sixteen met with Mrs. A. French. The meeting opened with a prayer by Mrs. C. E. Willingham and Mrs. T. V. Lane taught the Bible lesson. Mrs. Allen Vandover presided.

Circle seventeen met with Mrs. A. French. The meeting opened with a prayer by Mrs. C. E. Willingham and Mrs. T. V. Lane taught the Bible lesson. Mrs. Allen Vandover presided.

Circle eighteen met with Mrs. A. French. The meeting opened with a prayer by Mrs. C. E. Willingham and Mrs. T. V. Lane taught the Bible lesson. Mrs. Allen Vandover presided.

## Beverly Brandt Is Honoree at Birthday Party

A surprise birthday party was given in honor of Beverly Brandt in her home Thursday evening by her parents, Mr. and Mrs. S. W. Brandt.

As the honoree entered the entertaining room the guests sang "Happy Birthday" and her brother, Floyd Brandt, presented her with a corsage.

As an entertainment feature each guest wrote a 10-word greeting using only the initials of her name. Other games and contests were enjoyed during the evening.

A pink and white birthday cake was served with iced tea and nuts by Mr. and Mrs. Brandt with Sgt. and Mrs. Milton Lien and Mrs. L. E. Frary assisting.

Guests registering were Misses Barbara Ward, Joan Stroup, Laura Nell Berry, Joyce Harrah, Ann Kinsler, Vera Frary, Betty Nelson, Jewell Beckham, Jean Corneilus, New Fay Gower, Jeanne Worrell, Mary Lou Gantz, Betty Fern Wilson, Jo Ann Colebank, Bernice Richter, Gertrude Miller, Frank Littlefield, Billie Bobb Ward, John D. Ferguson, Glen McConnell, Jack McPeak, John High, Ray Bartz, LeRoy Brown, Melvin Peoples, James Gallimore, Earl Barnett, J. D. Homes and Floyd Brandt.

Donna Sue Sackett sent a gift.

## O.E.S. To Hear Reports at Meet

At the next meeting of the Order of Eastern Star to be held Nov. 17, the report from the delegate to Grand Chapter at Ft. Worth will be given by Mrs. Alice Cockrell, associate matron.

Reports from the official visit of the Deputy Grand Matron will be by Mrs. Mavis Minter.

## Supt. Strickland Is Guest Speaker At Woodrow Wilson

More than 100 guests registered Thursday evening when Woodrow Wilson P.T.A. held their annual "Father's Night" celebration, with Supt. Chester Strickland, White Department, as guest speaker on "Education for Usefulness."

The meeting was opened with R. E. Gatlin giving the devotional and song singing was led by Edward Huffman.

Mrs. Carlton Nance, P.T.A. president, had charge of the meeting during which a report from the "Fun and Frolic Night" was made and a net profit of \$900 was handed out as a result.

Supt. H. A. Yoder, Woodrow Wilson school, gave the welcoming address to fathers of school children who were present.

After the address by Mr. Strickland, coffee, tea and cookies was served to guests.

Miss Oleta Martin's room won first place with the largest number of parents present and Mrs. I. R. Lister's room took second place.

Mrs. Nance said that the P.T.A. had voted to provide an outside drinking fountain for school children to be located on the playground and also to provide a bookcase for the teacher's lounge. "These things will be furnished with the 'Fun and Frolic Night,'" Mrs. Nance said.

## The Social Calendar

**MONDAY**  
Pampa Public Library board will meet at 8 o'clock.  
Eater club will meet at 7:30.  
W.M.U. of the Central Baptist church will meet at 2:30.  
Royal Neighbors will meet.

**TUESDAY**  
Piano recital will be held, presenting Hugh McSkimming, pupils, at 8 p. m. in the Presbyterian church.  
Mrs. Cyril Hamilton, 503 S. Magnolia, will hostess to Civic Culture club Tuesday at 2:30.  
Business and Professional Women will meet.

**WEDNESDAY**  
Presbyterian Auxiliary will have circle meetings.  
Women's council of First Christian church will meet.  
W.M.S. of the First Methodist church will have circle meetings.  
W.M.S. of the First Methodist church will meet at 2:30 in the home of Mrs. R. Kiser, 1305 Christine.

**THURSDAY**  
Presbyterian Auxiliary will meet at the club for tea at 4 p. m. with Circle 4 members as hostesses.  
Entire Nonn club will meet with Mrs. D. E. Bump.

**FRIDAY**  
Entire Nonn club will meet at 2 o'clock for a social meeting with Mrs. O. H. Ingram on Starkweather. Members will wear on shower slippers for the Red Cross.  
O.E.S. will meet for refreshments from Mrs. Alice Cockrell and Mrs. Mavis Minter.

**SATURDAY**  
Story-telling hour for children at 11 o'clock.

In all military literature it would be hard to find a more illuminating simile. Needless to say, the general was not speaking of his strategy or his armies' tactics, neither of which he knew little of, but of the unremitting effort needed right up to the hour and minute of the enemy's final defeat.

## Piano Recital To Be Held Tuesday

A recital featuring piano pupils of Hugh McSkimming will be presented Tuesday evening at 8 o'clock on the lower floor of the First Presbyterian church.

Those participating in the recital will be:

Marcheta Hall, Mary Lou Prescott, LaWanna Andrews, Connie Dumas, Janell Gill, Mary Ann McPeak, B. D. Robinson, Jr., Betty Louise Carson, Jimmy Paul Gatlin, Sue Hodge, Anita Mae Kiff, R. J. Sallor, Jr., Jen Davis, Alice Marie Gower, Mary Lou Hardy, D' Rene Crow, Barbara Colwell, Billy Cooper, Charlene Spencer, Nancy Ware, Jack McPeak, Annette Altman.

Nancy Lee Sumner, Charlene Oldrey, Martha Hopkins, Irene Sailor, Bobby Jo Tucker, Neva Faye Gower, Augusta Matthews, Glen Roger McConnell, Erwin McDowell, Peggy Ware, Rie Paula Davis, Leroy Kretzmer, Irvine Ruff, June Matheny, June Crawford, Corwin Cudney, Zona Gale Spencer, Patsy Jean Reynolds, Joan Colwell, John David Gatlin, Janette Ehrhridge, Adey Rachel Worsley, Lillian Martin, Lois Crawford, Donna Pursey and Betty Joan Kiff.

"Everyone interested in music is invited to attend," said Mr. McSkimming.

## Cooking Class Is Sponsored for G.I. Wives Club

A cooking class was sponsored last week at the USO for members of the G. I. wives club when Mrs. M. Williams, former dietitian at the University of West Virginia, gave instructions in making pinwheel biscuits stuffed with chopped meats and other variations. A hot biscuit recipe and gravy recipe was also given.

Attending were club sponsors, Mrs. Jack Hanna, Mrs. Paul Tabor, Mrs. Anne Williams, former dietitian at the University of West Virginia, Mrs. Julia Pagan and the following club members:

Mmes. Lorraine Rowe, Beverly Tolson, Wilda McClintock, Maurice Baxter, Lillian Jacobs and Muriel Orris.

The group will meet next Tuesday for a luncheon at the home of Mrs. Williams at which time they will receive instructions in preparing a que-dish meal.

"Any G. I. wife is welcome to become a club member and she may do so by registering at the USO," said Mrs. Pagan.

On Thursday evening the USO entertained with an informal dance at which Mrs. Clinton Henry and Mrs. Wade Thomason were hostesses. Mrs. H. P. Mathieu and Mrs. L. H. Sullins served at the snack bar.

Other features of the USO are the new classical records which have recently been received. Mrs. Pagan also stated that G. I.'s from the local field could bring packages in to be wrapped for Christmas.

# Tea Held For Bride

Complimenting Mrs. Odell Henry, who was Miss Helen Houston before her recent marriage, Mrs. W. B. Henry, Mrs. Lloyd Bennett and Mrs. Wiley Pearce entertained with a tea Friday afternoon from 4 to 6 o'clock at the home of Mrs. W. B. Henry.

Forming the receiving line were the honoree and the three hostesses.

During the afternoon Mrs. Paul Briggs gave readings.

Fall flowers were arranged throughout the entertainment rooms and the bridal theme was stressed in decorating the refreshment table where Mrs. Lucy Line poured spiced tea. A miniature bride topped the centerpiece of white chrysanthemums arranged in a crystal bowl and blue candles in crystal holders illuminated the lace-covered table.

From which white sandwiches, minis, cookies and nuts were served.

Assisting in serving were Mrs. Frederick Brock, Mrs. H. E. McCarty and Mrs. J. P. Wehrung.

The guest of honor received a corsage of pink roses from her husband and members of the house party wore corsages of pink carnations with the exception of Mrs. Pearce whose corsage was of yellow roses.

Presiding at the guest book was Miss Constance Davis. Attending were: Mmes. C. B. Craddock, G. L. Craddock, John McManey, J. H. Ayres, W. A. Greene, L. H. Greene, Wilson Hatcher, Park Brown, W. D. Benton, Herman Whaley, Calvin Whaley, F. E. Leech, Ernest Baird, Paul Turner, S. E. Gildewell, W. H. Fuller, Mmes. Daws Wright, J. E. Ward, Ben Ward, W. D. Morris, Mary F. Eller, E. A. Thompson, H. Paul Briggs, Don Egerton, M. E. Rosser, Douglas Carver, Skeet Roberts, Jim White, Sherman White, T. B. Solomon, Fred Thompson, Alvin Bell, Arthur M. Tweed, J. B. Massa, Bruce Pratt, George E. Hepper, Raymond W. Harrah, K. E. Thornton, Vance Rhea, Jeff D. Bearden.

Mmes. H. M. Stokes, R. E. Gatlin, W. R. Bell, E. L. Anderson, H. A. Gilliland, Perry Gault, R. W. Tucker, Roy Sewell, B. W. Rose and Miss Elsa Plants.

## 'Father's Night' Held Last Week At Horace Mann

"Father's Night" was held at Horace Mann school Thursday evening when the Rev. E. Douglas Carver was guest speaker using "Education for Usefulness" as his topic.

As a program feature the Horace Mann boys' choir gave several chorals numbers under the direction of Miss Elizabeth Sewell.

Coffee with doughnuts was served as refreshments.

The hospitals on the east coast are filled, and now it's necessary to send our wounded to hospitals in the Midwest and south away from thickly populated centers of population. It's no longer possible in all cases to get the wounded man in the hospital nearest his home.

—Maj.-Gen. Norman T. Kirk, Army Surgeon General.

*Jaunty Junior*

Nominated for the fashion ticket this high-spirited, beautifully made Jaunty Junior. Popularity-poll winner for a crowded Autumn-in-to-winter collection. You'll elect this style for its good looks, super-special fit and long term service. Typical of our striking Jaunty Junior collection. Softly tailored in fine all-wool fabrics.

**Murfee's**  
"Pampa's Quality Department Store"

As featured in Mademoiselle Velvet bows on the pocket—velvet on the collar of this handsome coat in all-wool fabric. Size 9 to 15.

# V Notes

The membership drive of the Junior Red Cross begins Monday, November 13, continuing until November 24, according to Miss Lillian Mullinax, membership chairman in all schools in Pampa, LeFors, and Hopkins.

Chairmen of Junior Red Cross activities in local schools include: High School, Miss Carolyn Surratt; Junior High, Misses Verdie Denton and Roy Riley; Baker, Miss Edna Daughice; Horace Mann, Miss Billie Ross; Sam Houston, Misses Melbie Bird Riehey and Lillian Mullinax; Woodrow Wilson, Mrs. Espar Stover and Miss Hazel Gilbert.

H. A. Yoder, Junior Red Cross chairman for the Pampa Chapter, expresses the hope that all schools will have 100 per cent enrollment.

The production department is having difficulty in obtaining materials for garments planned this season. Meanwhile, comfort kits still

engage the attention of numerous workers. Mrs. R. J. Epps, production chairman, hopes to ship the kits as soon as all have been checked in. A few are still out, and Mrs. Epps hopes they will be returned in time to ship this week.

The entertainment program given by various organizations for the benefit of patients at the station hospital apparently meets with the enthusiastic approval of the patients. Reports have it that they are reluctant to let the entertainers go home after the programs.

October 18 the program was given by the American Legion, under the direction of J. R. Martin. A quiz program, with prizes for the winners, and an exhibition square dance highlighted the program. Another feature which seemed to be popular was a magician's act, given by Jeff Guthrie. Music for the square dance was provided by Mr. and Mrs. Guthrie, playing the violin and accordion.

October 23 the American Legion Auxiliary gave the entertainment, with Mrs. Roy Hall in charge. Musical numbers were given by Mrs. Hall and Miss Avis Sanchez, playing the piano and accordion, respectively. Mrs. Homer Cone gave an amusing monologue and Marcheta Fall sang a song with gestures. The entertainers were dressed in West-

ern costumes. Cake and punch were served.

The Parochial School P.T.A. gave the program on Wednesday evening, November 9. Those who had charge of planning spent much time in advance, obtaining some live music for the program.

This event provoked considerable hilarity among the patients. Musical numbers were given by a group of High School girls. Jeanine Wade exhibited her dancing doll and sang, while it danced. She also went into the wards and gave this number. Card and dart games were played, the games being left at the hospital at the close of the program. Fruit juice and cake were served.

Entertainment by representatives of the First Christian Church was given on Nov. 1. The Young Peoples class gave a musical program, planned by Elsie Ruth Graham. Little Ramona Hudgins, 6 years old, played the piano. Bingo games were played with a tray of prizes in view, the winner taking his choice. Mrs. B. C. Fahy was in charge of this program.

The Eastern Division of the North Plains Camp and Hospital Council met Nov. 8 at the McLean Prisoner of War Camp. Lieut. Carey spoke to the group, stressing that the camp is a permanent installation, and that it will not be disbanded. Plans were made for entertainment of the guards at the camp, and furniture needs for a day room were presented.

Those attending the meeting from Pampa included Mrs. J. B. Massa.

Mrs. W. R. Campbell, Mr. Garth, Red Cross field director at P.A.A.F., Mrs. J. B. White, Red Cross executive secretary, and Miss Zena Cleharrart, and Miss Zena Cleharrart.

Persons wishing to send messages to prisoners of war in the Philippines should secure form 1616 from the local Red Cross office before Nov. 27, the date set as the absolute deadline for receiving messages. On this form goes the address of the prisoner and the text of the message. Both sides of the form may be used, but no message will be accepted unless it is written on form 1616. Workers in the Red Cross office will give additional information if required.

## Election Serves To Show Enemies There Is Unity

INTERPRETING THE WAR NEWS  
By KIRKE L. SIMPSON  
Associated Press War Analyst

The Armistice Day anniversary this year fell at the end of a week filled with portentous happenings boding ill for Germany and Japan alike.

The covenant made by the Allies so long ago with the dead of the other world war was being kept. It was being redeemed in blood on the battlefields of Europe and Asia, and in the solemn international pledges in the making between the United Nations fellowship that "it shall not happen again."

During the week the American scene was cleared of the uncertainties attendant upon a wartime presidential election. War Allies were assured there would be no change either in American purposes of war and peace or of leadership. Democratic institutions had stood the supreme test to fashion unity of purpose, not discord in the political campaign fires.

The free world marveled as it took note of that. On Germany and Japan it served grim notice that their hopes of division within United Nations ranks were vain.

At the weekend the battle lines in Europe east, west and south, graphically confirmed Marshal Stalin's revolution anniversary declaration that the "jump-off" planned at Teheran for the final Russian-Allied triple attack on Germany itself had been reached. Weather conditions were still hampering but had not halted either Russian or Allied armies.

There were intimations that a full-scale Russian winter offensive was about to break from the Baltic to the Danube.

In the west Patton's Third army drove forward its double jawed squeeze on the Metz-Thionville barrier, last powerful Nazi bastion on French soil guarding approaches to the Saar and the middle Rhine. It was protectively flanked by American Seventh army pressure in the Vosges on its right. Northward the First army clawed its way inch by inch toward Cologne and with the south shore of the Meuse swept clear of the enemy. British and Canadian armies seemed ready for a new power blow at the Dutch gateway to the Hanoverian plain.

Beyond the Pacific the deadly attrition campaign against already crippled Japanese sea power went on. The crux of the MacArthur-led invasion of the Philippines had been reached on Leyte with a new Japanese command risking heavy reinforcements to hold off complete loss of the central waters of the Philippine archipelago.

In the southwest preparations for British sea and amphibious action to link up with the American advance from the east were unmistakable. Only in China, where Tokyo claimed the capture of Kweilin and Luechow, virtually cutting eastern and western China apart, was the military outlook unfavorable.

## PARTY

(Continued from Page 7)

The group sang "Happy New Year." Circle two represented the spring season and their table was decorated to represent a Maypole, at the end of each ribbon was an Easter Bunny. Favors of miniature umbrellas were given those who registered at this table. Charlene Rose took charge of the piano selection for their part of the program.

The summer season was illustrated by Circles three and four, with red, white and blue streamers and center piece of flags and candles. Their part of the program was a reading by Judith Nance.

Circle five had the fall season. Their table held a centerpiece of fruit and nuts. Large bowls of mums were in the background.

Under the direction of Mrs. H. H. Boynton, a skit, "Broadcasting the work of the W.S.C.S.," was given.

Mrs. E. E. Bowen, P. W. Shotwell, Jr., H. R. Thompson, C. N. Ochltree, F. E. Plank, Ed Dreiss, H. B. Thomas, Irwin Cole, C. E. Davis, W. R. Campbell, M. C. McEwen, Ross Myers, Thurman Cline, H. H. Boynton, Dan Letch, Luther Pierson, P. W. Shotwell, John K. Sweet, J. L. Nance, L. E. West, R. W. Crawford, W. D. Walters, and C. W. Crawford.

Mrs. Joe B. Williams, G. F. Branson, Florence Lambright, T. B. Farber, Frank Yealy, Diana Wood Bertie Brown, A. C. Stealy, Hugh Anderson, Kenneth Irwin, Quentin Williams, H. C. Rippey, A. B. Caruth, C. J. McNaughton, George Appleby, W. H. Mosely, Pickett, W. R. Ewing, Miss Sharley Rose, P. C. Cook, Mesdames L. N. Atchison, Joe Shelton, Travis Lively, R. S. McConnell, Henry Jordan, Ed Weis, Jr., Les Harral, Aubrey Steele, Walt Purvance, Carlton Nance, C. E. Ward.

## Fewer Weddings Anticipated in Next Year, So

WASHINGTON, Nov. 11.—(AP)—Wedding bells rang overtime in the last four years.

But with millions of young bachelors now overseas, marriages are declining. Next year the marriage rate is expected to be below normal, and it probably will stay there until front-line troops are back.

That's the picture given by the census bureau. Here are the figures:

From 1940 through 1943, there were 6,570,000 marriages.

On the basis of the average rate of the 30 years before 1940, the normal number would have been 4,610,000.

The made a "surplus" of 1,110,000. The census bureau says it was used by:

1. Better economic conditions.
2. Wartime psychology.

The marriage rate for 1942 was the highest on record, 13.1 marriages per 1,000 population. There were 1,758,000 marriages in that year.

In 1943 and 1944, marriages have slumped but it's only surprising that they haven't fallen faster. In 1943 there were 1,577,000 marriages. The rest of 1944 is like the first 10 months, there will be 1,445,000 this year.

After World War 1 there was a real marriage boom in 1920.

There should be another boom after World War 2, the bureau says, but there are some differences. "Since we've had more wartime marriages this time, and have built up a surplus, we will have a smaller backlog of single people."

Also the boom may be divided into two parts, the first after the end of the European war and the second when the Pacific phase is over.

## Las Cresas Holds Armistice Dance

The Pampa chapter of Las Cresas held an informal Armistice dance Friday evening honoring the visiting Lubbock chapter.

The dance, the first public affair given by the Cresas, followed the completion of initiation week for the pledges and formal induction. The dance was held following the Pampa-Lubbock game.

**RATION CALENDAR**

By The Associated Press

MEATS, FATS, ETC.—Book Four red stamps A8 through Z8 and A through W5 valid indefinitely. No more will be validated until Dec. 3.

GASOLINE—13-A coupons now valid for four gallons through Dec. 31. B-4, C-4, D-4, E-4 and C-5 coupons good for five gallons.

Protagoras, Greek philosopher (483-399 B.C.) was the first teacher to receive a tuition fee. He was also the first to systematize grammar, distinguishing parts of speech, tenses and moods.

Among Moors, if a wife does not become a mother of a boy, she may be divorced with the consent of the tribe and can remarry again.

## Cpl. Don P. Mann Gets Purple Heart

SHAMROCK, Nov. 11.—Cpl. Donald P. Mann, son of Mr. and Mrs. V. B. Mann, of 207 S. Choctaw street, has been presented the Purple Heart for "wounds received as result of enemy action in France on or about Sept. 28, 1944."

The 20-year-old youth is receiving treatment for his wounds in a hospital in England.

His parents received the Purple Heart through the mail. It carries three stars signifying three major battles.

Cpl. Mann, who attended Shamrock schools, entered service in April, 1942, and trained in aircraft work at Camp Wallace, Galveston, Camp Hulen, Texas, and Camp Cleburne, Tex. He left for overseas duty March 28.

Before entering military service, Cpl. Mann was employed on the Harry Mundy farm south of Shamrock.

We in America have prospered magnificently beyond the prosperity of any other country in the history of the world precisely because the urge to self-improvement has been given free reign.—Eric A. Johnson, president U. S. C. of C.

# 'Janie' Comedy Hit Showing at LaNora

If the Average Man in The Street this morning steps a little livelier, smiles more gaily, seems even a little younger, mark him down as having attended the midnight preview of "Janie" last night at the LaNora Theatre. "Janie" shows through Nov. 15. And while you're

about it, mark down "Janie" as one of the brightest, most heart-warming comedies to come along in many a moon, a froth-filled, surprisingly intelligent commentary on youth in love, youth at play, and youth smack up against a world which has often proved too much for its elders. If the result is as once uproariously funny, as well as moving and tender the reason is to be found in the general excellence of production individual performances, direction and topnotch script.

JOHN H. PLANTT  
Th. 22 or 2261W 109 1/2 W. Foster

"Don't give her too much credit for wanting to help with the housework—remember there isn't a date her age left in town, and she's so bored she finds dishwashing is actually a relief!"

bilities engendered by the war, but too young to be allowed by law to do anything really constructive about it, like joining one of the services. The particular beauty of the film lies in its treatment of this essentially serious theme with a maximum of understanding, intelligence, and above all, humor.

## No Comment on Gas Piping Proposals

LOS ANGELES, Calif., Nov. 11.—(AP)—F. S. Wadley, president and general manager of the Southern California Gas company, said he had no comment on a proposal of the Metropolitan Gas company of Midland, Tex., to pipe waste natural gas from the Permian basin of West Texas to the Los Angeles area.

Chester A. King, Jr., president of metropolitan, said Thursday financial arrangements were being negotiated for the construction of a 26-inch gas line from the Permian basin to Los Angeles, costing \$40,000,000, with an ultimate capacity of 350,000,000 cubic feet per day. He said the line would utilize gas now consumed by flares.

King said an application had been filed with the war production board for necessary critical material; that engineering data was being assembled for the federal power commission where permission was being asked to lay the line.

## Former Shamrock Man Badly Wounded

SHAMROCK, Nov. 11.—Mr. and Mrs. O. R. McVean, former Shamrock residents who now make their home in Bremerton, Wash., recently received a message from the war department that their son, Pvt. Omer Russell McVean, was seriously wounded in action in Holland on October 5.

The message stated that Pvt. McVean, a paratrooper, was receiving treatment in an English hospital in Belgium.

Pvt. McVean was one of the paratroopers who landed in Holland on September 17, fighting on the front lines until he was wounded October 5.

The soldier's picture appeared in Life magazine in the June 19 issue, along with an article, "Echoes of World War."

## Showdown on Future Asked by Poland

LONDON, Nov. 11.—(AP)—Poland's exiled government was reported in usually responsible quarters today to have asked the big three powers for a "showdown" on its future and a decision on its long-standing differences with Soviet Russia.

A source close to Premier Stanislaw Mikolajczyk's cabinet said that a majority of the London Poles have concluded they have no alternative to accepting the judgment of Britain, the United States and Russia and feel that judgment must come soon.

## Gas Rationing May Let Up After V-E

DALLAS, Nov. 11.—(AP)—Certain relaxations on gasoline rationing may be expected after the allied victory in Europe, Mat McCullough of the national office of price administration said today.

However, gasoline will continue to be rationed through the end of the war, he added.

McCullough, national rationing administrator, made these predictions of the rationing program.

Canned foods will remain on point lists through August, 1945, at the earliest.

Tanners may be asked to tan bacon rind for shoe leather.

Canned foods will remain on point lists through August, 1945, at the earliest.

Jackson fulfilled the request—getting a photo of a blitzard from a Chicago newspaper.

## Invasion Stopped Most Flying Bombs

COLUMBIA, S. C., Nov. 11.—(AP)—If allied forces had not landed on the continent June 6, "little would have been left of London," because of the flying bomb menace, war mobilization director Byrnes said today.

Byrnes, in a talk prepared for an Armistice day program, said that an inspection of a flying bomb launching site near Cherbourg, had convinced him "that only by invasion could we ever have curbed the destruction of those flying bombs."

He made no direct reference to the new vengeance bomb which the Germans have been employing against the British.

## 28 Replacements Needed in Marines

Twenty-eight 17-year-old young men are needed as replacements in the marine corps. Youths enlisted now will be called to duty in February, 1945. Papers needed are birth certificate and parent's consent.

Those who are interested are urged to write or call U. S. Marine Corps, 217 P. C. Bldg., Lubbock, Texas. Application blanks will be sent promptly.

Germans have been employing new vengeance bomb which the British.

### are you non-essential

So you had a war job this summer as you were a life-guard and now you are in college. The football season is here. It is a flat. The Not much fun, is it being "non-essential" again? Well, here is a tip. You are only non-essential if you want to be. The American Junior Red Cross, beginning its "Enrollment for Service" campaign, is your organization if you really want to keep on serving.

Here are some of the things it does as its part in the global war. It makes a bedsheet for a soldier in a base hospital in France. It sends a gift to a little girl whose parents were killed by a robot bomb. It buys shoes for a Polish child whose town has been occupied for three years.

Junior Red Cross is the largest youth organization in the world, but it is also the smallest in one way, because its existence depends on your individual participation. It is not an organization you join and then forget about. It is a service organization, and you join to serve. Junior Red Cross is your chance, personally, to do something "essential." How about it? —B. B.

### eleven men equal one team

In our enthusiasm of football we often forget that it takes eleven men to make a good team. Each position is equally important as the other. Sometimes in speaking of a game won or lost we bring in the name of one person. Likewise a game can't be lost by one player. When the ball is being carried down the field by Johnny it is the result of a good line and backfield.

An English teacher to her class commented, "We may not make as much noise as last year or show our football spirit, but within we are truly backing them up. Let us show our football team our spirit when we have a chance and sometimes one kind word will help show our attitude and appreciation for the team."

We have a well team this year and have plenty of confidence in them. Our student body, thus far has backed our boys at every game. Let us keep this up and show them that they represent our fine school and that each of us is for them—win, lose or draw! —K. R.

### someday you will be a fish

Seniors are you ready to enter college? Your entry to college is a big event in your life and you should be prepared to take this step. In order to be fully prepared freshmen should know these three things: the fundamentals of the English language, a substantial training in speaking and writing it, and how to read English with reasonable speed and comprehension. Of course you are expected to have learned how to concentrate, how to study, and how to apply yourselves to your work.

Knowing these things and then putting all you have into it should make you a very successful freshman in any college you should choose to attend.

### Poems Rate Booklet Frosh Furnish Four

Sponsored by the National High School Poetry Association of Los Angeles, Calif., poems are being written by freshmen English students under Mrs. John Rankin.

Each spring this association publishes a booklet for each state. All poems sent in are not published, but four of the poems sent in last year by Mrs. Rankin were published according to her.

Approximately 20 poems will be sent in this year. The poems will be people received honorable mention from Mrs. Rankin: Barbara Walters, Patty Williams, Charles Thornbrough, Tom Chisholm, Margie Dixon, Ethel Lee Franks, Burke Morden and Nicki Fraser.

### Relatives Ran This Man Wacky

A man was one day visiting a lunatic asylum and while walking in the grounds, he met a patient to whom he said, "Well, sir, how did you get here?"

The man replied, "Well, you see, I married a widow with a grown daughter, and then my father married my wife's daughter, that made my wife the mother-in-law of her father-in-law, and my father became my step-son. Then my step-mother, the daughter of my wife had a son, and the boy, of course, was my brother, because he was my father's son; but he was also my father's son and therefore, her grandson, and that made me the grandnephew of my step-brother. Then my wife had a son, so my mother-in-law, the step-sister of my son, is also his grandmother, because his step-sister is his wife. I am brother of my own son, who is also the son of my step-grandmother. I am my mother's brother-in-law, my wife is her own child's aunt. My son is my father's nephew. His hobbies are collecting "loud" socks and trying to gain weight for football.

### SENIOR WHO'S WHO

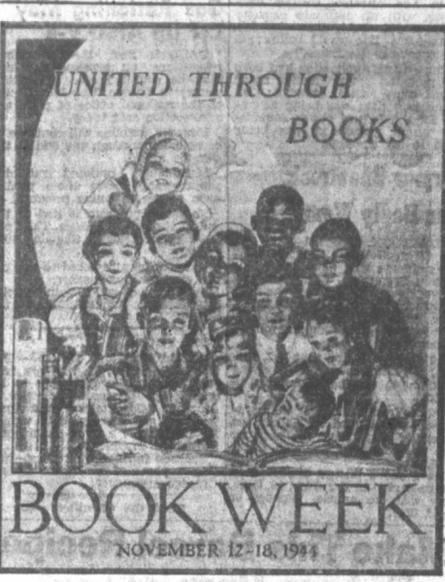

English, math and science are the majors of popular Colleen Chisholm who was born in Bradford, Pa. on March 7, 1927. Colleen plans to attend St. Mary's College at Xavier, Kan. Her ambition is to be connected with some hospital for crippled children.

Frankford, Ind., is the birthplace of 18-year-old Dale Connor whose ambition is to be a doctor. Dale is majoring in science. He has attended Frankford and Tharion, Ind., and Pampa schools.

Clara Mae Cook plans to attend Baylor University where she will study to be a nurse. Clara was born on December 3, 1926, at Strawn, Tex. She is majoring in English and math. Her hobbies are volleyball, skating and airplanes.

Blonde Wynell Cox whose ambition is to be a secretary was born in Bronckmidge, Texas, on August 29, 1927. Wynell is majoring in commercial work and quite naturally plans to attend a business college.

### Global Observance to Mark Book Week, November 12-18

### UNITED THROUGH BOOKS

"Better people to make a better nation" is the theme of Miss Mary Gordon, librarian, has chosen for this Book Week, November 12-18.

A set of elaborately dressed dolls made by Jean Paxson, library assistant, will be on display during the week. These dolls will portray all the races of people who celebrate Book Week—England, India, Brazil, Russia, Mexico and the United States.

During Book Week as well as all the other weeks, Miss Gordon wishes that the students do everything possible to cut down the "fine list." She stated, "It is very difficult for me to fill the demands of the students if 135 or 150 books are ordered because they are overdue. With the 100 that are in the library combined with the 150 overdue, the shelves are often bare."

Within the past week Miss Gordon has received the following new books: home economics books, Vitally Through Planned Nutrition, Doris; A Girl Grows Up, Pedder; Better Homes and Gardens Cook Book; American Woman's Cook Book; Settlement Cook Book, Kander; Victorian Troy, Mansfield, Etiquette books; American Costume Book, Haire; Manners Make the Men, Witan.

The library also received a shipment of books that had to be replaced. They are: Cues for You, Ryan; CHIZEN TOM, Paine; Feet, Pecos Bill, Bowman; Lure of Alaska, Franck; Look to the Mountains, Cannon; Peace Plans and American Chances, Millanpugh; All American, Tunis; Winston Churchill, Frater; Fanny Kemble, Armstrong; Tiger Roan, Balch.

This year is the 200th anniversary of the publication of the first book for children, the Little Pretty Pocket-Book by John Newbery. Libraries all over the world will simultaneously celebrate it by displaying special books and exhibits. Special emphasis will also be placed on more and better sources for reading "food for the mind."

Book Week committees, under the leadership of the National Headquarters in New York, are being formed all over the country. Its aim will be to unite the whole community through books.

### High School 'Janie' Rates With Broadway Product

Giving the public a preview of what is to come in the full length production of the Broadway stage success—"Janie," to be given by the senior class—will be the movie, "Janie," beginning today. Portraying the title role is the student, Joyce Reynolds whereas petite Wanda Jay will star in the title role of the high school production on December 7 and 8.

Many will find it interesting to see how well our students compare with the acting of professionals, stated Miss Ruth Stapleton, director of Pampa High school dramatics. Miss Stapleton suspects that the high school characters will give an equally impressive performance.

Definite plans are now being formulated for the publicity of the play, announced Miss Anne Louise Jones, publicity chairman as she released the names of her students committee: Jean Paxson, John Robert Lane, Dorothy Johnson and Bonnie Nell McBea.

The committee is working on assisting skits, sketches from the play, posters, newspaper and radio advertising.

A change in the script of "Janie" was made necessary at one of the nightly practices last week. The needed change became apparent when Edwin Blanton, playing the part of Mr. Van Brunt, had to say he did not use sugar in his tea. "But," said Edwin, "I can't stand tea without sugar, Miss Stapleton." Hence, the director allowed the change from "No, thank you," to "Yes, please."

This delightful three act comedy was first produced on the legitimate stage and was acclaimed a "howling" success. An excerpt from the review given "Janie" by the New York Post says "...a refreshing injection of comedy... the stage is crowded with a horde of merry young people most of the evening."

### Two Organizations Feature Comic Skits

A parody on "Macbeth," entitled "Macbeth, MacIop or The Death of Lubbock," was the highlight of the Wednesday morning assembly. The title role was played by Ramona Cheely. Patsy Pierson played Lady Macbeth and Anita Lane had charge of the sound effects.

A skit to stimulate annual sales was presented by the members of the annual staff. January Reeves, editor, was in charge.

Pins were presented to the eight newly-elected members of Quill and Scroll by Martha Sue Sheely, president.

The assembly was concluded with announcements about the bon-fire and pep rally held Friday night.

### Quill, Scroll Initiates 8 New Pledges

Quill and Scroll initiated eight new members in their society Tuesday night with a beautiful, impressive candle-light service held in room 201.

With Martha Sue Sheely presiding, the seven candles were lighted. They represented Truth, Loyalty, Enlightenment, Opportunity, Initiative, Leadership and Friendship, the motto for the advancement of the community, to be loyal to my superiors, to live up to the ideals of true journalism and to be impartial in my interpretation of truth.

### 'Beat Lubbock' Theme for Rally

"Beat Lubbock" was the echo heard from the blazing bon-fire and pep rally held in room 201 Friday evening. The rally was the theme of the colorful parade held downtown Saturday at 12:45.

The bon-fire was one of the biggest successes of the year, stated head cheer leader, Wanda Jay. The rally was held with the aid of the Harvester staff and the student body went wild with yells and songs.

Saturday, downtown Pampa was the noisiest it has been since the defeat of the Golden Sandies in 1943. Students with their green and gold streamers flying paraded all over town with their horns screaming and their voices ringing.

Among other activities displaying school spirit were the pep rallies held in the cafeteria and in the school rooms. School spirit was also brought into assembly by the comedy, "Macbeth, MacIop, or the Death of Lubbock," this script was staged by the Tri-Hi-Y pledges.

### Metropolitan Star Interviewed By PHS Student

Alexander Kipnis, famed Russian-American, was the second artist to appear in Pampa in a series of four concerts sponsored by the Community Concert Association. The celebrated Metropolitan opera singer, thrilled an audience of over a thousand persons in the junior high auditorium. He possesses a voice rich in emotional quality, and he gave great demonstration of the fact that he was not only a singer, but a great dramatic actor as well.

His repertoire included many songs selections from the German, Russian, French, Italian and English. He sang "Monsieur Verdell, Strauss and Konemann. He explained each number with a clear explanation of their background, which enabled the audience to grasp the meaning and appreciate of the song even though it was sung in a foreign language. Brilliant accompanying was done by Wolfgang Rose.

Like Ethel Bartlett and Rae Robertson he was also impressed with the attention and surprised at the number of young present. Pampa is indeed being given the opportunity to see and hear the best of the best artists to them and will look forward to the last two numbers to be presented in the spring.

Mr. Livingston, the missionary, kept his audience interested with his experiences and tales of India. He had been in close contact with the Indian people for three years.

We did not notice their backwardness so much until our soldiers were sent to India to help protect that area.

As a whole the Indians are very superstitious. They still believe in charms, evil spirits, and many worship a sacred cow.

### Happy Birthday

This year since you celebrated this day, So now is your time, You'd better make hay.

November 11: Kelly Anderson, Clara Davis, C. A. Huff and Rose Marie Tarr; November 12: Bob Campbell, Lenora Faye Richardson; November 14: Ophelia Akers, A. Z. Griffin, Claudine McWhorter, Lowell Stark, Norma Jean Waller; November 16: Norma Jo Brown, Jimmie Crowder; November 17: Franklin Collins, Etta Spotts, Mildred Smith.

### Los Cocos Swoons As Crosby Sings Spanish

The Los Cocos club, the first pep band in Pampa, was featured during the pep rally Friday with Bing Crosby singing the vocal via Spanish.

The records were furnished by Miss Vaughan who has several records in Spanish. Roll call was answered with a Spanish proverb and no business was discussed.

An amateur program will be the feature of the next meeting with some unexpected Spanish talent expected.

### Horrors of War Make Drive For Junior Red Cross More Vital

### Gorillas Defeat Yannigans, 20-12

The Pampa High Gorillas turned the tables on previous predictions to triumph over the Amarillo Yannigans, 20-12 in the traditional grid classic on Harvester field Friday.

The two squads, composed of freshmen and sophomore players, showed the will to win typical of all Pampa-Amarillo games disregarding the 43-0 Yannigan victory that the Amarillo News predicted. The only means of comparison before the game was the 56-6 victory over Dalhart by the Yannigans against a 14-0 win over Dalhart by the Pampans.

A very enthusiastic crowd of students and parents, watched the Pampa grid team march to victory. A summary by quarters is as follows:

**First Quarter**  
Early in the first quarter, the Pampans gained the lead by Lafford's pass to Davis which put the Gorillas on the one foot line. In two plays Davidson bucked the Amarillo forward wall for the score. Wilson's conversion was good. (7-0)

The remainder of the quarter featured an Amarillo drive which was halted by a fumble which was recovered by Pampa.

**Second Quarter**  
The second quarter passed as interesting as the first which Wilson's 57 yard off-tackle smash behind beautiful blocking, highlighted the quarter. The conversion was no good. (12-0)

The rest of the quarter featured short gains by both squads, but neither were able to reach dangerous territory.

**Third Quarter**  
With a 12 point lead, the Gorillas launched another drive with long runs by Philip Anderson, George Johnson and Jim Wilson enabling them to score. Wilson split the uprights with a place kick to tie the score 20-0. The Yannigans' offensive then began to sputter and using two different eleven's plowed over to pay dirt. The point from scrimmage was blocked by Davis. (20-0)

**Fourth Quarter**  
Amarillo began pounding the line in hopes of gaining a much-needed score. The drive was stopped when Jones recovered a fumble but, unable to score, lost the ball on downs.

Later in the quarter the Yannigan tailback heaved a long pass over the Pampa defense where an alert receiver took it for the remaining yardage for the score. The attempted conversion was wide.

The game ended with Pampa in possession of the ball on the Amarillo 30. Final score: Gorillas 20, Yannigans 12.

The record of the undefeated Gorillas coached by Coach John Willmarry is as follows:  
Gorillas 19 - Lufkin High 6  
Gorillas 19 - Lufkin High 19  
Gorillas 27 - Amarillo Maverick 19  
Gorillas 14 - Dalhart High 9  
Gorillas 20 - Yannigans 12

### 11 Girls in Bookroom Earn One-Half Credit

Numbering text books, unpacking workbooks and issuing them, running the mimeograph, and generally keeping the bookroom in order—these are the duties of the 11 girls assisting Mrs. Davis in the bookroom this year. Working at the first period are: Pauline Foreman and Wainline West. Second: Betty Ward and Louise Demoss. Third: Louise Miller, Forest, Betty Dillman, Beverly Crall and Estel Lee Costello. No one works the fifth period. Virginia Bates, Beth Trullinger, June Matheny and Betty Jean Boynton work the sixth period. They receive one-half credit a year.

### Feature Story Prize Hangs in Room 106

"Reporter" describes the Key to Peace as the title of the prize-winning feature story which John Robert Lane, editor of the Little Harvester, wrote last spring. The prize, a polished plaque in room 106, is the highlight of the year in the Panhandle High School Press Association. This is the fifth year it has been sponsored. There have been two winners from Canyon, two from Pampa and one from Amarillo. Audrey Lemmon won it for Pampa in 1942.

This contest will be held again in the spring with Canyon as the headquarters.

### Student Council Plans Bonfire and Parade

At council meeting Tuesday the home room representatives made plans for the bon-fire held Friday. The plan was to meet at high school instead of having the pep rally downtown as last week.

Plans for a parade down town Saturday were also made. It was decided to assemble and march down Cuyler street. This will give the student body a chance to show the proper school spirit.

It was also decided that an all school dance would be sponsored by council members. The date for the dance is Friday the 24th of November. Chairman of the social committee is Dorothy June Johnson.

### Another campaign begins Monday. This is the Junior Red Cross drive in the schools. Senior High school will hold the drive in home room Wednesday, states Miss Carolyn Surrat, director of Junior Red Cross in Senior High.

"Enrollment for Service" is the recruitment slogan of the Junior Red Cross this year in its campaign to enlist 100 per cent membership in the Pampa High student body. Beverly Baker, student chairman of Junior Red Cross, announced last week.

The campaign will be conducted from November 13 to 24 in all home rooms. Students may contribute to the service fund through home room channels if they wish, but there are no dues or enrollment fees. However, every student is expected to contribute, and each person giving a donation will be given a pin to wear.

These projects have been started in Pampa High. Over 60 bedside table covers were made for the Junior Red Cross by the first year home economics under the direction of Mrs. Leslie Hart. These are small white covers to protect bedside tables. They were paid for by the funds gathered last year for the Red Cross.

Mr. Morgan's shop boys have made 45 clip boards, 50 lap boards and 50 choker check boards from 3-ply wood. These will be placed in hospitals all over the world.

Mr. Morgan's shop boys have made 45 clip boards, 50 lap boards and 50 choker check boards from 3-ply wood. These will be placed in hospitals all over the world.

The Baker P. T. A. wishes to thank John Robert Lane, Anna Lois Alford, Ann Earnest, Betty Jo Holt, Winnie Cox, Joann Holden and Joan Hawkins for appearing in their annual carnival. They also express their appreciation for Phyllis Parker, Wanda Gordon, Jackie Dunbar, Charlie Beard, Billy Hutchinson and Jimmie Terrell for entertaining at P. T. A. held the following week.

S 2-c Dale Butler who has been stationed at San Diego, Calif., is now home on a 10-day leave. Dale is in the amphibious branch and expects to get about six weeks more training before being assigned to foreign duty.

F-o J. Lee Jarvis is now home on a 10-day leave. He has seen action in the South Pacific. J. Lee is in the Army Transport Command, and carries planes all over and to every theatre of war. He graduated from PHS in 1938.

Time—The stuff of which you are not any when you're late to meet someone.

Courtship—A period beginning when a boy starts chasing a girl and ending when she catches him.

Populace—What Mom says when she puts a new string in her coat.

Mahatma—What the child said to his mother when about to go-out.

Platonic—What sports are to us. A pair of socks—Two black eyes. Bagdad—What mother did when she met father.

Teacher—What teacher used to do way back when.

Boys are always saying that girls are "tickle," but this is not the case in PHS. You will discover if you just watch Charlie Beard, Merle McCracken, Lewis Allen, Herky Lane, Wayne Fahle, Bill Gething, etc.

Mary Jo Callenore is very happy when she is receiving letters from Gene. It seems that Gene is a soldier who she met when he was stationed here last year. He is now in San Antonio, where Mary Jo visited him not long ago.

Mary Jean Evans was very happy last week when she received a sweet telegram from Delbert Crowley. Mary Jean and Delbert have been engaged for quite sometime.

Barbara Johnson and Bo Davis, Mary Myatt and Willis Stark, Beverly Burba and Jackie Rahn, were seen at the Amarillo football game last week. They returned to Pampa and attended a dance, and later attended the pep-view. It call that making a night and a day of it.

Beverly Candler and Joyce Fritz and Keith Connel were seen enjoying themselves at the dance after the football game last Saturday.

Phillip Conner is definitely off the dimes. It seems as though the only one he cares for is a certain little-blondie who won't give him a tumble.

Seen in the halls last Friday afternoon were three very cute girls from Lubbock. Their names were Beverly Glick, Bill Watson, and Mary Beth Dupree. These girls certainly did impress Bill Dixon, Kelly Lane and Wayne Fahle. Just for the book these girls were visiting Martha Sue Sheely.

Wonder why Betty Holt and Joan Hawkins were crying on each other's shoulders last Wednesday? Could it be the fact that Bill Glick and C. J. Stevens left that afternoon.

Why hasn't some girl hooked that adorable J. W. Winberry? The boys would like to announce that a certain girl on the Little Harvester staff reported that she would give her eye teeth to go with him. Can you blame her?

Warren Fathame was seen at the Lubbock football game yesterday. He is going to N. M. I. and will come home for the game.

D. E. Hale seems to have it bad about Ida Ruth Taylor. They have been seen together constantly and they go up and down the halls together before and after school.

Daffynitions  
Bathing Beauty—A girl worth

### Cheerful Little Earful

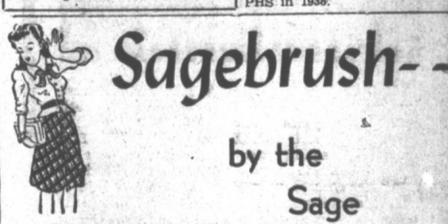

Ph. M. 3-c Bill Arthur, has been on convoy duty for the past seven months and is now home on a short leave.

A-s Charlie Erickson, who has been stationed at Texas University in the V-12, was home on mid-semester leave last week. Charlie graduated in 1943 from Ashland High school in Ashland, Ken., however he went to school in Pampa for his first three years in high school.

Cpl. Frank Shewell was seen in the halls last week with his new bride. Seen also in PHS last week was Sgt. Bill Hill and his bride-to-be.

S 2-c Dale Butler who has been stationed at San Diego, Calif., is now home on a 10-day leave. Dale is in the amphibious branch and expects to get about six weeks more training before being assigned to foreign duty.

F-o J. Lee Jarvis is now home on a 10-day leave. He has seen action in the South Pacific. J. Lee is in the Army Transport Command, and carries planes all over and to every theatre of war. He graduated from PHS in 1938.

### Sagebrush-

by the Sage

A group of girls were overheard discussing Wayne Davidson, and the general opinion was that "he is cute."

While in Amarillo, before the football game, Joella Stinson was escorting the Harvester mascot around a local department store, when a little girl came up and started admiring the dog. Joella told the little girl that the dog was the mascot, and the little girl said, "Oh, I thought it was a Pekinese."

PHS is sporting a new student who, hails from Lubbock and his name is Wayne Coble. Wayne is a medium height, black haired, and extremely good-looking. It seems that WWayne Sue Campbell already is making progress with this new boy.

Maxine Lane and Eugene Lively have been spotted in the halls. It looks as if it is for good this time. Helen Kiser and her "shadow" are, but definitely at loose ends. So are some other girls and their "shadows."

Don Warren and Joann Coonrod are definitely that way about each other.

Wanda Jay made the statement that all the intelligent people were for Dewey and then she turned right around and said that she was for Roosevelt. Don't think very much of yourself, do you Wanda?

Jimmy Pyles seems to be very meek but at heart he is really quite a wolf. You would realize what a mean if you had been in a Capella choir last Thursday.

Joyce Clourd's newest interest is Ernest Hoyer, and it is not a bad interest if you ask me.

Dorothy Jean McFarland and Charlie Beard are a very cute couple and they seem to be entranced with each other.

He who thinks by the inch and talks by the yard ought to be dealt with by the foot.

Student: I'm just a poor boy trying to get ahead.  
Teacher: That is fine; from your performance so far you certainly need one.

Conscience is the voice that tells you not to do something after you have already done it.

Two little boys were talking about the accomplishments of their dad. Little Bill said, "My dad is an Eagle, an Elk, a Moose and a Lion." Mickey said, "What does it cost to see him?"

Heard in biology class:  
Teacher: When do the leaves begin to turn?  
Bright pupil: The night before an exam.

Boy friend: Are you free this evening?  
Girl friend: Well, not exactly free, but very inexpensive.

It seems that Helen Hagerly has her eye on James Gray. At least, her friends think so.

### Texas Baptists To Convene Tuesday

SAN ANTONIO, Nov. 11.—(AP)—The Baptist general convention of Texas will convene here Nov. 14 and continue through Thursday. The Baptist Brotherhood and the woman's missionary union of Texas will meet in conjunction with the convention. Miss Ruby Addison, chairman of the information committee, announced.

Dr. E. D. Head, president of Southwestern Baptist seminary, Ft. Worth, and president of the Texas Baptist convention, will preside.

It was announced outstanding speakers during the convention would include Dr. J. Walsh Watts, New Orleans; Dr. C. E. Maddry, Richmond, Va.; Dr. J. B. Lawrence, Atlanta, Ga., and Dr. Baker J. Cauten, recently returned from China.

### Scientists, Poet, Novelist Awarded Important Prizes

STOCKHOLM, Nov. 11.—(AP)—Nobel prizes worth approximately \$29,000 each have been awarded to two scientists now in the United States, to a Hungarian now in Stockholm and to a 71-year-old Danish novelist and poet.

The 1944 literature prize went to Johannes V. Jensen, of Copenhagen, author of more than 60 volumes of plays, short stories and novels who for 20 years has been among the candidates for the award.

Isidor Isaac Rabi, of Columbia university, New York, was the recipient of the 1944 prize for physics while the 1943 physics award was made to Otto Stern of Carnegie Institute of Technology, Pittsburgh.

George Hevesy, of Stockholm received the 1943 prize for chemistry. The committee reserved the 1944 Chemistry prize for possible award next year. The peace prize, best known Nobel award, has not been distributed since 1938.

(In New York, Swedish Minister Wolmar F. Ekstrom said he had been requested to distribute the Nobel prizes for 1943 and 1944 to the winners who are residents of the United States. A reception and luncheon for this purpose was arranged for Dec. 10 in New York.)

Rabi, a native of Austria, received the 1944 award for his research in the resonance method of registering the magnetic quality of atoms.

Stern, who was born in Germany and went to the United States in 1923, was given the 1943 prize, reserved last year, for his contribution in the development of the molecular ray method of determining the magnetic momentum of protons.

Hevesy received the award for his work in the use of isotopes as indicators in studying chemical processes.

Three Americans already had won Nobel prizes announced last month. They were Dr. Joseph Erlanger of St. Louis and Dr. Herbert Spencer Gasser of New York, who received the 1944 award for studies of nerve threads, and Edward Adelbert Dowd of St. Louis, who received the 1943 award for the discovery of the chemical nature of vitamin K. Henrik Dam, of Copenhagen, now attached to the Strong memorial hospital at Rochester, N. Y., also received an award for his work in the chemical nature of vitamin K.

### 9 Countries Opened To Civilian Travel

WASHINGTON, Nov. 11.—(AP)—Nine countries previously blocked off by the war, today were declared open to civilian travel without the requirement of military approval. The area thus freed includes most of France.

The state department, in making the announcement, warned that travel facilities to these countries are extremely limited. It was also made plain that only those trips by Americans bearing on the war effort or in some way serving the national interest would have any prospect of clearance through the department.

Areas for which military permits are no longer required, are Morocco, Algeria, Tunisia, Libya, Syria, Lebanon, Turkey, Cyprus and that area of France known as the "zone of the interior" which is all of France except the portions involved in active combat.

Do not thaw out frozen vegetables before cooking. You will lose the vitamin C if you do.

NEWCOMER in the community, eh? That's fine! Glad to have you with us. And here's hoping you'll find everything to your liking. Next time you find yourself needing "something from the Drug Store," come in and let's get acquainted. Our specialty is the compounding of prescriptions. Matter of fact, our place is known as Prescription Headquarters. Your doctor will likely direct you here when he hands you a prescription. Or, just ask the neighbors!
