WE'D LIKE YOU TO RESERVE THE WEEK OF SEPTEMBER 17th FOR A MIRACLE.

George Washington said its creation was "little short of a miracle." James Madison said, "It is impossible for the man of pious reflection not to perceive in it a finger of that Almighty hand," when describing the process that created it.

Washington and Madison were commenting on nothing less than the document that created our government: The Constitution of the United States. The Constitution is the foundation of our country and the means by which we achieve the rule of law and protect our freedom.

The week of September 17th is Constitution Week. Many libraries will have displays and information on this incredible document.

Why not take a look at it. After all, it isn't often you can hold a miracle in your hands.

To get your copy, send your name and address to: Bicentennial Commission, 808 17th Street, N.W., Washington, D.C. 20006-3999.
