# TWO STRUCTURES LOST AT

#### BORDEN SCHOOL

Fire gutted the wood shop and the equipment storage building of the Borden County Schools on Thursday evening, December 3rd, resulting in a loss of property estimated at \$50,000.

Fire departments from O'Donnell and Tahoka joined the Lamesa Fire Department in assisting volunteers at Gail to extinguish the fire.

Destroyed in the fire were woodworking tools, new lumber and building supplies, and building and grounds equipment.

Volunteers in Gail began fighting the blaze at approximately 6:15 p.m. Lamesa firemen were the first to arrive at the scene. Units from the Tahoka and O'Donnell fire departments arrived after the fire was brought under control.

LOOP WINS GAME FROM BORDEN GIRLS

Elana Himes led all scorers with 24 points followed Lisha by with 12. Sternade1 Ralvnn Key hit 9 followed by points Kate Phinizy and with 3 each. Elvira Shelly Lewis made 1. Elvira led in field goal percentage with 100% hitting 1 of 1 followed by Ralynn Key with 60% and Elana with 55%. Elana led in free throw percentage with 100% making 2 of 2 followed by Ralynn with 75%. Elana also led in steals with 6 and tied for top honors in rebounds with Lisha as each had 8. Kate led in assists with 5.

Just when it seemed that Borden had things all locked up on the Loop game last Tuesday, Loop made a late surge which included a basket with two seconds remaining to take a 54-52 win over the Lady Coyotes. Borden held a seven point lead with less than two minutes remaining but costly turnovers in the last moments let the game slip The score was away. tied 31-31 at half as Elvira Balaque hit a three pointer to tie it up at the buzzer. Then Borden led 44-41 entering the final stanza. With the win, Loop raised its record to 5-0.

## JR. HIGH GIRLS BOMB O'DONNELL 47-7

What started as a bad dream for Borden ended as a nightmare for O'Donnell, as the Jr. High girls handed O'Donnell its first defeat in district, and what a loss it was! O'Donnell jumped out to a 4-1 lead the early in first but quarter then Borden came on to take the lead at the end of the initial stanza 9-4. Things really up in the heated second quarter as outscored the Borden Eagles 14-1 to take a 23-5 half-time lead. The defense continued to dominate in the second half as the coyotes held O'Donnell to 2 points in the last two quarters, basket coming that early in the third quarter. Borden hit 14 points in the third and 10 in the last to take a convincing 47-7 victory to up their district record to 2-0 and season record to 3-1. O'Donnell falls to 2-1 in district.

Six players scored for the Coyotes but it was the combined inside-outside effort of Shayne Hess and Amanda Anderson that did the most damage to the Eagles. Shayne led all scorers with 16 points followed by Amanda with 15. Shara Dee Woodward and Kristin Kilmer each had 6 points and Kelly Jo Ogden and Leslie Fryar each had 2. Turning in a fine a fine defensive effort was Kristin Monger.

The night started out with a "B" game against O'Donnell. Due to a shortage of girls in the Jr. High program this year, the "B" team had only five players. One player, Angela Evans, suffered an ankle injury Friday ans was confined to crutches for a week. Still she suited up and stood on the court so the game could legally start. Playing with four players on one end, the little Covotes hustled their way to a 14-11 win O'Donnell. One player, Melody Harrison a sixth grader, fouled out in the fourth quarter leaving Borden with only three players on one end! Still the ten O'Donnell suited up were no match for the Borden group. # JR. HIGH BOYS UPSET O'DONNELL

The Borden County High Coyotes traveled to O'Donnell, and they won 24-19 in exciting, fast an moving The game. Eagles were much larger and quicker than the Coyotes, but good ball handling and shooting allowed the Coyotes to come out on top.

In the first quarter, the Coyotes took the lead 10-5 with John Paul Harris accounting for 6 of those points and Klint Kemer the other 4 points.

In the second quarter the Coyotes increased their lead with balanced scoring and good defense. Juve Balaque led the Coyotes scoring in that quarter with 4 points. David Buchanan and Klint Kemper scored 2 points each. The Eagles scored only 2 points in the quarter.

In the third quarter, the Coyotes broke even with the Eagles as both teams scored 4 points. Klint and David scored for the Coyotes who began to play substitutes late in the quarter. The Coyotes were outscored

were the Lloyd twins hitting 10 of Borden's 14 points. A'Lise hit six points followed by M'Lys with 4. Melody had 2 points and another sixth grader, Mendy Hensley had 2, hitting the first two points of the game. Borden never trailed leading 2-0 the first quarter and 8-6 at half-time.

Next game for the Jr. High girls will be Monday. December 14. Grady. against The game played at Gail will begin at 5:00 with the "B" boys and be followed will at "A" 6:00 with the girls. This will be their last game before the Christmas break so everyone come out and support the Jr. High teams.

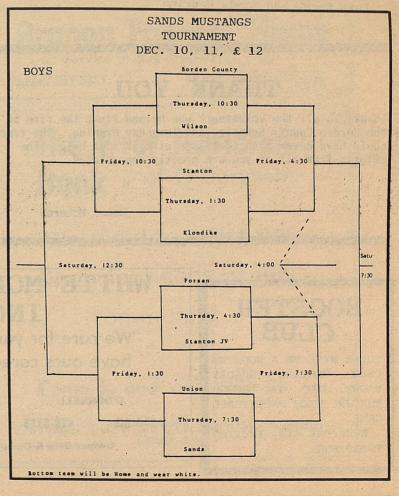

8 to 2 in the fourth quarter as the Eagles pressed the Coyote subs. Klint scored the only basket of the quarter.

Klint Kemper led all scorers with 10 points. John Paul Harris followed with 6 points, and David and Juve scored 4 points

each. Rich Holzmann and Shawn Lewis helped to put pressure on the Eagles with aggressive defense. When the starters rested. Clint Bray, Clint Anderson, Clint Wills, Heith Heith Gammons, Ross and Hataway provided excitement for the crowd.

# LAYAWAY: A CHRISTMAS SHOPPING STRATEGY

Before credit cards became so common, layaway was a popular means of stretching out the costs of buying Christmas gifts. If you want to avoid mounting credit card bills and the interest on unpaid balances, layaway is still a good alternative.

'The whole idea behind layaway is that you make a down payment, which is usually 10 percent of the price, and then make installment payments at agreed upon intervals until you've paid for the merchandise.

Unlike other types of transactions, you can not take the merchandize home right away. The retailer holds your intended purchase until the final payment is That may be made. ideal for gifts you'd just have to hide anyway!

Before you put an item on layaway, request a written copy of the store's layaway policy. Find out if your intended purchase will be set aside or ordered, and will definitely be available when you finish the payments. Ask about the store's refund polciy, in case you change your mind after making partial payment. Also consider extra costs such as penalties for late payments, or service or layaway fees.

When you buy an expensive item, such as jewelry, feel sure about the store's reputation or check with the Better Business Bureau before buying on layaway. If the store goes bankrupt before you finish making your payments, you lose the merchandise as well as the payments you've made so far, and there isn't much you can

do about it.

Avoid problems or misunderstandings with your layaway by keeping your own record of all transactions. It will help you remember when payments are due and keep track of how much you have already paid toward the purchase.

One of the best things about layaway is knowing that your Christmas gifts are paid for and you won't be facing huge credit card bills in January.

#### FREE BROCHURE FOR PLANTING TREES

Now is the time to be planning ahead for tree-planting projects next spring, and a free brochure is available from The National Arbor Day Foundation to assist.

The free brochure, called Conservation Trees, uses colorful photos and illustrations and easy-to-understand descriptions to guide tree planting and care.

The Conservation Trees brochure includes these sections:

- \* How to use windbreaks and shade trees to save energy in your home
- How to attract songbirds to your vard
- \* How to save trees during construction
- \* How to save topsoil and help farm profits with shelterbelts
- \* The righ way to plant trees
- \* The right way to prune trees

"The National Arbor

Foundation's Trees Conservation program encourages Americans to plant and manage trees to conserve soil, energy, and wildlife," water, Rosenow, the Foundation's executive director, said.

"The Conservation Trees brochure is a central part of this educational project. It serves as a useful guide for people in all areas, whether they live in America's largest cities or in the country," Rosenow addes.

# CLINE TESTIFIES FOR RESEARCH, PROMOTION

Extending cotton research and promotion assessments to the cotton content of imports will save the government money and have little effect on consumer prices, National Cotton Council chairman Lloyd Cline told the House Ways and Не Means Committee. said the amendment to the Cotton Research and Promotion Act would strengthen and improve

the fairness of cotton producer's highly successful 21-year old program. self-help Cline credited the program as being a key factor in U.S. consumers' record use of cotton in 1987, but noted that most of the benefit "has not gone to the people who paid for it, but to foreign mills and importers

GET THE BEST FROM YOUR REAL CHRISTMAS TREE

When families shop for a real Christmas tree, some simple steps can make selection of a fresh, natural tree easier.

Some selection considerations include:

Freshness is important when selecting your tree. Hold a branch about six inches from the tip between thumb and forefinger, and pull your hand towards you as the branch slips through your fingers. Needles should adhere to the branch and not fall off in your hand.

O Determine where in your home to display the tree. This will help determine the height needed and whether all four sides must be suitable for display.

o Lift the tree a couple inches off the ground, then bring it down abruptly on the stump end. Dry green needles should not fall off in substantial numbers, but loss of some brown needles is normal.

° The tree should have a fragrance and good green color.

A Christmas tree i

like a bouquet of roses, and you should care for it in your home as carefully as you would a cut flower. Here are some suggestions to keep it fresh, beautiful, fragrant and safe throughout the holiday season.

o If you buy your tree several days before it is to be set up and decorated, store it in a garage or on a cool porch where it is protected from the sun and wind until ready to decorate.

o If the tree is to be stored several days, make a straight cut across the base of the trunk about an inch from the end so the tree can take up water. Store the tree upright and place the bottom stem in a container of water.

° When the tree is moved to the house for decorating, make another fresh, straigth cut across the stem about an inch above the original cut. Use a tree stand that holds plenty of water.

Trees are thirsty. Depending on size, they may "drink" between two pints and a

gallon of water per day, so provide fresh water as needed.

° Place the tree away from heat sources, such as fireplaces, radiators and TV sets. Turn off the tree lights when you leave your home and before you retire at night.

° Do not use combustible decorations, and check all electric lights, cords and connections before you begin decorating. Do not use lighted canTHE BORDEN STAR, WED. DEC. 9, 1987...7

dles or lights with worn or frayed cords.

A Christmas tree's can tinue after the holiday season. The boughs can be removed used for mulch. tree also can be set upright in the yard as a bird feeder with food attached. If you have a fireplace, the needles add a pleasant aroma to the house as the tree is burned as wood.

## "FIRST A FRIEND,

THEN A HOST"

Drinking drivers have left a trail of deaths, crippling and property damage since the automobile emerged barely a century ago as an importtant means of transportation. But the month of December has always been an especially hazardous time on our highways and streets because so many have the occasion to drink and so many persons are on the highways to visit relatives and

December 13 through 19 marks the sixth annual National Drunk and Drugged Driving Awareness Week across the 50 United States. The theme chosen for this year's celebration of not drinking and driving is "First a friend, then a host." The idea behind it is to get to the roots of so much impaired driving this time of the roots of th

friends.

year. Holiday parties. Adding to the dangers of the season is that few drinkers realize that two drinks can affect them to the become they to accidents. Large numbers of drivers involved in accidents whose blood alcolevels exceeded the legal limit firmly believed they were sober enough to drive. The responsible driver not deceive himself; he arranges to have somebody drive for him or her or takes a axicab.

Now that Texas has a compulsory safety belt law, it is not enough to stay sober to Drivers and passengers should use sarety belts. State Police report a reluctance on the part of many citizens to wear seat belts despite their proven record of saving lives preventing serious injuries.

The most dangerous times on highways and streets during the holidays are from 6 p.m. December 24 through midnight Sunday, December 27 and from 6 p.m. December 31 through midnight Sunday, Jan-

uary 3, 1988.

Drivers should drive at speeds in keeping with weather conditions and the amount of traffic. They should be well rested and should avoid alcoholic drinks. If they've been to a private party, a bar or a restaurant they should have a designated driver take the wheel. All drivers and passengers should buckle Front seat and seat. Such precautions are matters of life and death for everyone using streets and highways during the holiday season.

Most of all, during National Drunk and Drugged Driving Awareness Week and during
the up-coming holidays,
if you're giving a
party this year, remember: "First a friend,
then a host."

who capitalized on it."

The Lamesa producer pointed out that cotton product imports increased their share of new domestic consumption to 41 percent during this year's first half. He said the amendment would require importers who have benefitted from

the research and promotion program to pay a fair share of program costs. Cline also said the amendment would allow doubling of cotton research and promotion expenditures, and the resulting increase in demand would probably mean improved prices for cotton and lower program government costs. As far as consumer costs are concerned, he said the assessment on a 100% cotton bed sheet would be less than one cent.
"Surely figures this small could not be considered barriers to trade," Cline stated. "Actually, the overall market growth that can be expected from a greatly expanded program should make the pie larger for everyone, importers and domestic producers alike."

For centuries, have been made everything from ladles and jugs to rattles and thumb pianos. The ancient Peruvians used gourd's shell as substitute for sections of the human skull in primitive head operations And according to International Wildlife magazine, gourds even backed Haiti's currency during a coin scarcity in the early 19th cenytury. Haiti has since gone off the gourd standard, but its monetary unit still called the gourde.
