"Mother's Friend" is sold at all good drug stores. Full directions will be found with each bottle. Begin now and you will realize the wisdom of doing so as the weeks roll by!

**CITY HEALTH OFFICER MAKES WATER REPORT**

"Editor Ledger: "Owing to the fact that the citizens of Ballinger have been more or less alarmed over the sewer system of Winters being emptied into Bluff Creek, one of the tributaries to our city water supply, in company with other city officials I made a trip to Winters Tuesday afternoon to inspect and ascertain as to how the effluent was to be taken care of. Upon investigation I found that Winters was installing one of the most perfect and best systems that can be built. They have installed the chlorination system, that is, the water from their tank is treated with chlorine gas before it gets into the creek; in this way the disease bearing germs are destroyed.

"Mr. Spangler, the mayor, assured us the chlorination plant would be looked after, and that the maximum amount of chlorine gas would be used, and so long as this is done the water consumers of Ballinger need not have any apprehension as to the purity of our city water.

"E. R. WALKER, M. D., "City Health Officer."

**DEATH CLAIMS C. C. GANNOWAY**

After lingering at death's door for several days, C. C. Gannoway passed away at his home on Fifth Street at 7:15 o'clock Friday evening. He had been in poor health for several years, but able to be up and among his friends until a short time ago.

Mr. Gannoway was a pioneer of this county. He came to the county from Hill county thirty-three years ago, and located in the Wingate country, where he lived until he moved to Ballinger about ten years ago. He was numbered among the best men and the best citizens of this county, the faithful husband of a devoted wife and the kind father of a large family of children, and a friend to all who knew him.

Mr. Gannoway was born in Arkansas on August 31, 1854. He would have been 70 years of age if he had lived until the 31st day of this month. In 1875 Mr. Gannoway was married to Miss Belle Arnot, and he is survived by the faithful wife who has shared with him for forty-nine years her joys and who has borne with him his sorrows.

Nine children were born to Mr. and Mrs. Gannoway, and of this number seven are living. All were with him a few days before his death, but two were called home on account of illness in their own immediate family. The living children are Mrs. Anna Moroe, of Abilene; Mrs. Clyde Gentry, of Norton; Mrs. Hallie Turner, of Lamesa; Mrs. Pearl Black, of Breckenridge; Mrs. Ursula Turner, of Raymondville; Guy Gannoway, of Wingate; Mrs. Olga Gardner, of Newcastle. Twenty-nine grandchildren and one great-grandchild also survive.

The remains of the pioneer citizen were laid to rest in the cemetery at Wingate, where the deceased lived for almost a quarter of a century. The funeral services were held at the residence of the deceased in Ballinger at 1:30 Saturday afternoon, the services being concluded at the cemetery at 4:00 o'clock. The funeral services were conducted by Rev. Ben S. Sullivan, a pioneer West Texas Baptist minister; Rev. T. C. Jester, formerly pastor of the Baptist church in Ballinger, now of Taylor, and who is holding a revival at Wingate; and Rev. Alvin Swindell, the present pastor of the Ballinger Baptist church.

When you feel dull, aching and sleepy and want to stretch frequently, you are ripe for an attack of malaria. Take Herbine at once. It cures malaria and chills and puts the system in order. Price, 60c. Sold by John A. Weeks.

J. F. White was in Ballinger Friday en route to his home in the Northern part of the county, after a trip to the plains country. Mr. White was a party of sixteen Runnels county citizens who visited the Lamesa country, and he says that a regular Oklahoma rush was on for land in that section, people being there not only from all over Texas, but from other states. The rush and great influx of homeseekers is due to the promotion of several colonization schemes, and the placing of a number of big ranches on the market.

Mr. and Mrs. S. E. Miller, of Oklahoma, and Mrs. B. S. Phelps, of Ennis, are here visiting Dr. Alvin Swindell and family. Mr. Miller and Mrs. Phelps are brother and sister of Mrs. Swindell.

**MANY FILING ABSENT VOTES**

The ballots for the second primary election have been printed and are now being used by voters who are leaving home and do not expect to be here on August 23rd.

Any person who will be absent from home on election day may cast an absentee vote until and including next Wednesday, Aug. 20th. No absentee ballot can be filed after that date. If you are leaving home and want to leave your ballot behind, call on the county clerk with your poll tax receipt and he will direct you how to file your ballot.

More than 50 absentee ballots were cast in the first primary, and quite a number have already been filed for the second primary. The official ballot is a short one, and it is now a choice between two candidates for office where no candidate received a majority of all the votes polled in the first primary.

Following is the official ballot, or the order in which the names appear on the ticket:

**Democratic Primary, August 23, 1924**

I am a Democrat and pledge myself to support the nominees of this primary.

**WINTERS GETS FIRST BALE**

WINTERS, Aug. 15.—The first bale of 1924 cotton was marketed here yesterday morning. It was raised several miles Southwest of Winters by George Houston. The seed cotton weighed 1550 pounds and the lint weighed 549 pounds. The cotton was packed in three round bales and bought by C. Kornegay. Mr. Houston received \$192.15 for the cotton and also a bonus of \$44.25 from the merchants.

Dry weather is causing cotton to deteriorate fast. The maize crop is better than was expected and maize headers are at work in some fields.

Dr. E. C. Baskin and family spent Sunday at Christoval, and report a large crowd on the grounds for the closing day of the Baptist encampment. Rev. Charles Taylor was the big drawing card for the encampment this year, and those who heard him, declare that it was worth the trip to the Christoval camp grounds to hear him speak.

A small want ad in The Daily Ledger often saves you money.

**MIDNIGHT FIRE DESTROYS HOME**

A small home on Tenth Street, the title to which changed hands Thursday, was destroyed Thursday night about midnight, together with the contents.

The place was occupied by C. W. Post, who moved into it about two weeks ago, and who was to vacate on September 1st to give possession to J. C. McNally, who purchased the house from Judge J. W. Powell this week, the transfer being made the day before the fire.

Judge Powell sold the property to Mr. McNally for \$500 consideration, Mr. McNally paying \$150 cash, and executing notes for \$400. Judge Powell had the property insured for \$400, and the insurance was transferred to McNally Thursday. Mr. Post had \$500 insurance on his household goods, but he failed to have the insurance transferred when he recently moved from a place owned by W. B. Currie to the house which was destroyed by fire. It is not known what effect this will have in making settlement.

Mr. McNally has been living in the country and did not know anything about the fire until he came to town Friday morning, and when he called on Judge Powell to see what could be done about the matter, Judge Powell stated that he would refund the man his \$150 and collect the \$400 insurance.

The house was practically destroyed when the fire company reached the scene. Mr. Post was asleep on the porch and said that he did not know how the fire originated. Post is an ex-serviceman, was gassed in the war, and has been drawing a stipend from the government.

**To Stop a Cough Quick**

take HAYES' HEALING HONEY, a cough medicine which stops the cough by healing the inflamed and irritated tissues.

A box of GROVE'S O-PEN-TRATE SALVE for Chest Colds, Head Colds and Croup is enclosed with every bottle of HAYES' HEALING HONEY. The salve should be rubbed on the chest and throat of children suffering from a Cold or Croup.

The healing effect of Hayes' Healing Honey inside the throat combined with the soothing effect of Grove's O-Pen-Trate Salve through the pores of the skin soon stops a cough.

Both remedies are packed in one carton and the cost of the combined treatment is 50c.

Just ask your druggist for HAYES' HEALING HONEY.

**DEATH CLAIMS AN AGED NEGRESS**

"Aunt Mary" is no more. The old colored woman passed away at 7:00 o'clock Thursday morning, after a couple of years of feeble health.

Those who knew her best among her people say that "Aunt Mary" was about one hundred years old, and she was among the first colored citizens to settle in Ballinger and had been living here since the early days of the city. She was a faithful old servant and had served faithfully in many homes in Ballinger. The old woman came to Ballinger from Washington county, being induced to come here many years ago by white families who needed her help, and she remained here.

The deceased was a member of the First Baptist church, and the funeral services were held at the church Thursday afternoon, conducted by Rev. Winston, the pastor, and interment was made in that part of Evergreen Cemetery set aside for the colored folks burying grounds.

Mrs. Abbie Roberts returned from Dallas Sunday, after spending several days buying for Higginbotham's.

**FORMER CONGRESSMAN W. R. SMITH IS DEAD**

Judge W. R. Smith, federal judge of the El Paso district, and former congressman of this district, died at his home in El Paso Saturday night following a stroke of apoplexy. Judge Smith visited Ballinger a number of times during his eight years in congress.

Who's Who in America gives the following sketch of Judge Smith:

William Robert Smith, Judge, born in Smith county, Texas, August 18, 1863, the son of Samuel Augustus and Melissa Caroline (Dobbs) Smith. Graduated from Sam Houston Normal Institute at Huntsville 1883. Married Frances Lipscomb Breedlove of Brenham Nov. 6, 1890. Admitted to the bar in 1885. Removed from Smith county to Colorado, Mitchell county, in February 1888. Appointed by Gov. Charles A. Culberson in 1897 and elected in 1898 and 1900 as Judge of the Thirty-Second Judicial District of Texas. Member of the Fifty-Eighth to Sixty-Fourth Congresses (1903-17) from 16th Texas District. United States District Judge at El Paso since April, 1917.

**No Worms in a Healthy Child**

All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS-CHILD TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. This tonic is sold in every drug store.

**Calomel Good but Treacherous**

Next Dose may Salivate, Shock Liver or Attack Bones

You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into your bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tonic for a few cents which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tonic straightens you right up and you feel great. No salts necessary. Give it to the children because it is perfectly harmless and can not salivate.

D. E. Compton and family will leave from their home at Norton Saturday for a six thousand mile trip through the Northwest. They will make the first stop at Plainview, where they will spend a few days with relatives, and from there will motor thru the Northwest and into the state of Washington.

#### WINTERS TO HAVE PARK AND PLAYGROUND

At the regular meeting of the Lions Club Tuesday, a committee was appointed to work in conjunction with the chamber of commerce relative to forming a civic park and children's playground on the property of Dr. Fred Tinkle just East of his home.

It is understood that Dr. Tinkle will co-operate with the city in turning the grounds into a suitable site for such, even to the spending of a liberal amount of cash there himself. The various ones in the city who are interested in such an undertaking will be asked to co-operate with the committee so that we may make a park there that will be the pride of the city. The committee will likely call on some of these to work with them.—Winters Enterprise.

Purity and healing power are the chief characteristics of Liquid Borzone. It mends torn, cut, burned or scalded flesh with wonderful promptness. Price, 30c, 60c and \$1.20. Sold by John A. Weeks.

#### G. O. P.'S AWARD EMPTY HONORS

Among the nominations of candidates for state offices on the republican ticket appear the names of Judge C. O. Harris, of San Angelo, for court justice and the name of Judge G. N. Harrison, of Brownwood, for attorney general. These two gentlemen are fine men, and stand well with the people of this section of the state. They would no doubt poll a good vote if their names were on the right ticket, but viewing their ambitions from a democratic standpoint we can only see an empty honor for them.

#### Card of Thanks

We have no words with which to express our appreciation; but to everyone who gave us a kind word, thought or deed in our recent sorrow we pray God's richest blessings on you.

Mrs. C. C. Gannaway and Children. 18-d&w\*

#### HORSE DROPS DEAD ON DOWN TOWN STREET

Apparently without any cause, a black horse dropped dead on Eighth Street at the corner of Ludwig's store about three o'clock Thursday afternoon. The horse wandered up the street from the direction of the A. & S. Railroad and when he reached the intersection of Eighth Street and Hutchings Avenue he keeled over and kicked his last in a few minutes.

The owner of the animal had not claimed the remains up to some time after the horse had died, and the city was arranging to remove it from the streets.

#### Cemetery Meeting

All those interested in the Runnels Cemetery are notified to meet at the cemetery Tuesday morning, August 26th, for the purpose of beautifying the cemetery, and holding the annual meeting of the association. Bring your dinner and come prepared to stay until the work is completed.

The little two year old baby of Mr. and Mrs. J. C. Bair is reported to be some better today, and it is now believed that an operation will not be necessary to remove a button which the child swallowed. The baby swallowed a button about the size of a two-bit piece and later became seriously ill and it was feared an operation would be necessary. An X-ray examination showed that the button had passed out of the child's stomach into the intestine and the child was some better.

Ed O'Kelly returned home Sunday from a trip thru Central and North Texas, visiting Waco, Dallas and Fort Worth. He left Mrs. O'Kelly and son Rothall and wife at Fort Worth and they will return home in about a week.

Mrs. Lee Butler returned home Saturday from Comanche, where she has been visiting relatives for several days.

## DEATHS

#### Amelia Jane Caudle

Following an illness of several months, Mrs. Amelia Jane Caudle died at 4:00 o'clock Sunday morning, death taking place at the sanitarium in Ballinger where the deceased was recently brought for treatment.

Mrs. Caudle was 62 years, 9 months and 16 days of age, and had been living in the Hatchel country for several years. She was a widow and is survived by five children, among whom is a son, W. S. Caudle, of the Hatchel community.

The funeral services were conducted by Dr. Alvin Swindell Sunday afternoon at 4:00 o'clock, and interment made in the cemetery at Old Runnels; King-Holt undertakers having charge of the funeral arrangements.

#### Mrs. Fulton Golden

Rev. M. C. Golden, W. L. Golden and Mrs. Jess McDonald, of this city, and J. L. Golden, of Eden, left Monday for Roseoe, where they were called to attend the funeral of their sister-in-law, Mrs. Fulton Golden, who died at that place Sunday evening at 7:00 o'clock.

Mr. and Mrs. Fulton Golden have been living at Roseoe since leaving Ballinger seven or eight years ago. They had frequently visited Ballinger since leaving here, and were here not so very long ago on a visit to relatives. Mrs. Golden had been in bad health for some time.

#### Habitual Constipation Cured in 14 to 21 Days

"LAX-FOS WITH PEPSIN" is a specially prepared Syrup-Loose-Laxative for Habitual Constipation. It relieves promptly but should be taken regularly for 14 to 21 days to induce regular action. It stimulates and regulates. •Very Pleasant to Take. •60c per bottle.

## MAVERICK MAN DIES AT ANGELO

Marvin Grimes, a citizen of the Maverick country for more than thirty years, having grown from boyhood to manhood in that community, died at San Angelo Saturday following an operation for appendicitis.

Mr. Grimes had been sick for some time and he came to Ballinger last week and was examined. The physician announced that he had appendicitis. Mr. Grimes went to San Angelo where he underwent an operation and death resulted.

Deceased was 38 years of age. He is survived by a wife and one child. Living in the Maverick country most of his life Mr. Grimes was numbered among the best citizens of that section, and his death brought sorrow to the community.

The remains were brought home from San Angelo and Sunday they were laid to rest in the cemetery at Bronte.

#### THE LEDGER WILL POST ELECTION RETURNS

Both county and state election returns will be received by The Ledger Saturday night. The county returns will be posted on the bulletin board, and the state bulletins announced before The Ledger office as fast as they are received.

The Texas Election Bureau, of which The Ledger is a member, will furnish us with state returns by wire, and these bulletins will be announced and posted as rapidly as received. No Sunday morning paper will be issued, but bulletins will also be received Sunday afternoon, in case the returns compiled Saturday night do not determine the result.

The ticket is a short one, and early returns are expected. The state returns will begin to arrive by 7:30 p. m.

#### ALL DAY SINGING AND DINNER ON THE GROUNDS

The Ledger has been requested to announce that there will be an all-day singing and dinner served in picnic fashion at Poe's Chapel, six miles West of Winters, on the third Sunday in September. The public is invited to come and bring baskets and spend the day enjoying old time singing and a general good time.

Dee Oliver went to San Saba Monday to deliver some of his blooded sheep which he sold in that county.

#### WINTERS ITEMS

WINTERS, August 19.—Rev. Stuekey, pastor of St. Paul's Methodist Church of Abilene, addressed a crowd estimated at from 1200 to 1500 people in the interest of Felix D. Robertson for governor last night. The rally was held on a vacant space formerly used for a cotton yard where seats were arranged and a large truck used as a platform.

Seated on the platform with Rev. Stuekey was Rev. W. M. Lane, presiding elder of the Methodist church for the Abilene conference; Rev. Pearce, pastor of the First Methodist church, of Abilene; pastors of Winters churches, and a number of citizens. Rev. M. A. Quinland, Runnels County Baptist missionary, acted as chairman of the rally and introduced the speakers.

Rev. Stuekey began his address by paying a tribute to Judge Robertson, declaring that he was a high tone Christian gentleman, and the speaker read telegrams from Dallas officials and Dallas ministers endorsing Robertson and branding as false the charge being made that he drank whiskey.

The speaker charged Ferguson with opposing the selective draft, and compared with Ferguson's war record the war record of Judge Robertson, who went overseas, and said that Robertson was a volunteer for his country, being too old for the draft.

The speaker reviewed Ferguson's record at length, charging that he deserted the democratic party and tried to break it up, and Rev. Stuekey read from Ferguson's paper the attack he made on the democratic party, prohibition, the churches and ministers.

Dr. John C. Granberry, of Georgetown, is scheduled to speak for Mrs. Ferguson at Winters Wednesday afternoon.

M. C. Atkins went to Brownwood Saturday afternoon, to be on the ground floor for the convening of the state American Legion convention.

## COTTON BREAKS \$4 IN 2 WEEKS

NEW YORK, Aug. 18.—Additional cotton crop estimates from private sources suggesting yields of at least 13,250,000 bales, resulted in a violent break of cotton prices today. October cotton sold as low as 25.34. This is a decline of four and a half cents from the high level of two weeks ago.

**Agent Says Leaf Worm Appearing; Gives Remedy**

It has come to our notice that the leaf worm has made its appearance, in more or less developed stages, in several communities in the county.

We feel that a word of timely warning, in urging the farmers to make a thorough investigation of their fields and to get ready to fight the worms in the early stage of their game may mean a great deal towards saving a good cotton crop.

With a high price for cotton in view the farmer cannot afford to allow anything in the way of insects to interfere with his crop.

In regard to fighting the leaf worm, our Mr. Reppert, entomologist of the Extension Service of the A. & M. College of Texas, says the following:

**"CONTROL OF LEAF WORM"**  
—When the insect appears in destructive numbers, dusting with the proper arsenical will control it. Dry arsenate of lead is best, and should be applied at the rate of about three pounds per acre. There is little danger of burning the foliage with this poison. Paris Green applied in dust form is effective, but it apt to burn the foliage, and only about one and a half pounds per acre should be used. Further, it should always be diluted with about three or four parts of air slaked lime to one part of the poison. London Purple is also apt to burn, but if no other poison is available, might be used with great caution.—in the same way as advised for Paris Green. London Purple is also of very variable composition, and for this reason the results are not always what could be desired. White arsenic is very unsafe to use on account of the danger of burning. Calcium arsenate may be used at the rate of about five pounds per acre, undiluted. Our advice is to use lead arsenate or calcium arsenate as long as these are obtainable, and to avoid all other arsenicals except as a last resort, and then to use them only in combination with air slaked lime, and with extreme caution. Apply these poisons by means of two cheese-cloth bags tied to opposite ends of a pole so that each bag hangs over a row. Carry this on horseback along two rows, beating the pole out of the bags and over the plants. Manipulate so as to apply the amount per acre advised. If a dusting machine is available, the operation will be simplified. Dusting should preferably be done while the dew is on, so that the poison

will readily adhere to the foliage.

"The amounts of poison per acre recommended are for cotton about eighteen inches high. For larger cotton the amount should be increased accordingly.

"This office is endeavoring to keep in touch with available supplies of poison, to which we may immediately refer inquiries.

"The following sprays, designated Nos. I, II, III and IV, are quite apt to seriously damage the cotton foliage, and on this account are not advised by experiment stations or extension workers. Where other poisons were not available, farmers in certain sections of South Texas have used them, and have reported good success with little damage to the plant. In presenting them herewith, we must not be understood as endorsing their use, and farmers will apply them at their risk, with this warning on our part.

"Spray No. I.—Cattle dip has been used by some at the rate of one quart in fifty gallons of water.

"Spray No. II.—White arsenic, 1 pound; Sal Soda (crystals), 4 pounds; water, 1 gallon. Boil all together fifteen or twenty minutes or until the arsenic is dissolved, and add just enough water to make up for what is lost in boiling, and then use one quart of this liquid in fifty gallons of water.

"Spray No. III.—White ar-

senic, 1 pound; Sal Soda (crystals) 4 pounds; water, 1 gallon. Boil all together fifteen or twenty minutes or until the arsenic is dissolved, and add just enough water to make up for what is lost in boiling. This is the stock solution of Sodium Arsenite. Keep this in jugs or bottles until needed. When ready to use, stir well, add eight pound of hydrated lime and two hundred gallons of water. The sodium arsenite in the stock solution is thus changed to calcium arsenite which is less soluble and the active ingredient in the mixture.

"Sprays Nos. I, II, III, and IV must be applied with some machine that will make a very fine spray so the material does not collect in large drops on the foliage. Adjust the sprayer so that fifty gallons of any of the materials Nos. I, II, or III will cover four acres of cotton, while fifty gallons of No. IV should be made to cover six acres. A heavier application will increase the danger of leaf burn."

The following formulas have proven successful:

Paris Green 1-2 pound; fresh lump lime 1 pound; water 50 gallons.

—or—Arsenate of lead 4 pounds; water 50 gallons.

Inasmuch as there are from three to seven generations of the leaf worm annually farmers should make every effort to destroy the first brood. If this is done the following generations can much more easily be controlled.

Watch your crop carefully, get your spraying machines and your dusters in good working order, have a sufficient amount of poison on hand and be ready to "pour it on 'em" before the worms can make any headway. Fight them with a vengeance and the victory will be yours.

I shall be glad to render assistance to any individual or any community that desires my assistance in this or any other work that falls within my scope of activities.

C. W. LEHMBERG,  
County Agent, Runnels County.

C. R. Stone, Will Mountz and Henry Vandevanter were among the Legionnaires who attended the state convention at Brownwood this week, returning home Tuesday night.

Carl Carr, of Dallas, is here visiting his brother, Floyd Carr.
