**RECORD**  
BY JOE HUGHES

A representative from a neighboring state has released a preliminary report of his findings after a study of the 1,300 page "fine print" budgets of the United States for the numerous foreign aid items. This legislator says what are labeled as foreign aid items are but a fraction of the actual ones listed in the budget. He claims he is attempting to discover what the total foreign aid figure really is. While including himself, he states that most representatives in Congress were not financial experts before they took office let alone being familiar with all the different sections of the United States... and the many countries where we are not spending our tax dollars.

The federal government has grown past the size of comprehension of most of U. S. citizens as well as the billions of dollars of expenditures authorized by congress.

The time may be near when taxpayers are going to balk at paying for give-aways, even though they are to blame for many of them.

If our economy is to remain stable our government is going to have to operate under a reasonable tax program instead of on a seemingly unlimited spending policy.

We shouldn't encourage the spending unless we are ready to pay in higher prices and/or taxes, because the taxpayer gets the "bill".

\*\*\*\*\*  
We learned this week there are two critical factors necessary to maintain the standards of American medicine in the near future.

If we are to continue enjoying our present standards of treatment, the incentives which encourage dedicated individuals to enter and complete their medical training will have to be maintained. Secondly, it is vital that the entrance of the government into the nation's health care picture not be allowed to tangle our doctors and patients in a efficiency and quality-destroying mass of red tape. Without the control of government red tape, welfare and health assistance programs could push our country to the edge of bankruptcy and discourage effective medical treatment.

"Pigeon-hole" legislation will not solve the doctor shortage problem or help provide medical aid to our senior citizens.

Governmental involvement can be helpful, if it is controlled and full attention is given to its real impact on our doctors, patients and the future of medicine itself.

## Farmer Union Meeting Held November 27

Yoakum County Farmers Union met Monday, November 27 in the Club room at Plains.

Rowe Stephens who is president presided over the meeting.

He also gave a report on the state convention that was held at the KoKo Palace in Lubbock. This was October 26-28th.

It was voted not to have a December meeting. The next meeting will be January 22.

Dominoes were played after the meeting.

## Water Commission Distributing Forms

The Texas Water Rights Commission announced today that it has begun distribution of reporting forms required by the Water Rights Adjudication Act of 1967.

Persons using public surface water in Texas for any purpose other than for domestic or livestock uses without a permit are required by recent legislative action to file a sworn statement with the Texas Water Rights Commission for recognition of their claim. This must be done no later than September 1, 1969.

The Water Rights Adjudication Act, effective August 23, 1967, provides that all claims of water rights must be recorded with the Water Rights Commission. These claims must be valid under existing law and will be limited to actual use. All water rights are to be adjudicated and administered by the Commission "to the end that the surface water resources of the State may be put to their greatest beneficial use," to quote the new law.

This Act will not affect users of ground water. Users of surface water for domestic or livestock purposes only also will not be affected. The new law applies to and may limit claims to riparian waters, waters diverted or

## Death Claims J. Hammond, F B "Dad"

J. Walter Hammond, 79, former president of the Texas Farm Bureau, died at his home in Abilene Saturday following a long illness. Funeral services were held Monday in that city.

Mr. Hammond, known as the "Father of the Texas Farm Bureau," is survived by one daughter, Mrs. W. D. Wofford, Abilene, and two grandsons. His wife died Nov. 22, 1964.

Mr. Hammond was elected president of the fledgling Texas Farm Bureau in 1933, when it was still known as the Texas Agricultural Association. The name was changed shortly after he became president when the organization affiliated with the American Farm Bureau Federation. The Taylor County farmer served as president of the TFB for 18 years, until 1957. Nationally known in agricultural circles, he was a member of the AFBF board of directors for 17 years during that time.

Sidney Dean, TFB president paid this tribute to the memory of Mr. Hammond: "Farm Bureau, as well as agriculture, has lost a true and valuable friend. His passing recalls the great leadership which contributed so much in securing this organization's rightful place in the agricultural history of Texas."

During Mr. Hammond's tenure, the TFB grew from less than 5,000 members in a few organized counties to more than 70,000 members in almost 200 countries.

Mr. Hammond was an aggressive farm leader, constantly striving to better the lot of farmers. He played an important role in getting the successful farm-to-market road program under way in the late 1940's.

He became a farm celebrity in 1949 when he persuaded President Harry Truman to authorize loans for wheat stored on the ground, thereby breaking a storage bottleneck and saving wheat farmers an estimated \$40 million.

Recipient of many awards and honors, the soft-spoken West Texan was named "Man of the Year in Texas Agriculture" in 1954 by The Progressive Farmer magazine. In 1958, he received the first Distinguished Service Award ever given by the TFB. People from all over the nation gathered at TFB's 1958 annual convention when he received that honor.

impounded for use other than for domestic and livestock purposes, "... claims to water rights under the Irrigation Acts of 1889 and 1895 which were not filed with the State Board of Water Engineers in accordance with the Irrigation Act of 1913, as amended, ..." and all other claims to water rights for which permits or certified filings have not been granted.

Only the maximum volume of water beneficially used by claimants during any one year from 1963 to 1967, inclusive, will be recognized under the new law. If an individual has expanded his water application facilities prior to this Act but has not fully used the facilities, the volume used without waste from 1963 to 1970, inclusive will be recognized. These individuals will need to file an additional sworn statement on or before July 1, 1971 to include the additional two years.

Water authorities have explained there will never be enough water in Texas for each individual to have an equal share. Therefore, available public waters must be appropriated to individuals based on priority, necessity and legal right. The Water Rights Adjudication Act is designed to protect the rightful users of public waters from waste and unlawful users.

The Act empowers the Commission to adjudicate water rights in the State. Adjudication of a stream may be initiated upon the Commission's own motion, by a petition signed by ten or more claimants of water rights on the same stream, or upon a petition by the Texas Water Development Board.

The new law contains detailed procedures to insure due process and notice. Judicial review of the Commission's final determination is mandatory.

The eventual determination in every water right adjudication will be final. The Water Rights Adjudication Act provides, "Except for domestic and livestock purposes or rights subsequently acquired by permit, no water rights shall be recognized in the adjudicated stream or segment unless included in the final decree."

Upon final determination of water rights on a stream, the Commission will issue a certificate of adjudication to each person found to have a water right. All permits for unappropriated water granted after a stream is adjudicated will be administered in the same manner as an adjudicated right.

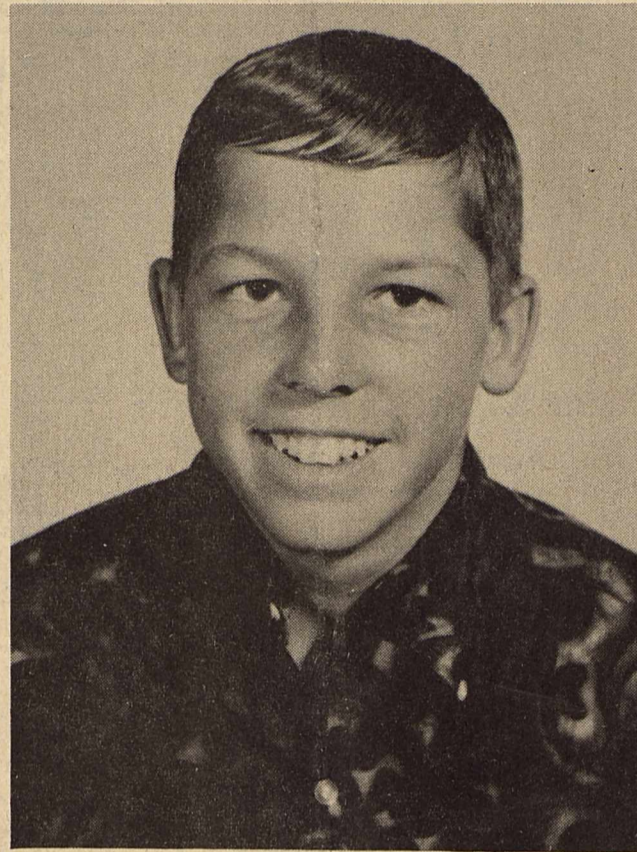

During drought periods, especially on larger streams, it will be necessary to closely supervise all rights. The Commission will divide the State into water divisions and appoint watermasters to regulate stream flow and water usage. Any person dissatisfied with the actions of a watermaster may appeal to the Commission and then to the courts.

The watermaster and necessary assistants will be paid by the Commission which in turn will be reimbursed by the holders of water rights.

Water users on non-adjudicated streams may enter into a written agreement with the Commission for administration of the stream flow and a special watermaster will be assigned.

The Water Rights Adjudication Act involves three basic premises. The Act provides for up-to-date recording of all water right claims in the State, for the adjudication of these rights on streams upon filing of necessary petitions, and for the administration of adjudicated rights during times of water shortage to insure that rights and priorities are protected.

The Recording Forms may be obtained free of charge from the Texas Water Rights Commission, P. O. Box 12396, Capitol Station, Austin, Texas, 78711.

TOMMY BOYCE TROUT

## Hunting Accident Kills Tommy Trout

A tragic, Thanksgiving Eve hunting accident claimed the life of a 14-year-old Plains youth while he and a companion were hunting quail about 6 p. m. November 22 on the Guetersloh ranch, seven miles northwest of here.

Funeral services were held Thursday, November 23, at 4 p. m. in the Plains High School Auditorium for Tommy Boyce Trout, son of Mr. and Mrs. Royce Trout, Rt. 1.

Officiating at final rites for the Plains youth was the Rev. James Bozeman, pastor of the Plains First Baptist Church.

Pallbearers were Shelley Simpson, Richey Brantley, Kevin Guetersloh, Tommy Beal, Ronnie Rains, Ace Hamm, Andy Ruiz and Mike Cayce. Honorary pallbearers were the members of the Plains eighth-grade football team and Randy Henson of Brownfield.

Young Trout and a life-long friend, 15-year old David Guetersloh were hunting quail at about 6 p. m. Wednesday on the Guetersloh ranch.

Investigators said that the shooting occurred when David's 410 gauge shotgun accidentally discharged when the lad turned to talk to young Trout.

Trout was shot in the right eye.

David ran about two miles to a highway from where he hitched a ride to the Trout residence to report the accident to Sheriff Olan Heath.

Peace Justice Hoyt Starling rendered a verdict of accidental death.

Surviving the youngster are his parents: two brothers, Reg and Lowell, and a sister, Rhonda, all of the home; and grandparents, Mrs. Nona Trout of Plains, Mr. and Mrs. Tom Sims of Bronco, and Walter Springer of Nebraska.

The lad was buried in Plains Cemetery under direction of Barrett Funeral Home.

Amarillo until 3 January 1968, by which date they will be required to return to AFES in Amarillo for onward shipment to a reception station.

Young men entering the Army during this period of time will be offered the same career fields and schools offered at any other period of the year.

Further information may be obtained by contacting SFC Mel Baker, 1010-13th Street, Lubbock, Texas or call PO 3-2821 Collect.

ZONE MEETING--Zone 9 of District 2T2 of the Lions International met at Alma's November 28. District 2T2 of Lions International has 57 clubs and reaches from Plainview in the North to Ackerly on the South, from Roby on the East to the New Mexico line on the West. The Plains Lions Club had eight members present: Pete St. Romain, Bob Lee, Leo White, Joe Hughes, S. L. Tingle, Johnnie Fitzgerald, Murrell Thompson, and James Futch. Bottom row, left to right; Melvin Coffey, secretary of the Evening Lions Club, Seminole; Johnnie Fitzgerald, president, Plains Lions Club; George Cristy, 1st vice-president, Noon Lions Club, Seminole. Top row; James Futch, secretary, Plains Lions Club; David Massengale, 1st vice-president, Denver City Lions Club; and Tommie Roberts, Zone 9 Chairman from Lamesa.

## Area Classing Offices Receive 41,500 Samples

The South Plains cotton harvest approached peak activity at Thanksgiving and the USDA Classing Offices at Lubbock, Brownfield and Lamesa received samples from approximately 41,500 bales on Thursday, according to W. K. Palmer, in charge of the Lubbock Office.

The Lubbock Office went on a two-shift basis on Wednesday and has fifty-five class-

ers on duty on Thursday. The Brownfield Office had eight classers on duty and the Lamesa Office four.

The three South Plains offices classed 136,000 samples during the week ending Wednesday, November 22nd. The Lubbock Office classed 110,000 of this total, the Brownfield Office 18,000 and the Lamesa Office 8,000.

Through November 22nd the Lubbock Office had classed 193,000 samples of this year's crop, the Brownfield Office 57,000 and the Lamesa Office 18,000. This brought the total for the season for the three offices to 268,000. Through November 22nd last year the three South Plains classing offices had classed 568,000 samples of the 1966 crop.

Trading increased in the new crop cotton on the Lubbock market and prices were \$2.50 to \$10.00 per bale higher.

Prices have advanced weekly since the harvest began and in some cases have advanced daily.

Cotton prices paid South Plains farmers, as reported by the Consumer and Marketing Service of the USDA, ranged from \$3.25 per bale over the loan for high grade, short staple cotton to \$80.00 per bale over the loan for high grade cotton having staple length of 1-3/32 and longer.

Average prices paid for the most predominant qualities in the 3 to 4.9 micronaire range were: Middling 31/32

22.65, Middling 1-Inch - 24.60, Middling 1-5/32 - 40.00, Strict Low Middling 15/16 - 19.30, Strict Low Middling, 31/22 - 20.95, Strict Low Middling 1-Inch-22.60, Strict Low Middling 1-5/32 - 37.75, Middling Light Spotted 15/16 - 19.45, Middling Light Spotted 31/32 21.20 and Middling Light Spotted 1-Inch - 22.65.

Cottonseed prices also advanced and ranged from \$52 to \$70 per ton at the gins.

## County Yield, Allotment Gets Approval

By W. M. Overton  
ASCS Office Manager

The 1968 county cotton allotment and yields have been approved for Yoakum County. The allotments total 377,400 acres which is approximately one percent larger than the 1967 cotton allotments. All of the county allotments were factored out to the 407 old cotton farms except 40.9 acres retained by the county committee for correcting errors in computations, inequities, late hardship cases, etc. The state committee according to their official notice did not establish any reserve of 1968 upland cotton allotment for new farms. The county committee did not reserve any acreage for new growers.

The county yield approved for the county for 1968 is reduced approximately 3%. This is due to the short crop in the county for 1966 which was added in to determine the average for the county. The Statistical Reporting Service, Austin, Texas, production records were used in determining the average yield for all counties in the state.

A number of requests have been made requesting the county committee to increase cotton yields due to irrigation, dry land cotton being transferred to irrigation land, production records filed for the base years that would give the farm an increase, etc. The committee is required to consider all these facts, however, when any farm projected yield is increased it is necessary to reduce other farms to make up for the increased yield.

The Yoakum County ASCS Committee has recommended a projected yield for each cotton farm in the county. Farmers should keep in mind that these yields will be tabulated and if they average more than the yield set for the county, and it is expected they will, the yield recommended by the county committee will be factored down to come within the approved county yield.

The allotment and yield notices will be mailed to all farm operators about December 1st. Each operator is urged to carefully read the entire notice.

## Local Study Club Hears Book Review

The Tsa Mo Ga Study Club met November 27, 1967, in the clubhouse at 8:00. Mrs. Alf Carpenter, presided.

The club collect and pledge to the flag were given. Roll call was answered by "How do you feel about the phenomenal Jeanne Dixon?"

Mrs. C. C. Perkins was program director. Mrs. Buddy Hanna and Mrs. Wayne Davis were hostesses for the social hour.

Mrs. R. B. Jones reviewed the book "A Gift of Prophecy" by Ruth Montgomery. Ruth Montgomery is a columnist of some renown and is a close friend of Jeanne Dixon.

We Americans are accustomed to think of visions in terms of Biblical lore, and to associate the city of Washington D. C. with power politics and faceless bureaucracy. It is startling therefore to find in this New World capital a modern day psychic whose visions apparently lift the curtain on tomorrow.

Because of her uncanny gift Jeanne Dixon has become almost as much of an institution as the Pentagon during the quarter century they have shared the limelight. Both have been approached by innumerable foreign dignitaries. From the Pentagon they sought dollars, from Mrs. Dixon a glimpse of the future. Foreign aid was dispensed with certain limitations, but Jeanne Dixon has declined to accept any remuneration for a talent which she believes God bestowed on her for a purpose.

Ruth Montgomery was impressed with the Dixon alleged power when many forecasts over the years began to form an impressive chain of evidence. Mrs. Dixon named presidential candidates before the convention gathered. She picked the winner a year in advance. Ruth Montgomery began writing yearly columns about Jeanne Dixon's forecasts in 1952. The prediction that President Kennedy would be killed in the

South and that bloody race riots would occur in American cities were among the things Ruth Montgomery discounted.

in addition to her strange gift of prophecy, Jeanne has a lovely Mezzo Soprano voice and acting ability. She played Mary Magdalene in "The Life of Christ" at Hollywood Bowl and also a role in a Shakespeare play.

Mrs. Bill Loyd gave some 1967 predictions at this meeting, notable among them was the foreseen cure for cancer.

Mrs. Robert Chambliss concluded the program with a scripture reading.

### LEGAL NOTICE

#### PUBLIC NOTICE OF THE REQUIREMENT FOR RECORDATION AND LIMITATION OF CERTAIN CLAIMS OF WATER RIGHTS.

Notice is here given as required by Section 4 of the Water Rights Adjudication Act of 1967 (Article 7542a, Vernon's Civil Statutes) that all claims of riparian water rights, all claims under Article 7500a, Revised Civil Statutes of Texas, 1925, to impound, divert or use public waters for other than domestic and livestock purposes for which no permit has been issued, all claims of water rights under the Irrigation Acts of 1889 and 1895 which were not filed with the State Board of Water Engineers in accordance with the Irrigation Act of 1913, as amended, and all other claims of water rights other than claims under permits and certified filings, must be recorded with the Texas Water Rights Commission. Section 4 does not apply to use of water for domestic and livestock purposes as the same is defined by Commission Rules.

On or before September 1, 1969, every person claiming any water right to which Section 4 applies shall file with the Commission a sworn statement setting forth the nature of the claim of water right. Claims to which the Section applies shall be recognized only if valid under existing law and only to the extent of actual application of water to beneficial use without waste during any calendar year

from 1963 to 1967, inclusive. However, in any case where any claimant of a riparian right has prior to August 28, 1967, commenced or completed the construction of works designed to apply a greater quantity of water to beneficial use, such right shall be recognized to the extent of the maximum amount of water actually applied to beneficial use without waste during any calendar year from 1963 to 1970, inclusive; provided an additional sworn statement is filed on or before July 1, 1971. Failure to file the sworn statement or statements in substantial compliance with Section 4 shall extinguish and bar any claim of water right to which the Section applies.

Instructions and forms for recording claims may be obtained without cost from the Texas Water Rights Commission, P. O. Box 12396, Capitol Station, Austin, Texas 78711.

Well, gang, the Thanksgiving holidays along with the Second Six Weeks tests are over. Report cards came out just in time to spoil a wonderful week. Now its time to start over and try to bring up the grades that went down last six weeks.

Right before the holidays the Civic class had an election between the Rawhide Party and the Kicker Party. The student body participated in this election. The Rawhide president Rhennel Strickland and the Rawhide vice-president, Porky Wilkins, won over the Kicker president, Russell Jones and the Kicker vice-president, Gabby Alberding.

The Kicker Party, however, came back when their Representative, Charlene Gail, Gary Joe Smith, and Lee Crawford won over the Rawhide representatives Kathy Smith, Bobby Hanes and Pam Barrent.

The Rawhide senate, Tony Salas, and the Kicker Senate, Billy Kennedy won over the Kicker senate Joyce Warren and the Rawhide senate Vernon Statch.

Tuesday the Cowboys played the Morton Indians. When the clock ended, the score was tied 42-42, but a foul was called on Plains and a Morton player was given two free shots in which he made bringing the score to 44-42--and it was the final score.

Friday, December 1st the Cowboys will play the D.C. Mustangs there. The B-game will start at 6:15. Tuesday, December 5th the Cowboys will play again the Morton Indians. This game will also be there and the B-game will start at 6:30. Help support the Cowboys!!!!

The F.F.A. will have a banquet at Lamesa, December 4 starting at 7:00 p.m. All F.F.A. sweethearts from this area will attend this banquet. These girls will present their Talents.

The band is now practicing hard on their music in order to prepare for the concert session ahead. \*The only joy some people get out of truth is stretching it.

### COMMUNITY CALENDAR

Mrs. Garland Swann, Mrs. P.W. St. Romain, Mrs. Ty Field and Mrs. J.W. Moore Jr. were among special guests of the Lovington Women's Club on November 16, 1967.

The occasion was a luncheon honoring Mrs. L'E'

Dudley of Abilene. She is past president of Texas Federation of Womens Clubs and has held many offices in the organization. She is renowned for her book reviews, and after the luncheon she reviewed the book 'A View from Hell' by Cid Sumner. Mrs. Dudley has the ability to transport her audience into a situation with her so that one feels she is relating events she herself has experienced. It was a very enjoyable affair and everyone in our club thanks the Lovington Club for their invitation.

MISTLETOE KISS  
Ancient Druids believed mistletoe was given to the goddess of love and therefore every woman passing beneath it was kissed. Today, it is popular belief that any woman who stands beneath the mistletoe invites a kiss. Some even hold that a girl kissed beneath the mistletoe will be married within a year — if she allows herself to be kissed but once for each berry on the mistletoe.

ENGAGEMENT ANNOUNCED—Mr. and Mrs. R.N. Williams of Tatum, New Mexico, announce the engagement and upcoming marriage of their daughter, Billie Jane to Marvin Lee Brown, son of Mr. and Mrs. J. Marvin Brown of McDonald, New Mexico. The bride-elect and prospective groom are both 1967 graduates of Tatum High School. Lee is stationed at the Navy Training Center in San Diego, California. A double ring ceremony is being planned for a January date. The ceremony will be at the First Methodist Church in Tatum with Rev. Tom Harguess officiating.

## WHERE IN THE WORLD will our school students go to build careers for themselves?

(WHAT PART CAN YOU PLAY IN) (ANSWERING THIS QUESTION?)

Right now it's back-to-school for the book-toters of our town. Before you know it, they'll be graduating! Many will go on to higher learning. Ultimately all of them will have a decision to make, as to WHERE they can best build their careers.

You have a definite stake in the future of these young people. Your taxes help pay for their education. The more of them who stay HERE to contribute to the progress of THIS community, the better for all of us!

It takes a GROWING community to provide adequate scope for the rightful ambitions of young people. What can YOU do about this? One very important thing: You can spend MORE of your shopping dollars at home, where they will stimulate local trade and business, spark expansion, help create more employment opportunities, help maintain first class schools and other civic services that will attract new residents and new industries. You help our young people, our town, and YOURSELF, when you...

By Mrs. Milton Lowe

Our new guests this week are Mr. Separio, Mrs. Mary Washington, Mrs. Daisy McCann. We now have a capacity of twenty-eight. Now on our staff is Caroline Rivers.

The patients all enjoyed Brother Tarkington's services Sunday.

Mrs. Carrie Copeland has been quite worried about her son Charlie Copeland. We were glad to hear that he is out of the hospital and doing better.

All patients are doing fair at this time.

.....nee Roberta Louise Snodgrass

**Snodgrass-Patterson Vows Read November 23**

Miss Roberta Louise Snodgrass of Midland became the bride of Robert Lynn Patterson also of Midland, on Thursday, November 23, at 10:00 a.m. in the First Methodist Church in Midland.

Parents of the bride are Mr. and Mrs. J.H. Snodgrass of Tokio, Texas and Mr. and Mrs. Gordon Patterson of Grants, Pass, Oregon.

The Rev. Vernon O'Kelly, associate pastor, officiated at the double-ring ceremony before an altar flanked by twin candelabras and baskets of flowers.

Given in marriage by her father, the lovely bride wore a full length dress of candlelight peau-de-soie, design including an empire waist-line and A-line skirt. The fitted bodice and belle sleeves were of candlelight lace lined with silk organza and the dress featured a natural scalloped sabrina neckline. A train was attached at the waistline. The matching illusion veil attached to a pearl bridal crown was elbow length. The bride carried white carnations and a white orchid atop a white Bible.

Miss Rita Jo Snodgrass of Lubbock, sister of the bride, was Maid of honor, Miss Karen Jo Palmer of Midland was bridesmaid. They wore street length A-line dresses of teal blue cotton silk, designed with short sleeves and stand-up collars. Their accessories were matching bows for their hair, matching shoes and off-white gloves, and each carried a long stem tangerine carnation.

Serving as best man was Dennis Patterson of Ft. Knox, Ky., brother of the groom, and Max Miller of Midland

nest, Leon's mother Mrs. Nellie Clanahan from Olney, and Calvina Furace of Amarillo. Mrs. Nellie Clanahan visited her daughter-in-law and family Mr. and Mrs. C. C. Perkins and N. C. Clanahan Sunday.

mums were flanked by double silver candelabra holding white candles.

The white wedding cake had three tiers each layer supported by 4 white columns. The silver punch bowl and coffee service completed the serving table.

Presiding at the bride's table was Mrs. Jerry Jones of Lubbock and Miss Janice Klein of Midland. Miss Patsy Byfield registered guests.

For the wedding trip to points in New Mexico, the bride chose a beige and tangerine tweed wool knit suit

with beige accessories and an orchid corsage.

The couple will reside at 2910 West Michigan-Apt. 210.

Mrs. Patterson is a graduate of Texas Tech with a B.A. degree and is employed by a Midland public school as a Math teacher at Goddard Junior High School.

Mr. Patterson is a graduate of Oregon State University with a B.S. and M.S. degree and is employed by Humble Oil and Refining Co. in Midland as a geologist.
