VOLUME 32

PLAINS, TEXAS THURSDAY, MARCH 29, 1962

NUMBER 13

Did you hear the one about that girl with the Glean in her eye? Seems that someone bumped up against her while she was brushing her teeth.

The one too, just about as corny, about the Indian Chief who struck it rich?

He spent his new-found wealth on just about everything. Bought new cars, clothes and houses.

Then trying to go all the way, he bought memberships for his three sons in a yacht club. Said he had always wanted to see his red sons in the sail set.

I guess it's usually so that a problem has to hit pretty close to home before some of us ever consider it to be real serious.

This morning I attended the Chamber of Commerce breakfast down at Alma's and we sat around the table after the meal cussing and discussing the situation that now exists at the clinic and with our doctor, or better phrased, without lack of a doctor. I recall entering into the conversation, and I felt genuinely interested in the situation. I was concerned about our not having medical care available in Plains, just as was every other Chamber member seated around the table.

This afternoon, though, the real idiosyncrasy of our situation, a nice new and shiny \$86,000 clinic available, tax money being paid on it real regularly, and what else, no medical care available, no doctor.

Now, I don't know about you but \$86,000 seems like a mighty big sum of money to me, for you and your family and me and my family not to be getting any use from it at all. The fact, to me, is quite easily recognizable, that the citizens of the Plains area are simply not getting what they are paying for, in tax money, and in the will and sincere desire to make Plains and the area around Plains a better and better place in which to live.

What has happened? Well, there are so many versions to that, it would take the whole newspaper to air them. But, the fact remains that whatever has happened, the situation is deplorable and something has to be done about it.

Back to the event that impressed it on my mind. My oldest daughter, just home from school, called me about three o'clock this afternoon, quite beside herself, with a message that sent me tearing out of the office and to the house in a manner that would certainly have earned me one of those brand new traffic tickets I printed for the City last week.

Put yourself in my shoes, and I'm not trying to be melodramatic, but simply to show my mental attitude. She said, "Daddy, come home quick, Mommy has fallen down on the floor. She won't say anything, and I can't get her up."

Well, needless to say, I went temporarily insane and hot-footed it straight home.

My wife had been suffering from what we thought was a case of the virus that has been going around like wild-fire of late. We had it diagnosed earlier in the day by long-distance, since there wasn't a doctor too readily available.

Turned out to be intestinal flu, which had dehydrated her to the point that anytime she even sat up, she just up and fainted.

I then proceeded, at the doctor's directions, again by long distance, to load my wife in the car and hurry her to the hospital some miles distant.

Sure the case isn't too serious and there was no emergency here, but it isn't the ideal situation to drive several miles with a member of your own family going from consciousness to unconsciousness while you can't do too much but just continue to drive.

I'm just wondering what would happen, not just to me, but to any one of us called home in a like situation, if it had been a bad heart attack or something of the sort. Would we make it in time?

Sure lot's of folks reading this slightly dramatized column this week will say, "It's no different than we used to have to do."

But, to me, right there is the

(Continued on page 2.)

June Trial Probable In Lea County Plains Rate Dispute

In a telephone conversation with Judge Ledbetter of 121st District Court today, it was learned that the new date for the Lea County Co-op Suit now pending against the City of Plains, has not been officially and finally set.

Ledbetter stated that the case had been postponed indefinitely because of a phone call he had received from Mr. Jim Milam, of Lubbock, the attorney for the

plaintiff in the case, Lea County Co-op. In the phone conversation Milam had made it known to Judge Ledbetter that because he was ill, he would be unable to be in court with the presentation of the case as it was scheduled.

Judge Ledbetter, of course, granted a postponement of the proceedings pending the complete recovery of Milam.

In this reporter's telephone conversation with the judge in Morton, it was learned that, although no date had officially been set, that about June 12 seemed like the first reasonable time to resume the proceedings. One reason for further delay the judge explained was that, at this particular time of year, with the farmer segment of the population very busy with getting ready to plant, it was against his better judgement to ask jurors to take off from their farming tasks. He said that he felt by that time in June, most farmers would have their planting done, and would not be quite as busy as they now are and will be for a couple of months.

Involved in the dispute between Lea County Co-op and the City is the injunction filed by Lea County Co-op against the City insisting on the permission to grant their Plains city dwellers tied on to Lea County power, a reduction in power rates.

Spokesmen for the interests of the City light and power concerns then counter asking for a summary judgement, insisting that Lea County Co-op has no legal right to operate within this municipality as their is a statute

on the law books of the State of Texas which says no REA (Co-op) source of electric power can operate in the corporate limits of a city or town where there is central station power available. Their contention goes further that certainly there is central station power available in Plains of a kind and quality at least comparable to that offered by Lea County Co-op.

Russell Faulkenberry, Mayor of the City of Plains, pointed out last week that since the original installation of a power plant in Plains, a very few years ago, the service and available power has been tripled and that the original equipment which was used and not in absolutely top condition has been replaced by new, up-to-date equipment, and that the old original equipment is simply kept on hand, unused, for stand-by reserve.

Plains Lions Attend Meet

Several members of the Plains Lions Club attended a bi-zone meeting of zones 1 and 2 in Seagraves Tuesday evening.

The event was sponsored by the Seagraves Lions Club on behalf of Lion Bert Belcher, presently a member of the Seagraves Club and also presently Deputy District Governor of Lion District 2-T-2. Bert is seeking and actively campaigning for the office of District Governor of 2-T-2.

Lions from several area clubs were there representing their home clubs and their various communities.

There were delegations from Plains, Seagraves, Seminole, O'Donnell, Lamesa and Welch.

Plains had a large group attend which included, Mr. and Mrs. James Warren, Mr. and Mrs. Pete St Romain, Mr. Paul Cobb, Mr. and Mrs. Bob Loe, Mr. and Mrs. Gene Young and Mr. and Mrs. Johnnie Moore.

Theme of the gathering was the variety show atmosphere.

(Continued on page 2.)

Deadline for Car Tags Saturday

Mr. E. W. Craig, Yoakum County Tax Collector, further announced this week concerning the sale of motor vehicle license plates that it should definitely be noted that the usual deadline for having the new tags attached to your vehicles is the same as it has been in previous years. Tags must be attached by midnight, April 1.

But, Craig went further to say that although the deadline is April 1 as usual, the sale, that is the regular sale of tags this year, will end at 5 p. m. March 31, as this Saturday, and the tax office will not be open for business on Sunday, April 1.

Craig pointed out further that those persons seeking license plates after the deadline will be obliged to either sign an affidavit to the effect that they have not operated their vehicle after the deadline or will have to pay a 20 per cent penalty.

The fact that additional time would not be allowed this year even with the 1st falling on a Sunday was pointed out to tax collectors across the state in a letter from the State of Texas.

Craig again is reminding the public to be sure and bring both their last year's license receipt and their certificate of title.

Enrollment At High

G. D. Kennedy, Superintendent of Plains Schools made public the fact this week that the enrollment of Plains Schools reached an all-time high this week.

All-time high enrollment previous had been two years ago with a total of 628. The figure for the new record enrollment is 632.

Cowboy Relays This Week-End

The second annual Cowboy Relays will begin this Saturday afternoon at 2:30 with the finals to start Saturday night at 7:00 PM. This will be a meeting of Class A schools only. Approximately 15 schools will be running and O'Donnell will be tabbed as the pre-meet favorite.

Plains won last years meet by a close score of 86 1/6 points.

O'Donnell's closest competition this year should come from Wink and Tatum N. M. Both have strong relay teams and are capable of winning top honors. Tatum has three runners back from their mile relay team that won the state in New Mexico last year. To contest them O'Donnell has returning from last year three members of their 440 yd relay and their mile relay that set new records in

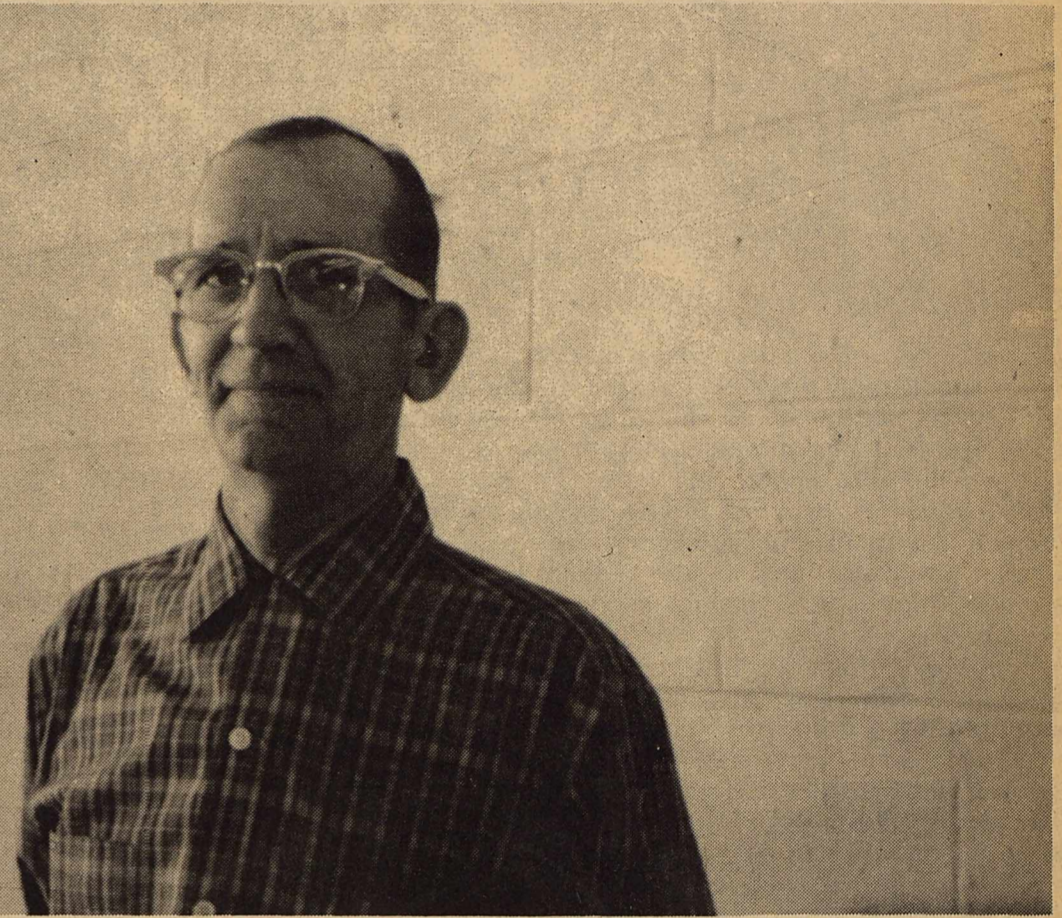

the regional track meet last season.

Several Cowboy Relays record holders will return this year to try to better old record. Last years finals were run on a muddy track.

Billy Key of Sundown, 880 record holder will return, but he is competing in the mile run this season. Jeff Smith of Plains will return to defend his 120 yard high hurdle record. Also returning to defend their records will be Jim Johnson of Ralls in the 180 yd. low hurdles. Rudy Esparsa of Ralls in the mile run and Edwards of Ralls in Shot Put.

Teams entered this year in the Cowboy Relays are Wink, Tatum NM Ralls, Hale Center, Sudan, Springlake, Idalou, Crosbyton, Seagraves, O'Donnell, Sundown, Frenship, and host Plains.

(Continued on page 2.)

FRANK WHITLOCK--owner of Whites Auto Store in Plains was named this week as President of Plains Chamber of Commerce for the coming year. Election was held for new

slate of officers at regular Chamber meeting Wednesday morning at Alma's.

Whitlock Named To Head C of C

Plains Chamber of Commerce met in regular session at Alma's Restaurant, at 7 a. m. Wednesday and had their annual election of officers.

Newly elected president of the Chamber is Frank Whitlock, local White's Auto Store owner. Frank is the father of Janell Pierce, wife of the local football and track coach, Jack Pierce.

New Vice-President is Rod Duff, co-owner of Plains Farm Supply, the local John Deere sales and service house.

Four directors were elected to serve for two years. They are: E. O. Winkles, manager of the local Goodpasture Grain and Milling Co; Bob Loe, City Secretary for Plains; Bill Loyd, President of Plains State Bank;

and Elbert Huffman, owner and manager of Huffman-Barrett Funeral Home in Plains.

Johnnie Fitzgerald and Russell Faulkenberry were elected to one year terms as directors to fill the unexpired terms of Dr. Clyde A. Lynn, presently on active duty with the U.S. Army and Frank Whitlock, newly elected president.

WIN DISTRICT--Plains girls, high school shown above, and junior high volleyball teams won district this year. They will compete in the state playoffs slated to be held at Abilene soon.

QUEEN AND HER ALTERNATES--Dana Dyer, in center, was chosen queen of the 2nd annual Cowboy Relays to be run here

this weekend. Alternates are, left, Sandra Williams, and right, D'Lynn McGinty. The three young ladies will present the ribbons

and trophies to the victors in the relays Saturday.

Student Council Members On Trip

Four representatives of the Plains High School's student council will leave today, Thursday, at 6 a. m. from Plains to attend the Texas Association of Student Councils at San Antonio, Texas.

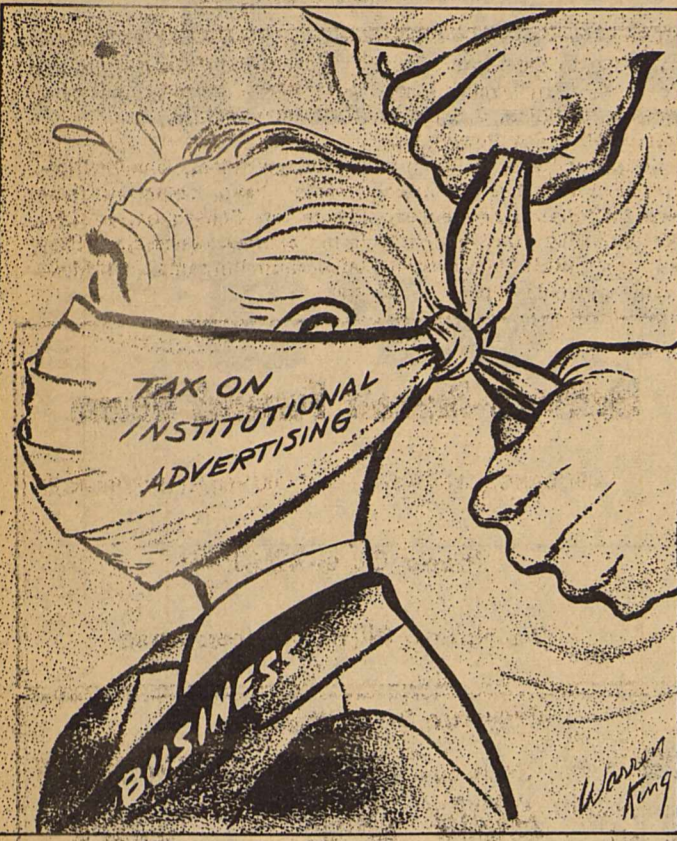

Attending from Plains will be Roberta Snodgrass, senior representative; Ernie Anderson, junior representative; Mike Field, sophomore representative; and Sarah K. Field, freshman representative.

Accompanying the four representatives will be Mr. G. D. Kennedy, Superintendent of Plains Schools.

The group will return to Plains on Sunday after the completion of the associational meeting on Saturday.

APRIL 3 IS CITY ELECTION

'FREE' SPEECH

Taxing Freedom

The Constitution guarantees Americans the right of free speech and the right to petition the government. It says nothing about charging for these rights, but the Internal Revenue Service is trying to charge businessmen for using them.

When a businessman fills out his income tax form, he puts down his income, subtracts his costs of doing business, and pays taxes on the remaining profit—of any. In other words, his business expenses are tax deductible.

Suppose, however, a bill comes up in Congress which, our businessman suddenly realizes, will have the effect of killing or crippling his business. Alarmed, he sends a representative to petition Congress and advertises to tell his story to the voters.

Obviously his costs of petitioning and advertising are business expenses. But the Internal Revenue Service says he can not list them as business expenses on his tax form. He must take them out of his profits and pay income taxes on them.

This amounts to putting a tax on free speech. Luckily Rep. Hale Boggs of Louisiana has recognized this infringement on constitutional rights and has moved to prevent it. His bill (H.R. 7123) is one of the important measures remaining for Congress to pass.

SUBSCRIPTION RATES: \$3 per year in Yoakum and Terry Counties; \$4 per year elsewhere.

GARLAND WHEELER

Garland Wheeler Makes Formal Announcement

Garland Wheeler candidate for Yoakum County Judge issues formal announcement. I have had twelve years experience in Law. Much of this time working with juvenile problems, civil cases, criminal investigations, narcotics and etc. I am qualified for the job, and if elected, I will do my best to make you a good judge, and work to the advantage of the people of the entire county. I will devote full time to the job, performing duties in a manner to benefit the people of Yoakum County.

My wife, Jewell and I have three children, one married living in Lubbock, two at home. I would sincerely appreciate the support and vote of each and every person of Yoakum County.

SOIL Conservation NEWS

The wind erosion we are having now is serving as a reminder to landowners and operators that now is the time to begin actual work along with good plans for next year's blow season.

Each week additional land owners and operators are becoming cooperators with their local Soil Conservation District. As co-workers they are receiving assistance in revising their old Conservation plan or writing a new one. Many are going a step further and signing a contract with the Federal Government for a period of three or more years where by they will receive both technical and financial assistance to speed up their conservation work.

Work this past week was going ahead on the underground high pressure pipelines, a part of the reorganization of irrigation systems on the Gene Bennett ranch, A. O. William, Wayne H. William, Leroy McCarvey and several other farms and ranches.

Two Great Plains Contracts were signed this week. They were Tom Warren and Wallace Randolph. Two contracts were received approved for distribution. They were D. V. French and E. D. Apperson. Also two new applications were reviewed they were J. W. McCan on 320 acres and A. N. Norman Jr. on 480 acres. James King and Gene Smith Conservation plans were mailed to the area office for typing. Robert Beasley signed a regular District plan on his farm and says he is interested in a program of brush control and grass growing on the J. D. Beasley ranch north east of Plains.

Pre planting irrigation is in full swing now and this is a good time to check your system for amount and rate of water you are applying.

Plains Lions--

In which several clubs represented, presented acts of various kinds.

The program began with the Lamesa Clubs, both evening and noon clubs, presenting a dixieland band which played several numbers. This was followed by a quartet from Seminole and a female soloist, who sang several enjoyable numbers. The soloist was from Seagraves. The program was rounded out by the Plains Club presentation, a magic act performed by Gene Young and Johnnie Moore.

Several local members of the Lions Club plan to attend the District 2-T-2 convention which is to be held at Lamesa this year at which the election will be held to determine the District Governor as well as other district officers for the coming year, which begins July 1 for the world of Lionism.

The Lamesa convention begins May 3 and goes through May 5.

MOORE Or Less--

difference now, I don't think we have to do that way anymore. It's high time we, the citizens of the Plains area and, yes, the rest of Yoakum County too, realized once and for all that we have a settlement over here that intends to stay and grow and prosper. The citizens of this settlement are made of real flesh and blood and need medical care and facilities here and available. We don't need them some place else.

There's not much a group of dedicated citizens can't do if they set their minds to a real good constructive cause. I think it's high time we did too. Don't You?

Legislation Countdown Topic Of Tsa Mo Ga Club Program

The Tsa Mo Ga Club met in regular session Monday evening, March 26th in the club house, with Mrs. Garland Swann, President, presiding. Mrs. Swann conducted a short business meeting, with delegates elected for the Caprock District Meeting to be held in Plainview, Texas, April 9th and 10th. Delegates to represent Tsa Mo Ga Club are Mrs. J. J. Moore, Jr. and Mrs. Bill Loyd, Members making plans to attend are Mrs. Swann, Mrs. R. B. Jones, Mrs. Ty M. Field, Mrs. A. B. Carpenter, Mrs. Paul Cobb, Mrs. Marion McGinty, Mrs. M. W. Luna, Mrs. R. K. Field and Mrs. P. W. St. Romain. "Responsible Citizenship Begins in the Home" is the convention theme.

Mrs. J. M. Tippet a new member was welcomed by club members. Mrs. R. B. Jones, program director presented the timely "Legislation Countdown" with a statement taken from the General Federation Womens Headquarters "Never before has it been so necessary for each of us to be well informed on current affairs."

Mrs. Jones, District Legislation Chairman spoke on "Legislation--The Keystone of the Federation Program," told the members of various passages of legislation that club women have helped to be passed with the influence of letter writing, also a real factor that clubwomen effecting changes in Radio and RV programs, although much remains to be done.

District Chairman of Libraries, Mrs. Ty M. Field spoke on "Library Services." Mrs. Field told of the aid for rural library service, its operation and functions over a trial period for multi-county areas, for one year demonstration. If successful how the Commissioners Courts set up for continued

rural library service. Club members are very proud to have had a helping hand in the realization and completion of a much needed County Library.

Mrs. Harvey Stotts gave a countdown on "The Blight of Illiteracy." Mrs. Stotts stressed that education should create responsible and responsible citizens. The American system of education, like our government, is unique in the history of mankind in that we believe in education for all the people-universal education.

Mrs. J. E. Cooke reviewed excerpts from "The Declaration of Independence" July 4, 1776. Mrs. Cooke stated that the Declaration of Independence is one of the cherished documents of American history.

The program was closed with a prayer, given by the President, Mrs. Swann.

On display was works of the sixth grade students of Miss Zinn's Room of Ladders on Legislative Acts.

Refreshments were served to members by hostesses Mrs. L. D. Hamm and Mrs. P. W. St. Romain assisting in the absence of Mrs. Morris Lowe.

The business meeting was conducted by Mrs. Kenneth Hale the Vice-Pres. Mrs. H. F. Barnes dismissed the meeting with a prayer.

Mrs. Robert Rucker is transferred to our Woman's Society from the Valencia Methodist Church Albuquerque, N. M.

Of Interest To THE WOMEN

Mrs. Lowell Whitlock

Stooksberry-Whitlock Vows Exchanged

Miss Patricia Ann Stooksberry became the bride of Lowell Dean Whitlock Sunday March 25, in the Royal Haven Baptist Church in Dallas.

Miss Stooksberry is the daughter of Mr. and Mrs. Howard R. Stooksberry of 3554 Park Lane Dallas. Whitlock is the son of Mr. and Mrs. Frank Whitlock of Plains.

Reading the double ring ceremony was Dr. C. E. Colton minister of the Royal Haven Baptist Church.

Music was presented by Mrs. Lois Colton and Mr. Scott Rip-

ley both of Dallas.

The bride given in marriage by her father was gowned in an elegant, radiant, white peau de' sole and re-embroidered chantly lace. The gown was designed with a figurine bodice applied with the lace and embroidered with seed pearls, sapphire necklace, elbow sleeves enlaced with tiny bows. The very voluminous peau de' sole skirt was applied with the lace and pearl garlands and swept to the back in a formal train.

Imported French illusion fell from a miniature coil of peau de' sole, touched with pearl drop, cascading to misty tears beyond her waist. She carried a shower of pale green cymbidium orchids with stephanotis and French carnations as her bouquet.

Maid of honor was Miss Nancy Therrell of Houston and bridesmaids were Miss Beverly Alexander of Big Springs, Miss Kyle Jackman of Dallas and Miss Kay Lane of Lubbock. They were attired in gold costumes which were fashioned alike.

Mr. Bob Anderson of Houston served the groom as best man. Groomsmen were Mr. Jerry Atkins of Pacos, Texas Mr. Ware C. High Jr. of Gainesville and Mr. Jimmy Miller of Houston.

A lovely reception was held at the church following the ceremony.

Miss Whitlock is a graduate of Thomas Jefferson High School and also of Texas Technological College. She was a member of Sigma Kappa Sorority.

Whitlock was graduated from Plainview High School and Texas Technological College and was president of Sigma Nu Fraternity.

The couple will be at home at 2357 Candan, Houston.

Mrs. Tom Box, About 31 members were present for the meeting.

On March 20 the District Garden Club convention was held in the Student Union Building at Texas Tech campus with 288 ladies registering Mrs. Robert White accompanied by Mrs. Robert Young and Mrs. Foy Cogburn marvelled at the gorgeous flower arrangements shown at this meeting. In only one arrangement sixty five \$3.00 orchids were used. Mr. Harry Bullard, a florist of Dallas, used some of the most exotic figurines, candelabras, bases, and urns, which he has collected in the United States and abroad.

The varieties of tomatoes that grow small plants should not be pruned. Growth is never sufficient to permit reducing it.

Mrs. Tom Box, About 31 members were present for the meeting.

Set Sealy Shower

Announcement was made this week concerning a pink and blue shower to be held in honor of Mrs. Mack Sealy.

The come and go affair is scheduled for Friday, March 30 from three until 5 p.m. The shower will be held in the clubroom in the old courthouse in Plains.

Hostesses, Mrs. Tom Gray, Mrs. Earnest Carnally and Mrs. Carl Lowery cordially invite one and all to attend.

Gift selections are available at Moore and Oden Dry Goods in Plains.

For the youngsters, pencil sharpening fun with Apsco Product's 'Rockford, Ill.' Walt Disney sharpener. Five popular Disney characters, molded of Marlex polyethylene, form the receptacles for the shavings.

The Local Angle

Visiting in the home of Mr. and Mrs. J. H. Dandel Sunday were Mr. and Mrs. E. S. Bandy, Mr. and Mrs. Foy Powell, Mrs. J. V. Been and Mrs. W. R. Smith. Mr. and Mrs. Frank Whitlock were in Dallas over the weekend attending the wedding of their son Lowell. They reported a very enjoyable trip.

Mrs. Johnnie Moore is in the Seagraves hospital suffering from intestinal flu.

Mr. and Mrs. John E. Fitzgerald have returned from Truth or Consequences, N.M. after a three weeks stay. They also visited in parts of Old Mexico.

The RESPECTED WORD

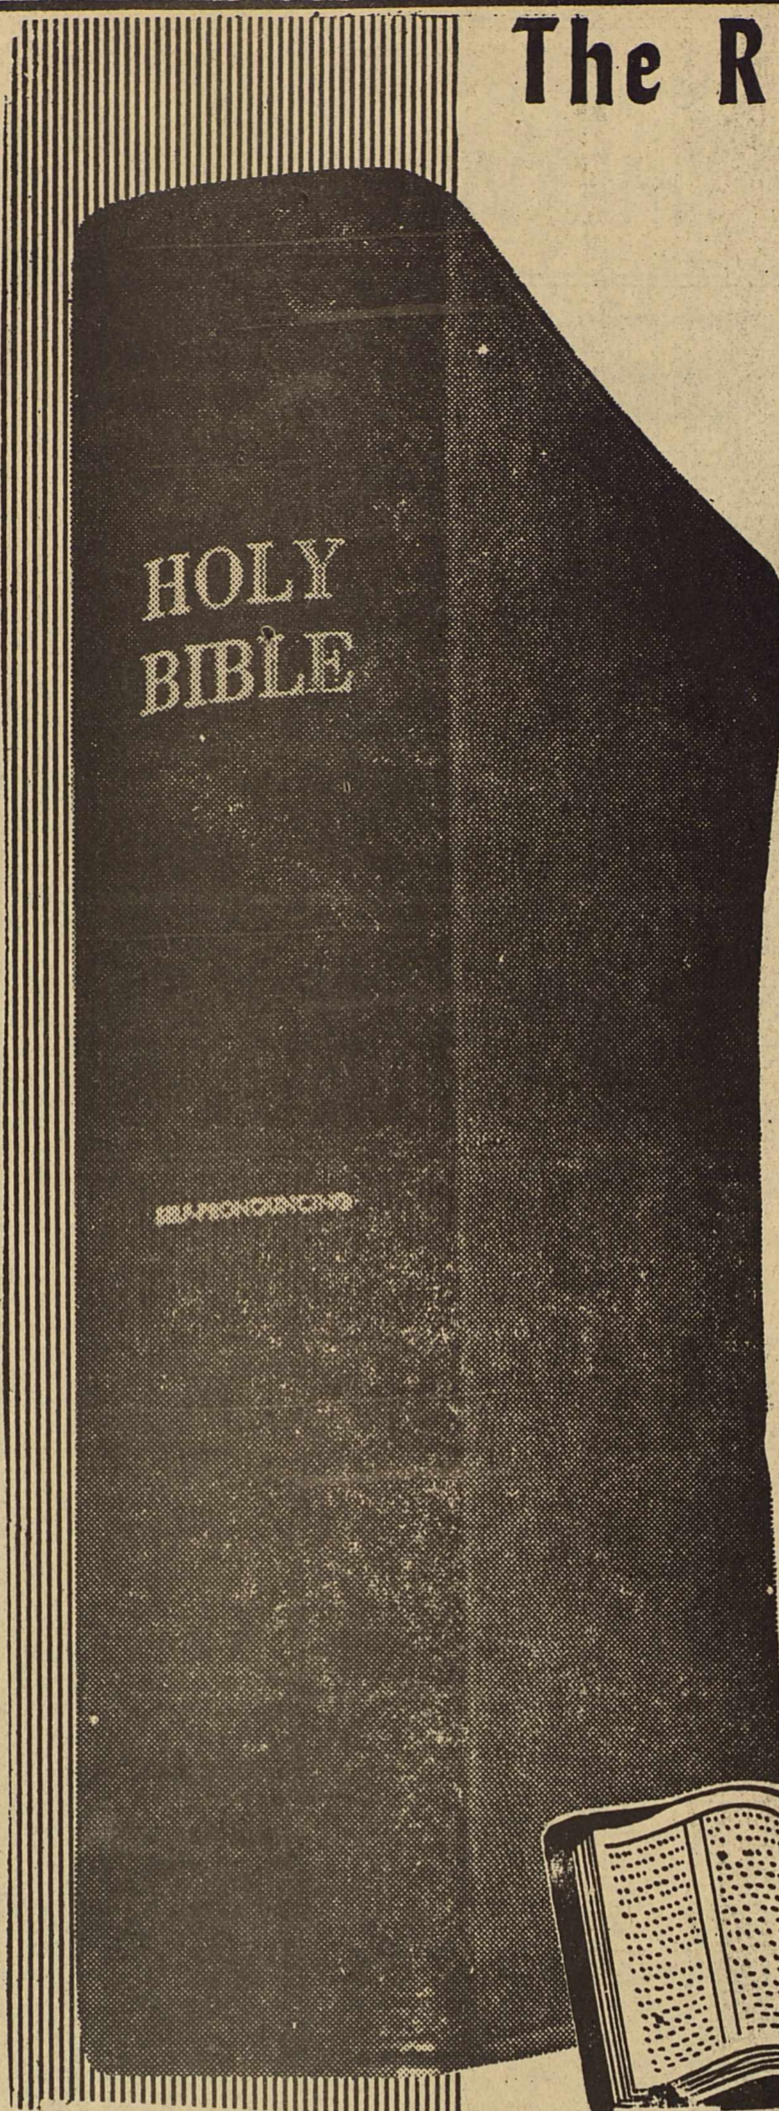

The bible is a book translated into every known language. It is the word that men have died for, in order that it may be available to all men. It is the textbook for God's people.

The bible, itself, is not worshipped, but is respected, for it is the story of God and his relationship to man. It is man's guide for worship and daily living.

Attend church regularly, study, and seek God's will in your life.

"I wait for the Lord, my soul doth wait, and in his word do I hope."

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

This church feature is published each week with the aim of fostering that which is good in family and community spirit. This page is a public service of these sponsors . . . contributed to the religious life of Yoakum County

APPEARANCE is the thing with seed potatoes, says the Department of Agriculture. Some growers have rejected whole shipments if a few were found to be frozen. Researchers now report that unfrozen potatoes from lots containing some that were frozen produce as well as any. So if you can't see actual freezing damage, go ahead and plant them.

Water Association Financial Goal Reported Near

Reports from Rod Duff and G. W. Cleveland, President and Secretary-Treasurer, respectively, of the Yoakum County Water Conservation Association, have it that the financial goal has very nearly reached to underwrite at least the first program in dealing with the water pollution problem existing in Yoakum County at the present time.

Total amount of money being sought is about \$4,500. Of that amount, around \$4,200 was reported to have been received by the middle of this week.

Most of the money has come from individual land-owners of Yoakum County, but two substantial gifts were made by elevator owners in the Plains area.

The \$4,500 is designed to pay an estimated \$3,000 to \$3,500 dollar fee to Mr. Ed Reed and his associates of Midland.

Reed is the hydrologist who has been retained by the Water Conservation Association to look into the matter of the pollution of our fresh water supply in Yoakum County and to take his findings to the Texas Railroad Commission and to the State Water Conservation Board in Austin to try to get some action instigated to end the cause of pollution.

The pollution is believed to be taking place through the practice of open-pit disposal of brine water wastes which are produced in great abundance in many areas of the county along with the pumping of crude oil from the ground. This brine waste material has to be disposed of in some way, and the most common way heretofore in Yoakum County has been to dump it in some sort of open pit and let it seep down into the ground. As Reed has pointed out, the salt water finds no permanent stopping place until it reaches the fresh water stream, and that this usually takes only a matter of from two to three weeks.

The answer to this very serious problem lies as Reed has pointed out to the Association and many other interested individuals in the several meetings he has spoken in the past two months in Yoakum County, is to get rulings passed by the RRC to the effect that brine wastes can only be disposed of in the county in acceptable and approved disposal, injection type, wells. This, Reed says, would insure against the possibility of getting the salt into the fresh water stream.

An associate of Reed's has already been in the county taking water samples from various sections, reviewing the already known contaminated wells, and verifying and checking available water table and topographic maps of the area.

More actual work is expected to be done by Reed and his group as early as next week.

\$1,000 of the \$4,500 being raised by the Association is expected to be needed for the attorney secured to present the case and findings to the Railroad Commission and to the State Board.

As was pointed out in the last issue of Record, one disposal well located just 2 1/2 miles outside Plains on the Tatum highway is already being made ready and is available on a commercial basis.

It was further learned this week, although exact data was not available, as certain persons could not be contacted, that at least one petroleum producer in the county, Skelly Oil Company, has been using disposal wells exclusively for their operation in both Yoakum and Gaines Counties for the several months.

Candidate Speaking Scheduled

A candidate speaking and box supper is scheduled for Friday, April 6 in the Sligo Community Building.

The event is being sponsored by the Busy Bee Club of the Sligo Community.

It is scheduled to begin about 8:00 p. m. and will last as long as there are any boxes to be auctioned off or any candidates with anything to say.

All candidates seeking office in the May 5, primary election are urged to attend and a cordial invitation to all area citizens is extended.

Social Security Rep. to Be In Plains

Heading the slogan, "Don't delay, check today", could very well put some social security payments in your pocket, according to John G. Hutton, District Manager of the Lubbock Social Security Office. This slogan was made especially meaningful by Congress when it passed the new retirement test law. Basically, this law allows many persons over 65 to receive some social security payments even though their earnings are substantially in excess of \$1200 a year. The new provisions are effective with 1961 and provide that \$1 of the total social security benefits payable to a family during the year will be withheld for every \$2 the old-age beneficiary earns between \$1200 and \$1700. Deductions for earnings in excess of \$1700 will be on a dollar for dollar basis. Perhaps an example of how this works will explain it better.

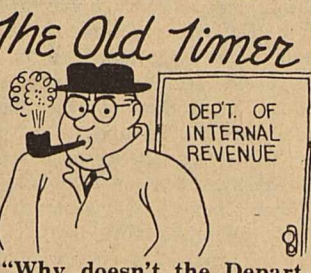

Let us suppose that John earns \$3000 a year. He has had this job for years at the same salary and wants to continue. On the basis of a \$3000 a year salary his monthly social security check at 65 will be \$95. His wife at 65 will receive 1/2 of her husband's benefit or \$47.50--total monthly benefits to both--\$142.50. In this example, if John retired and kept his earnings under \$1200 a year, he and his wife could receive checks for all 12 months of the year, or \$1710; but John wants to continue his \$3000 a year job. Can he receive any social security payments? We'll apply the test and see.

Step 1. Since John is earning over \$1200 a year, he and his wife will not be able to receive the full \$1710.

Step 2. For the first \$500 he earns over \$1200, a deduction of \$250 must be made (\$1.00 for each \$2.00 earned). Subtracting \$250 from the \$1710 leaves \$1460.

Step 3. Since his total earnings are \$1300 over the \$1700, we must subtract an additional \$1300 (dollar for dollar) from the \$1460 remaining from Step 2. This leaves \$160, the amount of social security payments due John and his wife for the year. John and his wife received some social security benefits for the year. Maybe you can too. Heed the slogan "Don't delay, check today" with your nearest security office.

A representative of the Lubbock Social Security Office will be in Plains on Thurs., April 5 in the Co. Service Office at 1:30 p. m. and will be glad to assist in all matters pertaining to social security.

"Why doesn't the Department of Internal Revenue offer us our money back if we're not satisfied?"

"About April 15 each year, we find we owe our success to Uncle Sam."—John L. Teets, Richwood (West Va.) Nicholas Republican.

A neck is something which if you don't stick it out you won't get in trouble up to.

An Unhappy Record

Jobless workers received a record \$3,970,000,000 in unemployment benefits under Federal and State programs last year, according to the Labor Department. A total of 7,100,000 persons received benefits amounting to more than \$3,400,000,000 in 1961 under regular State unemployment insurance programs.

The U. S. public spends more than three million dollars a day for its newspapers . . .

An estimated 17 million Americans depend on tobacco products for all or some part of their livelihood . . . The daily budget for two persons traveling by car on vacation is estimated at \$29 by the American Automobile Association . . .

Congressman-At-Large Race Draws Confusion

State campaign headquarters for candidates for Congressman-at-large report that considerable confusion exists about this particular race.

Many voters seem to think that the various candidates for Congressman-at-large are

running against present office holders. Namely the Congressmen now representing the various Congressional districts in the State.

They are not! This is a statewide race wherein Texas gets an extra Congressman -- representing all the people of Texas, not just a district.

This office is being created because the population of Texas has increased sufficient to entitle it to an additional representative in Washington.

The Texas Legislature has the right to re-district the state to provide for an extra Congressman. But the Legislature has not yet done so. Alternative therefore is to create a statewide position.

Therefore, the following candidates are competing against each other for this high post and not against any present office holder:

DEMOCRATIC PRIMARY: Judge Woodrow Wilson Bean of El Paso; Manley Head of Austin; Warren G. Moore of Tyler; Joe R. Pool of Dallas; Charles H. Stevenson Jr. of Corpus Christi; Russell T. Van Keuren of Houston; and Phil Willis of Scurry.

REPUBLICAN PRIMARY: Desmond Barry of Houston; Giles E. Miller of Dallas; and Joe B. Phillips of Lubbock.

A Congressman-at-Large race is not without precedent in Texas. The same thing happened in 1952. Martin Dies was elected and served from 1952 to 1958.

THUNDER FROM THE TOP-- When GOP's from all over the state gathered in Austin for the State Republican Executive Committee meeting Monday, democratic pressure to hold primaries in every precinct was a topic of conversation.

Jim Leonard, GOP executive director, criticized the SDEC for urging county clerks to refuse to place Republican candidates on the November ballot unless the Republicans held a primary in every precinct. Leonard charged that it was the same as asking them to break the election laws.

He likened the democratic announcement to "thunder from the top," and called the issue a tempest in a teapot and a compliment to the growth of his party in Texas.

TEXTBOOK CHOICES POSTPONED -- The State Board of Education voted to postpone the decision of whether to reorder high school solid geometry, economics and shop texts, as well as one on driver education, until the matter of revising these courses is decided.

Several board members also asked a committee to read the economics textbook, because they objected to its content. Objectors all were attorneys.

Penrose Metcalfe of San Angelo asked to hold up on the drivers' course text, because he questions a recent decision to change this class from eighth to ninth grade.

He said some West Texas superintendents want it kept in the eighth grade, since most of their students drive by that time, anyway. He will ask for a vote at the April meeting, to put the course back in the eighth grade.

WATER WORK DIVIDED--After 10 years, Vice President Lyndon Johnson finally got an answer as to who will do what toward implementing the \$4,000,000,000 plan to provide for Texas water and soil conserva-

tion, flood control, navigation, water supply and irrigation projects.

Federal agencies now have agreed that the Army Corps of Engineers and the U.S. Bureau of Reclamation each will take on about \$1,000,000,000 worth of dam and conveyance construction; local and state agencies will assume \$1,000,000,000 worth of work; and the U. S. Soil Conservation Service will handle \$200,000,000 worth of small dam and soil conservation work.

Balance of the project is navigation, irrigation, recreation and local flood protection.

Agreement still needs approval at the Washington level, but for the first time in its history, Texas has a water plan and water agencies and engineers have come to an understanding on Texas' future water needs.

The Texas Water Commission endorsed the work division agreement.

REHABILITATION CENTER HOLDS ON -- Gov. Price Daniel reports that directors of the Texas Rehabilitation Center at Gonzales have rescinded their order to close the center. They will keep it open at least until May 5, to wait the outcome of a campaign to raise \$100,000 through private donations.

Governor Daniel called for public support of the drive, and said he will recommend action by the Legislature to continue the services the center offers to victims of crippling accidents and diseases.

Fifty-four patients now are under treatment at "Gonzales Warm Springs." If operating funds were available, the foundation could care for 120 patients.

SHORT SHORT SNORTS--U.S. Secretary of Commerce Luther H. Hodges has told Governor Daniel he will speak at the "Visit USA" Tourist Conference in Dallas, April 9. Governors and representatives from several Southwestern states will attend.

District and county attorneys, judges, police chiefs, sheriffs and other law enforcers are being asked to attend the Citizens Law Enforcement committee's March 23 meeting in the State Capitol. . . The State Highway Department has just issued a handsome four-color 1962 highway map of Texas. It features an illustrated guide to vacation and historical spots. In addition, it presents color photographs of tourist attractions.

Scholarship Contest Set

MIDLAND, Tex., -- Sixth annual scholarship contest of the West Texas Press Association is underway. High school seniors who plan to go into newspaper journalism may compete for the \$600 scholarship. Deadline for entry is May 1.

All applications are to be sent to the scholarship chairman, James N. Allison, Jr., The Reporter-Telegram, Midland. Announcement of the winner will be made by May 25.

Students who are interested in trying out for this scholarship should talk with their high school principal or editor of the hometown paper, who will be glad to help them with the necessary details.

The winner will receive a \$600 scholarship over a four-year period of \$150 a year as long as requirements are met.

One scholarship winner has graduated from college, another graduates this year, which will leave four current scholarship holders in West Texas Colleges.

In submitting his application, the student should send a biographical sketch, a picture of himself, a letter telling of his intent to go into newspaper journalism and to attend one of the ten designated colleges. He should also have letters from his journalism teacher or publication sponsor, from his high school principal or superintendent, and from his hometown editor or a nearby editor if there is no newspaper in his hometown. A personal interview with the editor is recommended.

The candidate must be in the upper 25 per cent of his class, must have demonstrated ability in newspaper journalism and a desire for a newspaper career.

The designated colleges are Abilene Christian College, Hardin-Simmons University, Howard Payne College, McMurry College, Midwestern University, Sul Ross College, Texas Tech, Wayland Baptist College, West Texas State College and Texas Western College.

Any man who thinks his wife doesn't understand him ought to be congratulated. He's married to a woman who knows how to keep a secret. -- CHANGING TIMES

Family Life, Church Work Busy Mrs. George Romney

(Editors: The decision of George Romney, industrialist, to seek the Michigan governorship, as a possible prelude to a presidential bid in 1964, focuses attention on the Romney family. In the following dispatch, UPI reporter Sandra Legatz takes us for a visit with the Romney family.)

By SANDRA LEGATZ United Press International

DETROIT (UPI) — If fate had been otherwise, the name of Lenore Lafout might have been on the marquee of movie theaters. But fate, in the form of an ambitious young man, changed her plans and her life.

Today, she is happy to be called Mrs. George Romney.

The young man she married in 1931 became president of American Motors Corp., and is now a well-publicized Republican candidate for Michigan governor and a possible contender for the GOP presidential nomination in 1964.

A graduate of George Washington University, Washington, D. C., Mrs. Romney attended the American Laboratory School of Theatre in New York.

"I did some Shakespeare readings and with them won a screen test in Hollywood," she said. Romney, whom she dated during high school in Salt Lake City, tried to dissuade her acting, but she was determined to give Hollywood a try.

"So I played bit parts in several movies, but at the end of three or four months I wanted to get married, too," she said.

"I've never had any regrets about giving up the movies," she said. "When George and I returned to Washington, after our marriage, I still continued with my radio work and directed plays at the university."

Mrs. Romney was on a program called "Political Hitch Hiking." Her announcer was a freckled, red-head named Arthur God-

frey.

Her present home in Bloomfield Hills, with its wide expanse of windows and spacious rooms decorated in sunny yellow, orange and gold, is a far cry from the one-room apartment with a pull-down bed that she and Romney first called home.

In the intervening years, Romney has climbed from a \$125-a-month salesman to an estimated annual salary of \$150,000 a year, as head of a company he helped to its financial feet.

He resigned only recently. With her husband now in politics, Mrs. Romney, 52, may yet find herself in the spotlight nationally.

As for the presidency, Mrs. Romney said she couldn't picture herself as a first lady, but she quickly added, "I would do

anything my husband felt was bigger and more important."

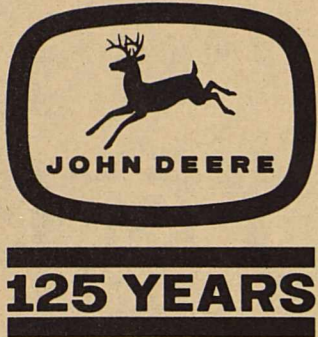

The two great loves in her life are her family and her religion. The Romneys have four children. Mrs. Lynn Keenan 26; Mrs.

Jane Robinson, 23; Scott, 20, and Willard, 14.

As members of the Church of Jesus Christ of the Latter Day Saints (Mormon), the Romneys are active in church affairs.
