TO OUR FARMER FRIENDS:

Anticipating the great need of this country for farm labor, especially cotton pickers, we placed an ad in The Dallas News and Houston Chronicle and we are receiving good results.

If you want cotton pickers or farm hands write, phone or come and tell us just which you desire, and whether you want single men or families. If families, how about house, wood and water. State plainly what you have and what you want.

We offer our services absolutely free, both to the farmer and the laborer, our only desire is to be helpful. Very truly yours,

FARMERS & MERCHANTS STATE BANK

"FATHERS AND MOTHERS BANK"

"THE BANK THAT HELPS YOU DO THINGS"

Farmers Should Fix Uniform Price For Cotton Picking

Editor Banner-Ledger:

Will you permit me through your valuable paper to say a few words to the farmers of this county.

There is no doubt but what we are going to have a large cotton crop. Now what are we going to pay for picking? Some tell me that they are going to start it at 50 cents per hundred. Others say that they are going to pay one dollar. A good picker that rustles from day light till dark should make from \$2.00 to \$3.00 per day. This he can do at 75 cents. This is a fair price where the cotton is good which all of it is this year. While the crop is large, yet the people are coming here in bunches to pick cotton and we can get it gathered by paying a fair price, just as easily as we can by paying more than we can afford. Paying a big price does not get any more pickers. Then again what are we going to get for this cotton? Are we going to be able to sell it at all? No one at present knows. I would be glad to know that I can sell my cotton at any price, and I would be delighted to know that I can

some of it for eight cents. Can you raise cotton as high as labor is, pay \$1.00 for picking and sell it for 7 or 8 cents? If you can you can do more than I can. Don't get fancy because you will make more cotton than you did last year. You will get it picked. The stalk is large and the cotton will stand a long time without hurting. The trouble is most of us wait till we are really needing pickers before we ever try to get them. Then we will find a bunch in town and offer them more than they are getting. The pickers will go back to the man they are picking for and tell him. He will raise the price, of course, and keep them. We get no more pickers and cause the farmers to pay more for getting his crop gathered. I have had pickers engaged for two months. No one can get them. If anyone was to offer them \$2.00 it would cause me to pay that amount.

Where cotton is good as it is this year, I consider that 75 cents is a fair price for picking and we will get our cotton gathered just as easily at this price as we can by paying more. J. J. POPE.

Petition Urging Erection of Warehouses Is Being Circulated by Citizens

A petition, urging State Senator Connor of Brownwood and Representative R. S. Griggs of Ballinger to favor the bill authorizing counties of the state where cotton is the chief crop to vote upon the proposition of erecting warehouses for the storage of cotton, is today being circulated among the people of Ballinger. After being out only a few hours Saturday morning, Wylie Barbee who circulated the petition, secured scores of names. This afternoon he is still circulating the paper, particularly among the country people, for whose benefit the warehouses would be erected.

Governor Colquitt several days ago called a special session of the

Texas legislature to convene in Austin Monday morning for the purpose of considering a bill to be introduced looking towards the construction of warehouses in the communities over the state where cotton is the principal crop.

Since Runnels county is probably making its greatest cotton crop in her history, the petition was started Saturday morning by several of the citizens of Ballinger, in which the legislators representing this country are asked to support the bill authorizing each county to construct a warehouse, where cotton might be stored until the close of the general European war or until the market reopens.

COTTON MARKET WILL BE ESTABLISHED

C. S. Miller, R. G. Erwin, E. D. Walker and W. C. Penn returned Wednesday at noon from Dallas, where they attended a meeting of farmers, bankers and cotton men from all parts of the state. The meeting was held for the purpose of electing delegates to the national convention to be held in New Orleans on the 27th and to discuss way and means of handling the cotton crop.

The gentlemen report that while nothing definite was accomplished, that it is thought that some way will be found to finance the cotton crop, and that the market will be established in the near future. Just what method of handling the cotton will be adopted is not known. At present there is no demand for cotton, and consequently there is no market for the bumper crop at any price.

The bill now pending in the legislature will not fix a cotton mar-

ket. It may be the means of establishing warehouses, and fix a value on cotton certificates that will make it possible to use them as commercial paper.

The estimate on the cotton crop for Runnels county now runs as high as seventy-five thousand bales. This will break the record by nearly double, and with a fair price the country will be more prosperous than ever before in its history. But without a cotton market all lines of business will suffer and conditions will be anything but pleasant in the commercial world.

Not So Strange After All.

You may think it strange that so many people are cured of stomach trouble by Chamberlain's Tablets. You would not, however, if you should give them a trial. They strengthen and invigorate the stomach and enable it to perform its functions naturally. Mrs. Rosie Rish, Wabash, Ind., writes, "Nothing did me the least good until I began using Chamberlain's Tablets. It is decidedly the best medicine for stomach trouble I have ever used." For sale by all dealers.

First Bale of Cotton for Season Arrives In Ballinger

The first bale of cotton to be ginned in Ballinger this season arrived late Friday evening from the C. S. Miller place down the Colorado river. The bale was sold Saturday morning by T. J. Bryan, the grower, for eleven cents.

The cotton was of a good grade, having come from Mr. Miller's irrigated farm on the river. It weighed approximately 490 pounds.

Mr. Bryan arrived in the city late Friday evening from his farm with his wagon loaded with the fleecy staple. He immediately carried the load to the oil mill gin where the seed and staple were separated. The bale was brought on the streets early this morning. C. S. Miller, who owns the place on which the cotton was produced bid ten cents per pound for the bale, but later in the day it was announced that Van Pelt, Kirk & Mack purchased the first cotton of the season to arrive in Ballinger for eleven cents.

The cotton was stored away in the skating rink until later in the season.

When T. J. Bryan arrived in Ballinger with the first bale of cotton this week it was suggested that Mr. Bryan should have a premium, as it has been the custom for many years to present the grower of the first and second bale with a small token of appreciation from the Ballinger business men. The suggestion was soon put into action and John Hopkinson circulated a list and raised the following amount, one-third of which has been reserved and is in the Ballinger State Bank for the man that brings in the second bale. T. J. Bryan, the grower of the first bale, received two-thirds of the premium.

Following is the names of those contributing and the amount contributed:

- Ballinger State Bank.....\$2.00
- Ballinger Printing Co.,.....\$1.00
- L. B. Stubbs.....\$1.00
- C. A. Doose.....\$1.00

A number of the subscriptions listed above are to be paid in merchandise, but the most of the amount of the premium is cash.

ANSWER THE CALL

Ballinger People Have Found That This is Necessary.

A cold, a strain, a sudden wrench, a little cause may hurt the kidneys.

Spells of backache often follow. Or some irregularity of the urine.

A splendid remedy for such attacks, a medicine that has satisfied thousands

Is Doan's Kidney Pills, a special kidney remedy.

Many Ballinger people rely on it.

Mrs. J. C. Orange, 505 Thirteenth St., Ballinger, Texas, says: "I was troubled by my back for some time. T. J. Bryan, the grower of the first bale, received two-thirds of the premium. Following is the names of those contributing and the amount contributed:

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Orange had. Foster-Milburn Co., Props., Buffalo, N. Y.

Proof In Your Own Hand Writing.

That's what you should have when you disburse funds for any purpose. It's not the part of business wisdom to depend upon the memory or receipts for a record of money paid out.

When you write out your personal check on the Ballinger State Bank & Trust Co., a record is made in your own hand writing that is dispute-proof. It is always more business like to pay by check.

Ballinger State Bank & Trust Company

"We take care of our customers"

COTTON WAREHOUSE WOULD SAVE US \$8,000,000 YEARLY

While at this particular time the entire South, and a good part of this nation is perplexed over the cotton situation, and through fear of being unable to convert the cotton into cash, business men and farmers are uniting in an effort to bring about a condition that will once and for all settle the question, we can not help but see in it all a blessing in disguise. Regardless of what the price may be, the solution of the problem for all time to come will be derived by the establishing of cotton warehouses in every city, town and hamlet throughout the cotton growing country, and wherever cotton is marketed. The business man and the farmer have come together and have been made to realize the folly of throwing on the market within a space of a few months the millions of bales of cotton produced by the South.

And, again, with a market of 15 cents, the business man has been made to realize the loss sustained by piling the valuable product out in the cotton yards and permitting it to remain for months exposed to the weather.

It is claimed that damage to yard cotton last year amounted to \$4.00 per bale. It is also claimed

by cotton men, and submitted in statistics supplied by the government, that the loss each year on cotton held in yards several months, averages \$2.00 per bale. With the \$2.00 average and a four million bale crop the loss for one year in Texas will amount to \$8,000,000.

Why permit this when warehouses can be built for a cost of \$1.00 per bale. In plain figures, as shown by contractors who have drawn plans and furnished estimates, a warehouse 80x160, with a storage capacity of 1060 bales, can be built for \$1000. On this estimate the warehouse would more than pay for itself in one season, and the owner of the cotton would profit by a gain of from \$2.0 to \$4.00 per bale. The difference is all in favor of the man who owns the cotton.

As collateral, the time is rapidly drawing near, if it is not now at hand, when money will not be advanced on cotton that is stored in the open yard.

The South will profit by establishing a stable market for its cotton is the opinion of many, and this will come as a result of the present war trouble and the agitation caused by the closing of the cotton market. We can not believe that the market will remain closed long, or that cotton will go begging. The world must be clothed, and it remains for the South to do the job, and if the people of the South will stand shoulder to shoulder they can fix the price and dictate to the world just what they shall pay for their glad rags.

Jennings Show Co., will open an engagement in Ballinger, Monday night, August 31st. The company consists of 25 people, band and orchestra, and play under a large tent theatre. One of the largest and best dramatic companies on the road. Their plays are standard dramas, clean, moral and refined. This is an old company in new territory and will appreciate a good reception Monday night. Prices 15 and 25 cents 26-1w3td

**We Told She'd Come Back;
Now Look What We've Got**

(By Uncle Johnny.)
Well now, boys we have reached that point in the history of Runnels County and the great boundless west when we can say honestly: "I told you so." You know that the old Banner-Ledger has steadfastly contended that Runnels county is a pretty fair place in which to live and this correspondent who is your own "Uncle" has used some valuable space and printers ink in this good moral guide contending all the time that this is a good spot in which to raise pigs and chickens and boys and girls.

Of course it looked black sometimes as it always does just before dawn but the man who kept his sky piece and enthusiasm properly adjusted is going to dom ino just as the Ledger said he would. Now then, boys, we are mighty glad that we stood pat, remaining loyal to our friends, our families and our communities. A rich harvest is at hand. Prosperity is going to be just as deep as we said it would—"fott, foot and a half or two deep."

Did you ever see such a crop grow out of the earth? Well, sir, the cotton is simple immense.

If God makes or supervises the making of crops he certainly covered himself with glory this time.

Will it make a fool of us? If it does we ought to be tapped for the simples and sent screeching to some retreat for the wabbling-minded. But amidst temporal prosperity it is indeed gratifying that morality, sobriety, religion and refinement are keeping pace and our people are learning not to run down at the heel and go to the bad because fortune has smiled on them.

I have always had an ambition to make one hundred bales of cotton.

I have it now made. It is in plain sight and still more in prospect.

I do not say this in a boastful spirit. I hope that not a good citizen in Runnels County would claim an "uncle" who would be simple minded enough to get down to common old fashion bragging.

I am not bragging I am only proud that our predictions have come to pass and we have the biggest cotton crop that we ever raised in our lives and we farmed 12 years in Fall County on \$100 land.

I may have a selfish motive in writing this letter. I guess I have. If I have I guess I am a pretty selfish fellow. I have written hundreds of them. My object in writing this one is partly to advertise to the world that we have the biggest cotton crop in the history of the county and that lots of good white families can get steady employment here gathering the immense maize crop and picking the big boll Rowden and Mebane cotton which actually looks like some of it will make a bale per acre.

Of course I know that half a bale is mighty good cotton.

But I believe there are thousands of acres here that will make it and we must save it.

Picking will open about September 1st to 10th and I expect last 'till spring.

The gins are going to run day and night and will have to have two crews. Lots of men who can't pick cotton are going to be needed and wages are high. Let those who want to work and will work get on the train and come right on. Don't write to me. Please don't. For good sake, boys, don't think that I've got nothing to do but sit here and answer letters and furnish my own stationery and stamps. I want to help every good man that I can. And I will. But you must have some merey, boys.

**WINTERS ORGANIZES
LABOR BUREAU**

WINTERS, Aex., Aug. 22.—After the good rains in this part of the country the crops, maize, sorghum, Kaffir corn, soudan grass and cotton, have taken on double value. There is a large demand for laborers. Many are now coming in while hundreds are being looked for at present.

Realizing these conditions the progressive men of this city have organized a labor bureau, the purpose of which is to connect the laborers with the needing farmers. Correspondence, advertising of all kinds, telephone messages, etc., are going to be put into full force. The farmers needs hands badly. The business men realized this, and as soon as the meeting was called together by the Runnels County Agricultural Expert, McLelland, a committee was selected by general agreement. This committee, composed of Jno. Q. McAdams, chairman; Jno. W. Dale, J. W. Monroe, I. L. Beard, Ed P. Eason, Buford Owens, W. P. Hawkins, J. F. Paxton, soon got to work and selected Dallas E. Hawkins as secretary of the temporary organization. Thus the work is now going on.

If you sit in a cool draft when you are heated and get stiff neck or lame back, you will be looking for something that will ease the pain. Fix your mind on Ballard's Snow Liniment and don't be talked out of it, because it is the best pain relieving liniment you can get anywhere. Price 25c, 50c and \$1.00 per bottle. Sold by The Walker Drug Co.

R. A. David of Winters passed through Ballinger Saturday en route to San Antonio on a short business trip and to visit relatives a few days.

Fore SORE or WEAK EYES, use Dickey's Old Reliable Eye Water. Don't hurt. Feels good. w6-14 5m.

**Buyers to Share in Profits
Lower Prices on Ford Cars**

Effective from August 1, 1914 to August 1, 1915 and guaranteed against any reduction during this time.

Touring Car	-	-	\$490
Runabout	-	-	440
Town Car	-	-	690

F. O. B. Detroit, all cars fully equipped in the United States of America Only.

Futher, we will be able to obtain the maximum efficiency in our factory production, and the minimum cost in our purchasing and sales departments if we can reach an output of 300,000 cars between the above dates.

And should we reach this production, we agree to pay as the buyer's share from \$40 to \$60 per car (on or about August 1, 1915) every retail buyer who purchases a new Ford car between August 1, 1914 and August 1, 1915.

For further particulars regarding these low prices and profit-sharing plan, see nearest Ford Branch or Dealer

Harwell Motor Co.

“GETS-IT,” 2 Drops, Corn Vanishes!

The Only Sure Ender of All Corns.

Desperate, are you, over trying to get rid of corns? Quit using old formulas under new names, bandages, winding-tapes and cotton rings that make a fat little package out of your

This is the Grip of the Horny, Cornless Foot of “GETS-IT” toe. Quit punishing your feet by using toe-eating salves and ointments. To use knives, files, scissors and razors, picking and hacking at a corn, only make it grow faster and bigger. It also brings danger of bleeding and blood poison. The new way, the new principle never known before in corn-history, is “GETS-IT.” It is a liquid—2 drops on a corn does the work. Pain goes, the corn begins to shrivel and out it comes! You apply it in two seconds. Nothing to stick, nothing to hurt, and it never falls. Try “GETS-IT” tonight on corns, calluses, warts or bunions. “GETS-IT” is sold by druggists everywhere, 25c a bottle, or sent direct by E. Lawrence & Co., Chicago.

FERCE FIGHTING

OSTEND, Aug. 25.—Fierce fighting is progressing between the German Uhlans and the Gendarms at Vilkir.

The wounded are being brought here hourly.

ANTWERP, Aug. 25.—Seven persons were killed and six were wounded, some seriously, by bombs dropped from a Zeppelin airship today.

Constipation is the starting point for many serious diseases. To be healthy keep the bowels active and regular. ...Hербine will remove all accumulations in the bowels—they are torpid. The fault lies with the liver and bilious impurities in the blood and bowels and put the system in prime condition. Price 50c. Sold by the Walker Drug Co.

COLEMAN MAN RAPIDLY RECOVERING.

W. A. Hamiter, of Coleman, arrived here Sunday night in a critical condition, coming here for an operation for appendicitis. When the man arrived here it was not thought that the physicians could save his life. General peritonitis had set up and the man's pulse had run up to 130. An operation was performed at the Halley & Love sanitarium at once, and the physicians battled with the case up until about four o'clock this morning and before they gave any hopes of recovery. Mr. Hamiter is getting along nicely today, and he now has a good chance to get well.

Constipation Causes Sickness

Don't permit yourself to become constipated, as your system immediately begins to absorb poison from the backed-up waste matter. Use Dr. King's New Life Pills and keep well. There is no better safeguard against illness. Just take one dose tonight. 25c at your druggist.

Ben Allen of Big Springs and his sister, Mrs. Jones and children of Blanket, came in Tuesday at noon to visit their parents, Mr. and Mrs. Nath Allen and family and Ballinger friends.

French Remedy Aids Stomach Sufferers

France has been called the nation without stomach troubles. The French have for generations used a simple mixture of vegetable oils that relieve all stomach and intestinal ailments and keep the bowels free from foul, poisonous matter. The stomach is left to perform its functions normally.

Mr. Geo. H. Mayr, a leading druggist of Chicago, cured himself with this remedy in a short time. The demand is so great that he imports these oils from France and compounds them under the name of Mayr's Wonderful Stomach Remedy. People everywhere write and testify to the marvelous relief they have received using this remedy—one dose will rid the body of poisonous accretions that have accumulated for years and convince the most chronic sufferer from stomach, liver or intestinal troubles. Mayr's Wonderful Stomach Remedy is now sold here by all Druggists.

Namur Falls And Invasion Starts

(By United Press)

PARIS, Aug. 25.—Namur has fallen. Nancy is reported to be in the hands of Germans. The English and French troops have been driven back to their secondary defense and are striving desperately to hold their lines.

The war office here says they will hold out but it made the same promise about Namur.

There is grave apprehension that the Germans are going to break through the lines for a real invasion of France.

Appalling losses on both sides are reported. Doubtless, they will startle the world when officially announced.

The Germans assault was tremendous today. Hundreds of thousands of soldiers were hurled against the gaps between the chain of fortresses of the French.

Attempt Made to Destroy Royal Palace at Antwerp

(By United Press)

ANTWERP, Aug. 25.—A German Zeppelin airship was disabled and its crew of twenty-five were captured, after they had made a vain effort to destroy the Royal Palace here early today.

The bombs which were dropped from the giant aircraft, destroyed two houses and nearly killed several persons.

The inhabitants were terror-stricken after the explosion, but were reassured by the captain in charge of the Belgian troops in the city, that the shell which was fired by him penetrated the dirigible's envelope.

WASHINGTON, Aug. 25.—France holds Alkirsch and Muelhausen, following the German victory in the first big battle.

The allies' entire army is entrenched strongly in their secondary defense and are not disheartened over the defeat. This was the official message received here from Paris to the French embassy.

"After the aellied armies offensive movement had failed," said the dispatch, "they retired to the secondary defense which is impregnable."

The defeat was due to the overwhelming superior German forces.

The French Second Division suffered severely but the German losses are also very heavily, especially among the advance guards.

"France believes the entire German army is striking her."

"The allies have not as yet been driven out of Belgium."

"Considerable fighting will be had before the Germans cross the Belgian-France border."

"The Germans are unsuccessfully attacking the French in Alsace, and have been holding so since Sunday."

WASHINGTON, Aug. 25.—The German army captured today 10,000 soldiers and several generals of the French army, according to a wireless received at the German embassy from Berlin.

The claim also was made in the wireless dispatch that the Germans now control Longwy and other cities along the French-Belgian frontiers.

The dispatches to the embassy said that the Germans chased the French troops in several battles.

Numerous ensigns of the German army operated 150 guns. Ten thousand prisoners were captured at the battle of Lunville.

"Longwy is in our hands" was also reported to the German embassy. "The concentric advance of all German armies toward Paris is probable."

NEW YORK, Aug. 24.—Von Bernstorff, German ambassador,

arrived today from Rotterdam. In speaking of the conditions prevailing in the war zone, he said:

"From the Emperor to the common laborer, Germany will defend itself against this unwarranted attack. I have perfect confidence in a victory for the Kaiser. By the end of the war, Japan will have supremacy in the Pacific, which she has longed for for years. The calling in of the Yellow Men shows that the allies are not confident over the outcome of the gigantic struggle."

Ambassador Von Bernstorff said that the crown prince of Germany was in command of the fortress and army at Metz and was not wounded as has been reported.

He also said that General Von Emmich did not suicide during the battle at Liege but instead was slightly wounded, but is now able to be up and in the fight.

ANTWERP, Aug. 25.—The Belgians sorted and drove the Germans back to Mainh, it was learned here this afternoon.

The Germans were reinforced by several thousand of the million reservists held in the rear, and have again resumed the offensive.

WASHINGTON, Aug. 25.—The foreign governments have not as yet objected to the United States owning her own lines to be used in carrying on commerce between this country and other countries.

President Wilson believes that he can purchase ships from Germany or elsewhere without violating the neutrality of this government.

ROME, Aug. 25.—Cardinal Farley said today that the entire Sacred College as praying that God may guide them in the election of a new pope, "who will be able to restore peace in war-torn Europe."

Every influence possible will be utilized by the successor of Pope Pius for the restoration of peace in Europe.

Cardinal Merry Del Val is being suggested as a candidate for

high office of pope. Cardinal Del Val, however, is grieving over the death of Pope Pius and absolutely refuses to see all visitors. He mourns alone constantly.

ST. PETERSBURG, Aug. 25.—It was reported at the War Office here today the operations of the Russian troops in Prussia and Austria were so well developed that a general battle is very imminent and is expected within a very short time. The Russian soldiers are prepared for the conflict it was stated, while at the same time, it is believed the Austrians are similarly situated for operations.

The people were warned here by the government today not to expect too much from the operations of the Russians in Austria, at the start.

The German main fortifications, it is said, are very strong and the Russians will not gather them in without trouble.

WASHINGTON, Aug. 25.—That Japan may be drawn into the general European war outside the Orient, was the statement made today by the Japanese Embassy in Washington.

Japan's actions depend, the statement declared, on her ally Great Britain. If it is the desire of England to demand the aid of Japan beyond the Orient, the Japanese will come to their assistance.

Another neutrality proclamation is planned by the American administration, it was learned today. The American government will insist that the United States citizenship keep their hands out of the conflict which is at present involving all of Europe and part of the Far East.

Reports carried in today's news dispatches from the war zone are to the effect that the losses in the gigantic battle which is being waged along the French frontier between the allied forces and the German army, will exceed those of any battle ever fought. "The

losses on both sides will startle the world when officially revealed," is the manner in which the correspondent at Paris words the part of this despatch relating to the sacrifice of lives.

Those who fought in the Civil War remember the loss at Cold Harbor when 54,900 men of the United States lost their lives, 27,400 being federals and 27,500 being confederates. They remember Gettysburg when 54,807 lives were sacrificed upon the field of battle, the Union army losing 31,621 and the confederate 23,186. These figures include the dead, wounded and missing.

The most deadly battles of the Civil War follow below. The cryptic message from Paris probably means that Gettysburg will fall far below in the list of great battles of the world and the fight on the French frontier will take a leading place with its sacrifice of tens of thousands of soldiers.

	Federal	Confederate	Total
Cold Harbor	27,400	27,599	54,999
Gettysburg	31,621	23,186	54,807
The Wilderness	37,727	11,400	49,127
Spottsylvania	26,441	9,999	35,441
Chickamauga	15,851	17,804	33,655
Chancellorsville	16,020	12,281	28,301
Shiloh	13,047	10,694	23,741
Stone River	13,248	5,315	18,563
Fredericksburg	12,523	4,576	17,099
Manassas	7,800	3,700	11,500

Ready for To-morrow ?

Horses digest their feed less thoroughly than other farm animals. In order to insure thorough digestion of all the food eaten, and to make your horses readier for next day's work, add to their evening feed a teaspoonful of—

Bee Dee STOCK MEDICINE

It will lessen your feed bills. It will increase your profits.

I am using Bee Dee STOCK MEDICINE with my horses regularly and find it a saving proposition on feed. It also makes them healthy, thriving and clean.

Ira Johnston, R. F. D. No. 1, O'Neill, Nebr.

MALARIAL DISEASES.

How to Avoid Them and the Serious Consequences of Neglect.

"Fix me up something to knock the malaria, doctor," remarked a sallow-faced, sickly looking man, entering a prominent physician's office the other day.

The doctor stepped to his medicine case, took down a couple of bottles, mixed a preparation which he handed to the patient with the customary advice to "shake well and follow directions," and resumed his seat.

"Such cases are frequent," replied the doctor in answer to a question. "The warm days and damp, chilly nights are certain malaria breeders and are most serious in those who have neglected to keep their stomach, liver and bowels in good condition. Such persons are full of the impurities on which the malarial germ thrives, and it is from this class that typhoid fever, pneumonia, Bright's Disease, small pox and yellow fever claim most of their victims whenever these diseases are prevalent.

The proper way to guard against the malarial germ and the serious diseases which follow it is to get into good condition by taking a reliable remedy that will keep the bowels clear and the liver healthy, and to continue with it at frequent intervals during the sickly season.

A dose of Prickly Ash Bitters three or four times a week will do all of this, besides stimulating the digestion, improving the appetite and keeping the bodily energy at the highest pitch.

Prickly Ash Bitters is known everywhere as a system tonic and bowel regulator. It not only removes all traces of malarial poison from the system, but tones up the vital organs, gives new strength and vigor, makes the body strong and the brain active.

"Prickly Ash Bitters is the best all-around medicine for the family I ever used. During the last ten years I have always kept it in my house. Whenever any of my family show signs of malaria, kidney trouble, indigestion or constipation a few doses is all that is needed to make them well and hearty again.—W. H. McWilliams, Pickering, La.

Sold by druggists. Price \$1.00.

WASHINGTON, Aug. 25.—President Wilson today signed a neutrality proclamation towards Japan.

LONDON, Aug. 25.—It was announced here at the war office that the French and English troops are in the best spirits today following their defeat yesterday. The second army of English soldiers are marching hard to the scene of battle where they will help the allied army.

NISH, Aug. 25.—Servia today lodged a protest to the neutral powers against alleged atrocities of Austria on Servian soldiers.

The war office here today announced that the Servian armies are aggressively driving the Austrians back into their own country.

LONDON, Aug. 25.—Admitting that Namur had fallen into the hands of the German forces and the allies had retreated, the war bureau today insisted that the withdrawal of the English and French forces was dictated by prudence.

An ultimatum that victory for the allied army is certain was claimed

BRUSSELS, Aug. 25.—With her fields blooded in the general conflict of European powers, Belgium today celebrated her Independence day. Today was the anniversary of the revolution in 1830 which resulted in the independence of the nation.

List of lands and lots delinquent on March 31st, 1913. For the taxes of 1913 only, in Runnels County. Reported under the provisions of section 10, chapter 103, laws of 1897.
