BAND WINS HIGH HONORS AT U.I.L. CONTEST

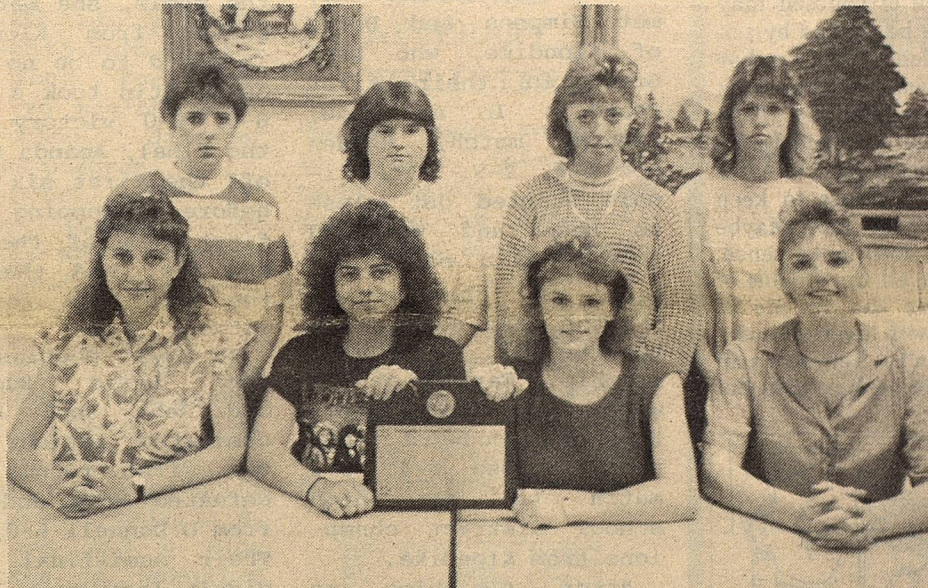

The Borden County Coyote Band was awarded a "one" rating in Sight Reading and a "two" rating in concert at the U.I.L. Contest in Lubbock.

A "one" rating is the highest award given. Judges praised the Borden County Band students in their musical ability as well as their "impressive discipline."

The "I" is Superior and the "II" is excellent. The Band received a plaque.

STUDENTS ATTEND STATE FHA CONFERENCE

Representatives of the Gail Future Homemakers of America chapter attended the 1988 State Leadership Conference of FHA, along with 6,000 members and advisors from Texas. "FHA/HERO: A Lifetime Adventure" was the theme of the 1988 meeting, which was held in the Tarrent County Convention Center, Fort Worth, Texas, April 22-23.

Attending from Gail were Barbara Massingill, Patsy Underwood, and Joan Gray, Advisor. Members identified the

need to prepare for lifetime adventures by setting and achieving goals. Keynote speakers and presentations by members highlighted the two-day conference. Interest sessions on leadership skill, employability, self-improvement, unplanned pregnancy, child abuse, chemical imbalance, and student exchange programs were held. The competitive events for members took place on Friday with Barbara Massingill representing Region I in the Job Application and Interview Event.

FFA/FHA MIXER

The Future Farmers of America and Future Homemakers of America in joint effort sponsored a Mixer for their members, on Monday, April, 25, in the blue room at the Borden County High School.

The evening began with the FFA officers preparing the hotdogs for a hotdog supper.

After eating the group enjoyed a movie "Harry and the Hendersons."

Listen To Mother —Eat Breakfast

Mother's loving advice about taking care of yourself may not always be backed by scientific evidence, but often her words of wisdom do the trick for whatever ails you. Take breakfast, for example. In the winter, mother said to eat a good hot breakfast to keep warm. Scientific fact? Maybe not, but it does make sense: if you go to all the trouble of bundling up the outside of your body with layers of clothing, wouldn't it help to warm your inside with a nice hot meal?

If this isn't enough to convince you to stop for a hot morning meal, hear this. You can have fluffy scrambled eggs, home-fried potatoes and bacon, pancakes and blueberries in sauce, or even cinnamon swirl French toast with sausages when you keep Great Starts™ Breakfasts from Swanson in the freezer. And if you prefer a hearty breakfast sandwich, Great Starts gives you five varieties to choose from without driving to a fast food restaurant. Both the breakfast entrees and sandwiches are available in convenient microwaveable packaging so you can sit down to a hot, satisfying breakfast in less time than it takes to warm up a car on a frigid morning.

This winter give yourself a great start each day by warming up from the inside out with Great Starts Breakfasts from Swanson.

BORDEN DOMINATES JR. HIGH DISTRICT TENNIS

As expected, Borden County girls dominated the Jr. High District tennis tournament in Lamesa Saturday, but also came away with the district team championship in boys as well! The girls repeated their titles they won last year and the boys came away with the district doubles title and a third and fourth place finish in singles.

In girls' doubles, Shayne Hess and Shara Dee Woodward repeated as champions dropping only four games the entire tournament. They first defeated the doubles team from Klondike, Cornett and Austin, 6-0, 6-0. Then in the semi-finals they met Simpson and Defee of Klondike, who beat Grady in their first round. In a close, lengthy match, Borden won 6-4, 7-5. The finals started out close as Hess and Woodward took a slim early 3-2 lead, but then reeled off the next nine games for the 6-2, 6-0 championship. Earlier in the week, in a warm-up game, Hess and Woodward dropped a close 6-4, 6-3 match to the high school district champions from Klondike.

After finishing as the district runner-up a year ago, Amanda Anderson came back this year to take the district singles title over teammate Kristin

Kilmer 6-0, 6-1. After receiving a bye the first round she defeated Melissa James from O'Donnell 6-0, 6-0. In the next round, she defeated Michelle Smith from Dawson with another lopsided score 6-0, 6-1, to put her in the finals against Kristin. Kristin beat Angela Hagins from Grady in the first round 6-0, 6-0 and then met the number two seed Amy Cline from Dawson in the quarter-finals. Kristin won the first set 6-2 before dropping the next set 6-4. She then dominated the third set 6-1 to earn a place in the semi-finals. In the semis, she met Kris Foster from Klondike. It proved to be no match as Kristin took a quick 6-0, 6-0 victory. In the final, Amanda reeled off the first six games before dropping the first game of the second set, and then won the next six for the match.

In boys' doubles action, David Buchanan and John Paul Harris dominated action. In the first round, they defeated Hogg and Cruz from O'Donnell 6-0, 6-0. Their semi-final match didn't last much longer as they beat Garza and Miller from Grady 6-1, 6-0. Grady defeated Klondike in their first round. Then in the finals, they again won

in straight sets with a 6-4, 6-1 victory over Gibson and Briseno of Grady. Guy Zant and Kirk Jones dropped their first round match in a split set match 0-6, 6-2, 7-5 to Rodriquez and Villanueva of O'Donnell. O'Donnell went on to win third place.

In boys' singles, Rich Holzmann and Shawn Lewis each won their first match easily before dropping their semi-final matches. Rich won his first match over Eric Herm Sands 6-2, 6-1 and Shawn Lewis won his first match over Ernie Garcia of O'Donnell 6-, 6-1. Shawn then dropped his semi-final match to the number one seed from Sands, Adrian Zarate, 6-0, 6-2. Zarate went on to win the singles title. Rich lost his semi-final with a 6-3, 6-3 score to Richard Maldonado of Grady 6-3, 6-3. Rich and Shawn then met for third place with Shawn winning the first set 6-4. Rich then came back to win the next two sets and the match 6-1, 6-3.

This made the twenty second championship or runner-up titles Borden Jr. High has won in the past seven years. Congratulations to all players on their excellent performance at this year's 1988 Jr. High District Tennis Tournament!

'Get Involved Before Your Kids Do'

Is Good News for Parents

Americans generally pride themselves on their ability to harness the power of positive thinking and confront difficult national problems head-on. There is one exception, however.

When most of us think of drug and alcohol abuse, what generally comes to mind are images of seedy alleyways and desperate junkies. The truth is, however, that substance abuse spirals its way through every level of society. All too often it's a corporate executive or a co-worker, a close friend or a member of the family, who is abusing drugs and alcohol.

We're bombarded daily with ads telling us that drug and alcohol abuse is bad news for our careers, our friends our families. But most of use sit back and disavow any knowledge of its closeness to home.

Upper-class America points its finger at the middle class, while the middle class blames the lower class. It's easy for us to say that the government should handle it, or the schools need to address it, or it's a neighbor's problem and we should mind our own business. But that's precisely what substance abuse thrives on -- indifference. And too often it preys on the most vulnerable...our kids.

Statistics show that more than one-third of all kids in America use illegal drugs. And 67 percent of high school seniors drink regularly. But there is some good news.

AAL, the nation's leading fraternal benefit organization, is concerned enough about this problem to have put \$1. million into a unique program designed to combat drugs and alcohol abuse. Since, according to current research,

parents are the first and best protection against the early use of gateway drugs, parents are the focus of this program. This new educational endeavor is called "Get Involved Before Your Kids Do."

The program is aimed at parents not kids, and it's now available free of charge in communities nationwide through AAL's 6,800 branches.

AAL, based in Appleton Wisconsin, is one of approximately 200 fraternal organizations in the country that make it their business to get involved in thousands of programs designed to help others, from food for the hungry to health seminars and disaster response programs.

The "Get Involved" program consists of workshops which includes educational materials, a parent's workbook and a video produced in conjunction with the Scott Newman Foundation, called "Drug Free Kids."

Parents have access to educational materials, guidelines and a plan of action to confront problems. What parents may say to their kids following the program may surprise their kids -- and save their lives.

AAL recently launched the "Get Involved" program in Washington, D.C., with members of congress, corporate leaders, executives of national substance abuse prevention organizations, the National Fraternal congress and the Department of Education. The group agreed that confronting this national problem will require equal commitment from everyone including parents, volunteer groups, the private sector and government alike. Each of us must, in some way, accept responsibility and "Get Involved."

TEXAS CATTLEWOMEN PRESIDENT VISITS IN SNYDER

Tejas CattleWomen met Thursday April 14th at Jaramillo's Mexican Restaurant in Snyder for their regular monthly meeting with President Yvonne Nunn presiding. The opening prayer was given by Jean Everett of Snyder, followed by the entire group repeating the American National CattleWomen's Creed in unison.

Lisa Buchanan, secretary, called the roll and read the minutes of the March meeting which was held in Colorado City.

Treasurer, Dovie Brownfield gave the treasury report and announced she has application blanks for "friends of Texas CattleWomen" and children under 18 years of age to become members of CattleWomen. She is also authorized to take donations for a limited edition Bronze by Garland Weeks entitled "A Genuine All-Around Hand" which Texas CattleWomen will give at a drawing to be held at the fall convention in November. This limited edition bronze commissioned by Cattle Women depicts a pioneer woman gazing across the prairie, a bowl for mixing bread in her arms, dressed in boots, spurs, long dress and bonnet, and a small child clutching at her skirt.

Tejas received 15 Cook Books from National CattleWomen as a bonus for belonging 100% to National CattleWomen. These books contain the Prize Winning Recipes from the Beef Cook-Offs that are held annually in Texas and across the nation.

Jackie Roden of Sweetwater presented a sketch of a flag to be entered in the state contest for a Texas CattleWomen's Flag.

Minnie Boyd introduced Mary Kay Walker of Laredo who is Corresponding Secretary of Texas CattleWomen and then special guest

Wanda Smith preparing to burn up the road on Ross Sharp's motorcycle. She would only ride if he did not go past the church (just in case). She was heard to comment after the ride, "I'd rather have pins stuck in me as to ride another time on a cycle."

speaker Carilyn Walker of Mirando City who is serving as President of Texas CattleWomen this year. Yvonne Nunn welcomed the guests to Tejas and expressed appreciation for the visit. Carilyn Walker was born in Kosciusko, Mississippi and married Gene Walker Jr., better known as "Primo" in 1979 in Jackson, Mississippi. They have three children; Jeffery 7 years, Cathy 5 years, and Kandy Elaine 3 years. They live and ranch in Mirando City,

Texas. Carilyn graduated from Seneca Valley High School in Mars, Pennsylvania, she studied Ranch Management and Nutrition at Texas Christian University in Fort Worth and just

FOLLOW INSTRUCTIONS IN BEEF REFERENDUM VOTE

Following instructions when voting in the upcoming Beef Referendum is important, particularly regarding absentee voting.

Voting in the referendum will take place in county extension offices during normal business hours on May 10.

However, producers and beef importers who are unable to vote in person may request an absentee ballot from Dr. Milo Shult, Beef Referendum State Extension Coordinator, System Building 105A, Texas A&M University, College Station, Tex. 77843; telephone: (409) 845-7907.

Absentee ballots will be available through April 29 and must be marked and returned to the county extension office serving the county of voter residence by the close of business on May 3.

When requesting an absentee ballot, an individual must provide his or her name or name of company if voting for a business, mailing address, telephone number and county of residence or the county where the business headquarters is located.

Once the absentee ballot is received, it's important to read the accompanying in-

structions and to follow them properly. The absentee voter must return the ballot to the county extension office in the county of residence or location of business headquarters. The ballot must be in the special envelope that is provided and the voter must put his or her name and address on the outside of that envelope. Failure to follow these procedures will make the vote invalid.

Eligible voters are all producers and importers of cattle who owned or acquired cattle, beef or beef products during the period of Oct. 1, 1986, through March 31 of 1988. This includes 4-H, FFA and other youth who owned cattle during the designated period of time.

Ballots will be counted by the Agricultural Stabilization and Conservation Service. The ASCS also will determine eligibility of challenged voters and ballots, and report referendum results.

When casting your vote at the county extension office please be sure and sign the voters list which is located next to the ballot box.

--Tornado winds may produce a loud roar similar to that of a train or airplane.

--Tornadoes can occur with little or no warning although most occur during the mid-afternoon or early evening hours.

Stay tuned to weather forecasts during times of unsettled weather. When a tornado or severe thunderstorm "watch" is issued, it means that tornadoes or severe weather are possible in the area designated. On the other hand, a tornado or severe thunderstorm "warning" means that tornadoes or severe weather are occurring. Persons in or near the storm path TAKE COVER IMMEDIATELY.

Remember if a tornado or severe thunderstorm warning is issued:

--Stay away from windows, doors and outside walls.

--In small buildings or homes, go to a basement or an interior part of the lowest level. Closets, bathrooms and interior halls offer the best protection in many cases. Seek cover under something sturdy.

--In schools, factories, hospitals and shopping centers, go to a pre-designated shelter area. Interior hallways on the lower floor are usually best.

--In high-rise buildings go to interior small rooms or hallways on the lowest floor possible.

--In mobile homes or vehicles, leave and take shelter in a

substantial structure. If none is available, lie flat in the nearest ditch or ravine and shield your head with your hands.

The key to surviving severe weather such as a tornado is prior planning. All family members should know where the safest areas of the home are in event of threatening weather.

TORNADO SEASON AT HAND

The next few months are "tornado season" in Texas, so a few pointers and safety tips on tornadoes are in order.

Here are a few general facts about tornadoes:

--Tornadoes generally travel an average speed of 30 miles per hour but have been clocked at 70 miles an hour.

--Tornadoes normally move from southwest to

northeast although their direction of travel can be erratic and change suddenly.

--Tornadoes are often spawned in thunderstorms that have accompanying large hail.

--Most tornado damage is caused by violent winds but most tornado injuries and deaths result from flying debris.

NOTES FROM HOME

By Debra Pollard
Home Demonstration/CEA

BENDING AND LIFTING

Doctors tell us that most back pain results from having bad "back habits."

So what can you do for a healthy back? One important bad "back habit" to correct is improper bending and lifting.

When bending or lifting or even just reaching down for that matter, follow these rules:

--Face the object you'll be picking up; don't twist your body.

--Bend from your knees and hips-not from your waist. And bend down as far as necessary to reach the object you'll be picking up.

--Then tuck under your buttocks and pull in your abdominal muscles. This helps reduce swayback by flattening the lower back.

--Pick up the object and hold it close to your body.

--Then lift with your legs, using the large muscles of the thighs, not the small muscles of your back.

--A general guideline to follow is to lift a heavy object no higher than the waist, lift a light object no higher than the shoulders-greater height tends to sway the back.

--To turn with an object in your hand, turn your entire body as a unit. do not twist to turn or to set the object down.

--and when setting the object down be sure to follow the same steps you used in lifting the object. Hold the object close to your body, and bend down from your knees and hips, not

from your waist. One last caution-don't be a hero with a heavy load or one that is especially large or awkward so that it can't be held close to the body. Get help.

SALMONELLA IN EGGS A SAFETY ISSUE

Recent reports of salmonella in eggs have caused some concern among consumers. But the possibilities of contracting a food-borne illness from salmonella in eggs is remote. As with any food-borne illness, the very young, the elderly and people whose immune systems are compromised due to illness are most vulnerable. But none of this means people have to stop eating eggs if they are thoroughly cooked. That means a hard yolk rather than soft-boiled or sunny-side up eggs. Take the same precautions with eggs as other perishable foods; keep them refrigerated before preparation and don't let them sit out at room temperature for more than two hours, before or after cooking.

DID YOU KNOW ?

Here are three statistics in which you might take a healthy interest:

• Life expectancy at birth is rising. It's now about 70 years for men and almost 80 for women.

• Cancer is being conquered. Medicine can now save the lives of half of all those who get any form of cancer—much more than that for some forms—and are constantly coming up with new ways to deal with the disease.

• Heart disease, America's major killer, is also showing a decline.

Among the reasons for this good news are the many machines and other diagnostic and health care tools and the often almost as vital communication and computer equipment that comes here from Europe. Mindful of that, many Americans are taking a healthy interest in what Congress plans to do about free trade. Anyone can write Congress on either side of this or any issue at the U.S. Senate, Washington, D.C. 20510 and the House of Representatives, Washington, D.C. 20515.

Mail and Telephone Reservations Accepted

For South Plains theater lovers, if you missed our distinguished and memorable production of "The Glass Menagerie" in March, you'll have a chance this month to see another of the unique Garza Theatre productions designed and directed by West Texas' own Will McCrary, the charming comedy "Butterflies Are Free."

The play opens April 28 and continues through a special Sunday matinee May 1, with evening performances starting at 7:45 p.m. and the matinee at 2:00 p.m.

"Butterflies" first opened in October 1969 at the Booth Theatre in New York City. Moviegoers may remember that Goldie Hawn starred in the film. The Garza Theatre version will feature Tatina Self in this role of 'Jill Tanner', an aspiring young New York actress, who befriends her next door neighbor, a blind boy, 'Don Baker', played by James Burnett, who is struggling to be free from his too

possessive mother, Suzanne Pass. Rounding out the cast will be local restaurateur and florist Benny Jackson as 'Ralph Austin', a young New York theatre director.

This delightful comedy is set in the 'hippie' - 'mini-skirt' days of the late '60s, is full of bright contemporary humor and suitable for young people as well as adults.

And remember, a group of 12 or more patrons are eligible for our generous discounts. Call the box office at 495-4005 for information and reservations. The box office is conveniently open Monday through Saturday 10 a.m. to 4 p.m.

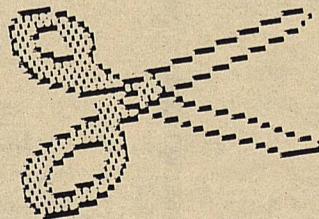

As a special observance of our second anniversary, honored guests at "Butterflies" opening night will include the original cast and stage manager of "The Silver Whistle," which was performed at the Post School Auditorium in April 1986.

SCRIPTURE CORNER

A family was getting ready to travel around the world, and each member had to receive several shots. After his second shot, little Johnny asked, "Mom, do you have to get a shot to go to heaven?"

You may go to heaven without shots, without health and wealth, without fame and a great name, without learning and big earnings, without culture and beauty, without friends and favors, without a million other things. But you can't go to heaven without Christ.

He said, "I am the way, no man cometh unto the Father, but by Me."

There's no other way to heaven. God's way is opened to you. Enter now - tomorrow may be too late. You're coming, aren't you?
