## County

(Continued From Page One)  
 per acre for a bumper crop, there were 150,000 acres of wheatland harvested in the county.

This year Whaley expects only 30,000 acres of wheat to be harvested out of the 120,000 acres planted last fall with an average yield of 12 1/2 bushels per acre. He predicted farmers would re-sow their land with maize this year.

Friday, the Agriculture Department predicted a bumper wheat crop for Texas, saying April rains were worth four million bushels of additional wheat for Texas farmers, or a total output of 38,671,000 bushels. This was compared with a 17,307,000 bushel crop in Texas last year as a result of wheatlands over the state.

However, the Associated Press dispatch carrying the Agriculture Department's estimate, added the department's conservative estimate of an average 11-bushel per acre wheat yield.

The average farm in Gray county has 947 tillable acres, according to the information received from the county agent's office. Not all of the land will go into wheat, or maize, however, about 8,500 acres will go back into cotton this year.

**Son Dies In Arms Of His Mother**  
 COLLEGE STATION, Texas — (AP) — A son home for Mother's day died in his mother's arms.

Charles O. Jones, of Smithville, Texas, had arrived Saturday a few hours earlier with his wife.

About 1:30 p.m. he suffered a heart attack and died in his old family home as his mother held him.

He was 61. His mother is 79. Jones was a retired telegraph operator.

**RCA Reports Good Opening**  
 Pampa buyers responded well to opening day values of the RCA Corner in the Hughes building. Owner Milt Morris said Saturday.

The new store offers radios, phonographs, records and silverware, as well as other articles.

"Business today was exceptionally good," Morris said. "The response to our opening is very encouraging."

SCOUTING THE PLAINS — Horses, covered wagons and pioneers explored Recreation park Friday night as part of the Sante Fe district Scout circus. The men and women pioneers successfully fought off the Indians when cavalrymen came to their rescue. But the circus could not fight against the elements and when the rains increased from a drizzle to a downpour the circus was called off. (News Photo)

## UN Patrols Raid Commie Positions

SEOUL, Korea (AP) — Allied patrols raided Communist front-line positions Saturday with one unit chasing the Chinese Reds in two-hour clash on the East-central Pukhan River sector.

A thick overcast hid Communist targets from Allied warplanes. The Eighth Army reported 16 Reds were killed in the running skirmish involving one Allied patrol and two Communist squads east of the Pukhan. The communique said the Reds tried to break off the action and were pursued for 30 minutes.

## Oil Negotiations Still Stalemated

DENVER (AP) — Labor contract negotiations were stalled Saturday in the 11-day-old strike of oil workers that has pinched air traffic and brought a government order conserving motor gasoline in two-thirds of the nation.

Efforts to reach local settlement that would send the 90,000 strikers back to refineries and other oil facilities have been suspended until a meeting of union and industry representatives in Washington Tuesday.

## New 'Resident' On Park Avenue

NEW YORK (AP) — Park Avenue has a new "resident" — a 29-story glass and stainless steel office building on "stills."

It's the six million dollar "Lever House" headquarters of Lever Brothers. The building appears to be made of stainless steel columns. There are 1,404 green and blue-tinted windows.

## Taft Leads

(Continued From Page One)  
 Vermont and Hawaii make important contributions to the treasure chest of coveted convention votes.

in crowding activities of the candidates themselves in interest: Republicans have 1,206 delegates to the national convention in Chicago July 7. A winning candidate needs 604 to be nominated.

Through today the GOP primaries and conventions have named 815, by the end of the week ahead will have named 895 up to yesterday, an Associated Press survey based on delegates pledged, instructed, favorable or willing to state a first vote choice gave Sen. Robert A. Taft of Ohio 322, Gen. Dwight D. Eisenhower 286. Taft could increase his lead substantially this week.

Democrats have 1230 delegates to the national convention in Chicago July 21. A winning candidate needs 616 to win. Through today 633 have been named, by week's end the total will be 711. The AP survey up to yesterday gives Sen. Estes Kefauver of Tennessee 106 1-2, W. Averell Harriman 93 1-2, and Sen. Richard B. Russell of Georgia 42.

These are the figures — the cold statistics — that could be-

FIRST CO-ED COLLEGE

## Russian Guards Block Berlin Road

BERLIN (AP) — The Western Allies were back in a familiar position tonight: wondering what the Russians would do next.

Booted Russian border guards refused Saturday to let Allied military patrols enter the Berlin-Helmstedt autobahn from the eastern end. They gave no reason, although the patrols along the single highway linking Berlin and the West across the Soviet Zone are daily routine.

U. S. British and French commandants said they had called Gen. Vasily I. Chuikov's attention to the matter. Chuikov is commander of Russian forces in Germany.

Some Allied officials admitted frankly they were bewildered by the abrupt move.

## API Head Says Oil Is Plentiful

PHOENIX, Ariz. (AP) — The United States is assured of an abundance of oil and gas products for many generations to come, it was reported here Saturday.

Frank M. Porter, president of the American Petroleum Institute, told delegates to the interstate oil compact commission meeting here that a plentiful supply is assured by the nation's known reserves.

They are now estimated to be 32.2 billion barrels, the highest in history, he said.

## Blood

(Continued From Page One)  
 Department of Defense and the Red Cross.

Reeves described the Army plan to collect blood as "the most fantastic, incredible thing I have ever heard."

Ezell charged. "The Red Cross is more interested in perpetuating itself than in collecting blood."

Reeves retorted that the Red Cross does not get any of the blood and that its only responsibility—through a contract—was to collect the blood for the armed forces. He said the whole situation was brought about by a "series of compounded, well-intentioned errors."

"You simply can't have people popping up here and there taking blood," the Red Cross representative said. "This is not personal aggrandizement on the part of the Red Cross. We are not musing on the Army's program. We are just doing it in the legal way."

The Canadian editor said he supported the Red Cross in past years with thousands of words, "but I can't swallow this."

Reeves said the only reason the Red Cross would consider coming into the area was to clear up the present unpleasantness. He indicated the Red Cross had no plans for conducting a blood recruiting drive here because it's uneconomical to move the blood facilities while blood could be obtained in the Fort Worth and surrounding areas.

Dr. Douglas Nelson, chairman of the citizen's committee that was to sponsor the blood drive, said it would be unwise to collect blood this year. In the future, if the Red Cross needs the blood, it could come into the community, he said.

The 20 persons at the meeting agreed with Dr. Nelson that the Red Cross should not come in at the present time.

Albert Doucette, president of the Pampa chapter, and other civic leaders praised Sgt. David A. Brown, local recruiter and sparkplug in the original drive, for his efforts.

## Truman Holds Fast On His Civil Rights Position

WASHINGTON (AP) — President Truman said Thursday his position on Civil Rights is unchanged and that he expects the Democratic platform will be adequate on it and other issues.

His comment came in response to questions at a news conference where he intimated once again that he may, before the Democratic National Convention in July indicate who he thinks should be the party's presidential nominee.

The President was asked whether there was any conflict between statements he has made (1) that he favors a free and open convention at Chicago, and (2) that he feels he has the same right as any other citizen to support a candidate.

Truman said he had no intention of coming out for anybody at the present time, but that he had never been gagged and would not be gagged.

"Then you are not ruling out the possibility you may do that yet before the Democratic convention?" he was pressed.

The President grinned and said he was a pretty good judge of timing on political approaches and had demonstrated this in 1948. He suggested that the reporters let the river take its course.

When the President was asked what he thought about efforts of Senate Democratic Leader McFarland (Ariz.) to find a compromise for settling the long dispute over legislation for a Fair Employment Practices Commission (FEPC).

Truman, long an advocate of a bill to prevent discrimination against minorities in employment, said his position hasn't changed. He said he is for the Democratic platform of 1948 and then, with a grin, he said he was for the Republican platform on that issue too.

In 1948, the Republicans adopted a platform hitting lynching, favoring the "right of equal opportunity to work" and "abolition of poll tax" and opposing racial segregation in the armed services.

"The Democrats also adopted a strong Civil Rights plank. First they had a big row with the result that some Southerners walked out and the States Right Party was formed."

In response to other questions, "They're My Uncle," This Guy Claims

LOS ANGELES (AP) — John Hise and his double uncle report today at Navy Boot Camp.

When 17-year-old John joined up, he made sure he'd have friends close at hand.

"These guys are twins," he told the recruiting officer yesterday. "They're my uncle. They're Ray and Richard Tucker and they're 18, even if they're smaller than me. We all want to join if we can stay together because we been raised together and so we're just like triplets."

Depend on us, too, for complete help. No more drudgery. No more reddened hands, aching back. Free time and relaxation can be all yours.

## Tobaccoless Weed To Get Tax Need

WASHINGTON (AP) — The congressional motto "you invent it, we'll tax it" got a swift workout Saturday following an announcement that a scientist has discovered how to transform sugar cane waste into something that looks, smells and tastes like tobacco.

North Carolina's Rep. Robert L. Doughton admitted to a reporter an immediate, pressing, public spirited interest in the development patented by Dr. Jean U. Kooee of New York City.

Doughton happens to be chairman of the house ways and means committee, which originates all tax laws, and the most stalwart supporter of the tobacco farmer in Congress.

"Would they expect to pay the same tax on it as tobacco?" Doughton demanded. "If the stuff could be produced so it could be sold cheaper than tobacco, there would be a real threat to the revenue, and Congress would have to look into that."

## Expense Accounts May Get Tax Axe

WASHINGTON (AP) — House investigators of tax scandals Saturday were reported to be fashioning a legislative weapon against taxpayers who misuse allowances for business deductions and who do not itemize their income in detail.

Nearing the end of a year-long inquiry into operations of the internal revenue bureau during which it has given tax collectors some rough handling, a ways and means subcommittee is now at work on a bill aimed at tightening up what members term loopholes in the present law.

SPIRIT OF ST. LOUIS, in which Lindbergh winged his way to fame, now hangs in the air over visitors to the Smithsonian Institution in Washington. He drops in once in a while for a look.

## 25 Years Ago He Was The First U. S. 'Lone Eagle'

NEW YORK — (NEA) — A balding, graying man in his fifties, he lives quietly now, almost forgotten, in the little town of Darien, Conn., with his wife and five children. But he nurses as vivid a set of memories as ever a man was cursed or blessed with.

Twenty-five years ago this month he came out of the West with a big hope and a small airplane, and said he planned to fly the Atlantic Ocean non-stop from New York to Paris. It had never been done before.

But he did it. His name was Charles Augustus Lindbergh. The lanky, curly-haired young-

ster of 25, already with the familiar crinkle-cornered eyes of the flyer, turned up at Curtiss Field, Long Island on May 12, 1927, with a silver-nosed monoplane he called the Spirit of St. Louis.

Airplanes had just reached the point of development where a transatlantic flight was believed barely possible. The Frenchmen Ungers and Coli had gone down at sea only that week in an attempt. Death and crack-ups had ended other ventures.

At least two planes were all set to take off from New York when Lindbergh learned, on the night of May 19, that the storms over the Atlantic were breaking up.

The rest of the night he spent in hurried preparation. No sleep. With five sandwiches and five quarts of water, Lindbergh climbed into his plane at 7:40 the next morning. At 7:51 the plane, its single Wright Whirlwind engine developing only 200 horsepower, began trundling slowly and heavily down the muddy landing strip.

It was loaded to the limit with fuel. No engine of that horsepower had ever lifted such a heavy load. The big job was the take-off, now underway. Already three contenders — Fonck, Davis, and Wooster — had failed to get off the ground.

Many in the crowd at Curtiss Field that May 20 morning sincerely doubted that Lindbergh would ever make it. Slowly, slowly the plane gained speed. It passed the point where Lindbergh could still stop it without cracking up.

Pilots in the crowd twisted and turned, trying hopefully to get the plane off the ground with their own body English. "Get the tail up, get the tail up," they urged, half aloud.

Finally the tail did come up,

cheering. Frenchmen greeted him at the airport. They hailed him bodily from his plane and passed him along overhead hand-to-hand, rolling and twisting. It was one half-hour before his feet touched the ground.

The world went wild when Charles Augustus Lindbergh landed in Paris on May 21, 1927, the first man to fly the Atlantic non-stop.

Movie programs were interrupted to bring the news. The staid New York Times used an exclamation in its headline, "Lindbergh Does It!" It ran six solid pages of text on the story.

Lindbergh and his plane came home triumphantly on a United States cruiser at the order of President Coolidge. His ticker-tape welcome was one New Yorker will never forget.

Through it all, Lindbergh — now Lucky Lindy and the Lone Eagle — acted with complete modesty. He turned down more than \$2,500,000 in movie and advertising offers.

Four years later the Lindbergh name had again taken over the headlines in the nation's newspapers, but this time it was a story of tragedy. His 19-month-old child, Charles Augustus Lindbergh, Jr., was kidnaped, and three months later was found dead near the family's home at Hopewell, N. J.

For nearly four more years, until the kidnaper, Bruno Richard Hauptmann, was electrocuted for the crime at Trenton, N. J., on April 3, 1936, the story was top news.

In 1935 the Lindberghs went to England to get away from the terrible ordeal of the kidnaping. While he was there, Major Truman Smith, United States military attaché at Berlin, invited him to Germany to take a look at the fast-growing German air force.

Field Marshal Goring, head of the Luftwaffe, was flattered by Lindbergh's presence and rolled out the plush welcome carpet. Lindbergh got a thorough look at the Luftwaffe, from the inside out.

His and Maj. Smith's report to Washington was a masterpiece of military intelligence and won Smith the Distinguished Service Medal.

Lindbergh then, in 1936, began checking on the air forces of other countries, always working closely with our ambassadors in the foreign capitals and reporting direct to Washington.

In 1939 he came back to this country and went on active duty as a colonel. But when war broke out in Europe, he became a civilian again. He was a leader in the America First Committee, speaking out strongly against our involvement in the European war.

MOST FAMOUS PHOTO OF Lindy — the "Lone Eagle" is this one made by Frank Merta at Curtiss Field, Long Island, just before Lindbergh took off on his historic flight 25 years ago.

President Roosevelt criticized him so harshly that Lindbergh thought he was being accused of treason. So he resigned his reserve commission.

After Pearl Harbor he offered his services to the War Department, but was turned down. But Henry Ford took him on as a consultant in B-24 bomber construction.

Later in World War II Lindbergh went to the Pacific theater and flew 50 combat missions as a fighter pilot, though he was then in his forties. He lived and worked like the rest of the pilots,

nearly all youngsters, but were no insignia. Since the war he has largely in retirement, and now and then to do some work with our Air Force units at the Smithsonian Institution, Washington, as much in the line as Lindbergh is out of More visitors ask questions of the plane than any other exhibit there.

Once in awhile Lindbergh is by to take a look at it. People who've spotted him there say look is a little wistful.

Pilots in the crowd twisted and turned, trying hopefully to get the plane off the ground with their own body English. "Get the tail up, get the tail up," they urged, half aloud.

Finally the tail did come up,

then the wheels lifted ever so slightly. Over a tractor by a 10-foot margin, over telephone wires by a scant 20 feet. But she was out and flying.

Some 12 hours later the Spirit of St. Louis, a tiny speck in the sky, was sighted on course and on schedule over Newfoundland. Then Lindbergh ran into storms. He had to turn at right angles, flying first north and then south, to dodge through the boiling clouds which meant big wind.

Some time in the lonesome darkness that night, Lindbergh ate a sandwich, the only one he had during the entire trip. Late the next day he sighted some specks to the south and far below. Fishing boats.

He circled low over one and yelled, "Which way's Ireland?" The astonished fisherman in the boat just looked, speechless.

But fishing boats meant land not far away, and in a few hours Lindbergh spotted the southern tip of Ireland.

Over Ireland, England, and the Channel. At the French coast he picked up the beacon lights of the London-Paris airway. They guided him in to Paris' Le Bourget airfield, where his wheels touched down 33 1/2 hours after they'd lifted from Curtiss Field.

A crowd of 100,000 wildly

## Loyal Demos Blast Shivers On Politics

AUSTIN — (GP) — Gov. Shivers came under attack from two sources last week, but the charge was virtually the same in each case: that Shivers is trying to tell Texans how to run their national affairs.

That was the implication of a prepared statement by Ralph W. Yarborough, candidate for governor, who said he thought "the people of Texas can be trusted to pick their own President and vice president without dictation from me or anyone else."

Faxon Dickson, leader of the self-styled Loyal Democrats, said Texas voters must choose whether they will follow Shivers up a "blind alley" or continue their program of prosperity and the fight for world peace along Roosevelt-Truman lines.

Dickson gave warning that Shivers will be challenged not only in the state and national Democratic conventions but also at the ballot box.

He said Loyal Democrats "have a rendezvous with the governor on July 26 (the date of the first Democratic primary in Texas). There is no place on the Democratic ticket for candidates who are running against the Democratic party."

Yarborough, who will draw the support of the Loyal Democrats faction, said he believed the people of Texas "are entitled to a full-time governor."

"That's what I expected to be, and I don't intend to try to tell the people of Texas how to run their national affairs," he added.

Dickson accused Shivers of trying to create a sectional party in opposition to the National Democratic party through the insistence on an uninstructed Texas delegation to the national convention and his opposition to a party loyalty pledge for the delegates.

Dickson said the people who controlled virtually all county Democratic conventions Tuesday "The Shivercrat conventions resolved against the United Nations and World Peace; denounced the government's foreign policy, sign policy; rejected resolutions requiring presidential electors to vote for Democratic candidates; rejected the principle of majority rule as applied to the national convention; opposed all resolutions calling for social progress of any kind; approved racial prejudice and embraced 'McCarthyism,'" Dickson said.

He promised the Loyal Democrats would continue their fight against Shivers' program at the May 27 state convention in San Antonio and at the national convention in Chicago.

Finally the tail did come up,

It was the year we launched into a consolidation of government... The year 1932 was the beginning of "security at any price..."

Yes, it was quite a ball. The Old Master did a magnificent job of work. He sang like a canary...

The intellectuals were going to legislate away the human desire to acquire things... The desire to own something was "greed." The way to produce was to lean on a shovel handle...

They say George never told a lie. At least he didn't that time. Compare that with Brazil, for instance, with its 3,200,000 square miles...

BETTER JOBS

By R. C. HOILES

What Does Eisenhower Think?

Here is more from the magazine "Headlines" on Gen. Eisenhower's qualifications for President of the United States.

I wish I could reprint the whole 16 pages of "Headlines" on Gen. Eisenhower. I suggest that those who want more information than they can get from an ordinary newspaper on Gen. Eisenhower's qualifications send 20c for one copy, or better yet send \$1.00 and get five copies of "Headlines," 342 Madison Avenue, New York 17, N. Y.

"Headlines" is not a political or partisan magazine. It is not interested in the political fortunes of any party or any candidate. It is exclusively dedicated to the preservation of the American way of life. For this reason, it contends that it is its moral duty to let people know the beliefs or the former statements of men who seek prominent political positions in our country.

Here is another article on Ike from "Headlines" under the heading "Ike Gets One More Red-Tainted Award."

"Considering the very substantial Left Wing support which is backing General Eisenhower for the Presidency, it is easy to understand, but it does not explain, why Communist-minded organizations have been so generous in honoring Ike with so-called awards."

"The Communist-controlled New York Newspaper Guild gave the General its 'Page One Award' in 1945. The presentation was made by the co-chairman, Hannah Baker of the late tabloid PM, then widely known as the uptown edition of the (Communist) Daily Worker."

"The 1951 'Page One Award' winners are Secretary Acheson and two reporters for the Left Wing New York Post, Oliver Pilat and William V. Shannon, who are being honored for writing a series of smear articles vilifying Sen. Joe McCarthy."

"It should not be implied that because 'awards' donors are Red-tainted that Ike is Red-tainted, too. Ike is merely unfortunate in attracting the wrong kind of friends. The State Department and the White House have also made the wrong kind of friends. That's what's wrong in Washington now."

IRE FOR NEW DEAL. Rev. Dr. Daniel J. Poling, editor of the Christian Herald and president of the International Society of Christian Endeavor, was a Republican nominee for Mayor of Philadelphia in 1951. During his campaign, Dr. Poling asked for a campaign contribution from Joseph E. Pew, prominent Republican. "Headlines" report Mr. Pew's answer as follows:

"Mr. Pew answered that he would be glad to assist if he could be sure that Poling was a Republican. Poling replied: 'Mr. Pew, I've voted the Republican ticket at every single election since 1914, when Gen. Eisenhower personally prevailed upon me to cast my vote against Gov. Dewey of New York and vote for Roosevelt and the New Deal.'"

If Eisenhower after 12 years of Roosevelt and the New Deal didn't know that what was taking place in the United States was contrary to the principles on which this government was formed and that we should not have a President in office over eight years, then he certainly is not timber for the Presidency of the United States."

EISENHOWER'S JUDGMENT. The New York Times on October 1, 1950 quoted General Eisenhower as having said:

"I consider Milton (Eisenhower's brother) to be a great liberal... I ask his advice in things where I'm unsure to get down exactly what I mean. I think I'd take his views rather than those of anyone else."

Then "Headlines" reports: "This should be most interesting to Republican voters who want to get rid of the New Deal liberals."

A Southerner Says:

U. S. Must Face Responsibility Of International Leadership

By THURMAN SENSING Southern States Industrial Council Nashville, Tennessee

A friend recently returned from a year's stay in Japan says, "The Japanese do not want to be industrialized. But they are an industrial nation by necessity, and they must have an outlet for their goods. Right now they are looking to the United States for leadership and help in obtaining this outlet, but if they are restrained from getting in the free nations of the world through restrictions of various sorts and are forced to find it among the Communist nations, then there is great danger Japan will go communist."

A correspondent writes from Britain, "This week in Manchester I found the depression, Make no mistake about it, the cotton men are frightened. One of the leaders of the industry told me that if the present trend persists the whole industry will be virtually closed down in six months."

Now, the British are perhaps even less inclined toward Communism than the Japanese, but they both have the same problem. They are both industrial nations and must look to outside sources for the food with which to keep their populations alive. Japan has 80,000,000 people and a land area of only 147,000 square miles. Britain has 80,000,000 and a land area of 92,000 square miles.

Compare that with Brazil, for instance, with its 3,200,000 square miles and 80,000,000 people, or even the United States, with its 3,600,000 square miles and 150,000,000 people. Neither Britain nor Japan can possibly support more than a third of its population with its own agricultural production. They must sell their manufactured goods somewhere in order to buy food — and wherever that must be, that is where it will be, for people are not inclined to sit down and slowly starve to death without a struggle. That is a fact the nations of the world might just as well remember as consideration is given to the causes of war and the possibility of future wars.

who have made such a mess of running the nation's affairs, for Milton was one of them."

"Milton was one of Henry Wallace's aides in the Department of Agriculture, where so many crackpot schemes originated, and where so many members of the Red spy ring got their start."

"After the war began, Milton Eisenhower became Deputy Director of the Federal Bureau of Investigation, which was a haven for more Communists, percentage-wise, than any other Government agency."

How would you like to have "President" Eisenhower make his decisions after he had talked to his brother Milton?

Eisenhower seems to have no conception of what causes inflation. I get this impression after reading and mulling up, as quoted in "Headlines" as follows:

WASHINGTON, March 3.—"According to publicity released by the Ike headquarters here, General Eisenhower in late 1947, after the war began, Milton Eisenhower became Deputy Director of the Federal Bureau of Investigation, which was a haven for more Communists, percentage-wise, than any other Government agency."

"He believes the challenge is to clear up the confusion in people's minds as to what inflation is and what it is not to face up to it and fight it as it is, or our minds how to deal with it."

"There is some sense to what the General says, but coming from a Presidential candidate the observation is not too profound. Perhaps the only sense around in Washington is in the mind of the furor created the last time he had something to say on the same subject."

"It was at a private dinner of Republicans at the F Street Club in Washington in late 1947. Among those present were Senators Taft, Vandenberg and Bridges. Ike was already being talked about for the Presidency by Messrs. Finder, McCrary, Scheffel & Co. and felt called upon to give his views on problems facing the nation. When he got around to inflation he proposed a novel solution."

"The industrialists and other leaders of the national economy could easily lick inflation, Eisenhower said. 'The only remedy,' he declared, 'is jointly and voluntarily agreeing to forego all profits for a year... or for two years, if necessary.'"

"There was no balancing suggestion that labor and other economic groups should make a similar sacrifice."

"How can a man with such a limited understanding of our economic system presume to assure to the Presidency, especially in a time of great emergency like the present?"

"The talk was off the record but somehow the Eisenhower pronouncements leaked out and reached the press. The leak was deplored, there were excuses and explanations, but the net result was that the Eisenhower Republican candidacy was deflated. A few weeks later he wrote his famous letter declining to accept the Republican nomination."

"However, it has been contended that it was these views, which indicated a bias against business, industry and profit, that made Eisenhower acceptable to the Left Wing-New Deal crowd that tried to give him the Democratic nomination a few months later."

"This incident points up the essential need for an extensive discussion of the issues before a Presidential candidate is seriously considered for nomination by any party for any office."

America is in a bad way when it has a President who is a candidate for President from Gen. Eisenhower."

If Gen. Eisenhower is elected we will have no change in our foreign policy from what exists today. He is a Me-too candidate for spending and impoverishing America."

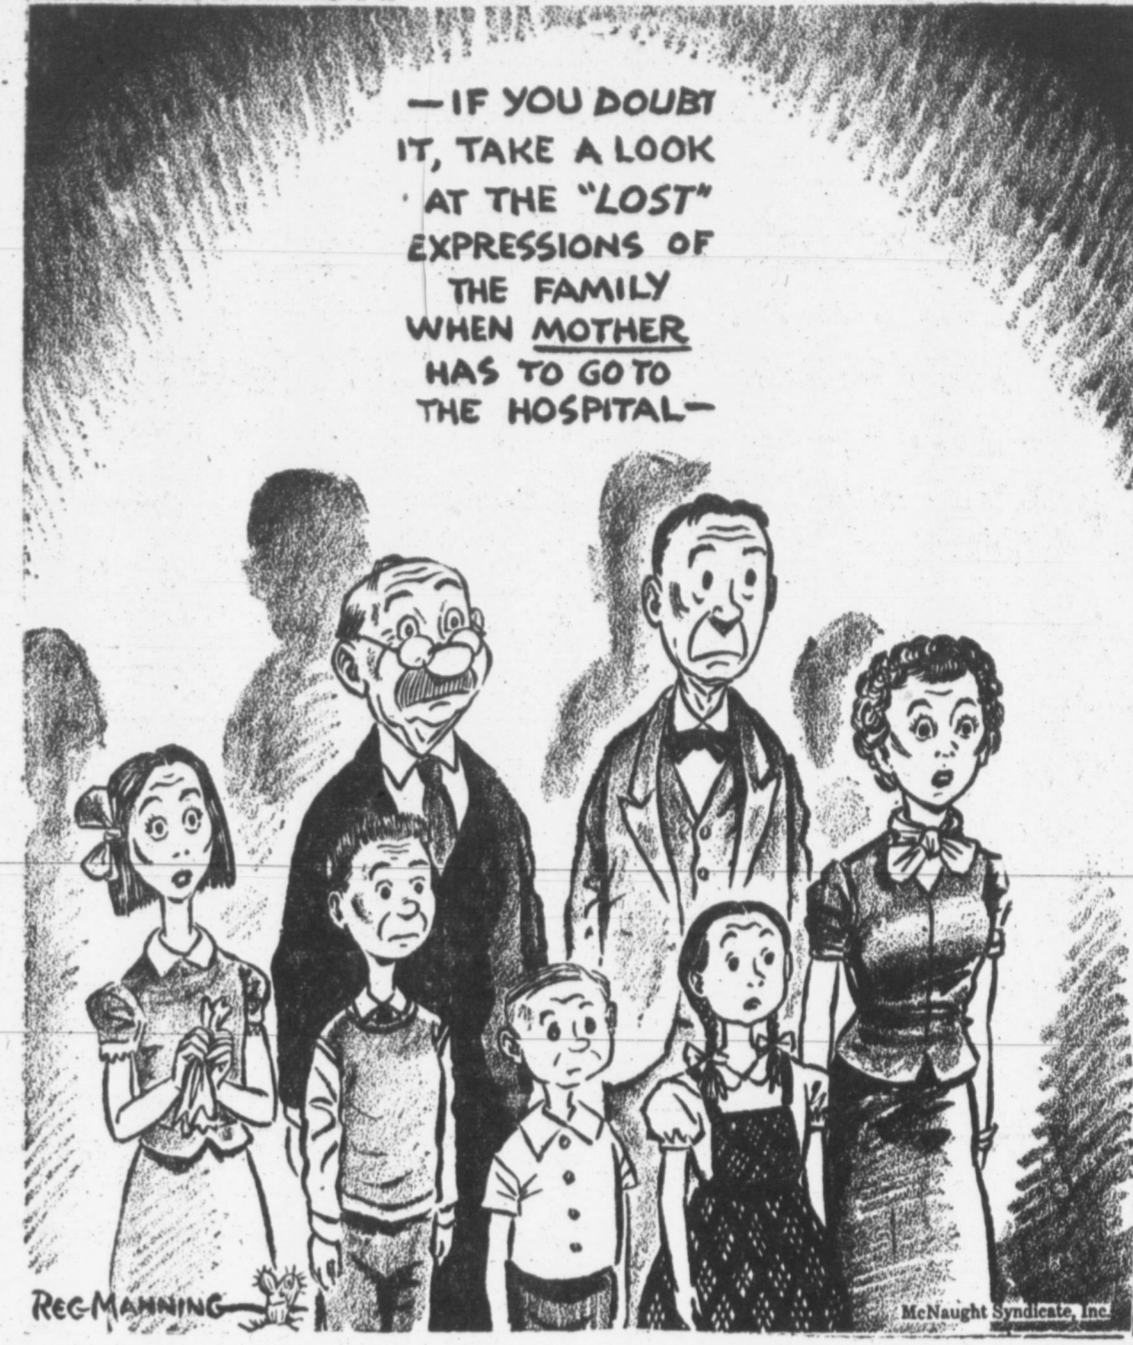

All this explains, of course, why a Conservative member of the British Parliament from Lancashire was at the Moscow Trade Conference held by the Russians recently. He was looking for power, there were let for textile goods from his area. Our government would not permit American delegates to go to this conference, and certainly the Conservative government of Britain has no ideological objection to the Communist government of Russia. But the Conservatives of Britain will very quickly develop a "trading kinsmanship" with the Communists of Russia if that seems to be the only way to prevent their textile industry from being taken down within the next "six months."

From Britain's standpoint, it is ironic that the nations they helped defeat during the Second World War, Germany and Japan, are now causing them much of their trading troubles. During the years immediately following the war, there was a world-wide demand for all sorts of goods and Britain had no trouble finding a market for her textiles and her machinery. Now Germany and Japan have proceeded far along the road to economic recovery and the machinery of Germany and the textiles of Japan are becoming harder and harder for Britain to compete with.

The Iron Curtain countries are unquestionably trying to break the more or less solid front presented to them by the free nations of the world by dangling before those needing it the bait of increased trade. Of course, the problem really works both ways; the Iron Curtain countries no doubt need the trade as badly as those they are offering it. It may be, therefore, "justice to face the situation that right when he says, 'The solution lies in the complete restoration of convertibility to the pound without delay and with a return to complete free imports.' He further states that if the people of Britain refuse to face the situation then the collapse will be disastrous."

Of one thing we can be sure — the United States cannot view these situations with a detached air as if they did not affect us and as if we had nothing to do with them. We cannot escape the responsibility of the position we now hold in world affairs.

IS Mom Important?

— IF YOU DOUBT IT, TAKE A LOOK AT THE "LOST" EXPRESSIONS OF THE FAMILY WHEN MOTHER HAS TO GO TO THE HOSPITAL—

LOOKING SIDWAYS

By WHITNEY BOLTON

REMAINDERS: New York, in particular Manhattan, has several gigantic housing projects covering literally dozens of blocks.... One, for example, is Stuyvesant Town.... Another is Peter Cooper Village.... What one form of theft most plagues these titanic living centers? The theft of baby carriages.... "Wanna buy a hot baby carriage, Mac?".... If your wife wants an automatic washing machine and you can't afford it, don't bring her one of these as a substitute, but the fact is that a plunger's plunger is almost as good and costs about \$400 less.... This startling and comic piece of information comes from a chorus girl (they call themselves dancers these days) who was classed as a luxury shop girl.... She took the \$400, bought a new coat for herself and gave him the plunger which he stabs up and down in the laundry these nights while she is hoisting her head off in a Broadway musical.... Name of the girl? Vicki Wilentz.

There are business men who go all out in advertising, and wonder why their books don't match edge to edge at the end of a fiscal year.... And there are those who won't advertise at all and they wonder why no one ever comes in their store.... Both are wrong in their thinking, but the Bureau of Business Research at Harvard has made it easy for retailers.... It has put together a reports showing exactly what percentage of your total sales volume should be spent on advertising in all categories.... Highest shows at 8.7 percent and furniture stores at 7.0.... Least? Electrical supply stores at 1.1 percent.... And all luxury shops should spend a high percentage, jewelry stores, which class as a luxury pitch, need spend only 3.9 percent.

Funny answer to an inquiring photographer who asked a woman how baseball would affect their home this year: "Not much, I wouldn't think. We've had triplets since last year.... An old smorgasbord fan from 'way back, finding the trudge around a huge table choosing from upwards of 80 dishes a fascinating chore, I am a little shocked to find Minneapolis exploding over the unsanitary features of this kind of food.... I've walked maybe 187 miles around smorgasbord tables and the worst it ever got me was the need for some bicarbonate of soda.... Nothing like colds, pneumonia, beriberi, pellagra or Fij. Fits ever come from smorgasbord-tables because the germs couldn't live in the kind of sauces they offer."

An industry called motion picture spends thousands of dollars building public relations.... It creates boards to think of ways of getting the public back into film theaters, sends actors out on tours to win friends for the movies.... And they negate every dollar spent and every treasury gesture made by continuing to hire men and women whose public conduct brings discredit on the whole industry.... I can name three individuals whose nauseating deportment hasn't hurt their employment in pictures.... Picture makers tell me that publicly disgraced conduct often does not harm players and, indeed, sometimes enhances their interest to the public.... They argue that since picture makers are in the business of selling tickets it is not bad thinking to put a notorious person in a picture if that person sells tickets.... In that case, let the industry admit that it doesn't mind commercializing notoriety and let it stop taking pious stances as a respectable medium of entertainment.

Places I Would Like to Have Been: Backstage at the Bob Montgomery show with a detached air as if they did not affect us and as if we had nothing to do with them. We cannot escape the responsibility of the position we now hold in world affairs.

International Whirligig.. America Described As Author Of Germ Warfare In Far East

By JOHN FISHER

A new sinister motive is discernible in the hysterical Russian charges that the United States is using germ warfare in Korea. Moscow is trying to frighten both captive and free Europe into halting the new NATO commander, General Ridgway, by painting him as the originator of bacteriological attacks in Asia who will plan the same alleged tactics in Europe.

The accusation that we are spreading plague germs by air is cockeyed, that Americans find it hard to believe this latest smear can be effective. Yet there are millions of people who through misery, ignorance and prejudice easily suspect us of all kinds of evils. On them the Kremlin general Ridgway, by painting him as the originator of bacteriological attacks in Asia who will plan the same alleged tactics in Europe.

The charge also was largely responsible for the fury of the recent Japanese riots that agitators for weeks had been repeating the falsehoods to pliable marchers. Red Exploiting. An example of hate-mongering preparation to turn Europe against General Ridgway was a Moscow broadcast in German to Germany that said: "On his orders the American troops are committing horrible atrocities, murdering peaceful people and dropping insects infected with deadly germs."

After blasting General Eisenhower the broadcast describes Ridgway as a fitting successor in that he, too, is "experienced in Western Europe as a deployment area for fresh war adventures."

A sample of malign propaganda employed to inflame gullible Japanese Congress of Industrial Unions: "The Japanese people, many of whom were victims of wholesale atomic slaughter by Americans, are heart and soul against the equally inhuman bacterial warfare."

"Japanese militarists are assisting the United States in the germ war and are using Japan as a base. We cannot but feel unbounded wrath at this. We shall protest resolutely." And they did with violence and bloodshed. The start of the worldwide campaign has been described in the American press and in detail in this column. The initial phase was so successful in shocking dupes that the Soviet Union has made the fraud its chief propaganda focus. Red radios and papers everywhere repeat the lie often with ingenious twists to convince doubters. Phony Conferences. A phony international women's conference was called in Vienna "in defense of children" in which its leaders maintained that Japanese parents are so impoverished that they sell their children as slaves. On orders from the U.S.A., she declared, "thousands of Greek children languish in jails and concentration camps."

Success Secrets

By ELMER WHEELER

Bill Wyatt, sales representative of the Columbia Mills, Inc., world's largest manufacturer of window shades, once told me, "Success requires a plus attitude... you must give your job everything you've got, plus just a little more."

Bill Wyatt knew what he was talking about. In any phase of life plus attitude is what will bring you success. In the office, in the home, at the club—how much smoother everything would be if we would adopt this plus attitude.

If we just forget about "doing our share", and do all we can—go that second mile, we gain more happiness for ourselves. For instance, instead of regarding marriage as a "50-50" proposition, regard it as 100 per cent in favor of your partner. You'll find more contentment in living. I'll guarantee you!

Bid For A Smile

An "eating competition" was organized in a mining town in the north of England. One competitor, a giant collier, six feet in height and broad in proportion, succeeded in disposing of a leg of mutton, a plentiful supply of vegetables and a plum pudding washed-down with copious drafts of ale. He was unanimously declared the winner, and was being triumphantly escorted home when he turned to his admirers and said: "Eh, lads, don't say aught of this to my old woman, or she won't give me no dinner."

Joan—Wow, listen to that dog bark. He must be vicious! Connie—No, haven't you heard that barking dogs don't bite? Joan—Yes, but what happens when he stops barking?

charged with dropping locusts, earth worms, mosquitoes, fleas, crickets, spiders, chicken feathers, snails, snakes, birds, rats and even foxes—saturated, of course, with cholera, typhus, dysentery and other bacilli. A new charge is that our planes dumped tiny, infected fish "shaped like willow leaves" which were found on top of a mountain. To clinch the argument on our guilt, Wei Hai, a Korean bacteriologist, solemnly declared that the discovery was conclusive evidence.

"Could these fish swim up the mountain?" he asked. "No," he replied. "Their presence is proof that the Americans put them there. They can never deny this crime."

Yet there are people who are convinced by such fantastic reasoning. One by-product of the smear campaign—perhaps one of its objectives—is that it has frightened the indolent Chinese Reds and North Koreans into improving their sanitary arrangements. Crowded quarters, filth and neglect in the past and lately have caused severe epidemics.

By scaring the coolies with the bogey of bomb bugs, Red public health officials have been able to get villagers to hold neighborhood rat-catching competitions and to work six days a month on "big clean-up days."

A diabolical objective is the possibility that the Reds may use this propaganda campaign as a warning that American airmen forced down in Communist territory may be charged with spreading homicidal germs and be given the death sentence.

Thus they may hope American commanders might hesitate to send their flyers deep into enemy country.

# This Mother's Day Business Sounds Like A Big Racket

NEW YORK — (AP) — Maybe hard — with some pretty fancy ideas.

Retailers in many cities are glum because spring business hasn't picked up as expected. Some hoped that a last-minute rush of filial love will remedy that.

Mother's day sales started out slow — Dun and Bradstreet reported yesterday retail sales in the nation generally were trailing last year by about four per cent.

But a last-minute rush, like the one that saved the day for Easter trade, could do the trick. And the merchants were trying

ly, but they're counting on a final-week rush.

Old favorites, of course, are stressed in the newspaper ads — candy flowers and perfume.

But his year one television set maker assures you "TV's the thing mother wants most."

A Brooklyn store specializing in clothes for larger women discreetly hints that's the place to shop. Another store is promoting a chair adapted to the matronly contour.

Some stores suggest that mother might be trusted with a gift certificate.

Merchants offer a wide range this year. Mother won't be happy with anything less than a \$35 wrist watch, says a Fifth Avenue jeweler. Another company urges you to buy mother potato chips. The modern mother wants a more permanent set, or a cigarette lighter, or "little furs," or a jacket

# Williams Is New Partner In Real Estate Firm Here

Wade Thomason of the Thomasson Real Estate firm is announcing as a new partner, Quentin Williams, a long-time resident and business man of Pampa.

Located in 206, Hughes Building, the business is to be renamed Thomasson-Williams Real Estate.

Williams, who has worked with the federal soil conservation program for about 15 years came to be worn while sailing her boat — say the ads.

Yes, everyone wants you to remember mother today. You'd make so many other people happy doing it.

to Pampa eight years ago and has specialized in cultivating seed grasses. He plans to continue this as a sideline. For the past year he has been connected with the local Chevrolet business.

Williams resides with his family at 712 N. Frost. He has been active in Pampa civic affairs as a Rotarian, Shriner, member of the Rodeo committee, and a leader of boys' 4-H clubs. Mrs. Williams is a teacher at Woodrow Wilson school.

Although U.S. population grew 60 million between 1910 and today, the farm population dropped from 32 to 24 million.

The least number of babies born in 1948 when Bewitch was the only one named.

# League Of Women Voters Sponsors Speaker Monday

Citizens of Pampa and the surrounding area will have an opportunity to hear a detailed account of the Mutual Security Program, when Henry S. Gordon speaks at a public meeting, jointly sponsored by the League of Women Voters and the Jaycees, at 8 p.m., Monday, in the county court room.

There will be no admission charge.

March 6, the President submitted to the Congress his request for \$7.9 billion for extension of the Mutual Security Program for the fiscal year 1953. Of this amount, \$5.5 billion would go for direct military aid mainly to Europe but would also

include military aid to the Near East, Far East, and Latin America. \$1.819 billion would be in "defense support" for Europe (this is a new term which covers financing raw materials, food, fuel, cotton, coal and machinery needed to help the European economic effort. \$656 million would go for underdeveloped countries in economic aid and technical assistance, \$50 million for the United Nations Arab relief program and \$1 million for the technical assistance program for the Organization of American States. \$75 million is requested for administration of the Mutual Security Program.

The renewal of the Mutual Security Program is now before Congress. Hearings on the Program began March 27 in the Senate Foreign Relations Committee, the Senate Armed Services Committee, and in the House Foreign Affairs Committee. The Senate Foreign Relations Committee last week voted a \$1 billion across-the-board reduction in the Program. The Senate Armed Services Committee opened hearings May 8 on the bill with secret testimony from top defense and State Department officials. Committee decided this week against an across-the-board cut, but voted a reduction in military aid for Europe and in "defense support."

Now is the time for the public to become informed on the Program and to let the lawmakers know how they feel about this important part of our foreign policy. If it is public opinion that determines foreign policy, let it not be said that it is determined in ignorance.

Citizens can get the facts at the meeting Monday night.

# Bus Passengers Help Remove Accident Victim

REYNOSA, Mexico — (AP) — Two Mexican highway patrolmen stopped a passing bus and ordered its passengers to help lift a wrecked car from the body of an American woman whose husband already had been killed.

The incident happened Tuesday eight miles Southwest of this Mexico border town.

John F. Lewis, Jr., 53, wealthy Miami Beach, Fla., retired outdoor advertising man, was killed when a tire blew out and his car overturned in a six-foot deep ditch. He and Mrs. Lewis were enroute home after a three-month vacation in Mexico.

Mrs. Lewis was pinned under the overturned car but was able to reach the horn button. She honked the horn until she attracted the attention of a passing Mexican highway patrol car.

# REDUCING DIETS CAN BE HARMFUL

Doctors at a medical meeting recently, were advised by one of their members to quit calorie counting for their overweight patients and to start finding out what is worrying the fat ones.

"It is true," this doctor stated, "that the obese person is fat because he eats too much and he must eat less to reduce."

A strenuous reducing diet can do a great deal of harm; in some cases possibly more harm than the excess weight. We believe that a strenuous reducing diet should not be undertaken, except upon the advice and supervision of a physician.

And don't say it's your thyroid while reaching for the box of chocolates. Possibly one bulky person in 100 has some glandular disturbance and that is truly a case for your doctor. Never take any treatment for a glandular condition without your doctor's advice. But for the other 99 per cent who are trying to fight the "battle of the bulge," common sense is the watchword. It is not necessary to overeat and it is not necessary to go hungry either. Furthermore, it just doesn't make sense to go on a rigid diet, take off weight, and then quickly put it back on again when the diet period is over. For it is obvious that one cannot continue a starvation diet over a protracted period.

**Vitamins versus Reducing**

Within the past year or so, several reducing "Plans" have appeared on the market. You will find by studying the "Plan" that it consists of a regimented diet, vitamins and minerals. Now vitamins have their uses and if you want to take vitamins or your doctor has prescribed them for you for a specific lack of any one of a number of vitamin needs, that is one thing, but for reducing, that is something else again.

If you will study the above mentioned "Plans" you will probably note that the plan calls for a regimented diet, which of course should take off weight. You will also note that the pills or tablets you take are vitamins or minerals. Of course the said minerals and vitamins will help to fortify you for the lack of essential food you are foregoing, but you cannot live on the vitamins. You must have sufficient well balanced food to maintain health. Therefore, why pay for a "Plan" if you want to go on a starvation diet, you can do it very easily, but as we mentioned before, a rigid diet should not be attempted without your doctor's advice.

**The Harmless Way**

Here is a way to help you take off weight that is not based on the rigid diet and vitamin "Plans."

You eat all you want, but you eat LESS. Sounds like double talk, but it isn't. It deftly stops you eating more than necessary; for the energy you spend. At the same time it dehydrates and eliminates. The preparation referred to is called Barcetrat, which you can get at any drug store. Nearly four and a quarter million bottles of the preparation have been sold in Texas in the past nine years.

Here is all you do. Just get a four-ounce bottle of liquid Barcetrat from your drug store. Pour contents into a pint bottle or jar. Add enough grapefruit juice to fill bottle. Then take two tablespoonful twice a day in four directions on label. That's all there is to it. There is nothing harmful in Barcetrat. In fact, thousands of people take it after losing the required weight, as a tonic. You can lose weight with Barcetrat without starvation diet or calorie counting.

As Mrs. Pearl Higgs, 1601 North Jackson, Odessa, Texas, wrote us: "I am very well satisfied with Barcetrat. I have lost 20 pounds taking it and I eat all I want. I think it is a wonderful medicine for overweight people."

**This Lady Lost 25 Pounds**

Mrs. Curtis Chandler, Otton Route, Plainview, Texas, is another lady who can't say enough for the merits of Barcetrat. She wrote us as follows:

"I lost 25 pounds taking Barcetrat only a few weeks and I highly recommend it for taking off weight. There is no other product like Barcetrat and I am forever grateful."

If the very first bottle of Barcetrat does not show you the way to reduce sensibly, safely and easily, return the empty bottle. Your money back. Compare the cost of Barcetrat with any of the reducing "Plans" on the market and you will find it less than half the price. The tremendous volume sales of Barcetrat enable us to hold down the price.

# Southwest Conference Closes Doors To Expansion At Present Time

**By HAROLD V. RATLIFF**  
DALLAS — (AP) — The Southwest Conference Saturday voted to continue as a closed corporation of seven members and to ward off applications for places in the future decided that any new members would come in only by invitation.

The faculty committee, governing body of the conference, thus closed the door to Texas Tech, which has been trying to get in since 1927, and to University of Houston, which first made a bid in 1948.

Applications of these two schools were up for consideration but the committee said "it is the opinion of the conference that the pressure generated among members and between areas of the state are not conducive to continued harmonious relations in the conference and would affect unfavorably any school which might have been added at this time."

This undoubtedly referred to a strong campaign put on by Tech supporters to get into the conference.

Athletic Director DeWitt Weaver of Texas Tech said he felt the action of the conference would "hurt the conference more than it will hurt Texas Tech. The conference is denying West Texas a chance to have Southwest Conference football. We are going to provide West Texas with the best athletics possible. Naturally we are disappointed."

The faculty committee also took steps to de-emphasize athletics and alleviate pressure by raising the standard of scholastic eligibility and calling for an apportionment of bowl game receipts among all members of the conference. Until now the conference campaign got all its receipts in the Cotton Bowl except 25 per cent paid to the conference. It was the same for any conference game.

The committee decided in the future the scholastic standard for athletes in the conference schools would be that they pass two thirds of their work in the first two semesters and beginning the second year pass 24 semester hours per year. The old rule was that 20 hours work be passed each year.

And, making it even stronger, the committee decided that an athlete in his final season of eligibility must have passed an average of 12 hours per semester and maintained an average grade of C.

The conference decided that any conference team which plays in a post-season game shall distribute its receipts as follows: after \$10,000 for expenses and \$20 a mile for travel is deducted, the net receipts will be divided into 10 shares. The school competing in the bowl game will retain three shares and will forward the remaining seven shares to the conference office which will distribute one each of the six other schools and retain one share itself.

## Area Athletes At Phillips Tryout

**PHILLIPS** — (Special) — Twenty-eight boys from surrounding towns were at Frank Phillips College yesterday for the purpose of trying out for basketball scholarships.

The most outstanding of these boys will be given scholarships to Frank Phillips College. There were boys here from the following Panhandle towns: three from Briscoe, two from Stratford, three from Samnorwood, one from Hapoy, three from Dumas, four from Quail, one from Hale Center, one from Wheeler, two from Perryton, one from Anson, two from Vega, and three from Dimmitt which last year won the state Class A championship with a record of 36 straight wins and no defeats.

From these boys Coach Jimmy Holton will pick the most outstanding boys to make up his 1953 edition of Frank Phillips College Players.

Boys who will probably be back to add strength to the new-

## Area Women Here This Week

The Panhandle Women's Golf Association will hold its first meeting of the season at the Panhandle Country Club this coming Wednesday. Representatives from Huber course of Borger, the Phillips-Country Club, Amarillo Country Club and Ross Rogers course in Amarillo will be present along with the Pampa ladies.

The Phillips Country Club ladies are the defending champions in the medal play affair. Three points go with each match, one on the front nine, one on the back nine, and one on the 18-holes.

A business meeting will be held in the morning with the tournament getting underway right after lunch.

"You get a better car from Buick, too."

**It makes each drop of gas say uncle**

ACCORDING to combustion experts, there's as much energy locked in a drop of gasoline as there is in a drop of nitroglycerine.

But the problem is to put that energy to work. So Buick engineers aren't content just to mix that drop with air and touch it off. They've designed an engine that brings it catapulting into a cylinder head where it strikes a turbo-top piston—gets whipped into a churning, swirling ball of tight-packed energy.

Then it's fired. And when that happens, a drop of gasoline certainly lets loose power.

This isn't something that happens in a "car of the future." It happens in a Buick Fireball 8 Engine today. It's a high-compression engine. It's a valve-in-head engine. But it's also a Fireball in performance as well as name.

And it puts extra power under the hood—and extra miles in the fuel back in the gas tank. Now, power is great, but what goes with it? Mister, that's something you ought to find out—and soon.

What goes with it is an automobile as sweet-handling, eager and willing as anything that ever made your pulse leap to a faster beat.

It's a car that seems to know what you

want it to do—true and sure in its course on a straightaway—beautifully balanced on curves.

It's a car with Dynaflow Drive\* to feed power with infinite smoothness—and a road-hugging levelness of ride that took a million in cold cash to perfect.

And it is, with all this, a very tidy bargain. Why not price it, drive it, know it for yourself? We'll be glad to arrange a demonstration.

Equipment, accessories, trim and models are subject to change without notice. Wheel Covers standard on Roadmaster, optional at extra cost on other Series. \*Standard on Roadmaster, optional at extra cost on other Series.

**Sure is true for '52**  
When better automobiles are built **BUICK** will build them

# Texas Aggies Win Southwest Conference Track Meet; Davis Nears World Mark

LUBBOCK — (AP) — Giant Wal Davis of Texas A&M leaped 10 1/2 inches yesterday to come within a half-inch of the world's record and highlight the Southwest Conference track and field meet won by Texas A&M in one of the most dramatic and one of the most thrilling of the Aggies' taking their second championship in a row and their first in six years, rolled up 93 points but didn't make it runaway as was the case last year. Texas finished second with 1-2, Southern Methodist third with 5-4, Arkansas fourth with 1-3, Rice fifth with 18, Baylor sixth with 7 and Texas Christian last with 6 1-2.

Davis' leap was the mightiest of the meet. It erased the conference record of 6 feet 5-8 inches, set in 1950 by Bob Walters of Texas, and also was the greatest any man has jumped since 1941 when Les Sievers of Oregon set the world's record at 6 feet 11 inches.

Davis actually jumped 6 feet 1-2 inches and it was announced as a world's record. But it was found that the highest point of the "fan" — the takeoff area — was an inch more than the lowest, thus an inch had to be taken off Davis' jump. This is the rule when a world's record is being considered.

Charles Thomas of Texas sped 22 1/2 yards in 30.4 seconds to clip a tenth of a second off the conference record set by Harvey Wallender of Texas in 1935, and Ralph Person of Texas ran the 220-yard low hurdles in 22.5 seconds, shaving three-tenths of a second off the record set by Bob Hall of Texas-A & M in 1949.

Thomas was high point man of the meet with 11 1-2. He won the 220, ran on the winning sprint relay team and was second in the 100-yard dash. Smith was next with 10 1-2 with first in the 100, third in the 220 and a lap on the sprint relay team. Hooper was next with 10 points through his victories in the discus and the shot put.

He won the shot with 53 feet 7 1/4 inches. He already held the shot put record of 54 feet 1-2 inches set last year.

## Clawitter Named Gold Sox Manager

AMARILLO — (AP) — Ted Clawitter, veteran catcher who piloted the Borger Gassers in 1946, was signed Friday as manager of the Amarillo Gold Sox, replacing Pat McLaughlin who resigned Wednesday.

He was a popular player with the Gold Sox in 1948 when they won the West Texas-New Mexico League and Little Dixie Series championships, and in 1949.

He was out of baseball last year after a serious back injury suffered in an accident during the previous winter, which eventually forced him into a long period of hospitalization.

Clawitter began his organized baseball career in 1934 when, as a student at the University of Arkansas, he was signed by Little Rock of the Southern As-

### HOW TO PREPARE FISH FOR SMOKING

FISH SHOULD BE AS FRESH AS POSSIBLE AND CLEANED AS IF FOR COOKING. THEN PLACE THEM IN A PAN AND COVER THEM WITH TABLE SALT. POUR JUST ENOUGH WATER TO SATURATE THE SALT, MAKING A HEAVY BRINE.

SOAK FISH FOR 3 TO 4 HOURS THEN DRAIN (DON'T RINSE) BEFORE PLACING ON THE SMOKING SHELVES. LEAVE SPACE AROUND EACH FISH FOR PROPER SMOKE CIRCULATION!

LARGE FISH SMOKE BEST WHEN CUT INTO 4 IN. THICK FILLETS.

Association and farmed to Pine Bluff of the Cotton States League.

# Lamesa Lobos Snap Oilers' Win Streak With 10-4 Win

## Meet Your Oilers

Another new, smiling face around Oiler Park this season is that of Ivy Griffin, popular business manager of the team. A former major league player with Connie Mack and the Philadelphia Athletics, Ivy has held about every position in baseball from player through manager, executive and scout.

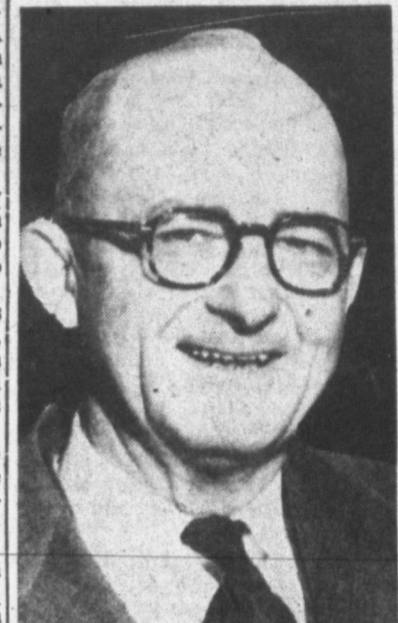

Ivy joined the club in January and since that time has been very busy molding the ballclub that is now hustling Pampa into first division in the league.

Ivy's 30-year career had its beginning in 1919 with Mr. Mack, extended through three years in Philadelphia, eight years with the Milwaukee Brewers, two years at Little Rock, one at Williamsport, one at Asheville, and in 1935 he became player-manager of the Jenaerret, La., club in the Evangeline League, winning the pennant that season.

His travels continued from then to Cordele, Ga., Selma, Ala., Eau Claire, Wis., (where he first ran into Deck Woldt) Madison Wis., Mobile, Ala., Greenville, S. C., Macon Ga. and Augusta, Ga.

Ivy was born on Jan. 16, 1893 at Thomasville, Ala., is married, and has one daughter, Marion, 22. He makes his winter home in Mobile, Ala. During his career he hit over 300 for 16 years and never played any other position than first base.

Always ready with a smile and a good word, Ivy is doing a fine job of assembling a team that will represent Pampa well and provide the kind of play fans want to see.

IVY GRIFFIN... business manager

Fortin paces Westex-Newmex hitters with .487 average

Joltin' Joe Fortin, an ex-Oiler outfielder, is presently leading the West Texas-New Mexico League batting race according to official averages released today. The figures are for all games through last Monday, May 5.

Fortin, in the first 11 games played by the Lobos, had 19 hits in 39 trips to the plate for a .487 average. Eddie Bucz, Lubbock newcomer, was in second with a .457 mark, while another ex-Oiler, Francis Rice, was holding down third with .456.

The Lubbock Hubbers were the top hitting team with a magnificent .332 average over their first 11 contests. Lamesa was second with .298 and Pampa was sixth at .282.

Rice was the top hit producer with 26, as well as the home run leader with 6. I. B. Palmer of Lubbock has clubbed the most doubles, 8, and Deck Woldt and Hal Abbott of Albuquerque led in triples with two each. Bucz is the runs batted in leader with 19. Another ex-Oiler, Virgil Richardson, has drawn the most walks, 15, and Rice has fanned the most times, 10. Rice has also scored the most runs, 22.

The Oilers have stolen more bases than any other team, 11, proving that Manager Jake Phillips has his boys running the bases with abandon, but not too wildly, because only two would-be thieves have been caught stealing.

On the field, Richardson, Clovis, 15; Abbot, Munoz, Albuquerque, and Bowland, Abilene, 13 each.

Strike outs: Rice, 12 three others tied with 8 each.

Runs batted in: Bucz, Lubbock, 24; Cuitti, Albuquerque, 22.

Runs scored: Rice, 22; Palmer, 19; Jacinto, Lubbock, 16.

Doubles: Palmer, 8; Fortin, and Sudol, Pampa, 7 each.

Triples: Woldt, Pampa, and Abbott, Albuquerque, 2 each.

Home runs: Rice, (6); Day, Abilene, and J. Hayes, Amarillo, 4 each.

Bases on balls: Richardson, Clovis, 15; Abbot, Munoz, Albuquerque, and Bowland, Abilene, 13 each.

Average: Fortin, Lamesa, .487; Bucz, Lubbock, .457; Rice, Clovis, .456.

Hits: Rice, 26; Palmer, Lubbock, 24; Cuitti, Albuquerque, 22.

Runs scored: Rice, 22; Palmer, 19.

LAMESA — (AP) — The Lamesa Lobos won another ball game here Friday night, their fourth straight, this time defeating Pampa's Max Molberg, 10-4, in a game halted in the top of the seventh because of blowing sand, rain and hail.

It was the first defeat for Molberg, who has won three games for Lamesa.

The Lobos started in the first inning by scoring one run when Jackie Wilcox singled and Joe Fortin got the first of his six runs batted in on another single.

They picked up two more tallies in the third. Bob Falk led off with a double and Fortin homered over the centerfield fence, 371 feet from the plate.

In the fourth and fifth, Lamesa got single runs. The fourth inning score came when Stan Malinowski singled and was driven home with a triple by Jim Calahorra.

In the fifth, three straight singles by Falk, Frosty Kennedy and Vic Garcia produced another run.

**Big Sixth Inning**

The big inning came in the sixth. Malinowski singled but was forced at second by Calahorra, who later scored when Molberg made a three base error on Carrier's bunt. He threw the ball clear into deep rightfield corner.

Wilcox singled and was forced at second by Falk. Stokes singled and Fortin drove his second homer of the night over the centerfield fence.

Pampa got one in the second on a single, a stolen base—both by Manager Jake Phillips—and an error, which put him on third. He scored on a double play.

Don Moore was safe on an error in the third, stole second and went to third when Carrier overthrew first base trying to get Norm Auerback. Deck Woldt was then intentionally passed to load the bases. After Moore was forced out at home, Phillips singled to score two runs.

Bobby Brown, the Lubbock rookie shortstop who handled eight chances in the field without an error Friday night, got his first organized ball home run in the fourth for the Oilers' other run.

At the start of the seventh, with one out and two men on for Pampa, Umpire Tongate called the game. It was impossible to see in the thick sandstorm.

White Sox Stave Off Tiger Rally

DETROIT — (AP) — Relief Pitcher Bill Kennedy rescued the Chicago White Sox for the second straight day to give veteran Joe Dobson his fourth victory, 6-3 decision over the Detroit Tigers yesterday.

Kennedy snuffed out a bases-loaded rally with one out in the 16th inning Friday. Yesterday he came in with runners on second and third, a 3 to 0 count on batter George Larnach and none out in the eighth. Chicago was leading, 5-1. Two long flies by Johnny Lanning and C. G. Bell scored two runs but Kennedy struck out Pat Mullin to retire the side.

## Arizona State Put On Year's Probation By Border Loop

TEMPE, Ariz. — (AP) — The Border Conference Friday clamped a year's probation on Arizona State College at Tempe "to let the school know it merits disciplinary action."

The unanimous action came at the spring meeting of the group's executive committee.

C. Zaner Leshner, Tucson, conference secretary, said the college already has "done all it could to adjust the matter" of using an ineligible football player, Joseph Matesic, on the 1951 ASC squad.

The faculty representatives directed Prof. C. E. Southern, the school's conference committeeman, to scrutinize Arizona State's athletic matters closely during the coming year. The probation can be removed next spring by majority vote of the committee.

No scheduled athletic contests of Arizona State are to be affected by the move.

In other action the conference voted to:

- Prohibit high school students from sitting with or taking trips with college teams.
- Change the wording of the rule governing spring football practice to permit 20 sessions in a 35-day calendar period.
- Limit Cage Drills
- Close the conference to further membership for the present, without discussing admission of Midwestern University of Wichita Falls, Tex.
- Defeat a proposal prohibiting high school youths from taking part in football practice drills.

Approve a coaches' recommendation that the home bowl team receive the same financial guarantee as visiting teams with the one exception that the visiting squad may receive \$1000 more for traveling expenses.

Prohibit intrasquad games off the campus.

Prevent basketball practice sessions before Oct. 15 and start of the regular season before Dec. 1; to adjust the matter" of using an ineligible football player, Joseph Matesic, on the 1951 ASC squad.

Table a proposal to change spring football practice drills.

Limit baseball practice sessions and schedule to a 3 1/2 month season between Feb. 1 and the end of the spring semester.

Approve eligibility of Richard Heber, Tempe javelin star from Buenos Aires who participated in Olympic tryouts in that city last week.

Refuse another year's eligibility for Norman Ingerbreston, ASC transfer from St. Mary's College of California.

The executive committee put the following proposals on the agenda for its mid-winter meeting Dec. 13 at El Paso: 1. A penalty of permanent disqualification for falsifying credentials, 2. A requirement that senior college transfers be permanently ineligible, 3. That only one spring practice football game be allowed and 4. discussion of new conference members.

Robert A. Collins, dean of Hardin-Simmons University, was elected president of the conference and Leshner was re-elected secretary.

## Arizona State Put On Year's Probation By Border Loop

DOG FISH — Proud Warren Cameron, 11, displays a seven-pound largemouth bass to two admirers, brother Gary, 7, and Gary, their pet. Young Warren, son of Del. Cameron, prominent trainer and driver of harness horses, caught his prize in a Pinehurst, N. C., lake. (NEA)

## White Sox Stave Off Tiger Rally

DETROIT — (AP) — Relief Pitcher Bill Kennedy rescued the Chicago White Sox for the second straight day to give veteran Joe Dobson his fourth victory, 6-3 decision over the Detroit Tigers yesterday.

Kennedy snuffed out a bases-loaded rally with one out in the 16th inning Friday. Yesterday he came in with runners on second and third, a 3 to 0 count on batter George Larnach and none out in the eighth. Chicago was leading, 5-1. Two long flies by Johnny Lanning and C. G. Bell scored two runs but Kennedy struck out Pat Mullin to retire the side.

Player Who Tries To Help Game Gets Most Out Of Golf

(Sixth of a series as told to Harry Grayson, NEA Sports Editor)

By JACKIE BURKE Golf's Newest Star

There are two types of players at every club. One wants to improve his game.

The other plays for exercise. Ninety-nine of 100 golfers who don't break 100 consistently tell you they are not interested in bettering their scores.

But let one of them shoot a 95 and he is pleased and thrilled.

To get the most out of golf, keep trying to improve.

The player who wants to play better looks for competition.

He is never satisfied with his game.

He worries if he has a poor score.

He replays every round mentally, pointing out missed putts and flubbed drives.

That fellow is bound to go somewhere in golf.

The exercise golfer isn't interested in his game and his scores show it.

He concedes himself five-foot putts, tees up on fairways, kicks his ball out of holes in the rough.

He can even laugh off a 100 on a short hole.

To be sure this type of player gets something out of the game, but not the benefits, fun and thrills he could obtain if he tried to improve.

FREE AND EASY—Try a relaxed practice pivot. (NEA)

To get the ultimate out of the game, you must practice, study the game, play in keen competition and try in every way to lower your score.

Sometimes in experimenting to improve you make mistakes. Players often change their stance, grip and clubs.

Sometimes they change for the worse, but the fact that they are trying to get better shows they are interested.

And even if they make many mistakes they cannot help correcting a fault here and there.

Try a relaxed, easy practice pivot. If you feel free and at ease you probably have the proper stance, balance and grip.

While the use of the hands and forearms are the basic factors of the proper swing, the hips and shoulders cannot be neglected.

They must turn enough to take them out of the way of the hands and forearms.

There cannot be any obstruction to the smooth, flowing swing of the forearms.

The length of the backswing depends on the club being played. Woods and long irons require a fuller backswing than short irons.

Golf doesn't come naturally to anyone.

Ability, physique and mental outlook being equal, the player who practices the most will play the best and get the most out of the game.

NEXT: The irons.

Greens Gossip

By HOGAN O'SNEAD

The fifth annual Junior Golf Tournament is the big talk at the golf course right now. The youngsters are getting in their practice licks and looking the trophies over, imagining how they will look in the home.

The kiddos will begin play at 3:30 next Friday afternoon, with the little fellows playing through Saturday and the big fellows through Sunday, at which time the champions in various age groups will be decided.

Bob Prigmore defending champion will not be able to participate in this year's meet because of a knee injury suffered in football last fall.

This leaves two Prigmore boys—Richard and Don—who will try and get the title for the Prigmore home.

Both are capable of coming out on top. Richard was champion in 1950, while Don is just now getting his game in shape to become a real threat to all the boys.

Original Tournament The first two junior tournaments, 1948 and 1949, were won by Jimmy Howard, one of the finest athletes to ever come out of Pampa High school.

Jimmy is now attending West Point and playing all the sports he played while at Pampa.

I remember when Ham Luna first began the junior tournament in 1948. Twelve boys were entered. I was checking with Johnny Austin the other day and he has scoring records on 64 youngsters at present; so you can see that junior golf is really going places in Pampa.

Good luck to all of you junior players in next weekend's play. I think all of you could win. But if you don't, there will be another tournament.

A date has not been selected for the next meeting of the Panhandle Men's Golf Association play as yet.

Will let you know as soon as one is decided upon.

The first meet of the season for the Panhandle Women's Golf Association will be held in Pampa next Wednesday.

Sincerely hope to see all the lady players of Pampa playing on that day. This is a good opportunity to go into the lead for this summer's championship.

SPORTS AFIELD

By TED KESTING

There's a new kind of land grab going on. It nibbles small chunks of public land steadily, day after day, and like the drip of a leaking faucet, these losses add up to a startling volume.

It's all legal but nonetheless, it adds up to a racket—the filing of bogus mineral claims to gain title to public domain.

The federal mining law is 85 years old and does not make clear the difference between surface and subsurface rights.

This mining loophole opens the way for numerous abuses of surface resources. During a trip through several western states, Cleveland Van Dresser, an outdoor writer for national magazines, saw bear hunters, hot-dog stands, private homes and motor courts located within national forests and other public land areas that were masquerading as "mines."

All these people had to do was find a piece of land that is sufficiently mineralized, locate a claim, file it in the county seat—and there it is on their way toward owning some property out of the public domain.

The mineral requirement is not much of an obstacle. In fact, a judge sitting on a claim case said somewhat cynically that the copper in a penny was enough to show mineral traces for 640 acres.

In case you think this just a flight of fancy, here is one phase of the situation confronted by the Forest Service: Close to one million acres of national forest land have passed into private ownership under the mining law.

According to the best estimates available, only about 14 percent of these lands have ever produced minerals in commercial quantities.

Here's another case: The Bureau of Land Management inspectors heard of a sawmill operating on public land. They investigated and found the mill. This claimant simply took a broad interpretation of the law (which states in effect that a claim locator has the free use of as much timber as he may need to pursue his mining operations) and cut down all the timber on his claim and sold it.

There was enough of it to warrant erecting a sawmill. Morally, in that timber was the property of the American people. But by the looseness of the mining laws and inadequate enforcement of the existing regulations, a single individual got profit from it besides defacing a public area.

Indians Halted By Byrne, 6-4

CLEVELAND — (AP) — Southpaw Tommy Byrne snapped the Indians' five-game skid Saturday by pitching the St. Louis Browns to a six-hit, 6-4 victory.

Byrne checked the Indians' 13-game winning streak last season and their seven-game string at the start of this season. Yesterday he handed them their first defeat of the year here where they had won five in a row.

Jim Rivers paced the Browns attack against Eddy Herrera and Lou Brissie with a homer and two singles. Bob Nieman also homered as the Browns made it three straight over the Indians.

GETTING READY — Frank Outhier, Don Prigmore and Barry Oates, (left to right) Junior golfers, are pictured checking their card and watching some other junior golfers prepare for the city tournament scheduled to start Friday afternoon. It will be a wide-open tournament, with the defending champion, Bob Prigmore, unable to play.

Junior City Golf Tourney Begins Friday Afternoon

The annual Pampa Junior City Golf Tournament will open the tournament season at the Pampa Country Club this week when the youngsters start slugging it out next Friday.

The tournament has been broken down into three flights: "A" flight, all youngsters 15 through 18 years old; "B" flight, all youngsters 12 through 14; and "C" flight, all youngsters up to 12.

The youngest group will not have to play the same number of holes as the "A" flight golfers. Play will be on a handicap basis, medal play.

The defending champion of the tournament, Bob Prigmore, will not be back due to a knee injury which has kept him out of action all year.

Only two other boys have won the tournament, now in its fifth year. They are Richard Prigmore and Jimmy Howard, a two-time champion.

The tournament is co-sponsored by Ham Luna, head of the Country Club Tournament Committee.

Luna annually presents the championship trophy to the tournament. In addition, there will be appropriate awards of smaller trophies as well as medals for the contestants.

Blue Sox Rally To Nip Hubbers

ABILENE — (AP) — A neat bit of clutch hitting and a frolicsome wind provoked three Blue Sox runs in the ninth inning, after two outs, and this rally was good for an Abilene victory, 4-3 over the Lubbock Hubbers in a WT-NM League series opener here Friday night.

Pitchers had the upper hand, except for the first and ninth innings, and effective hits were well scattered.

Otho Niticholas, veteran right-hander, chalked up his fourth win in 21 starts for the Blue Sox, recovering from a shaky start to shut out the Hubbers before the first inning.

Lubbock ..... 300 000 000-3 10 1  
Abilene ..... 000 100 003-4 8 3  
McDonald (7), Macdonald (9) and Palmer; Niticholas and Bowland.

Softball Season Opens At Lefors

LEFORS — (Special) — Opening under the lights on the public square Monday night at 8 o'clock, the Lefors Municipal Softball League will launch what is hoped to be its most successful season.

One Pampa team, the Pampa Foundry, will participate in the six-team loop which will play games on Monday, Tuesday, Thursday and Friday nights.

Other entries include Skelly Oil Co., Texas Company, Foxworth-Galbraith Lumber Co., and Southern Production Co. (formerly Danciger Refining Co.) as well as Phillips Petroleum Co.

The league will play a double round robin schedule with a split season. Winners of each half will play a series to determine the league championship.

The opening game will find Skelly vying with Phillips Petroleum Monday night.

Tuesday night Texaco, last year's champions, meet Pampa Foundry while Thursday night Foxworth-Galbraith ties into Southern Production to complete the first round.

This year the league has adopted a number of new by-laws and ground rules among which is the procedure of selecting umpires. It was agreed that each manager would submit the names of two men who would be suitable for umpiring and from the list 113 managers would get together before game-time and agree upon the two officials to work the game.

Game time is scheduled for sharply 8 o'clock each night and the public is invited. The field is well lighted and is in the heart of Lefors, right on the main highway, with ample parking space. Larry Fuller, secretary-treasurer of the league.

Q. What is the major league mark for runs driven in by a player in one game?  
A. Jim Bottomley of the Cardinals set the record by driving in 12 runs, Sept. 16, 1924.

Q. Was Walter Johnson ever put out of a game by an umpire?  
A. The great Washington pitcher was never ousted from a game in 21 years. He had as good control of his temper as his fast ball.

OUT OF DOORS with Field & Stream

By JOE STETSON Dog Editor

"What's the reason for that?" said Dave, pointing to a dog in the front yard we were driving by.

"For what?" I asked, looking at the dog and seeing nothing unusual in his behavior.

"Eating grass," said Dave. "My new pup does it. He eats grass and then sits and regurgitates it. He's been doing it every time I let him out since the new Spring grass has been shooting up. What's the use of his eating it if he gets can't do him any good that way."

Dave was new in the suburbs. City bred, he was enjoying his first dog and I suppose it is quite natural that he wondered why dogs, with tooth structure quite inadequate for the purpose, will eat grass and then go through the process of regurgitation.

"It is quite instinctive," I told him. "Dogs don't know why they do it, but it has a definite purpose. The long blades of grass get tangled up with any worms

that may be in their stomach, as the worms can then be gotten rid of.

"If there is no grass around dogs will even eat straw or hay or similar material if the urge is strong enough and grass is unavailable. In the natural state most dogs or dog-like animals have worms. They develop a sort of tolerance for them, but the performance they go through the nature's way of getting rid of the excess."

"Then dogs aren't the only animals that do it?" Dave asked. "No," I continued. "Foxes and wolves do it and you have probably seen cats do the same thing. It isn't the only peculiar thing that they do instinctively. When dogs lie down they often 'ground' and 'round,' sometimes scratching a bit with their front feet. Just think what a comfortable bed would be made if the dog were turning around in leaves or moss or dry grass."

"What should I do about this grass eating business?" Does it mean that I should have the dog wormed?"

"No, not at all. The only way to determine whether a dog needs worming is to have him examined by a veterinarian and the examination should be for all kinds of worms. Meanwhile, the dog will go right on with his grass eating act periodically whether he needs worming or not, and a lot of folks will go right on wondering why."

"The IBC has been asked to answer charges that it controls champions and leading boxers, big city arenas and radio and television rights for big time boxing and that it has alliances with other promoters contrary to the best interests of boxing."

The promotional body, which took over the role once held by Tex Rickard and later Mike Jacobs' Twentieth Century Sporting Club, stands to lose its license if its acts are found detrimental to the sport.

The government also has shown interest in the IBC operations, having filed a civil anti-trust suit against the body March 17 based on similar grounds.

Both James D. Norris, and Arthur M. Wirtz, the powers of the IBC organization, contend their business is strictly legal.

"We've acted on advice of counsel who said our actions are perfectly legal," said Norris.

Sports Roundup

By GAYLE TALBOT

ing to Walter Stewart, sports editor of the Memphis Commercial Appeal, the horse to get rich on from here on is Sub Fleet, the animal you might have seen leave the pack in the straggle a week ago and make that near-stabbling run at Hill Gall. Says the Tennessee oracle:

"In order to insure the future seems best to flourish second in the Derby. Hill Prince did win the Preakness and became horse - of - the - year. So did Capot, and proved it was all a mistake by taking both Preakness and Belmont. Bimelech, second to the wretched Gallahadion, was first in the Belmont and Preakness. Phalanx was a head behind Jet Pilot and then clouted the Belmont and became the finest three - year - old of the season."

Dr. Forrest C. (Phog) Allen, Kansas basketball coach, as quoted by Dick Snider in the Topix Daily Capital:

"It looks to me like one of the biggest basketball sores in the east, Madison Square Garden, is on the way out. I have definite knowledge that fixes have been going on in the Garden since 1935. It seems to me that no one respecting college president will permit his boys to be subjected to the vice that surrounds the Garden. It's one place basketball could do without, and one place I'm sure that college presidents will take off the basketball map."

They swear that two Pittsburgh fans, leaving the park after watching the Pirates drop another decision, were heard discussing one of Billy Meyers' numerous rookies. One of them said he liked the boy, but expressed the opinion he should be sent to a minor league team for a year or two.

"Where," his companion demanded, "can you find a minor league club than the one he's with right now?"

Tony Betts in the New York Mirror: "Much embarrassment will be caused in official racing circles if the Brooklyn investigation into gambling touches upon the link between the bookmakers and the mutual into the legal market. This happened at the most pious palaces on the code of standards circuit."

Rogers Hornsby of the St. Louis Browns says his Cling Courtney is the first respected catcher he ever saw. He recalls that Len Meadows was the first pitcher and George Toporcer the first infielder.

"To me catching is the best spot for a player like that," the Rajah reasons. "He has the mask to protect him, while any place else he's liable to get a bad hop. Courtney tapes on his glasses and he doesn't have any trouble when he throws the mask off on a foul fly."

It's a good tip for the little leaguers.

Dave Hoskins, first Negro player in the history of the Texas League, is filling the colored section in the stands everywhere the Dallas club appears, even when he isn't scheduled to pitch. He won his first three games. Seattle has bet Denver a salmon against a turkey that it again tops the mile high city in base-ball attendance this season. Seattle led all the minors last year with a total of 485,727. Denver, in a league two classes lower than the coast circuit, was second with 424,065.

Buddy Young Inks Texan Contract

DALLAS — (AP) — Claude (Bud) Young, the Negro baseball ball player, has inked a contract with the Dallas club.

Young, who packs 170 pounds into a 5-foot, 2 1/2 inch frame, twice tied the world's record in the 50-yard dash and holds the world mark in the 45-yard sprint. He established the records while at the University of Illinois.

Young has been in pro football five years. He started with the New York Yankees in 1947.

Special contests promoted by a league for its members only are automatically sanctioned and high recognition is automatically provided. Basic rules of play must of course, be observed.

The city association secretary or president must notify the secretary of the American Bowling Congress of all high score claims within a period of 14 days after the score has been rolled.

The proposed amendment aimed at changing the present system of scoring a tenpin game was rejected by the delegates.

**WOUNDED IN KOREA** — PFC Clinton Earl Henry, 23, of 916 E. Frederic, was slightly wounded in Korea April 23, his parents, Mr. and Mrs. L. D. Henry of Llano, Texas, were informed. Henry entered service Jan. 11, 1951, received his basic training at Camp Cook, Calif., was sent to Japan with the California 40th division in June, 1951, and was transferred to Korea on Feb. 11. Prior to entering service, he was employed by Culberson Chevrolet of Pampa and Jay South Motor Co. of Borger. His mailing address is PFC Clinton E. Henry, VS4023591; Co. B, 284th Inf. Regt., 40th Div.; APO 6 e/o PM; San Francisco, Calif.

H. J. Waller, son of Mr. and Mrs. H. E. Waller, 912 S. Faulkner, who recently joined the Marines, is now stationed at San Diego, Calif.

The USS Pickaway, an attack transport, has returned to San Diego, Calif., after her second tour of duty in the Far East. Serving aboard the veteran ship are: Korean action are Cleburne H. Hartson, electronics technician seaman, of star route 4, Box 23, Pampa, and Eldon A. McMahon, platoon leader, husband of Mrs. Barbara A. McMahon of Borger.

The Pickaway, commissioned in December 1944, arrived in Kobe, Japan, in July, 1951, with troops from the United States. She then joined other amphibious units operating in the Pusan area.

Five times during the past nine months she has landed Marine and Army troops on the Korean peninsula. Between landings the Pickaway participated in amphibious training of thousands of troops in and around Japan.

During her second tour of duty in Hongkong in March her crew entertained 250 underprivileged Chinese children with ice cream and a vaudeville show at the city's community center.

The Pickaway will remain in San Diego until the first part of May, when she will sail for San Francisco for a two-month overhaul.

Seaman Morris Walberg, son of Mr. and Mrs. Norman Walberg, Route 1, Pampa, is aboard the heavy cruiser USS Baltimore, which left recently for the Mediterranean seas. His wife, the former Miss Billie Skipworth of Kress, Texas, has returned home from Boston, Mass., where she had been with her husband.

Seaman Nels Walberg, son of A. R. Walberg of Kingsmill, is aboard the light cruiser USS Juno, en route to Japan. In the Navy since October 1950, this will be Walberg's second trip to Japan.

HOME ON FURLOUGH — Cpl. Billy Joe Richardson, son of Mrs. J. W. Richardson, 236 N. Faulkner, is home on furlough after a 10-month tour of duty in Korea. He is expecting to be stationed at Fort Hill, Okla. Billy says his good to be back in Texas and especially in Pampa. But he had to leave his pet, Gertrude, in Korea with the second Infantry division of the eighth army.

**RCA CORNER** — Milt Morris opened his RCA Corner in the Hughes building yesterday. The appliance center will feature all RCA made appliances plus other items as silverware, toasters and household items.

## UN Airplanes Stage Biggest Single Attack

SEOUL, Korea — (AP) — The U.S. Fifth Air Force said it made its biggest single attack of the Korean War Thursday on the Red supply complex at Suan.

A day-long attack left the prize target covered with "billowing flames and smoke," the Air Force said.

The assault on the town, 35 miles southeast of the Red Capital, Pyongyang, began at dawn and lasted until nightfall. Both jets and propeller driven planes were hurled into the attack.

Two Red jets were reported shot down and a third damaged as they ventured far from their Manchurian bases apparently in an effort to break up the raid.

The Fifth Air Force said more sorties were flown against Suan Thursday than 312 that hit Suijiu on the Manchuria border a year ago this month in the war's previous biggest single raid.

The Air Force reported allied planes destroyed 97 supply buildings in the great supply complex, damaged 50 and knocked out 18 supply revetments and 16 vehicles.

Photo planes have been keeping an eye on the Red buildup at Suan, a feeder point to Chinese troops on the Western Front.

Shooting Stars opened the attack at 5:35 a.m., hitting attack emplacements with demolition bombs.

The F-80 jets were followed by waves of Thunderjets, propeller driven Mustangs, more Shooting Stars and Marine Pantherjets, Sky Raiders and Corsairs.

"Tons of demolition and high explosives tore the Communist supplies to shreds," a Fifth Air Force communique said. "Thousands of gallons of fiery napalm (jelled gasoline) were piled over the target, turning piles of supplies into billowing flames and smoke."

## U.S.-Syrian Trade Rises

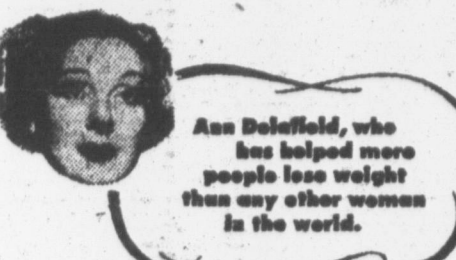

DAMASCUS — (AP) — Syrian trade with the United States in 1951 in both export and import branches was triple the value in 1950, it was officially revealed.

Exports from Syria to the United States amounted to \$28,278,985, with total imports of \$23,720,510 in the year 1951. This compared with \$8,738,550 exports and \$6,972,850 imports in 1950.

old Palace House visitors can see five ancient motor cars, including the one in which King Edward and a museum of naval relics. VII took his first automobile ride.

# HOW JUDITH NASH LOST 27 lbs. WITH AMAZING NEW APPETITE REDUCER PLAN

## Ann Delafield, Famous Beauty Consultant, Reveals Dramatic Story of Her Easy, Natural Way to Lose Weight

Ann Delafield, who has helped more people lose weight than any other woman in the world.

"Judith Nash had tried reducing many, many times in her life but was never really successful," says Ann Delafield, renowned beauty authority.

"Then she tried the Ann Delafield Appetite Reducing Plan and discovered the wonderful secret of the Appetite Reducer. In an amazingly short time she slimmed down from 161 to a trim 134."

### IT'S EASY—IT'S FUN

The story of Judith Nash can be your story, too. Now... a reducing plan is offered to you based on scientific laboratory research, and implemented by a vitamin protective capsule. If you are one of the thousands of women and men who have an overweight problem... the Ann Delafield Appetite Reducing Plan was designed to help you find slender beauty. It is the *easiest* way in the world to reduce because it's fun.

### YOU CAN EAT YOUR CAKE AND HAVE "IT" TOO

If your figure isn't as perfect as you would like to have it... don't be discouraged. Perhaps you are one of the large army of women who have carried extra pounds for years... who have tried weight-reducing plans that have brought nothing but tears... who have punished their bodies with starvation diets. Now, at last, here's a scientific way to keep the slender beauty that's rightfully yours.

Your answer is the Ann Delafield Reducing Plan... an easy way to reduce that doesn't take the fun out of life. During Miss Delafield's forty years of experience in helping hundreds of thousands of women to lose weight, she has learned a great deal about this common problem. Most of her pupils have been recommended by personal physicians.

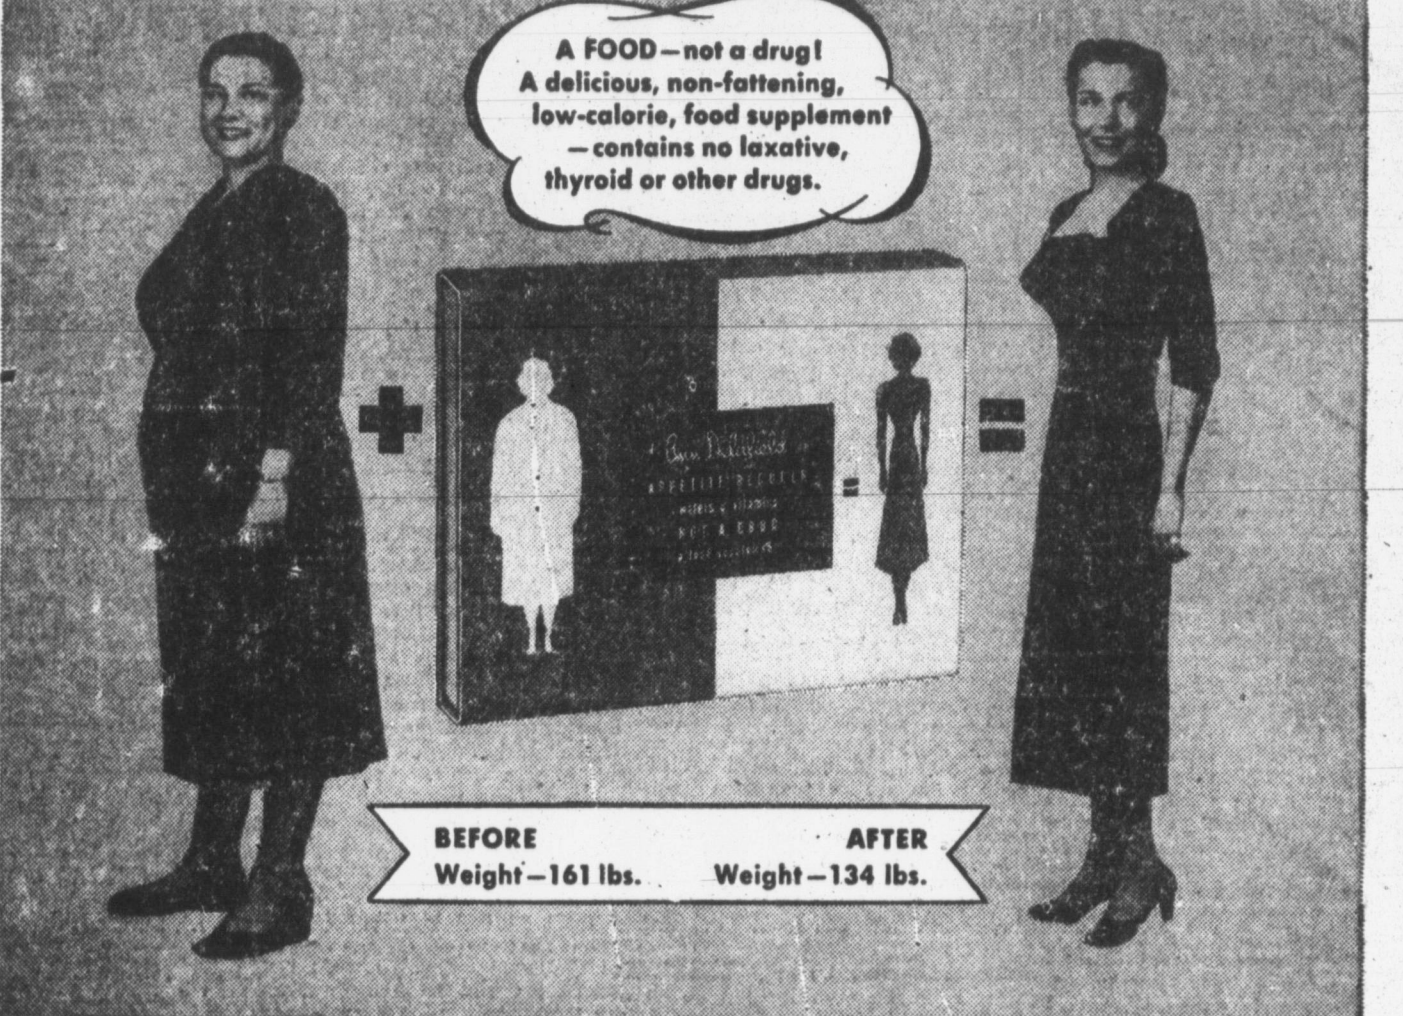

### YOU DON'T COUNT CALORIES

All this work is done for you in the Ann Delafield Reducing Plan with generous, appetizing yet low-calorie menus. The secret of the amazing success of Miss Delafield's Plan is a scientifically produced... and delicious... wafer called the Ann Delafield Appetite Reducer. It's the greatest blessing a hungry person ever had! When you reach that time of day when you feel you need a snack for energy... you simply take the Appetite Reducer wafer. This wafer was conceived after years of practical experience and endless hours of consultation with physicians and dietitians.

In addition, your diet is supplemented by Ann Delafield Vitamin Capsules... carefully prepared by expert chemists to conform to the standards set down by the Food and Nutrition Board of the National Research Council.

### DON'T PUT IT OFF ANY LONGER

If your doctor has told you that your excess weight is not due to a glandular disturbance or organic causes, start on your Ann Delafield Reducing Plan today. The complete package... containing the book, a 30-day supply of your Ann Delafield Appetite Reducer Wafers and Vitamins... costs just \$6.95; repeat package just \$5.95.

Judith Nash weighed 161 pounds and had tried again and again to lose the extra pounds that were making her self-conscious and unhappy. Then she tried the Ann Delafield Appetite Reducing Plan and wrote this to the famous beauty authority... "Dear Miss Delafield... with the aid of your wonderful Appetite Reducer I lost 27 pounds and never felt better in all my life. My doctor found my health perfect and is greatly enthused about your particular method of reducing. The Ann Delafield Appetite Reducer not only kept me from feeling hungry, but gave me more vital energy than I could get in any other way."

Address on request from Rexall, Los Angeles  
Judith Nash, New York

### What you get with the Ann Delafield Reducing Plan:

1. A 116-page book giving you Ann Delafield's new, easy Appetite Reducing Plan, including suggested menus and vital beauty tips.
2. A 30-day supply of Ann Delafield Appetite Reducer... not a drug but a delicious, non-fattening, scientifically produced supplementary food that includes low caloric Skim Milk Powder and Soy Bean Flour.
3. A 30-day supply of the Ann Delafield Vitamin Capsules... scientifically prepared according to the Recommended Dietary Allowances, Food and Nutrition Board, National Research Council in 1948 for women on a 2000 calorie or less reducing diet, except for the omission of Thiamine, which has a tendency to increase your appetite.

MRS. H. E. SCHWARTZ AND HARRIET  
... just like a big sister

MRS. JOE TYNES AND JOE  
... always willing to help

THIS IS OUR DAY, fellow Mothers. The week end started off beautifully for Peg. Mr. Peg, assisted though not too efficient I'm sure — by the kiddies served me breakfast in bed with a promise of dinner and a show this evening. Sweet, isn't it? Being a 1930 housewife, couldn't help thinking about the mess there would be clean up in the kitchen — but you know, need not have worried. They were good little people and cleaned it all spic-and-span. That should be a wonderful day. It does make you feel pretty special having a day just for us, doesn't it?

HAVE YOU NOTICED how very much Mary Bellamy looks like her lovely mother, Daisy? They are s'riking together with their contrast in coloring.

MISSED THE MUSIC FESTIVAL Thursday night, but heard it was a grand show. The theme was taken from an Abraham Lincoln quotation, "Music Of, By, and For the People."

GUESS THE BGK SORORITY had its annual Mother's Day breakfast at the country club this morning. Think that's a good tradition.

NATIONAL HOME DEMONSTRATION WEEK was observed Wednesday with a tea by the club women of Gray County at the Texas Home Demonstration Assn. convention started Thursday with some 250 delegates from 13 counties attending from District 1.

ISN'T IT AMAZING how youngsters change in a year. Last year's "little girls" are this year's "young ladies." Doyleene Fletcher Brenda Parker, Dixie Sue Rhodes and Kay Baker to name a few lovely little ladies.

ANOTHER PRETTY MOTHER with a sweet and talented daughter to add to my list is Erdene Dyer and Jan.

HEARD AN OLD RECORDING, "The Laughing Song," believe it is called. What a wonderful thing to have around the house — one could never feel low for long with it playing. Why is it when someone laughs — and laughs — and laughs, especially a hearty robust laugh, it is so catching and you find yourself laughing equally as hard?

CONGRATULATIONS TO Joan Lunsford and Neva Lynn Co for their fine showing in the high school typing competitions held in Austin. Joan was second typist in Texas and a whiz on the accordion. Neva Lynn was ninth. Ole Peg used to be quite a whiz on typewriter in her day. Haven't typed for so long, the Wonder if I even remember the keyboard. Also congratulate Mariola Duvall who was honored on the Honor Day program at Texas State College for Women.

DID ALL OF YOU GIRL SCOUTS get registered for day camp? That should be fun.

CERTAINLY A LOT OF POLITICKING going on. Mustn't discuss politics. Mr. Peg is so sure that politics cannot be discussed intelligently by a woman. Wonder where men get their superior attitude about such things? (Don't get upset, Peg, remember the tasty meal you were served in bed.)

QUITE AN HONOR for Mrs. May Foreman Carr; she has been asked to play for the Amarillo Guild of Organists in Amarillo tomorrow. Congratulations again on a successful piano symphony. Should be a nice recital she's having today at the Central Baptist church.

WEDNESDAY NIGHT WROTE FINIS to the wrestling for the season and Peg's missed it. Just too much doing at one time.

MRS. NOLAN COLE, selected by a group of Pampa citizens was chosen as the Gray County Home Demonstration woman who most clearly represents the ideal wife, mother and citizen. The contest was sponsored by The Pampa Daily News. Goodness, can see where she finds the time to do all the things she does. Hats off!

MR. PEG AND I HAD the greatest time at the Scouts circus Friday night. Of course our little Scout had his part in it too. The kiddies have spent months preparing for the great event and it was well worth it. Even the change in the weather didn't dampen the spirits. Enjoyed the Cub panorama — (were exciting what with all the cowboys, Indians and cavalymen on their fine steeds. Am certain the Scouts had as much fun putting the circus on as everyone had watching the finished product.

HANDSOME JOHNNY WILLS was elected president of the Pampa High School student body for the 1952-53 year. It is easy to see why he is such a popular fellow.

HAVE NEVER THOUGHT a meal was complete without potatoes in some form or other. . . . odd how one's ideas change when the have to, isn't it? What in the world caused this sudden potato shortage?

THINK MRS. BONNIE ROSE has the sweetest smile ever.

THIS GLORIOUS HOT WEATHER we've been having is certainly conducive to much sun-baking. But, sad to say, sun-baking Peg has had no opportunity to give her "tan" a boost. And-oooh! The moon these nights — so full, so bright and so romantic!

DO YOU S'POSE THAT SINCE Regulation "W" has been let away with . . . we'll be able to purchase the much-needed but \$1 down and \$1 a month?

THIS WEATHER HAS BROUGHT out some feathered friends. Saw Margaret Payne in a cool sun dress worn with white jewelry.

RECEIVED A LETTER from Nassau, Bahamas, and on the envelope in bold letters across the top was OI HIS MAJESTY SERVICE. The HIS had been blacked out and HER put above. Can't explain why this impressed me so, but it did. . . . In case some lucky one of you is planning a trip to Nassau you might be interested in what clothing to take along. Summer time in Nassau is a time of little ceremony or formality. Summer clothes are cotton or lightweight linen — gay pastels and cool whites, muslin or decollete for coolness and an even tan are the fashion. When do we leave? Incidentally, did hear Mrs. John Garman is planning a trip to Europe. She'll have notes to exchange with H. one of our Dr. Emily Hicks, or Mrs. Carl J. Wright who's ill remember say their travels abroad. My, how we are going to miss the Wrights on the Pampa scene!

CAN SOMEONE PLEASE tell unresourceful Peg the easiest way to get the first olive out of a small-necked bottle. . . . Wait! speaking of food, an ever-heard question as doors fly open in the evening for hungry children and husbands is, "What's for dessert?" The neighborhood grocer or bakery has the answer for the busy housewife who wants a quick, easy dessert with eye and taste appeal. It is called Chocolate Cake Tidbits:

1/2 lb. sweet or semi-sweet chocolate, melted  
1 1/2 (1") pound or angel food cake cubes  
1/3 cup finely chopped pecans or walnuts  
Melt chocolate. Put a cake cube on a fork and dip it first in melted chocolate, covering all sides except the bottom, then in chopped pecans. Place dipped cubes on cookie sheet and place in refrigerator until chocolate hardens. This makes 16 Chocolate Cake Tidbits.

ONCE OR TWICE A YEAR, all of us have to plan a happy party to bring our social obligations up to date in return for invitations accepted and enjoyed. Main problem in giving this type of affair is to see that everyone has a good time despite the fact the guests may not know each other or have many interests in common. Two suggestions for assuring success are good food and games. One are fun for whole group to play. Buffet supper, of course, is simple answer to the food problem. Everything can be prepared in advance and guests help themselves, serving entire supper on one big plate. Main dish such as a ham or loaf, baked macaroni or scalloped potato casserole, tossed salad, buttered rolls or bread, relishes and beverage make a well-liked and appetizing menu.

MUST GET GOING around here — have to get me all pretty in my family can be proud of.

## Mrs. B. R. Gray To Serve As Baker Parent-Teacher President Next Year

Officers for next year were installed at the Baker Parent-Teacher Assn. meeting in the school. New leaders are Mrs. B. R. Gray, president; Mrs. Elmer Darnell, vice-president; Mrs. A. G. Buske, secretary; Mrs. A. D. Selman, treasurer; Mrs. F. H. Jernigan, historian; and Mrs. Jim Goff, parliamentarian.

Mothers of pre-school children are special guests at the meeting. Dr. Philip Gater was speaker. He spoke on feet, discussing how foot trouble develops in the child, how it may be corrected, and how shoes should be fitted. Mrs. R. Thompson, president of the Pampa School Board, explained the tax rate increase in school taxes.

In a double-ring ceremony read in the First Presbyterian church here April 29, Miss Norma Manatt, daughter of Mr. and Mrs. James Manatt of Pampa, became the bride of Denny P. Allman, son of Mr. and Mrs. C. P. Allman of Albuquerque, N.M. The wedding was on the 22nd anniversary of the bride's parents, and her grandparents' 40th anniversary. Dr. Douglas E. Nelson officiated at the ceremony. The church was decorated with baskets of pink carnations, white oak, and palms. Sixteen boys marked the pews.

Miss Marlene Leder was candle lighter. She wore a champagne net dress. Mrs. W. H. Chapman, matron of honor, wore a pink organza ballerina length gown and carried an arm bouquet of pink carnations. Bob Wilkins of Albuquerque was best man and usher were Charles McCray and Sammy Gann Gaffney.

The bride's father gave her in marriage. She wore a white ballerina-length lace net dress over satin. Her finger-tip length veil of illusion fell from a crown of white satin accented with seed pearls. She carried an arm bouquet of red roses.

A reception in the City Club room followed the wedding. The table was covered with a hand-made white linen cloth and centered with an arrangement of pink and white carnations. The three-tiered wedding cake was decorated with pink flowers.

The bride's mother selected for her daughter's wedding a brown nylon dress with beige accessories and she wore a corsage of pink carnations. The bridegroom's mother wore a light blue crepe mist dress with navy accessories. Her corsage was of white gladioli.

When the couple left for a wedding trip to California, Mrs. Allman wore a balencia shantung suit with white accessories.

The bride was graduated from Pampa High school in 1950 where she was a member of the Kit Kat club, Tri-Hi-Y, and cheer. She attended the University of New Mexico and was a member of Phi Beta Phi sorority and Spurs, a national honorary society. The bridegroom was graduated from Albuquerque High school in 1949. He attended the University of New Mexico where he was a member of DeMolay, and pledged Phi Delta Theta. Out-of-town guests were Mrs. Scott Kercheville, Mrs. Dan Clay and Danna, Logan, N. M.; Mr. and Mrs. Harry Schwartz, Enid, Okla.; Mrs. Leonard Held; Mr. and Mrs. Henry Nething, Great Bend, Kan.; Mrs. Florence Amos, Amarillo; Mrs. Lewis Williams, Pampa; Mrs. Carrie Williams, Pampa; Mr. and Mrs. R. S. Huggill and Bobby, Loveland; Mrs. Pearl Faug, Mrs. George Schwartz, and Mrs. Ralph Green, Oklahoma City and Mrs. Jerry Kirschner and Barbara, Lubbock. The couple will make their home in Long Beach, Calif.

PI MU OFFICERS — Pictured above are new officers of the Beta Rho chapter of Pi Mu. Left to right, back row, Miss Mary Pursley, Miss Claudette Mathoney, and Miss Vivien Brake. Front row, left to right, are Kay Stewart, Clo Ann Johnson and Shelia Lemons. (News Photo).

## Miss Mathoney Is Pi Mu President

Miss Claudette Mathoney was elected president of Beta Rho chapter of Pi Mu when the group met recently in the studio of Mrs. Lilly Hartfield, advisor.

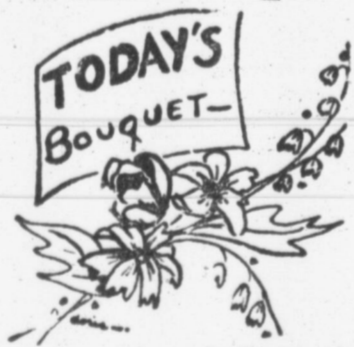

Other officers are Miss Kay Stewart, vice president; Miss Shelia Lemons, secretary-treasurer; Miss Mary Pursley, reporter; and Miss Clo Ann Johnson, historian.

The "Mothers Club" of the organization also elected the following officers: Mrs. Lillian Zamora, president; Mrs. George Adams, vice-president; Mrs. C.C. Mathoney, secretary-treasurer; and Mrs. Ervin Pursley, reporter.

A social hour followed and refreshments were served by Misses Claudette Mathoney and Juanette Adams.

The Pi Mu Chapter is a national organization which is composed of earnest students of music. Like Phi Beta Kappa decided almost 100 years ago, Pi Mu believes that secrecy is not essential to its growth and success. There is no affiliation between Phi Beta Kappa and Pi Mu. The latter merely honors the former as the original ancestor of the entire Greek Letter Fraternity system, as all fraternities should honor Phi Beta Kappa.

There are three degrees of eligibility among both active and associate members of Pi Mu, hence it becomes a planned music education for the member.

## Wardrobe Should Combine Necessary Ingredients For Well-Dressed Woman

By ALICIA HART  
NEA Beauty Editor

Does your wardrobe combine all the necessary ingredients to keep you looking well dressed on all occasions?

Actually, there are a minimum of basic essentials that will do the trick, and if you don't already have them start now to make the additions.

Every wardrobe requires one suit. Plan to have a contrasting skirt that you can pair off with the jacket. Achieve variations with blouses, belts and sweaters.

In the "dress category, you should have a basic tailored dress that will be appropriate for the office or afternoon wear and a date dress. Since summer is almost here, think in terms of prints and city cottons.

Blouses, of course, can either be extremely dressy or on the more conservative side for daytime wear. There are some blouses, however, that strike a happy medium. These are especially good for the basic wardrobe because they can be dressed up or down with the help of jewelry and scarves.

If you are not a great hat enthusiast, you will be able to get along well with a tailored cloche

or classic straw. This type of hat calls for little trim and fuss.

For dresser essentials, your hat can be as fussy as you personally prefer. Just be sure you pick a line and style that is flattering to your particular type.

Shoes must suit your costume, too. For daily wear, pick the spectator or tailored flats with a medium heel. Naturally, more elegant shoes will be appropriate for dates and special occurrences.

**MISS SHIRLEY SHULTZ**  
Mr. and Mrs. Bunny Shultz of Pampa announce the engagement and approaching marriage of their daughter, Shirley, to Pvt. Donnie G. Ray, son of Mr. and Mrs. W. O. Ray of Shamrock.

The wedding is set for early summer. Miss Shultz will be graduated from Pampa High school this month. Pvt. Ray is a graduate of Shamrock High school, and has been in the service since March.

## Altar Society Plans Annual Ham Dinner

Plans for the Altar Society's annual ham dinner June 1 were

made at a recent meeting in the Parish Hall. Mrs. A. D. McNamara presided at the meeting, and announced that Mrs. R. E. McKernan will be in charge of arrangements for the dinner. Tickets will be sold through Altar Society members.

Attending were Meses. John Taylor, J. W. Garman, I. I. McKernan, McNamara, C. C. Battral, J. M. Icard, J. F. Robinson, A. B. Zahn, W. J. Haley, Jerry Williams, M. F. Roche, H. W. Waddell, Raymond Laycock, J. Tidwell and V. J. Jamieson.

**MR. AND MRS. M. F. HELMICK**  
The Golden Wedding anniversary of Mr. and Mrs. M. F. Helmick will be observed today with an open house in the family home at 800 E. Craven. All but one of the four children are in Pampa for the anniversary celebration. Friends of the couple are invited to the open house which is to be held from 2 p. m. to 5 p. m. Monday, Mr. and Mrs. Helmick's granddaughter will be married in the Helmick home.

**Gray County Student Assn. Elects Officers**

The Gray County Student Assn. of West Texas State College, Canyon, met recently in the home of Miss Helen White Moore to elect officers for the 1952-53 term. Clara Darling, Pampa sophomore, was elected president and Betty Boswell, Pampa freshman, elected secretary. Other officers will be elected in the fall. Plans are being made for entertaining Pampa High school graduating seniors interested in attending WTSC next year. The party will be held soon after school is out. The purpose of this organization will be to keep the Gray County students in contact with each other while on the campus, to keep the ex-students informed, and to interest high school seniors in attending West Texas. Pampa students attending were: David Plank, Norma Self, Bill McArthur, Katrina Groninger,

Clara Darling, Bobby Tucker, Betty Boswell, and Joan Ryan. Sponsors present were: Mrs. Milton Morris, Miss Pauline Brigham, Mr. Virgil Henson, and Miss Moore.

**MEAL IN CAN**

A quick-and-easy-to-serve product, just available, is an eleven-and-one-half-ounce can with eight generous-size meat balls packed in a good-tasting spaghetti sauce. Just cook the spaghetti, add a salad, and you have a jiffy meal. Or serve the meat balls and sauce with rice.

Oysters are delicious in a club sandwich. Fry bacon strips and then cook the oysters lightly in the fat remaining in the skillet when the bacon strips are moved. Sandwich the bacon and oysters between toast slices with lettuce, tomatoes and mayonnaise.

The green peel on cucumbers is attractive left on when they are served raw. Or if you don't like that much peel pare off part of it in a striped effect.

**Social Calendar**

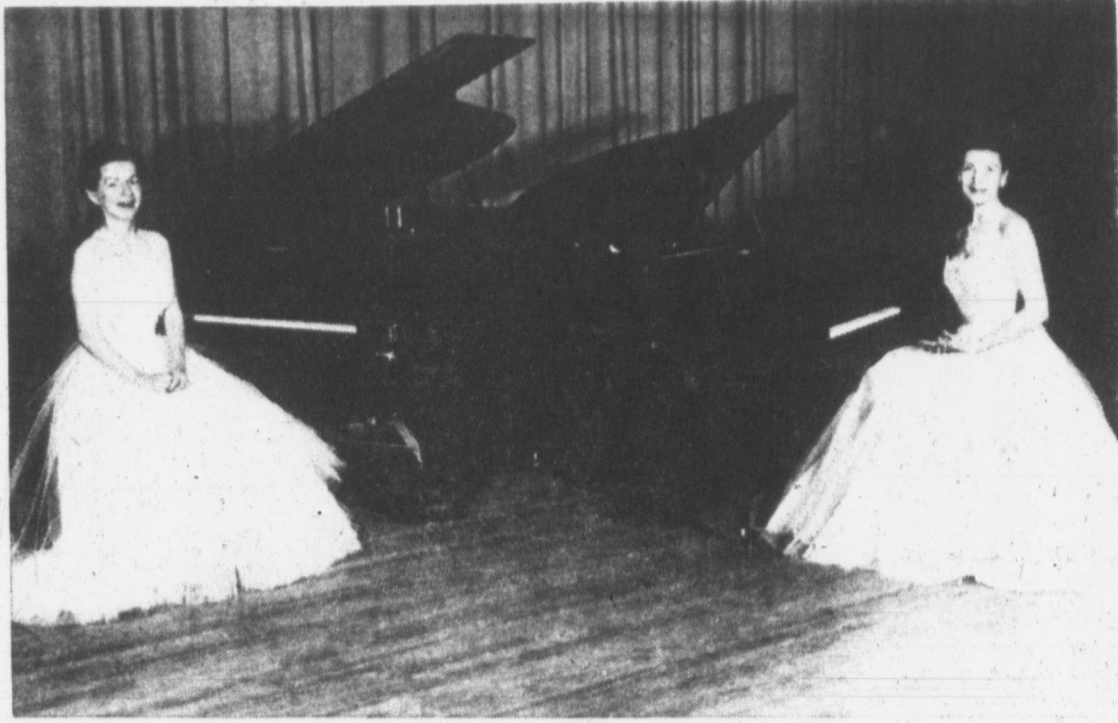

**SUNDAY**

7:30 p.m. — Mrs. Roy Tinsley will be hostess at a party for the Worthwhile Home Demonstration club.

**Mrs. May Foreman Carr To Present Pupils In Recital At Central Church**

The annual Spring Recitals featuring piano pupils of Mrs. May Foreman Carr will be presented Sunday afternoon at the Central Baptist Church. The first program will begin at 2 o'clock, and will include elementary, intermediate and some advanced work. Of especial interest on this program will be the Junior American Concerto by Mitler, which will be played by Cynthia Duncan, daughter of Mr. and Mrs. Wade Duncan. She is accompanist for the chorus and a member of the Piano Symphony. Mrs. Carr will play at a second piano.

The second recital will begin at 4 o'clock and will feature advanced work. Special feature will be two guest artists, Mrs. Oran Payne, daughter of Mrs. Carr, and Mrs. Burton Reynolds, both members of the Piano Symphony, who will present a Piano Duo, "In A Chinese Temple Garden" by Ketelby.

The Presto and Finale of the G Minor Concerto by Mendelssohn will be played by Miss Patsy Stovall, daughter of Mr. and Mrs. L. L. Stovall. Miss Stovall is accompanist for the High School mixed chorus, also a radio guest artist and played first piano in the Piano Symphony. Mrs. Carr will play the orchestral parts at a second piano. This program will be concluded with the brilliant Warsaw Concerto by Addinsell, which will

**Mrs. James Lewis Installed As Horace Mann PTA President**

Mrs. James Lewis was installed president of the Horace Mann Parent-Teacher Assn. when the group met in the school auditorium to honor pre-school mothers.  
Other officers installed by Mrs. E. L. Anderson were Mrs. Vernon Hall, vice-president; Mrs. L. P. Fort, recording secretary; Mrs. Jim Coffee, corresponding secretary; Mrs. Dora M. Mab, treasurer; Mrs. O. B. Schiffman, historian; and Mrs. W. L. Call, parliamentarian.  
Mrs. Cleo Hoyer, president, welcomed guests and presented summer round-up bands.  
Miss Josephine Thomas, speaker, opened the meeting by leading assembly singing. Mrs. Frances McCue accompanied the group. Mrs. Ross Byars, program chairman, introduced Mrs. M. E. Cooper who gave the devotion.  
Mrs. Frank Smith spoke on the

tax rate increase in the school district, and the bond issue is to be voted upon soon by Pampa residents.  
Mrs. Vernon Hall reported of the spring conference held recently in Canyon, and Mrs. Lewis gave the city council report.  
Miss Thomas spoke on "The Right Attitudes in Children." "To instill right attitudes and right thinking in the mind of our youth is a challenge to both parents and teachers today," Miss Thomas said.  
"Some children are doing fine work because their minds are so filled with wrong thinking that there isn't room for the fine things of life which give strength and happiness."  
Mrs. Schiffman gave the historian's report after which refreshments were served by first grade room mothers and teacher.  
Don't cook potatoes too far ahead of serving; they lose some of their vitamin C content when left standing. Cook them in jackets to retain as much of the food value as possible.

MRS. GENE FATHEREE

**Sound Off By A Leaguer**

Something new has been added to politics—the amateur. It is not yet clear whether or not the professionals welcome this invasion.

A real politician is one who can throw his hat into the ring without endangering his scalp. . . Franklin P. Jones.

Seven billion, nine hundred million dollars. How much money is that? It is a safe guess that there are few people in the world who actually know. Read not long ago that someone has figured that it has been approximately a billion minutes since the birth of Christ.

\$7.9 billion is the sum requested for the renewal of the Mutual Security Program for the fiscal year 1953. If you do not know all you should about this program, you are invited to attend a meeting, sponsored jointly by the League and the Jaycees, at 8 p.m., Monday, May 12, in the county court room. Henry S. Gordon who has made a careful study of this part of our foreign policy will give us the facts.

"Let the people know, make the people care, help the people to act." That's the watchword of the League.

Three Leaguers contributed to the success of the unit discussion groups this week when they held a workshop in the Library. Mmes. W. A. Breining, W. L. Campbell, and Knox Kinard presented an outline for discussion of the United Nations, the subject to be treated in forthcoming unit groups.

Three units meet regularly twice a month, and all women interested are invited to attend. One unit meets the second and fourth Tuesdays at 9:30 a.m. at 814 Somerville, one meets the second and fourth Thursdays at 295 Charles, and one has been meeting the second and fourth Thursdays at the home of Mrs. J. W. Garman, Jr. Since Frances Garman is going abroad within a few days (lucky person!), the meeting place for that unit will be announced shortly.

The Pampa League has a new member from Phillips, Mrs. J. C. Sledge, Jr., who regularly drives over to participate in the Tuesday unit meetings, bringing some interested friends with her. What's more, she types and will be useful, and she has offered her services to help the League's program.

Public opinion polls show that only 25 percent of the people have heard about Point IV, but that when informed as to what it is, they favor the general principle of helping those in underdeveloped nations to improve their standard of living. Someone has said that it is merely translating "know how" into "show how."

**Special Shampoo Brush Available For Hair And Scalp**

By ALICIA HART, NEA Beauty Editor. Consider the way you shampoo your hair. Soap and water sudsings followed by a vigorous finger technique, but actually it does not do a thorough job of cleaning and conditioning your hair and scalp. What's missing from your hair-care ritual is a shampoo brush that not only works suds through every strand of hair, but massages the scalp itself easing out dry scalings and stimulating circulation. Since you won't want to use just any brush on your hair, here's news of a special shampoo brush, made all in one piece of a sturdy flexible plastic, that has one hundred bristle-like prongs. The next time the brush man comes to your door, ask him to show it to you. You'll find this brush easy to use, too. As soon as you apply shampoo to your wet head, press the brush against your scalp, and brush in a circular motion. Put only as much pressure on the brush as feels comfortable. There's certainly no limit to the length of time you should use the brush at each shampooing. When your scalp begins to tingle and your hair feels immaculately clean, you'll know the brush is performing effectively, and there is nothing left to be desired.

There's a difference when a recipe suggests that you mince a food, and when one directs you to cube a food. To mince means to cut or divide into tiny particles; to cube means to cut into even-sided squares—usually one-quarter inch big or even larger. **FOILED BY MOSQUITOES** The Panama Canal might be long to France today if there were no such things as mosquitoes. These insects defeated a French attempt to build the canal in the 19th century. Read The News Classified Ads.

### Taft Backer To Keynote Nevada Meet

**SEOUL, Korea** — (AP) — Twelve are announced weekly. flying Allied planes ripped up 20 troops revetments and destroyed eight gun positions across the 155-mile battle front.

The battle was fought near Kusong, 30 miles south of the Yalu river which separates Korea from Manchuria. American fighter-bombers blasted 26 cuts in Red rail lines in the Sonchon vicinity near the Yalu river before noon. Other low-

It was the same bill over which opposing troops waged a bloody, day-long fight last Saturday. An Eighth Army spokesman said the Reds in their latest assaults used about 80 troops. In one phase about 25 Communists were reported killed. Red artillery fire dwindled Thursday to one-third of Wednesday's, 1,711 rounds.

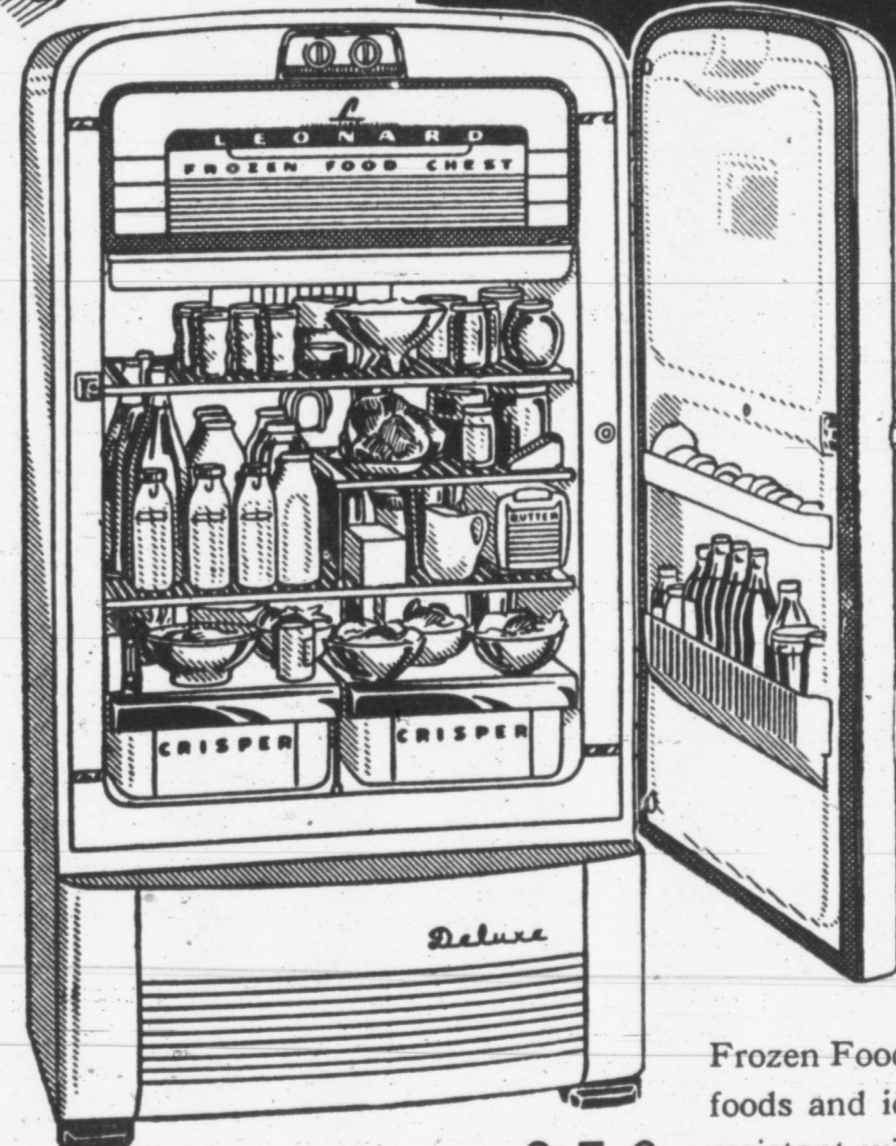

American carrier based pilots bombed Red rail lines and destroyed supply centers in North western Korea. The Navy said Valley Forge and Princeton pilots destroyed or damaged eight railroad bridges, a highway bridge, a locomotive, 41 rail cars, 37 trucks and silenced two gun positions.

## Province Of Quebec Larger Than Texas

Texas may find it difficult to believe, but Canada's second largest province, Ontario, covers its 412,000 odd square miles twice — and neatly — as the "biggest state in the Union."

Stretching 1000 miles from its southern boundary to Hudson Bay in the north — the same distance from its southern boundary to New Orleans — Ontario ranges from the "Panama Belt" of the Lake Erie "Sun Parlor" to the subarctic regions of its north-most outposts.

In matter-of-fact tones any Ontario native will tell you this vast area includes 200,000 square miles of forest and about 1,000,000 lakes — of which only 40,000 are named — providing the finest fresh water fishing in the world. They are also proud of its accessibility. More than 80 percent of Ontario's guests motor to their destination over a network of more than 10,000 miles of hard surfaced highways and another 60,000 miles of well-maintained roads.

Ontario citizens boast that their province with its variety of attractions is an all-year vacation land. Approximately 20,000,000 visitors from the United States and other Canadian provinces who vacationed there in 1950 showed they were not idle remarks. Ontario enjoys about 60 percent of the Canadian tourist trade, and an even greater percentage of the transient tourist business which comes to Canada.

Ontario is also tops in the accommodation field. There are better than 1,000 establishments catering to tourists in Ontario with sleeping accommodation in the peak season for 375,000 people. A breakdown of this figure shows that hotels, resorts and lodges can accommodate 122,500 persons; cabin and motor court establishments can serve 112,000; fishing and hunting camps can cater to 35,500 while summer cottages and tourist homes can take the remaining 102,000.

You can spend as much or little as you choose for a holiday in Ontario. A family of four can have a two-week vacation in a comfortable medium priced resort for about \$250. If you want more luxurious accommodations, you can spend about \$500 for the same vacation.

Of course, what the northern visitor wants after a day's activities is what he finds in Ontario — cool night air. Ontario's summer temperatures are about the same as San Francisco but with cooler nights.

The Ontario Dept. of Travel and Publicity, organized in 1915, maintains 15 reception centers at strategic points throughout the province to aid the traveler, and constantly inspects various establishments catering to the traveling public. Its inspectors ensure that food is wholesome, accommodation is first-class and recreation facilities are adequate. The province is proud that 50 percent of its United States visitors are "repeaters."

## St. Louis Seeks Visitors

The brightness of the weather is matched by the brilliance of the entertainment in St. Louis during May and June. These are the months when the spring and summer attractions which have made the "City of a Thousand Sites" internationally famous get under way.

The renowned Municipal Opera, for example, opens up another spectacular season under the stars on June 5 with the popular opera "Snow Boat". Other productions scheduled to follow in June are "Sally", "The Cat and the Fiddle" and "Rose Marie".

Nighttime river excursions on the luxurious "Admiral" begin on May 24, day trips on June 12. Nowhere else will you find such a magnificent river cruiser as this ultra-modern, million-dollar floating palace, with its air-conditioned ballroom and breeze-swept decks.

One of the most popular spots with visitors and natives alike is the famous zoo, with its mammoth collection of animals, reptiles and birds and its highly trained performing chimpanzees, elephants, lions and tigers.

Forest Park Highlands, the city's largest amusement park, opens on May 3, offering fun for the whole family, with swimming, dancing, rides, games and plenty of room for picnics.

Springtime is circus time and in early May the annual Police Circus will be in full swing at the Arena, with a host of colorful, breath-taking acts.

Among the special attractions scheduled for May and June at the Kiel Auditorium are the Sport Show, beginning May 4; the International Folk Festival on May 14 and 15; and the magnificent Metropolitan Opera Company on May 20 - 25.

For the sports enthusiasts, there's big-league baseball at Sportsman's Park, many excellent golf courses, hundreds of tennis courts, and a number of clean well-kept swimming pools.

Other showplaces which should not be missed on a visit to St. Louis are the Jewel Box, Shaw's Garden, the Old Courthouse, the Art Museum, Jefferson Memorial, the Campbell House, the riverfront and the magnificent churches and residential areas.

HISTORIC PORT-OF-CALL — Looking out from Old Ft. Mackinac we have a panorama of the famous Mackinac Straits with our Georgian Bay Line cruise ship, the S.S. North American in foreground on one of its weekly visits to colorful Mackinac Island.

## Sun Valley Is Ready For Vacationers From Over Nation

SUN VALLEY, Ida. — Spring is here, and Sun Valley has exchanged its mantle of white for green.

Up on the loftiest mountain peaks, a frosting of snow remains, but at the mile-high valley for the Union Pacific resort already is donning its summer finery.

Golf course greens are bright with new grass, and gardeners are cutting spring flowers in the sun-drenched gardens near the Lodge.

Everywhere there is nature's annual miracle that in a brief few weeks transforms the good-sized outdoor dining area and a popular night spot for dancing under the stars.

Sun Valley Manager W. P. Rogers predicts this coming season will be the busiest the Union Pacific's queen resort ever has had. Last July and August more guests were accommodated than during any two summer months in Sun Valley's history.

Several guests commented each day, coming here for the fun and the sports and driving as far as Shoshone, 50 miles to the south, says Rogers. "That is what we did this past winter. Several guests commented each day, coming here for the fun and the sports and driving as far as Shoshone, 50 miles to the south," says Rogers.

As always, get-attire-at-Sun-Valley will be practical and in-convivial. "Most people rush around at home all year," Rogers says. "When they come to Sun Valley in the summer, we recognize that they want to make their own pace. We dress informally here, day and night, and we make our activities informal, too."

However, luxurious service is available. For example, every playground at no cost, at a time at a supervised-nursery-shops in the Lodge and at Challenger Inn stock clothes, gifts, drugs, flowers, books and magazines. There is a beauty shop, a barbershop osteopathic rooms, and a complete hospital.

## 17 White Deer Students Listed On Honor Roll

WHITE DEER — (Special) — Because of the illness of several members of the faculty, announcement of the fifth week's Honor Roll for White Deer High School has been delayed. As completed this week, however, 17 students, or 12 percent of the enrollment, are listed on the "A" Roll, with 58, or 41 percent on the "B" Roll.

Making all A's were six freshmen — Roger Barrett, Annette Burns, Larry Cannon, Roy Eller, Sue Franklin, and Jerle Thomas; two sophomores — Dick Ford and Shirley Smith; five juniors — Barbara Bentley, Jerry Foose, Alma Howard, Laverne McAdams, son; two sophomores — Dick Foose seniors — Margaret Moran, Wanda Richardson, and Betty Jean and Harold Dean Williams.

Those who made all A's and B's were: Marilyn Bagley, Guyda Baten, Marion Bichsel, Bob Bost, David Bradford, Beth Brooks, Doris Carter, Betty Lou Cofer, Donald Cofer, Sue Coleman; Sharon Dickens, Ray Eller, Donna Eubanks, Barbara Evans, Nancy Ford, Betty Foster, Betty Jo Freeman, Thomas Gerik, Emeline Gilreath, Jerry Gordziel; Patty Jo Hemphill, Patricia Hendricks, Beverly Henry, Jean Henry, Yvonne Henry, Juanita Hernandez, Thadece Highower, Naomi Hill, Barbara Jo Huffhines, James Huffhines, Jimmy Johnson, Pat Kalka, Betty Jo Knutson, Mary Jo Kramer;

Barbara Lewis, Efran Lopez, Wanda McAdams, Jack McCabe, Ronald Mills, Donald Mills, Lynette Powers, Jerry Puckett, Dick Shipley, Geraldine Rhoades, Lavelle Rhoades, Annie Lou Riggins, Bette Fern Roles.

Morlan Shuman, Floyd Travis, Edward Vaughn, Bette Webster, Eddie Wesner, Betty West, Bill Wilkerson, Bud Wilkerson, Jimmy Williams, Ted Williams, and Earnest Willis.

Of these 12 are seniors; 18 juniors; 9 sophomores; and 19 freshmen.

Present limits are \$1,000 for a veteran without dependents or a widow without children and \$2,500 for a veteran with dependents or a widow with children.

It is at its most glorious, combining big city facilities with a frontier location in the midst of the beautiful Sawtooth mountains.

### 10-Day Caribbean Cruise

HAVANA and HONDURAS  
Happy groups sail from New Orleans every Saturday on one of the Vaccaro Line Cruise Queens. Fun starts the moment you come aboard — deck games, dancing, swimming, movies, pleasant companionship in the lounge, dining saloon and bar — and out-of-this-world New Orleans cuisine.

## Colorful Cruises On The Great Lakes

Great Lakes' cruises offer much to merit consideration in planning one's summer vacation. They take one through a vast segment of this continent where our earliest history was made. They traverse a thousand miles of our Inland Seas that include some of the most entrancing scenery to be enjoyed anywhere. . . and they provide seven carefree and restful hours as Mackinac Island, hour affording fun, gaiety and pleasant companionship. . . cooling lakes' breezes and with daily stop - overs at such colorful Midland, Ontario, deep in the beautiful Georgian Bay, the Canadian Soo and the great grain and iron ore shipping port of Duluth, far across mighty Lake Superior — these in addition to the great metropolitan port cities of Chicago, Detroit, Cleveland and Buffalo.

Weekly Cruises  
The Georgian Bay Line will operate for its 38th consecutive year a full sailing schedule of two cruises each week, spanning from Buffalo, N. Y., to Duluth, Minn. and from Chicago, Ill., to Buffalo, N. Y. . . both of its oil - fueled cruise ships making a 2,200 - mile itinerary each of nine weeks, starting June 28.

The S. S. South American sails from Buffalo each Saturday evening, June 28 through August, and from Cleveland and Detroit each Sunday, on her "Adventure Cruise" to Duluth and return. She stops over at historic Mackinac Island, lifts 22 feet in the famous Soo Locks into mighty Lake Superior and visits Munising and Houghton on the Michigan shore of that lake enroute to Duluth.

Simultaneously, the S. S. North American sails each Saturday evening from June 28 through August on her "Voyageur Cruise" to Buffalo and return. She also visits Mackinac Island and traverses the entire length of the Georgian Bay, with its 30,000 islands, to stop over at Midland, Ontario, where the hallowed Martyrs' Shrine is a major point of travel interest. Her itinerary then goes down Lake Huron to stop at Detroit, enroute to Buffalo and Cleveland before returning to Chicago.

Both these Georgian Bay Line ships were designed and built exclusively for Great Lakes' cruising. Both are oil - fueled and equipped with radar, gyroscopic steering devices and ship-to-shore telephones. All cabins and state-rooms face upon the water and they are widely known for the high standard of cuisine and hospitality. Even way down in the Heart of Texas you'll find your nearest travel agent can supply full particulars, along with an interesting new 1952 illustrated folder covering these interesting cruises on these Queen Ships of The Great Lakes.

## Police Detective Dissuades Soldier From Death Leap

SEATTLE — (AP) — A 21-year-old soldier who said he would "rather die here than in Korea" was prevented from doing so late last night when he was dragged from a precarious 10th-floor perch on the outside of a hotel fire escape.

The soldier, who identified himself as Pvt. Jack Madsen, 21, of Illinois had stood outside the railing holding by one hand while Police Detective Don Sprinkle begged and pleaded with him not to let go. Sprinkle kept talking, edging closer all the while. Madsen flexed his fingers as if he were prepared to let go.

"He was wearing a gold wedding band," Sprinkle said. "I asked him if he was having trouble with his wife."

"Stay away," the soldier said, "I'm going to jump." Sprinkle kept talking — and edging up. Clarence Owens, a helphop, was closing in from the other side.

"I'd rather die here than in Korea," Sprinkle said Madsen told him nervously.

"Come in and talk it over, Jack," Sprinkle said, "It isn't as bad as that." Then he grabbed the young soldier by his arm. Owen pinioned his shoulders. The soldier broke down in a fit of tears.

Madsen was turned over to military authorities. He was not registered at the hotel, the Olympic.

### Spend a DELIGHTFUL VACATION ... CLOSE TO HOME

Visit St. Louis  
City of a Thousand Sights

You could travel 'round the world and never see some of the big attractions that await you in St. Louis. And St. Louis is right on your doorstep!

Here — and here alone — you can see the incomparable Municipal Opera. Here is the home of America's finest Zoo . . . America's most famous botanical garden . . . America's only all-steel, air-conditioned excursion steamer. And here alone you can see the fabulous Lindbergh Trophies.

Within the city's borders are beautiful 1400-acre Forest Park . . . two great universities . . . many handsome public buildings and modern shops and stores . . . numerous churches, cathedrals and famed historic places.

You can visit St. Louis . . . and bring the family for a delightful vacation . . . with a minimum of travel and time, and at modest cost. So come now and enjoy the summer fun.

St. Louis has many modern hotels, with plenty of air-conditioned rooms at moderate rates. Prices for everything, in fact, are reasonable in "The City of a Thousand Sights" — and your vacation dollars go a long way.

**Taft Favors Slash In U. S. Aid Program**

HARTFORD, Conn. — (AP) — Sen. Robert A. Taft of Ohio, critical of the nation's foreign policy, says some of the money the United States is spending abroad could be put to better use at home.

"Gracious, when I think what could be done for education if we had only a billion dollars more!" exclaimed the candidate for the Republican presidential nomination in a speech last night. "I wonder if we have any judgment left."

Taft made what he said would be a non-political speech to some 1600 persons at a meeting of the Connecticut Association of Boards of Education.

His criticism of America's foreign policy, which he said should not have the purpose of raising "the standards of all the rest of the world," was not included in his prepared text. He said he had been asked to talk about foreign policy because of its effect on education.

"I do not at all agree," declared Taft. He reiterated he favors cutting the program to \$6,000,000,000.

**YOUR VACATION**  
**New Orleans Cruise Days Offer 10 Days Of Adventure, Fun**

NEW ORLEANS — Every Saturday is Cruise Day in New Orleans, with Havana and Honduras your destination and a Vaccaro Line Cruise Queen your seagoing venture and fun.

A 10-day Caribbean cruise is an ideal vacation for the traveler who wants a gay, warm, care-free junket on the blue waters of the Mexican Gulf and the Caribbean.

Standard Fruit and Steamship Co., New Orleans, is booking passage now for its two luxury cruise queens, the CONTESSA, and her sister ship, the CEPALU. One of these fast, modern ships sails each week from America's most interesting city for 10-day cruises to Havana, where there is a day-and-one-half stopover for a tour of the city, and thence to Ceiba, Honduras.

Before your ship sails from New Orleans you will want to visit the historic St. Louis Cathedral, wander through the gay French Quarter, dine at one of the city's famed restaurants, munch doughnuts and drink coffee at the French Market, and shop in downtown New Orleans, scene of the colorful Carnival parades of Mardi Gras.

At sea, there are activities to please each passenger. For those who want to look and soak up the sun, a deck chair can be quickly placed in position on the open upperdeck. Shuffleboard games are ready, and, for more active sport, there is a pingpong table with balls and paddle ready.

In Havana, the cruise passenger will want to look at the gay, romantic nightlife of the city, and, in the daytime, there are fine shops to be visited which sell handsome alligator bags, shoes and belts, and finely-sewn tablecloths, napkins and handkerchiefs.

Ceiba (Honduras), the next port of call, is an altogether different experience. As you sail in close to the Honduran shore, you see the thick, luxuriant jungle that climbs high up on the 6000-foot mountain range in the background. Some of the towering peaks are obscured by low-hanging clouds.

As you board a waiting train that takes you on a comfortable trip through the lush, Honduran jungle to the Salado River.

There you leave the narrow-gauge train and board a modern diesel-propelled launch for the ride down the Salado River that winds through the green, impenetrable jungle.

Wild monkeys and beautiful tropical birds with plumages of incredible hues, streak through the dense jungle. Suddenly in the distance you see the sparkling blue Caribbean and magnificent, palm-fringed Salado Beach, the site of your picnic lunch.

The picnic lunch is spread on handwoven mahogany tables in a beautiful pavilion set just a few yards back from the white, frothy surf. After the lunch, you step back on the train for the return ride to your ship.

The next morning your ship is ready to sail for the last leg of your sea voyage to New Orleans. These ten days are filled with memories of travel in exotic, romantic lands.

**GOP Chairman Asked To Condemn Rump Sessions**

DALLAS — (AP) — A leader among Texas Republicans backing General Eisenhower for President has asked the national GOP chairman to condemn "rump conventions" by out-numbered backers of Senator Taft.

At Republican county conventions in Texas Tuesday, Taft forces "botted" and held rump conventions in most larger cities, including Houston, Dallas, and Fort Worth. The rump conventions elected rival delegations to the state Republican convention at Mineral Wells May 27.

Alvin Lane of Dallas, co-chairman of the Texas Eisenhower campaign, Thursday sent a telegram to National GOP Chairman Guy Gabrielson at Washington

**JACOBY ON BRIDGE**  
**Know How To Bid And You'll Win**

By OSWALD JACOBY  
Written for NEA Service

When today's hand was played in the recent Eastern States tournament, the opening bid was one club at all tables. North almost invariably passed this opening bid, whereupon East reopened the bidding with a double.

The rest of the bidding was quite difficult for East and West. It usually is, in this situation, because when an opening bid is passed the fourth player almost always reopens the bidding. Hence the fourth player's strength is not clearly marked, and the partnership often flounders.

In this case, one pair reached four hearts with the East-West cards, and two pairs reached game in no-trump. The rest played the hand at some part score contract in hearts or in no-trump.

The bidding presented no such problem when North (wisely, in my opinion) decided to make a shaded response. If east now decided to enter the bidding, his strength would be very clear instead of doubtful. East and West would therefore have no trouble

<b>NORTH</b>		<b>8</b>
▲ J 6 5 4	♥ 7 2	
♦ Q J 10	♣ 8 7 5 3	
<b>WEST</b>		<b>EAST</b>
▲ K 10 7	♥ 9 3 2	
♦ K J 10 8 3	♥ A 9 5	
♣ 5 4	♦ A K 9 6 3	
♠ Q 9 4	♣ K 10	
<b>SOUTH (D)</b>		
▲ A Q 8	♥ Q 6 4	
♦ 8 7 2	♠ A J 6 2	
<b>North-South vul.</b>

Opening lead—♥ J		

bidding a game if that seemed their best course.

At one table, where North took liberties with his miserable cards, East collected far more than the value of game by doubling one no-trump. West was delighted to pass, and now South was firmly established in the suit.

West opened the jack of hearts and East won with the ace. A heart return enabled West to run the rest of the suit. East discarded the deuce and three of spades on the hearts, so West shifted to diamonds.

East decided that South was not solid in the black suits, so he let dummy hold the lead, with the ten of diamonds. Declarer hopefully finessed the queen of spades, but West won with the king and led his remaining diamond. This gave East four diamond tricks, claimed the last two tricks with his two black aces.

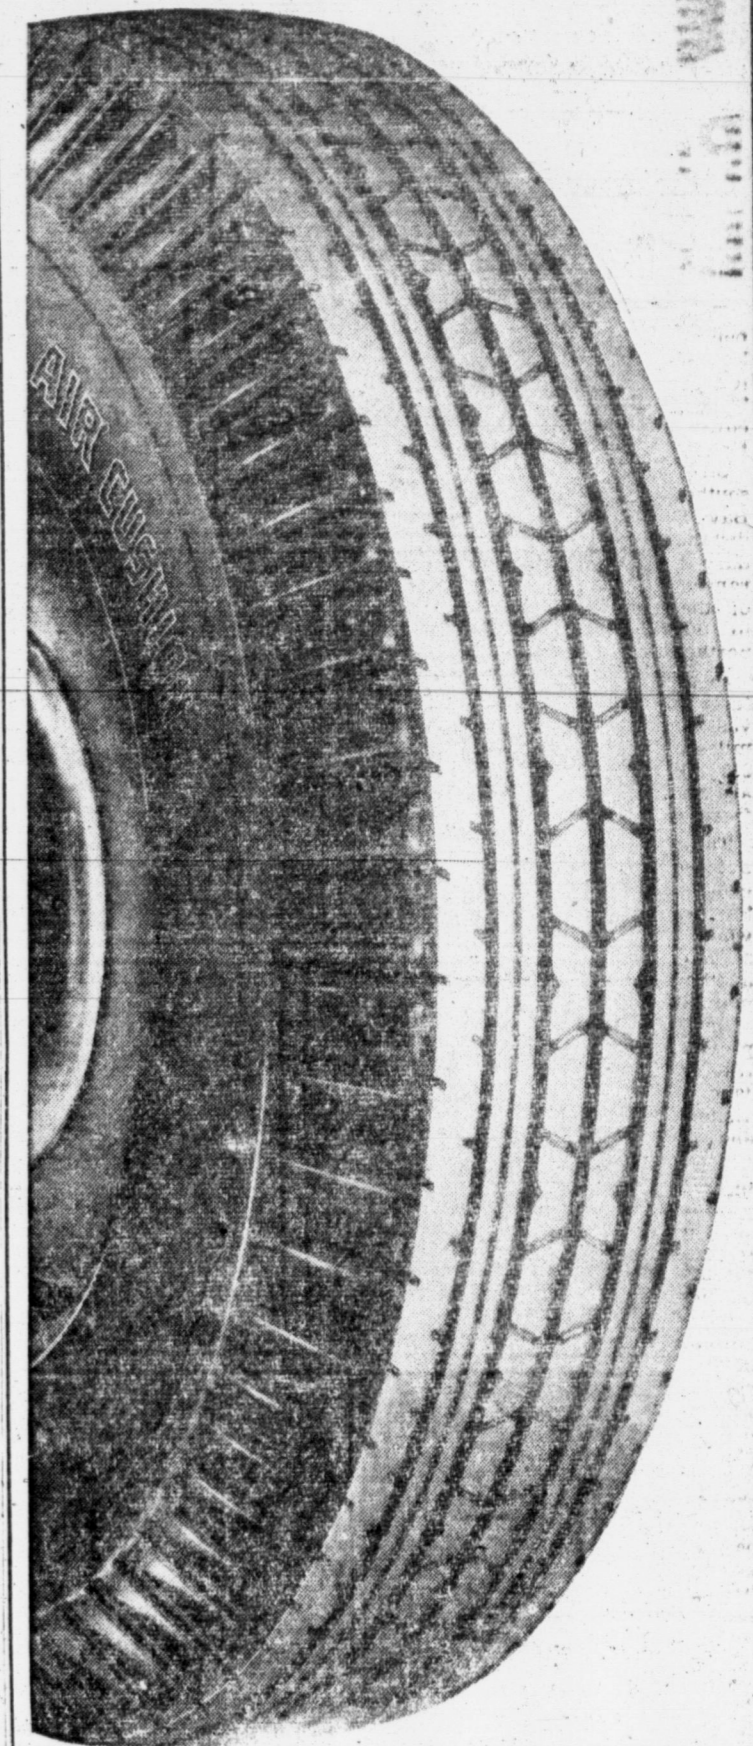

At this table South won only three tricks, suffering a penalty of 1100 points. And if North had only known enough to pass, the odds were about 3 to 1 that East and West would have played the hand below game.

asking him to condemn such bolts. Among those who bolted was the Texas Republican National committee man, Henry Zweifel of Fort Worth, who is state manager for Taft.

Zweifel led Taft backers out of thearrant county convention at Fort Worth. Lane's telegram said such bolts were an insult "to the tens of thousands of new converts" to the party in Texas and charged Zweifel and his followers planned to use their party posts to "seat minority factions" on May 27 at our state convention and thereby "disfranchise the voters of Texas."

I THINK YOU MUST HAVE THE WRONG ROOM, LADY.

DUTZ'S HOSPITAL ROOM, EARLY MORNING. A WOMAN BURSTS IN.

**CHRISTY!**

BUZ... OH, MY DARLING! I CAUGHT THE FIRST PLANE.

BY THE WAY, CHRIS, THIS IS MRS. BALLANTINE WHO— THAT'S FUNNY! SHE'S GONE!

I—AH—NOTICED HER. SHE'S VERY PRETTY, ISN'T SHE?

**Jackson Twins**

RICKIE, IT ISN'T FAIR! ALL THOSE BOYS PLAY ON THE HIGH SCHOOL VARSITY! WELL, NEVER WIN UNLESS WE GET A RINGER, TOO!

OKAY! WHO COULD WE GET?

HMM... I USED TO PITCH A SOFT BALL IN SCHOOL... BUT I COULDN'T RUN BASES WITH THIS ANKLE!

I COULD BE A "PINCH-RUNNER" FOR YOU!

I'D GET SHOT AT SUNRISE IN SHIBE PARK IF I MESS UP THIS ANKLE AGAIN!... BUT I'M IN THIS THING TOO FAR TO WATCH THOSE RINGERS BEAT MY "FILLIES"!... I'LL GO IN!!

MOM'S IN THE STANDS! SHE'S GOOD AT MAKING UP WIGS AND STUFF! I'LL HAVE HER GET YOU A COSTUME!

**THE POLITE GUY**

WHY AM I SO SILENT? WELL, I'VE BEEN STEPPING OFF AND COUNTING THE FOOTAGE IN THAT FENCE—TRAINING MYSELF TO KEEP MY MOUTH SHUT WHILE OTHER PEOPLE ARE TALKING!

YOU MEAN WE WERE "TALKIN' STEADY FER A MILE AROUND THAT FENCE AND NONE OF IT WAS WORTH LISTENIN' TO?"

YES—IN FACT, HE WAS BLOTTIN' IT OUT! I'LL NEVER TRUST ANOTHER GOOD LISTENER!

**THE POLITE GUY**

THIS NATIONALLY KNOWN MOBSTER I SPEAK OF PLANS TO USE HIS IL-GOTTEN GAINS TO MOVE IN ON LEGITIMATE BUSINESSES IN OUR TOWN!

CHEE, BOSS, DAT SOUNDS LIKE YOU'VE DESCRIBING CONCIENCE BOYS. NOBODY KNOWS BIG AL PACIFIC'S MOB IS IN TOWN!

AND WEDNESDAY NIGHT ON THE ARCHER FOCUS TV CRIME COLUMN YOU'LL LEARN HIS NAME.

HMMMM! IS IT A CONCIENCE?

**THE CANOPY**

ESAD! THESE RAINED-OUT BALL GAMES ARE VEXING! HOW ABOUT A HUGE CANVAS ON A GIGANTIC CURVED ROLLER—THE MOTOR-DRIVEN ROLLER WOULD UNWIND THE CANVAS OVER THE STADIUM ON TALL ARCHED STEEL SUPPORTS—A PRAIRIE SCHOONER IDEA ON A GRAND SCALE!

THAT SOUNDS PRACTICAL ALL RIGHT—LIKE SCREEN DOORS ON ISLOOS!

BETTER TRY ANOTHER KIND OF PIPE! WHERE'S THAT ONE YOU WERE SMOKING WHEN YOU GOT THE IDEA FOR A HARPOON FOR GARDEN FISHMEN?

**Blondie**

DAGWOOD DO YOU THINK I'D LOOK GOOD IN THE NEW PINK WAIST?

UH-HUH.

WOULD YOU LIKE ME BETTER IN RED OR BLUE?

HUH? OH, BLUE I GUESS.

YOU DARLING, YOU TALKED ME INTO IT.

WHAT DID YOU TALK MAMA INTO?

I HAVEN'T THE FINEST IDEA—ALL I KNOW IS IT COST ME THIRTY DOLLARS!

**Alley Oop**

SCARED OF GUN-FIRE, SAKES ALIVE, WHY'D EVER THOUGHT YOU'D TAKE A DIVE?

AW, MARION, DON'T TAKE ME SERIOUS. HE'S GOT A HEART OF GOLD!

OH, HOW NICE! I MUST REMEMBER THAT WHEN I CUT IT OUT OF HIM!

YES, INDEED... I SHOULD LIVE TO DO IT! DEED!

Y'KNOW, WEASEL? YES, YOU COULD, PLUS, I COULD STAY WHEN FROM A THREAT!

AW, FOZZY! G'WAN, SHUT UP AN' GIT, OF GEESE! YOU AINT GOT ARY A BIT!

# Panhandle Activity Sags As Operators Stake 16; Final 15

Activity sagged in the Panhandle field last week. Operators staked 16 locations and completed 15 wells, according to a report by the Texas Railroad Commission.

Of the completions, five were oilers, two were gasers and eight were dry holes.

Total increased oil potential dropped to 247 barrels while gas potentials slipped to 1,263 MCF. Reports from the previous week showed 1,013 barrels of oil and 13,764 MCF gas.

## Length Of Strike Determines Who Will Feel Its Effects

HOUSTON — (AP) — A nationwide strike in the oil industry is something that everybody could feel.

But how much you feel it, whether you will, how — that's something that hinges on too many questions. But it mostly depends on one: How long the strike?

One week after 22 unions—CIO, AFL and independent—struck an estimated 38 percent of the nation's refineries, the impact began. Most of you didn't feel it. Flying was curtailed to conserve aviation gasoline supplies; some steam locomotives replaced oil burning diesel engines; a few allied industries were pinched. But this didn't mean much to most of you.

Will gasoline be rationed? If it is, that's when the bulk of the people will know there's an oil strike. And that's a question that can't be answered until you know the answer to a lot of other questions. Mostly, how long the strike?

Wages and night premiums are the basic issues in the strike.

The companies have said they can not give an increase of more than 4.6 percent—or about 10 cents an hour—under the Wage Stabilization Board formula. Unofficially, there have been some higher offers made, subject to WSB approval. But not any that approached what the oil workers want.

An oil strike raises a lot of questions. How does it affect the striking worker? Some 90,000 are losing an estimated \$1.5 million weekly in salaries.

How does it affect the companies? That's about all you can say. It's not doing them any good. That's about all you can say. To be more specific hinges on too many ifs. And no company wants to speculate.

How does it affect an oil producing state? Texas, greatest oil state in the nation, is losing about \$125,000 per day in Texas. Gov. Allan Shivers said two months of oil strikes could put the treasury in the red.

How does it affect you? It does. How much depends on where you live and how long the strike. A good long strike could mean a gasoline shortage. When the strike began, gasoline stocks were estimated at 157 million barrels. Daily consumption over the nation is about 3 million barrels daily.

It could affect transportation; air, motor, rail. It could affect dozens and dozens of industries, chemical, synthetic rubber, etc. You could feel it through these.

If you own an oil well, it could clip your royalties. Some wells in Texas and Louisiana have already been shut down.

Can't the refineries that aren't struck make up the difference by increased production? No. For instance, aviation gasoline is highly refined, not all refineries are equipped to make it. The machinery need is great. Some of the struck refineries are among the world's greatest producers of aviation gasoline.

And eleven struck refineries on Texas' Gulf Coast alone have a combined refining capacity of 1.18 million barrels of oil daily. The six still in operation can refine only 494,500 barrels daily.

Where you live is important in guessing about a gasoline shortage. Much of the refined product from the Texas Gulf Coast is shipped to the East Coast. This supply is merely a trickle during a strike.

But there's large segments of the country where the strike hasn't touched refineries.

Right now, there's no serious shortage of gasoline. Stocks are still plentiful, but the stocks dwindle daily. What happens then goes back to the one big question: How long the strike?

The University of Alabama's varsity tennis coach, C. De La Monarchie, is a former flying hero with the French Air Force.

## Panhandle Produces Two-Fifths: Texas Sets Pace For Carbon Black

AMARILLO — More than two-thirds of the nation's 1951 carbon black production was produced in Texas, according to a mineral market report recently released by the Bureau of Mines, Department of the Interior.

More than one and a half billion pounds of carbon black were produced in the United States last year, Dr. C. W. Seibel, Regional Director of Region VI, Bureau of Mines, reported here today.

More than two-fifths of the U. S. production was produced in plants located in the Panhandle of Texas.

Carbon black is an important ingredient in the manufacture of automobile tires, ink and paint. It also has other industrial uses. Carbon black represents between 27 and 30 percent of the weight of the average-sized automobile tire.

The 1951 production was 21 percent over 1950. Value of last year's carbon black production was more than 107 million dollars at the plants. Largest gain in production was at Texas plants not located in the Panhandle. Arkansas produced carbon black for the first time last year. Other states producing carbon black are California, Kansas, New Mexico and Oklahoma.

Exports of carbon black increased eight percent to 433,493 thousand pounds. The exports were controlled by the U. S. Department of Commerce during the entire year.

Fifty-eight plants were producing at the end of 1951. Daily capacity at the end of the year was more than five million pounds per day, compared with slightly more than four million pounds at the end of 1950.

**Decontrol Of Prices Due Discussion**

AUSTIN — The question of how best to secure price decontrol is expected to dominate a meeting of the executive committee of the Texas Independent Producers and Royalty Owners Association in Austin at noon Thursday, May 15.

"Recognizing the complete unwillingness of OPS to comply with the law in granting price adjustments impartially whenever justification is shown," declared TIPRO President Bryan W. Payne of Tyler, "The TIPRO membership voted in convention to urge Congress to remove price controls from all commodities not in short supply."

**They'll Do It Every Time** By Jimmy Hatlo

WE ONLY PLAYED THREE HOLES AND WE'VE HAD TO HELP HIM LOOK FOR HIS BALL 12 TIMES...

DIDJA SEE WHERE IT WENT? I'D PLAY ANOTHER ONE, BUT THIS IS MY LUCKY BALL - IT'S RIGHT AROUND HERE SOMEPLACE...

I WONDERED WHY THE GUYS IN THE CLUB-HOUSE CALLED HIM THE SWAMP FOX - NOW I KNOW...

IT AIN'T HELP HE WANTS HE'S WAITING FOR SOMEBODY TO GIVE HIM A BALL...

HE'S THE GUY WHO WANTED TO DOUBLE UP ON THE CADDIES TOO - HE REALLY THINKS THIS IS A SCOTCH GAME...

THE MISERY GUY WHO'S FOREVER IN THE ROUGH ALWAYS WANTS COMPANY...

THANKS AND A HATLO HAT TIP TO GOOD OL' MIKE PETROCCIA, BROOKVILLE COUNTRY CLUB, BROOKVILLE, I.E., N.Y.

**Baby Survives Delicate Surgery**

CHICAGO - (AP) - A 17-day-old baby, who weighed only 3 pounds 3 1/2 ounces when she was born, was reported in good condition today after an operation to close a perforated small intestine.

The infant, Elizabeth Dillon, was operated on April 28, four days after she was born two months prematurely. The baby in an incubator, was taken to the operating room of Michael Reese Hospital after an X-ray showed a quarter-inch hole in the small intestine. Doctors at the hospital said the perforation of the intestine probably was caused by an ulcer. They said they believed she is the youngest infant to survive such an operation.

# Mass Persecution In China Is Under Way By Communists

NEW YORK — (AP) — The worst mass persecution of American missionaries in our history is going on in Communist China, church leaders said this week.

They gave this statistical picture:

- 32 American missionaries in prison.
- 25 Under house arrest.
- 136 Others restricted in their movements, prevented from leaving the country, and subjected to criminal accusations and attacks.
- Their situation has become extremely grave, said Dr. Wallace C. Merwin, head of the China division of the National Council of Churches of Christ in the U. S. A.
- Both Roman Catholic and Protestant leaders said that never in any land has there been such widespread, official persecution of American missionaries since the first ones went out nearly 150 years ago.
- It has smashed one of the most extensively supported missions in the fields of American churches, which five years ago had 2,586 missionaries in China — 2,556 Protestants and 430 American Catholics.
- Only 153 are left.
- All of them — 153 Catholics and 40 Protestants — are reported under various kinds of restrictions, charges and punishment.
- Church spokesmen said the State Department, presumably through nations that have relations with Red China, is seeking to intervene in behalf of the missionaries. But no details of the efforts were given.
- Until this month, the churches have been guardedly unenthusiastic about the overall status of the China missionaries, for fear of causing added reprisals against them.
- "Hate is being whipped up against them by mob psychology in a way that is extremely dangerous and uncontrollable," Merwin said.
- Father Fred Maguire, of the Catholic Mission Secretariate in Washington, D. C., said "there never was a time when American missionaries in such great numbers have faced such circumstances."
- A China missionary for 18 years

The himself, Father Maguire said the "elimination of all Americans and all foreign missions" from China is likely in "a very short time."

"That certainly is their objective," he said.

In first disclosing the numbers of missionaries held, the National Council's China Committee said recently it decided "only after careful consideration" to "break the silence we have maintained so long."

The Committee said it acted in hopes that public knowledge of "this unprecedented situation" involving Americans "might help to speed their return home."

No names were given, but the statement detailed cases of cruelty and maltreatment inflicted on missionaries.

At least one died in prison under uncertain circumstances. One has disappeared, his house left empty. One reportedly has been sentenced to 12 years at hard labor.

Further trials, at which crowds were stirred to a high emotional pitch and accusations shouted at missionaries from coached accusers, were described from reports brought out of China.

"It would seem," Merwin said, "that in practically every instance, the missionaries are being held for propaganda purposes, since many have been used as the central characters in these public trials."

He said they were accused of such crime as espionage, embezzlement and murder of hospital patients.

Prior to the Communist regime, American Protestants poured some \$8,600,000 annually into the Chinese missions.

Protestant missionaries held properties valued at \$27,000,000 which was in the process of being turned over to National Chinese Christian Groups. There were 13 Christian colleges, 220 hospitals.

Catholics also maintained extensive institutions.

Besides the 450 American Protestant missionaries, before the Red regime, there were 3,750 Catholics and 1,465 Protestants from other countries.

Michigan State's baseball team has been taking spring training trips into the deep south regularly for 25 years.

# Graduation Services Planned For McLean Seniors May 23

McLEAN — (Special) — Commencement exercises for McLean High School's class of 1952 will be held May 23 in the high school auditorium with Rev. Leon Hill of Amarillo as speaker.

Baccalaureate services will be held in the Baptist Church May 18. Rev. C. W. Parmenter, pastor, will deliver the sermon.

In the meantime, the junior senior banquet and senior trip are planned.

The banquet honoring seniors is to be held in American Legion Hall in McLean May 18.

Following commencement, class members will travel to Galveston. They plan to leave May 24 by bus and make stops in Dallas, Huntville and Houston. After visiting in Galveston, they will come back by way of San Antonio, Austin and Abilene. They are expected to return May 31.

Adults accompanying them will be class sponsors, Mrs. Sula Butler and Don Young; class mothers, Mmes. Fred Bentley and C. R. Glenn and high school principal, Paul Kennedy.

# Kiwanis Entertains Miami Men's Club

MIAMI — (Special) — Member of the Kiwanis Club of Pampa presented the program for the Men's Service Club of Miami, Tuesday.

Attending from Pampa were Smiley Henderson, president of the Kiwanis Club; Mr. and Mrs. Roy Johnson, musical director and organist of the First Methodist Church; John Welton, member of the senior class; and Bob Curry, former Miami High School

coach and now an industrial salesman.

Henderson served as master of ceremonies and first introduced Curry, who ably explained the purpose of the Kiwanis Club.

Local talent appearing on the program were Misses Helen Locke Ann O'Loughlin, Myrna Montgomery and Linda Adcock, who sang two vocal numbers, accompanied by Miss Juanita Haynes at the piano.

Max Faulkner, famed British golfer, was 34 years old when he won the British Open championship with a 72 hole total of 85.

# Musical Playlet To Be Presented

"Goldilocks' Adventure," a musical playlet in three acts, will be presented by primary grades of Carver School Thursday.

The play, based on the story of "Goldilocks and the Three Bears," will be given in the Carver School Auditorium beginning at 8 p.m. Admission will be charged.

# "UNDERWATER DEMOLITION"

A form of "underwater demolition" was used in warfare as early as the 5th century, B. C. Grecian divers sawed down barriers, which had been built below the surface of the water to prevent Grecian warships from entering the harbor of Syracuse.
