SAYS PAPERS "FRAMED UP" TO DEFEAT M'ADOO

LOS ANGELES, June 3.—A nation-wide newspaper conspiracy against William G. McAdoo's candidacy for the democratic presidential nomination is charged in a statement signed by David Rockwall, chairman of the National McAdoo for President Committee. Rockwall issued a statement here today in which he charged a frame-up on the part of the newspapers to defeat McAdoo.

"Almost the entire partisan republican press, and all the reactionary democratic press," says Rockwall's statement, "have combined to suppress all the news favorable to McAdoo's candidacy. At the same time all the news unfavorable to his candidacy is being given conspicuous place upon the front pages of the papers of the country."

WASHINGTON, June 4.—Strong indications were apparent in democratic circles here today that Senator Walsh, of Montana, would probably be selected as permanent chairman of the Democratic National Convention at New York. Some of the democratic leaders in congress said that the question of the selection of Senator Walsh had been virtually settled and agreed upon.

LET CONTRACT FOR BATH HOUSE

The directors of the Country Club awarded the contract for a bath house on the banks of the beautiful club lake Tuesday morning. The directors met on the ground, selected the site and let the contract for the construction of the house to Carter & Gressett. The building will be about 12x60 feet, with six bath compartments on each side, hallways, porches, etc. It will cost about \$500.

S. M. Seay, of the Marie country, was transacting business in Ballinger Monday.

BRING YOUR PRESCRIPTIONS TO US TO BE FILLED

TRIBUTE PAID TO WAR DEAD

Firing of a salute by a squad of picked National Guardsmen, sounding of taps, and the placing of a wreath of flowers on the mound which marked the resting place of all war dead in the local cemetery, marked the closing of an appropriate Memorial Day program which was carried out from 6:00 until 7:00 o'clock Friday evening.

Probably the unfavorable weather for an outdoor gathering was responsible for keeping many people away, and the crowd was small and not as large as it should have been on such an occasion. However, those present stood with bared and bowed heads as a tribute of praise and honor was paid to those who gave their lives for America's freedom and for those who served in the wars and came out and have since passed into the beyond, or are yet among the living.

Forming in line at the main entrance to the cemetery, the American Legion, National Guard and DeMolay organizations marched to the live oak grove in the cemetery, where the program was carried out. Post Commander Simmons made a brief opening address. Dr. Alvin Swindell offered the invocation. The principal address of the occasion was delivered by Judge Alfred Crager, following a quartet by Dr. Swindell, Troy Simpson, A. McGregor and A. R. Jones. The crowd joined in singing The Star Spangled Banner.

Perhaps there never was a time in the history of the local cemetery when there were as many flowers in evidence. The cemetery itself is a veritable flower garden, and those in charge of decorating the graves came with great armfuls of cut flowers picturing all colors of the rainbow, and these were placed on the graves of the veterans of the Civil War, Spanish-American War and World War.

The ceremonies were solemn and impressive and the program most fittingly carried out, but there should have been a larger crowd present to pay a tribute of respect to our war dead.

JUDGE WOODWARD A VERY SICK MAN

Owing to the continued illness of District Judge J. O. Woodward, at his home at Coleman, and at his request, the bar of Brownwood met this morning and elected Judge I. J. Rice, chairman and proceeded to take up the matter as suggested. Because of the fact that practically every member of the local bar has cases in the present term of court it was decided to elect a judge from a distance and so Judge F. M. Newman of Brady was elected. A telephone message from Judge Newman this afternoon stated that he would arrive tonight and would open court at 9:00 o'clock Tuesday morning.

The grand jury will convene tomorrow morning and the regular program that would have been followed by Judge Woodward will be carried out. Walter Woodward attended the bar meeting this morning and in a statement made to the bar, said his father was a very sick man, and would probably have to go to Marlin for a few weeks. Judge Newman will probably hold the remainder of the court term.—Brownwood Bulletin.

LADS HELD ON CHARGE OF MALICIOUS MISCHIEF

A couple of Ballinger boys will be required to make just settlement as the law directs for breaking out window lights of the negro school. A dozen or more lights in the building were smashed out, and the boys then posted a sign on the door offering a \$5 reward for the boys who did this. The officers got on the job, and while they were successful in running down the culprits, they have little hope of collecting the "reward." However, the other costs in making amends for the malicious mischief.

SUNDAY SCHOOLS BAND CONCERT FIX PLAY PERIOD AND LAWN PARTY

The various Sunday schools of the city will put on an outdoor play program for the summer months, and the children in the primary and beginners' departments of all the Sunday schools will meet for play on the court house lawn at 6:00 o'clock each Thursday evening. The first play period will be staged Thursday afternoon, and each Thursday evening from six to seven will be devoted to entertaining the youngsters in a free-for-all frolic, with teachers and superintendents of the various Sunday schools in charge.

The plan, as reported to The Ledger, provides for each Sunday school to take its turn about in conducting the play period and looking after the children. The Baptists will be in charge for the first three weeks, when plans provide that some other church will serve in their turn.

The court house lawn is an ideal place for the children to frolic to their heart's content, and no doubt a romp on the green will make them healthier and happier. Properly carried out the plan should also prove helpful in building up the Sunday schools of the city. It will afford the Sunday school workers an opportunity to come in contact with children who are not affiliated with any Sunday school, and furnish an opportunity to do some good missionary work.

SLATES HEADS FOR REPUBLICANS

CLEVELAND, June 3.—Frank W. Hondell of Wyoming, will be the permanent chairman of the Republican National Convention which opens here June 10th. William Butler, national committeeman from Massachusetts and manager of the Coolidge campaign, announced today that Hondell had been agreed upon.

WASHINGTON, June 3.—Charles Warren, American ambassador to Mexico, has virtually been agreed upon by the republican leaders for the chairmanship of the resolutions committee at the Republican National Convention.

AUTO WRECK CASE TO BE HANDLED IN COURT

The party responsible for the auto wreck North of Winters Sunday night when one young lady was seriously injured and another slightly hurt, and a young man injured, will have to answer to a charge in court, according to the officers who made an investigation. County Attorney Shepherd was preparing to file charges in the case Wednesday on complaints brought to the court.

Miss Mattie Fae Reid, of Winters, who suffered the most serious injury and who it was stated was not expected to live, was reported to be improving. The young lady had just returned home from college.

A. H. Lewin, of Miles, was transacting business in Ballinger early Wednesday morning.

8600 Acres Russell Ranch Purchased for \$100,000

H. Giesecke and brother, Gus, of San Antonio, and Albert Giesecke, a cousin of the Giesecke brothers, of Denver, Colorado, have purchased one-half of the Russell Ranch 15 miles Southeast of Ballinger. The Gieseckes get the Southeast half of the ranch consisting of 8,600 acres, for which they pay \$100,000 cash.

This deal was made several days ago, but the deal was not made public until this week.

H. Giesecke, who is spending a few days in Ballinger looking

after his property interests in this county, stated Friday that he and his associates would stock the ranch. "We expect to make an oil field out of some of it," declared Mr. Giesecke. In the deal the Gieseckes get the land upon which is located the wells drilled in the Russell field. When asked if any of the land would be cut up into farms and placed on the market, Mr. Giesecke stated that he and his associates had no such intentions at this time.

The Parent-Teachers Association and the Ballinger Band will stage a joint frolic on the court house lawn Friday night. The band will furnish the music and the Parent-Teachers Association will serve refreshments, and both organizations will share in the receipts.

The band is arranging a good program for the occasion and will be out in full force with some special numbers for the entertainment of the throngs who will no doubt turn out and spend an hour or two in the beautiful park. The refreshments committee will serve cream, drinks, candy, etc.

The lawn is in good shape, and the lights will be turned on early. Come and bring the family and help in a good cause while enjoying yourself.

Prof. J. B. Pace, who has been teaching in the local high school for the last three years, has been offered places in several schools. The latest offer is from Sherman, where he was elected as teacher in the Central High school of that city. Mr. Pace has not accepted a place yet, and he will leave in a day or two for Austin, where he will attend the summer school of the state university.

Mrs. McGee and son, of Lampasas, came in Wednesday to visit Mrs. R. W. Bruce.

SIX RAILROADS IN BIG MERGER

NEW ORLEANS, June 4.—Plans for the consolidation of six railroads with the Missouri Pacific dominating, were outlined yesterday by the officials of the dominating railroad before the Association of Commerce here yesterday. The roads involved are the Chicago, Eastern Illinois; Kansas City Southern; Texas & Pacific; Gulf Coast Lines; International & Great Northern and the Missouri Pacific. The total trackage involved figures 15,000 miles.

These roads comprise a group of nineteen federal consolidated plans. It was announced that the consolidation would aid in the development of the ports of New Orleans and Galveston for foreign trade.

VETERANS LEAVE FOR U. C. V. REUNION

M. L. Wood, W. S. Wade, M. Barbee and daughter, Mrs. Bettie Wood, of Paint Rock, W. H. Maxwell and wife, of Robert Lee; J. A. Maxwell and A. D. Tally, of Ballinger; left Sunday afternoon for Memphis, Tennessee, where they go to attend the U. C. V. reunion. Some of the party will visit their old homes and relatives in other states before returning to West Texas, and they will be gone about one month.

Miss Mozelle Davidson, of the Mazeland community, passed thru the city Friday afternoon en route to Meridian to attend the commencement exercises of Meridian College, where she formerly attended school. Her father, Elgin Davidson, was here to bring her to the train.

CHICAGO BOYS CHARGED WITH ANOTHER MURDER

AMERICAN PARTY SELECTS LEADER

COLUMBUS, Ohio, June 4.—Organization movement will be started in all states immediately and an aggressive national campaign carried on by the American Party, it was announced today, following the selection last night of Judge Gilbert Nations, of Washington, as the party's presidential candidate, and the adoption of a party platform. Former Congressman Charles Randall, of Los Angeles, was named as candidate for vice-president.

SINGLETARY CASE TO BE RE-TRIED

Judge A. K. Doss, attorney in the case, Mrs. M. B. Singletary and daughter, Miss Georgia, and several witnesses, will leave next week for Karnes City, where the suit brought by Mrs. Singletary to recover damages for the loss of her son, Jack, who was killed by a train, will be tried again. In the first trial the plaintiff was awarded damages in the sum of \$7,000, but the railroad appealed the case and the higher courts reversed the judgment of the trial court and remanded the case for new trial.

Mrs. A. K. Doss and children, and Rev. and Mrs. W. H. Doss will accompany Judge Doss on the trip, and they will go on to Corpus Christi for a visit.

M. McGregor returned to his home at San Antonio Saturday afternoon, after spending a few days here on business and visiting his parents, Mr. and Mrs. J. McGregor.

CHICAGO, June 3.—Declaring that the bullet which killed Freeman Tracy, a Chicago student, on November 25th last year, fits one of the pistols found in the room of Nathan Leopold, who with Richard Loeb, both sons of millionaires, have confessed to the kidnaping and murder of Robert Franks, 14-year-old school boy and son of another millionaire, was made today by Dr. Joseph Springer, the coroner's physician.

Leopold and Loeb were identified yesterday as the lads who attacked and maimed Charles Beam by an operation five days after the killing of the Tracy boy. The officers believe that at least three other crimes will now be laid at the door of the millionaire youths.

The young men are not yet 19 years of age. They are being held without bond pending habeas corpus hearings which have been set for June 6th. The prosecuting attorney has announced that he will fight for a death penalty against the boys.

A letter demanding \$10,000 ransom from Jacob Franks, father of the murdered boy, was found in the rack of a Pullman car in the railroad yards in New York city yesterday. The address on the letter said, "Jacob Franks: Do not disturb this. Important. Mr. Franks will get it." The letter was turned over to the authorities and will be forwarded to the Chicago officers.

The letter was placed in the rack by Loeb May 22nd after he and Leopold had purchased tickets to Michigan City, Ind., and Loeb had boarded the Michigan Central train and placed it there.

C. E. Witt was in from the Norton country Tuesday, and dropped in to encourage the newspaper force a little.

To Resume Drilling in Russell; Test Near City

A contract will be signed up in Ballinger next Wednesday which will provide for the resumption of drilling in the Russell field 15 miles East of Ballinger. This is in accordance with a statement made by H. Giesecke, head of the Russell Production Company, and who recently returned from San Antonio, where a conference with a number of oil men was held and where all the provisions of drilling contract were agreed to.

"The men who are to put down the well for us will be here next Wednesday," said Mr. Giesecke, "and our contract provides that drilling will be resumed within sixty days." The work will be resumed in Russell Well No. 2, which was closed down at 1500 feet following the death of R. R. Russell and pending the settlement, or straightening out of the Russell estate.

The well is cased, fully rigged and in good shape, and it will be drilled to a depth of 3500 feet, or strike oil, according to the terms of the agreement. The formation of the well was all that could be asked for, with the drilling standing on the sand, when drilling was suspended, and those who have been in charge of the field were never more optimistic over the prospects for an oil field.

Regardless of the outcome of this well a third well—Russell No. 3 will be spudded in, which will make the sixth test for the Russell field. The third well will be started as soon as No. 2 is completed, according to Mr. Giesecke.

Recent visits of geologists and oil men to the Russell Ranch, and a thorough inspection of the field has revived interest in that field. Oil journals have recently had a great deal to say about the Russell field, carrying reports of

geologists, and showings already made have kept alive the interest in further development. Gulf Production No. 1 is declared to be the best gas well West of the Moran field, and when turned loose it wakes up the natives for many miles around. The development to be renewed will be carried on by gas from this well as fuel. The well has been tested several times and the gas supply declared to be sufficient for a city of three thousand people. The well is under guard of watchmen night and day, and is turned on daily.

It is also reported on good authority that there is a move on foot to sink another test near Ballinger, parties financially able to put down the well being interested in blocking acreage near town. The territory East of Ballinger has been declared by geologists to be the best wildcat territory in West Texas.

RETURN FROM MOTOR TRIP TO CALIFORNIA

Dr. and Mrs. J. W. Blasdel returned home Thursday afternoon from an automobile trip to California. They were gone from home one month, and Dr. Blasdel says that he never made a trip that he enjoyed more or got more for his money.

Dr. and Mrs. Blasdel were on the road ten days going, stopping along the route wherever they found anything of interest. They camped out at night, and stopped wherever night overtook them. "We never had any trouble," said Dr. Blasdel, "and returned home with Ballinger air in one of our easings."

The foot and mouth disease has demoralized things to some extent in California, according to Dr. Blasdel, but he says that the quarantine law is not enforced as strictly as it should be. "I found sanitary conditions in California just about as bad as her moral conditions," said the Ballinger doctor, "and about the only law they are sticklers for is the traffic law." Dr. Blasdel said the

traffic cops would sure hold you up if you violated any of the traffic rules.

Dr. Blasdel reported that they saw quite a number of Ballinger folks in California and along the road. On their return home they stopped at a house in New Mexico to get water, and found that they had stopped at the home of Walter Mullins, a former Ballinger citizen. It was rather a coincidence that they stopped at the former Ballinger man's home not knowing at the time they were calling on an old friend. Dr. Blasdel says that he had many folks to hold him up when they saw a Ballinger tag on his car, and ask about Ballinger friends and relatives.

GAME WARDENS KEEP GOING WITH MERCURY AT 78 BELOW ZERO

ANCHORAGE, Alaska, June 2.—Frank Dufresne, fur warden at Nome, and his trail assistant, Fay Delezene, a noted northern dog musher, encountered some of the coldest weather known in the territory during a trip last winter to the North of the Arctic Circle.

Leaving Nome on the 1,474-mile journey, the two first traveled to Safety, then to Bluff, across Norton Sound to the reindeer station; thence to Unalakleet and Kaltag, up the Yukon River to Nulato and onto Koyukuk. From Koyukuk they followed the military telegraph line and Yukon River to Louden, Ruby, Kokrines, Birches, and Fort Gibbon. They next struck North to Allakakat, swinging West in a circle to Shungnak and down the Kobuk River to Noorvik, Kotzebue, Keewalik, Candle and overland to Norton Sound and Nome.

For ten days at one stretch the mercury registered from 62 to 78 degrees below zero, according to Dufresne.

"An interesting fact," said Dufresne, "is that when the thermometer registers 60 degrees below or colder, animal life ceases to move and burrows into the snow, remaining there until the weather warms up."

Lester Laey and Berl McKee, of Miles, were visitors to Ballinger Sunday.

WEST TEXAS COTTON LEADS

WASHINGTON, June 2.—The cotton crop condition on May 25th, according to government report, was 65.60 per cent normal as compared with 71 per cent one year ago, and the 72.80 per cent average for the last ten years.

This showing was made today by the Department of Agriculture in its first report of the season.

The crop in Texas was rated at 66 per cent normal.

HOUSTON, June 2.—According to crop reports compiled by cotton brokers, wholesalers and financial institutions of this city, West Texas leads in both increased cotton acreage and condition of the crop. According to the report more than a third more acreage will be planted in West Texas this year than was planted in cotton last year, and the condition of the crop is estimated at 83 per cent.

Following is the report by sections:

North Texas—Increase in acreage 9.8 per cent; condition 71 per cent.

Northeast Texas—Increase in acreage 5.6 per cent; condition 66.8 per cent.

Northwest Texas—Increase in acreage 14.9 per cent; condition 79.4 per cent.

Central Texas—Increase in acreage 4.4 per cent; condition 70.1 per cent.

West Texas—Increase in acreage 34.3 per cent; condition 83 per cent.

West Central Texas—Increase in acreage 9.7 per cent; condition 72.3 per cent.

East Texas—Increase in acreage 6.4 per cent; condition 73.4 per cent.

Southeast Texas—Increase in acreage 3.9 per cent; condition 70.6 per cent.

South Texas—Increase in acreage 5.2 per cent; condition 79.3 per cent.

Average increase in acreage, 7.9 per cent.

Total estimated acreage for the state, (allowance for abandonment 2 per cent), 15,164,143 acres.

Average condition, 73 per cent.

Indicated production per acre, 138.7 pounds.

Estimate of crop, 4,396,460 bales.

DARKEN GRAY HAIR, LOOK YOUNG, PRETTY

Sage Tea and Sulphur Darkens So Naturally that No body can tell.

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays, we get this famous mixture improved by the addition of other ingredients by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur Compound is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance.

SAN ANGELO LIONS AT-TEND LOCAL LUNCHEON

A half dozen members of the Lions Club of San Angelo, visited Ballinger Thursday evening and were the guests of local citizens at a luncheon held here in an effort to organize a local Lions Club. Covers were laid for about fifteen at the Rho-Mac Cafe, and the affair was one of the most pleasing informal luncheons ever spread in this city.

Those who have signed up to become members of the local Lions Club were present and heard the benefits of the organization discussed by the visitors. About one-half sufficient members have been signed up here for a charter, and unless others are interested, the organizing of a club here will have to be postponed until a later date.

NEGROES TAKE CAR TO JOY RIDE

Clarence McDavid and Sidney Wyatt, a couple of young negroes, are in the county jail with theft of an automobile charges filed against them. The negroes were in the act of getting away with an automobile when they ran out of gas, or for some cause the car went dead and they abandoned it in the outskirts of the city.

The auto, a Chevrolet was the property of J. H. Shoaf, of Dallas, a traveling man. Mr. Shoaf left his car parked in front of a local hotel Saturday night. It was missing Sunday morning, and the matter reported to Sheriff Flynt. In a short time a stranded car was reported and later identified by Mr. Shoaf.

Sheriff Flynt and his deputies picked up a clue which led to the arrest of the two negroes. They admitted taking the car, and claimed that they had no intention of stealing it, and only "borrowed" it to take a ride. Borrowing an auto without the consent of the owner is the same as stealing it, in the eyes of the law.

LIVESTOCK AT GOULDBUSK HAVE A MOUTH DISEASE

Veterinary J. M. Tuck, accompanied by County Judge S. J. Pierrat, went out to Gouldbusk Tuesday to investigate a malady among livestock on the premises of L. K. and T. W. Wardlow.

The animals, including horses, cattle and dogs, were said to have a mouth disease which prevented the animals from eating and which appeared to be contagious. The affected animals have ulcerated tongues and swollen throats. There has been no casualties among the horses or mules but a dog and a calf is said to have died, presumably from the malady.

Dr. Tuck prescribed treatment for the malady and advised keeping the animals under quarantine to await further developments. Judge Pierrat suggests that all persons who have live stock keep watch to see if the malady becomes epidemic and in order to take precautionary measures to prevent its spread. The malady is said to have no relation to the dreaded foot and mouth disease.—Coleman Democrat-Voice.

SCHOOL GIRL WINS \$300 STORY PRIZE

CHICAGO, Ill., May 30.—Pearl Graves, a sophomore in the Union High School at Lemoore, California, was today proclaimed national champion in the National Meat Story Contest, carrying with it a cash award of \$300. The winning story was written on the subject, "Meat and How I Cook It." This announcement was made by the National Live Stock and Meat Board, which conducted the contest among the high schools of the United States.

The United States was divided into four districts and Miss Graves' story on meat was first picked as the best in the western district. As district champion she was awarded \$100. Eva Besty of Centralia, Ill., carried off championship honors in the

WORKING CHICKENS IN COTTON PATCH

Several farmers here Saturday reported that they were using chickens to a good advantage in exterminating grasshoppers. Rigging up a wagon in chicken pen fashion, and loading it with the fowls the wagon is left in the field with the chickens penned up for a day or two to get them used to their new home. The chickens will then range around the wagon and return to it at night to roost. The wagon can be moved from place to place in the field and the chickens make the hoppers hop, so the experience goes of those who have tried it. This scheme was worked successfully by several last year.

The farmers are keeping a close eye on the hopper situation, and while little damage has been reported so far, no time will be lost in waging war when the hoppers begin to invade the fields. Different methods of poisoning have been tried out and some declared effective and some of no benefit. Little headway can be made in exterminating the hoppers with poison in rainy weather, according to those who have been experimenting.

The average man has to keep busy to be happy because if he stops and thinks his conscience starts hurting him.

WINTERS ITEMS

WINTERS, May 31.—It was thought that with the coming of spring, building activities in Winters would abate, but they have not. At the present time several important additions are being made.

Ellsworth Street is opened and graded from Truett Avenue to Tinkle Street.

Mr. Willard, advance engineer for the O'Neill Municipal Engineering Company, is on hand to begin the laying of the new \$50,000 sewer system. The location of the disposal plant is secured and the trench digging machine will be on the ground in a week.

The new \$40,000 Methodist church building has reached the cornice and much of the interior framing is in place. The church hopes to worship in it by the first of August.

W. H. Ambracht is erecting two new store buildings on 221-9 Dale Street. They are built with concrete walls, 110 feet by 50 feet. Both are rented.

W. J. Fulwiler, of Abilene, is erecting a double front building on 137-41 Main Street. The two store buildings will be occupied as soon as completed, and the second story will have an assembly hall and two offices. This building is being rushed and is expected to be occupied by July 1st.

The Queen Theatre is being remodeled. The roof has been raised, a balcony installed, and a new front is being built.

The H. H. Hardin Lumber Co. is doubling the capacity of its office rooms. This is for the purpose of supplying additional room for building accessories.

Woodie McKissick recently sold his residence on Fannin Street, and has begun the erection of a six-room bungalow on 403 Dale Street. It is to be equipped with all modern conveniences.

Dr. W. D. Sanders is rushing the completion of his new residence on 215 Church Street. This is a brick-vener and will be one of the best houses in town.

J. S. Neely and family attended the graduating exercises at John Tarleton College. Sidney Neely is one of the graduates.

Dr. Middleton and Ed. P. Eason with their families are enjoying a fishing trip and general outing on the Llano.

WINTERS, May 29.—At a meeting of citizens interested in band work, last night, a committee composed of E. A. Shepperd, Rev. Hall Smith, H. K. Reid and four others not yet named were asked to begin definite work on the proposition of band organization. Winters now has a band of beginners, numbering 24, but the new organization is composed of adults who have had some experience in band work and who are willing to take up the work. The following is the nucleus of the band:

Earnest Adami, tuba
Charles Adami, cornet
Wm. Keifer, clarinet
Hugh Cleveland, clarinet
C. G. Duncan, base drum
Prentis Garrett, snare drum
Horace Hawkins, saxophone
Vivian Colburn, alto
N. Passur, —
Adam Ernst, cornet
— Gibson, cornet
— Collingsworth, cornet
Wm. Pierce, trombone
Derwood Hill, clarinet
Carrol Spangler, cornet
August Spill, alto
Aret Shivers, alto

Pimples CONTINUED RAIN DELAYS FARMING

BLOOD impurities are pumped by the heart into the face. That is what causes that grainy appearance, that muddiness, sallowness, pimples, blackheads, acne, red spots, and that impossible "something" which no face cream, massage, or face powder can cover up or beautify! The foundation for a beautiful skin simply is not there, and no face treatment can give it to you. But increase your red-blood-cells—and quickly the ruby tint of purity begins to glow in the cheeks, the complexion becomes venus-like and immaculate! Try it. It will do it every time. S.S.S. builds the red-blood-cells you need for a beautiful complexion. Begin using S. S. S. at once, and give yourself what you have been working for, for years.

S. S. S. is sold at all good drug stores in two sizes. The larger size is more economical.

APPLY SULPHUR ON A PIMPLY SKIN

Apply Sulphur as Told When Your Skin Breaks Out.

Any breaking out of the skin on face, neck, arms or body is overcome quickest by applying Mentho-Sulphur. The pimples seem to dry right up and go away, declares a noted skin specialist.

Nothing has ever been found to take the place of sulphur as a pimple remover. It is harmless and inexpensive. Just ask any druggist for a small jar of Rowles' Mentho-Sulphur and use it like cold cream.

LOCAL CITIZENS WITNESSES IN ABILENE MURDER TRIAL

Several local citizens were called to Abilene Thursday as witnesses in the murder trial of Mrs. Carrie Hicks, charged with the murder of Roy O. Barker. Among those who were called were Dr. F. M. Hale, Dr. W. B. Halley, R. T. Williams, E. D. Walker, Judge O. L. Parish, and D. Oliver. All were summoned as character witnesses.

Mrs. Hicks formerly lived in Ballinger, following the death of her husband, Luther Smith. The family lived here for several years in the New Home community, where Mr. Smith died. Mrs. Smith moved to Ballinger in 1915, and lived here several years. She married T. M. Hicks after she moved away, and was living at Abilene at the time of the alleged killing of Barker.

Barker and the Hicks family were occupying the same house at the time of the killing. Barker renting rooms from Mrs. Hicks. Barker was in the act of moving out of the place when trouble came up between he and Mrs. Hicks over the payment of a \$1.40 gas bill which Mrs. Hicks claimed that Barker owed her. There were no eye witnesses to the killing and in her story to the court Mrs. Hicks stated that Barker cursed her, and threatened to harm her when she got her gun, and in a scuffle over the gun she claimed that the gun accidentally discharged, killing Barker.

The case went to the jury Friday morning.

Mr. and Mrs. Conda Wylie returned Sunday from Sherman, where they had been to attend commencement at Kidd-Key College. They were accompanied home by their daughter, Miss Maurine, who graduated at Kidd-Key.

WINTERS "DUCHESS" IS WED TO CALIFORNIA MAN

Miss Eunice Gardner, daughter of Mr. and Mrs. W. J. Gardner, of Winters, and Ernest Lail, of Los Angeles, California, were married at the home of the bride's parents in Winters last Sunday evening at 6:30. The bride and groom remained in Winters until Tuesday when they left by auto for their home in California, where Mr. Lail has a good position, and where he has already provided a home for his bride.

The bride was "Miss Winters" in the West Texas Chamber of Commerce pageant at Brownwood recently, representing that city as sponsor in the illuminated parade. She was popular among the Winters folks and it was with much regret that they gave her up.

George Poe, of the Winters country, joined his sister, Mrs. J. J. Bugz of this city, and they left Monday for a visit to Mertzon.

Mr. and Mrs. Conda Wylie of Ballinger are here to attend the graduating exercises of Kidd-Key College, at which their daughter, Miss Maurine, receives her diploma.—Sherman Correspondent in Denison Herald.

Runnels and surrounding counties "suffered" another rain Thursday night, the precipitation amounting to from one-half to an inch and a half. The rain fell slowly and continued throughout a good portion of Thursday night.

The month of May has been a wet one, the rains for the month falling at such intervals as to greatly delay farming activities. In some sections of the county, the rain has been unusually heavy, especially in the Norton and Wingate communities, where it is estimated that from ten to fifteen inches of rain has fallen during the month.

The following report for Thursday night's rain was compiled Friday morning by the West Texas Telephone Company:

The government rain gauge, located at the home of E. M. Eubank in this city, shows that the total rainfall since the first of January amounts to 10.10 inches, with a twelve inch snow in February.

The rain has been distributed in a way which has conserved the good season of last fall, and the country will go into the summer months with a splendid underground season. Following is the rainfall by months for the present year, as compared with last year for the same period:

	1924	1923
January	1.10	2.40
February	1.30	3.40
(February '24 also 12 in. snow)		
March	1.50	1.75
April	1.40	7.00

No Worms in a Healthy Child

All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILI TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the child will be in perfect health. Physicians to take. One per bottle.

COUNTY FAIR WORKERS BUSY

The committee appointed to handle the preliminary work for organizing a county fair association was in session Saturday morning to hear the report of J. D. Motley, who has been placing the stock in other communities of the county, and to perfect plans for a stock selling campaign in Ballinger.

Secretary Motley reported that \$3500 of the stock had been placed among citizens in the other districts of the county. This was encouraging to the committee, and it is probable that the fair association will be capitalized for \$15,000 instead of for \$10,000 as was originally agreed upon.

A committee, composed of H. C. Gardner, R. W. Bruce and E. Shepperd was appointed to conduct the stock selling campaign in Ballinger. The committee will call on the business firms and individuals of Ballinger within next week and make an effort to place the remainder of the stock. No trouble is anticipated in raising the money for financing the fair, and at an early date a stockholders' meeting will be called and a board of directors and officers elected.

At the committee meeting Saturday morning a location committee was also appointed. This committee is composed of O. L. Parish, R. G. Erwin and E. D. Walker. Options on sites will be procured and submitted to the

BUILD IT NOW

If You Need That House BUILD IT NOW

Your first peace-time work is the building of that new house you had to go without while the war was on.

Both labor and materials are available once more and a great deal of government building, state work and factory construction already is under way. Measure the amount of satisfaction and service your new home would bring and you'll want to get started at once.

The sensible thing then is to BUILD NOW and we have all the material to build the sensible way—framing, siding, trim, shingles, doors and Beaver Board—the manufactured lumber, knotless and crackless—for the walls and ceilings. Speak to us about it today.

The labor department of the German government reports a remarkable revival of household manufacturing during the present period of economic distress. Spinning wheels, hand-operated linen factories and other home devices are being pressed into service. It takes such things as war to bring people back to their senses. We sometimes think America will have to experience a comedown some way or some how.

Two sons of millionaire families are in jail in Chicago charged with the murder of the little son of another millionaire family. The youths have confessed to one of the most brutal and heinous crimes in the history of the country, committed after long and well-worked-out premeditated plans. The father of one of the boys is vice-president of Sears, Roebuck & Co., and there are people in Runnels county who have contributed to his wealth. If there ever was a case where the death penalty should be applied, this is the case. Now, we will see what part money plays in defending a criminal.

The farmers are all agreed on one question, and that is that this country needs a little sunshine.

All main highways should either be made passable in wet weather, or the highway authorities should keep men and teams stationed at the mud holes to pull autos through. The age in which we are living is entirely too fast to tie up traffic on account of a mudhole in the road.

Texas is following close on the heels of New York in the value of exports for the first three months of 1924. New York leads all states with value of exports for the first quarter fixed at \$183,846,364 and Texas comes second with \$147,255,543. Texas is only partially developed and the time is not far distant when she will occupy first place in exportations.

From a climatic standpoint this country has been about all a fellow could wish for during the last two months, and the man who sought a more pleasant climate was only fooling himself into a sight-seeing trip.

"How's your grasshoppers?" was the usual way farmers greeted each other on the streets of Ballinger Saturday. One farmer was heard to say, when the question was put to him, "Very well, thank you."

Politics generally suffer for the want of attention when we have a good crop year. But after all the candidates waste a lot of good time running for office. A large majority of the voters give the matter little thought until a day or two before election day.

McAdoo is short fifteen votes of a majority pledged for him in the national democratic convention, and it requires two-thirds to nominate. That is why McAdoo will not be the presidential nominee of the democratic party.

Highway Engineer Pirie will leave Sunday for Bryan to attend the commencement of A. & M. College and meet with classmates of the class of 1904. Mr. Pirie was a member of the 1904 class, and members of that class will have a homecoming at the college next week. Mr. Pirie wrote to a number of them, and all so far heard from have agreed to attend the homecoming. Members of the class who have been living in Germany and other foreign countries, and in other states are expected to be present.

Mrs. Morgan Jones and children came down from Abilene Monday. Mrs. Jones is here to look after her music class and the children came with her for a visit.

Mrs. E. E. King, Misses Hortense Holt and Marguerite Truly, left for Abilene Monday. Mrs. King will be accompanied home by her sister, Mrs. J. Perry King.

Mrs. O. C. Holliday and daughter Grace left for Alpine last Sunday. They will enter Sul Ross College for the summer term and will be at that place for about three months.

Gaines Littlefield, of Concho, was in the city Tuesday after a supply of grasshopper poison. Mr. Littlefield reported that the grasshoppers were walking across the field as though they owned the whole farm.

Mrs. P. E. Truly received the news of the death of her sister, Mrs. Albert Davenport of Weatherford, following an operation. Mrs. Truly was unable to make the trip to Weatherford.

Mr. and Mrs. J. M. Skinner left Tuesday afternoon for Brownwood, where they will attend the commencement exercises of Daniel Baker College, from which school Miss Malvina Skinner graduates. Misses Malvina and Ruth Skinner will accompany their parents home this week.

E. M. Setzer was in the city from the Norton country Tuesday. Mr. Setzer was here to get repairs for a windmill and incidentally spent a little while discussing politics and grasshoppers with some of his street loafing friends.

Tom Moore, of Comanche, has accepted a position with the Ballinger Electric Company. He has moved his family to Ballinger. Mr. Moore is an expert electrician and G. P. Teague is fortunate in lining him up with his company. Mr. Moore is also a good musician and will be a valuable asset to the Ballinger band.

Miss Margaret Kirk left Sunday for a vacation trip to Austin where she will visit her sister, Miss Eleanor Kirk, and other relatives and friends. She will be gone about ten days.

Misses Maxine Russell and Verda Nell Trail went to Brownwood Tuesday to visit friends and attend the commencement of Daniel Baker College, where Miss Frances Trail has been attending school, and will return home with the other young ladies.

W. W. Chastain, traveling salesman for a wholesale grocery house, is taking a vacation. He will visit different point and recuperate in an effort to regain some of his good health.

Mrs. F. A. VanPelt, of Winters, is visiting her son, A. H. VanPelt.

Mrs. L. DeVerville, who had been here from San Angelo visiting relatives, left for Glen Rose Saturday afternoon to join Mr. DeVerville, who is recuperating at that place.

Scott H. Mack and son, Bailey, will leave Sunday for Ft. Worth to attend commencement of T. C. U., where Roy Mack is graduating this year. According to the program announced, Roy is to deliver the welcome address for the class, and the commencement and homecoming of the university is expected to bring together the largest crowd in the history of the school. The exercises will be held outdoors in order to take care of the large crowd.

C. L. Green was here from Winters Friday afternoon to bring his daughter to the train. The young lady was en route to Smithville on a visit.

Albert Spill of Winters, passed thru the city Friday afternoon, en route to Austin to accompany his son home from school. The young man has been attending a school for the blind.

E. W. Patterson was in the city Friday from the Winters country. He says all the farmers need in his community is a little sunshine. No grasshopper damage has been reported from that section of the county.

BABY FOUND ON DOOR-STEP

T. S. Lankford received a letter from his daughter, Mrs. Ludie Thornly, formerly Mrs. Cotton Bailey, stating that a baby had been left at the Thornly home in Electra. Mrs. Thornly found the baby on her door-step several days ago, and had been caring for it. She wrote her father asking his advice about adopting the baby, or what to do with it. She stated that she did not want to keep the baby and later have someone to claim it.

Mr. Lankford wired Mrs. Thornly to keep the baby if she wanted it, and told her that "every Lankford would help her care for it."

JEFFERSON DAVIS' BIRTHDAY QUIET

With the farmers hitting it up in high, the banks closed and most of the loafers gone fishing, Jefferson Davis' 116th birthday was a quiet one in Ballinger. With the farmers head over heels in the grass and weeds and with a grasshopper war on their hands, it will take something more exciting than a birthday event to bring them to town for several days.

"It will take two weeks for us to get out of the hole," said one farmer Saturday, "and we are going to have to work early and late to get out in two weeks."

TOM BLANTON HAS NO OPPONENT THIS YEAR

Monday was the last day on which candidates for state and district offices could legally file application for name on the democratic primary ticket. Judge Fred Cookrell, congressional district chairman of Abilene, announced Tuesday that only one name was filed as candidate for congress. Congressman Thomas L. Blanton filed application for a place on the ticket and has a clear track this year for the first time since he entered congressional politics. Mr. Blanton was defeated by former Congressman W. R. Smith in 1914. He came back and defeated Smith in 1916, and has been bitterly opposed in every campaign since.

JUDGE O. L. PARISH FILES APPLICATION

Among the applications filed with the proper authorities by candidates seeking places on the primary election ballot is the application of Judge O. L. Parish, as a candidate for representative from this district. Monday was the last day for filing applications for state and district offices and Judge Parish filed his application at the eleventh hour, yielding to the solicitation of friends and supporters to make the race.

The district is composed of Runnels, Coke and Concho counties. O. R. Sims, of Paint Rock, and former member of the legislature when Concho and Coleman counties comprised the district, has also filed his application as a candidate from this district. Mr. Sims announced for the office some time ago.

Judge Parish retired from public life three years ago, resigning as county judge, after serving in that capacity and also as county clerk of this county. He has been engaged in the practice of law, and at present is a member of the firm of Parish & Crager. He has a strong following in this county and will no doubt receive the support of his many friends.

J. E. Pirie returned from College Station Tuesday night, where he attended commencement and a home-coming celebration at A. & M. College. Mr. Pirie was a member of the 1904 class of A. & M. and he says that about fifty per cent of those who graduated with him twenty years ago were present at the home-coming. "The crops are poor and backward in the South Central Texas country," Mr. Pirie said. "Corn is drowned out and grass and weeds have gotten a big lead on the farmers in the cotton fields."

SAN ANGELO BANKER ON TRIAL FOR SWINDLING

A motion to quash an indictment charging N. S. Rives, former assistant cashier of the First National Bank of San Angelo, with swindling D. C. T. Keyes out of \$3,000, was overruled by Judge Charles E. Dubois shortly before noon Monday in the 51st District Court of Tom Green county. The indictment is one of three against Mr. Rives, one other charging swindling and the third alleging false swearing.

Following the court's ruling, the case was to be called at 1:30 o'clock Monday afternoon, a sufficient number of the thirty-six petit jurors should the case go to trial. District Attorney Oscar Frink is assisted in the prosecution by J. A. Thomas. Mr. Rives is represented by W. A. Wright and Robert T. Neill.—San Angelo Standard.

AUTO WRECKED IN GOING FOR AID

WINTERS, June 3.—Miss Mattie Fay Reid, who was seriously hurt when a car in which she and Roy Clark were out driving Sunday evening, collided with another car and turned over, is resting well today, and it is now believed that she will recover.

While hurrying for the young lady's mother, Horace Spear, J. L. Alred and H. K. Reid, failed to turn the corner of Main and Parsonage streets, and collided with the concrete wall at Faulkner & McCaughn's blacksmith

shop. The car was wrecked and all three of the occupants were bruised.

FIRST BOTTLE OF TANLAC BROUGHT HER RELIEF

Austin Lady Says She Noticed Improvement From Very First.

"After all Tanlae has done for me I could not do otherwise than praise it," is the appreciative statement of Mrs. R. R. Slack, highly esteemed resident of 305 East 2nd St., Austin, Texas.

"My experience with Tanlae began four years ago. At that time I was suffering from indigestion so bad I could hardly endure it. I was troubled with gas, heartburn, dizzy spells and, in fact, about all the disagreeable symptoms that come from a disordered stomach. I only weighed 97 lbs., and was so thin, weak and nervous that life was miserable.

"My very first bottle of Tanlae brought good results and six or seven bottles corrected all my troubles and left me feeling fine. Again, following an attack of the flu, in March of this year, I resorted to Tanlae and the Tanlae Pills and they soon had me feeling all right again. Tanlae gives me a good appetite, steadies my nerves, brings refreshing sleep, and keeps my whole system in fine condition. Tanlae and the Tanlae Pills have done for me what nothing else would do and my gratitude is unbounded."

Tanlae is for sale by all good druggists. Accept no substitute. Over 40 million bottles sold.

Tanlae Vegetable Pills, for constipation, made and recommended by the manufacturers of Tanlae.

LITTLE VESTAL WATSON PASSES AWAY AT MILES

A short life of nearly 14 years of suffering is ended, and little Vestal Watson has passed to her reward. She was the daughter of our late Dr. Watson who practiced medicine in Miles several years ago. Little Vestal was born at Trent, Texas, July 2nd, 1910. After the death of her parents she came in November, 1918, to live with her brother-in-law and sister, Mr. and Mrs. "Lum" Bailey now of Miles, who having no children of their own loved and cared for her with all the tender affection of real parents. Little Vestal had been affected with serious heart disease from her earliest childhood, which made her the object of the most watchful care at all times and brought to her the tenderest sympathies of all who knew her. She was highly intelligent, and of a sweet social nature, binding the hearts of all to her in the strongest ties of holy and sympathetic love. She was religiously inclined, being joyously converted and united with the Baptist church at the age of 10 years, to which she remained true to the end of her life.

Her sweet spirit took its flight from her suffering tenement of clay May 31st, 1924, and her body was laid to rest in the Miles cemetery on Sunday, June 1st, at 4:00 p. m.

Her funeral services were held at the little chapel at the cemetery and had the largest attendance of any for many months.

Rev. J. T. Tracy, pastor of the Methodist church at Miles conducted the services and was assisted by Rev. Watson, a Baptist preacher from Troy, Texas, who is a great uncle of the deceased.

Mr. and Mrs. Bailey and the three brothers and other sisters of little Vestal who live to mourn her loss, have the united sympathy of the entire citizenship of Miles.

May the strong arm of Almighty God support them in their sore bereavement.

DEATHS

S. M. Welch
After a short sojourn in this county, S. M. Welch, age 66, died on the W. H. Wilde farm South of Ballinger early Tuesday morning. He came to this country from Oklahoma a short time ago to make his home with relatives, and was ill when he arrived here.

An undertaker from the King-Holt Company went out and prepared the body for burial and it was laid to rest in Evergreen Cemetery at 3:30 o'clock Tuesday afternoon.

Mrs. A. M. Brown
Mrs. A. M. Brown, wife of a second-hand furniture dealer of this city, died at the family home on Twelfth Street at 12:30 Thursday morning, death resulting from an illness following a stroke of apoplexy.

Mrs. Brown was not in good health, and suffered a stroke of apoplexy last Saturday. She was discovered in an unconscious condition during the night and since then she gradually grew weaker until death relieved her.

Deceased was 54 years, 6 months and 20 days of age. She had been living here for several years, her husband being engaged in the second-hand business. Besides the husband several children survive.

The remains were prepared for burial by the King-Holt undertaking department, and he funeral arrangements provide for taking department, and the funeral. The body will be carried to Mereta in a hearse and the funeral procession was due to leave Ballinger about noon Thursday.

Charles William Whitaker
Charles William, little son of Mr. and Mrs. Jack Whitaker, died at 11:15 Thursday morning, following a brief illness. The baby was one year, four months and twenty-nine days of age.

The funeral services were arranged for Thursday evening, and it was announced that the remains would be laid to rest in Evergreen Cemetery at 6:00 o'clock, Rev. R. B. Twitty, pastor of the Eighth Street Presbyterian Church, conducting the funeral services.

Mr. and Mrs. Whitaker have the sympathy of their friends in the sorrow brought upon them in the death of their little one.

"THE EAGLE'S FEATHER" WESTERN THRILL FILM COMING TO THE MAEROY

"The Eagle's Feather," a Metro picturization of the famous story of the same name by Katharine Newlin Bart, will be the feature attraction at the Maeroy Theatre Saturday of this week, June 7th. The story appeared some time ago in Cosmopolitan Magazine.

James Kirkwood and Mary Alden head the cast of well known players in "The Eagle's Feather." Mr. Kirkwood's role in this picture is his first since his return recently to Hollywood from New York where his acting in the Broadway success, "The Fool" was sensational.

Others in the cast are Elinor Fair, Lester Cuneo, William Orlamond, John Elliott, Charles Me-Hugh and George Siegmann. Incidentally Mr. Siegmann portrays the great role of Danton in Rex Ingram's Metro production of "Scaramouche" recently announced as completed.

"The Eagle's Feather" is full of thrilling tense episodes, particularly suitable to the screen, and Edward Sloman, the director, is said to have made the most of them. A great deal of the picture was made in the open in the beautiful valley at the foot of the Sierra Mountains in California, and the picture depicts the noble, austere grandeur of this part of the country which is covered with great cattle ranches.

It was here that Metro Pictures Corporation took over the management of an entire ranch with its several thousand head of cattle in order to film the spectacular stampede—an exciting and

tense moment in "The Eagle's Feather."

A comedy and a round of "The Leather Pusher" series will also be shown at the Maeroy Saturday.

SEVERE CRAMPING SPELLS, PAINS IN BACK AND SIDES

"My trouble has been periodic cramping spells," says Mrs. C. C. Draper, of Atlanta, Texas. "For several years these have come on me so bad that I had to quit my work and go to bed. Every month I would stay in bed from one to two days. The pains in my back and sides were awful. This went on for several months after I was married until, one time when I was having a bad spell, my husband suggested that I try Cardui. I said I would try it, so he got me a bottle at the store and I began to take it. It seemed like I improved from the very first dose. When I had taken one bottle I was very much better. I did not cramp so hard the next month and I ate and slept better. I was not nearly so nervous, either. I thought Cardui was fine, so I continued the treatment until I had taken five bottles, at which time I felt completely well. I had no more

cramping spells at all, and my health was as good as anybody's. I am feeling fine now and I give all the credit to Cardui, for I had been suffering for years before I took it." Cardui is a vegetable extract, containing no harmful ingredients. It is made from mild-acting medicinal herbs with a gentle, tonic, strengthening effect upon certain female organs and upon the system in general. Its users have testified to its special value at the time of entering womanhood at maturity and at the time of the change of life. For over 40 years, Cardui has been tested in use by thousands of women who have written to tell of the great benefit they have received from it. For over 600 years, medical authorities have recommended one of the principal ingredients of Cardui in the treatment of certain female complaints. Cardui, the woman's tonic, tested by time, is today the product of many years of experience and investigation. It is manufactured in up-to-date laboratories by the most modern and sanitary methods of pharmaceutical science and is for sale by all druggists.

CAR WRECK MAY PROVE FATAL NARROW ESCAPE AT ELM CROSSING

Miss Mattie Fay Reed, daughter of Mr. and Mrs. H. K. Reed, of Winters, was reported to be in a serious condition, another young lady of Winters was slightly dazed and LeRoy McAuley of Ballinger suffered a severe bruise on the head and a black eye as the result of an automobile wreck about three miles north of Winters early Sunday night. Miss Reed was reported to be suffering from a fractured skull, a broken collar bone and other injuries, which it was feared would prove fatal. A man by the name of Clark, it is alleged, was responsible for the smash. According to the story of the wreck as related by different parties, LeRoy McAuley, Willard Wooden and a couple of young ladies of Winters, were traveling in Mr. McAuley's Ford, driving at a moderate rate of speed, when Clark, driving in the same direction, at a high rate of speed and crashed into the rear end of the Ford. Clark was driving a Buick six and was in the act of passing the Ford when the rear end collision resulted. The Ford remained right-side-up, but was badly damaged and put out of commission. The big Buick turned a flip and rolled over, and was completely wrecked. Miss Reed, who was in the car with Clark was removed from the wreckage in an unconscious condition, and last reports stated that her condition was serious. The parties who were riding in the Ford were picked up and carried to Winters by another car, and later Messrs. Wooden and McAuley returned to Ballinger. The Ford which was left at the scene of the wreck was stripped by thieves Sunday night. All five casings, and the battery were stolen.

Herbert O. Yarbrough, special agent for the Firemen's Fund Insurance Company, located at San Antonio, narrowly escaped death from drowning Sunday night when his auto washed off the causeway at the second Elm Creek crossing. A clear head and quick action is all that saved the traveling man's life. He lost his grip and other luggage he had in his car and the car was badly damaged. Mr. Yarbrough was driving a Ford sedan and was en route to Ballinger from Abilene. He did not know that the creek was up and as it was getting dark he drove into the stream before he realized what he had done. The water killed his engine, and the swift current flopped the car over and carried it down stream. When the water subsided the car was on its wheels, and headed in the opposite direction from which it was traveling when Mr. Yarbrough drove into the stream. One of the glass doors to the sedan was partially down, and it was through this opening that Mr. Yarbrough made his escape, and being a good swimmer he made his way out. As soon as he could get to town he reported the accident to the sheriff in order that the report might not get out that some one had been drowned and create an alarm. The sedan was pulled out of the creek Monday morning and brought to town for repairs. The second crossing on Elm Creek is a death trap during high water, and many travelers were tied up or had to detour Sunday. Rain in the Bradshaw country Sunday morning brought down a pretty good rise. It did not rain here and the travelers had no warning that the stream was on a rise.

Mrs. J. D. Motley and children are away for a month's visit to Junction, Kerrville and San Antonio. Mr. Motley carried them to Junction Saturday afternoon, returning home Sunday. "Doug" will now put in some extra time selling stock in the Runnels County Fair Association to lady visitors.

Calomel Good but Next Dose may Salivate

It is Mercury, Quicksilver, Shocks Liver and Attacks Your Bones

Calomel salivation is horrible. It swells the tongue, loosens the teeth and starts rheumatism. There's no reason why a person should take sickening, salivating calomel when a few cents buys a large bottle of Dodson's Liver Tone—a perfect substitute for calomel. It is a pleasant vegetable liquid which will start your liver just as surely as calomel, but it doesn't make you sick and can not salivate. Calomel is a dangerous drug, besides it may make you feel weak, sick and nauseated tomorrow. Don't lose a day's work. Take a spoonful of Dodson's Liver Tone instead and you will wake up feeling great. No salts necessary. Your druggist says if you don't find Dodson's Liver Tone acts better than treacherous calomel your money is waiting for you.

Pays Tribute to Our War Deal In Memorial Day Address

The following address was delivered by Judge Alfred Crager on Memorial Day at Evergreen Cemetery: "As I stand here in this City of the Dead and see on every hand the evidences of battles lost in the conflict with the grim reaper; as I contemplate these marble slabs and granite blocks which mark in loving remembrance lives that were but which now have passed on—of lives which nevermore will with the greying dawn awaken to mount up the stairs of earthly endeavor; And then as I ponder this assemblage of people laden with flowers of every hue of God's beautiful rainbow, brought together to pay our respects, our tribute to sing our songs of praise; and as I think how few are the flowers we are strewing along life's pathway in the land of the living, how doleful are our songs of praise, how meagre the honor we bestow upon those all about us in the journey from the cradle to the grave, I feel welling up within me the exclamation of Paul of Tarsus of ages ago 'O death where is thy sting.'"

"Yet even as I frame the words to give voice to that sentiment there comes into my mind, as it were, a picture. I am as though in a great historic theatre gazing into the magician's crystal ball. At the waive of the wand there in the distance I see three little ships tossed too and fro upon the bosom of the mighty deep. A sprig of evergreen has been picked up and now the crew and the cargo of human souls peer forward with anxious eye at the distant land just come in view. How glad they are. The long trip, treacherous, fraught with untold dangers and sickness is over. A new land stretches out before. New possibilities; new ideals; a new perspective; a new purpose. Behind them is the tyranny—the iron heel of the vicious overlords; Behind them is the stifled idealism of the land of limited possibilities. But here at Plymouth stretches out before them a vast unconquered domain. As I watch the panoramic view of History's field with its kaleidoscopic change, I see reaching out from beyond the sea, slowly but surely, the demon clutch of feudal fatalism and slowly its wraps octopus-like tentacles about the soft flesh of this new born babe America. Then quickly event pile upon events until at last bursting asunder the blackened night a light of liberty shines out from the old North Church tower and I hear the clatter of horse hoofs as Paul Revere starts that mad ride to spread the alarm of danger. The soldiery of freedom is gathered and the British army sent to destroy is in turn destroyed by the minute men of '76. America is wrested from the clutching hand of autocracy.

"O death where is thy sting. In this they fought with a noble purpose for a noble prize. That purpose conquer ed—that prize was won but death cut its enjoyment from those who paid most. There is the sting. "I look again at the historic spectacle spread out before me and O how sad. Now I see a line drawn from the East unto the West across the fair escutcheon of our country. A line marked in the soaking blood of fratricidal strife. Father has risen against son. Brother seeks the life of brother. Again we are in the struggle for principle. I hear the

music of boisterous drums, the voices of heroic bugles. I see thousands of assemblages and in those assemblages fair headed youth, grey haired men whose bodies soon are laid in the dust some of which are here about us. I see the marching throngs. I see the wives and husbands separating. How sad the parting—babes are kissed, mothers caressed and then he is gone, gone nevermore to return. I see them marching proudly under flaunting flags. I go with them to the gory fields of battle. I see them in the hospitals their bodies racked with pain. I hear the shriek of bursting shell. I see these heroes die while back in the homes wives, and daughters and mothers are knitting, knitting and praying; and praying for the boys who never came home.

"O death where is thy sting. In this. Out of the strife came a Nation saved. A principle is purged in the cleansing blood of the best of a Nation. But death cut off from enjoyment those heroes who paid their most. There is the sting. "I gaze again into the crystal ball. Again I see the darkening clouds growing on the horizon. Again I hear the frantic orators. Again homes are disrupted and again America is plunged into the maelstrom of greed as it whirls its vile vapors from the seething caldron of Hell into a nation's face. Innocent blood is shed on the altar of selfish, unscrupulous grasping autocracy and now again must our men and boys and now also our girls, don the uniform, shoulder the gun; must leave love behind and pay again the price of an ideal. How horrible a thing is war. How ghastly the trail in its wake. Motherless boys and boyless mothers. Fatherless children and childless fathers. But from the time Pershing spoke those words in France, 'La Fayette, we come,' until the glorious day of the signing of the Armistice, our boys and our girls wrote the words in life blood upon the soil of France, in the prison camps of Germany, in far away Siberia—'America is Free. America is safe. America is democratic.'

"O death where is thy sting. A world has been made safe for democracy but those heroic saviors who paid their uttermost farthing lie planted in the dust. There's the sting. "But there is another part to that sentence uttered so long ago. 'O Grave where is thy Victory.' Ah! death has a sting—'tis the sting of paying the price but reaping not the reward—but the grave holds not the victory. Hated autocracy is overthrown. Human souls are salvaged from slavery. The ideal of Patrick Henry is accomplished. It took death but we have liberty. It took an altar of sacrifice but our homes are safe. It took war and destruction and blood, but thank God there is now no North or South no East or West but one united land.

"All progress of the world has been made through pools of blood. All upward trends of humanity have been by the way of the altar of sacrifice. All these blessings of liberty we now enjoy because of the heroic efforts of men willing to give their all in the War of Independence, in the Civil War, the Spanish War, the World War. "We have with us some of whom all was not required and we owe them deepest honor because they were willing to pay and to those of whom the all was required let us everyone with one accord acclaim—We will never forget: We will never forget."

U. C. V. MEET TO TEXAS NEXT YEAR

AUSTIN, June 2.—Events of special interest to Texas probably will take place at the 34th annual reunion of the United Confederate Veterans which opens next Wednesday for three days at Memphis, Tennessee.

One of these events will be the probable selection of a Texas city for the next meeting place. According to the custom of handing and reunion around among the Southern states, Texas is now in line for the 1925 meeting. Dallas and Houston are candidates for the honor. The reunion was held in Dallas about 14 years ago and in Houston five or six years ago. The meeting will likely go to Dallas.

Another event of interest to this state will be the election of a commander for the Sons of Confederate Veterans. Lon A. Smith, state comptroller of Texas, who for four years has been head of the Texas division of the organization, is in line for advancement to the command if he desires it. He has held the division command of Texas longer than anyone else. He stated, before leaving for Memphis to attend the meeting, that he would not be a candidate, but would accept if the position was offered him. The present commander of the Sons of Confederate Veterans is Col. W. McDonald Lee, of Virginia.

Some 2,000 Confederate veterans and their friends will go from Texas it is estimated. Special trains are to be run from Dallas, Houston and Waco, and two special coaches will go from Austin. The meetings of Sons of Confederate Veterans and Daughters of Confederate Veterans will be held tomorrow, the day preceding the main reunion of veterans. Senator Smith will deliver an address tomorrow night in presenting the Daughters of Confederate Veterans to the veterans of the South. A statue to Jefferson Davis is to be unveiled in Kentucky by the Daughters of the Confederacy. The 25th annual reunion of the Confederate Memorial Associa-

MRS. HICKS GETS SEVEN YEARS IN PEN

After deliberating only thirty-five minutes, the jury in the Mrs. Hicks murder case at Abilene, Friday, returned a verdict, fixing the penalty at seven years in the penitentiary for the woman. Mrs. Hicks was charged with the murder of Roy Barker at Abilene, a short time ago. Barker was rooming at the Hicks home and trouble developed over a gas bill for \$1.40 which Mrs. Hicks claimed that Barker owed her. Mrs. Hicks formerly lived in Ballinger, moving here from the Mud Creek community following the death of her husband, Luther Smith. Several citizens from Ballinger went to Abilene and testified as character witnesses in the case, which was called for trial last Thursday.

CANDIDATE FOR GOVERNOR TO SPEAK HERE JUNE 10TH

W. E. Pope, candidate for governor, has announced a list of speaking dates for this part of the state, and beginning at Sterling City on June 9th, Mr. Pope will speak at a number of places in West Texas. He will speak in Ballinger at 2:00 p. m. on June 10th, following an address at Winters at 10:00 o'clock in the forenoon of the same day. The voters are urged to hear Mr. Pope. He is an interesting speaker and will discuss the main issues involved in the present gubernatorial campaign.

Charley Bailey is at home from Galveston, where he has been attending medical college, and will spend the summer in Ballinger.

Yet—that's just the situation—unless you do your best for Ballinger and Runnels county—(paradoxically

you collect interest by lending interest—and you cannot avoid being a stockholder.)

Therefore it's obvious how much you benefit by giving Ballinger your best—how directly your interests are Ballinger's—and vice versa.

That most citizens are serving is evidenced by the definite progress Ballinger is making. That Ballinger will progress that much more rapidly if every citizen will lend his best—so that he may in turn collect greater return—is evident.

So this is our plea for your co-operation—trade at home—boost for Ballinger—help the other fellow so that he may better help you.

TAKE SALTS FOR A KIDNEY BACKACHE

Drink Lots of Water All Day Long to Keep Kidneys Flushed

Too much rich food forms acids which excite and overwork the kidneys in their efforts to filter it from the system. Flush the kidneys occasionally to relieve them like you relieve the bowels, removing acids, waste and poison, else you may feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, the stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, the channels often get irritated, obliging one to get up two or three times during the night.

To help neutralize these irritating acids and flush off the body's urinous waste, begin drinking water. Also get about four ounces of Jad Salts from any pharmacy, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine and bladder disorders disappear.

This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive and makes a delightful effervescent lithia-water drink which millions of men and women take now and then to help prevent serious kidney trouble and bladder disorders.

By all means drink lots of good water every day. Have your physician examine your kidneys at least twice a year.

WINTERS NEWS ITEMS

Waited Till the Cows Came Home

"I am indeed glad to write you this letter. I was a terrible sufferer from gasses in the stomach and colic attacks. The specialist, our family doctor sent me to Philadelphia, gave me no relief, although I took his medicine till the cows came home. He finally said I would have to be operated on. Luckily I heard of Mayr's Wonderful Remedy then, and although it is now three years since I took a course of it, I have never had a symptom of my old trouble since." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. —All druggists.

NEGRO PRISONERS MAY GO TO COTTON FIELDS

Two negro boys, charged with taking an auto, from in front of a local hotel Sunday night, will be released from jail on bond and carried to the cotton fields to chop cotton, if plans of their parents and colored friends work out. The negroes abandoned the car in the outskirts of the city after running out of gas, or after the car had gone dead from some cause. When apprehended they told the officers that they had no intention of stealing the car, and only wanted to go joy riding. Complaints have been filed against the negroes charging them with taking the auto without the owner's consent.

Cases of oak or ivy poisoning should be treated with Ballard's Snow Liniment. It is antiseptic and healing and a splendid remedy for such troubles. Three sizes, 30c, 60c and \$1.20 per bottle. Sold by John A. Weeks.

Judge J. W. Powell is back at home after a three weeks stay in

the sanitarium, where he underwent a serious operation. He was able to be carried home Sunday.
