

MOORE

Or Less

by Johnnie Moore

SHAY BUDDY, GOT A DRINK?

A drink of water we mean. One of those problems that we let slip up on us sometimes is confronting the citizens of this area. It is a problem which is real and one about which some constructive action must be taken and taken in a hurry.

Did you ever try drinking salt-water? It's not too tasty is it? Think, for a moment, if you will, what the effects of Plains getting salt water into its fresh water stream. Can you think of anything that would tend to kill a community any quicker than pollution of its source of drinking water? We certainly can't.

And yet, that very possibility is taking place all the time right here, every day of the week. Something has to be done about it too.

If you don't think the problem is a real one, talk to Howard Borland sometime. He doesn't even have drinking water at his farm which is located some few miles southwest of Plains. The reason? SALT POLLUTION. Mark those two words well, SALT POLLUTION, they could become mighty important to you.

There are other wells in the Plains area which also have either been ruined or severely damaged by this same thing.

The cause of all this pollution? Dumping salt water which is pumped out of the ground right along with a very high percentage of the oil that is pumped in this area. Something has to be done with the salt water, as it is actually less than useless to the oil producer. The present way of getting rid of the salt waste is to haul it away in tank trucks and dump it in any handy reservoir. Much of it is being dumped in prepared dirt tanks, calche pits etc. in the area.

Some of it is even getting dumped on our county roadways which has the worst effect on the roadbed that anything possibly could. But, aside from this slightly unethical practice, the water being dumped in the places provided for it is almost as bad. The reason? It is being dumped above our fresh water stream. The only place it can possibly go is down--to where? right into our fresh water stream.

Now what can be done about it? First the problem is to get the stuff dumped below our fresh water stream with the use of a disposal well drilled well below our fresh water supply.

A couple of Plains area citizens have already become concerned enough about the problem to ask some questions and do a little digging into the matter of how this might be accomplished.

Here is what they have come up with as to a necessary course of action. First the services of a recognized hydrologist must be secured to take a survey of the conditions in this area. Then the findings gotten in such a survey would need to be taken before the Railroad Commission is Austin in an attempt to get this area declared as one in which salt water must be dumped only in approved disposal wells, as has been done in several areas of the Southwest already.

I can almost hear what many who read this column will say about this procedure. "Man, that'll take months, maybe even a year or so." This is possibly true and this is only all the more reason why it must be started on immediately.

One major problem of course facing a group who would undertake such a project, which must be done, is financing. The project could cost up to \$5,000 or possibly even more, that is, to secure the expert and have him spend the necessary time in this area and then go wrangle with the RRC.

It'd say the price is pretty cheap compared with what Plains and this area has to loose, wouldn't you?

If you, your civic or social club or any organization to which you belong is willing to help in this very worthy and much needed undertaking, let us know.

A teen-ager can prove he is beginning to grow up by deciding it is more important to pass examinations than the car ahead.

From Carolina Highway Magazine: "Few things are more enjoyable than parking on what's left of the other fellow's nickel."

The Plains Record

Combined With The Yoakum County Review March 1, 1961

VOLUME 32

PLAINS, TEXAS THURSDAY, JANUARY 11, 1962

NUMBER 2

LAND WATER AND PEOPLE--Rod Duff, Secretary of the Board of Yoakum County Soil Conservation District is shown presenting one of the four books which were given by the local Conservation District. Above book is being presented to Norelle Sloan on behalf of the Plains Unit of Yoakum County Library. Others were presented to library in Denver City and to the Public School libraries of both cities.

Cowboys Win Consolation

With the beginning of district play for the Cowboys set for this Friday, the 12th, which is to open with a tilt on the home court against the Seagraves Eagles, a team which Plains is hot off the Tournament road with a very fine consolation win in the Seagraves tourney.

Plains' first opponent in the tournament, Morton, managed to squeeze by the Cowboys by a might slim one point. Despite a last stand rally by the Plains quintet. In the tilt, Plains raked up 38 points to Morton's 39. High scorers in the contest were Ronnie Hendricks who tallied 11 and Jerry Jones with 10.

Plains only committed 8 fouls and managed to sink 6 of the 13 free throws which they were awarded.

Going then to the consolation bracket, the Cowboys managed to down the Sundown roughnecks by a five point margin, final score on that one, 32 for Plains and 27 for Sundown.

Hendricks racked up 15 points in that tilt for the high scorer position once followed by Ernie Anderson with 9 points. The Cowboys committed 11 fouls in that contest and only sunk 6 of 19 free throw attempts.

In the consolation finals, Plains met an ominous opponent for the battle for the trophy.

Army-Bound Doctor Meets With C of C

Dr. Clyde Lynn, who is to report for active duty with the U. S. Army's 49th Division in Camp Polk, La. this week, met with the Plains Chamber of Commerce on Friday in the coffee lounge of Plains State Bank.

A delegation of some 12 members of the Chamber gathered with Lynn in the bank for what turned out to be mainly a question and answer period concerning possible future ways and means of citizens of the Plains area receiving medical services, while Lynn is in service.

Lynn's stay is expected to be at least nine months with the possibility present that a longer stay is possible, but not probable.

A doctor in a nearby city in New Mexico had been contacted but chances for his moving to Plains and starting a local practice seemed remote for the present at least.

The possibility is being considered, however, for that doc-

tor and another New Mexico physician to come to Plains two or three days each week to furnish area citizens with at least partial medical care. This of course, as most agree, is better than having no medical services available.

Dr. Lynn stated that if Plains was able to locate and secure a doctor that was known for practicing good accepted medicine that he would be most willing to make the clinic available to him along with the some 4,000 medical records that he has available on patients of this area.

Lynn went on to say that all he would expect in this regard would be for that doctor to pay the insurance payments, and utilities, to keep the building in good repair and to reserve for him, Dr. Lynn, his consultation room and one small storage room. Lynn said that all the facilities would be at the disposal of such a doctor if Plains were able to secure one.

Hobbs to Celebrate 50th Ann.

Mr. and Mrs. L. B. Hobbs will celebrate their Golden Wedding Anniversary Sunday, January 14, from 3 until 6 p.m., in the Club Room.

Mr. and Mrs. Hobbs were married January 10, 1912 at Madill Oklahoma. She was the former Miss Josie McBride. They have four children of which are two girls and two boys. Mrs. Margaret Parker of Plains, Deryl of Plains, Mrs. Cottoila Dumas of Andrews, and Grady of Comotta, Texas.

The Hobbs family moved to Yoakum County in 1925 and have resided in and around Plains since.

They have twelve grandchildren and five great-grandchildren.

(See picture on page 5.)

Letters to Congressman Circulate in Area

Thieves Nabbed By Olan Heath and R.J. VanLiew

Pee Wee Cisco was the victim of an early morning theft that took place in Plains on the 5th of this month about 4 a.m. on that morning.

Two AWOL soldiers from Ft. Carson, Colorado, Leonard B. Ricketson and Lawrence J. Wolak, originally from Chicago, Ill., had run off from their post in Colorado and had made it to Santa Fe, New Mexico, where they stole a 1955 Chevrolet belonging to Mrs. Clancey Moore of that city.

The two then drove that car to Plains, where they were spotted by night city policeman, R. J. (Junior) VanLiew, driving around in Plains at about 3 a.m. on the morning of Jan. 5.

VanLiew saw them after coming out onto the Denver City Highway from a Plains side-street then turn and go toward Brownfield at a very low rate of speed. He then began to follow the New Mexico car and attempted to stop them about five miles east of Plains on the Brownfield road, after having radioed Yoakum County Deputy Olan Heath about the situation.

Heath immediately came to the scene and as he was about a mile away Ricketson and Wolak brought the car they were driving to a very rapid stop, causing VanLiew to bypass them slightly. They then wheeled their car around in an attempt to head back toward Plains, only to be confronted with the oncoming Sheriff's department car,

which by this time had its red blinker light going.

With these conditions they got out of the car and Ricketson headed out across country on foot and couldn't be found. Wolak, though was taken into custody and a check on the car's registration with New Mexico authorities brought to light that it was stolen.

Very shortly after this Pee Wee Cisco notified the local sheriff's office that his car, which had been parked overnight in front of the Cisco home, was missing. Deputy Heath then immediately put a description of the stolen vehicle on the air at 10 a.m. That same morning, Wolak and the stolen Cisco car were both picked up by a Deputy near Frankel City.

The culprit and Cisco's '59 Chevrolet were returned to Plains and he, Ricketson, 18 years old, and his cohort Wolak, 19 years old, were given into the custody of Federal officials.

The pair were charged under the Dyer Act as they had transported the New Mexico vehicle across a state line. Trial for both thefts will be made concurrently in a federal court.

Fast work on the part of local law enforcement officers brought matters to a very speedy close and the cooperation of the area peace officers of other counties is a necessary weapon in combating crime.

Offer Health Clinic

An Immunization Clinic will be held in the Club room of the old court house January 18, from 3 until 5 p.m. The Clinic is sponsored by the South Plains Health Unit of which Plains is a member. Vaccinations fur-

nished will be 3-in-one, Polio, and Small-Pox. Any one is urged to take advantage of this if they have farm labors working for them, or do not otherwise have means of securing these vaccinations.

Bracero Labor Problem Aired

A special meeting of the Farmers & Ranchers Labor Contracting Association was held in the club room of the old courthouse in Plains on Thursday evening, January 4, beginning at 8 p.m.

Subject of the meeting was what can be done about the present crisis in the availability of farm laborers for this immediate area. Also the prospects of what might be done for making for a better understanding between and for a larger amount of cooperation with local businessmen was discussed.

2,000 letters were printed up so that all interested citizens of Yoakum County might be given the opportunity of signing them. The letters were pre-addressed to Congressman George Mahon and were urging that Bracero labor be made available for this area as power-driven machinery operators. Letters may be obtained for your signature by contacting most businesses in Plains or by calling Gayle Craft at GI 6-8338.

It was made known that area farmers have not as yet filed even nearly an adequate number of applications for farm laborers with the Texas Employment Commission in Brownfield. 500 copies of these applications were also made available and may be secured by contacting Mr. or Mrs. Pete

Duke Wins First Place

Again we have three winners for the basketball contest which is still in full swing sponsored by the The Plains Record.

A lot of interest is being created and is quite amusing as there has been several upsets as for as scores are concerned in the college games. Don't neglect to get your basketball contest pages in the Record, as you could easily be a winner.

Winners for this weeks contest are as follows: Wilson Duke, first with only three missed.

Rip Sewell, second with four missed, and Joe Urice of Denver City with five missed.

The truck mechanic's bossy wife was giving him a briefing on things he couldn't do at the party they were about to attend. His question was: "Well, dear, then what can I do at the party?"

She replied: "When they pass the food, say you're not hungry -- when they pass the drinks, say you're not thirsty..."

He cut - in with: "OK, sugar, but when the girls pass, can I ad lib?"

Dorthas Style Shop Represented At Showing

Attending the 1962 Summer Showing of the Western Wholesale Market Jan. 7 and 8 in Lubbock's Caprock Hotel, was Mrs. Dortha Gray of Plains.

With 57 exhibitors on hand and more than 300 area retail merchants attending from 56 cities throughout the South Plains, Panhandle, Permian Basin and Eastern New Mexico areas, show officials said it was one of the most successful showings in the history of the market.

The next market, set for May 20 and 21 in the Caprock, will be the annual Fall Showing.

The Western Wholesale Association is sponsored by the Lubbock Chamber of Commerce and Board of City Development.

Time for 62 Auto Inspection

AUSTIN--The Director of Texas Department of Public Safety, Col. Homer Garrison Jr., today urged motorists to secure their 1962 vehicle inspection stickers as soon as possible prior to the April deadline.

After that date, vehicles displaying the new inspection sticker will be operating in violation of the law and the operators of those vehicles will be subject to arrest, he said.

Garrison said approximately half of the inspection period has expired and only about one fourth of the vehicles in the state have been inspected. Unless the number of inspections is increased appreciably soon he added, long waiting lines will be forming at inspection stations as the April 15 deadline approaches.

"There are some 4,800 authorized inspection stations in the state and they are ready and capable of handling the inspection of all vehicles without delay if owners of the un-inspected vehicles do not wait until the last few days before the deadline," Garrison said.

He pointed out that vehicle inspected so far this year have fewer defects than have ever been noted heretofore. He said vehicle defects contributing to motor vehicle accidents in Texas is the lowest in the history of the state.

Our Face Is Red

We sure did goof last week. You probably noticed in the Plains State Bank advertisement that was announcing the addition of a special type savings account.

In this Saving Account, which you guarantee to leave your savings for at least a period of one year, you are guaranteed the interest rate of four percent on your money.

All went fine in the advertisement we took for granted from some background material which we had to give us a little insight into the best way to prepare this particular ad. The background material as well as other ad on this subject for other banks had stated several times that these special accounts could only be opened on a period from January 1-15 and July 1-15 of each year. This sounded feasible because of all the date to keep up with, but with red-dened faces we learned the Plains State Bank in its continual efforts to give patrons of this area the best possible service will accept these accounts at any time.

Better get around to see them. Seems to be a real fine return for your money on the safe terms that are available anywhere.

NEW TROPHY--Shown above is the consolation trophy won in the Seagraves tournament last week by the Plains Cowboys. In order to win it was necessary for Plains to beat both Sundown and Littlefield.

Carr Announces For State Office of AG

Wagoner Carr, former Speaker of the Texas House of Representatives, Thursday announced his candidacy for the Democratic nomination for Attorney General.

The announcement from his Lubbock law offices stressed the importance of the Attorney General's office in law enforcement, crime prevention and the creation of a healthy economic

climate in Texas. Carr recalled that in 1960, after two terms as Speaker, more than a half million Texans approved his record of public service by their votes in this race for Attorney General and said he believes his previous training and experience qualify him to do a good job. Carr was identified in a recent statewide poll as the leading contender for the Attorney General's post.

"My platform basically has but one plank-- strengthening our legal framework where needed, and more vigorous enforcement of those laws, once enacted," Carr declared. The 42-year-old former lawmaker and law enforcement official revealed plans for an intensive campaign leading up to the Democratic primary. He promised detailed discussion of the issues as the campaign develops.

"Much of the character and quality of Texas life for our families, our children, our businessmen, workingmen and farmers will depend upon the example of alert and responsible conduct of the Attorney General's office," Carr said.

"We cannot build or long maintain an attractive climate for economic growth unless we first preserve a healthy climate of respect for law and order. . . .

"I feel that it is of the utmost importance that the office of Attorney General be used effectively to control and eradicate the inroads of crime in our state. The office must be used to support and assist honest and conscientious local law enforcement officers rather than to override or overpower them. We must, likewise, use that office intelligently to add new strength to all the laws enacted by our Legislature, and the holder of that office must work cooperatively with our lawmakers to evolve the new laws required by changing times in this state."

Carr served five terms as a member of the House of Lubbock County, the last two as speaker. He is one of only three men in the history of Texas to be elected Speaker two consecutive terms.

As Speaker, Carr played a key role in setting up the Texas Law Enforcement Study Commission in 1957, chairmanned by Houston attorney John H. Crooker, Sr., which recommended sweeping revision of Texas criminal laws.

Born in Fairlie, Hunt County, Texas, Carr moved with his family to Lubbock County in 1932. He graduated from Lubbock High School and Texas Technological College. He received his law degree from the University of Texas and was admitted to the State Bar in 1947. Wartime service in the Army interrupted his legal studies.

Before going to the Legislature, Carr served as County Attorney of Lubbock County and Assistant District Attorney of the 72nd Judicial District. Carr and his wife, the former Ernestine Story, have one son, 12-year-old David. He is a lay leader and Sunday School Teacher at the First Methodist Church of Lubbock, and is a member of the Board of the South Plains Council, Boy Scouts of America, and is a member of the Lions Club, American Legion, Farm Bureau and the State Bar of Texas.

Card Of Thanks

The Plains Dirt Gardeners would like to express their thanks to all the people in this community for taking such an interested part in the campaign for the Cemetery Association. A final total turned over to the Cemetery Association by the Dirt Gardeners was \$355.00 as one name came in late. Mr. and Mrs. Dick McGinty's name was added to the list.

T.J. Bearden Issues Formal Announcement

T. J. (Thomas) Bearden, who announced his candidacy for the post of Commissioner, Precinct No. 4 last week, has issued the following formal state-

T. J. BEARDEN

ment in regard to that candidacy:

"I was born in Haskel County on January 23, 1921, and moved with my parents, Mr. and Mrs. J. C. Bearden, to the Plains area in 1922 where I grew up on the farm.

"I served with the U. S. Army during the second World War in the Army Corps of Engineers, where my duties included administrative and construction foreman assignments.

"I was discharged from the service in 1946, and since have been engaged in farming in this area. To supplement my income from dryland farming, I have also done various construction jobs, among which was to superintend several miles of Farm to Market Roads for Yoakum County Precinct No. 1.

I feel that I am qualified to give you the service that you as a fellow taxpayer and property owner deserve.

"Your consideration for my candidacy and your vote are each solicited and will be very sincerely appreciated.

"I now reside with my wife, daughter and son at 806 East 2nd Street in Plains. We would be very happy to have you come and visit with us and ask me any questions that you might wish in regards to my candidacy."

SOIL Conservation NEWS

New Conservation Plans both regular Soil Conservation District and Great Plains contracts are being worked out each week. New maps and plans on I. L. Smith and Wayne Williams farm are being completed. New maps for Johnny Sims and O. H. Moore farms are being ordered, so that Great Plains Contracts can be worked out. Sims is interested in establishing some midland bermudagrass.

H. V. Kenny and Jack W. Compton plans are being revised and made current. Burr spreading is being done on Barron Blair, Ray Bearden, I. L. Smith, Emmitt Campbell and Leon Clananah farms. Underground irrigation pipeline have been installed on J. W. O. Alldredge and Jimmy Cox farms. Underground irrigation pipeline have been staked for installation on James Wauson and R. G. Hartman farms. New Great Plains contracts have been approved for R. G. Hartman, V. R. Jones, Arnie Todd, Bessie McCravy, Tommy Holyfield and H. R. Henson. Books titled "Land, Water and People" we delivered to schools and libraries in Yoakum County, compliments of your local Soil Conservation District.

E.S. Bandy Announces

E. S. Bandy, in announcing his candidacy for re-election, issued the following statement. I, E. S. Bandy, would like to take this opportunity to announce my candidacy for re-election to the office of Justice of the Peace, Number One of Yoakum County, subject to the action of the Democratic Primary on May 5, 1962.

I have served the first three years of my first term and have enjoyed working with the people.

I would appreciate the support of everyone, in completing my first term, and sincerely ask your support for re-election.

E. S. Bandy

Mrs. Paul Loe Issues Formal Announcement

I wish to announce my candidacy for the office of commissioner of Precinct 4, and to ask your support in the forthcoming democratic primary.

I deeply appreciate the encouragement given by each of you for my appointment to the office upon the death of my husband. I have learned much about the office in the past months and will of course learn more with this experience, and by devoting fulltime to the office, I feel that I can satisfactorily do the job necessary for modern county government. I thank you for the coopera-

tion and understanding which you have shown me in the past, and I welcome any suggestions you may offer which will bring about a better, more efficient operation.

I will endeavor to see each of you, personally, before the primary and discuss any questions which you may have. Please feel free to call upon me at any time that I may be of assistance.

Again, may I earnestly request your support, and ask your vote on May 5.
Mrs. Paul Loe

36th Annual SPC Meet

Cliff Cummings, President, announces the 36th Annual Meeting of the South Plains Council to be held on Tuesday, Jan. 16, 1962. The meeting will be held in the Student Union Ballroom of Texas Tech College, beginning with the dinner at 7:00 p.m. Over 400 are expected to attend the meeting.

Highlighting this Annual Meeting will be the installation of new Council officers, report on the past year's accomplishments, presentation of the coveted Silver Beaver Awards to selected outstanding Scouters in the Council. Scouters and wives are expected to attend from towns all throughout the 20-county area that makes up the South Plains Council.

Mr. Cummings announced the principal speaker to be Dr. Albert E. Iverson, National Director of Protestant Relationships of the Boy Scouts of America. Dr. Iverson has had a wide experience as a Church leader and as a Scouter. He directs cooperative relationships between the Boy Scouts of America and all Protestant and Catholic Churches. In the Boy Scout movement he gives direction to a program of religious activities which includes chaplain service to Boy Scout Camps, church awards and many other phases of spiritual emphasis. Dr. Iverson was born and reared in Chicago. He served pastorates in the Lutheran Church and has been Executive Secretary of the Evangelical Lutheran Church of America. Dr. Iverson has served as a volunteer Scouter, too as a Cubmaster.

To Stay Or Not to Stay

The G. A. Y. Association will meet with the Plains Baptist Church January 18. Board meeting at 5:30, supper 6:30 and program at 7:30.

If you are interested in keeping the radio program from the Baptist Church on the air, would you please either drop a card to the church or call. We would like to have this information this week.

We will broadcast this week at the following times: Week-days, 7:30 a.m. - 9:00 a.m.; Saturday, 12:00 p.m. - 1:00 p.m.; Sunday, 8:00 a.m. - 8:30 a.m. Spanish Baptist Hour; 8:30 a.m. - 9:00 a.m. Baptist Hour; 11:00 a.m. - Worship Services; 2:00 p.m. Spanish worship Services; 4:30 p.m., Master control and Sunday School; and 7:10 p.m., Worship Services.

Johnny Castro the preacher for the Spanish speaking services is leaving us to attend school at the Mexican Baptist Institute in San Antonio. His brother, Albert, will take his place. Services will be held each Sunday at 2:00 p.m. at the Baptist Church.

Amazing Compound Dissolves Common Warts Away Without Cutting or Burning. Doctors warn picking or scratching at warts may cause bleeding, spreading. Now amazing Compound W[®] penetrates into warts, destroys their cells, actually melts warts away without cutting or burning. Painless, colorless Compound W, used as directed, removes common warts safely, effectively, leaves no ugly scars.

WORKING TO SAFEGUARD YOUR HEALTH...

In these uncertain times, it is a comfort to know that one institution remains strong and secure! Your doctor and your pharmacists... the great All-American health team.

CURRY EDWARDS

Scoutermaster, and many other positions.

Included in the new officers to be installed will be council president, vice presidents, seven Council Operating Committee Chairmen and Council Commissioner.

The South Plains Council served almost 8,000 boys in some 300 Scout Units during 1961. This Annual Council Meeting is the climax to each year's operation of the Scouting program in this area. Reservations may be made through the Council Service Center and also through the District Chairmen in each of the seven districts that make up the Council. Reservations should be in by January 13th at latest.

Farm Facts

A few years ago many fruits and vegetables were available only in season. A U. S. Department of Agriculture bulletin reminds us, however, that we can now enjoy crisp lettuce, garden-fresh sweet corn, tree-ripened peaches, and many other fruits and vegetables the year around.

This farm freshness comes to us as a result of modern marketing, handling, and transportation methods.

A carload of lettuce shipped from California to eastern markets used to consist of 20,000 pounds of lettuce and 40,000 pounds of ice. Vacuum-cooled lettuce now is shipped in refrigerated trucks and rail cars. Savings in packing and shipping more than offset cost of the new cooling method.

Improved handling and marketing not only give us better food but save us money on our food bill. New cooling and packaging methods cut shipping costs of Texas carrots by \$1 million a year.

Research on refrigerating California grapes brought savings of \$780,000 a year. Better refrigeration and containers cut tomato costs several million dollars annually.

Fine Arts Club Meets at Alma's

The Fine Arts Club met at Alma's Restaurant on Thursday evening, January 4, hosted by Mesdames Gus Malmsten and Tom McRae.

Following a delicious dinner, the members reassembled at the Malmsten home for the business meeting and program. In the absence of the president, Mrs. Pat Henard; the vice-president Mrs. Rod Duff called the meeting to order and presided over the business.

Mrs. L. O. Smith, acting as columnist in the absence of Mrs. Mollie Courtney, gave a very interesting report on a musical comedy currently playing on Broadway, "The Unsinkable Molly Brown" written by Meredith Wilson, adapted from the book written in 1955 by Richard Morris; depicting the fabulous stories about Molly and her husband, Leadville Johnnie Brown.

Mrs. Wallace Randolph, program director, gave an informative review of the aims of the Federation of Music Clubs which has a membership of more than six hundred thousand, distributed among more than five thousand clubs located in all our fifty states and the District of Columbia.

Mrs. Lee Roy McCravey conducted a "brush-up" on parliamentary procedure recommended by the Federation.

Mrs. Gene Young gave the history of the hymn of the month, "God Of Our Life" by Hugh Thomson Kerr.

The program was concluded with the singing of the hymn of the month and the Federation Hymn led by Mrs. Rod Duff and accompanied by Mrs. Jack Pierce.

Members present were Mesdames Clefford Anderson, H. F. Barnes, A. H. Bacon, G. W. Cleveland, Rod Duff, Thelma Ellis, Johnnie Fitzgerald, Bob Gentry, James L. Bozeman, Jack Pierce, Gene Young, Odus Walsler, Johnnie Moore, Virgil Wade, L. O. Smith, J. P. Robertson, Wallace Randolph, Gus Malmsten, Myrtle Patterson, and Lee Roy McCravey. The club was privileged to have Mrs. Larry Lockett as a guest.

Iota Pi Meets

Iota Pi met in the home of Velma Warren, January 2. Virginia Lendt served as hostess. A short business meeting was conducted by the president Velma Warren.

Games were played and refreshments were served to: Margaret Taylor, Florene Hays, Lois McGinty, Wanda Ashburn, Melba Duke, Elsie Carpenter, Jeanie Stroup, Barbara Smith, Dortha Gray, Velma Warren, Emma Lewis and the hostess Virginia Lendt.

Quick Relief of HEADACHE

For relief of headache, neuralgia and neuritis pains, take STANBACK'S combination of medically-proven ingredients compounded specifically to speed up pain-relieving action. Many doctors recommend the ingredients in STANBACK. Get genuine STANBACK Powders or Tablets—unconditionally guaranteed to relieve pain fast.

Tsa Mo Ga Presents "Conservation Countdown Program"

Club members were greeted by Mrs. Garland Swann, president at the first club meeting of 1962. The club "Collect" was repeated and allegiance to the United States and Texas flag was given by club members.

During the business meeting reports were given from the following members. Mrs. Cobb reported that approximately \$175.00 of good used clothing, dolls for Christmas and cosmetic articles had been given to Girl's Town and that they were very grateful for the Christmas box given from Tsa Mo Ga Club. Mrs. Hale stressed that Girl Scout leaders were in need to start the new year with the Girl Scouts. The club would like to extend the invitation to any mother wishing to help with Girl Scout work would contact Mrs. Swann.

Election of Tsa Mo Ga Club officers were held and the following were elected. Mrs. J. W. Moore, Jr. president; Mrs. Bill Loyd, vice president; Mrs. Johnny Moore, Jr., secretary; Mrs. Paul Cobb, treasurer; Mrs. Virgil Wade, corresponding secretary; Mrs. Kenneth Hale, reporter; Mrs. M. W. Luna, parliamentarian; Mrs. Harvey Stotts, critic and Mrs. Garland Swann, federation counselor.

Mrs. J. W. Moore, Jr., program director open the "Conservation" panel program with a Bible quotation from Genesis 1: 10-28. "And God said, let the waters under heaven be gathered together unto one place, and let the dry land appear; and it was so." In verse 28 we find after the creation of man that he was dominant over the sea and the earth; to be fruitful and multiply and replenish the earth and subdue it.

Mrs. Moore presented a panel discussion with members participating. In the absence of Mrs. Morris Lowe, Mrs. Moore gave pointers on "Water" conservation. Mrs. Robert Chambliss stressed that the "Land & Timber" can make the contribution to our welfare in the future that it has made in the past, only if we have full knowledge of its potential capacity and if we take thought about its best and how we can achieve better observation of our Land and Timber.

Mrs. Bob Blundell stressing "Parks", said one motive for preserving places of historic interest and natural beauty is to cultivate in our people the historic sense, the vivid realization of the life of our ancestors and all former inhabitants as a reality livingly pictured in the mind, not merely an abstraction read of in history books. That from the very beginning, Park Service has been protecting the fragile and irreplaceable, but at same time it has been building roads, trails, hotels, camp grounds and information centers so the people can come and enjoy the wonders that are protected for us.

Wife -- I went to cooking school before I got married. Hubby -- what did you do there, play bridge?

Is Change-of-Life Making You Only Half a Woman?

Special women's medicine can relieve "hot flashes", weakness, nervousness ... then you can enjoy life fully again! Has change-of-life left you so weak you feel only "half" alive? Suffocated by "hot flashes", constantly tense ... so you can't be an affectionate wife and mother? Don't despair! Lydia Pinkham's Compound can relieve both tension and physical distress! In doctor's tests, Pinkham's gave dramatic help—without costly shots! Irritability is soothed. "Hot flashes" subside. Then most women can go "smiling through" change-of-life without suffering! If change-of-life has left you only "half" a woman, get Lydia E. Pinkham's Vegetable Compound from druggists. See how fast you can feel "all woman" again!

SLEEP 8 HOURS—WAKE UP TIRED? When due to simple iron-deficiency anemia, take Pinkham Tablets. Rich in iron, they start to strengthen your blood in one day!

WSCS Meet In Church

The WSCS of the First Methodist Church met January 3, at 8 p.m. at the Church.

Mrs. Gene Payne gave the devotional on "Prayer". Mrs. Kenneth Hale began a series of studies on the new year. The title of the first was "The Morning of Suffering".

Mrs. Cretie Cheek served delicious refreshments of German Chocolate cake, punch and coffee.

There were ten members present for the meeting. They were: Mrs. H. F. Barnes, Mrs.

Cretie Cheek, Mrs. Jessie H. Mrs. Kenneth Hale, Mrs. R. Melxner, Mrs. Gene F. Mrs. L. O. Smith, Mrs. Jane Warren, Mrs. W. B. White, and Mrs. Charles Williams.

Shrinks Hemorrhoids Without Surgery Stops Itch—Relieves Pain

For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to relieve pain—without surgery. In case after case, while gently relieving pain, actual reduction (shrinkage) took place. Most amazing of all—results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!" The secret is a new healing substance (Bio-Dyne®)—discovery of a world-famous research institute. This substance is now available in suppository or ointment form called Preparation H®. At all drug counters.

Magazine Sees Possibility Of Record Year in 1962

1962 will be a good year -- possibly a record year -- with more jobs, higher pay and increased production, according to Changing Times, the Kiplinger Magazine. An article in the current issue of the magazine takes a look at the year ahead, and finds the economic picture especially bright.

The editors of the magazine predict that more jobs will be available, with the total number of people working in the 70

million range. "But joblessness will still be a serious problem," they note. "Unemployment will average out to about 4 million or a little more. The unemployment rate will drop from about 7 per cent to not much higher than 5 per cent.

"Production will soar -- industry will operate at 90 per cent of capacity or better, compared with a bit over 80 per cent in 1961. That means more of everything, from steel and aluminum to buttons and safety pins, will pour out of the factories. Gross National Product will rise to a rate of at least 570 billion dollars by the end of 1962 -- an impressive 6 per cent increase."

Pay will go higher, too, the magazine predicts. "But how much is a question. With profits rising and industry prosperous, unions will agitate for more money. Many employers will go along rather than risk interruption of output. But some may not -- notably the steel industry." And a major steel strike, the article cautions, could trigger a business drop.

But overall the upswing will be steady, at least until fall, for practically all businesses, the magazine concludes. "People generally will feel more secure. Economic danger signals, if they occur, won't be seen until year-end, when the possibility of a letdown is by no means remote."

Tax Return Requirements

Farmers and ranchers were reminded today that Monday, January 15, is the last day for filing their estimated federal income tax return for 1961, unless they plan filing their final return on or before February 15.

John J. Sloan, Administrative Officer, Internal Revenue Service, Lubbock, Texas, explained that those farmers and ranchers who file an estimated return on January 15 and pay the tax due thereon have until April 16 to file their final return and pay any balance of tax due. Otherwise, the law requires that they file their final return and pay the full amount of the tax due by February 15.

The IRS representative cautioned that this option is available to farmers and ranchers only. Tax law defines a farmer or rancher as one who earns two-thirds or more of his gross income from farming or ranching. He advised farmers and ranchers that if they filed a federal income tax return last year the necessary forms for this year will be mailed to them. For those who did not file, or for some other reason did not receive their forms in the mail, blank forms are available from any Internal Revenue office or from post offices or banks.

Everyone who had a gross income (not net) of \$600 or more during 1961 must file an income tax return with their IRS district director, whether or not any tax is owed. Only exception to this rule is that if you were 65 years of age or over at the end of 1961, you are not required to file a return unless your gross income was \$1,200 or more.

Needed assistance is available from Internal Revenue Service, both by telephone and in the office, but taxpayers are asked to complete their own returns as far as possible before contacting IRS.

Copies of the helpful, free booklet "Farmer's Tax Guide" are obtainable from IRS offices and agricultural agents.

Fat Cattle Market Up In December

Fort Worth -- The market for fed cattle during December was active with prices 50 cents to \$1.50 higher, according to the latest monthly summary published by the Cattle Feeders Division of the Texas and Southwestern Cattle Raisers Association.

The Summary pointed out that during the month there was a considerable volume of cattle sold by feedlot operators on contracts for delivery in January and February. Lloyd Bergsma, director of the Cattle Feeders Division, said the contract prices generally were in line with current price levels.

The largest volume of contracting was for cattle weighing 575-700 pounds, and most of them were expected to grade good.

Cattle weighing 900 pounds and up carrying an average grade of choice and above have been in short supply, but future contracting for this type cattle has been relatively light.

Rough weather during December contributed to a seasonally slow feeder cattle market. Prices for this class of cattle were uneven, but at the close of the month looked steady to strong compared to the previous month. A number of feedlots are in the market for replacement cattle, but the feedlot operators appear extremely reluctant

MR. TWEEDY by Ned Riddle

Recommend Early Planting

Early planting of corn has produced the highest yield and the least lodging in several years testing at the High Plains Research Foundation. Three dates of planting in the tests from 1958 through 1961 were: Early, April 8th to 21st; Medium, April 24th to May 5th; and late planting, May 21st to 31st. The average lodging for a three year period for the various dates of planting were: Early, 8.5%; Medium, 16.7%; and Late, 49.7%. Corn borer infestation at the Foundation was light in 1960 and heavy in 1961.

The Southwestern Corn Borer causes most lodging (falling down) of corn. This pest bores into the stalk, weakening it and causing the corn to fall. Early planting permits the stalk to grow strong before the first infestation of the borer, which usually occurs around the middle of June. The most desirable corn hybrids for early dates of planting have been found at the Foundation to be the medium or late maturing varieties.

The average early planting yields for the three year period, 1959, through 1961 for the early maturing variety was 104.5 bushels. In the medium date of planting the average yield was 133.4 and the late maturing was 141.0 bushels. In the medium date of planting the early maturing variety was 116.3 bushels; medium maturing was 137.5; and the late maturing was 138. The average yield of the late corn was for early maturing, 105.8; medium 107.5; and late, 99.6 bushels. Lodging was severe and yields were reduced on the late planting date for all hybrids.

The complete report with the charts and data will be mailed to Foundation supporters in the near future, Delbert Langford, Associate Agronomist, who conducted the tests at Halfway said in releasing the information. Mr. Langford said, "One would conclude that a medium or late maturing hybrid corn should be planted between April 8th & May 5th to obtain the highest yield with the least amount of lodging in this area.

Memorandum From Price Daniel

Governor Price Daniel said today that Texas closed the fifth year of its Statewide traffic safety crusade with the lowest number of year-end holiday traffic deaths in the past 13 years.

A total of 77 persons were reported killed in Texas traffic crashes during the ten-day holiday, designated as "Operation Deathwatch 1961" by the Texas Department of Public Safety. The ten days covered the period between 12:01 A.M., Saturday, Dec. 23, and 11:59 P.M., Monday, Jan. 1. The official DPS estimate had anticipated 88 traffic deaths during the period, lowest estimate made for any Christmas-New Year's holiday of any length since 1950.

The Governor was advised by the DPS that when it closed its books on "Operation Deathwatch 1961" at 11 a.m., Tuesday, the holiday death list carried the names of 77 persons, 11 fewer than expected and a reduction of 12 1/2 per cent over the estimate.

"We mourn the loss of the 77 who were killed, but I congratulate the people of Texas, law enforcement officials, news media, outdoor sign companies and all others who helped keep traffic deaths lower than usual," Governor Daniel said.

Highlight of the lifesaving campaign came on Tuesday, Dec. 26, when no fatal crash and no traffic death was reported anywhere in Texas. The month of December is noted for its high number of traffic deaths, the DPS reported, and this was only the fourth December since 1946 to record a "Deathless Day" anytime during the month. Never before has there been a "Deathless Day" in Texas traffic during an official year-end holiday period.

Of the 58 fatal collisions, 11 were responsible for a total of 30 deaths. Eight separate crashes took two lives each, another crash took four lives, and two others, one near Hearne and the other near Victoria, each took five lives.

The Victoria area collision between a car and a train occurred barely eight hours before the close of "Operation Deathwatch."

Governor Daniel said there was "no doubt in my mind but that the massive education campaign undertaken so willingly and wholeheartedly by the communications media of the State, the exceptional cooperation between local, county and State law enforcement agencies and the willingness of hundreds of thousands of drivers to drive carefully and legally brought about this unusual and heartening result. I am still sure that most of the people of Texas want to do the right thing in traffic. I feel that this particular campaign and its results are clear evidence of their active participation in a Statewide movement to save lives and reduce injury in traffic."

to pay the existing prices for feeder replacements. Many of them are waiting to see what effect movement of wheat pasture cattle will have on the market.

Stocker and feeder cattle at Fort Worth for the week ending

Four U. S. mobile Fleets, two in the Pacific and two in the Atlantic, provide the Navy's primary striking power.

Yoakum Oil News

New producer in Yoakum County's Ownby (upper Clear Fork) field is Sunray Mid-Continent Oil Company's No. 4-A Mattie Powell, 798 feet from south and 450 feet from west lines of section 4, block D, J. H. Gibson survey.

It pumped 72 barrels of 31.4-gravity oil, plus 52 per cent water, daily from perforations at 6,671-709 feet, after being fractured with 20,000 gallons. Total depth is 6,870 feet, with 4 1/2-inch casing set at 6,865 feet.

Pan American Petroleum Corporation will drill an 8,700-foot Wichita-Albany wildcat, No. 23-B Bennett, seven miles northwest of Denver City in Yoakum County.

Site is 660 feet from north and 1,980 feet from west lines of section 679, block D, J. H. Gibson survey.

It pumped 104 barrels of 33-gravity oil, plus 40 percent water, daily from perforations at 5,598-5,640 feet, after being acidized with 1,500 gallons. The total depth is 5,645 feet, with 4 1/2-inch casing set at 5,645 feet.

Recently finished as a new well in the Wasson (6,600-foot upper Clear Fork) field was Atlantic Refining Company's No. 3-D Willard, 409 feet from north and 446 feet from east lines of section 38, block AX, PSL survey.

From perforations at 6,701-6,834 feet, it pumped 78 barrels of 29.7-gravity oil, plus 20 per cent water, daily. Section has been acidized with 1,000 gallons and fractured with 15,000 gallons.

U. S. Smelting, Refining & Mining Company of Midland No. 1 Thrasher flowed 36 barrels of oil and one barrel of load water from the Mississippian in a 6 1/2-hour test of the Yoakum County Wildcat.

Flow was through a 12-64-inch choke and perforations at 11,280-94 feet.

The venture also pumped 14 barrels of oil and 169 barrels of water from Devonian perforations at 11,933-34 feet in 18 hours. Testing continues.

It is 12 miles northwest of Plains, 1 1/4 miles northwest of Block D (Devonian) field and 2,310 feet from east and 330 feet from south lines of section 343, block D, J. H. Gibson survey.

A. L. ROOKIE OF YEAR -- Brought up five weeks after the season started, Don Schwall, 22-year-old rookie righthander of the Boston Red Sox, has won the A. L. "Rookie of the Year" honors. Schwall, who had been with Seattle, won 15 games for the Sox.

"We can buy 'farm fresh' foods all year"

While you are waiting for something to turn up you might begin with your shirt sleeves.

QUESTIONS
1--What horse won the Belmont in 1961?
2--Who is Roy Face?
3--Who is Bob Galfers?
HOOHEE? HE won the Vezina Trophy three times. He was the temperamental Detroit goalie, left the team, then returned in a trade. He's one of the all-time greats.

ANSWERS
1--New York Giants football team.
2--Outstanding rookie of the Year.
3--Shutout.
HOOHEE? (Hooper: Terry Sawchuk) Distributed by Central Press

Apprentice: The foreman on this job is the dumbest character I ever met!
Journeyman: Good thing he is...if he was any smarter, you probably wouldn't be here!
