"Without economic freedom, no other freedom can endure."
— Benjamin Franklin

Frenzied Suicide Troops Try To Blast U.N. Lines

GETS HIS X-RAY — Do's Warner, 1137 Terrace, is one of many Pampans who will take advantage of a free chest X-ray this week. All reports are strictly confidential. The portable X-ray unit of the state department of health began its free service this morning on the main floor of the J.C. Penney's. It is free to anyone 15 years of age or older and takes but two or three minutes. This is the fifth annual visit of the machine to Gray County; but last year the results were poorest of all, for only 29.2 percent of the eligible population took advantage of the service. The X-ray unit will be here through Saturday. (News Photo)

Adlai Backers Say Ike Is On The Run

Gov. Adlai Stevenson's associates believe the Democrats have Gen. Dwight Eisenhower on the run, but one of the general's advisers says, "Things are going exactly as planned."

These conflicting optimisms arose from the rival camps Monday as the Democratic and Republican standard bearers headed into the home stretch drive for the presidency.

Wison Wyatt, Stevenson's campaign manager, sketched Democrats' view at a news conference in Springfield, Ill. The Republican evaluation was set forth to a reporter in Denver by Herbert Brownell, New York, who helped Eisenhower win the nomination.

Brownell said he was optimistic over Eisenhower's chances. Brownell said he expects California and Ohio, which went to President Truman four years ago, to go for Eisenhower Nov. 4.

At his news conference, Wyatt made it plain he thinks the Democrats are beginning to harvest "extremely substantial" support from the independent vote regarded as a key to the election's outcome.

He said "I Used to Like Ike" groups are being formed because of "disillusionment" with Eisenhower's campaign tactics. He said there are widespread requests by local Democratic organizations for appearances of President Truman in their areas.

Other Democrats were echoing Wyatt's optimism. Labor Secretary Tobin said Eisenhower will win New York for endorsing Sen. Joseph R. McCarthy of Wisconsin and William E. Jenner of Indiana. And Sen. William Fulbright of Arkansas predicted Stevenson will carry the South and the border states.

Eisenhower's week-end rest ended at dawn. His shuttlecraft thrust southward from his plane today through Casper and Cheyenne, Wyo., and Tulsa and Oklahoma City, to New Orleans for a night speech.

Stevenson, who campaigned last week in the South, was writing speeches in Springfield today for his campaign drive, beginning tomorrow, to the West Coast and into Texas.

President Truman, just back from his 5,000-mile coast-to-coast speaking tour in Stevenson's behalf, made the last of the tour's 90 speeches in New York Saturday night.

Sen. Robert Taft of Ohio, campaigning for Eisenhower, was in the West Monday. At Omaha Sunday night, en route to Casper, Wyo., he told reporters, "We're down to the end of the campaign. Everything has been said. The most important thing is to get Sen. Joseph R. McCarthy of Wisconsin and William E. Jenner of Indiana out of the polls."

A Promise And A Warning . . . Wet Years Can Only Postpone Water Problem, Texans Told

MINERAL WELLS (AP) — A series of "wet years" will end the current Texas drought but the relief will be only temporary. And it will be dangerous because it might bring a let-down in the will to find the real solution to the water problem.

That promise and warning was given the Texas Water Conservation Assn. today by Dr. J.R. Johnston, executive head of Texas A&M's new Water Research and Information Center.

When the rains return, said Dr. Johnston in his prepared address, "a lot of people will want to stop worrying about our water problems. We cannot let that happen."

The association's eighth annual convention was formally called to order today by Guy C. Jackson Jr., Anahuac, TWCA president.

A meeting of the executive board and resolutions committee yesterday preceded convention sessions.

Veto Denounced
Denunciation of President Truman's veto of legislation restoring tidelands to the state was the gist of one of several resolutions approved by the committee for presentation to the convention.

Other resolutions—all of them expected to win approval on the floor—criticize as socialistic the administration policy of setting up "valley authorities" and oppose Bureau of Reclamation policies.

Dr. Johnston, who substituted

Bloodstained Pipe, Little Girl Slaying Leads

CHESTER, Calif. (AP) — Authorities today hoped a bloodstained lead pipe and a brutally beaten little girl would help them find the robber who beat a grocer and three other children to death near here Friday.

"The banking a lot on what the child will tell us," Sheriff M. H. Schuler said. "She's a bright little girl, way beyond her years."

Money Missing
Grocer Gard Young had taken the four children to Westwood on his weekly trip to withdraw money from the bank for Saturday's big check cashing business.

Some \$7,100 Young withdrew is missing. Police said the slaying must have known of this routine and felt it necessary to bludgeon the children because they presumably recognized him.

Sondra was placed under guard at the hospital, officers said, on the theory the killer might try to remove her as a witness.

Three Detained
Three Arkansas men were detained for questioning yesterday at Albuquerque, N.M., because their eastbound car roughly resembled a blue Buick reported stolen Friday.

But New Mexico State Police Capt. Archie White said their story of having been in Las Vegas, Nev., gambling last week checked out and they probably would be freed today.

Russia Charges American Bomber Fired On Red Planes

MOSCOW (AP) — Russia has charged that a U. S. B29 bomber shot at Soviet fighter planes over Russian Far Eastern territory Tuesday and said the Red pilots returned the fire. The incident occurred the same day the U. S. Air Force reported one of its Superforts missing off Japan.

A Soviet note to the United States, formally protesting the alleged border violation, said the American plane "disappeared in the direction of the sea" after the Russians shot back.

In Tokyo, a U. S. Air Force spokesman said the missing American plane "carried no guns and no gunners" among its crew of eight. The Air Force previously had reported the bomber flying a training trip, was last seen on a radar screen within Japanese waters. It disappeared from the screen when its path crossed that of an unidentified plane approaching from the Russian-occupied Kurile Islands, officers said.

The Soviet note charged that the U. S. bomber "violated the Soviet frontier" Oct. 7 in the "area of the island of Yuri."

The American craft fired on two Soviet fighter planes that ordered it to land, the note continued, and "when the Soviet fighters returned the fire, the American plane disappeared in the direction of the sea."

U. S. Prepares For Trouble From Soviets In U. N. Sessions

UNITED NATIONS, N. Y. (AP) — Secretary of State Dean Acheson and the U. S. delegation to the U. N. Assembly shape up their work program to meet expected Russian opposition on Korea and other Assembly items in their first organizational meeting today.

Acheson, his five fellow U.S. delegates and their four alternates were to gather at the U. S. mission's headquarters in Park Avenue this afternoon about the same time Soviet Foreign Minister Andrei Vishinsky and high-ranking Russian helpers were due to land from the Queen Elizabeth.

The U. N. seventh Assembly opens here at 11 a.m. tomorrow in the modern new domed Assembly Building adjoining the U. N. glass and marble Secretariat

skyscraper — first permanent headquarters of the United Nations.

Two top delegates in the U.S. group this year are Sens. Theodore Francis Green (D-R.I.) and Alexander Wiley (R-Wis.). They are the senior members of their parties on the Senate Foreign Relations Committee, appointed under the Truman bipartisan policy in U. N. matters.

Wiley threw a political bombshell into the U. N. picture Saturday night. He announced in Washington that he had called on Acheson and the State Department a week ago to push a purge of U.S. Communists he said were employed by the U. N. Secretariat.

His charges that American Communists were on the U. N. payroll came just before the McCarran

Ike Hits State Tuesday . . . Note From Garner Bolsters Texas Dems

DALLAS (AP) — A pencil-scribbled note from rugged old John N. (Cactus Jack) Garner today bolstered Texas Democrats battling to keep the state in line for Adlai Stevenson.

The former vice president, one-time power in national and state politics, wrote House Speaker Sam Rayburn that he would vote the Democratic ticket Nov. 4 from top to bottom. It was Garner's first public dip into politics since he retired as vice president more than a decade ago.

Rayburn released Garner's scribbled announcement one day ahead of Dwight D. Eisenhower's invasion of this Democratic stronghold.

The Garner statement was quickly discounted by Republican leaders busy with last-minute plans for Eisenhower's campaign swing through his native state starting tomorrow.

"John Garner is a brass-collar Democrat. That's what he's always been and will be," said Alvin H. Lane, Dallas, chairman of the Republican State Executive Committee. Ben Guill, Eisenhower's Texas campaign manager, said he respected Garner and was sorry he felt that way.

"Dear Sam," Garner wrote his old crony Rayburn from his home in Uvalde. "Thank you for your interesting letter. You can say that I will vote the Democratic ticket straight from top to bottom."

The text of Rayburn's letter was not released.

Eisenhower opens his bid for Texas' potent 21 electoral votes tomorrow morning in Houston, Texas' biggest city. He speaks deep in the heart of the blackland cotton belt at Waco at noon, flies to Lubbock in Far West Texas for a mid-afternoon rally and doubles back by air to populous San Antonio in South Texas for a night meeting.

He speaks in vote-loaded Ft. Worth and Dallas Wednesday. To Texas with speeches at Ft. Worth and Dallas Friday and in San Antonio and Houston Saturday.

Rayburn said Garner's state was not released.

Police Lay Siege To Armed Suspects In Drive-In Show

DALLAS (AP) — Two armed bandit suspects, held up for more than three hours in a crowded drive-in theater here, were captured last night in a dramatic but bloodless climax to a siege by 50 police ready for the worst.

As 72 patrons in parked cars still sat in the darkened open-air Big D Drive-In Theater, six policemen armed with shotguns suddenly swooped down on the suspects' car at 10:30 p.m.

Not a shot was fired. Three officers descended on each side of the car and two frightened young men were taken "in a flash of steel and handcuffs."

Thirty-one squad cars swarmed to the outdoor movie after H. G. Petty, a carpenter, said he witnessed a filling station hold up in which \$7 was taken and trailed the bandits to the drive-in.

Police cars blocked all exits and officers armed with revolvers and saved-off shotguns were stationed at 20-foot intervals inside the darkened fan-shaped area.

NEW-TIMER PINS OLD-TIMER'S BADGE — Fred Hayes, (left) 801 E. Frederic, gets a 50-year gold badge pinned on his coat by Gase Nell Carter, 1157 Starkweather, today during Gray County's 50th Birthday Celebration. Hayes has been in the area since 1897, except for about four years in Carson County, and has served as a cattleman and farmer during most of those years. He was among hundreds of old-timers qualifying for the barbecue in Houston Street Park at noon Tuesday. Badges for 35 or more years' residence in the area will be the admittance to the barbecue. Miss Carter is considered a new-timer although she was born in Pampa almost 17 years ago. (News Photo)

Parade Highlights Birthday Activities

Gray County's history was to unfold today in the biggest parade ever staged in the area as the three-day celebration of the county's 50th birthday went into its second day.

Clear skies and warm weather blessed the day's festivities as hundreds of old-timers and special guests gathered in Pampa. More than 150 area residents for 35 or more years and visiting old-timers were registered during the first hour of entertainment this morning in the American Legion Hall.

A special train this morning brought visiting businessmen from Dallas, Fort Worth, Childress, Wellington, Wichita Falls and Shinnock to be guests of celebration association at a noon luncheon in the Country Club. The group also participated in other celebration events.

Bands Lead Festive Air
About 20 area high school and college bands lent a festive air to Pampa streets as they marched and presented street-corner ceremonies. The bands were given lunch in the high school cafeteria and participated in the parade.

Led by military personnel from the Prime National Guard and the Amarillo Air Force Base and area officials today's parade was designed to depict the entire history of the area with portrayals of the "land blazers," its stage coach and outposts, horse-drawn vehicles, old-model cars, an Indian captives, early-day school room scene, an old-time wedding scene, the early-day cowboy, the first court house, the first bank, early-day churches, civic clubs, the advancement of agriculture, the first oil well, industrial development and the development of White Deer Lands into the present county.

Also to be seen in the parade were the 40 queen contestants from which Miss Gray County will be selected at 7 p.m. today in the junior high school auditorium.

Contestants and special guests, "queens of yesterday," were honored at a luncheon in the Palm Room at noon today. Guests included the contest committee members, as well as pioneer women of the area.

Tonight's presentation of the

Charley B. Trew Dies In McLean

McLEAN (Special) — Funeral services for Charley B. Trew, long-time Panhandle resident, will be held at 3 p.m. Tuesday in the Baptist Church here.

Mr. Trew died Sunday at his McLean home.

Rev. Manning, pastor of the Baptist Church, will officiate at the services. Burial will be in Hillcrest Cemetery here. The Clayton Funeral Home is in charge of funeral arrangements.

A retired farmer, Mr. Trew was born Sept. 6, 1877, in Bonham, Tex. He was married Oct. 25, 1900 to George Mathews in Joshua, Tex. In 1930 he moved from Mobeetie to Perryton and this April he changed his residence to McLean.

Surviving are his wife, two daughters, Mrs. Allie West, McLean, and Mrs. Minnie Blanton, Wichita Falls, and Mrs. Tom Berry, Wellington; 15 grandchildren and six great-grandchildren. Pallbearers at the funeral will be Sam Justice, R. C. Burdette, John Hardy, Leonard Burdette, Paul Shrader, all of Perryton; and Carl Laff's, Mobeetie.

Three Issues To Be Discussed . . . Commission Postpones Session Until After Birthday Program

The Tuesday meeting of the City Commission was postponed until 9 a.m. Wednesday this morning due to the 50th Anniversary celebration activities.

Three important items are scheduled to come before the commission Wednesday — receiving a petition from the water boosters to request a hearing by the State Board of Water Engineers to create a water district; completion of the charter amendment election canvass; and further discussion of the one-way traffic alleys flanking Cuyler.

The petition will be presented by Fred Thompson, representing the Canadian River Water Users Assn., in which Pampa is represented.

The petition is to be signed by at least 50 property owners in Pampa, asking the state water engineer to set a hearing date for creation of the Canadian River

ROKs Break Red Assault Short Of Goal

SEOUL, Korea (AP) — Chinese suicide troops with demolition charges tried to blow a hole in the Allied defenses on White Horse Mountain tonight. South Korean gunfire mowed them down short of their target.

A front line officer said about half a dozen fanatical Reds with satchel charges and bangalore torpedoes charged up the north slope in complete disregard for their lives.

They fell with their charges unexploded.

At the same time, two Chinese platoons jumped off in a futile attack. The South Koreans drove them back, then launched an assault of their own. At last report they were pushing up the slope of one of three knobs the Reds captured earlier in the day.

As the savage battle for White Horse entered its eighth day, the South Koreans were in firm control of the commanding crest.

The "stale" fight's troops of the Republic of Korea 9th Division prepared bunkers and threw up entrenchments in confidence of renewed Chinese assaults. A front-line officer said ROK positions were in better shape than they had been since the big battle started almost a week ago.

Gen. James A. Van Fleet, commander of the U. S. Eighth Army predicted the savage fighting for the vital high ground commanding the sprawling Chorwon Valley may taper off.

Van Fleet told AP correspondent Milo Farnetti the Chorwon area has been a sensitive part of the front "but I don't think it will be any longer."

South Korean estimate the Reds have lost more than 10,000 killed or wounded. Elements of Three Chinese divisions have been used in the bitter struggle.

Van Fleet praised the South Korean troops and said they had done "a beautiful job" against "all of the best" Chinese army on the front.

He lauded Maj. Gen. Kim Chong Cho for "as fine a job as any divisional commander I have ever seen." Van Fleet made his comments at a divisional command outpost while touring the Western Front.

White Horse was still the main action along the 155-mile battlefront.

To the east, a smaller but still bitter fight raged over possession of an outpost position. Chinese took the position in savage hand-to-hand battle last night. U. N. troops stormed back this morning.

Details were sketchy and conflicting, but indicated the fighting (See U. N. LINE, Page 2)

Memorial Program Features Three — Approximately 1,500 people heard the two soloists and speaker pictured above at the memorial program Sunday evening in the senior high field house at the beginning of Gray County's 50th Birthday Celebration. Shown, left to right, are Walter Jenkins, who led informal group singing and presented Mrs. Jenkins to sing a group of solos; Miss Barbara Jenkins, soloist with the Houston Symphony Orchestra, and Dr. Gaston Foote, whose address was dedicated to the early-day pioneer, Jenkins is music director for the First Methodist Church in Houston and Dr. Foote is formerly of Pampa, now with the First Methodist Church in Fort Worth. VISITORS ARRIVE — Approximately 100 businessmen from Dallas, Fort Worth, Wichita Falls, Childress, Wellington and Shamrock arrived in Pampa today by special train for the second day's events of Gray County's 50th Birthday Celebration. As guests of the local businessmen and women, the group was honored at a noon luncheon in the country club. At the train to greet arrivals were members of the reception committee, headed by E. L. Green Jr. (News Photo)

Insurance Will Save Estate, Hale Tells Local Underwriters

Insurance is one of the few remaining ways to preserve an estate, S. E. Hale, trust officer of the Amarillo National Bank, told members of the Pampa Life Insurance Association and guests at a noon luncheon Saturday. Hale addressed a group of life insurance representatives, tax consultants, attorneys, accountants and other local business men on the subject "Your Estate and Taxes."

Three alternatives remain, he said, for a man to transfer his wealth to his family and avoid the near 30 per cent cut in taxes currently placed on an estate. The first plan he said, would be to set up an irrevocable trust which an insurance clause, leaving a trustee a broad power of attorney.

A second alternative is to set up a testamentary plan for the husband's estate to be placed in a trust with the income payable to his wife and on her death to the children. And the third is a buy and sell agreement whereby the owner of a business affixes a price to his property at which interest will be taxed upon the death of the owner.

Hale elaborated on the alternatives, explaining how an insurance and trust program could be set up accordingly. The speaker was accompanied by the luncheon by Mrs. Hale and their daughter, Gloria.

In a business meeting following the luncheon, it was decided to have the next meeting for Nov. 3 when C. E. (Chuck) Gaines, vice-president and agency director of Great National Life Insurance Company, will be guest speaker. Wives of members are to be special guests for this program. Shewmaker presided at the meeting and Frank Fata served as program chairman.

Sunday Was Quiet Till Waters Came

BIRMINGHAM, Ala. (AP) — It was just a quiet Sunday at the V.L. Smith home until a water main burst.

Then a 250,000-gallon flood inundated the yard and poured six inches deep through the house for an hour and a half Sunday.

Neighbors helped the Smiths build a plank and dirt dam to divert some of the flow until waterworks employees cut it off.

"I think I dipped up 250,000 gallons of water in the living room alone," Mrs. Smith said when told of a waterworks official's estimate.

The water in the rest of the house was got out with mops and brooms. Or at least we're getting it out. We'll still be trying to clean the mud off sometime next week."

CIA Head Appears With House Group

PHILADELPHIA (AP) — Gen. Walter E. Wood, head of the Central Intelligence Agency, is slated to appear today before the House Un-American Activities Committee at the Federal Building here.

Smith's appearance is the result of previous testimony Sept. 29 in the McCarthy-Houston scandal hearing in which he stated he thought Communists are "so adroit and adept they have infiltrated every security agency of the government."

Smith made a later statement emphasizing he was merely pointing out the cunning of the Red forces and the importance of being ever alert.

U.N. LINE

(Continued From Page One) was still going on at mid-day. Only patrol clashes were reported.

The Chinese on White Horse braved the withering fire of an Allied artillery barrage in regaining part of the ground they lost earlier to the bayonets and of fighting. The South Koreans launched three company sized attacks about 3 p.m. and won the three knobs in 20 minutes of fighting. The SOUTH Koreans withdrew and set up a defense line about 300 yards down the north slope from the crest. Fighting broke off about 4 p.m.

Earlier in the day the South Koreans held grimly to the crest despite seven savage attacks by the frantic Chinese. Then they bared their bayonets and drove the Reds back to one last finger-hold on the shell-scared northern slope.

Shouting defiance to prison officials, the rebellious band proceeded to break up portions of the wing. But a preliminary examination of the cell block showed that there was no serious damage.

The door to the wing was forced partially open by correction officers, and one of them managed to break up the riot. He was covered by sub-machine-gun fire. Other guards followed and forced their way up each of the five tiers of cells.

Machine-Gun Blasts Break Up Riot By Knife-Wielding Cons

TRENTON, N.J. (AP) — About 20 knife-wielding convicts barricaded themselves in a wing of Trenton State Prison last night in a two-hour riot that was quelled by machine-gun blasts.

Two prisoners were injured by ricocheting bullets fired over the rioters' heads by correction officers who smashed through a barricade of stools, tables and wooden scaffolding.

Three guards had been held as hostages, but were rescued unharmed in this fourth major outbreak in the prison this year.

The rebel convicts, described as "extremely desperate" long-termers, holed themselves up in wing No. 7 upon their return from their evening meal, and after locking 300 fellow inmates in another section, tried saving their way to freedom through the hostages said, but they gave up in their escape attempt when their makeshift hack saw failed them.

Mysterious Hospital Blaze Destroys Polio Equipment

HOUSTON (AP) — A mysterious fire in the basement of Jefferson Davis Hospital today sent smoke pouring into first floor equipment used by polio patients.

Hospital Supt. A. S. Reeves ordered an investigation to ascertain how the fire, which actually was two fires some 12 feet apart, originated.

No one was hurt and the fire was put out minutes after firemen arrived shortly after the fire was discovered at 5:50 a.m.

Destroyed by the fire were three respirators and four folding wheel chairs. Damaged were five other wheelchairs. Most of the equipment was new and had not been uncrated. Reeves said.

The fire originated on insulation of pipes which carry salt brine to refrigerators, causing asbestos and cork to drop into the crates.

Patients did not know that there was a fire in the building and one supervisor said the nursing routine continued normally.

Two auto accidents here over week end. Two automobile accidents within the city limits have been reported over the week end, raising the year's total to 281.

J. C. Claxton, 26, of Pampa, was turning left off Cuyler on Atchison at 6:40 p.m. Saturday when his vehicle was involved in a collision with a car driven by Edward E. Prince, 18, of 800 E. Denver, who was headed north on Cuyler.

According to investigating officers, wheels of Prince's car skidded 48 feet before the impact which spun Claxton's car half way around.

Both men were cited—Claxton for failure to grant the right of way and driving without an operator's license and Prince for exceeding the maximum speed limit.

A 14-year-old Pampa girl was headed north on S. Hobart at 11:30 a.m. Sunday, when, police report, she sidestepped one car and collided with another, both of them being parked at the curb.

The mishap occurred about 300 feet south of Wilks. She has been cited for negligence and careless driving.

Two Quakes Felt OAKLAND, Calif. — An earth quake centering in Oakland was felt by residents for 40 miles Sunday. Only slight damage was reported.

Texan Leads In Red Plane Tally

U.S. FIFTH AIR FORCE, Korea, Oct. 13 (AP) — Pilots from 47 of the 48 states, the District of Columbia, Hawaii, England, Canada, Australia and New Zealand have destroyed or damaged Red warplanes over North Korea. Fifth Air Force record books showed today.

Pilots from North Carolina seem to have drawn a blank. Texas claims the Fifth Air Force's high scorer, Maj. George Davis, Lubbock, missing in action since Feb. 10. Davis is credited with 14 kills, one probably destroyed and three damaged.

Maj. Frederick C. Blesse, Phoenix, Ariz., is runner-up and the highest scoring ace still fighting in Korea. Blesse has 10 destroyed, one probably destroyed and three damaged.

Two Persons Tried On Driving Charges Two persons were tried in county court this morning on a charge of driving while under the influence of intoxicating liquor.

One was fined and one had his bond set.

J. T. Horton, 40, of Skellytown, was fined \$100 and costs (\$122.00) by Judge Bruce Parker. He was picked up Sunday by highway patrol.

W. N. Brashears, 40, of Lefors, pleaded not guilty on the charge and his bond was set at \$1,000. He was arrested early Sunday morning by city police.

Brashears had posted an identical bond several months ago on the same charge. That case, too, has not yet come up for jury trial.

Two Auto Accidents Here Over Week End. Two automobile accidents within the city limits have been reported over the week end, raising the year's total to 281.

J. C. Claxton, 26, of Pampa, was turning left off Cuyler on Atchison at 6:40 p.m. Saturday when his vehicle was involved in a collision with a car driven by Edward E. Prince, 18, of 800 E. Denver, who was headed north on Cuyler.

According to investigating officers, wheels of Prince's car skidded 48 feet before the impact which spun Claxton's car half way around.

Both men were cited—Claxton for failure to grant the right of way and driving without an operator's license and Prince for exceeding the maximum speed limit.

A 14-year-old Pampa girl was headed north on S. Hobart at 11:30 a.m. Sunday, when, police report, she sidestepped one car and collided with another, both of them being parked at the curb.

The mishap occurred about 300 feet south of Wilks. She has been cited for negligence and careless driving.

WET YEARS (Continued From Page One) unless we start now to meet them.

Population Shift Cited Industrialization and the shift of population to the cities has increased the Texas per capita water consumption drastically, he said.

The long-range solution, he declared must include not only more dams and reservoirs, sensible regulations on pumps and irrigation, but also zoning, unusual methods. These include purification and reuse of water now discharged through city sewage systems, he said.

Vets Eligible To Apply For Benefits

Texas veterans will be eligible to apply for veterans unemployment compensation after Tuesday, according to Bill Ragdale, head of the local Texas Employment Commission office.

A veteran is defined as a person who served 90 continuous days in the armed forces on or after June 27, 1950, and was released or discharged from the service under conditions other than dishonorable.

Ragdale said that under Title IV of the Veterans Readjustment Assistance Act of 1952 veterans may draw \$76 a week in unemployment compensation for a period of 26 weeks.

Other requirements for the veteran, Ragdale continued, are that he must be unemployed, able to work and available for work must register for work at any local TEO office and must file a claim at one of these offices.

When a veteran applies for compensation he must bring with him his discharge papers, his social security card and a list of employers for whom he worked over an 18-month period prior to entering the service and up to the date he files his claim.

But there are several "catches," Ragdale said. A veteran can't collect unemployment compensation for the same period in which he is receiving mustering-out pay. He can't collect benefits while receiving allowance for education and training or subsistence.

And he can't get compensation under the act if he is disqualified under the Texas Unemployment Compensation Act from receiving benefits for any week claimed.

Meanwhile, Iran's new foreign minister, former Deputy Prime Minister Hossein Fatemi, told a news conference that top Iranian diplomats would be assigned to Asian and neighboring countries in the future instead of Western nations.

Pampa Helps General Celebrate His Birthday Gray County Eisenhower boosters Tuesday will celebrate their Presidential candidate's birthday from 10 a.m. to 6 p.m. with an open house in citizens for Eisenhower headquarters on W. Foster.

Coffee and birthday cake will be served to the public during the open house hours. Gen. Eisenhower, now in Texas, will spend his birthday in his native state and make a national-wide radio talk at 8:35 p.m. The talk will be carried by KP-DN.

Negroes represent about a tenth of the population of the United States.

Red Congress Told U. S. Wants A War

MOSCOW (AP) — Soviet Deputy Premier Nikolai A. Bulganin has told the 19th Soviet Communist Party Congress there is a real danger the U. S. will launch a war against Russia.

Because of this, the Soviet economy is kept in constant readiness to go on a war footing at a moment's notice, he said in a speech to the Congress Wednesday.

The text of his address was made public as party delegates prepared to wind up this historic Congress session — the Soviet Union's first in 13 years.

Only the last item on the agenda remained. This is the election of party officers, including members of the Central Committee's steering secretariat.

Stalin most likely will be re-elected secretary-general.

COMMISSION (Continued From Page One) Water Control and Improvement District. This district would be in a part of the 12 Panhandle and South Plains cities interested in impounding the waters of that river near Sanford.

An election is expected to be called in each of the cities in the near future to form the district which would then be the legal body to deal with Congress in obtaining the \$45,000,000 loan to build the huge dam.

The commission is expected to make short work of the election canvass Wednesday. Because election returns were not fully signed by election judges, the commission had to continue the canvass until the remaining signatures were obtained.

One-way traffic for the alleys flanking Cuyler is to be resumed. The discussion started late last week when City Manager B.H. Cruce asked that the commission investigate the problem some study with an eye to a possible change in existing traffic regulations affecting turns in and out of alleys and crossing streets.

Harden Cops PGA Jackpot

GALVESTON (AP) — Jack Harden of El Paso tucked \$1,000 into his pocket today as the reward for winning the Texas PGA Tournament and looked toward the Texas Cup Matches against amateurs at Dallas next week-end.

Harden shot a three-under-par 69 in the final round yesterday for a 72-hole total of 272. He finished five strokes better than Ray Gafford of Dallas, who was second and won \$700. Third was Fred Hawkins of El Paso with 279 and \$500.

Other finishers in the top 10: Bill Tromley, Dallas, 281; Iversen Martin, Fort Worth; Jimmy Demaret, Houston, Sam Schneider, Houston, 283; Howie Johnson, Houston, Amateur, and Chuck Klein, San Antonio, 284; C. L. Spence, Wichita Falls, 287.

Spartans Now Top Collegiate Eleven

By ED CORRIGAN
NEW YORK (AP) — With the inebriation of Princeton, the mighty Spartans from Michigan State today owned the longest winning streak in college football—18 games—and they show no signs of letting up there.

Michigan State still has six games to play so it's rather early to be predicting another undefeated season for them, but if they perform in the manner they did Saturday in hanging a 45-6 pasting on Texas A&M, their future opponents are not going to look at the Spartan games with any enthusiasm.

State still has to meet, in order, Syracuse, Penn State, Purdue, Indiana, Notre Dame and Marquette.

Irish Hold
Until it took a 22-18 beating from Pitt, Notre Dame probably would have been regarded as a threat to Biggie Munn's lead in the Big Ten. But the Irish looked bad against the Panthers.

Maryland and Georgia Tech continue to roll along, and neither should be pressed to any great extent this week against, respectively, Navy and Auburn. The Terps polished off Georgia, 37-0, and Tech topped Tulane, 14-0, Saturday.

California which has piled up a staggering 152 points in four games, seems assured of winning the Pacific Coast Conference title, although it still must get past Southern California and UCLA.

Wisconsin, the class of the Big Ten, and No. 1 team in the country in last week's AP poll, was the victim of the biggest upset of the season Saturday. Ohio State soundly posted the Badgers, 23-0.

That made it a brand new race in the Big Ten, although there still is nothing to prevent Wisconsin from winning it. On paper, the Badgers still can field the most potent squad in the loop, however, as of today, Purdue, which trounced Iowa, 41-14, in its last outing stands at the head of the class with a 2-0 league record.

Tiger Loss Expected
Princeton's 13-7 defeat at the hands of Penn, strangely, was not a surprise. The Quakers were known to be powerful while Princeton, without the services of the graduated Dick Kazmaier, was an unknown quantity. Penn now should have no trouble sweeping to the league crown, held the last two years by the Tigers.

Both warmed up to their tasks Saturday, the Sooners manhandling Texas, 49-20, and Kansas annihilating Iowa State, 43-0. In the traditionally mixed up Southwest Conference, things are traditionally mixed up. There isn't an undefeated team in the loop, which leaves things tight.

Better Week End Ahead For SWC Teams; Play Each Other

By HAROLD V. RATLIFF
Associated Press Sports Editor
The Southwest Conference publishes wholeheartedly into the business of deciding a champion and Cotton Bowl host team this week. It will be almost two months before that is accomplished but three games next Saturday are going to figure strongly in the awarding of the title trophy.

Three teams already have tasted conference competition and only one of them is undefeated—Texas Christian, Arkansas, which lost to TCU, whipped Baylor, 20-17, last week.

Saturday, Arkansas goes to Austin to help Texas open the conference campaign. The Razorbacks will have to win this one or they'll be through. Two defeats almost certainly mean elimination in this knock-down, drag-out league.

Southern Methodist and Rice, two of the top-rated teams in championship calculations, start the title race at Houston Saturday night. Texas Christian goes to College Station to play Texas A&M.

Baylor, the only team showing to advantage in inter-sectional football and the last to be defeated, takes on down-trodden Texas Tech at Lubbock Saturday night in a nonconference tussle.

The conference had that numb feeling again this week. Its record in inter-sectional play Saturday before. Only one team could win against outside opposition. Southern Methodist beat Missouri, 25-7, as the young Methodist finally showed symptoms of living up to advance expectations.

But Texas A&M was wallowed, 48-6, by Michigan State, Texas was buffeted by Oklahoma, 49-20, and Rice was shut out by UCLA, 20-0. The conference record of inter-sectional play wasn't as bad as the preceding Saturday only because it didn't play as many games.

Texas Christian enjoyed itself with a 47-0 respite over Trinity University.

North Texas State meets Hardin-Simmons Saturday night in the feature game of the Gulf Coast Conference.

The Eagles, who have a 2-2 record for the season with their losses to teams like Dayton and Mississippi State, will take on a high-scoring Hardin-Simmons team at Denton.

Hardin-Simmons, a member of the Border Conference, beat Midwestern, 34-14, last week. Midwestern is a member of the Gulf Coast Conference, too.

Midwestern plays mighty East Texas State of the Lone Star Conference at Vernon Friday night. East Texas is the only undefeated college team in Texas.

Trinity, which has lost four straight games this season, plays Texas A&I, which has a similar record in the Texas Conference, at Kingville Saturday night.

Trinity was swamped by Texas Christian of the Southwest Conference last week, 47-0.

Gene Filipaki, who is expected to star for Villanova this season, starred for Army during 1950.

Kentucky Routed As LSU Triumphs

LEXINGTON, Ky. (AP) — LSU freed a band of explosive backs to aid Norm Stevens' highly effective passing and routed Kentucky, 34 to 7, in what had figured to be a top-of-the-Southeastern Conference football duel.

The tempo of the devastating LSU offense was evident on its first offensive play as Stevens connected with Al Doggett on a scoring pass that covered 80 yards.

Doggett, Sal Nicoilo, Jerry Marchant and Willard Raschall punched the Kentucky defense to bits with their powerful running, and between their drives Stevens kept the attack balanced with this passing.

Except for an early threat that bogged down on an attempted field goal, Kentucky was in the hole until a fumble recovery set up its touchdown in the third period. Dick Shatto's nine-yard pass to end Steven Mellinger produced the score.

Stevens followed his first touchdown pitch with an eight-yard toss to Marchant just before the first period ended. Charley Oakley's pass interception at the LSU-12 made this drive possible for the Kentucky 36 as his return and a rushing penalty put it there.

Temple-Baytown Battle Headlines Week's Schoolboy Football Schedule

By HAROLD V. RATLIFF
Associated Press Sports Editor
Three games matching undefeated teams highlight the Texas schoolboy football schedule this week with the battle of Temple and Baytown the big one.

Baytown, one of the favorites for the Class AAA championship, meets Temple, favored for the Class AA title, at Temple Friday night and the sparks are certain to fly.

Last year, Temple was edged by Baytown, 6-0, but felt it should have won the game. Now Temple is back with what looks like an even stronger team. Baytown may not be as good as last season when it went to the Class AAA state finals, but it has a fine record and looks like the best in the southern bracket of its class.

Just what Baytown can do with the great passer, Doyle Taylor, others couldn't, so he is well out in front this week in Southwest Conference ball carrying.

The Texas rambler got 53 yards through the mighty Oklahoma line to bring his total for the season to 258 yards in 68 carries. Ray Graves of Texas A&M ended up losing yardage rushing against Michigan State and fell out of second place. Kosse Johnson of Rice made 34 yards against UCLA and moved into the runner-up spot with a total of 180.

Five districts of Class AAA will be having conference games this week. It's the continuation of title warfare in District where Lubbock, Midland and Pampa are undefeated and untied in Midland and Pampa are unbeaten in conference strife.

The Fort Worth district opens conference play with Amon Carter - Riverside playing Fort Worth Tech. Carter - Riverside lost its first game of the season last week, bowing to Lamesa of Class AAA, 14-7.

The Dallas district opens title play with Forest meeting Sunset and North Dallas playing Woodrow Wilson.

District 6 has two conference tests with Forest meeting Sunset and North Dallas playing Woodrow Wilson.

District 8 has two conference tests with Austin at Laredo and Miller Corpus Christi at Jefferson San Antonio. Ray of Corpus Christi won the first conference game of the season in this district last week, trouncing Laredo, 44-12.

In District 8, Galveston and Port Arthur start the conference grind at Port Arthur.

The week's Class AAA schedule by districts:
1. Friday: Amarillo at Odessa, Austin Houston at Pasadena.

PAMPA NEWS, MONDAY, OCTOBER 13, 1952 Page 3

Longhorns' Dick Ochoa Sets SWC Ball Carriers' Pace

DALLAS (AP) — Fullback Dick Ochoa of Texas could move against tough opposition and the others couldn't, so he is well out in front this week in Southwest Conference ball carrying.

The Texas rambler got 53 yards through the mighty Oklahoma line to bring his total for the season to 258 yards in 68 carries. Ray Graves of Texas A&M ended up losing yardage rushing against Michigan State and fell out of second place. Kosse Johnson of Rice made 34 yards against UCLA and moved into the runner-up spot with a total of 180.

The week's Class AAA schedule by districts:
1. Friday: Amarillo at Odessa, Austin Houston at Pasadena.

Roughness Protest Due

WACO (AP) — There will be no complaint from Coach George Sauer of Baylor over rough play in the Baylor-Arkansas Southwest Conference football game Saturday night at Little Rock.

Sauer, commenting on reports that each team accused the other of excessive roughness, said: "It was a hard-fought rock-'em and sock-'em Southwest Conference game and there was nothing dirty about it. Arkansas was fired up, had the better ball club and deserved to win."

The Baylor coach did say that he thought the officials missed on two 15-yard roughing penalties assessed against Baylor, that the officials were penalizing Baylor retaliation rather than Arkansas' violation of the rules, but that they were honest mistakes.

"The officials called them as they saw them," Sauer commented. "Of course, my boys were wrong in retaliating, anyway."

Sauer said there was one instance of an Arkansas player telling a teammate to "fake an injury" in order to get a penalty against Baylor.

Sauer added that no Baylor player was put out of the game on a personal foul but that one Arkansas player was.

Joe Boring of Texas A&M has the best average in punt returns, taking four back for 32.5 each. Dean Pryor of Arkansas is second with 11.7 on four.

Bob Blair of Texas Christian has caught 12 passes for 274 yards to lead that department. Tom Stolhandske of Texas has caught 12 but for only 283 yards. Baylor still is the team total of 254.2 yards per game with Southern Methodist second with 310.7. Defensively, Texas Christian leads, giving up 202 yards per game. Rice is second with 231.3.

George Morris of Vicksburg, Miss., and Hal Miller of Kingsport, Tenn., are co-captains of the Georgia Tech football team.

7:30 AM til 9:00 PM
Monday thru Saturday
OPEN ALL DAY SUNDAY

You're only one step away!

When you step on the starter of an International Truck, you've taken a big step on the road to a comfortable profit.

The money you save on operating and maintenance adds up big over the years. And one drive in International's Comfo-Vision Cab will convince you it's the "roomiest, most comfortable on the road."

Why not take the step that means greater savings and driving comfort, today?

Get these practical advantages:

- All-truck engines — exclusively for truck work — built in the world's largest truck engine plant.
- The "roomiest, most comfortable cab on the road" — the Comfo-Vision Cab designed by drivers for drivers.
- Super-steering system — more positive control, easier handling and 37° turning angle.
- The traditional truck toughness that has kept Internationals first in heavy-duty truck sales for 20 straight years.
- The truck engineered for your job, selected from the world's most complete line... 115 basic models, from 1/2-ton pickups to 90,000 pounds GVW ratings.
- America's largest exclusive truck service organization.

Buy on Proof!

Before you buy any truck, let us give you a list of persons in this area who have recently bought new Internationals like the one you are considering. Check with any or all of them. Find out how Internationals cut hauling costs on jobs like yours.

By mail, \$7.50 per year in retail trading zone, \$10.00 per year outside retail trading zone. Price for single copy 5 cents. No mail order accepted in localities served by carrier delivery.

Our Motive Revealed

There was a lot of loose talk circulated by editors throughout the country during National Newspaper Week, Oct. 1-8. They told what a newspaper is, or is supposed to be. Their talk described the high ideals of the profession. They said that a newspaper is more than a mere business and that an editor is more than a mere merchant.

They implied that a newspaper is like a public utility, similar in more ways than one to a gas company. They said that since it is a public service and not an ordinary grubby business, it should not be concerned with profits.

We prefer one Chicago publisher's definition. He said: "A newspaper is a business operated for profit."

We like this shocking definition because it's a refreshing change from all the talk about "public service, noble ideals, humanitarian crusades." We do not regard our newspaper as a public service, in the sense that people think of the welfare department or any other government agency.

We'll say it and let the alleged "liberals" make the most of it!

We believe a paper should say what its editor believes, and should confine those beliefs to the editorial page.

But before an editor can circulate his beliefs he must have circulation. An editor who buys a paper to promote a certain editorial policy without regard or respect for profits dooms his paper to early demise.

Last year, aflame with his idea, Ben Michom asked Alan Phillips, Carolyn Schurer and Hannah Troy to create lines for his dolls. They came to him with the works from daytime to evening outfits, including sportswear. Also a line of hats. They would not re-create the designs in adult sizes. So if mothers want copies of what the dolls wear they will have to make them themselves.

Michom has not yet decided about going the route next year for a Marquita kind of outfitting with everything included. But he does feel he is progressing. Some times he feels that he isn't. Such as the day he offered, in his plastic line of cars, planes, and like mechanical miniature duplicates, a P-40 fighter plane. A very young boy, "Y" in the neighborhood, thought not even to know what an airplane was, turned up a scornful nose at the toy.

"Wouldn't get off the ground!" he sneered. "Indeed?" said Michom. "Why not?" "The dihedral of the wings is cockeyed!" jeered the urchin. Michom went to get a gun with a what dihedral meant, consulting not only an aeronautics textbook but a dictionary and the blueprints. The moppet was right. Mr. Michom scrapped 18,000 planes. Toy ones that is.

But he won't have to scrap 18,000 dolls. America's 12 top designers have seen to that.

"This serious danger to the health of the nation can and should be controlled. The most important preventive measures include cooking garbage before it is fed to hogs, the inspection of pork under the microscope, the proper processing of pork products which are eaten without cooking, and stamping out the disease in hogs.

The best safeguard against trichinosis is to cook all pork products thoroughly, though long-term freezing is also said to be effective.

During 1944 nearly 300,000,000 hogs were slaughtered in this country, of which number approximately 1.5 per cent are believed to have been infected with trichinae. It is calculated that the average person has 200 servings of pork each year, and out of that number three contain trichinae.

This disease, caused by a tiny animal parasite, is much more important than has been generally realized. For example, in Massachusetts between 1936 and 1945, 287 cases were reported, with seven deaths.

Surveys in various localities throughout the United States indicate that from about one person in three to one in five has been infected.

When live trichinae are swallowed they pass through the wall of the intestine and are carried to the muscles in various parts of the body. How severe the symptoms will be depends principally on the number of parasites present.

During the first week following the swallowing of infected meat, the worms develop in the intestines. There they may produce nausea and vomiting and watery diarrhea. Sometimes abdominal pain is present.

About the ninth or tenth day the trichinae begin to invade the muscles. Here, if there are enough of them, they produce muscular tenderness, especially in the arms and legs. Sometimes a reddish rash on the skin develops during this stage. There is often fever. Puffiness and swelling of the face, especially around the eyes, is common. In the severe cases the patient becomes anemic and loses weight.

After the parasites have been in the muscles for a while they form sacs or cysts which represent a relatively quiet stage of the disease. These, too, however, can produce some muscular pain.

In mild cases the symptoms may last for only 10 or 12 days, while in severe ones, the symptoms may continue for several months.

The greatest source of spiritual profit comes from creating something you can see. That is, the gift of watching a dream come true.

LOOKING SIDWAYS

By WHITNEY BOLTON

Just about this time three years ago I met a grown man who played with dolls and I put it down in the Future Book to check up on him again and see how he was getting along with his toys. He is doing fine and has one foot in the door of something my bride brought back from Spain two years ago. It seems that over there there is a Basic Doll which parents buy for about \$10 and then, as their purses allow, proceed along a path which could in the end involve as much as \$5,000. This doll's name is Mariquita and after you have taken her home you start buying clothes, accessories, luggage, jewelry, even furs for her. You buy nightwear, lingerie, sport dresses, afternoon frocks, evening gowns, mink coats, jewels, gloves, handkerchiefs, perfumes, even reading matter and week-end bags or wardrobe trunks all in miniature to scale. If you bought the dolls, from Pointe Venise lace panties to a mink coat, Mariquita would have \$5,000 worth of belongings. Most parents spend about \$250 before Mariquita is respectfully out-fitted.

Benjamin Franklin Michom, the man who plays with dolls, is creeping up on this ideal of a doll. When I first met him here, in New York he had progressed through a Shirley Temple doll (That dates him!), to a doll you could wash with soap and water, to a doll you could take to a doll to which you could give a home permanent. And now he has really got a clutch on things with a doll wearing miniature duplicates of famed fashion designers' newest creations. I found myself at the Hotel Pierre the other afternoon hub-deep in a fashion show for a doll. Little girl kind. I've been to plenty of fashion shows for grown-up dolls that walk and breathe and give a bit of spice to life.

Last year, aflame with his idea, Ben Michom asked Alan Phillips, Carolyn Schurer and Hannah Troy to create lines for his dolls. They came to him with the works from daytime to evening outfits, including sportswear. Also a line of hats. They would not re-create the designs in adult sizes. So if mothers want copies of what the dolls wear they will have to make them themselves.

Michom has not yet decided about going the route next year for a Mariquita kind of outfitting with everything included. But he does feel he is progressing. Some times he feels that he isn't. Such as the day he offered, in his plastic line of cars, planes, and like mechanical miniature duplicates, a P-40 fighter plane. A very young boy, "Y" in the neighborhood, thought not even to know what an airplane was, turned up a scornful nose at the toy.

"Wouldn't get off the ground!" he sneered. "Indeed?" said Michom. "Why not?" "The dihedral of the wings is cockeyed!" jeered the urchin. Michom went to get a gun with a what dihedral meant, consulting not only an aeronautics textbook but a dictionary and the blueprints. The moppet was right. Mr. Michom scrapped 18,000 planes. Toy ones that is.

But he won't have to scrap 18,000 dolls. America's 12 top designers have seen to that.

National Whirligig... HST Keeping Railroad Strike On Ice Till After November 4

By RAY TUCKER

WASHINGTON — President Truman is keeping a threatening nationwide transportation strike, on political ice until after November 4 for fear of its adverse effect on the Stevenson - Sparkman ticket's chances. It will be the slickest coup of the campaign, if it works.

In expectation of a favorable, post-election settlement through White House intervention, labor leaders have so far acquiesced in the scheme, although they have been complaining, because the dispute has dragged on for more than two years.

However, the railroad unions involved have been reminded by John R. Steelman, presidential labor advisor, that Truman wrangled a victory for Philip Murray's steelworkers on the eve of the Democratic convention, even though it required sacrifice of former Defense Mobilizer Charles E. Wilson. He resigned because he regarded the presidential wage boosts as inflationary.

Although Murray did not obtain a completely insulated shop, the eastern railroads signed such an agreement, largely as a result of Truman's support of that provision. The White House, naturally, felt that this action would force other lines involved to surrender.

But the Western and Southeastern roads refused to be intimidated by Washington. They announced their refusal to discuss the closed shop issue on October 34. More than 450,000 workers are involved in these two groups. If they walk out, the nation's transportation system will be paralyzed.

Besides Truman and Steelman, a key figure in the controversy is George Harrison. A prominent leader in railroad union circles he also heads the labor division of the Democratic National Committee.

"CLOSED SHOP" — The monopolizing railroad unions and the machinists, yardmasters, dispatchers, roundhouse and repairmen demanded a closed shop as far back as 1950. When the railroads balked, Truman appointed an emergency board to hear the dispute. David L. Cole, whose writings and activities reveal him as an extremely pro-labor, was named chairman.

Last February, the Cole group recommended a union shop on the railroads. This action had still a chain reaction. It was immediately cited by the Wage Stabilization Board as a precedent for establishing the closed shop in the steel industry.

Cole has since been made chairman of the Federal Mediation and Conciliation Service, succeeding the able and lovable Cyrus Chubb.

Then he began to laugh and said: "Haven't you and I come to a pretty pass — you a politician and me a make-up artist?"

NO SALE — President Truman's offers of post-presidential employment — writing, lecturing, teaching, etc. — are extremely disappointing to the egotistical man in the White House. Few newspapers or colleges seem to want to invest heavily in him.

When he announced his retirement, there was a wave of offers. But it is understood that few of the competitors are willing to lay heavy money on the line, apparently figuring that his publicity value will disappear quickly with any change of administration.

ADLAI'S CONTRIBUTIONS (The Chicago Daily Tribune) — Many persons who are interested in churches and in the promotion of religious faith have noted with approval the religious sentiments in Gov. Stevenson's speeches. The same persons may be surprised at the list of his contributions to religious, charitable and educational organizations during 1951, which he has made public.

The governor's gross income for that year was \$69,272.22. His net income, after taxes, was \$55,052.50. Of this amount, \$117.50 went to Unitarian, Methodist and Presbyterian church organizations. The remaining \$2,935 went to numerous educational, musical, historical, welfare, and international propaganda organizations.

All the churches would soon be out of business if their more prosperous members adopted Mr. Stevenson's rate of giving. It will be interesting to see what Gen. Eisenhower's accounting will show in this connection.

Mr. Cityman — Ever go to New York City? Mr. Wagon — Once — the place is too darn lonesome for me.

in the midst of the campaign.

PRESSURE — In view of this stalemate and the lack of any progress in the negotiations for two years, George E. Leighty, who represents the employes, has talked of staging a walkout. He has become annoyed by Truman-Steelman insistence on delay.

But union and political leaders are exerting tremendous pressure on him and his associates. They are urging him to postpone drastic action until after the votes are cast and counted.

In view of the steel strike's bad effect on civilian and defense production, and charges that Governor Stevenson has "sold out" to labor, a pre-election transportation tie-up might be politically fatal. It would demonstrate that Truman's partiality to organized labor was no safeguard for the public. Those are the obvious implications.

Should the unions comply with the White House request for a strike postponement, and if Stevenson should be elected, labor will be rewarded in some way for their forbearance.

EISENHOWER INCIDENT — General Eisenhower's order of campaigning in a strange field has been lightened by numerous incidents like that which he describes as the postwar careers of "the politician and the paratrooper." It occurred when the Republican nominee was undergoing his television "beauty treatment."

"A man came around on the train," he explains, "and said: 'General, I must put some powder on the top of your head so that it won't shine on television.' He announced himself as the make-up artist assigned to me."

Then he began to laugh and said: "Haven't you and I come to a pretty pass — you a politician and me a make-up artist?"

NO SALE — President Truman's offers of post-presidential employment — writing, lecturing, teaching, etc. — are extremely disappointing to the egotistical man in the White House. Few newspapers or colleges seem to want to invest heavily in him.

When he announced his retirement, there was a wave of offers. But it is understood that few of the competitors are willing to lay heavy money on the line, apparently figuring that his publicity value will disappear quickly with any change of administration.

ADLAI'S CONTRIBUTIONS (The Chicago Daily Tribune) — Many persons who are interested in churches and in the promotion of religious faith have noted with approval the religious sentiments in Gov. Stevenson's speeches. The same persons may be surprised at the list of his contributions to religious, charitable and educational organizations during 1951, which he has made public.

Fair Enough... The New York Times Supported Eisenhower To Get Rid Of Taft

By WESTBROOK PEGLER (Copyright, 1952, King Features Syndicate, Inc.)

One night in August, at a supper party at Jones Beach, Long Island, Arthur Hays Sulzberger, the publisher of the New York Times, having married the daughter of the owner of the paper, told Alice Roosevelt Longworth the Times came out for General Eisenhower so long before the Republican convention because the Times wanted to get rid of Senator Taft.

The Times, a Democratic and New Deal paper with covert but potent pretensions to a foreign policy and diplomatic service of its own, boldly undertook to tell the Republican party who their candidate should be.

As events turned out in Chicago, the New York Times did this. But later, as soon as the campaign began to warm up and the more obvious fifth columnist drifted back to the Democratic lines, the Times began to handle editorials and "columns" perceiving no reason to view with alarm the election of Adlai Stevenson when the Nixon smear was splashed, the Times called on the Republican party to "decide

Bid For A Smile

A railroad had just been laid through a backwoods section, and as the first train was being taken over the line it overtook a boy on a horse. The engineer whistled and the boy whipped up his horse but stayed on the track. The train was finally forced to creep along at the horse's pace.

Attorney — Describe to the jury how the stairs run in this house. The old man looked dazed and scratched his head for a minute before he attempted an answer. Swede — You want to know how the stairs run? Attorney — Yes, if you please, how the stairs run in Miami, Fla. Swede — Well, ven ayse baine oopstairs dev run oop.

Hiram Bredie has returned from a sightseeing trip to New York. He says it does beat all, the style the men folks put on there. He saw advertisements in the papers for "Savage Suits," which the fellows apparently put on just to sit on a sofa.

Mabel — What is your average income? Maxey — About two o'clock every morning.

A woman with a commanding air told Abraham Lincoln: "Woman — My husband, you must give me a colonel's commission for my son. Sir, I demand it, not as a favor, but as a right. Sir, my grandfather fought at Orleans and my husband was killed at Monterey. Lincoln — I guess, madam, your family has done enough for the country. It is time to give somebody else a chance.

Robert Hall being unsuccessful in securing the hand of a Miss Steel, while starting under his disappointed look, met with a company of ladies, one of whom, the lady of the house, said in bad taste: "Honey — You are just Mr. Hall, and we have no polished steel to brighten John Gordon Bergen, 18, 1032 Killean Mr. Hall — O, Madam, that is of no consequence; you have plenty of polished brass.

Once in the early days of a certain Western state a little Dutch storekeeper, long on common-sense but short on legal lore, was appointed to preside temporarily over the local court.

"Gentlemen of the jury," he charged after he had heard the evidence in his first case, a lawsuit, "if you believe all that the lawyer for the plaintiff has said, I charge you that it is your duty to find your verdict for the plaintiff. But, if on the other hand, you believe all that the defendant's lawyer has said, then it is your duty to find for the defendant. But, gentlemen, if on the other hand, you are like me about the matter and don't believe a word that either of them has said, then I don't know what in thunder you are going to do!"

YOU WERE ASLEEP SO I GOT MY OWN BREAKFAST!

CRASH BANG!

with loss of time whether Nixon's record has not fatally impaired his usefulness as a candidate." This was before Nixon had time to make his answer. But, in all the record of graft, confidence games and greedy exploitation of the presidential office by the Roosevelt White House circle, the same New York Times never thought anything had "fatally impaired" Roosevelt's usefulness, although the profit was personal to these greedy raiders and their total revenue exceeded Nixon's impersonal political fund more than \$1,000 to one.

At the Jones Beach party, Sulzberger sat between Alice Roosevelt Longworth and Mrs. Theodore Roosevelt, Jr., the widow of the gallant young Ted who died of exhaustion soon after the Normandy landing and was awarded the Medal of Honor posthumously. Alice and Mrs. Ted, whose names are Eleanor, by the way, are Republicans.

Alice asked Sulzberger why he had come out so early for Ike. His answer was that that was the only way "they" could get rid of Taft. They raised a hullabaloo for Ike and an equal row against Taft. One of the guests said Sulzberger's view was that of a mixed group of New York Democrats and not wholly patriotic or wholly nationalistic Republicans — the "starry-eyed" view of the "internationalist."

"Starry-eyed?" I exclaimed. "Would you call Sulzberger and Devey starry-eyed?" "Well, they think they are starry-eyed; in their own minds they are. They are inclined to look over their noses at the rest of us."

In his "column" published on Sept. 8, Arthur Krock, the Times' chief Washington correspondent, dabbled with this theme in a revealing way. He observed that Stevenson in one of his speeches had made merry over the haste of "some of our nation's great newspapers," including, of course, the Times, to commit themselves to Eisenhower last spring without knowing the party platform, what he stood for or who his opponent would be. Mr. Krock said Stevenson was being naive because actually at that time the choice was Taft or Ike and Taft opposed the North Atlantic Treaty and the course of the United Nations in Korea. Ike was on the other side in both phases of foreign policy and Stevenson was just nobody at all. The prominent Democratic candidates were weak alongside Taft.

Although Truman had often said he hoped Taft would be the Republican nominee, Krock disagreed. "Signs were numerous," he said, "that the Senator would have an excellent chance," a Sulzberger, of course, well knew. The fact that Sulzberger did fear that the Republican party would win with Taft was confirmed by his admissions to Alice Longworth that he indicated he not to elect him but to prevent the election of Taft. Stevenson would have been equally satisfactory to the Times and to other Democratic sojourners in the Republican fold in the critical days before the nomination.

Krock said the Prospect of Taft as President was "calamitous" to those who believed that the election of Taft would weaken the confidence of Western Europe in the North Atlantic Treaty Organization.

"And, obviously," he continued, "the first and effective means of preventing this was the nomination of Eisenhower. The prospect of a Taft - Truman contest meanwhile had not developed any new factors to change the opinion of early spring that it might well end in Taft's election."

Last Tuesday, the Times printed a letter almost a column long by which a "philosopher" had plumped for Ike temporarily but now, like the New York Times, was running for home with joyous outcries.

"It would be a pity and a disgrace," Durant wrote, "if (Stevenson's) effort to keep the contest on the level of an appeal to reason should be punished by the electorate."

I telephoned Sulzberger's office. His secretary said he was in conference so I left a short but accurate description of the subject. He didn't return my call.

Appears in ESA Fashion Show

SUNDAY GO TO MEETIN' dresses like the one modeled by Miss Angela Duncan, above, were featured Sunday in the Epsilon Sigma Alpha fashion show, first in a series of events during Pampa's three-day celebration. Some 50 men and women participated in the style showing which included fashions from 1902 to 1952. Mrs. Bob Vail served as commentator of the show. Models appeared before a large scrapbook, designed for the occasion, and Irv Aki, organist, provided background music.

Junior High PTA Has Open House

Moffery Lane, junior high school principal, directed guests through various class rooms at the junior high PTA open house held recently.

Mrs. E. M. Culberson, president, gave the welcome address, followed by group singing, led by Miss Carolyn Boyle, and accompanied by Miss Eloise Lane. Refreshments were served in the cafeteria with Mrs. Joe Gordon, hospitality chairman, presiding.

About 750 parents and students attended the open house.

GIRL SCOUT NOTES

One of the outstanding Scout programs this week was the Troop 22 beauty demonstration presented by Mrs. Edna Prescott, Modern Beauty Shop, at the Troop 22 meeting.

She demonstrated different hair styles and talked to the girls about care of their hair, hands and points on good make-up. The girls are working on Good Grooming and Personal Health Badges.

During the latter part of the meeting they discussed what Church they planned to attend Oct. 26 and their trip to the Amarillo Air Base Nov. 8.

The troop sent Judy Nesledge an ivy plant. Judy is ill at her home.

The following girls attended: Carolyn Luns, Celia Fowler, Darlene Darnell, Barbara Arney, Vicki Osborne, Jenene Price, Annie Price, Patsy Dial, Sandra Williams, Sherry Dial, Sondra Sullivan and Mrs. Walter Hyatt and Mrs. Marion Osborne. The troop welcomed three new members in to their troop: Sue Reynolds, Carol Ann Grithis, and Shirley Epps.

Troop 22 met in the Girl Scout Little House for an investiture ceremony for Jenny Davenport, who was presented her pin, handbook and troop crest.

Girls are working on second class badges, and have completed scrapbook covers, and have made covers for the handbooks.

Cocoa and cookies were served to Mmes. J. D. Wright, Jr., leader, Mrs. John Sexton, assistant leader and Mrs. Clifford Davenport, Jr., and the following Scouts: Misses Jenny Davenport, Shirley Wright, Doris Ann Lovelace, Mary Sturgeon, Pamela Goodell, Judy Cotton, Nancy Fry, Charlene Baker, Carol Ann Sexton, Lou Elen Timmons, Jeanette Holt, Mildred Johnson, and Doris Ann Bullard, and one visitor, Peggy Burns.

Patrol secretaries for October are Shirley Wright and Carol

Sexton. Committee mothers for the year are Mmes. C. C. Baker, W. D. Timmons, Aaron Sturgeon, and S. M. Goodlett, Jr.

Troop No. 14 spent the past week end at Camp Sullivan. Girls worked on the following badges, Foot Traveler, Out Door Cook, Out Door Safety and Camp Craft. During Friday afternoon and evening through Sunday morning the girls hiked up and down the river and other places working on their Travelers Badge. During the evenings they built a fire in the fire place in the recreation hall and presented a program. Sunday morning, they conducted Church services.

The following girls attended: Lavantia Beckertite, Ann Boosa, Wenona Bozarth, Dell Cornelius, Patsy Falkenstein, Patsy Hufflines, Linda McDonald, Sydna Morris, Becky Palmer, Sue Scherer, Heidi Schneider, Rebecca Skelton, Lynda Stevens, Connie Stokes, Marilyn Toepfer. The following leaders and mothers were there: Mrs. B. B. Palmer Mrs. Harold Beckertite, Mrs. Robert Hufflines, Mrs. Robert Morris and Mrs. Stokes.

The Brownie Troop No. 5 of Horace Mann School met Monday afternoon at the home of the troop leader, Mrs. Jim King. Officers were elected and installed. The next meeting will be held at the St. Paul Methodist Church, Monday Oct. 15, at 3:30 p.m. Brownies attending were: Dorothy Barnes, Leona Sue Barnett, Suzanne Caswell, Cassandra Coffin, Reba Daniels, Treca Flowers, Patsy Giddens, Gail Hutchens, Judy Mihalski, Linda Moore, Patsy Moss, Terry Rickley, Carol Smith, Brenda and Beverly Stephens, Patty Tooker, Linda Warden and Hazel White.

Four Girls from Troop No. 9 acted as ushers at the Sam Houston PTA meeting Thursday. They handed out program at the beginning of the meeting. The PTA had a tea for the teachers and the four Intermediate Scouts assisted the hostesses in serving refreshments and took charge of the "clean up" after the tea. The other girls in the troop will have the opportunity to serve in this capacity through the year. Norma Fatheree, Virginia Worrell, Carol Trippelhorn, and Bobbie Lee Andia assisted at the tea.

Troop No. 12 had its regular meeting at the Holy Souls School auditorium, with 33 members and one visitor attending.

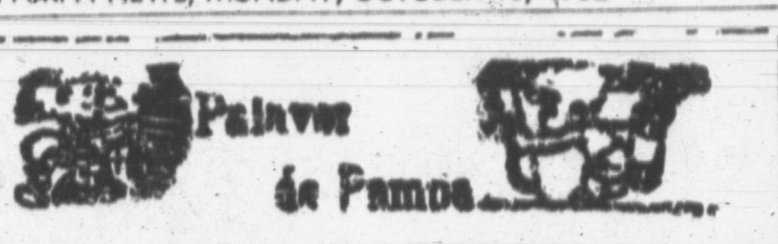

Mrs. F. W. Shotwell, Red Cross Executive Secretary, attended the meeting and spoke to the girls about the work of the Junior Red Cross. The girls decided to make table favors for hospitals for the month of February, and planned to pack a box to send overseas.

Seventeen girls worked on their hostess badge. Plans were completed for their party to be held at Camp Sullivan, Halloween night Oct. 31.

Girls from Troop 29 were on the PTA program at Baker School Thursday. They took charge of their own part on the program and gave the Brownie Promise and sang three songs.

Participating were: Sue Allen, Beverly Lou Burns, Donna Ruth Forsha, Phyllis Sue Holder, Melody Ann Hunter, Mary Lanora Abbott, Asha Kelley, Jan Lang-

The Pampa Daily News
Women's Activities

TWAS October 12, 1492, that Christopher Columbus discovered America. Exactly four hundred and sixty years later, the people of Gray County are beginning to celebrate their golden anniversary. Today's the second of three days of glorious festivities being held in Pampa. Have you got that derby? . . . Dan? Have you got that sun-bonnet? . . . Sue? Old and young alike are all breathing in an atmosphere of a previous era. If you have been longing for the "good ole days" then here's your chance to join in the fun of celebrating the county's fiftieth anniversary!

THERE WAS THE ESA STYLE REVUE Sunday at 2:30 p.m. featuring fashions from 1902 to 1952. And as the pictures in The News predicted, it was really something! Al Doucette wore a suit owned by his grandfather, Perry LeFors; Mrs. Jake Osborne modeled a dress worn by her mother, Mrs. Amanda Wiley Reynolds; Angela Duncan wore a dress belonging to her great-grandmother; Mrs. George Cree, Jr. modeled a dress worn by Mrs. A. H. Doucette to a 1927 dinner-dance at the Schneider; Mrs. Harold Rinehart wore a dress worn by Mrs. J. M. Ikard in the 1890-98 period. She also wore a brooch and a gray straw hat that belonged to her maternal grandmother, the late Mrs. C. P. Sloan, and a black chiffon party dress worn by her mother, Mrs. Mel Davis in 1920. There were many, many others modeling clothes of today and yesterday.

PEG is so excited about the various activities slated for this celebration that it's hard to write about anything else. Don't forget to buy that attractive Gray County 50th Anniversary souvenir and program book either. There are pictures of the County's first sheriff, first judge, and first county clerk. A page of historical dates of the County's history is included and the railroad's early days are featured. "Course Peg doesn't imagine that the young'uns are going to let me forget about the Cyrus K. Holliday, Santa Fe's Locomotive No. 1, that's gonna be on display across the street from the Schneider Hotel. Peg has already HEARD (in fact, several times) about its being steam-powered, THAT! It's 60 feet long and the cars are 20 feet shorter than passenger cars in use; the cowcatcher and heavy parts on the engine are made of wood; the train is equipped with a smoke stack of a shape all its own; there are holders on each side of the catwalk for flags; a wooden "thing-a-ma-jig" between the two cars, (which Peg believes is a vestibule) and avertin', it sounds like my little Indians know more about it than the Santa Fe.

WITH school letting out today and Tuesday, Peg will have more than enough help in getting ready to go to these activities, especially to the dedicating of the memorial to the pioneers of the county. Want to hear about Mrs. Julia German Brooks being captured by Chief Gray Beard's band of Cheyennes. Don't know how many times I've passed by that sign board that tells about the rescue and never really stopped to read it.

PEG CONGRATULATES Mrs. Frances Ward on being selected the 1952 Beta Sigma Phi "Valentine Girl". Frankie will be entered in the national Beta Sigma Phi Valentine Girl Contest to compete with other entries from all over the nation. Contestants are to be judged by Hollywood film personality and the winner will be featured on the February cover of "The Torch", official publication of the sorority. And speaking of Beta Sigma Phi, members of the club are planning a Halloween costume party to be held October 27. Sounds like a lot of fun. . . bobbing for apples. . . having your fortune told. . . etc. Ah, it takes me back. . . the fun "young adults" have. . . which reminds me with Halloween approaching, children are beginning to think of pumpkins, false faces, costumes, goblins, witches, and ghosts. And of course they are certainly looking forward to "Trick or Treat" fun and special parties.

IF you are planning a Halloween party, here are some serving suggestions. You can make grinning pumpkins faces from peach halves by inverting the peach half on a mound of cottage cheese. Take slices or something similar and make your pumpkin face on served with these. Instead of the traditional pumpkin pie, a highly recommended change is pumpkin ice cream. This delicious frozen dessert adds the perfect final touch to your meal. Serve hot, spicy, cranberry punch along with this and you can't miss.

PAMPA PANORAMA. . . Saw Mrs. Bob Skeen (the former Joella Shelton) and son, Michael, of Clovis, down town. . . there're visiting Joella's parents, Mr. and Mrs. Joe Shelton. . . Mrs. J. W. Lemons (Velma) going into Sam Houston school Thursday to the Parent-Teacher meeting. . . Mrs. Tom Perkins, back from a vacation with Dallas. . . Clinton and Donna Jo Evans on their way to the Fair in Colorado. . . ever so many Pampans at the Amarillo-Pampa football game Friday night.

HOW TO REMEMBER NAMES. . . Do you forget a name just as soon as you have been introduced to a person? This is a habit method of developing a flair for names that will work: (1) Whenever you hear a name, repeat it at once. (2) Use it two or three times in speaking to the person to whom you are introduced. (3) Whenever you use the name, take a mental snapshot of the person. (4) Write down the names at night of those you have met during the day. Note in your mind's eye their clothes, the subject of conversation, and take another mental snapshot of how they look. (5) Make it a business to call up new names and faces, and connect the two. Are there unusual names you can't get straight? Try this and see if it doesn't work.

"A dog is only a wolf that has arrived at an understanding with people."—Clarence Flynn

Roses are Red
Violets are Blue
Peg's got to go.
So goodbye to you. . .

Postically,
PEG O' PAMPA

ley, Geraldine Marlar, Susannah Massey, Marie Anette Potter, Beanie Lou Qualls, Darlene Riley, Barbara Joan Spinks, Claudette Addington. The leader of this troop is Mrs. Pascal Massey.

Troop No. 23 went to Camp Sullivan Friday for an overnight camping trip. Mrs. Frank Kelley, leader, Mrs. L. R. Harvey, Mrs. H. R. Jeeter and Mrs. Dorothy Station accompanied approximately 14 girls on the trip.

All Girl Scouts are getting ready for the observance of Girl Scout Week beginning Oct. 26, day this week.

Better Cough Relief

ALTRUSA SPEAKERS: Present for the installation of new Altrusa club officers here Saturday were Mrs. Grace Wallace, left above, and Miss Bernice McGee, governor of Seventh District. Mrs. Wallace is vice president of the international organization, first vice-governor of Seventh District, and district extension chairman. Miss McGee is dean of women at the Masonic Home and School in Fort Worth. She gave the "Aims and Purposes of Altrusa" at the dinner meeting held in the Schneider Hotel. Mrs. Jo Austin was installed president of the local group. (News Photo)

Doris Mitchell Is Shower Honoree

Miss Doris Mitchell, bride-elect of Robert A. Blevins of Greenboro, N. C., was honored at a recent shower in the home of Mrs. O. S. Epperson, 1137 N. Russell.

Assisting were Mmes. Jack Robertson, A. G. Randolph, Harold Eaves, C. E. Humphries, Harold Stephens, Bob French, A. C. Hourigan, J. B. Crocker, and J. Greene.

The honoree's chosen colors, blue and white, were used throughout the entertaining rooms. The gift table was centered with white streamers. The lace-covered dining table was decorated with blue and white candles, and plate favors were blue and white wedding bells, with the inscription, "Doris and Bob."

The honoree was presented a blue and white carnation corsage. Her mother's corsage was white daisies. Jacqueline Robertson played musical numbers, and Joyce Frazier sang "Through the Years." Mrs. Robertson gave reading of Doris and Bob's 30 years of married life.

Mrs. Hourigan and Mrs. Stephens presided at the table. Cake squares were decorated in pink and blue roses with the bride couple's name. Mrs. Bob French registered guests.

Participating in the courtesy were Mrs. B. W. Mitchell, the honoree's mother, Mmes. Clyde Prince, Carl Porter, C. A. Pixler, A. C. Brown, Elmer Pritchard, R. O. Clemmens, Mahlon Johnston, Travis White, Herhall Williams, M. Lunford, Furl Menckey, R. H. Elkins, Charles McGahan, Hood Earp, Nelson Atchley, Carl Foutch, W. D. John-

Mrs. John Dumont Honored At Shower

Mrs. John Dumont, the former Miss Gloria Jean Ward, was honored with a wedding shower recently in the home of Mrs. Tony Smith, with Mrs. Roy T. Schaefer and Mrs. Randall Green as co-hostesses.

Miss Ooweeat Overstreet and Mrs. Green presided at the table which was centered with an arrangement of orchid and white asters. A lace cloth was used on the table, and favors were wedding bells tied with orchid ribbon. Mrs. Ben Ward, the honoree's mother, secured names for the bride's book.

Participating in the entertainment were Mmes. Ruby Stovall, Joan Paronto, Wayne Simms, O. G. Smith, Chester Johnson, Fred Carey, C. J. McNaughton, Perry Overstreet, Wilson Hatcher, Bill Hukill, F. A. Hukill, Bill Fannon, A. McClendon, Kit Autry, James Lewis, O. B. Schuffman, J. E. Ward, R. D. Morris, Lewis Tarpley, Lee Garrison, A. N. Rodgers, Lee Roy McBride, E. N. Franklin, Joe Autry, Mary Fannie Eller, and Misses June Brown, Clara Washington, Catherine Harris, and Justice Ann Fahle.

The ancient Egyptians often mummified animals, birds and fish.

A PAMPA FIRST — Scene shows Pampa's first modern school while it was under construction. School was built in 1910 and is yet standing on Taylor and Francis. Prior to that time school was held in a frame building located at the present site of the Central Baptist Church building.

Chamber Of Commerce Began When First Settlers Arrived

The local chamber of commerce began (unofficially) when the first settlers came into the area. All typical Texans, the early pioneers began writing friends and relatives "back home" about the opportunities afforded by the Panhandle immediately after arrival.

However, officially, the chamber of commerce has been in operation in Pampa for only 27 years. It began in 1925 with C. B. Barnard as first president; J. S. Wynne, vice-president; and C. P. Buckler, secretary - manager.

The Top of Texas slogan used in connection with all chamber publications, posters and activities came into use even later. It was coined by Reno Stinson, industrial relations director for Cabot's in Pampa and former chamber president and was popularized by the annual rodeo celebration which began in 1945. "Where wheat grows and oil flows" was added to complete the slogan.

The chamber now works through varied committees, representing every phase of community life, including agriculture and livestock, aviation, fire prevention, good will and reception, highways and transportation, highway signs legislation and national affairs, industrial, merchants activities, military affairs, new business, improvements, publicity, sports, recreation, and wholesale trade. Approximately 600 business and professional men are affiliated.

In addition to the standing committees, special committees are appointed during the year as the need arises.

Many services are offered to assist stores, offices, schools and churches. Information is on file in the office available to anyone who wishes to take advantage of it. This includes maps of every state in the union, city

directories of many cities, listing of available rentals and others. This information may also be obtained by phone. A board, composed of 20 members meets once a month to take care of any business and to pass on recommendations presented by the committees. The president of the Junior Chamber of Commerce is invited to meet with the board each month and the two organizations work in close harmony.

Presidents from the years 1925 to 1952 include Barnard, J. E. Murfee Jr., Charles C. Cook, M. K. Brown, F. D. Keim, Clyde Fatheree, T. F. Smalinger, Roy McMillen, C. H. Walker, Travis Lavelly, Sr., Jack Cunningham, M. A. Graham, Gilmore Nunn, John Roby, J. M. Collins, Reno Stinson, Farris C. Oden, John V. Osborne.

F. M. Culbertson, Crawford Atkinson, Carl Benefiel, C. A. Huff, C. P. (Doc) Puraley, W. B. Weathered, F. D. Smith, Joe F. Key, Fred Thompson, G. S. (Pinky) Vineyard, Gene Fatheree and Charles B. Cook.

Managers through these years have been C. P. Buckler, 1925-27; Scott Barcus, '27-28; George Biggs, '28-30; Garnet Reeves, '30-34; and E. O. Wedgeworth. The chamber office is in the city hall and serves as headquarters for rodeo association each year, the Hereford Breeders' Association and any group planning a citywide celebration or activity.

The Jaycees, Pampa's junior chamber of commerce, was organized in 1932 to provide training for younger business and professional men in citizenship and chamber of commerce work. Although the organization was not chartered until April 27, 1936, a previous charter was drawn but never filed by C. E. Kennedy, Marvin Lewis, Gilmore Nunn, Arlie Crites, Harry Hoare and John V. Osborne.

The official charter was filed by T. B. Chesser, Joe Burrow, Jack Dunn, Harold Miller, R. E. Watson, C. H. Schulkey, H. L. Polly, R. M. Johnson, Raymond Harrah and Dick Hughes.

The local club was organized also to promote public interest by aiding needy and unemployed, by organizing and assisting in various civic projects for benefit of the city, by training youth in civic work and developing sense of civic responsibility and patriotism.

Among the past benefits rendered by the Jaycees is the yearly participation in decorating streets at Christmas and the organization of the Top of Texas Fiesta and Rodeo. In 1935 the club sponsored a pre-centennial celebration for the city.

Fast presidents of the Jaycees include Dirk Altman, Dr. N. L. Nicholl, Joe Fischer, Jack Nimmo, Floyd Watson, Jim Arnold, Bob Brahaier, Alton Hault, Jim Collins, Dick Hughes, C. H. Schulkey, H. L. Polly, T. V. Chesser, William T. Fraser, Clarence Kennedy, Rusty Ward and Roy Taylor. James Evans is president now.

The Jaycees meet every Tuesday night in the Palm Room of the city hall.

Bones Stopped The Santa Fe

The only time on record when the Santa Fe railroad's passenger schedule was interrupted in the interest of bronc riding, occurred in Pampa during the early days.

It is related that the famous colored man, Matthew Hooks, late Amarillo resident and a porter on a passenger train was on duty in the train. Better known to hundreds of old-timers in this region as "Bones," he had been a regular "bronc buster" before he took the Pullman porter job.

There was a certain black horse here at the time, and no one had yet been able to stay upon his back, so a group of Pampa residents waylaid "Bones" as the train stopped at the station here, and put the proposition of riding the horse up to him. Bones agreed to ride the horse and the vacant lot which was back of the Panhandle Lumber Co. then located where the Gray Pampa hotel now stands, was chosen as the scene of the performance.

The passenger train waited at the station, undoubtedly with many passengers wondering what all the delay was about. But Bones added another laurel to his record when he rode the horse the distance of about 100

Vincents Arrived In County Day Court House Dedicated

Mr. and Mrs. Wiley Vincent settled in Gray County in 1902. They came into the town of Lefors the night of the dedication of Gray County Court house. A big celebration was taking place which included picnics and a big dance afterward.

At that time the town of Pampa was made up of the old Schneider Hotel and a section house. The only store was the Johnson Mercantile Co. with the postoffice combined. There was a box car depot and a livery stable run by George Thut. A company house owned by George Tyng and another for the section hands completed Pampa at the time of their arrival.

In 1907, a disastrous fire struck the small community. Starting from burning weeds, the fire

began near the east part of town near the present location of the Central Baptist Church.

At that time there were two houses in that part of town. One belonging to the Lippolds and another to the Holemans. Most of the men of the community were away at the time and the boys were in the school.

Mrs. Vincent, who had seen smoke surrounding the Lippold's home and large tumbling weeds in flames, shouted for someone to get the boys out of school. She feared the Lippold home would burn.

It seems as though the school teacher at that time, a Mrs. Dean, locked her pupils in and would not let them out. Smoke was growing and the

fire was becoming fierce, when the boys climbed out the windows and rushed to aid the few men and women fighting the fire.

The school boys were Fred and Criel Sloan, Henry Lippold, Larry Rider, Harland Case, Mel Davis, Cliff and Scott Vincent and Lloyd Bennett. They probably saved the town, or what there was of the town then. The fire burned to a draw on East Browning Street called Red River Creek. The boys and men stopped it with wagons, heavy drilling chains, wet sacks and wet brooms.

Mrs. Vincent had moved all she owned, two cured hogs, 100 pounds of sugar, 500 pounds of flour and all the bedding including the mattresses into the dugout.

She says she saw flaming tumble weeds flying over the town as high as the present water towers.

Bobcats are so secretive in their movements that they are seldom seen by men, even in places where there are many of them.

INDIAN JIM A CHAMPION — Pictured is Jim Brown, Onedia Indian, champion bricklayer to whom is credited the laying of most of the million and more bricks used in the construction of 11 blocks of paving in Pampa in 1927. Brought to Pampa by the Stuckey Construction Company, Indian Jim received his championship rating Sept. 12, 1926, in Olathe, Kans., when he set a world's record laying 64,644 bricks in seven hours, 48 minutes. The champion was born in 1868 on the Onedia reservation in New York, educated at Carlisle and Ontario Agricultural college and was six feet in height and weighed 180 pounds.

OIL PROGRESS WEEK

Progress 1952

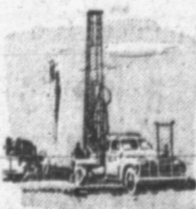

Texans have a natural interest in the oil industry, which is so important in their State, and in the progress made since Oil Progress Week was last observed.

Here are a few quick facts:

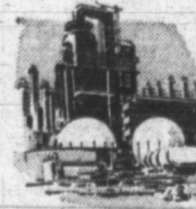

NEW WELLS

During the twelve months ending August 31, 1952, the Texas oil industry drilled 17,000 new wells, at a cost of over \$700 million. Most of the heavy expense of drilling these new wells was paid from earnings plowed back into the development of the State's oil resources.

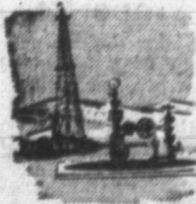

RESERVES

Proved oil reserves in Texas of 18 billion barrels represented 57 per cent of the U. S. total at the beginning of 1952. During 1951, the last year for which figures are available, proved reserves increased two billion barrels. These are developed oil reserves and the figure is important: developed reserves supply our needs currently and provide reserve capacity that is immediately available when we need it.

REFINING

The Texas refineries will have a big year. They now employ, in round numbers, 46,000 Texans, and process about 28% of all the oil refined in the U. S. The daily refining capacity of all Texas refineries exceeds 2,000,000 barrels. A program to expand and improve these facilities has been general throughout the industry.

PRODUCTION

Production has reached a record level. Texas currently is producing about 46 per cent of all the crude oil produced in the U. S. In the year ending August 31, Texas production totaled about 1,015 million barrels. There are now 133,800 producing oil wells in Texas.

TAXES

The Texas oil industry continues to be the largest tax-payer in the State. Through the year ending August 31, gross production taxes alone on Texas oil and natural gas amounted to more than \$137 million; in addition, the industry pays large amounts in other taxes.

TRANSPORTATION

The total mileage of Texas' trunk pipe lines for oil and finished products is over 29,000. This low-cost transportation system is a major factor in the maintenance of the low prices you pay for petroleum products.

HUMBLE

TEXAS OPERATIONS

Twelve Months Ending August 31, 1952

Wells Drilled 891
Average Production, in barrels daily 330,100
Employees in Texas, August 31 17,775
Baytown Refinery: Average crude runs to stills, barrels daily 249,310

Humble Pipe Line Co. operates 5,895 miles of trunk lines for oil and finished products, which had transported a daily average of 722,600 barrels in the year ending August 31.

In brief, the Texas oil industry during the past year continued to do its part in meeting the demand for oil. It has expanded pipelines to provide low-cost transportation. It has improved facilities for making more and better petroleum products for your use. Today, two gallons of gasoline do work that required three gallons in 1925; and the gasoline costs no more than it did then.
