Higher Draft

Local Board No. 36, Executive Secretary, Mrs. Jewell Reaves, announced today that random selection number 184 is the highest lottery number reached in 1970, however, the board spokesman said, it may be necessary to go to a higher random selection number than the previous high number in order to satisfy the remaining 1970 draft calls.

Mrs. Reaves said that in compliance with the White House Executive Order announced recently, all registrants of Local Board No. 36 who hold the highest reached number or numbers below the highest reached number and who have not been issued orders for induction due to any circumstances, will be considered for carryover into the extended priority selection group if they are classified I-A as of December 31, 1970. Such young men will have their liability for induction extended for the first three months of 1971.

The local board spokesman said that the Executive Order states that registrants who held numbers above the highest reached number of Board No. 36 and are classified I-A on December 31, will be placed in a lower draft priority group on Jan. 1.
