

U.S.-British Understanding To Prevent War

LONDON—AP—Labor Party leaders, girding for a showdown with a leftist rebel bloc at next week's annual party conference in Margate, declared today that the aim of British-American understanding is to prevent war.

"The Labor government," said the ruling party's leadership in a booklet published today, "does not propose to take sides in a lineup for the next world war."

The booklet, entitled "Cards on the Table"—a phrase much favored by Foreign Secretary Ernest Bevin—was designed in part to disarm caustic left-wing critics of British foreign policy, who contend that Britain is snubbing Russia and allying herself too closely with the United States.

Konni Zilliacus, one of the leaders of the "rebel" parliamentary delegation in the Labor Party, disclosed yesterday that five party units had drafted an anti-American resolution for submission at next week's five-day conference in Margate.

He said the resolution condemned U. S. aid to Greece and Turkey as a menace to world peace and demanded a United Nations investigation of American policy in Turkey.

The leadership's new booklet, while critical of some actions of both Russia and the United States, rejected entirely the assertions of the "rebel" bloc that America, with undisputed control of half the earth and all the oceans, is frightened of Russia.

"For Russia, which foresaw a struggle with America, Britain was not a possible ally, for Britain could not under any circumstances adopt a policy which might lead to war against America," it said.

Apart from other considerations, Britain depends entirely on supplies imported by sea and could be starved to defeat in a few weeks by the American fleet (which is six times as big as Britain's).

Lynch Trial Ends in Acquittal

GREENVILLE, S. C.—(AP)—Twenty-eight white men were acquitted in the lynching trial of Willie Earle, who was taken from Pickett County jail before dawn Feb. 17 and lynched in reprisal for the slaying of a white taxi driver.

Investigation and local and state police moved quickly into the case and within 24 hours had incriminating statements from self-acknowledged members of the mob. Eventually 26 defendants signed sworn statements, admitting to police that they had helped take the Negro to an old slaughter pen where he was bludgeoned, slashed and shot to death.

Showdown in U. S.-Soviet Battle Seen

LAKE SUCCESS—(AP)—Bulgaria served notice on the United Nations Security Council today that she would oppose any move to keep a permanent U. N. border watch commission operating in the Balkans.

Such a plan is now being debated in Geneva by an 11-nation temporary investigating group, which still has an interim body posted in Northern Greece.

Bovan Athanassey, Bulgarian representative to the Council, said he doubted that any nation would agree to any body, no matter what its origin, to remain indefinitely within its borders.

The current issue before the Council was a Russian resolution which would sharply curtail the powers of the interim watchdog.

Delegates expressed the hope that a vote could be reached today on the showdown battle Russia and the United States over a Slav revolt against maintaining an international vigil over the troubled Balkans.

U. S. Deputy Delegate Herschel V. Johnson charged Tuesday that Yugoslavia, Albania and Bulgaria were attempting to obstruct efforts of the Security Council to settle strife in the Balkans.

That three Slav countries had declared they would not cooperate with the Council's Interim Watch Commission and would refuse its members access to their countries.

Johnson contended that the Soviet state would establish a "denial of the Council's Interim Watch Commission" if they persisted in "defiance" of the United Nations.

Under the proposed Soviet move the interim investigators would be limited to specific Council-drafted assignments. They would be barred from Salonika in the frontier region southward to Athens. Adoption of the resolution also would put a strict limit on the life of the group.

'Ring' Believed Sneaking Reds to U. S. From Mexico

WASHINGTON—(AP)—Rep. McDowell (R-Pa.) said today a House Un-American Activities Subcommittee has uncovered evidence that "ring" is sneaking Communists from Mexico into the United States.

McDowell said the Subcommittee also found "communism deeply entrenched in Hollywood and the movies."

Just back from California, the Pennsylvania told a reporter he returned by way of the Mexican Border to check on "tips and leads" regarding the ring.

"There is absolutely no question that there is such a ring," he said.

The Un-American Activities Committee is not concerned with illegal immigration, any more than with the numbers racket or cheating on income taxes.

"The immigration we are concerned about is that of people who come over our border to do something to our country," the Governor said.

Then he donned white overalls and helped with the painting. At noon he sat on a main street curb and ate lunch packed in a styrofoam.

When Jester arrived he was placed in jail for an hour for being late. The delay was not his fault, however. His plane was prevented from landing at Waxahachie because of a soft field and he went to Waco. A state highway patrol car sped him to Italy in time for 11:45 a. m. broadcast.

"I hope that all Texas towns will follow the pattern set here," the Governor said.

RETURN ENGAGEMENT

By Juan Davenport Copyright by Gwon Davenport; Distributed by NEA SERVICE, INC.

XXXI
 SOPHIE remained in her room after Vicky had left, going over the whole thing. She began to see how wrong it had been to put her old friends' interests ahead of Vicky's. She ought to have known how Mrs. Bagot would feel.

She sat at a table by the window where she always had a pack of cards ready for solitaire. If soothed her to feel the cards in her hand and hear the soft click of cardboard on polished wood. The first thing to do, she decided, was to send the three old men away. She would be lonely, she would miss the companionship, the music, the card games, sittings and arguments that helped to pass the years of waiting for the end. Still, that could not be helped. If this break with Salty proved to be irreparable, Vicky was certainly entitled to an finer and better change.

Sophie slapped her cards down on the table, sending half of them skimming to the carpet. It should not be irreparable! There must be some way of patching things up.

When she went downstairs she found the members of the household still gathered together, each afraid he would miss something or that another would sneak an interview with Sophie. From an old habit Sophie paused in the doorway of the drawing room; she never entered a room surreptitiously.

Godfrey was the first to see her. "Good morning, my dear," he said, pre-empting a place at her side.

Marcel looked at her with tragic eyes. "Sophie! Sophie!" he moaned, near to tears.

Sir Charles hastened forward. "Good morning, Madame, may I get you some coffee?"

"No!" Sophie exclaimed. "I didn't know you were up. What a shockingly bad entrance. Imagine doing the sleep-walking scene and entering like that—"

HIS attempt at diversion failed. "Basil, dear," Sophie protested, sinking wearily to a chair. "I'm not doing the sleep-walking scene. Haven't done it for some twenty years. How absurd you are!"

"Which in itself is a crime," said Basil, throwing out his hands. "When they beg and beg you to

return—
 Sophie closed her eyes. "Boys, boys! Let's all stop living in the past and begin to think about the new generation for a change. Oh, it's all my fault. I've been away so many years I'd quite forgotten how things would look to a Mrs. Bagot."

They had never seen her in this chastened mood. They looked at her and at one another in distressed bewilderment.

Marcel snapped his fingers. "That for Mrs. Bagot!" he said without conviction. "Who cares about Mrs. Bagot?"

"Vicky does," said Sophie sadly. "Vicky cares about Mrs. Bagot, and the world cares."

"Pooh!" cried the loyal Marcel. "What is Mrs. Bagot when compared with the great Sophie van Eyck?"

"Everything, I'm afraid," said Sophie. "Sophie van Eyck is unique, but Mrs. Bagot is universal. She is the world. Unless she recognizes you, you are as good as dead."

"But Sophie dear," Basil insisted, "she was thrilled to recognize you."

"Because I am Sophie van Eyck. But poor little Vicky is not. And if one is nothing else, one must be respectable."

"I am sure Vicky cares nothing for respectability," said Marcel stoutly.

"Do you honestly wish to see her married to some such person as this Bagot?" Basil demanded.

"I do. I can't live forever, and should like to know she's all right."

"You need worry no longer. It's all fixed," said Basil. "We shall leave."

"Yes, we shall leave," Marcel chided.

Sophie said nothing, but continued to lie back motionless, her eyes closed. Marcel thought she might not have heard.

"We shall leave you," he repeated.

"Perhaps," said Sophie, "that would be for the best."

THERE was a long silence. "I wonder," Sophie murmured after a while. "I wonder. Without me Marcel might have painted a masterpiece. . . . Basil might have written his book. Godfrey might have been a great star all by himself. . . . I thought about it so much, last night, while I was lying awake. It seemed as if to offer you a home at the end of the long journey was the least I could do. The least."

They stood around awkwardly, not knowing what to say.

"And now," Sophie went on, "I find that Vicky's happiness is spoiled by what I thought was my kindness."

Basil drew a deep breath. "Today we are old," he said in a gentle voice. "Whether we succeed or fail has long since ceased to matter. At our age success and failure are equally impossible. One is simply alive or dead." He struck the palm of one hand with his fist. "And now there is Vicky, who still has either to succeed or fail. I think we can help her. I think we can help her by leaving to her her grandmother, who is all the family she has."

"So, there Sophie," Marcel said softly, "after all these years, I go to pack my suitcase. The portraits I leave for you."

"Let me help you," Sir Charles offered.

Sophie sobbed openly as the two men went out of the room together.

Information Available on War Dead Repatriation Program

Details about the War Department plans to return to this country those war dead requested returned by relatives can be obtained at the Clegg Funeral-Home, Cuyler at Browning, free of charge, it was announced today.

Jim Clegg, who attended a meeting Tuesday conducted by the American Graves Registration Service, at the Herring Hotel, Amarillo, said a list of questions and answers is now in his possession, and he has been authorized to furnish information to those persons who request it.

The program for the repatriation of bodies was set up by Congress. It involves the movement of any war dead requested returned, regardless of what service the men were in. The Secretary of War has been vested with the power to conduct the program.

Since cost is an important item to some families, this question is

asked and answered in the form prepared for public information:

Q—What will it cost me to have my boy's remains brought back and reburied?

A—Only what you, yourself, wish to spend.

Q—What do you mean by that?

A—The government will disinter the boys' remains, prepare them for permanent burial, place them in excellent caskets, return them to the United States, and deliver them to any point you wish—at no cost whatsoever to you.

Q—Will the government pay for the funeral in this country?

A—If the remains are buried in a national cemetery, the Army will do everything—open the grave, conduct the ceremony with military honors, and close the grave—and it will cost you nothing unless you add some features of your own. However, if the remains are delivered to a funeral director, to a church, or

Minimum Fine Given In Shovel Incident

Earl O. Eckroat late yesterday was fined \$1 and costs by Justice of the Peace D. E. Henry on charges of affray.

Eckroat became involved in fight Tuesday night with a neighbor over a water filled ditch. The fracas ended with Joe Bell in the hospital and Eckroat in jail. However, testimony brought out in J. P. Court revealed that Eckroat swung his shovel in self defense. It was on this testimony that Judge Henry gave the minimum fine after Eckroat pleaded guilty to the charge.

Hubert McPherson, charged with driving while intoxicated, entered a plea of not guilty and was placed under \$500 bond and ordered to appear for trial Saturday morning in County Court.

Average 50 Percent Loss in Wheat to Hail Is Estimated

CANADIAN (Special) — Henry Young, Virgil Brock, John Young, and W. Q. Thorne estimate near 100 percent loss of their wheat crops in a hail storm that came to their neighborhood about 4 o'clock Monday afternoon. W. W. Lewis and French Arrington in the same general area, about 15 miles southwest of Canadian, estimate their loss from 25 to 50 percent. An estimated 1500 acres of wheat are involved in the report from this neighborhood.

Hunter Wilmoth, Wayne Davis, and Buren Henderson reported an estimated 25 to 50 percent damage to wheat in their neighborhood about 25 miles southeast of Canadian, near the Oklahoma line. The hail fell there about 6 o'clock Monday afternoon.

The office of one insurance agent here reported about fifteen claims for hail damage processed Tuesday. Estimated damage varied widely, but was thought to average near 50 percent. Another insurance agent, whose risks are scattered over several counties, had had only four claims filed at closing time today.

Kellerville Cub Scouts Win Awards

KELLERVILLE (Special) — The Cub Scouts had a joint meeting this week with the Parent-Teacher Association and received their awards. They also demonstrated the things that had been taught them in cubbing.

Cub-Master Scott announced that it was customary to suspend the Cub meeting in the summer months, but that due to the interest manifested, the Cub pack would continue operations throughout the summer months.

Those receiving the Wolf badge were Charles Barnes and Donald Haslam. They also received the gold arrow merit badge. Others receiving the gold arrow badge were Rex Imel, Donald Horton and Ronnie Holley. The highest rank went to Luther Thompson who received the Bear rank and two merit badges. The pack will have a pie supper in the School Gymnasium May 26.

Lovely Flowers

By MRS. ANNE CABOT

As enchanting as the first delicate colors in nature once winter has passed is this series of lovely flower designs. The shaded blues of the forget-me-nots, the gentians—the purple of spring violets—the sunny yellow of the goldenrod and the black-eyed susans—the violet-tinged red of the handsome poppies will be memorable designs for you to embroider. Guest towels, place mats, tea cloths, breast tray cloths, lingerie cases—these are only a few of the uses to which these designs can be put!

Sue Young Chosen to Attend Intercultural Camp for Girl Scouts

Sue Young, 15-year-old daughter of Mr. and Mrs. R. A. Young, 111 S. Nelson and a Senior Girl Scout, has been selected as one of the 15 girls from Region IX to attend the second annual Intercultural Camp sponsored by the Girl Scout National Organization and Navajo Boy and Girl Scouts Coordinating Council to be held at Toadlena, N. M., June 1-21.

This camp venture is limited to 25 approved non-Indian and 25 selected Indian girls who are chosen for their personal qualities of leadership, friendliness and poise, adaptability, neatness, self-reliance, and dependability. They are selected also on the basis of their special talents and skill in such things as crafts, music and homemaking which they will share during the three exciting weeks of this planned camp.

Mountain hikes, day-time camping and picnicking, one-day horse-back trips, hikes and auto trips to explore canyons, desert, prehistoric ruins and other explorations into fascinating Indian country will be planned and at least one overnight camping to some point of unusual interest will be provided.

There will be a well-planned daily program of activities for the group, including visiting of selected Indian homes to observe rug-weaving and other aspects of Navajo home-life, besides the sharing of important experiences and skill within the group.

A full staff has been selected which will be headed by Miss Ursula Little, National Community Advisor, Girl Scouts, who will be camp director and Miss Helen Grimes, executive director of New Mexico Girl Scouts, will be program director. The counselors will be selected from the Navajo Service teaching staff and the National Girl Scouts.

Sue was a Girl Scout in San Angelo from 1943 to 1946. There she attended Camp Louis Farr for two summers. Last fall she became a member of the Senior Troop of Pampa where she has been active in all troop activities. She will leave by bus for Gallup on May 31.

Dr. and Mrs. C. P. Wallis, missionaries to Guatemala, will speak at the Presbyterian Church Saturday evening at 7:30.

They will tell of their work at the Presbyterian Hospital in Guatemala. Following the discussion period, ice cream and cake will be served. Members and friends are invited to be present.

WE, THE WOMEN

Why Not Let Kids Divorce Parents?

By RUTH MILLETT
NEA Staff Writer

A 9-year-old California boy ran off to Reno the other day to "divorce his parents."

And he had about as good a reason as many husbands and wives today have for getting divorced. Explained the 9-year-old: "I'm mad at my folks because they won't take me anywhere, and my hobby is traveling."

A kid of 9 today knows that is incompatibility, pure and simple.

And if a grown man and woman can for a selfish whim call it quits, break up a home, leave a kid to grow up with one parent or two half-parents—why can't a kid do a little home-wrecking himself?

We have come to accept calmly the idea that grown-ups have a right to be happy in marriage and that the moment they decide they aren't they are justified in going their separate ways.

Why shouldn't kids have the same right? Certainly they must often feel that they and their parents are incompatible, and that they themselves occasionally suffer from mental cruelty, loss of dignity, etc.

IT'S ONLY LOGICAL.

When things like that happen to grown-ups, they run to Reno. The 9-year-old who tried the same thing evidently has a logical mind which reasoned something like this: "If men and women can get by with that kind of spoiled-brat behavior, why can't the kids? After all, why should people expect kids to put up with incompatible parents when the parents so often won't put up with a little incompatibility for the sake of the kids?"

Collegiate Class Is Given Chicken Dinner By Mrs. Lee Moore

Members of the Collegiate Class of the First Baptist Church were entertained Tuesday evening at a chicken dinner by their teacher, Mrs. Lee Moore.

Bouquets of spring flowers were used to decorate the entertaining rooms.

Invocation was given by Mrs. Moore and those attending were Misses Edith Mae Morrow, Patsy Tucker, Mary Frances Gurley, Shirley Easter, Carol Perkins, Kathryn Dean, Betty Myatt, Ann Spencer, and Mildred McLendon.

Busy Schedule for McLean's Seniors

McLEAN (Special)—The McLean High School Seniors have been a busy group for the past several weeks, including a luncheon tendered recently by the Baptist Women's Missionary Union in the church basement. The menu consisted of chicken salad, new potatoes and beans, harvard beets, fruit cocktail, hot rolls, butter, sherbet, cake, and ice tea.

The Senior play, "The Campbells Are Coming" was presented by the cast composed of Faith Hancock, Chester Goughly, Glenda Joyce Smith, James Cooke, Ray Longino, Johnny Hutchinson, Sammy Haynes, Jerry Evans, Dorothea Beck, and Ernestine Dickinson. Patty Ruth Rippey entertained between the acts and Richard Grimsby and Jean Terry had charge of scenery and decorations.

Rev. W. R. Lawrence, pastor of the First Baptist Church, delivered the baccalaureate sermon last Sunday night. Commencement exercises were held Thursday with the seniors presenting the entire program. Chester Goughly was valedictorian with a four-year average of 94.7; James Cooke, class president, was salutatorian with a 92.5 average; and Dorothy Beck with an average of 91.6 was highest for the girls.

Mrs. Jim Beck and Frank Wilson were sponsors for the seniors who left last Friday morning for a week's trip to Galveston and points of interest en route.

Break-in Reported at Reeves Oldsmobile Co.

Burglars, one with a crippled right foot, sometime Tuesday night forced their way into the Reeves Oldsmobile Co., W. Foster St., and got only a trouble light for their pains.

They gained entrance by breaking a window in the rear of the building, walked through the garage and broke the window to the building's office door.

Marks on the floor showed where the cripple had walked had further showed some mud tracks standing around the safe where the thieves apparently stood studying the vault. There were no marks of attempted opening of the safe. An early inventory showed that only the trouble light was missing from the front show case.

Officers found tracks leading from the back of the building up to the Santa Fe Railroad tracks and then disappeared. Both City and County officers were called to investigate.

Rev. Tommie Austin; song, "Memories" Class; salutation, Patricia Ann Lowary; song, Barbara Hamlin, Jane Williams and Marjette Harlan; valedictorian, Peggy Nell Tindall; class will, Rose Mary Horton; presentation of awards, Arthur Wells, principal; commencement address, Logan Cummings, superintendent of McLean city schools; presentation of diploma, W. W. Hughes, president of school board; song, "Goodbye" Class; benediction, Rev. James P. Scott.

Don't always blame exhausted, worn-out, run-down feeling on your age. Thousands amazed at what a little peping up with Oxtrex will do. Contains iron often needed after 40—when body's iron is low because lacking iron also supplements calcium, phosphorus. Vitamin B. A middle-aged doctor writes: "I took it myself. Results were fine." Get the latest story on Oxtrex Today Tablets today, only 25c. Why feel old? Try Oxtrex to feel peppy, get new vim and feel years younger, this very day. For sale at all drug stores everywhere.

Civil Service Jobs Open in This Region
Civil Service examinations were announced today for Accountant and Auditor according to a statement made today by Paul E. Figg, Director, Fourteenth U. S. Civil Service Region.
Salaries for these positions range from \$3397.20 to \$3179.50 per year. Employment will be in various Federal agencies in Texas.
No written test is required. Applicants will be rated on their training and experience. The age limits, eighteen to sixty-two years, do not apply to persons entitled to veteran preference, provided they have not reached the age for automatic retirement.
Applications must be on file with the regional office of the U. S. Civil Service Commission, 210 South Har-

Application forms and further information may be obtained from Cassie Balhrope, representative, Board of U. S. Civil Service Examiners at the Postoffice here.

Commission Meeting Is Again Postponed
The City Commission meeting, originally set for 10 a.m. this morning, because of the absence of City Manager Steve Matthews on Tuesday, was again postponed until 10 a.m. next Tuesday.
The Commission today did not have a quorum as both Mayor O. A. Huff and Commissioner Vernon Hobbs were out of town. Commissioner W. E. Ballard was also unavailable for the meeting.

Now that the telephone Strike is over

The strike is over and our employees are back on the job. Service, both local and long distance, is returning to normal.
To the public we say: We are genuinely appreciative of your patience and your willingness to co-operate during the work stoppage.

We thank the thousands of telephone people, supervisors and others, who put in long and arduous hours in the effort to continue to give emergency service. To these people who carried the load when the going was tough we are most grateful.

To the returning workers in all departments we say: Welcome back. We are glad to have you again at your posts. Let's all forget the strike and get back to the job of furnishing telephone service.

NO CHARGE FOR INTERRUPTED SERVICE
Telephone users in Pampa will not be charged for exchange service for the period of the emergency. An adjustment will be made on telephone bills.

will deliver the commencement address for the graduating class of White Deer High School, Friday evening, at 8 o'clock in the grade school auditorium.

The program will include: professional, "Grand March" from "Aida," Miss Mary Helen Mickey; invocation, Rev. Peter Morsch, pastor of the Sacred Heart Church; "To a Wild Rose," sung by the High School chorus, directed by Herman Demus; introduction of the speaker, Supt. Emmitt Emithr, address, Dr. A. Kirk Knott; "Look for the Silver Lining," sung by the High School trio, Dolores Kalka, Vivian Barrett and Bette June Price; presentation of scholarship awards, certificates and other honors, Principal Fred Mullings; presentation of the Venado Blanco citizenship award, Mrs. W. L. Thompson; recommendation of the class, Supt. Smith; presentation of diplomas, Biggs Horn, president of the Board of Trustees; benediction, Rev. S. Duane Bruce, pastor of the Methodist Church; recessional, "Boosting the Old High School," Miss Mickey.

Speaking on "The Challenge of the Future," Dr. Douglas Nelson, pastor of the Presbyterian Church, Pampa, admonished the graduating class last Sunday evening to follow the command given the children of Israel at the Red Sea, "Move Forward." Nothing can be accomplished by standing still, he said; only by venturing into the unknown can one hope to achieve success.

Panning is a cooking method that is thrifty of food value. When greens are panned, they are cooked and served in their own juice with just enough fat for seasoning.

Oilers Split Doubleheader With Berger's Gassers

Nelson and Stewart Leading at El Paso

EL PASO —(AP)—Byron Nelson, amateur Earl Stewart and Jack Harden, the home course pro, led the way with five-under-par 66's today as the 72-hole Texas P.G.A. Open Championship moved into the second round at the El Paso Country Club.

Nelson, who is playing his second and final tournament of the year, had difficulty with his putting yesterday on the first nine and turned in a one-under 35. He recovered on the second nine, getting a 31, four under par, for his 66.

Stewart, the defending champion, and Harden, this year's medalist, both toured the course in 33-33-66.

One stroke back of the leaders at 67 were Amateurs Dick Martin, Dallas, and Fred Hawkins, El Paso, and Frank Champ, Lake Charles, La. pro.

Raymond Gafford of Fort Worth was third with a 69.

Frank Ward, Kerrville pro, got a hole in one. He made it with a six iron shot on the 152-yard par three hole.

Conservative Shotton Near Durocher's Mark

(By The Associated Press) Last year Leo Durocher set a record for changing chunkers when he used 380 pitchers in 157 games while managing the Dodgers to second place in the National League pennant race. That was an average of slightly less than 2 1/2 pitchers per game.

But now mild-mannered, conservative Burt Shotton holds the Dodgers reins and outdoes Durocher in the art of juggling hurlers.

In the Dodgers' 28 games to date, of which incidentally they've won

13, Shotton has used 81 pitchers, an average of 2.89 per game, only five times have Brooklyn hurlers gone the route.

Shotton practically gave the pitching staff a vacation yesterday when he called upon only two hurlers to subdue the submerged St. Louis Cardinals 4-3 in 10 innings. Left-hander Joe Hatten opened up for Brooklyn and was replaced by Fireman Hugh Casey, who went on to gain his third victory of the season.

In dropping their 15th game in the 19th times that the opposition had started a Southpaw against them, the Cards sunk deeper into the cellar, seven and a half games away from the top.

Cookie Lavagotto, veteran Dodger third sacker, broke up the game with a run-scoring single in the 10th off starting and losing pitcher Harry (The Cat) Brechen.

The Chicago Cubs recaptured first place by shaming the Philadelphia Phils 2-1 in Wrigley Field. They lead the New York Giants by nine percentage points. It marked the Cubs' fifth straight win over Philadelphia, all by one run.

Frank Shea, rookie righthander of the New York Yankees, gained his first Major League shutout and his fourth triumph by outpitching the mighty lefty, Hal Newhouser, of the Detroit Tigers 5-0 before 49,844 Yankee Stadium fans in a night game.

The victory snapped a three-game losing streak for the Yankees and whittled Detroit's first-place American League margin to a half game over the idle second-place Boston Red Sox.

Handicapped for seven innings, the Philadelphia Athletics came to life in the eighth with a five-run rally against Rookie Pete Gebrian and two successors to defeat the Chicago White Sox 5-2 in a night game at Philadelphia. It was Chicago's first loss in the last five games.

Bobo Newsum gained his first win of the season and his 195th of his big league career when he pitched the Washington Senators to a 7-3 night game victory over the St. Louis Braves.

The Boston Braves and Pittsburgh Pirates were not scheduled while the only day game in the American League between Cleveland

Gassers Beat Oilers 6-1 in Opening Game

The five-hit pitching of the Gassers' Frank Vannoy kept the Oilers well under control last night as the Gassers pounded out a 6-1 victory over the locals in the first of a twin-bill card.

George Payte, the Oilers' moundsman, gave up eight hits, three of which were in the third frame that set the carbaners up for three big runs that were never approached, while the Gassers went on to pick up another run in the fifth and a pair in the seventh.

In the third, Gasser rightfielder Snyder singled, Vannoy got first on R. C. Otey's error, and shortstop Verdon Gilchrist doubled to score Snyder and Vannoy. First sacker Leon Mitchell struck out, centerfielder Leon Cato was handed a fielder's choice, Manager Gordon Nell singled to drive in Gilchrist. Catcher Whitley Warren filed out to centerfielder Carrol Berryman for the second out and third baseman, Tommie Fox, filed out for the last out.

The Gassers scored again in the fifth when Gilchrist filed out to rightfielder Joe Fortin. Mitchell popped out to Range and then Cato, Nell and Warren singled, with Warren's single bringing Cato home. Fox grounded out Range to Bob Bailey for the third out.

The Oilers' lean lineup came in the last of the fifth when Payte got Vist on Gilchrist's error, and Otey doubled to let Payte score. Shortstop Tom O'Connell popped one up to Warren, Otey was forced at second by Bailey's weak grounder and Range grounded out to Mitchell.

The other pair of runs by the Gassers came in the seventh when Gilchrist walked and Mitchell got first on a fielder's choice that forced Gilchrist. Then Cato stepped up and belted one over the right field fence for a pair of runs. Nell grounded out, Range to Bailey and Warren grounded out, Otey to Bailey, to retire the sides.

Austin College Gets New Coach

SHERMAN —(AP)—Byron Gilbreath, coach at Gilbert, Ariz., High School, will join the staff of Austin College as assistant football coach and head basketball coach.

Dr. W. B. Guarrant, president of the college, announced today.

Gilbreath will succeed Garvis Steen, who said he is leaving the coaching profession to enter the United States Civil Service.

and the Red Sox at Boston, was postponed by rain. Rain also washed out the scheduled game between the New York Giants and Cincinnati Reds at Cincinnati.

HIGHLIGHTS OF THE GAME

By Bob Bray

Glad as we were to see the Oilers hit their way from behind and win the second game of their doubleheader last night we were sorry to see Berger lose. Anyone who slugged the ball the way Gasser Manager Gordon Nell did last night just doesn't deserve to lose a ball game.

In the second game, which incidentally, was a seven inning affair, Nell hit three homers and a double in four trips to the plate. He batted in seven runs. One of the homers was blasted with the bases loaded. And, to improve the story, Nell's double was a very hard hit ball that bounced high off the centerfield wall. It would have been a homer anywhere else in the park.

An oddity of last night's games was the fact that although the fans saw seven pitchers work during the evening, three for the Gassers and four for the Oilers, the same pair had credit for one win and one loss, when the bats stopped booming.

In other words, George Payte lost the first game to the Gassers' Frank Vannoy but Vannoy turned around and dropped the second of the series to Payte. Payte and Vannoy both went the first seven frame game. Sid Jamison took the mound for the Gassers in the second game and Wick Hewitt went on the mound for the Oilers.

Jamison was relieved by Vannoy and then Watling. Hewitt was followed by Foster White, Bill Hewitt and then Payte. Vannoy and Payte met on the mound with the score locked 7 up in the 6th inning. That was the frame the Oilers got 9 runs and Payte received credit for the game.

Speaking of hitting—Joe Fortin wasn't doing badly in the second game. He got three doubles and a single in four trips to the plate and the hits came at a time when they were badly needed, and that's something that is making more difference every game. Those hits are sure getting tough to collect when we have a couple on and need to score badly.

Back to Joe—in the last of the first he brought us back in the ball game by hitting a double that scored R. C. Otey and Bob Bailey and tied the score. Again in the bottom of the 6th, with the score at seven up, Joe got a double to score Bob and Tony Range.

OBSERVATION POST

Jacqueline Zivic, daughter of former fighter Jack Zivic, was one of the featured performers in the Penn State College swimming show this spring. Her uncle Fritz Zivic likely would say she's the only Zivic who ever went into a tank.

Oilers Defeat Gassers 16-11 In Second Fray

Pampa's Oilers simply refused to be beaten in the second game of a twin-bill meeting with the Berger Gassers in Oiler Park last night as they came from behind to tie the score twice and get ahead in the game twice, comfortably ahead in the last, to beat the Gassers 16 to 11, in seven innings.

The Gassers meet the Oilers again tonight at 8 in the local park.

The Gassers scored first in the first with two men away. Both Shortstop Verdon Gilchrist and first sacker Leon Mitchell filed out to rightfielder Joe Fortin. Leon Cato, centerfielder, got an infield scratch and Manager Gordon Nell sailed one over the left field wall to put a pair on the scoreboard.

Catcher Whitley Warren singled and third baseman Tom Fox filed out to shortstop Tom O'Connell.

The Oilers evened up the score in the last of the inning when Otey got first on Gilchrist's bobble, O'Connell popped out to Warren, first sacker Bob Bailey drew a free ticket, third baseman Tony Range struck out and Fortin doubled to let Otey and Bailey score. Centerfielder Carrol Berryman got first on a fielder's choice that caught Fortin at second for the third out.

The Gassers scored another run in the third inning when Nell walked and hit one over the fence with nobody on, chalking up his second in the game. The Oilers came back for four hits that were good for two runs in the third to lead the game for the first time. O'Connell doubled, Bailey struck out, Range singled, and Fortin singled, scoring O'Connell. Then Berryman singled, scoring Range. Seitz filed out to Mitchell and Summers filed out to Cato.

In the fifth, the Gassers got some ideas of their own; about the ball game and chalked up four big runs to take the lead back. With two men down Wick Hewitt lost his control and walked Cato, Nell got a double hit off the center field wall to score Cato.

Foster White relieved W. Hewitt on the mound but served up four straight balls to Warren and was himself relieved by Merl "Bill" Hewitt who walked Phipps for Nell to score. Snyder got a double that scored two more runs to bring the inning total to four. Pitcher Sid Jamison grounded out Summers to

Bailey. The Oilers came back to knot the game in the fifth with three runs to boost the count to seven—all Fortin got first on Fox's error, but was forced out when Berryman was given first on a fielder's choice. Seitz and Summers both walked. Pinch hitter Al Johnston blasted a long double to score both Berryman and Seitz but Summers was caught crossing home for the second out. Then Snyder bobbled Otey's fly to right field and Johnston got home. O'Connell struck out to retire the sides.

In the sixth Payte took over the pitching assignment and walked Gilchrist. Mitchell sacrificed, and Gilchrist got third on an error. Cato singled to load the bases and Nell got his third home run of the evening that scratched up four big runs to give the Gassers what appeared to be a fairly safe lead.

Warren grounded out, Otey to Bailey, Fox singled, Phipps was struck out and Snyder grounded out, Range to Otey for the third.

But the Oilers weren't near finished. Trailing four runs in the last of the sixth they enjoyed 9 runs off of

four hits to finally win the contest.

Bailey walked, Range singled, Fortin doubled to bring in Bailey and Range. Watling took the mound and Berryman was hit by a pitched ball. Seitz walked and Summers doubled to score Berryman and Seitz. Payte grounded out, Watling to Mitchell. Otey walked, O'Connell walked and Bailey got first on a fielder's choice that caught Otey for the second out. Range got first on a fielder's choice and Warren errored at home to let Summers score. Then Fortin doubled for his second time in the sixth frame to score Bailey and Range. Berryman filed out to Mitchell.

In the seventh Watling filed out to Otey, Gilchrist grounded out, Otey to Bailey and Mitchell struck out.

Vannoy was the losing pitcher. Payte was the winner.

Trend to Fewer Farms Viewed as Good by Capper

The trend toward fewer farms in the United States, with a larger acreage per individual farm, is not bad for agriculture, because 98 percent of our nearly 6 million farms are family enterprises, according to Senator Arthur Capper of Kansas. Family operated farms produce nearly 60 percent of all farm products that are sold, as well as the food farmers eat, he writes in the June issue of Capper's Farmer.

"The number of farms has decreased from 6,096,799 in 1940 to 5,829,169 in 1945," he says. "This was a drop of 237,630. In that five years the average size farm went up from 174 to almost 196 acres," the issue stated.

Discussing how a family can work a bigger acreage these days, he added:

"A family can operate more land because of power tools today. Each person can do more work, more efficiently and faster. New methods of crop and live-stock production, improved crop varieties, better anti-rust and insecticides, better transportation—all these help make it possible for a family to handle more land and enjoy a larger income," Senator Capper said.

Emphasizing that the family farm is the "spiritual citadel of democracy," Senator Capper says that such farms must be preserved and made secure. Family operators love freedom so much that they will fight to keep it. On family farms the American way of life is strongly entrenched, he stated.

Senator Capper recommends the following four-point program to safeguard the future of the family farm: 1—Encourage ownership; 2—Better the conditions of tenancy; 3—Persuade farmers to adopt a balanced farming system; 4—Continue and increase the valuable research work of the U. S. Department of Agriculture and the Land Grant Colleges; 5—Promote greater mechanization of all farm labor; 6—Extend rural electrification.

Gray County is following the trend along with the rest of the country. Since 1940 the number of

Hail Damage Reported High At Panhandle

"The recent general rains give prospects for a record yield of wheat on the largest acreage ever planted in Texas," a report from the Extension Service of Texas A and M College states.

Although Gray County according to Ralph Thomas, Gray County agent, suffered heavily under the hail storm of last week, the outlook is still promising.

Thomas estimated that about 5,000 acres of wheat was totally destroyed by hail and some 10,000 acres were damaged to the extent of 25 percent. In Gray County alone.

Damage from rust is slight as of now, but if rains continue, rust damage is slated to increase, Thomas said.

Assistance will be given to farmers in finding combine crews and trucks for the big harvest, Thomas said. Men will be stationed at main intersections and will direct combines and trucks to needed areas.

The report from the Extension Service stated, "The County Agents report the rains will delay harvest seven to ten days in most areas. 19000 more combines will be needed this year than ever before used in the harvest, 5000 men who are combine operators, tractor drivers, truck drivers and others will be needed when harvest starts. Indications are now that more trucks will arrive than are needed for the harvest," the report said.

"The supply of rail cars will be very short during the harvest movement will be congested after the first few days of harvest," the report stated.

The Santa Fe Railroads are storing up box cars for the expected movement of the wheat, according to Santa Fe president, Fred Gurely. But these cars will be insufficient, according to Thomas.

The Extension Service report gives a county by county survey of the expected harvest and the amount of labor and equipment to be needed in the harvest. For the North Panhandle area it says, "This area will need a large number of outside combines and labor when harvest starts. Some trucks will be needed. Harvest will start in this area about June 20."

The report gives a break down of each of the county's wheat acreage and the needs expected by each of the counties to harvest its crop. The report is as follows:

Gray County, 113,000 acres, planted, excellent crop reported. About 100 combines will be needed along with 75 trucks and 200 men.

Potter County, 47,000 acres, need 50 outside combines.

Oldham County, 100,000 acres, good condition. Will need 50 combines, 100 trucks and 500 men.

Donley County, 20,000 acres, good crop. Will need 25 combines and 25 men.

Armstrong County, 137,000 acres, excellent crop. Will need 45 combines and 100 men.

Carson County, 215,000 acres, excellent crop. Will need 82 combines and 100 men.

Wheeler County, 30,000 acres, excellent crop. No outside needs.

Moore County, 174,000 acres, excellent crop. Will need 150 combines, large number of men.

Hutchinson County, 110,000 acres, excellent crop. Will need 50 combines, 30 extra trucks and 100 men.

Hemphill County, 36,000 acres, good crop. No outside help will be needed.

Cochitane County, 345,000 acres, excellent condition. Will need 300 outside combines, 1500 men and some trucks.

Lipscomb County, large increase in acreage, excellent crop. Will need 150 combines, 100 trucks and 300 men. Some six wheel trucks will be needed.

Hartley County, 68,000 acres, wheat good, 50 combines will be needed.

Hansford County, 369,000 acres, excellent crop. Will need 500 combines and 700 men 30 bu per acre prospect.

Sherman County, 246,000 acres, crop in good condition. Will need 500 outside combines.

Dallam County, 66,000 acres, excellent wheat. Will need 30 combines.

farms has decreased from 663 to 567, according to the latest census figures taken in 1945, a Department of Commerce report stated.

The average size of the farm in Gray County has increased from 828 acres to 1,011.9 acres in the same period of time, according to the report.

Pasture Grasses Planted by Soil Conservation on Marginal Lands

As I See It--

By SAM LEWIS VEITCH WASHINGTON, D. C.

Don't be too surprised if, in the next few months, you notice an all-out effort on the part of labor unions to win support for organized labor among farm people. Here in Washington the other day, when the AFL, CIO and John L. Lewis, among other assorted laborites sat down to discuss the mess they are in, it was brought out that labor hasn't done a very good job in telling the farmer how important they are to him. Consequently, they decided that their position as regards trumping up a new tough labor bill is just that much slimmer. They accused their "public relations men" of slipping up on this job. Truer words were never spoken! Know what I mean?

It wasn't more than a couple of days after the meeting when the first shot was fired in this new all-out effort to love thy farmer by the labor. Up in Cleveland (hold on to your chairs while I say this title) the Fourth Constitutional Convention of the United Packinghouse Workers of America, Congress of Industrial Organizations, (a name much more impressive looking than are its members) was given a plan to stave off depression. The plan was presented by the president of the union, one Mr. Ralph Helstein. And Mr. Helstein extended more than a friendly hand in the direction of the farmer.

He said: "We pledge ourselves to cooperate fully with all farm groups who adopt a progressive farm policy clearly designed to preserve and improve the family-type farm." Mr. Helstein went on.

These words leave little doubt in anyone's mind that the farmer due to get quite a bit of affection from labor in the next few months, and if you want to know the reason—have a look at what else Mr. Helstein wants this country to have:

"Extension of the unemployment compensation act, a new and more fair tax law, a permanent Fair Employment Practices Committee, establishment of severance pay, forty hour's pay for thirty hours work, and a guaranteed annual wage." No wonder they "pledge themselves to give more than verbal and written endorsement" to a good farm program!

Isn't it too bad that the various economic groups (notice, we call them Economic Groups—they'll like that—I don't in our country can't love each other and cooperate, without having to wait for a time when it's do or die? Labor needs the farmer every bit as badly when things are going good, as it does now, when every vote counts. Industry is in the middle—it needs the goodwill of both labor and

Alice Scott Given Outstanding Award

PANHANDLE—(Special)—The Balfour Award, presented annually since 1929 to the most outstanding student in Panhandle High School, was received Tuesday night at graduation exercises by Alice Scott. Norma Jean Parrish and James Williams were recognized as the outstanding boy and girl graduate of Panhandle Grade School when they received the Citizenship Awards presented by Kit Carson Post of the American Legion at the concluding exercises of the school on Tuesday morning.

The farmer in order to be prosperous. And still, modern as we think we are in our thinking, we have to wait until it's a case of "you scratch my back and I'll scratch yours."

We are afraid that the suggestion made at that Washington meeting to the effect that labor has muffed the ball, will prove to be true. The other team has recovered!

Krug Opposes Repeal of Reclamation Law

WASHINGTON—(P)—Secretary of Interior Krug said today that repeal of weakening of the 160-acre limitation of the Reclamation Law would "play false to future generations."

"The only stand that any Secretary of Interior can take," Krug told the Senate Irrigation Committee, "is for the widest possible beneficial use of our resources among all of our people who can and want to be served."

"That is the stand I take that is why I am opposed to nullification or relaxation in any way of the so-called Excess Land and Anti-speculation Provisions of the Reclamation Law which are the nation's legal instrument for assuring widespread and equitable utilization of the limited water resources of the western states."

Krug appeared before the committee on the 13th day of its hearing on a bill by Senator Downey (D-Calif) and other senators to exempt three projects from a law prohibiting delivery of water to more than 160 acres in a single ownership. The three projects are the Central Valley, California, San Luis Valley, Colorado, and Valley Gravity Canal, Texas.

"My conclusion, after careful study," said the Secretary, "is that the provision of this law which limits the amount of water which any private landholder benefiting from a public project may obtain a permanent supply is thoroughly sound. It will work under modern conditions of farm operation. It is especially appropriate to the agriculture of the Central Valley. It should be retained."

"It is my considered belief that if we repeal or in any degree weaken the limitation, we should: 1—Jeopardize a principle approved through nearly 45 years by more than a dozen Congresses of both parties.

"2—Abandon the platforms of both leading national parties which give praise to the family farm.

"3—Reject the clear guidance of the greatest statesmen of our past from Thomas Jefferson down through Abraham Lincoln, who signed the Homestead Act, to

Theodore Roosevelt, who signed the National Reclamation Act.

"4. Play false to future generations which depend upon us to hand down to them the principle of equal opportunity upon the land which we inherited from our forefathers.

"5. Break faith with this and coming generations who will seek farm homes and not be able to find them."

Frank Wilson Speaker At Rotary Club Meet

Frank Wilson, principal of the Pampa High School, yesterday addressed the Pampa Rotary Club during its weekly meeting held in the Palm Room, City Hall.

Wilson emphasized that proper homes are one of the most important factors in bringing up the youth of today and keeping them out of trouble by giving them something to do. He encouraged parents to have their children invite their friends home for an evening or giving them some other equally suitable pastime.

Entertainment was furnished by the High School girl's sextette under the direction of Miss LaNelle Scheiagen. They sang two numbers accompanied at the piano by Mickey Casada. The girls in the sextette were: Hilda Burden, Margaret Price, Carol Culberson, Barbara Walters, Betty Barret and Barbara Carlson.

It was announced that next week's meeting will be held at 8 p. m. Tuesday at the Country Club. A committee of several members will be on hand to take care of any visiting Rotarians the following Wednesday noon.

Club singing was in charge of Virgil Mott, Ray Evan handled the program and Irvin Cole presided over the business session.

Fort Worth Woman In Quarter-Finals

NEW ORLEANS—(AP)—Medalist Polly Riley faced her first real competition today in the annual Women's Trans-Mississippi Golf Tournament here, being paired with Texas state champion Kay Pearson in the quarter-finals of match play.

Other favored players met comparative outsiders in the round of eight as Riley, 21 year old blonde from Fort Worth, defeated Miss Pearson three times in match play last year—in the Southern, the Texas Open and the 1946 Trans-Mississippi. They have not met since last October.

Miss Riley, runner-up to Mrs. Babe Didrickson Zaharias in the 1946 Trans-Miss. had easy going in her first two matches of this year's tourney at the Metairie Country Club here. Miss Pearson yesterday met the Kansas state champion, 18-year-old Marilyn Smith, and eliminated her 3 and 2.

In other matches today, Dot Kietly of Los Angeles, second low qualifier, faced Mrs. R. D. Matthews of Mount Pleasant, Texas; Mrs. Sam Israel Jr. of New Orleans, Louisiana champion, met Mrs. George Noble of Dallas, and Margaret Gunther of Memphis, Tennessee title-holder was paired with Mrs. A. T. Higgins, Jr. of New Orleans.

Gracie Reports

By GRACIE ALLEN

No wonder the Nazis lost the war! It has just been revealed that their big secret weapon was a "noise gun," which was supposed to destroy by sound alone.

Against any American soldier who had ever been caught in a traffic jam a noise gun would be about as effective as a water pistol.

Come to think of it, we wouldn't even need the regular men's army against a weapon like that. Any woman who survived dollar day in bargain basement could take it in her stride.

As far as that's concerned, I doubt if a noise gun could even be heard at the peace conference, with all those diplomats screaming at one another through interpreters.

However, I do see a post-war use for the contraption. I would like to have one handy to drown out my husband's howls when he sees the mail around the first of the month.

WALL STREET STOCKS
NEW YORK, May 21—(AP)—The stock market rebounded today in one of its best rallies of the year under the leadership of industrials and rails.
Buying orders in fair volume came in the fourth hour, lifting the list from an earlier irregular trading range. Rails, oils, steels, motors and some special stocks joined the upturn, bringing advances hanging over around 2 points. Total transactions increased to around 1,100,000 shares. Wide aisles included Santa Fe, Schenley, Chrysler, Cola Cola, Standard Oil (N.J.), Texas Co., International Harvester, Douglas Aircraft, U. S. Gypsum, International Paper and American Can.
Depressed were U. S. Hoffman (on deferment of dividend action) and Twentieth Century-Fox.

SENIORS, IT IS UP TO YOU AS IT HAS ALWAYS BEEN. A few years ago, it was the fad to tell a class of graduating high school students that "now you are embarking upon the sea of life," tossing in ample adjectives to instill a sort of fear in the young minds.

As a matter of fact, it was the popular practice to develop in the minds of seniors the ill-conceived idea that they really knew nothing at all, and that they still had everything to learn.

But of course, it is generally admitted—and even by the more thoughtful students—that they have not had a good deal of experience. Nonetheless, to say that they don't know anything when they come out of a 20th century high school is to place oneself in the position of a numbskull.

When Pampa's 158 members of the latest class of seniors receive their diplomas tonight, they will have accomplished a great deal. If they have absorbed even a part of the facts to which they have been exposed, they have the materials by which they can choose and act wisely.

Some of them will go to college, while others will take the first job they come across—glad to be rid of academic labors. All members of both groups may be doing the right thing, for not all persons are alike. The old toast applies in some cases. "Here's to education. You can lead a man to college, but you cannot make him think." However, some of those who do not go to college may emerge as the class' greatest thinkers.

But those who go to college should bear one thing in mind: college education, with its attendant degrees, is no assurance that a man will be a success. Success or failure almost certainly lies within a man himself.

It is as Dr. Henry M. Wriston, president of Brown University, says in the recent issue of one of our best magazines: "Thousands of students now attend college not so much to gain an education as to obtain degrees which will serve as 'passes' to desirable positions and advancement after graduation. Such a condition is a menace to our democratic way of life."

But to that other group which scorns college degrees, we might say: "We have been too contemptuous of college man's degree."

Briefly, you can go to college and further equip yourself with the thought processes, or you can become a snob by virtue of a degree.

Whatever you do, Pampa Seniors, the enlightenment which you need to live in this world comes—not exclusively through the halls of our universities, nor down the streets of everyday life outside the college—but from self-discipline, reflection on your experiences and their meaning—wherever you are.

In Hollywood. By ERSKINE JOHNSON. NEA Staff Correspondent. (Johnson on KPND Monday thru Friday, 2 P. M.) HOLLYWOOD—Somebody really should write a play titled, "Life with Lindsay and Crouse." The collaborators of "Life With Father," Howard Lindsay and Russel Crouse, are characters.

By Upton Close

them through the period of the 80th Congress. Representative Hartley threw light on the underlying struggle when he said last Thursday that the House members of the joint committee adjourning the final measure which would "yield to the Senate" in industry-wide bargaining. He gave as the reason for the compromise the desire to get "a labor disputes bill Congress would pass over a Presidential veto."

Thus, the mere threat of veto won the compromise on the most important issues. The measure is not all bad; it contains a number of valuable clauses in evening up the uneven situation between management and unions, and will benefit the consuming public to a degree. But Truman can well afford to sign it. He can say to his union backers, "I pulled you through the 80th Congress without a single broken bone and without any serious bruises." They will have to stand behind him. They have nobody else to stand behind.

The one thing Truman cannot afford to do, his only chance now to lose in this tussle, is to veto the compromise measure. A veto would cost him many a vote in 1948.

NATIONAL WHIRLIGIG

WASHINGTON. By RAY TUCKER. MERGER—John L. Lewis, who first broke the American labor movement into fragments with his formation of the C.I.O. and his subsequent withdrawal of the United Mine Workers from that body, has now become the chief advocate of a merger of the C.I.O. and the American Federation of Labor. He is driving hard to reunite the two groups before the 1948 presidential election, possibly at next fall's convention of the two groups.

Common Ground

By R. C. HOILES. Herbert Spencer's Ideas of Education. Since this column is such a strong believer in the proper kind of education and such an admirer of Herbert Spencer, I want to quote a few statements and conclusions from his essays on education.

AMBITIONS—It is generally believed that Mr. Lewis entertains ambitions to become the leader of a united movement that would represent almost 15,000,000 or more if the Railway Brotherhoods join up, although it is doubtful whether they will abandon their independent status.

PRODUCTION—Dr. Edwin G. Nourse, chairman of President Truman's Economic Advisory Council, is practicing what he preaches when he says that, although conditions are "choppy" at the moment, he does not anticipate a 1947 recession.

Very quietly, Steve Hannagan has taken the huge amount of money in bank deposits or general circulation—money created through the government's wartime borrowing from banks.

Gregory Peck is reading a play from Thomas Wolfe's "Web and the Rock." He's asking for more time off to do it, Helen Hayes to co-star.

Tommy Dorsey just bought a \$5-foot yacht. To keep Pat Dane happy?—Tyronne Power probably will have his own air show in the fall. Dictator Bergman in an hour dramatic piece.

Lauritz Melchior and Jane Powell will team up in a new M-G-M musical, "Luxury Liner"—Mary MacLaren, star of silent pictures will make her film comeback in Paramount's "Dream Girl."

Jackie Cooper is learning the ups and downs of helicopter flying—Miss America, Marilyn Buford, was presented with a pair of gold edges as honorary colonel of the Hollywood American Legion post. Now

My wife got tired of housework—she got a job with News Week. Ad in a cafe washing dishes!

At last easy trails sheep's boat to an island in the swamp. Someone had to guard Dale and Allen while Sneed was gone. Both men will be armed.

Andy gets the answers on buttons! See! Where'd ya get those swell comic buttons? So plenty, ma Winkle and Superman!

Imagine! Kellogg's Pep gives you better nutrition than whole wheat—with the day's need of sunshine vitamin D in a one-ounce serving!

Look, kids! Collect these great comic buttons! One is a prize in every package of Kellogg's Pep!

Whoa! Kenny Hurrey! He sure looks like a winner! Winner! Winner! Winner! Winner! Winner! Winner! Winner! Winner! Winner! Winner!

body." The 1944 presidential candidate is friendly Joseph W. Martin, Jr. of Massachusetts, and he endorses Representative Charles A. Halleck of Indiana as against Representative Clarence J. Brown of Ohio, the Taft entry in the contest for Majority Leader. The House, under Martin-Halleck urging, passed a stiff labor measure.

It is a rather complicated situation, but there is how the "boys" on Capitol Hill see it: The House is generally known as a Dewey

Here are a few more quotations: "Men dress their children's minds as they do their bodies, in the prevailing fashion."

Some people regarded Spencer as an irreligious man, but listen how he quotes Professor Huxley to prove that he believes in religion. Huxley said "True science and true religion are twin-sisters, and the separation of either from the other is sure to prove the death of both. Science prospers exactly in proportion as it is religious; and religion flourishes in exact proportion to the scientific depth and firmness of its basis."

On the importance of permitting the youth to have relative freedom of thought, Spencer makes this statement: "Humanity has progressed solely by self-instruction; and that to achieve the best results, each mind must progress somewhat after the same fashion, is continually proved by the marked success of self-made men. Those who have been brought up under the ordinary school-drill, and have carried away with them the idea that education is practicable only in that style, will think it hopeless to make children their own teachers."

It will be by and by found that a knowledge of the laws of life is so important that any other knowledge whatever—that the laws of life underlie not only all bodily and mental processes, but by implication all the transactions of the house and the street, all commerce, all politics, all morals—and that therefore without a comprehension of them, neither personal nor social conduct can be rightly regulated.

To be continued.

Thoughts. For I am the Lord and I change no man's mind. Changeless march the stars above; Changeless march the stars above; And the everlasting light, Changeless, shines on the Changeless Heavens. —Charles Kingsley.

Senators Taft fought for it in his committee and on the floor, with Senator Ives as a principal opponent of the more rigorous provisions. So, this is the question before the House, also the Senate: Is Mr. Ives trying to embarrass Senator Taft, with 1948 in mind? Or is Governor Dewey playing for both labor and anti-labor votes?

The danger to our country lies not so much in the encroachment of foreign "isms" and ideologies as it does in our failure to understand and participate in our government. We have fallen into the terrifying complacency of letting others think for us.

It is a rather complicated situation, but there is how the "boys" on Capitol Hill see it: The House is generally known as a Dewey

Clayton Floral Co. Has Wide Variety Of Fresh Flowers

The Clayton Floral Company, of 410 East Foster, always has a wide variety of fresh cut flowers available for corsages, bouquets, and floral displays. Roses, gardenias, carnations and orchids are just a few of the many types of flowers that you may choose from.

The next big demand for flowers will be on Memorial Day. Clayton's will have a variety of sprays, plants and wreaths, and also, this year, as an added service, the Florists Telegraph Delivery Association, of which Clayton is a member, has made arrangements to decorate overseas graves. For those of you who will want to use this service, there is a predetermined decoration and price, and you may place your order through the Florists Telegraph Delivery Association. The Association can cover most areas of the world, however there are a few out-of-the-way places, where it is impossible to reach.

For the coming wedding season, Clayton's offers all sorts of decorations, from the most simple home setting, to the most elaborate church affairs. Clayton's are able to get most any kind of flowers that are in season, because they are shipping from markets in California and Colorado. Clayton's do a large volume of business by wire, and can adequately handle any order that you wish to place with them.

The Clayton Floral Company, owned by Tom Clayton and managed by Roy Kay, is not a new firm in Pampa. Clayton's began business here in 1931, and their years of service to Pampa and vicinity are an endorsement for its honesty and dependability. A wide variety of fresh-cut flowers are always available at Clayton's, and any order is just as close as your telephone. Prompt delivery of quality merchandise is a guarantee at the Clayton Floral Company, Call 80, or drop by the shop at 410 East Foster and pick out the flowers that you wish.

Your Laundry Has All Latest New Equipment

Your Laundry and Dry Cleaners, located at 309 East Francis, has just recently completed the installation of all new equipment in their plant. Among the new machinery installed were presses and tumblers for the laundry, and a new still for the dry cleaning plant.

Your Laundry has improved its equipment to the point where it feels that the service and quality of their work, is far superior to any in the past. A new truck has also been added to the laundry's fleet of trucks, so that now, Your Laundry can offer to its customers, much more efficient pick up and delivery service.

One of the outstanding advantages of Your Laundry's pick up service, is that you can send both your laundry and dry cleaning on the same trip, thereby saving you time and inconvenience. They are completely equipped to handle your orders efficiently and quickly with no time lost in waiting for materials.

Staffed with men who have worked with concrete for many years, and know their trade, the company is prepared to fulfill your every request in concrete and concrete materials. They are ready to assist you with your building problems and to estimate the concrete and materials that your job will require.

The mixing of concrete is not a haphazard affair; at the big, modern Transmix Plant. When you place your order with the company, you designate the job that the concrete you need must fulfill, and the company will advise you as to the strength of concrete that will best suit your work. This plan assures you of better quality, longer lasting concrete, actually mixed to fulfill the job you have planned.

The Transmix Company can promise you a uniform mix and strength in a concrete it furnishes because all guess work is eliminated. The plant's concrete mixers were designed by the leading test laboratory of the Southwest in each cubic yard, the correct amount of gravel, sand and cement is weighed and the proper amount of water is measured. These materials are then thoroughly mixed and ready to be placed when they arrive at the job.

Under ordinary conditions, one yard of ready mixed concrete will fill a full cubic yard of space.

The company is completely equipped, not only with this modern plant, but with a sufficient number of trucks to move wet concrete where ever you ask, and in as great a quantity as you desire.

The Transmix Concrete and Materials Company, located at 630 South Russell Street offers an economical service to all users of concrete through the combination of quality materials, prompt delivery, convenient handling, and all concrete you need at the time that you need it. For an estimate, phone 428.

Transmix Offers Quality Concrete, Cement Materials

The Transmix Concrete and Materials Company, located at 630 South Russell, is a symbol of Pampa's growth and progress. It offers huge supplies of all kinds of concrete materials to builders in the entire Panhandle trade area.

Louis P. Burns, George N. DeLong, and Ewing Williams organized the firm over a year ago, on a partnership basis, and the company supplies the concrete buildings material for some of the largest construction jobs that have been completed, or are in progress, in this vicinity.

The company is equipped and ready to deliver ready mixed concrete to any job, any place in any amount. They are completely equipped to handle your orders efficiently and quickly with no time lost in waiting for materials.

The Transmix Company can promise you a uniform mix and strength in a concrete it furnishes because all guess work is eliminated. The plant's concrete mixers were designed by the leading test laboratory of the Southwest in each cubic yard, the correct amount of gravel, sand and cement is weighed and the proper amount of water is measured. These materials are then thoroughly mixed and ready to be placed when they arrive at the job.

Under ordinary conditions, one yard of ready mixed concrete will fill a full cubic yard of space.

The company is completely equipped, not only with this modern plant, but with a sufficient number of trucks to move wet concrete where ever you ask, and in as great a quantity as you desire.

The Transmix Concrete and Materials Company, located at 630 South Russell Street offers an economical service to all users of concrete through the combination of quality materials, prompt delivery, convenient handling, and all concrete you need at the time that you need it. Des Moore Tin Shop Features Repairs On Combines, Air Conditioning Units

The Des Moore Tin Shop of 111 East Kingsmill, at this time of the year, makes a specialty of repairing parts for combines that are hard to replace. As it is nearing harvest time again this year, all farmers are urged to bring their broken combine parts in to the Des Moore Tin Shop, so they can be repaired in plenty of time.

The Des Moore Shop is the oldest tin shop in the Panhandle, and throughout the years has stuck to the policy of never turning a job down, if it can possibly be done.

The shop, at this time, is particularly well equipped for the installation of air conditioners, and their duct, or distribution system. Des Moore, owner and operator of the shop, stated that their is still a shortage of some materials, especially sheet steel from which gutters and down-spouts are made, but the shop can handle any job in this line without too much delay.

The Moore Tin Shop is a well equipped shop, having every kind of tool, and machine, that is needed to work with tin. One of the principle tools used in the shop is called a "Broke." This machine is used to fasten ducts together, and for the forming of both square and angular bends. The "Forming roll" is another very important, piece of equipment. It is used to form a piece of tin or metal, into a cylinder, such as stovepipes, etc.

Moore stated that although warm weather is upon us, the shop is still pretty busy installing the Payne Floor Furnaces, for which the firm is the recognized distributor for the Pampa area.

The slogan of the Moore shop is "If it's done with tin--we can do it," and Des Moore has a wide reputation in and around Pampa as a specialist in this kind of work. Moore has owned his present business since 1930, and has been associated with metal work since 1918, so with almost thirty years of working with metal, Moore is well qualified as an expert in the business.

Tin is one of the strongest, most lasting metals now in popular use, and its economy makes it the perfect metal for eavage use around the house. To anyone building most any type of structure, the Des Moore Tin Shop offers nearly every type of tin and sheet metal work, including the construction of gutters for store roofs, the building of heating and air conditioning units, the repair of hot water tanks and refrigeration systems. Another service of the shop which will come in handy this summer, is the re-lining of coolers, such as soft drink coolers. Also if any of you ladies have flour or sugar bins that need to be lined, or relined, the Des Moore Shop will do a good job.

So, any time you are in need of repairs on water heating systems, refrigeration systems, or many other types of repair, talk over your prob-

Afflicted Girl Now All Right

A 16-year-old girl of this community, recently picked up as suspect of having a social disease, has been cleared of that charge by health authorities, it was announced yesterday.

The girl on May 9 was said to have eluded authorities and was running free without treatment. "The girl is now all right," an official said yesterday.

Business School Has 2 Graduates

The Pampa Independent School District is not the only institution that is turning out graduates this week. Two students will graduate from the Pampa Business College, 408 E. Kingsmill, in ceremonies tomorrow morning at 11:15. O. H. Foster, manager, has announced. Foster, who established the school here last July 19, said Miss Bette Brown and Mrs. Earlene Welch will graduate with certificates in secretarial studies after a nine-month course. Within four months he will turn out five more graduates. Foster stated the school offers work in accounting on a college level, secretarial courses and Gregg shorthand. He has students from as far away as Guymon, Okla., and Perryton. He offers the GI training course, both day and night school.

On one side we as a nation are extolling the need for love and light and philanthropic kindness around the world, while on the other side we as individuals are basing our entire existence on the precept of "What do I get out of it?"
