Petitions Due Presentation Tomorrow

Petitions asking a charter change election will be handed to the city commission tomorrow while the county commissioners court opens bids for the repair of the northwest airfield.

Of the 41 petitions, asking that the city charter be amended to abolish the ward system and elect commissioners at large, eight have been completed and returned, Frank Culbertson, chairman of the group seeking the change, reported this morning.

Those circulating petitions were asked to return them this afternoon to Culbertson in the Culbertson Chevrolet Building.

A minimum of 800 names have already been obtained on the petitions. They will be presented to the commission during its regular Tuesday meeting.

In the meantime, county commissioners today were looking for the first bid on repairing one runway and constructing aprons and taxiways at the northwest airfield.

County Judge Bruce Parker said he understood three contractors "are nibbling at the bids," but nothing has been turned in as yet.

The county has until Aug. 31, to get the northwest field in shape to receive planes. The extended lease on Pampa Municipal Airport expires at midnight of that date.

Tomorrow's city commission meeting will be the first official municipal business session for B. H. Cruce, new city manager, who will take his oath of office and sign his bond.

Today Cruce was still in the process of getting his feet on Pampa ground and was in the midst of an inspection tour of the city under the wing of the engineering department.

Texas Housewives Plan To Test Tax

DALLAS (AP) — A group of Marshall, Texas, housewives planned to begin a constitutional test of social security taxes on household servants in a federal court hearing today.

Mrs. James K. Abney and 13 other women claim the government has no right to force housewives to serve as involuntary tax collectors without pay. The hearing was scheduled before Judge William H. Atwell.

In the suit, Mrs. Abney asks that the government return \$2.51 seized from her bank account as unpaid taxes on wages paid for her maid. The other plaintiffs seek similar small amounts.

Former Congressman Martin Dies heads the legal staff for the Marshall women.

TESTS POLIO WEAPON — Dr. William McDowell Hammon, above, a professor of Epidemiology at the University of Pittsburgh, will head the team which is to make the first mass test of Gamma Globulin, anti-polio serum, at Houston, Texas, Houston, hit by the country's worst polio epidemic will have 35,000 of its children inoculated. Doctors emphasize that the serum will not stop polio, but that they hope it will alleviate effects of the disease, if contracted.

Mass Polio Tests Start This Week

HOUSTON (AP) — Experimental inoculation of 35,000 young children will begin this week in a mass test of a drug to prevent paralysis from polio.

Medical scientists, financed by the National Foundation of Infantile Paralysis, will begin giving shots of gamma globulin Wednesday. Half the children will get the harmless blood fraction and the other half will get a neutral inoculation. Only the University of Pittsburgh researchers will know which children get the gamma globulin.

The tests were planned after Houston and Harris County passed the stage regarded as epidemic by the national foundation.

By last week, Houston had reported 149 city cases and six deaths, 98 county cases and four deaths, and 96 non-resident cases and six deaths.

Meanwhile, Nina Warren, 18 daughter of Gov. Earl Warren of California, came to Houston with a message of hope for polio sufferers.

The pretty blonde looked as if she had never been ill. Yet only 18 months ago "Honey" had been paralyzed from the waist down.

"The most important thing to remember is that people do recover from polio," she said.

"People don't hear so much about complete recovery. That's why they fear the disease so much."

Faster Buildup Demanded As Russ Power Mounts

Taft, Ike Head For Showdown

Doesn't Like It . . . Predict President Will OK Curbs Bill

WASHINGTON (AP) — Administration leaders said today President Truman will sign later in the day a bill extending wage and price controls for 10 months.

Speaker Rayburn (D-Tex.) told reporters after a White House conference that the President is "not too well pleased with it" but that signing the measure is "the only thing he can do."

The bill as passed by Congress Saturday bears little resemblance to the controls legislation Truman asked of the House and Senate last year.

He wanted authority to control wages and prices extended for two years, until June 30, 1954, and he asked that the current controls provisions—contained in the Defense Production Act of 1950—be strengthened.

Instead Congress weakened some of the controls authority and placed a 10-month limit on an extension.

"The defense production act will expire at midnight tonight unless the President signs the extension," Rayburn and Sen. McFarland

Delegations Can't Agree On All Terms

CHICAGO (AP)—The fight between Taft and Eisenhower supporters over contested delegates to the Republican National Convention appeared headed today for a showdown before the party's national committee.

Representatives of the two top contenders for the GOP presidential nomination at next week's convention failed to agree on a main issue at a meeting last night with the party's national chairman.

The groups representing Sen. Robert A. Taft of Ohio and Gen. Dwight D. Eisenhower at a meeting with Guy G. Gabrielson, national committee chairman, agreed that rules for settling the contested delegate disputes would be similar to those adopted at the 1948 convention.

But they failed to reach agreement on the issue on the time to be allotted for debate on the various contests.

The sessions are a preliminary to the expected showdown fight scheduled to start tomorrow when the national committee begins to hear contests.

Gabrielson said that previously time allotted for argument on the various contests had been limited to 30 minutes for each side.

Issues settled provided for calling all contested delegations in alphabetical order and that all hearings will be open to the press and public. It also was agreed that after open committee hearings on the contested delegations, the arguments will go to closed executive sessions and be voted on there.

The contests involve convention votes from seven states and Puerto Rico. The sharpest fight is expected to revolve around Texas' 38 disputed seats. Other delegates involved in state contests are Florida with 18, Louisiana with six, Georgia and Mississippi, each with four, and Missouri and Kansas with one each.

In each contest, there are two sets of delegates seeking recognition, one group backing Taft and the other Eisenhower.

Confessed Burglar Kills Self As Unique Operation Fails

BUTLER, Pa. (AP) — Millard P. Wright, 42-year-old confessed burglar who underwent brain surgery in a vain attempt to curb his urge to steal, no longer is tormented by his conscience.

He killed himself yesterday in a fit of remorse.

State police at the Butler barracks found him dead in a detention cell. Around his neck was a makeshift noose; an artery in one arm had been severed.

Three suicide notes told of his regret for his life of crime. One stated: "I am sentencing myself to death for all my evil misdeeds."

In 1947 Wright underwent an operation in a Pittsburgh hospital in which part of his brain was removed. It was believed the operation had eliminated his urge to steal. He was paroled from prison in 1949.

Two weeks ago police arrested him and found more than \$25,000 worth of stolen loot in his Pittsburgh apartment. He admitted 28 house burglaries in Western Pennsylvania and two in West Virginia. A few days ago he was brought here to show police the scenes of his burglaries.

State police said Wright broke his eyeglasses and used a piece of the glass to slash his wrist. He made a noose of his T-shirt and a small blanket to strangle himself.

His 27-year-old wife Roberta could only say: "Millard in my opinion was a very good man. What he had wrong with him was something he couldn't do anything about."

Wright's second note to his wife, whom he married in April, read: "Goodbye, my darling. Give my eternal love to my good loyal wife who has been more to me than I deserve. I am sentencing myself to death for my evil misdeeds."

"Dr. Koakoff, Reverend Swoyer, Bill Heagy, Chaplain Stremel, Father Hubert and those I harmed. Please forgive me. I die in sincere sorrow."

\$2,000 Bond Set For Borger Man

Judge Bruce Parker set a bond of \$2,000 for Goldie Cecil Daniel, 44, of 820 N. Hedgecock St., Borger in county court, this morning.

Daniel was involved in an accident about 4:40 p.m. Saturday on U. S. Hwy 69 9 miles east of Pampa. Daniel had pulled over to the right side of the road to let another car pass but, in doing so, his car swerved off the road and into a barbed wire fence.

His passenger in the car, Theodore L. Graver, 41, of Canadian, had started to step out of the car as it was swerving but he was hospitalized with severe lacerations of the throat, back, arms, and other parts of the body.

Daniel was charged by Highway Patrol with driving a vehicle while under the influence of intoxicating liquor and handed over to county authorities.

Daniel will face a trial jury sometime in the near future.

Clarendon Boosters Pay Visit To Pampa

Clarendon boosters were in Pampa today with a show advertising the Clarendon Rodeo to be July 2, 4 and 5.

The local goodwill and reception committee of the chamber of commerce, with Frank Fata as chairman, met the group at the city limits at noon and escorted them through town to the La Nora Theatre.

Finnish Beauty 'Miss Universe'

LONG BEACH, Calif. (AP) — A perfect Scandinavian beauty — Finland's blonde Armi Kuusela — rules as Miss Universe today.

One of her country's official greeters at next month's Olympic games, 19-year-old Miss Kuusela revealed in her royal reception here after being crowned by 29 other laundies.

The fair, blue-eyed Finn was crowned with a diamond-studded tiara that once graced the heads of three Carolinas

EGGASPERATINGLY HOT — Carol and Cheryl Judy, 3, identical twins, of Kansas City, Kans., fry a tasty egg on the stove-hot sidewalk. Kansas has been sweltering in heat which in some places has climbed to a thermometer-popping 113 degrees.

Revolutionary Jet Crashes In Flames

LONDON (AP) — Britain's revolutionary new flying triangle, the only plane of its type in operation, crashed in flames yesterday, but officials said another of the supersonic jets will be completed within a few days.

Test pilot Bill Waterson, 36, leaped safely from the plane after he crash-landed it at Boscombe Down Air Station. The Canadian-born squadron leader jumped, carrying vital movies recording the accident. Seconds later the plane burst into flames.

Fire squads moved in quickly and saved it from complete destruction.

The Air Ministry three weeks ago accepted the delta-shaped Gloster G45 for mass production. The strength of its triangular wing construction Waterson

Korean Crisis Nears Climax

PUSAN, Korea (AP) — South Korea's political crisis neared a climax today as President Syngman Rhee handed the Assembly an ultimatum — adopt his proposed constitutional amendments quickly or he would dissolve the Legislature.

"I will wait only a few more days," Rhee declared, then "I will take decisive action in compliance with the will of the people."

Rhee did not indicate how he would go about dissolving the Assembly. Korea's Constitution makes no provision for such action.

The 77-year-old President and the National Assembly have been feuding bitterly since January. Rhee demanded a constitutional amendment providing for popular election of a President and a two-house Legislature.

The one-house Assembly elects the President. It was scheduled to do so last week, but Rhee supporters forced postponement of the election.

Frank E. Bailey Dies This Morning

Frank E. Bailey, 68, died of a heart attack at his home at 436 N. Warren today at 9:20 a.m. A resident of Pampa for 25 years, Bailey was employed by the Phillips Petroleum Company retired. He came to Pampa from Oklahoma three years ago when he

Survivors include his wife, Elma of Pampa; three sons, L. J. Bailey Allentown, Pa. and Bob Bailey, Pampa; one daughter, Mrs. Marvin Bowman, Pampa; and 11 grandchildren.

Senate Seeks More Speed In Arming Nation

WASHINGTON (AP) — Reports of mounting Russian atomic striking power set off a Senate drive today to force the administration to speed up development of American hit-back strength.

Sen. O'Mahoney (D-Wyo.), piloting the 46-billion-dollar military appropriations bill through the Senate said the defense program could be advanced a year by adding \$3,600,000,000 to the nearly six billions cash the bill would provide to expand the Army, Navy and Air Force.

The bill is up for passage today. O'Mahoney said he would propose an amendment designed to permit the Air Force to spend an extra \$3,600,000,000 on credit.

His chief goal, he said, is a 150,000-man Air Force by July 1954, a year ahead of the administration's schedule.

The Joint Chiefs of Staff have told congressional committees they expect Russia will reach a peak of power by mid-1945. "They said this will mark the start of a period of greatest danger" to this country.

Gen. Nathan F. Twining, acting head of the Air Force, said Russia soon may have enough atomic bombs to launch a surprise attack plus "a reserve for succeeding tries if the first shot fails." He also said Russia has at least as many first-class combat planes as the United States.

Sen. Ferguson (R-Mich.) said he would fight the O'Mahoney amendment. He told the Senate Saturday he believes the \$3,600,000,000 in the bill in its present form would provide all the planes the Air Force can absorb in the next two years, and "bring some of the luxury" out of Pentagon spending policies.

Sen. Lyndon B. Johnson (D-Tex.) said the Joint Chiefs of Staff have informed his preparedness subcommittee they could have 143 air wings ready by mid-1954 if Congress would put up the money.

The huge money bill — the biggest before Congress this year — is about five billions less than President Truman had requested and nearly a half-billion below the total voted by the House.

Two Auto Accidents Over The Week End

Two automobile accidents occurred in the area during the week end.

A '52 coach driven by Darwin Alvin Teeters, 15, of Pampa, was in collision with a '51 sedan driven by Robert Donald Wilson, 18, of Lefors, on Hwy 273, about 1 1/2 of a mile north of Lefors at 5:29 p.m. Sunday.

Both vehicles were going toward Lefors. Teeters slowed down, in a no-passing zone, to see if some people by the side of the road wanted some help. Then he picked up speed again. The Wilson car came into contact with the Teeters car. Estimated damages to Wilson's car are \$300. There were no arrests and no injuries.

Another accident happened about noon Saturday on Highway 350, just south of Francis. A collision occurred between a '49 truck driven by Albert Bear, 42, of Pampa and a '52 Buick driven by an unidentified person. Bear was backing out of a driveway and the Buick was parked across the street, having just pulled up. The left front of the Buick was damaged to an estimated extent of \$75.

No arrests were made and no body was hurt.

First Firecracker Fire Is Reported

The season's first case of a fire caused by firecrackers was handled by the Pampa Fire Department this morning.

A small fire in the garage of 1015 Fisher at 10:45 a.m. was reported. Only damage was to the point of the car parked in the rear of the garage.

Chief Ernest Winborne urged that it be both the first and the last case of fires caused by the illicit use of firecrackers. A city ordinance prohibits the shooting or setting of firecrackers within the city limits.

If it comes from a hardware store we have it—Lester Heston

Inside The Republican Party: Major Issues Facing The GOP

By JOHN GUNTHER

Written for NEA Service

Let us burrow further into the Republican party. An "issue," according to the dictionary, is a point or question in dispute. To a politician, an issue is something to win on, keep from losing on, bleat about or try to muffle. As the Republicans see the 1952 race, the main issues will be the following:

1. Korea. The main emphasis here, most Republicans say, will not be so much on the fact that the United States is fighting in Korea, but on how this tragic war is being fought. There will be questions, vigorously salted, on why Mr. Truman did not consult Congress before ordering American forces into action.

Why there has been no declaration of war, why Mac Arthur was fired, and why (as the Republicans put it) we got entangled and enmeshed in truce negotiations which gave the enemy the most precious of commodities, time.

"The Korean war is one which we refuse to try to win, and at the same time one in which we cannot afford to get licked," is one Republican aphorism.

If the truce negotiations succeed, and the United States gets out of Korea with honor before November, it will immeasurably help the Democrats. Everybody in the country wants the boys home and in warm socks as soon as possible.

Republican attitudes on Korea are sharply, bafflingly, divided within the party. Some Republicans ask for a more "positive" Asiatic policy—while at the same time cutting military appropriations. Some plead for peace—and at the same time want to bomb China and encourage Chiang Kai-shek into unpredictable adventures on the China mainland. Some call Truman a warmonger—and at the same time press for an advance beyond the Yalu.

2. Corruption. This issue has lost some of its luster since Mr. Truman withdrew from the presidential race, whoever gets the Democratic nomination can dissociate himself from what went on in the way of a few posts, not a deep enough trench to bury the heavy internal

If Truman were a candidate, the corruption issue would be hotter. But it's hard to blame Stevenson or Kefauver for what happened under Truman a year more than you could fairly blame Coolidge, who was Harding's vice president, for what happened under Harding.

Democratic replies to the corruption charge are: (A) Republicans in the past have been corrupt on a much more grandiose and fancy scale; (B) Not many people care. In the scandalous and immortal words of Will Rogers, "It's awful hard to get people interested in corruption unless they get some of it."

3. Communism. In high government places, as evidenced by the Hiss affair, in particular, the Republican high command can make great play not merely with alleged instances of Communist infiltration into government, but with Truman's bland attempt to dismiss the whole as a "red problem" as a "red herring."

Sen. Joe McCarthy, for all the noise he has made, has never succeeded in proving that there was one Communist Party card among the 81 cases of State Department Red he put into the Congressional Record. Nevertheless his charges will be rehearsed in this campaign. Many Republicans deplore McCarthy's smear tactics, but they think he has performed a public service in arousing the country at large to the Communist menace, which is real and formidable.

A MAJOR ISSUE: Korea. Where these U.S. soldiers march, tops the list for the 1952 race.

4. Foreign policy in general. If Taft is nominated, his isolationist record will be fair game. And though his campaigning, to date indicates he won't flinch from defending it, there's a fair chance that, post-convention, he would add a little more internationalist flavor to his views to broaden his November appeal.

If Eisenhower is the nominee, the Democrats may attack him as a turncoat if he protests too loudly. (See REPUBLICAN, Page 3)

Petitions Due Presentation Tomorrow

Petitions asking a charter change election will be handed to the city commission tomorrow while the county commissioners court opens bids for the repair of the northwest airfield.

Of the 41 petitions, asking that the city charter be amended to elect commissioners at large, eight have been completed and returned. Frank Culbertson, chairman of the group seeking the change, reported this morning.

Those circulating petitions were asked to return them this afternoon to Culbertson in the Culbertson Chevrolet Building.

A minimum of 800 names have already been obtained on the petitions. They will be presented to the commission during its regular Tuesday meeting.

In the meantime, county commissioners today were looking for the first bid on repaving one runway and constructing aprons and taxiways at the northwest airfield. County Judge Bruce Parker said he understood three contractors "are nibbling at the bids," but nothing has been turned in as yet.

The county has until Aug. 31, to get the northwest field in shape to receive planes. The extended lease on Pampa Municipal Airport expires at midnight of that date.

Tomorrow's city commission meeting will be the first official municipal business session for B. H. Cruce, new city manager, who will take his oath of office and sign his bond.

Cruce was still in the process of getting his feet on the Pampa ground and was in the midst of an inspection tour of the city under the wing of the engineering department.

Texas Housewives Plan To Test Tax

DALLAS (AP) — A group of Marshall, Texas, housewives planned to begin a constitutional test of social security taxes on household servants in a federal court hearing today.

Mrs. James K. Abney and 13 other women claim the government has no right to force housewives to serve as involuntary tax collectors without pay. The hearing was scheduled before Judge William H. Atwell.

In the suit, Mrs. Abney asks that the government return \$2,511 seized from her bank account as unpaid taxes on wages paid for her maid. The other plaintiffs seek similar small amounts.

Former Congressman Martin Dies heads the legal staff for the Marshall women.

TESTS POLIO WEAPON — Dr. William McDowell Hammon, above, a professor of Epidemiology at the University of Pittsburgh, will head the team which is to make the first mass test of Gamma Globulin, anti-polio serum, at Houston, Texas.

Mass Polio Tests Start This Week

HOUSTON (AP) — Experimental inoculation of 35,000 young children will begin this week in a mass test of a drug to prevent paralysis from polio.

Medical scientists, financed by the National Foundation of Infants Paralysis, will begin giving shots of gamma globulin Wednesday. Half the children will get the harmless blood fraction and the other half will get a neutral inoculation.

Only the University of Pittsburgh researchers will know which children get the gamma globulin.

The tests were planned after Houston and Harris County passed the state regarded as epidemic by the national foundation.

By last week, Houston had reported 149 city cases and deaths, 98 county cases and four deaths, and 86 non-resident cases and six deaths.

Meanwhile, Nina Warren, 18 daughter of Gov. Earl Warren of California, came to Houston with a message of hope for polio sufferers.

The pretty blonde looked as if she had never been ill. Yet only 18 months ago "Honey" Warren was paralyzed from the waist down.

"The most important thing to remember is that people do recover from polio," she said. "People don't hear so much about complete recovery. That's the reason why they fear the disease so much."

Taft, Ike Head For Showdown

Doesn't Like It . . .

Predict President Will OK Curbs Bill

WASHINGTON (AP) — Administration leaders said today President Truman will sign later in the day a bill extending wage and price controls for 10 months.

Speaker Rayburn (D-Tex.) told reporters after a White House conference that the President is "not too well pleased with it" but that signing the measure is "the only thing he can do."

The bill as passed by Congress Saturday bears little resemblance to the controls legislation Truman asked of the House and Senate last year.

He wanted authority to control wages and prices extended for two years, until June 30, 1953, and he asked that the current controls provisions—contained in the Defense Production Act of 1950—be strengthened.

Instead Congress weakened some of the controls authority and placed a 10-month limit on an extension.

The defense production act will expire at midnight tonight unless the President signs the extension.

Rayburn and Sen. McFarland (D-Ariz.) Senate majority leader, said after the conference that they see no reason for calling Congress back in special session after the political conventions in July.

With the big military appropriation bill and the annual security appropriation measure, the two major items remaining for action, the two legislators said Congress should be able to cut Saturday night.

Rayburn told questioners the President "didn't seem very enthusiastic" over the legislation even though the final bill was considered a victory for the administration after the House earlier had voted to kill nearly all wage-price controls.

Delegations Can't Agree On All Terms

CHICAGO (AP) — The fight between Taft and Eisenhower supporters over contested delegates to the Republican National Convention appeared headed today for a showdown before the party's national committee.

Representatives of the two top contenders for the GOP presidential nomination at next week's convention failed to agree on a main issue at a meeting last night with the party's national chairman.

The groups representing Sen. Robert A. Taft of Ohio and Gen. Dwight D. Eisenhower at a meeting with Guy C. Gabrielson, national committee chairman, agreed that rules for settling the contested delegate disputes would be presented to "those adopted at the 1948 convention."

But they failed to reach agreement on the issue on the time to be allotted for debate on the various contests.

The sessions are a preliminary to the expected showdown fight scheduled to start tomorrow when the national committee begins to hear contests.

Gabrielson said that previously time allotted for argument on the various contests had been limited to 30 minutes for each side.

Issues settled provided for calling all contested delegations in alphabetical order and that all hearings will be open to the press and public. It also was agreed that after open committee hearings on the contested delegations, the arguments will go to closed executive sessions and be voted on there.

The contests involve convention votes from seven states and Puerto Rico. The sharpest fight is expected to revolve around Texas, 38 disputed seats. Other delegations involved are state contests and votes are Florida with 18, Louisiana with six, Georgia and Mississippi, each with four, and Missouri and Kansas with one each.

In each contest, there are two sets of delegates seeking recognition, one group backing Taft and the other Eisenhower.

Confessed Burglar Kills Self As Unique Operation Fails

BUTLER, Pa. (AP) — Millard F. Wright, 42-year-old confessed burglar who underwent brain surgery in a vain attempt to curb his urge to steal, no longer is tormented by his conscience.

He killed himself yesterday in a fit of remorse.

State police at the Butler barracks found him dead in a detention cell. Around his neck was a makeshift noose; an artery in one arm had been severed.

Three suicide notes told of his regret for his life of crime. One stated: "I am sentencing myself to death for all my evil misdeeds."

In 1947 Wright underwent an operation in a Pittsburgh hospital in which part of his brain was removed. It was believed the operation had eliminated his urge to steal. He was paroled from prison in 1949.

Two weeks ago police arrested him and found more than \$25,000 worth of stolen loot in his Pittsburg apartment. He admitted 28 house burglaries in Western Pennsylvania and two in West Virginia.

A few days ago he was brought here to show police the scenes of his burglaries.

State police said Wright broke his eyeglasses and used a piece of the glass to slash his wrist. He made a noose of his T-shirt and a small blanket to strangle himself.

His 27-year-old wife Roberta could only say: "Millard in my opinion was a very good man. What he had wrong with him was something he couldn't do anything about."

Wright's second note to his wife, whom he married in April, read: "Goodbye, my darling. Give my eternal love to my good loyal wife who has been more to me than I deserve. I am sentencing myself to death for my evil misdeeds."

The third note: "Dr. Koskoff, Reverend Swoyer, Bill Heagy, Chaplain Stremel, Father Hubert and those I harmed. Please forgive me. I die in sincere sorrow."

\$2,000 Bond Set For Berger Man

Judge Bruce Parker set a bond of \$2,000 for Goldie Carl Daniel, 44, of 629 N. Hedgecock St., Berger in county court this morning.

Daniel was involved in a car accident about 4:40 p.m. Saturday on U. S. Hwy. 69, 9 miles east of Pampa. Daniel had pulled over to the right side of the road to let another car pass but, in doing so, his car swerved off the road and into a barbed wire fence.

His passenger in the car, Theodore L. Graver, 41, of Canadian, had started to step out of the car to contact with the fence. He was hospitalized with severe lacerations of the throat, back, arms, and other parts of the body.

Daniel was charged by Highway Patrol with driving a vehicle under the influence of intoxicating liquor and handed over to county authorities.

Daniel will face a trial July sometime in the near future.

Clarendon Boosters Pay Visit To Pampa

Clarendon boosters were in Pampa today with a show advance for the Clarendon Rodeo to be July 3, 4 and 5.

The local goodwill and reception committee of the chamber of commerce, with Frank Pata as chairman, met the group at the city limits at noon and escorted them through town to the La Nora Theatre.

A thunder shower hit the Galveston area early Monday, and a light rain fell at San Antonio.

Sunday's showers were mostly in Southeast and East Texas, extending from Houston to Texarkana and as far west as Austin. Downtown Houston reported only a trace of rain, but at the airport in Southeast of the city, 1.85 of an inch was reported between 3:40 and 4:30.

EGGSPERATINGLY HOT — Carol and Cheryl Judy, 3, identical twins, Kansas City, Kans., fry a tasty egg on the stove-hot sidewalk. Kansas has been sweltering in heat which in some places has climbed to a thermometer-popping 115 degrees.

Revolutionary Jet Crashes In Flames

LONDON (AP) — Britain's revolutionary new flying triangle jet crashed in flames yesterday, but officials said another of the supersonic jets will be completed within a few days.

Test pilot Bill Waterton, 36, leaped safely from the plane after he crash-landed it at Boscombe Down Air Station. The Canadian-born squadron leader jumped, carrying vital movies recording the accident. Seconds later the plane burst into flames.

Fire squads moved in quickly and saved it from complete destruction.

The Air Ministry three weeks ago accepted the delta-shaped Gloster G45 for mass production. The strength of its triangular wing construction, Waterton said, prevented the test model from blowing up when it hit the runway.

Its two Sapphire jet engines have been considered the world's most powerful. Yesterday, however, Britain released figures of a newer and even more powerful engine.

The new jet engine, the Bristol Olympus, has maximum static thrust of 9,750 pounds as compared to the Sapphire's 8,300 pounds. This means it has some 9,750 horsepower at 3,000 miles per hour and 17,000 horsepower at 600 miles.

The Olympus was first developed here by the Bristol Aeroplane Company but is to be built in the United States by the Wright Aeronautical Corp. under license from Bristol.

Rhee did not indicate how he would go about dissolving the Assembly. Korea's Constitution makes no provision for such action.

The 77-year-old President and the National Assembly have been feuding bitterly since January. Rhee demanded a constitutional amendment providing for popular election of a President and a two-house Legislature.

The one-house Assembly elects the President. It was scheduled to meet last week, but Rhee supporters forced postponement of the election.

Senate Seeks More Speed In Arming Nation

WASHINGTON (AP) — Reports of mounting Russian atomic striking power set off a Senate drive today to force the administration to speed up development of American hit-back strength.

Sen. O'Mahoney (D-Wash.), piloting the 46-billion-dollar military appropriations bill through the Senate, said the defense program could be advanced a year by adding \$3,600,000,000 to the nearly six-billion cash bill.

The bill is up for passage today. O'Mahoney said he would propose an amendment designed to permit the Air Force to spend an extra \$3,600,000,000 on credit.

His chief goal, he said, is a 145-wing Air Force by July 1954, a year ahead of the administration's schedule.

The Joint Chiefs of Staff have told congressional committees they expect Russia will reach a "peak of power by mid-1945." They said this will mark the start of "a period of greatest danger" to this country.

Gen. Nathan F. Twining, acting head of the Air Force, said Russia soon may have enough atomic bombs to launch a surprise attack plus "a reserve for succeeding times if the first should fail." He also said Russia has at least as many first combat planes as the United States.

Sen. Ferguson (R-Mich.) said he would fight the O'Mahoney amendment. He told the Senate Saturday he believes the \$15,734,750,722 in the bill in its present form would provide all the planes the Air Force can absorb in the next two years, and "bring some of the luxury" out of Pentagon spending policies.

Sen. Landon B. Johnson (D-Tex.) said the Joint Chiefs of Staff have informed they could have 143 air wings ready by mid-1954 if Congress would put up the money.

The huge money bill — the biggest before Congress in 1½ years — is about five billions less than President Truman had requested and nearly a half-billion below the total voted by the House.

Two Auto Accidents Over The Week End

Two automobile accidents occurred in the area during the week end.

A '34 coach driven by Darwin Alvin Teters, 43, of Pampa, was in collision with a '50 sedan driven by Robert Donald Wilson, 18, of Lefors, on Hwy. 273, about 1-10 of a mile north of Lefors at 5:29 p.m. Sunday.

Both vehicles were in the forward Lefors. Teters' slowed down, in a no-passing zone to see if some people by the side of the road wanted some help. Then Wilson car came into contact with the Teters car. Estimated damages to Wilson's car are \$300. There were no arrests and no injuries.

Another accident happened about noon Saturday on Purviance, 100 feet south of Francis. A collision occurred between a '49 truck driven by Albert Bear, 42, of Pampa, and a '52 Buick driven by an unidentified person. Bear was backing out of a driveway and the Buick was parked across the street, having just pulled up. The left front of the Buick was damaged to an estimated extent of \$75.

No arrests were made and nobody was hurt.

First Firecracker Fire Is Reported

The season's first case of a fire caused by firecrackers was handled by the Pampa Fire Department this morning.

A small fire in the garage of 1015 Fisher at 10:45 a.m. was reported. Only damage was to the paint of the car parked in the rear of the garage.

Chief Ernest Winborne urged that this be both the first and the last case of fire caused by the illicit use of firecrackers. A city ordinance prohibits the shooting or selling of firecrackers within the city limits.

If it comes from a hardware store we have it—Lewis Hardware.

Inside The Republican Party: Major Issues Facing The GOP

By JOHN GUNTHER, Written for NEA Series.

Let us burrow further into the Republican party. An "issue," according to the dictionary, is a point or question in dispute. To a politician, an issue is something to win on, keep from losing on, blab about or try to muffle. As the Republicans see the 1952 race, the main issues will be the following:

1. Korea.

The main emphasis here, most Republicans say, will not be so much on the fact that the United States is fighting in Korea, but on how this tragic war is being fought. There will be questions, vigorously salted, on why Mr. Truman did not consult Congress before ordering American forces into action.

If Truman were a candidate, the corruption issue would be hot. But it's hard to blame Stevenson or Kefauver for what happened under Truman any more than you could fairly blame Coolidge, who was Harding's vice president, for what happened under Harding.

Democratic replies to the corruption charge are: (A) Republicans in the past have been corrupt on much more grandiose and fancy scale; (B) Not many people care. In the scandalous but immortal words of Will Rogers, "It's awful hard to get people interested in corruption unless they get some of it."

2. Communism.

In high government places, as evidenced by the Hiss affair in particular, the Republican high command can make great play not merely with alleged instances of Communist infiltration into the government, but with Truman's blind attempt to dismiss the whole affair as a "red herring."

Sen. Joe McCarthy, for all the noise he has made, has never succeeded in proving that there was one Communist Party card among the 41 cases of State Department Reds he put into the Congressional Record. Nevertheless his charges will be reshaped in this campaign. Many Republicans deplore McCarthy's smear tactics, but they think he has performed a public service in arousing the country at large to the Communist menace, which is real and formidable.

Area's Heat Wave Gets Back In Line

The area's early summer heat wave got back in line today with temperatures expected to reach the high 90's. An overnight minimum was 70 and the mercury had climbed back to 88 by 11 a.m. today.

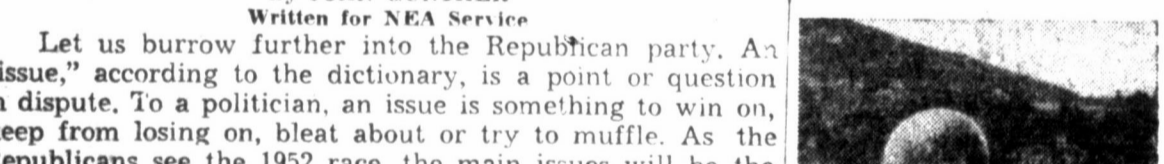

Freak showers during the week end brought 48 inch moisture to Pampa and three-fourths inch to the area south of Pampa for eight miles, but left the Kingsmill and Laketon areas "high and dry." Farmers resumed plowing in these areas Saturday after the downpour in Pampa the previous evening and again today.

Elsewhere in the state the heat wave continued undaunted and undented.

A few, light, scattered showers played around the state Sunday and early Monday, but the coolness they brought was only temporary.

A thunder shower hit the Galveston area early Monday, and a light rain fell at San Antonio.

Sunday's showers were mostly in Southeast and East Texas, extending from Houston to Texarkana and as far west as Austin. Downtown Houston reported only a trace of rain, but at the airport in Southeast of the city, 1.85 of an inch was reported between 3:40 and 4:30.

A MAJOR ISSUE: Korea, where these U.S. soldiers march, tops the list for the 1952 race.

4. Foreign policy in general.

If Taft is nominated, his isolationist record will be fair game. And though his campaigning, to date indicates he won't flinch from defending it, there's a fair chance that, post-convention, he would add a little more internationalist flavor to his views to broaden his November appeal.

If Eisenhower is the nominee, the Democrats may attack him as a turncoat if he protests too loudly. (See REPUBLICAN, Page 2) and 4:30.

OUR TOWN

by Wanda Campbell

Among the speakers at the Writers' Roundup in Canyon this week was Miss Helene Huff, daughter of Dr. and Mrs. Oscar Huff of Pampa. She presented the material for her thesis on creative writing courses in 48 colleges and universities and the writers' conferences they sponsor. Miss Huff was educated at the University of Texas and will receive her Masters Degree at West Texas State College next Spring. She has been studying creative writing with Louisa Grace Erdman since the fall of 1950. She has traveled extensively in this country and abroad. A former newspaper woman, Miss Huff was at one time head of the journalism department in Port Arthur High School. Miss Erdman, conference director and author of "The Edge of Time" and "The Wind Blows Free" gave her first lecture Wednesday (and got quite excited during her talk when someone announced the new Redbook was out—her story, "The Far Hills," appears in). Another speaker, Miss Muriel Fuller, spoke the first three days. She is with the Aberdeen Press in New York and assisted with the compilation of O. Henry short story collections several years. Other speakers included Rebecca Patterson of Amarillo, author of the controversial, "The Riddle of Emily Dickinson"; Laurene Chinn, Borger, who has sold fiction to numerous magazines including Colliers; Lewis Nordyke, free lance writer; H.L. Gantz, editor of Farm and Ranch; Charles L. Sonnichsen, novelist and professor of English at Texas Western University. Another speaker at the five-day conference was Dillon Anderson, a practicing attorney in Houston and short story writer. He created the famous "I, And Claude" series which appear regularly in Colliers and The Atlantic Monthly. Among the Pampans at the conference were Mrs. Ois Nace, Mrs. E. Sparrow, Mrs. W. C. Hutchinson, Mrs. Ben Ogden, and Miss Huff. They returned this week end.

Sigma Delta Club Entertains Rushees

Members of the Sigma Delta Sub-Deb Club entertained rushees with a scavenger hunt and party at the home of Connie Kelly recently.

Refreshments of lemonade and cookies were served following the hunt.

Rushees attending were Gay Lou Lard, Charlotte Hoggatt, Jerry Sloan, Carol POSTER, Carol Waggoner, Betty Bullard, Mary Ann Guthrie, Mary Sue Kidwell, Billie Mae Osborne, Mary Brummett, Janice Teague, Patsy Ward, Peggy Ward, Jo Tooley, ean Smith, Janice McWright, Ruth Abernethy, Pat Taylor, Marge Roundtree, Nelda Smart, Carol Paxson, Mary Lou Willis, Jo Wamble, Barbara Fry, Meredith Brooks, Sue Cobb, Barbara Patterson, Marlene Kolb, Janie Lewis, Matha Callie, Rosa Marie Hayes, Jopce Gordon, and Nancy Jameson.

Members present were Sue Stewart, Joan Lunsford, Lynn Cornelius, Nihla Morrison, Carol Rankin, Shirley Larsen, Barbara

Fashion Editors Decide How Clothes Budget Will Be Spent Next Fall

By DOROTHY ROE
NEW YORK (AP) — This is the week when the nation's fashion editors decide just how Mrs. America and her daughters will spend their 11-billion-dollar clothes budget next fall.

In the steaming canyons of the garment district, witting representatives of the country's leading newspapers dash from show-room to showroom, inspecting with practiced eyes the new silhouettes, the new fabrics, the new neckline which are expected to rouse in customers an uncontrollable urge to buy.

Manufacturers and designers vie for the attention of the visiting press, plying them with showings at breakfast, lunch, cocktail time, dinner and on to the midnight nightcap when the harried editors travel at full gallop trying to keep up with the jet-propelled schedule.

This is the phenomenon known to the garment industry as National Press Week. It occurs twice a year, under sponsorship of the New York Dress Institute, for the purpose of establishing the big town firmly as fashion capital of the world.

Taking pity on the weary editors, manufacturers concentrated the first day of showings at the Waldorf Astoria, so the girls wouldn't have to waste time trotting between buildings in the garment district. The week of fashion concentration started with a breakfast and forum, followed by nine showings occurring every hour on the hour and sometimes on the half-hour. During his initial burst of styles, editors saw: Clara McCardell's carefully careless styles for the young heart and figure, adored by college girls the world over.

Paul Farnes' suave costumes for well-dressed clubwomen.

Delman's shoes, designed for the well-heeled.

International Silk Association's lush selection of all-silk fashions. Bender and Haburger's medium-budget dresses for all occasions.

Ben Zuckerman's streamlined coats and suits.

Herbert Sondheim's carefully edited group of career-girl fashions, featuring imaginative use of tucks and pleats.

Harvey Berlin's top notch collection of dresses and suits, in lush fabrics and wearable lines.

Maurice Rentner's fabulous garments for the upper income brackets.

At the end of the long day and night, editors who still were able to keep their eyes open had deduced the following about next fall's fashion:

The silhouette is largely unchanged, with more slim skirts for daytime, the same hemline, full skirts for after five and the most beautiful array of fabrics in U. S. fashion history.

Cook's Nook

The cherry season is short—only about six weeks—so plan to get your share. Serve them fresh, then can and freeze them for winter use.

CANNING
Cherries may be canned pickled or unpitted, depending on their use. If your family likes canned sweet cherries to be used for sauce, there is no need to pit them, but if either sweet or red cherries are to be used for puddings and pies, they should be pitted.

The boiling water bath is the best way to can cherries, using the cold pack method. Jars should be washed in hot soapy water and thoroughly rinsed in hot water on the day canning is to be done.

Wash and stem the cherries. Pack into hot jars and pour a hot syrup over the cherries to within 1/2 inch of the top of the jar. A good syrup for the sweet cherries is in the proportion of two cups sugar to three cups water, or if a less sweet product is desired, a medium syrup of one cup syrup to two cups water can be used.

After the syrup has been added to the cherries, work out the air bubbles. Wipe jar rim with a clean damp cloth. Place on the lid and secure according to the manufacturers instructions.

Place the filled jars in the boiling water bath, with the water at least one inch above the jar tops. After a full rolling boil has been reached, process for 20 min. using the same time for pints or quarts.

FREEZING
Select firm, sound fruit. Sort, remove stems, wash and drain the cherries. You may either pit the cherries, or prick them on four sides to permit sugar absorption. Syrup pack is preferable for sweet cherries. Prepare a 40 per cent syrup by dissolving one cup sugar in 1 1/2 cups water.

To retain color and flavoring after thawing, add 1/8 teaspoon ascorbic acid and 1/8 teaspoon citric acid to each cup of cold syrup, stirring as little as possible to dissolve.

Place the cherries in moisture-vapor-proof containers, pour the syrup over the cherries, leaving sufficient head-space for expansion. Place a piece of cumpled freezer paper on top to keep the fruit under the syrup and prevent darkening of fruit due to oxidation. Seal and freeze immediately.

Sound Off

By A Leaguer

"Where the spirit of the Lord is, there is liberty."—St. Paul in his Second Letter to the Corinthians, Chapter 3, V. 17.

Our Republic is unique in history because the Founding Fathers, recognizing the religious quality of liberty, identified our institutions "the spirit of Lord."

The Declaration of Independence holds it self-evident that all men "are endowed by their Creator with certain inalienable rights," these include: Life, Liberty, and the Pursuit of Happiness. The primary purpose of our government is to secure these rights, which we hold in common and now endeavor to defend.

What better yard-stick than this with which to measure the agencies of government? Does this bureau or that agency contribute toward making secure those rights?

We must never forget that we are the only reliable guardians of our rights. As officials did not create, so they cannot maintain our freedoms. We have set Constitutional limits to the power of our government to keep the power in the hands of the people, to be exercised by them individually. All men of good will recognizes that the sense of justice, deep in the human heart, will never concede that liberty for some should involve the servitude of others. Such a conclusion would be foreign to the spirit of the Lord, the source of liberty.

The unique purpose of League of Women Voters is to help the individual citizen meet the responsibilities of citizenship; to help him understand and act on the issues that confront him; and to show him that his opinion

'THIS IS MY BEST'

No. 28 in a series

Mrs. W. T. Cass

Mrs. W. T. Cass is a housewife who is up-to-date on all homemaking duties—especially cooking. She is a member of the Merten Home Demonstration club, and, like all home demonstration women, Mrs. Cass studies and applies new homemaking methods in everything from sewing and gardening to cooking. She has recipes that she has used a number of years, but she tries to include new recipes when she plans each week's menu.

One of her best main dishes is a stuffed meat loaf that serves 12 and is pretty enough to serve the night special company is coming.

STUFFED MEAT LOAF
one pound ground beef
one pound ground pork
one pound ground veal
two beaten eggs
one cup milk
one teaspoon salt
1/2 teaspoon pepper
Combine ingredients, then divide and put half in greased casserole. Make stuffing by combining the following ingredients:
three cups toasted bread crumbs
one teaspoon salt
1/2 teaspoon thyme
1-2 teaspoon pepper
one tablespoon minced onion
two tablespoons melted fat
one cup chopped mushrooms (and liquid)
Place this stuffing in casserole on top of meat and pour liquid from mushrooms on the stuffing to moisten it. Top with remaining meat mixture and bake in moderate oven (350 degrees) one and one-half to two hours. Serves 12.

A good combination salad and vegetables are all this meat loaf needs. This salad serves six.

SALAD
one head of lettuce
three tomatoes
five pieces of celery
one grated carrot
one medium cucumber
one avocado
one sweet green pepper
1/3 cup vinegar
1/4 teaspoon onion salt
1/4 teaspoon garlic
two teaspoons sugar
Combine ingredients and toss lightly.

For dessert, Mrs. Cass likes lemon bisque. It's fine for club meeting refreshments, too.

LEMON BISQUE
one package of lemon jello
3/4 cup hot water
1/2 cup sugar
6 tablespoons lemon juice
1/2 cup orange juice
one pinch salt
one large can condensed milk
one 25-cent package vanilla wafers
Mix jello, sugar and salt. Add hot water, then add orange and lemon juice. Chill until partly jelled and have condensed milk chilled until cold enough to whip. Beat jello mixture in mixer until stiff. Beat milk in separate container, until peaks form. Add two together. Butter two nine-

Mainly About People

Mrs. J. M. Jennings and daughter Linda Ann of El Paso returned to their home recently after visiting with Mrs. Jennings' sister and family, Mr. and Mrs. C. C. Baker, 325 Warren.

Claude Zevely, principal of Hopkins School, attended a workshop at West Texas State College, Canyon, last week and was planning to go back this week for continued study there.

Mr. and Mrs. G. W. Baker, 631 N. Yeager, have just returned from Chicago where they have been visiting with their daughters for three weeks.

Among the students at West Texas State College, Canyon, this summer are Miss Onetta Elkins

and Mrs. Lois Morrison, both teachers at Hopkins.
Bob Shahan, brother of Mrs. Kenneth Browning, 105 S. Faulkner, visited in the Browning home this week end on his way to California to enroll in pre-law school at the University of California, Los Angeles. Shahan has just recently been discharged from the Army at Ft. Bliss, where he has been stationed with the San Angelo National Guard Unit. He also visited with his brother, Herb Shahan, who is employed by Cabot Carbon Company this summer.

Mrs. Frank Bishop Jr., Phoenix, Ariz., and daughter, Kathleen, are visiting in the home of Mrs. Bishop's parents, Mr. and Mrs. Tom Duvall, 431 N. Hazel. Mrs. Bishop is the former Tomasene Duvall.

Miss Joy Browning, a student at Hardin-Simmons University, Abilene, is in Pampa this summer employed at the City Water Department. She is the daughter of Mrs. Shahan and is a sister of Kenneth Browning, 105 S. Faulkner.

Mr. and Mrs. E. M. Keller, 1905 Ripley, and Mr. and Mrs. H. W. Clodfelder, 105 E. Ford, and families have gone to Covington, Okla., to attend the funeral of Mrs. Keller and Clodfelder's father, E. D. Clodfelder.

The deceased had been in poor health since last Christmas and was 85 years old when he died Saturday. He is survived by other children, six grandchildren, three great-grandchildren, and brothers and sisters.

The Kellers and Clodfelders have made several trips to Covington this month to be with Mr. Clodfelder. Funeral services are tomorrow at 10 a.m.

A \$50 fine was handed down to Harold Henry Reel, 311 E. Slope, Amarillo, for driving a combination truck tractor and semi-trailer whose total length was more than 45 feet.

Having no muffler on his vehicle cost Preston White, 30, of 510 Dallas St., Amarillo, a fine of \$14.

Having been repeatedly warned by Highway Patrol, Richard Eugene Blair, 24, of 425 S. Russell, was brought in again on charges of having no Texas operator's license and having no Texas plates on his vehicle. He was fined \$19.

Carl Dewey Robison, Oklahoma City, was fined \$34 on a charge of reckless driving. Robison lives now in Borger.

The Lefors Justice of the Peace court fined Edward Airheart, 29, of Trinidad, Tex., \$10 for driving without an operator's license.

**Boy Kills Self
To Make Amends**
TOLEDO, O. (AP) — A 15-year-old boy, arrested recently because he tried to steal a gift for Father's Day, killed himself to make amends, the sheriff's office said.
A motorist found the body of Fred Greenburg yesterday not far from his home. The boy had shot himself in the head with his dad's .22-caliber pistol, Deputy Coroner Irvin McConnell said.
The boy had left a note to his parents saying he was "Paying for my mistake."

"I'm starting a budget, Daddy, and I'd like to borrow \$100 to see how much of it I can save!"

**ARC Swimming
Course Scheduled**

A Red Cross-sponsored senior water safety and life saving class will begin Tuesday at 7:30 p.m. at the municipal pool with Joe Wiley as instructor.

This will be a 15-hour course for boys and girls 16 and older. Registration will be at the pool. It is for life guards in Pampa and is essential for life guard positions.

A six-year class at Phillips has just been completed with Joe Racz, field director of life saving and water safety, as instructor. Johnny H. Morris, Lefors, completed this course and is now life-guarding at the Lefors pool.

**New Pastor Here
For Central Baptist**

The pastorate at Central Baptist Church in Pampa was accepted yesterday by Rev. O. C. Curtis, pastor at First Baptist Church in Perryton, who will be in Pampa for his first sermon July 1.

Rev. Curtis replaces Rev. Hal Upchurch who resigned recently after four years of service to go to the Temple Baptist Church in Amarillo.

Pastor of the Perryton church for eight years, Rev. Curtis comes to Pampa as a member of the executive board of the Texas Baptist General Convention. He has also served churches in Andrews and Seminole. He attended Baylor University, Waco.

He will bring with him his wife and one son, 12. Another son, Bill, is married and is now serving in a branch of the armed forces.

**1,500 Visitors
To Hughes House**

Approximately 1,500 people in the area viewed the Hughes Company model house at 1507 Hamilton yesterday and offered more plaudits than criticism, according to a Hughes Company official. Crowds were steady, but well distributed, he said.

Open - house at the home, called "Prelude House" by the company, will continue this week from 5:30 to 8 p.m. daily and through next Sunday from 2 to 6 p.m.

The company presented 10 new features never used before in small houses in the area and gave questionnaires to visitors to comment on them. Answers on the questionnaires, the Hughes official stated, indicated that people had given much thought to the planning and decorating of the house since seeing pictures in the July issue of a national magazine, Living for Young Home-makers.

**Converting Unfinished Attic
Economical Way To Enlarge**

Converting an unfinished attic into extra rooms is the easiest and most economical method of enlarging a house.

So much less lumber and less work are required to finish an attic in contrast to adding a wing to a house that there is no comparison. A wing not only involves excavation, foundation and relatively costly construction of outer walls and roof, but it also necessitates destruction of a certain amount of existing construction where the new addition is joined to the house.

This problem of expanding a house is the center of one of the major architectural controversies over small house design. The big question is whether to plan new houses with any attics at all. Building costs are so high over all levels, unless you allow for general inflation and changes in income, that many architects advocate the elimination of attics along with basements. They champion low pitched or flat roofs to save the cost of constructing attic space.

So if you have an attic, as most older houses have, you can consider yourself lucky. That big barn-like space up there under the rafters can provide a dandy playroom for children and can be inexpensively converted into bedrooms when children require separate rooms of their own.

The first thing to determine is the strength of the joists. When an attic is built without any access, it is very possible that the joists may be inadequate for the combined dead and live loads of livable rooms. When the use of an attic is not anticipated, ceiling joists merely have to be strong enough to hold up the lath and plaster under them.

For a storage attic, joists usually are only slightly stronger and still not heavy enough for rooms to be occupied. Then if you plan to add an extra bedroom in an attic even stronger framing is called for. So check the joists either by comparing their sizes and spans with the joists under the main floor, or have a competent carpenter inspect them. Almost any carpentry manual will show the spans and loads that are safe for various joist sizes and wood species.

For a storage attic, joists usually are only slightly stronger and still not heavy enough for rooms to be occupied. Then if you plan to add an extra bedroom in an attic even stronger framing is called for. So check the joists either by comparing their sizes and spans with the joists under the main floor, or have a competent carpenter inspect them. Almost any carpentry manual will show the spans and loads that are safe for various joist sizes and wood species.

The next point to figure on is headroom. Establish lines on either side of the attic, under the roof pitch, where you will have a 5-foot rise from floor to rafters. Along these lines you will want to run 2 by 4s from floor to rafters for studs to provide nailing space for wallboard. Lathing and plastering is generally rated as too much of a luxury these days for attic remodeling, so for economy you'll probably use some form of wallboard.

Decorative insulating board is available, but even more complete insulation will pay in the long run. Here you can take

your choice among the various cellular hats, such as the mineral wools; or loose fill insulators for flat surfaces, such as vermiculite; or reflective metal foil insulation.

If you use metal foil, install it snugly between studs and rafters with all joints as tight as possible. Make certain that you leave an air space on each surface. If you slap it up against outer walls you destroy much of its insulating quality by making it a conductor and you have a vapor barrier in the worst of all possible places where warm inner air condenses against the cold surface.

Properly installed reflective insulation has many advantages and the accordion pleated type, which is double with air space between, rates very high in efficiency.

Modern building materials also make the enclosing of attic rooms a comparatively simple job. Ordinary paper composition wallboards, gypsum wallboard that is virtually prefabricated plaster, fiber board and the pressed wood hardboards all come in large sheets—the commonest being 4x8 feet.

Although the work of installing these sheets goes faster with two men, it is entirely possible for one man to handle them easily even in fastening them to the ceiling. A T-brace, made by nailing a piece of 2 by 4 across one end of a piece long enough to prop up from floor to ceiling will support one end of the wall board while the other end is temporarily inserted in an H-brace to allow for nailing.

Inexpensive wallboard can be painted, papered, left with its natural finish, or obtained in pre-decorated form.

Better Jobs

"Equality and Security" VII I am continuing to quote from "Equality and Security" by Dean Russell of the Foundation for Economic Education staff.

OUR CRIMINAL CODE "As individuals, most of us reject theft in our personal relationships. I doubt that any of us would consider it morally correct to pick his neighbor's pocket in order to help another person. And our criminal code is based on the theory of natural law that the number of persons involved in a robbery—and the use made of the loot—are not excused by anyone.

"Our criminal code also recognizes the principle of a 'hunch' which is as guilty as the person who handles the loot. But it is in this area that most people seem to become confused concerning the principle of natural law. Apparently it is the fact of the large number of people involved that causes the confusion.

Track Squad Off On First Leg Of Olympics Journey

By BOB MYERS

LOS ANGELES (AP) — America's 1952 Olympic track and field team, labeled the nation's all-time greatest, flies to New York today for a final week of conditioning for the international classic in Finland next month.

With the team went a message from Head Coach Brutus Hamilton of California, obviously in haste to get to the airport. He will participate in the games for the first time in history.

"These games will be different," Hamilton told the athletes at an official breakfast. "They will be dramatic. You may be sure there will be some tension, but we will be able to meet any situation that arises."

"Be perfect guests to a perfect host nation. I know all of you will be trying to do a little better than your best at Helsinki."

Selection of eight athletes for the marathon and walking events was announced by Pincus Sober, chairman of the track and field committee.

Three decathlon contestants will come from the National Championships at Tulare, Calif., tomorrow and Wednesday.

Fifty-two members of team plus coaches and officials are due to reach New York tonight. Tomorrow they go to Princeton to train for the remainder of the week. They will compete in final fund-raising meet at New York, July 6, and take off for Helsinki the next day.

Germany, Russia Track Teams Strong

By MILTON MARMOR

LONDON (AP) — Germany and Soviet Russia served notice to the world over this weekend that they intend to garner their quota of honors in Olympic track and field competition at Helsinki in July.

While the U.S., which usually dominates track and field competition, was selecting its 1952 squad, Germany was doing likewise in Berlin and the Soviet Union was telling proudly of the accomplishments of its athletes at Kiev.

Germany, which has not competed in summer Olympics since 1936, is somewhat of an unknown quantity. The Soviet Union, which never has taken part in the Olympic Games, is a strong threat in many events on paper, at least.

Germany produced a sensational 3:34 world record in equine performance yesterday in the 1500 meters by the youngster Werner Lueg, an 8:50 clocking by Helmut Gude in the 3,000-meter steeplechase, and a 195-foot 1.5-inch heave of the hammer by 39-year-old Karl Storck.

Soviet results always treated skeptically in these parts— included an 8:48.6 clocking in the 3,000-meter steeplechase by Vladimir Kasanzer, who has been the "winter book" favorite in this event.

But what was much more startling— unless it was a "command performance"— was Kasanzer's victory over the Czech wonder runner Emil Zatopek in the 5,000-meter race at Kiev in the excellent time of 14:13.2. Zatopek didn't even come in second, trailing Nikifor Popov, who did 14:16. However, reports are that Zatopek intends to run the 10,000 and the marathon, and he may miss the 5,000 for which he has the second best time in the world 14:03.

But the greatest performance over week-end and that includes anything that happened in America— was Lueg's 3:34, equal the great Gunder Haeg's world mark, shared also by his Swedish compatriot, Lennart Strand.

One-Legged Boy Pitches For Aces

CORPUS CHRISTI (AP) — A one-legged pitcher, Bert Shepard, will pitch for the Corpus Christi Aces of the Gulf Coast League tonight or tomorrow night, Manager Tom Fullig said yesterday.

Shepard, who once performed for the Washington Senators, was signed to an Aces contract last week. Corpus Christi owner George Schepps said Shepard, fitted with an artificial leg, will be used as a regular if he makes the grade.

Shepard lost his leg when his P58 fighter plane was shot down over Germany.

Texas Would Harness Volcano In Mexico

MEXICO CITY (AP) — E. H. Dignowity, a Demos. Tex., chemist, says he has submitted to the Mexican government a plan to use heat from Paricutin volcano to produce power.

Dignowity said a pilot plant would cost \$17,200. He said he was working on the project with Dr. Francisco Garcia Junco, chief physicist of the University of Mexico.

He said the plan calls for heating coils of cobalt wire pipe with lava and using the steam to run electric generators.

The second defending city golf champion to be unseated in three days was dethroned yesterday afternoon at the Pampa Country Club. Young Max Hickey rallied to defeat the 1951 men's city title, Clare Freeman, 1 up in 19 holes in a match that saw some of the finest tournament golf in a long while.

Friday, the defending women's champion, Jean Duenkel, was unseated by 16-year-old Lila Austin.

Yesterday's action concluded play in all but one flight of one of the biggest and best played city tournaments ever held. Of the thirteen championship matches played yesterday, five of them went into extra holes for decisions.

Hickey, a youthful material checker at Cabot Elops, saw the defending champion run down 35 and 25 foot putts for birdies on the second and fifth holes and found himself down at the end of four holes. It looked like Freeman was going to have things pretty much his own way.

But the smooth working new champion came back to even the match by the turn. He ran down a 10-footer on the sixth green for a birdie, won seven with a par as Freeman slipped into the rough on the left, and then hit a beautiful second shot wood to within 15 feet of the pin, into a wind, on the ninth hole to take a birdie and even the match.

The first three shots on the backside were halved before Freeman went one up with a par on the tough dog-leg thirteenth. But Hickey dropped his iron shot right in on the pin on No. 14 for a birdie two. Freeman regained the lead with a par on No. 15 but lost it to a par on No. 16. The last two holes were halved with pars and they moved to the nineteenth hole.

Both hit good drives and second shots. But Freeman's approach fell short, and he left himself a lengthy putt that resulted in a bogey and the loss of the match. Hickey drove his third shot in close to the pin and holed out with a par 4.

The cards:

Freeman out: 4 4 3 5 4 4 3 4 5 — 36

Hickey out: 4 3 3 4 4 4 5 4 5 — 36

Par in: 4 4 5 4 3 3 4 4 — 35

Freeman in: 5 4 4 3 3 4 3 4 — 35-71

Hickey in: 5 5 4 3 3 4 4 4 — 36-71

Par out: 5

Hickey out: 4

In the championship consolation match, Canadian banker Harry Wilbur, Mickey Prigmore, a most capable lefthander, had a real dog-fight, with Wilbur finally coming out on top, 2-1.

The first eight holes were halved, as they came to the turn all even.

The results in other flights:

First Flight — Grover Heiskell defeated Richard Prigmore, 1 up on 29, for the championship; B. T. Hickey defeated Les Speer, 1 up on 19, for consolation; Tom Haase to play for championship later.

Second Flight — Ralph Crockett defeated Les Hart for consolation honors; L. E. Chisum and Warren Haase to play for championship later.

Third Flight — Bob Baker defeated Walt Faye, 5-4, for championship; W. T. Fain won consolation.

Fourth Flight — I. U. Bryant defeated Warren Woodard, 6-3, for championship; Jerry Boston, Sr., defeated C. L. Cudney, 1 up on 20, for consolation.

Fifth Flight: Vernon Groves defeated Joe Langford, 1 up, for championship; Bill Russell defeated Jerry Boston, Jr., 7-6, for consolation.

Sixth Flight — Dale Culwell defeated L. H. Davies, 1 up on 19, for the championship; Otis Nacs defeated Ted White, 4-3, for consolation.

Awards of merchandise certificates were given to all the champions, runners-up and consolation winners; large trophies went to the champions; and a set of club head covers and a dozen golf balls to Henry Rose, tournament medalist. Awards were made by Ham Luna, chairman of the tournament committee.

All-Star Tilt At Oiler Park

A pair of all-star games, starting at 7 p.m., today at Oiler Park will mark the halfway point in the 1952 summer Kiwanis church softball league.

The first game will feature a battle between teams in the Junior Boys' League, divided up with teams from First Christian, First Baptist, Hobart Street Mission, McCullough Methodist and Salvation Army one team; Holy Spirit, Central Baptist, Calvary Baptist, Church of the Brethren and First Methodist on the other team.

Roy King and J. A. Stephens will manage the first squad and Gill Gribbon and Henry Holtman the second team.

In the feature game, starting at 8:30, the all-stars from the senior boys league will face the stars from the Pampa Industrial League. Manager of each team in the senior boys loop has selected three players from his team to participate in the game.

No admission will be charged.

Complete Rosters For All-Stars Named

CINCINNATI (AP) — Leo Durocher will be manager of the New York Giants, may have to sit in the stands for the next few days — but he'll be in full evidence for the major league all-star game July 8.

Durocher, who was handed a four-day suspension by National League chief Warren Giles over the week end, has the job of directing the ballplayers the fans think are the best in the senior loop when they tangle with the American League standouts at Philadelphia. Durocher was grounded for acting up in a game Saturday night.

Five of the National Leaguers will be from Lippy Leo's own Giants, but the Brooklyn Dodgers run off with the "mostest" honors with seven players. Four St. Louis Cardinals, three players each from the Philadelphia Phillies and Chicago Cubs, and one each from Cincinnati, Boston and Pittsburgh, round out the 23-player group.

Durocher will be manager of the National League all-stars since his Giants copped the pennant last season. Under game rules, he must start the eight players chosen in the fans' nation-wide balloting, and they must play for at least three innings. The choice of pitchers is up to him.

The complete makeup of the National League all-stars, announced through Giles' office here yesterday, follows:

Seven Pitchers — Sal Maglie, N. Y. York; Robin Roberts and Curt Simmons, Philadelphia; Preacher Roe, Brooklyn; Bob Rush, Chicago; Warren Spahn, Boston; and Gerry Staley, St. Louis.

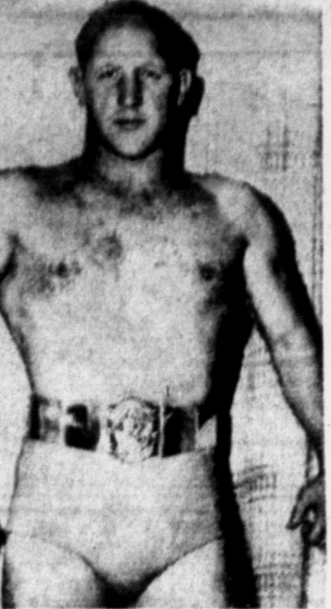

Catchers — Roy Campanella, Brooklyn; West Westrum, N. Y. York; Bobby Abell, Chicago.

Infielders — Alvin Dark, Whitey Lockman and Bob Thomson, New York; Gil Hodges, PeeWee Reese and Jackie Robinson, Brooklyn; Red Schoendienst, St. Louis; Granny Hamner, Philadelphia; and Grady Hatton, Cincinnati.

Outfielders — Carl Furillo and Duke Snider, Brooklyn; Ralph Kiner, Pittsburgh; Stan Musial and Enos Slaughter, St. Louis; and Hank Sauer, Chicago.

Starters, as named by the fans: Lockman, first base; Robinson,

BEST AVAILABLE COPY

HERE JULY 11—Dory Funk, one of the top wrestlers in the area, will meet Big Train Clements of Lubbock in the main event on the second summer wrestling card on July 11 at Oiler Park. Ticket information and the remainder of the card will be announced later by Promoter Howard Vineyard.

Oilers Drop Opener To G-Sox In Tenth; Homers Numerous

AMARILLO (AP) — Deck Woldt, Pampa's usually reliable center-fielder, dropped Curt Schmidt's low liner with one out in the bottom half of the 10th to let Merv Connors across with the winning run of a 6-5 Amarillo victory here Sunday afternoon.

The Oilers had taken a 5-4 lead in the top half when Gus Voelkel, Amarillo's new righthander who had replaced Gene Wolf after the starter was lifted for a pinch hitter in the ninth, walked four of them to push a run across.

The first base on balls issued by Juan Montero, who went all the way for the losers, then turned into the tying tally. It was to Stan Machinsky who moved up on Johnny Brugga's sacrifice and scored on Connors' single. Les Mulcahy also singled, and Woldt's important misplay followed.

Three of Pampa's five runs and the same number for the winners resulted from homers, though the afternoon wasn't a windy one.

The Oilers took a first-inning leader when the eventual goat, Woldt, doubled off the right fence and counted on Phillips' single to center.

Schmidt's first hit here, a high homer over the top wall to the right of the scoreboard, threw in the second and the Sox moved ahead in the third. With two out, Clyde Perry's blow to right bounded away from Lloyd Stout and turned into a triple. Machinsky then homered over left center.

Double steal

Solo homers by Phillips and Ed Sudol, over left and left-center respectively, squared it again in the top of the fourth, but the G-Sox picked up another in the lower half, and single to the outfield by the venerable Montero got Mulcahy and Schmidt, who was singled to third by Johnny Follis.

With Jack Crance at bat, the two runners then worked the double steal. Times' return 'swoop' to center field that should have been an easy second out in the 10th at Amarillo, but Centerfield Deck Woldt dropped it to let Merv Connors score the winning run.

Pampa had taken a 5-4 lead in the top of the extra frame when center fielder Dick Leader, who took over in the ninth, walked a run home. Juan Montero went all the way and absorbed the loss.

The brawl at Borger lasted two and a half hours with Joe Borger going the distance for the win. Dick Leader, first of three Lubbock pitchers, was charged with the loss.

In the third inning, the contest was delayed 20 minutes by a dispute over a three-run homer by Ab Fleitas. The ball cleared the fence, hit a utility pole outside the park and bounced back in. Lubbock claimed the ball was still in play.

Extra Innings, Hot Tempers, Mark Sunday's WT-NM Play

BY THE ASSOCIATED PRESS

Late inning errors, hot tempers and high scores featured Sunday action in the West Texas-New Mexico Baseball League.

Two errors in the top of the ninth cost the Albuquerque Aces an 11-10 decision against Lamesa at Albuquerque.

A dropped line drive in the last of the 10th cost Pampa a 6-5 verdict against Amarillo at Amarillo. The game featured frequent outbursts of temper.

Tempers flared at Borger as the centers hammered out a 19-8 victory over Lubbock.

Mel Kramer's three-hit hurling was a five-run fifth, featured Clovis' 5-2 victory over Abilene at Clovis.

The games opened three-day stands in the four locations.

The Dukes trailed most of the way at Albuquerque. They got back into contention briefly in the eighth when Cully Etkand hit a grand slam homer that touched on the biggest outburst of the game. The winners claimed it was fouled.

Ted Wyberane, with assistance in the eighth from Ralph Carrier, earned the victory. The loser was Bill Roemer, knocked from the box in the four-run Lamesa sixth.

Curt Schmidt, hit a low liner to center field that should have been an easy second out in the 10th at Amarillo, but Centerfield Deck Woldt dropped it to let Merv Connors score the winning run.

Pampa had taken a 5-4 lead in the top of the extra frame when center fielder Dick Leader, who took over in the ninth, walked a run home. Juan Montero went all the way and absorbed the loss.

The brawl at Borger lasted two and a half hours with Joe Borger going the distance for the win. Dick Leader, first of three Lubbock pitchers, was charged with the loss.

In the third inning, the contest was delayed 20 minutes by a dispute over a three-run homer by Ab Fleitas. The ball cleared the fence, hit a utility pole outside the park and bounced back in. Lubbock claimed the ball was still in play.

Dillon Joins Stars

CHICAGO (AP) — Bobby Dillon, defensive back from the University of Texas, was added yesterday to the collegiate squad that plays the Los Angeles Ramp in the annual All-Star Football Game here Aug. 15.

NOTICE TO CREDITORS OF THE ESTATE OF W. D. KELLEY, DECEASED

Notice is hereby given that original letters testamentary upon the Estate of W. D. Kelley, deceased, were granted to Nellie Virginia Kelley on the 5th day of June, 1952, by the County Court of Gray County, Texas. All persons having claims against said estate are hereby notified to present the same to me within the time prescribed by law. My residence and post office address are 1228 Charles Street, El Paso, Texas. W. O. Day, Administrator of Estate of Billy Joe Day, Deceased.

Your friendly liquor store dealer is an expert. He knows the best in bourbons and for tops-in-taste accept his advice when he says:

"Every mellow drop of OLD STAGG is top Kentucky bourbon!"

The Pampa Sports dropped a well-played and well-pitched contest to Wheeler yesterday afternoon at Oiler Park, 3-0. Jim Cain, the former Borger Gasser hurler, and still the property of Borger, hurled the win for the Wheelers, limiting the Pampans to but three hits. Two were solid blows while the other was a scratch. Henry Stephens and Claude Heiskell got the clean bingles.

Chubby Haynes started for the Sports, getting strike-outs in the first and fifth. Lefty George Matthews finished up with 12 strikeouts in the last five innings.

Tuesday night the Sports will play McLean at Oiler Park in a game to start at 8:15. On July 4 they travel to Dumas.

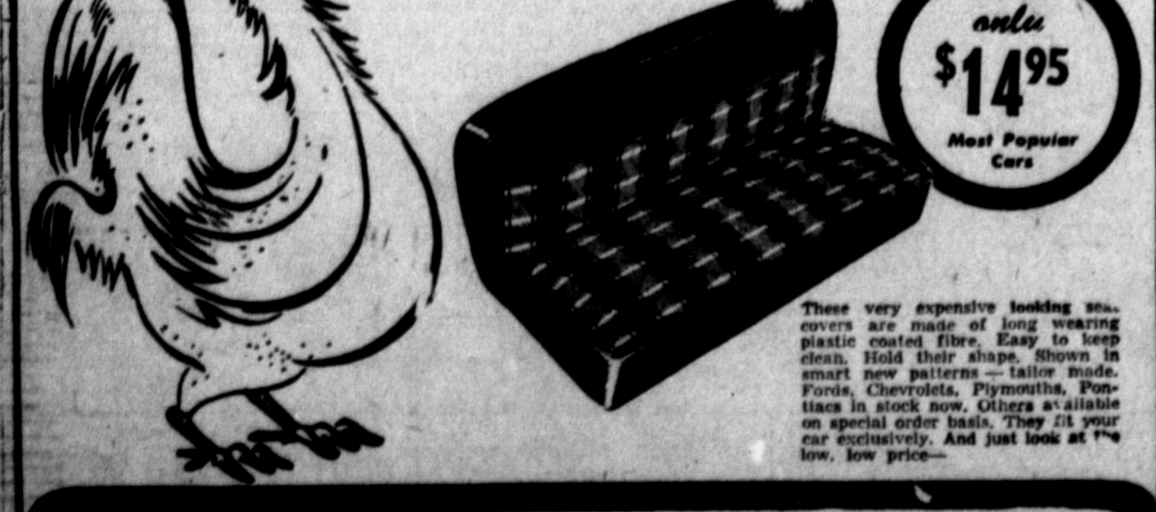

The Saturday night game with the Athletics of Amarillo Air Force Base was rained out.

son, second base; Hamner, shortstop; Thomson, third base; Sauer, left field; Musial, center field; Slaughter, right field; and Campanella, catcher.

BUSINESS REVIEW AND FORECAST

KPDN Has Variety Of Programs

O. K. Rubber Welders Can True Your Tires For Less

Bill Eggs, owner of the O.K. Rubber Welders, asks you to come in and he will be glad to explain the method of recapping or rounding your tires.

Bill says that even though you buy brand new tires, it is possible for you to get a bumpy, rough ride, because your tires are out of round. They now have a machine that buffs off the high spots on the tread as the wheel revolves, forming a perfect circle.

The benefits of a true perfect circle are: saving tire expense. Tires cost more money nowadays.

Safety is another thing to always think and act about, and when your tires are perfectly round, you need not worry about your tires causing an accident because of unbalanced tires.

You'll be surprised at how little it costs to have your tires rounded and if you aren't satisfied, it won't cost you a cent.

At O. K. Rubber Welders' you will find friendly service too. If you want a recap job, new tires or perhaps you have some old tires around that you'd like to convert into cash, it's then 219 Alcock is the place to do business.

Complete tire service is to be had at O.K. Rubber Welders. They are nationally known for recaps, repairs, new and used tires from coast to coast.

And remember: prices are lowest at O. K. Rubber Welders. And you can't beat their friendly service. They want you to feel right at home. When you have your tires recapped at Bill Eggs you will find that you have quite a bit more rubber on your tire than you have on the tread of a brand new tire.

KPDN BRINGS YOU TOP LISTENING WITH GREAT STARS: KPDN brings you some of the most well known news commentators and sports newscasters that radio can offer. Local talent is also high on the list as top entertainment for Pampa and area radio listeners. Today KPDN offers you a large variety in programs from sports for pop, music for mother, and kiddies' programs for the youngsters. Tune to 1340 on your dial and enjoy the programs they have scheduled for you. If you wish, you may drop by the studio, located downstairs in the Hughes Building.

Local And World-Wide Entertainment Brought To Pampa Listeners By KPDN

When you turn your radio to 1340 on your dial, you will hear the latest in current events, sports, women's news and music. 1340 on your dial is Station KPDN, located in the Hughes Building. They bring you the world and local news for your listening pleasure.

Radio has been one of the greatest gifts of all time; without it we would not have the pleasure of hearing some of the greatest personalities of all time. We also would not have the advantage of keeping up in the latest of world events. With radio, you can hear educational lectures, entertainment programs that are light yet give you a fair knowledge of what is going on around you.

Some of the world famous news commentators can be heard on KPDN. A few of them are Cedric Foster, Fulton Lewis Jr., Gabriel Heister and Robert Hurley. These men are well learned in the field of news casting, and bring you the latest in news events from various sections over the continent. Not only do they keep you well informed of world news, but also of what is going on in Washington. A few of them also give their predictions of what is going to happen in the near future. It pays to listen to KPDN if you wish to be well informed on news events all over the world.

KPDN also brings entertainment that is brought to you by stars who are well known for their talents in various lines. Comedians, vocal stars, instrumental artists and drama folk are only a few of the many varieties they bring you for your enjoyment. On Sunday afternoons from 3 p.m. to 6, they bring you top mystery programs that will keep you in suspense. Blood curdling thrillers for the family's entertainment, brought to you by sponsors that have reliable products to offer you, the listener.

For the kiddies there are a large number of programs for their interests. The kiddies programs are appropriate for their listeners. A few of these programs are: Funny papers scheduled at 6:45 p.m., Lullaby Lane following the funny papers. There are also quite a few other programs for them that will hold their interest while you get a few things done that will help you in your schedule.

KPDN starts the morning off with a western music program followed by the Trading Post for the average farmer and rancher. This program is arranged so that the average farmer and rancher can listen before they get out on their regular day's work. If you have anything you wish to swap, trade, buy or sell, the trading post is just the place where you can find the person to trade with. Just call KPDN and they will give the proper descriptions of your articles and make your buying or selling worries end.

For the ladies, there are two very popular programs scheduled in the mornings from Monday thru Friday, and they are Queen for a Day and Ladies Fair. They offer amusement and human interest for you in the early hours of the day. Listen in to KPDN and you will find a program for your interest. Also listed in the mornings is Billie Purper's Party Line. Listen in with Billie and you will find all the choice news around our town.

And, for the men there are really a large number of sports news casts and programs for their interests. The Sports Game of the Day with Dixie Dean and Al Hefner is one of the most popular. Also there is the Oiler Chatter by Ivy Griffin, manager of the Pampa Oilers. Sports Memories with Kay Fancher is another popular program for the sports-minded men. And last but not least is the out of town games of the Pampa Oilers brought to you by Warren Hasse, sports editor The Pampa News and sports announcer for the station KPDN.

Coy Palmer is the manager of station KPDN, with Kay Fancher as assistant manager. Garth Osborn is the chief engineer. The station is in operation 16

Des Moore Expert In All Types Of Tin Work

If you are in need of downspout work or a gutter fixed, the man to do the job capably and economically is Des Moore of the Des Moore Tin Shop, located in the rear of Sullivan Plumbing Co., across the street from the Hughes Building.

Des Moore specializes in Air Conditioning and heating units. For these hot days ahead, the only sure way to cool your home is to air condition it. For an economical price, Des Moore can give those sleepless nights due to excess heat, by putting in your air conditioning system, now.

Des Moore has been in the business a long time, and is a highly trained artisan in the field. His materials are of high grade, and sometimes are unavailable for a short period of time, but if you contact Des Moore today, he can have material in a few days and can put your air conditioning unit in at once.

Pampa News Advertising is an investment, not a cost.
