U.S. Counts Grim Death Toll In Week-End Air Disasters

Space Island Project Wins Favor

Businessmen Impressed By Venture

WASHINGTON (AP)—Some top-ranking businessmen little given to fantasy are so impressed with prospects of man-made islands circling in outer space that many today believe such a project should be financed for defense purposes.

Several members of the Business Advisory Council of the Commerce Department, made up of executives of some 100 large corporations, said at the council's closing session at Sea Island, Ga., yesterday that a recent report by an Army guided missiles expert had "excited a lot of interest."

Werner Von Braun, the Ordnance Corps expert told the group two months ago that a space station of military value could be built within 10 years at a cost of four billion dollars or less.

Von Braun, project director of the Army Ordnance Guided Missiles Center at Redstone Arsenal, Huntsville, Ala., went on to say that the nation that controlled outer space could achieve world peace.

But, he said, the United States has "mighty little time to lose" because it is known that Soviets "are thinking along the same line."

The off-the-record address aroused so much interest at the time that it was printed and sent to council members, thus gaining somewhat wider circulation.

It was brought out yesterday that many members of the council now think the government might do well to put a few million dollars of military funds into starting a program of study and planning.

Robert T. Stevens, council chairman, told a reporter that although some labeled it "Buck Rogers stuff," others were impressed.

One executive said: "If I had four billion dollars, I'd give it to him right now."

Von Braun told the business council that supporters of the project "are faced with far fewer basic problems than were the men who undertook the atom bomb development back in 1949."

The technique of getting materials to the stations' site a little more than 1,000 miles from earth is known, he said. It would be an enormous, three-stage rocket, similar to but larger than one already successfully tested.

The cargo needed for the space island would be left suspended in space while rockets returned for more payloads landing like any airplane.

Gradually the materials would be assembled in space, creating an artificial satellite in the shape of a wheel.

Traffic Takes 18 38 Killed Over Texas

By The Associated Press Highway wrecks, plane crashes and shootings led the list of violent death causes that boosted the week-end toll in Texas to an unusual high of 38 persons dead.

Five dead in a plane crash and five killed in one automobile mishap accounted for much of the increase.

Traffic mishaps alone caused 18 fatalities.

Eight persons were shot to death, including two in hunting accidents. Two were burned to death.

Four Negroes all members of the same family, and a white man were killed Sunday night when a single motor private plane crashed near Dalhart. The Negroes were tentatively identified as Charles W. McDonald, 40, his wife, Mrs. Lillian McDonald, 28, a son, Charles Jr., about 5, and a daughter, Charlene, about 7.

The white man was tentatively identified as Charles Ross.

All were from Los Angeles. The plane was en route from Guadalupe, Okla., to Los Angeles. It headed out of gas on a fairly near Dalhart earlier Sunday afternoon and the white man hitchhiked to town for 10 gallons of gas. Later the plane made two attempts to land at the Dalhart Airport but was forced away by dust and wind gusts up to 60 miles per hour. After it disappeared to the southeast a search was started by the Civil Air Patrol. The wreckage, scattered over a half-mile area, was found about 7:30 p.m.

Odessians Die Five Odessa persons died Saturday night near Big Spring when a pickup truck and a larger truck collided on a curve.

Woman Beaten To Death Mrs. Billie Goodnough, 46, Corpus Christi, died in a hospital shortly after being found beaten Sunday in her apartment. An inquest verdict said she was fatally beaten by a person or persons unknown.

Stray Bullet Kills Sunday of injuries suffered when his rifle struck the ground and sent a bullet through his head.

Man Killed by Truck Raymond C. Creed, 29, was killed Sunday when his shotgun discharged while he was hitting at a crippled duck with the butt of the weapon at a lake north of Hereford.

Car Hits Train Herman Poston Jr., 27, Dallas, was killed Sunday when his car hit a bridge railing.

Man Killed by Train At Hamlin, Ill. Jean Pugh, 21, Stamford, died Sunday when her car crashed into the side of a Santa Fe train.

Mrs. Fred C. Ohlenbusch, 40, died Sunday in a car crash near Dalhart.

MAN-MADE SUNBURST that lights up the clouds in this photo was created by an atomic bomb test explosion at Eniwetok Proving Grounds in the Pacific. Location of which is shown in the inset map. It is believed a bomb brilliance would be far eclipsed by the world's first hydrogen bomb test.

AEC Admits H-Bomb Work; May Prosecute Letter Writers

WASHINGTON (AP)—The Atomic Energy Commission has officially disclosed that hydrogen bomb research "was included in a test of nuclear weapons at heavily guarded Eniwetok Atoll."

But the commission stood pat today on its refusal to admit such a bomb had been exploded.

The commission, after issuing its terse announcement last night also spoke of possible prosecution for those who have written letters telling of what they described as the world's first H-bomb blast.

Dr. Harold C. Urey, Nobel Prize winning scientist who was a key figure in the development of the atom bomb, said in Chicago he believed the AEC announcement meant the United States has successfully exploded its first H-bomb.

Thermonuclear Research Rep. Carl T. Durham (D-NC), chairman of the Joint Congressional Committee on Atomic Energy, commented on the AEC announcement only by saying the "thermonuclear weapons research at Eniwetok came off on schedule."

He would not refer to the tests as hydrogen bomb experiments. However, "thermonuclear weapon research" is the scientists' way of designating work on an H-bomb.

In a formal announcement, AEC Chairman Gordon Dean said only that the 1952 series of atomic weapons development tests had been concluded at Eniwetok Atoll; that the program included "experiments contributing to thermonuclear weapons research," and that the scientists "expressed satisfaction."

What, reporters asked, about the swelling volume of letters coming back from ship crew members and others attached to the joint AEC-military task force which conducted the 1952 program?

The letters, widely published in the United States, described an explosion on Nov. 1, which, to them, seemed to transcend any previous man-made detonation.

They told of a mile-wide island melting away under the blast and awful heat, of a cloud column climbing twice as high as any known conventional atomic cloud, of damage to a building 18 miles away.

Cars And Women... Ensign Takes \$38,000 Spree

SANTA ANA, Calif. (AP)—A 28-year-old Navy ensign, charged with embezzling \$38,000 of his ship's funds, was quoted by FBI agents yesterday as saying he squandered all but about \$2,600 on women, liquor, foreign-made autos and travel.

FBI Agent Joseph Santolana Jr. said George McClelland Snyder, who vanished from a U. S. destroyer, Portsmouth, Va., about Oct. 17, told of traveling to Florida, Louisiana, Texas and the West Coast. He traveled by airlines or in the two foreign-made cars he bought.

Snyder, disbursing officer on the destroyer, was arrested yesterday at a swanky resort hotel at Newport Beach, Calif.

Santolana said Snyder's women included Patricia Johnson, 22, a 16-foot showgirl who was questioned at San Antonio, Texas, Thursday about \$2,100 in new currency she had with her.

The FBI confiscated the money and released her after she said it was given to her during a platonic friendship with a veteran she met at Miami.

William E. Wilson Dies In Tennessee

William E. Wilson, 97, of Lefors and father of County Auditor Ray Wilson, died at 10:30 p.m. Sunday in Johnson City, Tenn. following a two-week illness.

Mr. Wilson was visiting a sister, Mrs. Winnie Kinkaid of Johnson City, when he suffered a stroke two weeks ago.

Born in Van Alstine County, Texas, on July 26, 1875, Mr. Wilson moved to Alarreed in 1903 and later moved back to Van Alstine. He moved to Lefors in 1932. He followed the painting and paperhanging trade most of his life.

At Least 88 Dead, Missing In 11 Crashes

After one of its grimmest aviation week ends, the nation today counted 88 persons dead or missing in the disappearance or scattered crashes of eight military planes and three civilian aircraft.

Some 31 passengers and crewmen aboard two U. S. Air Force transports are missing; 48 are known dead in the crashes of a military transport, a fighter plane and three Navy craft; and nine are dead in civilian crashes.

Nine Air Force planes searched in vain yesterday for a huge C-119 Flying Boxcar which disappeared in Alaska Saturday with 20 men aboard. The Air Force fears the big transport crashed.

Meanwhile, helicopters and Navy small boats scoured the Sea of Japan for 11 men missing after a C-46 transport dove into the water off the east coast of Korea Saturday night. Seven others were rescued.

As the search for the missing continued yesterday, a helicopter was flying over the mangled bodies of 44 passengers and crewmen killed Friday in the mountainside crash of another C-119 Flying Boxcar 18 miles east Seoul Korea.

Five Die Near Dalhart Five persons died last night in the worst of the week-end civilian crashes. Their single-engine private plane met disaster near Dalhart, Tex., on a flight from Guthrie, Okla., to Los Angeles.

Among the dead were a mother and father and their two small children.

In the other week-end military crashes, an Air Force reserve pilot was killed Sunday near Hanford, Calif., and three Navy pilots died in separate crashes in California and Arizona.

The Air Force reservist was in an F-51 fighter plane of the 16th Fighter Interceptor Squadron based at Peoria. Two of the Navy pilots were flying in the same formation in California and crashed at about the same time 25 miles apart—one in a canyon near San Jose, the other into residential section near Woodside.

Eisenhower Ponders Repatriation Stand

AUGUSTA, Ga. (AP)—President-elect Dwight D. Eisenhower probably will decide this week—after conferences with President Truman and GOP congressional leaders—whether to make a pre-inauguration statement on repatriation of Korean War prisoners.

Eisenhower, spending his last day of vacation at the Augusta National Golf Club, flies to Washington tomorrow for a history-making session with Truman at the White House.

On Wednesday he will meet in New York with a quartet of Senate Republicans who may serve as conferees with Truman.

In Manhattan, the general will confer first with Sen. Robert A. Taft of Ohio, chairman of the Senate Republican Policy Committee, and Rep. Joseph W. Martin of Massachusetts, slated to be speaker of the House. They will discuss plans for a legislative program.

The general also has conferences scheduled Wednesday with Sen. Styles Bridges of New Hampshire, who may serve as conferees with Truman, and Sen. Alexander Wiley of Wisconsin, Wiley, in line to head the Senate Foreign Relations Committee, is a delegate to the United Nations General assembly now assembling in New York.

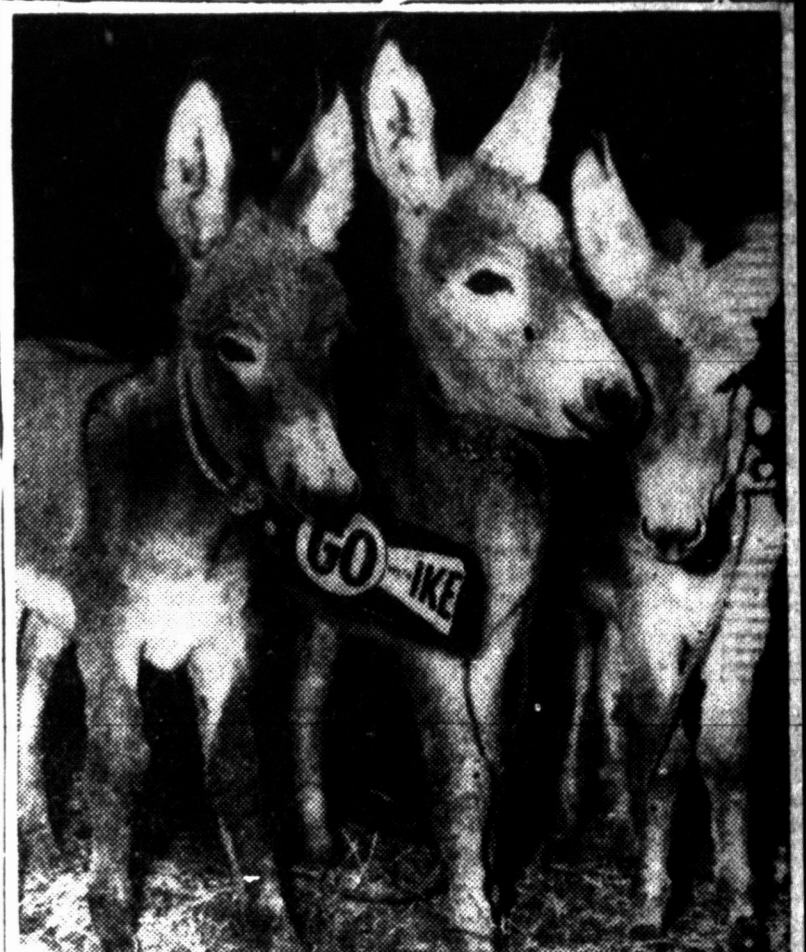

All four GOP leaders probably will get a report from Eisenhower on his conference tomorrow with Truman.

That session will deal with international and domestic problems and with the transfer of primary responsibility for handling them from the Democrats to the Republicans.

One matter Truman reportedly wants to discuss with Eisenhower is the delicate issue of repatriation of Korean War prisoners.

Wiley also is planning to talk that over with the President-elect, and the subject may come up when Eisenhower meets with Taft, Martin and Bridges.

DELICIOUS TAGS—These three donkeys traveled from Laredo, Tex., to Cleveland, Ohio, but were put off the train after they ate each other's shipping tags. For a time, no one knew where they were going. A checkback showed one went to Cleveland and two to Gaston, Ind. A Cleveland photographer supplied the "Go Ike" sign the donkeys are munching. It apparently is as tasty as a shipping tag. (AP Photo)

Lewis Fights Inflation Tag

WASHINGTON (AP)—John L. Lewis and the soft coal industry made a last ditch try today at getting the government to reverse its decision that granting a full \$1.90 per day raise to miners is inflationary.

The case may involve the whole future of the wage control program. Also at stake is whether ceiling prices on coal—boosted Saturday to offset a \$1.50 per day pay increase will be hiked even further or whether coal miners strike.

Over the week end the CIO called it quits on wage controls and said they might as well be abandoned. A top AEC leader also demanded that certain controls be dropped unless changes are made.

Economic Stabilizer Roger Putnam summoned United Mine Workers President Lewis and industry spokesman Harry M. Moses to a hearing to give oral arguments explaining why they believe the full \$1.90 per day raise negotiated for the coal miner should be approved.

The Wage Stabilization Board ruled Oct. 18 that anything more than \$1.50 per day added pay for the miners "would damage our national effort to halt inflation."

This meant the industry couldn't pay the full increase without facing possibly heavy financial penalty.

15-Year-Old Traveler Finds \$15,000 In Abandoned House

FREDERICKTOWN, Mo. (AP)—A 15-year-old boy, interrupted in a planned journey around the county yesterday told how a search for a whiskey bottle led him to more than \$15,000 cash.

Gerald Marcel Collier of Jonesville, Ill., and a companion, John Chupp, 17, of Lasalle, Ill., were taken from a Memphis-bound bus Saturday by Missouri Highway Patrolman R. C. Caldwell.

Sought Whiskey The boys had \$14,132 with them, Caldwell said, and told of another \$1,000 hidden in a sewer near their home. Part of the latter amount has been recovered by Lasalle authorities who are coming for the boys today.

Feeble Showers Hit Texas Today; More Are Predicted

By The Associated Press Feeble showers fell in widely separated parts of Texas early Monday. Rain was predicted for most of the state.

Sprinkles fell in Dallas and College Station. "You could have been out in it and all you'd have gotten was a few drops on your glasses," a weatherman said.

Shortly after midnight, light rains fell at Austin and Childress. Showers came in from Oklahoma and Kansas with a gray cloud blanket blown south by a cool front.

The blasting winds that preceded the cool front may have been indirectly responsible for a plane crash that killed five near Dalhart Sunday night.

As the deer hunting season opened Sunday, hunters in the Kerrville area found many ranches had not opened for hunting because of the dry weather and consequent danger of fire.

In Canadian, 40 landowners petitioned Gov. Allan Shivers for a ban on hunting in the Panhandle until the hunting season ends or until general rains fall.

Five Persons Killed In Train Accident

MONTREAL (AP)—Five persons were killed and two seriously injured last night when a fast-moving Canadian Pacific passenger train bound for Quebec struck an automobile at a crossing east of nearby St. Vincent de Paul.

Army Building Own Air Force

WASHINGTON (AP)—The army is building a 2,300-plane air fleet of its own to help foot soldiers in combat zones.

Gen. J. Lawton Collins, Army chief of staff, said yesterday about half the aircraft would be cargo-type helicopters and the other half light, fixed-wing planes with an empty weight of not over 5,000 pounds. He said Air Force functions are not being duplicated.

Carbon Monoxide Gas Is Blamed In Death Of Pampan

A verdict of death by carbon monoxide gas from an open stove was handed down today by Justice of the Peace J. V. Andrews following discovery of the body of Ed Bearden, 50, of 814 S. Gray.

Bearden's body was found by neighbors in his room shortly before 8 p.m. Sunday, lying between his bed and the stove. G. W. (Wash) Callahan, city patrolman, notified police headquarters which, in turn, called highway patrol and Andrews.

Several friends had put Bearden in the room about 3:30 p.m., Andrews said, and no one had seen him after that time. The stove had been turned down then, Andrews was told.

When Andrews arrived on the scene, the room was sealed up tight and so hot that when he touched a jar of water on a dresser it burned his fingers.

The judge had been called to the courthouse to try a man charged with no muffler on his car but that had to wait for the completion of an inquest.

Work Gets Started In Pampa For Junior Livestock Show

Work is in progress on the Top of Texas Junior Livestock Show and Sale, following a meeting at 10 a.m. Saturday of the Chamber of Commerce Agricultural Committee.

Foster Whaley, chairman, presided at the meeting which elected Clyde Carruth, local farmer and rancher, superintendent of the show.

H. A. Fitzhugh, Straus - Medina Hereford Ranch, San Antonio, was selected as judge of the calf show. Homer Brunley, Hereford, was chosen hog-show judge.

It was decided that a preliminary "sifting and placing" of hogs will take place Feb. 15 in preparation for the show and sale Feb. 16.

Judging will get underway at 9 a.m. and selling at 2 p.m. Feb. 15.

Gray county home demonstration clubs will again be in charge of concessions.

Clerk of sale will be W. A. Rankin.

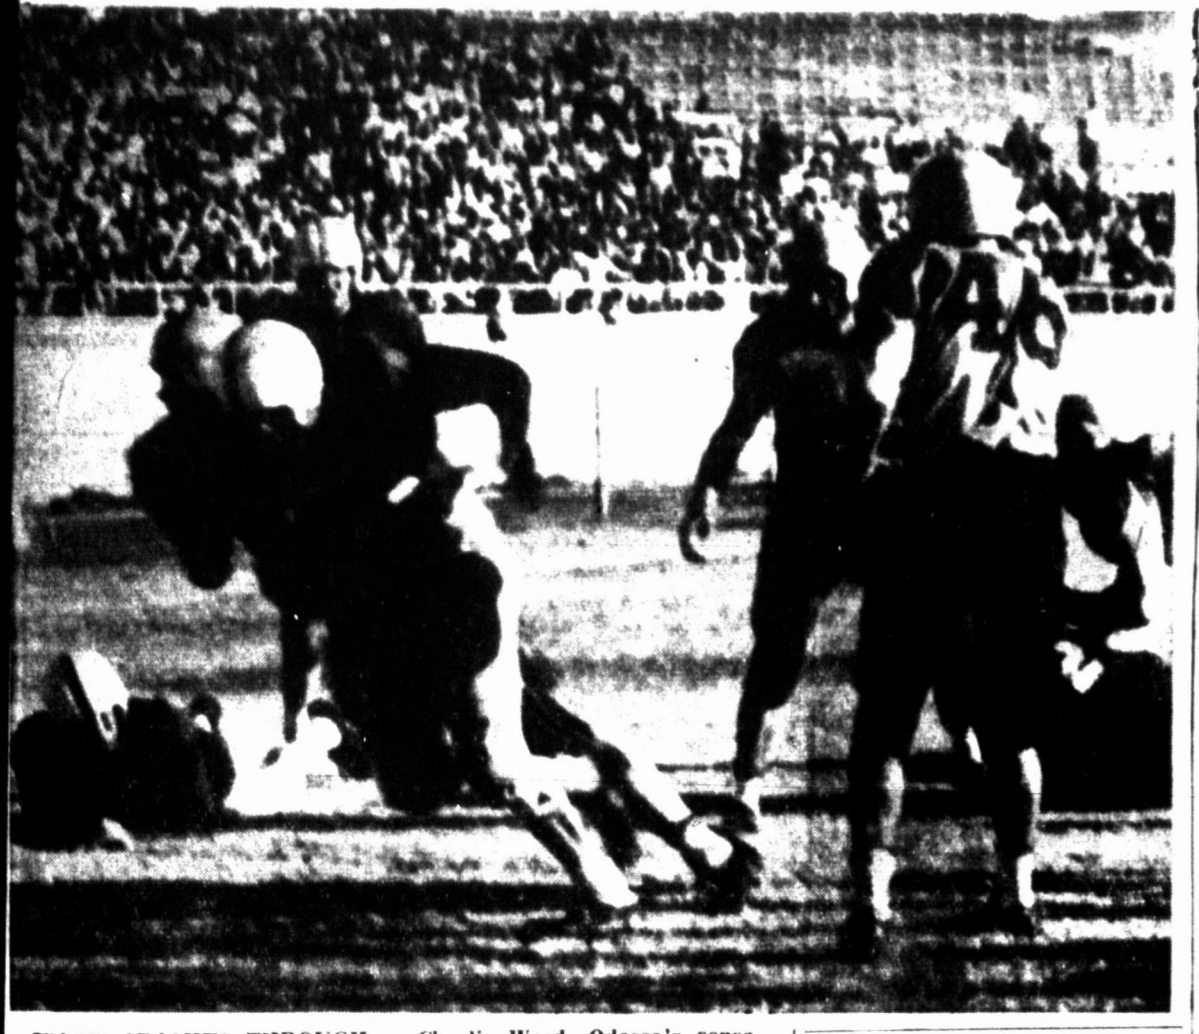

Other committee assignments include: Barn preparation, Paul Payne and Bill Goldston; official weighers, Payne and Whaley; in charge of records, A. D. Carruth and Payne; in charge of pictures, Rankin, Irvin Cole, Carruth and Alan Hoover.

Walter Grist, Hemphill County agent, will be assistant superintendent in charge of calf division. Assisting Grist will be Vic Joiner, Miami, W. L. Sims, Canadian, Howard Weatherby, Shamrock, H. M. Nichols, Pampa.

Harvesters Home To Close Season

The Harvesters, licking their wounds from the grueling 26-12 defeat at Odessa Saturday, will close out their season on Saturday at home, meeting San Angelo Saturday and Borger Thanksgiving Day.

The Pampans dropped out of the district title contention in their loss to Odessa but are still very much in the running for the runnerup spot. By winning their two remaining games, the Harvesters would gain at least a tie for second place in the standings should Odessa lose one of its two remaining games with Abilene and Midland.

Lubbock virtually sewed up the A title Friday night by defeating Abilene, 30-2. The West-erners can clinch at least a tie this week should they beat the Midland Bulldogs.

A win over Midland would put Lubbock in so far as representation in the state playoffs because Odessa would be the only team with a chance of sharing the crown with Lubbock. And the Westerners, by virtue of its win over Odessa, would get the berth in the state play offs.

The state ruling states that should two teams tie for the title, the one that beat the other in season play would get the playoff nod.

So, the race now is for the

BC Champion To Be Decided This Week

By THE ASSOCIATED PRESS

Championship of the Border Conference football race will probably be determined Saturday. Arizona State College at Tempe needs only to win at home over the district Western Miners to clinch its first grid crown since 1910. Should the unexpected happen, and the Miners defeat the Sun Devils, the University of Arizona would be given another chance.

Arizona, currently in second place behind the Sun Devils, meets Texas Tech at Tucson, a victory for the Arizona Wildcats and a defeat for the Sun Devils would make the Wildcats the champions.

But such an outcome to the race is extremely doubtful. Last Saturday night, in the homecoming game at El Paso, the Wildcats tore the Miners apart, 55-7. Arizona scored in every period, with little Ken Cardella, speedy Arizona halfback, marking three touchdowns in the second period on runs of 68, 49 and 81 yards to gain the scoring leadership in the loop with 11 TD's and 66 points.

The ASC Sun Devils were defeated, 21-13, in a non-conference game at Tempe by the star-studded Naval Training Center team from San Diego.

In other games last week, Texas Tech and Hardin-Simmons wound up in a 14-14 tie despite a desperate last-minute 23-yard field goal attempt by Jimmy Williams of the Red Raiders. West Texas State suffered a 39-0 defeat at the hands of Trinity at San Antonio. New Mexico Aggies went down, 28-6 in a battle with Midwestern at Wichita Falls.

The Lumberjacks of Arizona State College at Flagstaff received a 25-0 drubbing in their final game of the season at Whittier, Calif., by the Whittier Poets.

Four Titles In District 4A May Be Determined This Week

By HAROLD V. RATLIFF

Associated Press Sports Editor

They start crowning district champions in the Class AAAA division of Texas schoolboy football this week. At least four of the eight are expected to be determined. One will be for sure.

Baytown plays Port Arthur for the title of District 8 in the feature battle of the state. It is a traditional struggle although not considered quite so important as in other years. Baytown is a heavy favorite to win it.

In District 2 Austin (El Paso) can sew up the title by beating El Paso High. Otherwise there will be a three-way tie for the crown between Austin, El Paso and Bowie (El Paso).

In District 6 Ray of Corpus Christi can virtually clinch it by beating Austin. Then only Miller (Corpus Christi) would remain and Miller already is out of the race.

Jefferson (San Antonio) could tie Ray for the title but Ray beat Jefferson in regular season play.

In District 7 Reagan (Houston) can win the championship by beating Milby Houston. Otherwise the race will be snarled.

Lubbock, one of two undefeated untied teams left in Class AAAA, can put a virtual clinch on the District 1 crown by downing Midland and could win it outright if Abilene beat Odessa.

Wichita Falls, the other unbeaten untied team, waits a week to close the district race but has it in the bag. Only twice-beaten Highland Park Dallas is left on the Coyote schedule. Wichita Falls has defeated the other teams in the district.

Denison and McAllen are "in" in Class AAA. Denison has only twice-beaten Denton to play and already holds a victory over Paris, a one-game loser, in the District 3 race. McAllen has clinched the District 8 crown.

Texas City plays at Port Neches for the District 6 title. Marshall can put the clincher on the District 4 championship if it trumps Tescarkana. Temple can win the District 4 championship if it beating Palestine. Edison San Antonio can win the District 7 title by beating Kerrville.

The two other districts will have to wait until next week for decisions. Temple, Edison and McAllen are the only undefeated, untied teams left in Class AAA. Class AA has already determined 16 district champions and Class A 24. All others of the

Rose Bowl Berths At Stake In PCC, Big 10 This Week

NEW YORK (AP) — All the hopes and disappointments, fumbles and fancy plays, surprises and expectations come to an end for most of the college football teams this week with traditional — and important — games scheduled around the country.

With two of the major bowls — the Cotton and Sugar — already set for their New Year's Day games, attention will be focused on the outfields that have a chance to go to the other big ones — the Rose and Orange.

The Western representative of the Rose Bowl will be decided before a crowd of about 100,000 in Los Angeles when two of the most powerful elevens in the nation, UCLA and Southern California, come to grips.

Both are undefeated and untied and have smothered all opposition with their near-impenetrable defenses. Against a total of 16 opponents they have given up just 67 points, or about four a game. There's no doubt that it will be a low scoring game, but the question is: Which can score? Possibly one touchdown will settle it.

Most observers rate the pair about equal on defense, but give UCLA a slight offensive edge, based mainly on the superb passing arm of Paul Cameron.

This will be the national tele-

TCU Considered By Orange Bowl

MIAMI, Fla. (AP) — The Orange Bowl Committee, which missed out in attempts to land Georgia Tech and later Mississippi for the Miami game on Jan. 1, 1953, meets today to mull over the best teams still available.

The committee is expected to discuss particularly, Alabama, Pittsburgh, Syracuse and Texas Christian, among other teams.

With the Sugar and Cotton Bowls no longer competing, the committee may take its time about signing up teams for the Miami game. Tennessee goes to the Cotton Bowl.

Bobby Adams, Cincinnati Red third baseman, went to bat more than any other member of the team in 1952. He appeared 637 times.

SMU, Baylor Meet In SWC Highlight

By THE ASSOCIATED PRESS

The Southwest Conference championship race could end this week although there still would be more games to play.

Southern Methodist, the only team left with a chance of even sharing the title with undefeated Texas, plays Baylor at Dallas Saturday in the week's feature. Defeat or tie for SMU would hand the championship and the district to Baylor, regardless of how the Longhorns come out with Texas A&M in their traditional Thanksgiving Day game. Texas is idle this week.

Southern Methodist clung to the outside chance of splitting the glory with Texas by beating Arkansas 27-17 last Saturday. The Methodists have a 21 record with Baylor and Texas Christian to play.

Texas came within one game of an unprecedented conference accomplishment Saturday when it beat Texas Christian 17-7. If Texas wins over Texas A&M in the final game on its schedule it will finish the season undefeated in conference play for the second time in three years. No school ever has done that before.

Rice climbed into a tie for third place with Texas Christian by trimming Texas A&M 16-6. Rice this week plays Texas Christian at Houston.

Baylor, which took out from conference warfare to play University of Houston in the Missouri Valley Conference, ruled the day Houston whipped the Golden Bears 28-6 in a major upset and a cruel blow to Baylor's record. The Bears had lost their games by the margin of three and two points, respectively, and had just started winding up with a record that might bring them an invitation to a bowl game.

Arkansas, which definitely will be in the conference cellar when the season ends, closes out its disappointing campaign against Tulsa at Tulsa Saturday. It's the conference's last inter-sectional game but there's small chance of Arkansas helping the league's record against outside opposition.

The inter-sectional record now stands at eight victories against twelve losses. Arkansas won only one conference game.

Deer Season Is Off To Flying Start

By THE ASSOCIATED PRESS

The Texas deer hunting season went into its second day after one of the most successful opening days in years.

Figures reported to The Associated Press show that kills Sunday topped first day totals of last year in many sections.

Hunters said the deer were fat and plentiful but turkeys were hard to find.

Fred Mahy, outdoor editor of the San Antonio Express-News, put the opening day kill at around 8,000.

Dave Coslett of the San Angelo Standard-Times said his figures showed these deer on storage.

At San Antonio, San Sabas 40, Kerrville 81, Uvalde 61, Rockspring 30 and Brady 24.

Double Last Year

Kenneth Foree, Dallas News outdoor editor, reported from Kerrville that the day's kill was almost double that of the first day last year.

Foree said that although the area was parched by the drought, the animals mostly were fat. It is believed a timely rain that made an acorn crop put the land on the deer.

Some highlights of the first day:

Game Warden Jack Gregory, Kerrville, saw to it that three men paid \$158 for using a spotlight to kill a 10-pointer on the eve of the season.

R. H. Webb, Dallas, bagged a buck in Palo Pinto County at 7:29 a. m., "just good daylight."

In Gillespie County, R. H. Fowler, Austin, and W. R. Cox, Gladewater, killed two bucks each to complete their season's bag limits the first morning.

Victor Keller, Mason, won the first deer award in Mason County.

It's Make-Or-Break Week In Pro Races

NEW YORK (AP) — This is make-or-break week for at least two of the National Football League's teams.

The Philadelphia Eagles, tied with the New York Giants for second place in the American Conference, tackle the pace-setting Browns at Cleveland Sunday and need a victory to remain in the running. The Giants and Eagles trailed Paul Brown's club by a game.

The Los Angeles Rams, back in the winning trail after a poor start, play host to the San Francisco 49ers with a triumph also necessary if the defending champions are to have a chance to retain their title in the league playoff. The Rams are a gauge to the rear of the 49ers and the surging Detroit Lions in the National Conference.

San Francisco and Detroit each have a 4-2 record along with the Browns, who took undisputed possession of first place in the American division yesterday when the Green Bay Packers upset the New York Giants, 17-3. The defeat dropped the Giants into a tie for second place with the Philadelphia Eagles, who beat the alpine Chicago Cardinals, 10-7 by cashing in on two fumbles recovered by veteran end Pete Pihos.

The Browns remained at the top of their divisions by the narrow margin of one point — a 23-28 decision over the Pittsburgh Steelers in a game in which three league marks were established.

The 49ers also had a close call before downing Washington Redskins, 23-17, but the Lions romped to a 43-13 verdict over the cyphan Dallas Texans. The Rams turned the National Conference into a four-team affair by passing the Chicago Bears, 40-24.

Lou Groza set two of the league records in the Browns - Steelers game. He booted two field goals to run his seasonal output to 14, one more than his own mark. He also kicked three extra points to run his total for the year to 22 and his consecutive string record to 94.

With Otto Graham tossing the ball for two touchdowns to lead the Browns to victory and Jim Finks completing four touchdown heaves, the two clubs attempted 59 passes, one more than the record set by Washington and Los Angeles in 1949.

Pookie Babe Parilli, former Kentucky star, scored one touchdown and passed for the other as the Packers pulled the upset of the day. For the first time this season, the Giants failed to score a touchdown.

Alabama halfback Bobby Marlowe has gained more than a mile rushing in a little more than two seasons with the Crimson Tide.

Scorers Hog TC Spotlight

By THE ASSOCIATED PRESS

The emphasis was strictly on offense in the Texas Conference last week. Three games produced 150 points.

The week end saw McMurry College outscore Howard Payne in a conference contest at Brownwood 38-26. The Indians chalked up their third win of the season and their second in conference play in repulsing Howard Payne to spoil the Jackets' homecoming.

Buddy Fomes of McMurry and Melvin White of Howard Payne paced the scorers with 12 points each.

Austin College finally got its offense in clicking in the fourth period and in rapid-fire order accounted for three touchdowns in ten minutes to come from behind and upset Texas A&I 24-20 at Sherman. The Kangaroos struck on the ground and then in the air, with Don Watson, the Osceola, Ark., sophomore pitcher, Jerry Sims led Austin's scoring with 12 points.

Abilene Christian squeaked out a 21-21 tie with Fort Sam Houston at San Antonio. The Wildcats, idle in conference play, led at halftime and forced the Sam Houston gridgers to come from behind to tie the game.

Abilene Christian is pacing the conference with three wins against no defeats for 1,000 percentage. McMurry is second with 667, a 2-1 record.

One conference game is scheduled this week, McMurry meeting A&I at Kingsville.

Reggie West of A&I and Jimmy Hirth of Abilene Christian continued their deadlock in the scoring race. Each counted one touchdown last week, to run their record for the season to nine touchdowns — 54 points.

The procedure of the 1953 show has been slightly changed in that the entire activity of the Junior Livestock show will be held Feb. 16 instead of over two days as formerly.

Col. Walter Britten, College Station, was selected as auctioneer for the show. Col. Britten has served in this capacity the past several years and is considered one of the top auctioneers in the southwest.

A banquet sponsored by the Pampa Kiwanis Club honoring all 4-H club boys and parents is scheduled to be held at 5:30 p.m. Feb. 16 in Fellowship Hall, First Methodist Church.

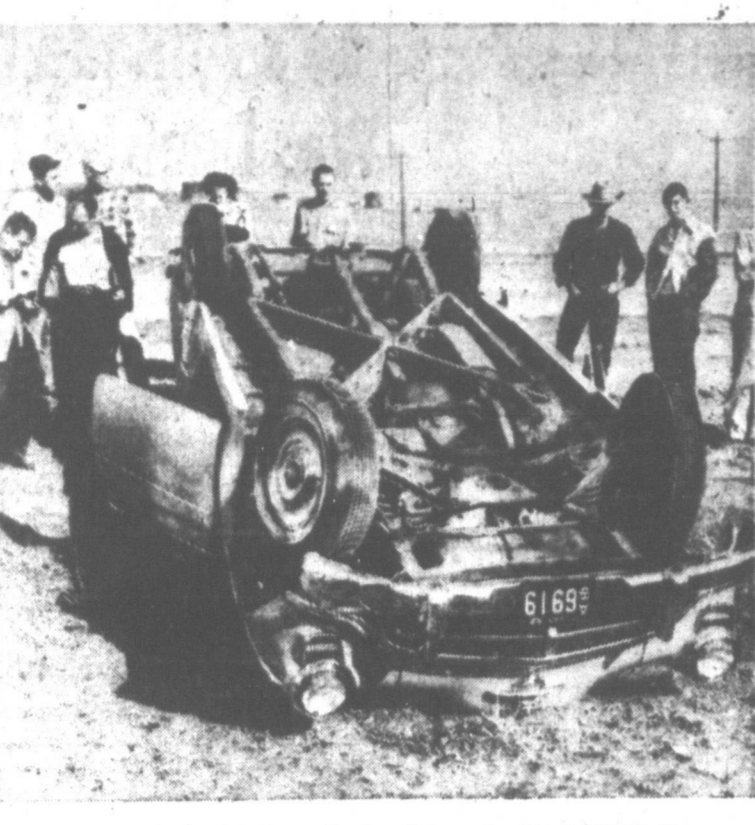

County agents and vocational agriculture teachers from the five county area participating in the show were present for the meeting. An advance survey indicates about the same number of stock entries in the 1953 show — 60 calves and 45 hogs.

BUT NO ONE INJURED — Irving Schwartz, 39, of 401 N. Yeager, suffered only a slightly bruised knee when his automobile veered into a ditch and flipped over an undetermined number of times on the highway. A pickup truck had stopped in the middle of the road, Schwartz said, and to avoid hitting it and a second oncoming car, he swerved off the road. Damages to the car have not been estimated. (News Photo)

Pampa Has Five Accidents, One Injury Over Week End

Five automobile accidents in the Pampa area, involving eight persons and five citations, have been reported within a 24-hour period.

The person was injured — not seriously and the citations included one for failure to stop at the scene of an accident to render aid and two for driving while intoxicated.

Oodus L. Williams, 51, of 406 E. Campbell, was headed west on a county road, 3.1 miles east of Lefors, at 5:35 p.m. Sunday when he plowed into a four-foot ditch, according to highway patrol.

Williams suffered a head injury and was taken by ambulance to Highland General Hospital where his condition today was reported "fair."

The Williams vehicle, a patrol said, ran off on the right side of the road into a small ditch, cut back to the left, skidded across the road and hit the other embankment.

Highway patrol has charged him with driving while intoxicated. Estimated damage to the left side of his car was \$300-600.

Theron H. Wilcox, 24, of 1136 S. Wilcox, has been cited and sentenced to 60 days in jail for driving while intoxicated and failing to stop at the scene of an accident to render aid, following a collision at 4 p.m. Sunday on the Borger highway, 1.5 miles west of Pampa.

Wilcox headed west, highway patrol reported, when his vehicle darted onto the left side of the road and collided with a car operated by Adilee R. Kingham, 43, of 1019 S. Clark, who was going east.

Miss Kingham pulled off to the right side of the road, patrol said but was unable to keep out of Wilcox's path.

Flips Automobile
Irving Schwartz, 39, of 401 N. Yeager, flipped his automobile over into a ditch about 1 p.m. Sunday on the Borger highway, about 14 miles west of Pampa, and escaped with a slightly bruised knee.

A pickup truck had stopped in the middle of the road, Schwartz said, so he hit his brakes, veered to the right, tried to straighten out his car, but was forced to stay on the right by an oncoming car and hit the ditch.

Staying in the car the whole time, he continued, he was not able to determine how many times it flipped over. He notified a wrecker service and Pampa police who, in turned, called Borger highway patrol.

Officers are still searching for the pickup.

New Chief's Defense Snag Is Money And Manpower

By PETER EDSON
NEA Washington Correspondent
(Fourth of a series)
WASHINGTON (NEA) — Money and Manpower are the two big military questions which will be dumped in the new President's lap. As usual, money is considered the most important, because there has to be money before there can be manpower.

Defense Secretary Robert M. Lovett has been urging for months that as soon as possible the new President name his own cabinet officer to be in charge of military affairs. Having spent nine of the last 12 years in government service, Mr. Lovett wants out.

Replacing him will be the Number One manpower problem of the new President. Others run right through all ranks, down to determining how many buck privates and gobs the U.S. needs, and where they will serve.

On the money angle, this year's military budget is \$32 billion in round numbers, including \$8 billion for foreign aid. The \$46 billion U.S. defense budget is divided roughly \$12 billion for Army, \$13 billion Navy and \$21 billion Air Force.

White Deer Play Date Is Postponed

WHITE DEER — Illinois' "White Deer" speech class' annual play, forced postponement of the show until Saturday night.

The play, "One Mad Night," was originally scheduled for 8 p.m. Tuesday in the grade school auditorium. School officials said the show will be held at the same time, 8 p.m., Saturday, in the grade school auditorium.

ABANDONED

They said they planned to buy a car there and go to California, and later Canada.

A jewelry store operator in nearby Farmington, Mo., from whom they bought watches, noticed the large amount of money they had and called authorities, who traced the boys.

No Charges
They have been held without charge. Caldwell said the money, much of it still in bank wrappers, will remain in a Fredericktown bank until a thorough investigation has determined the rightful owner.

Piano, in Jonesville, said he and his wife lived in the now derelict house until her death about five years ago. He said he often would cash a check for \$1,000 or \$2,000, getting the cash wrapped in bank wrappers, about half of the money going to his wife for household expenses.

"I had no idea that she had saved any," he said. "She never said anything about it and after she died I just closed the house and moved in with my brother Tony."

Graveside Rites For Mrs. Lola B. Moore

Graveside services for Mrs. Lola B. Moore, formerly of Pampa, will be held at 4 p. m. Tuesday in Fairview Cemetery.

Mrs. Moore died Sunday night in Brownfield where funeral services are being held today. She is the widow of the late David C. Moore who died in Pampa several years ago.

Only known survivors are two sons, Zeb and Morris.

Officers Investigate Club House Break-In

Police officers are investigating the ransacking of the Oiler Park clubhouse in which \$34 are presumed to have been taken.

PHS Slates Open House

Periodic exams held every six weeks and an open house are scheduled among High School activity for the week Nov. 17-21.

Students will take the exams Wednesday through Thursday. An open house, sponsored by the student council, is scheduled to be held from 7:30 through 9:30 p.m. Thursday.

Jack Edmondson, principal, said the purpose of the open house is to "get acquainted and, also, to see what we are doing — what we are trying to do."

The evening will include a visitation of class rooms from 7:30 to 8:30, program featuring the a cappella choir, under direction of Kenneth Baumgardner from 8:30 to 9, and refreshments served in the cafeteria from 9 to 9:30.

The Student Council has invited all parents and any interested persons to attend. Friday a pep rally will be held for the week end football game and the a cappella choir will present a program at 1 p.m. in the Junior High School auditorium.

Sabre Jets Down At Least 5 MIGs; Texan Becomes Ace

SCHOOL (AP) — U. S. Sabre jets today shot down at least five Communist MIG-15s over northwest Korea. The U. S. Fifth Air Force reported the series of air battles produced the 21st American jet ace of the Korean War.

A sixth destruction claim is pending confirmation. In addition, one MIG was listed as probably destroyed and one damaged. Allied losses, if any, were not announced.

The new ace is Col. Royal Baker of McKinney, Tex. He got one MIG today to raise his total to five MIGs and one L-4s propeller-driven fighter destroyed.

Along the ground, Red Chinese artillery threw a thunderous hour-long barrage at blood-soaked Pinpoint Hill and Rocky Mount. It may have been a prelude to an after-dark Communist infantry assault.

38 KILLED

(Continued From Page One)
Sweetwater, and James Cecil Herley, 44, Abilene, were found shot to death on a country road outside Abilene Saturday.

The woman's husband was killed at Abilene Dist. Atty. John A. Wiloughby accepted a complaint against him charging two counts of murder. It was signed by Texas Ranger Jim Paulk.

A farmer near Troup, Jim Cates, 61, shot himself to death Saturday after wounding his wife critically.

Leonard Phillips, 11, was killed by an old .22 rifle he was playing with at his home near Lufkin Saturday.

Two persons died at Port Arthur Saturday following two separate auto collisions Friday night.

Huge Freeze, Point, Tex., was killed in the collision of his car and a bus southwest of Greenville Saturday. The bus driver and nine passenger were uninjured.

A Liberty boy, John Camden Gilliam, 9, was found crushed to death beneath a tombstone in a Liberty cemetery Saturday.

Forest Paul McNell, 38, was shot to death Saturday in Arlington. Police held a 38-year-old suspect.

Brazil Nuts Make Special Stuffing

BRAZIL NUT RAISIN STUFFING
 1/2 cup butter or margarine
 1/2 cup finely chopped onion
 1/2 cup finely chopped celery
 1/2 cup finely chopped parsley
 1/2 cup bread crumbs
 2 cups finely chopped Brazil nuts
 1 1/2-2 pound turkey
 Melt butter, add onion and cook until onion is tender, but not brown. Add bread crumbs, Brazil nuts, celery, raisins, parsley and seasonings. Cook about 5 minutes over medium heat, stirring constantly. Add water or stock, toss lightly. Stuff turkey with part of the stuffing. Put remaining stuffing in center of square of aluminum foil. Fold and press sides tightly together. Roast turkey. Place aluminum-wrapped stuffing in oven during last hour of roasting. Yield: 10 cups.

BRAZIL nuts chopped with all their creamy richness contribute a provocative flavor and texture to poultry dressings. This dressing will get as much interest and praise as the turkey. If you're baking one of the smaller turkeys this holiday season, you may want to serve part of the dressing as a side dish. The turkey cavity will probably not hold an adequate supply for all guests. This extra portion can be baked in aluminum foil the last hour the turkey is in the oven. Put the envelope of dressing in the corner of the roasting pan with the turkey. Just as there is news in the smaller turkeys, there is new interest in this Brazil nut, raisin and bread crumb stuffing. The nuts and raisins give moistness to the bread crumbs, and this fruit-nut addition doubly steps up the flavor.

California sets the pace for pool and patio with these 1953 sun beauties. New curved side swim suit (left) by Milo Anderson has glimpse of woven plaid latex in the legs. Suit itself is batiste latex with the curved line at the side simulating a tunic silhouette. Bra has turn-over cuff top; suit has high zipper back. Alex Colman does coordinated cotton sunclothes (center) in peppermint stripes. Separates are worn either with cardigan sweater tufted with flowers or skirt, shorts and belt in cotton needlepoint, all color-coordinated to the stripe of the blouse. One-piece suit (right) by Cole of California is young and trim, has sleek cuffed leg line and a Y insert to slim the waist. This suit is typical of the tomboy look in California sun fashions.

MATURE PARENT RUTH MILLETT

By MURIEL LAWRENCE
 Gloria's grandparents are Jewish, born in Poland; Kate's are Methodist and were born in Scotland. Every day, in a big city public school in the United States of America, Gloria and Kate eat lunch together. They are nine years old and best friends. One day at noon, Gloria removed an item from her lunchbox and was starting to unwrap it when she hastily refolded it in its waxpaper. "What's that you're not eating?" demanded Kate. "Stuff my grandmother makes," Gloria told her, embarrassedly. "She must have put it into my box without mother's knowing. It's Jewish food — gefilte fish. My mother says that I'm American and that I don't have to eat Jewish things like my grandmother makes." "Give me a bite," said Kate. Watching Kate's face as she swallowed the soft, savory bite, Gloria said in a shocked voice, "You don't LIKE it, do you?" "Sure I like it," said Kate, appropriating the rest of Gloria's gefilte fish. Mumbling, her mouth full, she went on, "I don't know what your mother means; this is SO American food. When Americans eat something in their own country, it makes it American." Kate's logic seems strikingly good to me. Whatever our ancestry may be — Irish, Chinese, Jewish, Armenian — it is unfair for us to discourage our child's joy and interest in his national or racial origin. We are the links that connect him with his past. If we resent that past, or lack pride in it, he becomes anxious and uneasy about his identity, detached as it is from the cultural traditions that other children enjoy. Self-appreciation is hard for him to come by under such circumstances. It is good for children to take pride in these traditions just so long as we do not imply that they are either inferior or superior to other people's. There's enough loam in this land for many varieties of root-stocks so that we are foolish Americans, as well as inconsiderate parents, to snuff young sprigs by trying to graft them on to roots that didn't produce them. TEACH RESPECT. If we don't want children to be defensive about their ancestry, we ourselves, must not be. When foreign born parents' youngsters criticize and jeer at old world customs and traditions, it is apt to be because the parents have failed in proper respect for whom and what they are. The ones who come through with banners flying are the parents who stand up staunchly for their right to be themselves, to possess different traditions; the ones whose intuitive dignity tells them that this is a highly appropriate attitude in an American that has made quite a point of defending the human right to be different. Webster's priority definition of the word "discrimination" is not what you think it is at all. He defines it: "To distinguish accurately." We have given much time to warning little American children about the ugly, second-rate meaning of "discrimination." Perhaps if we began to give some time to preparing them in "accurately distinguishing" what has been grand and enduring in their ancestry, the other kind of discrimination might come to In a new book called "The People in Your Life," anthropologist Margaret Mead says, "If you can bring up your children to be glad of their religious ancestry, their racial ancestry, their national ancestry, you are guaranteeing them character structure that will help them make their contribution toward a world where no individual is ever negatively defined by any group membership that he himself cannot help."

Work Clothes Should Be In Tune With Job

By ALICE HART
 NEA Beauty Editor
 Glamor has its place—but the office is not it. Many a competent secretary has been rejected at a job interview because she dressed as if she were attending a party rather than seeking a position. The ideal office worker does not allow her wardrobe to overpower the surroundings. Sleek-fitting, low-necked dresses may suit your social life perfectly, but they will definitely mark you as a poor business risk. Simplicity should be the keynote to your wardrobe selections. Choose several basic colors—like brown, navy and black—and build your accessories around them. Your shoes should also have straight, classic lines. The pump always looks neat and smart. Wear hats that subtly complement your costumes. For best overall wearability, suits seem to be ideal. Business-like in appearance, they can be dressed up or down. Correct office procedure incorporates every one of these points. They are absolutely essential to be a success in the business world.

Toy Hobby Is Now Granddad's Business

NORTH THETFORD, Vt. (AP) — A heart attack two years ago put Frank M. Tilton into the big-time toy business. While ill, he began making old-fashioned wooden toys for his grandchildren who visited him. They and their friends liked them so well that he soon found himself designing them for mass production. Now he has recovered with blouses, scarves and jewelry. Give some thought to your make-up, too. Fragile, subtle tones are absolutely essential. And don't wear your hair in a complicated manner. The simpler the better. Correct office procedure incorporates every one of these points. They are absolutely essential to be a success in the business world.

Legion Auxiliary Meeting Planned

The American Legion Auxiliary is scheduled to meet at 8 p.m. Thursday in the city club room, City Hall.

Mrs. Gladys Turner will conduct a program on membership. ered his health and established a "Grandad's Toy Shop" across the road from his home, but he doesn't make many toys himself. Instead, his projects keep a couple of wood-working mills making and assembling parts. Tilton paints them.

How many people does it take to make a telephone call?

Here in Texas it takes 28,000 Southwestern Bell people to handle the eleven million telephone calls you make each day. Move them all into one town with their families and you'd have a city the size of Waco. Add all their pay checks together and you'd have \$92 million a year — enough to make them important customers for every retail businessman in the towns they serve. But even more important than their numbers or their purchasing power, is the good citizenship of the people who make up your telephone team. On the job, you'll find them working with skill and devotion to give you the very best possible telephone service. Off the job, you'll find them working as scoutmasters, church leaders, civic club members to make their home towns the best possible places to live. We're glad to have them as members of the telephone team. We believe that you're glad to have them as good neighbors.

BLONDIE COME TASTE MY SPAGHETTI SAUCE—I FOLLOWED THE RECIPE FAITHFULLY.

TOO MUCH SALT--THE HOPPED MEAT IS BURNED--IT'S TOO GREASY--YOU FORGOT CLOVES.

THE ONIONS WEREN'T SAUTEED ENOUGH--TOO MUCH VINEGAR--THE THICKENING TURNED TO LUMPS!

DON'T CRY, DEAR, IT'S NOT YOUR FAULT--THE RECIPE WAS NO GOOD.

Alley Oop

SO YOU THINK WE'VE KINDA BEEN OFF THE BEAM, HUH?

YES, ALLEY, OUR WORK HERE OF LATE HAS BEEN MORE HARUM-SCARUM THAN I LIKE! AFTER ALL, THIS IS A SCIENTIFIC LABORATORY, YOU KNOW!

I THINK WE'VE HAD ENOUGH OF WITCHES AND HOLOGRAMS MYSELF.

WASN'T THAT BECAUSE WE WERE HUNTING DOUGH TO KEEP THE TIME MACHINE RUNNING?

NO... I CAN'T SAY THAT I HAVE!

Bo

I DIDN'T KNOW IT WAS A LIVE TURKEY WHEN I SAID WE'D KEEP IT FOR THE ROCKWELLS UNTIL THEY CAME HOME.

BO HAS IT CORNERED IN THE BEDROOM, DAD. EVERYTHING'S OKAY.

OKAY, MY EYE!

BO JUST MAKES IT WORSE. GET HIM OUT OF HERE FIRST!

Ozark Ike

YOW! A RUSTLER INTERCEPTED OZARK'S LATERAL ON THE YARD LINE!

HE'S GOT A CLEAR FIELD ALL THE WAY!

HE'S ABOVE US SOMEWHERE... WAIT HERE WHILE I LOOK AROUND.

MEANWHILE, CHRIS AND COLONEL ELSON ARE AT THE LABORATORY OF THE RESEARCH CENTER.

I'M WOEFULLY IGNORANT OF YOUR PROJECT, CHRIS. MIND EXPLAINING?

GLAD TO, COLONEL!

WEAR THAT FILM BADGE, IT'LL SHOW IF YOU'VE BEEN EXPOSED TO TOO MUCH RADIOACTIVITY.

Mutt & Jeff

IF YOU WANT A JOB ON A RANCH, YOU GOTTA KNOW HOW TO RIDE A HORSE!

HOW CAN I LEARN?

GO TO THE LIVERY STABLE AND HIRE A HORSE FOR THE DAY!

WHAT ARE YOU DOIN' OUT IN THE MIDDLE OF THE NIGHT?

I'M LEARNING HOW TO RIDE!

SO LATE AT NIGHT?

THAT GUY WANTS TEN DOLLARS FOR THE DAY! I CAN'T PAY THAT!

WHAT DOES HE CHARGE FOR THE NIGHT?

HE'S NOT THERE AT NIGHT!

Bugs Bunny

TRYIN' T' PULL A FAST ONE, HUH?

NAME'S CATHY LAWSON! NICE KID!

Mickey Finn

YOU'RE GOING TO LET 'HORSENECK' HOGGINS AND 'SNOOZE' SMITH FIGHT IT OUT FOR THAT JOB AT SPINE HENNESSY'S GYM?

THAT'S RIGHT, CLANCY! IT'S THE WAY THEY WANTED TO SETTLE IT-- SO I AGREED!

YOU MUST BE LOSING YOUR MIND, PHIL! IF THE NEWSPAPERS GET WIND OF IT, THEY'LL--

NOBODY'S GOING TO GET WIND OF IT, CLANCY! IT'S GOING TO BE A STRICTLY PRIVATE AFFAIR-- BEHIND CLOSED DOORS!

BUT SUPPOSE ONE OF 'EM IS HURT? THEY'RE NOT BOYS, PHIL--THEY MIGHT EVEN HAVE HEART ATTACKS!

I DOUBT IT, CLANCY! AND IT'S THE BEST WAY TO SETTLE IT-- THEY'VE BOTH AGREED THAT THERE'LL BE NO JIBBO FEELINGS AFTERWARDS!

AMH! THEN MAYBE YOU'RE RIGHT! IT WOULD CERTAINLY BE BETTER THAN HAVING THEM BATTLE EVERY TIME THEY MET ON THE STREET!

EXACTLY! SO I'M GOING DOWN TO MAKE ARRANGEMENTS WITH HENNESSY NOW!

BUSINESS REVIEW AND FORECAST

ROBERTS INC. STOCKS KNOWN BRAND SHOES

The B. & E. Photo Features Thoroughly Trained Personnel

The B. & E. Photo Shop is run and operated by people who have thorough training in the field of fine grain developing. They have been in this business for quite some time and know what is expected of their work. The B. & E. features courteous service along with economical prices that will suit your individual office budget. Another way you will save money in having photostat copies made of important documents is that if they were to be destroyed by fire or theft it would cost a considerable amount of money to get them replaced. On the other hand, if there are photostatic copies of these papers you will not be out of either time or money.

The B. & E. Photo offers a 48-hour service on all developing. Their fine grain developing is one of the leading scientific methods of developing and printing and this process assures you of a clear lasting print.

The B. & E. Photo Shop is located conveniently downtown for the office and shopping people. Right across the street from the court house at 216 1-2 N. Russell.

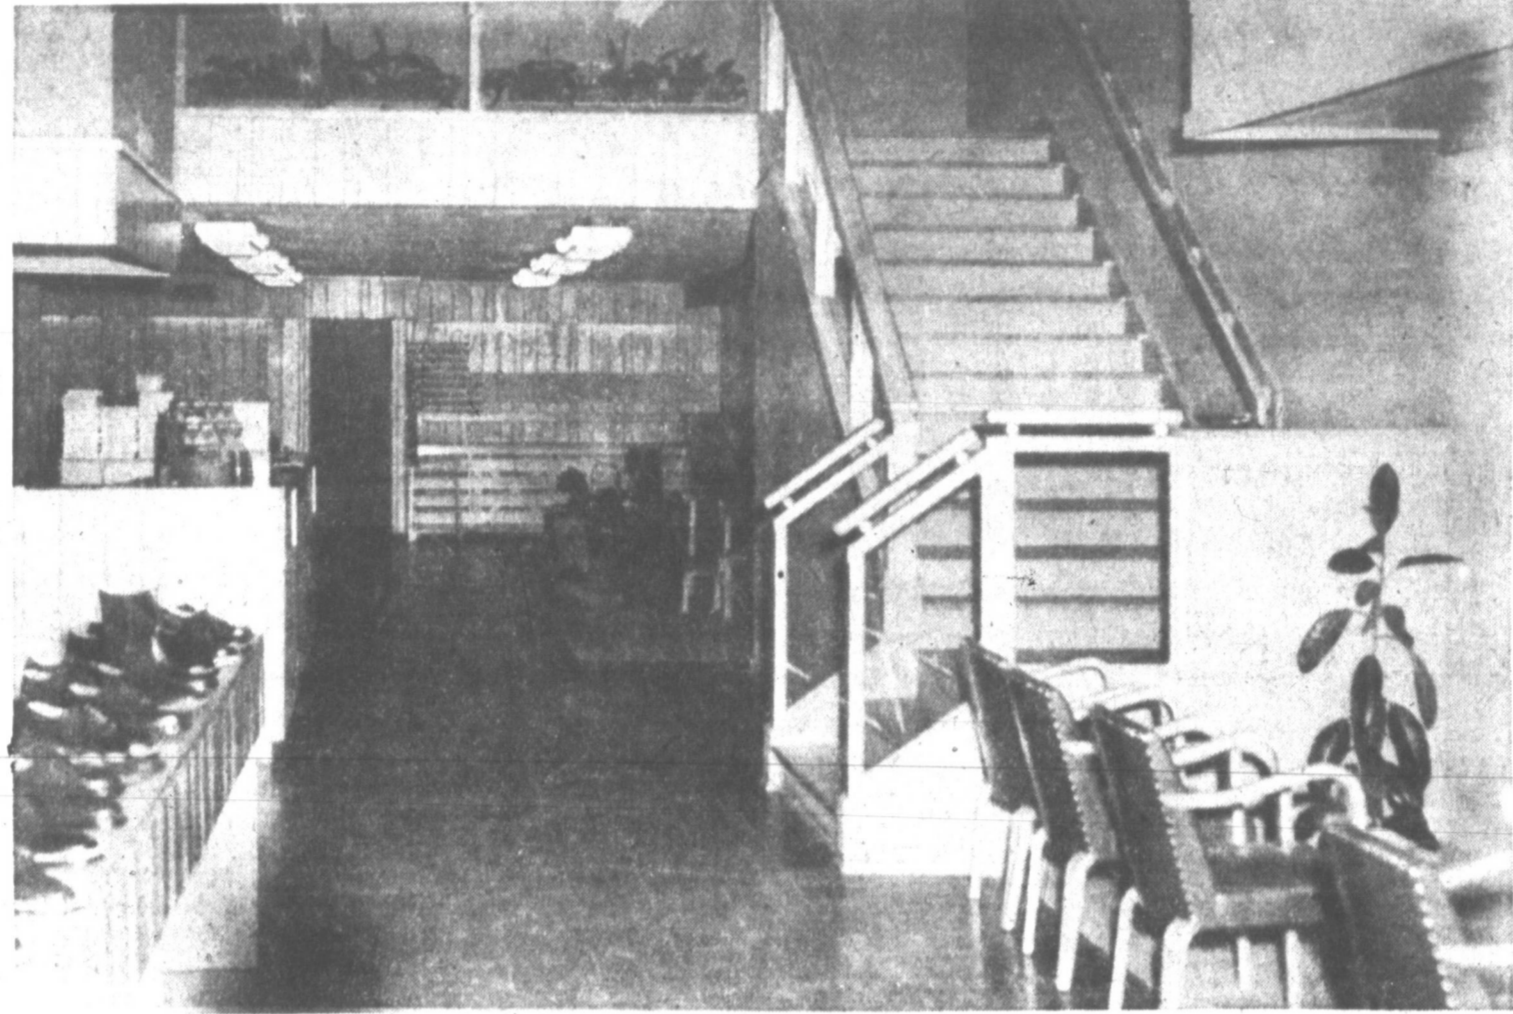

If you need to call the phone number is 1047.

For photostat copies of any and all legal or confidential documents, let B. & E. Photo Service take care of your needs. They are qualified and thoroughly trained to give you work all the attention required. Papers and documents such as legal or discharge papers need to be handled with care, and the B. & E. Photo Shop gives one of the most adequate services in Pampa.

And the people that work at the B. & E. Photo Shop are interested in performing a fine job for you on request. Have all your photo needs filled at the B. & E. and you will be assured of getting your money's worth.

Drop in and meet the people that run and operate the B. & E. Photo Shop and get to know them. They are interested in you and your photo needs. You will find that you can't find better, more dependable service than the B. & E. offers.

A small business is one where you may shop and get to know the people who own and operate the establishment and feel that you are welcome and that your business is appreciated. At the B. & E. Photo Shop you will find that you are welcome to come and browse around. If there is anything you wish to know about the system used in fine grain

ALL TYPES OF SHOES FOR FAMILY — Roberts Inc. a new shoe store located in the old S & Q clothing establishment, 225 N. Cuyler. They offer the best fit in any and all type shoes. Guaranteed fitting in children's shoes and a 100-day guarantee on wear. For those growing feet, shop Roberts Inc. and let your children's feet grow with Roberts. The famous Acrobats are known for their fine workmanship and style plus wearing ability. See Roberts Inc. for your family's shoes. The prices are right, and you'll get more for your money, when you shop Roberts.

Guaranteed Fit In Children's Shoes At Newly Established Roberts, Inc.

You've probably noticed that when you walk in an establishment and find that you are remembered. As this is not a chain store but a home owned and operated firm by friendly Pampans, you get that extra friendliness that you desire.

A little information that will bring you a little closer with the Roblot family and their establishment is that Gordon Roloff and his family live at 700 N. Russell. Mrs. Roloff's given name is Rose and she is also a member of the organization; two sons, Robert and James, are stationed at Naval Air Station, Grand Prairie, Texas and Dick in the ninth grade at Junior High school. They are Pampans, who have located a new establishment for the service of Pampans. They want to serve you and especially want you to just come and browse around. Once you talk with the Roloffs you will know why you get courteous service personified.

To mention a few of the nationally known brands of shoes carried by Roberts Inc. located at 225 N. Cuyler are Fortune dress and sports shoes and Stetler work and service shoes for men in sizes 8 to 15, A to EEE. These stylish shoes for men range in prices from \$8.95 to \$14.95. And these shoes are known for their fit and long wearing ability.

In the ladies department you will find the well known brands such as Valentine, high style shoes in sizes 4 1/2 to 10, AAAA to D. Valentines are known for the style and the exceptionally fine leather that goes into the shoes. In the dressy casual line of shoes, Fortunes range in price from \$7.95 to \$9.95. And for the sports and teen shoes, there is the fine line of Friendly shoes ranging from 7.95 to 9.95. These shoes will give long hours of walking service, whether it be for dress or casual wear. The designs and craftsmanship work in these shoes are finest on the market and especially all that for such low, economical prices.

Children are usually a problem to fit because of growing feet. They must have a proper fit before their feet can grow adequately and with Roberts, Inc. fitting 4-yr children, you can rest assured that they will have guaranteed proper fit. Let your children's feet grow at Roberts, Inc. They carry all the latest styles in famous brand names for you, child whether it be a boy or girl. No finer children's shoes in the market can be found than the Acrobat. You can obtain these stylish little shoes in a complete range of sizes and widths from AA to L. And you could find no finer shoe for the price for .95 to 6.95.

Remember all children's shoes are guaranteed unconditionally and give 100 days wear and perfect fit. If you buy your children's shoes at Roberts you find that your children will get longer wear out of their better made shoes plus fact that they are adequately fitted. That is the most important thing about fitting children's shoes.

The next time you are in need of shoes for any member of the family, remember that Roberts, Inc. is in the business to serve you in the most dependable way possible. Drop in and browse around. You will find that Gordon Roloff and his personnel are some of the friendliest people you can find.

And in the line of economy it must be readily admitted that a home or business establishment that is fully equipped with the finest appliances attainable will just naturally come out on top. Nothing so pleases the workman or homeowner more than a confidence in the tools he uses or so furthers the ease of carrying out a job than perfect appliances. If you are planning a new business establishment or building a new home — don't deny yourself the advantage of being outfitted at The Electrical Supply.

Low Operating Costs Are Featured In Every Nash

Anything that could be desired has almost been attained on the new Nash models, and if you are in doubt, drop by the Nimmo Nash Co., located at 114 S. Frost and see for yourself. The Nimmo folks will welcome you to look the cars over from tip to stern, sit down and relax on the soft comfortable seats. Make yourself at home and see for yourself if you don't think the new Nash is one of the finest cars on the market.

The Nash has a number of new advantages in the way of accessories and features. To mention only a few of them: a tail light that covers the intake of fuel; a new ventilation system to prevent suffocation; squeeze door handles that are an especially nice feature that is new on the Nash cars; a dual-range hydraulic transmission that is available on the Statesman and Ambassador models. You can also have tinted glass for safer driving that gives you 25 per cent increased visibility. The passenger compartment has wider seats, more headroom and larger door openings. Twin reclining seats are available on all models and the new "airflex" coil-spring front-end suspension gives even finer riding qualities.

The Nash is known for its low economical operating costs. For little or nothing you can operate your Nash car on less fuel than any other car of this price. You will get more gas mileage per mile in the city as well as on the highway, and will save you money in the long run. So if you are in the market for the best in automobiles, see your Nash dealer, located at 114 S. Frost, here in Pampa.

Epperson's Magnolia Station Features Road Service

The Epperson's Service Station located at 120 S. Cuyler, is open from six a.m. to nine p.m. And of course, all those who drive know what it means to run out of gas at some time or another, and if that happens to you, Eppersons also has road service as one of its many conveniences to you.

It is a comfortable thought to know that when you take your car or truck in to have it serviced, whether the job be large or small, that the job will be done with the express idea of pleasing you, the customer. No matter if you only want a dime's worth of gas or a complete wash and grease job with all the trimmings, you will get the same courteous pleasing welcome when you drive in and the same hospitable "thank you" when you leave. Friendship is a wonderful thing, and the Eppersons want to be just that, "your friends."

The Epperson's Service Station carries a complete stock of well known accessories. Mirrors, car polishes and waxes, and countless other articles, to give you a better looking automobile for less expense. They also carry the nationally advertised Mobile fire and batteries; they have a large stock and can fit either passenger or truck wheels. It has been known that quite a few people prefer these tires because of their dependability and endurance. Now they may be had at Epperson's Service Station.
