ROD JETER son of Rod & Carolyn Jeter.

SHANE KEMPER son of Bruce & Brenda Kemper

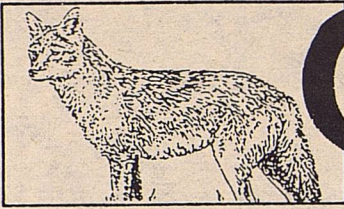

JIMMY RIOS son of Sylvia Rios.

PAUL STURDIVANT son of John and Beverly Beatty.

COLE VESTAL son of Tom Ed and Barbara Vestal.

COYOTE NEWS

HOMECOMING WEEK PRODUCES WINNING EFFORTS

The Borden Coyotes won all three games during Homecoming week. The Coyote Junior High team were the first to play, and they beat Trent in a big way -"54-8". The High School J.V. game followed, and they proved victorious in a hard fought 26-13 win. The Borden Varsity squad took the field Friday night against the 3-1 Klondike Cougars. The Coyotes won a squeaker 26-25.

The Coyote varsity team was behind in statistics all the way. The Cougars had 13 first downs, Coyotes 10, the Cougars had 421 yards total offense,

Coyotes 369. The Cougars greatest downfall was 3 interceptions and 2 fumbles recovered by the Coyotes.

Jimmy Rios carried the ball 16 times for 143 yards and 2 touchdowns. He also completed 2 of 5 passes for 70 yards and one touchdown. Jimmy had 1 interception on defense and 10 tackles.

John Paul Harris carried the ball 9 times for 58 yards and one touchdown. He also received a Rios pass for 60 yards and a touchdown. He picked off a Cougar pass for an interception.

Cole Vestal caught 4 passes for 55 yards. He recovered a Cougar fumble and made 16 tackles.

Shane Kemper completed 7 of 10 passes for 76 yards. He also picked off a Cougar pass in the end zone to stop a scoring drive.

At first the game looked bleak for the Coyotes. Klondike took the opening drive 65 yards in four plays for a touchdown. However, the Coyotes got on the board with a 29 yard run from Jimmy Rios and a kick by Shannon Smithie was good to advance the Coyotes to a 8-7 lead. The Cougars took the lead away in the second quarter and made it 8-13. The Coyotes could not stand for that, and John Paul Harris made a 25 yard touchdown scamper to the end zone. The PAT was no good, and the score was 14-13. Just before the half, Jimmy Rios could not be outdown by John Paul, so he ran 70 yards to the end zone to cap off a one play scoring

COYOTE CHEERLEADERS WITH COACH AVERY DURING BON-FIRE FRIDAY NIGHT.

J.V. COYOTES BEAT TRENT GORILLAS

The High School J.V. game was a close one also. The Trent Gorillas proved to be a tough match for the Coyotes. The scored did not come easy but the Coyotes managed to put 20 points on the scoreboard to the Gorillas' 7.

Kirk Jones scored first on a running play from the line of scrimmage. The one point PAT was made by Armando Carrizales, and the score was 7-7. Clint Wills was the next to score. The PAT was no good, and the score was 13-7. The score remained the same until the 4th quarter. Justin Jenkins intercepted a Gorilla pass, and ran it back

drive.

The Coyotes were the first to score in the second half when Jimmy Rios hit John Paul Harris on a 60 yard touchdown pass. The PAT failed, and the score was 26-13. The Coyotes held off the Cougars until the 4th quarter. Two 4th quarter touchdowns almost proved fatal for the Coyotes. The Cougars did not produce a PAT, and the Coyotes held fast for a 26-25 victory.

JR. HIGH PUPS WHIP GORILLAS

The Junior High Coyotes football team seem to be able to do everything right. It was another game where everyone played a lot, and everyone had fun. A.J. Romero scored three touchdown's including a kick off return for a touchdown. Chris Myrick caught a pass for a touchdown from A.J. Romero. Virgil Glaze caught a pass for a touchdown from Kurt Hess. Bucky Williams scored 2 touchdowns, and Desmond Acosta scored one. The final score was 54-8. Again, it was a game where everyone was happy because everything worked well and everyone got into some action.

CHALK TALK BY COACH AVERY

I would like to thank everyone that took part in our Homecoming activities this week. The spirit was great, and it really payed off for the ball teams. The bon fire, cheerleaders, booster club and band were all great. The combined effort of everyone involved boosted the football team to a victory. The athletes need to know you are behind them, and that you want them to perform well. When our crowd gets loud and shows they are behind the Coyotes, it boosts them to put out that extra effort,

and that extra effort is what wins football games. When the crowd get excited it helps us get excited and makes it all seem worthwhile.

Thank you for your support, and keep it up. Our next game is at home with Hermleigh.

We will work hard to repeat the win of last Friday, but hopefully the score won't be quite as nail-biting close.

Oh'Yeah! great job band with "Wipe Out" at half time, that really boosted the team to play the second half. IT WAS GREAT!

CLASS OF '80 HOMECOMING REUNION: Seated L-R: JANNA LOVE, MAYME (MCLAURY) PIERCE, KAREN WILLIAMS, GLYNDA (BURKETT) SCOTT, and CARLA (JONES) SANDUSKY. Standing L-R: TIME TAYLOR, TROYCE WOLF, TRAVIS RINEHART, DAVID SMITH CRAIG PETERSON and BEN MURPHY.

The class of '80 met in the conference room at Borden County High School. They served themselves at a table laden with delicious finger foods and punch prepared by their mothers.

The room was decorated in the school colors with balloons and streamers. A large red silk flower arrangement in a straw basket was the focus of the food tables. School pictures and class work adorned the walls for all to see and enjoy.

After the class members, their families and friends enjoyed the food, they got down to business. Which was to reminisce about good old times and catch up on the news of the new times. The class members also filled out an information form letting interested people know a little about where they live and what they are doing.

Janna Love lives in College Station and claims Hurley, Roadie and Malcomb as her dependents. She works

for USDA Research Tech.

Mayme (McLaurey) Pierce lives in Iowa Park with her husband and stepchild. When she has some free time from her selling and bookkeeping, she trains horses.

Karen Williams is a retail manager in Amarillo. Her dog "Baby" is not only her hobby but also her other job.

Glynda (Burkett) Scott and her husband Mark live and work in Lubbock. When Glynda isn't reading or "goofin' off" she is a highly qualified pharmacist.

Carla (Jones) Sandusky lives on a ranch with Grant. They are expecting their first child. Carla has time until after the baby's birth in November to indulge in her hobby of reading.

Tim and Marion Taylor live in Gail with their three children; Sterling, Schyenne and Rusty. Tim enjoys playing the guitar when he has time after work.

Troyce Wolf keeps very busy as an attorney for a firm in Big Spring. Although he is still single, he dates an attractive woman by the name of Julie Miller. Troyce enjoys travel, tennis, golf and scuba diving as his hobbies.

Travis Rinehart is a ranch foreman on a ranch near Gail. His

hobby of team roping is something he enjoys in connection with his occupation.

David Smith is another class member in the retail management business. He works and lives in Fort Worth. Antique restoration, gardening and motorcycling are among his favorite hobbies.

Craig and Terri Peterson live in Big Spring with their son Taylor. Craig farms and Terri is a school teacher. They have fun water skiing, snow skiing and hunting.

Ben Murphy is a CPA in Snyder. He and his wife Debra have two sons; Wesley, age 5,

and Brady, age 1.

Ben helps hold an annual Basketball Tournament. He also enjoys video recording and making video movies.

The class members also filled out ballots asking the questions of "who has changed the most" and "who has changed the least". After tabulation, Troyce Wolf was voted "Most changed" and Glynda Scott was Voted "Least changed".

Saturday, following Homecoming night, the members and their families did more visiting and eating at a restaurant in Snyder.

OCTOBER SCHOOL BOARD MEETING

THE BOARD OF TRUSTEES OF THE BORDEN COUNTY INDEPENDENT SCHOOL DISTRICT OF GAIL, TEXAS WILL MEET IN REGULAR SESSION ON MONDAY, OCTOBER 15, 1990 AT 8:00 P.M. IN THE BOARD ROOM.

LET ME GET MY HAT

BY DENNIS POOLE

OCTOBER PRODUCE DISCOUNTED

Texas consumers will find Halloween items -- pumpkins, candy, apples and other trick-or-treat goodies -- among certain meats and produce discounted at supermarkets in October.

The largest sales volume builders will be pumpkins and candy.

Other hot items, will be Halloween party food supplies and costumes, not necessarily for children's parties.

During the 1980s, Halloween became an adult event. Food stores will merchandise snack foods, soft drinks, beer, chips and pretzels for adult party needs.

Pumpkins should be in ample supply as Texas growers swing into a harvest that is just starting. Pumpkins were planted on about 2,000 acres across the state this season.

On the Texas High Plains, Floyd County, a leading pumpkin producing area, is gearing up to observe its "Annual Punkin' Day Festival" Oct. 27 in Floydada to focus attention on the economic importance of about 800 acres of the golden-orange crop.

This season's pumpkin crop also looks good in the High Plains counties of Bailey, Hale and Lubbock, where a considerable tonnage of pumpkins and some ornamental squash and gourds are grown.

Pumpkin supplies will be larger than during recent drought years, but this doesn't mean that consumers should wait until the last minute to get that "perfect pumpkin."

Prices on pumpkins will be about the same -- or slightly less -- than for the last two years.

Look for sales on pumpkin pies, muffins, bread and other pumpkin food items. Some food stores will merchandise tie-in items, such as pumpkins for jack-o-lanterns and pies.

October is National Apply Month and a top apple production month as well.

Several apple varieties will be featured in produce sales during October. Look for a tie-in at the store bakery where baked apple products also will be on sale.

Sure to be part of the month-long apple promotion will be apple pies, strudel, dumplings, turnovers and relate items.

Other October produce on sale will be cucumbers, cauliflower, onions, broccoli, potatoes, brussels sprouts, bell peppers and squash. Honeydew melons and okra will be featured early, then phased out as supplies diminish.

Coming into markets this month will be oranges, grapefruit, sweet potatoes and cranberries. Promotions will remind consumers that the citrus season is beginning.

Beef chuck steaks, chuch roasts, round and sirloin steaks will continue to be sales specials. Also discounted will be pork roasts, pork steaks and breakfast sausage.

Turkeys will be discounted in October, but certainly not to the extent they will be in November. Watch for food advertisements for 'free' turkeys that will require proof that a shopper has spent a set amount to qualify for the bird.

At seafood counters, canned tuna will frequently be priced

from 39 to 69 cents a can, depending on retailers' specific minimum purchase amount requirements. Look for sales on whole catfish and filets, orange roughy, shark and cod.

Other promotions will focus on October-fest celebrations, with such German foods as sauerkraut, cheese, beer, sausages and salads placed on special, and Columbus Day, with sales on such Italian foods as pasta, pizza, mixes and breads.

With colder weather ahead, cough and cold products will be discounted at some supermarkets this month.

Families may want to purchase these medications while they are on sale.

SAVE NOW FOR COLLEGE EDUCATION

Next to buying a house, a college education is the most expensive big-ticket item facing the average family.

If you have a 10-year old, plan on saving roughly \$29,000 by 1998 to cover such costs as tuition, books and room and board.

This estimate assumes that you'll be paying half the costs and that your child will go to a state university in Texas. But you'll need to save much more if your child doesn't receive any scholarships, doesn't pay part of the college bill, or goes to a private school where tuitions usually run higher.

That amounts to an annual savings goal of about \$2,200 per year, assuming you can get 6 percent on your money after taxes.

If your child is 1 year old, you have 17 years to save, but college costs are expected to be even higher -- roughly totaling \$54,000 for parents planning to pay half the expenses.

Today, people use a combination of loans, savings and work-study to pay for college. Many parents pay educational costs out of their current income -- some taking additional jobs.

Government bonds are one type of investment that guarantee complete safety. The United States Series EE Savings Bonds for College are good choices for financing education. They can be tax-free and purchased to market-based rates. Interest rates for the bonds vary with the market rate, but go no lower than the market rate set at the time of purchase.

Stipulations for these bonds include:

When you use EE bonds to pay for higher education and your taxable income is below \$60,000, bond income is tax free, but the federal tax break phases out at a joint income of \$90,000.

They must be redeemed in a year the owner pays qualified educational expenses (tuition and fees, but not room and board).

Interest is fully exempted only if the qualifying tuition and fees paid during the year are equal to, or more than, the redemption proceeds. Otherwise, exemption is proportional to the percentage value used for tuition and fees.

Certain records must be kept for income tax purposes.

Other options for financing college education include zero-coupon securities, mutual funds, children's custodial accounts and insurance policies. However, there are risks and limitations involved, and a prudent investor should check with a professional who specializes in financial aid is available and how to qualify for such options as loans, work-study programs and grants.

High school guidance counselors have a wealth of reference material on college programs and costs. Most public libraries keep current references of U.S. colleges and universities.

The saying that "education pays" is still true. Figures from the U.S. Census Bureau show that what

INTELLIGENCE REPORT

***** WARNING TO PARENTS *****

A form of TATTOO called the "BLUE STAR" is being sold to school children.

DESCRIPTION:

- 1 - It is a small sheet of paper containing "BLUE STARS".
2 - They are the size of pencil erasers.
3 - Each star is soaked with LSD.

THE DRUG CAN BE ABSORBED THROUGH THE SKIN SIMPLY BY HANDLING THE PAPER

There are also brightly-colored paper tabs resembling postage stamps that have pictures of the following:

- ** SUPERMAN
** BUTTERFLIES
** CLOWNS
** MICKEY MOUSE
** OTHER DISNEY CHARACTERS

EACH ONE IS BOX-WRAPPED IN FOIL

This is a new way of selling acid by appealing to young children.

A young child could happen upon these and have a "FATAL TRIP". It is also believed that little children could be given a free "TATTOO" by other children who want to have some fun by cultivating new customers without the child's knowledge.

A "STAMP" called "RED PYRAMID" is also being distributed along with microdots in various colors.

Another kind of "WINDOW PANE" which has a grid that can be cut out is another kind that is being distributed.

THESE ARE LACED WITH DRUGS

Please advise your neighbors, friends, relatives and children about these drugs! If your child gets any of the above, DO NOT HANDLE THEM!! These are known to react very quickly and some are laced with strychnine!

SYMPTOMS:

- 1 - HALLUCINATIONS
2 - SEVERE VOMITING
3 - UNCONTROLLED LAUGHTER
4 - MOOD CHANGES
5 - CHANGE IN BODY TEMPERATURE

**PLEASE FEEL FREE TO REPRODUCE THIS ARTICLE AND DISTRIBUTE IT WITHIN YOUR NEIGHBORHOOD. GET THE WORD OUT ABOUT THIS DANGER TO YOUR CHILDREN! **

people earn is a direct reflection of their level of education.

In 1987, census figures indicated that high school graduates earned an average income of \$12,000, while college graduates earned \$22,400 and those with master's degrees earned \$30,600.

The Borden County E.M.S., Extension Program Council, and Extension Home Economics committee have been busy planning the Health Fair and Blood Drive to be held in the school Cafeteria on Friday, October 12 from 2.00 - 6:30 p.m.

This year several new features have been added to the Health Fair. The Borden County E.M.S. will be set up to do blood pressure checks and will have their new heart monitoring equipment set up for viewing and will run short strips on request. We will have free hearing and glaucoma tests. Mickey Simms, representative from Poka Lambro will be available for questions on the new services available to our area. Charles Davnheim, from Midwest Electric Coop. will have a booth for safety information.

A representative from Pioneer will have an emergency alarm system set up for show and will answer questions about emergency alarm systems. Emergency alarm systems are for the

elderly or handicapped that live independently. The alarm system is worn strapped to your waist, or wrist and has a button you can push if you should happen to fall or are not able to get to the phone. This sends a signal through the phone company to two phone numbers you have selected and someone will come and check on you. If both parties should be out, the alarm system automatically dials emergency aid.

Don't forget we will also have Childrens' fingerprinting by the Borden County Sheriffs' office and Blood Sugar and Cholesterol tests by L&H Drug.

Exhibits will include:

1. Youth Exchanging with Senior Citizens
2. Water Quality and Conservation
3. National 800 lines
4. Poison Prevention
5. Cancer Society
6. March of Dimes

We of the Borden County emergency Medical Service would like to express to you our appreciation of your generous contributions. Your donations will be used to better equip the ambulance so as to better serve you and all of Borden County if and whenever needed. Thank you!

Memorials may be sent to the following address:

September 1990

| | |
|------------------------|--|
| IMPORTANT DATES | Oct. 4 Begin nomination by petition. |
| | Oct. 29 Last day for nominations by petition. |
| | Nov. 23 Ballots mailed to eligible voters. |
| | Dec. 3 Last day to return voted ballots. |
| | Jan. 1 New committee members/alternates take office. |

☆☆☆☆☆☆ Nominate and vote for farmers of YOUR choice. ☆☆☆☆☆☆

YOU AND YOUR COMMITTEES County and community ASC committees administer ASCS farm programs at county and community levels. County ASC committees are elected by eligible farmers.

VOTE The election of responsible farmers is important to ALL farmers. Farm programs administered by county ASC committees include:

- commodity price support loans and payments;
- establishment of allotments, yields, and marketing quotas;
- grain reserve;
- conservation cost-sharing;
- incentive, indemnity and disaster payments for some commodities;
- other farm disaster assistance.

In addition, county ASC committees hire County Executive Directors.

WHO CAN VOTE Farm owners, operators, tenants and sharecroppers, of legal voting age, can vote if they are eligible to take part in any ASCS program. Check with your ASCS office for voting requirements.

NOMINATIONS A petition signed by three eligible voters is needed to nominate a farmer-candidate. A statement must be included that the candidate has agreed to serve if elected.

ALMOST ANYONE ELIGIBLE TO TAKE PART IN A COUNTY ASCS PROGRAM MAY BE A CANDIDATE FOR THE COMMITTEE.

One of the committee's nominees must be from a minority group or a female (or both) if the county has five percent or more minority or female farmers, and none were nominated by petition.

DON'T MISS OUT ON VOTING The 1990 election will end December 3. Ballots will be mailed at least 10 days before the election and must be returned or post-marked by December 3.

This Program or Activity will be Conducted on a Nondiscriminatory Basis Without Regard To Race, Color, Religion, National Origin, Age, Sex, Marital Status, Disability, or Political Affiliation.

DELINQUENT TAXES

Mr. Royale D. Leyis, Sheriff, Tax-Assessor Collector and Chief Appraiser met with the Court to discuss the collecting of delinquent taxes under the contract with the delinquent tax attorneys. Van York, County Judge, will write someone from the firm of McCreary, Veselka, Beck & Allen, P.C. to meet with the Court.

CURRENT ACCOUNTS

Current accounts were examined. Commissioner Wolf made a motion to approve said accounts.

(CPR) NEWS

Office of Management and Budget (OMB) did sequester the CRP program for FY 1991 (as it did in FY 1990, when no reduction was ultimately necessary because of excess carryover funds).

Until the budget agreement was announced Sept. 30, the possibility of a reduction was very real. In fact, a until legislation to implement the budget agreement is law, and final FY 1991 appropriations are in place, full payment cannot be guaranteed.

Payments cannot be made on October 1 because we must wait for the final CRP appropriation to be enacted. We anticipate that this may occur about October 20. Following enactment, the law requires that the funds be apportioned by OMB. While no problems are anticipated, we must deal with these procedural hurdles.

ASCS regrets the necessary delay of these important payments and hopes to make 100% of payments due, possibly as early as November 1.

Motion was seconded by Commissioner Currey.

Voting For: Commissioners Currey, Smith, Wolf and Lemons

Voting Against: None

ADJOURN

A motion was made by Commissioner Wolf to adjourn. Motion was seconded by Commissioner Currey and approved unanimously.

THE FOREGOING MINUTES READ AND APPROVED THIS THE 8th DAY OF OCTOBER, A.D. 1990.

OCTOBER: ENERGY AWARENESS MONTH 1990

Your car runs on it. Your house cools with it. Your lights glow with it. In sum, your life depends on it. Energy--important to our lives, but often taken for granted.

Rarely do we think about our energy sources or where they come from. During October, Texans are encouraged to learn more about energy during National Energy Awareness Month. This year's theme is "Energy: Plan It for the Planet, emphasizing the need for global, as well as national, awareness.

This year energy awareness is especially important. Events on the other side of the world are directly affecting each of us. Iraq's invasion of Kuwait and the ensuing crisis have caused our gasoline prices to rise dramatically over the past few months. Again, we are reminded of the extent of our energy dependence on other countries. Energy Awareness Month is designed to help Americans remember the importance of using energy wisely and efficiently.

Each year, government organizations sponsor events to observe Energy Awareness Month. In addition, businesses, schools, private organizations, and civic groups statewide are encouraged to promote energy awareness and education to their groups or associated through contests, recycling programs, lectures or similar activities.

Second, put this knowledge to use by initiating energy conservation measures in your home, car,

recreational vehicle, school, or work place. Practicing energy conservation measures also will save you money.

For more information about sponsoring an event or ways to save energy, contact the Texas Energy Extension Service on the toll-free Energy Hotline at 1-800-643-SAVE.

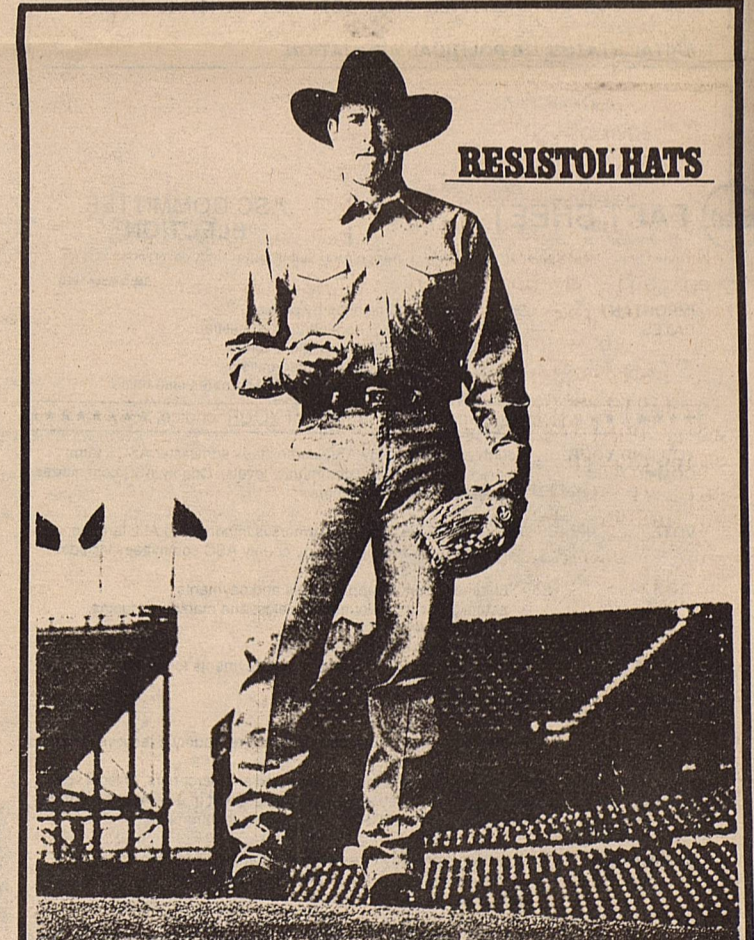

Publications, speakers, audio/visuals, the Energy Awareness Month posters are available from the Texas EES also. The Texas EES is a program of the Governor's Energy Management Center.

TO BE FORMALLY INSTALLED

The El Paso, Texas, Management Sectional Center of the US Postal Service is formally installing Glenda B. Akins as Postmaster of Gail, on Thursday, October 18, 1990, at 10:30 A.M. in the Gail Post Office.

The swearing-in will be administered by Joan Clifford, Acting Director, Field Operations, El Paso Management Sectional Center. Accompanying Ms. Clifford will be Q. Jarone Batson, Director Human Resources.

Ms. Akins began her postal career in 1981 as a distribution clerk in Midland. She was a window clerk and acting supervisor in the Monahans Post Office before her promotion to the Gail Post Office. Ms. Akins is a native-born of Fort Stockton. She is active in civic and church organizations in her community.
