DEMOCRATIC CANDIDATE FOR STATE REPRESENTATIVE

Jonnie Lou Avery (D-Big Spring) Democratic candidate for State Representative in District 69, announced yesterday that she will be traveling the district in a series of town hall meetings with citizens and elected officials.

Johnnie Lou Avery

"I plan to meet with new friends and visit with some old ones to listen to their concerns," Avery said. "I have listened to the needs and the problems of our community most of my life and have taken positive action to solve those problems" Avery added. "My record clearly speaks for itself. Whenever I have heard my community speak about a service that was needed, I have stepped in to make that need heard and make sure there were results."

Avery served as past president of the Big Spring Area Chamber of Commerce Board of Directors, the Chamber Industrial team and (a leader in the Permian Basin industrial and economic development activities) serves on the UTPB Development Board and served on the fundraising team for the Permian Basin Energy & Diversification Research Center. Avery also received the Small Business Administration (SBA) Outstanding

Business Advocate Award and the Outstanding Citizen Award from both the Big Spring Chamber of Commerce and the City of work in community development. Avery was a nominee in 1985 and 1987 to the Texas Woman's Hall of Fame.

"Educational excellence for our children will play a key role in the economic development of our area. As a former educator and college administrator, I know that businesses are attracted by bright open minds," Avery said. "I have always encouraged our children to better themselves by working with the Junior Achievement Program, serving on the Permian Basin Youth Advisory Committee, faculty of

LETTER

Would you help me find a few good men by publishing this letter in your paper?

The few good men mentioned are WWII Veterans and were assigned to the 351st Heavy Bombardment Group at Polebrook, England between 1943 and 1945. There are about 5,000 lost souls and some of them may be in your area.

We have formed a 351st Association of flying and ground crews and have annual reunions. If you fit the above description, please contact: Ken Vaughn, 1 Shady Lane, Belleville, Ill. 62221.

Thank you,

B. F. Cook

B. F. Cook,

BE SURE YOU ARE REGISTERED

Anyone who is now living in Borden County and IS NOT REGISTERED to vote here needs to come to the County Sheriff-Tax Assessor-Collector's office and register.

Anyone who has moved from one Election Precinct to another needs to come in and change precincts.

If you are living in the same place where you resided for years and have been registered to vote, you do not need to register.

The last day to register to vote for the November Election is October 7th.

Members of the Midland Quilters Guild (L-R) Shan Karwatowski, Linda Johnson, and Jean Roberts, work on quilts they will display during the Fifth Biennial Quilt Show sponsored by the Midland Quilters Guild on October 1&2 at the Midland Parks and Recreation Gym, 300 Baldwin Street, Midland, TX.

Fifth Biennial Quilt Show

The Midland Quilters Guild will host its Fifth Biennial Quilt Show October 1 & 2,

1988, at the Midland Parks and Recreation Gym, 300 Baldwin Street, Midland, Texas. Over 100 quilts will be displayed including minatures and doll quilts. Amish style quilts will be featured and invitational quilts from the Odessa Quilters Guild will be displayed. Quilts not yet completed will be shown in a works-in-progress display revealing stages of development in making a quilt. Quilts of all sizes and small items such as

clothing and wall hangings will show the wide variety of traditional and modern techniques seen in this

cont. to pg. 8

Mustangs Stampede Past Coyotes

The Wilson Mustangs came out red hot after halftime and raced past the Coyotes 62-16. The Coyotes played tough during the first half, but big plays in the second half once again led to a big loss. The Coyotes took the opening kick-off and were forced to punt after 3 plays. A roughing the punter gave the Coyotes new life, and they marched down the field for what looked like a touchdown. A lost fumble at the Mustangs 2 yard line ended the drive. The Mustangs managed to score a first quarter touchdown behind a very aggressive ground attack. A second quarter touchdown increased the Mustangs led to 16-0, but the Coyotes fought back to bring the score to 16-8. The score came on a 10 yard pass from Shane Kemper to Lance Latimer. Randell Hollis kicked the PAT.

The Coyote's bad luck began earlier during the week when starting junior, center James Smith broke his right arm in practice. James had surgery on Wednesday to put a pin and plate on the break. He was released from the

hospital on Friday and stood on the sideline to encourage his teammates.

After halftime the Coyotes once again faced bad luck squarely in the face and lost. Randell Hollis kicked off and the kick was returned for a touchdown to make the score 22-8. The Coyotes rallied to score again on a 3 yard pass from Brian Bond to Shane Kemper. Randell Hollis kicked the PAT to make the score 22-16. At that point the Mustang offense and defense took charge of the game. After scoring another touchdown, the Mustangs intercepted a Coyote pass and returned it about 50 yards for another quick score. Another 4th quarter interception set up another easy Mustang score.

Chris Kilmer was the leading Coyote rusher with 28 yards. Others who had rushing yardage were: Marc Latimer 17 yards, Brian Bond 14 yards, Jimmy Rios 6 yards, Shane Kemper 5 yards, and Lance Latimer 3 yards.

The Coyotes defensive effort was led by junior safety Marc Latimer with 11 assisted and 4 unassisted tackles

Big brother Lance followed closely with 12 tackles. Lance Telchik made 11 tackles with Shane close behind with 10. Randell Hollis made 6 tackles, Chris Kilmer and Brian Bond made 5 tackles each. Cody Cooley came in with 4 tackles.

Jimmy Rios saw only limited action again because of a wrist injury early in the game. He is still recovering from an ankle injury, which has sidelined him for several games.

The Coyotes will travel to Ira next Friday to take on the tough Bulldogs at 7:30.

Band Notes

John Harris

COYOTE BAND PRACTICE

The Coyote Band will have a marching clinic on Tuesday evening, October 4th at 6:00 to 7:45 p.m.

The rehearsal is in preparation for the Pre Marching Contest

on Saturday, October 8 at Klondike and the UIL Contest at Texas Tech, on October 18th.

During rehearsal, Band parents will provide supper for the students.

HE'S ONLY A BOY

Please don't curse the boy down there
He is my son, you see.
He's only just a boy you know.
He means a lot to me.

I did not raise my son, dear fan,
For you to call him names.
He may not be a superstar,
It's just a high school game.

So please don't curse those boys down there,
They do the best they can.
They never tried to lose a game,
They're boys and you're a man.

The game belongs to them you see,
You are just a guest.
They do not need a fan like you,
They need the very best.

If you have nothing nice to say,
Please leave the boys alone.
And, if you have no manners,
Why don't you stay at home.

So, please don't curse those boys down there
Each one's his parent's son.
Win or lose or tie you see,
To us they're "NUMBER ONE!"

BOOSTER

CLUB

The Booster Club will meet Thursday night, Sept. 29, after the Jr. High Football game for a short meeting, to discuss the Homecoming Stew Supper.

PLEASE COME AND HELP US WITH THIS IMPORTANT PROJECT!

Tree Value

Keep in mind that the trees that are dropping those leaves in your yard are also saving you money. National Wildlife magazine reports that trees may cut cooling costs fifty percent or more by shading a house from sunlight. And come winter, trees may lower heating bills by as much as 15 percent by deflecting winter gusts.

LITERACY COUNCIL FACTS

--Today, one out of five adult Texans cannot read, write or perform basic math skills well enough to be a productive member of the work force.

--One out of every three (and in some areas, one out of every two) Texas ninth graders never complete high school.

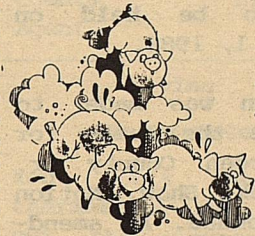

--The problem of illiteracy is escalating so quickly that some of the statistics concerning functional illiteracy in Texas quoted in the Task Force Report presented to the 70th Legislature just over a year ago, have already increased. For example, the number of high school dropouts who are in Texas prisons was 85% last year. Now more than 90% of all Texas prisons inmates are high school dropouts.

--From a purely economic point of view, Texas must produce a flexible, trained and trainable work force if it is to attract and retain business essential to economic prosperity.

--The cost of illiteracy to Texas is estimated at \$17.12 billion a year in lost income, lost tax revenue, unemployment insurance, adult training and education, and the increased cost of crime, welfare and incarceration.

--The U.S. Department of Labor has estimated that by 1990, three out of four jobs will require a high school diploma and additional training. Work and earning prospects are clearly limited for those without the basic skills.

--The Texas Literacy Council was created by the 70th Legislature. Its goals are to make literacy instruction available in every Texas community, to identify and coordinate available literacy service, to break the cycle of illiteracy by providing services to individuals in need and to promote literacy projects for the economic well-being of Texans and the Texas economy.

FFA-FHA SAUSAGE SALES

The FFA-FHA are once again sponsoring a Sausage Sale as a fund raiser for the two organizations.

Sales begin Sept. 23rd and will end on Oct. 6th.

The prices are as follows:

Borden County Jr. Livestock Meeting

Minutes

The General Membership Meeting of the Borden County Jr. Livestock Association was held on September 20, 1988 in the District Courtroom at the Borden County Courthouse.

The minutes of the previous Officers and Directors Meeting were read and approved. The minutes from the last general membership meeting were read.

The Treasurer's report was given by Kenny Hensley, in the absence of Jerry Stone who was absent due to illness. The report was approved by the membership.

It was asked if the Association could pay the stock show exhibitors sooner after the show. It was brought out that the checks are held until the Association has received payment from the buyers. This is done so that the Association will not have any overdraft problems with the bank. One suggestion to improve the problem is to try to bill buyers earlier.

A motion was made and seconded to appoint a committee to look into the payment procedure for the Association. An amendment was made and seconded to add that the present bank be contacted first. The amendment and motion passed. Members of the committee are Weldon Lloyd, Chairman, Lisa

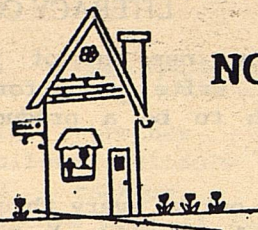

Ludecke, Van York, Scott Clayton and D.M. Parks.

It was noted that thank you notes need to be sent to the donors who did not buy an animal in the sale, but did donate to the show.

The add-on bids was brought up for discussion. A motion was made to keep the add-on bids and give the board the authority to enforce the letter of December 18, 1987. Motion was withdrawn. A motion was made that there will be no solicitation of add-on bids and any add-on bids be taken only on the day of the sale. Motion died for lack of a second.

The new stock show rules were reviewed by the membership. A motion was made and passed to approve Rule #1. After a discussion of rule #2, a motion was made and passed to approve rule #2.

New Developments In Fibers and Fabrics

In an effort to stay competitive in world markets while also pleasing consumers, manufacturers are constantly working on new and better fibers and fabrics.

For example, a new blend of polyester and cotton has a more open structure to the yarn which allows air to flow through more easily, enhancing breathability. This fabric, called Light Spirit Blend, also quickly absorbs moisture drawing it away from the skin and moving it to the fabric surface where it evaporates.

Another new fabric combines Termax thermal-wear, two-layer fabrics in combination with other fibers, with the Thermax next to the skin. This allows the Thermax fibers to trap heat radiated from the body and wick moisture away from the skin.

report on the fund raiser for the Turf Fund to be held on October 1, 1988.

A motion was made to validate the lambs for the Borden County Jr. Livestock Show. Motion was seconded. An amendment was made and seconded to add swine to the motion. The amendment passed. The amended motion passed.

cont. to pg. 7

Softec Dacron is a type of polyester fiber that improves on traditional Dacron. It has more softness, a luxurious feel, excellent draping qualities and the ability to dye and nap more easily than Dacron.

A yarn of 75% Orlon acrylic and 25% nylon marketed as "Duralon" has been developed for use in socks. Socks made from Duralon are expected to wear twice as long as those made of Acrilan II, 50% wool and 50% acrylic, or 100% cotton. They are also very soft.

Comfort Fiber polyester which has been available for a number of years in knitted goods is now being used in woven garments. Comfort Fiber is a more

Air bags ...

breathable and durable polyester. Many clothing manufacturers will use fiber characteristics as selling points for their garments. Check the hang tags for information on the kind of fiber and fabric you're buying.

really cushion the blow.

A bag filled with air can be a plaything, or it can be a lifesaver. By 1993, all cars built to run on American roads will be equipped with air bags or automatic safety belts.

Air bags aren't new. They've been thoroughly tested. They fill with a harmless gas and don't inflate in "fender-benders."

Together with your lap-shoulder safety belt, air bags provide the best protection you can get.

HOWARD COUNTY FAIR
Big Spring, Texas
September 23-24, 1988

Placings were as follows: Lambs - Shayne Hess - 3rd Lightweight Finewool Cross; Kurt Hess - 3rd Heavyweight Medium Wool.

Market Steers - Kurt Hess - 2nd Lightweight European; Shayne Hess - 6th Lightweight European Shayne Hess - 1st Heavyweight American & Champion American; M'Lys Lloyd - 2nd Heavyweight American; A'Lise Lloyd - 2nd Lightweight British.

Prospect Steers - (1,000 lbs. and under) Justin Cox - 2nd Middleweight Angus; Amanda Anderson - 4th Heavyweight Angus; Justin Cox - 2nd Lightweight Red Angus; Amanda Anderson - 2nd Lightweight Herford; Justin Cox - 6th Heavyweight Herford; D'Lyn Lloyd - 1st Lightweight Brahman & Champion Brahman; M'Lys Lloyd - 2nd. Lightweight Brahman; A'Lise Lloyd - 2nd. Heavyweight Santa

Gertrudis and Reserve Santa Gertrudis; Amanda Anderson - 2nd Heavyweight Chianina.

Parents, leaders and friends attending included Steve and Pam Hess, Don Cox, Rex and Teresa Cox and Corey Cox, Weldon Lloyd, Aubrey Lankford, Dolores Anderson, Danny Stone, Jerry Stone, Mike Johnson, Sheri, Kaci and Tanner Poole and Dennis Poole, County Extension Agent-Ag, Borden County.

SOUTH PLAINS FAIR
Lubbock, Texas
September 25, 1988

The 1988 South Plains Fair Barrow Show was held Sunday, September 25, 1988 in Lubbock, Texas.

Shelby Isaacs exhibited a 244 lb. Crossbred barrow in the middle weight class.

Shelby did an excellent job showing her barrow and is to be congratulated on her efforts.

Parents, leaders and friends attending were Mr. & Mrs. Doug Isaacs and Shaina, Mr. & Mrs. Archer, Steve Archer, Richard Archer, Sherri, Kaci and Tanner Poole and Dennis Poole, County Extension Agent.

Living Thermometer:

You don't need a thermometer to figure out the temperature, International Wildlife magazine reports. All you have to do is listen for the snowy tree cricket in late summer and early fall. Count the number of chirps in fifteen seconds and add thirty nine. The total is the temperature in Fahrenheit.

Efforts Focus on Developing Citizens Leaders of Tomorrow The 4-H Program

No one can question the fact that young people are the future of America, and the 4-H program is continuing to play a vital role in preparing youth for the future by providing training in leadership, citizenship and coping skills.

Thus the theme of the upcoming National 4-H Week Oct. 2-8, "4-H for Youth for America," points to this country's richest resources, its young people.

Through 4-H we try to provide youth with opportunities to learn and experience what life has to offer. The Extension Service is the parent organization of the 4-H program, and informal, out-of-school educational program for youth from the third grade to 19 years of age.

We also lay the groundwork to help 4-H members explore opportunities for personal growth and to gain skills that will be useful in later life. In addition, 4-H helps youth to deal with stress and self-esteem and to learn to help others. We like to say that 4-H takes up where school leaves off. We offer experiential education.

Texas boasts some 388,000 4-H members; nationwide, 4-H is more than 4.5 million members strong and is the nation's largest youth organization. More 4-H members today live in

suburbs and cities of more than 50,000 population.

Recent research shows that former 4-H'ers are more likely to assume community leadership, political and other citizenship roles than people who participated in other youth organizations. 4-H membership teaches youth that the community and giving to the community are important.

Vital to the 4-H program are volunteer leaders.

Volunteer leaders are the backbone of the 4-H program as they provide the organizational leadership for local 4-H clubs as well as training and resources in a host of subject-matter areas.

Almost 620,000 volunteer leaders support the 4-H program nationwide, with more than 30,000 of those in Texas. The time, travel and support contributed by these volunteer leaders across the U.S. is estimated to have a value of more than \$1 billion a year.

Looking at the 4-H program in Texas, the most popular project area is foods and nutrition. Other projects that attract large numbers of 4-H'ers include energy, embryology, health (eye care) and safety.

The number of 4-H clubs and special interest groups in the state totals more than 3,300.

MEASUREMENT SERVICE

We know we are late in completing your measurement service. Our main problem is time. If you are waiting on us because of measurement service and will begin harvest of a crop, call or come by this office first. We are making a list of those that need to certify and will begin harvest soon. If you harvest too many acres there will not be any help available and the whole farm may not receive any benefits. Be sure to certify before harvesting.

1988 DISASTER PROGRAM

We understand our instructions and forms for the 1988 disaster program are being completed and printed in Washington. They should be arriving in the next few weeks. Some things we do know are that accounting for production will be required and appraisals will be required on unharvested acreage before evidence of the crop is destroyed. Other action will be taken on acreage reported and destroyed prior

to announcement of the program.

The main action producers need to take at this time is report failed acres before plowing, bring insurance information if crop has failed and multi-peril companies make appraisals, and pick up forms for reporting production at this office. Additional information will follow as it is received.

1989 WHEAT PROGRAM

The following information has been announced for the 1989 wheat program:

1. Acreage reduction-10% of base
2. National Loan Rate-\$2.06 per bu.
3. Target Price-\$4.10 per bu.
4. No paid land diversion
5. ACR (set-aside) required-11.11% of planted acreage.
6. The 0/92 provisions for wheat and feed grain will be in effect for 1989.

Limited cross compliance and its effect on such crops as oats are unknown at this time.

Gilbert Brings More Than Wind and Rain

Whenever a natural disaster strikes it brings out the best and the worst in man. There are thousands of people representing hundreds of organizations that are heading for the Texas coast to assist potential disaster victims. Then there are those racing south to hunt FOR victims in a less-humane sense. Better Business Bureaus along the coast are already reporting that hordes of itinerant building contractors and others are moving in to take advantage of the situation. The most unique scam to surface due to hurricane Gilbert is the "wind insurance" scam. Individuals representing themselves as being with legitimate casualty insurance companies are selling "wind" policies to the terrified residents. Of course, no legitimate insurance company could sell storm insurance after a storm has formed. These schemmers simply take the money and disappear.

Livestock Meeting

cont. from pg. 4

A motion was made to have 2 persons nominated for each office in the Association. Motion was seconded. Motion failed.

A motion was made to elect 9 directors for the Association. From these 9 directors the President, Vice-President, Secretary and Treasurer would be elected. All directors would serve for 3 years, except for this first year. This first year, 3 would serve for 3 years, 3 for 2 years and 3 for 1 year. The motion was seconded and passed.

A motion was passed that the officers would be elected from nine directors by the general membership.

The election of directors was held and the following were elected:

Jerry Stone
Scott Clayton
D. M. Parks
Ben Miller
John Anderson
Joe Belew
Van York
Monty Smith

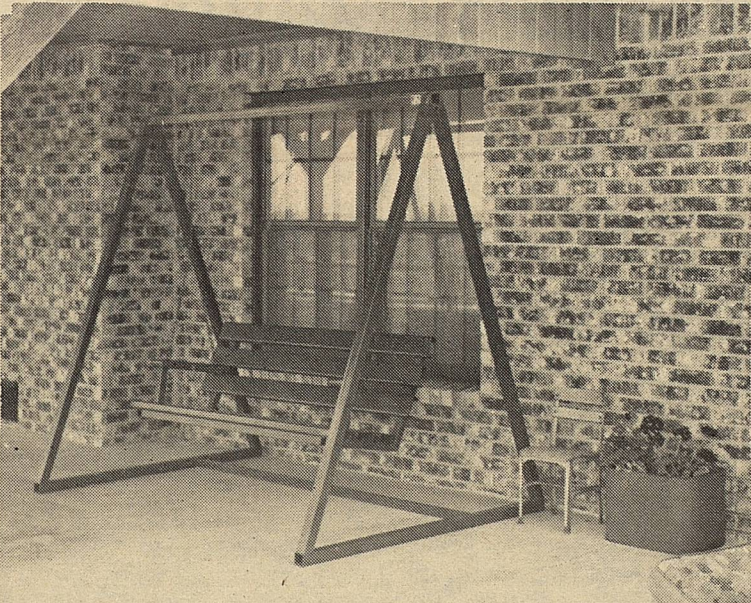

The election of the officers was held and they are:

Kenny Hensley - Pres.
Joe Belew - Vice-Pres.
Van York - Secretary
Jerry Stone - Treasurer

A draw was held by the directors for length of terms. The three year directors are Jerry Stone, D.M. Parks and Ben Miller. The two-year term directors are Scott Clayton, John Anderson, and Monty Smith. The one-year directors are Kenny Hensley, Joe Belew and Van York.

The meeting adjourned.

Kenny Hensley

A porch swing made by Mr. Hurston "Buck" Lemons and donated to Borden County Turf Fund.

PORCH SWING DONATED

BORDEN COUNTY TURF FUND

The "Coyote Opry" will be held Saturday, October 1, 1988 at the Borden County Show Barn.

Local and area talent will be on hand to offer enjoyable music and Borden County's finest cooks have donated pies, cakes and cobblers to be auctioned in support of the Turf Fund.

Also Mr. Hurston "Buck" Lemons has donated a porch swing that he has constructed himself for chances to be sold by

4-H'ers and supporters of the Jr. Livestock Association in support of the Turf Fund.

This project exemplifies the work of Mr. Lemons and his support of the youth of Borden County is certainly appreciated.

Chances may be purchased for \$2.00 each or 3 for \$5.00. All directors of the Jr. Livestock Association may be contacted to purchase chances on this porch swing.

WEDDINGS OUTNUMBER

DIVORCES BY 2 TO 1

Every year, there are about half as many divorces as marriages in Texas, according to the Texas Department of Health's Bureau of Vital Statistics.

And Leland Carmichael, statistician for the bureau, said the ratio of divorces to marriages has been nearly constant for several years.

In 1987, 188,315 marriages were performed and 95,098 marriages were dissolved in Texas according to Carmichael. The previous year, there were 194,777 marriages and 98,405 divorces in the state.

The most numerous age group of people getting married was 20-24 for both males and females (54,414 men and 55,926 women). Divorces were more common in the 25-through 29-year-old age group, where 20,413 men and 21,793 women were divorced in 1987.

The largest number of divorces occurred during the first five years of marriage (38,578). Some marriages were particularly

short-lived since 5,703 divorces ended marriages of less than one year. In the very young age group, 33 males and 713 females ages 15 or younger were married. But divorces for them were not common in 1987. No males and only 7 females, age 15 or younger were divorced last year.

While 3,419 men and 1,830 women age 65 or older were married, 1,588 men and 869 women in the age group were divorced.

Nearly half (49.4 percent), or 46,933, of the 1987 divorces involved no children. And 24.4% (23,182) involved just one child. The total number of children involved in divorces last year was 83,569.

As would be expected, the largest counties recorded some of the largest numbers of marriages and divorces, with Harris County leading in both categories. Among the leaders were:

COUNTY	MARRIAGES		DIVORCES	
	1987	1986	1987	1986
BEXAR	11,620	12,994	7,234	7,754
DALLAS	19,378	20,452	12,895	12,940
EL PASO	7,525	7,349	3,036	2,974
HARRIS	29,826	30,280	17,361	18,467
LJUBOCK	2,389	2,456	1,507	1,511
TARRANT	12,541	12,600	7,602	7,837
TRAVIS	6,935	7,464	3,577	3,415
BELL	3,258	3,374	2,085	2,090

the Rotary Youth Leadership Program and church summer camp youth counselor. I also served on the committee which developed the Alternate School for Big Spring," Avery added.

"We should look to the future for our area but never forget our past," said Avery, referring to the elderly in our area. "Our parents have played an important role in our current success. That is why I have worked to improve their quality of life by serving on the Permian Basin Regional Aging Board and the United Way," Avery said.

"We have a chance to elect a person who will be a strong voice for our area of West Texas in the Legislature and who has a proven record of getting things done. I am that person. I ask for your vote and support in the effort. I will be a Representative who will listen and be heard," Avery continued. "That is the kind of effective leadership this area needs. We don't need politicians who tell us

what is good for us and then who are isolated in Austin without an effective voice for West Texas."

"Instead of telling people what they should do, I am going to listen and exchange views with the people of this district so we can work together on problems," Avery emphasized. "After I am elected I will continue to listen, but just as important, I will use the extensive network with people like Senator Bentsen Congressman Stenholm and Senator Sims and Montford to make sure we have a strong voice in Austin"

"I invite everyone interested to come to these town hall meetings and participate in their government," Avery concluded.

SHERIFF'S NOTICE OF SALE

THE STATE OF TEXAS }
COUNTY OF Borden }
WHEREAS by virtue of Writ of Execution
Issued out of the 140th District
Court of Lubbock County, Texas, on the 19th day of August
1988, In Cause No. 84-504915, where KEN BABCOCK, INC.

was/were Plaintiff
and FRANK G. WOODSIDE DBA WOODSIDE OIL COMPANY
was/were Defendant, on a judgment rendered in said Court against Defendant and in favor of the said Plaintiff, for the sum of SEVEN THOUSAND FOUR HUNDRED FIFTY NINE AND 75/100 DOLLARS, with interest thereon at the rate of 12 per cent per annum, from date of judgment, together with all costs of suit; I did on the 25th day of August, 1988, at 9:00 o'clock A.M., levy upon the following described lots, tracts and parcels of land situated in Borden County, Texas, as the property of Frank G. Woodside and/or Woodside Oil Co.

to-wit:
Being all of the SE/4 of the NW/4 of Section 47, Block 25, H. & T.C. RR Co. Survey, Borden County, Texas, and containing 40 acres, more or less, at any and all depths between the surface of the Earth and the depth of 7,255 feet below the surface.
Property is also known as Griffin No. 1 due to a well situated thereon.

and on the 1st day of November, 1988, being the first Tuesday of said month, between the hours of 10 o'clock A.M. and 4 o'clock P.M. on said day, at the courthouse door of said County, and I will offer for sale and sell at public auction, for cash to the highest bidder, all the right, title and interest of FRANK G. WOODSIDE and/or Woodside Oil Co. in and to said above described property.

Witness my hand this 16th day of September, 1988

Mauman Sneed Sheriff,
Borden County, Texas
By _____ Deputy

*The description of the property shall give the number of acres, original survey, locality in the county, and the name by which the land is most generally known, but it shall not be necessary for it to contain both notes
